The smauler vesselles which *drewe* no great *depthe* entered emonge them [the islands] and numbered fortie and fyve islandes.—*Eden, Translation of P. Martyr*, dec. i. b. ii. (Ord MS.)

Draw off.

a. Extract by distillation.

A work may be overwrought as well as underwrought; too much labour often takes away the spirit, by adding to the polishing; so that there remains nothing but a dull correctness, a piece without any considerable faults, but with no beauties; for when the spirits are *drawn off*, there is nothing but a caput mortuum.—*Dryden, Translation of Du Fresnoy's Art of Painting*, pref.

Authors who have thus *drawn off* the spirits of their thoughts, should lie still for some time, till their minds have gathered fresh strength, and by reading, reflection, and conversation, laid in a new stock of elegancies, sentiments, and images of nature.—*Addison, Freeholder.*

b. Drain out by a vent.

Stop your vessel, and have a little vent-hole stopped with a spill, which never allow to be pulled out till you *draw off* a great quantity.—*Mortimer, Husbandry.*

c. Withdraw; abstract.

It *draws* men's minds *off* from the bitterness of party.—*Addison.*

Draw on.

a. Occasion; invite.

Under colour of war, which either his negligence *draws on*, or his practices procured, he levied a subsidy.—*Sir J. Hayward.*

b. Cause; bring by degrees.

The examination of the subtile matter would *draw on* the consideration of the nice controversies that perplex philosophers.—*Boyle, On Fluids.*

Draw out.

a. Protract; lengthen.

He must not only die the death.
But thy unkindness shall his death *draw out*
To ling'ring sufferance.
Shakespear, Measure for Measure, ii. 4.

Notes with many a winding bout
Of linked sweetness long *drawn out.*
Milton, L'Allegro.

b. Beat out, as is done to hot iron; extend.

Batter a piece of iron out, or as workmen call it, *draw* it *out*, till it comes to its breadth.—*Moxon.*

Virgil has *drawn out* the rules of tillage and planting into two books, which Hesiod has dispatched in half a one.—*Addison.*

c. Extract; pump out by insinuation.

Philoclea found her, and, to *draw out* more, said she, I have often wondered how such excellencies could be.—*Sir P. Sidney.*

d. Induce by motive.

Whereas it is concluded, that the retaining diverse things in the church of England, which other reformed churches have cast out, must needs argue that we do not well, unless we can shew that they have done ill: What needed this wrest to *draw out* from us an accusation of foreign churches?—*Hooker, Ecclesiastical Polity.*

e. Call to action; detach for service; range; muster.

The numerous rabble was *drawn out*
Of several countries round about.
Butler, Hudibras, i. ii.

Draw out a file, pick man by man,
Such who dare die, and dear will sell their death.
Dryden.

Next of his men, and ships, he makes review,
Draws out the best and ablest of the crew.
Id., Virgil's Æneid.

f. Range in battle.

Let him desire his superiour officer, that the next time he is *drawn out*, the challenger may be posted near him.—*Collier.*

Draw over.

a. Distill over.

I took rectified oil of vitriol, and by degrees mixed with it essential oil of wormwood, *drawn over* with water in a limbeck.—*Boyle, Experiments and Considerations touching Colours.*

b. Persuade to revolt; induce to change a party.

Some might be brought into his interests by money, others *drawn over* by fear.—*Addison, Present State of the War.*

One of differing sentiments would have *drawn* Luther *over* to his party.—*Bishop Atterbury.*

Draw up.

a. Form in order of battle.

So Muley-Zeydan found us
Drawn up in battle to receive the charge. *Dryden.*

b. Form in writing; compose in a formulary manner.

To make a sketch, or a more perfect model of a picture, is, in the language of poets, to *draw up* the scenery of a play.—*Dryden.*

A paper may be *drawn up*, and signed by two or three hundred principal gentlemen.—*Swift.*

Draw upon. Give an order for the payment of money by a check or draft: (as, 'I *drew upon* my banker').

Draw. *v. n.*

1. Perform the office of a beast of draught.

An heifer which hath not been wrought with, and which hath not *drawn* in the yoke.—*Deuteronomy*, xxi. 3.

2. Act as an inducement.

They should keep a watch upon the particular bias in their minds, that it may not *draw* too much. —*Addison, Spectator.*

3. Contract; shrink.

I have not yet found certainly, that the water itself, by mixture of ashes, or dust, will shrink or *draw* into less room.—*Bacon, Natural and Experimental History.*

4. Advance; move; make progression in any direction.

Draw ye near hither, all the chief of the people.—1 *Samuel*, xiv. 38.

They returned to the camp where the king was, and the Scotch *drew* a little back to a more convenient post for their residence.—*Lord Clarendon, History of the Grand Rebellion.*

Ambitious meteors! how willing they are to set themselves upon the wing, taking every occasion of *drawing* upward to the sun.—*Dryden, Don Sebastian.*

5. Be collected; come together.

They muster there, and round the centre swarm,
And *draw* together in a globous form.
Sir R. Blackmore.

6. Adhere; cleave; unite in concord and interest.

For this thing a man shall leave his father and mother, and shall *draw* to his wife.—*Wycliffe, St. Mark*, x. 7.

7. Unsheath a sword.

For his sake
Did I expose myself, pure; for his love
Drew to defend him, when he was beset.
Shakespear, Twelfth Night, v. 1.

8. Practise drawing as the art of delineation; be a draughtsman.

Draw back. Refuse, or be unwilling, to execute one's undertakings or pledges.

He at length told his accomplices that he could go no further with them. If they thought him capable of betraying them, they might stab him; and he should hardly blame them; for, by *drawing back* after going so far, he had given them a kind of right over his life.—*Macaulay, History of England*, ch. ix.

Draw off. Retire; retreat.

When the engagement proves unlucky, the way is to *draw off* by degrees, and not to come to an open rupture.—*Collier.*

Draw on. Advance; approach.

The fatal day *draws on*, when I must fall.
Dryden.

Draw up. Form troops into regular order.

The lord Bernard, with the king's troops, seeing there was no enemy left on that side, *drew up* in a large field opposite to the bridge.—*Lord Clarendon, History of the Grand Rebellion.*

Draw. *s.* Act of drawing.

The cavalier, with a slanting back-blow of a broad sword, luckily cut the ribbon that tied his murrion, and with a *draw* threw it off his head.—*Heath, Flagellum*, p. 45: 1679.

Dráwable. *adj.* Capable of being drawn.

By a magick might
Drawable here and there.
Dr. H. More, Song of the Soul.

Dráwback. *s.*

1. In *Commerce.* Money paid back for prompt payment, or for any other reason.

In poundage and *drawbacks* I lose half my rent;
Whatever they give me, I must be content. *Swift.*

Of these encouragements what are called *drawbacks* seem to be the most reasonable. To allow the merchant to draw back upon exportation either the whole or a part of whatever excise or inland duty is imposed upon domestick industry, can never occasion the exportation of a greater quantity of goods than what would have been exported had no duty been imposed.—*Adam Smith, Wealth of Nations*, iv. 4.

2. Detriment; disparagement; disadvantage.

Great as was the success of the embassy, there was one *drawback*. James was still at Saint Germains; and round the mock king were gathered a mock court and council, a great seal and a privy seal, a crowd of garters and collars, white staves and gold keys.—*Macaulay, History of England*, ch. xxiii.

There were difficulties and *drawbacks* at that time as well as this.—*Froude, History of England*, ch. i.

Dráwbridge. *s.* Bridge made to be lifted up, to hinder or admit communication at pleasure.

Half the buildings were raised on the continent, and the other half on an island, continued together by a *drawbridge.*—*Carew, Survey of Cornwall.*

Drawcánsir. *s.* [name of a bullying braggart character in the Rehearsal.] Bully.

Drawcansir death had rag'd without controul;
Here the drawn dagger, there the poison'd bowl.
Colman the elder, Prologue to Jealous Wife.

A great many people have heard of two mysterious kings of Brentford, and of a certain Prince Pretty man, and are aware that a bullying braggart may be called a *drawcansir*, without being aware how the several personages referred to acquired that celebrity which they now enjoy. *Drawcansir* is perhaps accepted as a sort of synonym for Bobadil, and his attributes are recognised, without inquiry, just as Lothario is instinctively regarded as a libertine, and Amphitryon as a host.—*Saturday Review*, July 15, 1865.

Draweé. *s.* In *Law.* One on whom a bill of exchange is drawn.

The person who draws this letter is called in law the *drawer*, and he to whom it is written the *drawee.* —*Sir W. Blackstone, Commentaries on the Laws of England.*

Dráwer. *s.*

1. One employed in procuring water from the well.

From the hewer of thy wood unto the *drawer* of thy water.—*Deuteronomy*, xxix. 11.

2. One whose business is to draw liquors from the cask.

Let the *drawers* be ready with wine and fresh glasses;
Let the waiters have eyes, though their tongues must be tied. *B. Jonson, Tavern Academy.*

A man of fire is a general enemy to all waiters, and makes the *drawers* abroad, and his footmen at home, know he is not to be provoked.—*Tatler.*

3. That which has the power of attraction; that which incites; stimulus.

Love is a flame, and therefore we say beauty is

attractive, because physicians observe that fire is a great *drawer*.—*Swift.*

Followed by *on*, so as to take the appearance of a compound.

I usher
Such an unexpected dainty bit for breakfast,
As yet I never cook'd: 'tis not botargo, . . .
Nor our Italian delicate, oil'd mushrooms:
And yet a *drawer on* too. *Massinger, Guardian.*

4. Box in a case, out of which it is drawn at pleasure.

There may be other and different intelligent beings, of whose faculties he has as little knowledge, or apprehension, as a worm, shut up in one *drawer* of a cabinet, hath of the senses or understanding of a man.—*Locke.*

5. In *Law.* One who draws a bill of exchange.

(For example see extract under Drawee.)

6. In the *plural.* Under-clothing worn on the lower limbs.

The Maltese harden the bodies of their children, by making them go stark naked, without shirt or *drawers*, till they are ten years old.—*Locke.*

Dráwgloves. *s.* Game so called.

At *drawgloves* we'll play,
And, prithee, let's lay
A wager, and let it be this:
Who first to the sum
Of twenty shall come
Shall have for his winning a kiss.
Herrick, Hesperides, pt. iii. (Nares by H. & W.)

Dráwing. *verbal abs.* Delineation; representation.

So much insight into perspective, and skill in *drawing*, as will enable him to represent tolerably on paper any thing he sees, should be got.—*Locke.*

They random *drawings* from your sheets shall take,
And of one beauty many blunders make. *Pope.*

Dráwingroom. *s.* [abbreviation of *withdrawing-room.*]

1. Room in which company assembles at court, or in a private house.

In winter they are an incumbrance to the playhouse, and the ballast of the *drawing-room.*—*Lord Halifax.*

2. Court ceremony so called; levee, at present especially for the reception and presentation of ladies.

What you heard of the words spoken of you in the *drawing-room*, was not true: the sayings of princes are generally as ill related as the sayings of wits.—*Pope.*

You would not think it when you saw her big carriage rattling up to the *drawing-room*, that so grand a personage could be hard up for money.—*Thackeray, Book of Snobs.*

Drawl. *v. n.* [Frisian, *draulen* = delay.] Utter anything in a slow, driveling way.

Then mount the clerks, and in one lazy tone
Through the long heavy page *drawl* on. *Pope.*

Drawl. *v. a.* While away: (with *out*).

Thus, sir, does she constantly *drawl out* her time, without either profit or satisfaction.—*Johnson, Idler*, no. 15.

Drawl. *s.* Protracted modulation of the voice.

This, while it added to intelligibility, would take from psalmody its tedious *drawl*, and certainly leave it sufficient gravity.—*Mason, Essays on English Church Musick*, p. 223.

When the match (which terminated in favour of the lesser champion) was over, 'Come, Pelham,' said Dartmore, 'let me take up the gloves with you?' 'You are too good!' said I, for the first time using my drawing-room *drawl*. A wink and a grin went round the room.—*Sir E. L. Bulwer, Pelham*, ch. xlviii.

Dráwlatch. *s.* Housebreaker; thief; general term of reproach.

If I pepper him not, say I am not worthy to be called a duke but a *drawlatch.*—*Tragedy of Hoffman*, 1631. (Nares by H. & W.)

Dráwling. *part. adj.* Protracted.

The nimble dactyl striving to outgo
The *drawling* spondees, pacing it below.
Bishop Hall, Satires, i. 6.

I never heard such a *drawling*, affecting rogue.—*Shakespear, Merry Wives of Windsor*, ii. 1.

Dráwlingly. *adv.* In a drawling manner.

In all kinds of speech, either pleasant, grave, severe, or ordinary, it is convenient to speak leisurely, and rather *drawlingly*, than hastily.—*Bacon, Works*, ii. 472. (Ord MS.)

Drawn. *part. adj.*

1. Equal; where each party takes his own stake.

If we make a *drawn* game of it, or procure but moderate advantages, every British heart must tremble.—*Addison.*

2. In *Hunting.* Driven from cover; unkenneled.

There is no more faith in thee than in a stoned prune; no more truth in thee than in a *drawn* fox.—*Shakespear, Henry IV. Part I.* iii. 3.

Dráwwell. *s.* Well out of which water is drawn by a long cord.

The first conceit, tending to a watch, was a *drawwell*: the people of old were wont only to let down a pitcher with a handcord, for as much water as they could easily pull up.—*Grew.*

Dray. *s.* Car on which beer is carried.

When *drays* bound high, then never cross behind,
Where bubbling yest is blown by gusts of wind.
Gay.

Dray. *s.* [?] Squirrel's nest.

Whilst he from tree to tree, from spray to spray,
Gets to the woods, and hides him in his *dray.*
W. Browne, Britannia's Pastorals, p. 117.

Climbed like a squirrel to his *dray.*
Cowper. (Nares by H. & W.)

Dráycart. *s.* Same as Dray.

Let him be brought into the field of election upon his *draycart*, and I will meet him there in a triumphal chariot.—*Addison.*

Dráyhorse. *s.* Horse which draws a dray.

This truth is illustrated by a discourse on the nature of the elephant and the *drayhorse.*—*Tatler.*

Dráyman. *s.* One who attends a dray or cart.

A brace of *draymen* bid God speed him well,
And had the tribute of his supple knee.
Shakespear, Richard II. i. 4.

Have not coblers, *draymen*, and mechanicks governed as well as preached? Nay, have not they by preaching come to govern?—*South, Sermons.*

Dráyplough. *s.* Plough of a particular kind.

The *drayplough* is the best plough in winter for miry clays.—*Mortimer, Husbandry.*

Drázel. *s.* See Drossel.

As the devil uses witches, ...
To be their cully for a space,
That, when the time's expir'd, the *drazels*
For ever may become his vassals. *Butler, Hudibras.*

Dread. *s.*

1. Fear; terror; affright; horror either felt or impressed.

Think'st thou that duty shall have *dread* to speak,
When pow'r to flatt'ry bows? To plainness honour
Is bound, when majesty to folly falls.
Shakespear, King Lear, i. 1.

Let not thy *dread* make me afraid.—*Job*, xiii. 21.

Was ever any wicked man free from the stings of a guilty conscience, from the secret *dread* of divine displeasure, and of the vengeance of another world?—*Archbishop Tillotson.*

Whose *dreads* in his behalf were rarely so deposited.—*Bishop Fell, Life of Hammond.*

2. Habitual fear; awe.

The fear of you, and the *dread* of you, shall be upon every beast of the earth.—*Genesis*, ix. 2.

3. Person or thing feared; cause of fear.

Let him be your *dread.*—*Isaiah*, viii. 13.

To thee, of all our good the sacred spring;
To thee, our dearest *dread*; to thee, our softer king.
Prior.

Dread. *adj.* [A.S. *dræd.*]

1. Terrible; frightful.

That e'er this tongue of mine,
That laid the sentence of *dread* banishment
On yond' proud man, should take it off again
With words of sooth!
Shakespear, Richard II. iii. 3.

It cannot be, but thou hast murther'd him:
So should a murtherer look, so *dread*, so grim.
Id., Midsummer-Night's Dream, iii. 2.

2. Awful.

From this descent
Celestial virtues rising will appear
More glorious and more *dread* than from no fall.
Milton, Paradise Lost, ii. 14.

Awful; venerable in the highest degree: this seems to be the meaning of that controverted phrase *dread* majesty. Some of the old acts of parliament are said in the preface to be metuendissimi regis, our *dread* sovereign's.—*Johnson.*

Dread. *v. a.* Fear in an excessive degree.

You may despise that which terrifies others, and which yet all, even those who most *dread* it, must in a little time encounter.—*Archbishop Wake.*

Dread. *v. n.* Be in fear.

Dread not, neither be afraid of them.—*Deuteronomy*, i. 8.

Dreádable. *adj.* Capable of being dreaded.

How every man and woman ought to cease of their sinnes at the sounding of a *dreadable* horne.—*Kalendar of Shepherds*, cap. li.

Dreáder. *s.* One who dreads, or lives in fear. *Rare.*

I have suspended much of my pity towards great *dreaders* of popery.—*Swift.*

Dreádful. *adj.*

1. Terrible; frightful; formidable.

The rigid interdiction which resounds
Yet *dreadful* in mine ear.
Milton, Paradise Lost, viii. 334.

2. Awful; venerable.

How *dreadful* is this place.—*Genesis*, xxviii. 17.

3. Full of fear. *Obsolete.*

Dreadful of danger that might him betide,
She oft and oft adviz'd him to refraine
From chase of greater beasts.
Spenser, Faerie Queen.

Dreádfully. *adv.* In a dreadful manner; terribly; frightfully.

Not sharp revenge, nor hell itself can find
A fiercer torment than a guilty mind,
Which day and night doth *dreadfully* accuse,
Condemns the wretch, and still the charge renews.
Dryden.

Dreádfulness. *s.* Attribute suggested by Dreadful.

It may justly serve for matter of extreme terrour to the wicked, whether they regard the *dreadfulness* of the day in which they shall be tried, or the quality of the judge by whom they are to be tried.—*Hakewill, Apology.*

Dreádingly. *adv.* In a manner significant of fear, dread, or terror.

Mistrustfully he trusteth,
And he *dreadingly* doth dare;
And forty passions in a trice
In him consort and square.
Warner, Albion's England.

Dreádless. *adj.* Free from, or destitute of, dread; fearless; unaffrighted; intrepid; unshaken; undaunted; free from terror.

All night the *dreadless* angel, unpursu'd,
Through heav'n's wide champaign held his way.
Milton, Paradise Lost, vi. 293.

Dreádlessness. *s.* Attribute suggested by Dreadless; fearlessness; intrepidity; undauntedness.

Zelmane, to whom danger then was a cause of *dreadlessness*, all the composition of her elements being nothing but fiery, with swiftness of desire crossed him.—*Sir P. Sidney.*

Dreádly. *adv.* Dreadfully.

So shall you see a cloud-crown'd hill sometime
Torn from a greater by the waste of time,
Dreadly to shake.
Sylvester, Du Bartas, i. 181. (Ord MS.)

Dream. *s.* [A.S. *dream* = gladness, music, thence illusion; the A.S. words for *dream* are *metung* and *swefen.*]

1. Phantasm of sleep; thoughts of a sleeping man.

We eat our meat in fear, and sleep
In the affliction of those terrible *dreams*
That shake us nightly. *Shakespear, Macbeth*, iii. 2.

2. Idle fancy; wild conceit; groundless suspicion.

Let him keep
A hundred knights; yes, that on ev'ry *dream*,
Each buz, each fancy, each complaint, dislike,
He may enguard his dotage.
Shakespear, King Lear, i. 4.

Dream. *v. n.* preterite, *dreamed* or *dreamt.*

1. Have the representation of something in sleep.

I *dreamed* that I was conveyed into a wide and boundless plain.—*Tatler.*

With *of.*

I have long *dream'd of* such a kind of man,
But, being awake, I do despise my dream.
Shakespear, Henry IV. Part II. v. 5.

2. Think; imagine.

These boys know little they are sons to th' king,
Nor Cymbeline *dreams* that they are alive.
Shakespear, Cymbeline, iii. 3.

He little *dream'd* how nigh he was to care,
Till treach'rous fortune caught him in the snare.
Dryden.

With *of.*

He never *dreamed of* the deluge, nor thought that first orb more than a transient crust.—*T. Burnet, Theory of the Earth.*

3. Think idly.

They *dream* on in a constant course of reading, but not digesting.—*Locke.*

With *of.*

I began to *dream of* nothing less than the immortality of my work.—*Smith.*

Dream. *v. a.*

1. See in a dream.

The Macedon, by Jove's decree,
Was taught to *dream* an herb for Ptolemy. *Dryden.*
At length in sleep their bodies they compose,
And *dreamt* the future fight, and early rose. *Id.*

2. Consume as in dreams: (with *out*).

Why does Ant[illegible]y *dream out* his hours,
And tempts no[illegible]une for a noble day? *Dryden.*

Dreámer. *s.*

1. One who has dreams; one who has fancies in his sleep.

The vision said, and vanish'd from his sight;
The *dreamer* waken'd in a mortal fright. *Dryden.*
If our *dreamer* pleases to try whether the glowing heat of a glass furnace be barely a wandering imagination in a drowsy man's fancy, by putting his head into it, he may perhaps be wakened into a certainty.—*Locke.*

2. Interpreter of dreams. *Obsolete.*

They said one to another, Behold this *dreamer* [in the margin, *master of dreams*] cometh.—*Genesis*, xxxvii. 19.
What labour and what travel have I run through,
And through what cities to absolve this riddle;
Diviners, *dreamers*, school-men, deep magicians,
All have I try'd.
Beaumont and Fletcher, Women Pleased.

3. Visionary; man lost in wild imagination.

Sometime he angers me,
With telling of the moldwarp, and the ant,
Of *dreamer* Merlin, and his prophecies.
Shakespear, Henry IV. Part I. iii. 1.
The man of sense his meat devours,
But only smells the peel and flowers;
And he must be an idle *dreamer*,
Who leaves the pie and gnaws the streamer. *Prior.*
He was not, he said, the first great discoverer whom princes and statesmen had regarded as a *dreamer*. Henry the Seventh had, in an evil hour, refused to listen to Christopher Columbus; and the consequence had been that England had lost the mines of Mexico and Peru.—*Macaulay, History of England*, ch. xxi.

Dreáming. *verbal abs.* Act of one who dreams.

Dreaming is the having of ideas, whilst the outward senses are stopped, not suggested by any external objects, or known occasion, nor under the rule or conduct of the understanding.—*Locke.*

Dreáming. *part. adj.* Dreamy; visionary.

Thank God, our deliverers were men of a very different order from the Spanish and Neapolitan legislators. They might on many subjects hold opinions which, in the nineteenth century, would not be considered as liberal. But they were not *dreaming* pedants. They were statesmen accustomed to the management of great affairs. Their plans of reform were not so extensive as those of the lawgivers of Cadiz; but what they planned, that they effected; and what they effected, that they maintained against the fiercest hostility at home and abroad.—*Macaulay, Critical and Historical Essays, Sir James Mackintosh's History of the Revolution.*

Dreámingly. *adv.* Sluggishly; negligently.

To speak *dreamingly*.—*Cockeram*, in v. *Draule.*
Do all thy business leisurely, not *dreamingly*.—*Bishop Henshaw, Daily Thoughts*, p. 124: 1651.

Dreámland. *s.* Unreal or imaginary country, such as is pictured in dreams; region of fancies; fairyland.

They are real, and have a venue in their respective districts in *dreamland*.—*Lamb, Letter to Coleridge.*

Dreámless. *adj.* Free from dreams.

The savages of Mount Atlas, in Barbary, were reported to be both nameless and *dreamless*.—*Camden, Remains.*

Dreámy. *adj.* Having the character of a dream or dreamer.

From *dreamy* virtues of this kind he turned with something stronger than distaste.—*Talfourd, Memoirs of C. Lamb.*

Drear. *adj.* Mournful; dismal; sorrowful.

In urns and altars round,
A *drear* and dying sound
Affrights the flamens at their service quaint.
Milton, On the Morning of Christ's Nativity.

Drear. *s.* Dread; terror.

The ill-fac'd owl, death's dreadful messenger;
The hoarse night-raven, trump of doleful *drear*.
Spenser, Faerie Queen.

Dreárihead. *s.* Horror; dismalness. *Obsolete.*

That shortly from the shape of womanhed,
Such as she was when Pallas she attempted,
She grew to hideous shape of *drearihead*,
Pined with grief of folly late repented.
Spenser, Faerie Queen.

Dreárily. *adv.* In a dreary manner.

But eft, when ye count you freed from feare,
Comes the breme winter with chamfred browes,
Full of wrinckles and frosty furrowes,
Drerily shooting his stormy darte,
Which cruddles the blood, and pricks the harte.
Spenser, Shepherd's Calendar.

Dreáriment. *s. Rare.*

1. Sorrow; dismalness; melancholy.

I teach the woods and waters to lament
Your doleful *dreariment*. *Spenser, Epithalamium.*

2. Horror; dread; terror.

Almighty Jove, in wrathful mood,
To wreak the guilt of mortal sins is bent;
Hurls forth his thundering dart with deadly food,
Inroll'd in flames and smouldring *dreariment*.
Spenser, Faerie Queen.

Dreáring. *s.* Dreariness. *Rare.*

All were myself, through grief, in deadly *drearing*.
Spenser, Daphnaida, v. 187.

Dreáry. *adj.* [A.S. *dreorig*.]

1. Sorrowful; distressful.

The messenger of death, the ghastly owl,
With *dreary* shrieks did also yell;
And hungry wolves continually did howl
At her abhorred face, so horrid and so foul.
Spenser, Faerie Queen.

2. Gloomy; dismal; horrid.

Obscure they went through *dreary* shades, that led
Along the vast dominions of the dead. *Dryden.*
Towns, forests, herds and men promiscuous drown'd,
With one great death deform the *dreary* ground.
Prior.

Dredge. *s.* [Fr. *dragée* = mixed provender for horses and cattle.] Mixture of oats and barley sown together.

They reap every one his corn in the field, [in the margin, mingled corn or *dredge*].—*Job*, xxiv. 6.

Dredge. *s.* [Dutch, *dregghe* = drag, or grapple, for sweeping the bottom of rivers, &c., for fishing, and other purposes; instrument for dragging (in water).] Kind of net: (this, and *drag* in Dragnet, Drag (1 and 2), seem to be concurrent forms, out of which the ordinary term spelt with *a* has arisen).

For oysters they have a peculiar *dredge*: a thick, strong net, fastened to three spills of iron, and drawn at the boat's stern, gathering whatsoever it meeteth lying in the bottom.—*Carew, Survey of Cornwall.*

Dredge. *v. a.* Gather with a dredge.

They *dredge* up from the bottom of the sea abundance of a sort of white coral.—*Ray, Select Remains*, p. 272.

Dredge. *v. n.* Work as a dredger.

There are said to be about 200 vessels, from 12 to 40 or 50 tons burden, immediately employed in *dredging* for oysters.—*Brande, Dictionary of Science, Literature, and Art, Oyster.*

Dredge. *v. a.* [see last extract.] Scatter flour on anything which is roasting.

My spice-box, gentlemen;
And put in some of this, the matter's ended;
Dredge you a dish of plovers; there's the art on't.
Beaumont and Fletcher, Bloody Brother.
It gives me great satisfaction to hear that the pig turned out so well. . . . You had all some of the crackling—and brain sauce—did you remember to rub it with butter, and gently *dredge* it a little, just before the crisis?—*Lamb, Letter to Coleridge.*

[To *dredge* [is] to scatter flour on meat while roasting; to *dridge*, to sprinkle. (Halliwell.) Danish, *drysse*, to dredge, sprinkle, powder, to fall in small particles as sand. From the pattering sound of such a fall. Provincial Danish, *draase*, *drase*, to fall with a pattering or rustling noise. 'Det regner saa det draaser,' German, 'Es regnet dass es dräuscht,' of a heavy shower. Grain is said in Danish to *draase* through the cracks of an old loft, or from the ears of corn when they are setting up the sheaves. This is the provincial English *durze*. *Durzed* or *dorzed out*, said of corn that by wind, turning of it, &c., is beaten out of the straw. (Ray.) *Dras*, what falls out of the corn in threshing. (Molbech.) Scotch, *drush*, atoms, fragments. (Jamieson.) German, *rieseln*, to purl as a brook, to fall in grains as frozen snow or small rain, to *drizzle*. (Küttner.) Swiss *droseln*, *troseln*, to make a rattling or rustling noise in falling, as fruit from a tree, to fall with such a noise, the fuller vowel in *droseln* being used of larger fruit, as apples, the thinner in *dröseln* of nuts. Danish, *drasle*, to fall with a rustling noise, to patter. In French the same idea is expressed with an initial *gr* instead of *dr*; *gresiller*, to hail, drizzle, sleet, reem to fall. (Cotgrave.) Italian, *trosciare*, to rain or shower down most furiously; *strosciare*, to fall furiously and clatter withal, as rain or hail falling upon tiles or glass windows. (Florio.) German, *dräuschen*, to make a dashing noise like pouring rain.—*Wedgwood, Dictionary of English Etymology.*]

Drédger. *s.* One who fishes with a dredge.

In the month of May the oysters cast their spawn, which the *dredgers* call their spats.—*Sprat, History of the Royal Society.* (Rich.)
'Tis then, with all these comforts spread around,
They hear the painful *dredger's* welcome sound;
And few themselves the savoury boon deny,
The food that feeds, the living luxury.
Crabbe, The Borough, General Description.

Drédger. *s.* Vessel, or ship, so called.

We had sight of a brigandine or *dredger*.—*Hackluyt, Voyages*, iii. 41. (Rich.)

Drédgingbox. *s.* Box with a lid full of small holes for discharging flour, or like powders, in small quantities.

What a dislocation of comfort is comprised in that word moving! Such a heap of little nasty things, after you think all is got into the cart: old *dredging-boxes*, worn-out brushes, gallipots, vials, things that it is impossible the most necessitous person can ever want, but which the women, who preside on these occasions, will not leave behind if it was to save your soul.—*Lamb, Letter to Manning.*

Dreg. *s.* See Dregs.

Dréggish. *adj.* Foul with lees; feculent.

To give a strong taste to this *dreggish* liquor, they fling in an incredible deal of broom or hops, whereby small beer is rendered equal in mischief to strong.—*Harvey, Discourse of Consumptions.*

Dréggy. *adj.* Containing dregs; consisting of dregs; muddy; feculent.

Youthful fancies are vanished away through coldness, dryness, and earthiness of the dull *dreggy* humours.—*Granger, Commentary on Ecclesiastes*, p. 322: 1621.
These num'rous veins, such is the curious frame,
Receive the pure insinuating stream:
But no corrupt or *dreggy* parts admit,
To form the blood, or feed the limbs unfit.
Sir R. Blackmore.

Dregs. *s. pl.* (rare in the *singular*.) [root of *draf*.]

1. Sediment of liquors; lees; grounds; feculence.

What too curious *dreg* espies my sweet lady in the fountain of our love?—*Shakespear, Troilus and Cressida*, iii. 2.
Fain would we make him author of the wine,
If for the *dregs* we could some other blame.
Sir J. Davies.
Such run on poets in a raging vein,
Ev'n to the *dregs* and squeezings of the brain.
Pope.

2. Anything by which purity is corrupted.

The king by this journey purged a little the *dregs* and leaven of the northern people, that were before in no good affections towards him.—*Bacon.*

3. Dross; sweepings; refuse.

Heav'n's favourite thou, for better fates design'd
Than we the *dregs* and rubbish of mankind.
Dryden.
What diffidence we must be under, whether God will regard our sacrifice, when we have nothing to offer him but the *dregs* and refuse of life, the days of loathing and satiety, and the years in which we have no pleasure.—*Rogers.*
This iron age and *dreg* of time.—*Bishop Burnet, Preface to Life of Bedell.*

Dreín. *v. a.* Same as Drain.

She is the sluice of her lady's secrets: 'tis but setting her mill agoing, and I can *drein* her of them all.—*Congreve.*
'Tis *drein'd* and empty'd of its poison now;
A cordial draught. *Southern.*

Drench. *v. a.* [A.S. *drencean*.]

1. Wash; soak; steep.

Our garments being as they were *drenched* in the sea, hold notwithstanding their freshness and glosses.—*Shakespear, Tempest*, ii. 1.
To-day deep thoughts resolve with me to *drench*
In mirth, that after no repenting draws.
Milton, Sonnet to Cyriack Skinner.
Now dam the ditches, and the floods restrain;
Their moisture has already *drench'd* the plain.
Dryden.
Too oft, alas! has mutual hatred *drench'd*
Our swords in native blood. *Philips.*

2. Force down physic mechanically.

If any of your cattle are infected, speedily let both sick and well blood, and *drench* them.—*Mortimer, Husbandry.*

3. Drown. *Obsolete.*

What flames, quoth he, when I the present see,
In danger rather to be *drent* than brent?
Spenser, Faerie Queen.
Nor so great wonder and astonishment
Did the most chaste Penelope possesse,
To see her lord, that was reported *drent*. *Ibid.*

Drench. *s.*

1. Draught; swill.
   Let such bethink them, if the sleepy *drench*
   Of that forgetful lake benum not still,
   That in our proper motion we ascend.
   Milton, Paradise Lost, ii. 73.
2. Physic for a brute; physic that must be forced down by mechanical means.
   Harry, says she, how many hast thou kill'd to-day? Give my roan horse a *drench*, says he; and answers, fourteen, an hour after.—*Shakespear, Henry IV. Part I.* ii. 4.
   Physicians, some with glisters;
   Some with lettice-caps; some, posset-drinks; some, pills;
   Twenty consulting here about a *drench*.
   Beaumont and Fletcher, Thierry and Theodoret.
   A *drench* is a potion or drink prepared for a sick horse, and composed of several drugs in a liquid form.—*Farrier's Dictionary.*
   A *drench* of wine has with success been us'd,
   And through a horn the gen'rous juice infus'd.
   Dryden.

Dress. *v. a.* [Fr. *dresser*; from Lat. *dirigo* = set upright, direct.]

1. Clothe; invest with clothes; clothe pompously or elegantly; adorn; deck; embellish; furnish: (with *up* and *out*).
   Look upon pleasures not upon that side that is next the sun, or where they look beautequsly; that is, as they come towards you to be enjoyed; for then they paint and smile, and *dress* themselves *up* in tinsel and glass gems and counterfeit imagery.—*Jeremy Taylor.*
   Few admir'd the native red and white,
   Till poets *dressed* them *up* to charm the sight.
   Dryden.
   Where was a fine room in the middle of the house, handsomely *dressed up*, for the commissioners to sit in.—*Lord Clarendon, History of the Grand Rebellion.*
   Skill is used in *dressing up* power with all the splendour absoluteness can add to it.—*Locke.*
   The mind loses its natural relish of real truth, and is reconciled insensibly to any thing that can be *dressed up* into any faint appearance of it.—*Id.*
   Lollia Paulina wore, in jewels, when *dressed out*, the value of three hundred and twenty-two thousand nine hundred and sixteen pounds thirteen shillings and four pence.—*Arbuthnot.*

   In *Painting.*
   He [Giorgione] ... first began to make choice of glowing and agreeable colours; ... he *dressed* his figures wonderfully well; and it may be truly said that, but for him, Titian had never arrived to that height of perfection which proceeded from the rivalship and jealousy which prevailed between them.—*Dryden's Translation of Du Fresnoy's Art of Painting*, appendix.
2. Cover a wound with medicaments.
   In time of my sickness another chirurgeon *dressed* her.—*Wiseman, Surgery.*
3. Curry; rub.
   Our infirmities are so many, that we are forced to *dress* and tend horses and asses, that they may help our needs.—*Jeremy Taylor.*
   Three hundred horses, in high stables fed,
   Stood ready, shining all, and smoothly *dressed*.
   Dryden, Virgil's Æneid.
4. Break or teach a horse. *Obsolete.*
   A steed
   Well-mouth'd, well-managed, which himself did *dress*;
   His aid in war, his ornament in peace. *Dryden.*
5. Regulate; adjust; trim.
   And the Lord God took the man, and put him into the garden of Eden, to *dress* it and to keep it.—*Genesis*, ii. 15.
   Well must the ground be digg'd and better *dress'd*,
   New soil to make and meliorate the rest. *Dryden.*
6. Prepare for any purpose; trim; fit anything ready for use; prepare victuals for the table.
   When he *dresseth* the lamps, he shall burn incense. *Exodus*, xxx.
   He spared to take of his own flock, and of his own herd, to *dress* for the wayfaring man.—2 *Samuel*, xii. 4.
   Thus the voluptuous youth, bred up to *dress*
   For his fat grandsire some delicious mess,
   In feeding high his tutor will surpass,
   An heir apparent of the gourmand race. *Dryden.*
   In Orkney they *dress* their leather with roots of tormentil instead of bark.—*Mortimer, Husbandry.*
   When you *dress* your young hops, cut away roots or sprigs.—*Ibid.*

Dress. *v. n.* Pay particular regard to dress: (as, 'to *dress* for dinner, to *dress* for the opera, to *dress* for a ball').
   My hair I'd powder in the women's way,
   And *dress*, and talk of dressing more than they.
   Bramston, Man of Taste.

Dress. *s.*

1. Clothes; garment; habit.
   Dresses laughed at in our forefathers' wardrobes or pictures, when, by the circulation of time and vanity, they are brought about, we think becoming.—*Dr. H. More, Government of the Tongue.*
2. Splendid clothes; habit of ceremony.
   Full *dress* creates dignity, augments consciousness, and keeps at a distance an encroacher.—*Richardson, Clarissa.*
3. Skill in adjusting dress.
   The men of pleasure, *dress*, and gallantry.—*Pope.*

Used *adjectivally*, or as the first element in a compound: (as 'a *dress* ball').

Dresser. *s.* [from Dress.] One who dresses.

1. One employed in putting on the clothes and adorning the person of another.
   Presently the tailors, the tirewomen, the gorget-makers, the seamstresses, the chambermaids, the *dressers*, and all that wretched crew of obsequious attendants, are condemned as Antichristians, and only fit to wait upon the whore of Babylon.—*Jeremy Taylor, Artificial Handsomeness*, p. 64.
   She hurries all her handmaids to the task;
   Her head alone will twenty *dressers* ask.
   Dryden, Juvenal's Satires.
2. One employed in regulating, trimming, or adjusting.
   Then said he unto the *dresser* of his vineyard, Behold, these three years I come seeking fruit on this fig-tree, and find none.—*Luke*, xiii. 7.

Dresser. *s.* [from Fr. *dressoir*.] Table in a kitchen on which meat is prepared or dressed.
   'Tis burnt, and so is all the meat:
   What dogs are these? Where is the rascal cook?
   How durst you, villains, bring it from the *dresser*?
   Shakespear, Taming of the Shrew, iv. 1.
   A maple *dresser* in her hall she had,
   On which full many a slender meal she made.
   Dryden.
   When you take down dishes, tip a dozen upon the *dresser*.—*Swift, Advice to Servants, Directions to the Cook.*
   I can neither scold nor quarrel at this insignificant implement of household services; she is less than a cat, and just better than a deal *dresser*.—*Lamb, Letter to Wordsworth.*

Dressing. *verbal abs.*

1. Attire; ornament; habiliment; outward appearance.
   A *dressing* I saw a jeweller's wife wear, who indeed was a jewel herself.—*B. Jonson, Poetaster.*
   So may Angelo,
   In all his *dressings*, characts, titles, forms,
   Be an archvillain.
   Shakespear, Measure for Measure, v. 1.
2. Application made to a sore.
   The second day after we took off the *dressings*, and found an eschar made by the catheretick.—*Wiseman, Surgery.*
3. Manual labour upon ground.
   Every year you shall give them three *dressings* or half-diggings.—*Evelyn*, ii. i. § 3.
4. Castigation; scolding. *Colloquial.*

Dressingroom. *s.* Room in which clothes are put on.
   Latin books might be found every day in his *dressingroom*, if it were carefully searched.—*Swift.*

Dressmaker. *s.* Maker (generally a female) of (female) dresses.
   (For example see extract under Millinery.)

Dressmaking. *s.* Business of a dressmaker.
   (For example see extract under Millinery.)

Dressy. *adj.* Distinguished by dress; affecting great taste and elegance in dress.
   The door was opened by a *dressy* flaunting maid-servant.—*Theodore Hook, Gilbert Gurney.*

Drib. *v. a.* Crop; cut off; defalcate.
   Merchant's gains come short of half the mart;
   For he who drives their bargains, *dribs* a part.
   Dryden.

Drib. *s.* Drop.
   Do not, I pray thee, paper stain
   With rhymes retail'd in *dribbs*.
   Swift, On Gibbs's Psalms.

Dribble. *v. n.* Fall in drops; fall weakly and slowly.
   The retention of urine arising from old age is seldom complete: the urine, after having filled and distended the bladder, *dribbles* out of the urethra, so that the patient voids as much of this fluid in a given time as he does in a state of health.—*Cooper, Dictionary of Practical Surgery.*

Dribble. *v. a.* Throw down in drops.
   Let the cook follow with a ladle full of soup, and *dribble* it all the way up stairs.—*Swift, Directions for Servants.*
   'My love, will you take any game?' says Ponto, with prodigious gravity; and struck his fork in that little mouthful of an island in the silver Stripes, too, at intervals, *dribbled* out the Marsala with a solemnity which would have done honour to a duke's butler.—*Thackeray, Book of Snobs*, ... xxvii.

Dribbling. *part. adj.* Coming in small portions, or driblets.
   Believe not that the *dribbling* dart of love
   Can pierce a compleat bosom.
   Shakespear, Measure for Measure, i. 4.
   Small temptations allure but *dribbling* offenders.—*Milton, Apology for Smectymnuus.*

Dribbling. *verbal abs.* Falling in drops.
   Semilunar processes on the surface, owe their form to the *dribbling* of water that passed over it.—*Woodward, On Fossils.*
   A *dribbling*, difficulty, and a momentary suppression of urine, may be caused by the stone's shutting up the orifice of the bladder.—*Arbuthnot, On the Nature and Choice of Aliments.*

Driblet. *s.* Small sum; odd money in a sum; any small inconsiderable thing.
   Twelve long years of exile born,
   Twice twelve we number'd since his blest return:
   So strictly wert thou just to pay,
   Even to the *driblet* of a day. *Dryden.*

Drier. *s.* That which dries, or has the quality of absorbing moisture; desiccative.
   There is a tale, that boiling of daisy roots in milk, which it is certain are great *driers*, will make dogs little.—*Bacon.*

Drift. *s.*

1. Force impellent; impulse; overbearing influence.
   A man being under the *drift* of any passion, will still follow the impulse of it, till something interpose, and, by a stronger impulse, turn him another way.—*South, Sermons.*
2. Violence; course.
   The mighty trunk, half rent with rugged rift,
   Doth roll adown the rocks, and fall with fearful *drift*.
   Spenser, Faerie Queen.
3. Anything driven at random.
   Some log, perhaps, upon the waters swam,
   An useless *drift*, which rudely cut within,
   And hollow'd, first a floating trough became,
   And cross some riv'let passage did begin. *Dryden.*
4. Anything driven or borne along in a body; storm; shower.
   Our thunder from the south
   Shall rain their *drift* of bullets on this town.
   Shakespear, King John, ii. 2.
5. Heap or stratum of any matter thrown together by the wind.
   The ways are almost impassable for a coach, by the great *drift* of snow.—*Sir W. Temple, Works*, ii. 521. (Ord MS.)
6. Tendency, or aim.
   a. Of *action.*
   Their *drift* 'comes known, and they discover'd are;
   For some, of many, will be false of course. *Daniel.*
   For the *drift* of the Maker is dark, an Isis hid by the veil,
   Who knows the ways of the world how God will bring them about. *Tennyson, Maude*, 8.
   b. Of a *discourse.*
   The main *drift* of his book being to prove that what is true is impossible to be false, he opposes nobody.—*Archbishop Tillotson.*
   This by the stile, the manner, and the *drift*,
   'Twas thought could be the work of none but Swift.
   Swift.
7. In *Geology.* See Diluvium. Often used *adjectivally.*
   Twenty-five years ago, Mr. Whitburn of Godalming, examining the gravel pits between Guildford and Godalming, remarked a peculiar flint, ... It belongs to the *drift* type, but is very rude.—*Sir J. Lubbock*, in *Natural History Review.*
   Each large hydrographical basin ... has its own exclusive *drift*, and ... in no case is there a mixture of the transported materials of the separate basins. The author, however, dissents from the opinion that these *drifts* ... have ... resulted from any general cataclysm, ... neither can he consider the excavation of the valleys to be anterior to the spread of the *drift*-gravels.—*J. Prestwich, Proceedings of the Royal Society*, xii. 39.
8. In *Engineering.* Same as Driftway.
   To explore the ground it was considered absolutely necessary that a *driftway* should be executed. ... The bed of the river now gave way, and the water inundated the *drift*.—*Beamish, Memoir of the Life of Sir Marc Isambard Brunel*, ch. xiv.

Drift. *v. a.* Drive; urge along.

Snow no larger than so many grains of sand, *drifted* with the wind in clouds from every plain.—*Ellis, Voyage to Hudson's Bay.*

Drift. *v. n.* See last extract.

We *drifted* o'er the harbour-bar,
And I with sobs did pray—
O let me be awake, my God!
Or let me sleep alway.
Coleridge, Rime of the ancient Mariner, pt. vi.

[To] drive, or *drift*, [is] to be carried at random by the force of the wind or tide, particularly in the case of a vessel's anchor losing its hold of the ground. We also speak of a vessel driving or *drifting* in a tide way when she is purposely allowed to be carried along by the influence of the tide.—*Young, Nautical Dictionary.*

Driftway. *s.* See extract.

Driftway [is] a small subterranean gallery driven in advance of a tunnel; it is the first operation in tunnelling, and everything depends on its being correctly set out.—*Brande, Dictionary of Science, Literature, and Art.*

(For another example see extract under **Drift**, *s.*)

Driftwind. *s.* Wind that drives all before it, or that throws any matter into heaps or drifts.

It could
No more be hid in him, than fire in flax,
Than humble banks can go to law with waters,
That *drift-winds* force to raging.
Beaumont and Fletcher, Two noble Kinsmen.

Drill. *v. a.*

1. Pierce anything with a drill.

The drill-plate is only a piece of flat iron, fixed upon a flat board, which iron hath an hole punched a little way into it, to set the blunt end of the shank of the drill in, when you *drill* a hole.—*Moxon, Mechanical Exercises.*

2. Perforate; bore; pierce.

My body through and through he *drill'd*,
And Whackum by my side lay kill'd.
Butler, Hudibras.

3. Delay; put off.

She has bubbled him out of his youth; she *drilled* him on to five-and-fifty, and she will drop him in his old age.—*Addison.*

4. Draw from step to step.

By such insinuations they have once got within him, and are able to *drill* him on from one lewdness to another: by the same arts corrupting and squeezing him as they please.—*South, Sermons*, ii. 216.

5. Form to arms; teach the military exercise.

The foe appear'd drawn up and *drill'd*,
Ready to charge them in the field.
Butler, Hudibras.

The business of life, according to him [Frederic William of Prussia] was to *drill* and be *drilled*; ... he was a *drillmaster* rather than a soldier. ... He [Frederic the Great] *drilled* his people as he *drilled* his grenadiers.—*Macaulay, Essays, Frederic the Great.*

Drill. *v. n.* Flow gently or slowly. See Rill.

Choice vineyards planted, paradises made,
Stor'd with all sorts of fruits, with trees of shade,
And water'd with cool rivulets that *drill'd*
Along the borders. *G. Sandys, Ecclesiastes*, p. 2.
With honey the hard rocks supply'd his want,
And pure oil *drill'd* from cliffs of adamant.
Id., Paraphrase on the Psalms of David, &c.

A small spring (Maxera in Ptolemy), streaming from the Taurisian mountains, *drills* in two branches through it.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 174.

All have cool refreshing rivulets of crystal, *drilling* over pebbles of amber.—*Ibid.*

Drill. *s.*

1. Instrument with which holes are bored.

The way of tempering steel to make gravers, *drills*, and mechanical instruments, we have taught artificers.—*Boyle.*

Drills are used for the making such holes as punches will not serve for; as a piece of work that hath already its shape, and must have an hole made in it.—*Moxon.*

2. In *Agriculture.* Machine for sowing seeds in rows.

(For example see extract under **Hoe**.)

Drill. *s.* [see last extract under **Dimity**.] Kind of linen cloth.

Drill. *s.* [see **Gorilla**.] Ape; baboon.

Shall the difference of hair be a mark of a different internal specifick constitution between a changeling and a *drill*, when they agree in shape and want of reason?—*Locke.*

Would you have your son move his ears like a *drill*?—Yes, fool, said he, why should he not have the perfection of a *drill*, or of any other animal?—*Arbuthnot and Pope, Martinus Scriblerus.*

Drill. *s.* Rill.

Springs through the pleasant meadows pour their *drills*,
Which snake-like glide between the bordering hills,
G. Sandys.

From hence in smaller *drills* her course she keeps,
And scarce discern'd along the vallies creeps.
F. Wiatt, Verses prefixed to Sandys' Psalms: 1648.

Is not that rill or *drill* of water called by foreign writers Rhinocolura?—*Bishop Richardson, Choice Observations upon the Old Testament*, p. 115: 1655.

Drill. *s.*

1. Military exercise.

He that but saw thy curious captain's *drill*,
Would think no more of Flushing or the Brill.
B. Jonson, Underwoods.

2. One who drills in the army. *Colloquial.*

Drilling. *verbal abs.* Practice, or teaching, of military exercises; often applied to thorough mechanical teaching in other matters.

Their deputies appointed meetings for *drilling* and inspection. The time occupied by such meetings, however, was not to exceed fourteen days in one year. The justices of the peace were authorised to inflict slight penalties for breaches of discipline. Of the ordinary cost no part was paid by the crown: but, when the trainbands were called out against an enemy, their subsistence became a charge on the general revenue of the state, and they were subject to the utmost rigour of martial law.—*Macaulay, History of England*, ch. iii.

Drillmaster. *s.* One who teaches drill, chiefly in the way of gymnastics, at public institutions and in private families: (*drill-sergeant* [two words] being the commoner term for the regimental teacher).

(For example see last extract under **Drill**, *v. a.*)

Drink. *v. n.* preterite, *drank*, *drunk*; part. pass. *drunk*, *drunken.*

1. Swallow liquors; quench thirst.

She said, *Drink*, and I will give thy camels drink also; so I *drank*, and she made the camels *drink* also.—*Genesis*, xxiv. 46.

2. Feast; be entertained with liquors.

They *drank* and were merry with him.—*Genesis*, xliii. 34.

3. Drink to excess; be an habitual drunkard.

First for his son a gay commission buys,
Who *drinks*, whores, fights, and in a duel dies.
Pope, Moral Essays.

Drink to. Salute in drinking; invite to drink by drinking first; wish well to in the act of taking the cup.

I take your princely word for those redresses.—
I gave it you, and will maintain my word;
And thereupon I *drink unto* your grace.
Shakespear, Henry IV. Part II. iv. 2.
Give me some wine; fill full:
I *drink to* th' general joy of the whole table,
And to our dear friend Banquo, whom we miss.
Id., Macbeth, iii. 4.

Drink. *v. a.*

1. Swallow: (applied to *liquids*).

He had eaten no bread, nor *drunk* any water three days and three nights.—1 *Samuel*, xxx. 12.

We have *drunken* our water for money.—*Lamentations*, v. 4.

2. Suck up; absorb.

Set rows of rosemary with flow'ring stem,
And let the purple vi'lets *drink* the stream.
Dryden.

Brush not thy sweeping skirt too near the wall;
Thy heedless sleeve will *drink* the colour'd oil. *Gay.*

3. Take in by an inlet; hear; see.

My ears have yet not *drunk* a hundred words
Of that tongue's uttering, yet I know the sound.
Shakespear, Romeo and Juliet, ii. 2.

Phemius; let acts of gods, and heroes old,
What ancient bards in hall and bow'r have told,
Attemper'd to the lyre, your voice employ;
Such the pleas'd ear will *drink* with silent joy.
Pope.

4. With *self* and *drunk.* Make drunk.

Benhadad was *drinking himself drunk* in the pavilions.—1 *Kings*, xvi. 9.

Drink down. Extinguish by drinking.

Come, we have a hot venison pasty to dinner: come, gentlemen, I hope we shall *drink down* all unkindness.—*Shakespear, Merry Wives of Windsor*, i. 1.

He will drown his health and his strength in his belly; and, after all his drunken trophies, at length *drink down* himself too.—*South.*

Drink in. Absorb.

The body being reduced nearer unto the earth, and emptied, becometh more porous, and greedily *drinketh in* water.—*Sir T. Browne, Vulgar Errours.*

Drink off. Finish at one draught.

One man gives another a cup of poison, a thing as terrible as death; but at the same time tells him that it is a cordial, and so he *drinks* it *off*, and dies.—*South.*

Drink up. Imbibe the whole.

Alexander, after he had *drunk up* a cup of fourteen pints, was going to take another.—*Arbuthnot Tables of ancient Coins, Weights, and Measures.*

Drink. *s.*

1. Liquor to be swallowed: (opposed to *meat*).

When God made choice to rear
His mighty champion, strong above compare,
Whose *drink* was only from the liquid brook!
Milton, Samson Agonistes, 555.

2. Liquor of any particular kind.

We will give you sleepy *drinks*.—*Shakespear, Winter's Tale*, i. 1.

The juices of fruits are either watry or oily: I reckon among the watry all the fruits out of which *drink* is expressed, as the grape, the apple, and the pear.—*Bacon.*

These, when th' allotted orb of time's complcat,
Are more commended than the labour'd *drink*.
Philips.

Amongst *drinks*, austere winds are apt to occasion foul eruptions.—*Arbuthnot, On the Nature and Choice of Aliments.*

3. Intoxicating liquor.

We use to say, that when *drinke* is in, wit is out; but if wit were not out, *drinke* would not be in.—*Bishop Hall, Nabal and Abigail.* (Ord MS.)

In drink = drunk.

If he was but once in his life *in drinke*, they pass him through the town for a sot.—*Palmer, Essays*, p. 70. (Ord MS.)

Drinkable. *adj.* Potable; such as may be drunk.

Men say that water is both navigable, *drinkable*, and washable.—*Wodroephe, French and English Grammar*, p. 247: 1623.

Used *substantivally*, i.e. thing to be drunk.

Her fancy was so exorbitant for the first year or two, as not to confine itself to the usual objects of eatables and *drinkables*, but running out after equipages and furniture and the like extravagances.—*Steel, Spectator*, no. 326. (Ord MS.)

My wife and the young ones stuck to the *drinkables* at Guildhall as long as was decent, in order to keep up their spirits.—*Theodore Hook, Gilbert Gurney*, vol. iii. ch. ii.

Drinker. *s.*

1. One who drinks any liquor, but not to excess.

A well, in the midst of Arcadia, causeth the *drinker* of it to loath wine for ever after.—*Junius, Sin Stigmatized*, p. 229: 1635.

Having considered the effects of tea upon the health of the *drinker*, which I think he has aggravated in the vehemence of his zeal, and which, after soliciting them by this watery luxury year after year, I have not yet felt; he proceeds to examine how it may be shown to affect our interest.—*Johnson, Review of a Journal, &c.*

2. One who drinks to excess; drunkard.

It were good for those that have moist brains, and are great *drinkers*, to take fume of lignum, aloes, rosemary, and frankincense, about the full of the moon.—*Bacon.*

The *drinker* and debauched person is the object of scorn and contempt.—*South, Sermons.*

The urine of hard *drinkers* affords a liquor extremely fetid, but no inflammable spirit: what is inflammable stays in the blood, and affects the brain. Great *drinkers* commonly die apoplectick.—*Arbuthnot, On the Nature and Choice of Aliments.*

Drinking. *verbal abs.*

1. Act of one who drinks.

When delight is the only end, and rests in itself, and dwells there long; then eating, and *drinking* is not a serving of God, but an inordinate affection.—*Jeremy Taylor, Rule and Exercises of Holy Living.*

2. Festival; entertainment with liquors.

The *drinking* was according to the law; none did compel.—*Esther*, i. 8.

The church-wardens or quest-men, and their assistants, shall suffer no plays, feasts, banquets, suppers, churchales, *drinkings*, temporal courts, or leets, layjuries, musters, or any other profane usage to be kept in the church, chapel, or church-yard.—*Ecclesiastical Constitutions and Canons.*

3. Habit of drinking strong liquors to excess.

I then considered *drinking* as a necessary qualification for a gentleman and a man of fashion.—*Lord Chesterfield.*

Drinkmoney. *s.* Money given, as an extra or perquisite, to buy liquor; allowance.

Peg's servants were always asking for *drink-money.—Arbuthnot.*

Drip. *v. n.* [A.S. *drypan.*]

1. Fall in, or as in, drops.

The fat of the project *dript* insensibly away at a slow fire.—*Bishop Hacket, Life of Archbishop Williams*, p. 166.

2. Have drops falling from it.

The finest sparks, and cleanest beaux,
Drip from the shoulders to the toes. *Prior.*

Drip. *v. a.*

1. Let fall in drops.

Her flood of tears
Seems like the lofty barn of some rich swain,
Which from the thatch *drips* fast a shower of rain. *Swift.*

2. Drop fat, as dripping, in roasting.

Let what was put into his belly, and what he *drips*, be his sauce.—*I. Walton, Complete Angler.*
His offer'd entrails shall his crime reproach,
And *drip* their fatness from the hazle broach.
Dryden, Virgil's Georgics.

Drip. *s.*

1. That which falls in drops.

So long as justice and judgment sit upon all the benches of a kingdom, either it is not possible for fluxes and meltings to begin in the state; or, if they do begin, their *drip* will be cured presently.—*Archbishop Laud, Sermons*, p. 161.
Water may be procured for necessary occasions from the heavens, by preserving the *drips* of the houses.—*Mortimer.*

2. In *Architecture*. See Dripstone.

Dripping. *part. adj.* Discharging liquid in drops.

The soil, with fatt'ning moisture fill'd,
Is cloth'd with grass, and fruitful to be till'd;
Such as in fruitful vales we view from high,
Which *dripping* rocks, not rolling streams supply.
Dryden.
Her ladyship [Lady Errol] had to crawl from under the *dripping* canvas through the slush in the most sorry plight.—*W. H. Russell, The [Crimean] War*, ch. vii.

Dripping. *verbal abs.* Fat which drips from roasting meat.

Shews all her secrets of housekeeping;
For candles how she trucks her *dripping*. *Swift.*

Drippingpan. *s.* Pan in which the fat of roast meat is caught.

He hath followed your court, and your last predecessors, from place to place, any time this seven years, as faithfully as your spits and your *drippingpans* have done, and almost as greasily.—*Beaumont and Fletcher, Woman-hater.*
When the cook turns her back, throw smoking coals into the *drippingpan.—Swift, Directions for Servants.*

Dripstone. *s.* See extract.

Dripstone, . . . called also Label, Weather-moulding, Water-table, and *Hoodmould*, [is] a projecting tablet or moulding over the heads of doorways, windows, archways, niches, &c., in Norman and Gothic architecture. This member is manifestly derived from the upper or outer moulding of the Roman arch. . . . It cannot have been intended to throw off rain, for it is used quite as much in internal as in external work. Hence such terms as *Dripstone*, &c., convey an erroneous idea. The term Label is borrowed from heraldry, and therefore, in strictness, is only applicable to the straight form which is used in perpendicular work, which resembles the heraldic label. The ancient English term for this member was *Hoodmould*, which is perfectly descriptive. This, as Mr. Willson informs us, is still in use in Yorkshire, where many old masonic terms remain.—*Glossary of Architecture*, in voce.

Drive. *v. a.* preterite, *drove*; part. pass. *driven.* [A.S. *drifan.*] Produce motion in anything by violence from behind.

1. Force along by impetuous pressure; press on.

He builds a bridge, who never *drove* a pile. *Pope.*
On helmets, helmets throng,
Shield press'd on shield, and man *drove* man along.
Id.

2. Force or urge in any direction; expel by force from any place: (with *from*).

Time *drives* the flocks *from* field to fold,
When rivers rage and rocks grow cold. *Shakespear.*
Driven from his native land to foreign grounds,
He with a gen'rous rage resents his wounds.
Dryden, Virgil's Æneid.

3. Chase; hunt.

To *drive* the deer with hound and horn
Earl Percy took his way. *Chevy Chase.*

4. Impel to greater speed.

She saddled an ass, and said to her servant, *Drive*, and go forward: slack not thy riding for me, except I bid thee.—2 *Kings*, iv. 24.

5. Guide and regulate a carriage.

He took off their chariot-wheels, that they *drave* them heavily.—*Exodus*, xiv. 25.

6. Convey animals; make animals march along under guidance.

There find a herd of heifers, wand'ring o'er
The neighb'ring hill, and *drive* 'em to the shore.
Addison.

7. Clear any place by forcing away what is in it.

We come not with design of wasteful prey,
To *drive* the country, force the swains away.
Dryden.

8. Hurry on inconsiderately; compel.

He, *driven* to dismount, threatened, if I did not the like, to do as much for my horse as fortune had done for his.—*Sir P. Sidney.*
The Romans did not think that tyranny was thoroughly extinguished, till they had *driven* one of their consuls to depart the city, against whom they found not in the world what to object, saving only that his name was Tarquin.—*Hooker, Ecclesiastical Polity.*
Most miserable if such unskilfulness make them *drive* on their time by the periods of sin and death.—*Jeremy Taylor.*

9. Urge by violence, not kindness.

He taught the gospel rather than the law,
And forc'd himself to *drive*; but lov'd to draw.
Dryden.

10. Impel by influence of passion.

I *drave* my suitor from his mad humour of love to a loving humour of madness.—*Shakespear, As you like it*, iii. 2.
Discontents *drave* men into slidings.—*Eikon Basilike.*
Lord Cottington, being master of temper, and of the most profound dissimulation, knew too well how to lead him into a mistake, and then *drive* him into choler.—*Lord Clarendon, History of the Grand Rebellion.*
It is better to marry than to burn, says St. Paul; where we may see what *drives* men into a conjugal life: a little burning pushes us more powerfully than greater pleasures in prospect.—*Locke.*

11. Urge; press to a conclusion.

The experiment of wood that shineth in the dark, we have diligently *driven* and pursued, the rather for that, of all things that give light here below, it is the most durable, and hath least apparent motion.—*Bacon, Natural and Experimental History.*
We have thus the proper notions of the four elements, and both them and their qualities, *driven* up and resolved into their most simple principles.—*Sir K. Digby, Treatise on the Nature of Bodies.*
The design of these orators was to *drive* some particular point, either the condemnation or acquittal.—*Swift.*

12. Carry on; keep in motion.

As a farmer cannot husband his ground so well, if he sit at a great rent; so the merchant cannot *drive* his trade so well if he sit at great usury.—*Bacon.*
The bees have common cities of their own,
And common sort, beneath one law they live,
And with one common stock their traffick *drive*,
Dryden.
Your Parsimond a lawless bargain *drove*,
The parent could not sell the daughter's love. *Id.*
The trade of life cannot be *driven* without partners.—*Collier.*

With *out*. Expel.

As soon as they heard the name of Roscetes, they forthwith *drave out* their governour, and received the Turks into the town.—*Knolles, History of the Turks.*

Drive. *v. n.*

1. Go as impelled by an external agent.

The needle endeavours to conform unto the meridian; but being distracted, *driveth* that way where the greater and powerfuller part of the earth is placed.—*Sir T. Browne, Vulgar Errours.*
Love, fixt to one, still safe at anchor rides,
And dares the fury of the winds and tides;
But losing once that hold, to the wide ocean borne,
It *drives* away at will, to every wave a scorn.
Dryden.

2. Rush with violence.

Near as he draws, thick harbingers of smoke,
With gloomy pillars cover all the place;
Whose little intervals of night are broke
By sparks that *drive* against his sacred face.
Dryden.
Then with so swift an ebb the flood *drove* backward,
It slipt from underneath the scaly herd.
Id., All for Love.
The bees *drive* out upon each other's backs,
T' imboss their hives in clusters.
Id., Don Sebastian.
As a ship, which winds and waves assail,
Now with the current *drives*, now with the gale;
She feels a double force, by turns obeys
The imperious tempest, and th' impetuous seas,
Dryden.
The wolves scampered away, however, as hard as they could *drive.—Sir R. L'Estrange.*
Thick as autumnal leaves, or *driving* sand,
The moving squadrons blacken all the strand.
Pope, Homer's Ilia.

3. Pass in a carriage.

There is a litter ready; lay him in't,
And *drive* tow'rd Dover.
Shakespear, King Lear, iii. 6.
Thy flaming chariot-wheels, that shook
Heaven's everlasting frame, while o'er the necks
Thou *drov'st* of warring angels disarray'd.
Milton, Paradise Lost, iii. 394.

4. Tend to; consider as the scope and ultimate design.

Authors *drive* at these as the highest elegancies which are but the frigidities of wit.—*Sir T. Browne, Vulgar Errours.*
We cannot widely mistake his discourse, when we have found out the point he *drives* at.—*Locke.*
They look no further before them than the next line; whence it will inevitably follow, that they can *drive* to no certain point, but ramble from one subject to another.—*Dryden.*
We have done our work, and are come within view of the end that we have been *driving* at.—*Addison, Present State of the War.*

5. Aim; strike at with fury.

At Anxur's shield he *drove*, and at the blow
Both shield and arm to ground together go.
Dryden, Virgil's Æneid.

With *let* (same construction as *let go*).

Four rogues in buckram *let drive* at me.—*Shakespear, Henry IV. Part I.* ii. 4.

6. Distrain.

His landlord, who, he fears, hath sent
His water-bailiff thus to *drive* for rent.
Cleaveland, Poems, &c. p. 19.

Drive off. Delay; procrastinate; put off.

It is not for Queene Esther to *drive off* any longer: the same wisdome that taught her to deferre her suit, now teaches her to propound it.—*Bishop Hall, Haman hanged.* (Ord MS.)

Drive. *s.* Passage in a carriage.

We had a dreary *drive*, in a dusky night, to St. Andrew's, where we arrived late.—*Boswell, Journal of a Tour to the Hebrides.*

Drivel. *v. n.* [Low German, *draueln* = twaddle.] Be weak or foolish; dote; slaver.

No man could spit from him, but would be forced to *drivel* like some paralytick, or a fool.—*Grew.*

Drivel. *s.*

1. Slaver; moisture shed from the mouth.

Besides the eternal *drivel*, that supplies
The dropping beard from nostrils, mouth, and eyes.
Dryden.
A mischievous assassinate, let loose from Acheron, created of the filthy *drivell* falling from the foul chappes of Cerberus, follows hastily after him.—*Time's Storehouse*, 151. (Ord MS.)
Like Delphic hag of old, by fiend possessed,
He swells; wild frenzy heaves his panting breast;
His bristling hairs stick up, his eyeballs glow,
And from his mouth long streaks of *drivel* flow.
Oldham, Satires upon the Jesuits, satire 3, *Loyola's Will.*

2. Fool; idiot; driveler.

What fool am I, to mingle that *drivel's* speeches among my noble thoughts!—*Sir P. Sidney.*
Millions of years this old *drivel* Cupid lives,
While still more wretch, more wicked he doth prove.
Id.
That false witch, and that foul aged *drevill*;
The one a fiend, the other an incarnate devil.
Spenser, Faerie Queen, iv. 2, 3.

Driveler. *s.* One who drivels.

I have heard the arrantest *drivellers* commended for their shrewdness, even by men of tolerable judgement.—*Swift.*
Under the disguise of levity he was false beyond all example of political falsehood. All the able men of his time ridiculed him as a dunce, a *driveller*, a child who never knew his own mind for an hour together; and he overreached them all round.—*Macaulay, Essays, Walpole's Letters.*

Driveling. *part. adj.* Having the character of a driveler.

I met with this Chremes, a *drivelling* old fellow, lean, shaking both of head and hands, already half earth, and yet then most greedy of earth.—*Sir P. Sidney.*
I hate to see a brave bold fellow sotted,
Made sour and senseless, turn'd to whey by love;
A *drivelling* hero, fit for a romance. *Dryden.*

Driven. *part. adj.* Winnowed; drifted.

His thrice driv'n bed of down.
Shakespear, Othello, i. 3.
The one's in the plot, let him be never so innocent; and the other is as white as the *driven* snow, let him be never so criminal.—*Sir R. L'Estrange.*

Dríver. *s.*

1. Person who, or thing which, drives.
   a. Beasts, cattle, &c.
   The multitude or common rout, like a drove of sheep, or an herd of oxen, may be managed by any noise or cry which their *driver* shall accustom them to.—*South, Sermons.*
   b. Vehicles.
   Not the fierce *driver* with more fury lends
   The sounding lash, and ere the stroke descends,
   Low to the wheels his pliant body bends.
   Dryden, Virgil's Æneid.
2. One who designs, manœuvres, intrigues, plans, intends, or makes anything his ultimate object: (with *at*: the sense being more bad than good, and implying something *concealed* or *indirect*, as in Drive, *v. n.* 4, and Drift = tendency).
   It is strange, that for wishing and advising, and in his own particular using and ensuing that moderation, thereby not to engarboil the church, and disturb the course of piety, he should so, by you and yours, be blamed, accused, and traduced for a Papist and an Arminian; calumniated almost in every ordinary, by your means, for a dangerous *driver at* popery and sedition.—*Bishop Mountagu, Appeal to Cæsar,* p. 80.

Dríving. *verbal abs.*

1. Act of one who, or of that which, drives; condition of that which is driving.
   The *driving* is like the *driving* of Jehu, the son of Nimshi.—2 *Kings,* ix. 20.
2. Tendency; drift: (the latter being the *commoner* word).
   Did you mark the dainty *driving* of the last point? —*Brewer, Comedy of Lingua,* iii. 7.

Drízzle. *s.* [?] Young of the fish called Ling (Lota Molva).
In Yorkshire the young are called *drizzles.*—*Yarrell, British Fishes.*

Drízzle. *v. a.* Shed in drizzling drops.
When the sun sets, the air doth *drizzle* dew.
Shakespear, Romeo and Juliet, iii. 5.

Drízzle. *v. n.* [Danish, *draase*; Germ. *dräuschen*; Prov. Germ. *dröseln* = fall with a drizzling noise.—connected by Wedgwood with Dredge.] Fall as rain of a sleety character, in respect to the size of the drops, but without the violence of sleet.

Drízzle. *s.* Moisture falling in a drizzling manner.

Drízzling. *part. adj.* Falling in small sleety drops.
And *drizzling* drops that often do redound,
The firmest flint doth in continuance wear.
Spenser, Faerie Queen.
The neighbouring mountains, by reason of their height, are more exposed to the dews and *drizzling* rains than any of the adjacent parts.—*Addison, Travels in Italy.*

Drízzling. *verbal abs.* ? Foul droppings.
The draffysh declaracyons of my lorde Boner, with such other dirty *dryselings* of Antichrist.—*Bale, Yett a Course at the Romyshe Foxe,* fol. 97. b.

Drízzly. *adj.* Shedding, or shed as, small rain.
This during winter's *drizzly* reign be done,
Till the new ram receives th' exalted sun.
Dryden, Virgil's Georgics.
Thus easy rob'd, they to the fountain sped,
That in the middle of the court up-threw
A stream high-spouting from its liquid bed,
And falling back again in *drizzly* dew.
Thomson, Castle of Indolence.

Droil. *s.* One employed in mean labour; slave; drudge. *Rare.*
Then I begin to rave at my stars' bitterness,
To see how many muckhills plac'd above me;
Peasants and *droils.*
Beaumont and Fletcher, Wit at several Weapons.

Droil. *v. n.* [?] Work sluggishly and slowly; plod. *Rare.*
Let such vile vassals, born to base vocation,
Drudge in the world, and for their living *droil,*
Which have no wit to live withouten toyle.
Spenser, Faerie Queen.

Droíling. *part. adj.* Having the character of, or befitting, one who droils. *Rare.*
The soul ... finding the ease she had from her visible and sensuous colleague the body, in performance of religious duties, her pinions now broken and flagging, shifted off from herself the labour of high soaring any more, forgot her heavenly flight, and left the dull and *droiling* carcass to plod on in the old road and drudging trade of controversy.—*Milton, Of Reformation in England,* b. i.
Desuetude does contract and narrow our faculties, so that we can apprehend only those things in which we are conversant; the *droiling* peasant scarce thinks there is any world beyond the neighbouring markets.—*Dr. H. More, Government of the Tongue.*

Droll. *adj.* Waggish; queer; facetious.
From galleries loud peals of laughter roll;
And thunder Shuter's praises—he's so *droll.*
Churchill, The Rosciad.

Droll. *s.* [Fr. *drôle.*] One whose business is to raise mirth by petty tricks; jester; buffoon; jack-pudding.
But since I am fallen upon Dr. Dale, who was a witty kind of *droll,* I will tell you instead of news (for there is little good stirring now) two other facetious tales of his.—*Howell, Familiar Letters,* iv. 2.
As he was running home in all haste, a *droll* takes him up by the way.—*Sir R. L'Estrange.*
He whom we allowed, and formerly, for a certain pleasant subtilty, and natural way of giving you an unexpected hit, called a *droll,* is now mimicked by a biter, who is a dull fellow, that tells you a lie with a grave face, and laughs at you for knowing him no better than to believe him.—*Tatler,* no. 12.

Droll. *v. n.* Jest; play the buffoon.
Good words, friend, said the bee, (having now pruned himself, and being disposed to *droll,*) I'll give you my hand and word to come near your kennel no more.—*Swift, Tale of a Tub.*

Droll. *v. a.* Banter; ridicule; cajole; befool: (often with a preposition indicating removal or approach, as *into, out of*).
Men that will not be reasoned into their senses, may yet be laughed or *drolled into* them.—*Sir R. L'Estrange.*
We must not be *drolled out of* our religion.—*Wallis, Sermon at Oxford,* p. 30: 1682.
It would be a jest indeed, should he *droll* himself *into* a belief that there are no such things as pain or death.—*Scott, Christian Life.*

Dróller. *s.* Droll. *Rare.*
He is making an experiment by another sort of enemies, and sets the apes and *drollers* upon it.—*Glanville, Sermons,* p. 193.

Dróllery. *s.* Idle jokes; buffoonery; buffoon.
They hang between heaven and hell, borrow the Christians' faith, and the atheists' *drollery* upon it. —*Dr. H. More, Government of the Tongue.*
What were these?—
A living *drollery*: now I will believe
That there are unicorns.
Shakespear, Tempest, iii. 3.

Drólling. *part. adj.* Having the character of a droll or buffoon.
Such august designs as inspire your inquiries used to be decided by *drolling* fantasticks, that have only wit enough to make others and themselves ridiculous.—*Glanville.*

Drólling. *verbal abs.* Burlesque; low wit; contemptible jesting.
These whifflers, who have neither learning nor good manners, are neither afraid nor ashamed by their rude *drolling* and buffooning to expose to contempt all that which the wisest and best men in the world have always had the greatest veneration for.—*Halliwell, Moral Sermons,* p. 56.

Dróllingly. *adv.* In a jesting manner.
Are all men puritans when they are sick, or upon their death-beds? And yet then there are very few are so modish as to wave the talk of religion, or to talk lightly and *drollingly* of it.—*Goodman, Winter Evening Conference,* pt. i.

Dróllist. *s.* One who exhibits or affects drollery. *Rare.*
These idle *drollists* have an utter antipathy to all braver and more generous kinds of knowledge.—*Glanville, Reflections on Drollery and Atheism,* s. 3. (Rich.)

Drómedary. *s.* [L.Lat. *drómedarius*; from Gr. δρομάς = rapid runner.] Kind of camel so called.
Straw for the horses and *dromedaries* brought they unto the place.—1 *Kings,* iv. 28.

Drone. *s.* [A.S. *dræn.*]

1. Male of the honey bee.
   The sad-ey'd justice, with his surly hum,
   Delivering o'er to executors pale
   The lazy yawning *drone.* *Shakespear, Henry V.* i. 2.
2. Sluggard; idler.
   He sleeps by day
   More than the wild cat: *drones* hive not with me,
   Therefore I part with him.
   Shakespear, Merchant of Venice, ii. 5.
   These foreigners were of course more and more odious to the whole realm: to the laity as draining away their wealth without discharging any duties; still more to the clergy as usurping their benefices. ... They were bloodsuckers drawing out the life, or *drones* fattening on the spoil, of the land.—*Milman, History of Latin Christianity,* vol. iv ch. ii.
3. Hum, or instrument of humming.
   If men should ever be thumbing the *drone* of one plain song, it would be a dull opiate to the most wakeful attention.—*Milton, Animadversions upon a Defence of the Humble Remonstrance.*

Drone. *v. a.* Utter anything in a dull monotonous manner, suggesting the notion of either drone or dronepipe: (as, 'He *drones* his sentences').

Drone. *v. n.* Hum as a drone; speak in a droning manner.

Drónepipe. *s.* Pipe producing a droning sound: (especially that of a *bagpipe*).
Here while his scanting *drone-pipe* scann'd
The mystic figures of her hand;
He tipples palmestry, and dines
On all her fortune-telling lines. *Cleaveland.*
Born to no possession of your own, but a pair of wings, and a *drone-pipe.*—*Swift, Tale of a Tub.*

Dróning. *part. adj.* Having the character of a drone.
Melfoil and honeysuckles pound,
With these alluring savours strew the ground,
And mix with tinkling brass the cymbal's *droning* sound. *Dryden.*
What have I lost by my forefathers' fault?
Why was not I the twentieth by descent
From a long restive race of *droning* kings? *Id.*

Dróning. *verbal abs.* Utterance in a dull, driveling manner.
Cant and *droning* supply the place of sense and reason in the language of men.—*Swift, Tale of a Tub.*

Drónish. *adj.* Idle; sluggish; dreaming; lazy; indolent; inactive.
Drones ... make great buzzing, to the disturbance of the good travelling bees, whose inclination, upon examination, you shall find more profitable than the *dronish* ones.—*Knight, Trial of Truth,* fol. 37: 1580.
The *dronish* monks, the scorn and shame of manhood,
Rouse and prepare once more to take possession,
To nestle in their ancient hives again. *Rowe.*
Several, who have gotten to be elected into fellowships or student's places, ... not regarding the ends of this institution, do live, upon the said fellowships or students' places, a *dronish* and slothful life.—*Dean Prideaux, Articles for the Reformation of the two Universities:* 1715.

Drónishness. *s.* Attribute suggested by Dronish; laziness; inactivity.
He must not be tame neither, nor sink into an enervated dulness, or flaccid *dronishness* of gesture. —*Essay on the Action for the Pulpit,* p. 65: 1753.

Droop. *v. n.* [A.S. *drúpan.*]

1. Languish; sink; lean downwards (commonly through *weakness* or *grief*).
   Conceiving the dishonour of his mother,
   He straight declin'd, *droop'd,* took it deeply;
   Fasten'd, and fix'd the shame on't in himself.
   Shakespear, Winter's Tale, ii. 3.
   I *droop,* with struggling spent,
   My thoughts are on my sorrows bent. *G. Sandys.*
2. Faint; grow weak; be dispirited; decline.
   I find my zenith doth depend upon
   A most auspicious star; whose influence
   If now I court not, but omit, my fortunes
   Will ever after *droop.* *Shakespear, Tempest,* i. 2.
   When factious rage to cruel exile drove
   The queen of beauty and the court of love,
   The muses *droop'd* with their forsaken arts.
   Dryden.
   I'll animate the soldiers' *drooping* courage
   With love of freedom and contempt of life.
   Addison, Cato.
   I saw him ten days before he died, and observed he began very much to *droop* and languish.—*Swift.*

Droóping. *part. adj.* Hanging down from weakness; sinking; fainting; languishing.
When by impulse from heav'n Tyrtæus sung,
In *drooping* soldiers a new courage sprung.
Lord Roscommon.
His head, though gay,
Carnation, purple, azure, or speck'd with gold,
Hung *drooping,* unsustain'd.
Milton, Paradise Lost, ix. 428.
On her heav'd bosom hung her *drooping* head,
Which, with a sigh, she rais'd, and this she said.
Pope.

Drop. *s.*

1. Globule of moisture; as much liquor as falls at once when there is not a continual stream; (in *Medicine*) minim.
   Whereas Aristotle tells us, that if a *drop* of wine be put into ten thousand measures of water, the wine being overpowered by so vast a quantity of water, will be turned into it; he speaks very improbably.—*Boyle.*

Had I but known that Sancho was his father,
I would have pour'd a deluge of my blood
To save one *drop* of his. *Dryden, Spanish Friar.*
Water, water, everywhere,
Nor any *drop* to drink.
Coleridge, Rime of the Ancient Mariner, ii.

2. Diamond hanging in the ear.
The *drops* to thee, Brillante, we consign;
And Momentilla, let the watch be thine. *Pope.*

3. Dram of spirituous liquor. *Colloquial.*

4. Fall from a place; part of the gallows on which the criminal stands, and which drops suddenly after the rope is adjusted; gallows itself.
He feared it [death] because he reasonably feared hell, and that fear was upon him, and was acting on him, to the very last moment. There can be no doubt that it acted—far down, perhaps, and quietly—on the ragged ruffians who stood bonneting each other in front of the *drop*, as it acted also on the most cultivated reader of the next morning's 'Times.' —*Saturday Review*, November 19, 1864.

Drop. *v. a.* [A.S. *dropian, drupian, driupian*, verbs; *dropa*, subst.; the slender form *drip* denoting a small one.]

1. Shed in drops or single globules.
His heavens shall *drop* down dew.—*Deuteronomy*, xxxiii. 28.

2. Let fall.
Others o'er chimney tops and turrets row,
And *drop* their anchors on the meads below.
Dryden.

3. Let go; dismiss from hand or possession.
Though I could
With barefac'd power sweep him from my sight,
And bid my will avouch it: yet I must not,
For certain friends that are both his and mine,
Whose loves I may not *drop*.
Shakespear, Macbeth, iii. 1.
Those who have assumed visible shapes for a season, can hardly be reckoned among this order of compounded beings; because they *drop* their bodies, and divest themselves of those visible shapes. —*Watts, Logick.*
Drop not thy word against the house of Isaac.—*Amos*, vii. 16.

4. Insert indirectly, or by way of digression: (with *in*.)
St. Paul's epistles contain nothing but points of Christian instruction, amongst which he seldom fails to *drop in* the great and distinguishing doctrines of our holy religion.—*Locke.*

5. Intermit; cease.
Where the act is unmanly or immoral, we ought to *drop* our hopes, or rather never entertain them.—*Collier, Essay on Despair.*
After having given this judgement in its favour, they suddenly *dropt* the pursuit.—*Sharp, Surgery.*

6. Quit; leave; let go anyone, so as to bar all further communication; relinquish.
I have beat the hoof till I have worn out these shoes in your service, and not one penny left me to buy more; so that you must even excuse me if I *drop* you here.—*Sir R. L'Estrange.*
We must here *drop* the history of the Asiatic colonies, to which we shall shortly return, to observe their condition and progress.—*Bishop Thirlwall, History of Greece*, ch. xii.
The three bills were brought in together, read a second time together, ordered to be committed together, and were then, first mutilated, and at length quietly *dropped*.—*Macaulay, History of England*, ch. xxiii.

7. Bedrop; speckle; variegate with spots.
Or, sporting, with quick glance,
Shew to the sun their wav'd coats, *dropp'd* with gold. *Milton, Paradise Lost*, vii. 405.

Drop. *v. n.*

1. Fall in drops, or single globules.
The quality of mercy is not strain'd;
It *droppeth*, as the gentle rain from heaven,
Upon the place beneath.
Shakespear, Merchant of Venice, iv. 1.

2. Let drops fall; discharge itself in drops.
The heavens *dropped* at the presence of God.—*Psalms*, lxvii. 8.

3. Fall; come from a higher place.
Philosophers conjecture that you *dropped* from the moon, or one of the stars.—*Swift, Gulliver's Travels.*
In every revolution, approaching nearer and nearer to the sun, this comet must at last *drop* into the sun's body.—*Cheyne.*
So may'st thou live, till, like ripe fruit, thou *drop*
Into thy mother's lap; or be with ease
Gather'd, not harshly pluck'd.
Milton, Paradise Lost, xi. 535.

4. Fall in death; die suddenly.
It was your presurmise,
That in the dole of blows your son might *drop*.
Shakespear, Henry IV. Part II. i. 1.

Nothing, says Seneca, so soon reconciles us to the thoughts of our own death, as the prospect of one friend after another *dropping* round us.—*Sir K. Digby, Letter to Pope.*

5. Sink into silence; vanish; come to nothing.
Virgil's friends thought fit to let *drop* this incident of Helen.—*Addison, Travels in Italy.*
I heard of threats, occasioned by my verses: I sent to acquaint them where I was to be found, and so it *dropped*.—*Pope.*

6. Come unexpectedly.
Either you come not here, or as you grace
Some old acquaintance, *drop* into the place,
Careless and qualmish, with a yawning face.
Dryden.
He could never make any figure in company, but by giving disturbance at his entry; and therefore takes care to *drop* in when he thinks you are just seated.—*Spectator*, no. 448.

7. Fall short of a mark.
Often it *drops* or overshoots by the disproportions of distance or application.—*Collier.*

Dróplet. *s.* Little drop. *Rare* (for reasons for thinking it *barbarous* as well, see Hamlet).
Thou abhorr'dst in us our human griefs,
Scorn'd our brine's flow, and those our *droplets*, which
From niggard nature fall.
Shakespear, Timon of Athens, v. 5.

Drópping. *part. adj.* Wet so as to drop (rather than *drip*).
While cumber'd with my *dropping* clothes I lay,
The cruel nation, covetous of prey,
Stain'd with my blood th' unhospitable coast.
Dryden, Virgil's Æneid.
Beneath a rock he sigh'd alone,
And cold Lycæus wept from every *dropping* stone.
Id., Virgil's Eclogues.

Drópping. *verbal abs.* (rare in *sing.*)

1. That which falls in drops.
Thrifty wench scrapes kitchen-stuff,
And barreling the *droppings* and the snuff
Of wasting candles. *Donne.*

2. That which drops when the continuous stream ceases.
Strain out the last dull *droppings* of your sense,
And rhyme with all the rage of impotence. *Pope.*

Drópsical. *adj.* Diseased with, or tending to, dropsy.
The diet of nephritick and *dropsical* persons ought to be such as is opposite to, and subdueth the alkalescent nature of the salts in the serum of the blood.—*Arbuthnot, On the Nature and Choice of Aliments.*

Drópsied. *adj.* Diseased with dropsy; turgid as if with dropsy. *Rare.*
Where great addition swells, and virtue none,
It is a *dropsied* honour: good alone
Is good. *Shakespear, All's well that ends well*, ii. 3.

Drópsy. *s.* [Lat. *hydrops*, whence anciently *hydropisy*, thence *dropisy, dropsy.*] Accumulation of watery fluid in the natural cavities, or in the cellular areolæ, or in both, causing distension, impeded functions of the adjoining parts, frequently with fluctuation, softness, &c.
An anasarca, a species of *dropsy*, is an extravasation of water lodged in the cells of the membrana adiposa.—*Sharp.*

Drópwise. *adv.* After the manner of drops.
No cup had we:
In mine own lady palms I cull'd the spring
That gather'd trickling *dropwise* from the cleft,
And made a pretty cup of both my hands,
And offer'd you it kneeling, then you drank
And knew no more, nor gave me one poor word.
Tennyson, Idylls of the King, Vivien.

Drópwort. *s.* Native plant so called (Spiræa Filipendula), in which compound *drop* is an approximate translation of the second element (pendeo = *hang*). Its application to the plant is by no means clear. Preceded by *water* (*Water-Dropwort*), it is extended to certain umbelliferous plants, also native, of the genus Œnanthe.
(For example see extract under Meadowsweet.)

Dross. *s.* [A.S. *dros, drosne.*]

1. Impurity of melted metal, either as scum or slag.
Some scumm'd the *dross* that from the metal came,
Some stirr'd the molten ore with ladles great,
And every one did swink, and every one did sweat.
Spenser, Faerie Queen.

2. Rust; incrustation upon metal.
An emperor, hid under a crust of *dross*, after cleansing, has appeared with all his titles fresh and beautiful.—*Addison.*

3. Refuse; leavings; sweepings; anything remaining after the removal of the better part; dregs; feculence; corruption.
Fair proud, now tell me why should fair be proud,
Sith all world's glory is but *dross* unclean;
And in the shade of death itself shall shroud,
However now thereof ye little ween? *Spenser.*
That most divine light only shineth on those minds, which are purged from all worldly *dross* and human uncleanness.—*Sir W. Raleigh.*
All treasures and all gain esteem as *dross*,
And dignities and pow'rs all but the highest.
Milton, Paradise Regained, iii. 29.
Such precepts exceedingly dispose us to piety and religion, by purifying our souls from the *dross* and filth of sensual delights.—*Archbishop Tillotson.*

Dróssel. *s.* [Danish, *draasel.*] ? Potbellied person. *Obsolete.*
An unwieldy *drossel*, nothing but guts.—*Minsheu*, in v. *Panguts.*

Dróssiness. *s.* Attribute suggested by Drossy; foulness; feculence; rust.
The furnace of affliction refines us from earthly *drossiness*, and softens us for the impression of God's stamp.—*Boyle.*

Dróssy. *adj.*

1. Full of scorious or recrementitious parts; full of dross.
So doth the fire the *drossy* gold refine.
Sir J. Davies, On the Immortality of the Soul.

2. Worthless; foul; feculent.
Your intention hold,
As fire these *drossy* rhymes to purify,
Or as elixir to change them into gold. *Donne.*
O be Thou pleased to cure this sad, this miserable disease; to inspirit and enliven this earthly, *drossy* heart, that it may freely mount towards Thee.—*Dr. H. More, Whole Duty of Man, Collects.*

Drought. *s.* [see last extract.] Dry weather; want of rain.
Great *droughts* in summer, lasting till the end of August, some gentle showers upon them, and then some dry weather, portend a pestilent summer the year following.—*Bacon.*
They were so learned in natural philosophy, that they foretold earthquakes and storms, great *droughts*, and great plagues.—*Sir W. Temple.*
In a *drought* the thirsty creatures cry,
And gape upon the gather'd clouds for rain.
Dryden.
Upon a shower, after a *drought*, earthworms and landsnails innumerable come out of their lurking-places.—*Ray.*
[Saxon, *drugoðe* (*drugoth*), from *drygan*, to dry. Hence our word has been often written *drouth*; and in old time *drithe* or *drith*. Iden in 1557 and Sir Thomas Elyot use the latter. Huloet also has *dryth* and *drithe*, in his old dictionary, under *dryness*.—*Johnson.*]

Dróughty. *adj.* Wanting rain; sultry; thirsty; dry.
When the man of God cals to her 'Fetch me a little water, in a vessell, that I may drinke,' it was no easie suit in so *droughtie* a season.—*Bishop Hall, Elijah.* (Ord MS.)
Ah! can the clouds weep over thy decay,
Yet not one drop fall from thy *droughty* eyes?
Drayton, Barons' Wars, b. ii. 18. (Ord MS.)
That a camel, so patient of long thirst, should be bred in such *droughty* and parched countries, where it is of such eminent use for travelling over those dry and sandy deserts, where no water is to be had, must be acknowledged an act of providence and design.—*Ray, Wisdom of God manifested in the Works of the Creation.*
If the former years
Exhibit no supplies, alas! thou must
With tasteless water wash thy *droughty* throat.
Philips.

Drouth. *s.*

1. Drought; aridity.
As torrents in the *drouth* of summer fail,
So perisht man from death shall never rise.
G. Sandys.
I thirsted for the brooks, the showers:
I rolled among the tender flowers:
I crush'd them on my breast, my mouth:
I look'd athwart the burning *drouth*
Of that long desert to the south.
Tennyson, Fatima.

2. Thirst; want of drink; dryness.
One whose *drouth*,
Yet scarce allay'd, still eyes the current stream,
Whose liquid murmur heard, new thirst excites.
Milton, Paradise Lost, vii. 66.

Dróuthy. *adj.* Dry; thirsty.
There are capital points in the second [picture], which depicts the consternation excited in a village

finn on discovering the single ale-cask dry, and the house full of *drouthy* customers.—*Saturday Review*, July 8, 1865.

Drove. *s.*

1. Body or number of cattle: (generally used of *oxen* or *black cattle*).
   They brought to their stations many *droves* of cattle; and within a few days were brought out of the country two thousand muttons.—*Sir J. Hayward.*
   Was it necessary that all that vast retinue, princesses, dames of honour, tirewomen, equerries and gentlemen of the bedchamber, cooks, confectioners and musicians, long trains of waggons, *droves* of led horses and sumpter mules, piles of plate, bales of tapestry, should travel four hundred miles merely in order that the Most Christian King might look at his soldiers and might then return?—*Macaulay, History of England*, ch. xx.
2. Number of sheep driven: (to a *herd* of oxen we regularly oppose, not a *drove*, but a *flock*, of sheep).
   A *drove* of sheep, or an herd of oxen, may be managed by any noise or cry which the drivers shall accustom them to.—*South, Sermons.*
3. Any collection of animals.
   The sounds and seas, with all their finny *drove*,
   Now to the moon in wavering morrice move.
   Milton, Comus, 115.
4. Crowd; tumult.
   But if to fame alone thou dost pretend,
   The miser will his empty palace lend,
   Set wide with doors, adorn'd with plated brass,
   Where *droves*, as at a city gate, may pass.
   Dryden, Juvenal's Satires.

Dróver. *s.*

1. One who drives oxen to market (sometimes a jobber).
   The prince hath got your Hero.—I wish him joy of her.—Why, that's spoken like an honest *drover*; so they sell bullocks.—*Shakespear, Much Ado about Nothing*, ii. 1.
   I speak not here of those Alachian rovers,
   Numidian shepherds, or Tartarian *drovers*,
   Who, shifting pastures for their store of cattle,
   Do here and there their hairy tents unbattle.
   Sylvester, Du Bartas, 129, 1. (Ord MS.)
   The temple itself was profaned into a den of thieves, a rendezvous of higlers and *drovers*, and a place not for the sacrificing, but for the selling of sheep and oxen.—*South, Sermons*, iii. 311.
   The *drover* whom his fellow *drover* meets,
   In narrow passages of winding streets.
   Dryden, Juvenal's Satires.
2. Boat driven forward by the tide; drifter. *Rare.*
   He woke,
   And saw his *drover* drive along the stream.
   Spenser, Faerie Queen, iii. 8, 22.

Drown. *v. a.* [A.S. *drucnian.*]

1. Suffocate in water.
   They would soon *drown* those that refused to swim down the popular stream.—*Eikon Basilike.*
   When of God's image only eight he found
   Snatch'd from the wat'ry grave, and sav'd from nations *drown'd*. *Prior.*
2. Overwhelm in water.
   Or so much as it needs
   To dew the sovereign flower, and *drown* the weeds.
   Shakespear, Macbeth, v. 2.
   Galleys might be *drowned* in the harbour with the great ordnance, before they could be rigged.—*Knolles, History of the Turks.*
3. Overflow; bury in an inundation; deluge.
   Betwixt the prince and parliament we stand,
   The barriers of the state on either hand:
   May neither overflow, for then they *drown* the land.
   Dryden.
4. Immerge; lose in anything.
   Most men being in sensual pleasures *drown'd*,
   It seems their souls but in their senses are.
   Sir J. Davies, On the Immortality of the Soul.
5. Lose in something which overpowers or covers; overwhelm.
   Who cometh next will not follow that course, however good, which his predecessors held, for doubt to have his doings *drowned* in another man's praise.—*Spenser, View of the State of Ireland.*
   That the brightness of the sun doth *drown* our discerning of the lesser lights, is a popular errour.—*Sir H. Wotton.*
   My private voice is *drown'd* amid the senate.
   Addison.
   Some aged man who lives this act to see,
   And who in former times remember'd me,
   May say, the son, in fortitude and fame,
   Outgoes the mark, and *drowns* his father's name.
   Dryden.

Drown. *v. n.* Be suffocated in the waters.

O Lord! methought what pain it was to *drown!*
What dreadful noise of waters in my ears!
Shakespear, Richard III. i. 4.

Drówner. *s.* Person who, or thing which, drowns, swamps, deluges, overwhelms, or suffocates.
Idleness [is] enemy of virtue, the *drowner* of youth.—*Ascham, Toxophilus.*

Drówning. *verbal abs.* Death by immersion in water.
There be that keep them out of fire, and yet was never burned; that beware of water, and yet was never nigh *drowning.*—*Ascham, Schoolmaster.*
The ancients accounted *drowning* an accursed death.—*Dryden, Virgil's Æneid*, pref. p. 243. (Ord MS.)

Drowse. *v. n.* [Dutch, *droosen* = doze.]

1. Slumber; grow heavy with sleep.
   All their shape
   Spangled with eyes, more numerous than those
   Of Argus; and more wakeful than to *drowse*,
   Charm'd with Arcadian pipe.
   Milton, Paradise Lost, xi. 129.
   He *drowsed* upon his couch.—*South, Sermons*, iv. 78.
2. Look heavy, not cheerful.
   They rather *drows'd*, and hung their eyelids down,
   Slept in his face, and render'd such aspect
   As cloudy men use to their adversaries.
   Shakespear, Henry IV. Part I. iii. 2.

Drówsed. *part. adj.* Made drowsy; made heavy with sleep.
There gentle sleep
First found me, and with soft oppression seiz'd
My *drowsed* senses uncontroll'd.
Milton, Paradise Lost, viii. 289.

Drówsihed. *s.* Sleepiness; inclination to sleep. *Obsolete.*
The royal virgin shook off *drowsyhed*;
And, rising forth out of her baser boure,
Look'd for her knight. *Spenser, Faerie Queen.*

Drówsily. *adv.* In a drowsy manner.

1. Sleepily; heavily; with an inclination to sleep.
   The air swarms thick with wand'ring deities,
   Which *drowsily* like humming beetles rise.
   Dryden.
2. Sluggishly; idly; lazily.
   We satisfy our understanding with the first things, and, thereby satiated, slothfully and *drowsily* sit down.—*Sir W. Raleigh.*

Drówsiness. *s.* Attribute suggested by Drowsy.

1. Sleepiness; heaviness with sleep; disposition to sleep.
   What a strange *drowsiness* possesses them!
   Shakespear, Tempest, ii. 1.
   In deep of night, when *drowsiness*
   Hath lock'd up mortal sense, then listen I
   To the celestial siren's harmony.
   Milton, Arcades, 61.
   What succour can I hope the muse will send,
   Whose *drowsiness* hath wrong'd the muse's friend?
   Crashaw.
   He passes his whole life in a dozed condition, between sleeping and waking, with a kind of *drowsiness* and confusion upon his senses.—*South, Sermons.*
   He that from his childhood has made rising betimes familiar to him, will not waste the best part of his life in *drowsiness* and lying a-bed.—*Locke.*
   A sensation of *drowsiness*, oppression, and lassitude, are signs of a plentiful meal in young people.—*Arbuthnot.*
2. Idleness; indolence; inactivity.
   It falleth out well, to shake off your *drowsiness*; for it seemed to be the trumpet of a war.—*Bacon, Advertisement touching a Holy War.*

Drówsy. *adj.*

1. Sleepy; heavy with sleep; lethargic.
   Drowsy am I, and yet can rarely sleep.
   Sir P. Sidney.
   Men *drowsy*, and desirous to sleep, or before the fit of an ague, do use to yawn and stretch.—*Bacon, Natural and Experimental History.*
   The flowers, call'd out of their beds,
   Start and raise up their *drowsy* heads. *Cleaveland.*
   Drunken at last, and *drowsy* they depart,
   Each to his house. *Dryden.*
2. Heavy; lulling; causing sleep.
   Sir Guyon, mindful of his vows yplight,
   Up rose from *drowsy* couch. *Spenser, Faerie Queen.*
   While thus she rested, on her arm reclin'd,
   The hoary willows waving with the wind,
   And feather'd quires that warbled in the shade,
   And purling streams that through the meadow stray'd,
   In *drowsy* murmurs lull'd the gentle maid.
   Addison.
3. Stupid; dull.
   Those inadvertencies, a body would think, even our author, with all his *drowsy* reasoning, could never have been capable of.—*Bishop Atterbury.*

Drówsyheaded. *adj.* Having a sluggish disposition; heavy.
The appetite of sleeping is as unsatiable as any of the rest, if a man do give himself unto it; as Solomon also observeth: who so elegantly characterizeth the *drowsy-headed* sluggards, that no character in Theophrastus is more graphically described.—*Fotherby, Atheomastix*, p. 200.

Drowze. *s.* Drowsy sleep; drowsiness.
On a sudden, many a voice along the street,
And heel against the pavement echoing, burst
Their *drowze*. *Tennyson, Idylls of the King, Enid.*

Drub. *v. a.* [? A.S. *drepan* = kill.] Beat; bang.
He that is valiant, and dares fight,
Though *drubb'd*, can lose no honour by't.
Butler, Hudibras.
The little thief had been soundly *drubbed* with a good honest cudgel.—*Sir R. L'Estrange.*
Though the bread be not mine, yet, if it had been less than weight, I should have been *drubbed.*—*Locke.*
He heard of Blount, and Mandeville, and Chubb,
How they the doctors of their day would *drub*;
How Hume had dwelt on miracles so well,
That none could now believe a miracle;
And though he cared not works so grave to read,
He caught their faith, and signed the sinner's creed.
Crabbe, The Borough, Inhabitants of the Almshouse.

Drub. *s.* Thump; knock; blow.
The blows and *drubs* I have receiv'd,
Have bruis'd my body, and bereav'd
My limbs of strength. *Butler, Hudibras.*
By setting an unfortunate mark on their followers, they have exposed them to innumerable *drubs* and contusions.—*Addison.*

Drúbbing. *s.* Beating.
'Depend on it, Blackwood,' he repeatedly said, 'I shall yet give M. Villeneuve a *drubbing.*'—*Southey, Life of Nelson.*

Drudge. *v. n.* [A.S. *dreogan.*] Labour in mean offices; toil without honour or dignity; work hard; slave.
And to crack'd fiddle and hoarse tabour,
In merriment, did *drudge* and labour.
Butler, Hudibras.
Soon he came to court,
Proffering for hire his service at the gate,
To *drudge*, draw water, and to run or wait. *Dryden.*
I made no such bargain with you, to live always *drudging.*—*Id., Virgil's Æneid*, dedication.

Drudge. *v. a.* Consume tediously or laboriously.
What is an age, in dull renown *drudg'd* o'er!
One little single hour of love is more. *Granville.*
The poor sleep little: we must learn to watch
Our labours late, and early every morning,
Midst winter frosts; then clad and fed with sparing,
Rise to our toils, and *drudge* away the day. *Otway.*

Drudge. *s.* One employed in mean labour; slave; one doomed to servile occupation.
To conclude, this *drudge* of the devil, this diviner, laid claim to me.—*Shakespear, Comedy of Errors*, iii. 2.
He sits above and laughs the while
At thee, ordain'd his *drudge*, to execute
Whate'er his wrath shall bid.
Milton, Paradise Lost, ii. 731.
Art thou our slave,
Our captive, at the publick mill our *drudge*,
And dar'st thou, at our sending and command,
Dispute thy coming? *Id., Samson Agonistes*, 1391.
He is content to be their *drudge*,
And on their errands gladly trudge.
Butler, Hudibras.
The hard master makes men serve him for nought, who rewards his *drudges* and slaves with nothing but shame and sorrow, and misery.—*Archbishop Tillotson.*

Drúdgery. *s.* Mean labour; ignoble toil; dishonourable work; servile occupation.
My old dame will be undone for one to do her husbandry, and her *drudgery.*—*Shakespear, Henry IV. Part II.* iii. 2.
Were there not instruments for *drudgery* as well as offices of *drudgery*? Were there not people to receive orders as well as others to give and authorize them?—*Sir R. L'Estrange.*
You do not know the heavy grievances,
The toils, the labours, weary *drudgeries*,
Which they impose. *Southern, Oroonoko.*
To thee that *drudgery* of pow'r I give;
Cares be thy lot: reign thou, and let me live.
Dryden.
Paradise was a place of bliss, as well as immortality, without *drudgery*, and without sorrow.—*Locke.*
It is now handled by every dirty wench, and condemned to do her *drudgery.*—*Swift, Meditations on a Broomstick.*

He [Carteret] contemptuously abandoned to others all the *drudgery*, and, with the *drudgery*, all the fruits of corruption.—*Macaulay, Essays, Walpole's Letters.*

Personified.

Even *Drudgery* himself,
As at the car he sweats, or dusty hews
The palace-stone, looks gay.
Thomson, Seasons, Summer.

Drúdging. *part. adj.* Toilsome.

Advantages obtained by industry directed by philosophy, can never be expected from *drudging* ignorance.—*Glanville.*

Add to this, that his darksome *drudging* childhood and youth was by far the kindliest era of his own life, and that he [Burns] died in his thirty-seventh year; and then ask if it be strange that his poems are imperfect, and of small extent, or that his genius attained no mastery in his art.—*Carlyle, Miscellaneous Essays, Burns.*

Drúdgingbox. *s.* See Dredgingbox.

But if it lies too long, the crackling's pall'd,
Not by the *drudging-box* to be recall'd.
King, Art of Cookery.

Drúdgingly. *adv.* In a drudging manner; laboriously; toilsomely.

He does now all the meanest and triflingest things himself *drudgingly*, without making use of any inferiour or subordinate minister.—*Ray, Wisdom of God manifested in the Works of the Creation.*

Drug. *s.* [Fr. *drogue.*]

1. Ingredient used in physic; medicinal simple.

Mortal *drugs* I have: but Mantua's law
Is death to any he that utters them.
Shakespear, Romeo and Juliet, v. 1.

And yet no doubts the poor man's draught control;
He dreads no poison in his homely bowl:
Then fear the deadly *drug*, when gems divine
Enchase the cup and sparkle in the wine. *Dryden.*

2. In *Commerce.* Spice, such as ginger, cinnamon, and similar commodities.

A fleet descry'd
Hangs in the clouds, by equinoctial winds
Close sailing from Bengala, or the isles
Of Ternate and Tidore, whence merchants bring
Their spicy *drugs*. *Milton, Paradise Lost*, ii. 636.

3. Anything without worth or value; anything for which no purchaser can be found.

Each noble vice
Shall bear a price,
And virtue shall a *drug* become:
An empty name
Was all her fame,
But now she shall be dumb.
Dryden, Albion and Albanius.

As soon as he had seated himself, the stranger began in these words, 'Sir, I do not care absolutely to deny engaging in what my friend Mr. Barnabas recommends: but sermons are mere *drugs*. The trade is so vastly stocked with them, that really, unless they come out with the name of Whitfield, or Wesley, or some other such great man, as a bishop, or those sort of people, I don't care to touch, unless now it was a sermon preached on the 30th of January, or we could say in the title page, published at the earnest request of the congregation, or the inhabitants.'—*Fielding, The Adventures of Joseph Andrews*, ch. xvi.

4. Drudge. See second extract.

Hadst thou, like us from our first swath, proceeded
The sweet degrees that this brief world affords
To such as may the passive *drugs* of it
Freely command.
Shakespear, Timon of Athens, iv. 3.

A drudge. This seems the meaning here, Dr. Johnson says; that is, in the passage of Shakspeare, which is all he notices as to this meaning. But it was formerly common. 'Drudge, or *drugge*, a servant which doth all the vile service.' (Huloet.) 'Drudge, a *drug*, or kitchen-slave.' (Barret.)—*Todd.*

Drug. *v. a.*

1. Season with ingredients: (commonly *medicinal*).

The surfeited grooms
Do mock their charge with snores: I've *drugg'd* their possets,
That death and nature do contend about them.
Shakespear, Macbeth, ii. 2.

2. Disgust with something nauseous to the palate.

Oft they assay'd,
Hunger and thirst constraining; *drugg'd* as oft
With hatefullest disrelish, writh'd their jaws,
With soot and cinders fill'd.
Milton, Paradise Lost, x. 567.

Drúgging. *part. adj.* Prescribing or administering drugs.

Past all the doses of your *drugging* doctors.
B. Jonson, Alchemist.

Drúgger. *s.* One who drugs, or deals in drugs; druggist.

Fraternities and companies I approve of, as merchants' burses, colleges of *druggers*, physicians, &c.—*Burton, Anatomy of Melancholy*, p. 63.

Drúggerman. *s.* See Dragoman.

You *druggerman* of heaven, must I attend
Your droning prayers? *Dryden, Don Sebastian.*

Drúggery. *s.* Collection of drugs.

Medicines and other *druggeries*.—*Time's Storehouse*, 781. (Ord MS.)

I spare the *druggeries* they covertly use.—*Ibid.* (Ord MS.)

Drúgget. *s.* [?] Slight kind of woollen stuff.

Even I, a dunce of more renown than they,
Was sent before but to prepare thy way;
And, coarsely clad in Norwich *drugget*, came
To teach the nations in thy greater name.
Dryden, Mac Flecknoe.

In *druggets* drest, of thirteen pence a-yard,
See Philip's son amidst his Persian guard. *Swift.*

Drugget is ... now-a-days nearly superseded by coarse cotton goods.—*Ure, Dictionary of Arts, Manufactures, and Mines.*

Drúggist. *s.* One who sells drugs.

Common nitre we bought at the *druggist's*.—*Boyle.*

Drúggy. *adj.* Savouring of drugs.

Transcending the sense of the *druggy* flesh.—*Feltham, Resolves*, 19. (Ord MS.)

Drúgster. *s.* Druggist. *Obsolete.*

Common oil of turpentine I bought at the *drugster's*.—*Boyle.*

They set the clergy below their apothecaries, the physician of the soul below the *drugsters* of the body.—*South, Sermons*, i. 158.

I find Mrs. Sago, the *drugster's* wife's interest, begins to shake.—*The Basset Table.*

Drúid. *s.* [Lat. *druida*, from a Keltic original.] One of the priests or philosophers of the ancient Britons and Gauls.

After he [Brute] had furnished Britain with new regiments and lawes, there entred in a new fashioned sorte of priests; all divers from the other; and they were called *druids*. These dwelt in the forests, like heremites; and procured both publique and private sacrifices to be done. To them was it always put to discuss all matters of religion; to appoynt thereunto the ceremonies; to brynge up youthe in natural discipline; and to end all controversies.—*Bale, Actes of Englyshe Votaries*, pt. i. fol. 13. b: 1560.

That any law or superstition of our philosophers, the *druids*, forbad the Britons to write their memorable deeds, I know not why any out of Cæsar should allege.—*Milton, History of England.*

The British *druids* took this isle of Anglesey, then well stored with thick woods and religious groves, (in so much that it was then called Inis dowill, the dark isle,) for their chief residence.—*Selden, Illustrations of Drayton's Polyolbion*, ix.

Drúidess. *s.* Female druid.

Tacitus describes the frantic appearances of the *druidesses*.—*Fosbroke, Encyclopædia of Antiquities.*

Druídic. *adj.* Pertaining to the manners, rites, or customs of the druids.

Druídical. *adj.* Same as Druidic.

I have frequently wondered that our modern writers have made so little use of the *druidical* times, and the traditions of the old bards, which afford subjects fruitful of the most genuine poetry, with respect both to imagery and sentiment.—*J. Warton, Essay on Pope.*

Any *druidical* anecdotes that I can meet with, I will be sure to send you when I return to Cambridge.—*Gray, Letter to Mason.*

Drúidism. *s.* Philosophy or religion of the druids.

The great and capital objects of their worship were taken from *druidism*; trees, stones, the elements, and the heavenly bodies.—*Burke, Abridgement of English History*, ii. 1.

Drum. *s.* [from the sound.]

1 Instrument of military music, consisting of a hollow cylinder covered at the ends with vellum and beaten with sticks.

Let's march without the noise of threat'ning *drum*,
That from the castle's tatter'd battlements
Our fair appointments may be well perus'd.
Shakespear, Richard II. iii. 3.

In *drums* the closeness round about, that preserveth the sound from dispersing, maketh the noise come forth at the drum-hole, far more loud and strong than if you should strike upon the like skin extended in the open air.—*Bacon.*

They begun in four places to undermine the citie, in hope to have found entrance; but the defendants, doubting such a matter, by diligent listening, and great vessels set full of water neare unto the walls, and *drums* laid upon the ground, by the moving thereof discovered their workes, and with countermines frustrated those of the enemy.—*Knolles, History of the Turks*, 865. (Ord MS.)

Now no more the *drum*
Provokes to arms. *Philips.*

2. Tympanum of the ear, or the membrane which perceives the vibration of the air.

Moggy, who had turned back, saluted her with such a box on the ear that she made the *drum* of it ring again.—*Marryat, Snarleyyow*, ch. ix.

3. Concourse of visitors; rout.

The young ladies contented themselves to be found employed in domestick duties: for then routs, *drums*, balls, assemblies, and such like markets for women, were not known.—*Rambler*, no. 97.

Not dreaming the least of a *drum* or a rout.
Poems by a Gentleman of Oxford, p. 5: 1757.

4. In *Mechanics.* Hollow cylinder revolving on an axis, and used for transmission of motion.

Applegath at length succeeded in fixing the ordinary type to the outer surface of a revolving prism or *drum* placed with its axis vertical.—*Beamish, Memoir of Sir Marc Isambard Brunel*, ch. x.

5. In *Architecture.* See extract.

Drum [is] the upright part under or above a cupola. The same term is sometimes applied to the solid part or vase of the Corinthian and composite capitals.—*Gwilt, Encyclopædia of Architecture.*

Drum. *v. n.*

1. Beat a drum; beat a tune on a drum.

Fantome advances to him *drumming*.—*Addison, The Drummer.*

2. Beat with a pulsatory motion.

Now, heart,
Set ope thy sluices, send the vigorous blood
Through every active limb for my relief;
Then take thy rest within the quiet cell;
For thou shalt *drum* no more. *Dryden.*

3. Reverberate. *Rare.*

This indeed makes a noise, and *drums* in popular ears.—*Sir T. Browne, Religio Medici.*

Drum. *v. a.*

1. Expel from a regiment to the beating of a drum; expel ignominiously: (with *out*).

They *drummed* and trumpeted the wretches *out* of their hall of audience.—*Burke, Thoughts on a Regicide Peace.*

2. Din: (as to '*drum* anything into one,' or 'into one's ears').

Drum-májor. *s.* Chief drummer of a regiment.

Such company may chance to spoil the swearing;
And the *drummajor's* oaths, of bulk unruly,
May dwindle to a feeble 'By my truly.'
Cleaveland, Poems, The mixt Assembly.

Corporal punishments were anciently executed by regimental haugmen; or, if they were wanting, by harquebusiers. Drummers were substituted in the reign of William III. *Drum* or *drummer-major*, the colonel drummer of the French, was not universally introduced till the latter end of Charles I. There was formerly in the King's household a *drum-major*-general, without whose licence, no one, except in the armies, could formerly beat a drum.—*Fosbroke, Encyclopædia of Antiquities.*

Drúmble. *v. n.* Be confused; be awkward.

Take up these clothes here quickly: where's the cowlstaff? Look, how you *drumble*: carry them to the laundress in Datchet mead.—*Shakespear, Merry Wives of Windsor*, iii. 3.

Drúmbler. *s.* [?] Vessel, or ship, so called.

She was immediately assaulted by divers pinasses, hoyes, and *drumblers*.—*Hackluyt, Voyages and Discoveries of the English Nation*, iii. 437.

Drúmbling. *part. adj.* Sounding as a drum.

Let the nimble hand belabour
The whistling pipe and *drumbling* tabor.
Drayton, Nymphidia, viii. (Ord MS.)

Drúmfish. *s.* Fish (?) so called.

The under jaw of the *drumfish* from Virginia.—*Woodward.*

Drúmly. *adj.* Thick; stagnant; muddy.

Draw me some water out of this spring.—Madam, it is all foul ... it is all *drumly*, black, muddy.—*Wodroephe, French and English Grammar*, p. 210: 1623.

Drúmmaker. *s.* One who deals in drums.

The *drummaker* uses it, and the cabinetmaker.—*Mortimer, Husbandry.*

Drúmmer. *s.* One who drums; he whose office it is to beat the drum.

Drummer, strike up, and let us march away.
Shakespear, Henry VI. Part III. iv. 7.

Here rows of *drummers* stand in martial file,
And with their vellum-thunder shake the pile.
Gay.

There chanced (for Adams had not cunning enough to contrive it) to be at that time in the ale-

house a fellow, who had been formerly a *drummer* in an Irish regiment, and now travelled the country as a pedlar.—*Fielding, Adventures of Joseph Andrews.*

Drúmming. *part. adj.*

1. Playing a drum.
   There is still some talk about the *drumming* spirit in Wiltshire, but with many the story is as suspicious as that (which made no less noise) at Driffield.—*Sir J. Hill, Familiar Letters*, let. 33: 1663.
2. Sounding as a drum.
   A boiling stomach, rotten teeth, a stinking breath, a *drumming* ear.—*Junius, Sin Stigmatized*, p. 38.
3. Beating with a pulsatory motion.
   His *drumming* heart cheers up his burning eye.
   Shakespear, Rape of Lucrece.

Drúmstick. *s.*

1. Stick with which a drum is beaten.
   I warrant you if the ghost appears, he'll whisk ye that wand before his eyes, and strike you the *drumstick* out of his hand.—*Addison, The Drummer.*
2. Of a *fowl.* Bone between the thigh and foot.
   He helped his guest to a bit of the breast,
   And sent the *drumsticks* down to be grilled.
   Barham, Ingoldsby Legends.
   'What a finger!' says Mrs. Ponto: and, indeed, it was a finger, as knotted as a turkey's *drumstick* and splaying all over the piano.—*Thackeray, Book of Snobs*, ch. xxv.

Drunk. *adj.*

1. Intoxicated with strong liquor; inebriated.
   This was the morn when issuing on the guard,
   Drawn up in rank and file, they stood prepar'd
   Of seeming arms to make a short assay;
   Then hasten to be *drunk*, the business of the day.
   Dryden.
2. Drenched or saturated with moisture.
   I will make mine arrows *drunk* with blood.—*Deuteronomy*, xxxii. 42.

Drúnkard. *s.* One given to excessive use of strong liquors; one addicted to habitual ebriety.
   Some blood drawn on me would beget opinion
   Of my more fierce endeavour. I've seen *drunkards*
   Do more than this in sport.
   Shakespear, King Lear, ii. 1.
   God will not take the *drunkard's* excuse, that he has so long accustomed himself to intemperate drinking, that now he cannot leave it off.—*South, Sermons.*

Drúnken. *adj.*

1. Intoxicated with liquor; inebriated; given to habitual ebriety.
   Is not this Stephano, my *drunken* butler?
   Shakespear, Tempest, v. 1.
   Drunken men imagine every thing turneth round: they imagine that things come upon them; they see not well things afar off; those things that they see near hand, they see out of their place, and sometimes they see things double.—*Bacon.*
2. Done in a state of inebriation.
   When your carters, or your waiting vassals,
   Have done a *drunken* slaughter, and defac'd
   The precious image of our dear Redeemer,
   You straight are on your knees for pardon, pardon.
   Shakespear, Richard III. ii. 1.
3. Saturated with moisture.
   She, therewith well appaid,
   The *drunken* lamp down in the oil did steep.
   Spenser, Faerie Queen, iii. 2, 47.

Drúnkenly. *adj.* In a drunken manner.
   My blood already like the pelican,
   Hast thou tapt out, and *drunkenly* carous'd.
   Shakespear, Richard II. ii. 1.

Drúnkenness. *s.*

1. Intoxication with strong liquor: (used *metaphorically* in extract).
   Every going off from our natural and common temper, and our usual severity of behaviour, is a degree of *drunkenness.*—*Jeremy Taylor, Rule and Exercises of Holy Living.*
2. Habitual ebriety.
   The Lacedemonians trained up their children to hate *drunkenness*, by bringing a drunken man into their company.—*Watts, Improvement of the Mind.*
3. Intoxication, or inebriation of any kind; disorder of the faculties.
   Passion is the *drunkenness* of the mind, and therefore in its present workings not controllable by reason.—*South, Sermons*, ii. 362.

Drúnkenship. *s.* State of one who is a drunkard. *Rare.*
   Drounkenship is hartlesse and vncircumspecte.—*Udal, Ephesians*, c. 5. (Rich.)

Drupe. *s.* [Lat. *drupa*; Gr. δρύπτα = over-ripe olive.] In *Botany.* See extract.
   A *drupe* or ston uit is composed of a single carpel containing one or two seeds, the outer part of the carpel being fleshy or pulpy, the inner hardened into a woody substance forming the stone, as in the cherry and plum.—*Henfrey, Rudiments of Botany*, iii. 8.

Dry. *adj.*

1. Opposite to wet or moist.
   If the pipe be a little wet on the inside, it will make a differing sound from the same pipe *dry.*—*Bacon.*
   Be gather'd now, ye waters under heaven,
   Into one place, and let *dry* land appear!
   Milton, Paradise Lost, vii. 282.

   Applied to the absence of *tears.*
   Dry mourning will decays more deadly bring,
   As a north wind burns a too forward spring:
   Give sorrow vent, and let the sluices go. *Dryden.*
   Upon the reading of this letter, there was not a *dry* eye in the club.—*Addison, Spectator*, no. 517.

   Applied to *cows* which have ceased to yield *milk.*
   It seems at home their allowance was not much better than those Irish bishops, which was no more than three milch cowes; and in case any of them became *dry*, the parishioners supplied them again.—*Burton, Commentary*, 187: 1658. (Ord MS.)
2. Thirsty. In the following extract, greedy, longing, desirous.
   So *dry* he was for sway. *Shakespear, Tempest*, i. 2.
3. Jejune; barren; plain; unembellished; without pathos.
   As we should take care that our stile in writing be neither *dry* nor empty, we should look again it be not winding or wanton with far-fetched descriptions: either is a vice.—*B. Jonson.*
   These epistles will become less *dry*, and more susceptible of ornament.—*Pope.*

   In *Painting.*
   Domenico Ghirlandaio ... was master to Michael Angelo, and had some kind of reputation, though his manner was Gothic and very *dry*.... Pietro Perugino designed with sufficient knowledge of nature; but he is *dry*, and his manner little.... His [Julio Romano's] manner was *drier* and harder than any of Raffaelle's school.... Gio Bellino, one of the first who was of any consideration at Venice, painted very *drily*, according to the manner of his time.... The pictures which he [Titian] made in his beginning, and in the declension of his age, are of a *dry* and mean manner.—*Notes to Dryden's Translation of Du Fresnoy's Art of Painting.*
4. Sneering; sarcastical; discouraging in manner.
   I asked his pardon for giving him the trouble of a letter to convey the Irish papers to him: he thanked me for them; and said, he had not seen so particular an account of those affairs before: but he was very *dry* as to all things else.—*Diary of Lord Clarendon*, 1688-9.
   Have you not sometimes observed what *dry* bobs and sarcastical jeers the most underling fellows will now and then bestow upon their betters?—*Goodman, Winter Evening Conference*, pt. i.
5. ? Neat, in the sense of pure; unmistakable; unaccompanied by apology or explanation: ('*dry* brandy,' in some parts of England, means *neat* brandy).
   Of two noblemen the one was given to scoff, but kept ever royal cheer in his house; the other would ask of those that had been at his table, was there never a flout or *dry* blow given?—*Bacon.*
   I rather hop'd I should no more
   Hear from you o' th' gallanting score;
   For hard *dry* bastings used to prove
   The readiest remedies of love. *Butler, Hudibras.*

Dry. *v. a.*

1. Free from moisture.
   The meat was well, if you were so contented.—
   I tell thee, Kate, 'twas burnt, and *dry'd* away.
   Shakespear, Taming of the Shrew, iv. 1.
   Heat *drieth* bodies that do easily expire; as parchment, leaves, roots, and clay.—*Bacon.*
2. Clear off the moisture itself.
   'Twas grief no more, or grief and rage were one,
   Within her soul: at last 'twas rage alone;
   Which, burning upwards in succession, *dries*
   The tears that stood considering in her eyes.
   Dryden.
3. Wipe away moisture.
   See, at your blest returning,
   Rage disappears;
   The widow'd isle in mourning,
   Dries up her tears.
   Dryden, Albion and Albanius.
4. Scorch with thirst.
   Their honourable men are famished, and their multitude *dried* up with thirst.—*Isaiah*, v. 13.
5. Drain; exhaust.
   Rash Elpenor, in an evil hour,
   Dry'd an immeasurable bowl, and thought
   T' exhale his surfeit by irriguous sleep. *Philips.*

Dry up. Deprive totally of moisture; take all moisture away.
   The water of the sea, which formerly covered it, was in time exhaled and *dried up* by the sun.—*Woodward.*

Dry. *v. n.* Grow dry; lose moisture; be drained of its moisture.
   The deeps of the river shall *dry* up.—*Zechariah*, x. 11.
   To *dry* and desiccate like the mummies in Egypt.—*Sir P. Rycaut, Present State of the Greek and Armenian Churches*, p. 277.

Dry-rot. *s.* [two words.] Rot in wood so called. See extract.
   Dry-rot... is generally produced by fungi... The circumstances that are the most favourable to the development of the *dry-rot* fungi are damp, unventilated situations, and a subacid state of the wood.... The first sign of the evil is a series of small white points, from which a net-like substance radiates parallel with the surface of the timber.... According to Mr. Kyan, timber steeped in a solution of corrosive sublimate cannot become a prey to *dry-rot*, so far as that disease is produced by a fungus.—*Waterston, Cyclopædia of Commerce.*

Dry-rub. *v. a.* Make clean without wetting.
   At twelve years old the sprightly youth is able
   To turn a pancake, or *dry-rub* a table.
   Anonymous, in *Dodsley's Collection of Poems.*

Dryad. *s.* [Gr. δρύας, -αδος; from δρῦς = oak.] Wood-nymph.
   Soft she withdrew; and like a wood-nymph light,
   Oread, or *Dryad*, or of Delia's train,
   Betook her to the groves.
   Milton, Paradise Lost, ix. 386.

Dryer. *s.* Same as Drier.
   The ill effects of drinking are relieved by this plant, which is a great *dryer* and opener, especially by perspiration.—*Sir W. Temple.*

Dryfat. *s.* Large basket, or receiver, for the reception of dry substances: (opposed to Vat).
   The poor gentlewoman was faine to put me in a *driefatte* of feathers that stood in an old chamber.—*Tarleton, News out of Purgatory*: 1590.
   I'll undertake, and with much ease, to buy his birth-right of him for a *dry-fat* of new books.—*Beaumont and Fletcher, Elder Brother.*
   Such pamphlets, whereof we have abroad so good store, as I think would freight a *dry-fat* to the mart.—*Bishop Mountagu, Appeal to Cæsar*, p. 245.

Dryfisted. *adj.* Niggardly.
   In another company sat learned Watson, industrious Kyd, ingenious Atchlow ... singing Pæans to Apollo, some of them hymns to the rest of the gods, whilst Marlowe, Greene, and Peele had got under the shades of a large vine, laughing to see Nash (that was but newly come to their college) still haunted with the sharp and satirical spirit that followed him here upon earth; for Nash inveighed bitterly (as he had wont to do) against *dry-fisted* patrons, accusing them of his untimely death, because if they had given his muse that cherishment which she most worthily deserved, he had fed to his dying day on fat capons, burnt sack and sugar, and not so desperately have ventured his life, and shortened his days by keeping company with pickle-herrings.—*News from Parnassus.*

Dryfoot. *adv.* Expression applied to a dog which hunts by the scent of the foot only.
   A hound that runs counter, and yet draws *dry-foot* well.—*Shakespear, Comedy of Errors*, iv. 2.
   The truth is, my old master intends to follow my young *dry-foot*, over Moorfields to London.—*B. Jonson, Every Man in his Humour.*
   All persons, licensed for making and training up of setting dogs, shall ... be compelled to train up, teach, and make one or more hounds, to hunt on *dry-foot.*—*Irish Statutes*, 10 Gul. 3.

Dryly. *adv.* In a dry manner.
   Like one of our French withered pears, it looks ill, it eats *dryly.*—*Shakespear, All's well that ends well*, i. 1.
   The archduke, conscious to himself how *dryly* the king had been used by his council, did strive to recover the king's affection.—*Bacon, History of the Reign of Henry VII.*
   Would'st thou to honour and preferments climb,
   Be bold in mischief, dare some mighty crime,
   Which dungeons, death, or banishment deserves;
   For virtue is but *dryly* prais'd, and starves.
   Dryden, Juvenal's Satires.
   Some *dryly* plain, without invention's aid,
   Write dull receipts how poems may be made. *Pope.*

Dryness. *s.* Attribute suggested by Dry.

1. Want of moisture or succulence.
   If he fill'd
   His vacancy with his voluptuousness,
   Full surfeits, and the *dryness* of his bones,
   Call on him for't.
   Shakespear, Antony and Cleopatra, i. 4.

The Africans are conceived to be peculiarly scorched and torrified by the sun, by *dryness* from the soil, from want and defect of water.—*Sir T. Browne, Vulgar Errours.*

Is the sea ever likely to be evaporated by the sun, or to be emptied with buckets? Why then must we fancy this impossible *dryness*, and then, upon that fictitious account, calumniate nature?—*Bentley.*

The difference of muscular flesh depends upon the hardness, tenderness, moisture, or *dryness* of the fibres.—*Arbuthnot.*

2. Exhaustion, as that of a vessel run dry.

This will preserve borrowing from any general stop or *dryness.—Bacon, Essay of Usury.*

3. Want of embellishment or passion, as applied to style either in writing or speaking; whence jejuneness, and, in an extreme sense, sarcasm, or cynicism.

Their new flowers and sweetness do as much corrupt as others' *dryness* and squalor, if they chuse not carefully.—*B. Jonson.*

Be faithful where the author excels, and paraphrase where penury of fancy or *dryness* of expression ask it.—*Garth.*

He spoke little and very slowly, and most commonly with a disgusting *dryness*, which was his character at all times except in a day of battle.—*Bishop Burnet, History of his own Time, Character of William III.*

4. Want of sensibility in devotion; want of ardour.

It may be, that by this *dryness* of spirit God intends to make us the more fervent and resigned in our direct and solemn devotions, by the perceiving of our weakness.—*Jeremy Taylor.*

Drýnurse. *s.* Woman who brings up and feeds a child without the breast.

Her nurse, whose name was Deborah, did not suckle her, perhaps; but was, as we speak, her *drynurse.—Bishop Patrick, Paraphrases and Commentaries on the Old Testament, Genesis.*

Used *metaphorically.* One who takes care of, brings up, or looks after, another.

Mistress Quickly is his nurse, or his *drynurse*, or his cook, or his laundry, his washer and his wringer. —*Shakespear, Merry Wives of Windsor*, i. 2.

Drýnurse. *v. a.* Feed without the breast.

As Romulus a wolf did rear,
So he was *drynurs'd* by a bear. *Butler, Hudibras.*

Drýport. *s.* Inland town or village taking the character of a seaport by charging toll or custom.

The French, by the treaty made with his present majesty, are to pay the same duties at the *dry-ports* through which they pass by land-carriage, as we pay upon importation or exportation by sea.—*Addison, Freeholder*, 41. (Ord MS.)

Drýsalter. *s.* Dealer in salted or dried meats, sauces, oils, pickles, and various other articles.

Almost thirty years have elapsed since I heard by accident of a *drysalter*, who had acquired a great reputation and a large fortune, from possessing a secret that had enabled him to send out to the Indies, and other hot countries, beef and pork, in a better state of preservation than any of the trade. As he was observed to pour into each cask a small bottle of transparent liquor, it occurred to me, that this could be no other than the spirit of sea-salt.—*Sir W. Fordyce, On the Muriatic Acid*, p. 7: 1790.

'Providence, sir,' continued the alderman, 'blessed my efforts, and increased my means;—from a retail dabbler in dribblets, I became a merchant—a wholesale trafficker—exactly like our good friend Hull—in every thing, from barrels of gunpowder down to a pickled herring. In the civic acceptation of the word, I am a merchant;—amongst the vulgar, I am called a *drysalter*.'—*Theodore Hook, Gilbert Gurney*, vol. iii. ch. ii.

Drýshod. *adj.* Having the feet unwet; having dry shoes.

He had embarked us in such disadvantage, as we could not return *dryshod.—Sir P. Sidney.*

Dryshod to pass, she parts the floods in tway;
And eke huge mountains from their native seat
She would command themselves to bear away.
Spenser, Faerie Queen.

Has honour's fountain then suck'd back the stream?
He has; and hooting boys may *dryshod* pass,
And gather pebbles from the naked ford. *Dryden.*

Dryth. *s.* Drought. *Rare.*

And thus ye see that these three [faith, hope, and charitie], inseparable in this life, haue yet separable and sondry offices and effectes, as heat and *drith* being inseparable in the fyer, haue yet their separable operations.—*Tyndale, Works*, p. 138. (Rich.)

Dúal. *adj.* [Lat. *dualis*, from *duo* = two.] Chiefly in *Grammar.* Expressing the number two

The word is *dual*, and tells of two armies, and no more.—*Lightfoot, Miscellanies*, p. 142: 1629.

Modern languages have only one variation, and so the Latin; but the Greek and Hebrew have one to signify two, and another to signify more than two: under one variation the noun is said to be of the *dual* number, and under the other of the plural.—*Clarke, Latin Grammar.*

Dúalism. *s.* Pair, or dyad (as opposed to *unit*, *unity*, and *monad*, on the one side, and *triad* or *trinity* on the other); result of a dichotomy (often conveying the notion of *antagonism*, *opposition*, *contrariety*, or *contrast*).

Dúalistic. *adj.* Relating to, constituted by, or constituting a dualism.

(For examples of this word and the preceding see extracts under Fireworshipper.)

Duálity. *s.*

1. That which expresses two in number; state of being two.

There was lately raised in the church a controversie concerning the *duality* or unity of wills in Christ.—*Hales, Golden Remains*, p. 22.

A *duality* or binary number of persons.—*South, Sermons*, iv. 270.

The solitude, or rather the *duality* of our condition at Olney, seems drawing to a conclusion.—*Cowper, Letters*, vol. ii. let. 2. (Hayley.)

We can relapse into our former *duality* without being unhappy at the change.—*Ibid.* let. 77. (Ord MS.)

2. Division; separation.

Then sith that unity hath so great grace,
And that *duality* be so deform'd,
Let's not be two.
Sir J. Davies, Wittes Pilgrimage, sign. G. 4 b.

But he's the fount of foul *duality*,
That wicked witch Duessa is his bride.
Dr. H. More, Song of the Soul, i. 2, 26.

Dub. *v. a.* [N.Fr. *adouber*; from Lat. *adopto*, infin. *adoptare* = adopt.]

1. Make a man a knight.

The robes which the kings then allowed to each knight, when he was *dubbed*, of green or burnet, as they spake in that age, appeareth upon record.—*Camden, Remains.*

2. Confer any kind of dignity or new character, name or nickname.

Women commence by Cupid's dart,
As a king hunting *dubs* a hart. *Cleaveland.*

O, poet! thou hadst been discreeter,
Hanging the monarch's hat so high,
If thou hadst *dubb'd* thy star a meteor,
That did but blaze, and rove, and die. *Prior.*

These demoniacks let me *dub*
With the name of legion club. *Swift.*

A man of wealth is *dubb'd* a man of worth;
Venus shall give him form, and Anstis birth. *Pope.*

[The origin of the expression of *dubbing* a knight has been much canvassed, and it has been plausibly explained from the accolade or blow on the neck with the sword which marked the conclusion of the ceremony. Icelandic, *dubba*, to strike; French, *dauber*, *dober*, to beat, swinge, canvass thoroughly. (Cotgrave.) But the accolade was never anything but a slight tap, and it is very unlikely that it should have been designated by a term signifying a sound beating. Nor have we far to seek for the real origin. The principal part of the ceremony of *dubbing* a knight consisted in investing him with the habiliments of his order, putting on his arms, buckling on his sword and his spurs. Now in all the Romance languages is found a verb corresponding to the English *dub*, signifying to arrange, dress, prepare, fit for some special purpose. Provençal, *adobar*, to arrange, prepare, dress victuals. French, *douber*, to rig or trim a ship; *addouber*, to dress, set fitly together, arm at all points. (Cotgrave.)

'La dame s'est moult tot armée
Et com chevalier *adoubée*.'
(Fab. et Contes, iv. 291.)

Catalonian, *adobar*, to repair, dress leather, dress or manure land; Spanish, *adobar*, to dress or make anything up, cook meat, pickle pork, tan hides; *adobo*, dressing of any kind, as paint for the face, pickle, or sauce, ingredients for dressing leather; English, to *dub* cloth, to dress it with teasels; to *dub* a cock, to prepare it for fighting by cutting off its comb and wattles; *dubbing*, a dressing of flour and water used by weavers, a mixture of tallow for dressing leather. The origin is preserved in Sclavonic. Bohemian, *dub*, an oak, oak bark, tan; *dubiti*, to tan; Lithuanic, *dubas*, tan; *dobai*, *dobbai*, tanners' lie. From the image of tanning leather the term seems to have been extended to any kind of dressing.—*Wedgwood, Dictionary of English Etymology*, in voce.]

Dub. *v. n.* Make a quick or brisk noise.

But say, Sir Huon,
Now the drum *dubs*, ...
What trade do you mean to follow?
Beaumont and Fletcher, Mad Lover.

Dub. *s.* Blow; knock.

As skilful coopers hoop their tubs
With Lydian and with Phrygian *dubs*.
Butler, Hudibras.

Dub. *v. a.* Knock or work with an ax, like a cooper.

However, I made abundance of things, even without tools; and some with no more tools than an adze and a hatchet, which perhaps were never made that way before, and that with infinite labour. For example, if I wanted a board, I had no other way but to cut down a tree, set it on an edge before me, and hew it flat on either side with my axe, till I had brought it to be as thin as a plank, and then *dub* it smooth with my adze.—*De Foe, Life and Adventures of Robinson Crusoe.*

Dub. *s.* [Frisian, *dobbe*.] Pond.

Dúbbing. *verbal abs.* Act of one who dubs; form undergone by one who is dubbed.

A plain gentleman, of an ancient family, is of better quality than a new knight, though the reason of his *dubbing* was meritorious.—*Collier, Essay on Pride.*

Dubíety. *s.* Uncertainty; doubtfulness.

As we are naturally prone to action, a state of *dubiety* and suspense is ever accompanied with uneasiness.—*Richardson.*

The last verse of Susan was to be got rid of, at all events. It threw a kind of *dubiety* upon Susan's moral conduct. Susan is a servant maid. I see her trundling her mop, and contemplating the whirling phenomenon through blurred optics; but to term her 'a poor outcast' seems as much as to say that poor Susan was no better than she should be, which I trust was not what you meant to express.—*Lamb, Letter to Wordsworth.*

Dubiósity. *s.* Thing doubtful. *Rare.*

Men often swallow falsities for truths, *dubiosities* for certainties, feasibilities for possibilities, and things impossible for possible.—*Sir T. Browne, Vulgar Errours.*

Dúbious. *adj.* [Lat. *dubius* = doubtful.]

1. Doubtful; not settled in an opinion; uncertain.

No quick reply to *dubious* questions make.
Sir J. Denham.

We also call it a *dubious* or doubtful proposition, when there are no arguments on either side.—*Watts, Logick.*

Dubious he stray'd, with wav'ring thoughts possest,
Alternate passions struggling shar'd his breast.
Shenstone.

2. Not plain; not clear; having the event uncertain.

Satan with less toil, and now with ease,
Wafts on the calmer wave by *dubious* light.
Milton, Paradise Lost, ii. 1041.

His utmost power with adverse pow'r oppos'd,
In *dubious* battle, on the plains of heav'n.
Ibid. i. 103.

Dúbiously. *adv.* In a dubious manner; uncertainly; without any determination.

Authors write often *dubiously*, even in matters wherein is expected a strict definitive truth.—*Sir T. Browne, Vulgar Errours.*

Almanack-makers wander in generals, and talk *dubiously*, and leave to the reader the business of interpreting.—*Swift.*

Dúbiousness. *s.* Attribute suggested by Dubious; uncertainty; doubtfulness.

She speaks with *dubiousness*, not with the certainty of a goddess.—*Broome.*

The *dubiousness* of this affair seems to be reason of Mr. Ashmole's omission.—*Introduction Ashmole's Berkshire.*

Dúbitable. *adj.* Doubtful; uncertain; capable of being doubted.

Whatsoever is not of faith, is sin: and therefore the ground of invocation of saints or angels being at least *dubitable*, their invocation is sin.—*Dr. H. More, Antidote against Idolatry*, p. 25.

It hath been a question very *dubitable*, and not meanly controverted, what side the Greek church hath maintained in this dispute.—*Sir P. Rycaut, Present State of the Greek and Armenian Churches*, p. 182.

Dúbitancy. *s.* Doubt; uncertainty.

Only our stupid, undisciplined, absurd, illogical hearts have the skill to avoid it, running headlong and wilfully after the old impurities, even then when they are most fully without all *dubitancy* resolved, that all the joys of heaven are forfeited by this choice.—*Hammond, Sermons*, vi.

Dubitátion. *s.* Act of doubting; doubt.

Many of the ancients denied the antipodes; but the experience of our enlarged navigation can now assert them beyond all *dubitation.—Sir T. Browne, Vulgar Errours.*

Dubitation may be called a negative perception;

that is, when I perceive that what I see is not what I would see.—*Grew.*

Dúcal. *adj.* Pertaining to a duke.

Every English sovereign had, from time immemorial, considered the lands to which he had succeeded in virtue of his office as his private property. Every family that had been great in England, from the De Veres down to the Hydes, had been enriched by royal deeds of gift. Charles the Second had carved *ducal* estates for his bastards out of his hereditary domain. Nor did the Bill of Rights contain a word which could be construed to mean that the king was not at perfect liberty to alienate the manors and forests of the crown.—*Macaulay, History of England,* ch. xxi.

Dúcat. *s.* [first struck by a *duke* of Ravenna.] Foreign coin, in silver valued at about four shillings and sixpence, in gold at nine shillings and sixpence.

There was one that died in debt: it was reported, where his creditors were, that he was dead: one said, he hath carried five hundred *ducats* of mine into the other world.—*Bacon.*

Dúchess. *s.*

1. Lady of a duke.

The duke of Cornwall, and Regan his *duchess,* will be here.—*Shakespear, King Lear,* ii. 1.

The duke was to command the army, and the *dutchess,* by the favour she possessed, to be near her majesty.—*Swift.*

2. Lady who has the sovereignty of a dukedom.

The only remedy for these evils, was concluded to be the espousals of the *dutchess* of Britanny and the king of France.—*Hume, History of England.*

3. Rank of duchess.

By this time,
I know, your back will bear a *dutchess.*
Shakespear, Henry VIII. ii. 3.

Dúchy. *s.* Territory which gives title to a duke, or has a duke for its sovereign.

France might have swallowed up his whole *duchy.* —*Swift.*

The effect of these jealousies was that our country, with all her vast resources, was of as little weight in Christendom as the *duchy* of Savoy or the *duchy* of Lorraine, and certainly of far less weight than the small province of Holland.—*Macaulay, History of England,* ch. iv.

Duck. *v. n.* [Dutch, *duycken.*]

1. Dive under water; dip.

The varlet saw, when to the flood he came,
How without stop or stay he fiercely leapt;
And deep himself he *ducked* in the same,
That in the lake his lofty crest was steept.
Spenser, Faerie Queen.

Raging multitudes surround the Hôtel-de-Ville, crying: Arms! Orders! The six-and-twenty town-councillors, with their long gowns, have *ducked* under (into the raging chaos);—shall never emerge more.—*Carlyle, French Revolution,* pt. i. b. v. ch. iv.

2. Drop down the head.

As some raw youth in country breeding,
When at a skirmish first he hears
The bullets whistling round his ears,
Will *duck* his head aside, will start,
And feel a trembling at his heart. *Swift.*

3. Bow low; cringe.

The learned pate
Ducks to the golden fool: all is oblique;
There's nothing level in our cursed natures
But direct villainy.
Shakespear, Timon of Athens, iv. 3.

Sometimes five imprimaturs are seen together dialogue-wise in the piatza of one title-page, complimenting and *ducking* each to other with their shaven reverences.—*Milton, Areopagitica.*

Duck. *v. a.* Put under water.

And down I sprang with all the force I could,
So *duck't,* that neither head nor foot were seen.
Mirrour for Magistrates, p. 21.

The art of swimming, he that will attain to't,
Must fall down plump, and *duck* himself at first,
And that will make him hardy. *Beaumont and Fletcher, Wit at several Weapons.*

Adams, after *ducking* the squire twice or thrice, leapt out of the tub, and looked sharp for the doctor, whom he would certainly have conveyed to the same place of honour, but he had wisely withdrawn. —*Fielding, Adventures of Joseph Andrews.*

Duck. *s.* [from the *verb*; the substantive giving the *bird* that ducks is wanting in English, but is found in A.S. *ened.* In Dutch the word is *duycker* = duck-er; in German *tauch-ente,* dip-duck.]

1. Natatorial bird or waterfowl so called, of the genus Anas.

The *ducks* that heard the proclamation cried,
And fear'd a prosecution might betide,
Full twenty miles from town their voyage take,
Obscure in rushes of the liquid lake. *Dryden.*

Grubs, if you find your land subject to, turn *ducks* into it.—*Mortimer, Husbandry.*

Singular used collectively.

The water swarmed with geese, *duck,* and teal, the marshy ground with herons and snipe, and the stubble with bustards and cranes.—*Layard, Nineveh and Babylon,* ch. i.

2. Word of endearment or fondness.

Will you buy any tape or lace for your cap,
My dainty *duck,* my dear-a?
Shakespear, Winter's Tale, iv. 3, song.

Pr'ythee go in, my *duck*; I'll but speak to 'em.
Beaumont and Fletcher, Spanish Curate.

3. Dip, dipping, or declination of the head.

Back, shepherds, back; enough your play,
Till next sunshine holiday:
Here be, without *duck* or nod,
Other trippings to be trod,
Of lighter toes, and such court guise
As Mercury did first devise. *Milton, Comus,* 958.

Duck and drake. Stone thrown obliquely on the water so as to strike it and rebound: (sport among children, whence has arisen a phrase, 'To make *ducks and drakes* with one's property or money,' that is, to squander it, to hurl it away, like children hurling their slates or stones into the water).

Neither cross and pile, nor *ducks and drakes,* are quite so ancient as handy-dandy.—*Arbuthnot and Pope.*

Play at *duck and drake* with my money! take heed, fidler.—*Beaumont and Fletcher, The Chances.*

Did I ever enslave myself to money; or, on the other side, make *ducks and drakes* with it, and squander it away in gaming, revelling, and whoring? —*Sir R. L'Estrange, Translation of Quevedo.*

Duck. *s.* [German direct, *tuch.*] Cloth so called.

Those were the days of white *ducks* and yellow nankeens, of fancy hats, of straps, and of birdseye neckties.—*Theodore Hook, Jack Brag.*

Dúcker. *s.* One who, or that which, ducks.

1. Diver.

All birds of the river may, in a sort, be called *duckers.*—*Summary of Du Bartas,* p. 238: 1621.

This bird [the didapper] is also called a *doucker,* and a dabchick.—*Ray, Dictionarium Trilingue,* p. 21.

2. Cringer.

Let no dainty *duckers*
Up with your three-pil'd spirits, your wrought valours. *Beaumont and Fletcher, Philaster.*

Dúcking. *verbal abs.* Immersion in water.

The relation of the trick put on the doting old lover is exquisitely humorous. It is far superior to the corresponding passage in the Latin comedy, and scarcely yields to the account which Falstaff gives of his *ducking.*—*Macaulay, Essays, Macchiavelli.*

Dúckingstool. *s.* Cuckingstool specially applied to ducking: (the two are often confused).

She in the *duckingstool* should take her seat,
Drest like herself in a great chair of state.
Lord Dorset.

Reclaim the obstinately opprobrious and virulent women, and make the *duckingstool* more useful.—*Addison, Freeholder.*

Ducking was a very ancient punishment. A post was fixed in a pond, upon the former was placed a transverse beam, turning on a swivel, with a chair at one end of it. In this the scolding woman was placed, and the end turned to the pond, and let down into the water. In 1718, during the mayoralty at Bristol of Edmund Mountjoy, the *duckingstool* was used as a cure for scolding in one particular inveterate instance; but the husband of the lady whose evil spirit was so laid, when the year of civic supremacy had expired, brought his action of battery.—*Fosbroke, Encyclopædia of Antiquities.*

Dúcklegged. *adj.* Waddling.

Ducklegg'd, short waisted, such a dwarf she is,
That she must rise on tiptoes for a kiss.
Dryden, Juvenal's Satires.

Oh, nothing derogatory. Respectful as a *ducklegg'd* drummer to a commander in chief.—*Colman the younger, The Poor Gentleman,* ii. 3.

Dúckling. *s.*

1. Young duck; brood of the duck.

Ducklings, though hatched and led by a hen, if she brings them to the brink of a river or pond, presently leave her, and in they go.—*Ray, Wisdom of God manifested in the Works of the Creation.*

2. Word of endearment.

But hark you, *duckling*: be sure you do not tell him that I am let into the secret.—*Addison, Drummer.*

Duckóy. *v. a.* Decoy. *Rare.*

This fish hath a slender membranous string, which he projects and draws in at pleasure, as a serpent doth his tongue: with this he *duckoys* little fishes, and preys upon them.—*Grew.*

Duckóy. *s.* Decoy. *Rare.*

Seducers have found it the most compendious way to their designs to lead captive silly women, and make them the *duckoys* to their whole family.—*Dr. H. More, Decay of Christian Piety.*

Dúckweed. *s.* Common and native water-plant so called of the genus Lemna.

That we call *duckweed* hath a leaf no bigger than a thyme-leaf, but of a fresher green; and putteth forth a little string into the water, far from the bottom.—*Bacon.*

Duct. *s.* [Lat. *ductus*; from *duco,* pass. part. *ductus* = lead.]

1. Guidance; direction.

This doctrine, by fastening all our actions, by a fatal decree at the foot of God's chair, leaves nothing to us but only to obey our fate, to follow the *duct* of the stars, or necessity of those irony chains which we are born under.—*Hammond.*

According to the *duct* of this hypothesis.—*Glanville, Pre-existence of Souls,* p. 146.

2. Passage through which anything is conducted: (a term chiefly used by *anatomists*).

A *duct* from each of those cells ran into the root of the tongue, where both joined together, and passed forward in one common *duct* to the tip of it.—*Addison, Spectator.*

It was observed, that the chyle in the thoracick *duct* retained the original taste of the aliment.—*Arbuthnot, On the Nature and Choice of Aliments.*

The commissioners are impowered to contract with any persons for making and perfecting any channel, course, main cut, or *duct,* through any of the grounds.—*Acts of Parliament,* 16 Geo. 3, c. 56.

Dúctible. *adj.* Capable of being drawn out. *Rare.*

The purest gold is most *ductible.*—*Fellthan, Resolves,* ii. 2. (Ord MS.)

Dúctile. *adj.*

1. Flexible; pliable.

Thick woods and gloomy night
Conceal the happy plant from human sight:
One bough it bears; but, wondrous to behold,
The *ductile* rind and leaves of radiant gold.
Dryden, Virgil's Æneid.

2. Easy to be drawn out into length, or expanded.

All bodies, *ductile* and tensile, as metals, that will be drawn into wires; wool and tow, that will be drawn into yarn or thread, have the appetite of not discontinuing strong.—*Bacon.*

3. Tractable; obsequious; complying; yielding.

He generous thoughts instills
Of true nobility; forms their *ductile* minds
To human virtues. *Philips.*

Their designing leaders cannot desire a more *ductile* and easy people to work upon.—*Addison, Freeholder.*

Dúctileness. *s.* Attribute suggested by Ductile; flexibility; ductility.

I, when I value gold, may think upon
The *ductileness,* the application;
The wholesomeness, the ingenuity,
From rust, from soil, from fire ever free. *Donne.*

Ductílity. *s.*

1. Quality of suffering extension; flexibility.

Yellow colour and *ductility* are properties of gold: they belong to all gold, but not only to gold; for saffron is also yellow, and lead is ductile.—*Watts, Logick.*

2. Obsequiousness; compliance.

This *ductility* of spirit commendeth men, as well as that other doth metals.—*Whitlock, Observations on the present Manners of the English,* p. 44: 1654.

Which considerations, I suppose, drove Origen to assert, that Christ's soul had such a command over his body, and his body such a *ductility* to comply with those commands, that the soul could contract or expand it, into what compass, or transfigure it into what shape, it pleased.—*South, Sermons,* i. 15.

Dúction. *s.* Conveyance; leading. *Rare.*

The but meanly wise and common *ductions* of bemisted nature.—*Fellthan, Resolves,* ii. 66.

Dúcture. *s.* Direction; guidance. *Rare.*

So far as the *ducture* of common reason, scripture, and experience will direct our enquiries, we shall find that there are three ways, by which he powerfully reaches, and operates upon the minds of men. —*South, Sermons,* v. 109.

Interest and design are a kind of force upon the soul, bearing a man oftentimes beside the *ducture* of his native propensities, and the first outgoings of his will.—*Ibid.* viii. 28.

Dúdder. *v. n.* Shiver. *Rare.*

'Tis woundy cold, sure. I *dudder* and shake like an aspen leaf, every joint of me.—*Ford, Witch of Edmonton* ii. 1. (Rich.)

Dúdgeon. *s.* [German, *degen* = sword.]

1. Small dagger.

He [Dr. Harvey] in his younger days wore a dagger, as the fashion then was; nay, I remember my old schoolmaster, Mr. Latimer, at 70, wore a *dudgeon*, with a knife and bodkin.—*Aubrey, Anecdotes*, ii. 382.

It was a serviceable *dudgeon*,
Either for fighting or for drudging.
Butler, Hudibras.

2. Boxwood. See extract.

Turners and cutlers, if I mistake not the matter, do call the woode (box woode) *dudgeon*, wherewith they make *dudgeon*-hefted daggers.—*Gerarde, Herball*, p. 1225: ed. 1633. (Ord MS.)

Used *adjectivally*, or as the *first element* in a *compound*.

There's ne'er a one of these, the worst and weakest,
(Choose where you will,) but dare attempt the raising,
Against the sovereign peace of puritans,
A May-pole and a morrice, maugre mainly
Their zeal and *dudgeon*-daggers.
Beaumont and Fletcher, Tamer tamed.

3. Malice; sullenness; malignity; ill-will.

When civil *dudgeon* first grew high,
And men fell out they knew not why.
Butler, Hudibras.

The cuckoo took this a little in *dudgeon*.—*Sir R. L'Estrange.*

Duds. *s.* [?] Rags; clothes. *Slang.*

Due. *adj.* [Fr. *dú.*]

1. Owed; capable of being rightly and justly demanded in consequence of a compact, or for any other reason.

There is *due* from the judge to the advocate some commendation and gracing, where causes are well handled and fair pleaded. There is likewise *due* to the publick a civil reprehension of advocates, where there appeareth cunning, gross neglect, or slight information.—*Bacon.*

Mirth and chearfulness are but the *due* reward of innocency of life.—*Dr. H. More, Divine Dialogues.*

A present blessing upon our fasts is neither originally *due* from God's justice, nor becomes *due* to us from his veracity.—*Bishop Smalridge, Sermons.*

There is a respect *due* to mankind, which should incline ever the wisest of men to follow innocent customs.—*Watts.*

2. Proper; fit; appropriate.

Opportunity may be taken to excite, in persons attending on those solemnities, a *due* sense of the vanity of earthly satisfactions.—*Bishop Atterbury.*

3. Exact; without deviation.

You might see him come towards me beating the ground in so *due* time, as no dancer can observe better measure.—*Sir P. Sidney.*

And Eve within, *due* at her hour, prepar'd
For dinner savoury fruits.
Milton, Paradise Lost, v. 303.

4. Capable of being referred to, or explained by, anything.

The motion of the oily drops may be in part *due* to some partial solution made by the vinous spirit which may tumble them to and fro.—*Boyle.*

Due. *adv.* Exactly; directly; duly: (as, 'The course is *due* east, or *due* west').

Like the Pontick sea,
Whose icy current, and compulsive course,
Ne'er feels retiring ebb, but keeps *due* on
To the Propontick and the Hellespont.
Shakespear, Othello, iii. 3.

Due. *s.*

1. That which belongs to one; that which may be justly claimed.

My *due* from thee is this imperial crown,
Which, as immediate from thy place and blood,
Derives itself to me.
Shakespear, Henry IV. Part II. iv. 4.

No popular assembly ever knew, or proposed, or declared what share of power was their *due*.—*Swift.*

2. Right; just title.

The key of this infernal pit by *due*,
And by command of heav'n's all-powerful King,
I keep. *Milton, Paradise Lost*, ii. 850.

3. Whatever custom or law requires to be done.

Befriend
Us thy vow'd priests, till the utmost end
Of all thy *dues* be done. *Milton, Comus*, 135.
They pay the dead his annual *dues*. *Dryden.*

4. Custom; tribute; exactions; legal or customary perquisites.

In respect of the exorbitant *dues* that are paid at most other ports, this deservedly retains the name of free.—*Addison.*

Due. *v. a.* Pay as due: (perhaps for *endow*). *Rare.*

Lo! there thou stand'st, a breathing valiant man,
Of an invincible unconquer'd spirit:
This is the latest glory of thy praise,
That I thy enemy *due* thee withal.
Shakespear, Henry VI. Part I. iv. 2.

Duéful. *adj.* Fit; becoming.

All which that day in order seemly good
Did on the Thames attend, and waited well
To doe their *duefull* service, as to them befell.
Spenser, Faerie Queen, iv. 11, 44.

Dúel. *s.* [N.Fr. *duel.*] Combat between two; single fight; contention between two.

In many armies, if the matter should be tried by *duel* between two champions, the victory should go on the one side; and yet if it be tried by the gross, go on the other side.—*Bacon.*

That which the proud spirit would have had Christ to have done to him in his great *duel*, the same he now doth unto Christ, fearfully, servilely, forcedly.—*Bishop Hall, Contemplations on the Old and New Testaments*, b. ii.

Victory and triumph to the Son of God,
Now entering his great *duel*, not of arms,
But to vanquish by wisdom hellish wiles.
Milton, Paradise Regained, i. 173.

'Twas I that wrong'd you; you my life have sought:
No *duel* ever was more justly fought. *Waller.*

There can be no doubt that a person who kills another in a *duel* is, according to law, guilty of murder. But the law had never been strictly enforced against gentlemen in such cases; and in this case there was no peculiar atrocity, no deep seated malice, no suspicion of foul play.—*Macaulay, History of England*, ch. xxv.

Dúel. *v. n.* Fight a single combat.

With the king of France *duelled* he.
Metrical Romances, iii. 297.

We come not hither to debate, but to combat; not to cavil, but to *duel*.—*Baron, Cyprian Academy*, p. 23: 1648.

If death be not more formidable than hell, you are fit for a reserve, or forlorn hope, for the cannon's mouth, for cuirassiers, for fiends to *duel* with. —*Hammond, Sermons*, viii.

Dúel. *v. a.* Attack or fight with singly.

Who single
Duell'd their armies, rank'd in proud array
Himself an army, now unequal match
To save himself against a coward arm'd,
At one spear's length.
Milton, Samson Agonistes, 344.

He must at length, poor man! die dully of old age at home; when here he might so fashionably and genteelly, long before that time, have been *duelled* or fluxed into another world!—*South, Sermons*, vol. ii. ser. vi.

On its other side is a plain field near the sea, which is said to be the stage on which St. George *duelled* and killed the dragon.—*Maundrell, Journey from Aleppo to Jerusalem*, p. 38.

Dúeler. *s.* One who duels; single combatant.

Fourthly, each *dueller* challengeth his king as unable or unwilling legally to right him, and therefore he usurps the office himself.—*Fuller, Holy State*, p. 115.

You may also see the hope and support of many a flourishing family untimely cut off by the sword of a drunken *dueller*, in vindication of something that he miscalls his honour.—*South, Sermons*, vi. 119.

They perhaps begin as single *duellers*, but then they soon get their troops about them.—*Dr. H. More, Decay of Christian Piety.*

Dúeling. *verbal abs.* Custom of fighting duels.

The challenging and fighting with a man is called *duelling*.—*Locke.*

Shakspeare, in 'As you like it,' has rallied the mode of formal *duelling*, then so prevalent, with the highest humour and address; nor could he have treated it with a happier contempt, than by making his clown so knowing in the forms and preliminaries of it.—*Bishop Warburton.*

Dúelist. *s.*

1. Single combatant.

If the king ends the differences, the case will fall out no worse than when two *duellists* enter the field, where the worsted party hath his sword again, without further hurt.—*Sir J. Suckling.*

Henceforth let poets, ere allow'd to write,
Be search'd like *duellists* before they fight.
Dryden.

You imagine, perhaps, that a contempt for your own life gives you a right to take that of another: but where, sir, is the difference between a *duellist* who hazards a life of no value, and the murderer who acts with greater security? Is it any diminution of the gamester's fraud, when he alleges that he has staked a counter?—*Goldsmith, Vicar of Wakefield.*

2. One who professes to study the rules of honour.

He fights as you sing prick-song, keeps time, distance, and proportion ... the very butcher of a silk button, a *duellist*, a *duellist*; a gentleman of the very first house—of the first and second cause! Ah! the immortal passado! the punto reverso!—*Shakespear, Romeo and Juliet*, ii. 4.

His bought arms Mung not lik'd; for his first day
Of bearing them in field, he threw 'em away;
And hath no honour lost, our *duellists* say.
B. Jonson.

Duéllo. *s.* [Italian.] Duel; rule of dueling. *Rhetorical.*

The gentleman will, for his honour's sake, have one bout with you: he cannot by the *duello* avoid it.—*Shakespear, Twelfth Night*, iii. 4.

Spurn out the *duelloes* out o' the kingdom.—*Beaumont and Fletcher, Passionate Madman.*

Duénna. *s.* [Spanish.] Old woman kept to guard a younger.

I felt the ardour of my passion increase as the season advanced, till in the month of July I could no longer contain: I bribed her *duenna*, was admitted to the bath, saw her undressed, and the wonder displayed.—*Arbuthnot and Pope.*

Duét. *s.* Air, vocal or instrumental, for two performers.

In the choral parts the experiment has succeeded better than in the solo airs and *duets*.—*Mason, Essays on English Church Music*, p. 119.

Dug. *s.* [?] Pap; nipple; teat.

Of her there bred
A thousand young ones, which she daily fed,
Sucking upon her poisonous *dugs*; each one
Of sundry shape, yet all ill-favoured.
Spenser, Faerie Queen.

It was a faithless squire that was the source
Of all my sorrow, and of these sad tears;
With whom, from tender *dug* of common nourse,
At once I was up brought. *Ibid.*
As mild and gentle as the cradle-babe,
Dying with mother's *dug* between its lips.
Shakespear, Henry VI. Part II. iii. 2.

They are first fed and nourished with the milk of a strange *dug*.—*Sir W. Raleigh, History of the World.*

Dúgong. *s.* [?] Herbivorous cetaceous animal so called (Halicore Dugong).

The third and most interesting group of this order is that of Manatus, composed of such Cetacea as are herbivorous; that is, deriving their nourishment alone from vegetables. From this circumstance, they have been vulgarly called sea cows or sea horses, but they are better known by the name of Lamantins, or *dugongs*. So closely do they resemble the seals, and more especially the wallrus, that Linnæus classed them in the same genus, and all naturalists admit their affinity. They are large animals, but much inferior to the whales; ... they are provided with vestiges of claws at their extremities, which they use with tolerable dexterity in creeping and carrying their young ones.—*Swainson, Natural History and Classification of Quadrupeds*, § 189.

One of the most remarkable animals on the coast is the *dugong*, a phytophagous cetacean, numbers of which are attracted to the inlets, from the bay of Calpentyn to Adam's Bridge, by the still water and the abundance of marine algæ in these parts of the gulf. The rude approach to the human outline observed in the shape of the head of this creature, and the attitude of the mother while suckling her young, holding it to her breast with one flipper, while swimming with the other, holding the heads of both above water, and when disturbed, suddenly diving and displaying her fish-like tail,—these, together with her habitual demonstrations of strong maternal affection, probably gave rise to the fable of the 'mermaid;' and thus that earliest invention of mythical physiology may be traced to the Arab seamen and the Greeks, who had watched the movements of the *dugong* in the waters of Manaar. Megasthenes records the existence of a creature in the ocean, near Taprobane, with the aspect of a woman; and Ælian, adopting and enlarging on his information, peoples the seas of Ceylon with fishes having the heads of lions, panthers, and rams, and, stranger still, cetaceans in the form of satyrs. Statements such as these must have had their origin in the hairs which are set round the mouth of the *dugong*, somewhat resembling a beard, which Ælian and Megasthenes both particularise from their resemblance to the hair of a woman.—*Sir J. E. Tennent, Ceylon*, pt. ix. ch. vii. p. 558.

Duke. *s.* [Fr. *duc*; Lat. *dux.*]

1. General; leader. *Rare*, though the *primitive* sense.

Herself the dame of Carthage kill'd,
When as the Trojan *duke* did her forsake.
Harrington, Translation of Orlando Furioso.

2. One of the highest order of nobility in England; nobleman next in rank to the royal family.

The *duke* of Cornwall, and Regan, his duchess, will be here with him this night.—*Shakespear, King Lear*, ii. 1.

Aumarle, Surrey, and Exeter must lose

The names of *dukes*, their titles, dignities,
And whatsoever profits thereby rise.
Daniel, Civil Wars of York and Lancaster.

Dúkedom. *s.* Seigniory, possessions, or title of a duke.

Is not a *dukedom*, sir, a goodly gift?
Shakespear, Henry VI. Part III. v. 1.
Her brother found a wife,
Where he himself was lost; Prospero his *dukedom*
In a poor isle. *Id., Tempest*, v. 1.
The cardinal never resigned his purple for the prospect of giving an heir to the *dukedom* of Tuscany.—*Addison.*

Dúkeling. *s.* Little, false, or mock duke.

Urswick, command the *dukeling* and these fellows
To Digby, the lieutenant of the Tower.
Ford, Perkin Warbeck, v. 2. (Rich.)

Dúkeship. *s.* State or condition of a duke.

Will your *dukeship*
Sit down and eat some sugarplums?
Massinger, The Great Duke of Florence, iv. 2. (Rich.)

Dúlceness. *s.* Sweetness. *Rare.*

He must take heed he shew not himself dismantled and exposed to scorn and injury, by too much *dulceness*, goodness, and facility of nature, but shew some sparkles of liberty, spirit and edge.—*Bacon.* (Ord MS.)

Dúlcet. *adj.* [Lat. *dulcis.*] Sweet. *Rhetorical.*

a. To the *taste.* Luscious.

This *dulcet* water in four parts did spout,
Of which there flowed four rivers right cleare;
I did then taste the aromatick licoure,
Fragrant of fume, and swete as any floure.
Hawes, Passetyme of Pleasure, ch. iv.: 1555.
From sweet kernels press'd,
She tempers *dulcet* cr ams; nor these to hold
Wants she fit vessels pure.
Milton, Paradise Lost, v. 346.

b. To the *ear.* Harmonious; melodious.

I sat upon a promontory,
And heard a mermaid, on a dolphin's back,
Uttering such *dulcet* and harmonious breath,
That the rude sea grew civil at her song.
Shakespear, Midsummer-Night's Dream, ii. 2.
A fabrick huge
Rose like an exhalation, with the sound
Of *dulcet* symphonies, and voices sweet.
Milton, Paradise Lost, i. 710.

c. To the *mind.*

And whereas they entitle philosophy to be a rigid and austere poesy; they have, on the contrary, styled poesy a *dulcet* and gentle philosophy, which leads on and guides us by the hand to action with ravishing delight, and incredible sweetness.—*B. Jonson, Discoveries.*

Dulcificátion. *s.* Act of sweetening; act of freeing from acidity, saltness, or acrimony. *Rare.*

In colcothar the exactest calcination, followed by an exquisite *dulcification*, does not reduce the remaining body into elementary earth; for after the salt of vitriol, if the calcination have been too faint, is drawn out of the colcothar, the residue is not earth, but a mixt body, rich in medical virtues.—*Boyle.*

Dúlcified. *part. adj.* Deprived of acrimony. *Rare.*

I dressed him with a pledgit, dipt in a *dulcified* tincture of vitriol.—*Wiseman, Surgery.*

Dúlcify. *v. a.* [Fr. *dulcifier.*] Sweeten; set free from acidity, saltness, or acrimony of any kind. *Rare.*

A decoction of wild gourd, or colocynthis, though somewhat qualified, will not from every hand be *dulcified* into aliment, by an addition of flour or meal.—*Sir T. Browne.*

Spirit of wine *dulcifies* spirit of salt; nitre or vitriol have other bad effects.—*Arbuthnot, On the Nature and Choice of Aliments.*

Dúlcimer. *s.* [?] Musical instrument played by striking brass wires with little sticks.

Ye hear the sound of the cornet, flute, harp, sackbut, psaltery, *dulcimer*, and all kinds of musick.—*Daniel*, iii. 5.
Look in, and you would swear
The Babylonian tyrant with a nod
Had summon'd them to serve his golden god,
So well that thought th' employment seems to suit,
Psalt'ry and sackbut, *dulcimer* and flute.
Cowper, Progress of Error, 133.

A damsel with a *dulcimer*
In a vision once I saw:
It was an Abyssinian maid,
And on her *dulcimer* she played,
Singing of Mount Abora! *Coleridge.*

Dúlcitude. *s.* Sweetness. *Rare.*

Though it agrees in taste with Dioscorides' cinnamon, so far as to be biting, yet of the *dulcitude*, eminently mixt with the acritude, he says not one tittle.—*Grew, Cosmologia Sacra*, 191. (Ord MS.)

Dúlcorate. *v. a.* Sweeten; make less acrimonious. *Rare.*

Turbith mineral, as it is sold in the shops, is a rough medicine; but being somewhat *dulcorated*, first procureth vomiting, and then salivation.—*Wiseman, Surgery.*

Dúlcorating. *verbal abs.* Sweetening. *Rare.*

The ancients, for the *dulcorating* of fruit, do commend swine's dung above all other dung.—*Bacon.*

Dulcorátion. *s.* Act of sweetening. *Rare.*

Malt gathereth a sweetness to the taste, which appeareth in the wort: the *dulcoration* of things is worthy to be tried to the full; for that *dulcoration* importeth a degree to nourishment: and the making of things inalimental to become alimental, may be an experiment of great profit.—*Bacon.*

Dúlcour. *s.* Sweetness. *Rare.*

This sort of viand is at this time made use of, out of no less mystery, than that by its colour and *dulcour* they might be remembered of the purity and delightfulness of the law.—*L. Addison, Account of the present State of the Jews*, p. 176.

Dull. *adj.* [A.S. *dol.*] Wanting sharpness (either *materially* or *figuratively*); blunt in respect to edge, dim in respect to lustre, grave in respect to tone; (as applied to the *intellect*) wanting vivacity, rapidity, or readiness of apprehension; stupid; sluggish; sad.

Gynecia a great while stood still, with a kind of *dull* amazement, looking stedfastly upon her.—*Sir P. Sidney.*
O help thou my weak wit, and sharpen my *dull* tongue. *Spenser, Faerie Queen.*
Thenceforth the waters waxed *dull* and slow,
And all that drunk thereof did faint and feeble grow.
Id., Faerie Queen.
He that hath learned no wit by nature, nor art, may complain of gross breeding, or comes of a very *dull* kindred.—*Shakespear, As you like it*, iii. 2.
Let there be no noise made, my gentle friends;
Unless some *dull* and favourable hand
Will whisper musick to my weary spirit.
Id., Henry IV. Part II. iv. 4.
Even such a man, so faint, so spiritless,
So *dull*, so dead in look, so woe-begone. *Ibid.* i. 1.
She excels each mortal thing
Upon the *dull* earth dwelling.
Id., Two Gentlemen of Verona, iv. 2, song.
This people's heart is waxed gross, and their ears are *dull* of hearing.—*Matthew*, xiii. 15.
Sometimes this perception, in some kind of bodies, is far more subtle than the sense; so that the sense is but a *dull* thing in comparison of it.—*Bacon, Natural and Experimental History.*
The princes of Germany had but a *dull* fear of the greatness of Spain, upon a general apprehension; now that fear is sharpened and pointed.—*Id.*
Meeting with Time, Slack thing, said I,
Thy scythe is *dull*; whet it, for shame. *G. Herbert.*
Every man, even the *dullest*, is thinking more than the most eloquent can teach him how to utter. —*Dryden.*
Memory is so necessary to all conditions of life, that we are not to fear it should grow *dull* for want of exercise, if exercise would make it stronger.—*Locke.*

Dull. *v. a.*

1. Deprive of sharpness, in the way of edge, lustre, or tone.

The breath *dulls* the mirrour.—*Bacon.*
This entrance of the battle did whet the courage of the Spaniards, though it *dulled* their swords.—*Id.*

2. Used *metaphorically.* Blunt; sadden; clog; damp; dim.

Nothing hath more *dulled* the wits, or taken away the will of children from learning, than care in making of Latin.—*Ascham.*
So was she *dulled* with all, that we could come so near, as to hear her speeches, and yet she not perceive the hearers of her lamentation.—*Sir P. Sidney.*
Now forc'd to overflow with brackish tears,
The troublous noise did *dull* their dainty ears.
Spenser, Faerie Queen.
Those drugs she has
Will stupify and *dull* the sense awhile.
Shakespear, Cymbeline, i. 6.
My good lord,
We come to urge that virtue which we know
Lives in your breast; forth, rise, and make a head;
The nobles and the people are all *dull'd*
With this usurping king.
Beaumont and Fletcher, Philaster.
Dulling my bodily senses to the meats and eases of this world.—*Donne, Devotions*, p. 36.
Prayers were short, as if darts thrown out with a sudden quickness, lest that vigilant and erect attention of mind, which in prayer is very necessary, should be wasted or *dulled* through continuance.—*Hooker, Ecclesiastical Polity.*
In bodies, union strengtheneth and cherisheth any natural action; and, on the other side, weakeneth and *dulleth* any violent impression; and even so is it of minds.—*Bacon.*
Usury *dulls* and damps all industries, wherein money would be stirring, if it were not for the slug. —*Id.*
Dull not away thy days in slothful supinity, and the tediousness of doing nothing.—*Sir T. Browne, Christian Morals*, i. 33.
The over quantity of ware, fretting too much upon the woad, is obtunded or *dulled* by throwing in bran sometimes loose, sometimes in bags.—*Bishop Sprat, History of the Royal Society*, p. 301.

Dúllard. *s.* Blockhead; dolt; stupid fellow; dunce.

Thou must make a *dullard* of the world,
If they not thought the profits of my death
Were very pregnant and potential spurs
To make thee seek it. *Shakespear, King Lear*, ii. 1.
How many shall once wish they had been born *dullards*, yea idiots, when they shall find their wit to have barred them out of heaven!—*Bishop Hall, Contemplations on the Old and New Testaments*, b. iii.

Used *adjectivally.*

But would I be a poet if I might,
To rub my browes three days and wake three nights,
And bite my nails, and scratch my *dullard* head,
And curse the backward Muses on my bed.
Bishop Hall, Satires, vi. 1.
I durst essay the new-found paths, that led
To slavish Mosco's *dullard* sluggishness.
P. Fletcher, Piscatory Eclogues, i. st. 12.

Dúllbrained. *adj.* Stupid; doltish; foolish.

This arm of mine hath chastised
The petty rebel, *dullbrain'd* Buckingham.
Shakespear, Richard III. iv. 4.

Dúlled. *adj.* Made dull.

Illuminate my dim and *dulled* eyne.
Spenser, Hymn on Beauty.

Dúller. *s.* That which makes dull.

Your grace must fly phlebotomy, fresh pork, conger, and clarified whey: they are all *dullers* of the vital spirits.—*Beaumont and Fletcher, Philaster.*

Dúlleyed. *adj.* Having eyes wanting lustre, liveliness, brightness, or vivacity of expression.

I'll not be made a soft and *dull-ey'd* fool,
To shake the head, relent, and sigh, and yield
To Christian intercessors.
Shakespear, Merchant of Venice, iii. 3.

Dúllhead. *s.* Blockhead; dolt.

This people be fools and *dulheads* to all goodness; but subtle, cunning, and bold in any mischief.—*Ascham.*

Dúllness. *s.* Attribute suggested by Dull.

1. Stupidity; weakness of intellect; indocility; slowness of apprehension.

Nor is the *dulness* of the scholar to extinguish, but rather to inflame the charity of the teacher.—*South, Sermons.*
Shadwell alone my perfect image bears,
Mature in *dulness* from his tender years. *Dryden.*

2. Want of quick perception.

Nature, by a continual use of any thing, groweth to a satiety and *dulness*, either of appetite or working.—*Bacon.*
We shall often mark in it [the eye of children] a *dulness*, or apprehensiveness, even before the understanding.—*W. Wotton, Essay on the Education of Children.*

3. Drowsiness; inclination to sleep.

Here cease more questions;
Thou art inclin'd to sleep. 'Tis a good *dulness*,
And give it way. *Shakespear, Tempest*, i. 2.

Dúllsome. *adj.* Dull. *Rare.*

Nothing is more hideous and more *dulsome* and uncomfortable than darkness.—*Gataker, Benefit of a good Name.* (Ord MS.)

Dúlly. *adv.* In a dull manner.

1. Stupidly; doltishly.

I rather would entreat thy company
To see the wonders of the world abroad,
Than living *dully* sluggardiz'd at home,
Wear out thy youth with shapeless idleness.
Shakespear, Two Gentlemen of Verona, i. 1.

2. Slowly; sluggishly.

The air, if it be moist, doth in a degree quench the flame, and howsoever maketh it burn more *dully.*—*Bacon.*

3. Not vigorously; not gaily; not brightly; not keenly.

Not that I think those pantomimes,
Who vary action with the times,
Are less ingenious in their art,
Than those who *dully* act one part.
Butler, Hudibras.
He must at length, poor man, die *dully* of old age at home.—*South, Sermons*, vol. ii. ser. vi.

Dúly. *adv.* In a due manner.

1. Properly; fitly.

Ever since they firmly have retained,
And *duly* well observed his behcast.
Spenser, Faerie Queen.

In the body, when the principal parts, as the heart and liver, do their offices, and all the inferiour smaller vessels act orderly and *duly*, there arises a sweet enjoyment upon the whole which we call health.—*South, Sermons.*

If attention be *duly* engaged to those reflections, they cannot fail of influence.—*Rogers.*

2. Regularly; exactly.

Seldom at church, 'twas such a busy life;
But *duly* sent his family and wife. *Pope.*

Dumb. *adj.* [A.S. *dumb.*]

1. Mute; incapable of speech.

It hath pleased himself sometime to unloose the very tongues even of *dumb* creatures, and to teach them to plead in their own defence, lest the cruelty of man should persist to afflict them.—*Hooker, Ecclesiastical Polity.*

Some positive terms signify a negative idea; blind implies a privation of sight, *dumb* a denial of speech. —*Watts, Logick.*

2. Deprived of speech.

They sung no more, or only sung his fame;
Struck *dumb*, they all admir'd the god-like man.
Dryden.

3. Mute; not using words.

He is a proper man's picture; but, alas! who can converse with a *dumb* show?—*Shakespear, Merchant of Venice*, i. 2.

His gentle *dumb* expression turn'd at length
The eye of Eve to mark his play.
Milton, Paradise Lost, ix. 527.

Her humble gestures made the residue plain,
Dumb eloquence persuading more than speech.
Lord Roscommon.

For he who covets gain in such excess,
Does by *dumb* signs himself as much express,
As if in words at length he show'd his mind.
Dryden, Juvenal's Satires.

Nothing is more common than for lovers to complain, relent, languish, despair, and die in *dumb* show.—*Addison.*

4. Silent; refusing to speak.

The good old seer withstood
Th' intended treason, and was *dumb* to blood;
Till tir'd with endless clamours and pursuit
Of Ithacus, he stood no longer mute.
Dryden, Virgil's Æncid.

Dumb. *v. a.* Reduce to silence. *Rare.*

What I would have spoke,
Was beastly *dumb'd* by him.
Shakespear, Antony and Cleopatra, i. 5.

She sings like one immortal, and she dances
As goddess-like to her admired lays;
Deep clerks she *dumbs*. *Id., Pericles.*

Dúmbbells. *s.* Handles weighted at each end, used in exercise or gymnastics for strengthening the muscles of the chest; now chiefly made of lead covered with leather, and, consequently, of moderate size, originally of wood and then club-shaped, or approximately bellshaped.

Halteres [were] weights used like *dumb-bells* at the baths.—*Fosbroke, Encyclopædia of Antiquities.*

Dúmbledor. *s.* Humble or bumble bee; brown cockchafer. *Provincial.*

Dúmbly. *adv.* Mutely; silently; without words.

I have seen them shiver and look pale,
Make periods in the midst of sentences,
Throttle their practis'd accent in their fears,
And, in conclusion, *dumbly*, have broke off,
Not paying me a welcome.
Shakespear, Midsummer-Night's Dream, v. 1.

Dúmbness. *s.* Attribute suggested by Dumb.

1. Incapacity to speak.

[The term] *dumbness* or aphonia ... is generally applied to persons who are either born deaf or become so in early infancy.... The consequence of this is that the organs of speech are never called into due action.... *Dumbness* may also arise from injury to the lingual nerves, or from great general or local debility.... It is remarkable that the loss of the tongue does not necessarily occasion *dumbness*: this has happened from disease, and among barbarous nations the tongue was occasionally extirpated; yet cases are on record showing that even under such circumstances speech was in some degree retained. —*Brande, Dictionary of Science, Literature, and Art.*

2. Omission of speech; muteness.

There was speech in their *dumbness*, language in their very gesture: they look'd as they had heard of a world ransomed, or one destroyed.—*Shakespear, Winter's Tale*, v. 2.

3. Refusal to speak; silence.

'Tis love, said she; and then my downcast eyes,
And guilty *dumbness*, witness'd my surprise.
Dryden.

Dúmfound. *v. a.* Confuse; strike dumb.

They had like to have *dumfounded* the justice; but his clerk came in to his assistance.—*Spectator.*

Dúmmerer. *s.* Pretendedly dumb man; cheat.

Every village almost will yield abundant testimonies [of counterfeits] amongst us; we have *dummerers*, &c.—*Burton, Anatomy of Melancholy*, p. 159.

Dúmmy. *s.* One who is dumb; at the game of whist, when played by three persons instead of four, the exposition of the fourth hand is considered equivalent to a player, and is called *dummy*, the partner having the direction of it; hence the term is applied generally to objects of which the personal character is little more than nominal.

And now he proposed that we should play double *dummy*.—*Disraeli, Vivian Grey.*

The Minerva ... was a vessel of war belonging to the Dutch government, which had been chased by English cruisers into the neutral port of Bergen. There she had been purchased by a certain Lord of Kniphausen, who appears to have been some sort of continental sovereign, and who is always spoken of by Earl Stowell with much respect as an 'august person.' She sailed from Bergen to this potentate's private port of the river Jade, and on her way she was captured by an English man-of-war. The Lord of Kniphausen claimed that she should be given up to him, but the 'august person' claimed in vain.... The Minerva was condemned ... because the circumstances of the transfer were such as to raise the presumption that she would resume at the earliest opportunity the character of a Dutch man-of-war. The 'august person' was merely a *dummy* acting for the Dutch government.—*Saturday Review*, September 3, 1864.

Dump. *s.* [see last extract.]

1. Sorrow; melancholy; sadness.

Sudden *dumps*, and dreary sad disdain
Of all world's gladness, more my torment feed.
Spenser, Sonnets, 52.

Alas, poor man, how willing thou art to make thyself believe that thou hast truly repented; whereas this is nothing but some *dump* of melancholy; or some relenting of nature, after too much expence of spirits.—*Bishop Hall, Temptations repelled.*

2. Melancholy tune or air; elegy.

Visit by night your lady's chamber window
With some sweet consort: to their instruments
Tune a deploring *dump*; the night's dead silence
Will well become such sweet complaining grievance.
Shakespear, Two Gentlemen of Verona, iii. 2.

If thou wert not some blockish and senseless dolt, thou wouldst never laugh when I sung a heavy mixt Lydian tune, or a note to a *dump* or doleful ditty.—*Holland, Translation of Plutarch's Morals*, p. 61.

Funerals with stately pomp
March slowly on, in solemn *dump*.
Butler, Hudibras.

The squire who fought on bloody stumps,
By future bards bewail'd in doleful *dumps*.
Gay, Pastorals.

3. Any tune.

Some good old *dump* that Chaucer's mistress knew. *Sir P. Sidney.*

Play me some merry *dump* to comfort me.
Shakespear, Romeo and Juliet, iv. 5.

4. Absence of mind; reverie.

He's in a deep *dump* now.—*Beaumont and Fletcher, Humorous Lieutenant.*

This shame *dumps* cause to well-bred people, when it carries them away from the company.—*Locke.*

[From Dutch *domp, damp*, a vapour. *Domp uit de mage*, vapidus fumus ex ventriculo in cerebrum erumpens. (Bigl.) In the last century the term *vapours* was commonly used in the same sense. *Vapeurs*, une certaine maladie dont l'effet est de rendre melancholique. (Dict. Trev.) *Avoir une vapeur*, to have an unreasonable fancy, a fixed persuasion of a thing. *Dump*, a sudden astonishment, a melancholy fit. (Bailey.) A *merry dump* is a merry humour.—*Wedgwood, Dictionary of English Etymology.*]

Dúmpish. *adj.* Sad; melancholy; sorrowful.

New year, forth looking out of Janus' gate,
Doth seem to promise hope of new delight;
And bidding th' old adieu, his passed date
Bids all old thoughts to die in *dumpish* spight.
Spenser, Sonnet, 4.

The life which I live at this age is not a dead, *dumpish*, and sour life; but chearful, lively, and pleasant.—*Lord Herbert of Cherbury, Memoirs.*

Dúmpishly. *adv.* In a dumpish, moping, melancholy manner.

And for dispositions; how do we see one so ragingly furious as if he had newly torn off his chains, and escaped; another so stupidly senseless, that you may thrust pins into him up to the head, and he startles not at it: one so *dumpishly* sad, as if he would freeze to death in melancholy, and hated any contentment but in sorrow?—*Bishop Hall, Select Thoughts*, iii. 725.

Dúmpishness. *s.* Attribute suggested by Dumpish; sadness; melancholy.

How many worthy Christians are there in the world who bear a part with us in this just blame; who have yielded over themselves to a disconsolate heartlessness, and a sad dejection of spirit; partly through a natural disposition inclining to *dumpishness*, and partly through the prevalence of temptation.—*Bishop Hall, Christ Mystical.*

He had need to be more than man, that can contentedly make himself contemptible, to follow Christ; to have his religion judged hypocrisy; his Christian prudence, craft and policy; his godly simplicity, silliness; his zeal, madness; his contempt of the world, ignorance; his godly sorrow, *dumpishness*.—*Junius, Sin Stigmatized*, p. 750.

Dúmpling. *s.* Sort of pudding.

Pudding and *dumpling* burn to pot. *Dryden.*

Dúmpy. *adj.* Short and thick.

Whenever he was with me, his short, *dumpy*, gouty, crooked fingers were continually teizing my spinnet, to his own harmonious croaking.—*Student*, ii. 225.

She, in sooth,
Possessed an air and grace by no means common;
Her stature tall—I hate a *dumpy* woman.
Byron, Don Juan, i. 61.

Dun. *adj.* [from A.S. *dun.*]

1. Colour partaking of brown and black.

We are not to expect a strong and full white, such as is that of paper; but some dusky obscure one, such as might arise from a mixture of light and darkness, or from white and black, that is, a grey, or *dun*, or russet brown.—*Sir I. Newton, Opticks.*

The colour of his skin was not quite black, but very tawny; and yet not an ugly, yellow, nauseous tawny, as the Brazilians and Virginians, and other natives of America are, but of a bright kind of a *dun* olive colour, that had in it something very agreeable, though not very easy to describe.—*De Foe, Life and Adventures of Robinson Crusoe.*

2. Dark; gloomy.

Come, thick night!
And pall thee in the *dunnest* smoke of hell.
Shakespear, Macbeth, i. 5.

He then survey'd
Hell, and the gulph between, and Satan there
Coasting the wall of heav'n on this side,
In the *dun* air sublime.
Milton, Paradise Lost, iii. 69.

Dun. *v. a.* [from A.S. *dunan* = cry out, clamour.] Claim a debt with vehemence and importunity.

Borrow of thy back, and borrow of thy belly: they'll never ask thee again. I shall be *dunning* thee every day.—*Bacon.*

When thou *dun'st* their parents, seldom they,
Without a suit before the tribune, pay.
Dryden, Juvenal's Satires.

Dun. *v. n.* Act as a dun: (in the following the construction is ambiguous, as *me* may be considered to be understood).

I remember what she won:
And hath she sent so soon to *dun?*
Swift, Journal of a Modern Lady.

Dun. *s.* Clamorous, importunate, troublesome creditor.

Thus, while my joyless minutes tedious flow,
With looks demure, and silent pace, a *dun*,
Horrible monster! hated by gods and men,
To my aërial citadel ascends. *Philips*

It grieves my heart to be pulled by the sleeve by some rascally *dun*, 'Sir, remember my bill.'—*Arbuthnot, History of John Bull.*

Dun. *s.* [from Gaelic, *dùn* = hill.] Eminence; mound; kind of fortification.

With him we went to see an ancient building, called a *dun* or borough.—*Johnson, Journey to the Western Islands of Scotland.*

They erected palaces, rude indeed in their construction; and their chiefs raised *duns* or artless fortifications.—*Walker, Historical Memoirs of the Irish Bards*, p. 3: 1786.

Dúnbird. *s.* See Pochard.

Dunce. *s.* [see extracts from Todd, Wedgwood, &c.] Dullard; dolt; thickskull; stupid, indocile animal.

Remember ye not within this twenty yeares and far less, and yet dureth unto this day, the old backing curres *Dunce's* disciples, and like draffe called Scotists, the children of darkness raged in every pulpit against Greek, Latin, and Hebrew.—*Tyndal.* (Rich.)

We have set *Dunce* in Bocardo, and have utterly banished him Oxford for ever, with all his blind possesse.... And the second time we came to New College after we had declared your injunctions, we found all the great quadrant court full of the leaves of *Dunce*,

the wind blowing them into every corner. And there we found one Mr. Greenfield, a gentleman of Buckinghamshire, gathering up part of the same book leaves, as he said, therewith to make him sewers or blawnshers to keep the deer within his wood, thereby to have the better cry with his hounds.—*Strype, Ecclesiastical Memoirs*, i. 335. (Craik.)

Dunce at the best; in streets but scarce allow'd,
To tickle, on thy straw, the stupid crowd. *Dryden.*

Was Epiphanius so great a *dunce* to imagine a thing, indifferent in itself, should be directly opposite to the law of God?—*Bishop Stillingfleet.*

I never knew this town without *dunces* of figure, who had credit enough to give rise to some new word.—*Swift.*

[A word of uncertain etymology; perhaps from *dum*, Dutch, stupid, Dr. Johnson says. Minsheu derives it from *densus*, thick; Skinner, from the Spanish, *tonto*, stupid. None of these will be received. Serenius offers the Swedish, *dunser*, a heavy-footed man. In the margin of Mr. Horne Tooke's copy of Johnson's dictionary are these words: 'Perhaps a word of reproach first used by the Thomists, from *Duns* Scotus, their antagonist: but we must first find out when this word began to be used.' I had made a similar remark, many years since; and am enabled to strengthen it, by what Mr. Tooke had not met with, an example in point: 'They hate even to death all them that preach the pure worde of God, voied of all the dregges of Dunsse *learning* and man's traditions.' Confutation of Nicholas Shaxton, 1546, sig. F. iii. See also A. Wood, Fasti Oxonienses, 1691, vol. i. col. 673. 'The cardinal would write that the said Winter should study the *Dunces*' logick questions, meaning, I suppose, the logick questions of John *Dunse*.—*Todd.*

From Duns Scotus, the great leader of the schoolmen, called after him *Dunsmen* or *Duncemen*, and as they were violently opposed to classic studies in the revival of learning, the name of *Dunce* was given to an opposer of learning, or one slow at learning.—*Wedgwood, Dictionary of English Etymology.*]

Dúncedom. *s.* Realm or domain of dunces.

Tieck and the Schlegels ... were at this time engaged in their far-famed campaign against *duncedom*, or that which called itself the 'old school' of literature.—*Carlyle, Critical and Miscellaneous Essays, Novalis.*

Dúncery. *s.* Dullness; stupidity.

Here you come with your fine and logical distinction, and bring in the causes essential and accidental of marriage; as though we were in a school of *duncery*, and not in a discourse of pleasure.—*Sir T. Smith, Oration IV. Appendix to his Life.*

Their overspreading barbarism ... hath tainted also the fountains of divine doctrine, and rendered the pure and solid law of God unbeneficial to us by their calumnious *dunceries*.—*Milton, Doctrine and Discipline of Divorce.*

An indirect way is introduced of buying the said degrees for money, to the discouragement of learning, and the encouragement of *duncery* and idleness.—*Dean Prideaux, Reformation of the Two Universities*: 1715.

Dúncify. *v. a.* Make a dunce. *Rare.*

Here you have a fellow ten thousand times more *duncified* than dunce Webster.—*Bishop Warburton, Letter to Hurd*, let. 130.

Dúnderhead. *s.* Stupid person; numskull.

(For example see extract under Doddipole.)

Dúnderheaded. *adj.* Thickheaded; stupid.

If he comes on a fool's errand, he shall be well ducked in the horsepond, and well drubbed by the keepers' cudgels, and will thus get something for his pains. Have him up, Jonas Webb, and confound you for a *dunderheaded* old driveller!—*Sala, The Ship-Chandler.*

Dune. *s.* [Fr. *dune* = sandhill; Gaelic, *dùn* = fortified place, hill.] Same word as Dun, and a concurrent form with Down.

Dung. *s.* [A.S.] Excrement of animals used to fatten ground.

I judge the likeliest way to be the perforation of the body of the tree in several places, one above the other; and the filling of the holes with *dung*, mingled with the medicine; and the watering of those lumps of *dung* with squirts of an infusion of the medicine in dunged water, once in three or four days.—*Bacon, Natural and Experimental History.*

He soon would learn to think like me,
And bless his ravish'd eyes to see
Such order from confusion sprung,
Such gaudy tulips rais'd from *dung*. *Swift.*

Dung. *v. a.* Manure with dung.

There, as his dream foretold, a cart he found,
That carry'd compost forth to *dung* the ground.
Dryden.

Dung. *v. n.* Void excrement.

A wild ass, broke loose, ran about trampling and kicking, and *dunging* in their faces.—*Swift, Battle of the Books.*

Dúnged. *adj.* Covered with dung.

The *dunged* folds of dag-tail'd sheep.
Bishop Hall, Satires, v. 2.

Dúngeon. *s.* [see last extract.] Close prison.

Then up he took the slumbered senseless corse,
And ere he could out of his swoon awake,
Him to his castle brought with hasty force,
And in a *dungeon* deep him threw without remorse.
Spenser, Faerie Queen.

The king of heav'n hath doom'd
This place our *dungeon*; not our safe retreat.
Milton, Paradise Lost, ii. 316.

By imagination, a man in a *dungeon* is capable of entertaining himself with scenes and landscapes, more beautiful than any that can be found in the whole compass of nature.—*Addison.*

[Originally the principal building of a district, or fortress, which from its position or structure had the command of the rest, from the Latin *dominio, domnio* (as *domnus* for *dominus*), *domgio, dongeo* (as French *songer* from *somniare*), *donjon*. In a charter A.D. 1179, given by Muratori, is an agreement 'quod de summitate Castri Veteris quæ *Dongionem* appellatur prædictus episcopus ejusque successores debeant habere duas partes ipsius summitatis, scilicet ab uno latere usque ad vineam episcopi et ab altero usque ad flumen,' showing that in this case the *dominio* was mere open ground. In general however it was applied to a tower or other work of defence, 'Milites ocyus conscenso *Domnione*, domo scilicet principali et defensivâ.' (Ducange.)

'Desus le plus maistre *dunjon*
Drescent le reial gonfanon.'
Chron. Norm. 2. 820.

Donjon in fortification is generally taken for a large tower or redoubt of a fortress, where the garrison may retreat in case of necessity. (Bailey.) The name of *Dungeon* has finally been bequeathed to such an under-ground prison as was formerly placed in the strongest part of a fortress.—*Wedgwood, Dictionary of English Etymology.*]

Dúngeon. *v. a.* Shut up as in a dungeon.

No slave in Argier is more truly sold in the market under a Turkish pirate, than we are naturally sold under the tyranny of sin; by whom we are bound hand and foot, and can stir neither of them towards God; and *dungeoned* up in the darkness of our ignorance, without any glimpse of the vision of God.—*Bishop Hall, Remains*, p. 128.

Dúngfork. *s.* Fork for tossing out dung from stables.

I see well you would take a *dongeforké* to fight with, rather than you would lacke a weapon.—*Archbishop Cranmer to Bishop Gardiner*, p. 157.

Dungforks and paddles are common everywhere.—*Mortimer.*

Dúnghill. *s.*

1. Heap or accumulation of dung.

I, his brother, gain nothing under him but growth; for the which his animals on his *dunghills* are as much bound to him as I.—*Shakespear, As you like it*, i. 1.

The *dunghill* having raised a huge mushroom of short duration, is now spread to enrich other men's land.—*Swift.*

2. Any mean or vile abode.

Perhaps a thousand other worlds that lie
Remote from us, and latent in the sky,
Are lighten'd by his beams, and kindly nurst,
Of which our earthly *dunghill* is the worst. *Dryden.*

3. Any situation of meanness.

The poor he raiseth from the dust,
Even from the *dunghill* lifts the just. *G. Sandys.*

4. Term of reproach for a man meanly born. See next entry.

Out, *dunghill!* dar'st thou brave a nobleman?
Shakespear, King John, iv. 3.

Dúnghill. *adj.* Sprung from the dunghill; mean; low; base; vile; worthless: (the metaphor being from an ordinary *barn-door fowl*, comparatively deficient in courage, as compared with a gamecock).

His *dunghill* thoughts, which do themselves enure
To dirty dross, no higher dare aspire.
Spenser, Hymn to Love.

Gripus, the basest and most *dunghill* swain,
That ever drew a net, or fish'd in fruitful main.
P. Fletcher, Piscatory Eclogues, ii. 14.

Dúnging. *verbal abs.*

1. Manuring.

It was received of old, that *dunging* of grounds, when the west wind bloweth, and in the decrease of the moon, doth greatly help.—*Bacon, Natural and Experimental History.*

2. In *Technology*. See extract.

Dunging, in calico-printing, is the application of a bath of cow-dung, diffused through hot water, to cotton goods in particular stages of the manufacture.... All practical men are aware that the affinity of cotton for alumina is increased by its combination with oil or animal matter, to such a degree as to take it from the dung-bath.... It would therefore appear that the principal function of *dunging* is to hinder the uncombined mordant, diffused in the dung-bath, from attaching itself to the unmordanted portion of the cloth.—*Ure, Dictionary of Arts, Manufactures, and Mines.*

Dúngy. *adj.* Full of dung; mean; vile; base; low; odious; worthless.

We need no grave to bury honesty;
There's not a grain of it, the face to sweeten
Of the whole *dungy* earth.
Shakespear, Winter's Tale, ii. 1.

Dúngyard. *s.* Place of the dunghill.

Any manner of vegetables cast into the *dungyard*.—*Mortimer.*

Dúnlin. *s.* See Purre and Sandpiper.

Dúnnage. *s.* [?] See extract.

Dunnage ... [is] loose wood ... laid in the bottom and against the sides of the ship's hold, either, 1, by raising the cargo when she is loaded with heavy goods to prevent her from becoming too stiff; or, 2, to prevent the cargo, should it be susceptible of damage by water, from being injured in the event of her becoming leaky. A ship is not reckoned seaworthy unless she is provided with proper and sufficient *dunnage*.—*Mc Culloch, Dictionary of Commerce.*

Dúnner. *s.* One employed in soliciting petty debts.

They are ever talking of new silks, and serve the owners in getting them customers, as their common *dunners* do in making them pay.—*Spectator.*

Dúnning. *part. adj.* Conveying an application for money after the manner of a dun.

How many of you have gowns and bracelets, which you daren't show, or which you wear trembling?—trembling, and coaxing with smiles the husband by your side, who does not know the new velvet gown from the old one, or the new bracelet from last year's, or has any notion that the ragged-looking yellow lace scarf cost forty guineas, and that Madame Bobinot is writing *dunning* letters every week for the money.—*Thackeray, Vanity Fair.*

Dúnnish. *adj.* Inclining to a dun colour.

The five or six first feathers of the wing above, of a dark or fuscous colour, near black; underneath, more light, or *dunnish*.—*Ray, Remains*, p. 247.

Dúo. *s.* [Lat. = two.] Song or piece of music to be performed in two parts.

They call a *duo* a musick of two voices, although there be a third part for the thorough bass, and others for the symphony. In a word, for a *duo* there must be two principal parts, between which the melody is equally distributed.—*Appendix to Musical Dictionary*, p. 13: 1769.

Duodécimal. *adj.* [Lat. *duodecim* = twelve.] Proceeding by twelves.

In the adaptation of the decimal system to an international currency,... it will be necessary first that the measure of value should be taken in the same metal.... Next the unit must be small or of low value. If it be large, as the subdivisions under the decimal system become fractional after the first division, the system would be more cumbrous and inconvenient than the custom which it is intended to obviate—a custom which is partly decimal, partly *duodecimal*.—*Brande, Dictionary of Science, Literature, and Art, Decimal System.*

Duodécimal. *s.* Twelfth part; anything multiplied or divided by twelve.

Mankind in general are so apt to estimate the worth and importance of things by their bulk, that because we usually measure insects by the *duodecimals* of an inch, instead of by the foot or by the yard, they are deemed too insignificant parts of the creation to render them worthy of any serious attention or study.—*Kirby and Spence, Introduction to Entomology*, let. 1. (Ord MS.)

Duodécimo. *s.* Book for which the sheet is folded into twelve leaves.

Winter Evenings was originally published anonymously in 1788, in three volumes, *duodecimo*, divided into nine books, and these subdivided into chapters.—*Drake, Essays.* (Ord MS.)

For behold, the deluge of writers hath produced a new world of small octavo! and in the next generation, thanks to the popular libraries, we shall only vibrate between the *duodecimo* and the diamond edition.—*Sir E. Bulwer, Eugene Aram*, b. iv. ch. iii.

Duodécuple. *adj.* Consisting of twelves.

Grisepsius, a learned Polander, endeavours to establish the *duodecuple* proportion among the Jews, by comparing some passages of Scripture together.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

Duodénal. *adj.* Connected with, or relating to, the Duodenum.

(For example see extract under Duodenum.)

Duodénum. *s.* [Lat.] In *Anatomy*. That part of the intestinal canal which immediately succeeds the stomach, being about twelve inches in length, and receiving the gallduct.

It is extremely probable that impaired function of this viscus gives rise to various symptoms of indigestion; warranting the designation of *duodenal* dyspepsia, if they could be distinguished from those proceeding from the stomach. Asthenia, or deficient vital action of the *duodenum*, may be inferred in cases characterised by an unimpaired, irregular, or ravenous appetite.... Accumulations of sordes, the presence of acid and acrid matters, of worms, or of morbid bile, may very probably take place in the *duodenum* as a consequence of indigestion or atony of the stomach, or of torpor of the liver.... Irritation of the *duodenum* very probably constitutes a part of certain forms of dyspepsia; and even pyrosis, and other ailments frequently imputed to the stomach and the biliary apparatus, may, with equal justice, be referred to this viscus; but it cannot be said to be the only part in fault, or even that primarily disordered.—*Copland, Dictionary of Practical Medicine.*

The liver [in mammals] is generally divided into a greater number of lobes than in birds. The portal system is formed by veins derived exclusively from the spleen and chylopoietic viscera. The cystic duct, when it exists, always joins the hepatic, and does not enter the *duodenum* separately. The pancreatic duct is commonly single.—*Owen, Anatomy of Vertebrates*, p. 267.

Dup. *v. a.* [*do up.*] Open. *Obsolete.*

The porters are drunk: will they not *dup* the gate to day?—*Damon and Pythias*, 1582.

Then up he rose, and don'd his clothes,
And *dupp'd* the chamber door.
Shakespear, Hamlet, iv. 5, song.

Dupe. *s.* [Fr. *dupe.*] Credulous man; man easily tricked.

An usurping populace is its own *dupe*, a mere underworker, and a purchaser in trust for some single tyrant.—*Swift.*

First slave to words, then vassal to a name,
Then *dupe* to party: child and man the same.
Pope, Dunciad.

Dupe. *v. a.* Trick; cheat.

Those entertainments and pleasures we most value in life, are such as *dupe*, and play the wag with, the senses.—*Swift, Tale of a Tub*, § 9.

The throne a bigot keep, a genius quit;
Faithless through piety, and *dup'd* through wit.
Pope.

It was Carteret's misfortune to be raised to power when the public mind was still smarting from recent disappointment. The nation had been *duped*, and was eager for revenge. A victim was necessary, and on such occasions the victims of popular rage are selected like the victim of Jephthah.—*Macaulay, Critical and Historical Essays, Walpole's Letters to Sir Horace Mann.*

Dúper. *s.* One who dupes.

The race-ground had its customary complement of knaves and fools—the *dupers* and the duped.—*Sir E. L. Bulwer, Pelham*, ch. lxii.

Dúpery. *s.* System, or instance, of duping and being duped.

[Machiavel] is pleased with the address with which Cæsar Borgia conducted it; has much contempt for the *dupery* and weakness of the sufferers; but no compassion for their miserable and untimely death, and no sort of indignation at the cruelty and falsehood of their murderer.—*A. Smith, Moral Sentiments*, p. vi. s. 1. (Rich.)

Dúplet. *s.* Doublet.

That is to throw three dice till *duplets* and a chance be thrown, and the highest *duplet* wins, except you throw in and in, which is called raffle, and that wins all.—*Dryden, An Enemy's Love*, act iii. (Rich.)

Dúplicate. *v. a.* [Lat. *duplicatus* = doubled; from *duplex* = double.] Double; enlarge by repetition of the first number or quantity.

And some alterations in the brain *duplicate* that which is but a single object to our undistempered sentiments.—*Glanville.*

Dúplicate. *adj.* Twofold; having the character of a duplicate.

It has been found that the attraction is almost reciprocally in a *duplicate* proportion of the distance of the middle of the drop from the concourse of the glasses, viz. reciprocally in a simple proportion, by reason of the spreading of the drop, and in touching each glass in a larger surface; and again reciprocally in a simple proportion, by reason of the attraction's growing stronger within the same quantity of attracting surface.—*Sir I. Newton, Opticks.*

Dúplicate. *s.* Another corresponding to the first; second thing of the same kind, as a transcript of a paper: (often construed with *in*, as, 'He sent the notice *in duplicate*').

Nothing is more needful for perfecting the natural history of bodies than the subjecting them to the fire; to which end I have reserved *duplicates* of the most considerable.—*Woodward.*

Dúplicated. *part. adj.* Doubled.

Many explications, and *duplicated* expressions, clear one the other.—*Instructions concerning Oratory*, p. 57: Ox. 1682.

Duplicátion. *s.* Act of doubling; thing doubled; fold.

What they have once said, they must and will maintain, in whole tomes, *duplications*, triplications, &c.—*Burton, Anatomy of Melancholy*, p. 673.

What great pains hath been taken concerning the quadrature of a circle, and the *duplication* of a cube, and some other mathematical problems!—*Sir M. Hale, Origination of Mankind.*

The peritonæum is a strong membrane, every where double: in the *duplications* of which all the viscera of the abdomen are hid.—*Wiseman, Surgery.*

As, from that first simple intuition in which two magnitudes are recognized as equal, we passed to the union of two such intuitions into a compound one involving three magnitudes; so again, from the foregoing cases in which two relations are recognized as equal, we now pass, by a similar *duplication*, to the still more complex case in which three relations are involved.—*Herbert Spencer, Principles of Psychology.*

Dúplicature. *s.* Fold; anything doubled.

The lymphducts, either dilacerated or obstructed, exonerate themselves into the foldings, or between the *duplicatures* of the membranes.—*Ray, Wisdom of God manifested in the Works of the Creation.*

Duplícity. *s.*

1. Doubleness.

This *duplicity* was ill contrived to place one head at both extremes, and had been more tolerable to have set three or four at one.—*Sir T. Browne, Vulgar Errours.*

2. Number of two; duality.

Do not affect *duplicities*, nor triplicities, nor any certain number of parts in your division of things.—*Watts, Logick.*

3. Deceit; doubleness of heart or of tongue.

I have surveyed all Europe from the east to the west, from the north to the south, in search of this call upon us to purge ourselves of 'subtle *duplicity* and a punick style' in our proceedings!—*Burke, Thoughts on a Regicide Peace.*

Durabílity. *s.* Power of lasting; continuance; endurance.

Stones, though in dignity of nature inferiour unto plants, yet exceed them in firmness of strength, or *durability* of being.—*Hooker, Ecclesiastical Polity.*

Our times upon the earth have neither certainty nor *durability*.—*Sir W. Raleigh, History of the World.*

Dúrable. *adj.* [Lat. *durabilis*, whence *durabilitas*, *-atis*, from *duro* = last, continue, or persevere; *durus* = hard.]

1. Lasting; having the quality of long continuance.

The bones of his body we may compare to the hard rocks and stones, and therefore strong and *durable*.—*Sir W. Raleigh, History of the World.*

The glories of her majesty's reign ought to be recorded in words more *durable* than brass, and such as our posterity may read a thousand years hence.—*Swift.*

2. Having successive existence.

Time, though in eternity, applied
To motion, measures all things *durable*
By present, past, and future.
Milton, Paradise Lost, v. 580.

Dúrableness. *s.* Attribute suggested by Durable; power of lasting; continuance.

It were pity but that this woman should have been thus sick; the nature, the *durableness*, cost, pain, incurableness of her disease, both sent her to seek Christ, and moved Christ to her cure.—*Bishop Hall, Contemplations on the Old and New Testaments*, b. iv.

The different consistence and *durableness* of the strata whereof they consist, are more or less.—*Woodward.*

A bad poet, if he cannot become immortal by the goodness of his verse, may by the *durableness* of the metal that supports it.—*Addison, Dialogues on the Usefulness of ancient Medals.*

Dúrably. *adv.* In a durable or lasting manner.

There indeed he found his fame flourishing, his monuments engraved in marble, and yet more *durably* in men's memories.—*Sir P. Sidney.*

By the books is meant the knowledge of God, in which all things are kept as *durably*, and distinctly, as if they were registered in a book.—*South, Sermons*, vii. 270.

Dúrance. *s.*

1. Imprisonment; custody or power of a jailer; prison.

Thy Dol, and Helen of thy noble thoughts,
Is in base *durance* and contagious prison;
Haul'd thither by mechanick dirty hands.
Shakespear, Henry IV. Part II. v. 5.

A poor, innocent, forlorn stranger, languishing in *durance*, upon the false accusations of a lying, insolent, whorish woman.—*South.*

There's neither iron bar nor gate,
Portcullis, chain, nor bolt, nor grate;
And yet men *durance* there abide,
In dungeons scarce three inches wide.
Butler, Hudibras.

Notwithstanding the warning and example before me, I commit myself to lasting *durance*.—*Congreve, Old Bachelor.*

2. Duration. *Rare.*

Sick nature at that instant trembled round,
And mother earth sigh'd as she felt the wound:
Of how short *durance* was this new made state!
How far more mighty than heaven's love, hell's hate!
Dryden.

3. Kind of clothing stuff. See Everlasting. *Obsolete.*

The taylor ... out of seven yards stole one and a half of *durance*.—*Three Ladies of London*, 1584.

Durátion. *s.* Continuance in time.

Duration is a circumstance so essential to happiness, that if we conceived it possible for the joys of heaven itself to pass from us in an instant, we should find ourselves not much concerned for the attainment of them.—*Rogers.*

Aristotle, by greatness of action, does not only mean it should be great in its nature, but also in its *duration*, that it should have a due length in it.—*Addison, Spectator.*

Dure. *adj.* Hard. *Rare.*

What *dure* and cruell penance dooe I sustaine for none offence at all!—*Palace of Pleasure*, vol. i. 4. (Nares by H. and W.)

Dure. *v. n.* [Lat. *duro.*] Endure; last. *Rare.*

The delights and pleasures of the world are most pleasing while they *dure*.—*Sir W. Raleigh, History of the World.*

Yet hath he not root in himself, but *dureth* for a while.—*Matthew*, xiii. 21.

He that can trot a courser, break a rush,
And, armed in proof, dare *dure* a straw's strong push.
Marston, Satires, i. (Nares by H. and W.)

Dúreful. *adj.* Durable. *Rare.*

The *dureful* oak, whose sap is not yet dry'd,
Is long ere it conceive the kindling fire;
But when it once doth burn, it doth divide
Great heat, and makes his flames to heaven aspire.
Spenser.

Dúreless. *adj.* Deficient in, or destitute of, duration; wanting continuance; fading; transitory; short. *Rare.*

Yet were that aptitude natural, more inclinable to follow and embrace the false and *dureless* pleasures of this stage-play world, than to become the shadow of God.—*Sir W. Raleigh, History of the World.*

Dúress. *s.*

1. Imprisonment; constraint; confinement.

If he should through pride your doom undo,
Do you by *duresse* him compel thereto.
Spenser, Faerie Queen, iv. 12, 10.

The case is very hard; and I fear the plea she is advised to make, from the similitude of a man who is in *duresse*, will not prevail.—*Tatler*, no. 215.

Henry III., by the ill counsel of Hubert de Burg, pretended that these charters had been obtained by *duresse*.—*Bishop Ellys, Tracts on Liberty*, pt. ii. p. 56.

The plan, thus amended, received the sanction of the Commons more easily than might have been expected from the violence of the adverse clamour. In truth, the Parliament was under *duress*. Money must be had, and could in no way be had so easily.—*Macaulay, History of England*, ch. xx.

2. In *Law.* Plea used by way of exception, by him who, under the influence of illegal imprisonment, or of threats, enters into a contract. Such contract is not void, but voidable at the instance of the party practised upon.

Duret. *s.* Kind of dance. The *dance* itself, rather than the name, *obsolete.*

The knights take their ladies to dance with them galliards, *durets*, corantoes.—*Beaumont and Fletcher, Masque at Gray's Inn.* (Nares by H. and W.)

Dúring. *prep.* For the time of the continuance of; while anything lasts.

If during his childhood he be constantly and rigorously kept from drinking cold liquor whilst he is hot, forbearance grows into a habit.—*Locke.*

Dúrity. *s.* Hardness; firmness. *Rare.*

The ancients did burn their firmest stone, and even fragments of marble, which in time became almost marble again, at least of indissoluble *durity*, as appeareth in the standing theatres.—*Sir H. Wotton, Elements of Architecture.*

Irradiancy or sparkling, found in many gems, is not discoverable in this; for it cometh short of their compactness and *durity*.—*Sir T. Browne, Vulgar Errorrs.*

Dúrous. *adj.* Hard. *Rare.*

They all of them vary much from their primitive tenderness and bigness, and so become more *durous*. —*Smith, Portrait of Old Age*, p. 186.

Dúrstingly. *adv.* In a daring manner. *Rare.*

Dirstelie, boldly, or as we might say, *durstingly*, of one daring to doe a thing of hazard or difficulty. —*Verstegan, Restitution of Decayed Intelligence.*

Dusk. *adj.* [? connected with *dull*; Swedish, *dusk* = dull weather; Provincial Danish, *dulsk*.—see Wedgwood.] Tending to darkness.

A pathless desert, *dusk* with horrid shades. *Milton, Paradise Regained*, i. 296.

Dusk. *s.*

1. Tendency to darkness; incipient obscurity.

I will wait on you in the *dusk* of the evening, with my show upon my back.—*Spectator.*

2. Darkness of colour; tendency to blackness.

Some sprinkled freckles on his face were seen, Whose *dusk* set off the whiteness of the skin. *Dryden.*

Dusk. *v. a.* Make dusk. *Rare.*

The wanton wallowing In fond delights, and amorous dallying, Hath *dusk'd* the fairest splendour of our soul. *Marston, Scourge of Villainy*, iii. 8.

Dúsken. *v. a.* Make dusk; render obscure. *Rare* as compared with *darken*, a word of the same form and similar meaning.

And yet, neuertheless, the sayd epigrame was not vtterly defaced, but onely *duskened* or so rased, that it might be redde, thoughe that with some difficulty.—*Nicoll, Thucydides*, fol. 163.

Dúskiness. *s.* Attribute suggested by Dusky; incipient obscurity.

Time had somewhat sullied the colour of it with such a kind of *duskiness*, as we may observe in pictures that have hung in some smoky room.—*Translation of Boetius*, p. 3: Oxford, 1674.

Dúskish. *adj.* Inclining to darkness or blackness.

From his infernal furnace forth he threw Huge flames, that dimmed all the heaven's light, Enrolled in *duskish* smoke. *Spenser, Faerie Queen.*

Sight is not contented with sudden departments from one extreme to another; therefore let them have rather a *duskish* tincture than an absolute black.—*Sir H. Wotton, Elements of Architecture.*

Dúskishly. *adv.* In a duskish manner.

The sawdust burned fair, till part of the candle consumed: the dust gathering about the snast, made the snast to burn *duskishly*.—*Bacon, Natural and Experimental History.*

Dúskishness. *s.* Attribute suggested by Duskish; approach to darkness.

The harts use dictamnus. The swallows the hearbe celidonia. The weasel fennel seed, for the *duskishnesse* and blearishnesse of her eyes.—*Passenger of Benvenuto.* (Nares by H. and W.)

For who can it unfold, and read aright The divers colours, and the tinctures fair, Which in this various vesture changes write Of light, of *duskishness* of thick, of rare Consistencies? *Dr. H. More, Song of the Soul*, i. 1, 22.

Dúskness. *s.* Attribute suggested by Dusk; dimness.

Of satiety or fulnesses be ingendered painful diseases and sicknesses . . . great bleedings, cramps, *duskness* of sight.—*Sir T. Elyot, The Governour*, fol. 191. b.

Dúsky. *adj.*

1. Tending to darkness; obscure; not luminous.

Here dies the *dusky* torch of Mortimer, Chok'd with ambition of the meaner sort. *Shakespear, Henry VI. Part I.* ii. 5.

There fierce winds o'er *dusky* valleys blow, Whose every puff bears empty shades away. *Dryden.*

Through the plains of one continual day, Six shining months pursue their even way; And six succeeding urge their *dusky* flight, Obscur'd with vapours and o'erwhelm'd in night. *Prior.*

2. Tending to blackness; dark-coloured; not clear; not bright.

When Jove in *dusky* clouds involves the skies, And the faint crescent shoots by fits before their eyes. *Dryden.*

By mixing such powders, we are not to expect a strong and full white, such as is that of paper; but some *dusky* obscure one, such as might arise from a mixture of light and darkness; or from white and black; that is, a grey, or dun, or russet brown.—*Sir I. Newton, Opticks.*

Used *adjectivally*, or as the *first element* in a *compound*.

It is not green, but of a *dusky* brown colour.—*Bacon.*

The surface is of a *dusky* yellow colour.—*Woodward.*

3. Gloomy; sad; intellectually cloudy.

While he continues in life, this *dusky* scene of horrour, this melancholy prospect of final perdition, will frequently occur to his fancy.—*Bentley, Sermons.*

Umbriel, a *dusky*, melancholy sprite, As ever sully'd the fair face of light, Down to the central earth, his proper scene, Repairs to search the gloomy cave of Spleen. *Pope.*

Dust. *s.* [A.S. *dust*; German, *dunst*.]

1. Earth or other matter reduced to small particles.

Dust helpeth the fruitfulness of trees, insomuch as they cast *dust* upon them: that powdering, when a shower cometh, maketh a soiling to the tree, being earth and water finely laid on.—*Bacon, Natural and Experimental History.*

2. Grave; state of dissolution.

The sceptre, learning, physick must All follow this, and come to *dust*. *Shakespear, Cymbeline*, iv. 2, song.

3. Ground, or earth, considered in respect to its lowness or depression, as opposed to the exaltation of objects raised aloft.

God raiseth up the poor out of the *dust*, to set them among princes.—1 *Samuel*, ii. 8.

Aye! down to the *dust* with them, slaves as they are! *Moore.*

Bite the dust. Fall or be thrown.

Down with your dust. Slang for put down your money.

Come, fifty pounds here, *down with your dust*.—Ay, papa, *down with your dust!*—You hussy! I'll *dust your gown* for you!—*O'Keefe, Fontainebleau*, ii. 3.

Dust your gown. Flog your back.

(For example see preceding extract.)

Kick up a dust. Make a disturbance.

Throw dust in the eyes. Bewilder; confuse.

Dust. *v. a.*

1. Sprinkle with dust.

Shimei threw stones at him, and cast dust [in the margin, *dusted* him with dust].—2 *Samuel*, xvi. 13.

2. Free from dust by means of a duster or cane: (in the latter case, especially when followed by the name of some part of the dress, it means *beat the wearer*; as, '*Dust* one's jacket, gown,' &c.).

Observe, my English gentleman, that blowes have a wonderfull prerogative in the feminine sex; for, if she be a bad woman, there is no more proper plaister to mend her than this; but if (which is a rare chance) she be good, to *dust* her often hath in it a singular, unknowne, and, as it were, an inscrutable vertue to make her much better and to reduce her, if possible, to perfection.—*Passenger of Benvenuto*: 1612. (Nares by H. and W.)

Dúster. *s.*

1. That which frees from dust: (either by *wiping*, as with a cloth; or by *sweeping*, as with a brush).

A *duster* made of a fox-tail fastened to a staff.—*Cotgrave*, in v. *Vistempenard.*

Dusters were anciently the tails of oxen or foxes. —*Fosbroke, Encyclopædia of Antiquities.*

2. Sieve, or sifter, used in making gunpowder.

The lower sieve is called the dry *duster*, and retains the small corns, which serve for musquet and pistol; and lets fall the dust into the bin.—*Bishop Sprat, History of the Royal Society*, p. 283.

Dústiness. *s.* Attribute suggested by Dusty; state of being covered with dust.

He ran over the heat of the weather, *dustiness* of the roads, and other general topicks.—*Graves, Spiritual Quixote*, iii. 2.

Dústman. *s.* One whose employment is to carry away house dust.

The *dustman's* cart offends thy clothes and eyes, When through the street a cloud of ashes flies. *Gay.*

Dústpoint. *s.* Old game so called.

Down go our books and scrips, and we to nine holes fall, At *dust-point* or at quoits. *Drayton, Nymphal*, p. 6: 1496. (Nares by H. and W.)

Like a great school-boy that has been blown up Last night at *dust-point*. *Beaumont and Fletcher, The Captain*, iii. 3. (Nares by H. and W.)

Dústy. *adj.*

1. Filled with dust; clouded with dust.

All our yesterdays have lighted fools The way to *dusty* death. *Shakespear, Macbeth*, v. 5.

Arms and the *dusty* fields I less admire, And soften strangely in some new desire. *Dryden.*

2. Covered or scattered over with dust.

Even Drudgery himself, As at the car he sweats, or *dusty* hews The palace stone, looks gay. *Thomson, Seasons, Summer.*

Dúteous. *adj.*

1. Obedient; obsequious; respectful to those who have natural or legal authority.

A female softness, with a manly mind; A *duteous* daughter, and a sister kind. *Dryden.*

Who taught the bee with winds and rains to strive, To bring her burden to the certain hive; And through the liquid fields again to pass *Duteous*, and hark'ning to the sounding brass? *Prior.*

2. Obsequious; obedient; (the purpose being either *good* or *bad*).

With *at*.

Every beast, more *duteous at* her call, Than at Circean call the herd disguis'd. *Milton, Paradise Lost*, ix. 521.

With *to*.

I know thee well; a serviceable villain! As *duteous to* the vices of thy mistress, As badness would desire. *Shakespear, King Lear*, iv. 6.

3. Enjoined by duty; enforced by the relation of one to another. *Obsolete.*

With mine own tongue deny my sacred right, With mine own breath release all *duteous* oaths. *Shakespear, Richard II.* iv. 1.

Dúteousness. *s.* Attribute suggested by Duteous.

If pity goes before, whatever *duteousness* or observance comes afterwards, it cannot easily be amiss. —*Jeremy Taylor, Ductor Dubitantium*, ii. 312. (Ord MS.)

Dútiful. *adj.*

1. Obedient; submissive to natural or legal superiors; reverent.

She died in an extreme old age, without pain, under the care of the most *dutiful* son that I have ever known or heard of.—*Swift, Letter to Pope.*

2. Expressive of respect; giving token of reverence; respectful; reverential.

There would she kiss the ground, and thank the trees, bless the air, and do *dutiful* reverence to every thing she thought did accompany her at their first meeting.—*Sir P. Sidney.*

Dútifully. *adv.* In a dutiful manner; obediently; submissively; reverently; respectfully.

His daughter Philoclea he found at that time *dutifully* watching by her mother, and Miso curiously watching her.—*Sir P. Sidney.*

He with joyful, nimble wing, Flew *dutifully* back again, And made an humble chaplet for the king. *Swift.*

Dútifulness. *s.* Attribute suggested by Dutiful; obedience; submission to just authority; reverence; respect.

It is a strange kind of civility, and an evil *dutifulness* in friends and relatives, to suffer him to perish without reproof or medicine, rather than to seem unmannerly to a great sinner.—*Jeremy Taylor, Rule and Exercises of Holy Living.*

Dúty. *s.*

1. That to which a man is by any natural or legal obligation bound.

When ye shall have done all those things which are commanded you, say, We are unprofitable servants: we have done that which was our *duty* to do. —*Luke*, xvii. 10.

The pain children feel from any necessity of nature, it is the *duty* of parents to relieve.—*Locke.*

2. Acts or forbearances required by religion or morality: (in this sense it has a *plural*).

Good my lord, You have begot me, bred me, lov'd me; I Return those *duties* back, as are right fit; Obey you, love you, and most honour you. *Shakespear, King Lear*, i. 1.

All our *duty* is set down in our prayers, because in all our *duty* we beg the Divine assistance; and remember that you are bound to do all those *duties*, for the doing of which you have prayed for the Divine assistance.—*Jeremy Taylor, Devotions.*

3. Obedience or submission due to parents, governors, or superiors; loyalty.

Thinkest thou that *duty* shall have dread to speak,

When power to flattery bows? To plainness honour
Is bound, when majesty to folly falls.
Shakespear, King Lear, i. 1.

God's party will appear small, and the king's not greater; it being not probable that those should have sense of *duty* to him that had none to God.—*Dr. H. More, Decay of Christian Piety.*

4. Act of reverence or respect.

They both attone;
Did *duty* to their lady as became.
Spenser, Faerie Queen.

You be going, Miss? I thank you for looking in. My *duty* to my master. I was thinking of bringing up one of those cheeses he likes so.—*Disraeli the younger, The Young Duke*, b. v. ch. ii.

5. Business of a soldier or soldiers in service, or on guard.

The regiment did *duty* there punctually.—*Lord Clarendon, History of the Grand Rebellion.*

The night came and severed them, all parties being tired with the *duty* of the day.—*Ibid.*

See how the madmen bleed! Behold the gains
With which their master, love, rewards their pains!
For sev'n long years, on *duty* every day,
Lo! their obedience and their monarch's pay!
Dryden.

Otho, as often as Galba supped with him, used to give every soldier upon *duty* an aureus.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

6. Tax; impost; custom; toll.

All the wines make their way through several *duties* and taxes, before they reach the port.—*Addison.*

Canada ... has by her high import *duties* raised up against herself a protected manufacturing interest. These *duties* ... are now said to be imposed only with a view to revenue. ... The *duties* have been high enough to divert Canadian capital from its natural investment in the opening up, improving, and settling a vast territory hitherto very sparsely inhabited, and to turn it into the premature creation of manufactures. This result has of course been produced, not by the effect of the high *duties* in raising a revenue, but by their effect in keeping out foreign manufactured goods. ... If the Canadian *duties* were low in amount, there would be imported into Canada not only enough of better and cheaper goods than she now obtains for her own consumption, but for the consumption of a very considerable portion of the United States. The Canadian high *duties* are a great protection to the United States against that vast and systematic smuggling across the frontier which the American tariff encourages. ... She must at length become alive to the fact that high *duties* do not raise large revenues merely because those who impose them declare that they are imposed with that purpose, and that if the wealth of states and individuals must arise from trade and commerce, the first care of the state ought to be to leave trade and commerce unfettered.—*Times*, August 11, 1865.

Dútyable. *adj.* Liable to duty, or duties, in the commercial sense of the term.

(For example see extract under Excise.)

Duúmvirate. *s.* [Lat. *duumviratus*, from *duumviri.*] Government or jurisdiction among the Romans, exercised by two; office or dignity of the duumviri: (such is the case, in this country, with regard to the shrievalty of London and Middlesex, which consists of *two* persons).

(For example see extract under Triumvirate.)

Dwale. *s.* [Danish, *dwæ-bær* = stupefying berry.—see Wedgwood.] Native poisonous and medicinal solanaceous plant, so called: (Atropa Belladonna; called also *deadly nightshade*).

Dwale, or sleeping nightshade, hath round blackish stalkes.—*Gerarde, Herball*: ed. 1633.

Dwarf. *s.* [A.S. *dweorg.*] Man below the common size of men; mannikin.

The champion stout,
Eftsoones dismounted from his courser brave,
And to the *dwarf* awhile his needless spear he gave.
Spenser, Faerie Queen.

Get you gone, you *dwarf!*
You minimus, of hind'ring knot-grass made.
Shakespear, Midsummer-Night's Dream, iii. 2.

They but now who seem'd
In bigness to surpass earth's giant sons,
Now less than smallest *dwarfs*, in narrow room
Throng numberless.
Milton, Paradise Lost, i. 777.

A *dwarf* behind his steam-engine may move mountains; but no *dwarf* will hew them down with a pickaxe; and he must be a Titan that hurls them abroad with his arms.—*Carlyle, Miscellaneous Essays, Burns.*

Applied to *undersized objects* in general.

In a delicate plantation of trees, all well-grown, fair, and smooth, one *dwarf* was knotty and crooked, and the rest had it in derision.—*Sir R. L'Estrange.*

Used *adjectivally*, or as the *first element* in a *compound.*

Saw off the stock in a smooth place; and for *dwarf* trees, graft them within four fingers of the ground.—*Mortimer, Husbandry.*

Great is this mysterie of godliness,
Exceeding man's *dwarf* wit.
Fitzgeffrey, Blessed Birthday, p. 23: 1634.

Dwarf. *v. a.* [for final *f* see Elf.] Hinder from growing to the natural bulk; lessen; make little.

It is reported that a good strong canvas, spread over a tree, grafted low, soon after it putteth forth, will *dwarf* it, and make it spread.—*Bacon, Natural and Experimental History.*

The whole sex is in a manner *dwarfed*, and shrunk into a race of beauties that seems almost another species.—*Addison.*

Thus it was, that the national character of the Scotch was, in the seventeenth century, *dwarfed* and mutilated.—*Buckle, History of Civilization in England*, vol. ii. ch. v.

Dwarf. *v. n.* Become dwarfish or stunted in growth.

As it grew, it *dwarfed.*—*Buckle, History of Civilization in England*, vol. ii. ch. ii.

Dwárfish. *adj.* Like a dwarf.

And are you grown so high in his esteem,
Because I am so *dwarfish* and so low?
Shakespear, Midsummer Night's Dream, iii. 2.

A thicket close beside the grove there stood,
With briars and brambles choak'd, and *dwarfish* wood.
Dryden.

We should have lost oaks and cedars, and the other tall and lofty sons of the forest, and have found nothing but *dwarfish* shrubs, and creeping moss, and despicable mushrooms.—*Bentley.*

Dwárfishness. *s.* Attribute suggested by Dwarfish; minuteness of stature; littleness.

So when our blessed Saviour tells us we cannot by our taking thought add to our real stature one cubit; he doth not hereby deny the possibility or lawfulness of setting ourselves higher than naturally we are, either by the heels of our shoes, or by pattens or seats, and the like inventions, which seek to give an advantage of procerity and comeliness to our stature; which, if shrunk to a *dwarfishness*, and epitomized to a decimo-sexto, makes the persons of men and women subject to be as little in the eyes and esteem of others, as they are in their own inches or size.—*Jeremy Taylor, Artificial Handsomeness*, p. 75.

Dwárfling. *s.* Diminutive dwarf.

When the *dwarfling* did perceive me.
Sylvester, Du Bartas. (Trench.)

Dwárfy. *adj.* Below the common size of men.

Though I am squint-eyed, lame, bald, *dwarfy*, &c. yet these deformities are toys.—*Waterhouse, Apology for Learning*, p. 65: 1653.

Dwell. *v. n.* [Danish, *dvœle* = tarry; in A.S. *dwelian* = deceive.—Wedgwood connects the two meanings *balk, hinder, delay.*]

1. Remain.

And clapt his iron wings, as victor he did *dwell.*
Spenser, Faerie Queen, i. 11, 31.

2. Inhabit; live in a place; reside; have a habitation.

If thy brother that *dwelleth* by thee be waxen poor, and be sold unto thee, thou shalt not compel him to serve as a bond servant.—*Leviticus*, xxv. 39.

Why are you vex'd, lady? Why do you frown?
Here *dwell* no frowns nor anger; from these gates
Sorrow flies far.
Milton, Comus, 666.

3. Live in any form of habitation.

Abraham sojourned in the land of promise as in a strange country, *dwelling* in tabernacles.—*Hebrews*, xi. 9.

4. Be in any state or condition.

'Tis safer to be that which we destroy,
Than by destruction *dwell* in doubtful joy.
Shakespear, Macbeth, iii. 2.

5. Be suspended with attention; hang upon with care or fondness.

He in great passion all this while did *dwell*;
More busy his quick eyes, her face to view,
Than his dull ears, to hear what she did tell.
Spenser.

Such was that face, on which I *dwelt* with joy,
Ere Greece assembled stemm'd the tides to Troy.
Pope.

6. Continue long speaking.

He preach'd the joys of heaven, and pains of hell,
And warn'd the sinner with becoming zeal;
But on eternal mercy lov'd to *dwell.*
Dryden, Good Parson.

We have *dwelt* pretty long on the considerations of space and duration.—*Locke.*

Those, who defend our negotiators, *dwell* upon their zeal and patience.—*Swift.*

Dwell. *v. a.* Inhabit. *Rare.*

I saw and heard; for we sometimes
Who *dwell* this wild, constrain'd by want, come forth
To town or village nigh.
Milton, Paradise Regained, i. 330.

Dwéller. *s.* One who dwells; inhabitant; one who lives in any place.

The houses being kept up, did of necessity enforce a *dweller*; and the proportion of land for occupation being kept up, did of necessity enforce that *dweller* not to be beggar or cottager, but a man of some substance.—*Bacon, History of the Reign of Henry VII.*

Their cries soon waken all the *dwellers* near;
Now murmuring noises rise in every street. *Dryden.*

Dwélling. *s.*

1. Habitation; place of residence; abode.

His *dwelling* is low in a valley green.
Spenser, Faerie Queen.

Hazor shall be a *dwelling* for dragons, and a desolation for ever.—*Jeremiah*, xlix. 33.

If he have several *dwellings*, let him sort them so, that what he wanteth in the one he may find in the other.—*Bacon.*

The living few, and frequent funerals then,
Proclaim'd thy wrath on this forsaken place
And now those few, who are return'd again,
Thy searching judgments to their *dwellings* trace.
Dryden.

2. State of life; mode of living.

Thy *dwelling* shall be with the beasts of the field.—*Daniel*, iv. 25.

Dwéllinghouse. *s.* House in which one lives.

A person ought always to be cited at the place of his *dwellinghouse*, which he has in respect of his habitation and usual residence; and not at the house which he has in respect of his estate, or the place of his birth.—*Ayliffe, Parergon Juris Canonici.*

Dwéllingplace. *s.* Place of residence.

People do often change their *dwellingplaces*, and some must die, whilst other some do grow up into strength.—*Spenser, View of the State of Ireland.*

Dwíndle. *v. n.* [A.S. *dwinan.*]

1. Shrink; lose bulk; grow little.

Proper names, when familiarized in English, *dwindle* to monosyllables; whereas in other languages they receive a softer turn, by the addition of a new syllable.—*Addison.*

A contemporary writer, who was evidently well acquainted with Ireland, asserted that the authors of the report had valued the forfeited property in Carlow at six times the real market price, and that the two million six hundred thousand pounds, of which they talked, would be found to shrink to about half a million, which, as the exchanges then stood between Dublin and London, would have *dwindled* to four hundred thousand pounds by the time that it reached the English Exchequer.—*Macaulay, History of England*, ch. xxv.

During the following summer and autumn, the coins went on *dwindling*, and the cry of distress from every county in the realm became louder and more piercing.—*Ibid.* ch. xxi.

From which mode of presenting the facts it will become manifest not only that, as we all know, hypothesis must precede induction; but further, that every hypothesis is an induction in the incipient stage: capable of being developed into one if there are facts for it to assimilate; fated to *dwindle* away if there are none.—*Herbert Spencer, Principles of Psychology.*

2. Degenerate; sink.

If there have been such a gradual diminution of the generative faculty of the earth, that it hath *dwindled* from nobler animals to puny mice and insects, why was there not the like decay in the production of vegetables?—*Bentley.*

Religious societies, though begun with excellent intentions, are said to have *dwindled* into factious clubs.—*Swift.*

He found the expected council was *dwindling* into a conventicle.—*Bishop Atterbury.*

3. Wear away; lose health; grow feeble.

Weary sev'nnights, nine times nine,
Shall he *dwindle*, peak, and pine.
Shakespear, Macbeth, i. 3.

We see, that some small part of the foot being injured by a wrench or a blow, the whole leg or thigh thereby loses its strength and nourishment, and *dwindles* away.—*Locke.*

In the following extracts, the construction seems to be that of '*is* gone,' &c., where the use of the copula gives the construction the appearance of being that of an active verb.

'Tis now *dwindled* down to a light frothy stuff.—*Norris.*

Under Greenvil, there were only five hundred foot, and three hundred horse, left; the rest were *dwindled* away.—*Lord Clarendon, History of the Grand Rebellion*

Dwíndled. *part.-adj.* Shrunk; fallen away.
Setting up one foot parallel to the other; filling out the leanness of their *dwindled* legs, and the like. —*Jeremy Taylor, Artificial Handsomeness*, p. 44.

Dwíndling. *part. adj.* Shrinking; losing bulk.
Physicians, with their milky cheer,
The love-sick maid and *dwindling* beau repair. *Gay.*

Dýad. *s.* [Gr. *δυάς, δυάδος.*] Two units treated as one; pair; couple. *Rare.*
A point answers to a monad, and a line to a *dyad*, and a superficies to a triad.—*Cudworth, Intellectual System*, p. 376.

Dye. *v. a.* [A.S. *deagan.*] Tinge; stain; colour.
Moses speaks of a raiment *dyed* blue, and purple, and scarlet, and of sheepskins *dyed* red.... Tyre, however, was the nation of antiquity which made *dyeing* its chief occupation and the staple of its commerce.... Homer marks no less the value than the antiquity of this *dye* by describing his heroes as arrayed in purple robes.... *Dyeing* was little cultivated in ancient Greece.... *Dyeing* baths are coppers heated directly by a furnace, or by means of steam conducted by a pipe from a boiler at a certain distance from the bath.... Those *dyebaths*... whose colouring matter is of the nature of extractive or apotheme, form a faster combination with stuffs. Thus the yellow, fawn, and brown dyes, which contain tannin and extractive, become oxygenated by contact of air, and insoluble in water; by which means they can impart a durable dye.—*Ure, Dictionary of Arts, Manufactures, and Mines, Dyeing.*

Dye. *s.* Colour effected by, or material used for, dyeing.
(For example see extract under preceding entry.)

Dyébath. *s.* Bath, vat, or cistern for dyeing.
(For example see extract under Dye.)

Dyédrug. *s.* Drug for dyeing.
(For example see extract under Dyestuff.)

Dyéhouse. *s.* House or establishment for dyeing.
(For example see extract under Dyestuff.)

Dyéing. *verbal abs.* Act of one who dyes; process for obtaining a dyer's colour.
Archil is, in general, a very useful ingredient in *dyeing*; but as it is rich in colour, and communicates an alluring bloom, *dyers* are often tempted to abuse it, and to exceed the proportions that can add to the beauty without, at the same time, in a dangerous manner, affecting the permanence of the colours.... The lichen must be of the third year's growth to yield an abundant *dye*; and that which grows near the sea is the best.... Since more solid *dyes* of the same shade have been invented, the archil has gone much into disuse.—*Ure, Dictionary of Arts, Manufactures, and Mines, Archil.*
I conceive much light would be given to the philosophy of *dying*, by careful experiments of the weight added by each drug or salt, in *dying* of every colour.—*Sir W. Petty, Sprat's History of the Royal Society*, p. 305.

Dyéing. *part. adj.* Fit or liable to be used as dyes; constituting or forming part of a dye.
Some *dying* ingredients or drugs, by the coarseness of their bodies, make the thread of the dyed stuff seem coarser.—*Sir W. Petty, Sprat's History of the Royal Society*, p. 303.

Dýer. *s.* One who dyes. See Dye.
Verdigrease is used by linen *dyers* in their yellow and greenish colours.—*Sir W. Petty, Sprat's History of the Royal Society*, p. 288.

Dyéstuff. *s.* Raw material for dyeing.
This invaluable blue *dyestuff*, for which no tolerable substitute has been found, was known to the ancients as a pigment under the name of Indicum, whence its present denomination.... Its general use in the *dye-houses* of both England and France was kept back by absurd laws founded upon an opinion that it was a fugitive *dye-drug*, and even prejudicial to the fibre of wool. The plants which afford this *dye-drug* grow in the East and West Indies, in the middle regions of America, in Africa, and Europe. They are all species of the genera Indigofera, Isatis, and Nerium.—*Ure, Dictionary of Arts, Manufactures, and Mines, Indigo.*

Dýing. *verbal abs.* Act of that which dies; passage from life to death: (common with *day* in a construction either *adjectival*, or that of the *first element* in a *compound*. This word has, even by high authorities, been treated as a participle or participial adjective. In such expressions as 'a *dying* man,' this is really the case, but not in the construction under notice).
And this for law I will maintain
Until my *dying day*, sir,
That whatsoever king shall reign,
I'll be the vicar of Bray, sir. *Old Song.*

Dýingly. *adv.* In a dying manner; solemnly as if dying. *Rare.*
I can *dyingly*, and boldly, say,
I know not your dishonour.
Beaumont and Fletcher, Love's Pilgrimage.

Dyke. *s.* [the use of *y* in the spelling of this word is Dutch, and, as many of the great English drains were made under the direction of Dutch engineers, the word, in some cases, has been introduced under this form. As such, it is generally a proper, rather than a common, name. For the original English form, derived, along with *ditch*, from the A.S. *dic*, is most properly spelt with *i*; any instances to the contrary having arisen out of a confusion between the two concurrent forms.] In the following extract it means the embankment rather than the depression.
Then the whole Greek army poured into the town by the moles or *dykes* which they had thrown across from the main land to the shore of Motza, and the place was taken by storm.—*Arnold, History of Rome*, ch. xxi.

Dynámic. *adj.* [Gr. *δυναμική* = invested with power, acting as a power or force, *δύναμις.*] Having the character of a force.
Magnetism, as was proved by the important discovery of Faraday, will produce electricity, but with this peculiarity,—that in itself it is static; and therefore, to produce a *dynamic* force, motion must be superadded to it; it is, in fact, directive, not motive, altering the direction of other forces, but not, in strictness, initiating them.—*Grove, Correlation of Physical Forces.*

Dynámical. *adj.* Same as Dynamic: (of which it is the *commoner*, though not the more *correct*, form).
That relation between object and subject which is established in the act of perception,... assumes three distinct aspects, according as there is some species of activity on the part of the object; or the part of the subject; or on the part of both. If, while the subject is passive, the object is working an effect upon it,... there results in the subject, a perception of what is usually termed a secondary property of body; but what may be better termed a *dynamical* property. If the subject is directly acting upon the object by grasping, thrusting, pulling, or any other mechanical process; and the object is reacting, as it must, to an equivalent extent; the subject perceives those variously modified kinds of resistance which have been classed as the secundo-primary properties; but which I prefer to class as statico-*dynamical*. And if the subject alone is active... then the property perceived is of the kind commonly known as primary, but here named statical.... Beginning with these contingent attributes as contemplated in themselves, let us, in the first place, consider the propriety of classing them as *dynamical*. The most familiar ones are obviously manifestations of certain forms of force. Of sound, we know, not only that it becomes sensible to us solely through vibrations of the membrana tympani—not only that these vibrations are caused by waves in the air; but we know that the body whence they proceed must be thrown into a vibratory state by some mechanical force—that it must propagate undulations through surrounding matter—and that in this purely *dynamical* action consists the production of sound. Respecting heat,... its multiplied phenomena are resolved into *dynamical* ones.—*Herbert Spencer, Principles of Psychology*, ch. x. § 49.

Dynámics. *s.* [for the final *-s*, see Chromatics.] Doctrine or study of force or forces; that part of mechanics which deals with forces in action, as opposed to forces in equilibrium.
The treatise of Galileo, Della Scienza Mecanica,... is chiefly confined to statics, or the doctrine of equilibrium; it was in his dialogues on motion, Della Nuova Scienza, published in 1638, that he developed his great principles of the science of *dynamics*, the moving force of bodies.... Still less was known of the principles of *dynamics* than of those of statics, till Galileo came to investigate them. The acceleration of falling bodies, whether perpendicularly or on inclined planes, was evident; but in what ratio this took place, no one had succeeded in determining, though many had offered conjectures. He showed that the velocity acquired was proportional to the time from the commencement of falling.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, pt. iii. ch. viii. § 38, 89.
It appears from our history, that certain truths concerning the equilibrium of bodies were established by Archimedes;—that, after a long interval of inactivity, his principles were extended and pursued further in modern times;—and that to these doctrines concerning equilibrium and the forces which produce it, (which constitute the science *Statics*,) were added many other doctrines concerning the motions of bodies, considered also as produced by forces, and thus the science of *Dynamics* was produced. The assemblage of these sciences composes the province of *Mechanics*. Moreover, philosophers have laboured to make out the laws of the equilibrium of fluid as well as solid bodies; and hence has arisen the science of Hydrostatics. And the doctrines of Mechanics have been found to have a most remarkable bearing upon the motions of the heavenly bodies; with reference to which, indeed, they were at first principally studied. The explanation of those cosmical facts by means of mechanical principles and their consequences, forms the science of physical astronomy. These are the principal examples of mechanical science; although some other portions of Physics, as Magnetism and Electro-*dynamics*, introduce mechanical doctrines very largely into their speculations.—*Whewell. History of Scientific Ideas*, b. iii. ch. i.
The empirical laws of society are of two kinds; some are uniformities of coexistence, some of succession. According as the science is occupied in ascertaining and verifying the former sort of uniformities or the latter, M. Comte gives it the title of Social Statics, or of Social *Dynamics*; conformably to the distinction in mechanics between the conditions of equilibrium and those of movement; or in biology, between the laws of organization and those of life. The first branch of the science ascertains the conditions of stability in the social union: the second, the laws of progress. Social *Dynamics* is the theory of society considered in a state of progressive movement; while Social Statics is the theory of the consensus already spoken of as existing among the different parts of the social organism. —*J. S. Mill, System of Logic.*

Dynamómeter. *s.* [Gr. *δύναμις* = power, and *μέτρον* = measure.] Instrument for measuring power: (its application various, e.g. to the *muscular power* of animals and the *force of steam*; its construction varying accordingly).
The experiments with the Rattler and Alecto give more precise results.... The power exerted by the engines of both vessels was ascertained by the indicator. The thrust also upon the screw shaft was ascertained by the *dynamometer*, an instrument consisting of a combination of levers, like a weighing machine for carts, in which a small weight balances a heavy pressure.... In some cases the *dynamometer* consists of a single long lever, the end of which is pressed by a spiral spring, and in other cases there is a combination of levers, by which the same purposes are subserved.—*Bourne, Treatise on the Screw Propeller*, ch. iv.

Dýnast. *s.*
1. Ruler; governor.
The ancient family of Des Ewes, *dynasts* or lords of the dition of Kessell.—*A. Wood, Athenæ Oxonienses*, ii. col. 110: ed. 1692.
2. Dynasty; government: (if it be not a *misprint*).
It might give some account for the heroical times of those Egyptian *dynasts*, pretending antiquity many years further back into the chaos than the Mosaical beginning.—*Gregory, Posthuma*, p. 142: 1650.

Dynástic. *adj.* Relating to, or consisting of, a dynasty; resting on the power of royal or ruling individuals, as opposed to the general sense of the community.
Prussia, ever mindful of strengthening her *dynastic* alliances, was connected with Russia too closely to hesitate.—*S. Edwards, The Polish Captivity.*

Dýnasty. *s.* [Gr. *δυναστεία*; Fr. *dynastie.*]
1. Government; sovereignty.
Some account him fabulous, because he carries up the Egyptian *dynasties* before the flood, yea, and long before the creation.—*Sir M. Hale, Origination of Mankind.*
2. Race or family of rulers; epoch constituted by their reigns.
This was the light put into the hands of the next *dynasty* of theologists, the schoolmen.—*Reeves, On the Psalms*, p. 18.

Dys-. [Gr. *δυς*, a syllable only found in composition, wherein it suggests a notion of *badness*, as opposed to *εὐ*, suggestive of *goodness*. See Eu-.]

Dýscrasy. *s.* [Gr. *δυσκρασία.*] Unequal mixture of elements in the blood or nervous juice; distemperature, when some humour or quality abounds in the body.
I will somewhat write of two *dyscrasies* of the body.—*Sir T. Elyot, Castel of Helthe*, b. 4: 1541.
Sin is but a disease and *dyscrasy* in the soul.—*Cudworth, Sermons*, p. 81: 1676.

In this pituitous *dyscrasy* of blood, we must vomit off the pituita, and purge upon intermissions.—*Sir J. Floyer, Preternatural State of the animal Humours.*

Dysentéric. *adj.* Relating to, constituting, or constituted by, Dysentery.

(For example see first extract under Dysentery.)

Dysentérious. *adj.* Dysenteric. *Rare.*

All will be but as delicate meats dressed for a *dysenterious* person, that can relish nothing, can retain nothing, receiveth no strength from them, is but the worse for them.—*Gataker*, p. 186. (Ord MS.)

Dýsentery. *s.* [Gr. δυσεντερία = bad condition of the intestines, ἔντερα.] In *Medicine.* Disease so called; looseness, wherein very ill humours flow off by stool, and are also sometimes attended with blood.

Dysentery was at least as prevalent in ancient as it has been in modern times. It is noticed by Hippocrates, Celsus, and particularly by Aretæus and Galen. The ancients were even not far wrong in their opinions respecting the seat of this disease, which they referred to the internal coats of the intestines—but attributed it too generally to erosion and ulceration. . . . The forms of *dysentery* are extremely diversified. . . . Sthenic *dysentery* presents various states and grades of severity, depending upon the nature of the cause, the state of the secretions, and the degree of inflammatory irritation or of spasmodic action of the bowels resulting therefrom. It may be preceded by constipation, or by diarrhœa; or the *dysenteric* symptoms may appear from the first, and be attended by chills or rigors. . . . In the dark races, *dysentery* is perhaps the most prevalent and fatal disease; and in negroes it generally takes the place of fevers, being, in the language of Sydenham, a low fever turned in upon the bowels. . . . Of the influence of exhalations from animal bodies in a state of decomposition, in causing the low forms of *dysentery*, I could produce, if my limits would permit, numerous proofs. Of the agency of impure water in producing *dysentery*, proofs are likewise numerous. I have myself seen several instances, in a warm climate, where it was the cause of the disease being epidemic there. In temperate countries, waters containing decayed animal matters, or an excess of uncombined alkali, cause diarrhœa more frequently than *dysentery*, or the former passing into the latter. But in warm climates, especially where water is collected and preserved in tanks, and in autumn, after warm summers, in colder countries, *dysentery* is the most common result. I have no doubt that the *dysentery* epidemic in London, during several successive autumns after the Great Plague, was owing to the same causes.—*Copland, Dictionary of Practical Medicine.*

From what has been said, it will be apparent that, compared with continental India, the securities for health in Ceylon are greatly in favour of the island. As to the formidable diseases which are common to both, their occurrence in either is characterised by the same appalling manifestations; *dysentery* fastens, with all its fearful concomitants, on the unwary and incautious, and cholera, with its dark horrors, sweeps mysteriously across neglected districts, exacting its hecatombs.—*Sir J. E. Tennent, Ceylon*, pt. i. ch. ii.

Dyspépsia. *s.* [Gr. δυσπέψια, from πέπτω = concoct, in the sense of digest.] Indigestion.

Dyspepsia or indigestion [is] impaired or fastidious appetite; slow and difficult digestion; sensations of discomfort referrible to the stomach, and frequently costiveness. *Dyspepsia* or indigestion has been employed as the generic designation of several disorders ranged under it as species, by most modern writers, and particularly by Sauvages and Cullen. Young and Good have limited the meaning of the term, by considering some of those disorders as altogether distinct from it. Dr. Todd, however, in an able and comprehensive article on the subject, has applied this term to all the functional disorders of the alimentary canal. . . . The confirmed or chronic form of *dyspepsia* may take place gradually or slowly, or as a consequence of the foregoing. . . . In the slighter states of irritative *dyspepsia*, the appetite is often increased, occasionally ravenous, in some instances impaired; thirst is generally present, and burning or heat of the soles of the feet and palms of the hands frequently occurs, particularly in warm or temperate weather. . . . *Dyspepsia* may terminate in a restoration of the healthy function of digestion; it may pass into more severe functional or structural disease of the stomach; it may superinduce disease of the liver, bowels, and other collatitious organs; it may give rise to affections of remote organs or parts; and, lastly, it may cause functional disorder of the heart. . . . But neglected *dyspepsia* is most frequently followed by inflammatory action, and its consequences, in the villous coat of the stomach. . . . In both sexes, cutaneous eruptions either originate in, or are perpetuated by, *dyspeptic* disorders, and by the state of the circulating fluids and of the cutaneous exhalation consequent upon them. —*Copland, Dictionary of Practical Medicine.*

Dyspéptic. *adj.* Characteristic of, consisting in, or relating to, indigestion.

(For example see extract under Dyspepsia.)

Dyspéptic. *s.* Dyspeptic person.

Habitual *dyspeptics*, and those affected by hepati obstructions, had better avoid a lengthened sojourn in Ceylon; but the tortures of rheumatism and gout if they be not reduced, are certainly postponed for longer intervals than those conceded to the same sufferers in England.—*Sir J. E. Tennent, Ceylon*, pt. i. ch. ii.

Dysphágia. *s.* [Gr. δυσφαγία = inability to eat, or difficulty in eating; from φάγω = eat.] In *Medicine.* Difficulty in swallowing.

Inability to swallow, *dysphagia*, is another of the hysterical vagaries relating to the parts about the throat.—*Watson, Lectures on the Principles and Practice of Physic*, lect. xxxviii.

Dyspnéa. *s.* [Gr δυσπνοίη, πνέω = breathe.] Difficulty in breathing.

Dyspnœa, difficulty of respiration, is one of the most prominent of these symptoms. . . . In *dyspnœa*, the breathing is almost always most difficult when the patient is lying flat on his back. One reason for this is plain. In the supine horizontal posture the action of the diaphragm is obstructed by the weight and pressure of the adjacent abdominal viscera, and the erect position obviates this. Upright breathing, orthopnœa, has come to be considered a distinct modification of *dyspnœa*. The patient cannot lie down.—*Watson, Lectures on the Principles and Practice of Physic*, lect. xxxviii.

Dysúria. *s.* Difficulty in passing urine.

Sometimes pain and difficulty in making water are added: there is *dysuria*, the irritation of the rectum being reflected upon the bladder through the lower portion of the spinal cord.—*Watson, Lectures on the Principles and Practice of Physic*, lect. lxxiii.

Dýsury. *s.* [Gr. δυσουρία; from οὐρέω = pass urine.] Difficulty in making urine.

It doth end in a dysentery, pains of the hæmorrhoids, inflammations of any of the lower parts, diabetes, a continual pissing, or a hot *dysury*, difficulty of making water.—*Harvey.*

E.

E

E. The fifth letter in the English alphabet. Except that it began with *H* (i.e. was aspirated), the Hebrew name was the same as the English, viz. *He.* This became in Greek, Ἒ ψιλόν = bare or naked E, as distinguished from *Eta*, which, word for word, is Aitch, the name of the English aspirate; but upon which we may remark that it begins with A instead of H. Putting these together, we may treat E, when under notice as the *name of a letter*, as the Hebrew *He* divested of its initial aspirate; in which case it is in the same category with *Aitch* and *Zed*; these being English forms of *Eta* and *Zeta*, and, as such, exceptional to the general rule concerning the names of the elements of the English alphabet, which is that they are approximations to the several sounds they are intended to suggest, rather than actual names, i.e. that they are in the category of A B D, rather than in that of Aleph, Beth, Daleth, or Alpha, Beta, Delta. The remarkable point, however, in E, is that the two methods coincide; E being in respect to its form the sound of the *ee* in *feet*, the Hebrew He, minus H, or the Greek Ἒ ψιλόν minus the qualifying adjective, indifferently. In Anglo-Saxon, when preceded by a vowel, it was often sounded as *y*.

EAGE

Each. *pron.* [A.S. *ælc.*—see Such and Which.] Every one of any number. See Either.

Let *each*
His adamantine coat gird well, and *each*
Fit well his helm. *Milton, Paradise Lost*, vi. 540.

For its construction with *other*, see One (*one another*).

Let *each* esteem *other* better than themselves.—*Philippians*, ii. 3.

Though your orbs of diff'rent greatness be,
Yet both are for *each other's* use dispos'd;
His to inclose, and your's to be inclos'd. *Dryden.*

Loveliest of women! heaven is in thy soul;
Beauty and virtue shine for ever round thee,
Bright'ning *each other!* Thou art all divine!
Addison, Cato.

Eáchwhere. *adv.* See Everywhere.

The cases questioned are, for the most part, such as you will confess, before the suspicion of anti-Christian apostacy, to have been *eachwhere* in the church.—*Bishop Hall, Remains*, p. 309.

Éager. *adj.* [Fr. *aigre*; Lat. *acer.*]

1. Vehement; ardent; struck with desire; keenly desirous; vehement in desire; hotly longing.

Apt as well to quicken the spirits as to allay that which is too *eager.*—*Hooker, Ecclesiastical Polity*, b. v. § 38.

Nor do the *eager* clamours of disputants yield more relief to eclipsed truth, than did the sounding brass of old to the labouring moon.—*Glanville, Scepsis Scientifica*, 19.

With joy th' ambitious youth his mother heard,
And *eager* for the journey soon prepar'd;
He longs the world beneath him to survey,
To guide the chariot, and to give the day. *Dryden.*

With *in.*

A man, charged with a crime of which he thinks himself innocent, is apt to be too *eager in* his own defence.—*Dryden.*

With *on.*

His Numidian genius
Is well dispos'd to mischief, were he prompt
And *eager on* it; but he must be spurr'd.
Addison, Cato.

2. Sharp; sour; acid.

With a sudden vigour it doth posset
And curd, like *eager* droppings into milk,
The thin and wholesome blood.
Shakespear, Hamlet, i. 5.

3. Keen; severe; biting.

The air bites shrewdly; it is very cold.—
It is a nipping and an *eager* air.
Shakespear, Hamlet, i. 4.

The resistance of bone to cold is greater than of flesh; for that the flesh shrinketh, but the bone resisteth, whereby the cold becometh more *eager.* —*Bacon, Natural and Experimental History.*

4. Brittle; inflexible; not ductile. *Technical.*

Gold will be sometimes so *eager*, as artists call it, that it will as little endure the hammer as glass itself.—*Locke.*

Éagerly. *adv.* In an eager manner.

1. With ardour or vehemence.

Brutus gave the word too early,
Who having some advantage on Octavius,
Took it too *eagerly*. *Shakespear, Julius Cæsar*, v. 3.

To the holy war how fast and *eagerly* did men go, when the priest persuaded them that whosoever died in that expedition was a martyr!—*South, Sermons.*

3. Keenly; sharply.

Abundance of rain froze so *eagerly* as it fell, that it seemed the depth of winter had of a sudden been come in.—*Knolles, History of the Turks.*

Éagerness. *s.* Attribute suggested by Eager; keenness of desire; ardour of inclination; desire; cupidity; greediness; haste; impatience.

She knew her distance, and did angle for me,
Madding my *eagerness* with her restraint.
Shakespear, All's well that ends well, v. 3.

Have you not seen, when whistled from the fist,
Some falcon stoop'd at what her eye design'd,
And, with her *eagerness*, the quarry miss'd?
Dryden.

It finds them in the *eagerness* and height of their devotion; they are speechless for the time that it continues, and prostrate and dead when it departs. —*Id.*

The *eagerness* and strong bent of the mind after knowledge, if not warily regulated, is often an hindrance to it.—*Locke.*

Detraction and obloquy are received with as much *eagerness* as wit and humour.—*Addison, Freeholder.*

Éagle. *s.* [Fr. *aigle*; Lat. *aquila.*]

1. Large raptorial bird so called, chiefly of the genus Aquila, some species being native.

Dismay'd not this
Our captains Macbeth and Banquo?—Yes,
As sparrows *eagles*, or the hare the lion.
Shakespear, Macbeth, i. 2.

Draw forth the monsters of th' abyss profound,
Or fetch th' aerial *eagle* to the ground.
Pope, Essay on Man.

2. Standard of the ancient Romans.

Arts still follow'd where Rome's *eagles* flew. *Pope.*

Eagle-eyed. *adj.* Sharpsighted as an eagle.

As he was rarely quick and perspicacious, so was he inwardly *eagle-eyed*, and perfectly versed in the humours of his subjects.—*Howell, Vocall Forrest.*

Ev'ry one is *eagle-ey'd* to see
Another's faults and his deformity.
Dryden, Persius's Satires, sat. iv.

Éaglestone. *s.* Stone, within another, said to be found at the entrance of the holes in which the eagles make their nests, and affirmed to have a particular virtue in defending the eagle's nest from thunder. See Geode.

If you stop the holes of a hawk's bell, it will make no ring, but a flat noise or rattle; and so doth the ætites, or *eaglestone*, which hath a little stone within it.—*Bacon, Natural and Experimental History.*

The *eaglestone* contains, in a cavity within it, a small loose stone, which rattles when it is shaken; and every fossil, with a nucleus in it, has obtained the name. The sort of analogy that was supposed to be between a stone, thus containing another within it, or, as the fanciful writers express it, pregnant with another, and a woman big with child, led people to imagine that it must have great virtues and effects in accelerating or retarding delivery; so that, if tied to the arm of a woman with child, it prevents abortion; and if to the leg, it promotes delivery. It is pretended, that the eagles seek for these stones to lay in their nests, and that they cannot hatch their young without. On such idle and imaginary virtues was raised all the credit which this famous fossil possessed for many ages.—*Sir J. Hill, History of the Materia Medica.*

Éaglet. *s.* Young eagle.

This treason of his sons did the king express in an emblem, wherein was an eagle with three *eaglets* tyring on her breast, and the fourth pecking at one of her eyes.—*Sir J. Davies.*

Éaglewood. *s.* [Lat. *agallochum.*] See extract.

Aloexylum Agallochum produces one of the two sorts of Calambac, *Eaglewood*, or Lign-aloes, a fragrant substance which Loureiro states ... consists of a concretion of the oily particles into a resin in the centre of the trunk: it is brought on by some disease, and in time the tree dies of it. Of all perfumes it is the most grateful to the oriental nations. ... Its scent is used against vertigo and paralysis.—*Lindley, Vegetable Kingdom, Fabaceæ.*

Égre. *s.* See Egre.

An *eagre* rides in triumph o'er the tide. *Dryden.*

Éalderman, Éaldorman. *s.* See Elder.

Eam. *s.* [A.S. *eam.*] Uncle. *Obsolete.*

Daughter, says she, fly, fly; behold, thy dame
Foreshows the treason of thy wretched *eame*.
Fairfax.

Éaning. *verbal abs.* See Yeaning.

Mark what Jacob did.
When Laban and himself were compromised,
That all the *eanlings* which were streaked and pied
Should fall as Jacob's hire; the ewes, being rank,
In end of autumn turned to the rams;
And when the work of generation was
Between these woolly breeders in the act,
The skilful shepherd peeled me certain wands,
And, in the doing of the deed of kind,
He stuck them up before the fulsome ewes,
Who, then conceiving, did in *eaning* time
Fall particoloured lambs, and those were Jacob's.
Shakespear, Merchant of Venice, i. 3.

Éanling. *s.* See Yeanling.

(For example see extract under preceding entry.)

Ear. *s.* [from A.S. *eare.*]

1. Organ of hearing.

His *ears* are open unto their cry.—*Psalms*, xxxiv. 15.

2. Delicacy of sense in music; power of judging of harmony; musical ear, good ear for music, or simply good ear.

She has a delicate *ear*, and her voice is music.—*Richardson.*

The faculty by which the relations of sounds are apprehended is a musical *ear* in the largest acceptation of the term. In this signification the faculty is nearly universal among men; for all persons have musical *ears* sufficiently delicate to understand and to imitate the modulations corresponding to various emotions in speaking; which modulations depend upon the succession of acuter and graver tones. These are the relations now spoken of, and these are plainly perceived by persons who have very imperfect musical *ears*, according to the common use of the phrase.—*Whewell, Novum Organon renovatum.*

3. Prominence raised on a larger body for the sake of holding it.

There are some vessels, which, if you offer to lift by the belly or bottom, you cannot stir them; but are soon removed, if you take them by the *ears*.—*Jeremy Taylor, Rule and Exercises of Holy Living.*

A quilted night-cap with one *ear*.—*Congreve, Way of the World.*

With a *double meaning.*

Little pitchers have great *ears* [i.e. little children may hear what they ought not to hear.]—*Proverb.*

4. Disposition to like or dislike what is heard; judgement; opinion; taste.

He laid his sense closer, and in fewer words, according to the style and *ear* of those times.—*Sir J. Denham.*

5. Head, or person: (generally suggesting the notion of something *falling* from *above*). *Colloquial.*

Their warlike force was sore weakened, the city beaten down about their *ears*, and most of them wounded.—*Knolles, History of the Turks.*

Better pass over an affront from one scoundrel, than draw the whole herd about a man's *ears*.—*Sir R. L'Estrange.*

Be not alarmed, as if all religion was falling about our *ears*.—*T. Burnet, Theory of the Earth.*

6. Privilege of being readily and kindly heard; favour: (with *gain*, *give*, &c.).

They being told there was small hope of ease,
Were willing at the first to *give* an *ear*
To any thing that sounded liberty. *B. Jonson.*

Aristippus was earnest suitor to Dionysius for some grant, who would *give* no *ear* to his suit: Aristippus fell at his feet, and then Dionysius granted it.—*Bacon, Apophthegms.*

If on a pillory, or near a throne,
He *gain* his prince's *ear*, or lose his own. *Pope.*

By the ears. Expression used in various phrases, suggesting the notion of a quarrel.

Poor naked men belaboured one another with shagged sticks, or duly fell together *by the ears* at fisty-cuffs.—*Dr. H. More.*

Fools go together *by the ears*, to have knaves run away with the stakes.—*Sir R. L'Estrange.*

All Asia now was *by the ears*,
And gods beat up for volunteers. *Prior.*

A mean rascal sets others together *by the ears* without fighting himself.—*Id.*

She used to carry tales from one to another, 'till she had set the neighbourhood together *by the ears*. —*Arbuthnot.*

It is usual to set these poor animals *by the ears*.—*Addison.*

Over head and ears, or *Up to the ears.* In an extreme degree.

A cavalier was *up to the ears* in love with a very fine lady.—*Sir R. L'Estrange.*

Ear. *v. a.* Take in by the ear; attend to with care and interest in the hearing.

I *eared* her language, lived in her eye.
Beaumont and Fletcher, Two noble Kinsmen, iii. 1. (Rich.)

Ear. *s.* [from A.S. *æhir*; German, *ahre.*] Head or spike of corn.

He delivereth to each of them a jewel, made in the figure of an *ear* of wheat, which they ever after wear.—*Bacon.*

The leaves on trees not more,
Nor bearded *ears* in fields, nor sands upon the shore.
Dryden.

From several grains he had eighty stalks with very large *ears*, full of large corn.—*Mortimer, Husbandry.*

Ear. *v. n.* Come into ear (as corn).

It cannot *ear* well by means of heat.—*Holland, Translation of Plutarch*, p. 825. (Rich.)

Ear. *v. a.* [from A.S. *earian.*] Plough; till. *Obsolete.*

He that *ears* my land spares my team, and gives me leave to inn the crop.—*Shakespear, All's well that ends well*, i. 3.

Menecrates and Menas, famous pirates,
Make the sea serve them, which they *ear* and wound
With keels. *Id., Antony and Cleopatra*, i. 4.

A rough valley, which is neither *eared* nor sown.—*Deuteronomy*, xxi. 4.

The field of love, with plow of virtue *ear'd*.
Fairfax.

He teaches men, untaught before,
To *eare* the lusty land,
And how to pearse the pathlesse ayre,
With shaft from bowman's hand.
Warner, Albion's England.

Ear-finger. *s.* Little finger, as being the one best adapted for picking the ear; finger used as an earpick.

Or, if that cannot be found, let the bloud of the veine which is betweene the ring-finger and the *ear-finger*.—*Barrough, Method of Physick*: 1624. (Nares by H & W.)

Éarable. *adj.* Capable of being eared (i.e. in the sense of *ploughed*).

He [the steward] is further to see what demeanes of his lordes is most meete to be taken into his hanndes, so well for meddowe, pasture, as *earable*, &c.—*Order of a Nobleman's House, Archæologia*, xiii. p. 315. (Nares by H. and W.)

A plow land shall contain cc and iv acres of *earable* ground. Then can there not lie, in any country almost, ... so much *earable* land together, but there will also lie intermingled therewith sloppes, slips, and bottoms fit for pasture and meading.—*Letter sent by J. B.* (1572), in *Censura Literaria*, vii. 237. (Nares by H. and W.)

Also the indictment ought to expresse the quality of the thing entered upon, &c., whether it be a messuage, cottage, meadow, pasture, wood or land *earable*.—*Dalton, Countrey Justice*: 1620. (Nares by H. and W.)

He conceived that the *earable* landes were left barren in regard of the vines.—*Time's Storehouse.* (Ord MS.)

Éarache. *s.* See extract.

Earache is most frequently symptomatic of inflammation of the ear, or of the presence of foreign bodies, or of insects in the meatus, or of some affection within the head, or in the vicinity of the ear; and is occasionally consequent upon small-pox, scarlet fever, and erysipelas of the adjoining parts. More rarely it is idiopathic, or a purely nervous affection. The pain in this form is often very severe; does not gradually increase in severity, but is sudden, and occurs in paroxysms; it is neither attended with throbbing, nor fever; and is more or less irregular or intermittent. . . . The causes of *earache* are those of all other nervous affections. It is more common in females, in whom it is often connected with uterine derangement or with pregnancy. It is also often symptomatic of disorders of the prima via; or is associated with rheumatism and neuralgia; and is very commonly caused by currents of cold air, and the irritation of carious or otherwise diseased teeth or gums.—*Copland, Dictionary of Practical Medicine.*

Éaral. *adj.* Relating to, or constituted by, the ear; aural, auricular. *Barbarous.*

They are not true penitents that are merely *earal*, verbal, or worded men, that speak more than they really intend.—*Hewyt, Sermons*, p. 34: 1658.

Éardrum. *s.* Membrane so called, stretched across the ear like the parchment of a drum so as to receive the vibrations of the air when thrown into the state that produces sound; drum of the ear; in more technical language, Tympanum.

Valsalva discovered some passages in the region of the *ear-drum*; of mighty use, among others, to make discharges of bruises.—*Derham, Physico-Theology.*

The tympanic adjunct to the organ of hearing makes its first appearance, simultaneously with the developement of eyelids and lacrymal organs, in the batrachia which have quitted their aquatic for an aerial existence. Beyond the vestibular foramen is continued a short but wide passage outward, or

'meatus,' closed from the external air by a thin transparent vibratile membrane—the 'tympanum' or *ear-drum*. From the gristly plate closing the vestibular foramen a slender bony style is continued across the 'tympanic cavity' to a drum, to which it is attached by a capitular or spatulate cartilage, in which a small muscle is inserted. A wide vertical passage from the tympanic cavity to the fauces preserves the equilibrium between the air in that cavity and the atmosphere outside: it is called 'eustachian tube.' This tube will be found to bear relation to the size and exposed condition of the *ear-drum*, and perhaps, also, to its form, which, in the frog and other air-breathing ovipara, is convex externally.... The *ear-drum*... is less conspicuous externally in all toads than in frogs: a small muscle acts on the cartilage connected with the *ear-drum*, and a second longer muscle is attached to the discoid piece closing the vestibular orifice.... All serpents have the internal organ of hearing, similar in the main to the above: the base of the stapes closing the foramen vestibuli, is connected, in most serpents, by a long slender bony style, through the medium of cartilage and ligamentous fibres to the skin, which shows no sign of *ear-drum* or external meatus. No air is admitted by an eustachian canal to the cellular substance traversed by the tympanic ossicle; and of this there is no trace in Tythlops and Rhinophis. In lacertians, the modification of part of the integument for the special reception of sonorous vibrations is resumed. In the iguana, the *ear-drum* is partially protected by its oblique position and by a rising or fold of the skin at the back part of its circumference.... In the chelonia the *ear-drum* is again masked by unmodified integument; in the turtle it is covered by the second scale counting upward from the articulation of the lower jaw. The membrana tympani is, however, distinctly formed, thicker and more opake than in batrachia or lacertia, and convex outwardly. —*Owen, Anatomy of Vertebrates.*

Earing. *verbal abs.* Ploughing.

Five years, in the which there shall neither be *earing* nor harvest.—*Genesis*, xlv. 6.

Earing. *verbal abs.* Coming into ear as corn.

There is yet a third [act] required for the *earing* and hardening of the corn.—*Hammond*, iv. 550. (Rich.)

Earl. *s.* [A.S. *eorl.*] Title of nobility: (in England denoting a rank *between* that of *marquis* and *viscount*).

Thanes and kinsmen,
Henceforth be *earls*, the first that ever Scotland
For such an honour nam'd.
Shakespear, Macbeth, v. 7.

Next to these spiritual lords are the *earls* and barons, or lay peerage of England. The former dignity was perhaps not so merely official as in the Saxon times, although the *earl* was entitled to the third penny of all emoluments arising from the administration of justice in the county-courts, and might, perhaps, command the militia of his county, if it was called forth. Every *earl* was also a baron, and held an honour or barony of the crown, for which he paid a higher relief than an ordinary baron, probably on account of the profits of his earldom. I will not pretend to say whether titular earldoms, absolutely distinct from the lieutenancy of a county, were as ancient as the conquest, which Madox seems to think, or were considered as irregular so late as Henry II., according to Lord Lyttleton. In Dugdale's Baronage, I find none of this description in the first Norman reigns, for even that of Clare was connected with the local earldom of Hertford.—*Hallam, View of the State of Europe during the middle Ages*, ch. viii. pt. 3.

The word *earl* (eorl) meant originally a man of noble birth, as opposed to the ceorl. It was not a title of office till the eleventh century, when it was used as synonymous to alderman, for a governor of a county or province. After the conquest, it superseded altogether the ancient title.—*Ibid.* ch. viii. pt. 3, note.

Earl-marshal. *s.* One who has chief care of military solemnities.

The marching troops through Athens take their way;
The great *earl-marshal* orders their array. *Dryden.*

Earldom. *s.* Seigniory; title and dignity of an earl.

The duke of Clarence having married the heir of the earl of Ulster, and by her having all the *earldom* of Ulster, carefully went about the redressing evils.—*Spenser, View of the State of Ireland.*

Another director of the Whig party was Charles Montague. He was often, when he had risen to power, honours, and riches, called an upstart by those who envied his success. That they should have called him so may seem strange; for few of the statesmen of his time could show such a pedigree as his. He sprang from a family as old as the Conquest: he was in the succession to an *earldom*; and he was, by the paternal side, cousin of three earls. But he was the younger son of a younger brother.—*Macaulay, History of England*, ch. xx.

Earless. *adj.* Wanting, or deprived of, ears.

Earless on high stood unabash'd Defoe,
And Tutchin flagrant from the scourge below. *Pope*

Earliness. *s.* Attribute suggested by Early.

The next morning we, having striven with the sun's *earliness*, were beyond the prospect of the highest turrets.—*Sir P. Sidney.*

The goodness of the crop is great gain, if the goodness answer the *earliness* of coming up.—*Bacon.*

Earlock. *s.* See Lovelock.

Early. *adj.* [A.S. *ærlic.*—see Ere.] Showing itself soon; young.

God made all the world, that he might be worshipped in some parts of the world; and therefore, in the first and most *early* times of the church, what care did he manifest to have such places erected to his honour?—*South.*

The nymphs, forsaking ev'ry cave and spring,
Their *early* fruit and milk-white turtles bring. *Pope.*

Sickness is *early* old age: it teaches us diffidence in our earthly state, and inspires us with thoughts of a future.—*Id.*

Early. *adv.* Soon; betimes.

Early before the morn with crimson ray
The windows of bright heav'n opened had. *Spenser.*

I am a tainted wether of the flock,
Meetest for death: the weakest kind of fruit
Drops *earliest* to the ground, and so let me.
Shakespear, Merchant of Venice, iv. 1.

It is a curiosity to have several fruits upon one tree; and the more when some of them come *early*, and some come late.—*Bacon, Natural and Experimental History.*

None in more languages can show
Those arts, which you so *early* know. *Waller.*

The princess makes her issue like herself, by instilling *early* into their minds religion, virtue, and honour.—*Addison.*

Only reapers reaping *early*,
In among the bearded barley,
Hear a song that echoes cheerly,
From the river winding clearly
Down to towered Camelot.
Tennyson, The Lady of Shalott.

Earmark. *s.* Mark on the ear made by clipping.

Sir J. Perrot ordered [in 1584] the Irish to mark all their cattle with pitch or *ear-mark*, on pain of forfeiture.—*Cox, History of Ireland.*

Earmarked. *part. pr.* Marked by having the ear clipped: (as oxen, sheep, horses, or dogs).

For fear lest we, like rogues, should be reputed,
And for *ear-marked* beasts abroad be bruited.
Spenser, Mother Hubberd's Tale, 188.

Earn. *v. a.* [A.S. *earnian.*]

1. Gain as the reward or wages of labour, or of any performance.

Those that have joined with their honour great perils, are less subject to envy; for men think that they *earn* their honours hardly.—*Bacon, Essays.*

Winning cheap the high repute,
Which he through hazard huge must *earn*.
Milton, Paradise Lost, ii. 472.

I to the evil turn
My obvious breast: arming to overcome
By suffering, and *earn* rest from labour won.
Ibid. xi. 373.

Men may discern
From what consummate virtue I have chose
This perfect man, by merit call'd my Son,
To *earn* salvation for the sons of men.
Id., Paradise Regained, i. 164.

Since they all beg, it were better for the state to keep them, even although they *earned* nothing.—*Graunt, Observations on the Bills of Mortality.*

The poems gained the plagiary wealth, while the author hardly *earned* his bread by repeating them. —*Pope, On Homer.*

After toiling twenty days,
To *earn* a stock of pence and praise,
Thy labour's grown the critick's prey. *Swift.*

2. Obtain, as a consequence of action.

I can't say whore;
It does abhor me, now I speak the word:
To do the act, that might th' addition *earn*,
Not the world's mass of vanity could make me.
Shakespear, Othello, iv. 2.

Earnest. *s.* [from N.Fr. *ernes*; Lat. *arrha.*] Money, or some token, given in hand to assure a bargain; pledge; handsel; first fruits; token of something of the same kind in futurity.

You have conspir'd against our person,
Join'd with an enemy proclaim'd, and from his coffers
Receiv'd the golden *earnest* of our death.
Shakespear, Henry V. ii. 2.

The apostles term it the handsel or *earnest* of that which is to come.—*Hooker, Ecclesiastical Polity.*

Which leader shall the doubtful viet'ry bless,
And give an *earnest* of the war's success. *Waller.*

It may be looked upon as a pledge and *earnest* of quiet and tranquility.—*Bishop Smalridge.*

The mercies received, great as they are, were *earnests* and pledges of greater.—*Bishop Atterbury.*

By the Statute of Frauds, no contract for the sale of goods, to the value of 10*l.*, or more, is valid unless such *earnest* is made or given.—*Jacob, Law Dictionary.*

Used *adjectivally*, or as the *first element* in a *compound*, especially with *penny*. *Earls penny* is a collateral form from *arles*, another variety of *arrha.*

Pay back the *earnest penny* received from Satan, and fling away his sin.—*Dr. H. More, Decay of Christian Piety.*

The marriage *earnest penny* lay,
And burnt her pocket as we say. *Fenton.*

Earnest. *adj.* [from A.S. *eornest.*]

1. Ardent in any affection; warm; zealous; importunate.

He which prayeth in due sort, is thereby made the more attentive to hear; and he which heareth, the more *earnest* to pray for the time which we bestow, as well in the one as the other.—*Hooker, Ecclesiastical Polity.*

2. Intent; fixed; eager.

On that prospect strange
Their *earnest* eyes they fix'd; imagining,
For one forbidden tree, a multitude
Now ris'n, to work them further woe or shame.
Milton, Paradise Lost, x. 553.

They are never more *earnest* to disturb us, than when they see us most *earnest* in this duty.—*Bishop Duppa.*

3. Serious; important.

They whom *earnest* lets do often hinder from being partakers of the whole, have yet this, the length of divine service, opportunity for access unto some reasonable part thereof.—*Hooker, Ecclesiastical Polity.*

Earnest. *s.* Seriousness; serious event (not a jest); reality (not a feigned appearance).

Take heed that this jest do not one day turn to *earnest*.—*Sir P. Sidney.*

I told you Klaius was the hapless wight,
Who *earnest* found what they accounted play. *Id.*
Therewith she laugh'd, and did her *earnest* end in jest. *Spenser, Faerie Queen.*

But the main business and *earnest* of the world is money, dominion, and power.—*Sir R. L'Estrange.*

In earnest. Seriously; in reality; not in jest.

That high All-seer, which I dallied with,
Hath turn'd my feigned prayer on my head,
And given *in earnest* what I begg'd in jest.
Shakespear, Richard III. v. 1.

Nor can I think that God, Creator wise!
Though threat'ning, will *in earnest* so destroy
Us, his prime creatures.
Milton, Paradise Lost, ix. 938.

We shall die *in earnest*, and it will not become us to live in jest.—*Dr. H. More, Government of the Tongue.*

Sempronius, you have acted like yourself;
One would have thought you had been half *in earnest*.
Addison, Cato.

Earnest. *v. a.* Show, or prove, in earnest. *Rare.*

Let 's prove among ourselves our armes in jest,
That when we come to *earnest* them with men
We may them better use.
Pastor Fido, i. 1602. (Nares by H. and W.)

Earnestly. *adv.* In an earnest manner; warmly; affectionately; zealously; importunately; intensely.

Shame is a banishment of him from the good opinion of the world, which every man most *earnestly* desires.—*South.*

Earnestness. *s.* Attribute suggested by Earnest.

Audacity and confidence doth in business so great effects, as a man may doubt, that, besides the very daring and *earnestness*, and persisting and importunity, there should be some secret binding, and stooping of other men's spirits to such persons.—*Bacon, Natural and Experimental History.*

Earnful. *adj.* [see Yearn.] Shivering. *Obsolete.*

Whatever charms might move a gentle heart,
I oft have tried, and shewed the *earnful* smart
Which eats my breast. *Phineas Fletcher,*
Piscatory Eclogues, v. 8. (Rich.)

Earning. *verbal abs.* (rare in *sing.*) Money, or money's worth, earned.

This is the great expense of the poor that takes up almost all their *earnings*.—*Locke.*

Earpick. *s.* Small instrument for picking or cleansing the ears.

Queen Elizabeth's *ear-pick* was of enamelled gold, adorned with rubies and pearls. Magnetic.

ear-picks to prevent pain were used about 1690.—*Fosbroke, Encyclopædia of Antiquities.*

Earrent. *s.* Tear, rent, or laceration of the ear from the pillory.

You should pay our *ear-rents.*—*B. Jonson, Alchemist.*

Earring. *s.* Ring set with jewels and worn at the ear; ornament of a woman's ear.

With gold and silver they increase his store,
And gave the precious *earrings* which they wore.
G. Sandys.

A lady bestowed *earrings* upon a favourite lamprey.—*Arbuthnot.*

Earsh. *s.* Ploughed field. *Obsolete.*

Fires oft are good or barren *earshes* made,
With crackling flames to burn the stubble blade.
May, Translation of Virgil's Georgics.

Earshot. *s.* Reach of the ear; space within which words may be heard.

Gomez, stand you out of *earshot*. . . . I have something to say to your wife in private.—*Dryden, Spanish Fryar.*

Earth. *s.* [from A.S. *eorð.*]

1. Element (in the popular sense of the term) so called: (fire, air, and water being the other three).

The smiling god is seen; while water, *earth*,
And air attest his bounty. *Thomson.*

2. Terraqueous globe; planet Terra, or the world we live in: (often opposed to other scenes of existence).

Nought so vile that on the *earth* doth live,
But to the *earth* some special good doth give.
Shakespear, Romeo and Juliet, ii. 3.

What are these,
So wither'd, and so wild in their attire,
That look not like th' inhabitants o' th' *earth*,
And yet are on't? *Id., Macbeth*, i. 3.

They can judge as fitly of his worth,
As I can of those mysteries which heav'n
Will not have *earth* to know. *Id., Coriolanus*, iv. 2.

This solid globe we live upon is called the *earth*; which word, taken in a more limited sense, signifies such parts of this globe as are capable, being exposed to the air, to give rooting and nourishment to plants, so that they may stand and grow in it.—*Locke.*

3. Inhabitants of the earth.

The whole *earth* was of one language.—*Genesis*, xi. 1.

4. Country; distinct region.

In ten set battles have we driven back
These heathen Saxons, and regain'd our *earth*,
As *earth* recovers from the ebbing tide. *Dryden.*

5. In *Chemistry.*

a. In the *older* sense.

The five genera of *earths* are, 1. Boles; 2. Clays; 3. Marls; 4. Ochres; 5. Trepelas.—*Sir J. Hill, Materia Medica.*

Earths are opake, insipid, and, when dried, friable, or consisting of parts easy to separate, and soluble in water; not disposed to burn, flame, or take fire.—*Woodward.*

b. In the *newer* sense.

Modern science has demonstrated that the substances called primitive *earths*, and which, prior to the great electro-chemical career of Sir H. Davy, were deemed to be elementary matter, are all compounds of certain metallic bases and oxygen, with the exception of silica, whose base, silicon being analogous to boron, has led that compound to be regarded as an acid; a title characteristic of the part it extensively performs in neutralizing alkaline bodies, in mineral nature, and in the processes of art. Four of the *earths*, when pure, possess decided alkaline properties, being more or less soluble in water, having (at least three of them) an acrid alkaline taste, changing the purple infusion of red cabbage to green, most readily saturating the acids, and affording thereby neutro-saline crystals. These four are baryta, strontia, lime (calcia), and magnesia. The *earths* proper are five in number; alumina, glucina, yttria, zirconia, and thorina. These do not change the colour of infusion of cabbage or tincture of litmus, do not readily neutralize acidity, and are quite insoluble in water. The alkalies are soluble in water even when carbonated; a property which distinguishes them from the alkaline *earths.*—*Ure, Dictionary of Arts, Manufactures, and Mines.*

6. In *Hunting.* Foxhole: (hence, 'run to *earth*;' '*earth*-stopper').

Hamilton fixed five o'clock in the morning of the thirteenth of February for the deed. He hoped that, before that time, he should reach Glencoe with four hundred men, and should have stopped all the *earths* in which the old fox and his two cubs,—so Mac Ian and his sons were nicknamed by the murderers,—could take refuge.—*Macaulay, History of England*, ch. xviii.

Earth. *s.* [from *ear.*] Ploughing. *Rare.*

Such land as ye break up for barley to sow,
Two *earths*, at the least, ere ye sow it bestow.
Tusser, One Hundred Points of good Husbandry.

Earth. *v. a.*

1. Hide in the earth.

The fox is *earthed*; but I shall send my two terriers in after him.—*Dryden, Spanish Fryar.*

2. Cover with earth.

Earth up with fresh mould the roots of those auriculas which the frost may have uncovered.—*Evelyn, Calendarium hortense.*

Earth. *v. n.* Retire under ground.

Hence foxes *earth'd*, and wolves abhorr'd the day,
And hungry churles ensnar'd the nightly prey.
Tickell.

Earthboard. *s.* Board of the plough that shakes off the earth.

The plow reckoned the most proper for stiff black clays, is one that is long, large, and broad, with a deep head and a square *earthboard*, so as to turn up a great furrow.—*Mortimer.*

Earthborn. *adj.*

1. Born of the earth.

The wounds I make but sow new enemies;
Which from their blood, like *earthborn* brethren rise. *Dryden.*

The God for ever great, for ever king,
Who slew the *earthborn* race, and measures right
To heav'n's great habitants. *Prior.*

2. Meanly born.

Earthborn Lycon shall ascend the throne. *Smith.*

Earthbound. *adj.* Fastened by the pressure of the earth.

That will never be:
Who can impress the forest, bid the tree
Unfix his *earthbound* root?
Shakespear, Macbeth, iv. 1.

Earthbred. *adj.* Lowborn; vulgar.

Peasants, I'll curb your headstrong impudence
And make you tremble when the lion roars,
Ye *earthbred* worms. *Brewer, Lingua*, i. 6. (Rich.)

Earthen. *adj.* Made of earth; made of clay.

About his shelves
Green *earthen* pots, bladders, and musty seeds
Were thinly scattered.
Shakespear, Romeo and Juliet, v. 1.

As a rustick was digging the ground by Padua, he found an urn, or *earthen* pot, in which there was another urn, and in this lesser a lamp clearly burning.—*Bishop Wilkins, Mathematical Magic.*

Earthenware. *s.* Ware made of clay; crockery; pottery.

The most brittle water-carriage was used among the Egyptians, who, as Strabo saith, would sail sometimes in the boats made of *earthen ware.*—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

Earthflax. *s.* Fibrous gypsum.

Of English tile, the coarser sort is called plaister, or parget; the finer, *earthflax*, or salamander's hair.—*Woodward.*

Earthling. *s.* Inhabitant of the earth; mortal; poor frail creature.

To *earthlings*, the footstool of God, that stage which he raised for a small time, seemeth magnificent.—*Drummond.*

Earthly. *adj.*

1. Not heavenly; vile; mean; sordid.

But I remember now
I'm in this *earthly* world, where to do harm
Is often laudable; to do good, sometime
Accounted dangerous folly.
Shakespear, Macbeth, iv. 2.

When faith and love, which parted from thee never,
Had ripen'd thy just soul to dwell with God,
Meekly thou didst resign this *earthly* load
Of death, call'd life. *Milton, Sonnets*, xiv.

2. Belonging only to our present state; not spiritual.

Our common necessities, and the lack which we all have as well of ghostly as of *earthly* favours, is in each kind easily known.—*Hooker, Ecclesiastical Polity.*

3. Corporeal, not mental.

Great grace that old man to him given had,
For God he often saw, from heaven hight,
All were his *earthly* eyen both blunt and bad.
Spenser, Faerie Queen.

Sudden he view'd, in spite of all her art,
An *earthly* lover lurking at her heart.
Pope, Rape of the Lock.

4. With *one, any, no*, &c., used as an expletive.

Oh! if to dance all night, and dress all day,
Charm'd the small-pox, or chas'd old age away,
Who would not scorn what housewife's cares produce?
Or who would learn *one earthly* thing of use? *Pope.*

Earthnut. *s.* See extracts, in the first of which it is the English umbelliferous plant Bunium flexuosum; in the second, the African Arachis hypogæa.

Where there are *earthnuts* in several patches, though the roots lie deep in the ground, and the stalks be dead, the swine will by their scent root only where they grow.—*Ray.*

The *earthnut*, . . . a singular plant, has frequently been confounded with others. . . . Its common appellation, the *earthnut*, has led to the conclusion that it was a species of *nut*, such as is known in England under the name of *pignut, hawknut*, and *groundnut*. This, as well as the earth-chesnut, belong to totally different genera. On the continent, and in the East Indies, a similar confusion had long existed by the appellation of the ground pistachio, which caused the fruit to be confounded with the nut of the tree Pistacia vera. Some resemblance, on the other hand, existing between these—as well as from their being eaten by different nations . . . and also for producing oil—rendered the true description still more difficult. Botanists, however, are now no longer at a loss. The Arachis nut partakes of the nature of the pea or bean of our own country . . . originally from Africa. It has been naturalized in Europe, and, with the climate of the south of France, may be turned to good account.—*Simmonds, Commercial Products of the Vegetable Kingdom.*

Earthquake. *s.* Tremor or convulsion of the earth.

This subterranean heat or fire being in any part of the earth stopt, by some accidental glut or obstruction in the passages through which it used to ascend, and being preternaturally assembled in greater quantity into one place, causes a great rarefaction and intumescence of the water of the abyss, putting it into very great commotions; and making the like effort upon the earth, expanded upon the face of the abyss, occasions that agitation and concussion which we call an *earthquake.*—*Woodward, Essay towards a Natural History of the Earth.*

The country, by reason of its vast caverns and subterraneous fires, has been miserably torn by *earthquakes*, so that the whole face of it is quite changed.—*Addison, Travels in Italy.*

Earthwork. *s.* In *Fortification.* Outposts made of earth: (opposed to *stone*).

The white tower . . . is blocked up with a double line of *earthworks* pierced for guns.—*W. H. Russell, The [Crimean] War*, ch. xxxii.

Earthworm. *s.*

1. Common red worm of the genus Lumbricus.

Worms are found in snow commonly, like *earthworms*, and therefore it is not unlike that it may likewise put forth plants.—*Bacon, Natural and Experimental History.*

The first [order of the anellids] . . . comprises the leeches, which are provided with a suctorial disc at each extremity of the body, and have neither bristles nor tuberculate feet. The second order . . . includes the *earth-worms*; these have neither tubercular feet, nor external gills, nor suckers, but are provided with short stiff bristles fulfilling the function of feet, and which, in fact, are the rudiments of such. . . . In some *earth-worms* the skin is red, from the colour of its contained or subjacent circulating fluids; in leeches it is variegated by a layer of pigment-cells; in most anellids the epidermis reflects iridescent tints, and in such it is readily detached from the cutis.—*Owen, Lectures on Comparative Anatomy*, lect. xi.

2. Used *metaphorically.* Mean person.

Thy vain contempt, dull *earthworm*, cease:
I won't for refuge fly. *Norris.*

Earthy. *adj.* Consisting of, connected with, or partaking of the nature of, the earth.

a. In *general.*

Long may'st thou live in Richard's seat to sit,
And soon lie Richard in an *earthy* pit!
Shakespear, Richard II. iv. 1.

Him lord pronounc'd, he, O indignity!
Subjected to his service angel-wings,
And flaming ministers to watch and tend
Their *earthy* charge. *Milton, Paradise Lost*, ix. 154.

These lamps are inflamed by the admission of new air, when the sepulchres are opened, as we see in fat *earthy* vapours of divers sorts.—*Bishop Wilkins, Mathematical Magic.*

All water, especially that of rain, is more or less stored with matter, light in comparison of the common mineral *earthy* matter.—*Woodward, Essay towards a Natural History of the Earth.*

b. As opposed to *heavenly.*

Those *earthy* spirits black and envious are;
I'll call up other gods of form more fair.
Dryden, Indian Emperour.

Mine is the shipwreck, in a watry sign;
And in an *earthy*, the dark dungeon thine. *Id.*

c. As opposed to *spiritual.* Gross.

Teach me, dear creature, how to think and speak;
Lay open to my *earthy* gross conceit,
Smother'd in errors, feeble, shallow, weak,

The folded meaning of your words' deceit.
Shakespear, Comedy of Errors, iii. 2.

Earwax. *s.* Cerumen or exudation which smears the inside of the ear.

The ear being to stand open, because there was some danger that insects might creep in thereat: therefore hath nature loricated or plaistered over the sides of the hole with *earwax*, to entangle insects.—*Ray, Wisdom of God manifested in the Works of the Creation.*

Earwig. *s.* [A.S. *wigga* = worm, grub, caterpillar; some provincial forms, as *arrowig*, &c., as well as the shape of the insect, suggest a connection with *arrow*. The French *perce-oreille* favours the common view; though it is possible that these are two concurrent forms.] Sheath-winged insect, imagined to creep into the ear.

Himself he on an *earwig* set;
Yet scarce he on his back could get,
So oft and high he did curvet. *Drayton, Nymphidia.*

Earwigs and snails seldom infest timber.—*Mortimer, Husbandry.*

Doll never flies to cut her lace,
Or throw cold water in her face,
Because she heard a sudden drum,
Or found an *earwig* in a plum. *Swift.*

Earwig. *v. a.* Talk over privately; influence by whispered and covert statements or insinuations.

He was so sure to be *earwigged* in private that what he heard or said openly went for little.—*Marryat, Snarleyyow.*

Earwitness. *s.* One who attests, or can attest, anything as heard by himself.

All present were made *earwitnesses*, even of each particular branch of a common indictment.—*Hooker, Ecclesiastical Polity.*

The histories of mankind, written by eye or *earwitnesses*, are built upon this principle.—*Watts, Logick.*

Ease. *s.* [Fr. *aise.*] Absence of exertion or effort.

1. Quiet; rest; tranquillity.

But then we should not find it half so brave,
To lead it to the wars and to the seas;
To make it suffer watchings, hunger, cold,
When it might feed with plenty and with *ease*.
Sir J. Davies, On the Immortality of the Soul.

2. Indulgence: (the following extract gives the rare form of the *plural*).

Is it a small crime to wound yourself by anguish of heart, to deprive yourself of all the pleasures, or *eases*, or enjoyments of life?—*Sir W. Temple.*

3. Relaxation.

Give yourself *ease* from the fatigue of watching.—*Swift.*

4. Freedom of manner, in moving, writing, or the like.

True *ease* in writing comes from art, not chance;
As those walk *easiest* who have learned to dance.
Pope, Essay on Criticism.

At ease. In a state of undisturbed leisure; without pain, without anxiety.

Lucan, content with praise, may lie *at ease*
In costly grotts and marble palaces.
Dryden, Juvenal's Satires.

Men of parts and penetration were not idly to dispute *at* their *ease*, but were to act according to the result of their debates.—*Locke.*

No body is under an obligation to know every thing: knowledge and science in general is the business only of those who are *at ease* and leisure.—*Id.*

Ease. *v. a.*

1. Free from pain.

Help and *ease* children the best you can; but by no means bemoan them.—*Locke.*

2. Assuage; mitigate; alleviate.

Thy father made our yoke grievous, now therefore *ease* thou somewhat the grievous servitude.—2 *Chronicles*, x. 4.

As if with sports my sufferings I could *ease*.
Dryden.

Though he speaks of such medicines as procure sleep, and *ease* pain, he doth not determine their doses.—*Arbuthnot.*

Will he for sacrifice our sorrows *ease*?
And can our tears reverse his firm decrees? *Prior.*

3. Relieve from labour, or from anything which offends: (with *of*).

I will *ease* me *of* mine adversaries.—*Isaiah*, i. 24.

If ere night the gath'ring clouds we fear,
A song will help the beating storm to bear;
And that thou may'st not be too late abroad,
Sing, and I'll *ease* thy shoulders *of* thy load. *Dryden.*

No body feels pain that he wishes not to be *eased of*, with a desire equal to that pain, and inseparable from it.—*Locke.*

Eáseful. *adj.* Quiet; peaceable; fit for rest.

I spy a black, suspicious, threat'ning cloud,
That will encounter with our glorious sun,
Ere he attain his *easeful* western bed.
Shakespear, Henry VI. Part III. v. 3.

Easel. *s.* [German, *esel.*] Stand on which a painter fixes his canvass.

He runs to his *easel* at sunrise, and sits before it, caressing his picture all day till nightfall.—*Thackeray, The Newcomes*, ii. 117.

Eáseless. *adj.* Deprived of ease.

Eáselessly. *adv.* In an easeless manner.

Alas, what sharper smart, what more afflicting pains,
What worser griefe than that which *easlesly* sustains? *Sylvester, Du Bartas.* (Ord MS.)

Easement. *s.*

1. Assistance; support; relief from expenses; subsidy; perquisite.

He has the advantage of a free lodging, and some other *easements*.—*Swift.*

2. In *Law*. Service that one neighbour has of another by charter or prescription, without profit; as a way through his ground, a sink, or such like.

Easily. *adv.* In an easy manner.

Sounds move swiftly, and at great distance; but they require a medium well disposed, and their transmission is *easily* stopped.—*Bacon, Natural and Experimental History.*

I can *easily* resign to others the praise of your illustrious family.—*Dryden, Dedication to State of Innocence.*

Is it not to bid defiance to all mankind to condemn their universal opinions and designs, if, instead of passing your life as well and *easily*, you resolve to pass it as ill and as miserable as you can?—*Sir W. Temple.*

Not soon provok'd, she *easily* forgives;
And much she suffers, as she much believes. *Prior.*

Easiness. *s.* Attribute suggested by Easy.

1. Freedom from difficulty.

Believe me, friends, loud tumults are not laid
With half the *easiness* that they are rais'd.
B. Jonson.

Easiness and difficulty are relative terms, and relate to some power; and a thing may be difficult to a weak man, which yet may be easy to the same person, when assisted with a greater strength.—*Archbishop Tillotson.*

The seeming *easiness* of Pindarick verse has made it spread; but it has not been considered.—*Dryden.*

You left a conquest more than half achiev'd,
And for whose *easiness* I almost griev'd. *Id.*

This plea, under a colour of friendship to religion, invites men to it by the *easiness* of the terms it offers.—*Rogers.*

2. Flexibility; compliance; readiness; not opposition; not reluctance.

His yielding unto them in one thing might haply put them in hope that time would breed the like *easiness* of condescending further unto them.—*Hooker, Ecclesiastical Polity.*

The safest way to secure honesty, is to lay the foundations of it early in liberality, and an *easiness* to part with to others whatever they have or like themselves.—*Locke.*

3. Freedom from constraint, effort, or formality.

Abstruse and mystick thoughts you must express
With painful care, but seeming *easiness*:
For truth shines brightest through the plainest dress. *Lord Roscommon.*

4. Rest; tranquillity; ease; freedom from pain.

I think the reason I have assigned hath a great interest in that rest and *easiness* we enjoy when asleep.—*Ray.*

Easing. *verbal abs.* Making easy.

The [Roman indulgences] are intended for these two ends: 1. The *easing* of true penitents from the penalties laid on them by their confessors, after the absolution here in the church. 2. The removing of more grievous punishments laid on them by the God Almighty yonder in purgatory.—*Brevint, Saul and Samuel*, c. x. (Rich.)

East. *s.* [A.S. *east, est.*]

1. Quarter where the sun rises: (opposite to the *west*).

They counting forwards towards the *east*, did allow 180 degrees to the Portugals eastward.—*Abbot.*

2. Regions in the eastern parts of the world.

I would not be the villain that thou thinkest,
For the whole space that's in the tyrant's grasp,
And the rich *east* to boot.
Shakespear, Macbeth, iv. 3.

The gorgeous *east*, with richest hand,
Showers on her kings barbarick pearl and gold.
Milton, Paradise Lost, ii. 3.

Easter. *s.* [A.S. *Eostre*, an Anglo-Saxon goddess, whose festival was held in April.] Day on which the Christian church commemorates our Saviour's resurrection.

Did'st thou not fall out with a taylor for wearing his new doublet before *Easter*?—*Shakespear, Romeo and Juliet*, iii. 1.

Victor's unbrother-like heat towards the Eastern churches, in the controversy about *Easter*, fomented that difference into a schism.—*Dr. H. More, Decay of Christian Piety.*

Used *adjectivally*, or as the *first element* in a *compound*: (as, '*Easter*-Monday,' '*Easter*-week,' &c.)

Easterling. *s.* Native of any country eastward of another.

He oft in battle vanquished
Those spoilful, rich, and swarming *Easterlings*.
Spenser.

Easterly. *adj.*

1. Coming from the parts towards the east.

When the *easterly* winds or breezes are kept off by some high mountains from the vallies, whereby the air, wanting motion, doth become exceeding unhealthful.—*Sir W. Raleigh.*

2. Lying towards the east.

These give us a view of the most *easterly*, southerly, and westerly parts of England.—*Grgunt, Observations on the Bills of Mortality.*

3. Looking towards the east.

Water he chuses clear, light, without taste or smell, drawn from springs with an *easterly* exposition.—*Arbuthnot.*

Eastern. *adj.* Relating to, lying in, or being in the direction of, the east; oriental.

Th' angel caught
Our ling'ring parents, and to th' *eastern* gate
Led them direct. *Milton, Paradise Lost*, xii. 637.

Like *eastern* kings a lazy state they keep. *Pope.*

A ship at sea has no certain method in either her *eastern* or western voyages, or even in her less distant sailing from the coasts, to know her longitude, or how much she is gone eastward or westward, as can easily be known in any clear day or night how much she is gone northward or southward.—*Addison.*

Eastlandish. *adj.* Belonging to, or coming from, an eastern country or district.

They had among them three languages; but I should rather think that they only differed as High Dutch, Low Dutch, and *Eastlandish* Dutch.—*Verstegan, Restoration of decayed Intelligence.* (Rich.)

Eastward. *adj.* Having its direction towards the east.

The *eastward* extension of this vast tract was unknown.—*Marsden, Translation of Marco Polo.*

Eastward. *adv.* [from the *accusative* of the A.S. *weord* = direction.] Towards the east.

The moon, which performs its motion swifter than the sun, gets *eastward* out of his rays, and appears when the sun is set.—*Sir T. Browne, Vulgar Errours.*

What shall we do, or where direct our flight?
Eastward, as far as I could cast my sight,
From op'ning heav'ns, I saw descending light.
Dryden.

Eastwards. *adv.* [from the *genitive* of the A.S. *weord.*] Same as Eastward.

Such were the accounts from the remotest parts *eastwards*.—*Marsden, Translation of Marco Polo.*

Easy. *adj.* [Fr. *aisé.*]

1. Free from difficulty.

The service of God, in the solemn assembly of saints, is a work, though *easy*, yet withal very weighty, and of great respect.—*Hooker, Ecclesiastical Polity.*

How much it is in every one's power to make resolutions to himself, such as he may keep, is *easy* for every one to try.—*Locke.*

The whole island was probably cut into several *easy* ascents, and planted with variety of palaces.—*Addison, Travels in Italy.*

2. Quiet; unmolested; secure; not anxious.

Those that are *easy* in their conditions, or their minds, refuse often to enter upon publick charge and employment.—*Sir W. Temple.*

Keep their thoughts *easy* and free, the [illegible] wherein the mind is capable of receiving [illegible] formations.—*Locke.*

A marriage of love is pleasant, a marriage of interest *easy*, and a marriage where both meet happy —*Addison, Spectator.*

When men are *easy* in their circumstances, they are naturally enemies to innovations.—*Id., Freeholder.*

A man should direct all his studies and endeavours at making himself *easy* now, and happy hereafter. *Id., Spectator.*

3. Free from pain.
Bold adventure to discover wide
That dismal world, if any clime perhaps
Might yield them *easier* habitation.
Milton, Paradise Lost, ii. 573.
Pleasure has been the bus'ness of my life,
And every change of fortune *easy* to me,
Because I still was easy to myself.
Dryden, Don Sebastian.

4. Ready; not unwilling.
Pity and he are one;
So merciful a king did never live,
Loth to revenge, and *easy* to forgive.
Dryden, Spanish Fryar.

5. Having no want of more.
They should be allowed each of them such a rent as would make them *easy*.—*Swift, Arguments against abolishing Christianity.*

6. Having no constraint or formality.
Praise the *easy* vigour of a line,
Where Denham's strength and Waller's sweetness join. *Pope.*

Often used *adverbially*, and that throughout the three degrees of comparison.
Those move *easiest* that have learn'd to dance.
Pope.

Eat. *v. a.* [preterite *ate*, less correctly *eat* and *ete*; part. *eaten*, less correctly *eat*.]

1. Devour with the mouth.
Locusts shall *eat* the residue of that which is escaped from the hail, and shall *eat* every tree which groweth.—*Exodus*, x. 5.
Other states cannot be accused for not staying for the first blow, or for not accepting Polyphemus's courtesy, to be the last that shall be *eaten* up.—*Bacon, Considerations on the War with Spain.*
Even wormwood, *eat* with bread, will not bite, because it is mixed with a great quantity of spittle.—*Arbuthnot, On the Nature and Choice of Aliments.*

2. Consume; corrode.
Thou best of gold art worst of gold;
Other less fine in carat is more precious,
Preserving life in med'cine potable:
But thou, most fine, most honour'd, most renown'd,
Hast *eat* thy bearer up.
Shakespear, Henry IV. Part II. iv. 4.
Now although all things went as Paleologus the Emperor could himselfe have wished, yet could he not rest so contented for feare lest those which now did *eat* their owne hearts, and with great griefe smouldred their anger, should at length as the rightfull heires of their empire by him usurped, breake out into open force.—*Knolles, History of the Turks*, p. 116. (Ord MS.)
They entail a secret curse upon their estates, which does either insensibly waste and consume it, or *eat* out the heart and comfort of it.—*Archbishop Tillotson, Sermons*, iv.

Eat one's words. Retract what one has said.
They cannot hold, but burst out those *words*, which afterwards they are forced to *eat*.—*Hakewill, Apology.*
Credit were not to be lost
B' a brave knight errant of the post,
That *eats*, perfidiously, his *word*,
And swears his ears through a two-inch board.
Butler, Hudibras.

Eat. *v. n.*

1. Go to the chief meal.
He did *eat* continually at the king's table.—2 *Samuel*, ix. 13.
And when the scribes and pharisees saw him *eat* with publicans and sinners, they said unto his disciples, How is it that he *eateth* with publicans and sinners?—*Matthew*, ii. 16.

2. Take food.
Thou art past the tyrant's stroke;
Care no more to cloath and *eat*.
Shakespear, Cymbeline, iv. 2, song.
He that will not *eat* 'till he has a demonstration that it will nourish him, he that will not stir 'till he infallibly knows the business he goes about will succeed, will have little else to do but sit still and perish.—*Locke.*

3. Make way by corrosion or gnawing into anything; penetrate: (with *into*, rather than *in*).
The plague of sin has even altered his nature, and *eaten into* his very essentials.—*South, Sermons.*
A prince's court *eats* too much *into* the income of a poor state.—*Addison, Travels in Italy.*

Eatable. *adj.* Edible.
What fish can any shore or British sea-town show
That's *eatable* to us, that it doth not bestow
Abundantly thereon?
Drayton, Polyolbion, s. 25. (Rich.)
They [the Ebenaceæ] are remarkable for little except the hardness of the wood of such species as Diospyrus, Ebenus, Ebenaster, and for the *eatable* quality of the fruit. The timber, of a black colour, sometimes variegated with white or brown lines, is well known under the names of Ebony and Ironwood. The fruit is noted for extreme acerbity before arriving at maturity.—*Lindley, Vegetable Kingdom, Ebenaceæ.*

Eatable. *s.* Anything that may be eaten.
If you all sorts of persons would engage,
Suit well your *eatables* to ev'ry age.
King, Art of Cookery.

Eatage. *s.* See Eddish.
The farmer will lose the *eatage* of his aftermath.—*Hunter, Georgical Essays*, p. 549. (Ord MS.)

Eater. *s.* One who eats, or that which eats, into anything; one who eats.
The Caribees and the Cannibals, almost all, are *eaters* of man's flesh.—*Abbot, Description of the World.*
If the taste of this fruit maketh the *eaters* like gods, why remainest thou a beast?—*Sir T. Browne, Vulgar Errours.*

Eath. *adj.* Easy; not difficult. *Obsolete.*
Where ease abounds, it's *eath* to do amiss.
Spenser, Faerie Queen.
What works not beauty? man's relenting mind
Is *eath* to move with plaints and shews of woe.
Fairfax, Translation of Tasso, b. iv.
The way was strait and *eath*. *Ibid.*

Eath. *adv.* [A.S. *eaðe*.] Easily. *Obsolete.*
Who hath the world not try'd,
From the right way full *eath* may wander wide.
Spenser, Mother Hubberd's Tale.

Eaths. *adv.* Same as Eath. *Obsolete.*
These are vain thoughts or melancholy shews,
That wont to haunt and trace by cloistered tombs;
Which *eaths* appear in sad and strange disguises,
To pensive minds deceived with their shadows.
Cornelia O. P. ii. 262. (Nares by H. and W.)

Eating. *part. adj.* Having the power or habit of eating; having a tendency to eat: (generally with the sense of *corroding* or *fretting*).
There arises a necessity of keeping the surface even, either by pressure or *eating* medicines, that the eminence of the flesh may not resist the fibres of the skin in their tendency to cover the wound.—*Sharp, Surgery.*

In the following the word translates *mordax* in a well-known Latin phrase, *curæ mordaces* = biting cares.
And ever against *eating* cares,
Lap me in soft Lydian airs. *Milton, L'Allegro.*

Eating. *verbal abs.* Act of one who eats.
The consequent of which words is plainly this, that there is no *eating* of Christ's flesh or drinking of his blood, but by a moral instrument, faith and subordination to Christ; the sacramental external *eating* alone being no *eating* of Christ's flesh, but the symbols and sacraments of it.—*Jeremy Taylor, Real Presence of Christ in the Sacrament*, § 3.
The Barmecide, in the 'Arabian Nights,' who amused himself by setting down his guest to an imaginary feast, and trying his skill in imitating, at an empty table, the actions of *eating* and drinking, did not propose this as an advisable mode of instructing him how to perform those actions in reality.—*Whately, Elements of Logic.*

Eatinghouse. *s.* House where provisions are sold ready dressed.
An hungry traveller stept into an *eatinghouse* for his dinner.—*Sir R. L'Estrange.*

Eavedrop. *s.* See Eves.
Then I rise, the *eavedrops* fall,
And the yellow vapours choke
The great city sounding wide;
The day comes a dull red ball,
Wrapt in drifts of lurid smoke
On the misty river tide. *Tennyson, Maud.*

Eaves. *s.* [A.S. *efese*.] Edges of the roof which overhang the house.
His tears run down his beard, like winter drops
From *eaves* of reeds. *Shakespear, Tempest*, v. 1.
If in the beginning of winter the drops of the *eaves* of houses come more slowly down than they use, it portendeth a hard and frosty winter.—*Bacon.*

The admission of *a* into the spelling of this word, saving common custom and high authorities, can only be defended on the principle of distinguishing it from *eve* = evening. In A.S. it is almost certain that the combination *ea* was sounded *ya*. Compare also *eam* and *eme*.

Eavesdropper. *s.* Listener under windows.
Under our tents I'll play the *eavesdropper*,
To hear if any mean to shrink from me.
Shakespear, Richard III. v. 3.

Eavesdropping. *s.* Act of an eavesdropper.
If the sympathy we feel with one another is infinite, or nearly so,—in proof of which, do but consider the boundless ocean of Gossip (imperfect, undistilled Biography) which is emitted and imbibed by the human species daily:—if every secret-history, every closed-doors conversation, how trivial soever, has an interest for us, then might the conversation of a Schiller with a Goethe, so rarely do Schillers meet with Goethes among us, tempt Honesty itself into *eavesdropping*.—*Carlyle, Miscellanies, Schiller.*
What are you staying for here, Miss Wyndham? Why are you not gone to your mother? No *eavesdropping*, if you please.—*Emilia Wyndham*, ch. v.

Ebb. *s.* [A.S. *ebba*, *ebflod*.]

1. Reflux of the tide towards the sea.
The clear sun on his wide wat'ry glass
Gaz'd hot, and of the fresh wave largely drew,
As after thirst; which made their flowing shrink
From standing lake to tripping *ebb*, that stole
With soft foot tow'rds the deep.
Milton, Paradise Lost, xi. 841.
Hither the seas at stated times resort,
And shove the loaden vessels into port;
Then with a gentle *ebb* retire again,
And render back their cargo to the main.
Addison, On Italy.

2. Decline; decay; waste.
You have finished all the war, and brought all things to that low *ebb* which you speak of.—*Spenser, View of the State of Ireland.*
This tide of man's life, after it once turneth and declineth, ever runneth with a perpetual *ebb* and falling stream, but never floweth again.—*Sir W. Raleigh, History of the World.*
The greatest age for poetry was that of Augustus Cæsar, yet painting was then at its lowest *ebb*, and perhaps sculpture was also declining. — *Dryden, Translation of Du Fresnoy's Art of Painting*, pref.
Near my apartment let him pris'ner be,
That I his hourly *ebbs* of life may see.
Id., Aurungzebe.
What is it he aspires to?
Is it not this? To shed the slow remains,
His last poor *ebb* of blood in your defence?
Addison, Cato.

Ebb. *v. n.*

1. Flow back as a tide.
Though my tide of blood
Hath proudly flow'd in vanity 'till now,
Now it doth turn and *ebb* back to the sea.
Shakespear, Henry IV. Part II. v. 2.
From thence the tide of fortune left their shore,
And *ebb'd* much faster than it flow'd before.
Dryden, Virgil's Æneid.

2. Decline; decay; waste.
Well, I am standing water.—
I'll teach you how to flow.—Do so: to *ebb*
Hereditary sloth instructs me.
Shakespear, Tempest, ii. 1.
But oh, he *ebbs*, the smiling waves decay;
For ever, lovely stream, for ever stay. *Lord Halifax.*

Ebb. *adj.*

1. Having the character of an ebbing tide. *Rare*; or only used in combination with certain words, as *tide*, &c.; and even here it may be the *substantive* with an *adjectival* construction.
And verely the water there is otherwise verie low and *ebb*, and not above knee high.—*Holland, Translation of Pliny*, xxxi. 7. (Rich.)
I will account no sin little: since there is not the least but workes out the death of the soul. It is all one whether I be drowned on the *ebber* shore, or in the midst of the deepe sea.—*Bishop Hall, Meditations and Vows*, cont. 2. (Rich.)

2. Level; even. *Rare.*
The roots of the apple-tree, olive, and cypresses, lie very *ebb*, and creepe hard under the sourd of the ground.—*Holland, Translation of Pliny*, xvi. 31. (Rich.)

Ebbing. *verbal abs.* Act or state of that which ebbs.
We must have perpetual *ebbings* and flowings of mirth and melancholy.—*Howell, Instructions for Foreign Travel*, p. 42.
In religious forms, what *ebbings* and flowings have been and daily are, as to the vulgar opinion, report and practice of things.—*Jeremy Taylor, Artificial Handsomeness*, p. 154.

Eben. *s.* See Ebony. *Rare.*
Of all those trees that be appropriate to India, Virgil hath highly commended the *ebene* above the rest.—*Holland, Translation of Pliny*, xii. 4. (Rich.)

Ebon. *s.* [Lat. *ebenus*; hence the form *eben*, the more correct one.] Ebony.
Now, lighter humour, leave me and be gone,
Your passion poore yields matter much too slight
To write those plagues that then were coming on,
Doth ask a pen of *ebon* and the night.
Drayton, Barons' Wars, b. iv. (Rich.)

Ebon. *adj.* Having the colour of ebony, i.e. black.

There under *ebon* shades and low-browed rocks,
As ragged as thy locks,
In black Cimmerian darkness ever dwell.
Milton, L'Allegro.

Ébony. *s.* Valuable cabinet wood so called; tree (of the genus *Diospyros*) from which it is procured.

Ebony is the most important of the trees which they are in the habit of felling, as well as the one involving the greatest amount of labour, from the hardness and weight of the timber, which is so dense and heavy, that, to permit of their moving it at all, they are obliged to cut it into very short logs. The *densely black* portion, which is an article of commerce, occupies the centre of the tree; and in order to reach it, the whiter wood that surrounds it is carefully cut away. The Arabs were so well aware of this peculiarity in *ebony* that Albyrouni, in his treatise on India, calls it the 'black marrow of a tree, divested of its outer integuments.'—*Sir J. E. Tennent, Ceylon*, pt. ix. ch. v.

Ebríety. *s.* [Lat. *ebrietas*; from *ebrius* = drunken.] Drunkenness.

Bitter almonds, as an antidote against *ebriety*, hath commonly failed.—*Sir T. Browne, Vulgar Errours.*

Averroes, a man of his own faith, restrained his *ebriety* to hilarity.—*Whitlock, Observations on the present Manners of the English*, p. 505: 1654.

When Noah planted the vine, Satan attended, and sacrificed a sheep, a lion, an ape, and a sow. These animals were to symbolize the gradations of *ebriety*. —*T. Warton, History of English Poetry*, iii. lxvi. *Dissertation on the Gesta Romanorum.*

Ebriósity. *s.* Tendency to, or habit of, drunkenness.

That religion which excuseth Noah in surprisal, will neither acquit *ebriosity* nor ebriety in their intended perversion.—*Sir T. Browne.*

Ebúlliate. *v. n.* Boil over. *Rare.*

Whence this 29 play-oppugning argument will *ebulliate.—Prynne, Histrio-Mastix*, pt. i. act iv. s. 3. (Rich.)

Ebúllience, or **Ebúlliency.** *s.* Act of boiling; condition of that which boils.

My meaning is only this; to caution against that vulgar and popular errour of mistaking the natural and enthusiastic fervour of men's spirits and the *ebullicency* of their fancy. — *Cudworth, Sermons*, p. 93.

Ebúllient. *s.* [Lat. *ebulliens, -entis*, pres. part. of *ebullio* = boil, boil over.] Boiling over.

They scarce can swallow their *ebullient* spleen.
Young, Night Thoughts, i. viii.

I conceived and drew up the plan of a work, a drama, which was to be, to my mind, what the Faust was to Goethe's. My Faust was old Michael Scott; a much better and more likely original than Faust. He appeared in the midst of his college of devoted disciples, enthusiastic, *ebullient*, shedding around him bright surmises of discoveries fully perfected in after-times, and inculcating the study of nature and its secrets as the pathway to the acquisition of power.—*Coleridge, Table Talk.*

Ebullítion. *s.* Act of boiling up with heat.

The dissolution of gold and silver disagree; so that in their mixture there is great *ebullition*, darkness, and, in the end, a precipitation of a black powder.—*Bacon.*

Iron, in aqua fortis, will fall into *ebullition* with noise and emication; as also a crasse and fumid exhalation, caused from the combat of the sulphur of iron with the acid and nitrous spirits of aqua fortis. —*Sir T. Browne, Vulgar Errours.*

When aqua fortis, or spirit of vitriol, poured upon filings of iron, dissolves the filings with a great heat and *ebullition*, is not the heat and *ebullition* effected by a violent motion of the parts; and does not their motion argue, that the acid parts of the liquor rush towards the parts of the metal with violence, and run forcibly into its pores, 'till they get between its outmost particles and the main mass of the metal? —*Sir I. Newton.*

A violent cold, as well as heat, may be produced by this *ebullition*; for if sal ammoniack, or any pure volatile alkali, dissolved in water, be mixed with an acid, an *ebullition*, with a greater degree of cold, will ensue.—*Arbuthnot, On the Nature and Choice of Aliments.*

The remaining circumstances relied upon,—as his [Lord Chatham's] squandering away the ample legacy of Sir William Pynsent, and his impetuous proceedings in carrying on improvements at his Kentish villa, with no regard to expense, and even little attention to the period of the day or night when he required the work to be done,—may all be well accounted for by the known ardour of his disposition; and are truly to be reckoned among the natural *ebullitions* of the same vehement domination of purpose which, exerted upon greater things, formed the leading feature of his commanding character. — *Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Lord Chatham.*

Ecárte. *s.* (pronounced as a word of *three* syllables.) [Fr.] Game at cards so called.

All eyes were on a very pretty woman, with fifteen thousand a-year, and only twenty-three. The duke of Shropshire wished he was disembarrassed. Such a player of *ecarté* might double her income.—*Disraeli the younger, The young Duke*, b. ii. ch. iv.

Eccéntric. *adj.* [Gr. ἐκ = out, κέντρον = centre.]

1. Deviating from the centre; having a different centre from some other circle.

Whence is it that planets move all one and the same way in orbs concentrick, while comets move all manner of ways in orbs very *eccentrick*?—*Sir I. Newton, Opticks.*

In the history of astronomy, we find that the inequable motions of the sun, moon, and planets were, in a great measure, reduced to rule and system by the Greeks, by the aid of an hypothesis of circles, revolving, and carrying in their motion other circles which also revolved. This hypothesis introduced many technical terms, as Deferent, Epicycle, *Eccentric.*— *Whewell, Novum Organon renovatum*, p. 265.

2. Not terminating in the same point; not directed by the same principle.

Whatsoever affairs pass such a man's hands, he crooketh them to his own ends; which must needs be often *eccentrick* to the ends of his master.—*Bacon, Essays.*

3. Irregular; anomalous; deviating from stated and constant methods.

A character of an *eccentrick* virtue, is the more exact image of human life, because it is not wholly exempted from its frailties.—*Dryden.*

Then from whate'er we can to sense produce,
Common and plain, or wond'rous and abstruse,
From nature's constant or *eccentrick* laws,
The thoughtful soul this gen'ral inference draws,
That an effect must presuppose a cause. *Prior.*

Eccéntric. *s.*

1. That which deviates from a centre.

Astronomers, to solve the phenomena, framed to the conceit *eccentrics* and epicycles and a wonderful engine of orbs.—*Bacon.* (Rich.)

Thither his course he bends
Through the calm firmament; but up or down,
By centrick or *eccentrick*, hard to tell.
Milton, Paradise Lost, iii. 572.

They build, unbuild, contrive,
To save appearances: they gird the sphere
With centrick, and *eccentrick*, scribbled o'er,
Cycle, and epicycle, orb in orb. *Ibid.* viii. 81.

2. Deviation.

Let the lot decide the main of the controversy, and reserving somewhat for the publick, somewhat for the strangers, somewhat for common calamities, somewhat, as it were, for the universal motion of the whole body, somewhat for *eccentricks.—Hammond*, iv. 551. (Rich.)

Eccentrícity. *s.*

1. Deviation from a centre; state of having a different centre from another circle.

In regard of *eccentricity*, and the epicycle wherein it moveth, the motion of the moon is unequal.—*Sir T. Browne.*

By reason of the sun's *eccentricity* to the earth, and obliquity to the equator, he appears to us to move unequally.—*Holder.*

The *eccentricity* of the earth is the distance between the focus and the centre of the earth's elliptick orbit.—*Harris.*

2. Excursive and irregular deviation from usual custom.

The duke at his return from his *eccentricity*, for so I account favourites abroad, met no good news.—*Sir H. Wotton.*

3. Deviation from established methods; particularity; irregularity.

A kenside was a young man, warm with every notion that by nature or accident had been connected with the sound of liberty; and, by an *eccentricity* which such dispositions do not easily avoid, a lover of contradiction, and no friend to any thing established.—*Johnson, Life of Akenside.*

Ecchymósis. *s.* [Gr. ἐκχύμωσις.] Livid spots or blotches in the skin, made by extravasated blood; bruise with suffusion of blood; black eye; medical term, having *Ecchymotic* and other derivatives.

Ecchymosis may be defined an extravasation of the blood in or under the skin, the skin remaining whole.—*Wiseman, Surgery.*

Ecclésial. *adj.* Ecclesiastic. *Rare.*

Thus we see that all our *ecclesial* and political choices may consent and sort as well together without any rupture of the state as the Christians and freeholders.—*Milton, Of Reformation in England*, b. xi. (Rich.)

Ecclesiástes. *s.* [Gr.] One of the canonical books of Holy Scripture.

The book is in the Hebrew denominated Coheleth, a word which signifies one who speaks in public; and which, indeed, is properly translated by the Greek word *Ecclesiastes*, or, the Preacher.... The Hebrew word has, however, a feminine termination in respect to wisdom, personified, as it were, in Solomon.—*Dr. Gray, Key to the Old Testament.*

Ecclesiástic. *adj.* [Lat. *ecclesiasticus.*] Relating to the church.

A church of England man has a true veneration for the scheme established among us of *ecclesiastick* government.—*Swift.*

Ecclesiástic. *s.* Person dedicated to the ministries of religion.

The ambition of the *ecclesiasticks* destroyed the purity of the church.—*T. Burnet, Theory of the Earth.*

Ecclesiástical. *adj.* Same as Ecclesiastic.

Is discipline an *ecclesiastical* matter or civil? If an *ecclesiastical*, it must belong to the duty of the minister.—*Hooker, Ecclesiastical Polity.*

Clergymen, otherwise little fond of obscure terms, yet in their sermons are liberal of those which they find in *ecclesiastical* writers.—*Swift.*

Ecclesiásticism. *s.* Church principles.

My religious convictions and views have remained free from any tincture of *ecclesiasticism.* — *Westminster Review*, January, 1856, p. 24.

Ecclesiásticus. *s.* [Latin, from Greek.] One of the books which form the Apocrypha. See extract.

The book of *Ecclesiasticus*, according to some writers, is so called, because the ancients divided the books of the Old Testament volume into four sorts; the first contained the Pentateuch; the second, the Prophets; the third, the Hagiographa; the fourth, the ecclesiastical or apocryphal books, as not being in the Jewish canon. Among the ecclesiastical books, this of Jesus the son of Sirach being most remarkable and useful, it was κατ' ἐξοχήν called *Ecclesiasticus*, whilst the rest of the same class have lost their name. According to others, this title was given by the Latins to it, to denote its use in the church, being read for the sake of edification in the publick religious assemblies. Or, lastly, because, like Solomon's Ecclesiastes, which it resembles in name as well as matter, it teaches and instructs such as attend to it by the admirable precepts which it delivers.—*Arnald, Commentary on Ecclesiasticus*, pref.

Ecclesiólogist. *s.* [Gr. λόγος = word, principle.] This word, suggesting as its congeners *Ecclesiology* and *Ecclesiological*, is the title of a periodical upon church architecture, published in 1850, when it was considered to be a new word. Earlier examples, however, are probably to be found, as well as the use of *Ecclesiology* in a more general sense, viz. the doctrine, system, or philosophy of the government and authority of churches.

Eccoprótic. *adj.* (sometimes used as a *substantive.*) [Gr. ἐκ, and κόπρος = dung.] Acting as a medicine which purges so as to bring away no more than the natural excrements lodged in the intestines. *Obsolete.*

The body ought to be maintained in its daily excretions by such means as are *eccoprotick.—Harvey, On the Plague.*

Echídna. *s.* [Gr. ἔχιδνα = viper.] Monotrematous animal so called. See extract.

The third principal division of the Edentates contains but two genera, belonging to the Australian range, and which have long excited the attention of zoologists: these are *Echidna* and Ornithorhynchus: the first resembling a hedgehog, with the muzzle of an ant-eater, without the slightest vestige of a tooth; and the latter a mole, with the bill of a duck.... The *Echidnæ*, or spiny ant-eaters, are of two species. Their mouth, or muzzle, more resembles that of a bird than of a quadruped, unless, indeed, it be compared to that of the American ant-eater; its form is narrow and lengthened, terminating in a very small mouth, hardly more than sufficient to admit the passage of a slender extensible tongue, which the animal uses, like the ant-eaters of America and India, to draw into its mouth the ants upon which it feeds. Although this mouth is destitute of teeth, the palate is furnished with several rows of small spines, directed backwards. Their feet are short, and are each furnished with five very strong and lengthened toes, admirably adapted for digging. The whole of the body is covered with short, acute, and rather strong spines, somewhat similar to those of the hedgehog; but in one species these spines are intermixed with a quantity of thick and soft fur, more resembling that of the Brazilian porcupines.—

Swainson, Natural History and Classification of Quadrupeds, §§ 230, 231.

Echínated, also **Echínate.** *adj.* In *Zoology* and *Botany.* Bristled like a hedgehog; set with prickles.

An *echinated* pyrites in shape approaches the *echinated* crystalline balls.—*Woodward, On Fossils.*

Echínoderm. *s.* [Gr. δέρμα, δέρματος = skin.] Animal of the order Radiata, chiefly represented by the sea-urchins so called.

(For examples see extract under Echinodermata.)

Echínodermal. *adj.* Relating to the Echinodermata.

(For example see extract under Echinodermata.)

Echínodérmata. *s.* Class in Zoology so called, of which the sea-urchins are the typical representatives.

The soft and gelatinous radiaries have often baffled the anatomist by the seeming simplicity and uniformity of their texture; the harder, spine-clad, or *echinodermal* species, perplex the most patient and persevering dissector by the extreme complexity and diversity of their constituent parts. This class of animals . . . includes species in which the form is most strictly or typically radiate. . . . With a radiated filamentary system of nerves is combined not only a distinct abdominal cavity with an alimentary canal suspended therein by a vascular mesentery, and having a distinct anal outlet, but there are distinct vascular and chylaqueous systems together with a large and well-defined respiratory organ. This organ, however, may be regarded as the exceptional condition of the radiated type of structure, and is found only in the highest and aberrant forms of the present class, which indicate the transition from the *echinoderms* to the annelides. . . . In the next order the angles disappear, and the disc expands until a spheroid or globular form is obtained, which characterises the *echinoderms* commonly called 'sea-urchins,' and Echinoi by the Greeks. . . . These vermiform *echinoderms* [holothurioidea] seem to lead, by the concluding order Sipunculoidea, to the true worms, which stand on the lowest step of the articulate division of the animal kingdom. The name *echinodermata* has been applied to these diversified forms of the higher organised zoophytes of Cuvier, because in many of the species the integument is defended by spines: they, however, posssess, and are associated together by, another and more general tegumentary character; the skin is perforated in most of the species by minute foramina, through which a multitude of small tubes or hollow suctorial tentacles (tube-feet) can be protruded and retracted, and these constitute the common organs of adhesion and locomotion in the *echinoderms.*—*Owen, Lectures on Comparative Anatomy*, lect. x.

Echínus. *s.*

1. Radiated animal so called; sea-urchin; sea-hedgehog.

The calcareous pieces entering into the composition of the complex skeleton of the *echinus* are those of the shell, of the buccal apparatus called the 'lantern,' of the ambulacral tubes, and of the pedicellariæ. *All the echini* are admirable for the regular and beautiful pattern in which, as in a tesselated pavement, the numerous calcareous pieces composing their globular crust are arranged; many of the species are formidable from the size and form of the spines with which the shell is beset. The component plates of the shell are divided into several series, called oral, anal, genital, ocular, ambulacral, and interambulacral plates. The proper shell is built up of the two latter kinds, which constitute a hollow spheroid, having a large aperture at each pole, where the first four kinds of plates are situated. The ambulacral plates are perforated for the passage of the tubular feet, the parallel rows of which intercept and overshadow spaces compared by Linnæus to avenues or ambulacra; these plates likewise support spines. The interambulacral plates, which support a greater number of the spines, are characterised by more numerous tubercles, and are not perforated. Both kinds of plates are of a pentagonal form, and are arranged each kind in five alternate pairs of vertical rows. The plates of each pair are united together by a zigzag suture, and increase in size as they approach the equator of their living globe. These twenty series of ambulacral and interambulacral plates constitute the chief part of the spheroidal skeleton of the *echinus.*—*Owen, Lectures on Comparative Anatomy*, lect. x.

In *Architecture.* Member or ornament taking its name from the roughness of the carving, resembling the prickly rind of a chestnut, and not unlike the thorny coat of a hedgehog.

The *echinus* is used by modern architects in cornices of the Ionick, Corinthian, and Composite orders; and generally set next to the abacus, being carved with anchors, darts, and ovals or eggs.—*Harris.*

Écho. *s.* [Gr. ἦχω; Lat. *echo.*—Echo was supposed to have been once a nymph, who pined into a sound for love of Narcissus.] Return, or repercussion, of any sound; sound returned.

The pleasant myrtle may teach the unfortunate *echo* in these woods to resound the renowned name of a goddess.—*Sir P. Sidney.*

The sound, filling great spaces in arched lines, cannot be guided; therefore there hath not been any means to make artificial *echoes.*—*Bacon, Natural and Experimental History.*

Babbling *echo* mocks the hounds,
Replying shrilly to the well-tun'd horns,
As if a double hunt were heard at once.
Shakespear, Titus Andronicus, ii. 3.

Wilt thou hunt?
Thy hounds shall make the welkin answer them,
And fetch shrill *echoes* from their hollow earth.
Id., Taming of the Shrew, induct. sc. 2.

To you I mourn, nor to the deaf I sing;
The woods shall answer, and the *echo* ring. *Pope.*

Écho. *v. n.* Resound; give the repercussion of a voice.

At the parting
All the church *echo'd.*
Shakespear, Taming of the Shrew, iii. 2.

Écho. *v. a.* Send back a voice; return what has been uttered.

Our separatists do but *echo* the same note.—*Dr. H. More, Decay of Christian Piety.*

With peals of shouts the Tyrians praise the song;
Those peals are *echo'd* by the Trojan throng.
Dryden, Translation of the Æneid.

Échoed. *part. adj.* Returned as an echo.

One great death deforms the dreary ground;
The *echo'd* woes from distant rocks resound. *Prior.*

Échoer. *s.* One who echoes.

Those servile *echoers* of aught but truth.
Mathias, Pursuits of Literature.

Échoing. *part. adj.* Sounding as an echo.

Through rocks and caves the name of Delia sounds;
Delia each cave and *echoing* rock rebounds. *Pope.*

The cock's shrill clarion, or the *echoing* horn,
No more shall rouse them from their lowly bed.
Gray, Elegy.

Eclaircíssement. *s.* [Fr.] Explanation.

Well, then, by the world, a man can't speak civilly to a woman now, but presently she says, he makes love to her: Nay, madam, you shall stay, with your pardon, since you have not yet understood him, 'till he has made an *eclaircisement* of his love to you.—*Wycherly, The Country Wife.*

Eclát. *s.* [Fr.] Splendour; show; lustre.

Nothing more contributes to the variety, surprize, and *eclat* of Homer's battles, than that artificial manner of gaging his heroes by each other.—*Pope, Essay on Homer.*

All people's eyes and inclinations began now to turn towards Cæsar, who, by the *eclat* of his victories, seemed to rival the fame of Pompey himself. —*Middleton, Life of Cicero.* (Ord MS.)

Ecléctic. *adj.* [Gr. ἐκλεκτικός = selecting, showing selection, or resulting from it; ἐκ = out, λέγω = choose.—see Elect.] Selecting; choosing at will.

Cicero gives an account of the opinions of philosophers; but was of the *eclectick* sect, and chose out of each such positions as came nearest truth.—*Watts, Improvement of the Mind.*

(For further examples see under next entry.)

Ecléctic. *s.* Selector: (with its chief special applications to certain *philosophers*, who, without attaching themselves to any particular sect, took from any what they judged good; to a *sect* in the *Christian church*, called also modern Platonics, as considering the doctrine of Plato conformable to the spirit and genius of the Christian; to a sect of *physicians* among the ancients).

He [Persius] sticks to his own philosophy; he shifts not sides like Horace, who is sometimes Epicurean, sometimes Stoick, sometimes *Eclectick*, as the present humour leads him.—*Dryden, Origin and Progress of Satire.*

But we need not struggle farther, wringing a significance out of these mysterious words; in delineating the genuine transcendentalist, or 'philosopher of the third stage,' properly speaking The philosopher. Novalis ascends into regions whither few readers would follow him. It may be observed here that British philosophy, tracing it from Duns Scotus to Dugald Stewart, has now gone through the first and second of these stages, the scholastic and the *eclectic*, and in considerable honour. With our amiable Professor Stewart, than whom no man, not Cicero himself, was ever more entirely *eclectic*, that second or *eclectic* class may be considered as having terminated; and now philosophy is at a stand among us, or rather there is now no philosophy visible in these islands. It remains to be seen whether we also are to have our 'third stage,' and how that new and highest 'class' will demean itself here. The French philosophers seem busy studying Kant, and writing of him; but we imagine Novalis would pronounce them still only in the *eclectic* stage. He says afterwards that all *eclectics* are essentially and at bottom sceptics; the more comprehensive, the more sceptical.—*Carlyle, Critical and Miscellaneous Essays, Novalis.*

Eclécticism. *s.* Tendency to become eclectic.

But there is also an injurious mental habit, and a hazard of ulterior evils, connected with that sort of *eclecticism*, which a system of indiscriminate aid to different religious communions presupposes. It seems to imply, and at least it prepares us to believe, that the power of revealed truth is in the abstract forms of its propositions, just as, when we have accurately stated a formula of mathematics, we know that we virtually possess all its results; and as, when we reduce it to a narrower expression, we are still aware what classes of results we exclude, and how much we retain.—*Gladstone, The State in its Relations with the Church*, ch. ii.

Eclégm. *s.* [Gr. ἔκλεγμα, from λείχω = lick.] Form of medicine made by the incorporation of oils with syrups, and which is to be taken upon a liquorice stick. *Obsolete.*

Confection, treacle, mithridate, *eclegmes*, or tinctures.—*Burton, Anatomy of Melancholy.*

Eclípse. *s.* [Gr. ἔκλειψις = failing; from λείπω = leave, fail, fall short of.]

1. Obscuration of the luminaries of heaven: (as that of the *sun* by the intervention of the moon, or of the *moon* by the interposition of the earth).

Slips of yew,
Sliver'd in the moon's *eclipse.*
Shakespear, Macbeth, iv. 1.

Planets, planet-struck, real *eclipse*
Then suffer'd. *Milton, Paradise Lost*, x. 413.

So, though the sun victorious be,
And from a dark *eclipse* set free,
The influence, which we fondly fear,
Afflicts our thoughts the following year. *Waller.*

An *eclipse* of the moon is when the atmosphere of the earth, being between the sun and the moon, hinders the light of the sun from falling upon and being reflected by the moon: if the light of the sun is kept off from the whole body of the moon, it is a total *eclipse*; if from a part only, it is a partial one. —*Locke.*

2. Darkness; obscuration.

All the posterity of our first parents suffered a perpetual *eclipse* of spiritual life.—*Sir W. Raleigh, History of the World.*

Eclípse. *v. a.*

1. Darken a luminary.

Now if the earth were flat, the darken'd moon
Would seem to all *eclips'd* as well as one.
Creech, Manilius.

2. Extinguish; put out.

Then here I take my leave of thee, fair son,
Born to *eclipse* thy life this afternoon.
Shakespear, Henry VI. Part I. iv. 5.

3. Cloud; obscure.

They had seen tokens of more than common greatness, howsoever now *eclipsed* with fortune.—*Sir P. Sidney.*

Let other muses write his prosp'rous fate,
Of conquer'd nations tell, and kings restor'd;
But mine shall sing of his *eclips'd* estate,
Which, like the sun's, more wonders does afford.
Dryden.

He descended from his father, and *eclipsed* the glory of his divine majesty with a veil of flesh.—*Calamy, Sermons.*

4. Disgrace.

She told the king, that her husband was *eclipsed* in Ireland by the no-countenance his majesty had shewed towards him.—*Lord Clarendon, History of the Grand Rebellion.*

Another now hath to himself engross'd
All pow'r, and us *eclips'd.*
Milton, Paradise Lost, v. 775.

Eclípse. *v. n.* ? Become dim (as the sight does after looking at the sun). *Rare.*

Starry eyes, whereat my sight
Did *eclipse* with much delight,
Eyes that lighten, and do shine,
Beams of love that are divine.
R. Greene, Poems.

Eclíptic. *s.* See extracts.

All stars, that have their distance from the *ecliptick* northwards not more than twenty-three degrees and a half, may, in progression of time, have declination southward, and move beyond the equator.—*Sir T. Browne, Vulgar Errours*, iv. 13.

The terraqueous globe had the same site and position, in respect of the sun, that it now hath: its axis was not parallel to that of the *ecliptick*, but in-

clined in like manner as it is at present.—*Woodward, Essay towards a Natural History of the Earth.*

You must conceive an imaginary plane, which passing through the center of the sun, and the earth, extends itself on all sides as far as the firmament: this plane is called the *ecliptick*, and in this the center of the earth is perpetually carried, without any deviation.—*Bentley, Sermons.*

A great circle of the sphere, supposed to be drawn through the middle of the zodiack, and making an angle with the equinoctial, in the points of Aries and Libra, of 23° 30′, which is the sun's greatest declination. This is by some called via solis, or the way of the sun, because the sun, in his annual motion, never deviates from this line. It is this line which is drawn on the globe, and not the zodiack. But in the new astronomy the *ecliptick* is that path among the fixed stars, which the earth appears to describe to an eye placed in the sun, as in its annual motion it runs round the sun from west to east. If you suppose this circle to be divided into twelve equal parts, they will be the twelve signs, each of which is denoted or distinguished by some asterism or constellation.—*Harris.*

Used *adjectivally.*

The earth's rotation makes the night and day;
The sun revolving through th' *ecliptick* way,
Effects the various seasons of the year.
Sir R. Blackmore, Creation.

Éclogue. *s.* [Lat. *ecloga*, title equivalent to Bucolic or Pastoral in Virgil; a word of doubtful origin, and, as being a term applied to certain poems rather than to a general class, a proper rather than a common name.] Bucolic poem; bucolic; idyl; pastoral poem; pastoral.

What exclaiming praises Basilius gave this *eclogue* any man may guess, that knows love is better than spectacles to make every thing seem great.—*Sir P. Sidney.*

It is not sufficient that the sentences be brief, the whole *eclogue* should be so too.—*Pope.*

Económic. *adj.* Pertaining to the regulation of a household.

Her quick'ning power in ev'ry living part,
Doth as a nurse, or as a mother serve;
And doth employ her *economick* art,
And busy care, her houshold to preserve.
Sir J. Davies, On the Immortality of the Soul.

Económical. *adj.*

1. Same as Economic. *Rare.*

In *economical* affairs, having proposed the government of a family, we consider the proper means to effect it.—*Watts.*

2. Frugal: (this being the *commoner* meaning, indeed the only one in which the word is, at present, in ordinary use. In few words is the difference between the form in *-ic* and the form in *-ical* more clearly marked than in this. *Economic* = frugal, is nearly as rare as *Economical* = pertaining to the regulation of a household; *Politic* and *Political* give a like amount of difference).

Some are so plainly *economical*, as even to desire that the seat be well watered, and well fuelled.—*Sir H. Wotton, Elements of Architecture.*

3. Regulative.

Part of the power given unto Christ as man being merely *œconomical*, aiming at a certain end, shall then cease and determinate when that end for which 'twas given shall be accomplished.—*Grew, Cosmologia Sacra*, 152. (Ord MS.)

Económics. *s.* Doctrine of economy. See Chromatics.

A prince leaving his business wholly to his ministers, is as dangerous an errour in politicks, as a master's committing all to his servants is in *œconomicks.*—*Sir R. L'Estrange.*

Ecónomist. *s.* Manager, generally of a saving character.

After which, by the addition of a few years, and a superior understanding, she became, and continued all her life, a most prudent *economist.*—*Swift, Character of Stella.* (Ord MS.)

Very few people are good *œconomists* of their fortune, and still fewer of their time; and yet, of the two, the latter is the most precious.—*Lord Chesterfield, Letters*, let. 216. (Ord MS.)

He sees estates bought and sold, squandered and increased, without praising the *economist* or censuring the spendthrift.—*Johnson.*

Ecónomizátion. *s* Result of the practice of economy.

Though the loss of heat does not therefore increase only as the squares of the dimensions, it certainly increases at a smaller rate than the cubes. And to the extent that augmentation of mass results in a greater retention of heat, it effects an *economization* of force. This advantage is not, however, so important as at first appears.—*Herbert Spencer, Inductions of Biology.*

Ecónomize. *v. n.* Act, live, or manage with economy.

It was too late to *economize*, even if the necessity of doing so had become evident.—*Emilia Wyndham.*

Ecónomize. *v. a.* Save; husband; make the most of.

In order to *economise* time and facilitate labour, care is taken to associate on one side of the motive machine the hammer, the shears, and the reducing cylinders; and on the other side to place the several systems of cylinders for drawing out the iron into bars.—*Ure, Dictionary of Arts, Manufactures, and Mines, Iron.*

Ecónomy. *s.* [Gr. *οἰκονομία*, from *οἶκος* = house, family, &c., and *νόμος* = law, distribution, regulation. The use of the *e* instead of *œ*, which in the present spelling of this word is nearly universal, is no innovation, but an orthography recognized by Johnson himself, who writes: 'This word is written from its derivation *œconomy*, but *œ* being no diphthong in English, it is placed here' (i.e. under E) 'with the authorities for different orthography.']

1. Management of a family; government of a household.

By St. Paul's *economy* the heir differs nothing from a servant, while he is in his minority; so a servant should differ nothing from a child in the substantial part.—*Jeremy Taylor, Rule and Exercises of Holy Living.*

2. Frugality; discretion of expense; laudable parsimony.

Particular sums are not laid out to the greatest advantage in his *economy*; but are sometimes suffered to run waste, while he is only careful of the main.—*Dryden, State of Innocence*, preface.

I have no other notion of *economy*, than that it is the parent of liberty and ease.—*Swift, Letter to Lord Bolingbroke.*

3. Disposition of things; regulation.

All the divine and infinitely wise ways of *economy* that God could use towards a rational creature, oblige mankind to that course of living which is most agreeable to our nature.—*Hammond.*

Applied to *literary compositions.*

In the Greek poets, as also in Plautus, we shall see the *economy* and disposition of poems better observed than in Terence.—*B. Jonson, Discoveries.*

If this *economy* must be observed in the minutest parts of an epick poem, what soul, though sent into the world with great advantages of nature, cultivated with the liberal arts and sciences, can be sufficient to inform the body of so great a work?—*Dryden, Dedication to Virgil's Æneid.*

4. System of motions; distribution of everything active or passive to its proper place; principle of regulation in any establishment or system, as in political and domestic economy.

These the strainers aid,
That, by a constant separation made,
They may a due *economy* maintain,
Exclude the noxious parts, the good retain.
Sir R. Blackmore, Creation.

5. Principle.

But Eutyches did not merely insist upon a phrase; he appealed for his doctrine to the Fathers generally, 'I have read the blessed Cyril, and the holy Fathers, and the holy Athanasius;' he says at Constantinople, 'that they said, "Of two natures before the union," but that "after the union" they said "but one."' . . . It is also undeniable that, though the word 'nature' is applied to our Lord's manhood by St. Ambrose, St. Gregory Nazianzen, and others, yet on the whole it is for whatever reason avoided by the previous Fathers; certainly by St. Athanasius, who uses the words 'manhood,' 'flesh,' 'the man,' '*economy*,' where a later writer would have used 'nature:' and the same is true of St. Hilary. In like manner, the Athanasian Creed, written, as it is supposed, some twenty years before the date of Eutyches, does not contain the word 'nature.' Much might be said on the plausibility of the defence, which Eutyches might have made for his doctrine from the history and documents of the Church before his time.—*Newman, Development of Christian Doctrine*, ch. v. sect. 3.

Ecphráctic. *adj.* [Gr. *ἐκφρακτικός* = defensive; from *φράσσω* or *φράττω* = ward off.] In *Medicine.* Having the power to repel, or ward off. *Rare*, Prophylactic being the *commoner* word.

Procure the blood a free course, ventilation, and transpiration, by suitable purges and *ecphractick* medicines.—*Harvey.*

Ecstasis. *s.* [Latin from Greek.] Same as Ecstasy, only less English.

Let all this be a transportation and *ecstasis.*—*Gregorie, Posthuma.* (Ord MS.)

Ecstasy. *s.* [Gr. *ἔκστασις*; from *ἐκ* = out, and *στάσις* = standing, state, condition.]

1. Any passion by which the thoughts are absorbed, and in which the mind is for a time lost.

Follow them swiftly,
And hinder them from what this *ecstasy*
May now provoke them to.
Shakespear, Tempest, iii. 3.

Whether what we call *ecstasy* be not dreaming with our eyes open, I leave to be examined.—*Locke.*

2. Excessive joy; rapture.

O, love, be moderate! Allay thy *ecstasy!*
Shakespear, Merchant of Venice, iii. 2.

The religious pleasure of a well disposed mind moves gently, and therefore constantly: it does not affect by rapture and *ecstasy*; but is like the pleasure of health, still and sober.—*South, Sermons.*

Each delighted, and delighting, gives
The pleasing *ecstasy* which each receives. *Prior.*

A pleasure, which no language can express;
An *ecstasy*, that mothers only feel,
Plays round my heart. *Philips, Distrest Mother.*

3. Enthusiasm; excessive elevation of the mind.

He lov'd me well, and oft would beg me sing;
Which when I did, he on the tender grass
Would sit, and hearken even to *ecstasy.*
Milton, Comus, 623.

4. Excessive grief or anxiety.

Sighs and groans, and shrieks that rend the air,
Are made, not mark'd; where violent sorrow seems
A modern *ecstasy.* *Shakespear, Macbeth*, iv. 3.

5. In *Medicine.* Trance.

Catalepsy and *ecstasy*, although treated of by some writers as distinct affections, generally present very nearly the same pathological conditions, morbid relations, and complications, for which reasons I shall consider them . . . as varieties of the same species of disease.—*Copland, Dictionary of Practical Medicine, Catalepsy.*

Ecstasy. *v. a.* Fill with rapture or enthusiasm. *Rare.*

They were so *ecstasied* with joy, that they made the heavens ring with triumphant shouts and acclamations.—*Scott, Christian Life*, i. 4. § 5.

Ecstátic. *adj.*

1. Ravished; rapturous; elevated beyond the usual bounds of nature.

There doth my soul in holy vision sit,
In pensive trance, and anguish, and *ecstatick* fit.
Milton, Ode on the Passions.

In trance *ecstatick* may thy pangs be drown'd;
Bright clouds descend, and angels watch thee round.
Pope

2. Raised to the highest degree of joy.

To gain Pescennius one employs his schemes;
One grasps a Cecrops in *ecstatick* dreams. *Pope.*

Ecstátical. *adj.*

1. Ecstatic.

When one of them, after an *ecstatical* manner, fell down before an angel, he was severely rebuked, and bidden to worship God.—*Bishop Stillingfleet.*

2. Tending to external objects. *Rare*, though agreeable with the derivation.

I find in me a great deal of *ecstatical* love, which continually carries me out to good without myself.—*Norris.*

Ectypal. *adj.* Taken from the original. *Rare.*

Exemplars of all the *ectypal* copies.—*Ellis, Knowledge of Divine Things*, p. 417.

Ectype. *s.* [Gr. *ἔκτυπος*, Fr. *ectype* = embossed figure, or impression of a seal, ring, or medal, type.] Copy. *Rare.*

The complex ideas of substances are *ectypes*, copies, but not perfect ones; not adequate.—*Locke.*

Écuménic. *adj.* [Gr. *οἰκουμενικός*, relating to the *οἰκουμένη*; this being the passive participle, in the feminine gender (the word *γή* = earth being understood), of *οἰκέω* = inhabit.] Respecting, relating to, or representing, the whole inhabited world; universal: (its chief special application being in *Theology*, to *councils* of a certain amount of generality).

Let . . . the suppression of heresy be the first paramount absorbing subject of debate. All precedent was in the Pope's favour; it had ever been the first act of *œcumenic* councils, from that of Nicea, to

guard the faith and to condemn heresy. So, too, the Council of Constance, commencing at this point, might be held a continuation, hardly more than a prorogation, of the Council of Pisa. And this to the Pope was life or death. For if the Council of Pisa was thus even tacitly recognised, his title among the three claimants to the Papacy, his absolute title, resting on the solemn decree of that council, was irrefragable.—*Milman, History of Latin Christianity*, b. xiii. ch. viii.

Écuménical. *adj.* Same as Ecumenic.

Thus they were properly placed, as executive officers, under the control both of the legislature, on the part of the State; and of Scripture, of the *œcumenical* decrees, and of the national clergy, on the part of the Church: the clergy forming the ordinary tribunal to judge of heresy upon any questions which might arise within the kingdom; and the decrees of the councils being those common laws of Christendom, which it is the function of Catholic consent to recognise.—*Gladstone, The State in its Relations with the Church*, ch. vii.

Eutyches was supported by the Imperial Court, and by Dioscorus the Patriarch of Constantinople; the proceedings therefore at Constantinople were not allowed to settle the question. A general council was summoned for the ensuing summer at Ephesus, where the third *ecumenical* council had been held twenty years before against Nestorius. It was attended by sixty metropolitans, ten from each of the great divisions of the East; the whole number of bishops assembled amounted to one hundred and thirty-five. Dioscorus was appointed President by the Emperor, and the object of the assembly was said to be the settlement of a question of faith which had arisen between Flavian and Eutyches.—*Newman, Development of Christian Doctrine*, ch. v. sect. 3.

Edácity. *s.* [Fr. *édacité*; Lat. *edacitas, -atis*, from *edo* = eat.] Tendency to eat largely; habit of eating largely; gluttony; voracity; ravenousness; greediness; rapacity.

The wolf is a beast of great *edacity* and digestion; it may be the parts of him comfort the bowels.—*Bacon.*

Édder. *v. a.* Bind or interweave a fence. *Obsolete* or *provincial.*

To add strength to the hedge, *edder* it; which is, bind the top of the stakes with some small long poles on each side.—*Mortimer, Husbandry.*

Édder. *s.* [A.S. *eodun* = hedge.] Fencewood put upon the top of fences. *Obsolete* or *provincial.*

In lopping and felling, save *edder* and stake,
Thine hedges, as needeth, to mend or to make.
Tusser, Hundred Points of Good Husbandry.

Éddish. *s.* See extract.

Commonly explained in the sense of aftermath, which gives too confined a signification. The meaning is pasturage or the eatable growth of either grass or cornfield, and the word is probably a corruption of *eatage*, as *rubbish* of *rubbage*.

'Keep for stock is tolerably plentiful, and the fine spring weather will soon create a good *eddish* in the pastures.' (Times, April 20, 1857.)

'That after the flax is pulled you get more feed that autumn than from the aftermath of seeds sown with wheat the second year; that the immense *eatage* obtained from seeds the same year they are sown and after the flax is pulled, should be added to the value of the flax.' (Economist, Feb. 1, 1852.)
—*Wedgwood, Dictionary of English Etymology.*

Éddy. *s.* [see last extract.] Whirlpool; circular motion in water (or air).

My praises are as a bulrush upon a stream: if they sink not, 'tis because they are born up by the strength of the current, which supports their lightness; but they are carried round again, and return on the *eddy* where they first began.—*Dryden.*

The wild waves master'd him, and suck'd him in,
And smiling *eddies* dimpled on the main. *Id.*

So, where our wide Numidian wastes extend,
Sudden th' impetuous hurricanes descend,
Wheel through the air, in circling *eddies* play,
Tear up the sands, and sweep whole plains away.
Addison, Cato.

Used either *adjectivally*, or as the *first element* in a *compound.*

And chaff with *eddy* winds is whirl'd around,
And dancing leaves are lifted from the ground.
Dryden.

[*Eddy.*—Commonly referred to an Anglo-Saxon *ed-ea*, back-water (not preserved in the extant remains of the language), from *ed*, equivalent to the Latin *re* in composition, and *ea*, water. But this plausible derivation is opposed by numerous Norse forms given by Aasen, *ia, ida, odo, udu, evja, bak-ida, bak-wudu, kring-wudu*, an eddy, back-water, which leave little doubt that the word is simply the Old Norse *yda*, a whirlpool, from *yda*, to boil, to rush; Anglo-Saxon *yth*, wave, flood, rush of water; *ythian*, to fluctuate, to overflow.—*Wedgwood, Dictionary of English Etymology.*]

Éddy. *v. n.* Whirl as an eddy.

No doubt preaching, in the proper sense of the word, is more effective than reading. . . . But . . . I prefer going to church to a pastor who reads his discourse: for I never yet heard more than one preacher without book, who did not forget his argument in three minutes' time; and fall into vague and unprofitable declamation, and, generally, very coarse declamation too. These preachers never progress; they *eddy* round and round. Sterility of mind follows their ministry.—*Coleridge, Table Talk.*

Edéma. *s.* [Gr. οἴδημα = swelling.—scarcely naturalized; indeed, often combined as a generic term with another Latin word indicative of the specific character of the ailment to which it applies, e.g. *œdema nodosum.* Few words beginning with *œ* are so rarely spelt as here, i.e. with *e*. The derivatives, however, are truly Anglicized.] In *Medicine.* Swelling.

Edemátic. *adj.* Same as edematous. *Rare.*

It is primarily generated out of the effusion of melancholick blood, or secondarily out of the dregs and remainder of a phlegmonous or *œdematick* tumour.—*Harvey, Discourse on Consumptions.*

Edématose. *adj.* Having the character of edema.

A serosity obstructing the glands may be watery, *edematose*, and scirrhous, according to the viscosity of the humour.—*Arbuthnot.*

Edématous. *adj.* Same as preceding.

The great discharge of matter, and the extremity of pain wasted her, *œdematous* swellings arose in her legs, and she languished and died.—*Wiseman, Surgery.*

Edéntulous. *adj.* [Lat. *e* = without, *dens, dentis* = tooth.] Toothless.

The jaws of birds are always *edentulous* and sheathed with horn, of divers configurations, adapted to their different modes of life and kinds of food.—*Owen, Lectures on the Comparative Anatomy of Vertebrate Animals*, introd. lect.

Edge. *s.* [A.S. *ecge.*]

1. Thin or cutting part of anything.

Seize upon Fife; give to the *edge* o' th' sword
His wife, his babes. *Shakespear, Macbeth*, iv. 1.

He that will a good *edge* win,
Must forge thick, and grind thin. *Proverb.*

Used *metaphorically.* Sharpness of mind; proper disposition for action or operation; intenseness of desire; keenness; acrimony.

Give him a further *edge*,
And drive his purpose into these delights.
Shakespear, Hamlet, iii. 1.

Abate the *edge* of traitors, gracious Lord!
That would reduce these bloody days again.
Id., Richard III. v. 4.

But when long time the wretches thoughts refin'd,
When want had set an *edge* upon their mind,
Then various cares their working thoughts employ'd,
And that which each invented, all enjoy'd.
Creech, Translation of Manilius.

Silence and solitude set an *edge* upon the genius, and cause a greater application.—*Dryden, Translation of Du Fresnoy's Art of Painting.*

2. Narrow part rising from a broader.

Some harrow their ground over, and then plow it upon an *edge*.—*Mortimer, Husbandry.*

3. Brink; margin; extremity.

The rays which pass very near to the *edges* of any body, are bent a little by the action of the body.—*Sir I. Newton, Opticks.*

We have, for many years, walked upon the *edge* of a precipice, while nothing but the slender thread of human life has held us from sinking into endless misery.—*Rogers.*

Yes, the last pen for freedom let me draw,
When truth stands trembling on the *edge* of law.
Pope.

Set the teeth on edge. Cause a tingling uneasiness in the teeth.

A harsh grating tune *setteth the teeth on edge.*—*Bacon.*

Be on edge. Be impatient.

Besides the prioress was all on *edge*
To hear of what befalls her sister's son.
H. Taylor, Philip van Artevelde, v. 4.

Edge. *v. a.*

1. Furnish with an edge; sharpen; enable to cut.

There sat she rolling her alluring eyes,
To *edge* her champion's sword, and urge my ruin.
Dryden.

I fell'd along a man of bearded face,
His limbs all cover'd with a shining case:
So wond'rous hard, and so secure of wound,
It made my sword, though *edg'd* with flint, rebound.
Dryden.

2. Border with anything; fringe.

Their long descending train,
With rubies *edg'd*, and sapphires, swept the plain.
Dryden.

I rid over hanging hills, whose tops were *edged* with groves, and whose feet were watered with winding rivers.—*Pope.*

3. Exasperate; embitter.

By such reasonings the simple were blinded, and the malicious *edged.*—*Sir J. Hayward.*

He was indigent and low in money, which perhaps might have a little *edged* his desperation.—*Sir H. Wotton, Life of the Duke of Buckingham.*

4. Put forward beyond a line.

Edging by degrees their chairs forwards, they were in a little time got up close to one another.—*Locke.*

Edge in. Get in; slide in.

'Tis possible to go into masculine company where 'twill be as hard to *edge in* a word as at a female gossiping.—*Dr. H. More, Government of the Tongue*, sec. 6, 12. (Ord MS.)

Edge. *v. n.* Move forward against any power; go close upon a wind, as if upon its skirts or border, and so sail slow.

I must *edge* upon a point of wind,
And make slow way. *Dryden, Cleomenes.*

'It was proposed, you know, to match me with Miss Harriet, but she can't take kindly to me. When one has made a bad bet, it's best to *edge* off, you know, and so I have e'en swapped her with Lord Trinket here for his brown horse Nabob.—*Colman the elder, The Jealous Wife*, v. 3.

Édged. *part. adj.* Sharp; not blunt.

We find that subtile or *edged* quantities do prevail over blunt ones.—*Sir K. Digby, Treatise on the Nature of Bodies.*

Édgeless. *adj.* Wanting an edge; blunt; obtuse; unable to cut.

To-morrow in the battle think on me,
And fall thy *edgeless* sword; despair and die.
Shakespear, Richard III. v. 3.

They are *edgeless* weapons it hath to encounter.—*Dr. H. More, Decay of Christian Piety.*

Édgetoól. *s.* Tool made sharp to cut.

There must be no playing with things sacred, nor jesting with *edgetools.*—*Sir R. L'Estrange.*

Nurses from their children keep *edgetools.*
Lord Dorset.

I shall exercise upon steel, and its several sorts; and what sort is fittest for *edgetools*, which for springs.—*Moxon.*

Édgewise. *adv.* With the edge put into any particular direction.

Should the flat side be objected to the stream, it would be soon turned *edgewise* by the force of it.—*Ray.*

Édging. *verbal abs.* What is added to anything by way of ornament.

The garland which I wove for you to wear,
And border'd with a rosy *edging* round. *Dryden.*

A woman branches out into a long dissertation upon the *edging* of a petticoat.—*Addison, Spectator.*

A small pattern, of about half an inch broad, formed the *edging* of one of the finest of these cloths.—*Thompson*, in *Sir J. G. Wilkinson's Manners and Customs of the Ancient Egyptians*, ch. vii.

Édgy. *adj.* Showing an edge.

The outlines of their bodies are sharpe and *edgy.*—*R. P. Knight, Analytical Inquiry into the Principles of Taste*, p. 66. (Ord MS.)

Édible. *adj.* [Lat. *edibilis* = capable of being eaten; from *edo* = eat.] *Fit to be eaten*; fit for food.

Some flesh is not *edible*, as horses and dogs.—*Bacon.*

Wheat and barley, and the like, are made either *edible* or potable by man's art and industry.—*Dr. H. More, Antidote against Atheism.*

Some of the fungus kind, gathered for *edible* mushrooms, have produced a difficulty of breathing.—*Arbuthnot, On the Nature and Choice of Aliments*

The *edible* creation decks the board. *Prior*

Édible. *s.* Edible object.

John Williams became, 1611-12, one of the proctors of the University of Cambridge, in which office he gave so noble and generous entertainment, as well in scholastic exercises as in *edibles* and potables, to the Spanish ambassador, . . . that when they took their leaves of him the Chancellor, with the approbation of the ambassador, told him that he had behaved so well that he was fit to serve a king.—*Wood, Fasti Oxonienses*, 181. (Ord MS.)

Édict. *s.* [Lat. *edictum* = thing spoken out or proclaimed; *dico* = say.] Proclamation, command, or prohibition; law promulgated.

When an absolute monarch commandeth his subjects that which seemeth good in his own discretion, hath not his *edict* the force of a law?—*Hooker, Ecclesiastical Polity.*

The great King of kings
Hath in the table of his law commanded
That thou shalt do no murder: will you then
Spurn at his *edict*, and fulfil a man's?
Shakespear, Richard III. i. 4.

Severe decrees may keep our tongues in awe,
But to our thoughts what *edict* can give law?
Dryden.

The ministers are always preaching, and the governours putting out *edicts*, against gaming and fine cloaths.—*Addison.*

Edíficant. *adj.* Building; constructing. *Rare.*

And as his pen was often militant,
Nor less triumphant; so *edificant*
It also was, like those bless'd builders, who
Stood on their guard, and stoutly builded too.
Dugard, Verses on Gataker, p. 73: 1655.

Edificátion. *s.*

1. Improvement; instruction.

Out of these magazines I shall supply the town with what may tend to their *edification.*—*Addison, Guardian.*

2. Specially. Act of building up man in the faith; improvement in holiness.

Our blessed Saviour told us, that we must account for every idle word, not meaning that every word not designed to *edification*, or less prudent, shall be reckoned for a sin.—*Jeremy Taylor.*

Edificátory. *adj.* Tending to edification; instructive.

There can be no reason of restraining them from an exercise so beneficially *edificatory* to the church of God.—*Bishop Hall, Cases of Conscience.*

Edífice. *s.* Fabric; building; structure.

My love was like a fair house built on another man's ground; so that I have lost my *edifice* by mistaking the place where I erected it.—*Shakespear, Merry Wives of Windsor*, ii. 2.

God built
So spacious, and his line stretch'd out so far,
That man may know he dwells not in his own;
An *edifice* too large for him to fill.
Milton, Paradise Lost, viii. 101.

The *edifice*, where all were met to see him,
Upon their heads and on his own he pull'd.
Id., Samson Agonistes, 1588.

As Tuscan pillars owe their original to this country, the architects always give them a place in *edifices* raised in Tuscany.—*Addison, Travels in Italy.*

He must be an idiot that cannot discern more strokes of workmanship in the structure of an animal than in the most elegant *edifice.*—*Bentley.*

Edifícial. *adj.* Respecting the appearance of an edifice.

There are mansions which without any striking *edificial* attraction have a certain air of appropriate hospitality and provincial dignity.—*British Critic*, iii. 653.

Édify. *v. a.* [Lat. *ædifico.*]

1. Build.

There was a holy chapel *edify'd*,
Wherein the hermit wont to say
His holy things each morn and eventide. *Spenser.*

Men have *edify'd*
A lofty temple, and perfum'd an altar to thy name.
Chapman.

2. Improve; enlighten; instruct: (this last word being also a term originating in the notion of *building*, but extended to that of forming, framing, making fit, improving, teaching, and the like. In both words the secondary meaning is the *commonest*).

He who speaketh no more than *edifieth*, is undeservedly reprehended for much speaking.—*Hooker, Ecclesiastical Polity.*

Men are *edified* when either their understanding is taught somewhat whereof, in such actions, it behoveth all men to consider, or when their hearts are moved with any affection suitable thereunto.—*Ibid.*

He gave, he taught, and *edify'd* the more,
Because he shew'd by proof, 'twas easy to be poor.
Dryden.

3. Teach; persuade; convince.

You shall hardly *edify* me, that those nations might not, by the law of nature, have been subdued by any nation that had only policy and moral virtue. —*Bacon, Advertisement touching a Holy War.*

Édify. *v. n.* Improve. *Rare.*

I suppose Mr. Pope is so just as to pay our arrears, and that you *edify* as much by him as by us.—*Swift, To M. Blount*, Feb. 1727. (Ord MS.)

Édifying. *part. adj.* Improving; enlightening; instructing.

Life is no life without the blessing of an improving and an *edifying* conversation.—*Sir R. L'Estrange.*

Édifying. *verbal abs.* Improvement; enlightenment.

Seek that ye may excel to the *edifying* of the church.—1 *Corinthians*, xiv. 12.

Endless genealogies, which minister questions rather than godly *edifying.*—1 *Timothy*, i. 4.

Édifyingly. *adv.* In an edifying manner.

He will discourse unto us *edifyingly*, and feelingly, of the substantial and comfortable doctrines of religion.—*Killingbeck, Sermons*, p. 324.

Édile. *s.* [Lat. *ædilis*, title of one of the old Roman magistrates whose office was the conservation of the public buildings; from *ædes* = house, temple.] Generally a mere English form of the Latin word, though sometimes applied to officials connected with building in general.

The *Ædiles*, ho! let him be apprehended.
Shakespear, Coriolanus, iii. 1.

Édileship. *s.* Office of edile.

He had then held no higher office than the *ædileship.*—*Arnold, History of Rome*, ch. xlvii.

Édit. *v. a.* [Lat. *edo* (*e* = out, and *do* = give) = give out.] Make an edition.

George Ellis, in his specimens of the early English poets, originally published in 1790, was, we believe, the first to introduce Layamon to the general reader, by giving an extract of considerable length with explanatory annotations, from what he described as his 'very curious work;' which, he added, never had been, and probably never would be, printed. Subsequently another considerable specimen, in every way much more carefully and learnedly *edited*, and accompanied with a literal translation throughout into the modern idiom, was presented by Mr. Guest in his history of English rhythms. But now the whole work has been *edited* by Sir Frederick Madden, for the Society of Antiquaries in London.—*Craik, History of English Literature*, i. 179.

Éditing. *verbal abs.* Act of an editor; making of an edition.

All these works have been printed, most of them more than once; and a good many other pieces have also been attributed to Chaucer which are either known to be the composition of other poets, or of which at least there is no evidence or probability that he is the author. Only the Canterbury Tales, however, have as yet enjoyed the advantage of anything like careful *editing.*—*Craik, History of English Literature*, i. 247.

Edítion. *s.* Result of editing, or the work of one who edits, generally applied to the republication (generally with some revisal or correction) of some work.

These are of the second *edition.*—*Shakespear, Merry Wives of Windsor*, ii. 1.

The business of our redemption is to rub over the defaced copy of the creation, to imprint God's image upon the soul, and to set forth nature in a second and fairer *edition.*—*South, Sermons.*

In 1500 was printed at Paris the first *edition* of Erasmus's Adages, doubtless the chief prose work of this century beyond the limits of Italy; but this *edition* should, if possible, be procured, in order to judge with chronological exactness of the state of literature; for as his general knowledge of antiquity, and particularly of Greek, which was now very slender, increased, he made vast additions. The Adages, which were now about eight hundred, amounted in his last edition to 4151; not that he could find so many which properly deserved that name, but the number is made up by explanations of Latin and Greek idioms, or even of single words. He declares himself, as early as 1504, ashamed of the first *edition* of his Adages, which already seemed meagre and imperfect.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries.*

Edítioner. *s.* Editor; publisher. *Rare.*

They cannot be exact in any map whatever, as Mr. Norden himself, who laboured much in this matter, maketh his complaint in that necessary Guide, added to a little, but not much augmented, by the late *editioner.*—*Gregory, Posthuma*, p. 321: 1650.

Éditor. *s.* Giver out, especially as a publisher, critic, reviser, or one who prepares a work for publication.

Put case some well-minded printer (as one of the Stephens) is willing to be at an excessive charge, in the fair publication of a learned and useful work for the benefit of the present and following ages; it is most just that he should, from the hands of princes or states, receive a priviledge for the sole impression; that he may recover, with advantage, the deep expence he hath been at: otherwise, some interloper may perhaps underhand fall upon the work at a lower rate, and undo the first *editor.*—*Bishop Hall, Cases of Conscience*, p. 33: 1650.

When a different reading gives us a different sense, or a new elegance in an author, the *editor* does very well in taking notice of it.—*Addison, Spectator.*

This nonsense got into all the editions by a mistake of the stage *editors.*—*Pope, Notes on Shakespear.*

Editórial. *adj.* Relating to, connected with, or consisting in, the duties of an editor.

Lambin and Heyne seem to have considered it as part of their *editorial* duty not to leave the subject of orthography wholly unnoticed.—*Dr. Parr, British Critic*, Feb. 1794.

Now, in looking on the newspaper press as one of the principal guides of public opinion, and as an authoritative source of practical convictions to a large part of the community, the most prominent characteristic which strikes the observer is, that it is anonymous—that all the writers officially connected with a newspaper are unknown to the reader, and strictly maintain their incognito. This is certainly the general character of the newspaper press in all countries. The *editorial* articles are always anonymous in form, and generally anonymous in fact; though, in some cases, their authorship may be disclosed in private, or may be ascertained upon inquiry.—*Sir G. C. Lewis, On the Influence of Authority in matters of Opinion*, ch. ix.

Éditorship. *s.* Office and duty of an editor.

Lord Lyttelton puts it into the mouth of Boileau to observe to Pope, that a great poet, so tied down to so tedious a translation as that of Homer, 'is a Columbus chained to an oar;' and that the *editorship* of Shakspeare, which Pope afterward undertook with more profit than reputation, was below him, and that his mind was unfit for the drudgery it requires.—*Tyers, Historical Rhapsody on Pope*, p. 14.

Edítuate. *v. a.* Perform the office of the ædituus, a kind of churchwarden or overseer; defend or govern the house or temple. *Rare.*

The devotion whereof could not but move the city . . . to *edituate* such a piece of divine office, where so many gods were present by their proxies; where not only the sports themselves, but all the company, were reputed holy for that time, and some accounted so ever after.—*Gregory, Notes on Scripture* (Acts, xix. 35), p. 49: 1684.

Éducable. *adj.* Capable of being educated; susceptible of education. *Rare.*

The functions which attain their highest development in the mammalian class are of far nobler character than those which are more immediately connected with the maintenance of animal life. The progressive expansion of the brain is greatest, and the final predominance of reason over instinct is achieved, in the present class: sensation is its characteristic rather than muscular energy or irritability; the instincts become more varied, they are also less mechanical and more *educable.*—*Owen, Lectures on Comparative Anatomy*, lect. i.

Éducate. *v. a.* Bring up; instruct; train.

They breed, they brood, instruct and *educate*,
And make provision for the future state.
Dryden, Virgil's Georgics.

Éducated. *part. adj.* Instructed.

Education is worse in proportion to the grandeur of the parents: if the whole world were under one monarch, the heir of that monarch would be the worst *educated* mortal since the creation.—*Swift, On modern Education.*

Educátion. *s.* Bringing-up; training; formation of character: (generally in *youth*).

Education and instruction are the means, the one by use, the other by precept, to make our natural faculty of reason both the better, and the sooner to judge rightly between truth and error, good and evil.—*Hooker, Ecclesiastical Polity.*

All nations have agreed in the necessity of a strict *education*, which consisted in the observance of moral duties.—*Swift.*

Educátional. *adj.* Relating to, or consisting in, education.

Yet who that calmly, philosophically, it may almost be said religiously, surveys the power and strength of the Latin religion, . . . who that surveys it in its vast standing army of the clergy, and monks and friars, that had so long taken service in its defence, with its immense material strength of churches, monasteries, established laws, rank; in its letters, and in its arts; in its charitable, *educational*, institutions: who will not rather wonder at its dissolution, its abolition in so large a part of Christendom, than at its duration?—*Milman, History of Latin Christianity*, b. xiv. ch. i.

Even a government cannot safely adopt any authority in ecclesiastical matters, or assume the exclusive truth of any one form of Christianity. It must look mainly to the numbers of each religious persuasion, in deciding the question of endowments for religious and *educational* purposes; and to the religion of parents in establishing the rules for determining the creed in which children, incapable of judging for themselves, are to be brought up.—*Sir G. C. Lewis, On the Influence of Authority in Matters of Opinion.*

Educátor. *s.* One who educates.

Could not the *educators* of the lowest be consoled under their laborious duty, without detracting from

those whom the public voice, and the discernment of their nominators or electors, had appointed to the management of the first seminaries in the kingdom? —*Dr. Vincent, Defence of Public Education*, p. 17.

Edúce. *v. a.* [Lat. *educo*; from *e*, *ex* = out, and *duco* = lead; pass. part. *eductus*.] Bring out; develope.

The Almighty Power hath given these admirable virtues to several plants, and *educes* them in his due seasons to these excellent perfections.—*Bishop Hall, Select Thoughts*, § 3.

That the world was *educed* out of the power of space, and give that as a reason of its original; in this language, to grow rich, were to *educe* money out of the power of the pocket.—*Glanville.*

This matter must have lain eternally confined to its beds of earth, were there not this agent to *educe* it thence.—*Woodward.*

The duty of the persecuted Church was clear: she must suffer patiently, and commit her cause to God. But, if God, whose providence perpetually *educes* good out of evil, should be pleased, as oftentimes He had been pleased, to redress her wrongs by the instrumentality of men whose angry passions her lessons had not been able to tame, she might gratefully accept from Him a deliverance which her principles did not permit her to achieve for herself. —*Macaulay, History of England*, ch. ix.

Éduct. *s.* In *Chemistry.* See extract.

The products, or those substances which result from artificial processes, are far more numerous than the *educts* or proximate principles of which organic compounds are considered to be formed.—*Brande and Taylor, Chemistry.*

Edúction. *s.* Act of bringing anything into view.

We may manifestly perceive a strange *eduction* of spirits.—*Burton, Anatomy of Melancholy*, p. 474.

Edúlcorate. *v. a.* [Lat. *dulcis* = sweet.] See extract. *Obsolete.*

This [swine's dung], though not so proper for a garden, is said yet to *edulcorate* and sweeten fruit so sensibly, as to convert the bitterest almond into sweet.—*Evelyn, Terra.*

Edulcorate is a word introduced by the alchemists to signify the sweetening, or rather rendering insipid, of acrimonious pulverulent substances, by copious ablutions with water. It means, in modern language, the washing away of all particles soluble in water, by agitation or trituration with this fluid and subsequent decantation or filtration.—*Ure, Dictionary of Arts, Manufactures, and Mines.*

Edúlious. *adj.* [Lat. *edulis* = eatable; *edulium* = anything to be eaten.] Eatable. *Rare.*

The husks of peas, beans, or such *edulious* pulses. —*Sir T. Browne, Miscellanies*, p. 13.

Eel. *s.* [A.S. *igel*.] Native fish so called of the genus Anguilla.

Is the adder better than the *eel*
Because his painted skin contents the eye?
Shakespear, Taming of the Shrew, iv. 3.

Eélbuck. *s.* (also called *Eelpot*). See extract.

An apparatus called an *eelbuck*, used in various parts of the Thames, consisting of a framework of wood, supporting various wicker baskets of a particular form. The large open end of each basket is opposed to the stream, and by the peculiar structure of the inside, any fish, once within the body of the basket, cannot escape.—*Yarrell, British Fishes.*

Eélfare. *s.* See Elver.

Eélpout. *s.* Native fish so called (Gadus Lota), a freshwater cod, and not at all akin to the eels; burbot: (this latter being the *commoner* term in zoological works. In Yarrell *eelpout* is given in the synonymy, but does not appear in the text).

Ef. [Hebrew, *Vau*, *Vav*, *Vaf*.] Sixth letter in the alphabet.

Efágs. *interj.* Vulgar exclamation. See Ifackins.

'I suppose, brother, you understand Latin?' 'A little,' says the gentleman. 'Aye, and Greek now, I'll warrant you: Ton dapomibominos poluflosboio Thalasses. But I have almost forgot these things; I could have repeated Homer by heart once.'—'*Efags!* the gentleman has got a Tratyor,' says Mrs. Towwouse; at which they all fell a laughing.—*Fielding, Adventures of Joseph Andrews.*

Éffable. *adj.* [Lat. *effabilis*.] Expressive; utterable: (the negative, Ineffable, commoner).

He did, upon this suggestion, accommodate thereunto his universal language, to make his character *effable*.—*Wallis, Defence of the Royal Society*, p. 16: 1678.

Efface. *v. a.* Rub out; obliterate.

Nor our admission shall your realm disgrace,
Nor length of time our gratitude *efface*.
Dryden, Virgil's Æneid.

Characters drawn on dust, the first breath of wind *effaces*.—*Locke.*

It was ordered, that his name should be *effaced* out of all publick registers.—*Addison, Travels in Italy.*

Time, I said, may happily *efface*
That cruel image of the king's disgrace. *Prior.*
Otway fail'd to polish or refine,
And fluent Shakespear scarce *effac'd* a line. *Pope.*

And as all the European countries have, in the period of their ignorance, been once ruled by the clergy, just so do we find in the law-books of every land those traces of their power which the progress of knowledge is gradually *effacing*.—*Buckle, History of Civilization in England*, vol. i. ch. viii.

Effáceable. *adj.* Capable of being effaced.

This instrument produces facsimiles, some permanent, others *effaceable*.—*Monthly Magazine*, xxxi. 344.

Effáscinate. *v. a.* [Lat. *effascinatus*, pass. part. of *effascino*.] Bewitch; charm. *Rare.*

The count of Vestravia by a concubine of his was alike *effascinated*.—*Heywood, Hierarchy of Angels*, p. 474: 1635.

Effascinátion. *s.* State of being bewitched or deluded. *Rare.*

St. Paul sets down the just judgement of God against the receivers of Antichrist, which is *effascination*, or strong delusion.—*Shelford, Learned Discourses*, p. 317: (Camb. 1635).

Effect. *s.* [Lat. *effectum*, neuter of the pass. part. of *efficio*, from *facio* = make; also *effectus*, a substantive with the same meaning.]

1. Anything brought into existence, or determined, by something antecedent to itself, such antecedent being called the Cause, and the two words *cause* and *effect* being correlatives.

You may see by her example, in herself wise, and of others beloved, that neither folly is the cause of vehement love, nor reproach the *effect*.—*Sir P. Sidney.*

Effect is the substance produced, or simple idea introduced into any subject, by the exerting of power.—*Locke.*

We see the pernicious *effects* of luxury in the antient Romans, who immediately found themselves poor as soon as this vice got footing among them.—*Addison, Travels in Italy.*

In order to express general and abstract truths concerning cause and *effect*, these terms, cause and *effect*, must be understood in a general and abstract manner. When one *event* gives rise to another, the first *event* is, in common language, often called the cause, and the second the *effect*. Thus the meeting of two billiard-balls may be said to be the cause of one of them turning aside out of the path in which it was moving. For our present purposes, however, we must not apply the term cause to such occurrences as this meeting and turning, but to a certain conception, force, abstracted from all such special *events*, and considered as a quality or property by which one body affects the motion of the other. And in like manner in other cases, cause is to be conceived as some abstract quality, power, or *efficacy*, by which change is produced; a quality not identical with the *events*, but disclosed by means of them. Not only is this abstract mode of conceiving force and cause useful in expressing the fundamental principles of science; but it supplies us with the only mode by which such principles can be stated in a general manner, and made to lead to substantial truth and real knowledge. Understanding cause, therefore, in this sense, we proceed to our axioms. . . . Nothing can take place without a cause. Every *event*, of whatever kind, must have a cause in the sense of the term which we have just indicated; and that it must, is a universal and necessary proposition to which we irresistibly assent as soon as it is understood. We believe each appearance to come into existence,—we conceive every change to take place, —not only with something preceding it, but something by which it is made to be what it is. An *effect* without a cause;—an *event* without a preceding condition involving the *efficacy* by which the *event* is produced;—are suppositions which we cannot for a moment admit. That the connexion of *effect* with cause is universal and necessary, is a universal and constant conviction of mankind. It persists in the minds of all men, undisturbed by all the assaults of sophistry and skepticism; and, as we have seen in the last chapter, remains unshaken, even when its foundations seem to be ruined. This axiom expresses, to a certain extent, our idea of cause; and when that idea is clearly apprehended, the axiom requires no proof, and indeed admits of none which makes it more evident. That, notwithstanding its simplicity, it is of use in our speculations, we shall hereafter see; but in the first place, we must consider the other axioms belonging to this subject. . . . *Effects* are proportional to their causes, and causes are measured by their *effects*. We have already said that cause is that quality or power, in the circumstances of each case, by which the *effect* is produced; and this power, an abstract property of the condition of things to which it belongs, can in no way fall directly under the cognizance of the senses. . . . Causes may be greater or less; as, for instance, the force of a man is greater than the force of a child. But how much is the one greater than the other? How are we to compare the abstract conception, force, in such cases as these? To this, the obvious and only answer is, that we must compare causes by means of their *effects*;—that we must compare force by something which force can do. The child can lift one fagot; the man can lift ten such fagots: we have here a means of comparison. . . . The cause determines the *effect*. The cause being the same, the *effect* must be the same. The connexion of the two is governed by a fixed and inviolable rule. It admits of no ambiguity. Every degree of intensity in the cause has some peculiar modification of the *effect* corresponding to it. Hence the *effect* is an unfailing index of the amount of the cause; and if it be a measurable *effect*, gives a measure of the cause. We can have no other measure; but we need no other, for this is exact, sufficient, and complete. —*Whewell, Novum Organon renovatum.*

2. Purpose; intention; general intent.

They spake to her to that *effect*.—2 *Chronicles*, xxxiv. 22.

3. Success; advantage.

Christ is become of no *effect* unto you.—*Galatians*, v. 4.

The custom or institutiou has hitherto proved without *effect*, and has neither extinguished the practice of such crimes, nor lessened the numbers of such criminals.—*Sir W. Temple.*

4. Completion; perfection.

Semblant art shalt carve the fair *effect*,
And full atchievement of thy great designs. *Prior.*

5. In the *plural.* Goods; movables.

What form of prayer
Can serve my turn? Forgive me my foul murther!
That cannot be, since I am still possest
Of those *effects* for which I did the murther,
My crown, mine own ambition, and my queen.
Shakespear, Hamlet, iii. 3.

The emperor knew that they could not convey away many of their *effects*.—*Addison, Spectator.*

In effect. Really; virtually; practically.

In shew, a marvellous indifferently composed senate ecclesiastical was to govern, but *in effect* one only man should, as the spirit and soul of the residue, do all in all.—*Hooker, Ecclesiastical Polity.*

State and wealth, the business and the crowd,
Seems at this distance but a darker cloud;
And is to him, who rightly things esteems,
No other *in effect* than what it seems.
Sir J. Denham.

No man, *in effect*, doth acccompany with others, but he learneth, ere he is aware, some gesture, or voice, or fashion.—*Bacon, Natural and Experimental History.*

To say of a celebrated piece that there are faults in it, is, *in effect*, to say that the author of it is a man.—*Addison, Guardian.*

Effect. *v. a.*

1. Bring to pass; attempt with success; achieve; accomplish as an agent.

Being consul, I not doubt t' *effect*
All that you wish. *B. Jonson, Catiline.*

2. Produce as a cause.

The change made of that syrup into a purple colour, was *effected* by the vinegar.—*Boyle, Experiments and Considerations touching Colours.*

Effect. *v. n.* Act as that which produces an effect; i.e. as a cause.

Some say it [the holy communion] signifies, and some say it *effects*.—*Jeremy Taylor, Worthy Communicant*, 6. (Ord MS.)

Effecter. *s.* One who effects.

The foreseers and *effecters* of all the evils which succeeded.—*J. Spencer, Discourse concerning Prodigies*, p. 248.

Effectible. *adj.* Capable of being effected; practicable. *Rare.*

That a pot full of ashes will still contain as much water as it would without them, is not *effectible* upon the strictest experiment.—*Sir T. Browne, Vulgar Errours*, b. ii. ch. iii.

Effection. *s.* Effect. *Rare.*

That one instrument, his hand, which Aristotle will call organon organorum, is admirably suited and fitted to all variety of artificial *effections*, more than any of the organs of other creatures.—*Sir M. Hale, Origination of Mankind*, p. 350. (Ord MS.)

Effective. *adj.*

1. Having the power to produce an effect or effects.

They are not *effective* of any thing, nor leave no work behind them.—*Bacon.*

If any mystery, rite, or sacrament be *effective* of any spiritual blessings, then this much more, as having the prerogative and principality above every thing else.—*Jeremy Taylor.*

There is nothing in words and stiles but suitableness, that makes them acceptable and *effective*.—*Glanville, Scepsis Scientifica*, preface.

2. Operative; active.

Nor do they speak properly who say that time consumeth all things; for time is not *effective*, nor are bodies destroyed by it.—*Sir T. Browne, Vulgar Errours*, b. iv. ch. xii.

3. Producing effects: efficient.

Whosoever is an *effective* real cause of doing his neighbour wrong is criminal, by what instrument soever he does it.—*Jeremy Taylor.*

Of the light or heat falling on any mass, a part, more or less considerable, is reflected; and only the remaining part works molecular changes in the mass. Next it is to be noted that the *effective* force is itself divisible into the temporarily *effective* and the permanently *effective*. ... Concerning these divisions and sub-divisions of any force affecting an aggregate, the fact which it chiefly concerns us to observe, is, that they are complementary to each other. Of the whole incident force, the *effective* must be that which remains after deducting the non-*effective*. The two parts of the *effective* force must vary inversely as each other: where much of it is temporarily *effective*, little of it can be permanently *effective*; and vice versâ. Lastly, the permanently *effective* force, being expended in working both the insensible re-arrangements which constitute chemical modification, and the sensible re-arrangements which result in structure, must generate of either kind an amount that is great or small in proportion as it has generated a small or great amount of the other.—*Herbert Spencer, First Principles.*

4. Having the power of operation; useful; fit for action: (applied chiefly to *soldiers* and *sailors*).

It was suspected that the *effective* men bore but a small proportion to the invalids.—*W. H. Russell, The [Crimean] War*, ch. lxxvi.

Effective. *s.* That which produces an effect or effects; that which acts as a cause.

That faith which is a worthy preparatory to the holy communion, must be the actual principle and *effective* of a good life.—*Jeremy Taylor, Worthy Communicant*, 159. (Ord MS.)

Effectively. *adv.* In an effective manner; powerfully; with real operation.

This *effectively* resists the devil, and suffers us to receive no hurt from him.—*Jeremy Taylor, Rule and Exercises of Holy Living.*

Effectless. *adj.* Destitute of effect; impotent; useless; unmeaning.

I'll chop off my hands;
In bootless prayer have they been held up,
And they have served me to *effectless* use.
Shakespear, Titus Andronicus, iii. 1.

Effector. *s.* Same as Effecter: (this latter being the *commoner* word).

We commemorate the creation, and pay worship to that infinite Being who was the *effector* of it.—*Derham.*

Effectual. *adj.*

1. Productive of effects; powerful to a degree adequate to the occasion; operative; efficacious.

The reading of Scripture is *effectual*, as well to lay even the first foundation, as to add degrees of farther perfection, in the fear of God.—*Hooker, Ecclesiastical Polity.*

The communication of thy faith may become *effectual*, by the acknowledging of every good thing.—*Philemon*, 6.

2. Veracious; expressive of facts. *Obsolete.*

Reprove my allegation, if you can;
Or else conclude my words *effectual*.
Shakespear, Henry VI. Part II. iii. 1.

Effectually. *adv.* In an effectual manner.

Sometimes the sight of the altar, and decent preparations for devotion, may compose and recover the wandering mind more *effectually* than a sermon.—*South, Sermons.*

A subject of that vast latitude, that the strength of one man will scarcely be sufficient *effectually* to carry it on.—*Woodward.*

Effectuate. *v. a.* Bring to pass; fulfill.

He found means to acquaint himself with a nobleman, to whom discovering what he was, he found him a fit instrument to *effectuate* his desire.—*Sir P. Sidney.*

I shall certainly shift my quarters to-morrow, and endeavour to *effectuate* my retreat.—*Smollett, Expedition of Humphry Clinker.*

Effectuously. *adv.* Effectually; to the purpose. *Rare.*

It shall, I trust, *effectuously* prove our purpose to instruct the protestant, and to comfort the catholick.—*Stapleton, Fortresse of the Faith which Protestant call Papistry*. p. 59: 1565.

Effeminacy. *s.* Admission of the qualities of a woman; softness; unmanly delicacy.

But foul *effeminacy* held me yok'd
Her bond slave: O indignity, O blot
To honour and religion!
Milton, Samson Agonistes, 410.

Effeminate. *adj.* Having the qualities of a woman; womanish; soft to an unmanly degree; voluptuous; tender; luxurious.

The king, by his voluptuous life and mean marriage became *effeminate*, and less sensible of honour.—*Bacon.*

The more *effeminate* and soft his life,
The more his fame to struggle to the field. *Dryden.*

Poor dear ... is gone,—his state of sure blessedness accelerated; or, it may be, he is buried in Christ, and there in that mysterious depth grows on to the spirit of a just man made perfect! Could I for a moment doubt this, the grass would become black beneath my feet, and this earthly frame a charnel-house. I never knew any man so illustrate the difference between the feminine and the *effeminate*.—*Coleridge, Table Talk.*

Remember that none but those whose courage is unquestionable can venture to be *effeminate*. It was only in the field that the Spartans were accustomed to use perfumes and curl their hair.—*Sir E. L. Bulwer, Pelham.*

Effeminate. *s.* Effeminate person.

I can feel
Thy follies too, and with a just disdain
Frown at *effeminates*, whose very looks
Reflect dishonour on the land I love.
Cowper, Task.

Effeminate. *v. a.* Make womanish; weaken; unman; emasculate. *Rare.*

How was the strongest man, Sampson, *effeminated* by his impotent passion!—*Bishop Hall.*

Had I my tender years
Committed to the care of thy gray hairs,
That thou shouldst thus *effeminate* my heart
With love? *Fanshawe, Translation of Pastor Fido.*

When one is sure it will not corrupt or *effeminate* children's minds, and make them fond of trifles, I think all things should be contrived to their satisfaction.—*Locke.*

Effeminate. *v. n.* Grow womanish; soften; melt into weakness. *Rare.*

In a slothful peace both courage will *effeminate* and manners corrupt.—*Pope.*

Effeminately. *adv.* In an effeminate manner.

What boots it at one gate to make defence,
And at another to let in the foe,
Effeminately vanquish'd?
Milton, Samson Agonistes, 560.

I can smell his lavender water up hither: how *effeminately* he trips along with his snowy hands hid in a muff!—*Warton, Satire on Ranelagh House.*

Effeminateness. *s.* Attribute suggested by Effeminate; unmanly softness; meanness of spirit.

Poesy ... not being an art of lies, but of true doctrine; not of *effeminateness*, but of notable stirring of courage.—*Sir P. Sidney, Defence of Poesy.*

In France they sent a distaff and a spindle to all those able men that went not with them, as upbraiding their *effeminateness*.—*Fuller, History of the Holy War*, p. 78.

The indulgent softness of the parent's family is mighty apt to give young persons a most unhappy *effeminateness*.—*Archbishop Secker.*

Effemination. *s.* State of one grown womanish; state of one emasculated or unmanned. *Rare.*

Vices the hare figured; not only feneration, or usury, from its fecundity and superfetation, but degenerate *effemination*.—*Sir T. Browne, Vulgar Errours.*

Effeminize. *v. a.* Make effeminate. *Rare.*

Thus heapt with honors, this brave king is loth,
That his brave knights *effeminiz'd* by sloth
Mid games and dames, during so long a peace,
Should still lie still in cities pomp and ease.
Sylvester, Du Bartas, v. 45, 3. (Ord MS.)

Efferous. *adj.* [Lat. *efferus.*] Fierce; wild; savage. *Rare.*

From the teeth of that *efferous* beast, from the tusk of the wild boar, ... O Thou, that art the root and generation of David, preserve our root and all his generation.—*Bishop King, Vitis Palatina*, p. 34: 1614.

Effervésce. *v. n.*

1. Grow hot.

The compound spirit of nitre, put to oil of cloves, will *effervesce* even to a flame.—*Mead, Mechanical Account of Poisons.*

2. Escape as air or gas from a fluid, with a hissing or fizzing sound. See Effervescence.

Effervéscence. *s.*

1. See last extract.

In the chymical sense, *effervescence* signifies an intestine motion, produced by mixing two bodies together that lay at rest before; attended sometimes with a hissing noise, frothing, and ebullition.—*Arbuthnot, On the Nature and Choice of Aliments.*

Take chalk, ignite it in a crucible, and then powder it; put it into strong spirit of nitre, 'till it becomes sweetish, and makes *no effervescence* upon the injection of the chalk.—*Grew.*

When gaseous matter is suddenly extricated with a hissing sound during a chemical mixture, or by the application of a chemical solvent to a solid, the phenomenon, from its resemblance to that of simmering or boiling water, is called *effervescence*. The most familiar example is afforded in the solution of sodaic powders; in which the carbonic acid gas of sesquicarbonate of soda is extricated by the action of citric, or tartaric, acid.—*Ure, Dictionary of Arts, Manufactures, and Mines.*

2. Growing hot.

Hot springs do not owe their heat to any colluctation or *effervescence* of the minerals in them, but to subterranean heat or fire.—*Woodward, Essay towards a Natural History of the Earth.*

Effête. *adj.* [Lat. *effœtus.*]

1. Barren; disabled from generation.

It is probable that females have in them the seeds of all the young they will afterwards bring forth, which all spent and exhausted, the animal becomes barren and *effete*.—*Ray.*

In most countries the earth would be so parched and *effete* by the drought that it would afford but one harvest.—*Bentley.*

2. Worn out with age.

All that can be allowed him now, is to refresh his decrepit, *effete* sensuality with the history of his former life.—*South, Sermons.*

Up to the eighth century Rome had not been absolutely dissevered from the ancient and decrepit civilisation of the old empire. After a short period of subjection to the Ostrogothic kingdom, by the conquest of Justinian she had sunk into a provincial city of the Eastern realm. In the eighth century she suddenly, as it were, burst the bonds of her connexion with the older state of things, disjoined herself for ever from the *effete* and hopeless East, and placed herself at the head of the rude ... and vigorous civilisation of the West.—*Milman, History of Latin Christianity*, b. iv. ch. ix.

Efficácious. *adj.* [Lat. *efficax.*] Productive of effects; powerful to produce the consequence intended.

That spirit, that first rush'd on thee
In the camp of Dan,
Be *efficacious* in thee now at need!
Milton, Samson Agonistes, 1435.

A glowing drop with hollow'd steel
He takes, and by one *efficacious* breath
Dilates to cube or square. *Philips.*

Efficáciously. *adv.* In an efficacious manner.

If we find that any other body strikes *efficaciously* enough upon it, we cannot doubt but it will move that way which the striking body impels it.—*Sir K. Digby, Treatise on the Nature of Bodies.*

Efficacy. *s.* Power to produce effects; production of the consequence intended.

Whatsoever is spoken concerning the *efficacy* or necessity of God's word, they tie and restrain only into sermons.—*Hooker, Ecclesiastical Polity.*

The apostle tells us of the success and *efficacy* of the gospel upon the minds of men; and, for this reason, he calls it the power of God unto salvation.—*Archbishop Tillotson.*

(For further examples see fourth extract under Effect.)

Efficiency. *s.* Efficient character; agency; production of effects; power.

The manner of this divine *efficiency* being far above us, we are no more able to conceive by our reason, than creatures unreasonable by their sense are able to apprehend after what manner we dispose and order the course of our affairs.—*Hooker, Ecclesiastical Polity.*

Sinning against conscience has no special productive *efficiency* of this particular sort of sinning, more than of any other.—*South, Sermons.*

They were not content merely to know that one phenomenon was always followed by another; they thought that they had not attained the true aim of science, unless they could perceive something in the nature of the one phenomenon, from which it might have been known or presumed previous to trial that it would be followed by the other: just what the writer, who has so clearly pointed out their error, thinks that he perceives in the nature of the phenomenon volition. And to complete the statement of the case, he should have added that these early speculators not only made this their aim, but were quite satisfied with their success in it; not only sought for causes which should carry in their mere statement evidence of their *efficiency*, but fully believed that they had found such causes.—*J. S. Mill, System of Logic*, iii. 5, 9.

Effícient. *adj.* Causing effects; that makes the effect to be what it is.

a. As opposed to Final.

Your answering in the final cause, makes me believe you are at a loss for the *efficient*.—*Collier, Essay on Thought.*

b. As opposed to Metaphysical. Physical; material; real.

Of course the religious ground of the nationality of the Church consists in its claim of spiritual and personal descent from its inspired founders; but the constitutional ground of its title is in the law; and the actual ground, or, so to speak, the *efficient* or material cause, of its standing in the law, is to be found in its possession of a preponderance of the social forces, of which law itself is only one.—*Gladstone, The State in its Relations with the Church*, ch. vi.

The notion of cause being the root of the whole theory of induction, it is indispensable that this idea should . . . be, with the utmost practicable degree of precision, fixed and determined. . . . I premise, then, that when . . . I speak of the cause of any phenomenon, I do not mean a cause which is not itself a phenomenon; I make no research into the ultimate, or ontological cause of anything. To adopt a distinction familiar in the writings of the Scotch metaphysicians, and especially of Reid, the causes with which I concern myself are not *efficient*, but physical causes. They are causes in that sense alone, in which one physical fact is said to be the cause of another. Of the *efficient* causes of phenomena, or whether any such causes exist at all, I am not called upon to give an opinion. The notion of causation is deemed, by the schools of metaphysics most in vogue at the present moment, to imply a mysterious and most powerful tie, such as cannot, or at least does not, exist between any physical fact and that other physical fact on which it is invariably consequent, and which is popularly termed its cause: and thence is deduced the supposed necessity of ascending higher, into the essences and inherent constitution of things, to find the true cause, the cause which is not only followed by, but actually produces, the effect. No such necessity exists for the purposes of the present inquiry, nor will any such doctrine be found in the following pages. But neither will there be found anything incompatible with it. . . . Among modern philosophers, Leibnitz laid it down as a self-evident principle that all physical causes without exception must contain in their own nature something which makes it intelligible that they should be able to produce the effects which they do produce. Far from admitting volition as the only kind of cause which carried internal evidence of its own power, and as the real bond of connexion between physical antecedents and their consequents, he demanded some naturally and per se *efficient* physical antecedent as the bond of connexion between volition itself and its effects. . . . The Cartesians . . . affirmed it to be impossible that a material and a mental fact could be causes one of another. They regarded them as mere occasions on which the real agent, God, thought fit to exert his power as a cause. When a man wills to move his foot, it is not his will that moves it, but God (they said) moves it on the occasion of his will. God, according to this system, is the only *efficient* cause, not quâ mind, or quâ endowed with volition, but quâ omnipotent. . . . All this, undoubtedly, shows that it is the disposition of mankind in general, not to be satisfied with knowing that one fact is invariably antecedent and another consequent, but to look out for something which may seem to explain their being so—something ἄνευ οὗ τὸ αἴτιον οὐκ ἂν ποτ' εἴη αἴτιον.—*J. S. Mill, System of Logic*, iii. 5—9.

Efficient. *s.* Efficient cause.

God, which moveth meer natural agents as an *efficient* only, doth otherwise move intellectual creatures, and especially his holy angels.—*Hooker, Ecclesiastical Polity.*

There are so many questions concerning the *efficient*, the form, the matter of general councils, and their manner of proceeding, and their final sanction, that after a question is determined by a conciliary assembly, there are perhaps twenty more questions to be disputed before we can, with confidence, either believe the council upon its mere authority, or obtrude it upon others.—*Jeremy Taylor, Liberty of Prophesying*, § 6.

Observations of the order of nature carry the mind up to the admiration of the great *efficient* of the world.—*Sir M. Hale.*

Efficiently. *adv.* In an efficient manner; effectively.

Logical or consequential necessity is, when a thing does not *efficiently* cause an event, but yet by certain infallible consequence does infer it.—*South, Sermons*, iii. 397.

Effierce. *v. a.* Make fierce; enrage. *Rare.*

With fell woodness he *effierced* was;
And wilfully him throwing on the grass,
Did beat and bounce his head and breast full sore.
Spenser, Faerie Queen, iii. 11, 27.

Effigial. *adj.* Exhibiting, having the character of, related to, or consisting in, an effigy.

The three volumes contain chiefly *effigial* cuts and monumental figures and inscriptions.—*Critical History of Pamphlets*, p. 6: 1715.

Effigiate. *v. a.* Form as an effigy. *Rare.*

Men endued with reasonable souls, *effigiated* to God's image, the deliberated workmanship of his own divine hands.—*Dean King, Sermon*, p. 3: 1608.

One [of these Roman measures] was lately in the keeping of cardinal Farnese, and is exquisitely *effigiated* by Villalpandus in the latter end of his third tome upon the prophet Ezekiel.—*Hakewill, Apology*, 190.

I know that in the state of my body, which is more discernible than that of the soul, Thou [O God] dost *effigiate* my soul to me.—*Donne, Devotions*, 588.

Effigies. *s.* [Lat.] Image; representation.

We behold the species of eloquence in our minds, the *effigies* or actual image of which we seek in the organs of our hearing.—*Dryden, Translation of Du Fresnoy's Art of Painting.*

Effigy. *s.* [the English or fully naturalized form of Effigies, the ablative case of which is *effigie*: out of this Johnson considers the word to have arisen. If so, 'burning in *effigy*' was originally 'burning *in effigie*.'] Image; representation.

Observe those numerous wrongs in *effigy*,
The gods have sav'd from the devouring sea. *Garth.*

The word *effigy* is reckoned by P. Heylin, in 1656, amongst unusual and uncouth expressions.—*Johnson.*

To that deeply interesting group of monuments, which surround the shrine of Edward the Confessor, the *effigy* of the illustrious chieftain would have formed no unworthy addition.—*J. H. Jesse, Memoirs of King Richard III.* ch. ii.

Efflate. *v. a.* [Lat. *efflo*, from *e* = out, and *flo* = blow; pass. part. *efflatus*; *efflatio* = blowing out.] Fill with the breath; puff up. *Rare.*

Our common spirits, *eflated* by every vulgar breath upon every act, deify themselves, and conceit all great additions of honour below their merits.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 190.

Efflouresce. *v. n.*

1. In *Chemistry*. Change from a compact or crystalline state to a powder: (sometimes applied to the crystals themselves). See Efflorescence.

(For example, &c., see Flowers [of sulphur].)

2. In *Medicine*. See Exanthema.

Efflorescence. *s.*

1. In *Chemistry*. See Flowers (of sulphur).

Where there is less heat, there the spirit of the plant is digested, and severed from the grosser juice in *efflorescence*.—*Bacon.*

Saltpetre appears as an *efflorescence* upon the ground and walls in many situations. . . . The spontaneous generation of nitre in Spain, Egypt, and especially in India, is sufficient to supply the wants of the whole world. There this salt is observed to form upon the surface of the ground in silky tufts, or even in slender prismatic crystals, particularly during the continuance of the hot weather that succeeds copious rains. These saline *efflorescences*, after being collected by rude besoms of broom, are lixiviated, allowed to settle, evaporated, and crystallized.—*Ure, Dictionary of Arts, Manufactures, and Mines*, vv. *Efflorescence, Nitrate of Potash.*

2. In *Medicine*. See Exanthema.

A wart beginneth in the cutis, and seemeth to be an *efflorescence* of the serum of the blood.—*Wiseman, Surgery.*

Efflorescency. *s.* Same as Efflorescence.

Two white sparry incrustations, with *efflorescencies* in form of shrubs, formed by the trickling of water.—*Woodward.*

Efflorescent. *adj.* Showing as flowers. See Efflorescence.

Yellow *efflorescent* sparry incrustations on stone.—*Woodward.*

Effluence. *s.* [Lat. *e* = out, *fluo* = flow; present part. *effluens*, *-entis*; pass. part. *fluxus*.] That which issues from some other principle.

Bright *effluence* of bright essence increate.
Milton, Paradise Lost, iii. 8.

These scintillations are not the ascension of the air upon the collision of two hard bodies, but rather the inflammable *effluences* discharged from the baches collided.—*Sir T. Browne.*

From the bright *effluence* of his deed
They borrow that reflected light,
With which the lasting lamp they feed,
Whose beams dispel the damps of envious night.
Prior

Effluvium. *s.* pl. *effluvia*. [Lat.] Emanation (generally in a *bad* sense); miasma.

If the earth were an electrick body, and the air but the *effluvium* thereof, we might believe that from attraction, and by effluxion, bodies tended to the earth.—*Sir T. Browne.*

Neither the earth's diurnal revolution upon its axis, nor any magnetick *effluvia* of the earth, nor the air, or atmosphere which environs the earth, can produce gravity.—*Woodward.*

If these *effluvia*, which do upward tend,
Because less heavy than the air, ascend;
Why do they ever from their height retreat,
And why return to seek their central seat?
Sir R. Blackmore, Creation.

Plural in *-s*.

Their inspirations were owing to certain subterraneous *effluviums* of wind.—*Swift, Tale of a Tub*, § 8.

Efflux. *s.*

1. Act of flowing out.

Through the copious *efflux* of matter through the orifice of a deep ulcer, he was reduced to a skeleton.—*Harvey, Discourse of Consumptions.*

2. Effusion; flow.

The first *efflux* of men's piety, after receiving of the faith, was the selling and consecrating their possessions.—*Hammond.*

3. That which flows from something else; emanation; effluence.

If he produced G only, whether that orb G be not either an arbitrarious or natural *efflux* from A.—*Dr. H. More, Notes on the Infinity of Worlds.*

Prime cheerer, light!
Of all material beings, first and best!
Efflux divine! *Thomson, Seasons, Summer.*

The act of flowing is more properly effluence, and that which flows more properly *efflux*.—*Johnson.*

Efflúx. *v. n.* Run out; flow away. *Rare.*

The same revolution would not bring back the same time, for that was *effluxed* before.—*Annotations on Religio Medici*: 1654.

Five thousand and some odd centuries of years are *effluxed* since the creation.—*Boyle, Discourse on Seraphick Love.*

Efflúxion. *s. Rare.*

1. Act of flowing out.

By *effluxion* and attraction bodies tend towards the earth.—*Sir T. Browne.*

2. That which flows out; effluvium; emanation.

There are some light *effluxions* from spirit to spirit, when men are one with another; as from body to body.—*Bacon.*

Efforce. *v. a.* [Fr. *efforcer*.] Force; break through by violence; ravish; strain. *Rare.*

In all that room was nothing to be seen,
But huge great iron chests and coffers strong,
All barr'd with double bonds, that ne'er could ween
Them to *efforce* by violence or wrong.
Spenser, Faerie Queen.

Then gan her beauty shine as brightest sky,
And burnt his beastly heart t' *efforce* her chastity.
Ibid.

Efform. *v. a.* Form; make in any certain manner; shape; fashion. *Rare.*

Merciful and gracious, thou gavest us being, raising us from nothing, and *efforming* us after thy own image.—*Jeremy Taylor.*

Which corporeal sense, the earthly mind in man, . . . he saw *efformed*.—*Dr. H. More, Conjectura Cabalistica.*

Efformation. *s.* Act of fashioning or giving form to anything. *Rare.*

Nature begins to set upon her work of *efformation*.—*Dr. H. More.*

They pretend to solve phenomena, and to give an account of the production and *efformation* of the universe.—*Ray.*

Effort. *s.* [Fr.] Struggle; strain; vehement action; laborious endeavour.

If, after having gained victories, we had made the same *efforts* as if we had lost them, France could not have withstood us.—*Addison, Present State of the War.*

Though the same sun, with all diffusive rays,
Blush in the rose, and in the diamond blaze,
We prize the stronger *effort* of his pow'r,
And always set the gem above the flow'r. *Pope.*

I would not, indeed, undertake to maintain (like Quinctilian) that no one can be an orator who is not a virtuous man; but there certainly is a kind of moral excellence implied in that renunciation of all *effort* after display,—in that forgetfulness of self,—which is absolutely necessary, both in the manner

of writing, and in the delivery, to give the full force to what is said.— *Whately, Elements of Rhetoric*, ch. iii. § 5.

With the *accent* on the *second* syllable.

Thou couldst affection to her bare idea pay,
The first that e'er caressed her the Platonic way.
To see her in her own attractions dressed,
Did all thy love arrest,
Nor lacked there new *effórts* to storm thy breast.
Thy generous loyalty
Would ne'er a mercenary be,
But chose to serve her still without a livery.
Oldham, Poem on the Death of Mr. Charles Morwent.

Dr. Johnson places the accent on the second syllable of the word; though the example, which he brings from Pope, presents it on the first. Yet Pope, in his imitations of Horace, uses the former accent: 'Blackmore himself for any grand *effort*.' However, the accent is now constant on the first syllable.—*Todd.*

Effóssion. *s.* [Lat. *effossio, -onis*, digging out; from *e* = out, and *fodio*, pass. part. *fossus* = dig.] Act of digging up from the ground; deterration. *Rare.*

He set apart annual sums for the recovery of manuscripts, the *effossion* of coins, and the procuring of mummies.—*Arbuthnot.*

Effraíable. *adj.* [Fr. *effroyable.*] Dreadful; frightful; terrible. *Rare.*

Pestilential symptoms declare nothing a proportionate efficient of their *effraiable* nature but arsenical fumes.—*Harvey.*

Effráy. *v. a.* [N.Fr. *effrayer.*] Affright; scare. *Rare.*

Their dam upstart out of her den *effraide*,
And rushed forth. *Spenser, Faerie Queen*, i. 1, 16.

Effróntery. *s.* [Fr. *effronterie.*] Impudence; shamelessness; contempt of reproach.

They could hardly contain themselves within one unworthy act, who had *effrontery* enough to commit or countenance it.—*Eikon Basilike.*

Others with ignorance and insufficiency have self-admiration and *effrontery* to set up themselves.—*Watts.*

A bold man's *effrontery*, in company with women, must be owing to his low opinion of them, and his high one of himself.—*Richardson, Clarissa.*

Effúlge. *v.* [Lat. *effulgeo*; pres. part. *effulgens, -entis*; from *fulgeo* = lighten.] Send forth lustre or effulgence. *Rare.*

Bright at his call thy age of men *effulg'd*.
Thomson, Seasons, Summer.

On pure winter's eve
Gradual the stars *effulge*, fainter at first
They struggling rise. *Id., Liberty*, pt. v.

Effúlgence. *s.* Lustre; brightness; clarity; splendour.

On thee
Impress'd, the *effulgence* of his glory abides.
Milton, Paradise Lost, iii. 387.

Thy lustre, blest *effulgence*, can dispel
The clouds of errour, and the gloom of hell.
Sir R. Blackmore.

Effúlgent. *adj.* Shining; bright; luminous.

How soon th' *effulgent* emanations fly
Through the blue gulph of interposing sky!
Sir R. Blackmore.

The downward sun
Looks out *effulgent*, from amid the flash
Of broken clouds. *Thomson, Seasons, Spring.*

Effúlging. *part. adj.* Shining with effulgence. *Rare.*

The topaz charms the sight,
Like these *effulging* yellow streams of light.
Savage.

Effumabílity. *s.* Quality of flying away, or vapouring in fumes. *Rare.*

They seem to define mercury by volatility, or, if I may coin such a word, *effumability*.—*Boyle, Sceptical Chemist.*

Effúme. *v. a.* [Lat. *fumus* = smoke.] Breathe or puff out. *Rare.*

I can make this dog take as many whiffs as I list, and he shall retain or *effume* them at my pleasure.—*B. Jonson, Every Man out of his Humour.*

Effúnd. *v. a.* [Lat. *effundo*, from *e* = out, and *fundo* = pour; pass. part. *effusus*; *effusio, -onis* = pouring out or pouring forth.] Pour out. *Rare.*

After this went forth the seconde angel of the seconde seal-openinge, *effundinge* his vial upon the sea.—*Bale, Discourse on the Revelations*, pt. ii. sign. i. ij. b: 1550.

If he his life *effund*
To utmost death, the high God hath design'd
That we both live.
Dr. H. More, Song of the Soul, i. 2, 146.

Much sweat they spent in fa[illegible]us fight,
Much blood they did *effund!*
Ballad of St. George for England, pt. ii.

Effúse. *v. a.* [Lat. *effusus.*] Pour out; spill; shed. *Rare.*

He fell, and, deadly pale,
Groan'd out his soul, with gushing blood *effus'd*.
Milton, Paradise Lost, xi. 446.

Effúse. *s.* Effusion. *Rare.*

The air hath got into my deadly wounds,
And much *effuse* of blood doth make me faint.
Shakespear, Henry VI. Part III. ii. 6.

Effúse. *adj.* Dissipated; extravagant. *Rare.*

Wherever the body is, yet the heart of fools is on *effuse* mirth.—*Bishop Richardson, Choice Observations upon the Old Testament*, p. 321: 1655.

'Tis pride, or emptiness, applies the straw,
That tickles little minds to mirth *effuse*.
Young, Night Thoughts, viii.

Effúsion. *s.*

1. Act of pouring out.

My heart hath melted at a lady's tears,
Being an ordinary inundation;
But this *effusion* of such manly drops,
This show'r blown up by tempest of the soul,
Startles mine eyes, and makes me more amaz'd.
Shakespear, King John, v. 2.

Our blessed Lord commanded the representation of his death, and sacrifice on the cross, should be made by breaking bread and *effusion* of wine.—*Jeremy Taylor, Worthy Communicant.*

If the flood-gates of heaven were any thing distinct from the forty days' rain, their *effusion*, 'tis likely, was at this same time when the abyss was broken open.—*Dr. T. Burnet, Theory of the Earth.*

2. Waste; act of spilling or shedding.

When there was but as yet one only family in the world, no means of instruction, human or divine, could prevent *effusion* of blood.—*Hooker, Ecclesiastical Polity*, i. 10.

The only means
To stop *effusion* of our Christian blood,
And 'stablish quietness.
Shakespear, Henry VI. Part I. v. 1.

Yet shall she be restor'd, since publick good
For private int'rest ought not be withstood,
To save th' *effusion* of my people's blood.
Dryden, Translation of the First Book of Homer's Iliad.

3. Act of pouring out words.

Endless and senseless *effusions* of indigested prayers, oftentimes disgrace, in most unsufferable manner, the worthiest part of Christian duty towards God.—*Hooker, Ecclesiastical Polity.*

When this prayer was granted, the *effusions* of gratitude . . . are still more extravagant.—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Lord Chatham.*

4. Bounteous donation.

Such great force the gospel of Christ had then upon men's souls, melting them into that liberal *effusion* of all that they had.—*Hammond, On Fundamentals.*

5. Thing poured out.

Purge me with the blood of my Redeemer, and I shall be clean; wash me with that precious *effusion*, and I shall be whiter than snow.—*Eikon Basilike.*

Effúsive. *adj.* Pouring out; dispersing.

The North-east spends his rage; he now shut up
Within his iron cave, th' *effusive* South
Warms the wide air. *Thomson, Seasons, Spring.*

Straight arose
These heavenly orbs, the glad abodes of life,
Effusive, kindled by his breath divine
Through endless forms of being.
Akenside, Pleasures of Imagination, ii.

Eft. *s.* [from A.S. *efet.* See Newt.] Same word as newt; native reptile of the genus Triton.

Peacocks are beneficial to the places where they are kept, by clearing of them from snakes, adders, and *efts*, upon which they will live.—*Mortimer, Husbandry.*

A monstrous *eft* was of old the lord and master of earth;
For him did his high sun flame, and his river billowing ran,
And he felt himself in his force to be nature's crowning race. *Tennyson, Maud*, iv. 6.

Eft. *adv.* [from root of After.] Aft; after. *Obsolete.*

Eft through the thick they heard one rudely rush,
With noise whereof he from his lofty steed
Down fell to ground, and crept into a bush,
To hide his coward head from dying dread.
Spenser, Faerie Queen.

For notwithstanding that one soul was reft,
Yet, had the body not dismembred be, [been,]
It would have lived, and revived *eft*;
But, finding no fit seat, the lifeless corse it left.
Ibid.

Yet seem'd the soil both faire and fruitful *eft*.
Ibid.

Eft, when years
More ripe as reason lent to choose our peers,
Ourselves in league of vowed love we knit. *Ibid.*

Quite consum'd with flame,
The idol is of that eternal maid;
For so at least I have *preserv'd* the same,
With hands profane, from being *eft* betray'd.
Fairfax.

Éftsoons. *adv.* Soon afterwards.

He in their stead *eftsoons* placed Englishmen, who possessed all their lands.—*Spenser, View of the State of Ireland.*

Eftsoons the nymphs, which now had flowers their fill,
Run all in haste to see that silver brood.
Id., Prothalamium.

The Germans deadly hated the Turks, whereof it was to be thought that new wars would *eftsoons* ensue.—*Knolles, History of the Turks.*

Égal. *adj.* [Fr.] Equal. *Rare.*

Sith all as one do hearyen *egal* faith.
Ferrex and Porrex. (Ord MS.)

Égalness. *s.* Attribute suggested by Egal. *Rare.*

And nature that did make this *egalness*
Oft so repineth at so great a wrong.
Ferrex and Porrex. (Ord MS.)

Egést. *v. a.* [Lat. *egero* = carry or bear out; pass. part. *egestus.*] Throw out food at the natural vents. *Rare.*

The nature of man is proner to imbibe noxious things than to *egest* them.—*Bishop Gauden, Hieraspistes*, p. 451: 1653.

? Either a *verb neuter*, or with the name of the things egested understood.

Divers creatures sleep all the winter; as the bear, the hedge-hog, the bat, and the bee: these all wax fat when they sleep, and *egest* not.—*Bacon, Natural and Experimental History.*

Egéstion. *s.* Act of throwing out the digested food at the natural vents.

Neither the procuring of ready concoction, nor the avoiding of wearisome labouring, nor the entertaining of moderate walking, nor the disposition unto liberal recreation, nor the benefit of facile and soluble *egestion*; no, nor any thing else that can preserve health unto us, if God himself do not sustain us.—*Fotherby, Atheomastix*, p. 247: 1626.

The animal soul or spirits manage as well their spontaneous actions as the natural or involuntary exertions of digestion, *egestion*, and circulation.—*Sir M. Hale, Origination of Mankind.*

To confute your learned labours, is but to take wing, like beetles, from your *egestions*.—*Wallis, Correction of Hobbes*, p. 3.

Egéstive. *adj.* Connected with, or relating to, Egestion.

They have the digestive, *egestive*, and other parts of the nutritive faculty.—*Sir M. Hale, Origination of Mankind.*

Egg. *s.* [A.S. *egg.*]

1. Embryo, with its envelopes, of such animals as do not bring forth their *young* alive. (Its *popular* application is to what is laid by birds and certain reptiles. In *Physiology*, however, the spawn of frogs and fishes is merely a collection of *eggs*. With the lower animals and vegetables, and even with mammals, the object is really the same; *ovum*, however, and *ovule* are the technical names, being simply translations of *egg* into Latin, indeed the same word.)

An *egg* was found, having lain many years at the bottom of a moat, where the earth had somewhat overgrown it; and this *egg* was come to the hardness of a stone, and the colours of the white and yolk perfect.—*Bacon.*

Therefore think him as the serpent's *egg*,
Which, hatch'd, would, as his kind, grow mischievous. *Shakespear, Julius Cæsar*, ii. 1.

Eggs are perhaps the highest, most nourishing, and exalted of all animal food, and most indigestible.—*Arbuthnot.*

Every insect of each different kind,
In its own *egg*, cheer'd by the solar rays,
Organs involv'd and latent life displays.
Sir R. Blackmore.

2. Anything in the shape, or approaching the shape, of an egg.

There was taken a great glass-bubble with a long neck, such as chymists are wont to call a philosophical *egg*.—*Boyle.*

Egg. *v. a.* [A.S. *eggian.*] Incite; instigate; provoke to action.

All kinds of lust and luxury, and all things else which do *egg* forward and stir up fire in men to

wantonness, he forbiddeth as severely as adultery itself.—*Translation of Bullinger's Sermons*, p. 234.

[She] did *egg* him on to tell
How fair she was. *Warner, Albion's England.*

Study becomes pleasant to him who is pursuing his genius, and whose ardour of inclination *eggs* him forward, and carrieth him through every obstacle.—*Derham, Physico-theology.*

They that are bewitched with a humor of play can not be quiete without it; 'tis a malus-genius that *eggs* and urges them to their own destruction.—*Fellthan, Resolves*, 58. (Ord MS.)

Égging. *verbal abs.* Incitement.

Tell me, how curst an *egging*, with a sting
Of lust, do these unwily dances bring.
Cleaveland, Poems, &c. p. 105.

Églantine. *s.* [Fr. *esglantier*, *aiglantin*.] Sweetbrier.

O'er canopied with luscious woodbine,
With sweet musk-roses, and with *eglantine*.
Shakespear, Midsummer-Night's Dream, ii. 2.

The leaf of *eglantine*, not to slander,
Outsweeten'd not thy breath. *Id., Cymbeline*, iv. 2.

Sycamores with *eglantine* were spread,
A hedge about the sides, a covering over head.
Dryden.

Applied, by Milton, either inaccurately or provincially, to the *honeysuckle* or some plant of similar habit.

Through the sweet-briar or the vine,
Or the twisted *eglantine*. *L'Allegro.*

Égo. A Latin pronoun meaning *I*; with which it is the same word, the *g* being softened down to the semivowel *y*, and so, apparently, lost in the present diphthongal term. In German, *ich*; Danish, *jeg*; Swedish *jag* (the *j* sounded as *y*); A.S. *ic*. In English, so far as it is used, it is a substantive rather than a pronoun, meaning the thinking subject whatever it may be. Its chief application is in those systems of philosophy which take as their starting-point the person thinking, as cognized by himself; this being either the only absolute certainty, or the nearest approach to one. All beyond, i.e. the rest of the world, is non-*ego*; concerning the reality of which, doubts are far more possible than in the case of the thinking individual or Subject. The German form is the vernacular *ich*; Germany being the country in which the philosophy under notice is the most developed. In England, however, *ego* is the better form, as being the most convenient base for derivatives. Laying aside the rare form Egomism, we have two approximately concurrent forms; one in *-ist* simply, the other in *-tist*. As both exist, it is better to distinguish between them than to use them as synonyms; the form in *-ism* being restricted to the purposes of philosophy.

(For examples see extracts under Egotism and Egotize.)

Égoism. *s.* Reference to Ego.

Napoleon, himself not the superfinest of great men, and ballasted sufficiently with prudence and *egoisms*, had, nevertheless, as is clear enough, an idea to start with; the idea that democracy was the cause of man, the right and infinite cause.—*Carlyle, Critical and Miscellaneous Essays, Sir Walter Scott.*

Égoist. *s.* One who refers much or all to Ego.

Hitherto Des Cartes was uncertain of every thing but his own existence, and the existence of the operations and ideas of his own mind. Some of his disciples, it is said, remained at this stage of his system, and got the name of *Egoists*.—*Reid.*

Egóity. *s.* Egoism. *Rare.*

This innocent imposture, which I have all along taken care to carry on, as it then was of some use, has since been of regular service to me, and, by being mentioned in one of my papers, effectually recovered my *egoity* out of the hands of some gentlemen who endeavoured to correct it for me.—*Swift, Harrison's Tatler*, no. 28. (Ord MS.)

If you would permit me to use a school term, I would say the *egoity* remains.—*Wollaston, Religion of Nature delineated*, sect. 9, § 8. (Ord MS.)

Égomism. *s.* Egoism. *Rare.*

That kind of scepticism called *egomism*.—*A. Baxter, Enquiry into the Nature of the human Soul*, ii. 21; 1737.

Égotism. *s.* Fault committed in writing by the frequent repetition of the word *ego*, or *I*; too frequent mention of a man's self, in writing or conversation.

The most violent *egotism* which I have met with, in the course of my reading, is that of Cardinal Wolsey's; *ego* et rex meus, I and my king.—*Spectator.*

Égotist. *s.* One who is always repeating the word *ego*, *I*; talker of himself.

A tribe of *egotists*, for whom I have always had a mortal aversion, are the authors of memoirs, who are never mentioned in any works but their own.—*Spectator.*

To return for a moment to the parallel which we have been attempting to draw between Milton and Dante, we would add that the poetry of these great men has in a considerable degree taken its character from their moral qualities. They are not *egotists*. They rarely obtrude their idiosyncrasies on their readers. They have nothing in common with those modern beggars for fame, who extort a pittance from the compassion of the inexperienced by exposing the nakedness and sores of their minds.—*Macaulay, Critical and Historical Essays, Milton.*

Egotístical. *adj.* Having the character of an Egotist.

The sonnets . . . are . . . dignified by a sobriety and greatness of mind to which we know not where to look for a parallel. It would, indeed, be scarcely safe to draw any decided inferences as to the character of a writer from passages directly *egotistical*. But the qualities which we have ascribed to Milton, though perhaps most strongly marked in those parts of his works which treat of his personal feelings, are distinguishable in every page, and impart to all his writings, prose and poetry, English, Latin, and Italian, a strong family likeness.—*Macaulay, Critical and Historical Essays, Milton.*

Égotize. *v. n.* Write or speak as an egotist.

I *egotize* in my letters to thee, not because I am of much importance to myself, but because to thee both *ego* and all that *ego* does are interesting.—*Cowper, Letter to Lady Hesketh.* (Rich.)

Égre. *s.* [A.S. *egor*.] Sudden and rapidly rising tide.

From the peculiar disposition of the earth at the bottom, wherein quick excitations are made, may arise those *egers* and flows in some estuaries and rivers; as is observable about Trent and Humber in England.—*Sir T. Browne, Vulgar Errours.*

Egrégious. *adj.* [Lat. *egregius*, i.e. *e grege*, separated or selected from the flock.] Eminent; remarkable; extraordinary.

Ah me, most credulous fool!
Egregious murtherer. *Shakespear, Cymbeline*, v. 5.

If any person of good desert shall wilfully be a delinquent, the same man ought, notwithstanding his former service, to be punished. Horatio, that in combat gained the victory against the Albani, having insolently slain his own sister, was, notwithstanding his *egregious* act and the fresh memory thereof, called into trial of his life, and with great difficulty obtained pardon.—*Sir W. Raleigh, Arts of Empire*, ch. xxvi.

We may be bold to conclude, that these last times, for insolence, pride, and *egregious* contempt of all good order, are the worst.—*Hooker, Ecclesiastical Polity*, preface.

Reader, try by this the *egregious* impudence of this fellow.—*Bishop Hall, Honour of the married Clergy*, p. 194.

Voluntarily therefore and of right we congratulate this accession of dignity to your *egregious* merits, and the most worthy guerdon of so much virtue.—*Milton, Letters of State.*

He might be able to adorn this present age, and furnish history with the records of *egregious* exploits, both of art and valour.—*Dr. H. More, Antidote against Atheism.*

And hence the *egregious* wizard shall foredoom
The fate of Louis, and the fall of Rome. *Pope.*

Eminently bad; remarkably vicious. This is the usual sense, Dr. Johnson says. This remark requires further notice. In the old dictionary of Huloet, *egregious* is defined by *excellent* only. In that of Cockeram, it has the same definition, with this addition, '*sometimes* vile, base.' At the close of the sixteenth century, however, the bad sense of the word seems to have been common; for Gabriel Harvey having used the phrase 'an *egregious* argument,' he is thus reprimanded by Nashe, in Four Letters Confuted, 1593: '*Egregious* is never used in English but in the extreme ill part.' Yet Raleigh and Milton, as I have shewn in the additions to the first definition, considered the word as meaning *eminently good*, or illustrious, or famous.—*Todd.*

Egrégiously. *adv.* In an egregious manner.

Make the Moor thank me, love me, and reward me,
For making him *egregiously* an ass,
And practising upon his peace and quiet,
Even to madness. *Shakespear, Othello*, ii. 1.

He discovered that, besides the extravagance of every article, he had been *egregiously* cheated.—*Arbuthnot, John Bull.*

Égress. *s.* [Lat. *egressus*, part. of *egredior* = step or walk out; *egressio*, *-onis* = stepping or walking out.] Power or act of going out of any place; departure.

Thou shalt have *egress* and regress.—*Shakespear, Merry Wives of Windsor*, ii. 1.

In a nunnery a maid alone, if she cannot have *egress*, before her window you shall have an old woman, or some prating gossip, tell her some tales of this clerk, and that monk, describing or commending some young gentleman unto her.—*Burton, Anatomy of Melancholy*, p. 503.

With the *accent* on the *second syllable*.

Gates of burning adamant,
Barr'd over us, prohibit all *egress*.
Milton, Paradise Lost, ii. 437.

Egrésssion. *s.* Act of going out.

So thou may'st have a triumphal *egression*.—*B. Jonson, The Devil is an Ass.*

In the days and periods of their joy and festival *egressions*, they chose to throw some ashes into their chalices, some sober remembrances of their fatal period.—*Jeremy Taylor, Rule and Exercises of Holy Dying*, ii. § 1.

The vast number of troops is expressed in the swarms; their tumultuous manner of issuing out of their ships, and the perpetual *egression*, which seemed without end, are imaged in the bees pouring out.—*Pope* (probably after *Chapman*).

Cowper's ponderous blank verse detains you every step with some heavy Miltonism; Chapman gallops off with you his own free pace. Take a simile for example. The council breaks up—

'Being abroad, the earth was overlaid
With *flockers* to them, that came forth; as when
of frequent bees
Swarms rise out of a hollow rock, repairing the
degrees
Of their *egression* endlessly, with ever rising new
From forth their sweet nest; as their store, still
as it faded, grew,
And never would cease sending forth her clusters to the spring,
They still crowd out so; this flock here, that
there, belabouring
The loaded flowers. So,' &c., &c.

What endless *egression* of phrases the dog commands!—*Lamb, Letter to Coleridge.*

Égret. *s.* [Fr. *aigrette* = tuft of feathers, tuft.]

1. Tuft of feathers forming an ornament so called.

Of the same work were their bases; their headtires of flowers, mixed with silver and gold, with some sprigs of *egrets* among; and, from the top of their dressing, a thin veil hanging down.—*B. Jonson, Masques.*

2. Grallatorial bird so called, the exact and original application of the term being uncertain. (At present, it most generally denotes a species of heron, the *Ardea alba* in the first instance; and, secondarily, or as a term accompanied with a qualifying adjective, the *Ardea Gargetta*; both occasional visitants of the British Isles).

We once received out of Anglesey the feathers of a bird shot there, which we suspect to have been the *egret*; this is the only instance, perhaps, of its having been recently found in England. One was shot in Ireland in the year 1793. That it was formerly very frequent here appears by some of the old bills of fare: in the famous feast of Archbishop Nevil, we find no less than a thousand asterides, *egrets*, or *egrittes*, as it is differently spelt. Perhaps the esteem they were in as a delicacy during those days, occasioned their extirpation in our islands. Abroad they are still common, especially in the southern parts of Europe, where they appear in flocks.—*Pennant, British Zoology.*

Dr. Fleming remarks that 'it is possible the lapwing may have been referred to, as the most common bird with a crest.' To this opinion Mr. Selby subscribes. Aigrette and *egret* are common terms for a tuft of feathers; and the little *egret* appears to have been much too rare a species in this country to have afforded the supply. That the little *egret* ought, however, to be retained in our catalogues as a British bird—which has been denied—the following evidence will sufficiently prove.—*Yarrell, British Birds.*

Ibises, storks, *egrets* [the zoological name not given], spoonbills, herons, and the smaller races of sandlarks and plovers are seen busily traversing the wet sand in search of the red worm which burrows there, or peering with steady eye to watch the motion of the small fry and aquatic insects in the ripple on the shore.—*Sir J. E. Tennent, Ceylon*, pt. ii. ch. ii.

Égriot. *s.* [Fr. *aigret*; perhaps from *aigre* = sour.] Species of cherry.

The cœur-cherry, which inclineth more to white, is sweeter than the red; but the *egriot* is more sour.—*Bacon.*

Ægritude. *s.* [Lat. *ægritudo* = sickness; *æger* = sick.] Ailment; malady. *Rare.*

I do not intende to write to the cure of *egritudes* or sycknesses coufyrmed. — *Sir T. Elyot, Castel of Health*, b. iv. (Rich.)

Egyptólogist. *s.* One engaged in Egyptology.

(For example see under Hieroglyphics.)

Egyptólogy. *s.* Study of the archeology of Egypt, especially in its connection with the Hieroglyphics.

(For example see under Hieroglyphics.)

Eider. *s.* [see extract.] Duck so called (Somateria mollissima) for the softness and warmness of its down: (generally used as the *first element* of a *compound*, giving *eider-duck*, *eider-down*; indeed it seems that *down* was the original meaning of the word).

The *eider* duck, though indigenous to some of the northern parts of England, as well as several of the Scottish islands, is only a winter visitor to the southern portions of the kingdom, and that, too, in very limited numbers. It is but rarely killed in Ireland.... It has been seen and shot on the Cornish, Devonshire, Dorsetshire, Hampshire, Sussex, and Norfolk coasts.... The most southern locality in this country at which this species is known to breed regularly is that visited by Pennant in July, 1769, and has been frequently visited by Mr. Selby, namely, the Fern Islands, situated upon the northern coast of Northumberland.... The *eider* duck is also called St Cuthbert's duck, from the circumstance of its breeding there on a rock called St. Cuthbert's Isle, as well as upon other islands that form the group.... The late Earl of Derby's principal menagerie manager, who went to Sweden in the summer of 1839, brought back with him a brood of young *eiders*, which he reared, feeding them on slugs and the bodies of shelled mollusca. Several of these birds were reared at Knowsley. *Eider*, *eder*, or *edder* is the name applied to this duck in Germany, Sweden, Denmark, and Norway.... Young males of the *eider* are, at first, like the adult female. ... The windpipe of the male *eider* measures nine inches in length.—*Yarrell, British Birds.*

Eight. *s.* Same as Eyot.

Eight. *pr.* [A.S. *éahta.*] Cardinal number, or numeral, so called. In English notation, 8; in Roman, VIII. As this is, alphabetically, the first of a very definite series of words, the remarks that apply to the entry of the numerals in general will be made here. It is submitted to the reader that the numerals are words which neither definition nor example will explain. They are not only used by everyone, but every time they are used their import explains itself. *One* is naturally single; all the others naturally plural. Nevertheless, *one* may be plural when it means a *unit*, and when two or more units (*ones*) are spoken of; and *two*, *three*, *four*, &c., may be singular when they mean a collection of *two*, of *three*, of *four*, and the like. In such cases, the word, as a part of speech, ceases to be a pronoun, and becomes a substantive, and, like other substantives, takes a plural *form*; as 'three *ones* make three'; 'two *tens* equal *twenty*.' For some of these collections we have separate and true substantival names; such as *unit* = a one; *pair*, *couple*, *brace*, &c. = a two; *leash* = a three; *dozen* = a twelve; *score* = a twenty: whence *half-dozen* = a six, and *half-score* = a ten. *Monad*, *dyad*, *triad*, *tetrad*, *pentad*, and *decad*, all of Greek origin, are terms of a more exotic and artificial character.

This singular character of a plural number, when the units of which it is composed are taken in mass, or collectively, is well illustrated by the numbers above *ten*, or the difference between the terminations *-teen* and *-ty*.

Thirteen = 10 + 3; *-teen* being merely *ten* in another form.

Thirty = 10 × 3; *-ty* being a contraction of *-tig* (= a *ten*, or a *decad*), a word long obsolete as a separate term, and one which originated at that comparatively early epoch in our language when *ten*, like the Latin *dec-em* and the Greek δέκ-α, contained the sound of either *g* or *k*; a sound of which the nearest representative in the German family of languages is the *h* of the Mesogothic *taihun*.

Of true derivative forms the numerals have only one, viz. the ordinal, formed by the addition of *-th* (*ten*, *ten-th*), with or without certain internal changes (*five*, *fifth*, &c.); and even these are open to an exception. Several high authorities, on the strength of such words as the Danish *syv* and the Greek ἕπτα, on the one side, and the *-m-* in words like prim*us*, septim*us*, ἕ*β*δομος, &c. (respect being had to the probability of its being changed into *n*), on the other, have held that, where the cardinal ends in *m* or *n*, the ordinal form has (so to say) been reflected back upon it. Hence in *sev-en*, *ni-ne*, *teh-* (*teg-* or *teh-*) *-n*, the final letter is not cardinal, but ordinal. This, however, belongs to the department of comparative philology rather than to lexicography.

In most languages, the first two cardinals form the ordinals from some second basis; as *fir-st*, from the root of *fore*, and *second*, from the Latin *secundus*, connected with *sequor* = follow: a fact which theoretically excludes such ordinals as *onth* and *twoth*; though, as far as grammar goes, they are not impossible forms. In some respects, *odd* is a numeral, as in *twenty-odd*. He would be a bold man, however, who wrote *odd-th*; though there are many cases where the word would be convenient. Practically speaking, all the combinations of which a numeral is a basis, except the ordinal, are compounds; the rule being (as has been shown in respect to the forms in *-teen* and *-ty*) that where there is Addition the second element is *-ten*; where Multiplication, *-tig* = *a collection of tens*. In few cases does that agglutination of separate words which constitutes a compound so closely take the guise of a derivative as in the Numerals.

These preliminaries show that, except in particular cases, the entry of one numeral is, in respect to authority, derivation, and the like, a formula for the entry of all the others.

Eight. *s.*

1. Collection of eight.
2. Figure of 8 in skating.

Till I, tired out
With cutting *eights* that day upon the pond,
Where, three times slipping from the outer edge,
I bump'd the ice into three several stars,
Fell in a doze. *Tennyson, The Epic.*

Eighteen, or **Eighteén.** *pr.* [*eight* + *ten*, the second *t* being omitted, not only in speaking, but in spelling.] Cardinal of 8 + 10.

The accent falls on either syllable, according to the element upon which the stress is laid. Thus in counting from *ten* to *twenty* we say *thírteen*, *fóurteen*, *fífteen*, &c., whereas 'from 3 to 13' is 'from *three* to *thirteén*.' Strictly speaking, then, *eighteen* and *eighteén* are different words; though it would be an overrefinement to treat them as such in the entry. It may be added that, etymologically, the spelling of both 18 and 80 should give two *t*s—*eight* + *ten*, *eight* + *ty*. This doubling, however, of the consonant, though real, has long been ignored both in spelling and speaking.

Eighteenth, or **Eighteénth.** *adj.* Ordinal of the preceding.

Eightfold. *adj.* (often with an *adverbial* construction, as, 'it increased *eightfold.*) Multiplied by eight.

Eighth. *adj.* Ordinal of eight.

Eighthly. *adv.* As the eighth in order.

Eightieth. *adj.* Ordinal of eighty.

Eighty. *pr.* [*eight* + *ty* = tig.—see Eighteen.] Cardinal of 8 × 10.

Eisel. *s.* [A S. *eisil*; N.Fr. *aisil* = vinegar.]

1. Vinegar; verjuice; any acid.

Cast in thy mind
How thou resemblest Christ, as with sowre poison,
If thou paine thy taste; remember therewithall
How Christ for thee tasted *eisel* and gall.
Sir T. More.

Like a willing patient, I will drink
Potions of *eysel*, 'gainst my strong infection.
Shakespear, Sonnet 2.

In the following extract from the well-known rant of Hamlet at the grave of Ophelia, the import of the word is doubtful; some explaining it *vinegar*, others as the river Ysel. In the quarto of 1603 the reading is *vessels*; in the later ones, *esill*, in the folio, *esile*:

'Swoonds! show me what thou'll do.
Woo't weep? woo't fight? woo't fast? woo't tear thyself?
Woo't drink up *eisel*? eat a crocodile?
I'll do't. *Shakespear, Hamlet*, v. 2.

2. River so called.

Either. *pron.* [see remarks at end of Either, *adv.*]

1. One of two indifferently.

Lepidus flatters both,
Of both is flattered; but he neither loves,
Nor *either* cares for him.
Shakespear, Antony and Cleopatra, ii. 1.

So like these champions were,
As they had been a very pair,
So that a man would almost swear,
That *either* had been *either*. *Drayton, Nymphidia.*

Goring made a fast friendship with Digby, *either* of them believing he could deceive the other.—*Lord Clarendon, History of the Grand Rebellion.*

I do not ask whether bodies do so exist, that the motion of one body cannot really be without the motion of another; to determine this *either* way, is to beg the question for or against a vacuum.—*Locke.*

2. Each.

In the process of natural beings, there seem some to be creatures placed, as it were, in the confines of several provinces, and participating something of *either*.—*Sir M. Hale.*

Sev'n times the sun has *either* tropick view'd,
The winter banish'd, and the spring renew'd.
Dryden, Virgil's Æneid.

Either is often used improperly instead of *each*; as, 'Nadab and Abihu, the sons of Aaron, took *either* (each) of them his censer.' *Each* signifies *both* of them, taken distinctly or separately; *either* properly signifies only the one, or the other, of them, taken disjunctively. For which reason the like expression in the following passages seems also improper: 'They crucified two other with him, on *either* side one, and Jesus in the midst.' (St. John, xix. 18.) 'On *either* side of the river was there the tree of life.' (Rev. xxii. 2.) Lowth's Grammar.—*Johnson.*

3. Any one of a number exceeding two.

Henry VIII. Francis I. and Charles V. were so provident, as scarce a palm of ground could be gotten by *either* of the three, but that the other two would set the balance of Europe upright again.—*Bacon.*

4. One or each (of two) in the reciprocal construction. *Rare.*

Since that they [married persons] have received *either* other from God, let them herein strive to shew their thankfulnesse unto God, by endeavouring to bring *either* other neerer to God, by helping *either* other forward in the good wages of God; doe *either* with other, as Anna did with her sonne Samuel, as she had him of God, so she bestowed him on God againe; returned *either* other again to God, and labour to returne them better than they received. —*Gataker, Wife in Deed*, p. 186. (Ord MS.)

Either. *adv.* In the way of an alternative.

We never heard of any ship that had been seen to arrive upon any shore of Europe; no nor of *either* the East or West Indies.—*Bacon, New Atlantis.*

What perils shall we find,
If *either* place, or time, or other course,
Cause us to alter th' order now assigned? *Daniel.*

Either your brethren have miserably deceived us, or power confers virtue.—*Swift, Letter to Pope.*

A distributive adverb, answered by or; *either* the

one *or*. So far Dr. Johnson. But this is not always the case. It sometimes stands by itself, in the sense of *or*. Of this construction the translators of the New Testament have given several instances, which may be seen in the present version. In the first and second instances which follow, Wicliffe's word is *or*; in the last, *either*. '*Either* what woman having ten pieces of silver.' (St. Luke, xv. 8.) 'Not as though I had already attained, *either* were already perfect.' (Philippians, iii. 12.) 'Can the figtree, my brethren, bear olive-berries, *either* a vine, figs?' (James, iii. 12.)—*Todd.*

[In respect to its origin, this word is a compound; though one of which the compound character is disguised. Its first element is the same which occurs in *each*. It is rarely found as a separate word. Wedgwood, however, gives

'Yif *ei* man other *ei* wummon misseth ou.'
If any man or any woman missaith you.
(Ancren Riwle, 124.)

The *i* or *y* represents an earlier *g* or *h*, which in the Latin, Greek, and German is chiefly known in the softened form of *v*, or *f*, its meaning being *time*, *duration*, *life*. Hence it is the first syllable in Ever.

'*Ever*.—Gothic, *aivs*, time, long time; *niaiv*, never; *aiveins*, everlasting; *usaivjan*, to endure. Old High German, *ewa*, *ewe*, *e*, Dutch, *eeuw*, Old Norse, *ævi*, Latin, *ævum*, Greek αιων, an age, life; Swedish, *e* (in composition), all, ever; Latin, *ætas*, *æternus*, &c. Greek, αιει, αιεν, αιες, ever. Anglo-Saxon, *áwa*, *á*, *æfre*, *æfer*, *æg* (in composition), English, *aye*, ever. Finnish, *ikä*, Esthonian *igga*, age, life-time, time. Finnish, *ijäinen*, perpetual; *ijäti*, *iku* (in composition), for ever; *iki*, altogether. Esthonian, *igga* (in composition), each, every; *iggawenne*, perpetual.' (Wedgwood, Dictionary of English Etymology.) See also *Each* and *Either*.

The connection between an indefinite period of time for choosing, and indifference in the way of choice, as shown in such compounds as *who-ever*, *what-ever*, and the like helps to explain the force of such an element as *e* or *ie* in the word under notice, where the fact of its meaning not only one of two things, but one of two things *indifferently*, is of paramount importance. See Any.

The second element is *whether* (A.S. *æghwæðer*), from the same root as the relative *who*.

More important than this is the force of the affix *-er*. It is the *-er* in such words as *und-er* and *ov-er* (where there is a contrast between two surfaces), as well as the *-er* in the comparative degree. That these were in the same category, and that what is called a sign of *comparison* in general is rather a sign of relation in the way of *duality*, may now be considered as a recognised fact in philology. If so, the limitation laid down (not only here, but in the previous editions) is real; so that in typically strict and pure English *either* applies to *two*, and to no more than *two*, objects. How far the actual practice of speech coincides with this rule is another question; indeed, as a matter of fact, the practical recognition of the original duality is evanescent. In the syntax of the comparative degree it is often lost sight of; whilst few writers hesitate to use *either* in what is called a triple alternative; such as, 'We must *either* stay where we are, proceed, or recede.' See First and Former.

That the extension of the word to *more than two*, and also its use for *each*, or *both*, have been objected to, may be seen from the extracts. In the eyes of the present editor the latter is the less exceptionable usage.

Followed by Other, the construction is elliptic; sentences like 'Eteocles and Polynices killed *each other*,' being Eteocles and Polynices killed—*each* (killed) *the other*, or 'Eteocles and Polynices—*each* killed *the other*,' in which case *each* is in the Nominative and *other* in the Objective case. And here the question as to the extension of the construction to more than two objects repeats itself. In some languages, e.g. the Spanish, where the equivalent to *other* has one form for the singular and another for the plural, the distinction is easy. *One another* = A and B only, is conveyed by *uno* and *otro*; whereas A, B, C, and an indefinite number of *others* is expressed by *unos* and *otros*. This would, perhaps, be a possible form in our own language (inasmuch as the plural *others* exists in it) if it were not for the accompaniment of *an* = *ane* = *one*, giving in *another* (etymologically *one* other) a form so decidedly singular as to make the addition of *-s* (the sign of the plural) a philological paradox.

In Danish, also, the difference is signified, not however by an inflection only, but by different words; *hin*-ander = one another when two, *hver*-andre = one another when more than two, are spoken of. By limiting *one* and *each* to a certain sense we might (though we do not) get the same result. We had, however, something like it when the construction given in the extract from Gataker was allowable.]

Ejáculate. *v. a.* [Lat. *ejaculatus*, part. of *ejaculor* = dart out, throw forth as a *jaculum* or dart; *ejaculatio*, *-onis* = darting out.]

1. Throw; shoot; dart out.
   Being rooted so little way in the skin, nothing near so deeply as the quills of fowls, they are the more easily *ejaculated*.—*Grew, Museum.*
2. Utter an ejaculation.
   'No cards! then I'm off—I'm off; I meant to have stayed six weeks with you, but I could as soon live without smoking as without cards.'—'Smoking!' mentally *ejaculated* Mrs. Burton. I use this expression because I find it in every novel which has been published for the last ten years—barring the excellent ones of Sir Walter Scott—I do not profess to understand it, but I imagine it to mean an *ejaculation* which is not intended to be *ejaculated*, or no *ejaculation* at all.—*Theodore Hook, Sayings and Doings, Danvers.*

Ejaculátion. *s.*

1. Act of darting or throwing out.
   There is to be observed, in those dissolutions which will not easily incorporate, what the effects are; as the ebullition, the precipitation to the bottom, the *ejaculation* towards the top, the suspension in the midst, and the like.—*Bacon.*
2. Short and sudden exclamation, sometimes having the character of prayer.
   In your dressing let there be *ejaculations* fitted to the several actions of dressing; as at washing your hands, pray God to cleanse your soul from sin.—*Jeremy Taylor, Guide to Devotion.*
   Which prayers of our Saviour, Matt. xxvi. 39, and others of like brevity, are properly such as we call *ejaculations*; an elegant similitude from a dart, or arrow, shot or thrown out; and such an one, we know, of a yard long, will fly farther, and strike deeper, than one of twenty.—*South, Sermons*, ii. 150.
   (For another example see Ejaculate, 2.)

Ejáculatory. *adj.*

1. Throwing out; having power to cast out.
   Seminary vessels both preparatory and *ejaculatory*.—*Smith, Portrait of Old Age*, p. 117.
2. Having the character of an ejaculation; sudden; hasty; transitory.
   The continuance of this posture might incline to ease and drowsiness; they used it rather upon some short *ejaculatory* prayers, than in their larger devotions.—*Bishop Duppa, Rules and Helps of Devotion.*
   We are not to value ourselves upon the merit of *ejaculatory* repentances, that take us by fits and starts.—*Sir R. L'Estrange.*

Ejéct. *v. a.* [Lat. *ejectus*, pass. part. of *ejicio* (*e* = out, and *jacio* = cast); *ejectio*, *-onis* = casting out.]

1. Throw out; cast forth, out, or away; void.
   To have *ejected* whatsoever the church doth make account of, be it never so harmless in itself, and of never so ancient continuance, without any other crime to charge it with, than only that it hath been the apt thereof to be used by the church of Rome, and not to be commanded in the word of God, could not have been defended.—*Hooker, Ecclesiastical Polity.*
   Tears may spoil the eyes, but not wash away the affliction; sighs may exhaust the man, but not *eject* the burthen.—*South, Sermons.*
   Will any man say, that if the words whoring and drinking were by parliament *ejected* out of the English tongue, we should all awake next morning chaste and temperate?—*Swift.*
2. Expel from an office or possession.
   The French king was again *ejected* when our king submitted to the church.—*Dryden.*

Ejéction. *s.*

1. Act of casting out; expulsion.
   Our first parent comforted himself, after his *ejection* out of Paradise, with the foresight of that blessed seed of the woman, which should be exhibited almost four thousand years after.—*Bishop Hall, Select Thoughts*, § 30.
2. In *Medicine*. Discharge of anything by vomit, stool, or any other emunctory.
   A melancholy patient imagined a mouse had slipped down his throat. The doctor, perceiving his fancy to be strongly perverted, concurred with him that it was a mouse; . . . and that he should, upon a little physick taken, see the return of him to his great joy. The patient desired his dose; and, within a day or two, the apothecary gave him a slight vomit, which wrought very well; but, at the first and second strains, no mouse appeared; whereat the apothecary swore, he smelt him coming by the scent of the *ejection*.—*Gayton, Notes on Don Quixote*, p. 158.

Ejéctment. *s.*

1. Legal writ by which any inhabitant of a house, or tenant of an estate, is commanded to depart.
2. Expulsion in general.
   A superstitious worship of God, returning home in triumph from a six years' exile and *ejectment*.—*Bishop Fleetwood, Four Sermons*, p. 29: 1712.

Ejulátion. *s.* [Lat. *ejulatio*, *-onis*.] Outcry; lamentation; moan; wailing. *Rare.*
   There's *ejulation*, clamour, weeping, wailing.—*Heywood, Hierarchy of Angels*, p. 347: 1635.
   Instead of hymns and praises, he breaks out into *ejulations* and effeminate wailings.—*Dr. H. More, Government of the Tongue.*

   With dismal groans
   And *ejulation*, in the pangs of death,
   Some call for aid. *Philips.*

Eke. *v. a.* [A.S. *eacan*.] Add; increase; supply; make up; protract: (often used with *out*, when it generally conveys the notion of a *laborious* and *sorry* addition or complement to something left incomplete; except in this sense, not common in modern writing).
   The little strength that I have, I would it were with you.—And mine to *eke* out hers.—*Shakespear, As you like it*, i. 2.
   I speak too long; but 'tis to peize the time,
   To *eke* it, and to draw it out in length,
   To stay you from election, *Id., Merchant of Venice*, iii. 2.
   Eusden *ekes* out Blackmore's endless line. *Pope.*

Eke. *adv.* Also; likewise; besides; moreover. *Obsolete*; or when used by modern writers, as it often is, *rhetorical* and *archaic*.
   If any strength we have, it is to ill:
   But all the good is God's, both power and *eke* will. *Spenser, Faerie Queen.*
   Now if 'tis chiefly in the heart
   That courage doth itself exert,
   'Twill be prodigious hard to prove,
   That this is *eke* the throne of love. *Prior, Alma.*
   John Gilpin was a citizen
   Of credit and renown;
   A train-band captain *eke* was he
   In famous London town. *Cowper.*

Eke. *s.* Addition. See Eke, *v. a.*
   Either the words in Italicks are virtually implied in the Hebrew, or they are not. In the former case, they are a real part of the text, and should be printed in the same character: in the latter they are generally ill assorted and clumsy *ekes*, that may well be spared: and which often disfigure the narration under pretence of correcting it.—*Geddes, Prospectus of a new Translation of the Holy Bible*, p. 95.

Éking. *verbal abs.* Increase; addition.
   I dempt there much to have eeked my store,
   But such *eeking* hath made my heart sore.
   Spenser, Shepherd's Calendar, September. (Rich.)

El. *s.* Name of the twelfth letter in the English alphabet.

Eláborate. *adj.* [Lat. *elaboratus* = worked, or laboured, out.] Finished with great care and diligence.

At least, on her bestow'd
Too much of ornament, of outward shew
Elaborate: of inward, less exact.
Milton, Paradise Lost, viii. 537.

Man is thy theme, his virtue or his rage
Drawn to the life in each *elab'rate* page. *Waller.*

Consider the difference between *elaborate* discourses upon important occasions, delivered to parliaments, and a plain sermon intended for the common people.—*Swift.*

Eláborate. *v. a.* Work out with pains and labour; heighten and improve by successive touches.

They in full joy *elaborate* a sigh. *Young.*

The sap is diversified, and still more *elaborated* and exalted, as it circulates through the vessels of the plant.—*Arbuthnot.*

Eláborately. *adv.* In an elaborate manner.

Politick conceptions, so *elaborately* formed and wrought, and grown at length ripe for delivery, do yet prove abortive.—*South, Sermons.*

It is there *elaborately* shewn, that patents are good.—*Swift.*

Eláborateness. *s.* Attribute suggested by Elaborate; completion by successive endeavours.

It [the Old Bachelor] is apparently composed with great *elaborateness* of dialogue, and incessant ambition of wit.—*Johnson, Life of Congreve.*

Elaborátion. *s.* Improvement by successive operations.

To what purpose is there such an apparatus of vessels for the *elaboration* of the sperm and eggs; such a tedious process of generation and nutrition?—*Ray.*

Eláboratory. *s.* Same as Laboratory. *Rare.*

He [Mr. Sthael] built his *elaboratory* in an old hall or refectory. . . . In the year following he was called away to London, and became operator to the Royal Society; and, continuing there till 1670, he returned to Oxon, and had several classes successively. The chymical club concluded; and A. W. paid Mr. Sthael 30 shillings, having, in the beginning of the class, given 30 shillings beforehand.—*Life of A. Wood*, sub ann. 1663.

Élaine. *s.* [Gr. ἔλαιον = oil.] In *Chemistry.* See extract.

The fluidity [of the fat oils] is very various, some being solid at ordinary temperatures, and others remaining fluid at the freezing point of water. Linseed oil, indeed, does not congeal till cooled from 4° to 18° below 0 F. The same kind of seed usually affords oils of different degrees of fusibility, so that in the progress of refrigeration one portion concretes before another. Chevreul, who was the first to observe this fact, considers all the oils to be composed of two species, one of which resembles suet, and was thence styled by him *stearine*; and another, which is liquid at ordinary temperatures, and was called *elaine*, or *oleiné*. By refrigeration and pressure between the folds of blotting paper, or in linen bags, the fluid part is separated, and the solid remains. By heating the paper in water, the liquid oil may be obtained separate. When alcohol is boiled with the natural oil, the greater part of the *stearine* remains undissolved.—*Ure, Dictionary of Arts, Manufactures, and Mines.*

Braconnot obtained *elaine*, or *oleine*, by exposing olive oil to a temperature of about 21° F. in order to cause the congelation of the *margarine.*—*Turner, Chemistry*, p. 1503.

Elámp. *v. a.* Shine; give light. *Barbarous.*

As when the cheerful sun, *elamping* wide,
Glads all the world.
G. Fletcher, Christ's Victory, c. i.

Giles [Fletcher] seems to have more vigour than his elder brother, but less sweetness, less smoothness, and more affectation in his style. This, indeed, is deformed by words neither English nor Latin, but simply barbarous, such as *elamping, eblazon, deprostrate, purpured, glitterand*, and many others.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, pt. iii. ch. v.

Elánce. *v. a.* [Fr. *élancer.*] Throw out; dart; cast as a dart or lance.

While thy unerring hand *elanc'd*
Another, and another dart, the people
Joyfully repeated Io! *Prior.*

Harsh words, that once *elanc'd*, must ever fly
Irrevocable. *Id.*

Élance thy thought, and think of more than man.
Young Night Thoughts, ix.

Éland. *s.* Species of South-African antelope, Boselephas Oreas: (called *impoofo* by the natives, and *eland* by the Dutch colonists).

In this animal there is a great resemblance to some of the oxen. . . . The taste of *eland's* flesh, when eaten fresh, much resembles beef.—*Sir W. Jardine*, in *Naturalist's Library, Goats, Sheep, Oxen, &c.*

Elápse. *v. n.* [Lat. *elapsus*, part. of *elabor* = glide, slide, or slip out.]

1. Pass away; glide away; run out without notice.

There is a docible season, a learning time in youth, which, suffered to *elapse*, and no foundation laid, seldom returns.—*Richardson, Clarissa.*

2. Lapse. *Rare.*

The attainment of this, however, [Doctor of Laws] was far from having upon Barman that effect which has been too often observed to be produced in others; who, having in their own opinion no higher object of ambition, have *elapsed* into idleness and security, and spent the rest of their lives in lazy enjoyment of their academical dignities.—*Johnson, Life of Barman.* (Ord MS.)

Elástic. *adj.* [Fr. *élastique.*] Having the power of returning to the form from which it is distorted or withheld; springy; having the power of a spring.

If the body is compact, and bends or yields inward to pression, without any sliding of its parts, it is hard and *elastick*, returning to its figure with a force rising from the mutual attraction of its parts.—*Sir I. Newton, Opticks.*

The most common diversities of human constitutions arise from the solids, as to their different degrees of strength and tension, in some being too lax and weak, in others too *elastick* and strong.—*Arbuthnot, On the Nature and Choice of Aliments.*

Elástical. *adj.* Same as Elastic. *Rare.*

A fermentation must be excited in some assignable place, which may expand itself by its *elastical* power, and break through where it meets with the weakest resistance.—*Bentley.*

Elasticity. *s.* Quality of bodies, by which they endeavour to restore themselves to the posture from which they were displaced by external force; spring.

A lute-string will bear a hundred weight without rupture; but, at the same time, cannot exert its *elasticity*: take away fifty, and it immediately raiseth the weight.—*Arbuthnot.*

Me emptiness and dulness could inspire,
And were my *elasticity* and fire. *Pope.*

Eláte. *adj.* [Lat. *elatus*, from *e* = out, and *latus* = carried, borne.] Flushed with success; elevated with prosperity; lofty; haughty.

Oh, thoughtless mortals, ever blind to fate!
Too soon dejected, and too soon *elate*. *Pope.*

Eláte. *v. a.*

1. Exalt; heighten.

Or truth, divinely breaking on his mind,
Elates his being, and unfolds his power. *Thomson.*

2. Elevate with success; puff up with prosperity.

Though *elated* by his victory, he still maintained the appearance of moderation.—*Hume, History of England.*

Elátedly. *adv.* In an elated manner.

Nero, we find, defiled most in the foulest mires of luxury; and where do we find any so *elatedly* proud, or so unjustly rapacious as he?—*Felltham, Discourses on St. Luke*, xiv. 20.

Elatérium. *s.* [Gr., Lat.] Fruit of the squirting cucumber (Momordica Elaterium or Ecbalium officinarum); inspissated juice of the same used in medicine as a drastic hydragogue purge.

In the event of a case of poisoning by *elaterium*, the remedies would be demulcent drinks, . . . stimulants, . . . blood-letting to subdue the inflammatory symptoms should the state of the general system not contraindicate it.—*Pereira, Materia Medica*, p. 1088.

Elátion. *s.* Haughtiness proceeding from success; pride of prosperity.

God began to punish this vain *elation* of mind, by withdrawing his favours.—*Bishop Atterbury.*

It was in these adventurers from France that Barclay placed his chief trust. In a moment of *elation* he once called them his Janissaries, and expressed a hope that they would get him the George and Garter.—*Macaulay, History of England*, ch. xxi.

Élbow. *s.* [A.S. *elboga.*]

1. Next joint or curvature of the arm below the shoulder.

In some fair evening, on your *elbow* laid,
You dream of triumphs in the rural shade. *Pope.*

Although the bones of the pectoral limbs are swathed in skin, the fins project more freely from the trunk, the *elbow* is better marked; the limb-joints are synovial, not syndesmotic merely, as in Cetacea; and although there are clearer indications of the digits in the fin of Sirenia, none of the digits have more than three phalanges.—*Owen, Anatomy of Vertebrates*, p. 437.

2. Any flexure or angle.

Fruit trees, or vines, set upon a wall between *elbows* or buttresses of stone, ripen more than upon a plain wall.—*Bacon.*

At the elbow Near; at hand.

Straight will he come;
Wear thy good rapier bare, and put it home;
Quick, quick; fear nothing, I'll be *at thy elbow.*
Shakespear, Othello, v. 1.

Jog the elbow. Draw attention; waken up; remind a person of anything.

I have long gone about with the conviction that I had a work to do—a Work, if you like, with a great W; a purpose to fulfil; a chasm to leap into, a Curtius horse and foot; a great social evil to discover and to remedy. That conviction has pursued me for years. It has dogged me in the busy street; seated itself by me in the lonely study; *jogged my elbow* as it lifted the wine-cup at the festive board; pursued me in the maze of Rotten Row; followed me in far lands. On Brighton's shingly beach or Margate's sand; the voice outpiped the roaring of the sea; it nestles in my nightcap, and it whispers, 'Wake, slumberer, thy work is not done yet.'—*Thackeray, Book of Snobs*, ch. i.

Out at elbows. Applied to the sleeve of a coat or tunic so worn out as to show the elbow or shirt beneath.

'If my old cassock,' said a Welsh divine,
'Is *out at elbows*, why should I repine?' *Anon.*

Hence, it means 'reduced in circumstances; badly off in money matters.'

Élbow. *v. a.* Push; drive out; encroach upon, as a person forcing his way with the help of his elbows through a crowd; jostle.

The poor distress'd Lear . . . by no means
Will yield to see his daughter.—Why, good sir?—
A sovereign shame so *elbows* him.
Shakespear, King Lear, iv. 3.

It thrusts and stretches out,
And *elbows* all the kingdoms round about. *Dryden.*

If fortune takes not off this boy betimes,
He'll make mad work and *elbow* out his neighbours.
Id.

One *elbows* him, one justles in the shoal.
Id., Juvenal's Satires.

The intruders [the Dutch under William III.] would soon rule every corporation. They would *elbow* our own aldermen off the Royal Exchange. They would buy the hereditary woods and halls of our country gentlemen.—*Macaulay, History of England*, ch. xx.

Élbow. *v. n.* Clash; jostle; be quarrelsome.

He that grows hot and turbid, that *elbows* in all his philosophic disputes, must needs be very proud of his own sufficiencies, or very ignorant of the science he stickles for.—*Mannyngham, Discourses*, 50: 1681.

Élbowchair. *s.* Chair with arms to support the elbows.

An oaken, broken *elbowchair*,
A candle cup without an ear, &c. *Swift.*

Swans and *elbowchairs*, in the opera of Dioclesian, have danced upon the English stage with good success.—*Gay.*

Élbowing. *part. adj.* Jostling; pushing; pressing.

Purse proud, *elbowing* Insolence.
Grainger, Ode on Solitude.

In the following extract we find it followed by similar terms connected with the *shoulder.*

Men of real merit will, if they persevere, at last reach the station to which they are entitled, and intruders will be ejected with contempt and derision. But it is no small evil that the avenues to fame should be blocked up by a swarm of noisy, pushing, *elbowing* pretenders, who, though they will not ultimately be able to make good their own entrance, hinder, in the mean time, those who have a right to enter. All who will not disgrace themselves by joining in the unseemly scuffle must expect to be at first hustled and *shouldered* back.—*Macaulay, Critical and Historical Essays, Robert Montgomery's Poems.*

Élbowroom. *s.* [the *accent* stands as in the previous edition; the present editor thinks that *élbow-roŏm* is the commoner pronunciation, so that the combination gives *two words* rather than a compound, as is certainly the case with Elbow-chair.] Room to stretch out the elbows

on each side; perfect freedom from confinement; easy freedom.

Now my soul hath *elbowroom*;
It would not out at windows nor at doors.
Shakespear, King John, v. 7.

The natives are not so many, but that there may be *elbowroom* enough for them, and for the adventives also.—*Bacon.*

A politician must put himself into a state of liberty to provide *elbowroom* for conscience to have its full play in.—*South, Sermons.*

These [wit and humour] are faculties which never appear in full lustre but when the mind is perfectly at ease, and, as an excellent writer says, enjoys her *elbow-room.—Smollett, Expedition of Humphry Clinker.*

Two hours will not afford *elbow-room.—Recreations of a Country Parson*, p. 336.

Eld. *s.* Old age; decrepitude; old generation, or old people in general. *Obsolete*, or *archaic.*

Her heart with joy unwonted inly swell'd,
As feeling wondrous comfort in her weaker *eld.*
Spenser, Faerie Queen.

Thy blessed youth
Becomes as aged, and doth beg the alms
Of palsied *eld.*
Shakespear, Measure for Measure, iii. 1.

They count him of the green-hair'd *eld. Chapman.*

He thought it touch'd his deity full near,
If likewise he some fair one wedded not,
Thereby to wipe away th' infamous blot
Of long uncoupled bed and childless *eld.*
Milton, Ode on the Death of a fair Infant.

Roll on, vain days! full reckless may ye flow,
Since Time hath reft whate'er my soul enjoy'd,
And with the ills of *eld* mine earlier years alloy'd.
Byron, Childe Harold, ii. 98.

That the prince of the powers of darkness, passing by the flower and pomp of the earth, should lay preposterous siege to the weak fantasy of indigent *eld* —has neither likelihood nor unlikelihood à priori to us, who have no measure to guess at his policy, or standard to estimate what rate those anile souls may fetch in the devil's market.—*Lamb, Essays of Elia, Witches and other Night Fears.*

Elder. *adj.* [This and *eldest* are the Anglo-Saxon comparative and superlative of *eald* = old. This means that there is in English no such positive as *eld*; and that, as examples of the Anglo-Saxon degrees of comparison, the words are perfectly regular. *Elder* and *eldest* are derived from *eald*, just as *older* and *oldest* are from *old*; and the true explanation of their form lies in the fact that, in certain words, the Anglo-Saxon not only added *-r*, or *-st*, to the positive, but changed the vowel as well. Thus—

Lang, Lengre, Lengest=Long, &c.
Strang, Strengre, Strengest=Strong, &c.
Geong, Gyngre, Gyngst=Young, &c.
Sceort, Scyrtre, Scyrtest=Short. &c.
Heah, Hyrrhe, Heahst=High, &c.
Eald, Yldre, Yldest=Old, &c.

In the word under notice this change of vowel, though out of use with the others, is still retained; the result being that we have two concurrent formations—*old, older, oldest*, and *old, elder, eldest*, with a difference of import to match. The forms in *o* mean simply *more* and *most old* in general; as, John is *older* than Thomas, &c. The forms in *e* mean *older*, or *oldest*, as the member of some special class; as, John is the *elder* brother of Thomas, and the *eldest* son of James. *Elder*, moreover, can be used as a substantive, having the plural *elders.*]

1. Opposed to *younger*.

They bring the comparison of younger daughters conforming themselves in attire to their *elder* sisters. —*Hooker, Ecclesiastical Polity.*

How I firmly am resolv'd, you know;
That is, not to bestow my youngest daughter,
Before I have a husband for the *elder.*
Shakespear, Taming of the Shrew, i. 1.

Among the Lacedemonians, the chief magistrates, as they were, so they are called, *elder* men.—*Sir W. Raleigh, History of the World.*

The *elder* of his children comes to acquire a degree of authority among the younger, by the same means the father did among them.—*Sir W. Temple.*

2. Older.

Let still the woman take
An *elder* than herself; so wears she to him,
So sways she level in her husband's heart.
Shakespear, Twelfth Night, ii. 4.

Fame's high temple stands;
Stupendous pile! not rear'd by mortal hands!
Whate'er proud Rome, or artful Greece beheld,
Or *elder* Babylon, its frame excell'd. *Pope.*

Elder. *s.*

1. One who is older than another.

Many nations are very superstitious and diligent observers of old customs, which they received by continual tradition from their parents, by recording of their bards and chronicles, in their songs, and by daily use and ensample of their *elders.—Spenser, View of the State of Ireland.*

At the board, and in private, it very well becometh children's innocency to pray, and their *elders* to say Amen.—*Hooker, Ecclesiastical Polity.*

2. Individuals who lived at an earlier period; forerunners in point of time: (as the Englishmen of the *time* of *Elizabeth* as compared with those of the *present reign*). Ancestor, in most cases, conveys the notion of *lineage* as well, which this word does not. See Foreelder.

Says the goose, If it will be no better, e'en carry your head as your *elders* have done before you.—*Sir R. L'Estrange.*

I lose my patience, and I own it too,
Where works are censur'd, not as bad, but new;
While, if our *elders* break all reason's laws,
Those fools demand, not pardon, but applause.
Pope.

3. One whose age gives him a claim to credit and reverence.

Rebuke not an *elder*, but intreat him as a father, and the younger men as brethren.—1 *Timothy*, v. 1.

The blushing youth their virtuous awe disclose,
And from their seats the reverend *elders* rose.
G. Sandys.

4. Specially applied to certain magistrates, or office-bearers, under different constitutions, particularly the ecclesiastical polity of Scotland, where it translates Presbyter.

Flea-bitten synod, an assembly brew'd
Of clerks and *elders* ana; like the rude
Chaos of presbytery, where laymen ride
With the tame woolpack clergy by their side.
Cleaveland.

Ten of the principal members of the council of *elders* were appointed ambassadors.—*Arnold, History of Rome*, ch. xlii.

[Connected with this sense is the power of the A.S. *ealdorman*, which in Todd's edition is entered twice, (1) as *ealderman*, (2) as *ealdorman.*

'The king, archbishop, eorles, bishops, *ealdermen*, and other degrees, may suffice to prove them to be acts of parliament.' (Sadler, Rights of the Kingdom, p. 89.)

'Those *ealdormen* who were ranked with bishops in the Saxon laws, and in the old Latin translation called *aldermanne*, were such as had counties or other territories under their government, and had the same power and jurisdiction as the earls had afterwards. The word *ealdorman* signifies no more than elder, or senator; but it signified among the Saxons a duke, an earl, a nobleman, and petty viceroy, a consul.' (Shelton, Notes on Wotton's Abstract of Hickes's Thesaurus, p. 60.)

'Enjoining all his *ealdormen* and sheriffs immediately to apply themselves to learning, or to quit their office.' (Burke, Abridgement of English History, b. ii. ch. iv.)

The word, however, is Anglo-Saxon rather than English; the English term being Alderman, and the office which it indicates wholly different from what it was before not only the Norman, but the Danish, conquest. That it is to be found (the form in *-o-* being the true one) in modern writers is true; but so have many other words of like character—words which are not only dead as *names*, but which have nothing, as *objects*, to correspond with them.

'The dignity next in importance to the royal is that of the *ealdorman*, or duke. The proper Anglo-Saxon name for this officer, as ruler and leader of an army, is Heretoga . . . a word compounded of Here, an army, and Toga, a leader. . . . But, inasmuch as the ducal functions of the Anglo-Saxon polity were by no means confined to the service in the field, the peculiar title of Heretoga is very rarely met with, being for the most part replaced by *ealdorman*, or *alderman*, which denotes civil as well as military preeminence. . . . The word *ealdor*, or *alder*, in Anglo-Saxon, denotes princely dignity without any definition of function whatever. . . . It is derived from an adjective implying age, though practically this idea does not by any means survive in it, any more than it does in the word senior, the origin of the feudal term seigneur. . . . The new constitution, introduced by Cnut, reduced the *ealdorman* to a subordinate position; over several counties was now placed one eorl, or earl, in the northern sense a jarl, with power analogous to that of the Frankish dukes. The word *ealdorman* itself was used by the Danes to denote a class, gentle indeed, but very inferior to the princely officers who had previously borne the title. It is under Cnut . . . and the following Danish kings, that we gradually lose sight of the old *ealdormen*: the king rules by his earls, and his hús ceorlas and the *ealdormen* vanish from the counties. From this time the king's writs are directed to the earl, the bishop, and the sheriff of the county; but in no one of them does the title of the *ealdorman* any longer occur; whilst those sent to the towns are directed to the bishop and the portgeréfa, or prefect of the city. Gradually the old title ceases altogether, except in the cities, where it denotes an inferior judicature, much as it does among ourselves at the present day.' (Kemble, The Saxons in England, b. ii. ch. iv.)]

Elder. *s.* (often used *adjectivally*, especially with *tree* and *berry*, or as the *first element* in a *compound.*) [A.S. *eller.*] Name of certain native trees of the genus Sambucus, the common elder and the dwarf elder.

Look for thy reward
Among the nettles at the *elder* tree,
Which overshades the mouth of that same pit.
Shakespear, Titus Andronicus, ii. 4, letter.

Elderly. *adj.* Bordering upon, or showing signs of, old age.

I have a race of orderly *elderly* people of both sexes at command, who can bawl when I am deaf, and tread softly when I am giddy.—*Swift, Letter to Pope.*

Eldership. *s.* State, condition, or quality, of that which is an elder.

1. Seniority; primogeniture.

The world, while it had scarcity of people, underwent no other dominion than paternity and *eldership.—Sir W. Raleigh.*

That all should Alibech adore, 'tis true;
But some respect is to my birthright due:
My claim to her by *eldership* I prove.
Dryden, Indian Emperor.

Nor were the *eldership*
Of Artaxerxes worth our least of fears,
If Memnon's interest did not prop his cause. *Rowe.*

2. Presbytery; ecclesiastical senate; kirk-session.

That controversy sprang up between Beza and Erastus, about the matter of excommunications; whether there ought to be in all churches an *eldership*, having power to excommunicate, and a part of that *eldership* to be of necessity certain chosen out from amongst the laity.—*Hooker, Ecclesiastical Polity*, preface.

Eldest. *adj.*

1. Oldest: (as a *son* or *brother*).

We will establish our estate upon
Our *eldest*, Malcolm, whom we name hereafter
The prince of Cumberland.
Shakespear, Macbeth, i. 4.

The mother's and her *eldest* daughter's grace,
It seems, had brib'd him to prolong their space.
Dryden.

2. Simply oldest. *Rare.*

Their *eldest* historians are of suspected credit even amongst themselves.—*Bishop Stillingfleet, Origines Sacræ.* (Ord MS.)

Elecampáne. *s.* [Lat. ? inula, ? helenium, ? campanæ, ? Campaniæ. That the foregoing analysis is, in the main, a correct one, is shown by the following forms:—Fr. *l'inule aunée, aunée, l'inule campane*; Italian, *enula, enula campana, ella*; Spanish, *enula campana, alá.* In German, the *helen-* in *helen-ium* takes the addition of *-t*, giving *alant, alantwurz*; the Danish being *alan, alandsröd*, and, by a natural catachresis, *St. Ellen's röd.* Whether the *ele-* is the *-ula* in *in-ula*, or the *hele-* in *hele-nium*, is uncertain.] Plant of the genus Inula, especially the Inula Helenium, the root of which, from its stimulant, pungent, or aromatic flavour, is used as a medicine or condiment.

The Germans have a method of candying *elecampane* root like ginger, to which they prefer it, and call it German spice.—*Sir J. Hill, Materia Medica.*

In this [the bitter extractive] resides the tonic

property of *elecampane*.—*Pereira, Materia Medica*, p. 1554.

Eléct. *adj.* Elected.

1. Chosen; taken by preference from among others.

> You have here, lady,
> And of your choice, these reverend fathers,
> Yea, the *elect* of the land.
> *Shakespear, Henry VIII.*, ii. 4.

2. Chosen to, as opposed to actually invested with, an office: (*postpositive*).

> The bishop *elect* takes the oaths of supremacy, canonical obedience, and against simony: and then the dean of the arches reads and subscribes the sentences.—*Ayliffe, Parergon Juris Canonici.*

3. In *Theology*. Chosen as a follower of Christ, or member of the kingdom of heaven.

> A vicious liver, believing that Christ died for none but the *elect*, shall have attempts made upon him to reform and amend his life.—*Hammond.*
>
> Some I have chosen of peculiar grace,
> *Elect* above the rest; so is my will.
> *Milton, Paradise Lost*, iii. 183.

Eléct. *v. a.* [Lat. *electus*, pass. part. of *eligo* = choose, pick out, select.]

1. Choose for any office or use; take in preference to others.

> Henry his son is chosen king, though young;
> And Lewis of France, *elected* first, beguil'd. *Daniel.*
>
> Such as thou hast solemnly *elected*,
> With gifts and graces eminently adorn'd,
> To some great work. *Milton, Samson Agonistes*, 678.
>
> They have been, by the means that they *elected*, carried beyond the end that they designed.—*Boyle, Essay on Scripture.* (Ord MS.)
>
> I would not have Christians neglect the fountain for the streams, and unwisely, as well as unthankfully, *elect* to read God's word rather in any book than his own.—*Ibid.* p. 144. (Ord MS.)
>
> This prince, in gratitude to the people, by whose consent he was chosen, *elected* a hundred senators out of the commoners.—*Swift.*

2. In *Theology*. Select as an object of eternal mercy.

> Nor can they think, with the Sublapsarians, that reprobation is only God's passing by those whom he does not *elect*.—*Bishop Burnet, Exposition of the Thirty-nine Articles of the Church of England*, art. 17.

Eléctant. *s.* One who has the power of electing.

> You cannot go on further to entitle him a free *electant* too.—*Search, On Freewill, Foreknowledge, &c.* p. 55: 1763.

[Todd, after remarking that this is a word not likely to be used, adds that the same author has used *electancy*.]

Eléction. *s.* Choice.

1. Act of choosing or selecting one or more from a greater number for any use or office; choice.

> If the *election* of the minister should be committed to every several parish, do you think that they would choose the meetest?—*Archbishop Whitgift.*
>
> I was sorry to hear with what partiality, and popular heat, *elections* were carried in many places.—*Eikon Basilike.*
>
> Him, not thy *election*,
> But natural necessity, begot.
> *Milton, Paradise Lost*, x. 764.
>
> As charity is, nothing can more increase the lustre and beauty than a prudent *election* of objects, and a fit application of it to them.—*Bishop Sprat.*
>
> Since the late dissolution of the club, many persons put up for the next *election*.—*Addison, Spectator.*

2. Power of choice.

> For what is man without a moving mind,
> Which hath a judging wit, and choosing will?
> Now, if God's pow'r should her *election* bind,
> Her motions then would cease, and stand all still.
> *Sir J. Davies, Immortality of the Soul.*

3. Discernment; distinction; discrimination.

> The discovering of these colours cannot be done but out of a very universal knowledge of things; which so cleareth men's judgement and *election*, as it is the less apt to slide into errour.—*Bacon.*
>
> In favour, to use men with much difference and *election* is good: for it maketh those preferred more thankful, and the rest more officious.—*Id.*

4. In *Theology*. Predetermination of God by which some were selected for eternal life.

> The conceit about absolute *election* to eternal life, some enthusiasts entertaining, have been made remiss in the practice of virtue.—*Bishop Atterbury.*

Electioneéring. *s.* (often used *adjectivally*.) Practice of soliciting votes at the election of a member for parliament; any business connected with such election. Noted by Johnson as a *low* word.

> Farewell distress, and gloomy cares!
> A merrier theme my muse prepares:
> For lo! to save us, on a sudden,
> In shape of porter, beef, and pudding,
> Though late, *electioneering* comes!
> *Warton, Newsman's Verses*, 1768.
>
> While Montague suffered the mortification of finding that his empire over the city was less absolute than he had imagined, Wharton, notwithstanding his acknowledged preeminence in the art of *electioneering*, underwent a succession of defeats in boroughs and counties for which he had expected to name the members.—*Macaulay, History of England*, ch. xxiv.

Eléctive. *adj.*

1. Regulated or bestowed by election or choice.

> I will say positively and resolutely, that it is impossible an *elective* monarchy should be so free and absolute as an hereditary.—*Bacon.*
>
> The last change of their government, from *elective* to hereditary, has made it seem hitherto of less force, and unfitter for action abroad.—*Sir W. Temple.*
>
> If, indeed, we may place reliance on Matthew Paris, Archbishop Hubert on the occasion [the accession of John] declared in the most explicit terms that the crown was *elective*, giving to the blood royal no other preference than their merit might challenge.—*Hallam, View of the State of Europe during the Middle Ages*, pt. ii. ch. viii.

2. Exerting the power of choice.

> To talk of compelling a man to be good, is a contradiction; for where there is force, there can be no choice: whereas all moral goodness consisteth in the *elective* act of the understanding will.—*Grew, Cosmologia Sacra.*

3. Applied in *Chemistry* to substances incapable of choice, but which are not only able to enter into combination with one another, but have their power to do so regulated by what takes the appearance of preference.

> Sulphuric acid, in like manner, separates baryta from nitric acid. Combination and decomposition occur in each of these cases;—combination of sulphuric acid with ammonia, . . . of baryta with sulphuric acid. These are examples of what Bergmann calls single *elective* affinity—*elective*, because a substance manifests, as it were, a choice for one of two others, uniting with it by preference and to the exclusion of the other. Many of the decompositions that occur in chemistry are instances of single *elective* affinity.—*Turner, Elements of Chemistry*, p. 131.
>
> Nevertheless, in 1775, the Swedish chemist Bergman, pursuing still further this subject of chemical affinities, and the expression of them by means of tables, returned again to the old Newtonian term; and designated the disposition of a body to combine with one rather than another of two others as *elective* attraction. And as his work on *elective* attractions had great circulation and great influence, this phrase has obtained a footing by the side of affinity, and both one and the other are now in common use among chemists.—*Whewell, History of Scientific Ideas*, ii. 19.
>
> *Elective* affinity denotes the order of preference, so to speak, in which the several chemical substances choose to combine, or really, the gradation of attractive force infused by Almighty Wisdom among the different objects of nature, which determines perfect uniformity and identity in their compounds amidst indefinite variety of combination.—*Ure, Dictionary of Arts, Manufactures, and Mines.*

Eléctively. *adv.* In an elective manner; by choice; with preference of one to another.

> How or why that should have such an influence upon the spirits, as to drive them into those muscles *electively*, I am not subtile enough to discern.—*Ray, Wisdom of God manifested in the Works of the Creation.*
>
> They work not *electively*, or upon proposing to themselves an end of their operations.—*Grew.*

Eléctor. *s.* One who elects.

a. As the *member* of an ordinary *English constituency*.

> The inhabitants of Edinburgh complained . . . that the representation of this capital city . . . with upwards of one hundred thousand inhabitants, was returned by thirty-three *electors*.—*T. Erskine May, Constitutional History of England*, i. 298.

b. As a *prince* of the *old German empire*, who had a vote in the choice of an emperor; in German *Chürfurst* = choosing-prince.

> From the new world her silver and her gold
> Came, like a tempest, to confound the old;
> Feeding with these the brib'd *electors'* hopes,
> Alone she gave us emperours and popes. *Waller.*
>
> Heidelberg, just beginning to rise again from its ruins, was again sacked, the peaceable citizens butchered, their wives and daughters foully outraged. The very choirs of the churches were stained with blood: the pyxes and crucifixes were torn from the altars; the tombs of the ancient *electors* were broken open; the corpses, stripped of their cerecloths and ornaments, were dragged about the streets.—*Macaulay, History of England*, ch. xx.

Eléctoral. *adj.* Having the dignity, rank, or estate of an elector.

> Such are the subdivisions in favour of the *electoral* and other princes in the empire.—*Burke, Speech on Economical Reform.*

Electorálity. *s.* Territory of an elector. Electorate the *commoner* word.

> Not to trouble one another, or any thing to them belonging as *electoralities*, principalities, subjects, towns, villages.—*Treaty* in *Reliquiæ Wottonianæ*, dat. 1620, p. 533.

Eléctorate. *s.* See preceding entry.

> He has a great and powerful king for his son-in-law; and can himself command, when he pleases, the whole strength of an *electorate* in the empire.—*Addison, Freeholder.*

Eléctoress. *s.* Same as Electress.

> In the end of his [the elector of Brandenburg's] life, the *electoress* had gained great credit.—*Bishop Burnet, History of his own Time*, 1688.

Eléctorship. *s.* Rank or condition of an elector.

> Those princes *electors*, being joyned and bound into the emperour in a double confederation, as well for their *electorship* as in respect of the kingdome of Bohemia, could not otherwise do.—*Knolles, History of the Turks*, 1283 A. (Ord MS.)

Eléctress. *s.* Wife of a (prince) elector.

> The act of parliament settled the crown on the *electress* Sophia and her descendants, being protestants.—*Burke.*

Eléctric. *adj.* [Lat. *electrum*; Gr. ἤλεκτρον = amber, which, at an early date, was observed, when rubbed by dry silk, cloth, or the like, to have acquired the power of attracting light bodies.] Having properties identical with, or referable to, the same force as that developed by friction in amber, the class of phenomena thus reducible being those of that department of physics called electricity; belonging to, constituting, or produced by, Electricity.

> By *electrick* bodies do I conceive not such only as take up light bodies, in which number the ancients only placed jett and amber; but such as, conveniently placed, attract all bodies palpable.—*Sir T. Browne, Vulgar Errours.*
>
> If a piece of white paper, or a white cloth, or the end of one's finger, be held at about a quarter of an inch from the glass, the *electrick* vapour, excited by friction, will, by dashing against the white paper, cloth, or finger, be put into such an agitation as to emit light.—*Sir I. Newton, Opticks.*
>
> (For modern examples see the entries connected with this term in general.)

Eléctric. *s.* See extract.

> The non-conductors readily exhibiting their electricity by friction, are often called *electrics*, in opposition to the metals and other good conductors which are called non-*electrics*. The *electrics*, from their power of preventing the passage or transfer and escape of electricity, are also sometimes called insulators.—*Brande, Manual of Chemistry*, p. 150.

Eléctrical. *adj.* Same as Electric. In the second extract both terms are found in the same page.

> If that attraction were not rather *electrical* than magnetical, it was wondrous what Helmont delivereth concerning a glass, wherein the magistery of loadstone was prepared, which retained an attractive quality.—*Sir T. Browne, Vulgar Errours.*
>
> An *electric* current appears to have a magnetic action in a direction cutting its own at right angles: . . . this, when conducting an *electrical* current, is, to all intents and purposes, a magnet.—*Grove, The Correlation of Physical Forces.*

The form in *-ic* (*electric*), notwithstanding the frequency of the adverb in *-ically*, is likely to prevail. Over and above the analogies of *magnetic* and *galvanic*, which are far commoner than *magnetical* and *galvanical*, the familiar term *electric* (no one

says *electrical*) *telegraph* favours the shorter and more correct form.

Eléctrically. *adv.* In an electric or electrical manner.

If in the terse form of popular resolutions public virtue shall circulate its principles, the instruction the spirit will be *electrically* felt by every man.—*Cartwright, State of the Nation.* p. 160.

Inasmuch as *electrified* bodies are found to present themselves in two opposite or distinct states, it has been assumed that the *electric* fluid exists in all forms of matter; . . . that under ordinary circumstances it is in a state of equilibrium or quiescence; . . . that when this state is disturbed, so as to occasion either its redundance or deficiency, the bodies then become *electrically* excited; upon this view of the cause of electricity, which originated with Franklin, the opposite states have been termed positive and negative.—*Brande, Manual of Chemistry,* p. 145.

Electrician. *s.* Investigator of the phenomena of electricity; manipulator of electric instruments.

I cannot enter into this particular subject without first settling a dispute amongst *electricians.*—*Wilson,* in *Philosophical Transactions,* li. 309: 1759.

These contain more grand . . . views . . . than any found in the works of modern *electricians.*—*Whewell, History of Scientific Ideas,* b. v. ch. i. § 6.

Electrícity. *s.* Department in physics which deals with electric phenomena.

The mechanical theory of *electricity* invented by Dr. Franklin is believed by some philosophers not so well to explain the various phenomena of *electricity,* as may be accomplished by an hypothesis of the existence of two electrick fluids diffused together, and strongly attracting each other; one of them to be called vitreous, and the other resinous, *electricity.* The latter opinion I am inclined to espouse.—*Darwin, Phytologia,* p. 310.

The science of *electricity* is of modern origin. The knowledge of the ancients was confined to the fact that amber and lyncurium (supposed to be tourmaline) acquired the property of attracting light bodies. . . . Gilbert, of Colchester, detected the same property in a variety of other substances, and thereby laid the foundation of the science of *electricity.* . . . Symmer added the important fact that friction developes both kinds of *electricity* at the same time, an observation which led to the theory of the two *electric* fluids as now understood. These discoveries, added to the confirmation of Franklin's opinion as to the identity of the cause of lightning and *electricity,* fixed the attention of scientific men upon the new study, and soon acquired for it a high rank among the sciences.—*Turner, Elements of Chemistry,* p. 86.

Eléctrificátion. *s.* Act of electrifying.

Pumping at Bath is to be the next step; and, in case of necessity, even *electrification* is to be tried.—*Lord Chesterfield, Miscellanies,* iv. 123: ed. Maty, letter dated in 1752.

Eléctrified. *part. adj.* Rendered electric.

(For example see extract under Electrically.)

Eléctrify. *v. a.*

1. Render electric; communicate electricity.

The explosion of a cannon in St. James's park, is observed to *electrify* the glass of the windows of the Treasury.—*Stephen Hales, Considerations on the Causes of Earthquakes,* p. 22: 1750.

2. Used *metaphorically* (the application running through most of its congeners). Shock.

If the sovereign were now to immure a subject in defiance of the writ of habeas corpus, or to put a conspirator to the torture, the whole nation would be instantly *electrified* by the news. In the middle ages the state of society was widely different. Rarely and with great difficulty did the wrongs of individual . . . come to the knowledge of the public.—*Macaulay, History of England,* ch. i.

Eléctrizátion. *s.* Act of becoming, or of being rendered, electric.

When a substance, such as sulphuret of antimony, is electrified, at the instant of *electrization,* it becomes magnetic in directions at right angles to lines of *electric* force; at the same time it becomes heated to an extent greater or less according to the intensity of the *electric* force.—*Grove. The Correlation of Physical Forces.*

Eléctrize. *v. a.* Endue with electricity; invest with electric force.

An experiment which I published in 1845, tends, I think, to illustrate this, and in some degree to show the character of the motion impressed upon the molecules of a magnetic metal at the period of magnetization. A tube filled with the liquid in which the magnetic oxide of iron had been prepared, and terminated at each end by plates of glass, was surrounded by a coil of coated wire. To a spectator looking through this tube, a flash of light was perceptible whenever the coil was *electrized,* and less light was transmitted when the electrical current ceased, showing a symmetrical arrangement of the minute particles of magnetic oxide while under the magnetic influence. . . . To many, however, of the cases we have been considering, the term correlation may be applied in a more strict accordance with its original sense; thus, with regard to the forces of electricity and magnetism in a dynamic state, we cannot *electrize* a substance without magnetizing it—we cannot magnetize it without *electrizing* it. Each molecule, the instant it is affected by one of these forces, is affected by the other; but, in transverse directions, the forces are inseparable and mutually dependent—correlative, but not identical.—*Grove, The Correlation of Physical Forces.*

In the following extract the construction is doubtful; *electrize* meaning either 'render something electric,' or 'act as an electric body.'

He [Dr. Lister, in 1685] did not doubt that several things would *electrize.*—*History of the Royal Society,* iv. 395.

Eléctrode. *s.* [Gr. ὁδός = way; as the *o* is short, the *e* with which the new-made word under notice ends suggests a wrong pronunciation.] Direction of an electric current. See extract.

Both Davy, Grotthus, Riffault, and Chompré, ascribed electrical decomposition to the action of the poles. . . . Faraday . . . showed that the polarity must be considered as residing not only in what had till then been called the poles, but at every point of the circuit. He ascribed electro-chemical decomposition to internal forces, residing in the particles of the matter under decomposition, not to external forces, exerted by the poles. Hence he shortly afterwards proposed to reject the word poles altogether, and to employ instead the term *electrode,* meaning the doors or passages (of whatever surface formed) by which the decomposed elements pass out. What have been called the positive and negative poles he further termed the anode and cathode; and he introduced some other changes in nomenclature connected with these.—*Whewell, History of Scientific Ideas,* b. v. ch. i. § 6.

Electrólysis. *s.* [Gr. λύσις = resolution in the sense of breaking up, as in ana-*lysis.*] Analysis, or decomposition, effected by means of electricity.

The transmission of the voltaic current in liquids is viewed by Grotthus as a series of chemical affinities acting in a definite direction; for instance, in the *electrolysis* of water, i.e. its decomposition when placed between the poles or electrodes of a voltaic battery, a molecule of oxygen is supposed to be displaced by the exalted attraction of the neighbouring electrode; the hydrogen liberated by this displacement unites with the oxygen of the contiguous molecule of water; this, in turn, liberates its hydrogen, and so the current continues, being nothing else than this molecular transmission of chemical affinity.—*Grove, The Correlation of Physical Forces.*

Eléctrolyte. *s.* Substance capable of being analyzed, or decomposed, by electricity.

This may be extended to all liquids capable of being decomposed by the electric current, thence called *electrolytes.* . . . What the exact nature of the transference of chemical power across an *electrolyte* is, we at present know not, nor can we form any more definite idea of it than that given by the theory of Grotthus.—*Grove, The Correlation of Physical Forces.*

Eléctrolýtic. *adv.* Consisting in electrolysis.

Whenever sulphur is obtained by primary *electrolytic* action . . . it is evolved at the . . . positive pole.—*Brande, Manual of Chemistry,* p. 221.

Electrómeter. *s.* [Gr. μέτρον = measure.] Instrument for measuring the intensity of an electric current.

To commence, then, with electricity as an initiating force, we get motion directly produced by it in various forms; for instance, in the attraction and repulsion of bodies, evidenced by mobile *electrometers,* such as that of Cuthbertson, where large masses are acted on.—*Grove, The Correlation of Physical Forces.*

Lastly, motion may be again reproduced by the forces which have emanated from motion; thus, the divergence of the *electrometer,* the revolution of the electrical wheel, the deflection of the magnetic needle, are, when resulting from frictional electricity, palpable movements reproduced by the intermediate modes of force, which have themselves been originated by motion.—*Ibid.*

Electróphorus. *s.* [Gr. φέρω = bear.] Instrument for accumulating, or condensing, electric (electro-galvanic) force.

The *electrophorus* is another contrivance of Volta's which acts by induced electricity. It consists essentially of two parts; one being a flat cake of resin, . . . and the other a disk of brass . . . supplied with a glass handle, &c.—*Turner, Elements of Chemistry* p. 79.

Eléctroscope. *s.* [Gr. σκοπέω = see, spy, look out for, observe.] Instrument for ascertaining the existence, character, or degree (intensity) of electric force.

It is very important, in experiments in electricity, to possess easy methods of discovering when a substance is electrified, of ascertaining its intensity or the degree to which it is excited, and distinguishing the kind of excitement. The means for effecting these objects . . . and the instruments employed for the purpose are called *electroscopes* and electrometers; the latter denoting the intensity of the excitement, the former merely indicating excitement, and the electrical state by which it is produced. The term electrometer, however, is often indiscriminately applied to all such instruments, since the methods of ascertaining the kind of excitement give, at the same time, some idea of its intensity.—*Turner, Elements of Chemistry,* p. 80.

Electroscopes and electrometers are instruments by which changes in the electrical states of bodies are rendered evident, and their intensities measured.—*Brande, Manual of Chemistry,* p. 151.

If two such discs in close proximity be connected with a delicate *electroscope,* and then suddenly separated, the *electroscope* is affected, showing that the reciprocal radiation, from surface to surface, has produced electrical force.—*Grove, The Correlation of Physical Forces.*

Electroscópic. *adj.* Relating to the electroscope.

Several simple *electroscopic* methods have already been indicated.—*Turner, Elements of Chemistry,* p. 80.

Eléctrotype. *s.* (often used *adjectivally.*) Stamp obtained by the deposition of a film of metal upon a relief by electro-galvanism.

The metallic precipitations . . . as deposited upon the negative electrode, have been resorted to for the purpose of taking impressions or copies of seals, medals, copper-plates, &c., forming what has been termed *electrotypes*; and a new branch of art has thus arisen, which has been termed electro-metallurgy. . . . *Electrotype* processes have now, to a great extent, superseded the old methods of plating.—*Brande, Manual of Chemistry,* pp. 219-20.

Jacobi's Galvano-plastik, Smee's, and also Shaw's, electro-metallurgy, Walker's *electrotype* manipulation . . . present us the different names under which the art is known; and from whence it is gathered that metals may become, as it were, plastic under the agency of galvanic electricity, and may be worked and moulded into form.—*Ure, Dictionary of Arts, Manufactures, and Mines, Electro-metallurgy.* (Hunt's edition.)

Eléctrum. *s.* [see Electric.] Amber was but one of the meanings of this word. It also meant an alloy of gold and silver.

The ancient *electrum* had in it a fifth of silver to the gold, and made a compound metal, as fit for most cases as gold, and more resplendent, and more qualified in some other properties; but then that was easily separated.—*Bacon, Natural and Experimental History,* no. 798. (Ord MS.)

Eléctuary. *s.* [Johnson, after giving the Low Latin *electarium* as a derivation, by adding that it 'is now written *electuary,*' suggests the notion that he approved of the older term. Todd, after stating that the former word is found in Huloet, and that the old French has *electuaire,* adds that '*electary* has since been offered in the History of Medical Transactions, but has not been followed.' That *electuary* is the *commoner* word is beyond doubt. It is, however, in a fair way of being itself superseded by Confection.] Medicine made up, with sugar, to the consistence of honey.

Electuaries made up with honey or syrup, when the consistence is too thin, ferment; and when too thick, candy. By both which the ingredients will be altered or impaired.—*Quincy.*

We meet with divers *electuaries,* which have no ingredient, except sugar, common to any two of them.—*Boyle.*

The London Pharmacopœia refers those articles which were formerly called *electuaries* to confections.—*Hooper, Medical Dictionary,* in voce.

(See also extract under Confection, 3.)

Eleemósynary. *adj.* See Alms.

1. Given in charity, or as alms; constituting, consisting in, or having the nature of, alms.

He had done several *eleemosynary* cures amongst

them, for they are generally very poor.—*Bishop Sprat, History of the Royal Society*, p. 209.

2. Living upon alms; depending upon charity.

In the accounts of Maxtoke priory, near Coventry, in the year 1430, it appears that the *eleemosynary* boys, or choristers, of that monastery, acted a play.—*T. Warton, History of English Poetry*, ii. 390.

Eleemósynary. *s.* One who subsists upon alms or charity; object of charity. *Rare.*

Living as an *eleemosynary* upon a perpetual contribution from all and every part of the creation.—*South, Sermons*, iii. s. 1.

It is little better than an absurdity, that the cause should be an *eleemosynary* for its subsistence to its effects, as a nature posteriour to and dependent on itself.—*Glanville, Scepsis Scientifica.*

Elegance. *s.* Beauty characterized by grace, propriety, delicacy, and refinement.

On the last quality of style to be noticed—*elegance* or beauty—it is the less necessary to enlarge, both because the most appropriate and characteristic excellence of the class of compositions here treated of, is, that energy of which I have been speaking; and also, because many of the rules laid down under that head, are equally applicable with a view to *elegance*. The same choice, number, and arrangement of words, will, for the most part, conduce both to energy, and to beauty. The two qualities, however, are by no means undistinguishable: a metaphor, for instance, may be apt, and striking, and consequently conducive to energy of expression, even though the new image, introduced by it, have no intrinsic beauty, or be even unpleasant; in which case it would be at variance with *elegance*, or at least would not conduce to it. *Elegance* requires that all homely and coarse words and phrases should be avoided, even at the expense of circumlocution; though they may be the most apt and forcible that language can supply. And *elegance* implies a smooth and easy flow of words in respect of the sound of the sentences; though a more harsh and abrupt mode of expression may often be, at least, equally energetic. Accordingly, many are generally acknowledged to be forcible writers, to whom no one would give the credit of *elegance*; and many others, who are allowed to be elegant, are yet by no means reckoned among the vigorous and energetic. When the two excellences of style are at variance, the general rule to be observed by the orator is to prefer the energetic to the elegant. Sometimes, indeed, a plain, or even a somewhat homely expression, may have even a more energetic effect, from that very circumstance, than one of more studied refinement; since it may convey the idea of the speaker's being thoroughly in earnest, and anxious to convey his sentiments, where he uses an expression that can have no other recommendation; whereas a strikingly elegant expression may sometimes convey a suspicion that it was introduced for the sake of its *elegance*; which will greatly diminish the force of what is said. The appearance of a too uniform *elegance* or stateliness of style, is apt to cloy; like a piece of music without any discords.—*Whately, Elements of Rhetoric*, pt. iii. ch. iii. § 1, 2.

Elegancy. *s.*

1. Same as Elegance.

St. Augustine, out of a kind of *elegancy* in writing, makes some difference.—*Sir W. Raleigh, History of the World.*

These questions have more propriety, and *elegancy*, understood of the old world.—*Bishop Burnet.*

2. Anything that pleases by its elegance: (in this sense it is used in the *plural*).

The beauty, ornament, and *elegancies* of life.—*Jeremy Taylor, Artificial Handsomeness*, p. 85.

My compositions in gardening are altogether Pindarick, and run into the beautiful wildness of nature, without the nicer *elegancies* of art.—*Spectator.*

Elegant. *adj.* [Lat. *elegans*, *-antis*, whence *elegantia*; Fr. *élégant* and *élégance*.] Pleasing by the minuter beauties, or by the absence of faults, especially those of grossness or coarseness; having grace, propriety, delicacy, and refinement.

Eve, now I see thou art exact of taste,
And *elegant*, of sapience no small part;
Since to each meaning savour we apply,
And palate call judicious.
Milton, Paradise Lost, ix. 1018.

Trifles themselves are *elegant* in him. *Pope.*

There might'st thou find some *elegant* retreat,
Some hireling senator's deserted seat.
Johnson, London.

Polite with candour, *elegant* with ease. *Pope.*

Elegantly. *adv.* In an elegant manner.

They describe her in part finely and *elegantly*, and in part gravely and sententiously.—*Bacon.*

Now read with them those organick arts which enable men to discourse and write perspicuously, *elegantly*, and according to the fittest style of lofty, mean, or lowly.—*Milton, Tractate on Education.*

Elegíac. *adj.*

1. Having the character of the metre consisting of hexameters and pentameters alternately, as written by Mimnernus and other early Greek poets, and applied to poetry of a tender, plaintive, and even melancholy character: (as opposed to the *heroic* metre, consisting solely of hexameters, of Homer and the epic poets). [In English, the *stanza of four lines*, each line containing *five accents* and *ten syllables*, with *alternate rhymes*, is usually called elegiac; though, as suggested by the extract from Johnson, with doubtful propriety. Waller's Panegyric and Dryden's Annus Mirabilis are by no means elegiac; still less Davenant's romantic epic of Gondibert and Sir T. Davies's Immortality of the Soul. The form in which the lines are printed, which is that of the elegiacs of the classical writers, has, perhaps, as much to do with it as the subject.]

Another thing yet more considerable is conduct, and design, in whatever kind of poetry, whether the epick, the dramatick, the lyrick, the *elegiack*.—*Phillips, Theatrum Poetarum*, pref.

That Ovid among the Latin poets was Milton's favourite, appears not only from his *elegiack* but his hexametrick poetry.—*T. Warton, Milton's smaller Poems*, pref.

Why Hammond, or other writers, have thought the quatrain of ten syllables *elegiack*, it is difficult to tell.—*Johnson, Lives of the Poets, Hammond.*

Elegy speaks here her own proper native language, the unaffected plaintive language of the tender passions: the true *elegiack* dignity and simplicity are preserved and united, the one without pride, the other without meanness.—*Lord Chesterfield, Preface to Hammond's Elegies.*

2. Mournful; sorrowful.

Let *elegiack* lay the woe relate,
Soft as the breath of distant flutes. *Gay, Trivia.*

3. In *Prosody*, applied to Latin or Greek metres. Alternating in hexameters and pentameters.

I am . . . inclined to think that Jonston's Psalms, all of which are in *elegiac* metre, do not fall short of those of Buchanan either in elegance of style or correctness of Latinity.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, pt. iii. ch. v.

Elegíac. *s.* Elegiac verse.

His Latin *elegiacks* are pure.—*T. Warton, History of English Poetry.*

Elegíast. *s.* Writer of elegiacs.

The great fault of these *elegiasts* is, that they are in despair for griefs that give the sensible part of mankind very little pain.—*Goldsmith, Vicar of Wakefield.*

Elegiógrapher. *s.* [Gr. γράφω = write.] Writer of elegiacs. *Rare.*

Elegiographer, one who writes mournful songs.—*Cockeram.*

Elegist. *s.* Same as Elegiast: (conveniently limited to a *writer of elegies*).

Our *elegist*, and the chroniclers, impute the crime of withholding so pious a legacy to the advice of the king of France.—*T. Warton, History of English Poetry*, i. 108.

Elégit. *s.* [Lat.] In *Law*. Writ so called, giving an alternative to the person who applies for it.

It is generally known, a judgement being obtained or acknowledged for any debt since the statute of Westm. 2. 13 Ed. I. c. 18, one half of the debtor's land is to be delivered unto the creditor until the obligation is satisfied, under a writ called *Elegit*, and this writ has been ever since the ordinary assurance of the land, and the great foundation of general credit in the nation.—*Burke, Tracts on the Popery Laws.*

Elegy. *s.*

1. Poem of an elegiac character.

He hangs odes upon hawthorns, and *elegies* upon brambles, all forsooth deifying the name of Rosalind.—*Shakespear, As you like it*, iii. 2.

So on Meander's banks, when death is nigh,
The mournful swan sings her own *elegy*. *Dryden.*

A versification is desirable, which, by indulging a free and unconstrained expression, may admit of that simplicity, which *elegy* requires.—*Shenstone, Preface to his Elegies.*

Johnson has selected the *elegy* on Crashaw as the finest of Cowley's works.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, pt. iii. ch. v.

2. Latin poem in alternate hexameters and pentameters.

Holland stood at the head of Europe in this line of poetry [Latin versification]. Grotius has had the reputation of writing with spirit, elegance, and imagination. But he is excelled by Heinsius, whose *elegies* still more than his hexameters may be ranked high in modern Latin.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, pt. iii. ch. v.

Element. *s.* [Lat. *elementum*.]

1. First or constituent principle of anything.

If nature should intermit her course, those principal and mother *elements* of the world, whereof all things in this lower world are made, should lose the qualities which now they have.—*Hooker, Ecclesiastical Polity.*

A man may rationally retain doubts concerning the number of those ingredients of bodies, which some call *elements*, and others principles.—*Boyle.*

The ancients considered fire, air, water, and earth, as simple substances, essential to the constitution of all terrestrial beings. This hypothesis, evidently incompatible with modern chemical discovery, may be supposed to correspond, however, to the four states in which matter seems to exist; namely, 1. the unconfinable powers or fluids—caloric, light, electricity; 2. ponderable gases, or elastic fluids; 3. liquids; 4. solids. The three *elements* of the alchemists—salt, earth, mercury—were, in their sense of the word, mere phantasms. In modern science the term *element* signifies merely a substance which has not yet been resolved by analysis into any simpler form of matter, and it is therefore synonymous with undecompounded.—*Ure, Dictionary of Arts, Manufactures, and Mines.*

2. The four elements usually so called are Earth, Fire, and Air, Water, of which our world is composed: (when used alone, element commonly means the *air*: the pure or simple element being *water*, as opposed to fermented or distilled liquors).

The king is but a man: the violet smells to him as it doth to me; and the *element* shews to him as it doth to me.—*Shakespear, Henry V.* iv. 1.

My dearest sister, fare thee well;
The *elements* be kind to thee.
Id., Antony and Cleopatra, iii. 2.

The king
Contending with the fretful *elements*,
Bids the wind blow the earth into the sea,
Or swell the curled waters. *Id., King Lear*, iii. 1.

The heavens and the earth will pass away, and the *elements* melt with fervent heat.—2 *Peter*, iii. 10.

Here be four of you were able to make a good world; for you are as differing as the four *elements*.—*Bacon.*

He from his flaming ship his children sent,
To perish in a milder *element*. *Waller.*

We are informed by Cassian, that the common measure (of their food) in twenty-four hours, was about twelve ounces, with mere *element* for drink. He shows the great benefit of a low diet, living altogether on vegetable food and pure *element*.—*Cheyne, Essay on Health and long Life*, p. 30-32. (Ord MS.)

3. Proper habitation or sphere of anything: (as water of fish; whence, '*out of one's element*,' applied to persons dealing with unfamiliar matters).

We are simple men; we do not know she works by charms, by spells, and such daubry as is beyond our *element*.—*Shakespear, Merry Wives of Windsor*, iv. 2.

Our torments may, in length of time,
Become our *elements*.
Milton, Paradise Lost, ii. 274.

4. Ingredient; constituent part.

Who set the body and the limbs
Of this great sport together, as you guess?—
One sure that promises no *element*
In such a business. *Shakespear, Henry VIII.* i. 1.

5. First rudiments of literature or science.

With religion it fareth as with other sciences; the first delivery of the *elements* thereof must, for like consideration, be framed according to the weak and slender capacity of young beginners.—*Hooker, Ecclesiastical Polity.*

Every parish should keep a petty schoolmaster, which should bring up children in the first *elements* of letters.—*Spenser, View of the State of Ireland.*

We, when we were children, were in bondage under the *elements* of the world.—*Galatians*, iv. 3.

There is nothing more pernicious to a youth, in the *elements* of painting, than an ignorant master.—*Dryden.*

Crushed was Napoleon by the northern Thor,
Who knock'd his army down with icy hammer,
Stopp'd by the *elements*, like a whaler, or
A blundering novice in his new French grammar.
Byron, Beppo, 61.

When Brummell was obliged to retire to France, he knew no French, and having obtained a grammar for the purpose of study, our friend Scrope Davies was asked what progress Brummell had

made in French; he responded, that Brummell had been stopped, like Buonaparte in Russia, by the *elements*. I have put this pun into Beppo, which is 'a fair exchange and no robbery;' for Scrope made his fortune at several dinners (as he owned himself) by repeating occasionally, as his own, some of the buffooneries with which I had encountered him in the morning.—*Byron, Diary*, 1821.

Another form of Ignoratio Elenchi, which is also rather the more serviceable on the side of the respondent, is, to prove or disprove some part of that which is required, and dwell on that, suppressing all the rest. Thus, if a university is charged with cultivating only the mere *elements* of mathematics, and in reply a list of the books studied there is produced, should even any one of those books be not elementary, the charge is in fairness refuted; but the sophist may then earnestly contend that some of those books are elementary; and thus keep out of sight the real question, viz. whether they are all so.—*Whately, Logic.*

[Alphabet is the name given to the series of letters used in different countries at different times. The term is borrowed from the Greek language, in which Alpha, Beta, are the first two letters; or if we go a step farther back, we should derive the word from the Hebrew, which gives to the corresponding letters the names Aleph, Beth. Thus the formation of the word is precisely analogous to that of our familiar expression, the A, B, C; and some writers have found a similar origin for the Latin name given to the letters, viz. *elementa*, which, it must be allowed, bears an extraordinary similarity in sound to the three liquids, l, m, n; but to make this derivation satisfactory, it should be proved that these letters were at one time the leaders of the alphabet, for otherwise it would be difficult to account for the selection of a name from them in preference to the rest.—*Key, The Alphabet.*]

6. In *Theology*. Bread and wine of the Eucharist.

Élement. *v. a.*

1. Compound of elements.

Fond creature! thou art *elemented* and organed for other apprehensions, for a lower commerce of perception: such immediate displays of divinity infinitely transcend the analogy of thy order, and the immoderate glory of such a revelation would but absorb thy soul.—*Mannyngham, Discourses*, p. 89: 1681.

2. Constitute; make as a first principle.

Dull sublunary lover's love,
Whose soul is sense, cannot admit
Absence, because it doth remove
Those things which *elemented* it.
Donne, Poems, p. 41.

His very soul was *elemented* of nothing but sadness.—*I. Walton, Life of Donne.*

Eleméntal. *adj.*

1. Produced by some of the four elements.

God made
The firmament, expanse of liquid, pure,
Transparent, *elemental* air.
Milton, Paradise Lost, vii. 263.

If dusky spots are vary'd on his brow,
And streak'd with red, a troubled colour show;
That sullen mixture shall at once declare
Winds, rain, and storms, and *elemental* war.
Dryden, Virgil's Georgics.

The heavens, and the simple or *elemental* bodies, as the earth, the water, and the air.—*Bishop Pearson, Exposition of the Creed*, art. i.

Soft yielding minds to water glide away,
And sip, with nymphs, their *elemental* tea. *Pope.*

2. Arising from first principles.

Leeches are by some accounted poison not properly, that is, by temperamental contrariety, occult form, or so much as *elemental* repugnancy; but inwardly taken, they fasten upon the veins, and occasion an effusion of blood.—*Sir T. Browne.*

3. Rude; elementary.

The druids are said to be very expert in astronomy, in geography, and in all parts of mathematical knowledge. And authors speak, in a very exaggerated strain, of their excellence in these, and in many other sciences. Some *elemental* knowledge, I suppose, they had; but I can scarcely be persuaded that their learning was either deep or extensive.—*Burke, Abridgement of English History*, i. 2.

Elementálity. *s.* Composition; combination of ingredients.

By this I hope the *elementality* (that is, the universality) of detraction, or disparagement, (or what else you will call this 'mal dire'), is out of dispute. —*Whitlock, Observations on the present Manners of the English*, p. 456: 1654.

Eleméntally. *adv.* In an elemental manner; after the manner of an element.

Those words taken circumscriptly, without regard to any precedent law of Moses, are as much against plain equity and the mercy of religion, as those words of 'Take eat, this is my body,' *elementally* understood, are against nature and sense.—*Christian Religion's Appeal to the Bar of Reason*, ch. xv. (Ord MS.)

Elementárity. *s.* Simplicity of nature; absence of composition; being uncompounded.

A very large class of creatures in the earth, far above the condition of *elementarity*.—*Sir T. Browne, Vulgar Errours.*

Eleméntary. *adj.*

1. Uncompounded; having only one principle or constituent part.

All rain water contains in it a copious sediment of terrestrial matter, and is not a simple *elementary* water.—*Ray.*

The *elementary* salts of animals are not the same as they appear by distillation.—*Arbuthnot, On the Nature and Choice of Aliments.*

2. Initial; rude.

Your courtier *elementary* is one but newly entered, or as it were in the alphabet.—*B. Jonson, Cynthia's Revels.*

It is probable, that before the time of Aristotle there were *elementary* treatises of geometry, which are now lost.—*Reid, Inquiry into the human Mind.*

3. Of, or belonging to, the elements.

The harmony of heaven and the elements was put out of tune, in the *elementary* part of the world, by the sin of man.—*Harmar, Translation of Beza's Sermons*, p. 257: 1587.

Some luminous and fiery impressions in the *elementary* region.—*J. Spencer, Discourse concerning Prodigies*, p. 33.

Élemented. *part. adj.* Consisting of elements.

Whether any one such body be met with, in those said to be *elemented* bodies, I now question.—*Boyle.*

Elémi. *s.* See extracts.

This drug is improperly called gum *elemi*, being a resin. The genuine *elemi* is brought from Æthiopia in flattish masses, or in cylinders, of a yellowish colour. It is very rare in Europe, and supposed to be produced by a tree of the olive kind. The spurious or American *elemi*, almost the only kind known, is of a whitish colour, with a greater or less greenish or yellowish tinge. It proceeds from a tall tree, which the Brazilians wound, and collect the resin.—*Sir J. Hill, Materia Medica.*

Elemi is a resin which exudes from incisions made during dry weather through the bark of the Amyris elemifera, a tree which grows in South America and Brazil. It comes to us in yellow, tender, transparent lumps, which readily soften by the heat of the hand. They have a strong aromatic odour, a hot spicy taste, and contain 12½ per cent. of ethereous oil. The crystalline resin of *elemi* has been called elemine. It is used in making lacquer, to give toughness to the varnish.—*Ure, Dictionary of Arts, Manufactures, and Mines.*

Elénch. *s.* [Gr. ἔλεγχος = proof.] Argument; sophism. *Obsolete.*

The first delusion Satan put upon Eve, and his whole tentation might be the same *elench* continued, as when he said, Ye shall not die; that was, in his equivocation, you shall not incur present death.—*Sir T. Browne, Vulgar Errours.*

Of these sophisms and *elenchs* of merchandize I skill not.—*Milton, Areopagitica.*

All your *elenchs* in logick come within the compass of juggling.—*Selden, Table-Talk.*

Discover the fallacies of our common adversary, that old sophister, who puts the most abusive *elenchs* on us.—*Dr. H. More, Decay of Christian Piety.*

Elénchize. *v. n.* Dispute. *Obsolete.*

Hear him problematize.—Bless us, what's that?—Or syllogize, *elenchize*.—*B. Jonson, New Inn.*

Elénchtic. *adj.* Serving to confute.

It may be proper in this place to remark, that 'indirect reasoning' is sometimes confounded with 'refutation,' or supposed to be peculiarly connected with it; which is not the case; either direct or indirect reasoning being employed indifferently for refutation, as well as for any other purpose. The application of the term '*elenctic*,' (from ἐλέγχειν, to refute or disprove,) to indirect arguments, has probably contributed to this confusion.—*Whately, Elements of Rhetoric*, pt. i. ch. iii. § 7.

Elénchtical. *adj.* Same as Elenchtic.

Doctrinal application ... is of two kinds; didactical, *elenchtical*.... *Elenchtical*, πρὸς ἔλεγχον, in some controverted point, which is usually called an use of confutation, for the refuting of such erroneous positions as do subvert the truth.—*Bishop Wilkins, Ecclesiastes, or Gift of Preaching*, § 2.

Élephant. *s.* [Lat. *elephas, -antis.*]

1. Large quadruped so called.

The *elephant* hath joints, but not for courtesy;
His legs are for necessity, not flexure.
Shakespear, Troilus and Cressida, ii. 2.

2. Ivory; teeth of elephants. *Obsolete.*

High o'er the gate, in *elephant* and gold,
The crowd shall Cæsar's Indian war behold.
Dryden, Virgil's Georgics.

Elephantíasis. *s.* Species of leprosy, so called from covering the skin with incrustations like those on the hide of an elephant.

He differed in the temper of his body, being inclined to the leprosy called *elephantiasis*, noisome to the patient, but not infectious to the company.—*Fuller, History of the Holy War*, p. 94.

Although this disease was first described by Rhazes, it has been very generally confounded in modern times with the *elephantiasis* of the Greeks from which it is quite distinct. Its resemblance even to the latter affection, does not sufficiently justify M. Alibert in arranging it under the same genus. It is seated most frequently in the lower extremities, but is also met with in the upper extremities, in the scrotum, the vulva, the breasts, and more rarely in other parts of the body. The countries in which it is most common are—Barbadoes, and all the West India Islands; various parts of South America; Egypt, and several parts of inter-tropical Africa; Ceylon, the neighbourhood of Cochin, on the coast of Malabar, and other parts of Hindostan; Japan, and some districts of China; the Polynesian Isles; and the provinces of Asturias and Castile, in Spain. Cases, however, occasionally occur in all the countries of Europe. According to Dr. Graves and Dr. Evanson, a variety of it is common in Ireland. I have seen one case in the Infirmary at Edinburgh; five in London, one of them very recently under the care of Mr. Morley, and several, many years ago, in Africa, and on the continent of Europe.—*Copland, Dictionary of Practical Medicine*, in voce.

Elephántine. *adj.* Pertaining or relating to, or having the character of, an elephant: (this may consist in the *size, awkwardness, coarseness*, or *hardness of skin* and consequent *insensibility* of the object compared, the figurative use being frequent).

It is hard for the most *elephantine* sinner (one of the greatest magnitude) so to trouble these waters, as not therein to discover the greatness of his own deformities.—*Bishop Stillingfleet, Origines Sacræ.* (Ord MS.)

But what insolent familiar durst have mated Thomas Coventry?—whose person was a quadrate, his step massy and *elephantine*, his face square as the lion's, his gait peremptory and path-keeping, indivertible from his way as a moving column, the scarecrow of his inferiors, the browbeater of equals and superiors, who made a solitude of children wherever he came, for they fled his insufferable presence, as they would have shunned an Elisha bear.—*Lamb, Essays of Elia, The Old Benchers of the Inner Temple.*

Élevate. *v. a.* [Lat. *elevatus*, pass. part. of *elevo*; *elevatio, -onis.*]

1. Raise up aloft.

O, the noble combat, that, 'twixt joy and sorrow, was fought in Paulina! She had one eye declined for the loss of her husband; another *elevated* that the oracle was fulfilled.—*Shakespear, Winter's Tale*, v. 2.

This subterranean heat or fire, which *elevates* the water out of the abyss.—*Woodward.*

2. Exalt; dignify.

A gentleman of the popular faction had been long declaiming against any kind of honours that tended to *elevate* a body of people into a distinct species from the rest of the nation.—*Shenstone.*

3. Raise with great conceptions.

In all that great extent, wherein the mind wanders, in those remote speculations it may seem to be *elevated* with, it stirs not beyond sense or reflection.—*Locke.*

Now rising fortune *elevates* his mind,
He shines unclouded, and adorns mankind.
Savage.

4. Elate with vicious pride.

To mischief swift, hope *elevates*, and joy
Brightens his crest. *Milton, Paradise Lost*, ix. 633.

5. Lessen by detraction.

When the judgements of learned men are alleged against you, what do they but either *elevate* their credit, or oppose unto them the judgements of others as learned?—*Hooker, Ecclesiastical Polity.*

Élevate. *adj.* Elevated.

On each side an imperial city stood,
With tow'rs and temples proudly *elevate*
On seven small hills.
Milton, Paradise Regained, iv. 34.

Elevátedness. *s.* Attribute suggested by Elevated; elevation: (this latter being the *commoner* term).

I had neither wife nor children, in whom mutu-

ally to reflect and see reflected the *elevatedness* and generosity of my station.—*Godwin, St. Leon.*

Elevátion. *s.*

1. Act of raising aloft.
   The disruption of the strata, the *elevation* of some, and depression of others, did not fall out by chance, but were directed by a discerning principle.—*Woodward.*
2. Exaltation; dignity.
   Angels, in their several degrees of *elevation* above us, may be endowed with more comprehensive faculties.—*Locke.*

a. Of the *mind.*
   We are therefore to love him with all possible application and *elevation* of spirit, with all the heart, soul, and mind.—*Norris.*

b. Of *style.*
   His style was an elegant perspicuity, rich of phrase, but seldom any bold metaphors; and so far from tumid, that it rather wanted a little *elevation.* —*Sir H. Wotton.*

3. Height of any heavenly body with respect to the horizon.
   Some latitudes have no canicular days, as those which have more than seventy-three degrees of northern *elevation,* as Nova Zembla.—*Sir T. Browne, Vulgar Errours.*

Eléven. *pr.* [see extract and the remarks thereon.] Cardinal number so called. In English notation 11; in Roman XI.

[*Eleven.*—Anglo-Saxon, *endleofan*; Gothic, *ainlif,* eleven; *tvalif, tvalib,* twelve. Lithuanic, *wenolika,* eleven, *dwilika,* twelve, from *wēnas,* one, *dwi,* two. The radical identity of the second element in the Gothic and Lithuanic forms has been generally admitted, in accordance with the analogy of the parallel roots *lip* and *lik*; in Greek, λειπειν, λιμπάνειν, to leave; Gothic, *laibos,* relics, *aflifnan,* to remain; and in Latin, *linquere, lictum,* to leave; Lithuanic, *likti,* to remain over. The sense required for this element is indicated in the Laplandish expressions for the same numerals, *akta lokke naln,* one upon ten, one in excess of ten, two in excess of ten, and so on. But the word for ten might easily be left unexpressed, as it actually is in Finnish, *yxi toista,* eleven, literally, one in the second [ten]. The ellipse is supplied in the expression for twelfth, *toinen toista kymmentä,* the second in the second ten. The Esthonian uses indifferently the elliptic or the complete expression, *üks teist,* or *üks teist kummen,* one in the second, or one in the second ten. Now Lithuanic *lykus* signifies surplus, remainder; *lēkas,* what remains over, odd, and the latter, in combination with the ordinals first, second, &c., is used to designate the numbers immediately following ten; *pirmas, antras,* &c., *lēkas,* the first, second, &c., excess above ten, i. e. eleven, twelve, and so on. The radical identity of forms like these with the cardinal series, *wenolika, dwilika,* &c., on the one hand, and on the other with the verbal forms *lēkmi, likti,* to remain over, *palikti,* to leave behind, cannot be doubted; and having thus traced the meaning of the Lithuanic termination *lika* to the idea of surplus expressed by the root of *linquere,* we have strong analogy for a similar explanation of the termination in Gothic *ainlib, ainlif,* and English *eleven,* from the root of Greek λειπειν, and English *leave.*—*Wedgwood, Dictionary of English Etymology.*

The editor holds the doctrine conveyed in the preceding extract; and, until lately, saving the recognition of the Lithuanic forms, it was the general one. Influential authorities, however, with these before them, have read the evidence differently; indeed have reversed it, holding that the *l* is neither more nor less than the *d* in *dec-em, δέκ-α,* &c., and that *wenolika* and *dwilika,* instead of being exceptions to formulæ *thir-teen, four-teen,* &c., are 3 + 10, 4 + 10, and so on, and simply 1 + 10, and 2 + 10, on the same principle as the rest.]

Eléventh. *adj.* Ordinal of Eleven.

Eléventhly. *adv.* In the eleventh place.

Elf. *s.* pl. *elves.* [A.S. *ælf.* In composition, *munt-ælfen* = mountain elves; *wuduælfen* = wood elves; *sæ-ælfen* = water elves.] Spirit, in the mythological sense of the term, generally either undersized or mischievous, or both: (hence, as in the extracts from Dryden and Swift, the word is nearly synonymous with *devil,* and in that from Shenstone to *dwarf.* Perhaps the term is oftener applied to males than females, and to solitary rather than social spirits. Still, an exact definition, stating how an *elf* differed from a *fairy* on the one side, and from a *goblin* on the other, not to mention *dwarfs* and *fiends,* is impracticable).

Through this house give glimmering light,
By the dead and drowsy fire;
Every *elf,* and fairy sprite,
Hop as light as bird from briar.
Shakespear, Midsummer-Night's Dream, v. 2.

Fairy *elves,*
Whose midnight revels by some forest side,
Or fountain, some belated peasant sees,
Or dreams he sees. *Milton, Paradise Lost,* i. 781.

That we may angels seem, we paint them *elves*;
And are but satires to set up ourselves. *Dryden.*

However it was civil, an angel or *elf*;
For he ne'er could have fill'd it so well of himself.
Swift.

Though now he crawl along the ground so low,
Nor weeting how the muse should soar on high,
Wisheth, poor starv'ling *elf,* his paper-kite may fly.
Shenstone.

Shakspeare distinguishes them; 'Ye *elves* of hills, brooks, standing lakes, and groves, &c.' (Tempest.) Fletcher, in the Faithful Shepherdess, distinguishes between the *elf* and the fairy, though he places both among 'the powers that haunt the grove;' as, the 'goblin, wood-god, fairy, *elf,* or fiend.' The general opinion of *elves* was, that they were a kind of diminutive demons, called also duergar or dwarfs. Shakspeare calls them demy-puppets. Hence the word has passed into our language for dwarfs in general. —*Todd.*

Elf. *v. a.* [the ordinary derivation is from the substantive, the vulgar being said to believe that the hair of persons asleep is twisted and twined by fairies. Warburton connects this belief with the Plica Polonica. The verb from *elf* should end in *v,* as *half, halve, use, uze,* &c. In *dwarf* (*v*), however, we have the retention of the *-f* in both parts of speech.] Entangle hair in so intricate a manner that it cannot be unravelled.

My face I'll grime with filth,
Blanket my loins, *elf* all my hair in knots.
Shakespear, King Lear, ii. 3.

Élfin. *adj.* ? Belonging to fairyland.

Now when that idle dream was to him brought,
Unto that *elfin* knight he bade him fly,
Where he slept soundly. *Spenser, Faerie Queen.*

Élfin. *s.* Child: (perhaps as being *small* and *mischievous*).

She was just and friend to virtuous lore,
And pass'd much time in truly virtuous deed;
And in those *elfins'* ears would oft deplore
The times when truth by popish rage did bleed.
Shenstone, Schoolmistress, st. 15.

Élfish. *adj.* Relating or belonging to, connected with, or having the character of, an elf.

In Chaucer's Tale of the Chanon Yeman, chymistry is termed an *elfish* art, that is, taught or conducted by spirits. This is an Arabian idea.—*T. Warton, History of English Poetry,* i. 169.

[*Elvish* is entered in the previous editions as a concurrent form with *elfish,* with the remark by Johnson that the latter is the better form. Such is the case; the doctrine that the adjective in *-ish* can be derived from the plural as well as from the singular being invalidated by such formations as *dwarfish, selfish,* and the like; in all of which the singular ends in the sound of *f,* the plural in that of *v.* At the same time good reasons can be given for believing that the irregularity (so far as it is one), in respect to the number, is not exactly what it seems to be; it being probable that it is the plural which gives the original termination, and that it is the singular which has converted *v* into *f.* The fact of the Anglo-Saxon spelling being with *f* is not conclusive on this point; for it was probably sounded as *v,* so that, phonetically, the original singulars of *loaves, halves, calves, leaves,* &c., were *loav, halv, calv, leav,* &c. In the Swedish this power of *f* is beyond dispute, *staf* being sounded *stav.* Moreover, in the allied languages the final consonant is *b, weib* (wife), *laub, halb, halb,* &c. Here, however, the *b* is sounded as *p.* If this view be right, viz. that the spelling in *f* by no means represents the old pronunciation, examples in *v* (*elvish*), when taken from very old authors, may represent a regular formation from a singular *elv,* whilst those in *f* from very new ones represent one equally regular from *elf*; there being, in fact, two words, or at least two forms of the same word. When one ended and the other began it is difficult to ascertain. Chaucer's *elvish* craft and *elvish* lore, applied to chemistry, was, probably, as regular as the *elfish* of the present day. With Spenser and Shakespear, however, it is a matter of doubt how far they followed older precedents, and how far the sound coincided with the spelling. Warton quotes it as spelt with *f.*]

Here no night-ravens lodge, more black than pitch,
Nor *elvish* ghosts, nor ghastly owls do flee.
Spenser, Shepherd's Calendar, June.

Thou *elvish* markt, abortive, rioting hog!
The slave of nature, and the son of hell!
Shakespear, Richard III. i. 3.

No muse hath been so bold,
Or of the latter, or the old,
Those *elvish* secrets to unfold,
Which lie from others' reading. *Drayton.*

Elvelock is similarly entered.

From the like might proceed the fears of polling *elvelocks,* or complicated hairs of the head.—*Sir T. Browne, Vulgar Errours.*

Élflock. *s.* Twisted, matted, or intricately entangled hair. See remarks under Elfish.

This is that very Mab,
That plats the manes of horses in the night;
And bakes the *elf-locks* in foul sluttish hairs,
Which, once entangled, much misfortune bodes.
Shakespear, Romeo and Juliet, i. 4.

Elíciate. *v. a.* [? Lat. *allicio* = allure; *alliciate* (though a word equally barbarous) being, probably, what is meant.] ? Entice. *Rare.*

Who went clad in woman's apparell, the better to *eliciate,* countenance, act and colour their unnaturall execrable uncleannesse, which I abhorr to think of.—*Prynne, Histriomastix,* pt. i. act v. s. 6. (Rich.)

Elícit. *v. a.* [Lat. *elicitus,* pass. part. of *elicio* = strike out; *elicitatio, -onis* = striking out.] Strike out; fetch out by labour or art.

Although the same truths may be *elicited,* and explicated by the contemplation of animals, yet they are more clearly evidenced in the contemplation of man.—*Sir M. Hale, Origination of Mankind.*

Elícit. *adj.* Brought into act; brought from possibility to real existence. *Rare.*

It is the virtue of humility and obedience, and not the formal *elicit* act of meekness: meekness being ordinarily annexed to these virtues.—*Hammond.*

The schools dispute whether, in morals, the external action superadds any thing of good or evil to the internal *elicit* act of the will.—*South.*

Elícitate. *v. a.* Elicit; fetch out by labour or art. *Rare.*

Thus may a skilful man hid truth *elicitate.*
Dr. H. More, Song of the Soul, iii. 2, 41.

Elícitátion. *s.* Act by which anything is elicitated.

That *elicitation* which the schools intend, is a deducing of the power of the will into act: that drawing which they mention, is merely from the appetibility of the object.—*Bishop Bramhall.*

Elíde. *v. a.* [see Elision.]

1. Break in pieces; crush.
   We are to cut off that whereunto they, from whom these objections proceed, fly for defence, when the force and strength of the argument is *elided.*—*Hooker, Ecclesiastical Polity.*
2. Cut off a syllable by Elision.
   Mr. Wolf remarks the care with which the ancients, in apostrophized words, connected the consonant belonging to the *elided* syllable with that immediately following; whereas, among us, it is by well-informed readers often made to terminate the former syllable.—*British Critic,* Sept. 1796.

Éligíbílity. *s.* Worthiness to be chosen.

Sickness hath some degrees of *eligibility,* at least by an after-choice; because to all persons, who in sickness are within the possibilities and state of pardon, it becomes a great instrument of pardon for sin.—*Jeremy*

Taylor, Rule and Exercises of Holy Dying, § vi. ch. iii.

The business of the will is not to judge concerning the nature of things, but to choose them in consequence of the report made by the understanding, as to their *eligibility* or goodness.—*Fiddes, Sermons.*

Éligible. *adj.* [Lat. *eligibilis* = fit to choose or select.]

1. Capable of being, or fit to be, chosen.

A British ministry ought to be satisfied, if, allowing to every particular man that his private scheme is wisest, they can persuade him that, next to his own plan, that of the government is the most *eligible*.—*Addison, Freeholder.*

Did they really think, that going on with the war was more *eligible* for their country than the least abatement of those conditions?—*Swift.*

Certainty, in a deep distress, is more *eligible* than suspense.—*Richardson, Clarissa.*

2. Preferable.

Again, such propositions as the following, one may often hear, sophistically or negligently, confounded together: 'The Apostles held religious assemblies on the first day of the week,' with 'They transferred the Sabbath from the seventh day to the first:' 'A Jew, Mahometan, or Roman Catholic, is not the most *eligible* person to hold office in a Protestant-christian country,' with 'Such persons ought not to be legally *eligible*:' 'The Apostles established such and such a form of government in the churches they founded,' with 'They designed this form to be binding on all Christians as an ordinance for ever,' &c.—*Whately, Elements of Logic, Of Fallacies*, § 19.

Elíminate. *v. a.* [Lat. *eliminatus*, pass. part. of *elimino* = put beyond the threshold (*limen*).] Put out of doors; release from confinement; get rid of anything.

Loose me from earth's inclosure, from the sun's
Contracted circle set my heart at large;
Eliminate my spirit, give it range
Through provinces of thought yet unexplor'd;
Teach me by this stupendous scaffolding,
Creation's golden steps, to climb to thee.
Young, Night Thoughts, ix.

In the following lines, where 'thou' applies to a snail, the meaning seems to be '*cross* or *pass* the threshold.'

Lock'd up, thou'rt hood all o'er,
And ne'er *eliminat'st* thy door. *Lovelace.*

Eliminátion. *s.* Act of turning out of doors; banishing; getting rid of anything.

He [St. Peter] writes this [his first epistle] to his countrymen, the Jews; amongst whom, notwithstanding their dispersion, there were doubtless many rich owners, as there are still in many parts of the world, after all their disgraceful *eliminations*.—*Bishop Hall, Remains*, p. 201.

Eliquátion. *s.* [Lat. *eliquatio, -onis*; from root of *liquor* and *liquidus*.] See first extract. *Rare.*

[*Eliquation*,] in metallurgy, [is] a separation of the different parts of mixed bodies, by the different degrees of fire required to melt them.—*Chambers.*

This is done by the process named in metallurgy *eliquation*.—*Black*, iii. 260. (Ord MS.)

Elísion. *s.* [Lat. *elido* = strike out; pass. part. *elisus*; *elisio* = striking out.]

1. In *Grammar*. Act of cutting off: (as, '*can't th'* attempt,' in which there is an elision of two syllables).

You will observe the abbreviations and *elisions*, by which consonants of most obdurate sounds are joined together, without any softening vowel to intervene.—*Swift.*

2. Division, or separation, of parts in general.

The cause given of sound, that it would be an *elision* of the air, whereby, if they mean any thing, they mean a cutting or dividing, or else an attenuating of the air, is but a term of ignorance.—*Bacon, Natural and Experimental History.*

Elíte. *s.* [Fr.] See extract; also Pick, *s.*

A word, of military adoption, not wanted in our language; for the Flower of an army much better expresses, what *elite* pretends, the Selection or chosen part of it; 'the choice and Flower of all the troops,' as Denham writes. Yet *elite* is old, in the Scottish terms, for one elected to a bishoprick.—*Todd.*

Elixátion. *s.* [Lat. *elixatio, -onis* = boiling; *elixus* = boiled.] Boiling or stewing of anything.

Elixation is the seething of meat in the stomach, by the said natural heat, as meat is boiled in a pot; to which corruption, or putrefaction, is opposite.—*Burton, Anatomy of Melancholy*, p. 21.

Even to ourselves, and more perfect animals, water performs no substantial nutrition; serving for refrigeration, dilution of solid aliment, and its *elixation* in the stomach.—*Sir T. Browne.*

Elíxir. *s.* [Arabic.] Essence, or quintessence; liquor with which the alchemists attempted the transmutation of metals; strong tincture or spirit; cordial.

No chymist yet the *elixir* got,
But glorifies his pregnant pot,
If by the way to him befal
Some odoriferous thing, or medicinal. *Donne.*

What wonder then, if fields and regions here
Breathe forth *elixir* pure?
Milton, Paradise Lost, iii. 607.

In the soul, when the supreme faculties move regularly, the inferiour passions and affections following, there arises a serenity infinitely beyond the highest quintessence and *elixir* of worldly delight.—*South, Sermons.*

For when no healing art prevail'd,
When cordials and *elixirs* fail'd,
On your pale cheek he dropp'd the show'r,
Reviv'd you like a dying flow'r. *Waller.*

There was the manager of the opera . . . and a Neapolitan physician, in whom Lord Monmouth had great confidence, and who himself believed in the *Elixir* Vitæ, made up the party.—*Disraeli the younger, Coningsby*, b. vii. ch. vii.

Elixíviate. *v. a.* Lixiviate. *Rare.*

These ashes being carefully *elixiviated*, afforded five scruples of white fixed salt.—*Boyle*, vol. iv. p. 746. (Rich.)

Elixiviátion. *s.* Lixiviation. *Rare.*

And by examining these substances by fit and proper ways, as also the cap. mort. by calcination, *elixiviation* (if it will bear such a fire), vitrification. *Boyle*, vol. iv. p. 800. (Rich.)

Elk. *s.* [A.S. *ælc*.] Large animal akin to the stags and reindeers so called.

The *elk* is a large and stately animal of the stag kind. The neck is short and slender; the ears nine inches in length, and four in breadth. The colour of its coat in winter is greyish, in summer it is paler. The horns of the male *elk* are short and thick near the head, where it by degrees expands into a great breadth, with several prominences in its edges.—*Sir J. Hill.*

Elk. *s.* [Welsh, *alarch*; Cornish, *elerch*.] Name, perhaps provincial, of the Hooper, or whistling swan: (given by Yarrell in the synonymy, though not in the text; connected with, and probably the original form of, the Latin *olor*).

Ell. *s.* [A.S. *eln*.] Measure of length equaling forty-five inches, or a yard and a quarter.

They are said to make yearly forty thousand pieces of linen cloth, reckoning two hundred *ells* to the piece.—*Addison.*

Acquit thee bravely, play the man;
Look not on pleasures as they come, but go:
Defer not the last virtue; life's poor span
Make not an *ell* by trifling in thy woe.
G. Herbert.

Used for any actually or comparatively long measure, as in '*Give an inch and they'll take an ell*;' applied to persons who must not be given way to lest they encroach further.

Ell. *v. a.* Measure. *Rare.*

After that the cloth hath beene seene and approved, the sworne measurers do both *ell* it and marke it.—*Time's Storehouse*, p. 328. (Ord MS.)

Éllingness. *s.* Attribute suggested by Elling, a word entered in Todd's edition, but with no example later than Piers Plowman:

'Heavy-cheered I yede and *elenge* of herte.'

Ray, too, is quoted for its use in Sussex, and Grose for its use in Kent, where it means 'solitary, lonely, melancholy, far from a neighbour.' This, he thinks, connects it with the French *esloigner* and the Latin *elongatus*. 'Bullokar defines it strange.' The Anglo-Saxon *ælenge* and *ellende* are also quoted as meaning 'long, tedious.' Though the exact details of its use and origin in English are uncertain, it has nothing to do with *long*, but is the German *elendig* = miserable, pitiable.

This shall be to advertise you of the great *ellingness* that I find here since your departing.—*King Henry VIII. to Anna Boleyn, Letters* pub. 1714, p. 29.

Ellípse. *s.* See Ellipsis, 2.

This path . . . supplies us with further illustrations. For it is not an exact circle or *ellipse*; which it would be were the tangential and centripetal forces the only ones concerned. Adjacent members of the solar system . . . cause what we call perturbations; that is, slight divergences in various directions from that circle or *ellipse* which the two chief forces would produce.—*Herbert Spencer, The Direction of Motion*, § 87.

Ellípsis. *s.* [Gr. ἔλλειψις, from λείπω = leave, fail, fall short; with ἐλλειπτικός and ἐλλειπτικῶς as adjective and adverb.]

1. Figure of rhetoric, by which something is left out necessary to be supplied by the hearer or reader: (as, 'the thing I love,' for 'the thing *which* I love').

The words are delivered by way of *ellipsis*, Rom. iv. 18.—*Hammond.*

2. In *Geometry*. Oval figure generated from the section of a cone, by a plane cutting both sides of the cone (but not parallel to the base, which produces a circle) and meeting with the base when produced. (The plural *ellipses*, being common to this and the English form *ellipse*, makes certain combinations ambiguous. In the previous editions it is the Latin form which alone is entered. The common form now is *ellipse*.)

On the cylinder inclined, describe an *ellipsis* parallel to the horizon.—*Bishop Wilkins, Dædalus.*

Ellíptic. *adj.* Having the form of an ellipsis; oval.

Since the planets move in *elliptick* orbits, in one of whose foci the sun is, and by a radius from the sun describe equal areas in equal times, which no other law of a circulating fluid, but the harmonical circulation, can account for; we must find out a law for the paracentrical motion, that may make the orbits *elliptick*.—*Cheyne, Philosophical Principles.*

Ellíptical. *adj.*

1. Having the character of an ellipse.

In animals that gather food from the ground, the pupil is oval or *elliptical*; the greatest diameter going transversely from side to side.—*Cheyne, Philosophical Principles.*

2. Having the character of a (grammatical) ellipsis.

We may more rightly say, that ἐν ὑμῖν is an *elleiptical* expression instead of τοὺς ἐν ὑμῖν.—*Knatchbull, Annotations upon some difficult Texts in all the Books of the New Testament*, p. 174: 1693.

Ellíptically. *adv.* In an elliptical manner; according to the rhetorical figure.

'Looked upon as dull' [is] *elliptically* expressed to avoid the repetition of 'as.' The sentence, if drawn out at length, would be, 'looked upon as being as dull as.'—*Bishop Hurd, On Addison*, vi. 179.

Elm. *s.* Native forest and timber tree so called, of the genus Ulmus.

The species are, the common rough-leaved *elm*; the witch hazel, or broad-leaved *elm*, by some called the British *elm*; the smooth-leaved or witch *elm*. Neither of them were originally natives of this country; but they have propagated themselves by seeds and suckers in such plenty as hardly to be rooted out; especially in hedgerows, where there is harbour for their roots. They are very proper to place in hedgerows upon the borders of fields, where they will thrive better than when planted in a wood or close plantation, and their shade will not be very injurious to whatever grows under them; for they may be trained up in form of an hedge, keeping them cut every year, to the height of forty or fifty feet: but they should not be planted too near fruit-trees; because the roots of the *elm* will intermix with the roots of other trees, and deprive them of nourishment.—*Miller.*

Used *metaphorically*. Support: (being used in Italy to *support* the vine).

Thou art an *elm*, my husband; I a vine,
Whose weakness married to thy stronger state,
Makes me with thy strength to communicate.
Shakespear, Comedy of Errors, ii. 2.

Élmy. *adj.* Abounding with elm trees.

The simple spire, and *elmy* grange.
T. Warton, Odes, xi.

Elocátion. *s.* [Lat. *elocatio, -onis*; from *locus* = place.] *Rare.*

1. Removal from the usual place of residence.

When the child either by general permission, or former *elocation*, shall be out of the parent's disposing.—*Bishop Hall, Cases of Conscience.*

2. Departure from usual method; ecstasy.

In all poesy (if it be good and worthy) there must be not only an incitation, and commotion, but also an *elocation*, and emotion of the mind. The poet

must be 'extra se positus, et à mente alienatus.'—*Fotherby, Atheomastix*, p. 30.

Elocútion. *s.* [Lat. *elocutio, -onis*; from *locutus*, part. of *loquor* = speak.]

1. Utterance of speech; delivery; eloquence (so far as it depends upon the distinctness of *enunciation* and the appropriate modulation of the *voice*).

Whose taste, too long forborne, at first essay
Gave *elocution* to the mute, and taught
The tongue not made for speech to speak thy praise.
Milton, Paradise Lost, ix. 747.

Where the author is actually reading his own composition, he will be still more likely . . . to approach, *in* the delivery of *it*, to the *elocution* of a reader; . . . on the other hand, it is possible for him, even without actually deceiving the hearers into the belief that he is speaking extempore, to approach indefinitely near to that style. The difficulty however of doing this, to one who has the writing actually before him, is considerable. . . . This (as it may be called) extemporaneous style of *elocution*, is —in any case where it is not improper—much the more impressive. . . . Little, if any, attention has been bestowed *on* this point by the writers on *elocution*; the distinction above pointed out between reading and speaking, having seldom, or never, been precisely stated, and dwelt on. Several however have written elaborately on 'good reading,' or on *elocution*, generally; and it is not to be denied, that some ingenious and (in themselves) valuable remarks have been thrown out relative to such qualities in *elocution* as might be classed under the three heads I have laid down, of Perspicuity, Energy, and Elegance: but there is one principle running through all their precepts, which being, according to my views, radically erroneous, must (if those views be correct) vitiate every system founded on it. The principle I mean is, that in order to acquire the best style of delivery, it is requisite to fix the attention on the voice;—to study analytically the emphases, tones, pauses, degrees of loudness, &c., which give the proper effect to each passage that is well delivered—to frame rules founded on the observation of these—and then, in practice, deliberately and carefully to conform the utterance to these rules, so as to form a complete artificial system of *elocution*.—*Whately, Elements of Rhetoric*, pt. iv. ch. i. § 3, 4.

2. Eloquence (in the way of *diction*). *Of doubtful propriety.*

The third happiness of this poet's imagination is *elocution*, or the art of clothing or adorning that thought so found, and varied, in apt, significant, and sounding words.—*Dryden.*

As I have endeavoured to adorn it with noble thoughts, so much more to express those thoughts with *elocution*.—*Id.*

Élocutive. *adj.* Having the power of eloquent expression or diction.

Though preaching, in its *elocutive* part, be but the conception of man.—*Felltham, Resolves*, ii. 48.

Éloge. *s.* [Fr.] Funeral oration; panegyric on the dead.

I return you, sir, the two *eloges*, which I have perused with pleasure. I borrow that word from your language, because we have none in our own that exactly expresses it.—*Bishop Atterbury, Letter to Monsieur Thiriot, Epistolary Correspondence*, i. 179.

Élogist. *s.* One who pronounces an eloge.

[One] made the funeral sermon, who had been one of her professed suitors; and so she did not want a passionate *elogist*, as well as an excellent preacher.—*Sir H. Wotton, Reliquiæ Wottonianæ*, p. 366.

Elógium. *s.* Latin, and original, form of Elbge and Elogy.

God loves a reasonable service, and he has so tempered his commands, that every act of obedience we perform may be so qualified, and gain unto its votaries the *elogium* promised in the law of Moses: 'Surely this people is a wise and understanding people.'—*Dr. H. More, Decay of Christian Piety*, ch. v. (Ord MS.)

There are very common funeral orations and *elogiums* on deceased persons, who have acted among mankind with some figure and reputation.—*Addison, Spectator*, no. 217. (Ord MS.)

Élogy. *s.*

1. Same as Eloge, of which it is a more English form.

2. Eulogy (by *mistake* or *confusion*).

Buckingham lay under millions of maledictions, which at the prince's arrival did vanish into praises and *elogies*.—*Sir H. Wotton.*

If I durst say all I know of the *elogies* received concerning him, I should offend the modesty of our author.—*Boyle.*

Some excellent persons, above my approbation or *elogy*, have considered this subject.—*Holder, Elements of Speech.*

Eloígnate. *v. a.* Remove to a distance. *Rare.*

Nor is some vulgar Greek so far adulterated, and *eloignated* from the true Greek, as Italian is from the Latin.—*Howell, Instruction for Foreign Travel*, p. 149.

Eloígne. (in Spenser, Esloyne.) *v. a.* [Fr. *éloigner*.] Put at a distance; remove one far from another. *Rare.*

From worldly cares himself he did *esloyne*,
And greatly shunned manly exercise.
Spenser, Faerie Queen.

I'll tell thee now, dear love! what thou shalt do
To anger destiny, as she doth us;
How I shall stay though she *eloigne* me thus,
And how posterity shall know it too. *Donne.*

Eloígnment. *s.* Remoteness; distance. *Rare.*

He discovers an *eloignment* from vulgar phrases much becoming a person of quality.—*Shenstone.*

Elóng. *v. a.* Prolong. *Rare, barbarous.* See extract from Hallam, under Elamp.

Upon the roof the bird of sorrow sate,
Elonging joyful day with her sad note.
Giles Fletcher, Christ's Victory, ii. 24.

Elóngate. *v. a.* [Lat. *elongatus* = made long.] Lengthen; draw out; protract; stretch; put further off.

The first star of Aries, in the time of Meton the Athenian, was placed in the very intersection, which is now *elongated* and moved eastward twenty-eight degrees.—*Sir T. Browne, Vulgar Errours.*

Elóngate. *v. n.* Go off to a distance from anything. *Rare.*

About Cape Frio in Brasilia, the south point of the compass varieth twelve degrees unto the west; but *elongating* from the coast of Brasilia, towards the shore of Africa, it varieth eastward.—*Sir T. Browne, Vulgar Errours.*

Elongátion. *s.*

1. Act of stretching or lengthening itself.

To this motion of *elongation* of the fibres, is owing the union or conglutination of the parts of the body, when they are separated by a wound.—*Arbuthnot, On the Nature and Choice of Aliments.*

2. State of being stretched.

This whole universality of things, which we call the world, is indeed nothing else but a production, and *elongation*, and dilatation of the natural goodness of Almighty God.—*Fotherby, Atheomastix*, p. 297.

3. Distance; space at which one thing is distant from another.

The distant points in the celestial expanse appear to the eye in so small a degree of *elongation* from another, as bears no proportion to what is real.—*Glanville, Scepsis Scientifica.*

4. Departure; removal.

Our voluntary *elongation* of ourselves from God's presence, must needs be a fearful introduction to an everlasting distance from him.—*Bishop Hall, Remains*, p. 89.

Nor then had it been placed in a middle point, but that of descent, or *elongation*.—*Sir T. Browne, Vulgar Errours.*

5. In *Medicine.* Imperfect luxation, when the ligament of any joint is so extended or relaxed as to lengthen the limb, but yet not let the bone go quite out of its place.

Elongations are the effect of an humour soaking upon a ligament, thereby making it liable to be stretched, and to be thrust quite out upon every little force.—*Wiseman, Surgery.*

Elópe. *v. n.* [see Leap.] Run away; break loose; escape from law or restraint.

It is necessary to treat women as members of the body politick, since great numbers of them have *eloped* from their allegiance.—*Addison, Freeholder.*

What from the dame can Paris hope?
She may as well from him *elope*. *Prior.*

The fool whose wife *elopes* some thrice a quarter,
For matrimonial solace dies a martyr. *Pope.*

Elópement. *s.* Running away: (as that of a *wife* from a husband, or that of the *person* who carries her off; i.e. the two eloping with each other).

An *elopement* is the voluntary departure of a wife from her husband to live with an adulterer, and with whom she lives in breach of the matrimonial vow.—*Ayliffe, Parergon Juris Canonici.*

The negligent husband, trusting to the efficacy of his principle, was undone by his wife's *elopement* from him.—*Arbuthnot.*

Éloquence. *s.* [Lat. *eloquentia*, from *e* = out, and *loquor* = speak; part. *eloquens, -entis*.] Power of speaking with fluency and elegance; oratory.

Action is *eloquence*, and the eyes of th' ignorant
More learned than the ears.
Shakespear, Coriolanus, iii. 2.

Athens or free Rome, where *eloquence*
Flourish'd, since mute.
Milton, Paradise Lost, ix. 671.

Little force is necessary to push down heavy bodies placed on the verge of a declivity; but much force is requisite to stop them in their progress, and push them up. If a man should say, that because the first is more frequently effected than the last, it is the best trial of strength, and the only suitable use to which it can be applied, we should at le. not think him remarkable for distinctness ideas. Popularity alone, therefore, is no test of all of the *eloquence* of the speaker, no more than velocity alone would be, of the force of the external impulse originally given to the body moving. As in this the direction of the body, and other circumstances, must be taken into the account; so, in that, you must consider the tendency of the teaching, whether it favours or opposes the vices of the hearers. To head a sect, to infuse party-spirit, to make men arrogant, uncharitable, and malevolent, is the easiest task imaginable, and to which almost any blockhead is fully equal. But to produce the contrary effect, to subdue the spirit of faction (in religious matters), and that monster, spiritual pride, with which it is invariably accompanied, to inspire equity, moderation, and charity into men's sentiments and conduct with regard to others, is the genuine test of *eloquence*.—*Campbell, Rhetoric*, b. i. ch. x. sec. 5. p. 239.

There is but little *eloquence* in convincing men that they are in the right, or inducing them to approve a character which coincides with their own.—*Whately, Elements of Rhetoric*, pt. ii. ch. iii. § 1.

This is the perfection of judicial *eloquence*; not avoiding argument, but confining it to such reasoning as beseems him who has rather to explain the grounds of his own conviction, than to labour at convincing others; not rejecting reference to authority, but never betokening a disposition to seek shelter behind other men's names, for what he might fear to pronounce in his own person; not disdaining even ornaments, but those of the more chastened graces that accord with the severe standard of a judge's oratory. This perfection of judicial *eloquence* Sir William Grant attained, and its effect upon all listeners was as certain and as powerful as its merits were incontestable and exalted.—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Sir William Grant.*

Again, as to questions of style and *eloquence*, the judgment of the people, or at least of the persons to whom the composition is addressed, must be taken as the test of its answering the purpose for which it is intended: since, in the department of rhetoric, the object is to make an impression on the hearer or reader, and thus to influence his conviction or rouse his feelings. According to the maxim quoted by Lord Bacon: 'Loquendum ut vulgus, sentiendum ut sapientes.'—*Sir G. C. Lewis, On the Influence of Authority in Matters of Opinion*, ch. vi.

Éloquent. *adj.* Having the power of oratory; having the power of fluent and elegant speech.

The Lord of hosts doth take away the captain of fifty, and the honourable man, and the counsellor, and the cunning artificer, and the *eloquent* orator.—*Isaiah*, iii. 3.

O death! all *eloquent*, you only prove
What dust we dote on, when 'tis man we love.
Pope.

Éloquently. *adv.* In an eloquent manner; in elegant language, written or uttered with fluency.

An orator, by others' instruction perfectly furnished, may in every matter and learning, commend or dispraise or exhort or dissuade, accuse or defend *eloquently*, as occasion happeneth.—*Sir T. Elyot, The Governour*, fol. 41. b.

Else. *adv.* [A.S. *eiles*.] Otherwise; besides.

Be more abstemious,
Or *else*, good night your vow.
Shakespear, Tempest, iv. 1.

They are ready to attend.—
Sure, some great person,
They would not make this hurry *else*.
Beaumont and Fletcher, Custom of the Country.

He says, 'twas then with him, as now with you;
He did it when he had nothing *else* to do.
Sir J. Denham.

What ways are there whereby we should be assured, but either by an internal impression of the notion of a God upon our minds, or *else* by such external and visible effects as our reason tells us must be attributed to some cause?—*Archbishop Tillotson.*

Used *pronominally* as 'other.'

Should he or any *else* search, he will find evidence of the Divine Wisdom.—*Sir M. Hale, Origination of Mankind.*

Elsewhére. *adv.* In any other place.

As he proved that Pison was not Ganges, or Gehon, Nilus; so where to find them *elsewhere* he knew not.—*Sir W. Raleigh, History of the World.*

Whilst Philip lives and holds the city out,
Nor pestilence nor famine, fire nor sword,
Nor evil here nor good *elsewhere* divide us.
H. Taylor, Philip Van Artevelde, iv. 4.

Elúcidate. *v. a.* [Lat. *elucidatus*, pass. part. of *elucido* = make clear (*lucidus*), bring out into clearness; *elucidatio, -onis*.] Explain; clear; make plain.

To *elucidate* a little the matter, let us consider it. —*Boyle.*

Elucidátion. *s.* Explanation; exposition.

We shall, in order to the *elucidation* of this matter, subjoin the following experiment.—*Boyle.*

Elúcidator. *s.* One who elucidates, or makes clear; explainer; expositor; commentator.

Obscurity is brought over them by the course of ignorance and age, and yet more by their pedantical *elucidators*.—*Abbot.*

Eluctátion. *s.* [Lat. *eluctatio, -onis*; *luctatus*, part. of *luctor* = wrestle.] Working a way out of any difficulty, or through obstacles, as by wrestling; escape effected by a struggle.

There is nothing more acceptable unto the ingenious world than this noble *eluctation* of truth.—*Sir T. Browne, Christian Morals*, ii. 5.

By the power of our faith, which is the victory that overcomes the world, at last we do happily recover, and find ourselves freed by a comfortable and joyful *eluctation*.—*Bishop Hall, Remains*, p. 268.

Elúcubrátion. *s.* Lucubration. *Rare.*

I remember that Mons. Huygens, who used to prescribe for me the benefit of his little wax taper for night *elucubration*, preferable to all other candle or night light whatsoever.—*Evelyn, Memoirs, To Dr. Beale*, August, 1668. (Rich.)

Elúde. *v. a.* [Lat. *eludo* (*e* = out, *ludo* = play, sport) = escape, mock, make sport of; pass. part. *elusus*; *elusio, -onis*.]

1. Escape by stratagem; avoid any mischief or danger by artifice.

Several pernicious vices, notorious among us, escape or *elude* the punishment of any law yet invented.—*Swift.*

He who looks no higher for the motives of his conduct than the resentments of human justice, whenever he can presume himself cunning enough to *elude*, rich enough to bribe, or strong enough to resist it, will be under no restraint.—*Rogers.*

2. Mock by an unexpected escape.

Me gentle Delia beckons from the plain,
Then, hid in shades, *eludes* her eager swain;
But feigns a laugh to see me search around,
And by that laugh the willing fair is found. *Pope.*

Elúdible. *adj.* Capable of being eluded.

There is not any common place more insisted on by those who treat of our constitution than the happiness of trials by juries; yet if this blessed part of our law be *eludible* at pleasure by the force of power and artifice, we shall have little reason to boast of our advantage, in this particular, over other states or kingdoms in Europe.—*Swift, The Drapier's Letters*, let. 7.

Elúsion. *s.* Escape from enquiry or examination; fraud; artifice.

If our senses be dayly decyved in this matter, then is the sensible sacrament nothyng els but an *elusion* of our senses.—*Archbishop Cranmer, To Bishop Gardiner*, p. 307.

This place of our Apostle stands for us unshaken by any the impotent blasts of his frivolous *elusions*, and shall warrant us against earth and hell, that a bishop may be the husband of one wife.—*Bishop Hall, Honour of married Clergy*, p. 103.

An appendix, relating to the transmutation of metals, detects the impostures and *elusions* of those who have pretended to it.—*Woodward, Essay towards a Natural History of the Earth.*

Elúsive. *adj.* Practising elusion; using arts to escape; tending to deceive; fallacious.

Pleasures and enjoyments, which their religion convinced them were insubstantial, *elusive*, and transitory.—*Student*, ii. 364.

Elúsory. *adj.* Tending to elude; tending to deceive; fraudulent; deceitful; fallacious.

It may be feared they are but Parthian flights, ambuscade retreats, and *elusory* tergiversation.—*Sir T. Browne, Vulgar Errours.*

Elúte. *v. a.* [Lat. *elutus*, pass. part. of *eluo* = wash out.] Wash out. *Rare.*

The more oily any spirit is, the more pernicious; because it is harder to be *eluted* by the blood.—*Arbuthnot, On the Nature and Choice of Aliments.*

Elútriate. *v. a.* [Lat. *elutriatus*, pass. part. of *elutrio*.] In *Chemistry*. Decant; strain out.

The pressure of the air upon the lungs is much less than it has been computed by some; but still it is something, and the alteration of one tenth of its force upon the lungs must produce some difference in *elutriating* the blood as it passes through the lungs.—*Arbuthnot, On the Effects of Air on human Bodies.*

Elutriátion. *s.* Act of straining off; (in *Metallurgy*) separating of the lighter matters from the mixed ores of metals, by means of great quantities of fair water.

After all its transmutations, *elutriations*, and filtrations in the body.—*Account of Origen, Phenix*, i. 44: 1707.

When an insoluble pulverulent matter like whitening or ground flints, is diffused through a large body of water, and the mixture is allowed to settle for a little, the larger particles will subside. If the supernatant liquid be now carefully decanted or run off, with a syphon, it will contain an impalpable powder, which on repose will collect at the bottom, and may be taken out to dry. The process is called *elutriation*.—*Ure, Dictionary of Arts, Manufactures, and Mines.*

Élvelock and **Élvish.** See Elflock and Elfish.

Élver. *s.* See extracts (the *derivation* being, in the mind of the editor, only probable.)

Elvers [are] small eels caught in some parts of the kingdom, particularly about Gloucester and Tewkesbury. These are, in reality, young congers, or sea-eels. They get up into rivers while very small; and, as they precede the shads, it is conjectured that they supply them with food.—*Chambers.*

This passage of young eels is called eel-fare on the banks of the Thames, . . . and I have very little doubt that the term *elver*, in common use on the banks of the Severn for a young eel, is a modification or corruption of *eel-fare*.—*Yarrell, British Fishes.*

Elýsian. *adj.* Pertaining to Elysium; pleasant; deliciously soft and soothing; exceedingly delightful.

The river of life, through midst of heaven,
Rolls o'er *elysian* flowers her amber stream.
Milton, Paradise Lost, iii. 358.

Elýsium. *s.* [Lat.] Place assigned by the heathens to happy souls; any place exquisitely pleasant: (a *proper*, rather than a *common*, name; but often used, *figuratively*, for any delightful place).

To have thee with thy lips to stop my mouth,
So should'st thou either turn my flying soul,
Or I should breathe it so into thy body,
And then it liv'd in sweet *Elysium*.
Shakespear, Henry VI. Part II. iii. 2.

Em. *s.* Name of the thirteenth letter in the alphabet. See Element.

Em-. As a prefix in composition; from the French *en*, Latin *in*.

'Em. Contraction of *them*.

For he could coin and counterfeit
New words with little or no wit;
And when with hasty noise he spoke *'em*,
The ignorant for current took *'em*.
Butler, Hudibras.

Emáciate. *v. a.* [Lat. *emaciatus*, part. pass. of *emacio* = make lean (*macer*); *emaciatio* = making, or becoming, lean.] Waste; make thin or lean.

Emáciate. *v. n.* Lose flesh; pine; grow lean.

He *emaciated* and pined away in the too anxious enquiry of the sea's reciprocation, although not drowned therein.—*Sir T. Browne.*

Emáciate. *adj.* Emaciated.

The vivid vermeil fled his fady cheek,
And his big paunch, distended with the spoils
Of half his flock, *emaciate*, groan'd beneath
Superiour pride, and mightier lust of power.
Shenstone, Ruin'd Abbey.

Emáciated. *part. adj.* Wasted; made lean.

All dying of the consumption, die *emaciated* and lean.—*Graunt, Observations on the Bills of Mortality.*

Emáciating. *part. adj.* Causing thinness or leanness.

Men, after long *emaciating* diets, wax plump, fat, and almost new.—*Bacon.*

Emaciátion. *s.* Act of making lean; state of one grown lean.

Searchers cannot tell whether this *emaciation* or leanness were from a phthisis, or from an hectick fever.—*Graunt, Observations on the Bills of Mortality.*

Emáculate. *v. a.* [Lat. *maculatus*, pass. part. of *maculo* = stain, spot.] Free from stain, or (*figuratively*) any error or imperfection. *Rare.*

Lipsius, Savile, Pichena, and others have taken great pains with him [Tacitus], in *emaculating* the text, settling the reading, &c.—*Hales, Golden Remains*, p. 273.

Émanant. *adj.* [see last extract.] Issuing from something else.

The first act of the divine nature, relating to the world and his administration thereof, is an *emanant* act: the most wise counsel and purpose of Almighty God terminate in those two great transient or *emanant* acts or works, the work of creation and providence.—*Sir M. Hale, Origination of Mankind.*

Evidence brings a property *emanent* from the essence and being of knowledge.—*South, Sermons*, ix. 322.

South writes our word *emanent*, unless it be an errour of the press, which is not agreeable to its etymon *emano, emanas*, &c. *emanans*. In a modern periodical publication I have seen *émane* for *emanate*, to which, if it could be tolerated, South's *emanent*, supposing it not a corruption, might then be added.—*Johnson.*

Émanate. *v. n.* [Lat. *emanatus*, part. pass. of *emano* = flow out or out of; pres. part. *emanans, -antis*; *emanatio, -onis*.] Issue or flow from something else.

Beams that *emanate* perpetually from our bodies to them.—*Hales, Golden Remains* (*Letter dated* 1630), p. 290.

They have their residence in a city, whose constitution has *emanated*, neither from the charter of their king, nor from their legislative power.—*Burke.*

Emanátion, *s.*

1. Act of issuing or proceeding from any other substance.

Aristotle said, that it streamed by connatural result and *emanation* from God, the infinite and eternal mind, as the light issues from the sun.—*South, Sermons.*

2. That which issues from another substance; efflux; effluvium.

The experience of those profitable and excellent *emanations* from God, may be, and commonly are, the first motive of our love.—*Jeremy Taylor.*

Another way of attraction is delivered by a tenuous *emanation*, or continued effluvium, which, after some distance, retracteth into itself; as in syrups, oils, and viscosities, which spun, at length retire into their former dimensions.—*Sir T. Browne, Vulgar Errours.*

Such were the features of her heavenly face;
Her limbs were formed with such harmonious grace;
So faultless was the frame, as if the whole
Had been an *emanation* of the soul. *Dryden.*

The letters, every judge will see, were by no means efforts of the genius, but *emanations* of the heart.—*Pope.*

Each *emanation* of his fires
That beams on earth, each virtue he inspires,
Each art he prompts, each charm he can create:
Whate'er he gives, are giv'n for you to hate. *Id.*

[*Emanation* was considered as unusual in 1655, and is placed among others, then not familiar, at the end of 'Bagwell's Mystery of Astronomy.'—*Johnson.*]

Émanative. *adj.* Flowing out; effluent.

It is quite against their nature to subsist, but in the presence and under the actual influence of their cause; as being produced by an *emanative* causality, the effects whereof dye in the removal of their origin.—*Glanville.* (Rich.)

Emanátively. *adv.* In or after the manner of an emanation.

It is acknowledged by us, that no natural, imperfect, created being, can create, or *emanatively* produce, a new substance which was not before, and give it its whole being.—*Cudworth, Intellectual System.* (Ord MS.)

Emanátory. *adj.* Having the nature of an emanation.

Nor is there any incongruity that one substance should cause something else which we may in some sense call substance, though but secondary or *emanatory*.—*Dr. H. More, Immortality of the Soul*, i. 6. (Rich.)

Emáncipate. *v. a.* [Lat. *emancipatus*, pass. part. of *emancipo*.] Set free from servitude; restore to liberty.

Having received the probable inducements of truth we become *emancipated* from testimonial engagements.—*Sir T. Browne.*

By the twelve tables, only those were called unto the intestate succession of their parents that were in the parents' power, excluding all *emancipated* children.—*Ayliffe, Parergon Juris Canonici.*

Emancipátion. *s.* Act of setting free; de-

liverance from slavery; deliverance from disabilities.

Obstinacy in opinions holds the dogmatist in the chains of errour, without hope of *emancipation*.—*Glanville, Scepsis Scientifica.*

A certain freedom and activity of mind which immediately followed the national *emancipation* from superstition, contributed also to produce innumerable compositions in poetry.—*T. Warton, History of English Poetry*, iv. 1.

Emáncipator. *s.* One who emancipates; liberator.

Let us review and refute the sophisms of both; and first of the *emancipators*.—*The Merits of the Catholicks, &c.* p. 358.

Emárginate. *v. a.* [Lat. *margo, -inis* = margin.] Todd refers to Cockeram for its original sense as a term in *Surgery*, meaning to take the scurf from the edge of a wound; pare. At present it is chiefly known as—

Emárginate. *adj.* In *Botany.* Having a break in the outline of a margin in other respects regular.

Any of these [leaves] may be acuminate, where the point is drawn out; obtuse where it is rounded off; *emarginate* where it is notched; or mucronate where it is armed with a minute spine.—*Henfrey, Rudiments of Botany*, ch. ii. sect. 3.

Emásculate. *v. a.* [Lat. *mas* = masculine, q.v.]

1. Castrate; deprive of virility.

When it is found how many ewes, suppose twenty, one ram will serve, we may geld nineteen, or thereabouts; for if you *emasculate* but ten, you shall, by promiscuous copulation, hinder the increase.—*Graunt, Observations on the Bills of Mortality.*

2. Render effeminate; weaken; vitiate by unmanly softness.

From wars and from affairs of state abstain:
Women *emasculate* a monarch's reign. *Dryden.*

Dangerous principles impose upon our understandings, *emasculate* our spirits, and spoil our temper.—*Collier.*

Emásculate. *adj.* Unmanned; effeminate; vitiated.

The harassed, degenerous, *emasculate* slave is offended with a jubilee, a manumission; servitude is his sensuality; he will not go out free.—*Hammond, Works*, iv. 515.

Store enough of such *emasculate* theology as this! *Ibid.* iv. 571.

Emasculátion. *s.* Castration.

About the time that author came out purged, a reverend doctor had the book, and singularly commended it, as it stood now corrected and amended; for it had passed the stool of repentance, and I believe the *emasculations* were some Scotchman's.—*Gayton, Notes on Don Quixote.*

Embále. *v. a.* [Fr. *emballer.*] Make up into a bundle or bale; bind up; enclose.

Below her ham her weed did somewhat train,
And her straight legs most bravely were *embal'd*
In golden buskins of costly cordwain.
Spenser, Faerie Queen.

Embálm. *v. a.* [Fr. *embaumer*, from Lat. *balsamum.*—see Balm.]

1. Impregnate a body with aromatics and other preservatives, that it may resist putrefaction.

Embalm me,
Then lay me forth; although unqueen'd, yet like
A queen, and daughter to a king, inter me.
Shakespear, Henry VIII. iv. 2.

Used *metaphorically.*

I would shew future times
What you were, and teach them t' urge towards such:
Verse *embalms* virtue, and tombs or thrones of rhymes,
Preserve frail transitory fame as much
As spice doth bodies from corrupt air's touch.
Donne.

Muse! at that name thy sacred sorrows shed;
Those tears eternal that *embalm* the dead. *Pope.*

2. Treat with linimeuts. *Rare.*

He gave the soldiers comfortable words,
And oft *embalm'd* his well-received wound.
Drayton, Legend of Robert, 539. (Ord MS.)

3. Fill with sweet scent.

The buxom air *imbalm'd*
With odours. *Milton, Paradise Lost*, ii. 842.

Embálmer. *s.* One who practises the art of embalming.

The Romans were not so good *embalmers* as the Egyptians, so the body was utterly consumed.—*Bacon, Natural and Experimental History.*

Embálming. *verbal abs.* Art or practice of one who embalms.

When the *embalming* was finished, it was part of the funeral to bring the dead man to trial for what he had done when living, and thus to determine whether he was entitled to an honourable burial.—*Sharpe, History of Egypt*, ch. ix.

Embánk. *v. a.* Throw up a bank or a mole; confine by means of a bank.

He succeeded in *embanking* the greater part of the line on the right.—*Arnold, History of Rome.*

Embánkment. *s.* Raised bank.

At the mouths of the rivers the bars thus created generally follow the direction of the current, and the material deposited being dried and partially consolidated in the intervals between the tides, long *embankments* are gradually raised, behind which the rivers flow for considerable distances before entering the sea. Occasionally these *embouchures* become closed by the accumulations without, and the pent-up water assumes the appearance of a still canal, more or less broad, according to the level of the beach, and extending for miles along the coast, between the mainland and the new formations.—*Sir J. E. Tennent, Ceylon*, pt. i. ch. i.

Embár. *v. a.*

1. Shut; enclose. *Rare.*

Themselves for fear into his jaws to fall,
He forc'd to castle strong to take their flight:
Where fast *embarr'd* in mighty brazen wall,
He has them now four years besieged to make them thrall. *Spenser, Faerie Queen.*

In form of airy members fair *embarr'd*
His spirits pure were subject to our sight. *Fairfax.*

2. Stop; hinder by prohibition; block up.

Translating the mart unto Calais, he *embarred* all further trade for the future.—*Bacon, History of the Reign of Henry VII.*

If this commerce 'twixt heav'n and earth were not
Embarr'd, and all this traffick quite forgot,
She, for whose loss we have lamented thus,
Would work more fully and pow'rfully on us.
Donne.

Embarcátion. *s.* Act of putting or going on shipboard.

The French gentlemen were very solicitous for the *embarcation* of the army, and for the departure of the fleet.—*Lord Clarendon, History of the Grand Rebellion.*

Thus much may suffice as to the description and nature of these singular *embarcations*.—*Anson, Voyages*, b. iii. (Ord MS.)

Another *embarcation* of Jesuits was sent from Lisbon to Civita Vecchia.—*Smollett, History of England*, b. iii. ch. xiii. (Ord MS.)

Embárge. *v. a.* Put on board a barge. *Rare.*

As when the sov'reign we *embarged* see,
And by fair London for his pleasure rows.
Drayton, Legend of Robert, p. 579. (Ord MS.)

Embárgo. *s.* [Spanish.] Prohibition to pass; stop put to trade.

He knew that the subjects of Flanders drew so great commodity from the trade of England, as by *embargo* they would soon wax weary of Perkin.—*Bacon, History of the Reign of Henry VII.*

After an *embargo* of our trading ships in the river of Bourdeaux, and other points of sovereign affront, there did succeed the action of Rheez.—*Sir H. Wotton.*

I was not much concerned, in my own particular, for the *embargo* which was laid upon it.—*Dryden.*

Embárk. *v. a.* [Fr. *embarquer.*]

1. Put on shipboard.

The king had provided a good fleet, and had caused a body of three thousand foot to be *embarked* on those ships.—*Lord Clarendon, History of the Grand Rebellion.*

Straight to the ships Æneas took his way,
Embark'd his men, and skimm'd along the sea.
Dryden, Virgil's Æneid.

2. Engage another in any affair.

All the propositions he could make to Spain could not induce them to enter into such an alliance with him as might *embark* them against France.—*Lord Clarendon, Life*, iii. 956.

Embárk. *v. n.*

1. Go on shipboard.

I should with speed *embark*,
And with their embassy return to Greece.
A. Philips.

2. Used *metaphorically.* Engage in any affair.

He saw that he would be slow to *embark* in such an undertaking.—*Macaulay, History of England*, ch. x.

Embárkment. *s.* Embarcation.

He removed from his Cuman to his Pompeian villa, beyond Naples, which, not being so commodious for an *embarkment*, would help to lessen the suspicion of his intended flight.—*Middleton, Life of Cicero*, ii. 289. (Ord MS.)

Embárment. *s.* Bar or opposition. *Rare.*

Only her povertie was the maine *imbarment* of her marriage.—*Translation of Boccace*, p. 110: 1620.

Embárrass. *v. a.* [Fr. *embarrasser.*] Perplex; distress; entangle.

He well knew that this would *embarrass* me.—*Smollett, Expedition of Humphrey Clinker.*

Embárrassing. *part. adj.* Causing or consisting in embarrassment.

If Godolphin had steadfastly refused to quit his place, the Whig leaders would have been in a most *embarrassing* position.—*Macaulay, History of England*, ch. xxii.

Embárrassment. *s.* Perplexity; entanglement.

Let your method be plain, that your hearers may run through it without *embarrassment*, and take a clear view of the whole.—*Watts, Logick.*

Embárren. *v. a.* Make barren. *Rare.*

Like the ashes from the Mount Vesuvius, though singly small and nothing; yet in conjoyned quantities they *embarren* all the fields about it.—*Fellthan, Resolves*, ii. 9. (Ord MS.)

Embáse. *v. a.* Abase; debase; render base or mean; demean; lower; degrade; vilify; impair. *Rare.*

Joy of my life, full oft for loving you
I bless my lot, that was so lucky plac'd:
But then the more your own mishap I rue,
That are so much by so mean love *embased*. *Spenser.*

Grains are annual, so that the virtue of the seed is not worn out; whereas in a tree it is *embased* by the ground.—*Bacon.*

I have no servile or ignoble end in my present labour, which may, on either side, restrain or *embase* the freedom of my poor judgement.—*Sir H. Wotton.*

A pleasure, high, rational, and angelical; a pleasure *embased* with no appendant sting; but such a one as being honey in the mouth, never turns to gall or gravel in the belly.—*South, Sermons.*

Spelt with *i.*

They that *imbase* coin and metals, and obtrude them for perfect and natural.—*Jeremy Taylor, Rule and Exercises of Holy Dying*, ch. iv. § 8.

Embáse. *v. n.* Sink in value. *Rare.*

The books of the learned themselves, by ambitiously heaping up the conceits and authorities of other men, increase much in the bulk, but do as much *imbase* in true value.—*Hales, Golden Remains*, p. 35.

Embásed. *part. adj.* Abased. *Rare.*

I will rather choose to wear a crown of thorns, than to exchange that of gold for one of lead, whose *embased* flexibleness shall be forced to bend.—*Eikon Basilike.*

Embásement. *s.* Deterioration; depravation. *Rare.*

What shall we think of the pleasures of sin, which receive a farther *embasement*, and diminution, from the superaddition of a curse?—*South, Sermons*, vol. viii. ser. iv.

Queen Elizabeth did by little and little rectify this detestable *embasement* of coin.—*Sir M. Hale, Historia Placitorum Coronæ*, ch. xvii.

Embásiate. *s.* Embassy. *Rare.*

But when the Erle of Warwik vnderstode of this marriage, he tooke it highly that his *embasiate* was deluded.—*Sir T. More*, p. 90. (Rich.)

Embássade. *s.* ? In embassy; ? as embassadors.

But when her words *embassade* forth she sends,
Lord, how sweet musick that unto them lends.
Spenser, Hymn in Honour of Beauty.

Embássador and **Embássadour.** *s.* One sent on a public message: (Ambassador *commoner*).

Mighty Jove's *embassadour* appear'd
With the same message. *Sir J. Denham.*
Myself my king's *embassador* will go. *Dryden.*

Embássadress. *s. Rare.*

1. Female ambassador.

With fear the modest matron lifts her eyes,
And to the bright *embassadress* replies.
Garth, Translation from Ovid.

2. Wife of an ambassador.

Do you frequent the Dutch embassador or *embassadress*?—*Lord Chesterfield.*

Embássadry. *s.* Embassy. *Rare.*

Abbon Bere, coming from his *embassadry* out of Italy, made a chapel of our Lady of Loretto, joyning to the north side of the body of the church [of Glastonbury].—*Leland, Itinerary*, iii. 86. (Rich.)

Émbassage. *s.*

1. Embassy: (this latter being the *commoner* term).

When he was at Newcastle, he sent a solemn *embassage* unto James king of Scotland, to treat and conclude a peace with him.—*Bacon, History of the Reign of Henry VII.*

2. Errand.

A bird was made fly with such art to carry a written *embassage* among the ladies, that one might say, If a live bird, how taught? If dead, how made? —*Sir P. Sidney.*

Nimble mischance, that art so light of foot,
Doth not thy *embassage* belong to me;
And am I last that know it?
Shakespear, Richard II. iii. 4.

Embassy. *s.*

1. Public message; message concerning business between princes or states.

Fresh *embassy* and suits,
Nor from the state nor private friends, hereafter,
Will I lend ear to. *Shakespear, Coriolanus,* v. 3.

The peace polluted thus, a chosen band
He first commissions to the Latian land,
In threat'ning *embassy.* *Dryden.*

Embassy after *embassy* was sent to Rome by the Carthaginian government, to deprecate a renewal of the contest.... Still, the Romans were for a long time inexorable; till Hanno, the youngest of the ambassadors, . . . remonstrated with the senate plainly and boldly.—*Arnold, History of Rome,* ch. xlii.

2. Any solemn message.

He sends the angels on *embassies* with his decrees. —*Jeremy Taylor.*

[It may be observed, that though our authors write almost indiscriminately embassador or ambassador, *embassage* or *ambassage*; yet there is scarcely an example of *ambassy*, all concurring to write *embassy*, Dr. Johnson says. This is not universally, however, the case. The Cyclopædia of Chambers presents *embassy* with the accompaniment of *ambassy*; and a writer in the Modern Universal History has followed the spelling of *ambassy*. I mention this to shew the exception, but not to propose a deviation from *embassy*. Spenser has once placed the accent upon the second syllable of *embassage*, Faery Queen, iii. 9, 28. And so on *embassade*. But the accent is now fixed upon the first.—*Todd.*]

Embástardize. *v. a.* Invest with the character of a bastard, or (*figuratively*) a degenerate descendant. (spelt with *i.*)

The rest, *imbastardized* from the ancient nobleness of their ancestors, are ready to fall flat.—*Milton, Eiconoclastes,* pref.

Embáthe. *v. a.* Bathe. *Rare.* (spelt with *i.*)

Fear had taught to barre
Hot kisses from desire to press too farre,
To *imbathe* themselves.
Translation of Tasso's Aminta, A. i. S. I.: 1628.

And gave her to his daughters to *imbathe*
In nectar'd lavers, strew'd with asphodel.
Milton, Comus, 837.

Methinks a sovran and reviving joy must needs rush into the bosom of him that reads or hears, and the sweet odour of the returning gospel *imbathe* his soul with the fragrancy of Heaven.—*Id., Of Reformation in England,* b. i.

Embáttle. *v. a.* Range in order or array of battle.

The English are *embattled*:
To horse! you gallant princes, straight to horse!
Shakespear, Henry V. iv. 2.

Embáttle. *v. n.* Be ranged in battle array.

The night
Is shiny, and they say we shall *embattle*
By the second hour of the morn.
Shakespear, Antony and Cleopatra, iv. 9.

Embáttled. *adj.* In *Heraldry.* Indented like a battlement.

Wearing a diademe *embattild* wide
With hundred turrets, like a turribant.
Spenser, Faerie Queen, iv. 11, 28.

Embáy. *v. a.* [from Fr. *baigner* = bathe.] Bathe; wet; wash. *Rare.*

In her lap a little babe did play
His cruel sport; . . .
For in her streaming blood he did *embay*
His little hands, and tender joints embrew.
Spenser, Faerie Queen.

Every sense the humour sweet *embayed*,
And slumb'ring soft, my heart did steal away.
Ibid.

Embáy. *v. a.* [from Bay.] Enclose in a bay; landlock. (spelt with *i.*)

If that the Turkish fleet
Be not inshelter'd and *imbay'd*, they're drown'd.
Shakespear, Othello, ii. 1.

Embéd. *v. a.* Sink as in a bed.

Embédded. *part. adj.* Sunk, as in a bed, in another substance.

When we reflect upon the number of muscles, not fewer than four hundred and forty-six, in the human body, known and named, how contiguous they lie to each other in layers, as it were, over one another, crossing one another, sometimes *embedded* in one another, sometimes perforating one another; an arrangement, which leaves to each its liberty and its full play, must necessarily require meditation and counsel.—*Paley, Natural Theology,* ch. ix.

Embéllish. *v. a.* [Fr. *embellir*, part. *embellissant.*] Adorn; beautify; grace with ornaments; decorate.

Bayleaves between,
And primroses green,
Embellish the sweet violet.
Spenser, Shepherd's Calendar, April.

The names of the figures that *embellished* the discourses of those who understood the art of speaking, are not the art and skill of speaking well.—*Locke.*

Embéllished. *part. adj.* Beautified.

From what has been said of Mr. Windham's manner of speaking, as well as of his variously *embellished* mind, it will readily be supposed that in society he was destined to shine almost without a rival.—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Mr. Windham.*

Embéllishment. *s.* Ornament; adventitious beauty; decoration; adscititious grace; anything that confers the power of pleasing.

Cultivate the wild licentious savage
With wisdom, discipline, and liberal arts,
The *embellishments* of life. *Addison, Cato.*

Apparitions, visions, and intercourses of all kinds between the dead and the living, are the frequent and familiar *embellishments* of the legends of the Romish church.—*Bishop Atterbury.*

Emberdays. *s.* [like Emberweek pronounced sometimes as two words, sometimes as a compound.] See extract.

The *ember days* at the four seasons are the Wednesday, Friday, and Saturday after the first Sunday in Lent, the feast of Pentecost, September 14, December 13.—*Book of Common Prayer.*

Émbering. *s.* Emberdays. *Obsolete.*

For causes good so many ways,
Keep *emb'rings* well, and fasting days;
What law commands we ought to obey,
For Friday, Saturn, and Wednesday. *Tusser.*

Émbers. *s.* [A.S. *æmyrian.*] Hot cinders; ashes not yet extinguished.

Take hot *embers*, and put them about a bottle filled with new beer, almost to the very neck: let the bottle be well stopped, lest it fly out; and continue it, renewing the *embers* every day for the space of ten days.—*Bacon, Natural and Experimental History.*

If the air will not permit,
Some still removed place will fit,
While glowing *embers* through the room
Teach light to counterfeit a gloom.
Milton, Il Penseroso.

While thus heav'n's highest counsels, by the low
Footsteps of their effects, he trac'd too well,
He tost his troubled eyes, *embers* that glow
Now with new rage, and wax too hot for hell.
Crashaw.

He said, and rose, as holy zeal inspires;
He rakes hot *embers*, and renews the fires.
Dryden, Virgil's Æneid.

Emberweek. *s* [for the true origin see last extract.] Week in which an ember day falls.

[The original of this word [*emberweek*] has been much controverted: some derive it from *embers* or ashes strewed by penitents on their heads; but Nelson decides in favour of Mareschal, who derives it from *ymbren* or *embren*, a course or circumvolution.—*Todd.*

Ember-days.—Days set apart for fasting at the four seasons of the year, viz. on the first Friday in every quarter. . . . From Latin *quatuor tempora*, the four seasons, whence German *quatember*, a quarter of a year, or a quarterly day, or payment. Hence by farther corruption *kottember, kottemer*; Platt Deutsch *tamper*, Swedish *tamper-dagar, ymberdagar*, ember or imber days.—*Wedgwood, Dictionary of English Etymology.*]

Embétter. *v. a.* Better. *Rare.*

For cruelty doth not *embetter* men,
But them more wary make then they have been.
Daniel, Chorus in Philotas. (Rich.)

Embézzle. *v. a.* [see Bezzle.]

1. Appropriate by breach of trust; turn what is entrusted in his hands to his own use.

He had *embezzled* the king's treasure, and extorted money by way of loan from all men.—*Sir J. Hayward.*

When Orford had nothing to gain by doing what was wrong, he did what was right, and did it ably and diligently. Whatever Torrington did not *embezzle* he wasted. Orford may have *embezzled* as much as Torrington; but he wasted nothing.—*Macaulay, History of England,* ch. xxiv.

2. Waste; swallow up in riot.

When thou hast *embezzled* all thy store,
Where's all thy father left?
Dryden, Persius' Satires.

Embézzlement. *s.* Act of one who embezzles.

To remove doubts respecting *embezzlement*, it was enacted, &c.—*Sir W. Blackstone, Commentaries on the Laws of England,* iv. 17, note 3.

Spelt with *i.*

I must require you to use diligence in presenting specially those purloinings and *imbezzlements*, which are of plate, vessels, or whatsoever within the king's house.—*Bacon, Charge, &c.* p. 15.

Embíllow. *v. a.* Raise in, or as, a billow or billows. *Rare.*

And then *embillowed* high doth in his pride disdaine,
With fome and roaring din all hugeness of the main.
Lisle, Dubartas, First Booke of Noe. (Rich.)

Embítter. *v. a.* Make bitter; deprive of pleasure; make unhappy. (spelt with *i.*)

Let them extinguish their passions which *imbitter* their lives, and deprive them of their share in the happiness of the community.—*Addison, Freeholder.*

Is there any thing that more *imbitters* the enjoyments of this life than shame?—*South, Sermons.*

Embítterer. *s.* That which makes bitter.

The fear of death has always been considered as the greatest enemy of human quiet, the polluter of the feast of happiness, and the *embitterer* of the cup of joy.—*Johnson* in *Taylor's Sermons.*

Embítterment. *s.* Bitter feeling.

We deem the last moment of the punishment to be the only punishment; and omit the commotions, terrors, expectations, and *embitterments* of repentance, with which every malefactor and all wicked men are seized upon the committing of any heinous crime.—*Plutarch, Morals,* iv. 155. (Ord MS.)

Emblázе. *v. a.*

1. Emblazon. *Rare.*

Nor shall this blood be wiped from thy point,
But thou shalt wear it as a herald's coat,
T' *emblaze* the honour which thy master got.
Shakespear, Henry VI. Part I. iv. 10.

2. Adorn with glittering embellishments. *Rare.*

No weeping orphan saw his father's stores
Our shrines irradiate, or *emblaze* the floors. *Pope.*

Spelt with *i.*

Th' unsought diamonds
Would so *imblaze* the forehead of the deep,
And so bestud with stars, that they below
Would grow inur'd to light. *Milton, Comus,* 32.

He from the glittering staff unfurl'd
Th' imperial ensign, streaming to the wind,
With gems and golden lustre rich *imblaz'd*,
Seraphick arms and trophies.
Id., Paradise Lost, i. 536.

Emblázon. *v. a.* [Fr. *blasonner.*] Adorn with figures of heraldry; grace with ensigns armorial; deck in glaring colours; set out pompously to show.

We find Augustus, for some petty conquest, *emblazoned* by the poets to the highest pitch.—*Hakewill, Apology.*

Spelt with *i.*

To describe races and games,
Or tilting furniture, *imblazon'd* shields.
Milton, Paradise Lost, ix. 33.

Emblázoner. *s.* One who emblazons; herald; (*figuratively*) one who publishes in a pompous manner.

But I step again to this *emblazoner* of his title-page, (whether it be the same man or no, I leave it in the midst,) and here I find him pronouncing, without reprieve, those animadversions to be a slanderous and scurrilous libel.—*Milton, Apology for Smectymnuus.*

Emblázonry. *s.* Blazon. (spelt with *i.*)

Him round
A globe of fiery seraphim inclos'd
With bright *imblazonry* and horrent arms.
Milton, Paradise Lost, ii. 511.

Émblem. *s.* [Gr. ἔμβλημα = literally, 'thing cast in' (from ἐν = in, and βάλλω = throw, cast); Fr. *emblème.*]

1. Inlay (nearly a translation of the Greek); anything inserted into the substance of another body.

Underfoot the violet,
Crocus, and hyacinth, with rich inlay
Broider'd the ground, more colour'd than with stone
Of costliest *emblem.* *Milton, Paradise Lost,* iv. 700.

2. Occult representation; allusive picture; typical designation.

She had all the royal makings of a queen,
The rod, and bird of peace, and all such *emblems*,
Laid nobly on her. *Shakespear, Henry VIII.* iv. 1.

If you draw your beast in an *emblem*, shew a landscape of the country natural to the beast.—*Peacham, On Drawing.*

Gentle Thames,
Thy mighty master's *emblem*, in whose face
Sate meekness, heighten'd with majestick grace.
Sir J. Denham.

He is indeed a proper *emblem* of knowledge and action, being all head and paws.—*Addison, Guardian.*

Émblem. *v. a.* Represent emblematically. *Rare.*

Jacob is as man; Laban is the churlish, envious, ungrateful world; Leah is the pleasure it pays us with: blemished in that which is the life of beauty; perished even in the eye; *emblemed* too by the sex of frailty, Women.—*Felltham, Resolves*, i. 81.

The story of the world doth often afford such a kind of representation: sometimes it presenteth a fair view of glorious monarchs and flourishing nations, symbolized by the magnificence of cities and palaces; high and eminent prosperity in the grandees of the earth, figured by the cedars; plentiful and opulent private estates, *emblemed* by the pregnancy of the fields.—*W. Mountague, Devout Essays*, pt. i. p. 362.

I observe many of these airy forms bearing equal date almost with the evils *emblemed* in them.—*J. Spencer, Discourse concerning Prodigies*, p. 220.

The primitive fight of elements doth fitly *emblem* that of opinions.—*Glanville, Scepsis Scientifica.*

Emblemátic. *adj.* Comprising, relating to, or consisting in, an emblem; allusive; occultly representative.

In the well fram'd models,
With *emblematick* skill and mystick order.
Thou shew'dst where tow'rs on battlements should rise,
Where gates should open, or where walls should compass. *Prior.*
By tongue and pudding to our friends explain
What does your *emblematick* worship mean? *Id.*

Emblemátical. *adj.* Same as Emblematic.

The poets contribute to the explication of reverses purely *emblematical*, or when the persons are allegorical.—*Addison.*

Emblemátically. *adv.* In an emblematic manner.

Others have spoken *emblematically* and hieroglyphically, as to the Egyptians; and the phœnix was the hieroglyphick of the sun.—*Sir T. Browne, Vulgar Errours.*

He took a great stone, and put it up under the oak, *emblematically* joining the two great elements of masonry.—*Swift.*

Emblemáticize. *v. a.* Represent by, or embody in, an emblem. *Rare.*

He [Giacomo Amiconi] drew the queen and the three eldest princesses, and prints were taken from his pictures, which he generally endeavoured to *emblematicise* by genii and cupids.—*Walpole, Anecdotes of Painting*, iv. 3. (Rich.)

Emblématist. *s.* Writer or inventor of emblems.

These fables are still maintained by symbolical writers, *emblematists*, and heralds.—*Sir T. Browne, Vulgar Errours.*

Emblématize. *v. a.* Represent by an emblem.

How the senary should *emblematize* the world, you shall understand thus: The world is self-complete, filled and perfected by its own parts: so is the senarius, which has no denominated part but a sixth, third, and second, viz. 1, 2, 3, which put together make six; and Euclid defines a perfect number from this property, 'a perfect number is that which is equal to its parts.'—*Dr. H. More, Conjectura Cabalistica*, p. 159: 1653.

This garden of Eden may *emblematize*, while Adam is discoursed of as innocent and obedient to God, the delights of the Spirit.—*Ibid.* p. 239.

Émblements. *s. plur.* [Fr. *bled* = corn.] In *Law.* Claim on the part of an outgoer for sown cropping.

If tenant for life sow the land, and afterwards die, the executor of the tenant for life shall have the *emblements*, and not he in reversion.—*Cowell.*

The doctrine of *emblements* extends not only to corn sown, but to roots planted, or their annual artificial profit.—*Sir W. Blackstone, Commentaries on the Laws of England.*

Embódied. *part. adj.* Invested with body. (spelt with *i.*)

Never since created, man
Met such *imbodied* force, as nam'd with these,
Could merit more than that small infantry
Warr'd on by cranes. *Milton, Paradise Lost*, i. 573.

Though assiduity in the most fixed cogitation be no trouble to immaterialized spirits, yet it is more than our *imbodied* souls can bear without lassitude. —*Glanville, Scepsis Scientifica.*

Embódy. *v. a.* Invest with body, or bodily attributes. [Todd remarks that Johnson writes *embody* under the word Incorporate, but that he takes no further notice of it. He preferred Imbody.]

I by vow am so *embodied* yours,
That she which marries you must marry me.
Shakespear, All's well that ends well, v. 3.

An opening cloud reveals
An heavenly form *embodied*, and array'd
With robes of light. *Dryden.*

Strange force of early prejudice; of prejudice suffered to warp the intellect while yet feeble and uninformed, and which owed its origin to the very error that it *embodied* in its conclusions, the making the errors of mankind in their ignorant and inexperienced state the guide of their conduct at their mature age, and appealing to those errors as the wisdom of past times, when they were the unripe fruit of imperfect intellectual culture! — *Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Sir William Grant.*

Spelt with *i.*

Then Clausus came, who led a num'rous band
Of troops *imbodied* from the Sabine land.
Dryden, Virgil's Æneid.

In those strata we shall meet with the same metal or mineral *imbodied* in stone, or lodged in coal, that elsewhere we found in marle.—*Woodward, Essay towards a Natural History of the Earth.*

Embódy. *v. n.* Unite into one mass; coalesce. (spelt with *i.*)

The soul grows clotted by contagion,
Imbodies and imbrutes, till she quite lose
The divine property of her first being.
Milton, Comus, 467.

The idea of white, which snow yielded yesterday, and another idea of white from another snow today, put together in your mind, *imbody* and run into one.—*Locke.*

Emboíl. *v. n.* Effervesce; move with violent agitation like hot liquor in a caldron. *Obsolete.* (spelt with *i.*)

With whose reproach and odious menace,
The knight *imboiling* in his haughty heart,
Knit all his forces, and gan soon unbrace
His grasping hold. *Spenser, Faerie Queen.*

Embólden. *v. a.* Make bold; encourage.

I think myself in better plight for a lender than you are, the which hath something *emboldened* me to this unseasoned intrusion.—*Shakespear, Merry Wives of Windsor*, ii. 2.

God's death!
But I am ignorant how long he's known it—
How many he hath practised with and gained—
How many may have falsely seemed to swerve
By his direction, only to delude,
And so *embolden* me to my destruction.
H. Taylor, Philip Van Artevelde, ii. 5.

Spelt with *i.*

I was the more *imboldened*, because I found I had a soul congenial to his.—*Dryden.*

Nor flight was left, nor hopes to force his way;
Imbolden'd by despair, he stood at bay.
Id., Virgil's Æneid.

Their virtues and superior genius *imboldened* them, in great exigencies of state, to attempt the service of their prince and country out of the common forms.—*Swift.*

Émbolism. *s.* [Gr. ἐμβολισμός = throwing in. —see Emblem.] Intercalation; insertion of days or years to produce regularity and equation of time. *Obsolete.*

The civil constitutions of the year were after different manners in several nations; some using the sun's year, but in divers fashions, and some following the moon, finding out *embolisms* or equations, even to the addition of whole months, to make all as even as they could.—*Holder, Discourse concerning Time.*

Émbolus. *s.* [Gr. ἔμβολος.] Anything inserted and acting in another (as the sucker in a pump). *Rare.*

Our members make a sort of an hydraulick engine, in which a chymical liquor, resembling blood, is driven through elastick channels by an *embolus*, like the heart.—*Arbuthnot.*

Embórder. *v. a.* Terminate; bound. *Rare.* (spelt with *i.*)

Thick-woven arborets, and flowers
Imborder'd on each bank.
Milton, Paradise Lost, ix. 437.

Embósk. *v. n.* Enter a wood; be concealed. *Rare.* (spelt with *i.*)

They seek the dark, the bushy, the tangled forest;

they would *imbosk*.—*Milton, Of Reformation in England*, b. i.

Embósk. *v. a.* Conceal; hide. *Rare.* (spelt with *i.*)

Requesting him to depart, and *imbosk* himself in the mountain, which was very near.— *Skelton, Translation of Don Quixote*, fol. 46 b.

Embósom. *v. a.*

1. Hold on the bosom; cover fondly with the folds of one's garment; hide under any cover. (spelt with *i.*)

The Father infinite,
By whom in bliss *imbosom'd* sat the Son.
Milton, Paradise Lost, v. 597.

Villages *imbosom'd* soft in trees,
And spiry towns by surging columns mark'd.
Thomson.

2. Admit to the heart or to affection.

Who glad t' *imbosom* his affection vile,
Did all she might, more plainly to appear.
Spenser, Faerie Queen.

Embóss. *v. a.* [from Fr. *bosse* = boss or protuberance.]

1. Form with protuberances; cover with something rising into lumps or bunches.

Botches and blains must all his flesh *emboss*,
And all his people. *Milton, Paradise Lost*, xii. 180.

All croud in heaps, as at a night alarm
The bees drive out upon each other's backs,
To *emboss* their hives in clusters.
Dryden, Don Sebastian.

2. Engrave with relief, or rising work.

On the sides of this (which began the other part) were placed two great statues, feigned of gold, one of Atlas, the other of Hercules, in various postures, bearing up the clouds, which were of relievo, *embossed*, and traiucent as naturals.—*B. Jonson, Masques.*

Then o'er the lofty gate his art *emboss'd*
Androgeo's death, and off'rings to his ghost.
Dryden, Virgil's Æneid.

Embóss. *v. a.* [from Fr. *boiste* = box; *emboister*.] Enclose in a box; box up; encase. *Rare.*

The knight his thrillant spear again essay'd
In his brass-plated body to *emboss*.
Spenser, Faerie Queen.

And in the way, as she did weep and wail,
A knight her met, in mighty arms *emboss'd*. *Ibid.*

Embóss. *v. a.* ? Embosk.

Like that self-begotten bird
In the Arabian woods *embost*.
Milton, Samson Agonistes, 1699.

Embóss. *v. a.* [? Spanish, *embozar* = cast out of the mouth.] In *Hunting.* Make to foam at the mouth like a hunted animal. *Obsolete.*

As a dismayed deer in chase *embost*.
Spenser, Faerie Queen, iii. 12, 17.

Oh, he is more mad
Than Telamon for his shield; the boar of Thessaly
Was never so *emboss'd*.
Shakespear, Antony and Cleopatra, iv. 11.

We have almost *embossed* him: you shall see his fall to-night.—*Id., All's well that ends well*, iii. 6.

Look as an hart, with sweat and blood imbrued,
Chas'd and *embost*, thirsts, in the soil to be.
P. Fletcher, Poetical Miscellanies, p. 86.

Embóssed. *part. adj.* Formed with embossments.

Thou art a bile,
A plague sore, or *embossed* carbuncle,
In my corrupted blood.
Shakespear, King Lear, ii. 4.

Embóssment. *s.*

1. Anything standing out from the rest; jut; eminence.

I wish also, in the very middle, a fair mount, with three ascents and alleys, enough for four to walk abreast; which I would have to be perfect circles, without any bulwarks or *embossments*.—*Bacon, Essays.*

2. Relief; rising work.

They are at a loss about the word pendentis; some fancy it expresses only the great *embossment* of the figure, others believe it hung off the helmet in alto relievo.—*Addison, Travels in Italy.*

Embóttle. *v. a.* Include in bottles; bottle: (the latter being the *usual* word).

Stirom, firmest fruit
Embottled, long as Priamean Troy
Withstood the Greeks endures. *Philips.*

Embound. *v. a.* Enclose; shut in. *Rare.*

That sweet breath,
Which was *embounded* in this beauteous clay.
Shakespear, King John, iv. 3.

Embów. *v. a.* Bend like a bow; arch; vault.

Prince Arthur gave a box of diamond sure
Embow'd with gold and gorgeous ornament.
Spenser, Faerie Queen, i. 9, 19.

I saw a bull as white as driven snow,
With gilden horns, *embowed* like the moon.
Id., Vision of the World's Vanity.

The gilted roofs *embow'd* with curious work.
Gascoigne, Jocasta, i. 2.

The inner part is hollow or *embowed* [i.e. vaulted], the outward is bended.—*Bryskett, Discourse of Civil Life*, p. 47: 1606.

Embówed. *part. adj.* Bent as a bow. *Rare.*

The high *embowed* roof,
With antick pillars massy proof.
Milton, Il Penseroso.

Spelt with *i*.

Imbowed windows be pretty retiring places for conference: they keep both the wind and sun off.—*Bacon.*

Embówel. *v. a.*

1. Deprive of the entrails or bowels. See Emboweling.

Embowell'd will I see thee by and by;
Till then, in blood, by noble Percy lye.
Shakespear, Henry IV. Part I. v. 4.

The roar
Embowel'd with outrageous noise the air,
And all her entrails tore.
Milton, Paradise Lost, vi. 586.

2. Bury within any other substance.

His dreadfull hand he heaved up aloft,
And with his dreadfull instrument of yre
Thought sure have pownded him to powder soft,
Or deepe *embowell'd* in the earth entyre.
Spenser, Faerie Queen, vi. 8, 15.

He conceals the loss, and counterfeits another ring like it of silver, *embowelling* a motto to this purpose, 'O pertinaces, O pœnitentes!' from which pattern most Mahometans to this day wear rings of silver.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia.*

Embóweler. *s.* One who embowels.

We shall next proceed to speak of the surgeon or embalmer, and of all other inferior officers under him, such as the dissector, *emboweller*, pollinctor, salter, and other dependant servants, as dressers of the dead, painters, carvers, and the like.—*Greenhill, Art of Embalming*, p. 283.

Embóweling. *verbal abs.* Act of one who embowels (first sense): (specially applied to the punishment of taking out the bowels of *one condemned to death*, as a part of the process of execution).

The barbarous practice of *embowelling* was not yet disused.—*Hallam, Constitutional History of England.*

Embówer. *v. n.* Lodge; build; bower.

But the small birds, in their wide boughs *embowering*,
Chaunted their sundry tunes.
Spenser, Translation of Virgil's Gnat.

Embówer. *v. a.* Cover with a bower; shelter with trees. (spelt with *i*.)

You whom highest heaven *imbowers*,
Praise the Lord with all your powers.
G. Sandys, Psalms, cxlvii.

A shady bank,
Thick over-head with verdant roof *imbower'd*.
Milton, Paradise Lost, ix. 1037.

And stooping thence to Ham's *imbowering* walks,
In spotless peace retir'd. *Thomson.*

Embówment. *s.* Arch; vault. *Rare.*

The roof all open, not so much as any *imbowment* near any of the walls left.—*Bacon, Natural and Experimental History.*

Embóx. *v. a.* Set in a box (of the theatre).

Emboxed the ladies must have something smart.
Churchill, The Rosciad.

Embráce. *v. a.* [Fr. *embrasser*, from *bras* = arm.]

1. Hold fondly in the arms; squeeze in kindness.

Embrace again, my sons! be foes no more.
Dryden.

2. Seize ardently or eagerly; lay hold on; welcome; accept willingly anything offered.

I take it, your own business calls on you,
And you *embrace* th' occasion to depart.
Shakespear, Merchant of Venice, i. 1.

...t first, her mother-earth she holdeth dear,
And doth *embrace* the world, and worldly things.
Sir J. Davies, On the Immortality of the Soul.

They who are represented by the wise virgins, *embraced* the profession of the Christian religion, as the foolish virgins also had done.—*Archbishop Tillotson.*

3. Comprehend; take in; comprise; enclose; contain; encompass; encircle: (as, 'Natural philosophy *embraces* many sciences).

Low at his feet a spacious plain is plac'd,
Between the mountain and the stream *embrac'd*.
Sir J. Denham.

4. Admit; receive.

Fenton, Heav'n give thee joy!
What cannot be eschew'd, must be *embrac'd*.
Shakespear, Merry Wives of Windsor, v. 5.

Fleance, his son, . . . must *embrace* the fate
Of that dark hour. *Id., Macbeth*, iii. 1.

If a man can be assured of any thing, without having examined, what is there that he may not *embrace* for truth?—*Locke.*

Embráce. *v. n.* Join in an embrace. *Rare.*

Let me *embrace* with old Vincentio;
And wander we to see thy honest son,
Who will of thy arrival be full joyous.
Shakespear, Taming of the Shrew, iv. 5.

Embráce. *s.* Clasp; fond pressure in the arms; hug.

Thames, the most lov'd of all the ocean's sons
By his old sire, to his *embraces* runs.
Sir J. Denham.

When I was wont to meet her
In the silent woody places
Of the land that gave me birth,
We stood tranced in long *embraces*,
Mixt with kisses sweeter, sweeter
Than anything on earth. *Tennyson, Maud.*

Embráce, better **Imbráce.** *v. a.* [Italian, *imbracciare*.] Brace. *Rare.*

Who, seeing him from far so fierce to pricke,
His warlike arms about him gan *embrace*,
And in the rest his ready spear did sticke.
Spenser, Faerie Queen, ii. 1, 26.

Embrácement. *s.*

1. Clasp in the arms; hug; embrace.

Thus death becomes a rival to us all,
And hopes with foul *embracements* her to get,
In whose decay virtue's fair shrine must fall.
Sir P. Sidney.

There cherishing one another with dear, though chaste *embracements*, with sweet, though cold kisses, it might seem that Love was come to play him there without darts.—*Id.*

These beasts, fighting with any man, stand upon their hinder feet, and so this did, being ready to give me a shrewd *embracement*.—*Id.*

2. Conjugal endearment.

I would freelier rejoice in that absence, wherein he won honour, than in the *embracements* of his bed, where he would shew most love.—*Shakespear, Coriolanus*, i. 3.

3. Comprehension.

Nor can her wide *embracements* filled be.
Sir J. Davies, On the Immortality of the Soul.

4. State of being contained; enclosure.

The parts in man's body easily reparable, as spirits, blood, and flesh, die in the *embracement* of the parts hardly reparable, as bones, nerves, and membranes.—*Bacon, Natural and Experimental History.*

5. Admission; reception.

Both of them being God's instruments for the conversion of the Northumbrians to the *embracement* of Christian religion.—*Weever.*

Embrácer. *s.* Person embracing.

Yet are they the greatest *embracers* of pleasure of any other upon earth; and they esteem of pearls as pebbles, so they may satisfy their gust, in point of pleasure or revenge.—*Howell.*

The errour once broached, found many *embracers*.—*Fuller, History of the Holy War*, p. 96.

(For another example see extract under next entry.)

Embrácery. *s.* In *Law.* See extract.

Embracery [is] an attempt to corrupt a jury corruptly to one side by promises, persuasions, entreaties, money, entertainments, and the like. The punishment of the person embracing (the *embracer*) is by fine and imprisonment; and for the juror so embraced, if it be by taking money, the punishment is perpetual infamy, imprisonment for a year, and forfeiture of tenfold value.—*Jacob, Law Dictionary.*

Embrácing. *verbal abs.* Embrace.

Such wanton tunes, [and] homely *embracings*.—*Burton, Anatomy of Melancholy*, p. 496.

Embraíd. *v. a.* Censure in opprobrious terms. *Rare.*

[He] *embrayded* him with cowardise.—*Sir T. Elyot, The Governour*, fol. 127. b.

Embrángle. *v. a.* Entangle. (spelt with *i*.)

With subtle cobweb cheats
They're catch'd in knotted law like nets;
In which, when once they are *imbrangled*,
The more they stir, the more they're tangled.
Butler, Hudibras

Embrásure. *s.* [Fr. *braser* = slope off in masonry.] In *Fortification.* Loophole, or opening, with the sides splayed or sloped off, so as to allow of a gun, or any like weapon, being turned sideways.

The advanced Russian works from the Quarantine Fort to the crenelated wall, and from thence to the Flagstaff Battery, seemed to me very much in the same state as the first day I saw them, with this exception, that the guns were, as far as I could discern, withdrawn from the *embrasures*, and the defence of the line left to riflemen.—*W. H. Russell, The [Crimean] War*, ch. li.

Embráve. *v. a.*

1. Decorate; embellish; deck; grace; adorn *Rare.*

So, both agree their bodies to engrave:
The great earth's womb they open to the sky,
And, with sad cypress, seemly it *embrave*.
Spenser, Faerie Queen.

2. Inspire with fortitude.

Psyche, *embrav'd* by Chari's generous flame,
Strives in devotion's furnace to refine
Her pious self. *Beaumont, Psyche*, xvii. arg.: 1651.

Embright. *v. a.* Brighten. *Rare.*

So doth the glorious lustre
Of radiant Titan, with his beams, *embright*
Thy gloomy front.
Sylvester, Du Bartas, 4 Day and 1 W. (Ord MS.)

Émbrocate. *v. a.* [?] Rub any part diseased with medicinal liquors.

I returned her a glass with oil of roses and vinegar, to *embrocate* her arm.—*Wiseman, On Inflammations.*

Embrocátion. *s.* Act of rubbing any part diseased with medicinal liquors or spirits; lotion with which any diseased part is washed or embrocated.

We endeavoured to ease by discutient and emollient cataplasms, and *embrocations* of various sorts.—*Wiseman, Surgery.*

Embroíder. *v. a.* Border with ornaments; decorate with figured work; diversify with needlework; adorn a ground with raised figures of needlework.

Embroider'd so with flowers it had stood,
That it became a garden of a wood. *Waller.*

Embroídered. *part. adj.* Ornamented with, or worked in, embroidery.

Embroider'd purple clothes the golden beds;
This slave the floor, and that the table spreads.
Pope.

Embroíderer. *s.* One who adorns clothes with needlework.

Blue silk and purple, the work of the *embroiderer*.—*Ecclesiasticus*, xlv. 10.

Embroídering. *verbal abs.* Decorating, or decoration, in the way of embroidery.

Such an accumulation of favours is like a kind of *embroidering* or lifting of one favour upon another.—*Sir H. Wotton.*

Let no virgin be allowed to receive her lover, but in a suit of her own *embroidering*.—*Spectator*, no. 606.

Embroídery. *s.*

1. Figures raised upon a ground; variegated needlework.

Laces and *embroideries* are more costly than either warm or comely.—*Bacon, Advice to Villiers.*

Next these a youthful train their vows express'd,
With feathers crown'd, with gay *embroidery* dress'd.
Pope.

2. Variegation; diversity of colours.

If the natural *embroidery* of the meadows were helpt and improved by art, a man might make a pretty landskip of his own possessions.—*Spectator*, no. 414.

Embroíl. *v. a.* [Fr. *brouiller*.]

1. Disturb; confuse; distract; throw into commotion; involve in troubles by dissension and discord.

Orcus and Ades, and the dreaded name
Of Demogorgon; Rumour next, and Chance,
And Tumult and Confusion, all *embroil'd*,
And Discord with a thousand various mouths.
Milton, Paradise Lost, ii. 965.

When she found her venom spread so far,
The royal house *embroil'd* in civil war,
Rais'd on her dusky wings she cleaves the skies.
Dryden.

2. Perplex; entangle.

The Christian antiquities at Rome, though of a fresher date, are so *embroiled* with fable and legend that one receives but little satisfaction.—*Addison, Travels in Italy.*

3. Burn. *Rare*; and if the interpretation which is Johnson's, be right, confounded with Broil.

That knowledge, for which we boldly attempt to rifle God's cabinet, should, like the coal from the altar, serve only to *embroil* and consume the sacri-

legious invaders.—*Dr. H. More, Decay of Christian Piety.*

Embroílment. *s.* Confusion; disturbance.

The cause of this uncertainty was, the *embroilments* and factions that were then amongst the Arabs.—*Maundrell, Journey from Aleppo to Jerusalem*, p. 56

Embrónze. *v. a.* Form in brass.

Will you in largesses exhaust your store,
That you may proudly stalk the Circus o'er;
Or in the Capitol *embronzed* may stand,
Spoiled of your fortune and paternal land?
Francis, Translation of Horace. (Rich.)

Embróthel. *v. a.* Enclose in a brothel. *Rare.*

Men, which choose
Law practice for mere gain, boldly repute
Worse than *embrothel'd* strumpets prostitute.
Donne.

Embrówn. *v. a.* Make brown; darken; obscure; cloud; tan.

Whence summer suns *embrown* the labouring swains.
Fenton, Epistle to Mr. Southern. (Rich.)

Spelt with *i.*

Where the morning sun first warmly smote
The open field, and where the unpierc'd shade
Imbrown'd the noontide bow'rs.
Milton, Paradise Lost, iv. 244.

The foot grows black that was with dirt *imbrown'd*,
And in thy pocket jingling halfpence sound. *Gay.*

Another age shall see the golden ear
Imbrown the slope, and nod on the parterre. *Pope.*

Imbrown'd with native bronze, lo! Henley stands.
Id.

Embrué. *v. a.* [Fr. *beuvre* (provincial); *embreuver* = moisten, soak; *embruer* = bedabble.—*Wedgwood*, in voce (where it is spelt with *i*).] Steep; soak; wet much or long: (applied generally to *blood*; more rarely to the ordinary fluids).

For finding you armed with swearde, and fiere, and *embrewed* with our bloude, wee might well have spared you some other name [adversaries].—*Jewell, Answer to Mr. Hardinge*, pref. (Rich.)

Thou mad'st many hearts to bleed
Of mighty victors, with wide wounds *embrued*,
And by thy cruel darts to thee subdued. *Spenser.*

There streams a spring of blood so fast
From those deep wounds, as all *embrued* the face
Of that accursed caitiff.
Daniel, Civil Wars of York and Lancaster.

The merciless Turks, *embrued* with the Christian blood, were weary of slaughter, and began greedily to seek after the spoil.—*Knolles, History of the Turks.*

Lucius pities the offenders,
That would *embrue* their hands in Cato's blood.
Addison.

There, where two ways in equal parts divide,
The direful monster from afar descry'd
Two bleeding babes depending at her side;
Whose panting vitals, warm with life, she draws,
And in their hearts *embrues* her cruel claws. *Pope.*

Spelt with *i.*

At me, as at a mark, his bow he drew,
Whose arrows in my blood their wings *imbrue*.
G. Sandys.

Lo! these hands in murder are *imbrued*,
Those trembling feet by justice are pursu'd. *Prior.*

His virgin sword Ægysthus' veins *imbrued*;
The murd'rer fell, and blood aton'd for blood. *Pope.*

A good man chuses rather to pass by a verbal injury than *imbrue* his hands in blood.—*Richardson, Clarissa.*

Embrúte. *v. a.* Degrade to brutality.

From every tie, from every duty freed,
Without a balance and without a creed,
Dead every sense, each particle divine,
And all the man *embruted* in the swine.
Cawthorne, Regulation of the Passions. (Rich.)

Spelt with *i.*

We find how far natural corruption, improved with ignorance and want of education or religion, can *imbrute* the manners of men.—*Bishop Reynolds, On the Passions*, ch. xvi.

I, who erst contended
With gods to sit the highest, am now constrain'd
Into a beast, and, mix'd with beastial slime,
This essence to incarnate and *imbrute*.
Milton, Paradise Lost, ix. 163.

Émbryo. *s.*

1. Offspring yet unfinished in the womb.

The bringing forth of living creatures may be accelerated, if the *embryo* ripeneth and perfecteth sooner.—*Bacon.*

Embryos, and idiots, eremites, and friars.
Milton, Paradise Lost, iii. 474.

2. State of anything yet unfinished, or not yet fit for production: (with *in*).

The company little suspected what a noble work I had then *in embryo*.—*Swift.*

3. In *Vegetable* and *Animal Physiology.* Germ, q.v.

Embryógeny. *s.* Development of the embryo.

Upon these facts Dr. Giraud observes that the physiological inferences deducible from them contribute to the determination of many unsettled points involved in the theory of vegetable *embryogeny*, and serve to elucidate many obscurities relating to the morphology of the embryo.—*Lindley, Introduction to Botany*, p. 229.

Embryólogist. *s.* Investigator in the department of embryology.

The generalization here expressed and illustrated, must not be confounded with an erroneous semblance of it that has obtained considerable currency. An impression has been given by those who have popularized the statements of *embryologists*, that during its development, each higher organism passes through stages in which it resembles the adult forms of lower organisms—that the embryo of a man is at one time like a fish, and at another time like a reptile. This is not the fact. The fact established is, that up to a certain point, the embryos of a man and a fish continue similar, and that then differences begin to appear and increase—the one embryo approaching more and more towards the form of a fish; the other diverging from it more and more.—*Herbert Spencer, Inductions of Biology.*

Embryólogy. *s.* [Gr. λόγος = word, reason, principle.] Study of the phenomena of growth and development during fetal life; developmental anatomy.

Of the many noble contributions to *embryology*, which science owes to German physiologists, none surpass in importance that from which the following remarks [on the development of the egg in one of the cuttle-fishes] have been abridged.—*Owen, Lectures on Comparative Anatomy*, lect. xxiv.

Émbryon. *s.* [Gr. ἔμβρυον.] Embryo: (of which it is the imperfectly Anglicized form).

The reverence I owe to that one womb,
In which we both were *embrions*, makes me suffer
What's past.
Beaumont and Fletcher, Queen of Corinth.

The earth was form'd, but in the womb as yet
Of waters, *embryon* immature involv'd,
Appear'd not. *Milton, Paradise Lost*, vii. 276.

Émbryon. *adj.* Yet unfinished; not yet ready for production.

The *embrion* blossome of each spray.
W. Browne, Britannia's Pastorals, i. 4: 1613.

For hot, cold, moist, and dry, four champions fierce,
Strive here for mastery, and to battle bring
Their *embryon* atoms.
Milton, Paradise Lost, ii. 897.

Embryónal. *adj.* Embryonic.

The surface of the so-covered yolk is ciliated, and, with the *embryonal* part, performs a slow but regular rotation within the albuminous fluid of the chorion.—*Owen, Lectures on Comparative Anatomy*, lect. xii.

Émbryonate. *v. a.* Furnish with, or characterize by, an embryo.

Émbryonated. *part. adj.* Furnished with, or characterized by, an embryo.

St. Paul could not mean this *embryonated* little plant, for he could not denote it by these words, 'that which thou sowest,' for that, he says, must die; but this little *embryonated* plant contained in the seed that is sown dies not.—*Locke*, b. ii. ch. xxvii. (Ord MS.)

Émbryónic. *adj.* Having the character of, connected with, or relating to, an embryo.

Should it however turn out, as we shall hereafter find reason for suspecting, that these complex differentiations which adults exhibit, are themselves the slowly accumulated and transmitted results of a process like that seen in the first changes of the germ; it will follow that even those *embryonic* changes due to hereditary influence, are remote consequences of the alleged law.—*Herbert Spencer, First Principles.*

Émbryous. *adj.* Having the character of an embryo; undeveloped; abortive.

Contemplation generates; action propagates. Without the first the latter is defective; without the last the first is but abortive and *embryous*.—*Felltham, Resolves*, i. 14. (Ord MS.)

Embúlk. *v. a.* Enlarge in the way of bulk. *Rare.*

Embúlking. *verbal abs.* Act of one who increases the bulk of anything; process by which bulk is increased.

He tooke often opportunitie to seize upon something towards the strengthening and *embulking* of himself.—*Howell, Vocall Forrest.* (Ord MS.)

Embúsy. *v. a.* Employ. *Rare.*

The accustome and usage
Of auncient poets, ye wote full wele, hath bene
Them selfs to *embusy* with all their whole corage.
Skelton, Poems, p. 11.

Spelt with *i.*

The heads and senses of our people have been *imbusied*.—*Necessary Erudition*, sign. A. iii. b: 1543.

Eménd. *v. a.* [Lat. *emendo.*] Amend; correct.

Have us excused, that we no better do,
An other time to *emende* it if we can.
Mystery of Candlemas-day: 1?

Eméndately. *adv.* Without fault; correctly. *Rare.*

The printers were very desirous to have the Bible come forth as faultless and *emendately* as the shortness of the time for the recognising of the same would require.—*Taverner, Dedication of the Bible to King Henry VIII.*: 1539.

Emendátion. *s.*

1. Correction; alteration of anything from worse to better.

Nor is the Divine goodness less to be seen, venerated, and praised, in those *emendations*, which follow, to our ease and comfort, the lawful applications of art, and ingenuity.—*Jeremy Taylor, Artificial Handsomeness*, p. 57.

The essence and the relation of every thing in being is fitted, beyond any *emendation*, for its action and use.—*Grew.*

2. Alteration made in the text by editorial criticism.

Who ever heard either of ὀρταίνω or πταίνω?—Παρταίνω comes forty times in Homer, and if he [Barnes] had been, as he thinks himself, 'Mæonides, sextus pavone ex Pythagoreo,' he might have found out the *emendation*.—*Bentley, To Dr. Davies.*

Émendator. *s.* Corrector; improver; alterer for the better.

In the copies, which they bring us out of the pretended original, there is so great an uncertainty and disagreement betwixt them, that the Roman *emendators* of Gratian themselves know not how to trust it.—*Bishop Cosin, Scholastical History of the Canon of Holy Scripture*, p. 123: 1672.

Eméndatory. *adj.* Contributing correction or emendation.

Jortin used frequently to mention this attempt to discredit *emendatory* criticism, with strong marks of derision.—*J. Warton, Essay on Pope.*

The high credit in which *emendatory* criticism was held at the beginning of this [the eighteenth] century.—*Bishop Hurd, Life of Warburton.*

Émerald. *s.* [Lat. *smaragdus.*] Gem or precious stone so called.

Do you not see the grass how in colour they excel the *emerald*?—*Sir P. Sidney.*

The *emerald* is evidently the same with the ancient smaragdus; and, in its most perfect state, is perhaps the most beautiful of all the gems. The rough *emerald* is usually of a very bright and naturally polished surface, and is ever of a pure and beautiful green, without the admixture of any other colour. The oriental *emerald* is of the hardness of the sapphire and ruby, and is second only to the diamond in lustre and brightness.—*Sir J. Hill, On Fossils.*

Often used *adjectivally.*

As rising on its purple wing,
The insect queen of Eastern spring,
O'er *emerald* meadows of Cashmeer
Invites the young pursuer near. *Byron, Giaour.*

When kings with standard of green unfurl'd,
Led the red-branch knights to danger;
Ere the *emerald* gem of the western world
Was set in the crown of a stranger.
Moore, Irish Melodies.

Emérge. *v. n.* [Lat. *emergo.*]

1. Rise out of anything in which it is covered.

They *emerged*, to the upper part of the spirit of wine, as much of them as lay immersed in the spirit.—*Boyle.*

The mountains *emerged*, and became dry land again.—*T. Burnet, Theory of the Earth.*

Thetis, not unmindful of her son,
Emerging from the deep, to beg her boon,
Pursued their track. *Dryden, Translation of the First Book of the Iliad.*

2. Issue; proceed.

If the prism was turned about its axis that way, which made the rays *emerge* more obliquely out of the second refracting surface of the prism, the image soon became an inch or two longer or more.—*Sir I. Newton, Opticks.*

3. Rise; mount from a state of depression or obscurity; rise into view.

Darkness, we see, *emerges* into light;
And shining suns descend to sable night.
Dryden, Fables.

I have often studied, and admired, why their parents would, under such mean encouragements, design their sons for the church; and those the most towardly and capable and select geniuses among their children, who must needs have *emerged* in a secular life.—*Bentley, Phileleutherus Lipsiensis*, § 40.

Emérgence. *s.*

1. Act of rising out of any fluid by which anything is covered.

We have read of a tyrant, who tried to prevent the *emergence* of murdered bodies.—*Sir T. Browne, Vulgar Errours.*

2. Act of rising or starting into view.

The white colour of all refracted light, at its very first *emergence*, where it appears as white as before its incidence, is compounded of various colours.—*Sir I. Newton, Opticks.*

Emérgency. *s.*

1. Sudden occasion; unexpected casualty.

Most of our rarities have been found out by casual *emergency*, and have been the works of time and chance rather than of philosophy.—*Glanville, Scepsis Scientifica.*

2. Bringing to light.

The *emergency* of colours, upon coalition of the particles of such bodies, as were neither of them of the colour of that mixture whereof they are ingredients, is very well worth our attentive observation.—*Boyle, Experiments and Considerations touching Colours.*

3. Pressing necessity; exigence.

In any case of *emergency*, he would employ the whole wealth of his empire, which he had thus amassed together in his subterraneous exchequer.—*Addison, Freeholder.*

Of Lord Somers, indeed, we can scarcely be said to know anything at all. That he was a person of unimpeachable integrity, a judge of great capacity and learning, a firm friend of liberty, a cautious and safe counsellor in most difficult *emergencies*, all are ready to acknowledge.—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Lord Chatham.*

Schomberg, who had remained on the northern bank, and who had thence watched the progress of his troops with the eye of a general, now thought that the *emergency* required from him the personal exertion of a soldier.—*Macaulay, History of England*, ch. xvi.

Emérgent. *adj.*

1. Rising out of that which overwhelms or obscures it.

Love made my *emergent* fortune once more look
Above the main. *B. Jonson.*

Immediately the mountains huge appear
Emergent. *Milton, Paradise Lost*, vii. 285.

2. Rising into view, notice, or honour.

Is't not
A perfect act and absolute in law?
Seal'd and deliver'd before witnesses?
The day and date *emergent.*
B. Jonson, Staple of News.

The man that is once hated, both his good and his evil deeds oppress him; he is not easily *emergent.*—*Id., Discoveries.*

3. Proceeding or issuing from anything.

The Stoicks held a fatality, and a fixed unalterable course of events; but then they held also, that they fell out by a necessity *emergent* from and inherent in the things themselves, which God himself could not alter.—*South, Sermons.*

4. Sudden; unexpectedly casual.

She composed certain prayers, herself, upon *emergent* occasions.—*Bacon, Collectanea of Queen Elizabeth.*

All the lords declared, that, upon any *emergent* occasion, they would mount their servants upon their horses.—*Lord Clarendon, History of the Grand Rebellion.*

Christ was of that infinite wisdom and knowledge, as to enact laws of that universal compliance with all the conditions of man, that there can be no new *emergent* inconvenience unforeseen by him, that should at any time make the obligation of them to cease.—*South, Sermons*, vii. 117.

5. Constituting an Issue in the way of difference of opinion.

The foundation of this jurisprudence [the canon law] is laid on the decrees of councils, and the rescripts or decretal letters of popes to questions propounded upon *emergent* doubts relative to matters of discipline and ecclesiastical œconomy.—*Hallam, View of the State of Europe during the middle Ages*, ch. vii. pt. 2.

Emérgently. *adv.* In an emergent manner; casually.

Of that which was necessary Christ left in his ministers a power of government, and that which was not primely necessary, but *emergently* and contingently came to be useful and fit, he only left in his ministers a power to persuade.—*Jeremy Taylor, Ductor Dubitantium*, ii. 234. (Ord MS.)

Emérit. *adj.* Same as Emerited. *Rare.*

The *emerit* ancient warbling priests, and you,
Nothing beyond collect or ballad do. *Cartwright, On the Birth of the Princess Elizabeth.* (Rich.)

Emérited. *adj.* [Lat. *emeritus.*] Allowed to have done sufficient public service.

I had the honour to lay one of the first foundation stones of that royal structure, erected for the reception and encouragement of *emerited* and well-deserving seamen.—*Evelyn*, iii. vii. § 15.

Émerods. *s.* Painful swellings of the hemorrhoidal veins; piles.

He destroyed them, and smote them with *emerods.*—1 *Samuel*, v. 6.

Emérsion. *s.*

1. Act of rising out of any fluid.

They demonstrate or set forth by their baptism, that is, by their immersion into the water, and their *emersion* out of the same, their death and resurrection.—*Knatchbull, Annotations upon some difficult Texts in all the Books of the New Testament*, p. 207: 1693.

2. Reappearance of a star after having been obscured by its too near approach to the sun.

The time was in the heliacal *emersion*, when it becomes at greatest distance from the sun.—*Sir T. Browne, Vulgar Errours.*

Émery. *s.* [Lat. *smyris*; Fr. *esmeril.*] See extract.

Emery is an iron ore, considerably rich. It is found in the island of Guernsey, in Tuscany, and many parts of Germany. It has a near relation to the magnet. The lapidaries cut the ordinary gems on their wheels by sprinkling the wetted powder over them; but it will not cut diamonds. It is useful in cleaning and polishing steel.—*Sir J. Hill, Materia Medica.*

Emétic. *adj.* Having the quality of provoking vomiting.

Various are the temperaments and operations of herbs; some purgative, some *emetick*, and some sudorifick.—*Sir M. Hale.*

Emétic. *s.* Medicine provoking vomiting.

There is a vast deal of propriety, as well as pleasantry, in the weapons Garth [in his Dispensary] has given to his warriours. They are armed much in character, with caustics, *emeticks*, &c.—*J. Warton, Essay on Pope.*

Emétically. *adv.* In such a manner as to provoke to vomiting.

It has been complained of, that preparations of silver have produced violent vomits; whereas we have not observed duly refined silver to work *emetically*, even in women and girls.—*Boyle.*

Émeu. *s.* See Emu.

Émicant. *adj.* [Lat. *emicans, -antis*, pres. part. of *emico*; from *e* = out, and *mico* = shine, glitter.] Flashing. *Rare.*

Which *emicant* did this and that way dart.
Sir R. Blackmore, Creation. (Rich.)

Emicátion. *s.* Sparkling; flying off in small particles (as sprightly liquors).

Iron, in aqua fortis, will fall into ebullition with noise and *emication*, as also a crass and fumid exhalation.—*Sir T. Browne.*

Emíction. *s.* [Lat. *emictio*; from *mingo* = void urine.] Voiding of urine; what is voided by the urinary passages.

Gravel and stone grind away the flesh, and effuse the blood apparent in a sanguine *emiction.*—*Harvey, Discourse of Consumptions.*

Émigrant. *s.* One who emigrates.

All these *emigrants* were to receive pay and subsistence for some years at the publick expence.—*Robertson.*

In these expeditions the northern *emigrants* were attended by their poets.—*T. Warton, History of English Poetry*, i. diss. 1.

Emígrate. *adj.* Wandering; roving; migratory. *Rare.*

But let our souls *emigrate* meet,
And in abstract embraces greet;
(Till that the Fates permit) let's live
Intranced by love intuitive.
Gayton, Notes on Don Quixote, p. 228.

Émigrate. *v. n.* Remove from one place to another.

They don't *emigrate*, till they could earn their livelihood in some way at home.—*Ibid.*

The surplus parts of this plethorick body always must *emigrate.*—*Pownall, Treatise on the Study of Antiquities*, p. 60: 1782.

Emigráting. *verbal abs.* Act of one who emigrates.

A man who stays at home, gains nothing by his neighbour's *emigrating.*—*Conversation in Boswell's Life of Johnson*, in 1778.

Emigrátion. *s.* Change of habitation; removal from one place to another.

We find the originals of many kingdoms either by victories, or by *emigrations*, or intestine commotions.—*Sir M. Hale.*

Éminence. *s.*

1. Loftiness; height; summit; highest part; part rising above the rest.

They must be smooth, almost imperceptible to the touch, and without either *eminence* or cavities.—*Dryden, Translation of Du Fresnoy's Art of Painting.*

2. Place where one is exposed to general notice.

A satire or libel on one of the common stamp, never meets with that reception as what is aimed at a person whose merit places him upon an *eminence*, and gives him a more conspicuous figure.—*Addison, Spectator.*

3. Exaltation; conspicuousness; state of being exposed to view; reputation; celebrity; fame; preferment; greatness.

You've too a woman's heart, which ever yet
Affected *eminence*, wealth, sovereignty.
Shakespear, Henry VIII. ii. 3.

He deserv'd no such return
From me, whom he created what I was,
In that bright *eminence*: and with his good
Upbraided none. *Milton, Paradise Lost*, iv. 42.

4. Supreme degree.

Whatever pure thou in the body enjoy'st,
And pure thou wert created, we enjoy
In *eminence.* *Milton, Paradise Lost*, viii. 622.

5. Notice; distinction.

Let your remembrance still apply to Banquo;
Present him *eminence* both with eye and tongue.
Shakespear, Macbeth, iii. 2.

Éminency. *s.*

1. Same as Eminence.

Alterations are attributed to the powerfullest under princes, where the *eminency* of one obscureth the rest.—*Sir H. Wotton.*

These two were men of *eminency*, of learning as well as piety.—*Bishop Stillingfleet.*

Mountains abound with different vegetables, every vertex or *eminency* affording new kinds.—*Ray, Wisdom of God manifested in the Works of the Creation.*

2. Title given to cardinals.

The late most grievous cruelties, and most bloody slaughters perpetrated upon the inhabitants of the vallies of Piedmont, within the duke of Savoy's dominions, occasioned the writing of the enclosed letters to his majesty, and these other to your *eminency.*—*Milton, Letters of State to Cardinal Mazarine.*

Éminent. *adj.* [Lat. *eminens, -entis*, pres. part. of *emineo* = stand out prominently or eminently.]

1. High; lofty.

Thou hast built unto thee an *eminent* place.—*Ezekiel*, xvi. 24.

2. Dignified; exalted; conspicuous; remarkable.

Rome for your sake shall push her conquests on,
And bring new titles home from nations won,
To dignify so *eminent* a son.
Dryden, Juvenal's Satires.

She is *eminent* for a sincere piety in the practice of religion.—*Addison, Freeholder.*

Éminently. *adv.* In an eminent manner.

1. Conspicuously; in a manner that attracts observation.

Lady, that in the prime of earliest youth,
Wisely hast shunn'd the broad way and the green,
And with those few art *eminently* seen,
That labour up the hill of heavenly truth.
Milton, Sonnets, ix.

2. In a high degree.

All men are equal in their judgement of what is *eminently* best.—*Dryden.*

That simplicity, without which no human performance can arrive to perfection, is no where more *eminently* useful than in this.—*Swift.*

Émir. *s.* [Arabic, *amír* = commander.—in its present form, the one in which it most nearly approaches an English word, the accent is as here given, and as in the line from Byron; the spelling also is with an *e-*: but where the word is used as an Eastern term, *Amír* or *Ameér* is its form; as in 'the *Ameers* of Scinde.']

Commander; chief; noble: (as used in works

upon Turkey, Persia, Arabia, and Mahometan countries in general).

We may here bring in the *emirs* into the number of religious men, because they are of the race of Mahomet, who, for distinction sake, wear about their heads turbans of a deep sea-green.—*Sir P. Rycaut, State of the Ottoman Empire.*

An *emir* by his garb of green. *Byron, Giaour.*

The book of Job shows that, long before letters and arts were known to Ionia, these vexing questions were debated with no common skill and eloquence, under the tents of the Idumean *emirs*; nor has human reason, in the course of three thousand years, discovered any satisfactory solution of the riddles which perplexed Eliphaz and Zophar.—*Macaulay, Critical and Historical Essays, Ranke's History of the Popes.*

Émissary. *s.* [Lat. *emissarius*.—see Emit.]

1. One sent out on private messages; spy; secret agent.

Clifford, an *emissary* and spy of the King's, fled over into Flanders with his privity.—*Bacon, History of the Reign of Henry VII.*

The Jesuits send over *emissaries*, with instructions to personate themselves members of the several sects amongst us.—*Swift.*

Boniface VIII., at the instigation of some *emissaries* from Scotland, claimed that monarchy as paramount lord, and interposed, though vainly, the sacred panoply of ecclesiastical rights to rescue it from the arms of Edward I.—*Hallam, View of the State of Europe during the middle Ages*, ch. vii. pt. 2.

2. That which emits or sends out.

Wherever there are *emissaries*, there are absorbent vessels in the skin; and, by the absorbent vessels, mercury will pass into the blood.—*Arbuthnot, On the Nature and Choice of Aliments.*

Émissary. *adj.* Looking about; prying.

You shall neither eat nor sleep,
No, nor forth your window peep,
With your *emissary* eye,
To fetch in the forms go by.
B. Jonson, Underwoods.

[This word (*emissary*) is adopted from the Latin *emissitius*, which is applied by Plautus to the eye, as the reverend Mr. Whalley long since observed on the passage in B. Jonson; and which, he might have added, is literally adopted by a better writer than the facetious bard.—*Johnson.*]

Emíssion. *s.* Act of sending out; vent.

Tickling causeth laughter: the cause may be the *emission* of the spirits, and so of the breath by a flight from titillation.—*Bacon.*

Populosity necessarily requireth transmigration and *emission* of colonies.—*Sir T. Browne, Vulgar Errours.*

Affection, in the state of innocence, was happily pitched upon its right object; it flamed up in direct fervours of devotion to God, and in collateral *emissions* of charity to its neighbour.—*South, Sermons.*

With a special application in *Optics*, as applied to one of the leading hypotheses as to the nature of light, and as contrasted with the doctrine of Undulations; in which case its construction is often *adjectival*.

Two hypotheses of the nature of the luminiferous medium were thus brought under consideration; the one representing light as matter emitted from the luminous object, the other, as undulations propagated through a fluid. These two hypotheses remained in presence of each other during the whole of the last century, neither of them gaining any material advantage over the other, though the greater part of mathematicians, following Newton, embraced the *emission* theory.—*Whewell, History of Scientific Ideas.*

Emissítious. *adj.* Prying; narrowly examining. *Rare.*

Malicious mass-priest, cast back those *emissitious* eyes to your own infamous chair of Rome.—*Bishop Hall, Honour of married Clergy*, p. 184.

Emíssive. *adj.* Consisting of emission, or thing emitted.

The other two theories equally suppose the non-existence of a vacuum; according to the *emissive* or corpuscular theory, the vacuum is filled by the matter itself of light, heat, &c.; according to the etherial, it is filled by the all-penetrating ether.—*Grove, Correlation of Physical Forces.*

Emít. *v. a.* [Lat. *emitto* = send out; pass. part. *emissus*; *emissio*, *-onis*.]

1. Send forth; let go; give vent to.

The soil being fruitful and rich, *emits* steams consisting of volatile and active parts.—*Arbuthnot, On the Effects of Air on human Bodies.*

2. Let fly; dart.

Pay sacred rev'rence to Apollo's song,
Lest, wrathful, the far-shooting god *emit*
His fatal arrows. *Prior.*

3. Issue out juridically.

That a citation be valid, it ought to be decreed and *emitted* by the judge's authority, and at the instance of the party.—*Ayliffe, Parergon Juris Canonici.*

By this Act of Uniformity, there was an end put to all the liberty and licence which had been practised in all churches from the time of his majesty's return, and by his declaration that he had *emitted* afterwards.—*Lord Clarendon, Life*, ii. 296.

Emítted. *part. adj.* Given out as an emission.

With regard to heat as with regard to light, a fluid medium was necessarily assumed as the vehicle of the property. During the last century, this medium was supposed to be an *emitted* fluid. And many of the ascertained laws of heat, those which prevail with regard to its radiation more especially, were well explained by this hypothesis.—*Whewell, History of Scientific Ideas.*

Emíttent. *s.* One who emits, or gives out. *Rare.*

They did it [bleeding one animal into another, or transfusion of blood] yesterday before the Society very successfully, upon a bull-mastiff and a spaniel; the former being the *emittent*, the other the recipient.—*Boyle, Works*, vol. vi. p. 237. (Rich.)

Emmántle. *v. a.*

1. Cover as with a mantle.

The world, and this, which by another name men have thought good to call heaven (under the pourprise and bending cope whereof all things are *emmanteled* and covered), believe wee ought in all reason to be a God, eternal, unmeasurable, without beginning, and likewise endless.—*Holland, Translation of Pliny*, b. i. ch. i. (Rich.)

2. Place round as in fortification.

Besides the walls that he caused to be built and *emmantelled* about other towns.—*Holland, Translation of Pliny*, b. xxix. ch. i. (Rich.)

Emménagogue. *s.* [Gr. ἐμμήνια = menstruation, ἄγω = lead, bring forward.] Medicine that promotes menstruation.

Emmenagogues are such as produce a plethora, or fulness of the vessels, consequently such as strengthen the organs of digestion, so as to make good blood.—*Arbuthnot, On the Nature and Choice of Aliments.*

Émmet. *s.* [A.S. *æmet*.] Ant.

When cedars to the ground fall down by the weight of an *emmet*. *Sir P. Sidney.*

The parsimonious *emmet*, provident
Of future. *Milton, Paradise Lost*, vii. 484.

Emmέw. *v. a.* Mew or coop up. *Rare.*

This outward sainted deputy,
Whose settled visage and deliberate word,
Nips youth i' the head, and follies doth *enmew*,
As falcon doth a fowl, is yet a devil.
Shakespear, Measure for Measure, iii. 1.

Emmóve. *v. a.* Excite; rouse; put into emotion. *Rare.*

One day, when him high courage did *emmove*,
He pricked forth. *Spenser, Faerie Queen.*
Her humblesse low . . .
Did much *emmove* his stout heroick heart. *Ibid.*

Emóllient. *adj.* [Lat. *emolliens*, *-entis*, pres. part. of *emollio* (*mollis* = soft) = soften.] Softening.

Diureticks are decoctions, emulsions, and oils of *emollient* vegetables, so far as they relax the urinary passages: such as relax ought to be tried before such as stimulate.—*Arbuthnot.*

Emóllient. *s.* Medicine with an emollient action.

Emollients ought to be taken in open air, to hinder them from perspiring, and on empty stomachs.—*Arbuthnot.*

Emollítion. *s.* Act of softening.

Lassitude is remedied by bathing, or anointing with oil and warm water: the cause is, for that all lassitude is a kind of contusion and compression of the parts, and bathing and anointing give a relaxation or *emollition*.—*Bacon.*

Powerful menstruums are made for its *emollition*, whereby it may receive the tincture of minerals.—*Sir T. Browne.*

Emóllitive. *adj.* and *s.* Emollient.

They enter likewise into those *emollitive* or lenitive plastres, which are devised for the sores of the head.—*Holland, Translation of Pliny*, xxxvi. 21. (Rich.)

The misselto is a great *emollitive*; for it softeneth, discusseth, and resolveth also hard tumours.—*Ibid.* xxiv. 4. (Rich.)

Emólument. *s.* [Lat. *emolumentum*.] Profit; advantage.

Let them consult how politick they were, for a temporal *emolument* to throw away eternity.—*South, Sermons.*

Nothing gives greater satisfaction than the sense of having dispatched a great deal of business to publick *emolument*.—*Tatler.*

Emoluméntal. *adj.* Useful; yielding profit.

Who receive and promote his dictates in all that is laudable and truly *emolumental* of this nature.—*Evelyn, Preface.*

Emótion. *s.* [Lat. *emotio*, *-onis*; from *motus*, pass. part. of *moveo* = move.] Disturbance of mind; vehemence of passion, either pleasing or painful.

I will appeal to any man who has read this poet, whether he finds not the natural *emotion* of the same passion in himself which the poet describes in his feigned persons.—*Dryden.*

And yet when she had first seen him, she had addressed him even with *emotion*. — *Disraeli the younger, Coningsby*, b. iv. ch. iv.

Emótive. *adj.* Having the character of an emotion.

To him display the wonders of their frame,
His own contexture, where eternal art
Emotive pants within the alternate heart.
Brooke, Universal Beauty, b. iv. (Rich.)

Empaínt. *v. a.* Paint; set off by means of colour. *Rare.* (spelt with *i.*)

Never yet did insurrection want
Such water-colours to *impaint* his cause.
Shakespear, Henry IV. Part I. v. 1.

Empaír. *v. a.* [Fr. *empirer* = make worse.] Diminish; injure; make worse; lessen in quantity, value, or excellence.

Wend with me, that ye may see and know
How fortune will your ruin'd name repaire,
And knights of maidenhead, whose praise she would *empaire*. *Spenser, Faerie Queen*, v. 4, 34.

Spelt with *i.*

To change any such law, must needs, with the common sort, *impair* and weaken the force of those grounds whereby all laws are made effectual.—*Hooker, Ecclesiastical Polity.*

That soon refresh'd him weary'd, and repair'd
What hunger, if aught hunger had *impair'd*,
Or thirst. *Milton, Paradise Regained*, iv. 591.

Nor was the work *impair'd* by storms alone,
But felt the approaches of too warm a sun. *Pope.*

Empaír. *v. n.* Be lessened or worn out.

His [land] encreased, but mine did *empaire*.
Spenser, Faerie Queen, v. 4, 8.

Spelt with *i.*

Flesh may *impair*, quoth he, but reason can repair. *Spenser, Faerie Queen.*

Empaír. *s.* Diminution; decrease. *Rare.* (spelt with *i.*)

The ladies think it a most desperate *impair* to their quickness of wit.—*B. Jonson, Epicœne.*

A loadstone, kept in undue position, that is, not lying on the meridian, or with its poles inverted receives in longer time *impair* in activity and exchange of faces, and is more powerfully preserved by sight than dust of steel.—*Sir T. Browne.*

Empaírer. *s.* One who, or that which, impairs. (spelt with *i.*)

Immoderate labour and immoderate study are equally the *impairers* of health.—*Bishop Warburton.*

Empaírment. *s.* Diminution; injury. (spelt with *i.*)

Cold and moist are the qualities which worke an *impairement* in the reasonable part.—*Carew, Trial of Wits*: 1594.

His posterity, at this distance, and after so perpetual *impairement*, cannot but condemn the poverty of Adam's conception, that thought to obscure himself from his Creator in the shade of the garden.—*Sir T. Browne, Vulgar Errours.*

Empále. *v. a.* [Fr. *empaler*.]

1. Fence with a pale; enclose; shut in; fortify.

Round about her work she did *empale*,
With a fair border wrought of sundry flowers.
Spenser.

All that dwell near enemies *empale* villages, to save themselves from surprize.—*Sir W. Raleigh, Essays.*

How happy's he, which hath due place assign'd
T' his beasts, and disafforested his mind!
Empal'd himself to keep them out, not in;
Can sow, and dares trust corn, where they have been.
Donne.

The English *empaled* themselves with their pikes and therewith bare off their enemies.—*Sir J. Hayward.*

2. Put to death by spitting on a stake fixed upright.

Who can bear this, resolved to be *empal'd*?
His skin flead off, and roasted yet alive? *Southerne.*

Let them each be broken on the rack;
Then, with what life remains, *empal'd* and left
To writhe at leisure round the bloody stake.
Addison, Cato.

Nay, I don't believe they will be contented with hanging; they talk of *empaling*, or breaking on the wheel.—*Arbuthnot*

Empálement. *s.*

1. Punishment of empaling.
2. In *Heraldry.* Conjunction of coats of arms paleways.

Two coats of arms, containing *empalements* of Cannynge, and of his friends or relations.—*T. Warton, History of English Poetry*, ii. 154.

3. In *Botany.* Cup or outmost part of a flower, encompassing the petals or the parts interior to them; calyx.

It [the lupine] has a papilionaceous flower, out of whose *empalement* rises the pale, which afterwards turns into a pod.—*Miller, Gardener's Dictionary.*

Empánel. *v. a.* [see Pannel.] Enter the names of a jury on a parchment schedule or roll of paper; summon to serve on a jury.

I shall not need to *empannel* a jury of moralists or divines, every man's own breast sufficiently instructing him.—*Dr. H. More, Government of the Tongue.*

Empáradise. See Imparadise.

All my souls be
Emparadis'd in you, in whom alone
I understand and grow. *Donne, Poems*, p. 20.

Empárk. *v. a.* [N.Fr. *emparcher.*] Enclose as with a fence or pale; shut in; impound.

The wild boar of the forest, wilder than the wilderness itself, that will not be held nor *emparked* within any laws or limits.—*Bishop King, Vitis Palatina*, p. 32: 1614.

Empárlance. *s.* Parley. *Obsolete.*

That damzell loudly him bespake,
And shew'd that with his lord she would *emparlaunce* make. *Spenser, Faerie Queen*, iv. 50.

Empássion. *v. a.* Move with passion; affect strongly; throw off from equanimity.

That yet those sights *empassion* me full near.
Spenser.

Being *empassioned* more effectually with the death, bloodshed, and bitter passion of our Saviour, when we see that story fully and lively represented unto us in colours or work by a skilful hand.—*Bishop Mountagu, Appeal to Cæsar*, p. 254.

Empássionate. *adj.* Strongly affected.

The Briton prince was sore *empassionate.*
Spenser, Faerie Queen, v. 9, 46.

Empáste. *v. a.* Knead, or make into dough or paste; paste; concrete as into paste. *Rare.*

Now is he total gules; horridly trick'd
With blood of fathers, mothers, daughters, sons,
Bak'd and *impasted* with the parching streets.
Shakespear, Hamlet, ii. 2.

Empátronize. *v. a.* Invest with the character, rank, or power of feudal seignior: *Rare* or *obsolete.* (spelt with *i.*)

The ambition of the French king was to *impatronize* himself in the duchy.—*Bacon, History of the Reign of Henry VII.*

Empáwn. *v. a.* Pawn; pledge. (spelt with *i.*)

Therefore take heed how you *impawn* our person.
Shakespear, Henry V. i. 2.

Empeách. *v. a.* [so generally spelt with *i* that it is entered as Impeach (q. v.), though that is the less correct form. See also remarks under En-.]

That be be not endomaged or *empeched* by his adversaries.—*Sir T. Elyot, The Governour*, fol. 73.

There was no bar to stop, nor foe him to *empeach.*
Spenser, Faerie Queen, i. 8, 34.

Empeárl. *v. a.* Form as, or decorate with, or as with, pearls. *Rare.* (spelt with *i.*)

Innumerable as the stars of night
Or stars of morning, dewdrops which the sun
Impearls on every leaf and every flower.
Milton, Paradise Lost, v. 745.

Empeíral. *adj.* See Empiric.

Empeóple. *v. a.* Form into a people or community of people.

He wonder'd much and gan enquire ...
What unknowen nation there *empeopled* were?
Spenser.

Spelt with *i.*

Thou hast helped to *impeople* hell.
Beaumont, Psyche, xvi. 19.

Empéril. *v. a.* Endanger.

His person to *emperil* so in fight.
Spenser, Faerie Queen, iv. 4, 10.

Spelt with *i.*

Will I *imperil* the innocence and candour of the author, by this calumny?—*B. Jonson, Magnetick Lady.*

The civil polity, and authority of the magistrate, is hereby endamaged and *imperilled.*—*Waterhouse, Apology for Learning.*

Empérished. *part. adj.* Decayed; perished; destroyed. *Rare.*

I deem thy brain *emperished* be
Through rusty eld, that hath rotted thee.
Spenser, Shepherd's Calendar, February.

Émperor. *s.* [Fr. *empereur*; Lat. *imperator* (from *impero* = command) = commander.—With this, under the Roman empire, the proper name *Cæsar* nearly corresponded: hence, the special title of the emperor of Austria is *Kaiser*, or *Keysar.* Word for word, though the origin is denied by many eminent authorities, *Tsar*, or *Czar*, is the same word in a Slavonic form, through a Byzantine medium. Thus far the common term (*Emperor*) runs parallel with the proper name (*Cæsar*); the emperor of Austria being the typical or Roman, the emperor of Russia an approximate or Greek, Cæsar. The French title has grown out of the *Empire*, as opposed to the Republic, which it superseded. The other applications of the term, i.e. to the highest magistrates of Morocco, Brazil, China, and Hayti, are purely arbitrary.] Highest royal title.

Charles the *emperor*,
Under pretence to see the queen his aunt,
Makes visitation. *Shakespear, Henry VIII.* i. 1.

Ducange and Gibbon supposed that he [Joannes II.] was the first sovereign of Trebizond who assumed the imperial title; but the discovery of the chronicle of Panaretos enabled Fallermayer to restore the title of *emperor* to the earlier princes.—*Finlay, Mediæval Greece and Trebizond*, ch. iii. § 1.

Émpery. *s.* Empire; sovereignty; dominion. *Obsolete.*

Take on you the charge
And kingly government of this your land;
Not as protector, steward, substitute,
But as successively from blood to blood,
Your right of birth, your *empery*, your own.
Shakespear, Richard III. iii. 7.

Émphasis. *s.* [Gr.] Remarkable stress laid upon a word or sentence; particular force impressed by style or pronunciation.

O, that brave Cæsar!—
Be chok'd with such another *emphasis.*
Shakespear, Antony and Cleopatra, i. 5.

These questions have force and *emphasis*, if they be understood of the antediluvian earth.—*T. Burnet, Theory of the Earth.*

Emphátic. *adj.* Having emphasis.

In proper and *emphatick* terms, thou didst paint the blazing comet's fiery tail.—*Arbuthnot, History of John Bull.*

First, such a system must necessarily be imperfect; because though the *emphatic* word in each sentence may easily be pointed out in writing, no variety of marks that could be invented—not even musical notation—would suffice to indicate the different tones in which the different *emphatic* words should be pronounced; though on this depends frequently the whole force, and even sense of the expression. Take, as an instance, the words of Macbeth in the witches' cave, when he is addressed by one of the spirits which they raise, 'Macbeth! Macbeth! Macbeth!' on which he exclaims, 'Had I three ears I'd hear thee;' no one would dispute that the stress is to be laid on the word 'three;' and thus much might be indicated to the reader's eye; but if he had nothing else to trust to, he might chance to deliver the passage in such a manner as to be utterly absurd; for it is possible to pronounce the *emphatic* word 'three,' in such a tone as to indicate that 'since he has but two ears he cannot hear.' Again, the following passage, 'Is a candle brought to be put under a bushel, or under a bed?' I have heard so pronounced as to imply that there is no other alternative: and yet the emphasis was laid on the right words.—*Whately, Elements of Rhetoric*, pt. iv. ch. ii. § 2.

Emphátical. *adj.*

1. Momentous.

When the mind is once drooping, things which before passed away as matters of course and casualty, are now drawn within the compass of presages and *emphatical* evils.—*Bishop Reynolds, On the Passions*, ch. xxviii.

2. Positive; striking.

It is commonly granted that *emphatical* colours are light itself, modified by refractions.—*Boyle, Experiments and Considerations touching Colours.*

3. Decided.

Where he endeavours to dissuade from carnivorous appetites, how *emphatical* is his reasoning!—*Garth.*

Emphátically. *adv.* In an emphatic manner.

1. Strongly; forcibly; in a striking manner.

How *emphatically* and divinely does every word proclaim the truth that I have been speaking of!—*South, Sermons.*

2. Preeminently.

Geoffrey Chaucer, among the most remarkable of poets, was in nothing more remarkable than in being most *emphatically* an English poet.—*Milman, History of Latin Christianity*, b. xiv. ch. vii.

Coming, of necessity, into frequent contact with them all, monarchs can easily master the knowledge of their several prerogatives and functions; so that this becomes like heraldry and etiquette, wherein they are all great proficients, *emphatically* a royal branch of knowledge.—*Brougham, Historical Sketches of Statesmen of the Reign of George III.*

3. According to appearance. *Rare.*

What is delivered of the incurvity of dolphins, must be taken *emphatically*, not really, but in appearance, when they leap above water, and suddenly shoot down again.—*Sir T. Browne.*

Emphrénsy. *v. a.* Madden. *Rare.*

Is it a ravenous beast, a covetous oppressour? his tooth like a mad dog's envenomes and *emphrensies.*—*Bishop Hall, St. Paul's Combat.* (Rich.)

Emphyséma. *s.* [Gr. = puffing out.] In *Pathology.* Presence of air in the tissues; permanent dilatation of the air-cells of the lungs.

Emphysema is a light puffy humour, easily yielding to the pressure of the finger, arising again in the instant you take it off.—*Wiseman, Surgery.*

Emphysématous. *adj.* Having the character of emphysema.

The signs of a gangrene are these: the inflammation loses its redness, and becomes duskish and livid; the tenseness of the skin goes off, and feels to the touch flabby or *emphysematous*; and vesications, filled with ichor of different colours, spread all over it.—*Sharp, Surgery.*

Empícture. *v. a.* ? Endow with the character, or picture, of anything. *Rare.* (spelt with *i.*)

His pallid face *impictured* with death
She bathed oft. *Sir P. Sidney, Astrophel and Stella.*

Empiérce. *v. a.* Pierce. *Rare.*

The weapon bright,
Taking advantage of his open jaw,
Ran through his mouth with so importune might,
That deep *empierc'd* his darksome hollow maw,
Spenser, Faerie Queen.

Empiérced. *part. adj.* Driven so as to pierce. *Rare.* (spelt with *i.*)

Time may come, when deep *impierced* sting
Shall prick your heart; and it shall melt with sorrowing. *Dr. H. More, Song of the Soul*, i. 3, 34.

Empiércing. *part. adj.* Piercing; penetrating. (spelt with *i.*)

He feels those secret and *impiercing* flames.
Drayton, Moyses: 1604.

Émpire. *s.*

1. Imperial power; supreme dominion; sovereign command; command over anything.

Assert, ye fair ones, who in judgement sit,
Your ancient *empire* over love and wit. *Rowe.*

2. Region over which dominion is extended: (especially by an Emperor).

Sextus Pompeius
Hath given the dare to Cæsar, and commands
The *empire* of the sea.
Shakespear, Antony and Cleopatra, i. 2.

A nation extended over vast tracts of land, and numbers of people, arrives in time at the ancient name of kingdom, or modern of *empire.*—*Sir W. Temple.*

Empíric. *s.*

1. One of a sect of the ancient physicians, who formed for themselves rules and methods on their own practice and experience, and not on any knowledge of natural causes, or the study of good authors.

Galen mentions in his time but three sects of physicians; *Empericks*, [*Empiricks*,] Methodists, and Dogmaticks.—*Hakewill, Apology*, p. 244.

2. Trier; experimenter; quack.

The name of Hippocrates was more effectual to persuade such men as Galen, than to move a silly *empirick.*—*Hooker, Ecclesiastical Polity.*

That every plant might receive a name, according unto the diseases it cureth, was the wish of Paracelsus; a way more likely to multiply *empiricks* than herbalists.—*Sir T. Browne.*

Such an aversion and contempt for all manner of innovators, as physicians are apt to have for *empiricks*, or lawyers for pettifoggers.—*Swift.*

With the *accent* on the *first* syllable.

To prostitute our past-cure malady
To *empiricks*; or to dissever so
Our great self and our credit.
Shakespear, All's well that ends well, ii. 1.

The illiterate writer, *emp'rick*-like applies
To each disease unsafe chance remedies;
The learn'd in school, whence science first began,
Studies with care the anatomy of man. *Dryden.*

[It may be added, that the word was formerly written, improperly, *emperick*; long before Dryden's time, as in the Proceedings against the Jesuit Garnet, 1606, &c., whence perhaps the accent on the first syllable of the word, which, however, is not peculiar to Dryden; for Shakspeare uses it. But it is not to be defended. The etymon is the Gr. πεῖρα, experiment; whence our word was originally *empeiral*, and the quacks were called 'empeirall practicks, who use the medicines which they call narcoticall, &c.' (Harmar's Translation of Beza, p. 421: 1587.)—*Todd.*]

Empíric. *adj.*

1. Versed in experiments.

By fire
Of sooty coal, the *empirick* alchymist
Can turn, or holds it possible to turn,
Metals of drossiest ore to perfect gold.
Milton, Paradise Lost, v. 439.

2. Known only by experience; practised only by rote, without rational grounds.

The most sovereign prescription in Galen is but *empiric* to this preservative.—*Shakespear, Coriolanus*, ii. 1.

In extremes, bold counsels are the best;
Like *empirick* remedies, they last are try'd,
And by the event condemn'd or justify'd. *Dryden.*

Empírical. *adj.* Same as Empiric.

We see that the science of medicine, if it be destitute and forsaken by natural philosophy, it is not much better than an *empirical* practice.—*Bacon, Advancement of Learning.* (Ord MS.)

No popular *empirical* means so probable.—*Hammond, Works*, iv. 484.

Empírically. *adv.* In an empirical manner.

We shall *empirically* and sensibly deduct the causes of blackness from originals, by which we generally observe things denigrated.—*Sir T. Browne, Vulgar Errours.*

Empíricism. *s.* Dependence on experience without knowledge or art; quackery.

Paracelsus was the father of *empiricism.*—*T. Warton, History of English Poetry*, iv. 21.

Mere *empiricism* without some foundation in nature.—*Pownall, Treatise on the Study of Antiquities*, p. 152.

Emplåster. *s.* Same as Plaster.

Let us lay on the sovereign *emplaisters* of the most precious and meritorious mercy of our Blessed Redeemer.—*Bishop Hall, Remains*, p. 79.

All *emplasters*, applied to the breasts, ought to have a hole for the nipples.—*Wiseman, Surgery.*

Emplåster. *v. a.* Cover with a plaster; (*figuratively*) hide.

They must be cut out to the quick, and the sores *emplastered* with tar.—*Mortimer, Husbandry.*

Emplástic. *adj.* Same as Plastic.

Resin, by its *emplastick* quality, mixed with oil of roses, perfects the concoction.—*Wiseman, Surgery.*

Emplastick applications are not sufficient to defend a wound from the air.—*Arbuthnot, On the Effects of Air on human Bodies.*

Emplastrátion. *s.* See extract. *Obsolete.*

Of *emplastration* or grafting with the scutcheon. The manner of grafting by way of emplastre or scutcheon, may seem also to have come from inoculation: and this devise agreeeth best with those trees which have thick barkes, as namely figtrees.—*Holland, Translation of Pliny*, xvii. c. 16. (Rich.)

Empleád. *v. a.* Indict; prefer a charge against; accuse.

To terrify and torture them, their tyrannous masters did often *emplead*, arrest, cast them into prison, and thereby consume them to worse than nothing.—*Sir J. Hayward.*

Antiquity thought thunder the immediate voice of Jupiter, and *empleaded* them of impiety that referred it to natural casualties.—*Glanville, Scepsis Scientifica.*

Since none the living villains dare *emplead*,
Arraign them in the persons of the dead.
Dryden, Juvenal's Satires.

Spelt with *i*.

The honour of God seemeth violated by these invasions, since even the law of God is said to be *impleaded* by such aspersions.—*W. Mountague, Devout Essays*, pt. i. p. 127.

Righteousness in a judicial sense imports as much as a legal discharge, whereby the person *impleaded* becomes right in the court, or righteous.—*Norris, On the Beatitudes*, p. 91.

Empleáder. *s.* One who empleads; accuser; one who indicts another.

Ye envious and deadly malicious, ye *impleaders* and action-threateners, how long shall the Lord suffer you in his house, in which dwelleth nothing but peace and charity!—*Harmar, Translation of Beza's Sermons*, p. 176: 1587.

Emplóy. *v. a.* [Fr. *employer*.]

1. Busy; keep at work; exercise.

For thrice, at least, in compass of the year,
Thy vineyard must *employ* the sturdy steer
To turn the glebe. *Dryden, Virgil's Georgics.*

With *about*.

Jonathan and Jahaziah were *employed about* this matter.—*Ezra*, x. 15.

Our reason is often puzzled, because of the imperfection of the ideas it is *employed about.*—*Locke.*

The labour of those who felled and framed the timber *employed about* the plough, must be charged on labour.—*Id.*

With *in*.

Their principal learning was applied to the course of the stars, and the rest was *employed in* displaying the brave exploits of their princes.—*Sir W. Temple.*

Jesus Christ is furnished with superiour powers to the angels, because he is *employed in* superiour works, and appointed to be the Sovereign Lord of all the visible and invisible worlds.—*Watts.*

With *on* or *upon*.

Labour in the beginning gave a right of property, wherever any one was pleased to *employ* it *upon* what was common.—*Locke.*

This is a day in which the thoughts of our countrymen ought to be *employed on* serious subjects.—*Addison, Freeholder.*

With *to*. *Rare.*

The money was *employed to* the making of gallies.—2 *Maccabees*, iv. 20.

The proper business of the understanding is not that which men always *employ* it *to.*—*Locke.*

2. Use as an instrument.

The cleanly cheese-press she could never turn,
Her awkward fist did ne'er *employ* the churn.
Gay, Pastorals.

3. Occupy.

To study nature will thy time *employ*;
Knowledge and innocence are perfect joy. *Dryden.*
Why, whilst we struggle in this vale beneath,
With want and sorrow, with disease and death,
Do they more bless'd perpetual life *employ*
In songs of pleasure, and in scenes of joy? *Prior.*

Emplóy. *s.*

1. Business; object of industry.

We are obliged by duty to keep ourselves in constant *employ.*—*Guardian*, no. 158.

Present to grasp, and future still to find,
The whole *employ* of body and of mind. *Pope.*

2. Public office.

Lest animosities should obstruct the course of justice, if one of their own number had the distribution of it, they have always a foreigner for this *employ.*—*Addison, Travels in Italy.*

The honours and the burdens of great posts and *employs* were joined together.—*Bishop Atterbury.*

Emplóyable. *adj.* Capable of being used; proper for use.

The objections made against the doctrine of the chymists, seem *employable* against this hypothesis.—*Boyle.*

Emplóyer. *s.*

1. One who uses or causes to be used.

That man drives a great trade, and is owner or *employer* of much shipping, and continues and increases in trade.—*Sir J. Child, Discourse on Trade.*

2. One who sets others to work.

Troilus, the first *employer* of panders.—*Shakespear, Much Ado about Nothing*, v. 2.

Emplóyment. *s.*

1. Business; object of industry; object of labour.

Creatures who have the labours of the mind, as well as those of the body, to furnish them with *employments.*—*Guardian* no. 158.

2. Business; state of being employed.

They shall sever out men of continual *employment.*—*Ezekiel*, xxxix. 14.

3. Office; post of business.

If any station, any *employment* upon earth, be honourable, theirs was.—*Bishop Atterbury.*

Leaders on each side, instead of intending the publick weal, have their hearts wholly set to get or to keep *employments.*—*Swift.*

4. Business intrusted.

Call not your stocks for me; I serve the king,
On whose *employment* I was sent to you.
Shakespear, King Lear, ii. 2.

Emplúnge. *v. a.* Plunge, *Rare.*

When she was thus inshipp'd, and woefully
Had cast her eyes about to view that hell
Of horrour, whereinto she was so suddenly *emplung'd*,
She spies a woman sitting with a child
Sucking her breast, which was the captain's wife.
Daniel, Hymen's Triumph.

Spelt with *i*.

He *implunged* himself in much just hatred for his unjust dealing.—*Fuller, History of the Holy War* p. 22.

Detestable crimes, which we finde the wicke have often been *implunged* into.—*Hewyt, Sermon* p. 10.

Empócket. *v. a.* Put in pocket. *Rare.* (spelt with *i*.)

The vulgar sort stood staring with their hand *impocketed.*—*Carleton, Memoirs*, p. 57.

Empoíson. *v. a.* Poison: (of which it is the *rarer* form).

Leaving no means unattempted of destroying his son, that wicked servant of his undertook to *empoison* him.—*Sir P. Sidney.*

Mushrooms cause the incubus, or mare in the stomach, therefore the surfeit of them may suffocate and *empoison.*—*Bacon.*

Empoisoning the beholders with wanton looks, and all manner of wicked examples.—*Harmar, Translation of Beza's Sermons*, p. 187: 1587.

One doth not know
How much an ill word may *empoison* liking.
Shakespear, Much Ado about Nothing, iii. 1.

The whole earth appears unto him blasted with a curse, *empoisoned* with the venom of the serpent.—*Situation of Paradise, &c.* p. 62: 1683.

Empoísoner. *s.* Poisoner.

He is vehemently suspected to have been the *empoisoner* of his wife, thereby to make vacant his bed.—*Bacon, History of the Reign of Henry VII.*

Empoísonment. *s.* Practice of destroying by poison.

It were dangerous for secret *empoisonments.*—*Bacon.*

Empórium. *s.* [Gr. ἐμπόριον.] Place of merchandize; mart; town of trade; commercial city.

No village shall stand above six, seven, or eight miles from a city, except those *emporiums* which are by the sea side, general staples, marts, as Antwerp, Venice, &c.—*Burton, Anatomy of Melancholy*, to the reader, p. 61.

I take the prosperous estate of this great *emporium* to be owing to those instances of charity.—*Bishop Atterbury.*

Poetry, divinity, politics, physics, have each their adherents and adversaries, each little guild supporting a defensive and offensive war for its own special domain; while the domain of history is as a free *emporium*, where all these belligerents peaceably meet and furnish themselves; and sentimentalist and utilitarian, sceptic and theologian, with one voice advise us; examine history, for it is philosophy teaching by experience.—*Carlyle, Miscellanies, On History.*

That wonderful *emporium* [Manchester], which in population and wealth far surpasses capitals so much renowned as Berlin, Madrid, and Lisbon, was then a mean and ill built market town, containing under six thousand people. It then had not a single press. It now supports a hundred printing establishments. It then had not a single coach. It now supports twenty coachmakers.—*Macaulay, History of England*, ch. iii.

Empóverish. *v. a.* Make poor.

Since they might talk better as they lay together, they *empoverished* their clothes to enrich their bed, which, for that night, might well scorn the shrine of Venus.—*Sir P. Sidney.*

Yours sounds aloud, and tells us you excel
No less in courage than in singing well;
While, unconcern'd, you let your country know,
They have *empoverish'd* themselves, not you.
Waller.

For sense of honour, if it *empoverisheth* a man, is, in his esteem, neither honour nor sense.—*South, Sermons.*

Empóverisher. *s.* That which empoverishes.

They destroy the weeds, and fit the land for after-crops, being an improver and not an *empoverisher* of land.—*Mortimer, Husbandry.*

Empóverishment. *s.* Making poor; state of poverty.

Being paid as it is, now some, and then some, it is no great burden unto her, nor any great *empoverishment.*—*Spenser, View of the State of Ireland.*

All appeals for justice, or appellations for favour or preferment to another country, are so many grievous *empoverishments.*—*Swift, View of the present State of Affairs in Ireland.*

Empówer. *v. a.* Invest with power; authorize; commission; give power or authority for any purpose; enable.

You are *empowered*, when you please, to give the final decision of wit.—*Dryden, Dedication of the Translation of Juvenal's Satires.*

The government shall be *empowered* to grant commissions to all Protestants whatsoever.—*Swift.*

Does not the same power that enables them to heal, *empower* them to destroy?—*Baker, Reflections on Learning.*

'You are perfectly *empowered* to take me where you please,' said I, 'my conduct, when I am out, will be regulated by my feelings.'—*Theodore Hook, Gilbert Gurney*, vol. ii. ch. iii.

Émpress. *s.* Female invested with imperial dignity; wife of an emperor; female sovereign; (*figuratively*) mistress.

Let your nimble feet
Tread subtile circles, that may always meet
In point to him; and figures, to express
The grace of him, and his great *emperess.*
B. Jonson.

Yet, London, *empress* of the northern clime,
By an high fate thou greatly didst expire. *Dryden.*

Wisdom, thou say'st, from heav'n receiv'd her birth;
Her beams transmitted to the subject earth:
Yet this great *empress* of the human soul,
Does only with imagin'd power controul,
If restless passion, by rebellious sway,
Compels the weak usurper to obey. *Prior.*

In the following it has both significations; Irene being the *wife* of an emperor, whom she survived, and succeeded as *head* of the *empire.*

The *empress* Irene had no children. . . . The *empress* Irene was no sooner established on the throne than a civil war broke out.—*Finlay, Mediæval Greece and Trebizond*, ch. iii. § 3.

Emprise. *s.* [Fr.] Enterprise. *Obsolete.*

Noble minds, of yore, allied were
In brave pursuit of chivalrous *emprise.*
Spenser, Faerie Queen.

A double conquest must you make,
If you atchieve renown by this *emprise.* *Fairfax.*

Empt. *v. a.* Empty. *Colloquial* or *provincial.*

Certain droppes of this oyle taken with the broth of some fat foule, it doeth *empt* away the humour that causeth the payne.—*Frampton, Joyfull Newes*, 5. (Ord MS.)

Émptier. *s.* One who, or that which, empties.

Hail, hail, plump paunch, O the founder of taste,
For fresh meats, or powder'd, or pickle, or paste,
Devourer of broil'd, bak'd, roasted, or sod;
And *emptier* of cups, be they even or odd.
B. Jonson, Masques at Court.

The *emptiers* have emptied them out, and marred their vine-branches.—*Nahum*, ii. 2.

Émptiness. *s.* Attribute suggested by Empty.

1. Void; vacuum; unreality.

His coffers sound
With hollow poverty and *emptiness.*
Shakespear, Henry IV. Part II. i. 3.

Nor could another in your room have been,
Except an *emptiness* had come between. *Dryden.*

'Tis this which causes the graces and the loves to take up their habitations in the hardest marble, and to subsist in the *emptiness* of light and shadow.—*Id., Translation of Du Fresnoy's Art of Painting.*

2. Unsatisfactoriness; inability to fill up the desires; vanity; unsubstantial character.

O frail estate of human things,
Now to our cost your *emptiness* we know. *Dryden.*

Form the judgement about the worth or *emptiness* of things here, according as they are or are not of use, in relation to what is to come after.—*Bishop Atterbury.*

3. Vacuity of head; want of knowledge.

Eternal smiles his *emptiness* betray,
As shallow streams run dimpling all the way.
Pope.

Show me any such poetry in any one of the fifteen forthcoming combinations of show and *emptiness*, yclept Annuals.—*Lamb, Letter to Barton.*

Émption. *s.* [Lat. *emptio, -onis*; from *emptus*, pass. part. of *emo* = buy.] Act of purchasing; purchase; buying.

There is a dispute among the lawyers, whether Glaucus his exchanging his golden armour with the brazen one of Tydides, was *emption* or commutation.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

Émpty. *adj.* [A.S. *æmtig*; in the German *leer*, in the Norse languages *töm*, is the equivalent to the word in its English sense, its English sense being exceptional. The meaning in Germany and Scandinavia is *connected with, or relating to, an ampt*; *ampt* meaning *court, office, jurisdiction.* For an office to be held by one person, it must have been left *empty* by another, so that *ampt* = void to fill up, or vacancy; *vacuus* in Latin having a like import, and meaning not only *empty*, but *open*, or *at leisure to receive.* A connection with the Latin *emo*, so that an *ampt*, or *place*, is *id quod emptum est*, is probable.]

1. Containing nothing.

a. Simply.

I did never know so full a voice issue from so *empty* a heart; but the saying is true, the *empty* vessel makes the greatest sound.—*Shakespear, Henry V.* iv. 4.

The pit was *empty*, there was no water in it.—*Genesis*, xxxvii. 24.

If you have two vessels to fill, and you *empty* one to fill the other, you gain nothing by that: there still remains one vessel *empty*.—*T. Burnet, Theory of the Earth.*

b. By being *left*, or *made, void.*

Himself he frees by secret means unseen,
His shackles *empty* left, himself escaped clean.
Spenser, Faerie Queen.

Mr. Boyle has shewed, that air may be rarified above ten thousand times in vessels of glass; and the heavens are much *emptier* of air than any vacuum we can make below.—*Sir I. Newton.*

2. Unsatisfactory; unable to fill the mind or desires; vague.

Pleas'd in the silent shade with *empty* praise.
Pope.

3. Wanting anything to carry; unburdened; unfreighted.

When ye go, ye shall not go *empty*.—*Exodus*, iii. 21.

They beat him, and sent him away *empty*.—*Mark*, xii. 3.

Yet all the little that I got, I spent;
And still return'd as *empty* as I went.
Dryden, Translation of Virgil.

4. Hungry.

My falcon now is sharp and passing *empty*,
And till she stoop, she must not be full-gorg'd,
For then she never looks upon her lure.
Shakespear, Taming of the Shrew. iv. 1.

5. Wanting head; ignorant; unskillful; unfurnished with materials for thought.

His answer is a handsome way of exposing an *empty*, trifling, pretending pedant; the wit lively, the satire courtly and severe.—*Felton, Dissertation on reading the Classicks.*

6. Unfruitful; barren.

Seven *empty* ears blasted with the east wind.—*Genesis*, xli. 27.

7. Wanting substance; wanting solidity; vain.

The god of sleep there hides his heavy head,
And *empty* dreams on every leaf are spread.
Dryden, Virgil's Æneid.

As the *first element* in a *compound*, especially when the second element is participial in form.

How comes it that so many worthy and wise men depend upon so many unworthy and *empty-headed* fools?—*Sir W. Raleigh.*

He alleges that the satyrs carried platters full of fruit in their hands; but if they had been *empty-handed*, had they been ever the larger satyrs?—*Dryden, Dedication of the Translation of Juvenal's Satires.*

Émpty. *v. a.* Evacuate; exhaust; deprive of that which was contained in it.

The Euxine sea is conveniently situated for trade, by the communication it has both with Asia and Europe, and the great navigable rivers that *empty* themselves into it.—*Arbuthnot.*

Émpty. *v. n.* Become empty.

The chapel *empties*; and thou may'st be gone
Now, sun. *B. Jonson, Underwoods.*

Empúrple. *v. a.* Make of a purple colour. *Rare.*

Oft from the forrest wildings he did bring,
Whose sides *empurpled* were with smiling red.
Spenser, Faerie Queen, iii. 7, 17.

Spelt with *i.*

Now in loose garlands, thick thrown off, the bright
Pavement, that like a sea of jasper shone,
Impurpled with celestial roses smil'd.
Milton, Paradise Lost, iii. 362.

Empúzzle. *v. a.* Puzzle. *Rare.*

It hath *empuzzled* the enquiries of others to apprehend, and enforced them into strange conceptions to make out.—*Sir T. Browne.*

Empyéma. *s.* [Gr. ἐμπύημα.] Collection of purulent matter, or pus: (this latter word translating the Gr. πύον).

An *empyema*, or a collection of purulent matter in the breast, if not suddenly cured, doth undoubtedly impel the patient into a phthisical consumption.—*Harvey.*

There is likewise a consumption from an *empyema*, after an inflammation of the lungs; which may be known from a weight upon the diaphragm, oppression of the lungs, a difficulty of breathing, and inability to lie on one side, which is that which is sound.—*Arbuthnot, On the Nature and Choice of Aliments.*

Empýreal. *adj.* [see Empyreum.] Formed of the element of fire; pertaining to the highest and purest region of heaven.

It is easy to say much in exalting this happy state of solitude, all the space between earth and the *empyreal* heaven, the seat of the blessed, being the scope we have to extend our thoughts upon.—*W. Mountague, Devout Essays*, pt. i. p. 321: 1648.

Now went forth the morn,
Such as in highest heav'n, array'd in gold
Empyreal. *Milton, Paradise Lost*, vi. 12.

Go, soar with Plato to th' *empyreal* sphere,
To the first good, first perfect, and first fair. *Pope.*

With the *accent* on the *third* syllable.

But *empyreal* forms, howe'er in fight
Gash'd and dismember'd, easily unite. *Tickell.*

Empyréan. *s.* Highest heaven where the pure element of fire is supposed to subsist. See Empyreum.

The Almighty Father from above,
From the pure *empyrean*, where he sits
High thron'd above all height, bent down his eye.
Milton, Paradise Lost, iii. 56.

Under his burning wheels
The stedfast *empyrean* shook throughout,
All but the throne itself of God. *Ibid.* vi. 832.

The *empyrean* rung
With hallelujahs. *Ibid.* vii. 633.

Empyréan. *adj.* Empyreal. See Empyreum.

The clouds
Disparting wide in midway sky, withdrew
Their airy veil, and left a bright expanse
Of *empyrean* flame.
Akenside, Pleasures of Imagination, b. ii.

Empyréum. *s.* [Gr. ἐμπυραῖον; the *-e-* in the English form representing the dipthong *αι*. The same is the case in both Empyrean and Empyreal; so that, in each, the vowel has the same quantity, and ought to have the same accent. The difference, as given in the entries, rests solely on the authority of Milton. Etymologically, neither word is unexceptionable; both the *-n* (when *adjectival*, or preceded by *a*) and the *-l* being Latin rather than Greek elements.] Empyrean.

Through all the spheres
Of musick's heaven; and seat it there on high
In th' *empyræum* of pure harmony.
Crashaw, Musick's Duel.

Empyreúma. *s.* [Gr. ἐμπύρευμα, from πῦρ = fire.] Flavour or smell, from the burning of any matter in boiling or distillation.

The hopes of an elixir insensibly evaporate, and vanish to air, or leave in the recipient a foul *empyreuma.*—*Dr. H. More, Decay of Christian Piety.*

Empyreumátic. *adj.* Having the taste or smell of burnt substances.

It [the whisky] was strong, but not pungent, and was free from the *empyreumatick* taste or smell.—*Johnson, Journey to the Western Islands of Scotland.*

Empyreumátical. *adj.* Same as Empyreumatic.

Empyreumatical oils distilled by strong fires in retorts, may be brought to emulate essential oils drawn in limbicks.—*Boyle.*

Empýrical. *adj.* Containing the combustible principle of coal. *Rare.*

Of these and some other *empyrical* marks, I shall say no more, as they do not tell us the defects of the soils.—*Kirwan, On Manures*, p. 81.

Empyrósis. *s.* pl. *empyroses.* [Gr. ἐμπύρωσις] Conflagration; general fire. *Rare.*

The former opinion that held these cataclisms and *empyroses* universal, was such as held that it put a total consummation unto things in this lower world,

especially that of conflagration.—*Sir M. Hale, Origination of Mankind.*

Ému. *s.* [According to the first extract, a word that came from the Portuguese; probably, however, through a Dutch medium, and from an original belonging to one of the numerous languages of the Indian Archipelago. The spelling with the simple *-u* seems to be the English representation of the French *ou*; the pronunciation, in England at least, being *-ew*; *emeu* rhyming to *seamew*. In favour of *-eu* are the authorities of the old ornithologists in general, of some of the newer ones, and of the previous editions of this dictionary, wherein, however, it stands as a simple entry (*Emeu*) without any extract to support it. *Emu*, meanwhile, is the spelling of the British Museum, the Zoological Gardens, and the chief Australian authorities.]

The original application of this term was lax; denoting, at first (as may be seen from the following extract), a Cassowary. The Rhea, too, has been called the American emeu. At present the name is conveniently limited to the Australian genus Dromæus, which, as far as geographical distribution goes, is eminently natural.

Although many of the facts known with respect to the cassowary of the East Indies may, perhaps, be equally applicable to that of New Holland, yet as they have not been verified by comparison, we shall confine our notices of them to our account of the first species, which we shall designate by the name of *emu*, which was originally bestowed upon it by the Portuguese. The first *emu* seen in Europe was brought over by the Dutch, to whom the king of Cidaio, in the island of Java, made a present of it at the time of the first navigation to the Indies in the year 1597. Though this bird does not easily bear the voyage, there have been always some *emus* in Europe ever since that period. Of the New Holland cassowary, the bill of which is depressed, while that of the other is compressed laterally, M. Vieillot has formed a separate genus, under the name of *emou* or Dromaius. This cassowary is tolerably common in the environs of Botany Bay and Port Jackson. It is very wild, and runs faster than a greyhound. Its flesh is not so ill-flavoured as that of the *emu*, and has a taste somewhat resembling that of beef.—*Translation of Cuvier's Règne Animal.*

The only vocal sound the *emu* has been heard to utter is a low booming or pumping noise, which we know is produced in the female by means of the expansion and contraction of a large membranous bag, surrounding an oblong opening through the rings of the trachea; but whether this peculiarity of structure is also to be found in the male I am not aware.—*Gould, Birds of Australia.*

In the *emeu* it is interesting to observe that each clavicle commences by a distinct ossification, and long continues separate from the scapula; it does not reach the sternum, but holds the same relative situation as the continuous acromial or clavicular process of the scapula in the other struthious birds. —*Owen, Anatomy of Vertebrates*, ii. 66.

Émulate. *v. a.* [Lat. *æmulatus*, preterite part. of *æmulor*; *æmulatio, -onis*; *æmulus.*]

1. Rival; propose as one to be equaled or excelled; imitate with hope of equality, or superior excellence; equal (i.e. when the rivalry is successful).

I see how thy eye would *emulate* the diamond.—*Shakespear, Merry Wives of Windsor*, iii. 3.

I would have
Him *emulate* you: 'tis no shame to follow
The better precedent. *B. Jonson, Catiline.*

Those fair ideas to my aid I'll call,
And *emulate* my great original.
Dryden, Aurengzebe.

What though no weeping loves thy ashes grace,
Nor polish'd marble *emulate* thy face? *Pope.*

We see no new-built palaces aspire,
No kitchens *emulate* the vestal fire. *Id.*

2. Resemble. *Latinism.*

It is likewise attended with a delirium, fury, and an involuntary laughter, the convulsion *emulating* this motion.—*Arbuthnot.*

Émulate. *adj.* Ambitious; desirous to rival or excel. *Rare.*

Thereto prick'd on by a most *emulate* pride.
Shakespear, Hamlet, i. 1.

Emulátion. *s.*

1. Rivalry; desire of superiority.

The apostle exhorts the Corinthians to an holy and general *emulation* of the charity of the Macedonians, in contributing freely to the relief of the poor saints at Jerusalem.—*South, Sermons.*

2. In a *bad* sense. Envy; desire of depressing another; contest; contention; discord.

There was neither envy nor *emulation* amongst them.—1 *Maccabees*, viii. 16.

Idolatry, witchcraft, hatred, variance, *emulations*, wrath, strife.—*Galatians*, v. 20.

What madness rules in brainsick men,
When for so light and frivolous a cause,
Such factious *emulations* shall arise!
Shakespear, Henry VI. Part I. iv. 1.

Émulative. *adj.* Inclined to emulation; rivaling; disposed to competition.

Nor can a fairer kindred title move
His *emulative* age to glory's love
Than Edward, laureate prince.
T. Warton, Verses on the Birth of the Prince of Wales, 1762.

Émulator. *s.* Rival; competitor; one who is jealous of another.

In superiours it quencheth jealousy, and layeth their competitors and *emulators* asleep.—*Bacon, Essays.*

I'll tell thee, Charles; it is the stubbornest young fellow of France; full of ambition, an envious *emulator* of every man's good parts.—*Shakespear, As you like it*, i. 1.

A youth at first despised and slighted by the experience and haughtiness of his jealous *emulators*; but after bowed and kneeled to, by all that drew breath under the wing of the Roman eagle.—*Fell-tham, Resolves*, ii. 85.

Shenaar, signifieth, Dens Æmuli, the tongue of the envious, or *emulator*, the same with Dens Theoninus.—*Whitlock, Observations on the present Manners of the English*, p. 444: 1654.

Émulatory. *adj.* Arising out of, or connected with, emulation or rivalry.

Whether some secret and *emulatory* brawles passed between Zipporah and Miriam, or whether now that Jethro and his family was joyned with Israel, there were surmises of transporting the government to strangers; the exceptions were frivolous. — *Bishop Hall, Contemplations, Aaron and Moses.* (Ord MS.)

Émulatress. *s.* Female emulator. *Rare.*

Historiographers should be very precise, true, and unpassionate: neither profit or fear, rancour or affection, should make them to tread awry from the truth, whose mother is history; the *emulatress* of time, the depository of actions, the witness of things past, and advertiser of things to come.—*Skelton, Translation of Don Quixote*, p. 16.

Émule. *v. a.* Emulate. *Rare.*

He, sitting me beside in that same shade,
Provoked me to play some pleasant fit; ...
Yet, *æmuling* my pipe, he took in hond
My pipe, before that *æmuled* of many,
And plaid thereon; for well that skill he cond.
Spenser, Colin Clout.

Whom *emuling* I deftly learn'd to sing.
Edwards, Sonnet, Canons of Criticism, p. 296: 1758.

Emúlgent. *adj.* [Lat. *emulgens, -entis*, pres. part. of *emulgeo* = milk out.] In *Anatomy.* See extract.

Emulgent vessels are the two large arteries and veins which arise, the former from the descending trunk of the aorta, or great artery; the latter from the vena cava. They are both inserted into the kidneys; the *emulgent* arteries carrying blood with the serum to them, and the *emulgent* veins bringing it back again, after the serum has been separated therefrom by the kidneys.—*Harris.*

Emúlgent. *s.* Emulgent vessel.

It doth furnish the left *emulgent* with one vein.—*Sir T. Browne.*

Émulous. *adj.*

1. Rivaling; engaged in competition.

What the Gaul or Moor could not effect,
Nor *emulous* Carthage, with her length of spite,
Shall be the work of one. *B. Jonson, Catiline.*

Like *emulous* courtiers, that gape and vie for the next preferment. — *Bishop Hall, Contemplations*, b. iv.

One of those great controversies which were agitated between the *emulous* schools of Sammai and Hillel.—*Id., Cases of Conscience.*

May we live so far
From difference, or *emulous* competition,
That all the world may say, although two bodies,
We have one mind.
Beaumont and Fletcher, The Prophetess.

She is in perpetual diffidence, or actual enmity with her, but always *emulous* and suspectful of her. —*Howell, Vocall Forrest.*

2. Desirous of superiority; desirous to rise above another; desirous of any excellence possessed by another: (with *of* before the *object* of emulation).

By fair rewards our noble youth we raise
To *emulous* merit, and to thirst of praise. *Prior.*

Good Howard, *emulous of* the Grecian art. *Id.*

The regular course of quiet and contented industry is unsettled; habits of wasteful and *emulous* expenditure are introduced.—*Southey, Naval History of England*, ch. v.

His [Sir R. Walpole's] predecessors, both whig and tory, had paid court with *emulous* munificence to the wits and the poets.—*Macaulay, Essays, Walpole's Letters.*

3. Contentious.

Whose glorious deeds, but in these fields of late,
Made *emulous* missions 'mongst the gods themselves,
And drave great Mars to faction.
Shakespear, Troilus and Cressida, iii. 3.

Émulously. *adv.* In an emulous manner; with the desire of excelling or outgoing another.

So tempt they him, and *emulously* vie
To bribe a voice, that empires would not buy.
Granville.

Of friendship's fairest fruits, the fruit most fair
Is virtue kindling at a rival fire,
And *emulously* rapid in her race.
Young, Night Thoughts, ii.

Emúlsion. *s.* [Lat. *emulsio, -onis*; from the same root as *emulgeo.* See Emulgent.] In *Pharmacy.* Draught (generally white and like milk) prepared from mild oily substances, such as almonds.

The aliment is dissolved by an operation resembling that of making an *emulsion*; in which operation the oily parts of nuts and seeds, being gently ground in a marble mortar, and gradually mixed with some watery liquor, or dissolved into a sweet, thick, turbid, milky liquor, resembling the chyle in an animal body.—*Arbuthnot, On the Nature and Choice of Aliments.*

Emúnctories. *s.* [Lat. *emunctorium.*] Parts of the body where anything excrementitious is separated or collected, to be in readiness for ejectment.

Superfluous matter deflows from the body unto their proper *emunctories.*—*Sir T. Browne, Vulgar Errours.*

There are receptacles in the body of man, and *emunctories* to drain them of superfluous choler.—*Dr. H. More, Antidote against Atheism.*

Discoursing of the lungs, I shew that they are the grand *emunctory* of the body; that the main end of respiration is continually to discharge and expel an excrementitious fluid out of the mass of blood.—*Woodward, Essay towards a Natural History of the Earth.*

The regimen in quinsies, which proceed from an obstruction of the glands, must be to use such warm liquors as relax those glands, such as, by stimulating, open the *emunctories* to secern the humour.—*Arbuthnot, On the Nature and Choice of Aliments.*

Emuscátion. *s.* [Lat. *muscus* = moss.] Clearing from moss. *Rare.*

The most infallible art of *emuscation* is taking away the cause by dressing with lime.—*Evelyn*, ii. vii. § 8.

En-. Inseparable element in certain compounds, in all of which it is a prefix. Followed by *b*, *p*, or *m*, it becomes *em*, as may be seen from the preceding entries. It is the French *en*, which is itself formed from the Latin *in*.

In respect to its import and the extent to which it affects our orthography, the following somewhat lengthy remarks must be excused on the strength of the importance of the entries under both En- and In-; between which there is much confusion, and in the details whereof some considerable alteration will be made. Many words, in the previous editions, are entered under both; some of them being spelt, at the present time, differently from what the authority of Johnson recommended. In others the examples and the entry are at variance. Johnson seems to have favoured the spelling with *i*; many of the words which are spelt with *e* beginning, in his dictionary, with *i*; the converse being comparatively rare. In Todd and Richardson we have similar double entries. Nor will this be wholly avoided in the present edition, though the anomalies will be fewer. Todd seems to have favoured *e*. His

strictures, however, upon his principal and predecessor, carry us but a little way. He remarks that if Johnson had looked more closely to the origin of the several words than he did, he might have been more uniform. *Enquire* and *entire* are from the French; *integrity* and *inquire* from the Latin. This may be found in Johnson's own preface. Nor does the remark touch the real difficulties of the question; the chief of which lie in those compounds wherein the second element is neither Latin nor French, but English; such as *bold*, *bitter*, and others, giving ? *embolden* or ? *imbolden*, ? *embitter* or ? *imbitter*, or both, as the case may be. Richardson, whose principle of giving his extracts in their original spelling is one of many useful points in his dictionary, enters each word according to the examples he finds of it. He regrets, however, the want of uniformity, and, after quoting Ben Jonson as evidence that even in the time of Elizabeth the confusion between *e* and *i* in pronunciation was common, and after drawing attention to the difference between the negative and augmentative prefixes, adds that 'it might avoid confusion if the *augmentatives* were always written with *e*.' This is a different principle from Todd's; being logical, or determined by the meaning of the word, rather than etymological, or determined by its origin. How much commoner the use of the prefix under notice is than any dictionary shows, or any lexicographer would think it worth while showing, is suggested by the following extract: —'*En*, in composition, was used by our old writers more lavishly than now. Skelton appears to have wantoned in such compounds. In the very short space of six pages, in Mr. Chalmers's edition of the Poets, the following occur; of which (as they have not been met with elsewhere) the bare enumeration must suffice; viz. *en*craumpysh (i. e. *en*cramp), *en*sowk, *en*hack, *en*hard, *en*crisp, *en*galaxy, *en*lozenge, *en*pave, *en*vaut, *en*bulion, *en*glase, *en*crown, *en*tacle, *en*sand, *en*turf, *en*grape, *en*gush, *en*swymm, *en*silure (*en*silver), *en*glister, *en*verdure, *en*brethe, *en*beauty, *en*bud, *en*picture, *en*flore, *en*vive.' (*Rich.*)

The difference, suggested by Richardson, between the negative and the augmentative *in-* gives us the first element in our criticism; the word Augmentative being borrowed from the Latin grammarians. '*In*,' writes Facciolati, 'in compositione multiplicem vim habet, modo enim *intendit auget*que, ut *increpo*, *insono*, *infractus*; modo (idque sæpius) negat privatque, ut *insanus*, *ineptus*; modo *contra* significat, ut *insulto*; modo *intro*, ut *ingredior*; modo *intus*, ut *inædifico*, *inambulo*; modo *supra*, ut *immineo*.'

Here we have, at least, three powers for *in*:—

1. The ordinary one of *in*clusion; in which the word is simply the prepositional and adverbial *in*.

2. The Negative, which has probably a different origin.

3. The Augmentative, or Intensive; both terms being exceptionable, the latter, perhaps, the least so. This is the use that gives us *instruction* from *struo*, and others. To generalize the import of this would require a longer induction than has yet been accomplished; one, however, which belongs to Latin rather than to English philology. What touches us are the facts that:

1. The English *in-* and the Latin *in-*, when simply inclusive, coincide; the *in-* in *income*, being the *in-* in *in-clude*.

2. The Latin *in-*, when negative, is the English *un-*, as *in-cognitus*, *un-known*.

3. The *in-* intensive, or augmentative, *has no equivalent in English*; the inference from this want of coincidence being that whenever *in-*, with an intensive power, is combined with an English root, the word is hybrid; i.e. neither wholly Latin nor wholly English, but one of which the parts were put together on English ground, each element belonging to a different language.

The next complication arises from the French *en-*. In the French the Latin *in-* not only becomes *en-*, but the use of it as an intensive element is largely increased. Meanwhile the Italian follows the Latin, and keeps to *in-*; a point of minor importance, but one which must not be wholly overlooked.

To apply all this, it would seem that, in the first instance at least, we should ask in each particular word, how it was made up, whether by prefixing to an English root the Latin or the French form; the one giving *imbitter* and *imbolden*, the other *embitter* and *embolden*. But the answer is impossible. Even if the history of every word were known, there may have been two concurrent formations, or the original one may have undergone a change since its coinage. Fortunately, however, it is certain, that in the great majority of cases it was the *French* prefix that was adopted, i.e. the form in *em-*. The presumptions arising out of the practical contact of that language with the English favour this view. The general spelling does the same. Hence, *as a rule*, the editor suggests that *in hybrid words* the syllable *en-* be considered the prefix; the only exceptions being certain words in which, despite of their origin, the spelling with *i* has taken too firm root to admit of alteration. In *Impeach*, which is wholly French, this is, perhaps, the case. At any rate it is left as it was found. *Ensurance*, instead of *Insurance*, is the entry of the previous editions.

So much for the *en-* augmentative. For the *en-* inclusive, or rather for the question as to whether it has any existence, see En-wrap.

Enáble. *v. a.* Make able; empower; supply with strength or ability.

I thank Christ Jesus our Lord, who hath *enabled* me, for that he counted me faithful, putting me into the ministry.—1 *Timothy*, i. 12.

His great friendship with God might *enable* him, and his compassion might incline him.—*Bishop Atterbury.*

He points out to him the way of life, strengthens his weakness, restores his lapses, and *enables* him to walk and persevere in it.—*Rogers.*

Enáblement. *s.* Ability; power to do a thing; act of enabling.

Learning hath no less power and efficacy in *enablement* towards martial and military virtue and prowess.—*Bacon, Advancement of Learning*, b. i.

They owe much of these furtherances and *enablements* to the civil discipline and politick literature of courts.—*W. Mountague, Devout Essays*, p. 118: 1648.

Enábling. *part. adj.* Giving power; investing with power or authority; empowering: ('*enabling* powers' is now common in speaking of the authority of companies, by their bylaws, to act in certain matters with a certain discretion).

Enáct. *v. a.*

1. Act; perform; effect. *Obsolete.*

In true balancing of justice, it is flat wrong to punish the thought or purpose of any before it be *enacted*.—*Spenser, View of the State of Ireland.*

Valiant Talbot, above human thought,
Enacted wonders with his sword and lance.
Shakespear, Henry VI. Part I. i. 1.

2. Establish by law; decree, or Act, of the legislature.

It is *enacted* in the laws of Venice,
If it be proved against an alien,
He seeks the life of any citizen,
The party, 'gainst the which he doth contrive,
Shall seize on half his goods.
Shakespear, Merchant of Venice, iv. 1.

The senate were authors of all counsels in the state; and what was by them consulted and agreed, was proposed to the people, by whom it was *enacted* or commanded.—*Sir W. Temple.*

3. Represent as a dramatic actor; act, in its theatrical sense. *Obsolete.*

And what did you *enact*?—I did *enact* Julius Cæsar.—*Shakespear, Hamlet*, iii. 2.

Enáctive. *adj.* Having power to establish or decree.

An *enactive* statute regardeth only what shall be, but a declarative regardeth what is and what hath been.—*Archbishop Bramhall, Schism guarded and beaten back*, p. 271: 1658.

Enáctment. *s.* Thing enacted; order or official act conveying or embodying it.

It was but reasonable that every conspiracy against the administration should be detected and punished; yet what terrible slaughters succeeded in consequence of its *enactment* [the lex lesæ majestatis]; proscriptions, stranglings, poisonings, in almost every family of distinction.—*Goldsmith, Citizen of the World.*

Enáctor. *s.* One who enacts.

The great Author of our nature, and *enactor* of this law of good and evil, is highly dishonoured.—*Bishop Atterbury.*

Enácture. *s.* Purpose; determination; decree. *Rare.*

What to ourselves in passion we propose,
The passion ending, doth the purpose lose:
The violence of either grief or joy
Their own *enactures* with themselves destroy.
Shakespear, Hamlet, iii. 2.

Enámbush. *v. a.* Hide in ambush; hide with hostile intention. *Rare.*

They went within a vale, close to a flood, whose stream
Us'd to give all their cattle drink, they there *enambush'd* them.
Chapman, Translation of the Iliad.

Enámel. *s.* [Fr. *émail.*]

1. Process, or its result, of painting on some fireproof substance, and subsequently fixing the colour by firing.

There are various sorts of coloured glasses, pastes, *enamels*, and factitious gems.—*Woodward, On Fossils.*

He [Sir W. Hamilton] left him her portrait in *enamel*, calling him his dearest friend, the most virtuous, loyal, and truly brave character he had ever known.—*Southey, Life of Nelson*, i. 188.

Used *metaphorically.*

Down from her eyes welled the pearles round,
Upon the bright *enamel* of her face;
Such honey drops on springing flowers are found,
When Phœbus holds the crimson morn in chace.
Fairfax.

2. Of the teeth. See Ivory.

Enámel. *v. a.* [see last extract.] Variegate with colours, properly with colours fixed by firing.

Must I, alas!
Frame and *enamel* plate, and drink in glass?
Donne.

[*Enamel.*—French, *esmail*, *émail*, amel or enamel. (Cotgrave.) Italian, *smalto*; German, *schmelz*, *schmelzglas*, smalt, colours produced by the melting of glass with a metallic oxide. German, *schmelzen*, to melt. Italian, *smaltare*; Spanish, *esmaltar*, to enamel. Perhaps the loss of the final *t* in French *esmailler* has arisen from the influence of Dutch *maelen*, to paint; *maeler van glas*, encaustes; *maelerie*, *maelie*, encaustum, enamel; *maelëren*, to enamel. (Kilian.)—*Wedgwood, Dictionary of English Etymology.*]

Enámel. *v. n.* Practise the use of enamel.

Though it were foolish to colour or *enamel* upon the glasses of telescopes, yet to gild the tubes of them may render them more acceptable to the users, without lessening the clearness of the object.—*Boyle.*

Enámeling. *verbal abs.* Process or act of one who enamels.

The colouring of furs; *enameling*, and anealing.—*Sir W. Petty, Sprat's History of the Royal Society*, p. 286.

Enámorádo. *s.* [Spanish.] One deeply in love.

An *enamorado* neglects all other things to accomplish his delight.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 74.

Enámoráto. *s.* ? Approximate Italian form of the preceding; ? approximate form of the same as a Spanish word: (the true Italian is *innamorato*, the Spanish, *-ado*).

To own the truth, I look upon enthusiasm, in all other points but that of religion, to be a very necessary turn of mind, as indeed it is a view which nature seems to have marked, with more or less strength, in the tempers of most men. No matter what the object is, whether business, pleasure, or the fine arts; who ever pursues them to any purpose, must do so con amore; and *enamoratos*, you know, of every kind, are all enthusiasts.—*Melmoth, Fitzosborne, Letter* 1. (Ord MS.)

Enámour. *v. a.* Inflame with love; make fond: (often with *of* before the *thing* or *person* loved).

My Oberon! What visions have I seen!
I thought I was *enamour'd of* an ass.
Shakespear, Midsummer-Night's Dream, iv. 1.

He, on his side,
Leaning half-rais'd, with looks of cordial love,
Hung over her *enamour'd*.
Milton, Paradise Lost. v. 13.

'Tis hard to discern whether is in the greatest errour, he who is *enamour'd of* all he does, or he whom nothing of his own can please.—*Dryden, Translation of Du Fresnoy's Art of Painting*.

Enárch. *v. a.* Arch.

Enárched. *part. adj.* Arched.

And in a porch bilt of square stones,
Full mightily *enarched* enviton,
Where the domes and ples of the town
Were executed, and lawes of the king.
Lydgate, The Story of Thebes, pt. ii. (Rich.)

Enarrátion. *s.* Explanation; exposition; narration. *Rare.*

St. Augustine in his *enarration* upon this psalm, according to his wont, betakes him to an allegorical exposition.—*Hakewill, Apology*, p. 77.

I might further yet confirm this truth by an anatomical *enarration* of the several compounding parts of these limbs.—*Smith, Portrait of Old Age*, p. 68.

Enarthrósis. *s.* [Gr., from ἄρθρον = joint.] Insertion of one bone into another to form a joint.

Enarthrosis is where a good round head enters into a cavity, whether it be cotyla, or profound cavity, as that of os coxæ, receiving the head of the os femoris; or glene, which is more shallow, as in the scapula, where it receives the humerus.—*Wiseman, Surgery*.

Enáscent. *adj.* Taking birth; incipient; beginning to develop.

But he begins with explaining, *in* a comparison, by *by* comparison; in which you just get the first glympse, as it were, of an *enascent* equivocation.—*Warburton, On several occasional Reflections*, pt. ii. (Rich.)

Enáte. *adj.* [Lat. *e* = out, and *natus* = born, from the root of *na-scor* = be born; pres. part. *nascens, -entis*.] Growing out.

Osteologers have very well observed, that the parts appertaining to the bones, which stand out at a distance from their bodies, are either the adnate or the *enate* parts, either the epiphyses, or the apophyses of the bones.—*Smith, Portrait of Old Age*, p. 176.

Encáge. *v. a.* Shut up as in a cage; coop up; confine.

Like Bajazet *encag'd*, the shepherd's scoff,
Or like slack-sinew'd Samson, his hair off.
Donne, Poems, p. 145.

And more than life I lov'd my liberty,
And much suspected all that would engage
My heart to their own sect, and free-born soul *encage*.
Dr. H. More, Song of the Soul, i. 2, 121.

Spelt with *i*.

He suffer'd his kinsman March,
Who is, if every owner were right plac'd,
Indeed, his king, to be *incag'd* in Wales,
There without ransom to lie forfeited.
Shakespear, Henry IV. Part I. iv. 3.

Encálendar. *v. a.* Register in, or as in, a calendar, especially that of the Saints of the Church.

For saints preferred,
Of which we find these four have been,
And with their leader still to live *encalender'd*.
Drayton, Polyolbion, xxiv.

Encámp. *v. n.* Pitch tents; halt for a time in a march; settle in a temporary habitation.

He *encamped* at the mount of Gôd.—*Exodus*, xiii. 5.

Encámp. *v. a.* Form an army into a regular camp; order to encamp.

The people were *encamped* against Gibbethon.—1 *Kings*, xvi. 15.

Some of the men belonging to the fleet, in an excursion up the country, had fallen in with one of Alexander's soldiers, and learnt from him, that the king was *encamped* only five days' march from the sea: by him Nearchus was brought to the governor, who hastened to the camp with the joyful tidings.—*Bishop Thirlwall, History of Greece*, ch. liv.

Encámping. *verbal abs.* Place where tents are pitched; camp.

In such and such a place shall be my camp, [in the margin, *encamping*.]—2 *Kings*, vi. 8.

The French knew how to make war with the English, by not putting things to the hazard of a battle, but wearing them by long sieges of towns and strong fortified *encampings*.—*Bacon*.

Encámpment. *s.* Act of encamping, or pitching tents; camp; tents pitched in order.

Their enemies served to improve them in their *encampments*, weapons, or something else.—*Grew*.

When a general bids the martial train
Spread their *encampment* o'er the spacious plain,
Thick rising tents a canvass city build. *Gay, Trivia*.

Encánker. *v. a.* Corrode; corrupt; canker. *Rare.*

What needeth me for to extoll his fame
With my rude pen *encankered* all with rust?
Skelton, Elegy on the Earl of Northumberland.

Encáse. *v. a.* Enclose or hide as in a case or cover.

You would *encase* yourself, and I must credit you,
So much my old obedience compels from me.
Beaumont and Fletcher, Little Thief.

It remains to speak of Lord Chatham as a private man, and he appears to have been in all respects exemplary and amiable. His disposition was exceedingly affectionate. The pride, bordering upon insolence, in which he showed himself *encased* to the world, fell naturally from him, and without any effort to put it off, as he crossed the threshold of his own door. To all his family he was simple, kindly, and gentle.—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Lord Chatham*.

Encaústic. *adj.* (often, perhaps oftenest, used *substantivally*.) [Gr. ἐγκαυστικός; Fr. *encaustique*; from καίω = burn.] Belonging to the art of painting on earthenware in which the colours are burnt in; coarser kind of enamel.

But what interested them more than the gallery or the rich saloons, or even the baronial hall, was the chapel. . . . The walls and vaulted roofs painted in *encaustic* by the first artists of Germany, and representing the principal events of the second Testament, produced an effect that stifled them into silence.—*Disraeli the younger, The young Duke*, b. ii. ch. iv.

Encáve. *v. a.* Hide as in a cave. *Rare.*

Do but *encave* yourself,
And mark the fleers, the gibes, and notable scorns,
That dwell in ev'ry region of his face;
For I will make him tell the tale anew.
Shakespear, Othello, iv. 1.

Encávern. *v. a.* Enclose in, or as in, a cavern. *Rare.* (spelt with *i*.)

The Lid creeps on along, and, taking Thrushel, throws
Herself among the rocks, and so *incavern'd* goes.
Drayton, Polyolbion, i. (Ord MS.)

Encháfe. *v. a.* Enrage; irritate; provoke. *Rare.*

Enchafed. *part. adj.* Chafed into rage.

The wind-shak'd surge, with high and monstrous main,
Seems to cast water on the burning bear,
I never did like molestation view
On the *enchafed* flood. *Shakespear, Othello*, ii. 1.

Enchaín. *v. a.*

1. Fasten with a chain; hold in chains; bind; hold in bondage.

What should I do? while here I was *enchain'd*,
No glimpse of godlike liberty remain'd.
Dryden, Virgil's Æneid.

2. Link together.

The one contracts and *enchains* his words, speaking pressingly and short; the other delights in long-breathed accents.—*Howell*.

Enchaínment. *s.* Connection by means of a chain; fastening; linking; concatenation.

And we shall see such a connection and *enchainment* of one fact to another, throughout the whole, as will force the most backward to confess, that the hand of God was, of a truth, in this wonderful defeat.—*Bishop Warburton, On Julian's Attempt to rebuild the Temple*, ii. 3.

Enchánt. *v. a.* [Fr. *enchanter*.]

1. Give efficacy to anything by songs of sorcery.

And now about the cauldron sing,
Like elves and fairies *in* a ring,
Enchanting all that you put in.
Shakespear, Macbeth, iv. 1.

2. Subdue by, or as by, charms or spells; fascinate.

Arcadia was the charmed circle, where all bad spirits for ever should be *enchanted*.—*Sir P. Sid*

John thinks them all *enchanted*: he enquires if Nick had not given them some intoxicating potion.—*Arbuthnot*.

Enchánted. *part. adj.* Acted on, influenced, or formed, by enchantment or magic.

These powerful drops thrice on the threshold pour,
And bathe with this *enchanted* juice her door;
That door where no admittance now is found,
But where my soul is ever hov'ring round.
Granville.

Enchánter. *s.* One who enchants or charms; magician; sorcerer.

Such phasms, such apparitions, are excellencies which men applaud in themselves, conjured up by the magick of a strong imagination, and only seen within that circle in which the *enchanter* stands.—*Dr. H. More, Decay of Christian Piety*.

Gladio, by valour and stratagem, put to death tyrants, *enchanters*, monsters, and knights.—*Spectator*.

Arden, that black *enchanter*, whose dire arts
Enslav'd our knights, and broke our virgin hearts.
Granville.

Enchánting. *part. adj.* Charming.

One whom the musick of his own vain tongue
Doth ravish, like *enchanting* harmony.
Shakespear, Love's Labour's lost, i. 1.

Enchántingly. *adv.* In an enchanting manner.

He's gentle; never school'd, and yet learn'd: full of noble device; of all sorts *enchantingly* beloved.—*Shakespear, As you like it*, i. 1.

Enchántment. *s.*

1. Magical charms; spells; incantation; sorcery.

The Turks thought that tempest was brought upon them by the charms and *enchantments* of the Persian magicians.—*Knolles, History of the Turks*.

2. Irresistible influence; overpowering delight.

Warmth of fancy will carry the loudest and most universal applause, which holds the heart of a reader under the strongest *enchantment*.—*Pope, Preface to Translation of Homer's Iliad*.

Enchántress. *s.*

1. Sorceress; woman versed in magical arts.

Fell banning hag! *enchantress*, hold thy tongue.
Shakespear, Henry VI. Part I. v. 3.

I have it by certain tradition, that it was given to the first who wore it by an *enchantress*.—*Tatler*.

2. Woman whose beauty or excellencies give irresistible influence.

From this *enchantress* all these ills are come:
You are not safe till you pronounce her doom.
Dryden.

Enchárge. *v. a.* Entrust with; give in charge to. *Rare.*

We know that the evil spirits cannot be more full of malice to work our harm, than the blessed angels are full of charity, and well-wishing to mankind; and the evil are only let loose to tempt us by a permission of the Almighty, whereas the good are by a gracious delegation from God *encharged* with our custody.—*Bishop Hall, Soliloquies*, § 8.

Encháse. *v. a.*

1. Partially enclose anything in another body, so as to be fixed, but not hid: (applied chiefly to *jewels*).

We *enchase* our discourse with bitter language as with pearls, and never think we reprove except we be contumelious.—*Hales, Golden Remains*, p. 8.

Like polish'd ivory, beauteous to behold;
Or Parian marble, when *enchas'd* in gold.
Dryden, Virgil's Æneid

2. Adorn by work akin to that of the jeweler, such as fretting, raising, or embossing; engraving.

My ragged rimes are all too rude and base,
Her heavenly lineaments for to *enchase*.
Spenser, Faerie Queen, i. 12, 23.

A mazer yrought of the maple ware,
Wherein is *enchased* many a fair sight
Of bears and tigers.
Id., Shepherd's Calendar, August.

When was old Sherwood's head more quaintly curl'd,
Or look'd the earth more green upon the world,
Or nature's cradle more *enchas'd* and purl'd?
B. Jonson.

3. Applied to the gems or objects used, rather than to the workmanship.

What see'st thou there? King Henry's diadem,
Enchas'd with all the honours of the world!
Shakespear, Henry VI. Part II. i. 2.

They houses burn, and household gods deface,
To drink in bowls which glitt'ring gems *enchase*.
Dryden.

Encheár. *v. a.* Cheer. *Rare.*

And on his soveraine throne gan strait dispose
Himselfe, more full of grace and majestie,
That mote *encheare* his friends, and foes might terrifie. *Spenser, Faerie Queen.* (Rich.)

Encheáson. *s.* [N.Fr. *enchaison*; Lat. *occasio*.] Occasion. *Rare.*

Certes, said he, well mote I shame to tell
The fond *encheason* that me hither led.
Spenser, Faerie Queen.

Encheck. *v. a.* Checker. *Rare.*

The upper garment of the stately queen
Is rich gold tissue on a ground of green;
Where th' artful shuttle rarely did *encheck*
The cangeant-colour of a mallard's neck.
Sylvester, Du Bartas. (Ord MS.)

Enchirídion. *s.* [Gr. from ἐν = in, and χείρ = hand.] Little book which one may carry in the hand; manual; handbook.

As witnesseth Bartholinus in his *enchiridion* of natural philosophy.—*Hakewill, Apology*, p. 152.

Enchórial. *adj.* [Gr. ἐγχώριος; from ἐν = in, and χῶρος = place.] Native; indigenous; popular; demotic: (chiefly used in *Egyptology*). See extract; also Hieratic and Hieroglyphic.

It is remarkable that the translation of a gospel into Coptic introduced a Greek alphabet into the Coptic language. Though for all religious purposes the scribes continue to use the ancient hieroglyphics, in which we trace the first steps by which pictures are made to represent words and syllables rather than letters, yet for the common purposes of writing they had long since made use of the *enchorial* or common hand, in which the earlier system of writing is improved by the characters representing only letters. But, as the hieroglyphics were also always used for carved writing on all subjects, and the common hand only used on papyrus with a reed pen, the latter became wholly an indistinct running hand. . . . It was only on the ancient hieroglyphics thus falling into disuse that the Greeks of Alexandria, almost for the first time, had the curiosity to study the principles on which they were written. Clemens Alexandrinus, who thought no branch of knowledge unworthy of his attention, gives a slight account of them, nearly agreeing with the results of our modern discoveries. He mentions the three kinds of writing; first, the *hieroglyphic*; secondly, the *hieratic*, which is nearly the same, but written with a pen, and less ornamental than the carved figures; and, thirdly, the epistolographic, or common alphabetic writing, now usually called the *enchorial*. He then divides the hieroglyphic into the alphabetic and the symbolic; and lastly, he divides the symbolic characters into the imitative, the figurative, and the allegorical.—*Sharpe, History of Egypt*, ch. xiv.

Encírcle. *v. a.* Surround; environ; enclose in a ring or circle.

There let them all *encircle* him about,
And, fairy-like, to-pinch the unclean knight.
Shakespear, Merry Wives of Windsor, iv. 4.

Encírclet. *s.* Small circle; ring. *Rare.*

In whose *encirclets* if ye gaze,
Your eyes may tread a lover's maze. *Sir P. Sidney.*

Encleár. *v. a.* Clear. *Rare.*

While light of lightnings flash
Did pitchy cloudes *encleare*.
Sir P. Sidney, Psalm 87. (Rich.)

Enclític. *s.* [Gr. ἐγκλιτικός; from root of κλίνω = slope.] In *Grammar*. Particle which throws back the accent upon the foregoing syllable.

It is observed too often that men of wit do so much employ their thoughts upon fine speculations, that things useful to mankind are wholly neglected; and they are busy in making emendations upon some *encliticks* in a Greek author, while obvious things, that every man may have use for, are wholly overlooked.—*Tatler*, no. 18.

This diversity between the contradistinctive pronouns and the *enclitic*, is not unknown even to the English tongue. When we say, 'Give me content,' the me in this case is a perfect *enclitic*. But when we say, 'Give mé content, give him his thousands,' the me and him are no longer *enclitics*; but as they stand in opposition, and assume an accent of their own, and so become the true ὀρθοτονούμεναι, i.e. uprightly accented.—*Harris, Hermes*, b. i. ch. v.

Encloíster. *v. a.* Shut up in, or as in, a cloister.

The Gentiles appropriated the name of a temple to this notion of *encloistering* a deity by an idol.—*Mede, Churches*, p. 65: 1638.

Enclóse. *v. a.*

1. Part off, or separate, from common ground by a fence.

As much land as a man tills, and can use the product of, so much he by his labour *encloses* from the common.—*Locke.*

2. Environ; encircle; surround; encompass; shut in between other things; include.

The peer now spreads the glitt'ring forfex wide
T' *enclose* the lock, now joins it to divide. *Pope.*

Enclósed. *part. adj.* Fenced; laid out in enclosures, closes, or fields (as 'an *enclosed* country'); contained; (in the second extract) private.

The protector caused a proclamation to be set forth against enclosures, commanding that they who had *enclosed* lands, accustomed to lie open, should lay them open again.—*Sir J. Hayward.*

Adultery itself, in its principle, is many times nothing but a curious inquisition after, and envying of, another man's *enclosed* pleasures.—*Jeremy Taylor, Rule and Exercises of Holy Living.* (Ord MS.)

Enclóser. *s.* One who encloses or separates common fields into several distinct properties.

If God had laid all common, certainly
Man would have been th' *encloser*; but since now
God hath inpal'd us, on the contrary,
Man breaks the fence. *G. Herbert.*

Enclósing. *verbal abs.* Act of one who encloses; enclosure.

The fourth row a beryl, and an onyx, and a jasper: they shall be set in gold in their *enclosings*.—*Exodus*, xxviii. 20.

For *enclosing* of land, the usual way is with a bank set with quick.—*Mortimer, Husbandry.*

Enclósure. *s.*

1. Act of enclosing or environing anything.

The membranes are for the comprehension or *enclosure* of all these together.—*Bishop Wilkins, Mathematical Magick.*

2. Separation of common grounds into distinct possessions; land enclosed.

Enclosures began to be frequent, whereby arable land was turned into pasture.—*Bacon, History of the Reign of Henry VII.*

Touching *enclosures*, a company of lands enclosed are thereby improved in worth two or three parts at the least.—*Sir J. Hayward.*

'Tis not the common, but the *enclosure* must make him rich.—*South, Sermons.*

3. Appropriation of things common.

I know we use to call this talkativeness a feminine vice; but to speak impartially, I think, though we have given them the *enclosure* of the scandal, they have not of the fault: and he that shall appropriate loquacity to women, may perhaps sometimes need to light Diogenes's candle to seek a man.—*Dr. H. More, Government of the Tongue.* (Ord MS.)

Let no man appropriate what God hath made common; that is against justice and charity, and by miraculous accidents God hath declared his displeasure against such *enclosure*.—*Jeremy Taylor.*

4. State of being shut up in any place, or of being encompassed or environed.

This expresses particularly the *enclosure* of the waters within the earth.—*T. Burnet, Theory of the Earth.*

For the young, during its *enclosure* in the womb, there are formed membranes enveloping it, called secundines.—*Ray.*

5. Space enclosed; space comprehended within certain limits.

And all, that else this world's *enclosure* base
Hath great or glorious in mortal eye,
Adorns the person of her majesty.
Spenser, Faerie Queen.

They are to live all in a body, and generally within the same *enclosure*; to marry among themselves, and to eat no meats that are not prepared their own way.—*Addison, Spectator.*

Encloúd. *v. a.* Cloud. *Rare.*

The heavens on every side *enclowded* bee.
Spenser, Translation of the Culex (Gnat) of Virgil. (Rich.)

Encláster. *v. a.* Cluster. *Rare.*

What bands, *enclustered*, near to thee abide,
Drummond, Flowers of Sion, no. 33. (Ord MS.)

Encoách. *v. a.* Enclose in a coach. *Rare.*

Like Phaëton *encoach'd* in burnish'd gold.
Sir J. Davies, Wittes Pilgrimage, sign. l. 3.

Encóffin. *v. a.* Enclose in a coffin. *Rare.*

His body rested here in quietness, until the dissolution, when for the gain of the lead in which it was *encoffined*, it was taken up and thrown into the next water.—*Weever, Ancient Funeral Monuments of Great Britain, Ireland, and Islands adjacent.*

Encólden. *v. a.* Make cold; chill. *Rare.*

The hands and feet are by degrees *encoldened* to a fashionable clay.—*Felltham, Resolves*, i. 47. (Ord MS.)

Encómberment. *s.* Encumbrance: (this latter being the *commoner* word).

The best advizement was, of bad, to let her
Sleepe out her fill, without *encomberment*.
Spenser, Faerie Queen, vi. 8, 38.

Encómiast. *s.* [Gr. ἐγκωμιαστής.] Panegyrist; proclaimer of praise; praiser.

The Jesuits are the great *encomiasts* of the Chinese.—*Locke.*

Most of the learned and ingenious men of that age appear to have courted the favours of this polite and popular *encomiast*.—*T. Warton, History of English Poetry*, iii. 392.

Encomiástic. *adj.* Panegyrical; laudatory; containing praise; bestowing praise.

Of his [Golding's] original poetry, I recollect nothing more than an *encomiastick* copy of verses prefixed to Barret's Alvearie published in 1580.—*T. Warton, History of English Poetry*, iii. 414.

It may be affirmed, without any *encomiastic* fervour, that he [Cowley] brought to his poetic labours a mind replete with learning, and that his pages are embellished with all the ornaments which books could supply.—*Johnson, Lives of the Poets, Cowley.*

Encomiástic. *s.* Panegyric. *Rare.*

I thank you, Mr. Compass, for your short *encomiastick*.—It is much in little, sir.—*B. Jonson, Magnetic Lady.*

Encomiástical. *adj.* Same as Encomiastic.

When Sixtus Quintus began his *encomiastical* oration of the Jacobine that killed the French king, &c.—*Dean King, Sermon*, 5 Nov. 1608, p. 15.

Encómion. *s.* [Gr.] Panegyric.

The people (after the manner of their hyperbolical flattering) applauded him with this blasphemous *encomion*, that he spake like a god, and not like a man.—*Fotherby, Atheomastix*, p. 157: 1626.

But these puling lovers! I cannot but laugh at them, and their *encomions* of their mistresses.—*Brewer, Comedy of Lingua*, ii. 2: 1657.

Encómium. *s.* [Latin form of the preceding.] Panegyric; praise; elogy.

How eagerly do some men propagate every little *encomium* their parasites make of them!—*Dr. H. More, Government of the Tongue.*

A vile *encomium* doubly ridicules;
There's nothing blackens like the ink of fools. *Pope.*

Encómmon. *v. a.* Make common. *Rare.*

That their mysteries might not come to be *encommoned* by the vulgar.—*Felltham, Resolves.* (Ord MS.)

Encómpass. *v. a.* Enclose; encircle; shut in; surround; environ.

Look how this ring *encompasseth* thy finger;
Ev'n so thy breast encloseth my poor heart.
Shakespear, Richard III. i. 2.

Two strong ligaments *encompass* the whole head of the femur.—*Wiseman, Surgery.*

Poetick fields *encompass* me around,
And still I seem to tread on classick ground.
Addison.

Encómpassment. *s.* Circumlocution; remote tendency of talk.

Finding
By this *encompassment* and drift of question,
That they do know my son, come you more near.
Shakespear, Hamlet, ii. 1.

Encóre. *interj.* [Fr. = again, once more.] Word used at public shows when an actor of any kind is desired by the audience to do the same thing again: (often used *substantivally*; as, 'They gave him three *encores*').

To the same notes thy sons shall hum or snore,
And all thy yawning daughters cry *encore*.
Pope, Dunciad.

Encóre. *v. a.* Call on a singer or speaker for the repetition of a song or speech.

Dolly, in her master's shop,
Encores them, as she twirls her mop.
Whitehead, Apology for Laureats.

On Christmas day a great family gathering took place. All the Crawleys from the Rectory came to dine. Rebecca was as frank and fond of Mrs. Bute, as if the other had never been her enemy, affectionately interested in the dear girls, and surprised at the progress which they had made in music since her time; and insisted upon *encoring* one of the duets out of the great song-books which Jim, grumbling,

had been forced to bring under his arm from the Rectory.—*Thackeray, Vanity Fair*, ch. xlv.

Encoúnter. *s.* [Fr. *encontre*; Lat. *contra* = against, face to face.]

1. Hostile meeting; conflict; clash; meeting generally.

Thou hast beat me out
Twelve several times, and I have nightly since
Dreamt of *encounters* 'twixt thyself and me.
Shakespear, Coriolanus, iv. 5.

Let's leave this keen *encounter* of our wits,
And fall something into a slower method.
Id., Richard III. i. 2.

The peaking cornuto comes to me in the instant of our *encounter*, after we had spoke the prologue of our comedy.—*Id., Merry Wives of Windsor*, iii. 5.

Two black clouds
With heav'n's artillery fraught, come rattling on
Over the Caspian; then stand front to front,
Hovering a space, till winds the signal blow
To join their dark *encounter* in mid air.
Milton, Paradise Lost, ii. 714.

Pallas th' *encounter* seeks; but ere he throws,
To Tuscan Tiber thus address'd his vows:
O sacred stream, direct my flying dart,
And give to pass the proud Halesus' heart.
Dryden, Virgil's Æneid.

2. Accosting; transient or unexpected address.

But in what habit will you go along?—
Not like a woman; for I would prevent
The loose *encounters* of lascivious men.
Shakespear, Two Gentlemen of Verona, ii. 7.

Three parts of Brutus
Is ours already, and the man entire,
Upon the next *encounter*, yields him ours.
Id., Julius Cæsar, i. 3.

3. Casual incident; occasion. *Rare.*

An equality is not sufficient for the unity of character: 'tis further necessary, that the same spirit appear in all sort of *encounters*.—*Broome, View of Epick Poesy.*

Encoúnter. *v. a.*

1. Meet face to face; front.

If I must die,
I will *encounter* darkness as a bride,
And hug it in mine arms.
Shakespear, Measure for Measure, iii. 1.

Thou stronger may'st endure the flood of light;
And, while in shades I cheer my fainting sight,
Encounter the descending excellence. *Dryden.*

2. Meet in a hostile manner; rush against in conflict.

Putting themselves in order of battle, they *encountered* their enemies.—*Knolles, History of the Turks.*

3. Meet with reciprocal kindness.

See, they *encounter* thee with their hearts' thanks.
Shakespear, Macbeth, iii. 4.

4. Come to close quarters; confront.

Our wars
Will turn into a peaceful comick sport,
When ladies crave to be *encounter'd* with.
Shakespear, Henry VI. Part I. ii. 2.

Which way soever we turn, we are *encountered* with clear evidences and sensible demonstrations of a Deity.—*Archbishop Tillotson.*

5. Oppose; oppugn.

Certain philosophers of the Epicureans and of the Stoicks *encountered* him.—*Acts*, xvii. 18.

Jurors are not bound to believe two witnesses, if the probability of the fact does reasonably *encounter* them.—*Sir M. Hale.*

6. Meet by accident.

I am most fortunate, thus accidentally to *encounter* you: you have ended my business, and I will merrily accompany you home.—*Shakespear, Coriolanus*, iv. 3.

Encoúnter. *v. n.*

1. Rush together in a hostile manner; conflict.

Let belief and life *encounter* so,
As doth the fury of two desperate men,
Which, in the very meeting, fall and die.
Shakespear, King John, iii. 1.

Five times, Marcius,
Have I fought with thee; so often hast thou beat me:
And wouldst do so, I think, should we *encounter*
As often as we eat. *Id., Coriolanus*, i. 10.

2. Engage; fight; confront: (with *with*).

Both the wings of his fleet had begun to *encounter with* the Christians.—*Knolles, History of the Turks.*

Those who have the most dread of death, must be content to *encounter with* it, whether they will or no.—*Archbishop Wake.*

Encoúnterer. *s.*

1. Opponent; antagonist; enemy. *Obsolete.*

The lion will not kick with his feet, but he will strike such a stroke with his tail, that he will break the back of his *encounterer* with it.—*Dr. H. More, Antidote against Atheism.*

The doctrines of the reformation have kept the field against all *encounterers*.—*Bishop Atterbury.*

2. One who loves to accost others.

Oh, these *encounterers!* so glib of tongue,
They give a coasting welcome ere it comes;
And wide unclasp the tables of their thoughts
To every ticklish reader.
Shakespear, Troilus and Cressida, iv. 5.

Encoúrage. *v. a.*

1. Animate; incite to anything.

They *encourage* themselves in an evil matter.—*Psalms*, lxiv. 5.

2. Give courage to; support the spirits; inspirit; embolden.

Kinds of music *encourage* men, and make them warlike, or make them soft and effeminate.—*Bacon.*

3. Raise confidence; make confident.

I doubt not but there are ways to be found, to assist our reason in this most useful part; and this the judicious Hooker *encourages* me to say.—*Locke.*

Encoúragement. *s.*

1. Incitement to any action or practice; incentive; increase of confidence.

Such strength of heart
Thy conduct and example gives; nor small
Encouragement, Godolphin, wise and just. *Philips.*

2. Favour; countenance; support.

For when he dies, farewel all honour, bounty,
All generous *encouragement* of arts.
Otway, Orphan.

The reproach of immorality will lie heaviest against an established religion, because those who have no religion will profess themselves of that which has the *encouragement* of the law.—*Rogers.*

Encoúrager. *s.* One who supplies incitements to anything; favourer.

He would have women follow the camp, to be spectators and *encouragers* of noble actions.—*Burton, Anatomy of Melancholy*, p. 537.

Live then, thou great *encourager* of arts,
Live ever in our thankful hearts. *Dryden.*

As the pope is a master of polite learning, and a great *encourager* of arts; so at Rome those arts immediately thrive, under the encouragement of the prince.—*Addison.*

Encówl. *v. a.* Make a monk (wearer of a cowl) of anyone: (the extent of the rule according to which the *cowl* indicated the *monk* is suggested by the exception taken to it in the proverb, 'Cucullus non facit monachum' = the cowl does not make the monk). *Rare.*

He soon became *encowl'd*,
At Malroyse, in the land whereof he had been king.
Drayton, Polyolbion, xxiv. 1143. (Ord MS.)

Encrádle. *v. a.* Lay in a cradle.

Begin from first, where he *encradled* was
In simple cratch, wrapt in a wad of hay.
Spenser, Hymn of Heavenly Love.

Encrímson. *v. a.* Give a crimson colour to anything.

Encrímsoned. *part. adj.* Having a crimson colour.

Grief and blushes, aptly understood,
In bloodless white and the *encrimson'd* mood.
Shakespear, Lover's Complaint.

Encrísp. *v. a.* Make crisp; curl. *Rare.*

Encrísped. *part. adj.* Curled. *Rare.*

Hairs *encrisped*, yellow as the gold.
Skelton, Poems, p. 18.

Encroách. *v. n.* [Fr. *accrocher*; from *croc* = hook.]

1. Make invasions upon the right of another. See Hook (*By hook or by crook*).

Those Irish captains of counties have *encroached* upon the queen's freeholders and tenants.—*Spenser, View of the State of Ireland.*

2. Advance gradually and by stealth upon that to which one has no right: (with *on* before the *subject*).

This hour is mine; if for the next I care, I grow too wide,
And do *encroach upon* death's side. *G. Herbert.*

Tisiphone, let loose from under ground,
Before her drives diseases and affright;
And every moment rises to the sight,
Aspiring to the skies, *encroaching on* the light.
Dryden.

Encroách. *s.* Gradual advance; advance by stealth.

I cannot imagine that those hereticks who err fundamentally, and by consequence damnably, took their first rise, and began to set up with a fundamental errour; but grew into it by insensible *encroaches*, and gradual insinuations.—*South, Sermons*, iv. 370.

Encroácher. *s.* One who encroaches; one who seizes the possession of another by gradual and silent means; one who makes slow and gradual advances beyond his rights.

An *encroacher* upon the publick liberty.—*Dr. Spenser, Sermon at Cambridge*, 28 *June*, 1660, p. 18.

The bold *encroachers* on the deep
Gain by degrees huge tracts of land,
Till Neptune, with one general sweep,
Turns all again to barren strand. *Swift.*

Full dress creates dignity, augments consciousness, and keeps at distance an *encroacher*.—*Richardson, Clarissa.*

Encroáching. *part. adj.* Having the character of that which encroaches.

The superstition that riseth voluntarily, and by degrees mingleth itself with the rites, even of every divine service, done to the only true God, must be considered of as a creeping and *encroaching* evil.—*Hooker, Ecclesiastical Polity.*

They fabled how the serpent, whom they call'd
Ophion, with Eurynome, the wide-
Encroaching Eve perhaps, had first the rule
Of high Olympus. *Milton, Paradise Lost*, x. 580.

Th' *encroaching* ill you early should oppose;
Flatter'd, 'tis worse, and by indulgence grows.
Dryden.

Next, fenc'd with hedges and deep ditches round,
Exclude th' *encroaching* cattle from thy ground.
Id.

Encroáchment. *s.*

1. Unlawful advance upon the rights of another man.

But this usurper his *encroachment* proud
Stays not on man: to God his tow'r intends
Siege, and defiance. *Milton, Paradise Lost*, xii. 72.

If it be a man's known principle to depart from his right, ill men will make unjust *encroachments* upon him.—*Bishop Atterbury.*

2. Infringe upon the domain or rights of another.

As a man had a right to all he could employ his labour upon, so he had no temptation to labour for more than he could make use of: this left no room for controversy about the title, nor for *encroachment* on the right of others.—*Locke.*

The ancient Romans made many *encroachments* on the sea, and laid the foundations of their palaces within the very borders of it.—*Addison, Travels in Italy.*

The people, since the death of Solon, had already made great *encroachments*.—*Swift.*

The southern current in skirting the Coromandel coast brings with it quantities of sand, which it deposits, in tranquil weather, and this being carried by the wind, is piled in heaps from Point Pedro to Hambangtotte. Hence at the latter point hills are formed of such height and dimensions, that it is often necessary to remove buildings out of their line of *encroachment*.—*Sir J. E. Tennent, Ceylon*, pt. i. ch. i.

Encrýstalize. *v. a.* [Gr. κρύσταλλος = ice.] In the following extract, freeze.

We hear of some *enchristal'd*, such as have
That which produced their death become their grave.
Cartwright, On the great Frost. (Rich.)

Encúmber. *v. a.* [N.Fr. *encombrer*.]

1. Clog; load; impede; burden by mortgage. See Encumbrance.

We have, by this many years' experience, found that exceeding great good, not *encumbered* with any notable inconvenience.—*Hooker, Ecclesiastical Polity.*

2. Entangle; embarrass; obstruct.

The verbal copier is *encumbered* with so many difficulties at once, that he can never disentangle himself.—*Dryden.*

The god awak'd,
And thrice in vain he shook his wing,
Encumber'd in the silken string. *Prior.*

Encúmbrance. *s.*

1. Clog; load; impediment.

Philosophers agreed in despising riches, at best considering them as unnecessary *encumbrances* of life.—*Sir W. Temple.*

Dead limbs are an *encumbrance* to the body, instead of being of use to it.—*Addison, Freeholder.*

2. Burden upon an estate.

In respect of the *encumbrances* of a living, consider whether it be sufficient for his family, and to maintain hospitality.—*Ayliffe, Parergon Juris Canonici.*

Encýclic. *adj.* [Gr. ἐγκυκλικός = circular; from κύκλος = circle.] Circular.

With the contested empire on the death of Leo, the religious contests broke out in new fury. Zeno

. . . was driven from the throne by Basiliscus. . . . With Basiliscus, the anti-Chalcedonian party rose to power. An imperial *encyclic* letter branded with an anathema the whole proceedings at Chalcedon, and the letter of Pope Leo, as tainted with Nestorianism.—*Milman, History of Latin Christianity*, b. iii. ch. i.

Often, like Encyclical, used *substantivally* for an *encyclic* or *encyclical letter*; the same being the case with Circular, its Latin translation.

Encýclical. *adj.* Same as Encyclic.

This council was not received in patriarchal sees, which is evident from Photius's *encyclical* epistle to the patriarch of Alexandria.—*Bishop Stillingfleet.*

Encýclopede. *s.* Same as Encyclopedia.

They are so vigorous for the evidence of sense, that they scarce allow any other, but make the most sublimated knowledge a tumult of phantasms; all thought, local motion; all reason, mechanism; and the whole *encyclopede* of arts and sciences but a brisker circulation of the blood!—*Mannyngham, Discourses*, p. 54: 1681.

Encyclopédia. *s.* [Gr. ἐγκυκλοπαιδεία; from ἐν = in, and κύκλος = circle, παιδεία = instruction, science, of which the root is παῖς = child, παιδός, whence παιδεύω = instruct, bring up, educate, and παιδεία = education, training.] Circle of knowledge; round of learning.

In this *encyclopædia* and round of knowledge, like the great wheels of heaven, we must observe two circles, that while we are daily carried about, and whirled on by the swing and rapt of the one, we may maintain a natural and proper course in the sober wheel of the other.—*Sir T. Browne, Vulgar Errours.*

This art may justly claim a place in the *encyclopædia*, especially such as serves for a model of education for an able politician.—*Arbuthnot, History of John Bull.*

(See further examples under Encyclopedical.)

Encyclopédian. *s.* (used also *adjectivally.*) Circle of knowledge; round of learning.

Let them have that *encyclopædian*, all the learning in the world, they must keep it to themselves.—*Burton, Anatomy of Melancholy*, p. 131.

Encyclopédic. *adj.* Relating to, having the nature of, consisting in, or constituted by, an encyclopedia.

The downfall of learning and eloquence after the death of Boethius in 524 was inconceivably rapid. His contemporary, Cassiodorus, . . . by very indifferent compilations and that *encyclopedic* method which Heeren observes to be the usual concomitant of declining literature, superseded the use of the great ancient writers.—*Hallam, Introduction to the Literature of Europe, in the fifteenth, sixteenth, and seventeenth Centuries*, pt. i. ch. i. § 3.

Encyclopédical. *adj.* (used also *substantivally.*) Same as preceding.

Two things, as we saw, are celebrated of Diderot. First, that he had the most *encyclopedical* head ever seen in the world; second, that he talked as never man talked; . . . with regard to the *encyclopedical* head, suppose it to mean that he was of such vivacity as to admit, and look upon with interest, almost all things which the circle of existence could offer him; in which sense the exaggerated laudation of *encyclopedism* is not without its fraction of meaning. . . . Your true *encyclopedical* is the Homer, the Shakspeare; every genuine poet is a living, embodied, real *encyclopedia*, in more or fewer volumes. . . . But the truth is, as regards Diderot, this saying of the *encyclopedical* head comes mainly from his having edited a bookseller's *Encyclopedia*.—*Carlyle, Critical and Miscellaneous Essays, Diderot.*

Encyclopédism. *s.* Encyclopedic character.

(For example see extract under preceding entry.)

Encyclopédist. *s.* One who assists in compiling books which illustrate the whole round of learning: (its chief special-application being to the *authors* of the *French* Encyclopedia).

It became the only resource of the reader, in many cases where explanation was wanted, to have recourse to Chambers's Dictionary, in four large volumes folio; or to the *Encyclopædia* Britannica, now in eighteen large volumes quarto; or to the still more stupendous performance of the French *encyclopedists.—Hutton, Mathematical and Philosophical Dictionary*, pref.: 1796.

Such boldness on the part of the government caused even the inquisition to tremble. That once omnipotent tribunal, . . . instead of extirpating unbelievers by hundreds or by thousands, . . . was reduced to such pitiful straits, that between 1746 and 1759, it was only able to burn ten persons; and between 1759 and 1788, only four persons. The extraordinary diminution during the latter period, was partly owing to the great authority wielded by Aranda, the friend of the *encyclopædists* and of other French sceptics.—*Buckle, History of Civilization in England*, vol. ii. ch. i.

Six centuries later, Abelard might have been an *encyclopædist*, Lanfranc a cabinet minister, and Roger Bacon a scientific chemist.—*C. H. Pearson, The early and middle Ages of England*, ch. xxxvi.

Encyclopédy. *s.* Same as Encyclopedia. *Rare.*

Every science borrows from all the rest, and we cannot attain any single one without the *encyclopædy.—Glanville.*

Encýst. *v. a.* [Gr. κύστις = bladder.] In *Physiology.* Enclose in a cyst.

Encýsted. *part. adj.* Enclosed in a vesicle or cyst.

Encysted tumours borrow their names from a cyst or bag in which they are contained.—*Sharp, Surgery.*

End. *s.* [A.S. *ende.*]

1. Extremity of the length of anything materially extended (of bodies having equal dimensions the extremity of breadth is *side*); extremity in general; limit; termination or conclusion of an action (in which case, i. e. when not used materially, it is opposed to *beginning*).

Jacob had made an *end* of commanding his sons.—*Genesis*, xlix. 33.

Jonathan put forth the *end* of the rod that was in his hand, and dipt it in a honeycomb.—1 *Samuel*, xiv. 27.

Behold, the day groweth to an *end.—Judges*, xix. 9.

At the *end* of two months she returned.—*Ibid.* xi. 30.

Better is the *end* of a thing than the *beginning* thereof.—*Ecclesiasticus*, vii. 8.

Yet vainly most their age in study spend:
No *end* of writing books, and to no end.
Sir J. Denham.

The extremity and bounds of all bodies we have no difficulty to arrive at; but when the mind is there, it finds nothing to hinder its progress into this endless expansion: of that it can neither find, nor conceive any *end.—Locke.*

The causes and designs of an action are the beginning: the effects of these causes, and the difficulties met with in the execution of these designs, are the middle; and the unravelling and resolution of these difficulties, are the *end.—Broome, View of Epick Poesy.*

2. Death; fate; decease; ultimate state; final doom.

Mark the perfect man, and behold the upright, for the *end* of that man is peace.—*Psalms*, xxxvii. 37.

If the world's age and death be argu'd well
By the sun's fall, which now tow'rds earth doth bend,
Then we might fear that virtue, since she fell
So low as woman, should be near her *end. Donne.*

I determined to write the life and the *end*, the nature and the fortunes, of George Villiers.—*Sir H. Wotton.*

Remember Milo's *end*,
Wedg'd in that timber which he strove to rend.
Lord Roscommon.

Unblam'd through life, lamented in thy *end.*
Pope.

3. Point beyond which no progression can be made; final determination; conclusion of debate or deliberation.

My guilt be on my head, and there's an *end.*
Shakespear, Richard II. v. 1.

They reel to and fro, and stagger like a drunken man, and are at their wits' *end.—Ibid.* cvii. 27.

4. Cause of death; destroyer.

Take heed you dally not before your king,
Lest he that is the supreme King of kings,
Confound your hidden falsehood, and award
Either of you to be the other's *end.*
Shakespear, Richard III. ii. 1.

5. Consequence; conclusive event; conclusion.

Her only *end* is never-ending bliss
Which is, the eternal face of God to see,
Who last of *ends*, and first of causes is;
And to do this, she must eternal be.
Sir J. Davies.

O, that a man might know
The *end* of this day's business ere it come!
But it sufficeth that the day will end.
Shakespear, Julius Cæsar, v. 1.

The *end* of these things is death.—*Romans*, vi. 21.

6. Purpose; intention; thing intended; final design or cause.

Wisdom may have framed one and the same thing to serve commodiously for divers *ends*, and of those *ends* any one may be sufficient cause for continuance, though the rest have ceased.—*Hooker, Ecclesiastical Polity.*

All those things which are done by him, have some *end* for which they are done; and the *end* for which they are done, is a reason of his will to do them. —*Ibid.*

There was a purpose to reduce the monarchy to a republick, which was far from the *end* and purpose of that nation.—*Lord Clarendon.*

Life, with my Indamora, I would choose;
But, losing her, the *end* of living lose.
Dryden.

I have lov'd!
What can thy *ends*, malicious beauty, be?
Can he who kill'd thy brother, live for thee? *Id.*

Heav'n, as its instrument, my courage sends;
Heav'n ne'er sent those who fight for private *ends.*
Id.

For when success a lover's toil attends,
Few ask if fraud or force attain'd his *ends.* *Pope.*

Others are apt to attribute them to some false *end* or intention.—*Addison, Spectator.*

7. Fragment; broken piece.

Thus I clothe my naked villainy
With old odd *ends*, stol'n forth of Holy Writ,
And seem a saint. *Shakespear, Richard III.* i. 3.

On (sometimes written *an*) *end.* Upright; erect: (as, 'His hair stands *on end*').

This stone which I have set up *on* an *ende.—Genesis*, xxviii. 22: Transl. of 1572.

Stay'st thou to vex me here?
A slave, that, still *an end*, turns me to shame!
Shakespear, Two Gentlemen of Verona, iv. 4.

What will that girl do?—Sure no harm at all, sir,
For she sleeps most *an end.*
Massinger, Very Woman.

End. *v. a.*

1. Bring to an end; terminate; conclude; finish.

They have *ended* all my harvest.—*Ruth*, ii. 21.

He would in one battle *end* quarrel with them, either win or lose the empire.—*Knolles, History of the Turks.*

2. Destroy; put to death.

The lord of Stafford dear to-day hath bought
Thy likeness; for instead of thee, King Harry,
This sword hath *ended* him.
Shakespear, Henry IV. Part I. v. 3.

End. *v. n.* Come to an end; be finished; terminate; conclude; cease; fail.

Our laughing, if it be loud and high, commonly *ends* in a deep sigh; and all the instances of pleasure have a sting in the tail.—*Jeremy Taylor, Rule and Exercises of Holy Living.*

The one seem'd woman to the waist, and fair;
But *ended* foul in many a scaly fold.
Milton, Paradise Lost, ii. 650.

The angel *ended*, and in Adam's ear
So charming left his voice. *Ibid.* vi ii. 51.

His starry helm unbuckled shew'd him prime
In manhood where youth *ended. Ibid.* xi. 245.

Then ease your weary Trojans will attend,
And the long labours of your voyage *end.*
Dryden, Virgil's Æneid.

His sovereignty, built upon either of these titles, could not have descended to his heir, but must have *ended* with him.—*Locke.*

End-all. *s.* Complete termination.

That but this blow
Might be the be-all and the *end-all* here.
Shakespear, Macbeth, i. 7.

Endámage. *v. a.* [Fr. *endommager.*] Injure; do mischief, prejudice, or harm to anything.

Nor aught he car'd whom he *endamaged*
By tortous wrong, or whom bereav'd of right.
Spenser, Faerie Queen.

It cometh sometime to pass, that a thing unnecessary in itself doth notwithstanding appear convenient to be still held, even without use, lest, by reason of that coherence which it hath with somewhat most necessary, the removal of the one should *endamage* the other.—*Hooker, Ecclesiastical Polity.*

Where your good word cannot advantage him,
Your slander never can *endamage* him.
Shakespear, Two Gentlemen of Verona, iii. 2.

When an erroneous opinion is published, the publick is *endamaged*, and therefore it becomes punishable by the magistrate.—*South, Sermons.*

Endámagement. *s.* Damage; loss; injury.

See that Curius have no *endamagement* or hurt.—*Huloet.*

These flags of France that are advanced here,
Have hither march'd to your *endamagement.*
Shakespear, King John, ii. 1.

Endámaging. *verbal abs.* Injury; damage.

That which was the *endamaging* only of their estates.—*Milton, Doctrine and Discipline of Divorce.*

Endánger. *v. a.*

1. Put into hazard; bring into peril.

Then shall ye make me *endanger* my head to the king.—*Daniel*, i. 10.

The interest *endangered* is our title to heaven.—*Rogers.*

Volatile salts never exist in an animal body: the heat required to make them volatile, *endangers* the animal.—*Arbuthnot.*

That which so much thou tak'st to heart, was done
Purely to save thy credit, much indeed
Endangered by thy wilfulness and haste.
H. Taylor, Philip van Artevelde, iv. 5.

2. Incur the danger, or run the risk, of; hazard.

He that turneth the humours back, and maketh the wound bleed inwards, *endangereth* malign ulcers.—*Bacon.*

Endángerment. *s.* Hazard; peril.

[He] bade his servant to invent
Which way he enter might without *endangerment.*
Spenser, Faerie Queen, v. 2, 20.

Wherefore serves our happy redemption, and the liberty we have in Christ, but to deliver us from calamitous yokes, not to be lived under without the *endangerment* of our souls, and to restore us in some competent measure to a right in every good thing both of this life, and the other?—*Milton, Tetrachordon.*

Endárk. *v. a.* Render dark. *Rare.*

Endárked. *part. adj.* Darkened. *Rare.*

I count it a deed-royal in the kingly David, who began to warm his joys again when the infant's blood was cold; as if the breath which the child lost had disclouded his *endarked* heart.—*Felltham, Resolves.* (Ord MS.)

Endeár. *v. a.* Make dear.

a. In the sense of *beloved.*

All those instances of charity which usually *endear* each other, sweetness of conversation, frequent admonition, all significations of love must be expressed towards children.—*Jeremy Taylor.*

b. As the opposite to *cheap.*

Whereas... the excesse of newe buildings and erections hath daily more and more encreased, and is still like to do so; whereby and by the immoderate confluence of people thither, our said city [of London] and the places adjoyning, are and daily will be more and more pestred, all victualls and other provisions *endeared*, &c.—*King James the First's Proclamation concerning Buildings*, 1618, *Rymer's Fœdera*, i. 107.

Endeárment. *s.*

1. Cause of love; means by which anything is endeared.

No kisses; no *endearments.*—*Beaumont and Fletcher, Woman Pleased.*

2. State of being endeared; state of being loved.

Is not the separate property of a thing the great cause of its *endearment* amongst all mankind?—*South, Sermons.*

Endeávour. *s.* Labour directed to some certain end; effort to obtain or avoid.

My studied purposes went
Beyond all man's *endeavours.*
Shakespear, Henry VIII. iii. 2.

Heav'n doth divide
The state of man in divers functions,
Setting *endeavour* in continual motion.
Id., Henry V. i. 2.

Here their appointment we may best discover,
And look on their *endeavour.*
Id., Antony and Cleopatra, iv. 10.

I take imitation of an author to be an *endeavour* of a later poet to write like one who has written before him on the same subject.—*Dryden.*

The bold and sufficient pursue their game with more passion, *endeavour*, and application, and therefore often succeed.—*Sir W. Temple.*

Endeávour. *v. n.* [Fr. *endevoir*; from *devoir* = owe, be due, duty.] Labour to a certain purpose; work for a certain end.

I could wish that more of our country clergy would *endeavour* after a handsome elocution.—*Addison, Spectator.*

Of old, those met rewards who could excel;
And those were prais'd who but *endeavour'd* well.
Pope.

Endeávour. *v. a.* Attempt; essay.

To pray'r, repentance, and obedience due,
Though but *endeavour'd* with sincere intent,
Mine ear shall not be slow, mine eye not shut.
Milton, Paradise Lost, iii. 192.

Endeávourer. *s.* One who endeavours.

He appears an humble *endeavourer*, and speaks honestly to no purpose.—*Rymer, View of the Tragedies of the last Age.*

Endémial. *adj.* Endemic. *Obsolete.*

Solenander, from the frequency of the plants springing up in any region, could gather what *endemial* diseases the inhabitants were subject to.—*Ray, Wisdom of God manifested in the Works of the Creation.*

An *endemial* disease is what is common to the people of the country.—*Arbuthnot, On the Effects of Air on human Bodies.*

Endémic. *adj.* Peculiar to a people or region. See Epidemic.

We may bring a consumption under the notion of a pandemick, or *endemick*, or rather a vernacular disease to England.—*Harvey, Discourse of Consumptions.*

Endémical. *adj.* Same as Endemic.

The place seemed to be healthful; but they speak much of the Colica Austriaca as an *endemical* and local disease, very hardly yielding unto good medicines.—*Browne, Travels in Europe*, p. 156: 1685.

Endénize. *v. a.* Same as Endenizen. *Rare.*

It [the English tongue] hath been beautified and enriched out of other good tongues, by enfranchising and *endenizing* strange words.—*Camden, Remains.*

Spelt with *i.*

All sorts of people, foreign-bred,
As natives there *indenized.* *G. Sandys.*

Endénizen. *v. a.* Make as a denizen; naturalize.

It is virtue that gives glory; that will *endenizen* a man every where.—*B. Jonson, Discoveries.*

Spelt with *i.*

Grammar he hath enough to make terminations of those words, which his authority hath *indenizened.* *Sir T. Overbury, Characteristics*, sign. H. 7.

Endérmic. *adj.* [Gr. δέρμα = skin.] In *Medicine.* Consisting of something to be applied to the skin, and to be absorbed by it. (A dressing of a blistered surface with this view is said to be applied according to the '*endermic* method.' Hence the *adverb*, 'applied *endermically*.') *Endermatic* is less common.

Endíctment. *s.* See Indictment.

Énding. *s.* [A.S. *endung.*]

1. Conclusion; consequence.

The times also of the Highest have plain beginnings in wonders and powerful works, and *endings* in effects and signs.—2 *Esdras*, ix. 6.

2. Termination of life.

If these men do not die well, it will be a black matter for the king that led them to it.—The king is not bound to answer the particular *endings* of his soldiers.—*Shakespear, King Henry V.* iv. 1.

Yet happy were my death, mine *ending* blest,
If this I could obtain; that, breast to breast,
Thy bosom might receive my yielded spright.
Fairfax.

3. Cessation of any action.

The fight was deep imprinted in their hearts,
Who saw this bloody fray to *ending* brought.
Fairfax.

4. End of words (as employed for *rhymes*).

I can find out no rhyme to lady but baby, an innocent rhyme; for scorn, horn, a hard rhyme; for school, fool, a babbling rhyme; very ominous *endings.* No, I was not born under a rhyming planet.—*Shakespear, Much Ado about Nothing*, v. 2.

Endíte. *v. a.* [Fr. *enditer.*—see Indict.] Draw up; compose; write; relate. (spelt with *i.*)

Your battles they hereafter shall *indite*,
And draw the image of our Mars in fight. *Waller.*

How shall Filbert unto me *indite*,
When neither I can read nor he can write? *Gay.*

Hear how learn'd Greece her useful rules *indites*,
When to repress, and when indulge our flights!
Pope.

Endíter, and **Endítor.** *s.* One who endites. *Rare.*

Himself will be acknowledged, by all that read him, the basest and hungriest *enditer*, that could take the boldness to look abroad.—*Milton, Colasterion.*

A clear and real distinction between *enditors*, triers, and judges.—*Sadler, Rights of the Kingdom*, p. 182: 1649.

Spelt with *i.*

He that wilfully strives to fasten some sense of his own upon it, other than the very nature of the place will bear, must needs take upon him the person of God, and become a new *inditer* of scripture. ... If he then that abases the prince's coin deserves to die, what is his desert, that, instead of the tried silver of God's word, stamps the name and character of God upon Nehushtan, upon base brazen stuff of his own?—*Hales, Golden Remains*, p. 14.

Éndive. *s.* [Lat. *intybum.*] Cultivated kitchen-garden plant so called, of the genus Cichorium. See Chicory.

Endive, or succory, is of several sorts; as the white, the green, and the curled.—*Mortimer, Husbandry.*

Éndless. *adj.* Having no end; immortal.

But after labours long, and sad delay,
Brings them to joyous rest, and *endless* bliss.
Spenser.

None of the heathens, how curious soever in searching out all kinds of outward ceremonies, could ever once endeavour to resemble herein the church's care for the *endless* good of her children.—*Hooker, Ecclesiastical Polity.*

All the priests and friars in my realm,
Shall in procession sing her *endless* praise.
Shakespear, Henry VI. Part I. i. 6.

This worthy Roman
Was such another piece of *endless* honour.
Beaumont and Fletcher, Bon

As it is pleasant to the eye to have an *endless* prospect, so it is some pleasure to a finite understanding to view unlimited excellencies.—*Archbishop Tillotson.*

Nothing was more *endless* than the common method of comparing eminent writers by an opposition of particular passages in them.—*Pope, Preface to the Translation of Homer's Iliad.*

Éndlessly. *adv.* In an endless manner.

Though God's promise has made a sure entail of grace to all those who humbly seek, yet it no where engages that it shall importunately and *endlessly* renew its assaults on those who have often repulsed it.—*Dr. H. More, Decay of Christian Piety.*

Éndlessness. *s.* Attribute suggested by Endless.

The tropick circles have,
Yea, and those small ones, which the poles engrave,
All the same roundness, evenness, and all
The *endlessness* of the equinoctial.
Donne, Poems, p. 248.

It is to be feared... that the *endlessness* and ill fruits of these contentions... tend mainly to the encrease of atheism.—*Sir E. Sandys, State of Religion.*

Éndlong. *adv.* In a straight line; continuously. See Headlong.

[He] gave him then a shielde of silver white,
A crosse *endlong* and overthwart full perfect.
Hardyng, Chronicle of England.

[He] takes in hond
To seeke her *endlong* both by sea and lond.
Spenser, Faerie Queen, iii. 10, 19.

Then spurring at full speed, ran *endlong* on,
Where Theseus sat on his imperial throne. *Dryden.*

Endóctrine. *v. a.* [Fr. *endoctriner*; Lat. *doctrina.*] Instruct; initiate. *Rare.*

Ptolemeus Philadelphus was *endoctrined* in the science of good letters by Strabo.—*Donne, History of the Septuagint*, p. 2: 1663.

Éndogen. *s.* See Exogenous.

Endógenous. *adj.* See Exogenous.

Endórse. *v. a.* [Fr. *endorser*; Lat. *dorsum* = back.] (spelt with *i.*)

1. Cover on the back. *Rare.*

Chariots, or elephants *indors'd* with towers
Of archers. *Milton, Paradise Regained*, iii. 329.

2. In *general.* Register on the back of a writing; superscribe.

A French gentleman speaking with an English of the law salique, the English said that was meant of the women themselves, not of males claiming by women. The French gentleman said, Where do you find that gloss? The English answered, Look on the backside of the record of the law salique, and there you shall find it *endorsed.*—*Bacon, Apophthegms.*

Upon credential letters was *endorsed* this superscription, To the king who hath the sun for his helmet.—*Howell.*

All the letters I can find of yours I have fastened in a folio cover, and the rest in bundles *endorsed.*—*Swift, Letter to Pope.*

3. *Specially.* Write on the back of a bill of exchange; hence, subscribe to an opinion; write one's self a supporter, or advocate, of any doctrine; approve.

Kelly is particularly directed to *indorse* the bill.—*Report of Committee of the House of Commons on Layer*, p. 63: 1722.

Endórsement. *s.*

1. Superscription; writing on the back

As this collection will grow daily, I have digested it into several bundles, and made proper *endorsements* on each particular letter.—*Tatler*, no. 164.

2. In *Commerce.* Name of the proprietor or endorser of a bill of exchange.

His *endorsement* on a foreign bill (which is not usually made payable to the bearer) would not have entitled him to have received the money, nor have been a sufficient discharge, except the bill had been made payable to him.—*Report of Committee of House of Commons on Layer*, p. 63: 1722.

3. Ratification.

The *endorsement* of supreme delight,
Writ by a friend, and with his blood. *G. Herbert.*

Endórser. *s.* Proprietor of a bill of exchange, who, transferring it to some other, or rendering it payable to the order of some other, or making it serve as an acquittance or receipt, writes his name on the back of it.

Endórsing. *verbal abs.* Act of one who endorses. (spelt with *i*.)

Endorsing, or *Indorsing*, in law, implies the writing on the back side of a deed, instrument, &c., by the *endorser*, something relating to the matters contained therein.—*Rees, Encyclopædia*, in voce.

Endosmose, and **Endosmosis.** *s.* See Exosmosis.

Endóss. *v. a.* [Fr. *endosser*, for *endorser*.—See Endorse.] Strictly this means put on the *back* of anyone or anything; thence put on that part of anything which shows conspicuously, as the front or *face* of a shield, or the bark of a tree: (in the previous editions it is rendered by *engrave* and *carve*). *Rare.*

They *endossed* on their armours.
Knight of the Sea, p. 145.

He gave me arms in field to fight,
Gave me a shield, in which he did *endoss*
His dear Redeemer's badge upon the boss.
Spenser, Faerie Queen, v. 11, 53.

Her name in every tree I will *endoss*.
Id., Colin Clout.

Endów. *v. a.* [Fr. *endouer*; from Lat. *dos*, *dotis* = dowry.]

1. Supply with a portion.

He shall surely *endow* her to be his wife.—*Exodus*, xxii. 16.

2. Supply with any external goods.

An alms-house I intend to *endow* very handsomely for a dozen superannuated husbandmen.—*Addison, Spectator.*

3. Furnish with any excellence.

I at first with two fair gifts
Created him *endow'd*; with happiness
And immortality; that fondly lost,
This other serv'd but to eternize woe.
Milton, Paradise Lost, xi. 59.

Among those who are the most richly *endowed* by nature, and accomplished by their own industry, how few are there whose virtues are not obscured!—*Addison.*

God did never command us to believe, nor his ministers to preach any doctrine contrary to the reason he hath pleased to *endow* us with.—*Swift.*

4. Constitute the fortune of anyone.

I do not think
So fair an outward, and such stuff within,
Endows a man but him. *Shakespear, Cymbeline*, i. 1.

Endówer. *v. a.* Endow; enrich with a portion.

This once renowned church . . . was gloriously decked with the jewels of her espousals, richly clad in the tissues of learning, and frankly *endowered*.—*Waterhouse, Apology for Learning*, p. 142: 1653.

Endówment. *s.*

1. See extract.

Endowment [is] the bestowing or assuring of dower on a woman. It is sometimes used metaphorically for the settling a provision upon a parson, or building of a church or chapel; and the severing a sufficient portion of tithes, &c. for a vicar, towards his perpetual maintenance, where the benefice is appropriated.—*Jacob, Law Dictionary.*

A chapel will I build, with large *endowment*.
Dryden.

2. Gift of nature: (in this sense it is commonly *plural*).

By a desire of fame, great *endowments* are not suffered to lie idle and useless to the publick.—*Addison.*

If providence shews itself even in the blemishes of these creatures, how much more does it discover itself in their several *endowments*, according to the condition in which they are posted!—*Id.*

3. State of being endowed. (spelt with *i* and *ue*.—see Endue.)

Solomon's experience should disabuse all men in relying upon the virtue of their spirit, when we see that his so singular *inducment* with the Holy Spirit was not security against the danger of this presumption.—*W. Mountague, Devout Essays*, pt. i. p. 170: 1648.

Endrénch. *v. a.* Drench; drown. *Rare.* (spelt with *i*.)

My hopes lie drown'd; in many fathoms deep
They lie *indrench'd*.
Shakespear, Troilus and Cressida, i. 1.

If in this flesh, where thou *indrench'd* dost lie,
Poore soule, thou canst reare up thy limed wings,
Carry my thoughts up to the sacred skie.
Jones, Musicall Dreame: 1609.

Endrúdge. *v. a.* Make a slave or drudge of. *Rare.*

A slave's slave goes in rank with a beast: such is every one that *endrudgeth* himself to any known sin.—*Bishop Hall, Remains*, p. 29.

Endué. *v. a.* [from *indue*, from Lat. *induo* = put on as a garment (*vestis*), and thus in many cases nearly synonymous with Invest.] Clothe; invest (in the *primary* sense of the term).

Like a faerie knight himself he drest,
For every shape on him he could *endew*.
Spenser, Faerie Queen, iii. 7, 40.

Thou losel base,
Thou hast with borrowed plumes thyself *endewed*.
Ibid. v. 3, 20.

Endué. *v. a.* [from *endow*.] Endow; invest (in the *secondary* sense of the term). [The confusion (which is to be excused rather than imitated) exhibited in the extract from Todd is sufficiently common at the present time. The key to it is in the extension given to such words as *invest*, and the similarity of import between that word and *indue*.] *Rare.*

Endue them with thy holy Spirit.—*Book of Common Prayer.*

Wisdom was Adam's instructor in Paradise: wisdom *endued* the fathers, who lived before the law, with the knowledge of holy things.—*Hooker, Ecclesiastical Polity.*

Returne from whence ye came, and rest a while,
Till morrow next, that I the Elfe subdew,
And with Sansfoy's dead dowry you *endew*.
Spenser, Faerie Queen, i. 4, 51.

With what ease,
Endu'd with regal virtues as thou art,
Might'st thou expel this monster from his throne.
Milton, Paradise Regained, iv. 97.

Every Christian is *endued* with a power, whereby he is enabled to resist and conquer temptations.—*Bishop Tillotson.*

Spelt with *i*.

The angel, by whom God *indued* the waters of Bethesda with supernatural virtue, was not seen; yet the angel's presence was known by the waters.—*Hooker, Ecclesiastical Polity.*

These banish'd men that I have kept withal,
Are men *indu'd* with worthy qualities.
Shakespear, Two Gentlemen of Verona, v. 4.

His powers, with dreadful strength *indu'd*.
Chapman.

[In the following passage of Genesis,

'Leah said, God hath *endued* me with a good dowry.' (Genesis, xxx. 20.)

it seems incorrectly printed for *endow*, Dr. Johnson says. But *endue* was formerly used in the sense also of 'investing' with other powers and advantages than those of the mind; though Dr. Johnson gives the definition only as it applies to mental excellencies. Not such was the opinion of Barret, who, in his dictionary of 1580, renders *indued* by *præditus*, applying it to the ornaments of honour and fortune as well as of wit and virtue. In short, *endue* is to clothe, to invest as with clothes. And Spenser uses it, with the very phrase in question, 'to *endue* with a *dowry*.' Nor is the pretended misprint to be found only in our present version of the Bible. It is *endued* in other versions long before it. In Bishop Wilson's Bible, published in 1785, the word, however, is changed into *endowed*. The editors of the Bible which the Society for promoting Christian Knowledge has lately caused to be published with a selection of annotations by those accomplished scholars, have neither regarded the word as incorrect, nor unwarrantably dismissed it from the text.—*Todd.*]

Endúrable. *adj.* Tolerable; sufferable.

In revolutions men live fast: the experience of years is crowded into hours: old habits of thought and action are violently broken; and novelties, which at first sight inspire dread and disgust, become in a few days familiar, *endurable*, attractive.—*Macaulay, History of England*, ch. ix.

Endúrance. *s.*

1. Continuance; lastingness.

Some of them are of very great antiquity and continuance, others more late and of less *endurance*.—*Spenser, View of the State of Ireland.*

2. Patience; sufferance.

Great things of small
One can create; and in what place soe'er
Thrive under evil, and work ease out of pain,
Through labour and *endurance*.
Milton, Paradise Lost, ii. 259.

Their fortitude was most admirable in their patience and *endurance* of all evils, of pain, and of death.—*Sir W. Temple.*

3. State of suffering.

I would fain know whether that man takes a rational course to preserve himself, who refuses the *endurance* of these higher troubles, to secure himself from a condition infinitely more miserable?—*South, Sermons.*

He, who grown aged in this world of woe,
In deeds, not years, piercing the depths of life,
So that no wonder waits him; nor below
Can love, or sorrow, fame, ambition, strife,
Cut to his heart again with the keen knife
Of silent, sharp, *endurance*.
Byron, Childe Harold, iii. 5.

4. Delay; procrastination. *Obsolete.*

I should have ta'en some pains to bring together
Yourself and your accusers, and have heard you,
Without *indurance* further.
Shakespear, Henry VIII. v. 1.

Endúre. *v. a.* [Fr. *endurer*; Lat. *durare*.]

1. Bear; sustain; support unbroken; bear with patience; tolerate; put up with.

The gout haunts usually the easy and the rich, the nice and the lazy, who grow to *endure* much, because they can *endure* little.—*Sir W. Temple.*

Both were of shining steel, and wrought so pure,
As might the strokes of two such arms *endure*.
Dryden.

I wish to die, yet dare not death *endure*.
Id., Aurengzebe.

2. ? Continue in. *Obsolete.*

The deer *endureth* the womb but eight months, and is complete at six years.—*Sir T. Browne, Vulgar Errours.*

Endúre. *v. n.*

1. Last; remain; continue.

Doth the crown *endure* to every generation?—*Proverbs*, xxvii. 24.

Labour not for the meat which perisheth, but for that meat which *endureth* unto everlasting life.—*John*, vi. 27.

By being able to repeat measures of time, or ideas of stated length of duration in our minds, we can imagine duration, where nothing does really *endure* or exist.—*Locke.*

2. Brook; bear; admit.

Our great English lords could not *endure* that any kings should reign in Ireland but themselves; nay, they could hardly *endure* that the crown of England should have any power over them.—*Sir J. Davies, Discourse on the State of Ireland.*

For how can I *endure* to see the evil that shall come unto my people? Or how can I *endure* to see the destruction of my kindred?—*Esther*, viii. 6.

Endúrer. *s.* One who can bear or endure; sustainer; sufferer.

They are very valiant and hardy; for the most part great *endurers* of cold, labour, hunger, and all hardiness.—*Spenser, View of the State of Ireland.*

I'll fit you with my scholars, new practitioners,
Endurers of the time.
Beaumont and Fletcher, Nice Valour.

Endúring. *verbal abs.* Act or state of that which endures; capable of sustaining.

The hardness of bodies is caused chiefly by the jejuneness of the spirits, and their imparity with the tangible parts, which make them not only hard, but fragile, and less *enduring* of pressure.—*Bacon, Natural and Experimental History.*

Taking into the city all such things as they thought needful for the *enduring* of the siege, they destroyed all the rest.—*Knolles, History of the Turks.*

Endúringly. *adv.* Lastingly.

Already at the end of the first Punic war some eminent Romans were in their full manhood, whose names are *enduringly* associated with the events of the second.—*Arnold, History of Rome*, ch. xlii.

Éndwise. *adv.* Erectly; uprightly; on end.

A rude and unpolished America, peopled with slothful and naked Indians, living in pitiful huts and cabins, made of poles set *endwise*.—*Ray, Wisdom of God manifested in the Works of the Creation.*

Énecate. *v. a.* [Lat. *necatus*, pass. part. of *neco* = kill.] Kill. *Rare.*

Some plagues partake of such a pernicious degree of malignity, that, in the manner of a most presentaneous poison, they *enecate* in two or three hours, suddenly corrupting or extinguishing the vital spirits.—*Harvey, On the Plague.*

Énemy. *s.* [Fr. *ennemi*.]

1. Foe; hostile person; opponent; antagonist.

All the statutes speak of English rebels and Irish *enemies*, as if the Irish had never been in condition of subjects, but always out of the protection of the law.—*Sir J. Davies, Discourse on the State of Ireland.*

I say unto you, love your *enemies*.—*Matthew*, v. 44.

Bold is the critick, who dares prove
These heroes were no friends to love;
And bolder he who dares aver,
That they were *enemies* to war.
Prior.

The *enemy* thinks of raising threescore thousand men for the next summer.—*Addison, Present State of the War.*

2. In *Theology.* The Tempter; the Evil Spirit; Satan.

Defend us from the danger of the *enemy.*—*Book of Common Prayer.*

O cunning *enemy*, that, to catch a saint,
With saints dost bait thy hook.
Shakespear, Measure for Measure, ii. 2.

Energétic. *adj.* [Gr. ἐνεργητικός; from ἐν = in, and ἔργον = work.]

1. Forcible; active; vigorous; powerful in effect; efficacious.

These miasms entering the body, are not so *energetick* as to venenate the entire mass of blood in an instant.—*Harvey.*

2. Operative; active; working; not at rest.

If then we will conceive of God truly, and, as far as we can, adequately, we must look upon him not only as an eternal Being, but also as a Being eternally *energetick.*—*Grew.*

Energétical. *adj.* Same as Energetic.

That *energetical* powerful instrument, the Gospel of Christ, which is the power of God unto salvation, even to every Jew, nay, and Heathen.—*Hammond, Works*, iv. 563.

Energétically. *adv.* In an energetic manner.

Against and above which [the Church of Christ] the cardinals of Rome do most *energetically* oppose and advance themselves.—*Potter, Interpretation of the Number* 666, p. 140: 1647.

Enérgic. *adj.* [Fr. *énergique.*] Powerful in effect.

Drive Thraldom, with malignant hand,
To curse some other destined land,
By Folly led astray;
Ierne bear on azure wing,
Energic let her soar and sing
Thy universal sway. *Swift, Ode on Science.*

O Musick, sphere-descended maid!—
Arise, as in that elder time,
Warm, *energick*, chaste, sublime!
Collins, Ode on the Passions.

Enérgical. *adj.* Vigorous; active; powerful in effect. *Rare.*

The learned and moderate of the reformed churches abhor the foppery of such conceits, and confess our polity to be productive of more *energical* and powerful preachers than any church in Europe.—*Waterhouse, Apology for Learning*, p. 85: 1653.

Énergize. *v. a.* Endue, invest, or inspire, with energy; give energy; excite action.

As all energies are attributes, they have reference of course to certain *energizing* substances.—*Harris, Hermes*, i. 9.

It is less the purpose of our present meeting to feast the ravished ear with the enchanting sounds of harmony, (which afford indeed the purest of the pleasures of the senses,) than to taste those nobler exercises of *energizing* love, of which flesh and blood, the animal part of us, can no more partake than it can inherit heaven.—*Bishop Horsley.*

Énergizer. *s.* That which energizes, occasions, or causes.

Every energy is necessarily situate between two substantives; an *energizer* which is active, and a subject which is passive.—*Harris, Hermes*, i. 9.

Énergy. *s.* [Gr. ἐνέργεια.]

1. Force; vigour; efficacy; influence; power (actual or possible).

They are not effective of any thing, nor leave no work behind them, but are *energies* merely; for their working upon mirrours, and places of echo, doth not alter any thing in those bodies.—*Bacon.*

God thinketh with operation infinitely perfect, with an omnipotent as well as an eternal *energy.*—*Grew.*

Whether with particles of heav'nly fire
The God of nature did his soul inspire;
Or earth, but new divided from the sky,
And pliant still, retain'd th' ethereal *energy.*
Dryden.

Beg the blessed Jesus to give an *energy* to your imperfect prayers, by his most powerful intercession.—*Bishop Smalridge.*

2. Faculty; operation.

Matter, though divided into the subtilest parts, moved swiftly, is senseless and stupid, and makes no approach to vital *energy.*—*Ray, Wisdom of God manifested in the Works of the Creation.*

How can concussion of atoms beget self-consciousness, and powers and *energies* that we feel in our minds?—*Bentley.*

3. Strength of expression; force of signification; spirit; life.

Who did ever, in French authors, see
The comprehensive English *energy?*
Lord Roscommon.

Swift and ready and familiar communication is made by speech; and, when animated by elocution, it acquires a greater life and *energy*, ravishing and captivating the hearers.—*Holder.*

Many words deserve to be thrown out of our language, and not a few antiquated to be restored on account of their *energy* and sound.—*Swift.*

The next quality of style to be noticed is what may be called *energy*; the term being used in a wider sense than the 'Ενέργεια of Aristotle, and nearly corresponding with what Dr. Campbell calls vivacity; so as to comprehend every thing that may conduce to stimulate attention,—to impress strongly on the mind the arguments adduced,—to excite the imagination, and to arouse the feelings. This *energy* then, or vivacity of Style, must depend (as is likewise the case in respect of perspicuity) on three things: 1st, the choice of words, 2d, their number, and 3d, their arrangement.—*Whately, Elements of Rhetoric*, pt. iii. ch. ii. § 1.

Énervate. *v. a.* [Lat. *enervatus* = deprived of nerve.] Weaken; deprive of force; emasculate.

Great empires, while they stand, do *enervate* and destroy the forces of the natives which they have subdued, resting upon their own protecting forces.—*Bacon.*

Sheepish softness often *enervates* those who are bred like fondlings at home.—*Locke.*

Énervate. *adj.* Weakened; deprived of force.

On each *enervate* string they taught the note
To pant, or tremble, through an eunuch's throat.
Pope.

Away, *enervate* bards, away,
Who spin the courtly, silken lay!
Dr. Warton, Ode on West's Pindar.

They lull themselves in an *enervate* and cowardly dissipation, and, instead of being happy, are only indolent.—*Johnson, Sermons*, no. 14. (Ord MS.)

Enervàted. *part. adj.* Enfeebled.

Footmen exercise themselves, whilst their *enervated* lords are softly lolling in their chariots.—*Arbuthnot and Pope.*

Énervating. *part. adj.* Causing enervation; weakening; relaxing.

"Tis the grandson of Monmouth, young Coningsby. .. They tell me he is a lively lad.' .. 'I hope he does not dream of inheritances,' said Sidonia. "Tis the most *enervating* of visions.'—*Disraeli the younger, Coningsby*, b. iv. ch. xi.

Énervátion. *s.* Act of weakening; state of being weakened; loss of nerve in the sense of vital stimulus.

This colour of meliority and preheminence is a sign of *enervation* and weakness.—*Bacon, Table of Colours of Good and Evil.*

Enérve. *v. a.* Weaken; break the force of; crush. *Rare.*

We shall be able to solve and *enerve* their force.—*Sir K. Digby.*

Such object hath the pow'r to soft'n and tame
Severest temper, smooth the rugged'st brow,
Enerve, and with voluptuous hope dissolve.
Milton, Paradise Regained, ii. 163.

Enfeéble. *v. a.* Weaken; enervate; deprive of strength.

I've belied a lady,
The princess of this country; and the air on't
Revengingly *enfeebles* me.
Shakespear, Cymbeline, v. 2.

Some employ their time in affairs below the dignity of their persons; and being called by God, or the republic, to bear great burdens, do *enfeeble* their understandings by sordid and brutish business.—*Jeremy Taylor, Rule and Exercises of Holy Living.*

Sure, nature form'd me of her softest mould,
Enfeebled all my soul with tender passions,
And sunk me even below my own weak sex.
Addison, Cato.

Enfélon. *v. a.* Invest with the character of a felon; fill with fierceness.

Enféloned. *part. adj.* Full of fierceness; inclined to cruelty.

With that, like one *enfelon'd* or distraught,
She forth did roam whither her rage her bore,
With frantick passion and with furie fraught.
Spenser, Faerie Queen, v. 8, 48.

Enfeóff. *v. a.*

1. In *Law.* Invest with any dignities or possessions.

If the eldest son *enfeoff* the second, reserving homage, and that homage paid, and then the second son dies without issue, it will descend to the eldest as heir, and the seignory is extinct.—*Sir M. Hale, History of the Common Law of England.*

2. Give up entirely; surrender.

The skipping king ...
Grew a companion to the common streets,
Enfeoff'd himself to popularity.
Shakespear, Henry IV. Part I. iii. 2.

Enfeóffment. *s.* Act of enfeoffing; instrument or deed by which one is invested with possessions.

(For example see extract under Feoffee.)

Enfétter. *v. a.* Hold, or bind, in fetters; enchain.

His soul is so *enfetter'd* to her love,
That she may make, unmake, do what she list.
Shakespear, Othello, ii. 3.

Enféver. *v. a.* Produce fever. *Rare.*

Enfévering. *part. adj.* Causing fever or feverishness.

In vain the purer stream
Courts him, as gently the green bank it laves,
To blend the *enfevering* draught with its pellucid waves. *Seward, Sonnets.*

Enfiérce. *v. a.* Make fierce. *Rare.*

Abashed now, not fighting so;
But, more *enfierced* through his currish play,
Him sternly grypt. *Spenser, Faerie Queen*, ii. 8.

Enfiláde. *s.* [Fr.] Straight passage; narrow rank or line (chiefly in *Strategics*).

The trees have swelled out beyond the line traced for them, and destroyed the *enfilade*, by advancing into the walks, or retiring from them.—*Swinburne, Travels through Spain*, let. 38.

Enfiláde. *v. a.* Fire on a body of soldiers so as to rake it in the direction of its length.

The avenues, being cut through the wood in right lines, were *enfiladed* by the Spanish canon.—*Expedition to Carthagena.*

Enfíre. *v. a.* Fire; set on fire; kindle. *Rare.*

So hard those heavenly beauties he *enfir'd*
As things divine, least passions do impress.
Spenser, Hymn on heavenly Love.

As for his holy sisters at Bruxells, the touch of whom hath so much *enfired* his ghostly zeal, I intended no quarrel to them in particular.—*Bishop Hall, Honour of married Clergy*, p. 63.

Enflésh. *v. a.* Harden; establish in any practice; incorporate. *Rare.*

Vices which are habituated, inbred, and *enfleshed* in him.—*Florio, Translation of Montaigne's Essays*, p. 173: 1613.

Enfórce. *v. a.*

1. Give strength to; strengthen; invigorate; make or gain by force.

The idle stroke, *enforcing* furious way,
Missing the mark of his misaimed sight,
Did fall to ground. *Spenser, Faerie Queen.*

Sometimes with lunatick bans, sometimes with prayers
Enforce their charity. *Shakespear, King Lear*, ii. 3.

2. Drive; put in act by violence. *Rare.*

Sker away as swift as stones
Enforced from the old Assyrian slings.
Shakespear, Henry V. iv. 7.

3. Instigate; provoke; urge on; animate.

Fear gave her wings, and rage *enforc'd* my flight
Through woods and plains. *Spenser, Faerie Queen.*

4. Urge with energy.

All revoke
Your ignorant election; *enforce* his pride,
And his old hate to you.
Shakespear, Coriolanus, ii. 3.

He prevailed with him by *enforcing* the ill consequence of his refusal to take the office, which would be interpreted to his dislike of the court.—*Lord Clarendon, History of the Grand Rebellion.*

To avoid all appearance of disaffection, I have taken care to *enforce* loyalty by an invincible argument.—*Swift.*

5. Compel; constrain.

For competence of life I will allow you,
That lack of means *enforce* you not to evil.
Shakespear, Henry IV. Part II. v. 5.

A just disdain conceived by that queen, that so wicked a rebel should prevail against her, did move and almost *enforce* her to send over that mighty army.—*Sir J. Davies, Discourse on the State of Ireland.*

6. Press with a charge. *Rare.*

In this point charge him home, that he affects
Tyrannick power: if he evade us there,
Enforce him with his envy to the people,
And that the spoils got on the Antiates
Was ne'er distributed.
Shakespear, Coriolanus, iii. 3.

7. Prove; evince; show beyond contradiction.

Which laws in such case we must obey, unless there be reason shewed, which may necessarily *enforce* that the law of reason, or of God, doth enjoin the contrary.—*Hooker, Ecclesiastical Polity.*

Enfórce. *s.* Power; strength. *Rare.*

He now defies thee thrice to single fight,
As a petty enterprise of small *enforce.*
Milton, Samson Agonistes, 1222.

Enfórcedly. *adv.* By violence; not voluntarily; not spontaneously; by choice.

If thou didst put this sour cold habit on,
To castigate thy pride, 'twere well; but thou

Do'st it *enforcedly*; thou'dst courtier be,
Wert thou not beggar.
Shakespear, Timon of Athens, iv. 3.

Enfórcement. *s.*

1. Act of violence; compulsion; force offered.
He that contendeth against these *enforcements*, may easily master or resist them.—*Sir W. Raleigh, History of the World.*
2. Sanction; that which gives force to a law.
The rewards and punishments of another life, which the Almighty has established as the *enforcements* of his law, are of weight enough to determine the choice.—*Locke.*
3. Motive of conviction; urgent evidence.
The personal descent of God himself, and his assumption of our flesh to his divinity, was an *enforcement* beyond all the methods of wisdom that were ever made use of in the world.—*Hammond, On Fundamentals.*
4. Pressing exigence.
More than I have said,
The leisure and *enforcement* of the time
Forbids to dwell on. *Shakespear, Richard III.* v. 3.

Enfórcer. *s.* One who enforces; compeller; one who effects by violence.
When a man tumbles a cylinder or roller down an hill, 'tis certain that the man is the violent *enforcer* of the first motion of it.—*Hammond, On Fundamentals.*

Enfórcible. *adj.* Capable of being enforced.
Grounded upon plain testimonies of Scripture, and *enforcible* by good reason.—*Barrow, Sermon* vi. *Works* i. 71. (Ord MS.)

Enfórcive. *s.* That which has a constraining power. (spelt with *i*.)
After those omnipotent *inforcives* to a virtuous life, if we take a prospect of both worlds, it would be hard to know which were the heathen.—*Allestree, Forty Sermons*, b. ii. (Ord MS.)

Enfórm. *v. a.* Fashion; direct. *Rare.*
He knew the diverse went of mortal ways,
And in the minds of men had great insight;
Which with sage counsel, when they went astray,
He could *enforme*, and then reduce aright.
Spenser, Faerie Queen, vi. 6, 3.

Enfoúlder. *v. a.* [Fr. *fouldroyer*.] Light up by lightning.

Enfoúldered. *part. adj.* Lit up by lightning. *Obsolete.*
Heart cannot think what outrage and what cries,
With foul *enfouldred* smoake and flashing fire,
The hell-bred beast threw forth unto the skies.
Spenser, Faerie Queen.

Enfránchise. *v. a.* [see Franchise.]

1. Admit to the privileges of one invested with a franchise.
The English colonies, and some septs of the Irishry, *enfranchised* by special charters, were admitted to the benefit of the laws.—*Sir J. Davies, Discourse on the State of Ireland.*
Romulus was the natural parent of all those people that were the first inhabitants of Rome, or of those that were after incorporated and *enfranchised* into that name, city, or government.—*Sir M. Hale, Origination of Mankind.*
The incorporating a man into any society, or body politick. For example, he that is by charter made denizen of England, is said to be *enfranchised*: and so is he that is made a citizen of London, or other city, or burgess of any town corporate, because he is made partaker of those liberties that appertain to the corporation.—*Cowell.*
2. Set free from slavery, prison, constraint, or disability.
Men, forbearing wine, come from drinking healths to a draught at a meal; and, lastly, to discontinue altogether; but if a man have the fortitude and resolution to *enfranchise* himself at once, that is the best.—*Bacon, Essays.*
If they won a battle, prisoners became slaves, and continued so in their generations, unless *enfranchised* by their masters.—*Sir W. Temple.*
3. Naturalize.
These words have been *enfranchised* amongst us. —*Watts.*

Enfránchisement. *s.* Investiture of the privileges of a franchise.
His coming hither hath no farther scope,
Than for his lineal royalties, and to beg
Enfranchisement immediate on his knees.
Shakespear, Richard II. iii. 3.
To make me captive, where *enfranchisement*
Cannot be gotten.
W. Browne, Britannia's Pastorals, i. 1.
That false *enfranchisement* with ease is found:
Slaves are made citizens by turning round.
Dryden, Persius's Satires.

Enfreéze. *v. a.* Congeal with cold. *Rare.*
Yet to augment the anguish of my smart,
Thou hast *enfrozen* her disdainful breast,
That no one drop of pity there doth rest.
Spenser, Hymn on heavenly Love.

Enfróward. *v. a.* Make perverse or ungovernable. *Rare.*
The multitude of crooked and side respects, which are the only clouds that eclipse the truth from shining more lightly on the face of the world, and the only pricks which so *enfroward* men's affections as not to consider and follow what were for the best, do cause that this chief unity findeth small acceptation.—*Sir E. Sandys, State of Religion.*

Engáge. *v. a.* [Fr. *engager*.]

1. Make liable for a debt to a creditor.
I have *engag'd* myself to a dear friend,
Engag'd my friend to his mere enemy,
To feed my means.
Shakespear, Merchant of Venice, iii. 2.
2. Pawn; stake.
They most perfidiously condemn
Those that *engag'd* their lives for them.
Butler, Hudibras.
3. Enlist; bring into a party.
All wicked men are of a party against religion: some lust or interest *engageth* them against it.—*Archbishop Tillotson.*
4. Embark in an affair.
So far had we *engaged* ourselves, unfortunate souls, that we listed not to complain, since our complaints could not but carry the greatest accusation to ourselves.—*Sir P. Sidney.*
5. Attach; make adherent.
Good nature *engages* everybody to him.—*Addison.*
6. Induce; win by pleasing means; gain.
To ev'ry duty he could minds *engage*,
Provoke their courage, and command their rage.
Waller.
His beauty these, and those his blooming age,
The rest his house and his own fame *engage*.
Dryden, Virgil's Æneid.
So shall I court thy dearest truth,
When beauty ceases to *engage*;
So thinking on thy charming youth,
I'll love it o'er again in age. *Prior.*
7. Bind by any appointment or contract.
We have been firm to our allies, without declining any expence to which we had *engaged* ourselves, and we have even exceeded our engagement.—*Bishop Atterbury.*
8. Seize by the attention: (as 'He was deeply *engaged* in conversation').
9. Employ; hold in business.
For I shall sing of battles, blood, and rage,
Which princes and their people did *engage*.
Dryden.
10. Encounter; fight.
Our little fleet was now *engag'd*.
Dryden, Annus Mirabilis.
The army was *engag'd* before the cannon was turned, or the ground made choice of upon which they were to fight.—*Lord Clarendon, History of the Grand Rebellion*, b. ix.
The rebel knave, who dares his prince *engage*,
Proves the just victim of his royal rage. *Pope.*

Engáge. *v. n.*

1. Contend; fight.
Upon advertisement of the Scots army, the earl of Holland was sent with a body to meet and *engage* with it.—*Lord Clarendon, History of the Grand Rebellion.*
2. Embark in any business; enlist.
'Tis not indeed my talent to *engage*
In lofty trifles, or to swell my page
With wind and noise. *Dryden, Persius's Satires.*
3. Warrant; guarantee; bet.
I'll *engage* he'll rise in his profession, for he can cringe and flatter with the best. — *Gray's Inn Journall*, no. 6. (Ord MS.)
I can also help you to a lady who is as deaf, tho' not so old, as yourself; you'll be pleased with one another, I'll *engage*, tho' you don't hear one another. —*Pope, Letter to Swift*, Sept. 14, 1725. (Ord MS.)

Engágedly. *adv.* In a way bespeaking attachment to a party.
Far better it were for publick good there were more (deserving the name of Johannes de Indagine) progressive pioneers in the mines of knowledge, than controverters of what is found: it would lessen the number of conciliatours; which cannot themselves now write, but as *engagedly* biassed to one side or other.—*Whitlock, Observations on the present Manners of the English*, p. 233: 1654.

Engágement. *s.*

1. Obligation by contract.
We have, in expence, exceeded our *engagements*.—*Bishop Atterbury.*
'You see, child,' (says she) 'what Fortune hath thrown in your way, and I hope you will not withstand your own preferments.'—Leonora sighing, 'begged her not to mention any such thing, when she knew her *engagements* to Horatio.'—'*Engagements* to a fig,' cry'd the aunt, 'you should thank heaven on your knees that you have it yet it in your power to break them.'—*Fielding, Adventures of Joseph Andrews.*
Now, after these confessions and compliments, I suggest a waltz.—No one is waltzing now.—When the quadrille, then, is finished?—Then I am engaged. —After your *engagement*?—Oh, impossible! That is indeed making a business of pleasure. I have just refused a similar request of your fellow-steward. We damsels shall soon be obliged to carry a book to enrol our *engagements* as well as our bets, if this system of reversionary dancing be any longer encouraged.—*Disraeli the younger, The young Duke*, b. ii. ch. iii.
2. Adherence to a party or cause; partiality.
This practice may be obvious to any who impartially, and without *engagement*, is at the pains to examine.—*Swift.*
3. Employment of the attention.
Play, either by our too constant or too long *engagement* in it, becomes like an employment or profession.—*Rogers.*
4. Fight; conflict; battle.
Our army, led by valiant Torrismond,
Is now in hot *engagement* with the Moors.
Dryden.
He [the French admiral] tacked, and would not venture an *engagement*.—*Bishop Burnet, History of his own Time.*
5. Obligation; motive.
This is the greatest *engagement* not to forfeit an opportunity.—*Hammond, On Fundamentals.*

Engáger. *s.* One who signs a particular engagement; one who embarks in an affair. *Rare.*
Rash motions have lost noble enterprises and their *engagers*. — *Waterhouse, Apology for Learning*, p. 125: 1653.
He [Sir W. Davenant] contrives to set up an opera, wherein serjeant Maynard and several citizens were *engagers*.—*Aubrey, Anecdotes*, ii. 308.
We may safely give leave to the covenanter, the *engager*, and the rest of a schismatical people, to pretend as high as they can, whilst we are sure we are as much as they can pretend to.—*Ellis, Sermon*, 29 May, 1661, p. 39.

Engáging. *part. adj.* Having the power of engaging attention; pleasing: (as, 'an *engaging* manner').

Engaól. *v. a.* Imprison; confine.
The British mountaineer who first uprear'd
A mouse-trap, and *engaol'd* the little thief.
Translation of Holdsworth's Muscipula, p. 5: 1715.

Engallánt. *v. a.* Make a gallant of anyone; invest with the character of a gallant; set off gallantly. *Rare.*
If you could but endear yourself to her affections, you were eternally *engallanted*.—*B. Jonson, Cynthia's Revels.*

Engárboil. *v. a.* Mix up with Garboils; disorder; disturb. *Rare.*
It is strange, that for wishing, advising, and in his own particular using and ensuing that moderation, thereby not to *engarboil* the church, and disturb the course of piety, he should so, by you and yours, be blamed, accused, and traduced for a Papist and an Arminian; calumniated almost in every ordinary by your means, for a dangerous driver at popery and sedition.—*Bishop Mountagu, Appeal to Cæsar*, p. 80.

Engárland. *v. a.* Encircle with a garland. *Rare.*
Let us rather plant more laurels for to *engarland* the poets' heads.—*Sir P. Sidney, Defence of Poesy.*

Engárrison. *v. a.* Protect by a garrison.
Those strangers were no otherwise engaged, than as they that would hold fair correspondence with the citizens where they were *engarrisoned*.—*Bishop Hall, Contemplations*, b. iv.
Neptune with a guard doth *engarrison* her strongly.—*Howell.*
Every man has corrupt sinful habits that have overspread, and, as it were, *engarrisoned* themselves in the most inward parts of his soul.—*South, Sermons*, vii. 51.

Engém. *v. a.* Ornament, or colour, as if be gems. *Rare.*
The sun is fair when he with crimson crown
And flaming rubies leaves his eastern bed,
Fair is Theumanties in her christal goun,
When clouds *engemm'd* shew azure, green, and red.
Drummond, Poems, no. 39. (Ord MS.)

Engénder. *v. a.* [Fr. *engendrer*.]

1. Beget between different sexes.
This bastard love is *engendered* betwixt lust and idleness.—*Sir P. Sidney.*
2. Produce; form.
Again, if souls do other souls beget,
'Tis by themselves, or by the body's pow'r:

For by themselves, what doth their working let
But they might souls *engender* ev'ry hour?
Sir J. Davies, Immortality of the Soul.

3. Excite; cause; produce.
Say, can you fast? Your stomachs are too young,
And abstinence *engenders* maladies.
Shakespear, Love's Labour's lost, iv. 3.
It unloads the mind, *engenders* thoughts, and animates virtue.—*Addison.*

4. Bring forth; develop.
Vice *engenders* shame, and folly broods o'er grief.
—*Prior.*

Spelt with *i*.
High conceits *ingendering* pride.
Milton, Paradise Lost, iv. 809.

Engénder. *v. n.* Be caused; be produced; breed.
Thick clouds are spread, and storms *engender* there. *Dryden*

Spelt with *i*.
The council of Trent, and the Spanish inquisition, *ingendering* together, brought forth those catalogues and expurging indexes.—*Milton, Areopagitica.*

Engénderer. *s.* One who engenders, begets, breeds. (spelt with *i*.)
The *ingenderers* and ingendered.
Sir J. Davies, Witte's Pilgrimage, sign. O. i.

Engíld. *v. a.* Gild; adorn. *Rare.*
Fair Helena, who more *engilds* the night
Than all yon fiery o's and eyes of light.
Shakespear, Midsummer-Night's Dream, iii. 2.

Énginе. *s.* [Fr. *engin*; Lat. *ingenium* = wit, power of contrivance; whence, in the French, thing contrived. Gin = snare, is a further reduction of this word.]

1. Mechanical complication, in which various movements and parts concur to one effect; instrument in general; tool.
The sword, the arrow, the gun, with many terrible *engines* of death, will be well employed.—*Sir W. Raleigh, Essays.*
In all *engines* it must be considered, what weight every beam is to carry.—*Adams.*
He takes the scissars, and extends
The little *engine* on his fingers' ends. *Pope.*

Specially.

a. Military contrivance.
This is our *engine*, towers that overthrows;
Our spear that hurts, our sword that wounds our foes. *Fairfax.*

b. Instrument of torture; rack.
O most small fault,
How ugly didst thou in Cordelia show!
Which, like an *engine*, wrench'd my frame of nature
From the fix'd place. *Shakespear, King Lear*, i. 4.

c. Fire-engine.
Some cut the pipes, and some the *engines* play;
And some, more bold, mount ladders to the fire.
Dryden.

2. Any means used to bring to pass, or to effect; machination: scheme.
Prayer must be divine and heavenly, which the devil with all his *engines* so violently opposeth.—*Bishop Duppa, Rules and Helps of Devotion.*
Nor did he 'scape
By all his *engines*, but was headlong sent
With his industrious crew to build in hell.
Milton, Paradise Lost, i. 749.

3. Agent for another (especially one who has no will of his own, being a *thing* rather than a person); tool (in the *bad* sense).
They had th' especial *engines* been, to rear
His fortunes up into the state they were. *Daniel.*

Engineér. *s.* One who manages engines; one who directs the artillery of an army.
For 'tis the sport to have the *engineer*
Hoist with his own petard.
Shakespear, Hamlet, iii. 4.
An author, who points his satire at a great man, is like the *engineer* who signalized himself by this ungenerous practice.—*Addison.*

Engineéring. *verbal abs.* Work, craft, skill, business, or profession; practice of an engineer.
It has already been shown that the natives of Ceylon received their earliest instruction in *engineering* from the Brahmans, who attached themselves to the followers of Wijayo and his immediate successors. . . . Of military *engineering* the Singhalese had a very slight knowledge.—*Sir J. E. Tennent, Ceylon*, pt. iv. ch. vi.

Énginery. *s.*

1. Act of managing artillery.
They may descend in mathematicks to fortification, architecture, *enginery*, or navigation.—*Milton, Tractate on Education.*

2. Engines of war; artillery.
We saw the foe
Approaching, gross and huge, in hollow cube
Training his dev'lish *enginery*.
Milton, Paradise Lost, vi. 551.

3. Any device or contrivance.
The fraudful *enginery* of Rome.
Shenstone, Economy.

Énginous. *adj.* Ingenious; contriving; inventive. *Rare.*
Then wrought her wit
With her broke vow, her goddess' wrath, her fame,—
All tools that *enginous* despair could frame.
Marlowe and Chapman, Hero and Leander.

Engírd. *v. a.* Gird.
Let cruel Discord bear thee company,
Engirt with snakes. *Gascoigne, Jocasta*: 1577.
My heart is drown'd with grief,
My body round *engirt* with misery.
Shakespear, Henry VI. Part II. iii. 1.

Engírt. *v. a.* Engird. *Rare.*
A lily prison'd in a gaol of snow; . . .
So white a friend *engirts* so white a foe.
Shakespear, Venus and Adonis.
He who call'd with thought to birth
Yon tented sky, this laughing earth,
And dress'd with springs and forests tall,
And pour'd the main, *engirting* all.
Collins, Ode on the Poetical Character.

Englád. *v. a.* Make glad; gladden. *Rare.*
The lark upon the somer's day, . . .
Mounteth on high, with hir melodious lay,
Of the sun shine *engladded* with the light.
Skelton, Poems, p. 26.

Englaímed. *adj.* Made clammy. *Rare.*
His tongue *engleymed*, and his nose black.—*Liber Festivalis*, fol. 16. b.

Énglish. *v. a.* Translate into English.
The hollow instrument terebra, we may *english* piercer.—*Bacon.*
We find not a word in the text can properly be rendered anise, which is what the Latins call anethum, and properly *englished* dill.—*Sir T. Browne, Vulgar Errours.*

Énglishry. *s.* State or privilege of being an Englishman: (an old *law* expression: *Irishry* was thus used in Elizabeth's time for being Irish).
Though eight years had elapsed since an arm had been lifted up in the conquered island against the domination of the *Englishry*, the unhappy children of the soil who had been suffered to live, submissive and obscure, on their hereditary fields, were threatened with a new and severe inquisition into old offences.—*Macaulay, History of England*, ch. xxv.

Englút. *v. a.* [Fr. *engloutir*.] *Rare.*

1. Swallow up.
Neither my place, nor ought I heard of business,
Hath rais'd me from my bed; nor doth the general
Take hold on me: for my particular grief
Engluts and swallows other sorrows.
Shakespear, Othello, i. 3.
Certainly, thou art so near the gulf,
Thou needs must be *englutted*. *Id. Henry V.* iv. 3.
How many prodigal bits have slaves and peasants
This night *englutted!* *Id., Timon of Athens*, ii. 2.
Whose grieved minds, which choler did *englut*,
Against themselves turning their wrathful spight.
Spenser.

2. Glut; pamper; fill up.
Being once *englutted* with vanity, he will straightway loath all learning.—*Ascham, Schoolmaster.*

Engóre. *v. a.* Pierce; prick; gore. *Rare.*
As savage bull, whom two fierce mastives bait,
When rancour doth with rage him once *engore*,
Forgets with wary ward them to await,
But with his dreadful horns them drives afore.
Spenser, Faerie Queen.

Engórge. *v. a.* [Fr. *engorger*, from *gorge* = throat.] Swallow; devour; gorge.
That is the gulf of greediness, they say,
That deep *engorgeth* all this world its prey.
Spenser, Faerie Queen.
With pleasures cloy'd, *engorged* with the fill.
Mirrour for Magistrates, p. 425.

Engórge. *v. n.* Devour; feed with eagerness and voracity; riot.
Nor was it wonder that he thus did swell,
Who had *engorged* and drunken was with Hell.
Beaumont, Psyche, xv. 293: 1651.

Spelt with *i*.
Greedily she *ingorg'd* without restraint,
And knew not eating death!
Milton, Paradise Lost, ix. 791.

Engórged. *part. adj.* Gulped down.
Then fraught with rancour, and *engorged* ire,
He cast at once him to avenge for all.
Spenser, Faerie Queen.

Engórgement. *s.* In *Medicine.* Plethoric condition.
(For example see extract under Infarction.)

Engráff. *v. a.* Graft; unite. *Obsolete.*
You have been so much *engraffed* to Falstaff.
Shakespear, Henry IV. Part II. ii. 2.

Spelt with *i*.
Nor are the ways alike in all
How to *ingraff*, how to inoculate.
May, Translation of Virgil.

Engráffment. *s.* Implantation, as of a graft; that which is engrafted. *Rare.*
Thus the relations between men and men are changed, we may be obliged to act against those very instincts, which, from their deep *engraffment* have (though improperly) been called the laws of nature.—*Ellis, Knowledge of Divine Things*, p. 425.

Engráft. *v. a.* Graft, q. v. (spelt with *i*.)
For a spur of diligence, we have a natural thirst after knowledge *ingrafted* in us.—*Hooker, Ecclesiastical Polity*
All his works on me,
Good, or not good, *ingraft*; my merit those
Shall perfect, and for these my death shall pay.
Milton, Paradise Lost, xi. 34.
As next of kin, Achilles' arms I claim;
This fellow would *ingraft* a foreign name
Upon our stock. *Dryden.*

Engráft. *adj.* Engrafted. (spelt with *i*.)
'Tis great pity that the noble Moor
Should hazard such a place as his own second,
With one of an *ingraft* infirmity.
Shakespear, Othello, ii. 3.

Engráfted. *part. adj.* Grafted; inserted into that to which it does not belong.
Receive with meekness the *engrafted* word, which is able to save your souls.—*James*, i. 21.
All filthiness and superfluity of naughtiness must be first laid aside, that we may be fitted to receive with meekness this *engrafted* word: which shews it cannot import any thing which is by nature always in us.—*Whitby.*

Spelt with *i*.
Ingrafted love he bears to Cæsar.
Shakespear, Julius Cæsar, ii. 1.

Engraíl. *v. a.* [Fr. *engréler*.]

1. Spot as with hail; variegate. *Rare.*
Æacides then shews
A long lance, and a caldron, new, *engrail'd* with twenty hues.
Chapman, Translation of Homer's Iliad.

2. In *Heraldry.* Notch; indent.
Polwheel beareth a saltier *engrail'd*. — *Carew, Survey of Cornwall.*

Engraín. *v. a.* [see Grain = branch.] Dye deep; dye in grain.

Engraíned. *part. adj.* Dyed in grain.
Seest how fresh my flowers bene spread
Dyed in lilie white and crimson red,
With leaves *engrain'd* in lusty grain?
Spenser, Shepherd's Calendar, February.

Spelt with *i*.
Ingrain'd habits, dy'd with often dips,
Are not so soon discoloured.
Marston, Scourge of Villainy, i. 4: 1599.
'Tis an *ingrained*, rational, and judicious sorrow.
—*Norris, Letter on his Niece's Death.*

Engrápple. *v. n.* Close with; contend with; hold on each other. *Rare.*
There shall young Hotspur, with a fury led,
Engrapple with thy son, as fierce as he. *Daniel.*

Spelt with *i*.
Look how two lions fierce . . . at one another fly,
And with their armed paws *ingrappled* dreadfully.
Drayton, Polyolbion, xii.

Engrásp. *v. a.* Seize; hold fast in the hand; gripe. *Rare.*
Now gan Pyrocles wax as wood as he,
And him affronted with impatient might;
And both together fierce *engrasped* be,
Whiles Guyon standing by, their uncouth strife does see. *Spenser.*

Engráve. *v. a.* pass. part. *engraved* or *engraven*. [Fr. *engraver*.]

1. Picture by incisions in any material.
Her ivory forehead, full of bounty brave,
Like a broad table, did itself dispread,
For love his lofty triumphs to *engrave*,
And write the battles of his great godhead.
Spenser, Faerie Queen.
O'er all, the heav'n's refulgent image shines;
On either gate were six *engraven* signs.
Addison, Translation from Ovid.

2. Impress deeply; imprint.
It will scarce seem possible, that God should *engrave* principles, in men's minds, in words of uncertain signification.—*Locke.*

Engráve. *v. a.* [from *grave* = tomb.] Bury; inter.

The sixth had charge of them now being dead,
In seemly sort their corses to *engrave*,
And deck with dainty flowers their bridal bed.
Spenser, Faerie Queen.
So both agree their bodies to *engrave*. *Ibid.*
[They] did end their honest life,
And lye here *engraved* under the marble stone.
Ashmole, Antiquities of Berkshire, ii. 348.

Engrávement. *s.* Work of an engraver. *Rare.*
We being the offspring of God ought not to think that the Godhead is like unto gold, or silver, or stone, the *engravement* of art and man's device.—*Barrow, Exposition on the Decalogue.*

Engráver. *s.* One who engraves; cutter in stone or other matter.
All manner of work of the *engraver*.—*Exodus*, xxv. 35.
Images are not made in the brain itself, as the pencil of a painter or *engraver* makes the images in the table, but are imprinted in a wonderful method in the soul.—*Sir M. Hale.*

Engrávery. *s.* Engraving: (this latter the *commoner*).
Some handsome *engraveries* and medals.—*Sir T. Browne, Miscellanies*, p. 210.

Engráving. *s.* Work of an engraver; picture or mark engraved.
With the work of an engraver in stone, like the *engravings* of a signet, shalt thou engrave the two stones with the names of the children of Israel.—*Exodus*, xxviii. 11.

Engreát. *v. a.* Same as Engreaten. *Rare.* (spelt with *i*.)
It appeareth, that there is, in all things, a desire to dilate and to *ingreat* themselves.—*Fotherby, Atheomastix*, p. 174: 1622.
As some are gentle and benign, so some others, to *ingreat* themselves, might strain more than the strong will bear.—*Archbishop Abbot, Speech in Rushworth's Collectanea*, i. 455.

Engreáten. *v. a.* Make great. *Rare.*
As sin is grievous in its own nature, so it is much *engreatened* by the circumstances which attend it.—*Jeremy Taylor, Contemplations.* (Ord MS.)
The things of this world, through their vanity, which swell and blows them up, seem to extend and *engreaten* them; yet, they are in themselves contemptible and little.—*Ibid.* (Ord MS.)

Engriéve. *v. a.* Grieve. *Rare.*
Aches, and hurts, and corns, do *engrieve* either towards rain, or towards frost.—*Bacon, Natural and Experimental History.*

Engriéved. *part. adj.* Grieved.
The gnawing anguish, and sharp jealousy,
Which his sad speech infixed in my breast,
Rankled so sore, and fester'd inwardly,
That my *engrieved* mind could find *no* rest.
Spenser, Faerie Queen.

Engróss. *v. a.* [Fr. *gros* = great.]
1. Make big, thick, bulky, fat, or coarse; enlarge; increase in bulk.
But more happy he than wise,
Of that sea's nature did him not avise;
The waves thereof so slow and sluggish were,
Engross'd with mud, which did them foul agriees
That every weighty thing they did upbear.
Spenser, Faerie Queen.
Not sleeping, to *engross* his idle body;
But praying, to enrich his watchful soul.
Shakespear, Richard III. iii. 7.
Though pillars, by channeling, be seemingly *engrossed* to our sight, yet they are truly weakened in themselves.—*Sir H. Wotton, Elements of Architecture.*
2. Seize in the gross; seize, take possession of, or keep, any commodity for the sake of selling at a high price; monopolize the whole of anything. See last extract.
If thou *engrossest* all the griefs as thine,
Thou rob'st me of a moiety.
Shakespear, All's well that end's well, iii. 2.
Those two great things that so *engross* the desires and designs of both the nobler and ignobler sort of mankind, are to be found in religion; namely, wisdom and pleasure.—*South, Sermons.*
A dog, a parrot, or an ape,
Or some worse brute in human shape,
Engross the fancies of the fair. *Swift.*
They listened always very attentively to my discourses on these heads, but especially to that part which related to the buying negroes; which was a trade, at that time, not only not far entered into, but, as far as it was, had been carried on by the assientos, or permission of the kings of Spain and Portugal, and *engrossed* from the public; so that few negroes were bought, and those excessive dear.—*De Foe, Life and Adventures of Robinson Crusoe.*
3. Copy in a large hand.
Here is th' indictment of the good lord Hastings,
Which in a set hand fairly is *engross'd*.
Shakespear, Richard III. iii. 6.

[*Engross.*—1. French, *grossoyer*, to write fair, or in great (Fr. *gros*) and fair letters. (Cotgrave.) Opposed to the *minute* or small characters of the original draught, hence called *minutes* of a proceeding. French, *grosse*, Dutch, *gros*, a notarial copy. Le notaire garde *la minute* et en delivre *la grosse*, keeps the minutes and delivers the engrossed copy. 2. In the earlier period of our history the *engrossing* of commodities was regarded as an odious social offence, and was jealously guarded against by the municipal law. The meaning of the word is misunderstood by Blackstone, who explains it as 'the getting into our possession, or buying up, *large* quantities of corn, or other dead victuals.' The real gist of the offence was what was considered an unfair *engrossing* or enhancing of the price by buying up what would otherwise have been brought to market by the producers themselves. French, *engrossir*, to greaten, increase, enlarge. (Cotgrave.) From signifying the buying up of a commodity in order to increase the price, *engross* is metaphorically applied to any invidious occupation of a matter which ought to be shared with other competitors. Thus we speak of a favoured visitor engrossing all the attention of the host.—*Wedgwood, Dictionary of English Etymology.*]

Engróss. *v. n.* Be employed in engrossing.
A clerk, foredoom'd his father's soul to cross,
Who pens a stanza when he should *engross*. *Pope.*

Engrósser. *s.* One who engrosses: (especially as a purchaser of *large quantities* of any commodity, in order to sell it at a price which the actual, or approximate, monopoly of it has raised).
Ye *engrossers* and regraters, ye sellers with false weights and with false measures ... will ye never leave to content yourselves with honest and lawful gain?—*Harmar, Translation of Beza's Sermons*, p. 176: 1587.
Should ye set an oligarchy of twenty *engrossers* over it, to bring a famine upon our minds again, when we shall know nothing but what is measured to us by the bushel?—*Milton, Areopagitica.*
A new sort of *engrossers*, or forestallers, having the feeding and supplying this numerous body of workmen in the woollen manufactures, out of their warehouses, set the price upon the poor landholder.—*Locke.*

Engróssing. *verbal abs.* In *Commerce.* Buying up of any commodity in the gross, or forestalling the market.
(For examples see extract from Wedgwood under Engross, also under Forestalling and Regrating.)

Engróssment. *s.*
1. Appropriation of things in the gross; exorbitant acquisition.
Our thighs are packt with wax, our mouths with honey:
We bring it to the hive; and, like the bees,
Are murder'd for our pains! This bitter taste
Yield his *engrossments* to the dying father.
Shakespear, Henry IV. Part II. iv. 4.
Those held their immoderate *engrossments* of power and favour by no other tenure than presumption.—*Swift.*
2. Copy of a written instrument.
Which clause, being approved by all parties, was in the king's presence entered in the bill that his majesty had signed; and being afterwards added to the *engrossment*, it was again thus reformed.—*Lord Clarendon, Life*, ii. 495.

Enguárd. *v. a.* Protect; defend; surround as guards. *Rare.*
A hundred knights! yes, that on ev'ry dream
He may *enguard* his dotage with their pow'rs,
And hold our lives at mercy.
Shakespear, King Lear, i. 4.

Engúlf. *v. a.* Cast into a gulf.
They might suffice to make us advised to keep rather the known and beaten way with safety, than upon every giddy and brainless warrant to *engulph* ourselves in those passages, wherein so many have perished before us.—*Sir J. Hayward, Answer to Doleman*, ch. viii.: 1623.
Seeing myself engaged, yea and *engulfed* in so many anguishes and perplexities.—*Translation of Boccalini*, p. 36: 1626.
My thoughts shall be
Almost *engulf'd* in an infinity.
J. Hall, Poems, p. 35: 1646.
Luxury *engulphs* the soul in such base pleasures, and makes it like the worst of devils.—*Hewyt, Sermons*, p. 206: 1658.

Spelt with *i*.
Southward through Eden went a river large,
Nor chang'd his course, but through the shaggy hill
Pass'd underneath *ingulf'd*.
Milton, Paradise Lost, iv. 223.
Him who disobeys,
Me disobeys, breaks union, and that day,
Cast out from God and blessed vision, falls
Into utter darkness deep *ingulf'd*. *Ibid.* v. 611.
If we adjoin to the lords, whether they prevail or not, we *ingulf* ourselves into assured danger.—*Sir J. Hayward.*
That we *ingulf* not ourselves too deeply in the businesses and pleasures of this life.—*Bishop Hopkins, Exposition on the Lord's Prayer, &c.*, p. 264.
The river flows redundant;
Then rowling back, in his capacious lap
Ingulfs their whole militia, quick immerst. *Philips.*

Enhálse. *v. a.* Embrace. See Halse.

Enhánce. *v. a.* [N.Fr. *hausser, enhausser.*—from Latin *ante*, before, *in antea*, en avant, forwards, were formed Provençal *anz, ans*, before, *enant, enans*, forwards, and thence *enansar*, to put forwards, to advance, exalt, *enhance*. (Wedgwood, in voce.)]
1. Lift up; raise on high.
Both of them high at once their hands *enhanc'd*,
And both at once their huge blows down did sway.
Spenser, Faerie Queen.
2. Raise; advance; heighten in price.
The desire of money is everywhere the same; its vent varies very little, but at its greatest scarcity *enhances* its price, and increases the scramble.—*Locke.*
3. Raise in esteem.
The remembrance of the difficulties we now undergo, will contribute to *enhance* our pleasure.—*Bishop Atterbury.*
The want of what we may call personality, none of the characters having name, except Comus himself, who is a very indefinite being, and the absence of all positive attributes of time and place *enhance* the ideality of a fiction by a certain indistinctness not unpleasing to the imagination.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries.*
4. Aggravate; increase from bad to worse.
To believe or pretend that whatever our hearts incite is the will of God within us, is the principle of villainy that hath acted in the children of disobedience, *enhanced* and improved with circumstances of greater impudence than the most abominable heathens are guilty of.—*Hammond.*
The relation which those children bore to the priesthood, contributed to *enhance* their guilt, and increase their punishment.—*Bishop Atterbury.*

Enháncement. *s.*
1. Increase; augmentation of value.
Their yearly rents are not improved, the landlords making no less gain by fines than by *enhancement* of rents.—*Bacon.*
2. Aggravation; increase of ill.
Jocular slanders have, from the slightness of the temptation, an *enhancement* of guilt.—*Dr. H. More, Government of the Tongue.*

Enháncer. *s.* One who enhances; (chiefly by *raising* the *price* of a thing)
In such cases we must be so affected as that we grudge to ourselves our own gain, that we be not in the first file of *enhancers*.—*Bishop Hall, Cases of Conscience.*

Enháppy. *v. a.* Render happy. *Rare.*
What better than at once to see our kingdom *enhappied*, and Christ advanced?—*Sermon by J. Symonds, Epistle dedicatory*, ¶ 3: 1641.

Enhárbour. *v. a.* Dwell in; inhabit. *Rare.*
O true delight, *enharbouring* the brests
Of those sweet creatures with the plumy crests.
W. Browne.

Enhárden. *v. a.* Embolden; encourage.
I am naturally bashful; nor hath conversation, age, or travel, been able to effront or *enharden* me.—*Sir T. Browne, Religio Medici.*
France useth ... to *enharden* one with confidence; for the gentry of France have a kind of loose becoming boldness, &c.—*Howell, Instructions for Foreign Travel*, p. 192: 1642.

Enharmónic. *adj.* Term applied to the last of the three divisions of music by the ancients; and applied also to the manner of so disposing the voice in singing, as to render the melody more affecting.
In passing from one song to another, she [Leonora Baroni] shews sometimes the divisions of the *enharmonick* and chromatick species with so much air and sweetness, that every hearer is ravished with that delicate and difficult mode of singing.—*T. Warton, from M. Maugars, Notes on Milton.*

Enígma. *s.* [Gr. αἴνιγμα; Lat. *ænigma.*] Riddle.
The dark *enigma* will allow
A meaning; which, if well I understand,
From sacrilege will free the god's command.
Dryden.
A custom was amongst the ancients of proposing an *enigma* at festivals, and adjudging a reward to him that solved it.—*Pope.*

Enigmátic. *adj.* Having the character of an enigma; obscure; ambiguously described.
An *enigmatick* foe, whose ammunition
Is nothing else but want of all provision.
Beaumont, Psyche, ix. 53.

Enigmátical. *adj.* Same as Enigmatic.
Your answer, sir, is *enigmatical*.
Shakespear, Much Ado about Nothing, v. 4.
Faith here is the assent to those things which come to us by nearing, and are so believed by adherence, or dark *enigmatical* knowledge, but hereafter are seen or known demonstratively.—*Hammond.*

Enigmátically. *adv.* In an enigmatic manner.
Homer speaks *enigmatically*, and intends that these monsters are merely the creation of poetry.—*Broome.*

Enígmatist. *s.* One who deals in obscure and ambiguous matters; maker of riddles or enigmas.
That I may deal more ingenuously with my reader than the above-mentioned *enigmatist* has done, I shall present him with a key to my riddle.—*Addison, Whig Examiner.*

Enísle. *v. a.* Encircle; surround; make an island of anything. *Rare.* (spelt with *i.*)
Inisled in his arms, he clips her for his own.
Drayton, Polyolbion, xviii. (*isle of Oxney.*)
Gambia's wave *inisles*
An oozy coast, and pestilential ill
Diffuses wide. *Dyer.*

Enjoín. *v. a.* [from Fr. *enjoindre.*] Direct; order; prescribe: (it is more authoritative than *direct*, and less imperious than *command*).
To satisfy the good old man,
I would bend under any heavy weight
That he 'll *enjoin* me to.
Shakespear, Much Ado about Nothing, v. 1.
Monks and philosophers, and such as do continually *enjoin* themselves.—*Bacon, Natural and Experimental History.*
This garden tend, our pleasant task *enjoin'd*.
Milton, Paradise Lost, ix. 205.
It endeavours to secure every man's interest, by *enjoining* that truth and fidelity be inviolably preserved.—*Archbishop Tillotson.*
Spelt with *i.*
Laws do not only teach what is good, but they *injoin* it; they have in them a certain constraining force.—*Hooker, Ecclesiastical Polity.*

Enjoín. *v. q.* [from *join.*] Join. *Rare.*
To be *enjoyned* with you in bands of indissoluble love and amity.—*Hooker, Ecclesiastical Polity.* (Ord MS.)

Enjoínment. *s.* Direction; command.
Critical trial should be made by publick *enjoinment*, whereby determination might be settled beyond debate.—*Sir T. Browne, Vulgar Errours.*

Enjoínt. *v. a.* Unite; form a junction. (spelt with *i.*)
The Ottomites, reverend and gracious,
Steering with due course towards the isle of Rhodes,
Have there *injointed* them with an after fleet.
Shakespear, Othello, i. 3.

Enjóy. *v. a.* [Fr. *jouir, enjouir.*]
1. Feel or perceive with pleasure; have a pleasing sense of; be delighted with: (often followed by *self*; in which case, according to the previous editions, the meaning is *please, exhilarate, glad, gladden, delight.* It is submitted that the ordinary imports meet all such cases).
Creatures are made to *enjoy themselves*, as well as to serve us.—*Dr. H. More, Antidote against Atheism.*
When a man shall, with a sober, sedate, diabolical rancour, look upon and *enjoy himself* in the sight of his neighbour's sin and shame, can he plead the instigation of any appetite in nature?—*South, Sermons.*
I could *enjoy* the pangs of death,
And smile in agony. *Addison, Cato.*
2. Obtain possession or fruition of.
Edward the Saint, in whom it pleased God, righteous and just, to let England see what a blessing sin and iniquity would not suffer it to *enjoy*.—*Hooker, Ecclesiastical Polity.*

Enjóy. *v. n.* Live in happiness.
Then I shall be no more!
And Adam, wedded to another Eve,
Shall live with her *enjoying*, I extinct.
Milton, Paradise Lost, ix. 827.

Enjóyable. *adj.* Capable of enjoyment; yielding enjoyment.
The evening of our days is generally the calmest and the most *enjoyable* of them.—*Pope, Letters.*

Enjóyer. *s.* One who has fruition or possession.
It [the beatific vision] relates to an intrinsick worth, and some proportionateness in the *enjoyer*.—*W. Mountague, Devout Essays*, pt. ii. p. 31: 1654.
They were the greatest *enjoyers*, and the greatest abusers of mercy that ever lived.—*South, Sermons*, viii. 365.

Enjóyment. *s.* Pleasure; happiness; fruition.
His hopes and expectations are bigger than his *enjoyments*.—*Archbishop Tillotson.*

Enkíndle. *v. a.*
1. Set on fire; inflame; put in a flame; rouse passions.
Edmund *enkindle* all the sparks of nature
To quit this horrid act.
Shakespear, King Lear, iii. 7.
Fearing to strengthen that impatience,
Which seem'd too much *enkindled*.
Id., Julius Cæsar, ii. 1.
2. Incite to any act or hope.
Do you not hope your children shall be kings,
When those that gave the thane of Cawder to me,
Promis'd no less to them?—That, trusted home,
Might yet *enkindle* you unto the crown.
Shakespear, Macbeth, i. 3.
To *enkindle* the enthusiasm of an artist on the theme over which he had achieved the most facile mastery; to set loose the heart of the rustic poet, and imbue his speech with the freedom of his native hills;... to conduct these brilliant developments to the height of satisfaction, and then to shift the scene by the magic of a word, were among her nightly successes.—*Talfourd, Memoirs of Lamb.*
But where the nation has been merely *enkindled* for a while by a great man's spirit, the light passes away with him who communicated it; and the nation when he is gone is like a dead body, to which magic power had, for a moment, given unnatural life: when the charm has ceased, the body is cold and stiff as before.—*Arnold, History of Rome*, ch. xlii.

Enknót. *v. a.* Bind as with a knot. *Rare.* (spelt with *i.*)
John Stafford, archbishop of Canterbury, when the land was more replenished with silver; *inknotteth* that priest in the greater excommunication that should consecrate 'poculum stanneum.'—*Fuller, History of the Holy War*, p. 131.

Enláce. *v. a.* Lace.
Ropes of pearl her neck and breast *enlace*.
P. Fletcher, Piscatory Eclogues, vii. 10.

Enlaid. *part. adj.* Worked in Enlay. (spelt with *i.*)
Here clouded canes midst heaps of toys are found,
And *inlaid* tweezer cases strow the ground. *Gay.*

Enlápidate. *v. a.* [Lat. *lapis, -idis* = stone.] Petrify. *Rare.* (spelt with *i.*)
Some natural springs will *inlapidate* wood.—*Bacon.*

Enlárd. *v. a.* Grease; baste. *Rare.*
That were to *enlard* his fat-already pride.
Shakespear, Troilus and Cressida, ii. 3.

Enlárge. *v. a.*
1. Make greater in quantity or appearance.
The wall, in lustre and effect like glass,
Which o'er each object casting various dyes,
Enlarges some and others multiplies. *Pope.*
2. Increase anything in magnitude; extend; exaggerate.
Where there is something both lasting and scarce, and so valuable to be hoarded up, there men will not be apt to *enlarge* their possessions of land.—*Locke.*
If I should describe the kitchen-grate, the prodigious pots and kettles, the joints of meat turning on the spits, with many other particulars, perhaps I should be hardly believed; at least a severe critic would be apt to think I *enlarge* a little, as travellers are often suspected to do.—*Swift, Gulliver's Travels*, pt. ii. ch. iv. (Ord MS.)
3. Dilate; expand.
O ye Corinthians, our mouth is open unto you, our heart is *enlarged*.—2 *Corinthians*, vi. 11.
4. Set free from limitation.
Though she appear honest to me, yet at other places she *enlargeth* her mirth so far, that there is shrewd construction made of her.—*Shakespear, Merry Wives of Windsor*, ii. 2.
5. Extend to more purposes or uses.
It hath grown from no other root than only a desire to *enlarge* the necessary use of the word of God, which desire hath begotten an errour, *enlarging* it farther than soundness of truth will bear.—*Hooker, Ecclesiastical Polity.*
6. Amplify; aggrandize.
This is that science which would truly *enlarge* men's minds, were it studied.—*Locke.*
7. Release from confinement.
Enlarge the man committed yesterday,
That rail'd against our person.
Shakespear, Henry V. ii. 2.
8. Diffuse in eloquence.
They *enlarged* themselves upon this subject with all the invidious insinuations they could devise.—*Lord Clarendon, History of the Grand Rebellion.*

Enlárge. *v. n.*
1. Expatiate; speak in many words.
They appointed the Chancellor of the Exchequer to *enlarge* upon any of those particulars.—*Lord Clarendon, History of the Grand Rebellion.*
This is a theme so unpleasant, I delight not to *enlarge* on it; rather wish the memory of it were extinct.—*Dr. H. More, Decay of Christian Piety.*
2. Be further extended.
The caliphs obtained a mighty empire, which was in a fair way to have *enlarged*, until they fell out among themselves.—*Sir W. Raleigh, Essays.*

Enlárged. *part. adj.* Having broad and comprehensive views.
Could the mind, as in number, come to so small a part of extension or duration as excluded divisibility, that would be the indivisible unit, or idea by repetition of which it would make its more *enlarged* ideas of extension and duration.—*Locke.*
They undervalue the accomplishments of the rhetorician, without despising them; and they are extremely suspicious of any *enlarged* or general views upon so serious a subject as the law.—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Lord Chief Justice Gibbs.*

Enlárgedly. *adv.* In an enlarged manner.
Justification is taken two ways in Scripture: 'strictè magis, et extensivè;' precisely, for the remission of sins by the only merits and satisfaction of Christ, accepted for us, and imputed to us; and *enlargedly*, for that act of God, and the necessary and immediate concomitants unto and consequents upon that, the whole and entire state and quality and condition of man regenerate, changed; by which a sinner, guilty of death, is acquitted, cleansed, made just in himself, reconciled unto God, appointed to walk, and beginning to walk, in holiness and newness of life.—*Bishop Mountagu, Appeal to Cæsar*, p. 172.

Enlárgement. *s.*
1. Increase; augmentation; farther extension.
The king afterwards enlarged the constant obedience of the city, with *enlargement* both of liberties and of revenues.—*Sir J. Hayward.*
The ocean, which so long our hopes confin'd,
Could give no limits to his vaster mind:
Our bounds' *enlargement* was his latest toil,
Nor hath he left us pris'ners to our isle. *Waller.*
There never were any islands, or other considerable parcels of land, amassed or heaped up; nor any *enlargement*, or addition of earth, made to the continent by the mud that is carried down into the sea by rivers.—*Woodward.*
The commons in Rome generally pursued the *enlargement* of their power by more set quarrels of one entire assembly against another.—*Swift.*
The Greek tongue received many *enlargements* between the time of Homer and that of Plutarch.—*Id.*
2. Release from confinement or servitude.
Lieutenant,
At our *enlargement* what are thy due fees?
Shakespear, Henry VI. Part III. iv. 6.
If thou altogether holdest thy peace at this time, then shall there *enlargement* and deliverance arise to the Jews from another place.—*Esther*, iv. 14.
3. Magnifying representation.
And all who told it added something new;
And all who heard it made *enlargements* too. *Pope.*
4. Expatiating speech; copious discourse.
He concluded with an *enlargement* upon the vices and corruptions which were got into the army.—*Lord Clarendon, History of the Grand Rebellion.*

Enlárger. *s.* One who enlarges, increases, or dilates anything; amplifier.
We shall not contentiously rejoin, but confer what is in us unto his name and honour, ready to be swallowed in any worthy *enlarger*.—*Sir T. Browne, Vulgar Errours.*

Enlárging. *verbal abs.* Enlargement; extension.
There was an *enlarging* and a winding about still upward to the side chambers.—*Ezekiel*, xli. 7.

Enláy. *v. a.* Diversify with different bodies inserted into the ground or substratum: (spelt with *i*, and in some cases *accented* like the *substantive*).
They are worthy
To *inlay* heaven with stars.
Shakespear, Cymbeline, v. 5.
Look, how the floor of heaven
Is thick *inlaid* with patines of bright gold.
Id., Merchant of Venice, v. 1.
Sea-girt isles,
That like to rich and various gems *inlay*
The unadorned bosom of the deep.
Milton, Comus, 21.
A sapphire throne, *inlaid* with pure
Amber, and colours of the showery arch.
Id., Paradise Lost, vi. 758.

Énlay. *s.* Matter enlaid; matter cut to be enlaid. See En- inclusive. (spelt with *i* in extract, and *accented* like the *verb*.)

Under foot the violet,
Crocus and hyacinth with rich *inlay*,
Broider'd the ground. *Milton, Paradise Lost*, iv. 700.

Enláyer. *s.* One who enlays. (spelt with *i*.)

The swelling bunches, which are now and then found on the old trees, afford the *inlayer* pieces curiously chombletted.—*Evelyn, Sylva*, b. i. ch. xviii. § 5.

Enláying. *verbal abs.* Act of one who enlays. (spelt with *i*.)

The timber bears a great price with the cabinet makers, when large, for *inlaying*.—*Mortimer, Husbandry*.

Enlengthen. *v. a.* Lengthen; produce; elongate. *Rare.*

Enlengthened. *part. adj.* Elongated. *Rare.*

The effluvium passing out in a smaller thread and more *enlengthened* filament, it stirreth not the bodies interposed.—*Sir T. Browne, Vulgar Errours*, 84. (Ord MS.)

Enlight. *v. a.* Illuminate; supply with light; enlighten. *Rare.*

Wit from the first has shone on ages past,
Enlights the present, and shall warm the last.
Pope.

Enlighten. *v. a.*

1. Illuminate; supply with light.

God will *enlighten* my darkness.—*Psalms*, xviii. 28.

As one sun shineth to the whole world, so there is no faith but this one published, the brightness whereof must *enlighten* all that come to the knowledge of the truth.—*Hooker, Ecclesiastical Polity*.

2. Quicken in the faculty of vision.

His eyes were *enlightened*.—1 *Samuel*, xiv. 27.
Love never fails to master what he finds;
The fool *enlightens*, and the wise he blinds.
Dryden.

3. Instruct; furnish with increase of knowledge.

'Tis he who *enlightens* our understanding, corrects our wills, and enables us to subdue our affections to the law of God.—*Rogers*.

Whether they owed their seats to the patronage of a peer, or to the suffrages of their fellow-countrymen, they equally *enlightened* Parliament by their eloquence, and guided the national councils by their statesmanship.—*T. Erskine May, Constitutional History of England*, ch. vi.

4. Illuminate with divine knowledge.

Those who were once *enlightened*.—*Hebrews*, vi. 4.

Enlightened. *part. adj.* Supplied with light; intelligent.

This doctrine is so agreeable to reason, that we meet with it in the writings of the *enlightened* heathens.—*Spectator*.

But it may justly be said, with the second of Attic orators, that sense is always more important than eloquence; and no one can doubt that *enlightened* men in all ages will hang over the works of Mr. Burke, and dwell with delight even upon the speeches that failed to command the attention of those to whom they were addressed.—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Burke*.

Without passions or imagination himself, and steering his own course through life by the mere calculations of an *enlightened* selfishness, one half of the broad map of humanity was to him [Hobbes] nothing but a blank.—*Craik, History of English Literature*, ii. 111.

Enlightener. *s.* One who enlightens (either in the *primary* sense of that word or *figuratively*); illuminator; instructor; informant.

O, sent from heaven,
Enlightener of my darkness! gracious things
Thou hast reveal'd. *Milton, Paradise Lost*, xii. 270.

It represented the sun, the great *enlightener* of the universe.—*Adam Smith, History of Astronomy*, § 4.

Spelt with *i*.

The two great lights, or luminaries, *inlighteners*, as the word signifies, are the sun, which inlightens us by day; and the moon, which inlightens us by night.—*Bishop Patrick, Paraphrases and Commentaries on the Old Testament, Genesis*.

Is it possible to suppose them [the Apostles] to be deserted by this *inlightener*, when they sat down to the other part of the work; to frame a rule for the lasting service of the church?—*Bishop Warburton, Doctrine of Grace*.

Enlightening. *verbal abs.* Illumination.

Every one may perceive the tumult and the successive *enlightenings* of her mind.—*Spence, On the Odyssey*, 57. (Ord MS.)

Enlightenment. *s.* Illumination; intelligence.

Their laws, if inferior to modern jurisprudence, did not fall short of the *enlightenment* of the age in which Parliament designed them.—*T. Erskine May, Constitutional History of England*, vol. i. ch. vi.

Enlink. *v. a.* Chain; connect; link. *Rare.*

Enlinkt to waste and desolation.
Shakespear, Henry V. iii. 3.

Enlist. *v. a.* Bind over to military service.

They [the Romans] even, it is said, allowed the Carthaginians to levy soldiers in their dominions, that is to *enlist*, as they had been wont in times long past, Lucanian, or Samnite, or Bruttian mercenaries.—*Arnold, History of Rome*, ch. xlii.

Enlistment. *s.* Raising of soldiers: (their names being entered on a *list*).

In England with *enlistment* instead of conscription this supply was always precarious.—*Buckle, History of Civilization in England*, vol. ii. ch. viii.

Enlive. *v. a.* Enliven. *Rare.*

This dissolved body shall be raised out of the dust, and *enlived* with this very soul wherewith it is now animated.—*Bishop Hall, Select Thoughts*, § 30.

Prince of the orchard, fair as dawning morn,
Fenc'd with the law, and ripe as soon as born,
That apple grew; which this soul did *enlive*,
Till the then climbing serpent, that now creeps
For that offence for which all mankind weeps,
Took it. *Donne, Poems*, p. 296.

See, see! the darts by which we burn'd
Are bright Loÿsa's pencills turn'd:
With which she now *enliveth* more
Beauties than they destroyed before.
Lovelace, Lucasta, p. 19.

Enliven. *v. a.* Make quick; make alive; animate; make vigorous, active, or vivacious.

These great orbs thus radically bright,
Primitive founts and origins of light,
Enliven worlds denied to human sight. *Prior.*

In a glass-house, the workmen often fling in a small quantity of fresh coals, which seems to disturb the fire, but very much *enlivens* it.—*Swift*.

Enlivener. *s.* One who, or that which, enlivens, animates, puts in motion, or invigorates.

But fire, th' *enlivener* of the general frame,
Is one, its operation still the same:
Its principle is in itself; while ours
Works, as confederates war, with mingled pow'rs.
Dryden.

Enlivening. *part. adj.* Quickening; life-giving.

There warm'd alike by Sol's *enlivening* power,
The weed, aspiring, emulates the flower. *Shenstone.*

Enlivening. *verbal abs.* That which makes cheerful.

The good man is full of joyful *enlivenings*.—*Fellthan, Resolves*, i. 84.

Enlúmine. *v. a.* [Fr. *enluminer*.] Illumine; illuminate; enlighten. *Obsolete.*

For having yet, in his deducted spright,
Some sparks remaining of that heav'nly fire,
He is *enlumined* with that goodly light,
Unto like goodly semblance to aspire. *Spenser.*

Enmárble. *v. a.* Turn to marble; harden. *Rare.*

Thou dost *enmarble* the proud heart of her,
Whose love before their life they do prefer. *Spenser.*

Enmésh. *v. a.* Catch or entangle in, or as in, the meshes of a net; entangle; entrap. *Rare.*

So will I turn her virtue into pitch;
And out of her own goodness make the net,
That shall *enmesh* them all. *Shakespear, Othello*, ii. 3.

Énmity. *s.*

1. Unfriendly disposition; aversion; malevolence.

Their being forced to their books, in an age at *enmity* with all restraint, has been the reason why many have hated books.—*Locke*.

2. Contrariety of interests or inclinations; mutual malignity.

They shall within this hour,
On a dissension of a doit, break out
To bitterest *enmity*. *Shakespear, Coriolanus*, iv. 4.

Between thee and the woman I will put
Enmity; and between thine and her seed.
Milton, Paradise Lost, x. 179.

From the first it had been clear that England alone could protect his company against the *enmity* of Spain; and it was now clear that Spain would be a less formidable enemy than England.—*Macaulay, History of England*, ch. xxiv.

3 State of opposition.

Know ye not that the friendship of the world is *enmity* with God?—*James*, iv. 4.

4. Malice; mischievous attempts; inclemency.

I abjure all roofs and chuse
To wage against the *enmity* o' th' air.
Shakespear, King Lear, ii. 4.

He who performs his duty in a station of great power, must needs incur the utter *enmity* of many, and the high displeasure of more.—*Bishop Atterbury*.

[From *enemy*; as if *enemity, inamity*, Dr. Johnson says. The fact is, that our word was formerly written *enimitie*, or *enemitie*, as in Barret's Alveary, 1580; and in Sherwood's old dictionary, where it is translated the Fr. *inimitié*, and in the more ancient French it was *ennemistié*; Latin, *inimicitia*.—*Todd*.]

Ennéw. *v. a.* Make new. *Rare.*

Our natural tongue is rude,
And hard to be *ennew'd*
With polish'd termes. *Skelton, Poems*, p. 236.

Ennóble. *v. a.*

1. Raise from commonalty to nobility.

Many fair promotions
Are given daily to *ennoble* those,
That scarce some two days since were worth a noble.
Shakespear, Richard III. i. 3.

2. Dignify; aggrandize; exalt; raise.

God raised up the spirit of this great person, and *ennobled* his courage and conduct with the entire overthrow of this mighty host.—*South, Sermons*.

But such blemishes are lost in the majestic simplicity, the holy calm, that *ennoble* many of these short compositions.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*.

3. Elevate; magnify.

None so lovely, sweet and fair,
Or do more *ennoble* love. *Waller.*

4. Make famous or illustrious.

The Spaniards could not as invaders land in Ireland, but only *ennobled* some of the coasts thereof with shipwrecks.—*Bacon*.

Ennóblement. *s.*

1. Act of raising to the rank of nobility.

He added during parliament, to his former creations, the *ennoblement* or advancement in nobility of a few others.—*Bacon*.

2. Exaltation; elevation; dignity.

The eternal wisdom enriched us with all *ennoblements*, suitable to the measures of an unstraitened goodness.—*Glanville*.

Ennui. *s.* [French.] Weariness; fastidiousness; disgust.

The only fault of it is insipidity; which is apt now and then to give a sort of *ennui*, which makes one form certain little wishes, that signify nothing.—*Gray, Letters*.

Enodátion. *s.* [Lat. *enodatio, -onis*; from *nodus* = knot.] Act of untying a knot; solution of a difficulty.

Scarcely any thing that way proved too hard for him for his *enodation* or decision.—*Dr. Sclater, Sermon at Funeral of A. Wheelock*, 1654.

Enórm. *adj.* [Fr. *énorme*; Lat. *enormis*; *e* = out, out of, *norma* = rule.] *Rare.*

1. Irregular; deviating from rule.

Full lightly it ascends into the clear
And subtile air, devoid of cloudy storm,
Where it doth steady stand, all uniform,
Pure, pervious, immix'd, . . . nothing *enorm*.
Dr. H. More, Song of the Soul, i. 2, 22.

2. Deviating from right; wicked.

That they may suffer such punishment as so *enorm* and unlawful actions have justly deserved.—*Sir C. Cornwallis, Letter to King James I., Supplement to Cabala*, p. 99.

Enórmity. *s.*

1. Deviation from rule or right; depravity; corruption.

We shall speak of the particular abuses and *enormities* of the government.—*Spenser, View of the State of Ireland*.

That this law will be always sufficient to bridle or restrain *enormity*, no man can warrant.—*Hooker, Ecclesiastical Polity*.

There are many little *enormities* in the world, which our preachers would be very glad to see removed; but at the same time dare not meddle with them, for fear of betraying the dignity of the pulpit.—*Addison, Guardian*.

2. Atrocious crime; crime exceeding the common measure; flagitious villainy.

It is not a bare speculation that kings may run into *enormities*; the practice may be proved by example.—*Swift*.

We know that, during the growth of this atrocious system, this new misery . . . this new *enormity*, this birth of a portentous age, this pest which no man can approve whose heart is not seared or whose understanding has not been darkened, there has been

a great diminution of mortality, and that this diminution has been greater in the manufacturing towns than any where else.—*Macaulay, Critical and Historical Essays, Southey's Colloquies on Society.*

Enórmous. *adj.* [Lat. *enormis.*]

1. Irregular; out of rule; not regulated by any stated measure.

Nature here
Wanton'd, as in her prime; and play'd at will
Her virgin fancies, pouring forth more sweets,
Wild above rule, or art, *enormous* bliss!
Milton, Paradise Lost, v. 294.

2. Excursive beyond the limits of a regular figure.

The *enormous* part of the light in the circumference of every lucid point, ought to be less discernible in shorter telescopes than in longer, because the shorter transmit less light to the eye.—*Sir I. Newton, Opticks.*

3. Disordered; confused.

I shall find time
From this *enormous* state, seeking to give
Losses their remedies.
Shakespear, King Lear, ii. 2.

4. Exceeding in bulk the common measure: (always used with some degree of *dislike*, or *horror*, or *wonder*).

[Our word was formerly written *enormious*, as well as *enormous*. It is so in Cockeram's vocabulary; and thus used by Jeremy Taylor, 'the *enormious* additions of their artificial heights.' (Artificial Handsomeness, p. 60.)—*Todd.*]

Enórmously. *adv.* In an enormous manner; beyond measure.

One who could ever espouse a notion so *enormously* absurd and senseless, as that the world was framed by chance.—*Woodward.*

Enórmousness. *s.* Attribute suggested by Enormous; immeasurable excess.

When those who have no opportunity to examine our faith, see the *enormousness* of our works, what should hinder them from measuring the master by the disciples?—*Dr. H. More, Decay of Christian Piety.*

Enoúgh. *adv.* [A.S. *genoh.*]

1. In a sufficient degree; in a degree that gives satisfaction. (Sometimes it notes a slight *augmentation* of the positive degree: as 'I am ready *enough* to quarrel;' that is, 'I am rather quarrelsome than peaceable.' Sometimes it notes *diminution*; as, 'The song is well *enough*;' that is, 'not quite well, though not much amiss.')

With *sufficiently* as its equivalent.

I am apt *enough* to think, that this same binarium of a stronger and a weaker, like unto masculine and feminine, doth hold in all living bodies.—*Bacon.*

It is sometimes pleasant *enough* to consider the different notions which different persons have of the same thing.—*Addison.*

They are now in prison at Florence; and, as it is said, treated hardly *enough.*—*Id., Travels in Italy.*

With *sufficient* as its equivalent.

Some great defects and main errours in his nature, customs, and proceedings, he had *enough* to do to save and help, with a thousand little industries and watches.—*Bacon.*

'Tis *enough* for me to have endeavoured the union of my country, whilst I continued in publick employments.—*Sir W. Temple.*

The indolency and enjoyment we have, sufficing for our present happiness, we desire not to venture the change, being content, and that is *enough.*—*Locke.*

When there was not room *enough* for their herds, they by consent separated, and enlarged their pasture.—*Id.*

I will not quarrel with the present age: it has done *enough* for me, in making and keeping you two my friends.—*Pope.*

Why wouldst thou go, with one consent they cry,
When thou hadst gold *enough*, and Emily? *Dryden.*

2. *Interjectional.* Exclamation noting fullness or satiety.

Macbeth, beware Macduff!
Beware the thane of Fife! Dismiss me.—*Enough.*
Shakespear, Macbeth, iv. 1.

Henceforth I'll bear
Affliction, till it do cry out itself,
Enough, enough, and die. *Id., King Lear*, iv. 6.

Enoúnce. *v. a.* [Lat. *enuncio.*] Declare.

Listen to your Maker's voice
Mellifluous, which aloud the mild award
Enounces through your regions.
Bally, Day of Judgement.

He does not fear to *enounce* himself with shouts of exultation.—*Adam Smith.*

Enów. *adv.* Same as Enough.

The earth hath since born *enow* bleeding witnesses, that it was no want of true courage.—*Sir P. Sidney.*

The walls of the church there are *enow* contented to build: the marbles are polished, the roofs shine with gold, the altar hath precious stones to adorn it, and of Christ's ministers no choice at all.—*Hooker, Ecclesiastical Polity.*

Man hath hellish foes *enow* besides,
That, day and night, for his destruction wait.
Milton, Paradise Lost, ii. 504.

My conquering brother will have slaves *enow*,
To pay his cruel vows for victory. *Dryden.*

There are at Rome *enow* modern works of architecture to employ any reasonable man.—*Addison, Dialogues on the Usefulness of ancient Medals.*

Enpiérce. *v. a.* See Empierce.

I am too sore *enpierced* with his shaft.
Shakespear, Romeo and Juliet, i. 4.

Enquícken. *v. a.* Make alive; quicken. *Rare.*

He hath not yet *enquickened* men generally with this deiform life; but it hath lyen dead to them, or they to it; that influx being rather suspended than absolutely destroyed, but as the soul to its body, or any part of her body that is numb and dead.—*Dr. H. More, Notes on Psychozoia.*

Enquíre. *v. a.* See Inquire.

Enráce. *v. a.* [Fr. *enraciner.*] Implant; enroot. *Obsolete.*

Who can aread what creature mote she be,
Whether a creature, or a goddess graced
With heavenly gifts from heaven first *enraced.*
Spenser, Faerie Queen, vi. 10, 25.

Enráge. *v. a.* [Fr. *enrager.*] Irritate; provoke; make furious; exasperate.

The justice of their quarrel should not so much encourage as *enrage* them, being to revenge the dishonour done to their king.—*Sir J. Hayward.*

Enraíl. *v. a.* Enclose within rails; rail in. *Rare.* (spelt with *i.*)

In things indifferent, what the whole church doth think convenient for the whole, the same if any part do wilfully violate, it may be reformed and *inrailed* again, by that general authority whereunto each particular is subject.—*Hooker, Ecclesiastical Polity.*

Enraíled. *part. adj.* Railed in.

Where fam'd St. Giles's ancient limits spread,
An *inrail'd* column rears its lofty head;
Here to seven streets seven dials count the day,
And from each other catch the circling ray. *Gay.*

Enrámplish. *v. a.* [derived by the editor from Fr. *remplir*; and translated *cover.*] Embroider profusely. *Rare.*

And on the ix day of the seid monethe were the justys roiaulx in the kyngis palace of Westmester; and as hit was prepared and fournyshed it was the most tryhumphant place that ever I sayed. Furst, to see the kyngis grace and the qwenys soo richely empairelled, his house and stage couvred with riche clothe of Arras blew, *enramplished* with fleurs de lis of gold.—*Account of the Creation of Henry Duke of York* (A.D. 1494), in *Letters and Papers illustrative of the Reigns of Richard III. and Henry VII.*, edited by *J. Gardner.*

Enránge. *v. a.*

1. Place regularly; put into order. *Rare.*

In their jaw
Three ranks of iron teeth *enranged* were.
Spenser, Faerie Queen.

As fair Diana, in fresh summer's day,
Beholds her nymphs *enrang'd* in shady wood. *Ibid.*

2. Rove over. *Rare.*

As this day I was *enraunging* it, [the forest,]
I chaunst to meet this knight.
Spenser, Faerie Queen, vi. 2, 9.

Enránk. *v. a.* Place in orderly ranks; rank. *Rare.*

No leisure had he to *enrank* his men.
Shakespear, Henry VI. Part I. i. 1.

Enrápt. *adj.* Thrown into an ecstasy; transported with enthusiasm.

I myself
Am, like a prophet, suddenly *enrapt*
To tell thee that this day is ominous.
Shakespear, Troilus and Cressida, v. 3.

In the following extract? *enwrapt* = involved; see remarks under Enwrap.

Nor hath he been so *enrapt* in those studies as to neglect the polite arts of painting and poetry.—*Arbuthnot and Pope.*

Enrápture. *v. a.* Transport (with pleasure).

As long as the world has such lips and such eyes,
As before me this moment *enraptured* I see,
They may say what they will of their orbs in the skies,
But this earth is the planet for you, love, and me.
Moore, Irish Melodies.

Enráptured. *part. adj.* Thrown into rapture.

Oft gazing on her shade, the *enraptur'd* fair
Decreed the substance well deserv'd her care.
Shenstone.

Enrávish. *v. a.* Throw into ecstasy; transport with delight; ravish.

What wonder,
Frail men, whose eyes seek heavenly things to see,
At sight thereof so much *enravish'd* be? *Spenser.*
Which cannot but *enravish* every ingenuous breast.—*Halliwell, Saving of Souls*, p. 53.

Enrávishing. *part. adj.* Causing rapture. *Rare.*

They cannot put their blood and spirits into the *enravishing* emotions of sensitive love and joy.—*Scott, Works*, ii. 124.

Enrávishment. *s.* Ecstasy of delight.

They contract a kind of splendour from the seemingly obscuring vail, which adds to the *enravishments* of her transported admirers.—*Glanville, Scepsis Scientifica.*

Enrégister. *v. a.* Enroll; register.

Him to behold, is on His works to look,
Which He hath made in beauty excellent;
And in the same, as in a brazen book,
To read *enregistered* in every nook
His goodness, which His beauty doth declare.
Spenser, Hymn of heavenly Beauty.

All he could do was to *enregister* at length all those privy seals for the vindication of himself to his successors for ever.—*Wharton, Specimen of Burnet's Errors*, p. 101.

Spelt with *i.*

He hath himself written and *inregistered* his own proper faults.—*Donne, History of the Septuagint*, p. 217.

Enrheúm. *v. n.* Have rheum through cold. *Rare.*

The physician is to enquire where the party hath taken cold or *enrheumed.*—*Harvey.*

Enrích. *v. a.*

1. Make wealthy; make opulent.

The king will *enrich* him with great riches, and will give him his daughter.—1 *Samuel*, xvii. 25.

2. Fertilize; make fruitful.

See the sweet brooks in silver mazes creep,
Enrich the meadows, and supply the deep.
Sir R. Blackmore.

3. Store; supply with augmentation of anything desirable.

There is not any one among them that could ever *enrich* his own understanding with any certain truth, or ever edify others therein.—*Sir W. Raleigh, History of the World.*

Enríchment. *s.* Augmentation of wealth; amplification; improvement by addition.

I have procured a translation of that book into the general language, not without great and ample additions, and *enrichment* thereof.—*Bacon, Advertisement touching a Holy War.*

It is a vast hinderance to the *enrichment* of our understandings, if we spend too much of our time and pains among infinites and unsearchables.—*Watts, Logick.*

Enrídge. *v. a.* Form with longitudinal protuberances or ridges.

Enrídged. *part. adj.* Running in ridges.

He had a thousand noses,
Horns whelk'd and wav'd like the *enridged* sea:
It was some fiend. *Shakespear, King Lear*, iv. 6.

Enríng. *v. a.* Bind round; encircle.

Ivy so
Enrings the barky fingers of the elm.
Shakespear, Midsummer-Night's Dream, iv. 1.

Enrípen. *v. a.* Ripen; mature; bring to perfection. *Rare.*

The summer, how it *enripen'd* the year;
And autumn, what our golden harvests were.
Donne.

Enríve. *v. a.* Cleave. *Rare.*

The wicked shaft . . . . . .
Stay'd not, till through his curat it did glide,
And made a griesly wound in his *enriven* side.
Spenser, Faerie Queen, v. 8, 34.

Enróbe. *v. a.* Dress; clothe; habit; invest.

Her mother hath intended,
That, quaint in green, she shall be loose *enrob'd*,
With ribands pendant, flaring 'bout her head.
Shakespear, Merry Wives of Windsor, iv. 6.

Enróll. *v. a.*

1. Insert in a roll, list, or register.

There be *enrolled* amongst the king's forces about thirty thousand men of the Jews.—1 *Maccabees*, x. 36.

We find ourselves *enrolled* in this heavenly family as servants, and as sons.—*Bishop Sprat.*

Heroes and heroines of old,
By honour only were *enroll'd*
Among their brethren of the skies;
To which, though late, shall Stella rise. *Swift.*

2. Record; leave in writing. (spelt with *i.*)
Laws, which none shall find
Left them *inroll'd*; or what the Spirit within
Shall on the heart engrave.
Milton, Paradise Lost, xii. 522.

3. Involve; wrap; roll up in anything.
From his infernal furnace forth he threw
Huge flames, that dimmed all the heaven's light,
Enroll'd in duskish smoke and brimstone blue.
Spenser, Faerie Queen.

Enróllment. *s.* Register; writing in which anything is recorded; record.
The king himself caused them to be enrolled, and testified by a notary publick; and delivered the *enrolments*, with his own hands, to the bishop of Salisbury. — *Sir J. Davies, Discourse on the State of Ireland.*

Enroót. *v. a.* Fix by the root; implant deep; root. *Rare.*
He cannot so precisely weed this land,
As his misdoubts present occasion:
His foes are so *enrooted* with his friends,
That, plucking to unfix an enemy,
He doth unfasten so and shake a friend.
Shakespear, Henry IV. Part II. iv. 1.

Enroúnd. *v. a.* Environ; surround; encircle; enclose. *Rare.*
Upon his royal face there is no note
How dread an army hath *enrounded* him.
Shakespear, Henry V. iv. chorus.

Ens. See Entity.

Ensáfe. *v. a.* Render safe. *Rare.*
Ireland is not yet delivered; England is not altogether settled and *ensafed.—Sermon by W. Bell, M.A.*, p. 11: 1650.
Spelt with *i.*
This is the way how kingly names may be
Insaf'd, and from distractive terrors free.
Felltham, Resolves, i. 16.

Ensámpial. *s.* Ensample; example. *Rare.*
It is doctrinal oonli, . . . or it is historial *ensampial* of the now bifore seid moral conuersacion.—*Bishop Pecock, Repressor, edited by C. C. Babington*, pt. iii. ch. iv.

Ensámple. *s.* [see Example.] Example; pattern; subject of imitation.
Such life should be the honour of your light;
Such death, the sad *ensample* of your might.
Spenser, Sonnets.
Such as would be willing to make use of our *ensamples* to do the same thing, where there is not the same necessity, may not be able to vouch our practice for their excuse.—*Bishop Sanderson.*

Ensámple. *v. a.* Exemplify; show by example; give as a copy. *Rare.*
I have followed all the ancient poets historical: first, Homer, who, in the person of Agamemnon, *ensampled* a good governour and a virtuous man.—*Spenser, View of the State of Ireland.*

Ensánguine. *v. a.* Smear with gore; suffuse with blood.

Ensánguined. *part. adj.* Soaked or stained with blood.
With cruel tournament the squadrons join;
Where cattle pastur'd late, now scatter'd lies
With carcasses and arms the *ensanguin'd* field,
Deserted. *Milton, Paradise Lost*, xi. 652.

Enschédule. *v. a.* Insert in a schedule or writing.
You must buy that peace
With full accord to all our just demands;
Whose tenours and particular effects
You have, *enscheduled* briefly, in your hands.
Shakespear, Henry V. v. 2.

Enscónce. *v. a.* Cover as with a sconce or fort; secure; conceal.
She shall not see me: I will *ensconce* me behind the arras.—*Shakespear, Merry Wives of Windsor*, iii. 3.
Convey him to the sanctuary of rebels,
Nestorius' house, where our proud brother has
Ensconc'd himself.
Beaumont and Fletcher, The Coronation.
A sort of errour to *ensconce*
Absurdity and ignorance. *Butler, Hudibras.*
Among the fortunate, who had already succeeded in bowing to their hostess, were two gentlemen, who *ensconced* in a good position surveyed the scene, and made their observations on the passing guests. —*Disraeli the younger, Coningsby*, b. viii. ch. i.
Spelt with *i.*
I would wish you to retire and *insconce* yourself in your study.—*Beaumont and Fletcher, Woman-Hater.*

Enscróll. *v. a.* Enter on a scroll. (spelt with *i.* *Rare.*
Your answer had not been *inscrolled.*
Shakespear, Merchant of Venice, ii. 7.

Enseál. *v. a.* Impress; mark as with a seal; seal. *Rare.*
Climb'd mountains, where the wanton kidling dallies,
Then with soft steps *enseal'd* the meeken'd vallies.
W. Browne, Britannia's Pastorals, ii. 1.

Enseám. *v. a.* [from *seam* in *sewing.*] Sew up; enclose by a seam or juncture of needlework. *Rare.*
A name engraved in the revestiary of the temple, one stole away, and *enseamed* it in his thigh.—*Camden.*

Enseám. *v. a.* [from *ensemble* = together; *ensembler* = gather together.] Collect. *Rare.*
And bounteous Trent, that in himself *enseams*
Both thirty sorts of fish, and thirty sundry streams.
Spenser, Faerie Queen, iv. 11, 35.

Enseám. *v. a.* [from *seam* = lard.] Grease. *Rare.*

Enseámed. *part. adj.* Greasy. *Rare.*
The rank sweat of an *enseamed* bed.
Shakespear, Hamlet, iii. 4.

Enseár. *v. a.* Sear; cauterize; stanch or stop with fire. *Rare.*
Ensear thy fertile and conceptious womb;
Let it no more bring out t' ingrateful man.
Shakespear, Timon of Athens, iv. 3.

Enseárch. *v. n.* Search; try to find. *Obsolete.*
The property whereof, [the understanding,] is to espye, seek for, *ensearch*, and find out.—*Sir T. Elyot, The Governour*, fol. 201. b.

Enseárch. *s.* Search. *Obsolete.*
I pray you make some good *ensearche* what my poor neighbours have loste, and bid them take no thought therfor; for an I shold not leave myself a spone, ther shal no poore neighbour of mine bere no losse by any chaunce happened in my house.—*Sir T. More, Letter to his wife after the burning of his house*: 1528.

Ensémble. *s.* [Fr.—the pronunciation of the word in the extract being unknown, it is difficult to say whether it is English at all: at present *tout ensemble* = the whole together, is simply French. *Ensémble*, as a purely English word, like *assemble* or *resemble*, would be a useful one.] General result of the bringing together and grouping of several elements for some object seen as a whole.
We may see in successive steps the groups of those figures and facts only which are immediately local and temporary; but the *ensemble* of the piece will be hid from us and unintelligible. — *Pownall, Treatise on the Study of Antiquities*, p. 81: 1782.

Ensháde. *v. a.* Mark with different gradations of colours. *Rare.* (spelt with *i.*)
Lily white *inshaded* with the rose. *W. Browne.*

Ensheáthe. *v. a.* Sheathe. *Rare.*
But at this period the hairs retract into the cavities formed at their base among their cellular tissue; the terminal half *ensheaths* itself in the half situated next the base, as it by degrees returns into the cavity.—*Lindley, Introduction to Botany*, ii. 221.

Enshéll. *v. a.* Hide in a shell. *Rare.*
Aufidius, hearing of our Marcius' banishment,
Thrusts forth his horns again into the world,
Which were *inshell'd* when Marcius stood for Rome,
And durst not once peep out.
Shakespear, Coriolanus, iv. 6.

Enshélter. *v. a.* Place under shelter. (spelt with *i.*)
If that the Turkish fleet
Be not *inshelter'd* and embay'd, they are drown'd.
Shakespear, Othello, ii. 1.

Enshiéld. *v. a.* Shield; cover; protect. *Rare.*

Enshiéld. *part. adj.* Enshielded: (another reading being *inshelled*). *Rare.*
These black masks
Proclaim an *enshield* beauty, ten times louder
Than beauty could display.
Shakespear, Measure for Measure, ii. 4.

Enshíp. *v. a.* Ship. (spelt with *i.*)
See them safely brought to Dover; where, *inshipp'd*,
Commit them to the fortune of the sea.
Shakespear, Henry VI. Part I. v. 1.
These fierce men
Rent hair and veil, and carried her by force
Into their ship: . . . . . .
When she was thus *inshipp'd*, and woefully
Had cast her eyes about, ...
She spies a woman sitting with a child.
Daniel, Hymen's Triumph.

Enshríne. *v. a.* Place in, or as in, a shrine for keeping; preserve and secure as a thing sacred.
Warlike and martial Talbot, Burgundy
Enshrines thee in his heart.
Shakespear, Henry VI. Part I. iii. 2.
He seems
A phœnix, gaz'd by all, as that sole bird,
When, to *enshrine* his reliques in the sun's
Bright temple, to Egyptian Thebes he flies.
Milton, Paradise Lost, v. 271.
The sots combine
With pious care a monkey to *enshrine.*
Tate, Translation of Juvenal's Satires
Fair fortune next, with looks serene and kind,
Receives 'em, in her ancient fane *enshrin'd.*
Addison.

Énsiform. *adj.* [Lat. *ensiformis*; from *ensis* = sword, and *forma* = form.] Sword-shaped: (applied in *Anatomy* to the cartilage in which the breastbone ends *Xiphoid* (ξίφος = sword, -ειδης = having the shape of), from the Greek, is a synonym, the two exactly translating one another).
Eight pairs of ribs directly join the sternum, which consists of seven bones and an *ensiform* cartilage.—*Owen, Anatomy of Vertebrates*, p. 447.

Énsign. *s.* [Fr. *enseigne.*]
1. Flag or standard of a regiment; signal in general.
He will lift up an *ensign* to the nations from far. —*Isaiah*, v. 26.
The Turks still pressing on, got up to the top of the walls with eight *ensigns*, from whence they had repulsed the defendants.—*Knolles, History of the Turks.*
Men taking occasion from the qualities, wherein they observe often several individuals to agree, range them into sorts, in order to their naming; under which individuals, according to their conformity to this or that abstract idea, come to be ranked as under *ensigns.—Locke.*

2. Badge; mark of distinction, rank, or office; symbol.
Princes that fly, their sceptres left behind,
Contempt or pity, where they travel, find;
The *ensigns* of our pow'r about we bear,
And ev'ry land pays tribute to the fair. *Waller.*
The marks or *ensigns* of virtues contribute, by their nobleness, to the ornament of the figures; as the decorations belonging to the liberal arts, to war, or sacrifices.—*Dryden.*
Receive this ring, the *ensign* of kingly dignity, and of defence of the Catholic faith; and as you are this day solemnly invested in the government of this earthly kingdom, so may you be sealed with that spirit of promise which is the earnest of an heavenly inheritance, and reign with Him who is the blessed and only Potentate, to whom be glory for ever and ever.—*Order of the Coronation of Her Majesty.*

3. Officer of foot who carries the flag.
O! may I see her soon dispensing
Her favours on some broken *ensign.*
Swift, The Progress of Marriage.

Ensígn. *v. a.* Mark with some sign; distinguish by an ornament: (as in *Heraldry*).
Henry but join'd the roses, that *ensign'd*
Particular families; but this hath join'd
The rose and thistle. *B. Jonson, Masques.*

Énsignbearer. *s.* One who carries the flag; ensign.
If it be true that the giants ever made war against heaven, he had been a fit *ensignbearer* for that company.—*Sir P. Sidney.*

Énsigncy. *s.* Place and quality of the officer of foot who carries the flag.
It is, perhaps, one of the curious anomalies which pervade many parts of our system, that an *ensigncy* should exist in the engineer department, there being no colours to be carried in that corps, while the colours of the artillery battalions are borne by the second lieutenants.—*Rees, Cyclopædia, Ensign.*

Ensínew. *v. a.* Brace up, in the way of nerve or sinew. (spelt with *i.*)
All members of our cause, both here and hence,
That are *insinewed* to this action,
Acquitted by a true substantial form.
Shakespear, Henry IV. Part II. iv. 1.

Enskied. *part. adj.* Placed in heaven; made immortal.
I hold you as a thing *ensky'd*, and sainted;
By your renouncement, an immortal spirit;
And to be talk'd with in sincerity
As with a saint.
Shakespear, Measure for Measure, i. 5.

Ensky. *v. a.* Raise to, or place in, the skies. *Rare.*

Ensláve. *v. a.* Reduce to servitude; deprive of liberty; make over to another as his slave or bondman.

The conquer'd also, and *enslav'd* by war,
Shall, with their freedom lost, all virtue lose.
Milton, Paradise Lost, xi. 797.

No man can make another man to be his slave, unless he hath first *enslaved* himself to life and death, to pleasure or pain, to hope or fear: command those passions, and you are freer than the Parthian king.—*Jeremy Taylor, Rule and Exercises of Holy Living.*

A man, not having the power of his own life, cannot by compact, or his own consent, *enslave* himself to any one, nor put himself under the absolute arbitrary power of another, to take away life when he pleases.—*Locke.*

While the balance of power is equally held, the ambition of private men gives neither danger nor fear, nor can possibly *enslave* their country.—*Swift.*

Enslávement. *s.* State of servitude; slavery; abject subjection.

The children of Israel, according to their method of sinning, after mercies, and thereupon returning to a fresh *enslavement* to their enemies, had now passed seven years in cruel subjection.—*South.*

Ensláver. *s.* One who reduces others to a state of servitude.

What indignation in her mind,
Against *enslavers* of mankind! *Swift.*

Ensnáre. *v. a.*

1. Entrap.

Why strew'st thou sugar on that bottled spider,
Whose deadly web *ensnareth* thee about?
Shakespear, Richard III. i. 3.

Spelt with *i.*

By long experience Durfey may no doubt
Insnare a gudgeon, or perhaps a trout;
Though Dryden once exclaim'd in partial spite;
He fish!—because the man attempts to write.
Fenton.

2. Entangle in difficulties or perplexities.

That the hypocrite reign not, lest the people be *ensnared.*—*Job,* xxxiv. 30.

Spelt with *i.*

That which in a great part, in the weightiest causes belonging to this present controversy, hath *insnared* the judgements both of sundry good and of some well-learned men, is the manifest truth of certain general principles, whereupon the ordinances that serve for usual practice in the church of God are grounded.—*Hooker, Ecclesiastical Polity.*

Ensnárer. *s.* One who ensnares.

These *ensnarers* and catchers of men.—*Sermon by E. Hickeringhill, M. A.,* p. 37: 1681.

Ensnárl. *v. a.* ? Entangle. *Rare.*

They in awayt would closely him *ensnarle,*
Ere to his den he backward could recoyle.
Spenser, Faerie Queen, v. 9, 9.

Ensóber. *v. a.* Make sober; compose. *Rare.*

God sent him sharpnesses and sad accidents to *ensober* his spirits.—*Jeremy Taylor, Sermons,* p. 170.

Ensórdid. *adj.* Sordid. *Rare.*

What a monster is vice, either in her bared skin, or her own *ensordid* rags!—*Felltham, Resolves,* i. 4.

Ensphére. *v. a.*

1. Place in a sphere.

In thy little chaos all's *enspher'd,*
And though abridg'd, yet in full greatness rear'd.
J. Hall, Poems, p. 54: 1646.

2. ? Compare to a sphere.

One shall *ensphere* thine eyes, another shall
Impearl thy teeth. *Carew, Poems,* p. 95.

Enspírit. *v. a.* Animate; actuate; fill with life and vigour; enliven; invigorate; encourage; endow with spirit. (spelt with *i.*)

It has pleased God to *inspirit* and actuate all his evangelical methods by a concurrence of supernatural strength, which makes it not only eligible but possible; easy and pleasant to do whatever he commands us.—*Dr. H. More, Decay of Christian Piety.*

A discreet use of becoming ceremonies renders the service of the church solemn and affecting, *inspirits* the sluggish, and inflames even the devout worshipper.—*Bishop Atterbury.*

Let joy or ease, let [illegible]ence or content,
And the gay conscience of a life well spent,
Calm every thought, *inspirit* every grace,
Glow in thy heart, and smile upon thy face. *Pope.*

The courage of Agamemnon is *inspirited* by love of empire and ambition.—*Id., Preface to the Iliad.*

Enstámp. *v. a.* Fix a mark by impressing it. *Rare.*

Nature hath *enstamped* upon the soul of man the certainty of a Deity.—*Hewyt, Sermons,* p. 194: 1658.

Money *enstamped* upon with the figure of a lamb.—*Gregory, Notes on Passages in Scripture,* p. 51.

Enstóck. *v. a.* Fix in, or as in, the stocks. *Rare.*

Not that (as Stoicks) I intend to tye,
With iron chains of strong Necessity,
Th' Eternal's hands, and his free feet *enstock*
In Destinie's hard diamantine rock.
Sylvester, Du Bartas. (Ord MS.)

Enstýle. *v. a.* Name; call; style. *Rare.*

Herself to *enstile*
The Stonendge's best-belov'd, first wonder of the isle. *Drayton, Polyolbion,* iii.

That renowned ile,
Which all men beauty's garden-plot *enstyle.*
W. Browne, Britannia's Pastorals.

Ensué. *v. a.* Follow; pursue.

Eschew evil, and do good; seek peace, and *ensue* it.—*Psalms,* xxxiv. 14.

But now these Epicures begin to smile,
And say, my doctrine is more safe than true;
And that I fondly do myself beguile,
While these receiv'd opinions I *ensue.*
Sir J. Davies, On the Immortality of the Soul.

Ensué. *v. n.* [Fr. *ensuivre* = follow.] Follow.

a. As a *consequence* to *premises.*

Let this be granted, and it shall hereupon plainly *ensue,* that the light of Scripture once shining in the world, all other light of nature is therewith in such sort drowned, that now we need it not.—*Hooker, Ecclesiastical Polity.*

b. As in a *train of events,* or course of time.

With mortal heat each other shall pursue;
What wars, what wounds, what slaughter shall *ensue!* *Dryden.*

Then grave Clarissa graceful wav'd her fan;
Silence *ensu'd,* and thus the nymph began. *Pope.*

Ensúing. *part. adj.* Following.

The man was noble;
But with his last attempt he wip'd it out,
Destroy'd his country, and his name remains
To the *ensuing* age abhorr'd.
Shakespear, Coriolanus, v. 3.

Ensúrance. *s.* Exemption from hazard, obtained by the payment of a certain sum.

There will be no *ensurance* here to make you amends, as there is in the case of fire.—*Lord Halifax.*

Ensúrancer. *s.* One who undertakes to ensure (as a *party* to an *ensurance*).

The vain *ensurancers* of life,
And they who most perform'd, and promis'd less,
Even Short and Hobbes, forsook th' unequal strife.
Dryden.

Ensúre. *v. a.*

1. Make certain, secure, or sure.

It is easy to entail debts on succeeding ages, but how to *ensure* peace for any term of years is difficult enough.—*Swift.*

2. Exempt anything from hazard by paying a certain sum, on condition of being reimbursed for miscarriage; guarantee or promise reimbursement of any miscarriage for a certain reward stipulated.

A mendicant contracted with a country fellow for a quantity of corn, to *ensure* his sheep for that year.—*Sir R. L'Estrange.*

3. Bind by agreement, or contract, to marry one another; engage. *Obsolete.*

There grew such a secret love between them, that at the length they were *insured* together, intending to marry.—*Sir W. Cavendish, Life of Wolsey.*

I marvel not a little of thy folly, that wouldst thus entangle and *ensure* thyself with a foolish girl yonder in the court, Anne Bulleine.—*Ibid.*

Ensúrer. *s.* One who ensures.

a. By making *contract* of *ensurance.*

Let it be tried, and I will once set up the *ensurer's* office, that whatever goes out on that voyage, shall never miss to come home with gain.—*Hammond, Works,* iv. 481.

b. In *general.* (spelt with *i.*)

O temperance!—thou prolonger of life, thou *insurer* of pleasure, thou promoter of business, thou guardian of the person, thou preserver of the understanding, thou parent of every intellectual improvement and every moral virtue!—*Hay, Essay on Deformity,* p. 25.

Entáblature. *s.* In *Architecture.* Portion of an order above the columns, consisting of the architrave, frieze, and cornice; uppermost projecting courses of a wall, on which the roof rests.

Must not the whole *entablature,* with its projections, be so proportioned, as to seem great, but not heavy, light, but not little?—*J. Warton, Essay on Pope.*

Entáckle. *v. a.* Supply with instruments of sailing. *Rare.*

Your storm-driven shyp I repaired new,
So well *entackled,* what wind soever blow,
No stormy tempest your barge shall o'erthrow.
Skelton, Poems, p. 26.

Entaíl. *s.* [from Fr. *taillé* = cut.] In *Law.* Rule of descent settled for any estate; estate itself.

Which declares a fine duly levied by tenant in tail to be a complete bar to him and his heirs, and all other persons claiming under such *entail.*—*Sir W. Blackstone, Commentaries on the Laws of England.*

Entaíl. *v. a.*

1. Settle the descent of any estate so that it cannot be by any subsequent possessor bequeathed at pleasure.

I here *entail*
The crown to thee and to thine heirs for ever.
Shakespear, Henry VI. Part III. i. 1

Had Richard unconstrain'd resign'd the throne,
A king can give no more than is his own:
The title stood *entail'd,* had Richard had a son.
Dryden.

2. Fix inalienably upon any person or thing.

None ever had a privilege of infallibility *entailed* to all he said.—*Sir K. Digby, Treatise on the Nature of Bodies.*

The intemperate and unjust transmit their bodily infirmities and diseases to their children, and *entail* a secret curse upon their estates.—*Archbishop Tillotson.*

Entaíl. *s.* (*Intail* the better spelling.) [from Italian *intaglio.*] Intaglio. *Rare.*

Well [it] appeared to have been of old
A work of rich *entail,* and curious mold,
Woven with anticks and wild imagery.
Spenser, Faerie Queen.

Entaíl. *v. a.* (*Intail* better.) Carve; cut.

Golden bends, which were *entail'd*
With curious antickes. *Spenser, Faerie Queen.*

The mortal steel dispiteously *entail'd,*
Deep in their flesh, quite through the iron walls,
That a large purple stream adown their giambeaux falls. *Ibid.*

Entáme. *v. a.* Tame. *Rare.*

'Tis not your inky brows, your black silk hair,
Your bugle eyeballs, and your cheek of cream,
That can *entame* my spirits to your worship.
Shakespear, As you like it, iii. 5.

Entángle. *v. a.* Enwrap; lose in multiplied involutions; twist, or confuse in such a manner that a separation cannot easily be made; involve; ensnare.

Now all labour
Mars what it does, yea very force *entangles*
Itself with strength.
Shakespear, Antony and Cleopatra, iv. 12.

The Pharisees took counsel how they might *entangle* him in his talk.—*Matthew,* xxii. 15.

No man that warreth *entangleth* himself with the affairs of this life.—2 *Timothy,* ii. 4.

He knew not how to wrestle with desperate contingencies, and so abhorred to be *entangled* in such.—*Lord Clarendon, History of the Grand Rebellion.*

The duke, being questioned, neither held silence as he might, nor constantly denied it, but *entangled* himself in his doubtful tale.—*Sir J. Hayward.*

I suppose a great part of the difficulties that perplex men's thoughts, and *entangle* their understandings, would be easily resolved.—*Locke.*

Entánglement. *s.*

1. Involution of anything intricate or adhesive.

The sad, dangerous, and almost fatal *entanglements* of this corporeal world.—*Dr. H. More, Preexistence of the Soul,* pref.: 1647.

It is a truth both clear from scripture, and ratified by the experience of all believers, that there was never any one, were his *entanglements* in sin never so great, his corruptions never so raging, but, if he was enabled to wait upon mercy in an earnest constant use of prayer for the removal of his sin, became in the end a conqueror.—*South, Sermons,* vi. 459.

The force of temptation, the *entanglements* of the flesh.—*Ibid.* vii. 230.

2. Perplexity; puzzle.

The most improved spirits are frequently caught in the *entanglements* of a tenacious imagination.—*Glanville, Scepsis Scientifica.*

There will be no greater *entanglements,* touching the notion of God and his providence.—*Dr. H. More, Divine Dialogues.*

It is to fence against the *entanglements* of equivocal words, and the art of sophistry, that distinctions have been multiplied.—*Locke.*

Entónder. *v. a.* Make tender or soft. *Rare.*

Virtue alone *entenders* us for life;
I wrong her much; *entenders* us for ever.
Young, Night Thoughts, ix.

Énter. *v. a.* [Fr. *entrer*.]

1. Go or come into any place.
   I, with the multitude of my redeem'd,
   Shall *enter* heaven, long absent.
   Milton, Paradise Lost, iii. 260.
   A king of repute and learning *entered* the lists against him.—*Bishop Atterbury.*
2. Initiate in a business, method, or society.
   They of Rome are *enter'd* in our counsels,
   And know how we proceed.
   Shakespear, Coriolanus, i. 2.
   He is an excellent fish, ... and he is also excellent to *enter* a young angler, for he is a greedy biter.—*I. Walton, Complete Angler.*
   The eldest being thus *entered*, and [then] made the fashion, it would be impossible to hinder them.—*Locke.*
3. Set down in writing as an entry.
   Master Fang, have you *enter'd* the action?—It is *enter'd*.—*Shakespear, Henry IV. Part II.* ii. 1.
   Agues and fevers are *entered* promiscuously, yet in the few bills they have been distinguished.—*Graunt, Observations on the Bills of Mortality.*

Énter. *v. n.*

1. Come in; go in.
   Be not slothful to go and to *enter* to possess the land.—*Judges*, xviii. 9.
2. Penetrate mentally; make intellectual entrance.
   He is particularly pleased with Livy for his manner of telling a story, and with Sallust for his *entering* into internal principles of action.—*Addison, Spectator.*
3. Be initiated in.
   O pity and shame, that those who to live well *Enter'd* so fair, should turn aside!
   Milton, Paradise Lost, xi. 629.
   As soon as they once *entered* into a taste of pleasure, politeness, and magnificence, they fell into a thousand violences, conspiracies, and divisions.—*Addison, Travels in Italy.*
4. Engage in.
   Gentlemen did not care to *enter* upon business till after their morning draught.—*Tatler.*

Enter-. Element in composition, from the Fr. *entre*; Lat. *inter* = between. See Inter-.

Énterdeal. *s.* Reciprocal transactions. *Obsolete.*
   For he is practis'd well in policy,
   And thereto doth his cunning most apply;
   To learn the *enterdeal* of princes strange,
   To mark th' intent of counsels, and the change
   Of states. *Spenser, Mother Hubberd's Tale.*

Énterer. *s.* One who enters (by making a *beginning*).
   Who dreams of nature free from nature's strife?
   Who dreams of perfect happiness below?—
   The hope-flush'd *enterer* on the stage of life,
   The youth to knowledge unchastis'd by woe.
   Seward, Letters, i. 185: 1786.

Éntering. *verbal abs.* Entrance.
   It is laid waste, so that there is no house, no *entering* in.—*Isaiah*, xxiii. 1.

Enterláce. *v. a.* Interlace; intermingle.
   This lady walked outright, till she might see her enter into a fine close arbour: it was of trees, whose branches so lovingly *enterlaced* one another, that it could resist the strongest violence of the sight.—*Sir P. Sidney.*

Enterláced. *part. adj.* Intermingled.
   Also in those daunces were *enterlaced* ditties of wanton love or ribaudrye, with frequent remembrance of the most vile idols.—*Sir T. Elyot, The Governour*, fol. 63.

Entermíse. *s.* [Fr. *mis* = placed.] Mediation: (the two words, French and Latin, nearly translating each other). *Rare.*
   He redressed all discontentment by the *entermise* of his ambassadour.—*Time's Storehouse*, 743. (Ord MS.)
   In the year 1334, by *entermise* of their ambassadors, truce was taken for two years and a half.—*Ibid.* (Ord MS.)

Enterpárlance. *s.* Parley; mutual talk; conference.
   During the *enterparlance* the Scots discharged against the English, not without breach of the laws of the field.—*Sir J. Hayward.*

Enterpleáder. *s.* Interpleader. See extract.
   Enterpleader [is] the discussing of a point incidentally falling out, before the principal cause can take end. For example: two several persons, being found heirs to land by two several officers in one county, the king is brought in doubt whether livery ought to be made; and therefore, before livery be made to either, they must *enterplead*; that is, try between themselves who is the right heir.—*Cowell.*

Énterprise. *s.* [Fr. *pris*, pass. part. of *prendre* = take.] Undertaking of hazard; arduous attempt.
   Now is the time to execute mine *enterprises* to the destruction of the enemies.—*Judith*, ii. 5.
   The day approach'd, when fortune should decide
   Th' important *enterprise*, and give the bride.
   Dryden.

Enterprise. *v. a.*

1. Undertake; attempt; essay. *Obsolete.*
   Nor shall I to the work thou *enterprisest*
   Be wanting, but afford thee equal aid.
   Milton, Paradise Lost, x. 270.
   Princes were only chiefs of those assemblies, by whose consultations and authority the great actions were resolved and *enterprised*.—*Sir W. Temple.*
   An epick poem, or the heroick action of some great commander, *enterprised* for the common good and honour of the Christian cause, and executed happily, may be as well written now as it was of old by the heathens.—*Dryden.*
   Haste then, and lose no time:
   The business must be *enterpris'd* this night;
   We must surprise the court in its delight. *Id.*
2. Receive; entertain. *Obsolete.*
   In goodly garments, that her well became,
   Fair marching forth in honourable wise,
   Him at the threshold met, and well did *enterprise*.
   Spenser, Faerie Queen.

Énterpriser. *s.* One who undertakes enterprises; one of an enterprising character.
   They commonly proved great *enterprisers* with happy success.—*Sir J. Hayward, Life and Raigne of King Edward VI.*
   Wit makes an *enterpriser*; sense a man.
   Young, Night Thoughts, viii.

Énterprising. *part. adj.* Having a disposition for, or tendency to, enterprise.
   Marcellus, afterwards so famous, was at this time nearly fifty years old, and in his natural character seems greatly to have resembled Flaminius. Like him he was a brave and hardy soldier, open in his temper, active and *enterprising* in the highest degree; but so adventurous and imprudent that, even in old age, he retained the thoughtlessness of a boy, and perished at sixty, by plunging into a snare which a stripling might have expected and shunned.—*Arnold, History of Rome*, ch. xlii.

Entertaín. *v. a.* [Fr. *tenir* (Lat. *tenere*, from *teneo*) = hold.]

1. Converse with; talk with.
   His head was so well stored a magazine, that nothing could be proposed which he was not readily furnished to *entertain* any one in.—*Locke.*
2. Treat at the table.
   You shall find an apartment fitted up for you, and shall be every day *entertained* with beef or mutton of my own feeding.—*Addison, Spectator.*
3. Receive hospitably.
   Heav'n, set ope thy everlasting gates,
   To *entertain* my vows of thanks and praise.
   Shakespear, Henry VI. Part II. iv. 9.
   Be not forgetful to *entertain* strangers; for thereby some have *entertained* angels unawares.—*Hebrews*, xiii. 2.
4. Keep in one's service.
   How many men would you require to the furnishing of this which you take in hand? And how long space would you have them *entertained*?—*Spenser, View of the State of Ireland.*
   You, sir, I *entertain* for one of my hundred; only I do not like the fashion of your garments.—*Shakespear, King Lear*, iii. 6.
5. Keep up.
   They have many hospitals well *entertained*.—*Bishop Burnet, Travels*, p. 49. (Ord MS.)
6. Reserve in the mind.
   This purpose God can *entertain* towards us.—*Dr. H. More, Decay of Christian Piety.*
7. Admit with satisfaction.
   Reason can never permit the mind to *entertain* probability, in opposition to knowledge and certainty.—*Locke.*
8. Please; amuse, divert.
   In gardens, art can only reduce the beauties of nature to a figure which the common eye may better take in, and is therefore more *entertained* with.—*Pope, Preface to Translation of Homer's Iliad.*

Entertaín. *s.* [Fr. *entretien*.] Entertainment. *Obsolete.*
   But need, that answers not to all requests,
   Bade them not look for better *entertayne*.
   Spenser, Faerie Queen, iv. 8, 27.
   After all her princely *entertayne*. *Ibid*, v. 9, 37.
   Your *entertain* shall be
   As doth befit our honour and your worth.
   Shakespear, Pericles, i. 1.

Entertaíner. *s.* One who entertains.

a. By *keeping others* in his *service*.
   He was, in his nature and constitution of mind not very apprehensive or forecasting of future events afar off, but an *entertainer* of fortune by the day.—*Bacon, History of the Reign of Henry VII.*

b. By *hospitality* in the reception of *guests*.
   [They] proved ingrateful and treacherous guests to their best friends and *entertainers*.—*Milton, Observations on the Art of Peace.*
   It is little the sign of a wise or good man to suffer temperance to be transgressed, in order to purchase the repute of a generous *entertainer*.—*Bishop Atterbury.*

c. By *receiving sincerely* and *reverentially*.
   We draw nigh to God, when, upon our conversion to him, we become the receptacles and *entertainers* of his good Spirit.—*Bishop Hall, Remains*, p. 89.
   Righteousness is immortal, and will immortalize the *entertainers* of it.—*Cudworth, Sermons*, p. 89.

d. By *pleasing, diverting*, or *amusing*.
   Then did the third pageant present themselves unto him, ... but he thought he saw all the forenamed *entertainers* at once, ... leap, plunge, and drown themselves in puddles.—*Nash, Terrors of the Night*: 1594.

Entertaíning. *part. adj.*

1. Amusing: (as 'an *entertaining* companion, conversation, visit,' and the like).
2. Supporting; productive. *Rare.*
   When we hear or read a description of a very pleasant country, such as the Bermuda Islands, where the sky is serene and clear, the air temperate and healthy, the earth fruitful and *entertaining*, where there are walks of oranges, and woods of cedar trees; though we have no probable prospect of ever going to dwell there, yet we can't chuse but often think, and sometimes dream of it, and wish ourselves the happiness of so pleasant an abode.—*Norris, Practical Discourses*, 202. (Ord MS.)

Entertaíningly. *adv.* In an entertaining manner.
   My conversation, says Dryden very *entertainingly* of himself, is dull and slow, my humour saturnine and reserved: In short, I am none of those who endeavour to break jests in company, or make repartees.—*J. Warton, Essay on Pope.*

Entertaínment. *s.* [N.Fr. *entretenement*.]

1. Treatment at the table; convivial provision.
   Arrived there, the little house they fill,
   Ne look for *entertainment* where none was;
   Rest is their feast, and all things at their will;
   The noblest mind the best contentment has.
   Spenser, Faerie Queen.
   With British bounty in his ship he feasts
   Th' Hesperian princes, his amazed guests,
   To find that watry wilderness exceed
   The *entertainment* of their great Madrid. *Waller.*
2. Hospitable reception.
   His office was to give *entertainment*,
   And lodging unto all that came and went.
   Spenser, Faerie Queen, i. 10, 37.
   Mrs. Towwouse ... began to rail at those who brought the fellow to her house; telling her husband, they were very likely to thrive, who kept a house of *entertainment* for beggars and thieves.—*Fielding, Adventures of Joseph Andrews.*
3. Reception; admission.
   I am next to consider that simplicity of manners, which should always accompany the sincere *entertainment* and practice of the precepts of the Gospel.—*Bishop Sprat, Sermons*: 1676.
   It is not easy to imagine how it should at first gain *entertainment*, but much more difficult to conceive how it should be universally propagated.—*Archbishop Tillotson.*
4. State of being in pay as soldiers or servants.
   Have you an army ready, say you?—A most royal one. The centurions and their charges distinctly billeted, already in the *entertainment*, and to be on foot at an hour's warning.—*Shakespear, Coriolanus*, iv. 3.
5. Amusement; diversion.
   Because he that knoweth least is fittest to ask questions, it is more reason, for the *entertainment* of the time, that he ask me questions than that I ask you.—*Bacon, New Atlantis.*
   Passions ought to be our servants, and not our masters; to give us some agitation for *entertainment*, but never to throw reason out of its seat.—*Sir W. Temple.*
6. Dramatic performance; lower comedy.
   A great number of dramatick *entertainments* are not comedies, but five-act farces.—*Gay.*
7. Conversation.
   The queen desires you to use some gentle *entertainment* to Laertes, before you fall to play.—*Shakespear, Hamlet*, v. 2.
8. Payment of soldiers or servants. *Obsolete.*
   The *entertainment* of the general, upon his first

arrival, was but six shillings and eight pence.—*Sir J. Davies, Discourse on the State of Ireland.*

The captains did covenant with the king to serve him with certain numbers of men, for certain wages and *entertainments.—Ibid.*

Drawing out the war in Gallia,
For which thou late triumph'st; dissembling long
That Sacrovir to be an enemy,
Only to make thy *entertainment* more.
B. Jonson, Sejanus.

Entertíssued. *adj.* Interwoven or intermixed with various colours or substances.

The sword, the mace, the crown imperial,
The *entertissued* robe of gold and pearl.
Shakespear, Henry V. iv. 1.

Enthírst. *v. a.* Make thirsty. *Rare.* (spelt with *i.*)

Using our pleasure, as the traveller doth water, not as the drunkard wine, whereby he is inflamed and *inthirsted* the more.—*Bishop Hall, Christian Moderation,* § 8.

Enthráll. *v. a.* Reduce to the condition of, or treat as, a thrall or bondsman; enslave.

His courtiers represented that the king was *enthralled* by the dominant party, which had become superior to the throne itself, and, in order to recover his just prerogative, it was necessary to break up the combination.—*T. Erskine May, Constitutional History of England,* ch. i.

Spelt with *i.*

The Turk has sought to extinguish the ancient memory of those people which he has subjected and *inthralled.—Sir W. Raleigh.*

She soothes, but never can *inthral* my mind:
Why may not peace and love for once be joyn'd?
Prior.

Enthrállment. *s.* Servitude; slavery.

Moses and Aaron, sent from God to claim
His people from *enthralment,* they return
With glory and spoil back to their promis'd land.
Milton, Paradise Lost, xii. 170.

Enthrill. *v. a.* Thrill in the sense of pierce; penetrate. *Rare.*

A dart we saw how it did light
Right on her breast, and therewithal pale Death
Enthrilling it to reave her of her breath.
Sackville, Induction to Mirrour for Magistrates.

Enthróne. *v. a.*

1. Place on a regal seat.

Mercy is above this scepter'd sway;
It is *enthroned* in the hearts of kings;
It is an attribute to God himself.
Shakespear, Merchant of Venice, iv. 1.

2. Invest with sovereign authority.

This pope was no sooner elected and *enthroned,* but that he began to exercise his new rapines.—*Ayliffe, Parergon Juris Canonici.*

One, chief, in gracious dignity *enthron'd,*
Shines o'er the rest. *Thomson, Seasons, Summer.*

Enthróned. *part. adj.* Seated on a throne; regal.

Henry III. . . . in disinheriting and seizing on his subjects' possessions, without judicial course, . . . bred most intestine trouble twixt him and his barons, although sometime discontinued, yet not extinguished even till his declining days of *enthroned* felicity.—*Selden, Illustrations of Drayton, Polyolbion,* xvii.

Enthrónize. *v. a.* Enthrone. *Rare.*

Right princely virtue, fit to reign,
Enthroniz'd in her spirit remain.
Sir J. Davies, Hymns of Astræa, xxii.: 1622.

With what grace
Doth mercy sit *enthroniz'd* on thy face!
J. Hall, Poems, p. 78: 1646.

Enthúnder. *v. n.* Make a noise like thunder. *Rare.*

Against them all she proudly did *enthunder,*
Until her masts were beaten over-board.
Mirrour for Magistrates, p. 850.

Enthúsiasm. *s.* [Gr. ἐνθουσιασμός.]

1. Heat of imagination; violence of passion; confidence of opinion.

It [*enthusiasm*] makes us give a stronger assent to the conclusion than the evidence of the premises will warrant; then, reason begins to be betrayed; and then *enthusiasm* properly commences.—*Bishop Warburton, Letter to Hurd, Letters,* 40.

2. Elevation of fancy; exaltation of ideas.

Imaging is, in itself, the very height and life of poetry, which, by a kind of *enthusiasm,* or extraordinary emotion of soul, makes it seem to us that we behold those things which the poet paints.—*Dryden, Preface to Translation of Juvenal's Satires.*

He [Cowley] was the first who imparted to English numbers the *enthusiasm* of the greater ode, and the gaiety of the less.—*Johnson, Lives of the Poets, Cowley.*

3. Belief of private revelation; confidence of divine favour or communication.

Enthusiasm is founded neither on reason nor divine revelation, but rises from the conceits of a warmed or overweening brain.—*Locke.*

[About half a century before Dryden's work, the word was written, like its Greek original, 'enthusiasmos,' and defined 'poetical fury.' (Vide Cockeram's Vocabulary.) Flecknoe, upon whom Dryden exercised his satire, uses our word in the plural; which is not very common. 'With thy *enthusiasms* come.' (Invocation of Silence.)—*Todd.*]

Enthúsiast. *s.*

1. One of a hot imagination, or violent passions; one of elevated fancy, or exalted ideas.

Her little soul is ravish'd, and so pour'd
Into loose extasies, that she is plac'd
Above herself, Musick's *enthusiast.*
Crashaw, Musick's Duel.

At last divine Cecilia came,
Inventress of the vocal frame;
The sweet *enthusiast,* from her sacred store,
Enlarg'd the former narrow bounds,
And added length to solemn sounds,
With nature's mother wit, and arts unknown before.
Dryden.

Chapman seems to have been of an arrogant turn, and an *enthusiast* in poetry.—*Pope, Preface to Translation of Homer's Iliad.*

2. One who imagines a private revelation; one who has a confidence of his intercourse with God.

Enthusiasts pretend that they have the gift of prophecy by dreams.—*Pagit, Hæresiographia,* p. 29: 1654.

Let an *enthusiast* be principled that he or his teacher is inspired, and acted by an immediate communication of the Divine Spirit, and you in vain bring the evidence of clear reasons against his doctrine.—*Locke.*

Enthusiástic. *adj.* Elevated in fancy; exalted in ideas; vehemently hot in any cause.

An *enthusiastick* or prophetick style, by reason of the eagerness of the fancy, doth not always follow the even thread of discourse.—*Bishop Burnet.*

At last, sublim'd
To rapture and *enthusiastic* heat,
We feel the present Deity. *Thomson.*

Enthusiástic. *s.* Enthusiast.

The dervis and other santoons, or *enthusiasticks,* being in the croud, express their zeal by turning round.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia,* p. 326.

Enthusiástical. *adj.* Same as Enthusiastic.

He pretended not to any seraphick *enthusiastical* raptures, or inimitable unaccountable transports of devotion.—*Calamy.*

Did ever you, or any body else, ever see such a place as heaven? For God's sake, therefore, leave these *enthusiastical* whimsies, and talk like men.—*Goodman, Winter's Evening Conference,* p. 133.

Enthymem. *s.* [Gr. ἐνθύμημα (from ἐν = in, and θυμός = mind) = something kept in the mind rather than expressed.] Argument consisting only of an antecedent and consequential proposition; syllogism where one premiss is suppressed,

Playing much upon the simple or lustrative argumentation, to induce their *enthymems* unto the people, they take up popular conceits.—*Sir T. Browne, Vulgar Errours.*

What is an *enthymem?* quoth Cornelius.—Why, an *enthymem,* replied Crambe, is when the major is indeed married to the minor, but the marriage kept secret.—*Arbuthnot and Pope.*

There are various abridged forms of argument which may be easily expanded into regular syllogisms; such as, 1st. the *enthymeme* (the word *enthymeme* is employed in a different sense from this, by Aristotle, in Rhet. b. i.), which is a syllogism with one premiss suppressed. As all the terms will be found in the remaining premiss and conclusion, it will be easy to fill up the syllogism by supplying the premiss that is wanting, whether major or minor: e.g. 'Cæsar was a tyrant; therefore he deserved death.' 'A free nation must be happy; therefore the English are happy.' This is the ordinary form of speaking and writing. It is evident that *enthymemes* may be filled up hypothetically. It is to be observed, that the *enthymeme* is not strictly syllogistic; i.e. its conclusiveness is not apparent from the mere form of expression, till the suppressed premiss shall have been, either actually or mentally supplied. The expressed premiss may be true, and yet the conclusion false.—*Whately, Elements of Logic,* b. ii. ch. iv. § 7, and note.

'Cogito; ergo sum,'—this famous *enthymem* of the Cartesian philosophy, veiled in rather formal language, that was to him, and must be to us all, the eternal basis of conviction, which no argument can strengthen, which no sophistry can impair, the consciousness of a self within, a percipient indivisible ego. Gassendi imputed to Descartes that, on his fundamental *enthymem,* 'Cogito, ergo sum,' he supposed a knowledge of the major premiss, 'Quod cogitat, est.'—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries,* pt. iii. ch. iii. § 86, 104.

Enthymemátical. *adj.* Having the form of an enthymem.

Encountered as they may be with handy stroke of syllogism, or *enthymematical* conclusion.—*Tooker, Fabrique of the Church,* p. 63: 1604.

Entíce. *v. a.* [N.Fr. *enticer* = excite, provoke.] Allure; draw by blandishments or hopes to something sinful or destructive; attract.

The readiest way to entangle the mind with false doctrine, is first to *entice* the will to wanton living.—*Ascham, Schoolmaster.*

If a man *entice* a maid that is not betrothed, he shall surely endow her to be his wife.—*Exodus,* xxii. 16.

For ills to ills superlative
Are easily *enticed,*
And entertain amendment,
As the Gergesites did Christ.
Warner, Albion's England.

So sang the syrens, with enchanting sound,
Enticing all to listen, and be drown'd. *Granville.*

Entícement. *s.*

1. Act or practice of alluring (to *ill*).

Suppose we that the sacred word of God can at their hands receive due honour, by whose *enticement* the holy ordinances of the church endure every where open contempt?—*Hooker, Ecclesiastical Polity.*

And here to every thirsty wanderer,
By sly *enticement* gives his baneful cup,
With many murmurs mixt. *Milton, Comus,* 524.

2. Means by which one *is* allured (to *ill*); blandishment; allurement.

Beware of them, Diana; their promises, *enticements,* oaths, tokens, and all these engines of lust, are not the things they go under: many a maid hath been seduced by them.—*Shakespear, All's well that ends well,* iii. 5.

In all these instances we must separate intreaty and *enticements* from deceit or violence.—*Jeremy Taylor, Rule and Exercises of Holy Living.*

Entícer. *s.* One who entices or allures: (generally in a *bad* sense).

Rose-coloured cheeks are of themselves potent *enticers.—Burton, Anatomy of Melancholy,* p. 475.

A mincing gait, a decent and an affected pace, are most powerful *enticers.—Ibid.* p. 477.

These writers . . . traduce her as the *enticer* of her husband into the basest idolatries.—*Coventry, Philemon,* conv. 3.

Entícing. *verbal abs.* Act of one who, or that which, entices; process by which anything is enticed.

The third and last sign that I shall mention, of a temptation's attaining its full hour or maturity, is a more than usual restlessness and importunity in its *enticings* or instigations.—*South, Sermons,* vi. 269.

Entícingly. *adv.* In an enticing manner.

She strikes a lute well,
Sings most *enticingly.*
Beaumont and Fletcher, Humorous Lieutenant.

Entíre. *adj.* [Fr. *entier*; Lat. *integer.*]

1. Whole; undivided; unbroken; complete in its parts; full; comprising all requisites in itself.

The church of Rome hath rightly considered that publick prayer is a duty *entire* in itself, a duty requisite to be performed much oftener than sermons can be made.—*Hooker, Ecclesiastical Polity.*

Spelt with *i.*

The lawful power of making laws, to command whole politick societies of men, belongeth so properly unto the same *intire* societies, that for any prince to exercise the same of himself, and not either by express commission immediately and personally received from God, or else by authority derived at the first from their consent upon whose persons he imposes laws, it is no better than mere tyranny.—*Hooker, Ecclesiastical Polity.*

2. Unmingled; unallayed.

Wrath shall be no more
Thenceforth, but in thy presence joy *entire.*
Milton, Paradise Lost, iii. 264.

3. Impartial.

They were therefore trusted with arbitrary power, because it was foreseen that juries were not like to be *entire.—Lord Clarendon, Life,* ii. 240.

4. Firm; sure; solid; fixed; sincere; honest.

Love is not love,
When it is mingled with respects that stand
Aloof from the *entire* point.
Shakespear, King Lear, i. 1.

He run a course more *entire* with the king of Arragon, but more laboured and officious with the king of Castile.—*Bacon.*

Entire and sure the monarch's rule must prove,
Who founds her greatness on her subjects' love.
Prior.

No man had ever a heart more *entire* to the king, the church, or his country; but he never studied the easiest ways to those ends.—*Lord Clarendon, History of the Grand Rebellion.*

5. ? Interior; internal. [If this explanation be true, we have in the extract a fresh word, one derived ultimately from *in*, but more immediately connected with *interior*. The details, however, have not been sufficiently examined to justify a separate entry. Supposing the two words to exist, it is clear that their several senses may run into one another; in which case, the complication which occurs in Endow and Indue, and in several other words, presents itself. Under Entireness the explanation *intimacy* is Johnson's; and this, given as it is without any reference to *in*, is evidence in favour of the connection. *Entirely*, too, as used in Spenser, may mean the '*inner* man.']

Casting flakes of lustfull fire,
From his false eyes, into their hearts and parts *entire.* *Spenser, Faerie Queen*, iv. 8, 48.

Entírely. *adv.* In an entire manner; in the whole; without division; completely; fully.

Euphrates, running, sinketh partly into the lakes of Chaldea, and falls not *entirely* into the Persian sea.—*Sir W. Raleigh.*

Here finish'd he, and all that he had made
View'd and beheld! all was *entirely* good.
Milton, Paradise Lost, vii. 549.

Chyle may be said to be a vegetable juice in the stomach and intestines; as it passeth into the lacteals it grows still more animal, and when it has circulated often with the blood, it is *entirely* so.—*Arbuthnot.*

General consent *entirely* altered the whole frame of their government.—*Swift.*

? (*Derivation* and *exact import* doubtful.) See remarks under Entire, 5.

Which when his pensive lady saw from far,
Great woe and sorrow did her soul assay,
As weening that the sad end of the war,
And gan to highest God *entirely* pray.
Spenser, Faerie Queen.

Entíreness. *s.* Attribute suggested by Entire.

1. Totality; completeness; fullness.

But I
Should injure nature, virtue, and destiny,
Should I divide and discontinue so
Virtue, which did in one *entireness* grow.
Donne, Poems, p. 246.

Doting antiquaries ... more admire the rust or fragments of coins, than their splendour or *entireness.*—*Whitlock, Observations on the present Manners of the English*, p. 216: 1654.

In an arch, each single stone, which, if severed from the rest, would be perhaps defenceless, is sufficiently secured by the solidity and *entireness* of the whole fabrick, of which it is a part.—*Boyle.*

Spelt with *i*.

So shall all times find me the same:
You this *intireness* better may fulfill,
Who have the pattern with you still. *Donne.*

2. Intimacy. See Entire, 5.

True Christian love may be separated from acquaintance, and acquaintance from *entireness.*—*Bishop Hall.*

A little friendship with such is enough; the less communion with any of God's enemies, the more safety; and sure I am, that those who affect a familiar *entireness* with such, bewray either too much boldness, or too little conscience.—*Junius, Sin stigmatized*, p. 777.

Entírety. *s.* [N.Fr. *entierté.*] Completeness.

Sometime the attorney thrusteth into the writ the uttermost quantity; or else setteth down an *entierty*, where but a moiety was to be passed.—*Bacon, Office of Alienation.*

This is the natural and regular consequence of the union and *entirety* of their interest.—*Sir W. Blackstone, Commentaries on the Laws of England.*

Éntitative. *adj.* Considered by itself as a pure entity; abstracted from all circumstances. *Rare.*

Metaphysicians have here a noble field for their abstracted flights, whether, according to Durandus, there be any divine concourse in sin? Whether, with others, moral evil has any real essence, or real efficient cause, or only deficient? Whether there be any pure evil? Whether it be a privation of being, or a real positive being? Whether it has not some natural good for its subject, and so the *entitative* material act of sin be physically or morally good?—*Ellis, Knowledge of Divine Things*, p. 340.

Éntitatively. *adv.* See extract.

A thing is said to be taken or considered *entitatively*, or 'secundum entitatem,' when considered nakedly, and precisely, according to what it is in itself, without any thing intrinsick; as, Peter, *entitatively* taken, is Peter as a thing, a substance, a man, &c., without any regard to his being a lord, a husband, learned, &c.—*Chambers.*

Entítle. *v. a.*

1. Designate by means of a title; give a title or discriminative appellation to anything; superscribe, or prefix as a title.

Besides the Scripture, the books which they call ecclesiastical were thought not unworthy to be brought into public audience, and with that name they *entitled* the books which we term Apocryphal. —*Hooker, Ecclesiastical Polity.*

Next favourable thou,
Who highly thus to *entitle* me vouchsaf'st,
Far other name deserving.
Milton, Paradise Lost, xi. 169.

This cave carrieth the name of the Centum Cameræ: it is *entitled* to Nero; and here, they say, he kept his prisoners.—*Bishop Burnet, Travels*, 213. (Ord MS.)

How ready zeal for party is to *entitle* christianity to their designs, and to charge atheism on those who will not submit.—*Locke.*

We have been *entitled*, and have had our names prefixed at length to whole volumes of mean productions.—*Swift.*

2. Give a claim to anything.

But we, descended from your sacred line,
Entitled to your heav'n and rites divine,
Are banish'd earth. *Dryden, Virgil's Æneid.*

God discovers the martyr and confessor without the trial of flames and tortures, and will hereafter *entitle* many to the reward of actions which they had never the opportunity of performing.—*Addison, Spectator.*

He *entitled* himself to the continuance of the divine protection and goodness, by humiliation and prayer.—*Bishop Atterbury.*

Hardly even is the penitent sinner saved; thus difficult is that duty, by which alone he can be reconciled to his Creator, and *entitled* to the mercies of the gospel.—*Rogers.*

This is to *entitle* God's care how and to what we please.—*Locke.*

Éntity. *s.* [L.Lat. *entitas*, from *ens*, *-entis*, pres. part. of *esse* = to be; equivalent to the Greek ὤν, ὄντος, whence Ontology. Its root, or at least a simpler form of it, *ens* = thing being, can scarcely be considered an English word, though it is by no means uncommon in works relating to logic. It generally, however, is used in combination with some other word which is, for the most part, Latin also. Milton, in his Vacation Exercise, has *entium ens*. The phrase *ens rationis* is the commonest, meaning an object existing only as a mental, or as an approximation to a mental, image. Of the derivations from *ens* the use is irregular; chiefly because two other words are sufficiently allied to it to create complications—*Exist* and *Be*. The former, from the more definite character of its elements (*ex* = out, and *sto* = stand) suggests a notion of reality which is wanting in the root of *ens*; whilst *Being*, though connected with *am*, *is*, and the other congeners of *ens*, by the artificial system of our common grammars, is from a wholly different root, that of the Lat. *fui*, and the Gr. φύω, wherein a notion of '*becoming*' or '*growing so as to become*' anything is suggested. Besides which the termination *-ing* is ambiguous. Only when it means a 'thing in existence' does it correspond with the *ens*. When a verbal abstract, as from *be-ung*, it answers to *entio*, if such a word exists.

Neither does *ens*, when compared with the Greek ὤν, run exactly parallel to it. Though both are not only participles, but participles from the same root, they differ in the fact of the Latin wanting, the Greek having, an article. Hence, the Latin equivalent to τὸ ὄν = the existent, is not to be got out of *ens*. For further remarks on this point, see Exist.

For the last two syllables in *ent-ity* to have their full import, *entity* should differ from an *ens*, as *cast-itas*, *fatu-itas*, and others differ from *cast-us*, *fatu-us*, &c The difference, however, is generally overlooked, and the negative compound *non-entity*, which is far commoner than the simpler term, means *non-ens*, or *id quod non est.*]

1. Ideal conception. (In the first of the following extracts we might read *entia rationis* instead; neither would the evidence of their imaginary character be much impaired if 'abstract' were omitted. We could *not* write *existences*; the word would suggest too much of a notion of reality: we might do so, however, in the second. In both the word is *plural*, a fact which indicates its departure from its proper abstract character.)

The words Nominalist and Realist came into use about the end of the twelfth century.... Scotus and his disciples were the great maintainers of realism. If there were no substantial forms, he argued, that is, nothing real, which determines the mode of being in each individual, men and brutes would be of the same substance; for they do not differ as to matter, nor can extrinsic accidents make a substantive difference. There must be a substantial form of a horse, another of a lion, another of a man.... These reasonings ... were met by Ockham with others which sometimes appear more refined and obscure. He confined reality to objective things, denying it to the host of abstract *entities* brought forward by Scotus. He makes a universal to be a 'particular intention ... of the mind itself capable of being predicated of many things, not for what it properly is itself, but for what those things are; so that, in so far as it has this capacity, it is called universal, but, inasmuch as it is one form really existing in the mind, it is called singular.'—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, pt. i. ch. iii.

The conception, under which the Church holds her place in that connection, represents the combined result of two distinct but harmonious ideas. The first of these is that developed by Coleridge with so much depth and power, the idea of a national clerisy as a part inherent in every well-constituted body politic; a class, that is to say, whose function it shall be, by study and by the communication of its results, to sustain and to propagate the sense of the unseen world, of a living supreme Intelligence of truth, of beauty either in matter wholly imaginative or mixed, and of all those incorporeal *entities* which form the required counterpoise to our material necessities, and prevent us from being wholly absorbed in our efforts to supply them.—*Gladstone, The State in its Relations with the Church*, ch. vi. sect. 1. § 3.

2. Character of existence.

Where *entity* and quiddity,
The souls of defunct bodies fly. *Butler, Hudibras.*

God's decrees of salvation and damnation, both Romish and reformed, affix to men's particular *entity*, absolutely considered, without any respect to demeanours.—*Hammond, On Fundamentals.*

3. The following denies a *process* to be an entity; the doctrine of the editor being that the contemplation of a process, as a mode, gives us the nearest approach to one, the mind being rather an *ens*, and the necessity for drawing a distinction between the simpler form and the derivative being recognized. With a word dealing in the exhibition of minuter shades of meaning the distinction is needed.

Idealism assumes that minds are *entities*; that ideas are *entities*; and that ideas exist in minds. ... Let it be granted that its belief—mind is an *entity*, is a belief proved by the inconceivableness of its negation to invariably exist (which is not the fact; for mind is conceivable as not an *entity*, but a process); let it be granted that it has the like authority for the belief—ideas are *entities* (which is not the fact; for ideas are conceivable as phases of the process, mind); and let it be granted, that for its belief—ideas exist in the mind, &c.—*Herbert Spencer, Principles of Psychology.*

4 Sensible amount; enough to constitute a reality.

All eruptions of air, though small and slight, give an *entity* of sound, which we call crackling, puffing, and spitting; as in bay salt and bay leaves cast into the fire.—*Bacon.*

This notion of reality, for which the congeners of Existence are better suited, seems to be implied in the following.

Dear hope! earth's dowry and heaven's debt,
The *entity* of things that are not yet:
Subt'lest, but surest being. *Crashaw.*

5. In the following the simple sense seems complicated by the connection of *en-* with *in-*, superadded to the association of ideas suggested by *ex.*

Where we were when the foundations of the earth were laid, when the morning stars sang together, and all the sons of God shouted for joy, he must answer who asked it; who understands *entities* of preordination, and beings yet unbeing; who hath in his intellect the ideal existencies of things, and *entities* before their extances.—*Sir T. Browne, Christian Morals*, iii. 25.

In the next, *inherent quality* might be substituted.

Fortune is no real *entity*, nor physical essence, but a mere relative signification.—*Bentley.*

Entoil. *v. a.* Bring into toils or nets. *Rare.*

He cut off their land forces from their ships, and *entoiled* both their navy and their camp with a greater power than theirs, both by sea and land.—*Bacon, New Atlantis.*

Entómb. *v. a.* Put into a tomb; bury.

Processions were first begun for the interring of holy martyrs, and the visiting of those places where they were *entombed.—Hooker, Ecclesiastical Polity.*

I think I could, with far less pain and reluctancy, suffer my body to be buried alive in the cold earth, than so stark and stupid a conceit to *entomb* my soul.—*Dr. H. More, Notes on Psychathanasia.*

They, within the beast's vast womb,
The choice and flower of all their troops *entomb.*
Sir J. Denham.

Et sepulcri immemor struis domos.
We build us houses where we should *entomb* us.
Byron, Don Juan.

Spelt with *i.*

What commandment had the Jews for the ceremony of odours used about the bodies of the dead, after which custom, notwithstanding, our Lord was contented that his own most precious blood should be *intombed?—Hooker, Ecclesiastical Polity.*

Mighty heroes' more majestick shades,
And youths *intomb'd* before their fathers' eyes.
Dryden.

Entómbment. *s.* Burial; state of being shut up in a tomb.

The strictest imprisonment is far more tolerable than being shut up by a lazy humour from profitable employment; this enchaineth a man hand and foot; this is beyond any imprisonment; it is the very *entombment* of a man, quite sequestering him from the world, and debarring him from any valuable concerns therein.—*Barrow, Sermons*, vol. iii. ser. xix.

Many thousands have had their *entombment* in the waters.—*Dr. H. More, Mystery of Godliness*, p. 16: 1660.

Entomológical. *adj.* Connected with Entomology.

My main object has been to draw attention to the fact, that the great obstacles which Nature has placed against the too rapid dispersion of animal life should be more strictly taken into account (as a matter of positive reality) than it is, during our investigations into *entomological* geography.—*T. V. Wollaston, On the Variation of Species*, ch. v.

Entomólogist. *s.* Investigator in Entomology.

(For examples see extracts under next entry.)

Entomólogy. *s.* [Gr. ἔντομον = insect, λόγος = word, principle.] Study of the natural history of insects.

Nothing would recommend *entomology* more than some neat plates, that should well express the generic distinctions of insects, according to Linnæus.—*White, Natural History of Selbourne*, p. 91.

After the works of Ray, Lister, and Petwer, the ntelligent *entomologists* of our own country, ... the name of Bradley ought perhaps to have been introduced.... The works of Reaumur in France contributed materially to facilitate the study of *entomology* on the continent.... These papers immediately preceded the publication of the first work which the celebrated Linnæus presented to the world.—*Rees, Cyclopædia*, in voce.

This definition and nomenclature of the bee's trophi are indispensable for conveying the results of such comparisons as those which enabled the venerable Kirby to enrich *entomology* with so valuable an accession of knowledge as is contained in his Monographia Apum Angliæ, a work which the young *entomologist* may take as a model.—*Owen, Lectures on Comparative Anatomy*, lect. xvii.

Entomóstracan. *s.* and *adj.* Belonging to, or member of, the class Entomostraca.

Entomóstracon. *s.* pl. *entomostraca.* [Gr. ἔντομον = insect, ὄστρακον = shell.] In *Zoology.* Member of a class of crustaceous animals represented in the English fauna by the water-flea and other small animals like it, and falling into numerous divisions and subdivisions. For a more general import, see Malacostracon.

When we come to the coal-measures, the *Malacostraca* disappear; but we then find the gigantic *entomostracan* called the king-crab; thence down to the lowest strata in which any trace of animal life has been found, the crustaceous class is exclusively represented by *entomostracous* species, and more particularly by a peculiar form of *Entomostraca*, which became extinct before the coal-measures were deposited.... The distinction between the *Entomostraca* and *Malacostraca*, in the numerical character of the segments of the body, is of the first importance in determining the affinities of those ancient extinct crustacea, called Trilobites.... Professor Emmerich regards the Trilobites as a peculiar order, connecting the *Malacostraca* with the *Entomostraca*, but more nearly related to the latter. He thinks them allied to the *Malacostraca* by their crust-like shell, and by their not possessing simple eyes together with compound ones; but this combination is rare even in the *Entomostraca.* He deems the Xiphosura and the Phyllopoda to be the two orders of *Entomostraca* to which the Trilobites are united by the nearest characters of affinity.—*Owen, Lectures on Comparative Anatomy.*

Entomóstracous. *adj.* Belonging to, or connected with, the Entomostraca.

(For example see extract under preceding entry.)

Entortilátion. *s.* [Fr. *entortillement*; from Lat. *tortilis* = capable of being twisted.] Turning into a circle or round figure.

Willing that those which should work in the borders [of the table.] raisings, flowries, and wrappings, *entortilations*, and such like, should amuse themselves only for beautifying and decoration: and what was to be plain should answer to the measure and dimension; and that in all these things they should be exquisitely careful.—*Donne, History of the Septuagint*, p. 47: 1633.

Entówer. *v. a.* Confine in the Tower. *Rare.*

An earl of Warwick, after the *entowering* of Henry the VI., brought him back again.—*Drummond, Answer*, 214. (Ord MS.)

Entozóic. *adj.* Relating to, connected with, or constituted by, Entozoa.

In both the infusorial and *entozoic* classes the body assumes a more perfect linear and bilateral form as the species advance in the scale of organisation.—*Owen, Lectures on Comparative Anatomy*, lect. xi.

Entozoólogist. *s.* Investigator of the natural history of the entozoa.

This great *entozoologist* [Rudolphi], who devoted the leisure of a long life to the successful study of the present uninviting class, divided the parenchymatous entozoa here associated in the class Sterelmintha, into four orders.—*Owen, Lectures on Comparative Anatomy.*

Entozóon. *s.* plur. *entozoa.* [Gr. ἐντός = within, ζῶον = animal.] In *Zoology.* Intestinal worm.

The geographical distribution of the human Cestoidea is, likewise, opposed to the doctrine of their spontaneous origin. The organic particles, or alimentary mucus of a Swiss and Dutchman, are not so distinct in their nature as to account for the difference in their tapeworms. Yet no Swiss, that never left his native mountains ever had a Tænia solium, and no Dutchman, the constant resident of his swamps, ever had a Bothriocephalus latus. But a native of either of these countries may be infested by the tapeworm peculiar to another region, if he sojourn there, just as the English sailor may be attacked by the Guinea-worm, if he visits the tropical regions where that *entozoon* is common. The great anatomist Soemmering suffered from a Bothriocephalus latus. Now he was a German; but it was ascertained that he paid occasional visits to a friend in Switzerland.—*Owen, Lectures on Comparative Anatomy*, lect. iv.

In no class of animals has the origin from equivocal generation been more strenuously contended for than in regard to the *entozoa.* The great entozoologists Rudolphi and Bremser were advocates of this doctrine.... The advocates for the equivocal generation of the *entozoa* adduce the fact, that herbivorous mammals are not less subject to *entozoa* than carnivorous ones; and how, they inquire, could the ova of *entozoa* be preserved in the water that serves as the drink of such animals? Or how, having become dried in the air, could such ova afterwards resume the requisite vitality for embryonic development?—*Ibid.* lect. vi.

Entraíl. *v. a.* Interweave. *Rare.*

Over him, art striving to compare
With nature, did an arbor green dispred,
Framed of wanton ivy, flow'ring fair,
Through which the fragrant eglantine did spread,
His pricking arms *entrail'd* with roses red.
Spenser, Faerie Queen.

A little wicker basket,
Made of fine twigs *entrailed* curiously,
In which they gather'd flowers. *Id., Prothalamium.*

Éntrails. *s.* [Fr. *entrailles.*]

1. Intestines; bowels.

The *entrails* are all without bones; save that a bone is sometimes found in the heart of a stag.—*Bacon, Natural and Experimental History.*

I tear that harden'd heart from out her breast,
Which with her *entrails* makes my hungry hounds
a feast. *Dryden.*

2. Internal parts in general.

The earth hath lost
Most of her ribs as *entrails*; being now
Wounded no less for marble than for gold.
B. Jonson.

He had brought to light but little of that treasure that lay so long hid in the dark *entrails* of America —*Locke.*

Entrámmel. *v. a.* Entangle; trammel.

They were meant for accusations, but are most pitiful failings, *entrammelled* with fictions and ignorance.—*Bishop Hacket, Life of Archbishop Williams*, p. 104: 1693.

Éntrance. *s.*

1. Power of entering into a place.

Whence are you, sir? Has the porter his eyes in his head, that he gives *entrance* to such companions? Pray, get you out.—*Shakespear, Coriolanus*, iv. 5.

Where diligence opens the door of the understanding and impartially keeps it, truth is sure to find both an *entrance* and a welcome too.—*South, Sermons.*

2. Act of entering.

The reason that I gather he is mad,
Is a mad tale he told to-day at dinner,
Of his own door being shut against his *entrance.*
Shakespear, Comedy of Errors, iv. 3.

All the world's a stage,
And all the men and women merely players;
They have their exits and their *entrances.*
Id., As you like it, ii. 7.

3. Passage by which a place is entered; avenue.

He charged them to keep the passages of the hilly country; for by them there was an *entrance* into Judea.—*Judith*, iv. 7.

Palladio did conclude that the principal *entrance* was never to be regulated by any certain dimensions, but by the dignity of the master.—*Sir H. Wotton, Elements of Architecture.*

4. Initiation; commencement.

This is that which, at first *entrance*, balks and cools them: they want their liberty.—*Locke.*

5. Intellectual ingress; knowledge.

He that travelleth a country before he hath some *entrance* into the language, goeth to school, and not to travel.—*Bacon, Essays.*

6. Act of taking possession of an office or dignity.

From the first *entrance* of this king to his reign, never was king either more loving, or better beloved.—*Sir J. Hayward, Life and Raigne of King Edward VI.*

7. Beginning of anything.

St. Augustine, in the *entrance* of one of his sermons, makes a kind of apology.—*Hakewill, Apology.*

The earl of Holland we have had occasion to mention before in the first *entrance* upon this discourse. —*Lord Clarendon, History of the Grand Rebellion.*

Entrance. *v. a.* Put into a trance.

With delight I was *entranced*, and carried so far from myself, as that I am sorry that you ended so soon.—*Spenser.*

Adam, now enforc'd to close his eyes,
Sunk down, and all his spirits became *entranc'd.*
Milton, Paradise Lost, xi. 419.

And I so ravish'd with her heav'nly note,
I stood *entranc'd*, and had no room for thought;
But, all o'erpower'd with ecstasy of bliss,
Was in a pleasing dream of paradise. *Dryden.*

Entráp. *v. a.* Ensnare; catch in a trap or snare; involve unexpectedly in difficulties or distresses; entangle.

Take heed, mine eyes, how ye do stare
Henceforth too rashly on that guileful net;
In which, if ever eyes *entrapped* are,
Out of her bands ye by no means shall get.
Spenser, Faerie Queen.

Entreásure. *v. a.* Lay up in, or as in, a treasury.

So he [the jeweller] *entreasures* princes' cabinets,
As thy wealth will their wished libraries.
Chapman, On B. Jonson's Sejanus.

Spelt with *i.*

There is a history in all men's lives,
Figuring the nature of the times deceas'd;
The which observ'd, a man may prophesy,
With a near aim, of the main chance of things
As yet not come to life, which in their seeds
And weak beginnings lie *intreasured.*
Shakespear, Henry IV., Part II. iii. 1.

Entreát. *v. a.*

1. Petition; solicit; importune.

Isaac *entreated* the Lord for his wife.—*Genesis,* xxv. 21.

2. Prevail upon by solicitation.

The Lord was *entreated* of him, and Rebecca his wife conceived.—*Genesis,* xxv. 21.

It were a fruitless attempt to appease a power, whom no prayers could *entreat,* no repentance reconcile.—*Rogers.*

3. Treat, or use, well or ill.

Whereas thy servant worketh truly, *entreat* him not evil.—*Ecclesiasticus,* vii. 20.

Well I *entreated* her, who well deserv'd:
I call'd her often; for she always serv'd:
Use made her person easy to my sight,
And ease insensibly produc'd delight. *Prior.*

4. Entertain; amuse. *Obsolete.*

My lord, We must *entreat* the time alone.—
God shield I should disturb devotion.
Shakespear, Romeo and Juliet, iv. 1.

5. Entertain; receive. *Obsolete.*

The garden of Proserpine this hight,
And in the midst thereof a silver seat,
With a thick arbour goodly overdight,
In which she often us'd, from open heat,
Herself to shroud, and pleasures to *entreat.*
Spenser, Faerie Queen.

Entreát. *v. n.*

1. Offer a treaty or compact. *Obsolete.*

Alexander was the first that *entreated* of true peace with them.—1 *Maccabees,* x. 47.

2. Treat; discourse. *Obsolete.*

The most admirable mystery of nature is the turning of iron, touched with the loadstone, toward the north pole, of which I shall have farther occasion to *entreat.*—*Hakewill.*

3. Make a petition.

They charged me, on pain of their perpetual displeasure, neither to speak of him, *entreat* for him, or any way sustain him.—*Shakespear, King Lear,* iii. 3.

The Janizaries *entreated* for them, as valiant men.—*Knolles, History of the Turks.*

Entreát. *s.* Entreaty. *Obsolete.*

This is he,
For whom I thwarted Soliman's *entreats,*
And for whose exile I lamented thus.
Tragedy of Solimun and Perseda: 1599.

Entreátance. *s.* Petition; entreaty; solicitation. *Obsolete.*

These two *entreatance* made they might be heard,
Nor was their just petition long deny'd. *Fairfax.*

Entreáter. *s.* One who makes a petition. (spelt with *i.*)

Yet are they no advocates of ours, but petitioners and *intreaters* for us.—*Fulke, Comment upon the Rhemish Testament,* p. 825: 1617.

Entreátful. *adj.* Full of entreaty. (spelt with *i.*)

Humble prayers and *intreatful* teares.
Spenser, Faerie Queen, v. 10, 6.

Entreátive. *adj.* Treating; pleading.

Oft have I season'd savoury periods
With sugar'd words; ...
And oft embellish'd my *entreative* phrase
With smelling flowers of vernant rhetorick.
Brewer, Comedy of Lingua, i. 1: 1657.

Entreáty. *s.*

1. Petition; prayer; solicitation; supplication; request.

If my weak oratory
Can from his mother win the Duke of York,
Anon expect him here; but if she be
Obdurate to mild *entreaties,* God forbid
We should infringe the holy privilege
Of blessed sanctuary.
Shakespear, Richard III. iii. 1.

2. Reception: entertainment. *Obsolete.*

If those cunning palates hither come,
They shall find guests' *entreaty* and good room.
B. Jonson, Epicœne.

Entremets. *s.* [French.] Small dishes set between the main dishes at table.

Chards of beet are plants of white beet transplanted, producing great tops, which, in the midst, have a large white main shoot, which is the true chard used in pottages and *entremets.*—*Mortimer. Husbandry,*

Entrénch. *v. n.* [from Fr. *trancher* = cut.] Invade; encroach; cut off part of what belongs to another: (with *on*). (spelt with *i.*)

Durst he, who does but for my pleasure live,
Intrench on love, my great prerogative?
Dryden, Aurengzebe.

We are not to *intrench upon* truth in any conversation, but least of all with children.—*Locke.*

Entrénch. *v. a.* [see preceding entry.] Cut.

It was this very sword *entrenched* it.
Shakespear, All's well that ends well, ii. 1.

Spelt with *i.*

Those who care not whose living faces they *intrench* with their petulant styles.—*B. Jonson, Volpone,* dedication.

Entrénch. In *Strategics.* See Intrench.

Entrepót. *s.* [French.] Magazine; warehouse.

[They] employed a multitude of shipping, and settled many rich and flourishing colonies, as well as many *entrepots* and out distant factories.—*Pownall, Treatise on the Study of Antiquities,* p. 68: 1782.

Entrúst. *v. a.* Confide. (spelt with *i.*)

With *with.*

His majesty had a solicitous care for the payment of his debts; though in such a manner that none of the duke's officers were *intrusted with* the knowledge of it.—*Lord Clarendon, History of the Grand Rebellion.*

With *to.*

Receive my counsel, and securely move;
Intrust thy fortune *to* the pow'rs above.
Dryden, Juvenal's Satires.

Are not the lives of those, who draw the sword
In Rome's defence, *intrusted to* our care?
Addison, Cato.

He composed his billet-doux, and at the time appointed went to *intrust* it *to* the hands of his confidant.—*Arbuthnot.*

Éntry. *s.*

1. Passage by which anyone enters a house.

Some there are that know the resorts and falls of business, that cannot sink into the main of it; like a house that hath convenient stairs and *entries,* but never a fair room.—*Bacon.*

A strait long *entry* to the temple led,
Blind with high walls, and horror over head.
Dryden.

2. Act of entrance; ingress.

Bathing and anointing give a relaxation or emollition; and the mixture of oil and water is better than either of them alone, because water entereth better into the pores, and oil after *entry* softeneth better.—*Bacon, Natural and Experimental History.*

The lake of Constance is formed by the *entry* of the Rhine.—*Addison, Travels in Italy.*

By the *entry* of the chyle and air into the blood, by the lacteals, the animal may again revive.—*Arbuthnot, On the Nature and Choice of Aliments.*

3. Act of registering or setting down in writing.

A notary made an *entry* of this act.—*Bacon, New Atlantis.*

The accounts of the East India Company were more obscure. The committee reported that they had sate in Leadenhall Street, had examined documents, had interrogated directors and clerks, but had been unable to arrive at the bottom of the mystery of iniquity. Some most suspicious *entries* had been discovered, under the head of special service. The expenditure on this account had, in the year 1693, exceeded eighty thousand pounds.—*Macaulay, History of England,* ch. xxi.

4. Act of entering publicly into any city.

The day being come, he made his *entry*: he was a man of middle stature and age, and comely.—*Bacon.*

5. In *Law.* See extract.

By help of such confederacies, parties were enabled to make violent *entries* upon the lands they claimed, which the law itself could hardly be said to discourage. ... If a man was disseised of his land, he might enter upon the disseisor, and reinstate himself without course of law. In what case this right of *entry* was taken away, or tolled, as it was expressed, by the death or alienation of the disseisor, is a subject extensive enough to occupy two chapters of Littleton. What pertains to our inquiry, is that by an *entry,* in the old law-books, we must understand an actual repossesssion of the disseisee, not a suit in ejectment, as it is now interpreted, but which is a comparatively modern proceeding. The first remedy, says Britton, of the disseisee is to collect a body of his friends, and without delay to cast out the disseisors, or at least to maintain himself in possession along with them. This *entry* ought indeed ... to be made peaceably; and the justices might assemble the posse comitatus, to imprison persons entering on lands by violence; ... but these laws imply the facts that made them necessary.—*Hallam, View of the State of Europe during the Middle Ages,* ch. viii. pt. 3.

Entúne. *v. a.* Tune; chant.

They sung hymns and sonnets ... *entuned* in a solemn and mournful note.—*Hakewill, Apology,* p. 429.

Entwíne. *v. a.* Twine, twist, or wreathe together. (spelt with *i.*)

This opinion, though false, yet *intwined* with a true, that the souls of men do never perish, abated the fear of death in them.—*Hooker, Ecclesiastical Polity.*

The vest and veil divine,
Which wand'ring foliage and rich flow'rs *intwine.*
Dryden.

Entwínement. *s.* Union; conjunction.

Like a mixture of roses and woodbines in a sweet *entwinement.*—*Bishop Hacket, Life of Archbishop Williams,* p. 81: 1693.

Entwíst. *v. a.* Wreath round or together.

So doth the woodbine the sweet honeysuckle
Gently *entwist.*
Shakespear, Midsummer-Night's Dream, iv. 1

Enúcleate. *v. a.* [Lat. *enucleatus,* pass. part. of *enucleo*; *nucleus.*] Solve; clear; disentangle.

Elucidating what was obscure, *enucleating* what was hard.—*Dr. Sclater, Sermon at the Funeral of A. Wheelock:* 1654.

Enúmerate. *v. a.* [Lat. *enumeratus,* pass. part. of *enumero*; *enumeratio, -onis.*] Reckon up singly; count over distinctly; number.

You must not only acknowledge to God that you are a sinner, but must particularly *enumerate* the kinds of sin whereof you know yourself guilty.—*Archbishop Wake, Preparation for Death.*

Besides *enumerating* the gross defect of duty to the queen, I shew how all things were managed wrong.—*Swift.*

Enumerátion. *s.* Act of numbering or counting over; number told out.

Whosoever reads St. Paul's *enumeration* of duties, must conclude, that well nigh the business of Christianity is laid on charity.—*Bishop Sprat, Sermons.*

The chymists make spirit, salt, sulphur, water, and earth their five elements, though they are not all agreed in this *enumeration* of elements.—*Watts, Logick.*

We may add, ... that in the license granted by James I., in 1603, to Burbage, Shakespeare, and their associates, they are authorized to play 'comedies, tragedies, histories, interludes, morals, pastorals, stage-plays, and other like,' and that exactly the same *enumeration* is found in the patent granted to the Prince Palatine's players in 1612; in a new patent granted to Hemings and Condell in 1620; and, also, in Charles I.'s grant to Hemings and Condell in 1625.—*Craik, History of English Literature,* i. 459.

Enúmerative. *adj.* Reckoning up singly; counting over.

Being particular and *enumerative* of the variety of evils which have disordered his life.—*Jeremy Taylor, Rule and Exercises of Holy Dying,* iii. § 5.

Enúnciate. *v. a.* [Lat. *enunciatus,* pass. part. of *enuncio*; *enunciatio, -onis*; *nuncius* = messenger.] Declare; proclaim; relate; express.

I know that there is such a man as Plato, though in the mean time I cannot tell what he is, nor what are all the truths that may be *enunciated* concerning him.—*Bishop Barlow, Remains,* p. 553.

Enunciátion. *s.*

1. Declaration; public attestation; open proclamation.

Preaching is to strangers and infants in Christ, to produce faith; but this sacramental *enunciation* is the declaration and confession of it by men in Christ, declaring it to be done, and owned, and accepted, and prevailing.—*Jeremy Taylor.*

2. Intelligence; information.

It remembers and retains such things as were never at all in the sense; as the conceptions, *enunciations* and actions of the intellect and will.—*Sir M. Hale, Origination of Mankind.*

3. Expression in writing.

A few changes have been made in the *enunciations* of this book, chiefly in those of the subsidiary propositions which Euclid introduced for the sake of the rest; they are expressed here in the manner that seemed best adapted to the new notation.—*Playfair, Elements of Geometry,* pref.

4. Manner of utterance.

Without a graceful and pleasing *enunciation* all your elegancy of style in speaking is not worth one farthing.—*Lord Chesterfield.*

Enúnciative. *adj.* Declarative; expressive.

Esdras, Nehemias, Ezechiel, and Daniel, although

they were prophets; yet be their works compact in form of narrations, which by orators be called *enunciative*, and only perteineth to histories; wherein is expressed a thing done, and persons named.—*Sir T. Elyot, The Governour*, fol. 205.

This presumption only proceeds in respect of the dispositive words, and not in regard of the *enunciative* terms thereof.—*Ayliffe, Parergon Juris Canonici.*

Enúre. *v. a.* [see last extract.]

1. Habituate; make ready or willing by practice and custom; accustom: (with *in*, *to*, and *with*.)

That it may no painful work endure,
It *to* strong labour can itself *enure*.
Spenser, Mother Hubberd's Tale.

England was a peaceable kingdom, and but lately *enured to* the mild and goodly government of the Confessor.—*Spenser, View of the State of Ireland.*

I like your late English hexameters so exceeding well that I also *enure* my pen sometimes *in* that kind; which I find, indeed, as I have often heard you defend in word, neither so hard nor so harsh but it will easily and fairly yield itself to our mother tongue.—*Id., Letter to Gabriel Harvey.*

Spelt with *i*.

Because they so proudly insult, we must a little *inure* their ears *with* hearing, how others, whom they more regard, are accustomed to use the self-same language with us.—*Hooker, Ecclesiastical Polity.*

If there might be added true art and learning, there would be as much difference, in maturity of judgement, between men *therewith inured*, and that which now men are, as between men that are now, and innocents.—*Ibid.*

The forward hand, *inur'd to* wounds, makes way
Upon the sharpest fronts of the most fierce. *Daniel.*
Then cruel, by their sport *to* blood *inur'd*
Of fighting beasts, and men to beasts expos'd.
Milton, Paradise Regained, ii. 102.

For state, as Sovran King; and to *inure*
Our prompt obedience. *Id., Paradise Lost*, viii. 239.

They, who had been most *inured to* business, had not in their lives ever undergone so great fatigue for twenty days together.—*Lord Clarendon, History of the Grand Rebellion.*

We may *inure* ourselves by custom to bear the extremities of weather without injury.—*Addison, Guardian.*

2. Commit. *Obsolete.*

He gan that ladie strongly to appele
Of many hainous crimes by her *enured*.
Spenser, Faerie Queen, v. 9, 39.

[*Enure.*—From French *heur*, hap, fortune, chance, was formed English *ure*, fortune, destiny, the experience of good or evil.

'Now late hire come, and liche as God your *ure*
For you disposeth, taketh your aventure.'
(Lidgate, corrected from Halliwell.)

'And nane suld duell with him bot thai
That wald stand with him to the end,
And take the *ure* that God wald send.'
(The Bruce, viii. 405.)

Hence to *have in ure, to put in ure*, or *to enure*, is to experience, to practise, to take effect.

'Salomon
Tellith a tale—whether in dede done
Or mekely feined to our instruccion
Let clerkes determine, but this I am sure
Moche like what I myself *have had in ure*.'
(Chaucer. Rem. Love. 158.)

'He gan that lady strongly to appeal
Of many heinous crimes by her *inured*.'
(Faerie Queen in Richardson.)

Inured to arms, practised in arms. To *enure* to the advantage of some one, in legal language, is to take effect to his advantage. The French *heur* is not to be confounded with *heure*, hour, moment, being derived (as conclusively established by Diez) from Latin *augurium*, Portuguese *agouro*, Provençal *augur, agur*, Catalonian *ahuir*, augury, omen; whence Provençal *bonäur, maläur*, good, evil fortune; Italian *sciagurato, sciaurato* (exauguratus), ill-omened, unlucky; *sciagura, sciaura*, ill fortune, disaster; Old French *bienaureiz*, fortunate.—*Wedgwood, Dictionary of English Etymology.*]

Enúre. *v. n.* In *Law*. Come into use or power; have effect; be available.

Richard III. is always called, 'in deed and not in right, king of England.' Nor was this merely ounded on his usurpation as against his nephew. For that unfortunate boy is little better treated, and in the act of resumption, Henry VII., while Edward IV. is styled 'late king,' appears only with the denomination of 'Edward his son, late called Edward V.' And was his son really illegitimate, as an usurping uncle pretended? Or did the crime of Richard, though punished in him, *enure* to the benefit of Henry? These were points, which, like the fate of the young princes in the Tower, he chose to wrap in discreet silence.—*Hallam, View of the State of Europe during the middle Ages*, ch. viii. pt. 3.

Spelt with *i*.

The decree of deprivation doth not *inure*, till a judicial sentence passeth further on us.—*Bishop of Norwich, Letter in* 1690, in *Life of Kettlewell*, Appendix, p. iv.

Enúrement. *s.* Practice; habit; use; custom; frequency. (spelt with *i*.)

If iron will acquire by mere continuance a secret appetite, and (as I may term it) an habitual inclination to the site it held before; then how much more may we hope, through the very same means, education being nothing else but a constant plight and *inurement*, to induce by custom good habits into a reasonable creature! — *W. Wotton, Essay on the Education of Children.*

Envále. *v. a.* Place or enclose in a vale. *Rare.*

What fountain send they forth
That finds a river's name, though of the smallest worth,
But it *invales* itself?
Drayton, Polyolbion, xiv. (Ord MS.)

Envással. *v. a.* Make over to another as his slave. *Rare.*

[They] subject and *envassal* themselves unto a base and new upstart servant of theirs.—*Translation of Boccalini*, p. 93: 1626.

But well I wote thou'lt not *envassal* me.
Dr. H. More, Song of the Soul, ii. 1, 1, 23.

[He] doth not fondly hug this and that particular created good thing, and *envassal* himself unto it.—*Cudworth, Sermons*, p. 65.

Envaúlt. *v. a.* Enclose, or cover up, in a vault.

Since Anna, whose bounty thy merits had fed,
Ere her own was laid low, had exalted thy head;
And since our good queen to the wise is so just
To raise heads for such as are humbled in dust,
I wonder, good man! that you are not *envaulted*;
Prithee! go and be dead, and be doubly exalted.
Swift.

Enveíl. *v. a.* Veil. *Rare.* (spelt with *i*.)

Her eyes *invayl'd* with sorrowe's clouds,
Scarce see the light;
Disdain hath wrapt hers in the shrouds
Of loathed night. *W. Browne.*

Envélop. *v. a.* [Fr. *envelopper*.]

1. Enwrap; cover; invest with some integument; hide; surround.

The best and wholesom'st spirits of the night
Envelope you, good provost.
Shakespear, Measure for Measure, iv. 2.

A cloud of smoke *envelopes* either host,
And all at once the combatants are lost:
Darkling they join adverse, and shock unseen,
Coursers with coursers justing, men with men.
Dryden.

It is but to approach nearer, and that mist that *enveloped* them will remove.—*Locke.*

2. Line; cover on the inside.

His iron coat all overgrown with rust,
Was underneath *enveloped* with gold,
Darkened with filthy dust. *Spenser, Faerie Queen.*

Envelópe. *s.* [French as thus accented; but English when **Envélop.**]

1. Wrapper; outward case; integument; cover.

A letter from the king of Spain was given to his daughter by the Spanish ambassador, and she tore the *envelope*, and let it fall.—*Bishop Burnet, History of his own Time*, an. 1671.

Send these to paper-sparing Pope;
And, when he sits to write,
No letter with an *envelope*
Could give him more delight. *Swift.*

When I write to a great man at the court end, he opens with surprise upon a naked note, such as Whitechapel people interchange, with no sweet degrees of *envelope*. I never enclosed one bit of paper in another, nor understood the rationale of it. Once only I sealed with borrowed wax, to set Walter Scott a wondering, signed with the imperial quartered arms of England, which my friend Field bears in compliment to his descent, in the female line, from Oliver Cromwell. It must have set his antiquarian curiosity upon watering.—*Lamb, Letters to Barton.*

2. Crust; cover in general.

The earth, falling in temperature, must contract. Hence the solid crust at any time existing, is presently too large for the shrinking nucleus; and being unable to support itself, inevitably follows the nucleus. But a spheroidal *envelope* cannot sink down into contact with a smaller internal spheroid without disruption: it will run into wrinkles, as the rind of an apple does when the bulk of its interior decreases from evaporation. As the cooling progresses and the *envelope* thickens, the ridges consequent on these contractions must become greater; rising ultimately into hills and mountains: and the later systems of mountains thus produced must not only be higher, as we find them to be, but they must be longer, as we also find them to be.—*Herbert Spencer, First Principles*, § 118.

Envélopment. *s.* Perplexity; entanglement.

They have found so many contrary senses in the same text, that it is become difficult to see any sense at all, through their *envelopements*.—*Search, Freewill, &c.*, pref.: 1763.

Envénom. *v. a.*

1. Taint with poison; poison; impregnate with venom: (never used of the *person* to whom poison is given, but of the *draught, meat*, or *instrument* by which it is conveyed).

The treacherous instrument is in thy hand,
Unbated and *envenom'd*. *Shakespear, Hamlet*, v. 2.

One of that order, which *envenoms* even poison itself, and makes the Roman religion much more malignant and turbulent than otherwise it would be.—*Chillingworth, Religion of Protestants a safe Way to Salvation*, dedic.

On the question of slavery opinion has of late years been peculiarly *envenomed*, and attempts have been made by the predominant slaveholding interest to suppress the agitation of the question of emancipation by force; but these efforts have been only partially successful, and have met with much resistance.—*Sir G. C. Lewis, On the Influence of Authority in Matters of Opinion*, ch. viii.

2. Make odious.

Oh, what a world is this, when what is comely
Envenoms him that bears it!
Shakespear, As you like it, ii. 3.

3. Enrage; exasperate.

With her full force she threw the pois'nous dart,
And fix'd it deep within Amata's heart;
That thus *envenom'd* she might kindle rage,
And sacrifice to strife her house and husband's age.
Dryden.

Envénomed. *part. adj.* Tainted with poison; impregnated with venom.

Alcides, from Œchalia crown'd
With conquest, felt the *envenom'd* robe, and tore,
Through pain, up by the roots Thessalian pines.
Milton, Paradise Lost, ii. 542.

He would very frequently let fly an *envenomed* arrow.—*Tatler*, no. 260.

Nor with *envenomed* tongue to blast the fame
Of harmless men. *Philips.*

Envérmeil. *v. a.* Colour with, or as with, vermilion.

That lovely dye
That did thy cheek *envermeil*.
Milton, Ode on the Death of a fair Infant.

Énviable. *adj.* Deserving envy; such as may excite envy.

They, in an *enviable* mediocrity of fortune, do happily possess themselves. — *Carew, Survey of Cornwall.*

Énvier. *s.* One who envies another; maligner; one who desires the downfall of another.

Men had need beware how they be too perfect in compliments; for that *enviers* will give them that attribute, to the disadvantage of their virtues.—*Bacon, Essays.*

They ween'd
To win the mount of God, and on his throne
To set the *envier* of his state, the proud
Aspirer. *Milton, Paradise Lost*, vi. 87.

All preferments in church and state were given by him, all his kindred and friends promoted, and all his enemies and *enviers* discountenanced. — *Lord Clarendon, History of the Grand Rebellion.*

Envígour. *v. a.* Invigorate. *Rare.*

Faith cheers up his drooping hopes, brings him again to his wonted solace, *envigors* his shrunk nerves, and to a bright flame blows his dying fire.—*Felltham, Resolves*, 24. (Ord MS.)

Spelt with *i*.

Those favours which *invigoured* learning, and nourished men of desert and worth.—*Waterhouse, Apology for Learning*, p. 3: 1653.

Envíllage. *v. n.* Turn into a village. *Rare.* (spelt with *i*.)

There on a goodly plaine (by time throwne downe)
Lies buried in his dust some auncient towne;
Who now *invillaged*, there's only seene
In his vaste ruines what his state has beene.
W. Browne, Britannia's Pastorals, i. 2.

Énvious. *adj.* Infected with envy; pained by the excellence or happiness of another.

A man of the most *envious* disposition that ever infected the air with his breath, whose eyes could not look right upon any happy man, nor ears bear the burden of any man's praise.—*Sir P. Sidney.*

Still in thy right hand carry gentle peace,
To silence *envious* tongues.
Shakespear, Henry VIII., ii. 2.

With *against*.

Be not thou *envious against* evil men.—*Proverbs*, xxiv. 19.

With *at*.

Neither be thou *envious at* the wicked.—*Proverbs*, xxiv. 19.

With *of*.

Sure you mistake the precept, or the tree;
Heav'n cannot *envious of* his blessings be. *Dryden.*

Énviously. *adv.* In an envious manner; with malignity; with *ill*-will excited by another's good.

How *enviously* the ladies look,
When they surprise me at my book!
And sure as they're alive at night,
As soon as gone will shew their spight. *Swift.*

Envíron. *v. a.* [Fr. *environner*.]

1. Surround; encompass; encircle; involve.

The Canaanites and all the inhabitants of the land shall hear of it, and shall *environ* us round.—*Joshua*, vii. 9.

The country near unto the city of Sultania is on every side *environed* with huge mountains.—*Knolles, History of the Turks.*

Since she must go, and I must mourn, come, night,
Environ me with darkness whilst I write. *Donne.*

Gregory could not disguise to himself that so popular, so powerful a sovereign had never *environed* the papal territories on every side.—*Milman, History of Latin Christianity*, b. x. ch. iv.

2. Surround in a hostile manner; besiege; hem in.

Methought a legion of foul fiends
Environed me, and howled in mine ears.
Shakespear, Richard III. i. 4.

3. Enclose; invest.

The soldier, that man of iron,
Whom ribs of horrour all *environ*. *Cleaveland.*

[It should be added that the original is Greek, ἐν, in, and γῦρος, a circle, whence the Latin gyrus; and thus the French used the adverb *environ* for about; in which way Chaucer also employs it. 'About the king ystondin *environ* Attendance, Diligence, &c.' (Court of Love, ver. 1031.) He uses also the verb *environ* to surround. Barret calls *environ* 'a French word made of the Latin, quasi in gyro.' (Alv. 1580.) And Cotgrave gives us the old French verb *engyronner*, the same, he says, as *environner*.—*Todd.*]

Envíronment. *s.* Surrounding.

As with every inanimate object whose state has been altered by an alteration in the *environment*, the alteration undergone by the object does not tend to produce in it a secondary alteration, in anticipation of some secondary alteration of the *environment*.—*Herbert Spencer, Principles of Psychology*, pt. iii. ch. v.

Envírons. *s.* [French, and often pronounced as such; in which case it is not an English word: with its pronunciation Anglicized and used in the plural number, it is a convenient term.] Neighbourhood, or neighbouring places round about.

When you go to Genoa, pray observe carefully all the *environs* of it.—*Lord Chesterfield.*

Hitherto Mr. Shenstone had no conception of an whole, or of disposing his *environs* on any consistent plan, and giving it its present beautiful and picturesque appearance.—*Graves, Recollections of Shenstone*, p. 51.

Énvoy. *s.* [Fr. *envoye*.]

1. Public minister sent from one power to another.

Now the Lycian lots conspire
With Phœbus; now Jove's *envoy* through the air
Brings dismal tidings. *Sir J. Denham.*

Perseus sent *envoys* to Carthage, to kindle their hatred against the Romans.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

2. Public messenger, in dignity below an ambassador.

A gentleman, who was *envoy* from some German prince, whose dead father had been a companion to the knights of the most noble order of the Garter, made an address to his majesty, with a letter and return of the George and Garter.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 29.

We have mentioned Cæsar Borgia.... On two important occasions Machiavelli was admitted to his society.... From some passages in The Prince, and perhaps also from some indistinct traditions, several writers have supposed a connection between those remarkable men much closer than ever existed. The *envoy* has even been accused of prompting the crimes of the artful and merciless tyrant.—*Macaulay, Critical and Historical Essays, Machiavelli.*

3. Messenger, in general.

The watchful sentinels at ev'ry gate,
At ev'ry passage to the senses wait;
Still travel to and fro' the nervous way,
And their impressions to the brain convey;
Where their report the vital *envoys* make,
And with new orders are commanded back.
Sir W. Blackmore.

(A *French* rather than an English *word*; often preceded by the *definite article*.)

Generally an address to either a whole composition or some part of it, with which it is supposed to be sent into the world. (In being addressed to the *book*, rather than to a patron, it differs from a *dedication*; and in being written by the *author*, rather than by one of his friends, from a *recommendatory poem*. It generally comes at the end of a work though not necessarily; since the first two lines of Ovid's Tristia give in fact, though not in name, a genuine *l'envoy*:

'Parve, nec invideo, sine me, liber, ibis in urbem
Hei mihi! quod domino non licet ire tuo.'

It is found, too, more frequently in poetry than in prose, though, again, not exclusively.)

Tragical tales, [in prose,] translated by Turbenville in time of his troubles out of sundrie Italians, with the argument and *l'envoy* to each tale. Lond. 1587.—*T. Warton, History of English Poetry*, iii. 475.

It will be seen ... that the Blind Minstrel is a vigorous versifier.... As a specimen of his graver style we may give his *envoy* or concluding lines:

'Go, noble book, fulfillit of good sentence,
Suppose thou be barren of eloquence:
Go, worthy book, fulfillit of suthfast deed;
But in language of help thou hast great need.'
—*Craik, History of English Literature*, i. 390.

Énvoyship. *s.* Office of an envoy.

Cain paid all due reverence to this lunar *envoyship*.—*Coventry, Philemon*, conv. 3.

Envy. *v. a.* [Fr. *envier*; Lat. *invideo*.]

1. Hate, or feel discontented with, another for his excellence, happiness, or success.

A woman does not *envy* a man for fighting courage, nor a man a woman for her beauty.—*Collier, Essay on Envy.*

2. Grieve or repine, accompanied by a desire for their possession, at any qualities of excellence, power, or success in another.

I have seen thee fight,
When I have *envied* thy behaviour.
Shakespear, Antony and Cleopatra, ii. 6.

Envy thou not the oppressor, and chuse none of his ways.—*Proverbs*, iii. 31.

You cannot *envy* your neighbour's wisdom, if he gives you good counsel; nor his riches, if he supplies you in your wants; nor his greatness, if he employs it to your protection.—*Swift.*

3. Grudge; impart unwillingly; withhold maliciously.

Jonson, who, by studying Horace, had been acquainted with the rules, seemed to *envy* others that knowledge.—*Dryden.*

Énvy. *v. n.* Feel envy.

And Moses said, *Enviest* thou for my sake?—*Numbers*, xi. 29.

With *at*.

In seeking tales and informations
Against this man, whose honesty the devil
And his disciples only *envy at*,
Ye blew the fire that burns ye.
Shakespear, Henry VIII. v. 2.

He that loves God is not displeased at accidents which God chuses, nor *envies at* those gifts he bestows.—*Jeremy Taylor.*

Who would *envy at* the prosperity of the wicked, and the success of persecutors?—*Id., Rule and Exercises of Holy Living.*

Énvy. *s.*

1. Pain felt and malignity conceived at the sight, or repining accompanied by desire for the possession, of the excellence or happiness of another.

Envy is a repining at the prosperity or good of another, or anger and displeasure at any good of another which we want, or any advantage another hath above us.—*Ray, Wisdom of God manifested in the Works of the Creation.*

Envy, to which th' ignoble mind's a slave,
Is emulation in the learn'd or brave. *Pope.*

He [Wharton] had a peculiar way of disarming opponents which moved the *envy* of all the duellists of his time. His friends said that he had never given a challenge, that he had never refused one, that he had never taken a life, and yet that he had never fought without having his antagonist's life at his mercy.—*Macaulay, History of England*, ch. xx.

With *of*.

All the conspirators, save only he,
Did that they did in *envy of* great Cæsar.
Shakespear, Julius Cæsar, v. 5.

With *to*.

Many suffered death merely in *envy to* their virtues and superiour genius.—*Swift.*

2. Rivalry; competition.

You may see the parliament of women, the little *envies* of them to one another.—*Dryden, Essay on Dramatick Poesy.*

3. Malice; malignity.

Madam, this is a meer distraction;
You turn the good we offer into *envy*.
Shakespear, Henry VIII. iii. 1.

4. Public odium; ill repute; invidiousness.

Edward Plantagenet should be shewed unto the people; to discharge the king of the *envy* of that opinion and bruit, how he had been put to death privily.—*Bacon.*

5. Thing envied.

We are grown out of humour with the English constitution itself; this is become the object of the animosity of Englishmen. This constitution in former days used to be the *envy* of the world; it was the pattern for politicians; the theme of the eloquent; the meditation of the philosopher in every part of the world.—*Macaulay, Critical and Historical Essays, Hallam's Constitutional History.*

Énvying. *verbal abs.* Ill will; malice.

Envyings, murders, drunkenness, revellings, and such like.—*Galatians*, v. 21.

Enwállow. *v. a.* Wallow; sink. *Rare.*

So now all three one sencelesse lumpe remaine,
Enwallow'd in his owne blacke bloudy gore.
Spenser, Faerie Queen, v. 11, 14.

Enweáve. *v. a.* [preterite, *inwove* or *inweaved*; pass. part. *inwoven* (less properly *inwove*), *inweaved*.] Mix anything in weaving, so that it forms part of the texture. (spelt with *i*.)

A fair border, wrought of sundry flowers,
Inwoven with an ivy winding trail. *Spenser.*

Down they cast
Their crowns, *inwove* with amaranth and gold.
Milton, Paradise Lost, iii. 351.

Enwheél. *v. a.* Encompass; encircle.

Hail to thee, lady! and the grace of heav'n,
Before, behind thee, and on every hand
Enwheel thee round. *Shakespear, Othello*, ii. 1.

Spelt with *i*.

Heaven's grace *inwheel* ye!
And all good thoughts and prayers dwell about ye!
Abundance be your friend! and holy Charity
Be ever at your hand to crown ye glorious!
Beaumont and Fletcher, Pilgrim.

Enwínd. *v. a.* Wind round; encircle.

There sat we down upon a garden mound,
Two mutually enfolded; Love, the third
Between us, in the circle of his arms
Enwound us both. *Tennyson.*

Enwómb. *v. a.*

1. Make pregnant.

Me then he left *enwombed* of this child,
This luckless child, whom thus ye see with blood.
Spenser, Faerie Queen

I'm your mother;
And put you in the catalogue of those
That were *enwombed* mine.
Shakespear, All's well that ends well, i. 3.

2. Bury; hide as in a womb.

Or as the Africk Niger stream *enwombs*
Itself into the earth, and after comes,
Having first made a natural bridge to pass
For many leagues, far greater than it was;
May't not be said, that her grave shall restore
Her greater, purer, finer than before?
Donne, Poems, p. 218.

Enwoód. *v. a.* Hide in woods. *Rare.* (spelt with *i*.)

He got out of the river, and *inwooded* himself, so as the ladies lost the marking his sportfulness.—*Sir P. Sidney.*

Enwráp. *v. a.* Involve.

For another man to yield such unlawful aid, is no better than a foul affront of publick justice, and *enwraps* the agent in a partnership of crime.—*Bishop Hall, Cases of Conscience.*

In thy fear, my God, is hope, and love, and confidence, and peace, and every limb and ingredient of happiness *encrapped*.—*Donne, Devotions*, p. 135.

Spelt with *i*.

And over them Arachne high did lift
Her cunning web, and spread her subtil net,
Inwrapped in foul smoak. *Spenser, Faerie Queen.*

This, as an amber drop *inwraps* a bee,
Covering discovers your quick soul; that we
May in your through-shine front our hearts' thoughts see. *Donne.*

The case is no sooner made than resolved; if it be made not *inwrapped*, but plainly and perspicuously. —*Bacon.*

The possibility of the word in the following extracts being an error for *enrap* =

enrapture has been suggested. Either sense will suit; but *enwrap* is the better word.

> This pearl she gave me, I do feel 't and see 't;
> And though 'tis wonder that *enwraps* me thus,
> Yet 'tis not madness.
> *Shakespear, Twelfth Night*, iv. 3.

Spelt with *i*.

> For if such holy song
> *Inwrap* our fancy long,
> Time will run back, and fetch the age of gold.
> *Milton, Ode on the Nativity*, 133.

[The length of the observations upon the prefix **En-, -f** which the necessity as suggested under that entry is the excuse, made it necessary to divide the criticism. It is only the En- augmentative that has been disposed of. The En- inclusive is considered here; i.e. under the last word of the series which illustrates it.

Enwrap is (1) purely English, as opposed to Latin, Norman, French, or Italian; is (2) rarely spelt otherwise than with *i*; and is (3) a word wherein the inclusive import of the prefix is eminently evident. Entwine (intwine) and Enweave (inweave) imply *intermixture* and *inclusion* only so far as the two terms suggest each other. But Enwrap, like Engrave and Entomb, conveys the notion of *inclusion pure and simple*; meaning *in a wrapping, in a grave, in a tomb*. Engulf only approaches this accuracy in the way of the expression of inclusion; Enthrone may mean *on* or *in*, according as the regal chair is like an *elbowchair* or a *woolsack*.

Taking, then, *En*(or *in*)*wrap*, and *En*(or *in*)*tomb*, as typical words, and asking how they ought to be spelt, there is no doubt as to two questions: (1) whether the *In-* is English; (2) whether it is inclusive; both being answered in the affirmative. This being the case, they apparently constitute a precedent and analogy for others. But is the combination English? In respect to its elements taken separately, Yes; in respect to the order of their arrangement, or sequence, No.

Whoever looks back upon the pages which immediately precede this, will find that the *In-* inclusive, like the *In-* intensive, has been ignored as an English prefix. He will also find that in nearly all the preceding instances the composition has given *Verbs with the accent on the second syllable*. This is important. Few Substantives have begun with *En-*, and no words wherein the prefix is accented.

The only *true compounds of the English* In- are *Nouns*; and these, *when dissyllabic*, are accented on the *first syllable*. Such are Income and Inlet, the typical words of the class.

It is submitted that the rule which covers the most details is the following, founded upon the difference between the Adverb and the Preposition. The import of the Adverb is modal in its most general sense; i.e. as when we say a man *goes in* or *enters* (without naming the thing entered), or *goes out* or *makes an exit* (without naming what he goes out from). In Latin this would be *ingreditur* and *egreditur*, simply. The import of the Preposition, modal also, superadds the name of the object that determines the mode, and tells us *what* he went *in* (*to*), or *what* he went *out* (*from*). It always implies a Substantive in an oblique case, which, in grammatical language, it governs. Hence the rule in English (the details of its application in Latin being, though important in a Latin grammar, irrelevant here), that whilst the Adverb may *either precede or follow the Verb*, the Preposition *must precede* the Noun it governs, or, in other words (except for certain rare and exceptional rhetorical cases), *follow* the Verb. Thus, whilst we say either 'This is *badly* done,' or 'This is done *badly*,' we can only say 'This comes *from* London,' not, '*from-comes* London,' or even '*from-comes from London*.' That between '*badly* done' and '*done* badly' there is a shade of difference in the way of import is not denied. It is only asserted that, as a matter of formal grammar, the two combinations are equally English, while the other is pronounced to be formally impossible.

This, however, carries us but a short way, inasmuch as both *badly* and *from* are extreme cases. The real complication arises from the fact of most of the Prepositions being equivocal or ambiguous. Deprive a Preposition of its case, or, in other words, use it indefinitely and without naming an object, and it becomes an Adverb. To *go in* is to *enter*; to *go up* is to *ascend*. To *fall into a pit* is Prepositional; to *fall in with a person* is to *agree with him*, or to *meet him*, and Adverbial. Yet *in* is originally Prepositional, just as truly as *badly* is Adverbial. Now the extent to which each particular Preposition is also Adverbial varies with the word.

From, as has just been stated, is the least Adverbial of any, being wholly Prepositional. We cannot even say *come from*, *fall from*, or the like. In other words, it never enters into such combinations as those which give *come to*, *lay by*, or *sink in*. The reason for this, probably, lies in the existence of an Adverbial equivalent in *forth*, and its congeners; *go forth* being an approximate equivalent to the Latin *egredi* and *progredi*.

To is in a different category; being more Adverbial, or less Prepositional, by one degree. We can say *go tó*, *fall tó*, and the like; in which there is, generally, a slight change of import: but we cannot say *tó-flight*, *tó-come*; though the Germans can, e.g. *zuflucht* = refuge.

With *In*, the word under notice, we can do what was done with *to*, and one thing more. We can say *come in*, *fall in*, *lay in*, and the like; and we can also say *ínc*ome and *ínlet*. But these words are Nouns, not Verbs, and they are (as aforesaid) accented in a different manner from En(in)grave, and En(in)tomb. The second element, however, is either a Verb in form, or a Verbal, *income* = incoming. Compare this with the Latin *in* in *incido* and *ingredior*. In '*incidit in* Scyllam' we have it twice over; once as an Adverb, and again as a Preposition. In '*ingreditur* tectum' we have it, subject to certain observations which will appear under Into, as both.

Out (it is only necessary to notice the words which illustrate the rule) stands to *In* as *In* to *To*. It goes one degree further in the direction of the Adverb. It gives *fall oút* (= quarrel); *oútlet* (analogous to *ínlet*); and, in addition to these, *oút-vóte*, whereof the result is a Verb with an accent on the last syllable. The same is the case with *over*, *under*, and others; *loók óver*, *óverthrów*, *óverthrow*, *óverlook*, *undertáke*, *undertáking*, and the like.

1. To recapitulate. It is only *as Adverbs* that words like *to*, *in*, &c., enter into composition.

2. The extent to which they do so varies with the word.

3. In doing it there are three degrees; (1) the first giving *only* a Verb, *followed* by the Adverb; (2) the second *the preceding combination*, with the addition of one constituted by a *prefix* and a *Noun*; (3) the third *both* the preceding combinations, with the addition of words like *óverloók* and *oút-vóte*.

4. *In* belongs to the second class. Hence, the only true compounds of *in-* are words like Income and Inlet.

By a slight extension of these remarks, we may clear the ground in another direction, and save some notices which would otherwise be given under In-. Here we have, in a few formations, the Latin *in-*, in *in-nocens*, used instead of the English *un-*; i.e. applied as a prefix to words of English origin. Though this is simply bad writing, it is not in the category with the compounds under notice. Between *in-* and *un-* there is no confusion either of sound or spelling; so that no question as to the propriety or practicability of removing or recasting them exists.

If what has been said be true—and the only objection that lies against it is the improbable doctrine that though such formations as *ingrave* are impossible *now*, they may have been current in an earlier stage of the language, combined with the fact that in the allied languages they actually exist (*eingehen* = go-in, in-go, &c., in German)—it follows that, except as derivatives from the Latin, Italian, and Spanish, no compound in *In* exists in accurate English; and such, on the whole, is the fact. Still there are a few outlying cases. A Verb standing in the same relation to *ínc*ome as *survéy* does to *súrvey* might perhaps be defended by the writer who resorted to it. Again, *Inbreeding* (how it was sounded is known only to the coiner) has been seen by the editor in a work which, in respect to its matter, is preeminently critical. It means (*in-and-*)*in-breeding*. Whether good or bad, however, the principle that gives it is one which is wholly different from those under consideration. Finally, *Indebted* is, probably, suggested by *in debt*. *Iagtagelse* = notice (*in-heed-taking*) is a good Danish word so formed. See also Intrench.

The principle suggested by *ínc*ome and *incóme*, except that it is reversed in its application; is the justification for the entry of *énlay* as a Noun.

That the compounds of *in-*, with an English verb to follow, are numerous, has already been seen; and though many of them were made carelessly after the loose analogy of the French *en-*, or for the sake of the metre, there is little doubt that in many the notion of inclusion was intended. The barbarous form *inwent* exists, and, unless the editor's memory deceives him, in a recognized authority.

Lastly, there are certain words wherein the general character is Latin, though the exact Latin word would be difficult to find in any good author. Such are the words in *-ate*. Hence, whilst *endoctrine* is entered under *en-*, *indoctrinate* begins with an *i*.

To conclude. Some of the words spelt with *e* are as undoubtedly and as generally sounded with *i*, as Jem is pronounced Jim. In one of these, *Impeach*, the phonetic principle has prevailed; thereby con-

stituting a precedent for similar recognitions of the actual sound as opposed to the historical Etymology. To spell, however, the whole with *i* would be objectionable. To alter the spelling of each word as it changed, would be to recognize the phonetic principle beyond the likelihood of its being adopted. As it is, a near approach to uniformity is obtained at the price of a slight departure from the actual representation of the sound; it being always remembered that, in cases like the present, the spelling goes far towards determining the sound.

Enwrápment. *s.* Covering; wrapper.

The whole paragraph should be thus translated: they wreathed together a foliature of the fig-tree, and made themselves *enwrapments*, i. e. they wrapped themselves up in them.—*Shuckford, Creation and Fall of Man*, p. 203.

Enwreáthe. *v. a.* Surround as with a wreath. (spelt with *i*.)

Bind their resplendent locks *inwreath'd* with beams. *Milton, Paradise Lost*, iii. 361.
Nor less the palm of peace *inwreathes* thy brow. *Thomson.*

Enwroúght. *adj.* Adorned with work. (spelt with *i*.)

Next Camus, reverend sire, went footing slow,
His mantle hairy, and his bonnet sedge,
Inwrought with figures dim, and on the edge
Like to that sanguine flower, inscrib'd with woe.
Milton, Lycidas, 103.

Éocene. *adj.* [Gr. Ἠώς = the goddess of the dawn or morn, and καινός = new.—This is not only a word of recent coinage, but a successful one; the department of scientific enquiry to which it belongs being geology. It was suggested by Sir C. Lyell, along with two others, Miocene and Pliocene, to denote the age of certain tertiary deposits as measured by the proportion borne, in their fossils, of the existing to the extinct species. Where the existing, recent, or new (καινός) species were decidedly preponderating (say two thirds of the whole), the division was *Pliocene* (πλέον or πλεῖον = more). Where there were nearly or less than half, it was *Miocene* (μείων = less). Where there were not only less than half, but so few as merely to suggest the *dawn* of the present Fauna and Flora, it was *Eocene*. Pleistocene (Gr. πλεῖστος = most) and *Post*-Pliocene have since been engrafted on this stock, denoting the beds in which the extinct species are so few and exceptional as to give us the exact opposite of the Eocene period, i.e. the wane of the extinct Fauna and Flora.]

In *Geology*. Oldest group of the tertiary formation.

We trace the progressive diminution of the existing species of gastropodous Mollusca by their fossil shells through the descending strata of the tertiary periods of geology, beyond which such indications become very doubtful and obscure. In the oldest tertiary deposits, not more than three and a half per cent. of the remains of any class of Mollusca have been identified with species now living. From this fact, which indicates the dawn of the existing state of the testaceous fauna, the term *Eocene* is applied to these strata: in the superimposed or Miocene tertiary beds there are about seventeen per cent. of fossil shells, identical with recent species; in the deposits of a third or Pliocene era from thirty-five to forty per cent.; and, in still more modern Pleistocene formations, the older tertiary shells have almost disappeared, and the number of species identical with those now living is from ninety to ninety-five per cent.—*Owen, Lectures on Comparative Anatomy*, lect. xxiii.

Éollan. *adj.* [Lat. *Æolus* = god of the winds.] Specially applied to a musical instrument, the chords of which vibrate under the simple action of the wind.

From poetry and musick united, we have a right to expect pathos, sentiment, and melody, and in a word every gratification that the tuneful art can bestow. But in sweetness of tone the best singer is not superior, and scarcely equal, to an *eolian* harp, to Vischer's hautboy, or to Giardini's violin.—*Beattie, Essay on Poetry and Musick*, pt. i.

Eólipile. *s.* [Lat. *pila* = ball.] Ball or sphere in which water is heated, and from which the rarefied air escapes through a pipe.

Considering the structure of that globe, the exterior crust, and the waters lying round under it, both exposed to the sun, we may fitly compare it to an *eolipile*, or an hollow sphere with water in it, which the heat of the fire rarefies, and turns into vapours and wind.—*T. Burnet, Theory of the Earth.*

Ep-, Eph-, Epi-. Three forms taken by the Greek preposition, ἐπί = on, upon; the first being used before a vowel, the second before an aspirate, and the third before a consonant. Its proper power in composition is adverbial, in which case it has considerable latitude of import, meaning not only superposition, but addition—Epicyle, for instance, meaning not anything *on a cycle*, or circle, but a *cycle*, or circle, *in addition*. Hence, by an easy transition, it takes the power which it has in *Epi*logue, = an address *after*, as opposed to a *Pro*logue, or address *before*, a dramatic representation.

*Pro*logues and *Epi*logues are λόγοι which precede or follow something else; and not somethings that precede or follow a λόγος. If they were this, the construction would be prepositional. Is it *ever* so? On the first view it seems hazardous to ignore such an example as *epitaph*, which so evidently means something *on a tomb*, rather than a *tomb on*, or *superficial to*, or *in addition to*, anything else. But as the origin of the word is in the adjective ἐπιτάφιος, rather than in ἐπί + τάφον, the prepositional character is doubtful; and *epitaph* is the most plausible example that can be given. *Epidermis* = a skin on a skin, and *Epiphyte* = a plant on a plant, are merely curious from their apparent ambiguity.

Épact. *s.* [Gr. ἐπακτός = brought on; from = ἐπί on, ἄγω = lead.] See extracts.

As the cycle of the moon serves to shew the *epacts*, and that of the sun the dominical letter, throughout all their variations; so this Dionysian period serves to shew these two cycles both together, and how they proceed or vary all along, till at last they accomplish their period, and both together take their beginning again, after every 532d year.—*Holder, Discourse concerning Time.*

A number, whereby we note the excess of the common solar year above the lunar, and thereby may find out the age of the moon every year. For the solar year consisting of 365 days, the lunar but of 354, the lunations every year get 11 days before the solar year; and thereby, in 19 years, the moon completes 20 times 12 lunations, or gets up one whole solar year; and having finished that circuit, begins again with the sun, and so from 19 to 19 years. For the first year afterwards the moon will go before the sun but 11 days; the second year 22 days; the third, 33 days; but 30 being an entire lunation, cast that away, and the remainder 3 shall be that year's *epact*, and so on, adding yearly 11 days. To find the *epact*, having the prime or golden number given, you have this rule:—

'Divide by three; for each one left add ten:
Thirty reject: the prime makes *epact* then.'
Harris.

Epagóge. *s.* (the final *e* sounded.) See Induction.

Epagógic. *adj.* [Gr. ἐπαγωγή; from ἐπί = on, and ἄγω = lead, bring.] Inductive; the two words nearly translating each other. See Induction.

Epaulét. *s.* [Fr. *epaulette*; which formerly signified the wing of a gown, doublet, &c.] Ornament for the shoulder; shoulderknot.

Their old vanity was dazzled and seduced by military liveries, cockades, and *epaulets*.—*Burke.*

Epaúlment. *s.* [Fr. *épaule* = shoulder.] See extract.

Epaulment [is], in fortification, a sidework made either of earth thrown up, of bags of earth, gabions, or of fascines and earth. It sometimes denotes a semibastion and a square orillion, or mass of earth faced and lined with a wall, designed to cover the cannon of a casemate.—*Harris.*

Epenétic. *adj.* [Gr. ἐπαινητικός; ἐπαινέω = praise.] Laudatory; panegyrical. *Rare.*

In whatever kind of poetry, whether the epick, the dramatick, . . . the *epœnetick*, the bucolick, or the epigram.—*Phillips, Theatrum Poeticum*, pref.

Ephémeral. *adj.* [Gr. ἐπί = on, for, ἡμέρα = day.] Diurnal; beginning and ending in a day; shortlived.

This was no more than a meer bubble or blast; and like an *ephemeral* fit of applause.—*Sir H. Wotton, Life of Duke of the Buckingham.*

He was far from the conceit of a deambulatory, hebdomatical, or peradventure *ephemeral*, office.—*Bishop Morton, Episcopacy asserted*, p. 142.

Ephemérides. *s.* [from *ephemeris*, being in fact the plural of it; though formerly *ephemerides* was used as a noun of the singular number.] Astronomical tables showing the state of the heavens for every day at noon.

Let him make an *ephemerides*, read Suisset the calculator's works, Scaliger de emendatione temporum, and Petavius his adversary, till he understand them.—*Burton, Anatomy of Melancholy*, p. 281.

In the *singular*. Account of the daily motions and situations of the planets.

When casting up his eyes against the light,
Both month, and day, and hour he measur'd right;
And told more truly than the *ephemeris*:
For art may err, but nature cannot miss.
Dryden, Nun's Tale.

Ephémerist. *s.* One who, consulting the stars, or studying either Astronomy or Astrology, uses an Ephemeris or Ephemerides.

The night before, he was discoursing of and slighting the art of foolish astrologers, and genethliacal *ephemerists*, that pry into the horoscope of nativities.—*Howell.*

Ephémerous. *adj.* Beginning and ending in a day.

The *ephemerous* tale that does its business, and dies in a day.—*Burke, Reflections on the French Revolution.*

An old word revived by Burke. 'An *ephemerous* monster' occurs in Annotations on Glanville, &c., in 1682, p. 12.—*Todd.*

Ephésian. *s.* [*Ephesus* = the Asiatic city so called.] In the time of Shakespear this was a familiar term, the import of which is not exactly explained.

Speak from thy lungs military; art thou there?
It is thine host, thine *Ephesian* calls.—*Shakespear Merry Wives of Windsor*, iv. 5.

Ephiáltes. *s.* Nightmare.

The *ephialtes*, or night mare, is called by the common people witch-riding.—*Brand, Observations on popular Antiquities.*

Éphod. *s.* [Hebrew.] Ornament worn by the Hebrew priests.

He made the *ephod* of gold, blue, and purple, and scarlet, and fine twined linen.—*Exodus*, xxxix. 2.

Array'd in *ephods*: nor so few
As are those pearls of morning dew
Which hang on herbs and flowers. *G. Sandys.*

Épic. *adj.* [Gr. ἐπικός; Lat. *epicus*; Fr. *épique*, from Gr. ἔπος = word, heroic poem.] Heroic, as applied to a poem.

Holmes, whose name shall live in *epick* song,
While musick numbers, or while verse has feet.
Dryden.

The *epick* poem is more for the manners, and the tragedy for the passions.—*Id.*

Épic. *s.* Epic poem.

He [Mr. M'Pherson] brought forward his counterfeit *epicks*, [the alleged poems of Ossian,] whose manifold defects and deformities were not so much pardoned for the beauties, thinly scattered, which they contained, as from the persuasion that they were the works of an ancient artist.—*Campbell, On the Ecclesiastical and Literary History of Ireland*, p. 170.

Epicéde. *s.* [Gr. ἐπικήδιος (ἐπί = on, κῆδος = funeral solemnity); Fr. *épicède*; Lat. *epicedium*; which is, itself, sometimes used.] Funeral discourse or song.

We are yet in hope of somewhat to come forwarde, to the inistymable glory of the land, namely his worthy works de Antiquitate Britannica, et de illustribus viris, with hys epigrams and *epicedes*.—*Bale, Dedication of Leland's Itinerary*: 1549.

Epicedes and obsequies upon the deaths of sundry personages.—*Donne, Poems*, p. 240.

Epicédian. *adj.* Relating to, consisting in, or constituted by, an Epicede; elegiac; mournful. *Rare.*

[The] *epicedian* song [is] a song sung ere the corps be buried.—*Cockeram.*

Épicene. *adj.* [Lat. *epicœnus*, from the Gr. κοινός = common.] Common; of both kinds: (chiefly used in *Grammar*, in which case it applies to those names of animals which are the same for both sexes. It is the name of a play of Jonson's (Epicœne, or the Silent Woman) in which the point lies in the fact of a man passing for a woman. It is sometimes, also, applied to eunuchs and hermaphrodites).

Of the *epicene* gender hees and shees,
Amphibion Archy is the chief.
B. Jonson, Masques.

All pretty fellows are also excluded to a man, as well as all inamoratas, or persons of the *epicene* gender, who gaze at one another in the presence of ladies.—*Tatler*, no. 27.

Épicure. *s.* Follower of Epicurus; one given wholly to luxury.

Then fly false thanes,
And mingle with the English *epicures.*
Shakespear, Macbeth, v. 3.

The *epicure* buckles to study, when shame, or the desire to recommend himself to his mistress, shall make him uneasy in the want of any sort of knowledge.—*Locke.*

Epicuréan. *s.* One of the sect of Epicurus.

Certain philosophers of the *Epicureans* and of the stoicks encountered him.—*Acts*, xvii. 18.

I keep but a man and a maid ever ready to slander and steal;
I know it and smile a hardset smile, like a stoic, or like
A wiser *Epicurean*, and let the world have its way.
Tennyson, Maud, iv. 4.

Epicuréan. *adj.*

1. Pertaining to the sect of Epicurus.

Academicks old and new, with those
Surnamed Peripateticks, and the sect
Epicurean. *Milton, Paradise Regained*, iv. 278.

2. Luxurious; contributing to luxury.

Tie up the libertine in a field of feasts,
Keep his brain fuming; *epicurean* cooks,
Sharpen with cloyless sauce his appetite.
Shakespear, Antony and Cleopatra, ii. 1.

This ignominious dissoluteness, or rather, if we may venture to designate it by the only proper word, blackguardism of feeling and manners, could not but spread from private to public life. The cynical sneers, the *epicurean* sophistry, which had driven honour and virtue from one part of the character, extended their influence over every other.—*Macaulay, Critical and Historical Essays, Hallam's Constitutional History.*

Épicurism. *s.*

1. Luxury; sensual enjoyment; gross pleasure.

The darts of devoutlessness, *epicurism*, and unmercifulness.—*Bishop of Chichester, Two Sermons*, sign. b. viii.: 1576.

This our court, infected with their manners,
Shews like a riotous inn; *epicurism* and lust
Make it a tavern or a brothel.
Shakespear, King Lear, i. 4.

There is not half so much *epicurism* in any of their most studied luxuries, as a bleeding fame at their mercy.—*Dr. H. More, Government of the Tongue.*

Some good men have ventured to call munificence, the greatest sensuality, a piece of *epicurism.*—*Calamy, Sermons.*

2. Doctrine of Epicurus.

Infidelity, or modern Deism, is little else but revived *Epicureism*, Sadducism, and Zendicism.—*Waterland, Charge*, p. 75: 1732.

The first book of the Enquiry ends with a sentence far remote from irreligion and *Epicurism.*—*J. Warton, Essay on Pope.*

[The learned Waterland, to distinguish this more pointedly, writes the word *epicureism*; and the accent on *epicurism* in this sense, should be on the third syllable. This usage of the word is modern. Dr. Johnson takes no notice whatever of it.—*Todd.*]

Épicurize. *v. n.* Become an epicure, or have a tendency towards epicurism (in any of its senses); devour like an epicure; play the epicure.

He thriftily improves the objects of his cruelty, spending them by degrees, and *epicurizing* on their pain.—*Fuller, Holy State*, p. 446: 1648.

These evil demons did, as it were, deliciate and *epicurize* in them.—*Halliwell, Melampronœa*, p. 101.

Épicurízing. *part. adj.* Tending towards the doctrine of Epicurus.

The tree of knowledge mistaken for the tree of life. . . . *Epicurizing* philosophy, Antinomian liberty, under the pretence of free grace and a gospel spirit.—*Cudworth, Sermons*, p. 87.

Epicýcle. *s.* [Gr. ἐπί = on, κύκλος = circle.] In *ancient Astronomy.* Smaller circle whose centre is in the circumference of a greater; circlet round the circumference of which a planet was supposed to roll, while the centre was carried along a deferent, or larger circle, of which the earth formed the centre.

In regard of the *epicycle*, or lesser orb, wherein it moveth, the motion of the moon is various and unequal.—*Sir T. Browne.*

How they will wield
The mighty frame; how build, unbuild, contrive
To save appearances; how gird the sphere
With centric and eccentric, scribbled o'er;
Cycle and *epicycle*, orb in orb.
Milton, Paradise Lost, viii. 82.

We shall remark, however, that Ptolemy does not speak of the *epicycles* in which the ancients supposed the planets moved, as having any real existence, but only as a theory invented 'to save the appearances.'—*Sharpe, History of Egypt*, ch. xiii.

Epidémic. *adj.* [Gr. ἐπί = on, δῆμος = people; Fr. *épidémique.*]

1. In *Medicine.* Invading or attacking the occupants of a district as a disease or murrain, and passing from one country to another, whether by contagion or infection, or carried by the atmosphere. (In this their comparatively *transitory* character, the Epidemic diseases are contrasted with the Endemic, or those which, from being connected with either the soil or certain local conditions, are fixed more or less permanently *in* the district.)

It was conceived not to be an *epidemick* disease, but to proceed from a malignity in the constitution of the air, gathered by the predispositions of seasons.—*Bacon, History of the Reign of Henry VII.*

They could do nothing against the Insubrians, owing to an unusually rainy season, which filling all the streams, made the country about the Po impracticable, and occasioned *epidemic* diseases among the soldiers.—*Arnold, History of Rome*, ch. xlii.

The few cases of cholera at Southampton, and the fierce little outburst at Epping, may very probably not be the precursors of an immediate *epidemic* attack, but they are, or should be, a warning to all people, professional or other, to put themselves and their patients in a position of defence, and to furbish up the old and examine the new weapons by which it is proposed to meet the disease. The hint becomes the more significant from the marked similarity of the cholera-track of the present year to that which has on former occasions been followed, after a twelvemonth's interval, by a regular invasion of *epidemic* cholera.—*Saturday Review*, Oct. 21, 1865.

2. Generally prevailing; affecting great numbers.

He ought to have been busied in losing his money, or in other amusements equally laudable and *epidemick* among persons of honour.—*Swift.*

His [Lord Wharton's] rank and abilities made him so conspicuous that in him we are able to trace distinctly the origin and progress of a moral taint which was *epidemic* among his contemporaries.—*Macaulay, History of England*, ch. xx.

Epidémic. *s.* Epidemic disease.

The other fatal *epidemics*, such as the plague, yellow fever, and small pox, have been, in general, the calamities more particularly, though not exclusively, connected with large towns, camps, or other congregations of men.—*Rees, Cyclopædia*, in voce.

Epidémical. *adj.* Same as Epidemic.

1. Applied to *diseases.* See Epidemic, 1.

As the proportion of acute and *epidemical* diseases shews the aptness of the air to sudden and vehement impressions, the chronical diseases shew the ordinary temper of the place.—*Graunt, Observations on the Bills of Mortality.*

2. General; universal.

That great *epidemical* council, wherein every one from the peer to the plebeian hath an inclusive vote.—*Howell, Instructions for Foreign Travel*, p. 219: 1642.

They're citizens o' th' world, they're all in all;
Scotland's a nation *epidemical.* *Cleaveland.*

There seems to be some informality *epidemical.* You direct yours to me in Mitre Court; my true address is Mitre Court Buildings.—*Lamb, Letter to Manning.*

Epidémiológical. *adj.* Connected with, or relating to, Epidemiology.

Epidémiólogy. *s.* Doctrine of epidemic diseases; method of investigating them. (This is given rather as the *basis* of the preceding than as a current word; the preceding being a word of *recent coinage*, as the name of the Epidemiological Society, instituted in 1843 for the investigation of the nature of epidemics.)

Epiderm. *s.* Epidermis: (in the following extract both forms are used).

The integument in the nematoid parasites of the human subject, and in almost all the order, is more or less smooth: it consists of a thin compact *epidermis*, and of a fibrous corium firmly attached to the outer transverse muscular fibres. The *epiderm* is homogeneous; i.e. it does not show the nucleated cellular structure.—*Owen, Lectures on Comparative Anatomy*, lect. vi.

Epidérmal. *adj.* Epidermic.

Its usual plan is to insinuate itself between the *epidermal* membranes of the leaf, close to one of the edges.—*Kirby and Spence, Introduction to Entomology*, ii. 477. (Ord MS.)

The branch of anatomy which treats of the skeleton of vertebrate animals is designated Osteology, because in anthropotomy it relates exclusively to the bones and teeth. But the skeleton, according to its etymological signification of hard and dry parts, might apply to the hair and nails, and, indeed, the entire *epidermal* system.—*Owen, Lectures on Comparative Anatomy*, lect. ii.

Epidérmic. *adj.* Relating to, or connected with, the epidermis.

Epidermic [means] relating to the epidermis; *epidermoid*, though introduced by Bichat and in general use, is ill-constructed. It should be *epidermatoid.*—*Hooper, Medical Dictionary.*

Epidérmis. *s.* [Gr. ἐπί = on, and δέρμα = skin.] Cuticle; scarfskin.

It [the skin of the negro] is more or less black according to the deposition of the pigment . . . is found in the common cells of the mucous layer of the *epidermis*, and not in special pigment cells, whilst the *dermis* of the negro is like that of the European. . . . According to Flourens' former opinion, there was said to exist between the *epidermis* and *dermis* an organ absent in the white, which contained the colouring matter: he has, however, now adopted the prevailing opinion that there is no difference in the structure of the skin between white and black men, a deposition of pigment also taking place in the former, though in lesser quantity. . . . Krause says that freckles and brown moles in the skin of Europeans are in structure like the *epidermis* of the negro.—*Collingwood, Translation of Waitz's Anthropology*, pt. i. sec. 2.

The clothing membrane, or *epidermis*, as it is called, varies much in texture in different plants, and even in different parts of the same plant. . . . It is the increased thickness and hardened texture of the *epidermis* which gives the leathery or woody leaves of evergreen plants their peculiar appearance and consistence, and enables them to withstand external influences so long. Young shoots, when they emerge from the bud, are clothed with a delicate *epidermis*. . . . The *epidermis*, in addition to its varied texture, presents us with a number of peculiar appendages; . . . of these . . . hairs are the most common.—*Henfrey, Rudiments of Botany*, ch. i. sect. 5.

Epidérmoid. *adj.* Resembling the epidermis.

(For example see extract under Epidermis).

Epigástric. *adj.* Relating to, or constituted by, the upper part of the abdomen.

A minute portion of the small-pox virus introduced into the system, will, in a severe case, cause, during the first stage, rigors, heat of skin, accelerated pulse, furred tongue, loss of appetite, thirst, *epigastric* uneasiness, vomiting, headache, pains in the back and limbs, muscular weakness, convulsions, &c.—*Herbert Spencer, Inductions of Biology.*

Epigástrium. *s.* [Gr. ἐπί = on, γαστήρ = belly.] In *Anatomy.* Upper and middle part or region of the abdomen, nearly coinciding with the pit of the stomach.

Pathologists have divided the abdomen into certain regions. . . . These regions are marked out by means of imaginary lines, drawn in horizontal and vertical directions. The horizontal lines, four in number, divide this cavity into three zones. The highest of these lines pass over the xiphoid cartilage; the second, by the margin of the tenth rib; the third, by the anterior and superior spine of the ilia; and the fourth, by the superior margin of the pubis: thus giving three zones, the *epigastric*, the umbilical, and the *hypogastric.* For the sake of additional precision, each of these zones is divided into segments by vertical lines, also four in number. . . . The vertical lines, . . . dividing the horizontal lines very nearly at right angles, give us nine regions on the anterior and lateral aspects of the abdomen, and six posterior regions. The anterior regions are the *epigastric*, umbilical, *hypogastric*, and right and left inguinal; the lateral regions are the right and left hypochondriac, and right and left

iliac. . . . The form of the abdomen, although necessarily in some measure changed by marked variation of its bulk, may, nevertheless, be much altered without any decided difference in its size. Thus, it is somewhat changed in severe diseases of the respiratory passages, when the entrance of air into the lungs is obstructed; the *epigastrium* and hypochondria being then pressed inwards and upwards. —*Copland, Dictionary of Practical Medicine, Abdomen.*

Epiglóttis. *s.* [Gr. ἐπί = upon, γλωττίς = aperture of the windpipe.] In *Anatomy.* Cartilage which covers the aperture of the windpipe. (*Epiglottic* and *Epiglottidean* are derivatives.) *Technical* or *scientific.*

(For example see extract under Larynx.)

Épigram. *s.* [Lat. *epigramma*; from Gr. ἐπί = on, γράμμα = writing = Lat. *superscriptio.*] Verses ending in a point or sting.

A college of witcrackers cannot flout me out of my humour: dost thou think I care for a satire or an *epigram*? —*Shakespear, Much Ado about Nothing*, v. 4.

What can be more witty than the *epigram* of Moore upon the name of Nicolaus, an ignorant physician, that had been the death of thousands?—*Peacham, Of Poetry.*

I writ
An *epigram* that boasts more truth than wit. *Gay.*

His invective was unsparing and hard to be endured, although he was a less eminent master of sarcasm than his son, and rather overwhelmed his antagonist with the burst of words and vehement indignation, than wounded him by the edge of ridicule, or tortured him with the gall of bitter scorn, or fixed his arrow in the wound by the barb of *epigram.*—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Lord Chatham.*

[In our old lexicography, '*epigram* or *superscription*,' (Huloet.) Cotgrave, nearly a century afterwards, retained, in his translation of the French *épigramme*, this classical meaning; calling it, 'a short poem, wittily taxing a particular person or fault; also a title, inscription, or superscription.'—*Todd.*]

Epigrammátic. *adj.* Suitable to, belonging to, constituted by, or having the character of, an epigram.

He is every where above conceits of *epigrammatick* wit and gross hyperboles: he maintains majesty in the midst of plainness; he shines, but glares not; and is stately, without ambition.—*Addison.*

He has none of those little points and puerilities that are so often to be met with in Ovid; none of the *epigrammatick* turns of Lucan; none of those swelling sentiments which are so frequent in Statius and Claudian; none of those mixt embellishments of Tasso.—*Id.*

These things are far indeed from being unimportant. . . . They show upon what kind of grounds the fabric of a great man's professional fame, as well as the purity of his moral character, were assailed by the unprincipled violence of party at the instigation of their ignorance, skulking behind a signature made famous by *epigrammatic* language and the boldness of being venturesome in the person of a printer, who gained by allowing dastardly slander to act through him with a vicarious courage.—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Lord Mansfield.*

Epigrammátical. *adj.* Same as Epigrammatic.

Our good *epigrammatical* poet, old Godfrey of Winchester, thinketh no ominous forespeaking to lie in names.—*Camden.*

Epigrámmatist. *s.* One who writes or makes epigrams.

Such a customer the *epigrammatist* Martial meets withal, one who, after he had walked through the fairest streets twice or thrice, cheapening jewels, plate, rich hangings, came away with a wooden dish. —*Peacham.*

The *epigrammatist* [Martial] speaks the sense of their drunken principles.—*Jeremy Taylor, Rule and Exercises of Holy Dying*, ii. § 1.

A jest upon a poor wit, at first might have had an *epigrammatist* for its father, and been afterwards gravely understood by some painful collector. —*Pope.*

Among the buffoon poets of this age, is also to be reckoned John Heywood, styled the *epigrammatist*, from the six centuries of epigrams, or versified jokes, which form a remarkable portion of his works.—*Craik, History of the English Language and Literature*, i. 431.

Epigraph. *s.* [Gr. ἐπιγραφή; Fr. *épigraphe.*] Title; inscription.

[Dr. Johnson gives the Greek anglicized in *epigraphe*, a word of four syllables, as he places the accent on the second. But I take *epigraph* to be an old English word, merely with the superfluous final *e*, as was formerly common, and intended, like *paragraph* or *autograph*, to be pronounced in three syllables.—*Todd.*]

Épilepsy. *s.* [Gr. ἐπίληψις = seizing, laying hold on.] Convulsion, or convulsive motion of the whole body, or of some of its parts, with a loss of sense; falling sickness; fits (in which sense the application of the word, in *Medicine*, is limited to those that depend upon disease of the brain, as opposed to *hysterical* and other fits of a less formidable character).

My lord is fell into an *epilepsy*:
This is the second fit. *Shakespear, Othello*, iv. 1.

Melancholy distempers are deduced from spirits drawn from that cacochymia; the phrenitis from cholerick spirits, and the *epilepsy* from fumes.—*Sir J. Floyer, Preternatural State of the animal Humours.*

Epilepsy [is a] sudden loss of sensation and consciousness, with spasmodic contraction of the voluntary muscles, quickly passing into violent convulsive distortions, attended and followed by sopor, recurring in paroxysms often more or less regular. *Epilepsy* has been noticed by all the ancient writers; but by none so fully and accurately as by Aretæus. The sudden and frightful seizure of which it consists, induced them to refer it to supernatural causes; and hence originated several of the names which have been applied to it.—*Copland, Dictionary of Practical Medicine.*

Epiléptic. *adj.* Convulsed; suffering from, or subject to, epilepsy.

A plague upon your *epileptick* visage!
Smile you my speeches, as I were a fool?
Shakespear, King Lear, ii. 2.

Epiléptic. *s.* Person afflicted with, or subject to, epileptic fits.

*Epileptick*s ought to breathe a pure air, unaffected with any steams, even such as are very fragrant.—*Arbuthnot, On the Nature and Choice of Aliments.*

With respect to the mental condition of *epileptics* during the intervals of their attacks, Dr. Reynolds concludes from his own observations:—1. That epilepsy does not necessarily involve any mental change. 2. That considerable intellectual impairment exists in some cases; but that it is the exception, and not the rule. 3. That women suffer more frequently and more severely than men. 4. That the commonest failure is loss of memory; and that this, if regarded in all degrees, is more frequent than integrity of that faculty. 5. That apprehension is more often found preserved than injured. 6. That ulterior mental changes are rare. 7. That depression of spirits and timidity are common in the male sex, but not in the female; that excitability of temper is found in both. —*Copland, Dictionary of Practical Medicine.*

Epiléptical. *adj.* Having the nature of, or disordered as by, an epilepsy: (Epileptic *commoner*).

In the previous use of some extatical solemnities, he became frantick and *epileptical.*—*J. Spencer, Vanity of vulgar Prophecies*, p. 36: 1665.

Epílogism. *s.* [Gr. ἐπιλογισμός.] Addition in the way of chronological computation; excess in reckoning; intercalation. *Rare.*

Some reckon the *epilogism* from Cyrus: some from the seventh, others from the twentieth of Artaxerxes Longimanus; accordingly ending the weeks, some at the profanation of the temple by Antiochus, &c.—*Gregory, Posthuma*, p. 156: 1650.

The Greek and Hebrew making a difference of two thousand years, . . . this *epilogism* must be detracted from the Hebrew, or superadded to the Greek.—*Ibid.* p. 171.

Epilogístic. *adj.* Having the nature of an epilogue.

These lines are an *epilogistic* palinode to the last elegy.—*T. Warton*, in his edition of *Milton's smaller Poems.*

Epílogize. *v. n.* [in the extract the *u* is intrusive, having been introduced either for the sake of preventing the *g* being sounded as *j*, or from the noun.] Speak an epilogue.

The dances ended, the spirit *epiloguizes.*—*Stage-Direction in Milton's Comus.*

Epílogize. *v. a.* Utter as an epilogue.

I was rude enough to interrupt the laugh of applause with which the charming companion of my new acquaintance was *epiloguizing* his witty raillery. —*Student*, i. 143: 1750.

Epílogue. *s.* [Gr. ἐπίλογος; Lat. *epilogus.*] Poem or speech at the end of a play.

If it be true that good wine needs no bush, 'tis true that a good play needs no *epilogue*; yet to good wine they do use good bushes, and good plays prove the better by the help of good *epilogues.*—*Shakespear, As you like it*, epilogue.

Are you mad, you dog?
I am to rise and speak the *epilogue.*
Dryden, Tyrannick Love.

Epinícial. *adj.* Relating to, connected with, or produced in honour of, a victory. *Rare.*

The spoils won in battle were carried in triumph, while an *epinicial* song was chanted.—*T. Warton, History of English Poetry*, dissertation. (Ord MS.)

Epinícion. *s.* [Gr. ἐπινίκιον, from ἐπί = upon, and νίκη = victory.] Song of triumph. *Rare.*

They distinguish between the trisagion and *epinicion*, or triumphal hymn.—*Christian Antiquities*, ii. 118.

I certainly did not mean, that the Saxon minstrels had ever sung a triumphal *epinicion* on Hengist's massacre.—*T. Warton, Rowley Enquiry*, p. 69.

Epíphany. *s.* [Gr. ἐπιφανεία = manifestation; from φαίνω = show.] Church festival, celebrated on the twelfth day after Christmas, in commemoration of our Saviour's being manifested to the world by the appearance of a star, which conducted the magi.

And through thy poor birth, where first thou
Glorified'st poverty,
And yet soon after riches didst allow,
By accepting kings' gifts in the *Epiphanie*,
Deliver, and make us to both ways free.
Donne, Poems, p. 343.

From Christmas to *Epiphany*, the church's design, in all her proper services, is to set forth the humanity of our Saviour, and to manifest him in the flesh; but from the *Epiphany* to Septuagesima Sunday, especially in the four following Sundays, she endeavours to manifest his divinity, by recounting to us in the Gospels some of his first miracles and manifestations of his deity.—*Wheatley, Rational Illustration of the Book of Common Prayer.*

Epíphytal. *adj.* Epiphytic: (the latter the *better* word).

Of the *epiphytal* class only one is found so far north as South Carolina.—*Lindley, The Vegetable Kingdom, Orchidaceæ.*

Épiphyte. *s.* [Gr. φύτον = plant, thing growing.] In *Botany.* Plant growing on another. (There is some unsteadiness in the use of this word, as well as in that of Parasite. Sometimes the two are strongly contrasted: a *parasite* being a plant which not only grows on another, but absorbs and assimilates its juices so as to be fed or nourished by it; while an *epiphyte* simply grows on it. The distinction is convenient. In the extract, however, it is suggested that an *epiphyte* may find nourishment as well as support, it only being denied that direct nourishment is the special object of the attachment.)

Epiphytes do not grow in earth; apparently because the peculiar organization of their roots renders them impatient of having those parts covered; and they prefer the branches of a tree to rocks, not perhaps because of any peculiar food which they find on trees, but because wood is a bad conductor of heat, and because they find shade among branches, while rocks conduct heat more rapidly, and are exposed to more dryness or more wetness. If rocks are soft, shaded, and so placed as to be exposed to no sudden changes of temperature, then *epiphytes* will grow as well on them as on trees.—*Lindley, Theory and Practice of Horticulture*, b. ii. ch. xv.

Epiphýtic. *adj.* Having the nature of an epiphyte.

As the leaves [of the Palmyra palm] nearest the ground begin to decay from the larger trees, a portion of their stalks still remain attached to the trunk. Grasping these, convolvuli, ipomœas, and other climbing plants, ascend in great variety, and clothe the palm with festoons of flowers and verdure. The cavities on the stem become also receptacles for *epiphytic* plants, which germinate and flourish there in infinite profusion.—*Sir J. E. Tennent, Ceylon*, pt. ix. ch. vi.

Episcopacy. *s.* Form of church government consisting in the superintendence of one clergyman over others; bishops as a body.

The bishops durst not contest with the assembly in jurisdiction; so that there was little more than the name of *episcopacy* preserved.—*Lord Clarendon, History of the Grand Rebellion.*

Prelacy itself cannot be proved by prescription, since *episcopacy* is not prescribed by any time whatsoever.—*Ayliffe, Parergon Juris Canonici.*

Hall, bishop of Norwich, had published a Humble Remonstrance in defence of *Episcopacy*, to which in 1641 five ministers, whose names [Stephen Marshall, Edmund Calamy, Thomas Young, Matthew Newcomen, William Spurstow] made the first letters of the

celebrated word Smectymnuus, gave the answer. Of this answer, a confutation was attempted by the learned Usher; and to the confutation Milton published a reply.—*Johnson, Lives of the Poets, Milton.*

While Charles was oppressing the people, Falkland was a resolute champion of liberty. He attacked Strafford. He even concurred in strong measures against *episcopacy.—Macaulay, Critical and Historical Essays, Hallam's Constitutional History.*

Episcopal. *adj.* [see Bishop.] Belonging to, or vested in, a bishop; constituted by the institution of bishops: (generally opposed to Presbyterian).

The plot of discipline sought to erect a popular authority of elders, and to take away *episcopal* jurisdiction.—*Hooker, Ecclesiastical Polity.*

The apostle commands Titus not only to be a pattern of good works himself, but to use his *episcopal* authority in exhorting every rank and order of men.—*Rogers.*

Episcopal. *s.* Adherent to, or partisan of, episcopacy: (Episcopalian *commoner*).

And the dissenting *episcopals*, perhaps discontented to such a degree, as, upon some fair unhappy occasion, would be able to shake the firmest loyalty which none can deny theirs to be.—*Swift, Letter on the Sacramental Test*, iv. 42. (Ord MS.)

Episcopálian. *adj.* Episcopal.

The discipline was chiefly *episcopalian.—Hughes, Continuation of Hume and Smollet's History of England.*

Episcopálian. *s.* Same as Episcopal, *s.*

This offended the *episcopalians.—Buckle, History of Civilization in England*, vol. ii. ch. iii.

Episcopálity. *s.* Episcopal character. *Rare.*

To whom the canons of the apostles give the power of sentence or constitution; Eusebius out of Egesippus, the throne of *episcopalitie.—Bishop Hall, Noah's Dove.* (Ord MS.)

Episcopally. *adv.* In an episcopal manner; by episcopal authority.

The necessity of the sacrament, and the invalidity of ecclesiastical functions when performed by persons who were not *episcopally* ordained, were entertained by many with great applause.—*Bishop Burnet, History of his own Time.*

Episcopárian. *adj.* Episcopal. *Rare.*

The pretended strictness and severity of the then established church government was not so effectual a remedy against all liberty in opinion and practice, as was the *episcoparian* government then lately thrown out of doors.—*Wood, Athenæ Oxonienses*, ii. 305. (Ord MS.)

Epíscopate. *s.* Bishopric; office and dignity of a bishop.

These great qualities at length conducted you so deservedly to the *episcopate.—Arnald, Commentary on the Apocrypha.*

Épiscopy. *s.* Survey; search. *Rare.*

If the censor, in his moral *episcopy*, being to judge most in matters not answerable by writ or action, could not use an instrument so gross and bodily as jurisdiction is, how can the minister of the gospel manage the corpulent and secular trial of bill and process in things merely spiritual?—*Milton, Reason of Church Government.*

Épisode. *s.* [Fr.; from Gr. ἐπεισόδιον.] Incidental narrative, or digression in a poem, separable from the main subject, yet rising naturally from it.

The poem hath no other *episodes* than such as naturally arise from the subject.—*Addison, Spectator.*

Of *episodes* [in the Paradise Lost], I think there are only two, contained in Raphael's relation of the war in heaven, and Michael's prophetic account of the changes to happen in this world. Both are closely connected with the great action: one was necessary to Adam as a warning, the other as a consolation.—*Johnson, Lives of the Poets, Milton.*

Faithfully adhering to the truth, which he does not suffer so much as an ornamental *episode* to interrupt, and equally studious to avoid the bolder figures of poetry, it is not surprising that Daniel should be little read.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries.*

Episódic. *adj.* Contained in an episode; pertaining to an episode.

I discover the difference between the *episodick* and principal action, as well as the nature of episodes.—*Notes on the Odyssey.*

Episódical. *adj.* Same as Episodic.

Episodical ornaments, such as descriptions and narrations, were delivered to us from the observations of Aristotle.—*Dryden.*

Epispástic. *adj.* and *s.* [Gr. σπάω = draw.] In *Medicine.* Acting as, or that which acts as, a blister.

The matter ought to be solicited to the lower parts, by fomentations, bathing, *epispasticks*, and blistering.—*Arbuthnot.*

Epístle. *s.* [Gr. ἐπιστολή; Lat. *epistola*; A.S. *epistol.*] Letter.

When loose *epistles* violate chaste eyes,
She half consents, who silently denies. *Dryden.*

Epístler. *s.* *Obsolete.*

1. Writer of letters.

But what needs the man to be so furiously angry with the good old *epistler*, for saying, that the Apostle's charge (Let every one have his own wife) is general to all?—*Bishop Hall, Honour of married Clergy*, p. 272.

The young *epistler* is yours to the antipodes, or at least to the centre of the earth!—*Echard, Grounds and Occasions of the Contempt of the Clergy and Religion enquired into*, p. 37.

2. One who at the communion table, in the service of our church, reads the epistle. *Rare.*

The principal minister using a decent cope, and being assisted with the gospeller and *epistler.—Ecclesiastical Constitutions and Canons*, § 24.

Epístolary. *adj.*

1. Relating to letters; suitable to letters.

Scarce allowing the author one *epistolary* compliment.—*Mannyngham, Discourses*, p. 63: 1681.

The first of our countrymen, however, who published a set of his own letters, though not in English, was Roger Ascham, who flourished about the time of the Reformation; and, when that mode of writing had been cultivated by the best scholars in various parts of Europe, was celebrated for the terseness of his *epistolary* style.—*T. Warton, History of English Poetry*, iv. 54.

We must confess that, if the *epistolary* style of Lord Byron was artificial, it was a rare and admirable instance of that highest art which cannot be distinguished from nature.—*Macaulay, Critical and Historical Essays, Moore's Life of Lord Byron.*

2. Transacted by letters.

I shall carry on an *epistolary* correspondence between the two heads.—*Addison.*

Epístolet. *s.* Little epistle. *Rare*, and probably *coined.*

You see thro' my wicked intention of curtailing this *epistolet* by the above device of large margin.—*Lamb, Letter to Barton.*

Epistólic. *adj.* Having the character of an epistle.

Some, when they write to their friends, are all affection; some are wise and sententious; some shew their powers for efforts of gaiety; some write news, and some write secrets; but to make a letter without affection, without wisdom, without gaiety, without news, and without a secret, is, doubtless, the great *epistolick* art.—*Johnson, Letter to Mrs. Thrale*, Oct. 27, 1777. (Ord MS.)

Epistólical. *adj.* Same as preceding.

I have an *epistolical* dissertation on John Malelas (for so he should be called, not Malela) in Dr. Mill's hands.—*Bentley, Letters*, p. 154.

Epístolize. *v. n.* Write letters.

There are some, who in liew of letters, write homilies; preach when they should *epistolize.—Howell, Familiar Letters*, i. i. 1.

Whence this proceeds I know not, unless it be from a charming kind of virtue that your letters carry with them to work upon my spirits, which are so full of facete and familiar friendly strains, and so punctual in answering every part of mine, that you may give the law of *epistolizing* to all mankind.—*Ibid.* iv. 27.

Very, very tired! I began this epistle, having been *epistolising* all the morning, and very kindly would I end it, could I find adequate expressions to your kindness.—*Lamb, Letter to Miss Fryer.*

Epístolizer. *s.* One who epistolizes.

Some modern authors there are who have exposed their letters to the world, but most of them, I mean among your Latin *epistolisers*, go freighted with mere Bartholomew ware, with trite and trivial phrases only, listed with pedantic shreds of schoolboy verses.—*Howell, Familiar Letters*, b. i. let. 1. (Ord MS.)

Epístrophe. *s.* [Gr.] In *Rhetoric.* Figure which concludes each member of a sentence with the same affirmation: (as, 'Since concord was *lost*, friendship was *lost*, fidelity was *lost*, liberty was *lost*, all was *lost*').

Épitaph. *s.* [Fr. *épitaphe*; Gr. τάφος = tomb.—see Ep-.] Inscription upon a tomb.

Live still, and write mine *epitaph.*
Shakespear, Merchant of Venice, iv. 1.

Some thy lov'd dust in Parian stones enshrine,
Others immortal *epitaphs* design;
With wit and strength, that only yields to thine.
Smith.

Épitaph. *v. a.* Describe, notice, or commemorate in an epitaph. *Rare.*

In particular he [Gabriel Harvey] plumed himself on having reformed the barbarism of English verse, by having set the example of modelling it after English hexameters. 'If I never deserve any better remembrance,' he exclaims in one of his pamphlets, 'let me be *epitaphed* the inventor of English hexameters.'—*Craik, History of the English Language* i. 477.

Épitaph. *v. n.* Write or speak after the manner of an epitaph. *Rare.*

The commons, in their speeches, *epitaph* upon him, as on that pope, 'He lived as a wolfe, and died as a dogge.'—*Bishop Hall, Heaven upon Earth*, lect. xviii. (Ord MS.)

Epitáphian. *adj.* Pertaining to an epitaph. *Rare.*

Like that doughty centurion Afranius in Lucian; who to imitate the noble Pericles in his *epitaphian* speech, stepping up after the battle to bewail the slain Severianus, falls into a pitiful condolement to think of those costly suppers and drinking banquets, which he must now taste of no more.—*Milton, Animadversions upon a Defence of the Humble Remonstrance.*

Epithalámium. *s.* [Gr. ἐπιθαλάμιον, from θάλαμος = bed.—in Spenser, who also wrote a *Prothalamium*, the form is that of the original Greek, Epithalamion; in which case it is opposed to Prothalamium.] Nuptial song in praise of marriage, and of the bride and bridegroom.

I presume to invite you to these sacred nuptials, the *epithalamium* sung by a crowned muse.—*G. Sandys, Paraphrase on the Psalms of David, and the Hymns dispersed throughout the Old and New Testament.*

They embarked with their musical instruments in several barges, and coming under the galleries of the Royal Charles, sang the various carols, sonnets, madrigals, canzoni, and *epithalamiums* that had been composed in honour of her nuptials.—*Strickland, Lives of the Queens of England, Catharine de Braganza.*

Epithálamy. *s.* Anglicized form of Epithalamium. *Rare.*

He shew'd us how for sins we ought to sigh,
And how to sing Christ's *epithalamys.*
Poem on Donne's Death, Donne's Poems: 1650.

Epithélial. *adj.* Connected with, relating to, or consisting of, Epithelium.

(For example see extract under next entry.)

Epithélium. *s.* [?] In *Anatomy.* Cuticle or scarfskin of the mucous surfaces of the body of animals, to which it bears the same relation that the epidermis does to the cutaneous.

The entire alimentary canal consists of three tunics,—an external, fine, membranous, or peritoneal layer; a compact muscular coat composed of a layer of longitudinal and a layer of circular fibres, most developed at the two extremes of the canal; and an internal mucous coat, the chitinous *epithelium* of which is thickest at the pharynx and the rectum. Between the muscular and *epithelial* coats, in the intestinal division, there is a white spongy layer of tissue, composed of aggregated cells, compared by Ramdohr to transuded chyle, and which is sometimes the seat of gastric glands. . . . Uric acid has been detected in these [the Malpighian] tubes: they have no proper *epithelial* lining, but are filled with cells, disposed in rows: these cells contain mucus and numerous fine granules, which impart a yellowish or greenish colour to the tubes.—*Owen, Lectures on Comparative Anatomy*, lect. xvii.

Épithem. *s.* [Gr. ἐπίθεμα.] In *Medicine.* Light dressing, applied externally.

Epithems, or cordial applications, are justly applied unto the left breast.—*Sir T. Browne, Vulgar Errours.*

Cordials and *epithems* are also necessary, to resist the putrefaction and strengthen the vitals.—*Wiseman, Surgery.*

Épithet. *s.* [Gr. ἐπίθετον (from ἐπί = on, and θέω, τίθημι = put, place); Fr. *épithète.*]

1. Adjective denoting any quality good, or bad: (as, 'The *verdant* grove, the *craggy* mountain's *lofty* head;' often equivalent to Expletive, which it nearly translates).

It is the just *epithete* of the world, which Julius Scaliger gives unjustly to London, 'torva peregrinis.'—*Bishop Hall, Remains*, p. 203.

I affirm with phlegm, leaving the *epithets* of false, scandalous, and villainous to the author.—*Swift.*

Epithets, in the rhetorical sense, denote, not every adjective, but those only which do not add to the sense, but signify something already implied in the noun itself; as, if one says, 'the glorious sun;' on the other hand, to speak of the 'rising' or 'meri-

dian sun' would not be considered as, *in* this sense, employing an *epithet*. It is a common practice with some writers to endeavour to add force to their expressions by accumulating high-sounding *epithets*, denoting the greatness, beauty, or other admirable qualities of the things spoken *of*; but the effect is generally the reverse of what is intended.—*Whately, Elements of Rhetoric*, pt. iii. ch. ii. §. 4.

A prince [Henry III.] to whom the *epithet* of worthless seems best applicable.—*Hallam, View of the State of Europe during the middle Ages*, ch. viii. pt. 2.

2. Title; name.

The *epithet* of shades belonged more properly to the darkness than the refreshment.—*Dr. H. More, Decay of Christian Piety.*

3. Phrase; expression.

For which of my good parts did you first suffer love for me?—Suffer love! a good *epithet*: I do suffer love indeed; for I love thee against my will.—*Shakespear, Much Ado about Nothing*, v. 2.

Épithet. *v. a.* Entitle; describe the quality of. *Rare.*

Never was a town better *epitheted*.—*Sir H. Wotton, Reliquiæ Wottonianæ*, p. 566.

Epithumétical. *adj.* [Gr. ἐπιθυμία = desire.] Sensual. *Rare.*

By the girdle, the heart and parts which God requires and divided from the inferior are *epithumeticall* organs; implying thereby a memento unto purification and cleannesse of heat, which is commonly defiled from the concupiscence and affection of those parts.—*Sir T. Browne, Vulgar Errours*, p. 267. (Ord MS.)

Epítome. *s.* [Gr. ἐπιτομή (from τέμνω = I cut, τομή = cutting); Fr. *épitome*.—in English the final *e* is sounded, so that the word is a quadrisyllable.] Abridgement; abbreviature; compendious abstract; compendium.

This is a poor *epitome* of yours,
Which, by th' interpretation of full time,
May shew like all yourself.
Shakespear, Coriolanus, v. 3.

Epitomes are helpful to the memory, and of good private use; but set forth for public monuments, accuse the industrious writers of delivering much impertinency.—*Sir H. Wotton.*

It would be well, if there were a short and plain *epitome* made, containing the most material heads.—*Locke.*

Such abstracts and *epitomes* may be reviewed in their proper places.—*Watts, Improvement of the Mind.*

The intimate acquaintance with all the varieties of life forced on him by his position in the midst of a moving *epitome* of the world, which vividly reflected them all, failed to teach him distrust or discretion.—*Talfourd, Memoirs of C. Lamb.*

Epítomist. *s.* Same as Epitomizer.

Both this Brennus, and another famous captain Britomarus, whom the *epitomist* Florus and others mention.—*Milton, History of England.*

Epítomize. *v. a.* Abstract; contract into a narrow space; diminish by amputation; curtail.

Who did the whole world's soul contract, and drove
Into the glasses of your eyes;
So made such mirrours and such spies,
That they did all to you *epitomise*.
Donne, Poems, p. 10.

If the ladies take a liking to such a diminutive race, we should see mankind *epitomised*, and the whole species in miniature.—*Addison.*

We have *epitomised* many particular words, to the detriment of our tongue.—*Id., Spectator.*

Epítomize. *v. n.* Make an epitome or abstract.

But, above all, Alfred served in the great army of learning himself as a translator. His translations do not pretend to servile accuracy: sometimes he expands to explain a difficulty, or inserts a fuller account from his own knowledge or from the report of travellers at his court; more often he *epitomizes* as if he were giving the truth of the paragraph that had just been read to him.—*C. H. Pearson, The early and middle Ages of England*, ch. ii.

Epítomizer. *s.* Abridger; abstracter; writer of epitomes.

When that *epitomizer* of Trogus had to the full described and set out king Ptolomy's riot, as a chief engine and instrument of his overthrow, he adds fiddling and dancing.—*Burton, Anatomy of Melancholy*, p. 496.

Dion Cassius, or his *epitomizer* Xiphiline, will help you out.—*Hales, Golden Remains*, p. 272.

Epizóon. *s.* pl. *epizoa*. [Gr. ζῶον = animal.] In *Zoology*. Member of the class Epizoa, a division of the Crustacea consisting of parasites which infest the eyes, gills, and other parts of fishes; those on the eyes of the sprat and the gills of the salmon being the best known.

The *epizoa* are of distinct sexes: the male appears always to retain his freedom, and is, perhaps on that account, singularly smaller than the female.... You will not unfrequently find adhering to the eye of the sprat an *epizoon* or lernæa.... The *epizoa* differ from one another in their mode of adhering to the fish they infest: some stick fast by a suctorial mouth; others by processes that grow from the head; but the most common mechanism of adhesion in this singular class is a circular sucker, developed upon the confluent extremities of a pair of obscurely jointed tubular feet—the third thoracic limbs of the larva—as in the Lerneopoda of the shark, the Achtheres of the perch, and the Tracheliastes of the chub.—*Owen, Lectures on Comparative Anatomy*, lect. xiii.

Epizoótic. *adj.* Epidemic disease attacking the lower animals.

It has been observed also, that shortly before, or during, or soon after the prevalence of these epidemic catarrhs, *epizootic* diseases have raged; various species of brutes, and of birds, have been extensively affected with sickness; while, on some occasions, prodigious swarms of insects have made their appearance.—*Watson, Lectures on the Principles and Practice of Physic*, lect. xlix.

Epoch. *s.* [Gr. ἐποχή; from ἐπέχειν = stop, rest.] Time at which a new computation is begun; time from which dates are numbered; memorable period.

These are the practices of the world, since the year sixty; the grand *epoch* of falsehood, as well as debauchery.—*South, Sermons.*

Some lazy ages, lost in sleep and ease,
No action leave to busy chronicles:
Such, whose supine felicity but makes
In story chasms, in *epoches* mistakes.
Dryden, Astræa Redux.

Their several *epochs* or beginnings, as from the creation of the world, from the flood, from the first Olympiad, from the building of Rome, or from any remarkable passage or accident, give us a pleasant prospect into the histories of antiquity and of former ages.—*Holder, Discourse concerning Time.*

Time is always reckoned from some known parts of this sensible world, and from some certain *epochs* marked out to us by the motions observable in it.—*Locke.*

Épocha. *s.* Same as preceding.

Moses distinctly computes by certain intervals, memorable æras and *epochas*, or terms of time.—*Sir T. Browne.*

Time, by necessity compell'd, shall go
Through scenes of war, and *epochas* of woe. *Prior.*

Épode. *s.* [Gr. ἔπῳδος = addition or supplement to an ode (ᾠδή = song, lyric composition), supplementary ode.—the *-e* is advantageously retained, as the pronunciation is *épōd*, not *épŏdd* as in derivatives from ὁδός = way.] An Anglicized form of the Greek direct, or of the Greek derived through the Latin, in which language the word is adopted. (The only *English* epodes which are other than this, belong to the so called *Pindaric* odes of the seventeenth century. See Pindaric.)

1. In the *Greek* sense. Stanza, following the Strophe and Antistrophe in lyrical poems, and concluding the metrical or musical system.

Strophe, antistrophe, or *epode*, ... were a kind of stanzas framed only for the musick.—*Milton, Preface to Samson Agonistes.*

2. In the *Latin* sense. Poems of Horace so called, or poems of their character: (the most prominent *distinction* between which and the odes, in the Horatian poems, consists in the *metre*, which is *Iambic* in the epodes, but never in the odes).

Epónym. *s.* [Lat. *eponymus*; Gr. ἐπώνυμος, from ὄνυμα = name.] As a word coming into current use in works on mythology and primitive history, it means the hypothetical individual who is assumed as the person from whom any race or tribe took its name, e.g. *Hellen* is an *eponymos* of the *Hellenes*. (The Greek and Latin forms *Eponymos* and *Eponymus* (plural *eponymi*) both occur. *Eponymic, Eponymous*, and *Eponymy* are congeners.)

If the citizen lived at so late a day that the attempt to trace back his own line to its divine founder became presumptuous and useless, he could still take refuge in the legends which traced the origin of his city, his tribe, or his clan, to some one of the glorious beings who were free from the doom of old age or death. Every country, every autonomous town, nay, even many a hamlet, thus had its *eponymous* hero.... The fifty sons of Lycaon supplied *eponyms* for as many Arcadian townships.—*Cox, Tales of Thebes and Argos*, introd. p. 2 and note.

Thucydides was somewhat prone to believe in *epônymi*—that is, he had no objection to say that Italy was named after Italos, king of the Sikels.—*Ibid.*

Epopeé. *s.* [Gr. ἐποποιία (from ἐπός = discourse, ποιέω = make); Fr. *épopée*.] Epic poem.

Tragedy borrows from the *epopee*, and that which borrows is of less dignity, because it has not of its own.—*Dryden, Preface to Translation of Virgil.*

In France the Trouvères had in the last century begun their inexhaustible, immeasurable *epopées*.—*Milman, History of Latin Christianity*, b. ix. ch. ix.

Epulátion. *s.* [Lat. *epula* = feast.] Banquet; feast.

Contented with bread and water, when he would dine with Jove, and pretended to *epulation*, he desired no other addition than a piece of cheese.—*Sir T. Browne, Vulgar Errours.*

Epulótic. *s.* [Gr. ἔπουλος = ulcer, abscess, sore, or wound scarred over.] In *old Medicine*. Dressing for a sore. *Obsolete.*

The ulcer, incarned with common sarcoticks, and the ulcerations about it were cured by ointment of tuty, and such like *epuloticks*.—*Wiseman, On Inflammation.*

Epyórnis. *s.* [Gr. αἰπύς = lofty, ὄρνις = bird: a coined word.—The enormous eggs of the bird to which it applies being well known, and no other name of a more English character being likely to become current, it is entered on the principle which admitted Hippopotamus, and which admits Dinornis and others. Its etymology is exceptionable, the *-y-* in *æpy-* being neither (*exactly*) the root, nor the connecting vowel. By an etymological fiction it would be convenient to spell it Epiornis; *epi* = in excess, and *epiornis* being the bird of which the ornithological characteristics are in excess. The reasons for this are not purely etymological. Write *epyornis*, and chances are that it will be made a trisyllable, and the second syllable be sounded *-yawn*.] Bird so called.

The hugest known egg of a bird is that of the extinct *æpyornis* of Madagascar; ... the contents are computed to equal those of six ostrich's eggs, and a hundred and forty-eight hen's eggs.—*Owen, Anatomy of Vertebrates*, ii. 256.

Equability. *s.* Evenness; uniformity of temper.

There is also moderation in toleration of fortune in every sorte, which of Tully is called *equabilitie*.—*Sir T. Elyot, The Governour*, fol. 188.

For the celestial bodies, the *equability* and constancy of their motions argue them ordained by Wisdom.—*Ray.*

The *equability* of the temperature of the air rendered the Asiaticks lazy.—*Arbuthnot, On the Effects of Air on human Bodies.*

Few will hesitate to acknowledge that he has more fancy and tenderness than Waller, but less choice, less judgement and knowledge where to stop, less of the *equability* which never offends, less attention to the unity and thread of his little pieces.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, pt. iii. ch. v.

Équable. *adj.* Equal to itself; even; uniform in respect to form, motion, or temperature.

He would have the vast body of a planet to be as elegant and round as a factitious globe represents it; to be every where smooth and *equable*, and as plain as elysian fields.—*Bentley.*

The style of Drayton is sustained with extraordinary ability on an *equable* line, from which he seldom much deviates, neither brilliant nor prosaic: few or no passages could be marked as impressive, but few are languid or mean.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, pt. iii. ch. v.

Équably. *adv.* In an equable manner; uniformly; in the same tenor; evenly; equally to itself.

If bodies move *equably* in concentrick circles, and the squares of their periodical times be as the cubes of their distances from the common centre, their centripetal forces will be reciprocally as the squares of the distances.—*Cheyne.*

Équal. *adj.* [Lat. *æquālis*; *æqualitas*, *-ātis*]

1. Like another in bulk, excellence, or any other quality that admits comparison; neither greater nor less; neither worse nor better.

If thou be among great men, make not thyself *equal* with them.—*Ecclesiasticus*, xxxii. 9.

Equal lot
May join us; *equal* joy, as *equal* love.
Milton, Paradise Lost, ix. 881.

Although there were no man to take notice of it, every triangle would contain three angles *equal* to two right angles.—*Sir M. Hale, Origination of Mankind.*

2. Adequate to any purpose.

The Scots trusted not their own numbers, as *equal* to fight with the English.—*Lord Clarendon, History of the Grand Rebellion.*

3. Even; uniform; level; parallel; proportionate.

He laughs at all the vulgar cares and fears,
At their vain triumphs, and their vainer tears;
An *equal* temper in his mind he found,
When fortune flatter'd him, and when she frown'd.
Dryden.

It is not permitted me to make my commendations *equal* to your merit.—*Id., Fables*, dedication.

4. Indifferent; impartial; neutral; just; equitable. *Latinism*: (*æquus* = just; *iniquus* (*in* + *æquus*) = unjust. The extract from Jonson is even more of a translation (*pauci quos æquus amavit Jupiter*) than the professed one from Dryden.)

Some few,
Whom *equal* Jove hath lov'd.
B. Jonson, Cynthia's Revels.

Is not my way *equal*? are not your ways unequal?—*Ezekiel*, xviii. 25.

Each to his proper fortune stand or fall;
Equal and unconcern'd I look on all:
Rutilians, Trojans, are the same to me,
And both shall draw the lots their fates decree.
Dryden, Virgil's Æneid.

5. Being upon the same terms.

They made the married, orphans, widows, yea and the aged also, *equal* in spoils with themselves.—2 *Maccabees*, viii. 30.

Équal. *s.*

1. One not inferior or superior to another.

He is enamoured on Hero: I pray you, dissuade him from her: she is no *equal* for his birth.—*Shakespear, Much Ado about Nothing*, ii. 1.

He would make them all *equals* to the citizens of Rome.—2 *Maccabees*, ix. 15.

2. One of the same age.

I profited in the Jews' religion above many my *equals* in mine own nation.—*Galatians*, i. 14.

3. Equality; level (by which it has, probably, been superseded).

Thou that presum'st to weigh the world anew,
And all things to an *equall* to restore,
Instead of right, me seems, great wrong dost shew,
And far above thy force's pitch to soar.
Spenser, Faerie Queen, iv. 2, 34.

Équal. *v. a.*

1. Make one thing or person equal to another.

What shall I *equal* to thee, that I may comfort thee, O virgin daughter of Zion?—*Lamentations*, ii. 13.

2. Rise to the same state with another person.

And will she yet abase her eyes on me, ...
O me whose all not *equals* Edward's moiety.
Shakespear, Richard III. i. 2.

I know nobody so like to *equal* him, even at the age he wrote most of them, as yourself.—*Trumbull, Letter to Pope.*

3. Recompense fully; answer in full proportion.

She sought Sicheus through the shady grove,
Who answer'd all her cares, and *equall'd* all her love. *Dryden, Virgil's Æneid.*
Nor you, great queen, these offices repent,
Which he will *equal*, and perhaps augment. *Ibid.*

Equálity. *s.*

1. Evenness; uniformity; constant tenour; equability.

Measure out the lives of men, and periodically define the alterations of their tempers, conceive a regularity in mutations, with an *equality* in constitutions, and forget that variety which physicians therein discover.—*Sir T. Browne, Vulgar Errours.*

2. Likeness with regard to any quantities compared.

Equality of two domestick powers,
Breeds scrupulous faction.
Shakespear, Antony and Cleopatra, i. 3.

According to this *equality* wherein God hath placed all mankind, with relation to himself, in all the relations between man and man there is a mutual dependance.—*Swift.*

Equalizátion. *s.* Bringing to, state of, equality.

Our scheme of *equalization* requires, that accordingly as any individual on the scale, our depressing powers should counteract and balance his ascending powers.—*Cumberland, Observer*, no. 43. (Ord MS.)

I have never conceived, or can conceive, that the connexion is strengthened by making the major part of the inhabitants of your country believe, that their ease, and their satisfaction, and their *equalization* with the rest of their fellow-subjects of Ireland, are things adverse to the principles of that connexion.—*Burke, Letter on the Affairs of Ireland.*

Équalize. *v. a.*

1. Make even.

To *equalise* accounts, we will allow three hundred years, and so long a time as we can manifest from the Scripture.—*Sir T. Browne.*

2. Run parallel with; rival.

A prince, who had he not been hindered with domestical discords, would have *equalized* Cæsar himself.—*Fuller, History of the Holy War*, p. 204.

That would make the moved body, remaining what it is, in regard of its bigness, to *equalise* and fit a thing bigger than it is.—*Sir K. Digby, Treatise on the Nature of Bodies.*

3. Make equal; reduce to a condition of equality.

The Virgin they do at least *equalize* to Christ.—*Dr. H. More, Antidote against Idolatry*, ch. v.

No system of instruction will completely *equalize* natural powers; and yet it may be of service towards their improvement. A youthful Achilles may acquire skill in hurling the javelin under the instruction of a Chiron, though the master may not be able to compete with the pupil in vigour of arm.—*Whately, Elements of Logic*, pref.

Office of itself does much to *equalise* politicians. It by no means brings all characters to a level; but it does bring high characters down and low characters up towards a common standard. In power the most patriotic and most enlightened statesman finds that he must disappoint the expectations of his admirers.... On the other hand, power turns the very vices of the most worthless adventurer, his selfish ambition, his sordid cupidity, his vanity, his cowardice, into a sort of public spirit.—*Macaulay, History of England*, ch. xxiv.

Équally. *adv.* In an equal manner.

1. In the same degree with another person or thing; alike.

The covetous are *equally* impatient of their condition, *equally* tempted with the wages of unrighteousness, as if they were indeed poor.—*Rogers.*

2. Evenly; equably; uniformly.

If the motion of the sun were as unequal as of a ship, sometimes slow, and at others swift; or, if being constantly *equally* swift, it yet was not circular, and produced not the same appearances, it would not help us to measure time more than the motion of a comet does.—*Locke.*

3. Impartially.

We shall use them,
As we shall find their merits and our safety
May *equally* determine.
Shakespear, King Lear, v. 3.

4. In just proportion.

What I give, let *equally* be rendered
For my soul's health.
Beaumont and Fletcher, Spanish Curate.

Équalness. *s.* Attribute suggested by Equal: (Equality *commoner*).

Let me lament ... that our stars
Unreconcileable should have divided
Our *equalness* to this.
Shakespear, Antony and Cleopatra, v. 1.

Equanímity. *s.* [Lat. *æquanimitas*.] Evenness of mind, neither elated nor depressed.

That is a kinde of doggish stupiditie, rather than Christian *equanimitie*, as one well saith.—*Gataker, True Contentment*, 164. (Ord MS.)

This watch over a man's self, and the command of his temper, I take to be the greatest of human perfections ... I do not know how to express this habit of mind, except you will let me call it *equanimity*. It is a virtue which is necessary at every hour, in every place, and in all conversations.—*Tatler.*

Equánimous. *adj.* Even; not dejected; not elated. *Rare.*

Out of an *equanimous* civility to his many worthy friends.—*Bishop Gauden, Life of Bishop Brownrigg*, p. 219: 1660.

Equátion. *s.*

1. In *Arithmetic.* Equivalence of two quantities differently expressed, as 9 − 4 = 5.

2. In *Algebra.* Same as the preceding, except that some element is expressed generally and symbolically, the solution of the problem thus involved being founded on the properties of numbers.

Thus, 9 − 4 = 5, is an equation expressing the equality of 9 − 4 and 5; and $a+b-c=d$ is an equation denoting that the difference between the sum of $a+b$ and c is equal to d; the quantities between which the sign = is placed being called the two sides of the *equation*.—*Rees, Cyclopædia*, in voce.

3. Average.

By an argument taken from the *equations* of the times of the eclipses of Jupiter's satellites, it seems that light is propagated in time, spending in its passage from the sun to us about seven minutes of time.—*Sir I. Newton, Opticks.*

Equátor. *s.* [Lat.] In *Geography.* See last extract. A *proper*, rather than a common, *name*; hence, generally preceded by the definite article.

By reason of the convexity of the earth, the eye of man, under the *equator*, cannot discover both the poles; neither would the eye, under the poles, discover the sun in the *equator*.—*Sir T. Browne, Vulgar Errours.*

On the other side the *equator*, there is much land still remaining undiscovered.—*Ray, Wisdom of God manifested in the Works of the Creation.*

The *equator* on the earth, or equinoctial in the heavens, is a great circle, whose poles are the poles of the world. It divides the globe into two equal parts, the northern and southern hemispheres. It passes through the east and west points of the horizon; and at the meridian is raised as much above the horizon as is the complement of the latitude of the place. Whenever the sun comes to this circle, it makes equal days and nights all round the globe, because he then rises due east, and sets due west, which he doth at no other time.—*Harris.*

Equatórial. *adj.* Pertaining to the equator; taken at the equator.

The planets have spheroidical figures, and obliquities of their *equatorial* to their ecliptick planes.—*Cheyne.*

Equatórial. *s.* Astronomical instrument so constructed as to retain a celestial object within the field of view, while above the horizon.

The idea of applying clockwork to *equatorials* is much earlier than the time of Passemant. Hooke, in his 'Animadversions on the First Part of the Machina Celestis of Hevelius (1674), proposes to mount his quadrant on a polar axis; and he describes 'the watchwork which is to make it move round in the same time with the diurnal revolution of the earth.' Passemant was born only in 1702.—*Smith and Grant, Translation of Arago's Popular Astronomy*, b. xiii. ch. viii. note.

Équery. *s.* [Fr. *escurie*; L.Lat. *scuria*, or *scura* = stable for a horse (*equus*).] Officer who has the care of horses.

Quick and active as an *equerry*, smooth and eloquent as a master of the ceremonies.—*Tatler*, no. 19.

Equéstrian. *adj.* [Lat. *equestris*.]

1. Having the habit of riding on horseback.

An *equestrian* lady appeared upon the plains.—*Spectator.*

2. Belonging to the rank of equites in Rome.

It had always been his favourite system, to strengthen the power of the senate by a close union with the *equestrian* order.—*Lord Lyttelton.*

A sort of *equestrian* order, who by the spirit of that middle situation, are the fittest for preventing things from running to excess.—*Burke.*

Equiángular. *adj.* Having equal angles.

An equilateral figure inscribed in a circle is always *equiangular*; but an *equiangular* figure inscribed in a circle is not always equilateral.—*Rees, Cyclopædia.*

Equibálance. *v. a.* Balance equally.

In Mahomet, who subdued Constantinople and the eastern empire, the passions of amorousness and ambition were almost *equibalanced*.—*Christian Religion's Appeal to the Bar of Reason*, p. 48 (Ord MS.)

Equicrúral. *adj.* Having two equal legs or sides. See Isosceles. *Rare.*

We successively draw lines from angle to angle, until seven *equicrural* triangles be described.—*Sir T. Browne, Vulgar Errours.*

Équicrure. *adj.* [Lat. *crus*, *crūris* = leg.] Same as Equicrural. *Rare.*

An *equicrure* triangle goes upon a certain proportion of length and breadth.—*Sir K. Digby, Operations and Nature of Man's Soul.*

Equidístance. *s.* Equal distance or remoteness.

The collateral *equidistance* of cousin-german from the stock whence both descend, hath in it no such appearance of inequality.—*Bishop Hall, Cases of Conscience*, p. 334.

The Antœci are also opposite, but vary neither in meridian nor *equidistance* from the horizon respecting either hemisphere.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 5.

Equidístant. *adj.* Separated by the same distance.

Into our reason flow, and there doe end
All, that this natural world doth comprehend;
Quotidian things, and *equidistant* hence,
Shut in, for man, in one circumference.
Donne, Poems, p. 240.

The fixt stars are not all placed in the same concave superficies, and *equidistant* from us, as they seem to be.—*Ray.*

Equidístantly. *adv.* At the same distance.

The liver, seated on the right side, by the subclavian division *equidistantly* communicates unto either arm.—*Sir T. Browne.*

A circle drawn *equidistantly* from these describeth the equator.—*Gregory, Posthuma*, p. 282: 1650.

Equidiúrnal. *adj.* See Equinoctial.

Equifórmity. *s.* Uniform equality.

No diversity or difference, but a simplicity of parts and *equiformity* of motion.—*Sir T. Browne, Vulgar Errours.*

Equiláteral. *adj.* [Lat. *latus, -eris* = side.] Having all sides equal.

Circles or squares, or triangles *equilateral*, which are all figures of equal lines, can differ but in greater or lesser.—*Bacon.*

Trifling futility appears in their twelve signs of the zodiack and their aspects: why no more aspects than diametrically opposite, and such as make *equilateral* figures?—*Bentley.*

Equiláteral. *s.* Side exactly corresponding to another.

Opposite to this castle is erected the sepulcher of Balsaman's beloved queen, in the high way as we passed: 'tis of four *equilaterals* raised above eight yards high, the material stone well squared, and very apparent and comely.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 200.

Equilíbrate. *v. a.* [Lat. *libra* = balance; *poise* = weight being its English equivalent.] Balance equally; keep even with equal weight on each side. *Rare.*

The bodies of fishes are *equilibrated* with the water in which they swim.—*Arbuthnot, On the Effects of Air on human Bodies.*

Here, as wherever there are antagonistic actions, we see rhythmical divergences on opposite sides of the medium state—changes which *equilibrate* each other by their alternate excesses.—*Herbert Spencer, Inductions of Biology.*

Equilibrátion. *s.* Equipoise; equilibrium; act of keeping the balance even.

The accession of bodies upon, or secession thereof from the earth's surface, perturb not the *equilibration* of either hemisphere.—*Sir T. Browne, Vulgar Errours.*

In so great a variety of motions, as running, leaping, and dancing, nature's laws of *equilibration* are observed.—*Sir J. Denham.*

Thus from the persistence of force follow, not only the various direct and indirect *equilibrations* going on around, together with that cosmical *equilibration* which brings evolution under all its forms to a close; but also those less manifest *equilibrations* shown in the re-adjustments of moving equilibria that have been disturbed.—*Herbert Spencer, First Principles.*

Equilíbrious. *adj.* Equally poised.

'Tis a great instance of the Divine Wisdom, that our faculties are made in so regular and *equilibrious* an order.—*Glanville, Pre-existence of Souls*, p. 110.

Our rational and sensitive propensions are made in such a regular and *equilibrious* order, that proportionably as the one does increase in activity, the other always decays.—*Scott, Christian Life*, i. 3.

Equilíbriously. *adv.* In equipoise.

Some truths seem almost falsehoods, and some falsehoods almost truths; wherein falsehood and truth seem almost *equilibriously* stated, and but a few grains of distinction to bear down the balance.—*Sir T. Browne, Christian Morals*, iii. 3.

Equilíbrist. *s.* One who balances a thing equally. *Rare.*

A monkey has lately performed there [at the Haymarket in 1763], both as a rope-dancer, and an *equilibrist*, such tricks as no man was thought equal to, before the Turk appeared in England.—*Granger, Biographical History of England*, b. iv. ch. xii.

Equilíbrium. *s.* [Lat.] Equipoise; equality of weight.

Things are not left to an *equilibrium*, to hover under an indifference whether they shall come to pass, or not come to pass.—*South.*

Health consists in the *equilibrium* between those two powers, when the fluids move so equally that they don't press upon the solids with a greater force than they can bear.—*Arbuthnot.*

The phrase unstable *equilibrium* is one used in mechanics to express a balance of forces of such kind, that the interference of any further force, however minute, will destroy the arrangement previously subsisting; and bring about a totally different arrangement. Thus, a stick poised on its lower end is in unstable *equilibrium*: however exactly it may be placed in a perpendicular position, as soon as it is left to itself it begins, at first imperceptibly, to lean on one side, and with increasing rapidity falls into another attitude. Conversely, a stick suspended from its upper end is in stable *equilibrium*: however much disturbed, it will return to the same position.—*Herbert Spencer, First Principles*, ch. xiii. § 109.

Plural in *-a.*

In every diversely moving aggregate, there results a comparatively early dissipation of motions which are smaller and much resisted; followed by long-continuance of the larger and less-resisted motions; and so there arise dependent and independent moving *equilibria*. Hence also may be inferred the tendency to conservation of such moving *equilibria*; since, whenever the new motion given to the parts of a moving *equilibrium* by a disturbing force, is not of such kind and amount that it cannot be dissipated before the pre-existing motions (in which case it brings the moving *equilibrium* to an end) it must be of such kind and amount that it can be dissipated before the pre-existing motions (in which case the moving *equilibrium* is re-established).—*Ibid.*

In the *Latin ablative.*

It is in *equilibrio*
If deities descend or no. *Prior.*

Equínal. *adj.* Relating to a horse.

Bearing an *equinal* shape.—*Heywood, Hierarchy of Angels*, p. 175: 1635.

Équine. *adj.* [Lat. *equinus, equus* = horse.] Relating to, connected with, or constituted by, horses.

This is connected with the *equine* group, consisting of the horses, quaggas, and zebras.—*Swainson, Natural History and Classification of Quadrupeds.*

Equinécessary. *adj.* Needful in the same degree.

For both to give blows and to carry,
In fights, are *equinecessary*. *Butler, Hudibras.*

Equinóctial. *adj.* (used also *substantivally.*)

1. Pertaining to, or connected with, the equinox: (as '*equinoctial* gales').

Thrice the *equinoctial* line
He circled; four times cross'd the car of night
From pole to pole, traversing each colure.
Milton, Paradise Lost, ix. 64.

In like manner, when astronomy took the form of a speculative science, words were invented to denote distinctly the conceptions thus introduced. Thus the sun's annual path among the stars, in which not only solar, but also all lunar eclipses occur, was termed the ecliptic. The circle which the sun describes in his diurnal motion, when the days and nights are equal, the Greeks called the equidiurnal (ἰσημερινός,) the Latin astronomers the *equinoctial*, and the corresponding circle on the earth was the equator. The ecliptic intersected the *equinoctial* in the *equinoctial* points.—*Whewell, Novum Organon renovatum*, p. 262.

2. Being near the equinoctial line; having the properties of things near the equator.

In vain they covet shades and Thracia's gales,
Pining with *equinoctial* heat. *Philips.*

Equinóctially. *adv.* With an equinoctial character.

They may be refrigerated inclanately, or somewhat *equinoctially*; that is, towards the eastern and western points.—*Sir T. Browne.*

Équinox. *s.* [Lat. *nox, noctis* = night.]

1. Time when the nights and days are of equal length: (hence, generally preceded by the *definite article*).

Equinoxes are the precise times in which the sun enters into the first point of Aries and Libra; for then, moving exactly under the equinoctial, he makes our days and nights equal. This he doth twice a year, about the 21st of March and 23rd of September, which therefore are called the vernal and autumnal *equinoxes*.—*Harris.*

'Twas now the month in which the world began,
If March beheld the first created man;
And since the vernal *equinox*, the sun
In Aries twelve degrees or more had run. *Dryden.*

2. Equinoctial gale. *Poetical.*

The passage yet was good; the wind, 'tis true,
Was somewhat high, but that was nothing new,
No more than usual *equinoxes* blew. *Dryden.*

3. Equality; even measure. *Improper.*

Do but see his vice;
'Tis to his virtue a just *equinox*,
The one as long as th' other.
Shakespear, Othello, ii. 3.

Equinúmerant. *adj.* Having the same number; consisting of the same number.

This talent of gold, though not *equinumerant*, nor yet equiponderant, as to any other; yet was equivalent to some correspondent talent in brass.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

Equíp. *v. a.* [Fr. *équiper*; from the older form of *ship.*]

1. Fit a ship for sea.

People who *equipped* ships for the war against Troy.—*Bishop Patrick, Paraphrases and Commentaries on the Old Testament, Judges*, v. 14.

2. Furnish, or accoutre, generally.

The country are led astray in following the town; and *equipped* in a ridiculous habit, when they fancy themselves in the height of the mode.—*Addison, Spectator.*

They whose plight is best and hearts are stout,
Be mustered suddenly, *equipped*, and armed.
H. Taylor, Philip van Artevelde, iv. 3.

Équipage. *s.* [Fr. *équipage.*]

1. Accoutrements; furniture.

A huge neat's tongue he in his right hand held,
His left was with a good black pudding fill'd:
With a grave look, in this odd *equipage*
The clownish mimic traverses the stage. *Prior.*

I cannot forbear mentioning the prodigious extravagance of the Roman ladies in the article of jewels. Pliny the elder says, he saw Lollia Paulina with an *equipage* of this kind, amounting to 322,916*l.* 13*s.* 4*d.* of our money.—*Melmoth, Translation of Pliny's Letters.* (Ord MS.)

2. Furniture for a horseman.

Equipage [is] furniture or provision for horsemanship, especially in triumphs or tournaments.—*Bullokar.*

3. Carriage of state; vehicle.

Winged spirits, and chariots wing'd
From th' armory of God; where stand of old
Myriads, between two brazen mountains lodg'd
Against a solemn day harness'd at hand,
Celestial *equipage!* *Milton, Paradise Lost*, vii. 199.

4. Attendance; retinue.

How could I rear the Muse on stately stage,
And teach her tread aloft in buskin fine,
With queint Bellona in her *equipage?*
Spenser, Shepherd's Calender, December.

Soon as thy dreadful trump begins to sound,
The god of war, with his fierce *equipage*,
Thou dost awake, sleep never he so sound.
Id., Faerie Queen.

When the spirit of wandering takes him, he is attended by his female and their *equipage* of children.—*Swift, On giving Badges to the Poor.*

Think what an *equipage* thou hast in air,
And view with scorn two pages and a chair. *Pope.*

Équipage. *v. a.* Accoutre; attend; supply or furnish with an equipage, equipment, or retinue.

She forth issued with a goodly train
Of squires and ladies, *equipaged* well,
And entertained them right fairly, as befel.
Spenser, Faerie Queen

We shall all be mounted, *equipaged*, and in better order to-morrow.—*Wodroephe, French and English Grammar*, p. 214: 1623.

Equipéndency. *s.* [Lat. *pendeo* (pres. part. *pendens, -entis*) = hang.] Act of hanging in equipoise; not determined either way.

The will of man, in the state of innocence, had an entire freedom, a perfect *equipendency* and indifference to either part of the contradiction, to stand or not to stand.—*South, Sermons*, i. 57.

Equípment. *s.* Act of equipping or accoutring; furniture, habiliments, or apparatus, necessary for military or other purposes.

The *equipment* of the fleet was hastened by De Wit.—*Hume*, vi. 454. (Ord MS.)

William sent another fleet to protect the galleons; but it arrived too late for that service, and the nation loudly exclaimed against the tardiness of the *equipment*.—*Smollett, History of England*, i. 299. (Ord MS.)

Équipoise. *s.* [Fr. *poids* = weight.] Equality of weight; equilibration; equality of force.

In the temperate zone of our life there are few bodies at such an *equipoise* of humours, but that the prevalency of some one indisposeth the spirits.—*Glanville, Scepsis Scientifica.*

From that moment the Scotch aristocracy began

to decline; and, the *equipoise* to the clergy being removed, the Church became so powerful, that, during the seventeenth and eighteenth centuries, it was the most effectual obstacle to the progress of Scotland.—*Buckle, History of Civilization in England*, vol. ii. ch. ii.

Equipóllence. *s.* Equality of force or power.

He maketh so proud pretence,
That in his *equipollence*
He judgeth him equivalent
With God Omnipotent. *Skelton, Poems*, p. 173.

Equipóllency. *s.* Same as Equipollence.

There is no *equipollency* between these.—*Paley, Natural Theology*, ch. xi.

Equipóllent. *adj.* [Lat. *polleo* (pres. part. *pollens, -entis*) = be of avail; *equipollent* and *equivalent* being nearly of the same import. In *Logic*, however, *equipollent* has a technical meaning denoting the same thing under a different name.] Having equal power or force; equivalent.

Votary resolution is made *equipollent* to custom, even in matter of blood.—*Bacon, Essays.*

It may be doubtful yet, whether here be not excepted not only fornication itself, but other causes *equipollent*, and proportional to fornication.—*Milton, Tetrachordon.*

Equipóllently. *adv.* Equivalently; of the same force.

Both the spirit of God and the power of God St. Paul doth *equipollently* express by the power of the Holy Ghost.—*Barrow, Sermons*, vol. i. ser. xxxiv.

Equipónderant. *adj.* [Lat. *pondus, -eris* = weight.] Being of the same weight.

Their lungs may serve to render their bodies *equiponderant* to the water.—*Ray, Wisdom of God manifested in the Works of the Creation.*

A column of air, of any given diameter, is *equiponderant* to a column of quicksilver of between twenty-nine and thirty inches height.—*Locke.*

Equipónderate. *v. n.* Weigh equal to anything.

The heaviness of any weight doth increase proportionably to its distance from the centre: thus one pound A at D, will *equiponderate* unto two pounds at B, if the distance A D is double unto A B.—*Bishop Wilkins, Mathematical Magick.*

Equipóndious. *adj.* Equilibrated; equal on either part. *Rare.*

The Scepticks affected an indifferent *equipondious* neutrality, as the only means to their ataraxia.—*Glanville, Scepsis Scientifica.*

Équitable. *adj.* Just; due to justice; loving justice or equity.

It seems but *equitable* to give the artists leave to name them as they please.—*Boyle, Sceptical Chymist.*

The next question will be, whether it is more reasonable and more *equitable* that the minority should be bound by the act of the majority, or the contrary? The answer to this question is obvious. It is plainly most consistent with reason, that the sentiments of the majority should prevail and conclude the whole; because it is not so likely that a greater number of men should be mistaken, when they concur in their judgment, as that a smaller number should be mistaken. And this is likewise most consistent with equity; because, in general, the greater number have a proportionally greater interest that the purposes of the society should succeed well, and have more at stake if those purposes should miscarry or be disappointed.—*Rutherford, Institutes of Natural Law*, ii. 1, § 1.

Équitableness. *s.* Attribute suggested by Equitable; justness.

Demonstrating both the *equitableness* and practicableness of the thing.—*Locke.*

Equitátion. *s.* [Lat. *equus* = horse.] Riding on horseback; management of a horse.

I have lately made a few rural *equitations* to visit some seats, gardens, &c.—*Letter, dated in* 1728, *Nichols's Illustrations of Literary History*, iv. 497.

This day we were to begin our *equitation*, as I said; for I would needs make a word too. It is remarkable, that my noble, and to me most constant friend, the earl of Pembroke, has since hit upon the very same word. The title of the first edition of his lordship's very useful book was, in simple terms, 'A method of breaking horses, and teaching soldiers to ride.' The title of the second edition is, 'Military *equitation*.'—*Boswell, Journal of a Tour to the Hebrides.*

Équity. *s.*

1. Justice; right; honesty.

Foul subordination is predominant,
And *equity* exil'd your highness' land.
Shakespear, Henry VI. Part II. iii. 1.

Christianity secures both the private interests of men and the publick peace, enforcing all justice and *equity*.—*Archbishop Tillotson.*

2. Impartiality.

Liking their own somewhat better than other men's, even because they are their own, they must in *equity* allow us to be like unto them in this affection.—*Hooker, Ecclesiastical Polity.*

3. In *Law*. Rules of decision observed by the Court of Chancery, or Equity, as distinct from the literal maxims of law.

In the court of Chancery there are two distinct tribunals; the one ordinary, being a court of common law; the other extraordinary, being a court of *equity*.—*Sir W. Blackstone, Commentaries on the Laws of England.*

Used *adjectivally*; as, '*equity* draughtsman.'

Equívalence. *s.* Equality of power or worth.

Must the servant of God be assured that which he nightly prays for shall be granted? Yes, either formally or by way of *equivalence*, either that or something better.—*Hammond.*

That there is any *equivalence* or parity of worth betwixt the good we do to our brother, and the good we hope for from God, all good Protestants do deny.—*Bishop Smalridge.*

Equívalence. *v. a.* Equiponderate; be equal to.

Whether the transgression of Eve seducing did not exceed Adam seduced, or whether the resistibility of his reason did not *equivalence* the facility of her seduction, we shall refer to schoolmen.—*Sir T. Browne, Vulgar Errours.*

Equívalency. *s.* Same as Equivalence.

Civil causes are equivalent unto criminal causes, but this *equivalency* only respects the careful and diligent admission of proofs.—*Ayliffe, Parergon Juris Canonici.*

Equívalent. *adj.* [Lat. *valeo* (pres. part. *valens, -entis*) = be worth.—see Equipollent.]

1. Equal in value.

Things
Well nigh *equivalent*, and neighb'ring value,
By lot are parted. *Prior.*

2. Equal in any excellence.

No fair to thine
Equivalent, or second! which compell'd
Me thus, though importune perhaps, to come
And gaze, and worship thee.
Milton, Paradise Lost, ix. 609.

3. Equal in force or power.

The dread of Israel's foes, who, with a strength *Equivalent* to angel's, walk'd their streets,
None offering fight. *Milton, Samson Agonistes*, 342.

4. Having the same cogency or weight.

The consideration of publick utility is, by very good advice, judged at the least *equivalent* to the easier kind of necessity.—*Hooker, Ecclesiastical Polity.*

5. Having the same import or meaning.

The use of the word minister is brought down to the literal signification of it, a servant; for now to serve and to minister, servile and ministerial, are terms *equivalent*.—*South, Sermons.*

Equívalent. *s.* Thing of the same weight, dignity, or value.

The slave without a ransom shall be sent;
It rests for you to make th' *equivalent*. *Dryden, Translation of first book of Homer's Iliad.*

Fancy a regular obedience to one law will be a full *equivalent* for their breach of another.—*Rogers.*

Equívalently. *adv.* In an equal manner; equipollently.

Insufficient am I
His grace to magnify,
And laude *equivalently*. *Skelton, Poems*, p. 88.

We seldom in kind, or *equivalently*, are ourselves clear of that which we charge upon others.—*Barrow, Sermon on St. Matthew*, vii. 1.

Equívocacy. *s.* Equivocal character.

It is unreasonable to ascribe the *equivocacy* of this forme unto the hatching of a toade.—*Sir T. Browne, Vulgar Errours*, p. 120. (Ord MS.)

Equívocal. *adj.* [Lat. *voco* = call; *vocalis*.]

1. Of doubtful signification; meaning different things; standing for different notions.

Words of different significations, taken in general, are of an *equivocal* sense; but being considered with all their particular circumstances, they have their sense restrained.—*Bishop Stillingfleet.*

The greater number of those who held this were misguided by *equivocal* terms.—*Swift.*

2. Uncertain; doubtful; happening different ways.

Equivocal generation is the production of plants without seed, or of insects or animals without parents in the natural way of coition between male and female; which is now believed never to happen, but that all bodies are univocally produced.—*Harris.*

There is no such thing as *equivocal* or spontaneous generation; but all animals are generated by animal parents of the same species with themselves.—*Ray.*

Those half-learn'd witlings, num'rous in our isle
As half-form'd insects on the banks of Nile;
Unfinish'd things one knows not what to call,
Their generation's so *equivocal*.
Pope, Essay on Criticism.

Equívocal. *s.* Ambiguity; word of doubtful meaning.

Shall two or three wretched *equivocals* have the force to corrupt us?—*Dennis.*

Equívocally. *adv.* In an equivocal manner.

1. Ambiguously; in a doubtful or double sense.

Words abstracted from their proper sense and signification, lose the nature of words, and are only *equivocally* so called.—*South, Sermons.*

2. By uncertain or irregular birth; by equivocal generation; by generation out of the stated order.

No insect or animal did ever proceed *equivocally* from putrefaction, unless in miraculous cases; as in Egypt by the Divine judgements.—*Bentley.*

Equívocalness. *s.* Attribute suggested by Equivocal; ambiguity; double meaning.

A language of a philosophical institution, or a real character, would be by much the most easy; as being free from all anomaly, *equivocalness*, redundancy, and unnecessary grammatications.—*Dalgarno, Didascalocophus*, p. 52: Oxf. 1680.

Distinguish the *equivocalness* or lassitude of the word, and then point out that determinate part which is the ground of my demonstration.—*Norris.*

The *equivocalness* of the title gave a handle to those that came after to understand it of a form of faith composed by Athanasius.—*Waterland, History of the Athanasian Creed.*

Equívocate. *v. n.* Use words of double meaning; use ambiguous expressions; mean one thing and express another.

They were allowed, and taught by the Jesuits, to *equivocate* upon oath.—*Proceedings against Garnet*, sign. V. 3: 1606.

Not only Jesuits can *equivocate*.
Dryden, Hind and Panther.

Equívocate. *v. a.* Render capable of a double interpretation.

He *equivocated* his vow by a mental reservation.—*Sir G. Buck, History of King Richard III.* p. 142: 1646.

Equivocáting. *part. adj.* Using words of double meaning.

My soul disdain'd a promise; . . .
But yet your false *equivocating* tongue,
Your looks, your eyes, your ev'ry motion promis'd:
But you are ripe in frauds, and learn'd in falsehoods.
Smith.

Equivocátion. *s.* Ambiguity of speech; double meaning.

Reproof is easily misapplied, and, through *equivocation*, wrested.—*Hooker, Ecclesiastical Polity.*

The offences of the casuistry [of the Jesuits], as charged by their adversaries, are very multifarious. One of the most celebrated is the doctrine of *equivocation*: the innocence of saying that which is true in a sense meant by the speaker, though he is aware that it will be understood otherwise.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, pt. iii. ch. iii.

Equívocator. *s.* One who uses ambiguous language; one who uses mental reservation.

Here's an *equivocator* that could swear in both the scales against either scale; yet could not equivocate to Heaven.—*Shakespear, Macbeth*, ii. 3.

The second rank is of liars, and *equivocators*, as Apollo Pythius, and the like.—*Burton, Anatomy of Melancholy*, p. 43.

A secret liar or *equivocator* is such a one as by mental reservations, and other tric . ., deceives him to whom he speaks, being lawfully called to deliver all the truth.—*Fuller, Holy State*, p. 390.

Équivoque. *s.* [Fr.]

1. Equivocation; double meaning.

I know your *equivokes*;
You're grown the better fathers of 'em o' late.
B. Jonson, Devil is an Ass.

2. Expression where a word has at once different meanings; quibble.

I have by me the following unprinted lines on Miss M.'s dancing, 1743; which, making allow-

ance for the *equivoque* in the last stanza, are not bad:—

'Accomplish'd maid, my trivial rhyme
Must do thy graces wrong,
Who dost not only dance in *time*,
But steal, like *time*, along.'

Graves, Recollections of Shenstone, p. 42.

I know not whether the love of fame increases as we advance in age: sure I am, that the force of friendship does. I loved you almost twenty years ago; I thought of you as well as I do now; better was beyond the power of conception; or, to avoid an *equivoque*, beyond the extent of my ideas.—*Lord Bolingbroke, Letter to Swift.* (Ord MS.)

Éra. *s.* [Lat. *æra.*] Account of time; epoch.

From the blessings they bestow
Our times are dated, and our *eras* move:
They govern, and enlighten all below,
As thou dost all above. *Prior.*

Mr. Hallam appears to have begun with the reign of Henry the Seventh, as the period at which what is called modern history, in contradistinction to the history of the middle ages, is generally supposed to commence. He has stopped at the accession of George the Third, 'from unwillingness,' as he says, 'to excite the prejudices of modern politics, especially those connected with personal character.' These two *eras*, we think, deserved the distinction on other grounds.—*Macaulay, Critical and Historical Essays, Hallam's Constitutional History.*

Erádiate. *v. n.* [Lat. *radiatus*, pass. part. of *radio*, from *radius* = ray; *radiatio, -onis.*] Shoot like a ray.

A kind of life *eradiating* and resulting both from intellect and Psyche.—*Dr. H. More, Notes on Psychozoia.*

Eradiátion. *s.* Emission of radiance.

He first supposeth some *eradiation* and emanation of spirit, or secret quality, or whatsoever, to be directed from our bodies to the blood dropped from it.—*Hales, Golden Remains*, p. 288.

Erádicable. *adj.* Capable of being eradicated.

Erádicate. *v. a.* [Lat. *eradicatus*, pass. part. of *eradico*, from *radix* = root.]

1. Pull up by the root.

He suffereth the poison of Nubia to be gathered, and aconite to be *eradicated*, yet this not to be moved.—*Sir T. Browne.*

2. Completely destroy; end; cut off.

If a gouty person can bring himself entirely to a milk diet, he may so change the whole juices of his body as to *eradicate* the distemper.—*Arbuthnot, On the Nature and Choice of Aliments.*

If vice cannot wholly be *eradicated*, it ought at least to be confined to particular objects.—*Swift, Examiner.*

Eradicátion. *s.* Act of tearing up by the root; state of being torn up by the roots.

They affirm the roots of mandrakes give a shriek upon *eradication*, which is false below confutation.—*Sir T. Browne.*

Be true and sincere to thy best hopes, and interest, by a perfect *eradication* of all thy exorbitant lusts and corruptions.—*Hallywell, Melampronœa*, p. 105.

Erádicative. *s.* Medicine which cures radically.

Thus sometimes *eradicatives* are omitted, in the beginning requisite; as in violent motions of the matter, especially to the more noble parts: then, how absurd to rest in lenitives!—*Whitlock, Observations on the present Manners of the English*, p. 88: 1654.

Erase. *v. a.* [Lat. *erasus*, pass. part. of *erado* = scrape, rub out.]

1. Destroy; expunge.

The fourth corrector made the most alterations; he went over the whole of the text, adding the breathings and accents to the Greek, and *erasing* whatever displeased him.—*Horne, Introduction to the Critical Knowledge and Study of the Holy Scriptures*, vol. iv. ch. xv.

2. In *Heraldry.* See extracts.

The heads of birds, for the most part, are given *erased*; that is, plucked off.—*Peacham, On Blazoning.*

When a portion of any animal is cut clean off it is said to be couped, but when it is ragged or torn it is said to be *erased.*—*Cussans, Grammar of Heraldry.*

Erástianism. *s.* Doctrine of, or akin to that of, Erastus, a schismatic of the fourth century whose heresy consisted in the subordination of the ecclesiastical to the secular power. A *proper* rather than a *common* term, but conveniently used as the latter.

Their religion was stigmatized as *Erastianism.*—*Hume, England*, vii. 41. (Ord MS.)

Erásure. *s.* Scraping out; obliteration.

Tischendorf and Tregelles, in their separate examinations of several thousands of corrections and *erasures*, differed in hardly a single case respecting the original reading.—*Horne, Introduction to the Critical Knowledge and Study of the Holy Scriptures*, vol. iv. ch. xv.

Érbium. *s.* In *Chemistry.* Metal so called. See extract.

Erbium and *terbium* ... are the names given by Mosander to two new metals, the oxides of which accompany yttria. When the solution of a salt of yttrium, as hitherto prepared, is mixed with successive small portions of alkali, a series of precipitates is obtained: of which the first, when heated to redness, becomes yellow or orange, the succeeding ones exhibit, when heated, a paler yellow, approaching to white, and the last remains quite pure when ignited. These latter appear to be the pure oxide of yttrium; whilst the first precipitates are composed chiefly of the oxide of *erbium* with oxide of *terbium* and yttrium, and, in the intermediate ones, oxide of terbium predominates.—*Turner, Elements of Chemistry*, p. 402.

Ere. *adv.* [comparative of root *eh* = soon.] Before; sooner than: (sometimes improperly written *or*).

The lions ... brake all their bones in pieces *or* ever they came to the bottom of the den.—*Daniel*, vi. 24.

The mountain trees in distant prospect please,
Ere yet the pine descended to the seas;
Ere sails were spread new oceans to explore.
Dryden, Translation from Ovid.

The birds shall cease to tune their ev'ning song,
The winds to breathe, the waving woods to move,
And streams to murmur, *ere* I cease to love. *Pope.*

Ere. *prep.* Before.

Our fruitful Nile
Flow'd *ere* the wonted season.
Dryden, All for Love.

Eréct. *v. a.* [Lat. *erectus*, pass. part. of *erigo* = raise up; *erectio, -onis.*]

1. Raise; build; establish.

Great difference there is between their proceedings who *erect* a new commonwealth, which is to have neither regimen nor religion the same that was, and theirs who only reform a decayed estate.—*Hooker, Ecclesiastical Polity.*

He suffers seventy-two distinct nations to be *erected* out of the first monarchy, under distinct governours.—*Sir W. Raleigh.*

He *erected* there an altar.—*Genesis*, xxxiii. 20.

Happier walls expect,
Which, wand'ring long, at last thou shalt *erect.*
Dryden, Virgil's Æneid.

There are many monuments *erected* to benefactors to the republick.—*Addison, Travels in Italy.*

2. Elevate; exalt; lift up.

Woe unto me, should sin my soul infect,
Who dare not now, though innocent, *erect*
My downcast looks. *G. Sandys, Job*, p. 17.

I, who am a party, am not to *erect* myself into a judge.—*Dryden, Fables*, preface.

I am far from pretending infallibility: that would be to *erect* myself into an apostle.—*Locke, Essay for the Understanding of St. Paul's Epistles.*

All the little scramblers after fame fall upon him, and have recourse to their own invention, rather than suffer him to *erect* himself into an author with impunity.—*Addison.*

3. Raise consequences from premises.

From fallacious foundations and misapprehended mediums, men *erect* conclusions no way inferrible from the premises.—*Sir T. Browne, Vulgar Errours.*

Men being too hasty to *erect* to themselves general notions and ill-grounded theories, find themselves deceived in their stock of knowledge.—*Locke.*

Malebranche *erects* this proposition, of seeing all things in God, upon their ruin.—*Id.*

4. Animate; encourage.

Why should not hope
As much *erect* our thoughts as fear deject them?
Sir J. Denham.

Eréct. *v. n.* Rise upright.

The trefoil against rain swelleth in the stalk, and so standeth more upright; for by wet, stalks do *erect*, and leaves bow down.—*Bacon, Natural and Experimental History.*

Eréct. *adj.* [Lat. *erectus*, pass. part. of *erigo* = raise up; *erectio, -onis.*]

1. Upright; not leaning; not prone.

Two of far nobler shape, *erect* and tall,
Godlike *erect*, with native honour clad
In naked majesty, seem'd lords of all.
Milton, Paradise Lost, xiv. 288.

2. Bold; confident; unshaken; vigorous; free from depression.

Let no vain fear thy generous ardour tame;
But stand *erect*, and sound as loud as fame.
Glanville.

That vigilant and *erect* attention of mind, which in prayer is very necessary, is wasted or dulled.—*Hooker, Ecclesiastical Polity.*

Eréctable. *adj.* Capable of being erected. *Rare.*

While living, the short-eared owl is capable of creating a series of feathers on each side the head, but which in dead specimens are scarcely obvious. These *erectable* feathers, that form the auricles when alive, are scarcely longer than the rest, and are always depressed in a dead bird.—*Montague, Ornithological Dictionary.* (Ord MS.)

Erécted. *adj.* Aspiring; generous; noble; sublime.

Having found in him a mind of most excellent composition, a piercing wit, quite void of ostentation, high *erected* thoughts seated in a heart of courtesy.—*Sir P. Sidney, Arcadia*, b. i.

Eréctile. *adj.* Capable of being erected: (chiefly used in *Physiology*).

Erectile tissue, ... [a] structure which is eminently vascular, and copiously supplied with organic or ganglial nerves, possesses, beyond all others, that vital property which is obscurely evinced by several other textures, and which was denominated the turgor vitalis, or vital turgescence, by Hebenstriet, Schlosser, Reil, and Ackermann.—*Copland, Dictionary of Practical Medicine.*

Eréction. *s.*

1. Act of raising, or state of being raised, upward; act of building, establishing, founding, or settling.

The first thing which moveth them thus to cast up their poison, are certain solemnities usual at the first *erection* of churches.—*Hooker, Ecclesiastical Polity.*

It must needs have a peculiar influence upon the *erection*, continuance, and dissolution of every society.—*South, Sermons.*

2. Elevation; exaltation of sentiments.

Her peerless height my mind to high *erection* draws up.—*Sir P. Sidney.*

3. Act of rousing; excitement to attention.

Starting is an apprehension of the thing feared, and in that is a shrinking, and likewise an inquisition what the matter should be; and in that it is a motion of *erection*: so that when a man would listen suddenly he starteth; for the starting is an *erection* of the spirits to attend.—*Bacon.*

Eréctness. *s.* Attribute suggested by Erect; uprightness of posture or form.

We take *erectness* strictly as Galen defined it: they only, sayeth he, have an erect figure, whose spine and thigh-bone are carried on right lines.—*Sir T. Browne, Vulgar Errours.*

Nor do any persons certainly better deserve the name of men, than such as allow their reason a full employment, and think not the *erectness* of man's stature a sufficient distinction of him from brutes.—*Bishop Stillingfleet, Origines Sacræ*, i. 1.

Eréctor. *s.* One who erects, raises, constructs, or causes to be raised or made.

Rehoboam's young counsellors were, in some relation, the *erectors* of Jeroboam's calves.—*W. Mountague, Devout Essays*, pt. i. p. 94: 1648.

A teacher of learning, and *erector* of schools.—*Waterhouse, Apology for Learning*, p. 21: 1653.

Éremitage. *s.* Hermitage. See Eremite.

But of his end he could find nothing, nor ever should have known aught, if good fortune had not offered to his view an old physician, who had in his custody a leaden box, which, as he affirmed, was found in the ruins of an old *eremitage*, as it was a-repairing.—*Shelton, Translation of Don Quixote*, p. 136.

Éremite. *s.* [N.Fr. *ermite*; Lat. *eremita*; from Gr. ἐρημος = a wilderness.—Hermit is the same word, thoroughly Anglicized; i.e. reduced to a dissyllable, having the *-i-* short, and having an *h-* prefixed. With such a parallel, it is scarcely worth while to refine upon the presence or absence of the final *-e.*] Hermit: (of which it is the *older form*; at present the translation of the Greek ἐρημιτης).

Antonius the *eremite* findeth a fifth commodity not inferiour to any of those four.—*Sir W. Raleigh, History of the World.*

Instead of total seclusion from the habits and pursuits of men, the Cœnobites sweep the streets of the great cities in armed bodies, displaying an irregular valour which sometimes puts to shame the languid patriotism of the imperial soldiery. Even the *eremites*, instead of shrouding themselves in the remotest wilderness, and burying themselves in the darkest and most inaccessible caverns, mount their pillars in some conspicuous place, even in some place of public resort.—*Milman, History of Latin Christianity*, b. iii. ch. i.

Eremítical. *adj.* Relating to, or having the character of, a hermit.

The austere and *eremetical* harbinger of Christ, it seems, preached there oft, and was heard gladly.—*Bishop Hall, Contemplations*, b. iv.

They have multitudes of religious orders, *eremetical* and cenobetical.—*Bishop Stillingfleet.*

When we descried him [Dr. Johnson] from above, he had a most *eremetical* appearance.—*Boswell, Journal of a Tour to the Hebrides.*

Eremítish. *adj.* Eremitical. *Rare.*

Solitary men have fewest provocations to evill, but again fewest incitations to good. So much as doing good is better than not doing evill, will I account Christian good fellowship better than an *eremitish* and melancholike solitarinesse.—*Bishop Hall, Meditations*, 90. (Ord MS.)

Érethism. *s.* [Gr. ἐρεθισμός, from ἐρεθίζω = irritate.] In *Medicine.* See extract.

Erethism, in pathology, has been generally understood, since the time of Hippocrates, as implying a state of irritation or excitement of a part, different from, or short of, the inflammatory condition, although often passing into it.... Many modern pathologists employ it as synonymous with orgasm, or simply an exalted state of the vital actions of a part; and others attribute to it more of a morbid import, viewing it as an early stage, and lesser grade, of many acute diseases, especially those that are febrile or inflammatory. The most familiar illustration of this state, according to the former class, is the act of blushing. According to the latter class, the ravenous appetite attendant sometimes upon debility and various affections of the digestive organs, proceeds from *erethism* of these parts, or, in other words, from an excited state of the nerves of the organ, with increased circulation and secretion or exhalation from the villous surface.—*Copland, Dictionary of Practical Medicine.*

Érgat. *v. n.* [Lat. *ergo* = therefore.] Draw conclusions according to the forms of logic. *Rare.*

Little doth it concern us what the schoolmen *ergat* in their schools.—*Hewyt, Sermons*, p. 178: 1658.

Érgo. *adv.* [Latin.] Therefore: (a term in Logic, denoting *consequently*: often used in jocular argumentation).

Cornelius told him that he was a lying rascal; that an 'universale' was not the object of imagination, and that there was no such thing in reality, or 'à parte rei.' But I can prove, quoth Crambe, that there are clysters 'à parte rei,' but clysters are 'universales:' *ergo*, &c.—*Arbuthnot and Pope, Martinus Scriblerus.*

If black and white horses are devised, pyed horses shall pass by such devise; but black and white horses are devised; *ergo*, the plaintiff shall have the pyed horses.—*Fortescue, Specimen of Scriblerus's Reports.*

Ergot. *s.* Vegetable disease consisting in the growth of a black hornlike fungus, commonest on the rye or Secale: (whence called *Secale cornutum* = horned, both in *Pathology* and *Pharmacy*, meaning *spurred rye*).

(For example see extract under next entry.)

Érgotism. *s.* See extract.

Ergotism [is] a cachectic state of body, variously complicated, caused by diseased or unripe grain. Diseased, unripe, or damaged grain of any kind is injurious to the animal economy, according to the quantity consumed.... Rye is most frequently productive of injurious effects in the northern countries of Europe, the disease in it giving rise to the *ergot*, or spur, being the chief cause. But wheat, rice, or any other grain, either similarly diseased, or prematurely cut down, or damaged by the mode of keeping,... will occasion dangerous diseases.... But the disorders produced by other kinds of diseased or unwholesome grain are, in many respects, similar to those consequent upon the use of spurred rye.—*Copland, Dictionary of Practical Medicine.*

Érgotism. *s.* [from *ergo.*] Conclusion logically deduced. *Rare.*

States are not governed by *ergotisms.*—*Sir T. Browne, Christian Morals*, ii. 4.

Érigible. *adj.* Capable of being erected.

The teeth of the blue Acanthurus are crenated; and on each side the base of tail there is a very strong spine, which, as in most others of the present genus, is *erigible* at the pleasure of the animal, in an horizontal direction, from the channel in which it lies.—*Shaw, Zoology*, iv. 378.

Éristic. *adj.* Controversial.

So many *eristick* writings.—*Life of Firman*, p. 20: 1698.

Éristical. *adj.* [Gr. ἔρις.] Same as Eristic.

To what purpose should he or any man write *eristical* books?—*Bishop Parker, Reproof of the Rehearsal, &c.*, p. 125: 1673.

Érmelin. *s.* Ermine.

Silver skins,
Passing the hate spot *ermelins.* *Sir P. Sidney.*

Érmine. *s.* Animal so called; its fur. See Miniver and Stoat.

Ermine is the fur of a little beast, about the bigness of a weasel, called Mus Armenius; for they are found in Armenia.—*Peacham, On Blazoning.*

Érmined. *adj.* Clothed with ermine.

Arcadia's countess, here in *ermin'd* pride,
Is there Pastora by a fountain's side. *Pope.*

Eróde. *v. a.* [Lat. *erodo* (*e* = out, and *rodio*) = gnaw, pass. part. *erosus*; *erosio*, *-onis.*] Canker, or eat away; corrode.

It hath been anciently received, that the sea-air hath antipathy with the lungs, if it cometh near the body, and *erodeth* them.—*Bacon, Natural and Experimental History.*

The blood, being too sharp or thin, *erodes* the vessel.—*Wiseman, Surgery.*

Erogate. *v. a.* [Lat. *erogatus*, pass. part. of *erogo*, from *e* = out, and *rogo* = ask; *erogatio*, *-onis.*] Deal out, distribute, or grant as a due. *Obsolete.*

To the acquiring of science belongeth understanding and memory, which as a treasury hath power to retain, and also to *erogate* and distribute when opportunity happeneth.—*Sir T. Elyot, The Governour*, fol. 198.

No man can supererogate, till he have first *erogated.* In plainer terms, no man can have any thing to spare to bestow upon others, (for this they mean by supererogating,) till he hath done all that he is bound to do for himself.—*Bishop Patrick, Answer to the Touchstone*, p. 119.

Erogátion. *s.* Act of giving or bestowing as a due. *Rare.*

Some think such manner of *erogation* not to be worthy the name of liberality.—*Sir T. Elyot, The Governour*, fol. 108. b.

Touching the wealth of England, it never also appeared so much by publick *erogations* and taxes, which the Long Parliament raised.—*Howell, Familiar Letters*, iv. 47.

Erósion. *s.* Act of eating; state of being eaten away; canker; corrosion.

As sea-salt is a sharp solid body, in a constant diet of salt meat, it breaks the vessels; produceth *erosions* of the solid parts, and all the symptoms of the sea-scurvy.—*Arbuthnot.*

Erótic. *adj.* [Gr. ἐρωτικός, from ἔρως, ἔρωτος = love; Fr. *érotique.*] Relating to the passion of love; prurient.

If he be born when Mars and Venus are in conjunction, he will undountedly be inclined to love and *erotick* melancholy.—*Chilmead, Translation of Ferrand's Essay on Love Melancholy*, p. 150: 1640.

One would think that an *erotic* ode is the very last place in which one would expect any talk about heavenly things.—*Saturday Review*, Oct. 21, 1865.

Erótical. *adj.* Same as Erotic.

Jason Pratensis, who writes copiously of this *erotical* love, doth place and reckon it among the affections of the brain.—*Burton, Anatomy of Melancholy* p. 452..

Err. *s.* Name of the eighteenth letter in the English alphabet.

Err. *v. n.* [Lat. *erro*, pres. part. *errans*, *-antis*, pass. part. *erratus.*]

1. Miss the right way; stray; deviate from any purpose.

We have *erred* and strayed like lost sheep.—*Book of Common Prayer.*

I will not lag behind, nor *err*
The way, thou leading. *Milton, Paradise Lost*, x. 266.

But *errs* not nature from this gracious end,
From burning suns, when livid deaths descend. *Pope.*

2. Commit errors; mistake.

It is a judgement maim'd and most imperfect,
That will confess perfection so could *err*,
Against all rules of nature. *Shakespear, Othello*, i. 3.

Do they not *err* that devise evil?—*Proverbs*, xiv. 22.

The Muses' friend, unto himself severe,
With silent pity looks on all that *err.* *Waller.*

3. Rove or wander irregularly, or at haphazard. *Latinism.*

A storm of strokes, well meant, with fury flies,
And *errs* about their temples, ears, and eyes.
Dryden, Virgil's Æneid.

Err. *v. a.* Cause to err. *Rare.*

Sometimes he [the devil] tempts by covetousness, drunkenness, pleasure, pride, &c. *errs*, dejects, saves, kills, protects, and rides some men as they do horses.—*Burton, Anatomy of Melancholy*, p. 50.

Érrableness. *s.* Liableness to error; liableness to mistake. *Rare.*

We may infer, from the *errableness* of our nature, the reasonableness of compassion to the seduced.—*Dr. H. More, Decay of Christian Piety.*

Errand. *s.* [root of *err.*] Message; something to be told or done by a messenger; mandate; commission.

Servants being commanded to go, shall stand still, till they have their *errand* warranted unto them.—*Hooker, Ecclesiastical Polity.*

I have an *errand* for your private ear.—
So now your *errand.*
H. Taylor, Philip van Artevelde, iv. 4.

Errant. *adj.* [Lat. *errans*, *-antis*, pres. part. of *erro.*]

1. Wandering; roving; rambling.

It is thought that there are just seven planets, or *errant* stars, in the lower orbs of heaven; but it is now demonstrable unto sense, that there are many more.—*Sir T. Browne, Vulgar Errours.*

Chief of domestick knights, and *errant*,
Either for chartel or for warrant.
Butler, Hudibras.

2. Arrant: (the logical connection here seems to be with *at large* (as bailiffs or knights), *current*, *thoroughgoing*, *thorough*).

Good impertinence:
Thy company, if I slept not very well
Anights, would make me an *errant* fool with questions. *B. Jonson, Cataline.*

3. Deviating from a certain course.

Knots, by the conflux of meeting sap.
Infect the sound pine, and divert his grain,
Tortive and *errant* from his course of growth.
Shakespear, Troilus and Cressida, i. 3.

4. In *Law.* Itinerant: (applied to *judges* who go the *circuit*, and to *bailiffs at large*).

Our judges of assize are called justices *errant*, because they go no direct course, but this way and that way from one town to another, where their sittings be appointed; and so is a bailiff at large called a bailiff *errant.*—*Butler, English Grammar*: 1633.

5. In *Chivalry*, giving *knights errant* rather than *knight-errants.* See, also, next entry.

Érrantry. *s.* Errant state; condition of one at large, as of a bailiff or knight: (whence common as the *second element* in a compound preceded by *knight*, giving *knight-errantry.*)

After a short space of *errantry* upon the seas, he got safe back to Dunkirk.—*Addison, Freeholder.*

Errátic. *adj.*

1. Wandering; eccentric; *euphemistic* for strange, queer, wild.

The earth, and each *erratick* world,
Around the sun their proper centre whirl'd.
Sir R. Blackmore.

2. Irregular; changeable.

They are incommoded with a slimy mattery cough, stink of breath, and an *erratick* fever.—*Harvey, Discourse of Consumptions.*

Errátical. *adj.* Same as Erratic.

Fifteen days he remained quietly at home, without giving any argument, or seconding his former vanities; in which time past many pleasant encounters between him and his two gossips, the curate and barber, upon that point which he defended, to wit, that the world needed nothing so much as knights errant, and that the *erratical* knighthood ought to be again renewed therein.—*Shelton, Translation of Don Quixote*, p. 11. b.

Errátically. *adv.* In an erratic manner; without rule; without any established method or order.

They come not forth in generations *erratically*, or different from each other, but in specifical and regular shapes.—*Sir T. Browne.*

Errátum. *s.* pl. *errata*, which is commonest. [Lat.] Clerical error; error of the press; (in the *plural*) list of errors occurring in a printed book, and inserted at the beginning or end.

If he meet with faults besides those that the *errata* take notice of, he will consider the weakness of the author's eyes.—*Boyle.*

Errhíne. *s.* [Gr. ἐῤῥινον, from ἐν = in, and ῥίς, ῥινός = nostril.] In *Medicine.* What is snuffed up the nose, to occasion sneezing.

We see sage or betony bruised, sneezing powder, and other powders or liquors, which the physicians call *errhines*, put into the nose to draw phlegm from the head.—*Bacon.*

Érring. *part. adj.* Erratic; uncertain; perplexed with error.

The restored church contended indeed against the prevailing immorality, but contended feebly, and with half a heart. It was necessary to the decorum of her character that she should admonish her *erring* children; but her admonitions were given in a somewhat perfunctory manner.—*Macaulay, History of England*, ch. ii.

Erróneous. *adj.*

1. Wandering; unsettled.

They roam
Erroneous and disconsolate, themselves
Accusing, and their chiefs improvident. *Philips.*

This circle, by being placed here, stopped much of the *erroneous* light, which otherwise would have disturbed the vision.—*Sir I. Newton, Opticks.*

2. Irregular; deviating from the right road.

If the vessels, instead of breaking, yield, it subjects the person to all the inconveniencies of *erroneous* circulation; that is, when the blood strays into the vessels destined to carry serum or lymph.—*Arbuthnot, On the Nature and Choice of Aliments.*

3. Mistaken; misled by error; not conformable to truth; physically false.

Their whole counsel is condemned, as having either proceeded from the blindness of those times, or from negligence, or from desire of honour and glory, or from an *erroneous* opinion that such things might be for a while.—*Hooker, Ecclesiastical Polity.*

A wonderful *erroneous* observation that walketh about, is commonly received, contrary to all the true account of time and experience.—*Bacon.*

Erróneously. *adv.* In an erroneous manner; by mistake; not rightly.

The minds of men are *erroneously* persuaded, that it is the will of God to have those things done which they fancy.—*Hooker, Ecclesiastical Polity.*

I could not discover the lenity of this sentence; but conceived it, perhaps, *erroneously*, rather to be rigorous than gentle.—*Swift, Gulliver's Travels.*

Erróneousness. *s.* Attribute suggested by erroneous; physical falsehood; inconformity to truth.

The phænomena may be explained by his hypothesis, whereof he demonstrates the truth, together with the *erroneousness* of ours.—*Boyle, New Experiments physico-mechanical touching the Spring of the Air.*

Érror. *s.*

1. Mistake; involuntary deviation from truth.

Oh, hateful *errour*, melancholy's child!
Why dost thou shew to the apt thoughts of men
The things that are not?
Shakespear, Julius Cæsar, v. 3.

Errour is a mistake of our judgement, giving assent to that which is not true.—*Locke.*

2. Blunder; act or assertion in which a mistake is committed.

He look'd like nature's *errour*, as the mind
And body were not of a piece design'd,
But made for two, and by mistake in one were join'd. *Dryden.*

3. Irregular course. *Latinism.*

The rest of his journey, his *errour* by sea, the sack of Troy, are not put as the argument of the work.—*B. Jonson, Discoveries.*

What brought you living to the Stygian state?
Driv'n by the winds and *errours* of the sea;
Or did you Heaven's superiour doom obey?
Dryden, Virgil's Æneid.

4. In *Theology.* Sin.

Blood he offered for himself, and for the *errours* of the people.—*Hebrews*, ix. 7.

5. In *Law.* Title of a writ so called.

An *errour* in pleading, or in the process; and the writ, which is brought for remedy of this oversight, is called a writ of *errour*, which lies to redress false judgement given in any court of record.—*Cowell.*

Erse. *s.* Language of the Highlands of Scotland; Irish, of which it is another form.

After all that has been done for the instruction of the Highlanders, the antipathy between their language and literature still continues; and no man that has learned only *Erse* is, at this time, able to read. The *Erse* has many dialects, and the words used in some islands are not always known in others.—*Johnson, Journey to the Western Islands of Scotland.*

There are, I believe, no *Erse* manuscripts. None of the old families had a single letter in *Erse* that we heard of.—*Id., Letter to Boswell.*

It is very well known, that the *Earse* dialect of the Gaelic was never written nor printed until Mr. Macfarlane, late minister of Killinoir, Argyleshire, published, in 1754, a translation of Baxter's Call to the Unconverted.—*Shaw, Enquiry into the Authenticity of the Poems ascribed to Ossian*, p. 8.

Erst. *adv.* [superlative form of root whereof *ere* (*eher*) is the comparative.]

1. At first; at the beginning; originally; formerly; long ago.

Sir knight, if knight thou be,
Abandon this forestalled place at *erst*,
For fear of further harm, I counsel thee.
Spenser, Faerie Queen.

Fame that her high worth to raise,
Seem'd *erst* so lavish and profuse,
We may justly now accuse
Of detraction from her praise. *Milton, Arcades*, 8.

The future few or more, howe'er they be,
Were destin'd *erst*, nor can by fate's decree
Be now cut off. *Prior.*

2. Before; till then; till now.

The Rhodians, who *erst* thought themselves at great quiet, were now overtaken with a sudden mischief.—*Knolles, History of the Turks.*

As signal now in low dejected state,
As *erst* in highest, behold him.
Milton, Samson Agonistes, 338.

Érstwhile. *adv.* Till then; till now; aforetime.

Those thick and clammy vapours which *erstwhile* ascended in such vast measures, and had filled the vault of heaven with smoke and darkness, must at length obey the laws of their nature and gravity, and so descend again in abundant showers.—*Glanville, Pre-existence of Souls*, p. 142.

Eructate. *v. a.* [Lat. *eructatus*, pass. part. of *eructo*; *eructatio, -onis.*] Belch; hiccup; throw up air from the stomach; (less properly) vomit, i.e. throw up solid or fluid matter.

They would make us believe in Syracusa, now Messina, that Ætna in times past hath *eructated* such huge gobbets of fire, that the sparks of them have burnt houses in Malta, above fifty miles off, transported hither by a direct strong wind.—*Howell, Familiar Letters*, i. i. 27.

Eructátion. *s.* Act of belching; matter belched.

He was to receive immediate benefit either by *eructation*, or expiration, or evomition.—*Swift, Tale of a Tub*, § 4.

The signs of the functions of the stomach being depraved, are *eructations*, either with the taste of the aliment, acid, inodorous, or fetid.—*Arbuthnot.*

Thermæ, are hot springs, or fiery *eructations*; such as burst forth of the earth during earthquakes. —*Woodward.*

Érudite. *adj.* [Lat. *eruditus*; *eruditio, -onis.*] Learned.

With the fore-mentioned treasures of *erudite* pamphlet-tracts, there appeared a far more considerable collection of valuable little treatises.—*Critical History of Pamphlets*, p. 6; 1715.

Erudition. *s.* Learning; knowledge obtained by study and instruction.

Fam'd be thy tutor, and thy parts of nature;
Thrice fam'd beyond all *erudition*.
Shakespear, Troilus and Cressida, ii. 3.

The earl was of good *erudition*, having been placed at study in Cambridge very young.—*Sir H. Wotton.*

To your experience in state affairs you have also joined no vulgar *erudition*, which all your modesty is not able to conceal; for to understand critically the delicacies of Horace, is a height to which few of our noblemen have arrived.—*Dryden.*

Some gentlemen, abounding in their university *erudition*, fill their sermons with philosophical terms.—*Swift.*

It [Drayton's Polyolbion] contains a topographical description of England, illustrated with a prodigality of historic and legendary *erudition*.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, iii. 5.

Érúginous. *adj.* [Lat. *æruginosus*; *ærugo* = verdigris.] Partaking of the substance and nature of copper.

Copperas is a rough and acrimonious kind of salt, drawn out of ferreous and *eruginous* earths, partaking chiefly of iron and copper; the blue of copper, the green of iron.—*Sir T. Browne.*

Agues depend upon a corrupt incinerated melancholy, or upon an adust stibial or *eruginous* sulphur.—*Harvey.*

Eruption. *s.* [Lat. *eruptio, -onis*, from *rumpo* (pass. part. *ruptus*) = break.]

1. Act of breaking or bursting forth from confinement: (especially from volcanoes).

In part of Media there are *eruptions* of flames out of plains.—*Bacon, Natural and Experimental History.*

Finding themselves pent in by the exterior earth, they pressed with violence against that arch, to make it yield and give way to their dilatation and *eruption*.—*T. Burnet, Theory of the Earth.*

Upon a signal given, the *eruption* began; fire and smoke, mixed with several unusual prodigies and figures, made their appearance.—*Addison, Guardian.*

2. Sudden excursion of an hostile kind.

Thither, if but to pry, shall be perhaps
Our first *eruption*, thither or elsewhere;
For this infernal pit shall never hold
Celestial spirits in bondage.
Milton, Paradise Lost, i. 655.

3. Violent exclamation.

To his secretary, whom he laid in a pallet near him for natural ventilation of his thoughts, he would, in the absence of all other ears and eyes, break out into bitter and passionate *eruptions*.—*Sir H. Wotton, Life of Buckingham.*

It did not run out in voice or indecent *eruptions*, but filled the soul, as God the universe, silently and without noise.—*South.*

4. In *Medicine.* Breaking-out.

An *eruption* of humours, in any part, is not cured merely by outward applications, but by alterative medicines.—*Dr. H. More, Government o the Tongue.*

Unripe fruits are apt to occasion foul *eruptions* on the skin.—*Arbuthnot, On the Nature and Choice of Aliments.*

Her death was worthy of her life. She was to give a brilliant entertainment to all the foreigners at Paris: the day before it took place, a dreadful *eruption* broke out on her complexion. She sent for the doctors in despair. 'Cure me against to-morrow,' she said, 'and name your own reward.' 'Madame, it is impossible to do so with safety to your health.' 'Au diable with your health!' said the duchesse, 'what is health to an *eruption*?'—*Sir E. L. Bulwer, Pelham*, ch. lii.

Erúptive. *adj.*

1. Bursting forth.

'Tis listening fear, and dumb amazement all,
When to the startled eye the sudden glance
Appears far south *eruptive* through the cloud.
Thomson, Seasons, Summer.

The Alp's snow summit nearer heaven is seen
Than the volcano's fierce *eruptive* crest,
Whose splendour from the black abyss is flung,
While the scorch'd mountain, from whose burning breast
A temporary torturing flame is wrung,
Shines for a night of terror, then repels
Its fire back to the hell from whence it sprung,
The hell which in its entrails ever dwells.
Byron, Prophecy of Dante, iii.

2. In *Medicine.* Exhibiting diseased eruption.

I mentioned to you the striking effects produced by the spirit of sea-salt in all our putrid diseases of the worst kind; I mean the *eruptive* fevers, the petechial fever, the jail-distemper, and the malignant sore throat.—*Sir W. Fordyce, On the Muriatic Acid*, p. 1.

Erysípelas. *s.* [Gr.] In *Medicine.* Red eruption of the skin, generally accompanied with vesication of the affected part and sympathetic fever; rose; St. Anthony's fire.

An *erysipelas* is generated by a hot serum in the blood, and affects the superficies of the skin with a shining pale red, or citron colour, without pulsation or circumscribed tumour, spreading from one place to another.—*Wiseman, Surgery.*

The disease was measles: it was scarlet fever: it was spotted fever: it was *erysipelas*.—*Macaulay, History of England*, ch. xx.

Erysipélatous. *adj.* Having the nature of an erysipelas.

When a person, who for some years had been subject to *erysipelatous* fevers, perceived the usual forerunning symptoms to come on, I advised her to drink tar-water.—*Bishop Berkeley, Siris*, § 6.

Erythéma. *s.* [Gr.] In *Medicine.* Morbid redness of the skin, terminating in scales and occasionally in gangrene; rash. (*Erythematous* is a derivative.)

The varieties of *erythema* and of erysipelas have been confounded together by many writers,—a circumstance almost unavoidable, when it is considered that several states of the one are merely modifications of certain forms of the other; distinctions between them being rather conventional and artificial, than essential, distinct, and unvarying.—*Copland, Dictionary of Practical Medicine*, in voce.

Escaláde. *s.* [Fr.] Act of scaling the walls of a fortification.

In Geneva one meets with the ladders, petard, and other utensils, which were made use of in their famous *escalade*.—*Addison.*

The work of glory still went on
In preparations for a cannonade
As terrible as that of Ilion,
If Homer had found mortars ready made;
But now, instead of slaying Priam's son,
We only can but talk of *escalade*,
Bombs, drums, guns, bastions, batteries, bayonets, bullets;
Hard words, which stick in the soft Muses' gullets.
Byron, Don Juan, vii. 78.

Escálop. *s.*

1. Same as Scallop.

The shells of those cockles, *escalops*, and periwinkles, which have greater gravity, were enclosed in stone.—*Woodward.*

2. Inequality of margin; indenture.

The figure of the leaves is divided into jags and *escalops*, curiously indented round the edges.—*Ray.*

Escapáde. *s.* [Fr.] Swerving motion of a horse; freak; wild or erratic adventure.

He with a graceful pride,
While his rider every hand survey'd,
Sprung loose, and flew into an *escapade*;
Not moving forward, yet with every bound
Pressing, and seeming still to quit his ground.
Dryden, Conquest of Grenada.

Escápe. *v. a.* [N.Fr. *échaper.*]

1. Obtain exemption from; obtain security from; fly; avoid.

Since we cannot *escape* the pursuit of passions, and perplexity of thoughts, there is no way left but to endeavour all we can either to subdue or divert them.—*Sir W. Temple.*

Had David died sooner, how much trouble had he *escaped*, which by living he endured in the rebellion of his son.—*Archbishop Wake.*

2. Pass unobserved by one.

Men are blind with ignorance and errour: many things may *escape* them, in many they may be deceived.—*Hooker, Ecclesiastical Polity.*

The reader finds out those beauties of propriety in thought and writing, which *escaped* him in the tumult and hurry of representing.—*Dryden, Don Sebastian*, preface.

Escápe. *v. n.* Fly; get out of danger; avoid punishment or harm.

Escape for thy life; look not behind thee, neither stay thou in all the plain: *escape* to the mountain, lest thou be consumed.—*Genesis*, xxi. 17.

Benhadad, the king of Syria, *escaped* on a horse.—1 *Kings*, xx. 20.

They *escaped* all safe to land.—*Acts*, xxvii. 44.

Escápe. *s.*

1. Flight; act of getting out of danger.

I would hasten my *escape* from the windy storm and tempest.—*Psalms*, lv. 7.

He enjoyed neither his *escape* nor his honour long; for he was hewn in pieces.—*Sir J. Hayward.*

Men of virtue have had extraordinary *escapes* out of such dangers as have enclosed them, and which have seemed inevitable.—*Addison, Guardian.*

2. Excursion; sally.

We made an *escape*, not so much to seek our own,
As to be instruments of your safety.
Sir J. Denham, Sophy.

3. In *Law.* Violent or privy evasion out of some lawful restraint.

If the sheriff, upon a capias directed unto him, takes a person, and endeavours to carry him to gaol, and he in the way, either by violence or by flight, breaks from him, this is called an *escape.*—*Cowell.*

4. Excuse; subterfuge; evasion.

St. Paul himself did not despise to remember whatsoever he found agreeable to the word of God among the heathen, that he might take from them all *escape* by way of ignorance.—*Sir W. Raleigh.*

5. Oversight; mistake.

In transcribing there would be less care taken, as the language was less understood, and so the *escapes* less subject to observation.—*Brerewood, Enquiries touching the Diversities of Languages and Religion through the chief Parts of the World.*

Escápement. *s.* Part of the movement in a clock or watch by which the circular is changed to a vibrating motion.

Escáper. *s.* One who gets out of danger.

Let none go forth nor escape out of the city, [in the margin, let no *escaper* go].—2 *Kings*, ix. 15.

Escáping. *verbal abs.* Avoidance of danger.

None escaped, [in the margin, there was not an *escaping*].—2 *Chronicles*, xx. 24.

That there should be no remnant nor *escaping.*—*Ezra*, ix. 14.

Escárp. *v. a.* [Fr. *escarper*; from *escarpe* = outward slope of the rampart.] In *Fortification.* Slope down.

The glasis was all *escarped* upon the live rock.—*Carleton, Memoirs*, p. 132.

Escárpe. *s.* In *Fortification.* See extract. (Escarpment *commoner.*)

Escarpe, or scarp, ... relates to the exterior slope of each defence, while ... the interior slope of every excavation beyond or facing the *escarpe* is designated the counterscarp.—*Rees, Cyclopædia*, in voce.

Eschalót. *s.* Same as Shallot.

Eschalots are now from France become an English plant.—*Mortimer, Husbandry.*

Éschar. *s.* [N.Fr. *escar*; Gr. ἐσχάρα = scab.] Hard crust or scar made by hot applications.

When issues are made, or bones exposed, the *eschar* should be cut out immediately.—*Sharp, Surgery.*

Escharótic. *adj.* Caustic; having the power to sear or burn the flesh.

Now in respect to the virtues of cedar, besides that it heats and dries powerfully, it has likewise this particular and remarkable quality, that, after the nature of septick and *escharotick* medicines, it corrodes and consumes the flesh in a very short time, if applied to a living body.—*Grecnhill, Art of Embalming*, p. 272.

Escharótic. *s.* Escharotic application.

An eschar was made by the catharetick, which we thrust off, and continued the use of *escharoticks.*—*Wiseman, Surgery.*

Escharoticks applied of ash-ashes, or blistering plaster.—*Sir F. Floyer.*

Escheát. *s.* [N.Fr. *escheat*, from *escheoir*, and that from the Latin *cadere* = fall.] See first extract.

Escheat [is] any lands, or other profits, that fall to a lord within his manor by forfeiture, or the death of his tenant, dying without heir general or especial. *Escheat* is also used sometimes for the place in which the king, or other lord, has *escheats* of his tenants. Thirdly, *escheat* is used for a writ, which lies where the tenant, having estate of fee-simple in any lands or tenements holden of a superiour lord, dies seised, without heir general or especial.—*Cowell.*

If the king's ordinary courts of justice do not protect the people, if he have no certain revenue or *escheats*, I cannot say that such a country is conquered.—*Sir J. Davies, Discourse on the State of Ireland.*

Escheát. *v. n.* Fall to the lord of the manor by forfeiture, or for want of heirs.

In the last general wars there, I knew many good freeholders executed by martial law, whose lands were thereby saved to their heirs, which should have otherwise *escheated* to her majesty.—*Spenser, View of the State of Ireland.*

As the bishops cannot devise by will, all they die possessed of *escheats* to the king.—*Swinburne, Travels through Spain*, p. 322.

Escheát. *v. a.* Forfeit.

Infidelity cannot forfeit their inheritance to others; no more than enmity professed by Jews to Christian religion can *escheat* their goods to the crowns under which they live.—*Bishop Hall, Cases of Conscience.*

Escheátable. *adj.* Liable to escheat, or be escheated.

The custom of Kent is that gavelkind land is not forfeitable nor *escheatable* for felony; for they have an old saying, 'The father to the bough, and the son to the plough.'—*Bacon, Use of the Law*, iv. 12. (Ord MS.)

Escheáted. *part. adj.* Forfeited.

He would forbear to alienate any of the forfeited *eschented* lands in Ireland, which should accrue to the crown by reason of this rebellion.—*Lord Clarendon, History of the Grand Rebellion.*

Escheátor. *s.* Officer anciently appointed in every county to enquire into the escheats of the king, and certify them into the Exchequer.

At a Bartholomew fair at London an *escheator* of the city arrested a clothier, and seized his goods.—*Camden, Remains.*

The chancellor accordingly related the whole matter, which consisted of four alleged grievances; namely, that sheriffs and *escheators*, notwithstanding a statute, are continued in their offices beyond a year; that the Scottish marches were not well kept; that the statute against wearing great men's liveries was disregarded; and lastly that the excessive charges of the king's household ought to be diminished, arising from the multitude of bishops and of ladies who are there maintained at his cost.—*Hallam, View of the State of Europe during the middle Ages*, ch. viii. pt. 3.

Eschéw. *v. a.* [N.Fr. *eschever.*] Fly; shun.

She was like a young fawn, who, coming in the wind of the hunters, doth not know whether it be a thing or no to be *eschewed.*—*Sir P. Sidney.*

So let us, which this change of weather view,
Change eke our minds, and former lives amend;
The old year's sins forepast let us *eschew*,
And fly the faults with which we did offend.
Spenser.

Of virtue and vice, men are universally to practise the one, and *eschew* the other.—*Bishop Atterbury.*

Escort. *s.* Guard from place to place; attendance.

The extent of an *escort* is usually proportioned either to the dignity of the person attended, if it be meant as a compliment, or, if of treasure, according to the sum and the dangers lying in the way.—*Rees, Cyclopædia*, in voce.

Escórt. *v. a.* [Fr. *escorter.*] Convoy; guard from place to place.

They were both *escorted* to the city of Canterbury.—*T. Warton, History of English Poetry*, i. diss. 2.

Escót. *v. a.* Pay a man's reckoning; support. See Scot.

What, are they children? Who maintains them?
How are they *escoted?* *Shakespear, Hamlet*, ii. 2.

Escoút. *s.* Same as Scout.

They were well entrenched, having good *escout* abroad, and sure watch within.—*Sir J. Hayward.*

Escuage. *s.* [Fr. *escu* = shield.] See extract.

Escuage, that is, service of the shield, is either uncertain or certain. *Escuage* uncertain is likewise two-fold: first, where the tenant by his tenure is bound to follow his lord, going in person to the king's wars so many days. The days of such service seem to have been rated by the quantity of the land so holden: as, if it extend to a whole knight's fee, then the tenant was bound thus to follow his lord forty days. A knight's fee was so much land as, in those days, was accounted a sufficient living for a knight; and that was six hundred and eighty acres, as some think, or eight hundred as others, or 15*l.* per annum. Sir Thomas Smith saith, that census equestris is 40*l.* revenue in free lands. If the land extend but to half a knight's fee, then the tenant is bound to follow his lord but twenty days. The other kind of this *escuage* uncertain is called Castleward, where the tenant is bound to defend a castle. *Escuage* certain is where the tenant is set at a certain sum of money, to be paid in lieu of such uncertain services.—*Cowell.*

Escuage, which was the commutation for the personal service of military tenants in war, having rather the appearance of an indulgence than an imposition, might reasonably be levied by the king. It was not till the charter of John that *escuage* became a parliamentary assessment; the custom of commuting service having grown general, and the rate of commutation being variable. None but military tenants could be liable for *escuage.*—*Hallam, View of the State of Europe during the middle Ages*, ch. viii. pt. 2.

Esculent. *adj.* [Lat. *esculentus.*] Good for food; eatable.

I knew a man that would fast five days; but the same man used to have continually a great wisp of herbs that he smelled on, and some *esculent* herbs of strong scent, as garlick.—*Bacon.*

Since the truths we are to attend to are scientific truths, governed by precise and homogenous relations, we must not found our scientific classification on casual, indefinite, and unconnected considerations. We must not, for instance, be satisfied with dividing plants, as Dioscorides does, into aromatic, *esculent*, medicinal and vinous; or even with the long prevalent distribution into trees, shrubs, and herbs; since in these subdivisions there is no consistent principle.—*Whewell, History of Scientific Ideas*, ii. 115.

Esculent. *s.* That which is esculent.

This cutting off the leaves in plants, where the root is the *esculent*, as radish and parsnips, it will make the root the greater, and so it will do to the heads of onions; and where the fruit is the *esculent*, by strengthening the root, it will make the fruit also the greater.—*Bacon, Natural and Experimental History.*

Escútcheon. *s.* [N.Fr. *escusson*; Lat. *scutum* = shield.] Shield of a family; picture of the ensigns armorial; hatchment affixed to a mansion.

There be now, for martial encouragement, some degrees and orders of chivalry, and some remembrance perhaps upon the *escutcheon.*—*Bacon, Essays.*

Escutcheon is a French word, from the Latin scutum, leather; and hence cometh our English word buckler, lethe in the old Saxon signifying leather, and buck or bock a back or stag; of whose skins, quilted close together with horn or hard wood, the ancient Britons made their shields.—*Peacham.*

Spelt *escocheon.*

The addition of the *escocheon* of Edward the Confessor to his own, although used by the family of Norfolk for many years, and justified by the authority of the heralds, was a sufficient foundation for an impeachment of high treason.—*T. Warton, History of English Poetry*, iii. 9.

Escútcheoned. *adj.* Having an escutcheon or hatchment.

For what, gay friend! is this *escutcheon'd* world,
Which hangs out Death in one eternal night?
Young, Night Thoughts, ii. 2.

Esloín. *v. a.* [N.Fr. *esloigner*; Lat. *longus* = long, far.] Remove to a distance; banish; withdraw.

I'll tell thee now (dear love) what thou shalt do
To anger Destiny, as she doth us:
How I shall stay, though she *esloigne* me thus,
And how posterity shall know it too.
Donne, Poems.

Your pontificians, though *esloigned* from us in the way of God's worship, yet their persons are out neighbours.—*Bishop Hacket, Life of Archbishop Williams*, p. 215.

Esóphagus. *s.* [Lat., Gr.] In *Anatomy.* Gullet. (*Esophageal* and other allied words are congeners.)

The gullet; a long, large, and round canal, that descends from the mouth, lying all along between the windpipe and the joints of the neck and back, to the fifth joint of the back, where it turns a little to the right, and gives way to the descending artery; and both run by one another, till at the ninth the *œsophagus* turns again to the left, pierces the midriff, and is continued to the left orifice of the stomach.—*Quincy.*

Wounds penetrating the *œsophagus* and aspera arteria, require to be stitched close, especially those of the *œsophagus*, where the sustenance and saliva so continually presseth into it.—*Wiseman, Surgery.*

When [hiccup] follows a meal, either frequently or habitually, chronic inflammation of the stomach, especially about the cardiac orifice, or even of the *œsophagus* or duodenum, should be suspected; or irritation of the pancreas or biliary ducts, or worms in the alimentary canal may exist.—*Copland, Dictionary of Practical Medicine.*

Esotéric. *adj.* [Lat. *esotericus* = inward.] Secret; mysterious: (applied to the double doctrine of the ancient philosophers, the public or *exoteric*, the secret or *esoteric*; the former that which they openly professed and taught to the world, the latter confined to a small number of chosen disciples; chiefly with reference to the *Platonic* and *Cabalistic* doctrines).

(For example see extract under Exoteric.)

Ésotery. *s.* Mystery; secresy. *Rare.*

The ancients, delivering their lectures by word of mouth, could adapt their subjects to their audience, reserving their *esoteries* for adepts, and dealing out exoteries only to the vulgar.—*Note in Search's Freewill*, p. 172.

Espálier. *s.* [Fr. *espalier.*] Tree planted and cut so as to join others, or run laterally, supported by, or intertwined with, stakes.

Plant your fairest tulips in places of shelter, and under *espaliers.—Evelyn, Calendarium hortense.*

Behold Villario's ten years' toil complete,
His arbours darken, his *espaliers* meet. *Pope.*

I have mixed in my *espaliers* as many rose and jassamin trees as I can cram in.—*Lady M. W. Montague, Letters*, July 26, 1753.

Espécial. *adj.* Special; principal; chief.

They had th' *especial* engines been, to rear
His fortunes up.
Daniel, Civil Wars of York and Lancaster.

Espécially. *adv.* In an especial manner; principally; chiefly; particularly; in an uncommon degree above any other.

I somewhat marvel, that they *especially* should think it absurd to oppose church government, a plain matter of action, unto matter of faith, who know that themselves divide the gospel into doctrine and discipline.—*Hooker, Ecclesiastical Polity.*

This delight children take in doing of mischief, but more *especially* the pleasure they take to put any thing to pain that is capable of it, I cannot persuade myself to be any other than a foreign and introduced disposition.—*Locke.*

Providence hath planted in all men a natural desire and curiosity of knowing things to come; and such things *especially* as concern our particular happiness, or the general fate of mankind.—*T. Burnet, Theory of the Earth.*

Espécialness. *s.* Attribute suggested by Especial; state or quality of being especial.

Your precious diamond in *especialness.*—*Loe, Sermons*, p. 25: 1614.

Ésperance. *s.* [French.] Hope. A word of *early* use, but *never naturalized.*

To be worst,
The lowest, most dejected things of fortune,
Stands still in *esperance*, lives not in fear.
Shakespear, King Lear, iv. 1.

Yet there is a credence in my heart,
An *esperance* so obstinately strong,
That doth invert th' attest of eyes and ears.
Id., Troilus and Cressida, v. 2.

Espíal. *s.* [Fr. *espier.*]

1. Spy; scout; one sent to bring intelligence.

And in a night when Saul and his army were at rest, and that David, by an *espyal*, knew they were all fast on sleepe; [he] took with him a certaine of the most assured and valyant personages of his hoste.—*Sir T. Elyot, The Governour*, fol. 157.

As he march'd along,
By your *espials* were discovered
Two mightier troops.
Shakespear, Henry VI. Part I. iv. 3.

She had some secret *espials* to look abroad of graceful youths, to make Plantagenets.—*Bacon, History of the Reign of Henry VII.*

There is a kind of followers likewise, which is dangerous, being indeed *espials*; which enquire the secrets of the house, and bear tales of them to others.—*Id., Essays*, 48.

The intelligences that princes study to attain, are procured by divers means; some are brought by report, some vented by conversation and sounding, some by means of *espials.—Sir W. Raleigh, Arts of Empire*, ch. xxv.

2. Observation; detection; discovery.

A man may, as it were on a mountain or a place of *espyal*, behold on every side far off.—*Sir T. Elyot, The Governour*, fol. 74, b.

Those four garrisons, issuing forth at such convenient times, as they shall have intelligence or *espial* upon the enemy, will drive him from one side to another.—*Spenser, View of the State of Ireland.*

After the *espial* of this boy [who had stolen several things, and confessed,] my lord revealed the same unto the council.—*Cavendish, Life of Wolsey.*

Espíer. *s.* Spy.

Ye covetous misers, . . . ye crafty *espiers* of the necessity of your poor brethren to make your gain of their pain, your commodity of their calamity!—*Harmar, Translation of Beza's Sermons*, p. 175: 1587.

Espinel. *s.* Same as Spinelle, gem or precious stone so called.

Here [at Pegu] is store of gold, silver, lead, and iron; smaragds, topazes, rubies, saphyres, garnets, emeralds, *espinels*, and cats-eyes.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 359.

Espionage. *s.* [French, and generally sounded as such; Anglicized, and sounded with *i* as in *espial*, it would be useful. The thing, however, is comparatively rare.] Spy system; secret watching.

Esplanáde. *s.* [Fr.] In *Fortification.* See Glacis.

Espoúsal. *adj.* Used in the act of espousing or betrothing.

The ambassador put his leg, stript naked to the knee, between the *espousal* sheets; that the ceremony might amount to a consummation.—*Bacon, History of the Reign of Henry VII.*

Espoúsal. *s.*

1. Act of contracting or affiancing a man and woman to each other; act or ceremony of betrothing: (generally *plural*).

I remember thee, the kindness of thy youth, the love of thine *espousals.—Jeremiah*, ii. 2.

Whether it is necessary or requisite there should be a witnessed contract, or *espousals* of the parties to be married before the solemnization of the marriage?—*Bishop Hall, Cases of Conscience.*

We find that Samson's wife remained with her parents a considerable time after her *espousal.—Stackhouse, History of the Bible*, b. viii. ch. i.

When we came nearer this appearance, who should it be but Monsieur Guardeloop, mine and Ramble's French taylor, attended by others, leading one of Madam Depingle's maids to the church, in order to their *espousals.—Tatler*, no. 7.

2. Adoption; protection.

If political reasons forbid the open *espousal* of his cause, pity commands the assistance which private fortunes can lend him.—*Lord Orford.*

Espoúse. *v. a.* [Fr. *espouser.*]

1. Contract or betroth to another: (with *to*).

Deliver me my wife Michal, which I *espoused to* me.—2 *Samuel*, iii. 14.

With *with.*

He had received him as a suppliant, protected him as a person fled for refuge, and *espoused* him *with* his kinswoman.—*Bacon.*

2. Marry; wed.

They soon *espous'd*; for they with ease were join'd,
Who were before contracted in the mind. *Dryden.*

3. Adopt; take to one's self.

In gratitude unto the duke of Bretagne for his former favours, he *espoused* that quarrel, and declared himself in aid of the duke.—*Bacon, History of the Reign of Henry VII.*

4. Maintain; defend.

Their gods did not only interest themselves in the event of wars, but also *espoused* the several parties in a visible corporeal descent.—*Dryden, Dedication to Translation of Juvenal's Satires.*

The city, army, court, *espouse* my cause.
Id., Spanish Friar.

Men *espouse* the well-endowed opinions in fashion, and then seek arguments either to make good their beauty, or varnish over their deformity.—*Locke.*

The righteousness of the best cause may be overbalanced by the iniquities of those that *espouse* it.—*Bishop Smalridge.*

The cause of religion and goodness, which is the cause of God, is ours by descent, and we are doubly bound to *espouse* it.—*Bishop Atterbury.*

Espoúsed. *part. adj.* Married; wedded.

With flowers, garlands, and sweet-smelling herbs, *Espoused* Eve deck'd first her nuptial bed.
Milton, Paradise Lost, iv. 709.

Espoúser. *s.* One who maintains or defends a point.

As wooers and *espousers*, having commission or letters of credence to treat of a marriage.—*Bishop Gauden, Hieraspistes*, p. 156: 1653.

The *espousers* of that unauthorised and detestable scheme have been weak enough to assert, that there is a knowledge in the elect, peculiar to those chosen vessels.—*Allen, Sermon before the University of Oxford, 19th July*, 1761, p. 11.

Espý. *v. a.* [Fr. *espier.*]

1. See things at a distance.

Few there are of so weak capacity but publick evils they easily *espy*; fewer so patient as not to complain, when the grievous inconveniences thereof work sensible smart.—*Hooker, Ecclesiastical Polity.*

2. Discover a thing intended to be hid.

He who before he was *espied* was afraid, after being perceived was ashamed, now being hardly rubbed upon, left both fear and shame, and was moved to anger.—*Sir P. Sidney.*

3. See unexpectedly.

As one of them opened his sack, he *espied* his money.—*Genesis*, xlii. 27.

4. Discover as a spy.

Moses sent me to *espy* out the land, and I brought him word again.—*Joshua*, xiv. 7.

Espý. *v. n.* Watch; look about.

Stand by the way and *espy*; ask him that fleeth what is done?—*Jeremiah*, xlvii. 19.

Espý. *s.* Spy.

The same day there was an *espie* taken, whom they which tooke him thought to have been a Turke, howbeit he was found to be one of their own men.—*Knolles, History of the Turks*, 1189. (Ord MS.)

The muster-master general having given my lord-lieutenant one thousand pounds for his consent to enjoy that office, after he had got her majesty's orders for a patent, thought a check upon his office would be a troublesome *espy* upon him.—*Swift, Character of the Earl of Wharton.* (Ord MS.)

Esquíre. *s.* [N.Fr. *escuier*, from *escu*, a shield.]

1. Armour-bearer or attendant on a knight.

The hero in this distress was generally in armour, and in a readiness to fight any man he met with. . . . A lover of this kind had always about him a person of second value, and subordinate to him. . . . This trusty companion was styled his *esquire.—Tatler*, no. 19.

2. Title of honour immediately below that of knight. See extracts.

What are our English dead?—
Sir Richard Ketley, Davy Gam *esquire.*
Shakespear, Henry V. iv. 8.

Those to whom this title is now of right due, are all the younger sons of noblemen, and their heirs male for ever; the four *esquires* of the king's body; the eldest sons of all baronets; so also of all knights of the Bath, and knights bachelors, and their heirs male in the right line; those that serve the king in any worshipful calling, as the serjeant chirurgeon, serjeant of the ewry, master cook, &c., such as are created *esquires* by the king with a collar of S. S. of silver, as the heralds and serjeants at arms. The chief of some ancient families are likewise *esquires* by prescription: those that bear any superiour office in the commonwealth, as high sheriff of any county, who retains the title of *esquire* during his life, in respect of the great trust he has had of the posse comitatus. He who is a justice of the peace has it during the time he is in commission, and no longer. Utter barristers, in the acts of parliament for poll-money, were ranked among *esquires.—Blount.*

The appellation of *esquire* is the most notoriously abused of any class amongst men. . . . I will undertake, that if you read the superscriptions to all the offices in the kingdom, you will not find three letters directed to any but *esquires.* I have myself a couple of clerks, and the rogues make nothing of leaving messages upon each other's desk: one directs to Degory Goosequill, *esquire*; to which the other replies by a note to Nehemiah Dashwell, *esquire*, with respect! In a word, it is now 'populus armigerorum,' a people of *esquires.—Tatler*, no. 19.

The houses of the gentry were not more plentifully supplied. Few knights of the shire had libraries so good as may now perpetually be found in a servants' hall, or in the back parlour of a small shopkeeper. An *esquire* passed among his neighbours for a great scholar, if Hudibras and Baker's Chroni-

cle, Tarlton's Jests and the Seven Champions of Christendom, lay in his hall window among the fishing rods and fowling pieces.—*Macaulay, History of England*, ch. iii.

Esquíre. *v. a.* Attend as an esquire: (a *colloquial expression*, in the last century, denoting a gentleman attending a lady in public; and of much the same value as the ridiculous *chaperon* of the present day).

Esquíreship. *s.* Rank, state, condition, or title, of esquire.

They make the dignitie of *esquireship* successorie. —*Time's Storehouse.* (Ord MS.)

Éssart and **Essárt.** Same as Assart.

Essáy. *v. a.*

1. Attempt; try; endeavour.

While I this unexampled task *essay*,
Pass awful gulfs, and beat my painful way,
Celestial dove, divine assistance bring.
Sir R. Blackmore.

No conquest she, but o'er herself desir'd;
No arts *essay'd*, but not to be admir'd. *Pope.*

2. Make experiment of; (especially) try the value and purity of metals; assay.

The standard in our mint being now settled, the rules and methods of *essaying* suited to it should remain unvariable.—*Locke.*

Essay. *s.* (*essáy* in extracts from Smith and Roscommon.) [see Assay.]

1. Attempt; endeavour.

Fruitless our hopes, though pious our *essays*;
Yours to preserve a friend, and mine to praise.
Smith.

2. Loose sally of the mind; irregular undigested piece or composition.

My *essays*, of all my other works, have been most current.—*Bacon.*

Yet modestly he does his work survey,
And calls his finish'd poem an *essay*.
Poem to Lord Roscommon.

3. Trial; experiment.

This treatise prides itself in no higher a title than that of an *essay*, or imperfect attempt at a subject. —*Glanville.*

He wrote this but as an *essay*, or taste of my virtue.—*Shakespear, King Lear*, i. 2.

Repetitions wear us into a liking of what, possibly, in the first *essay*, displeased us.—*Locke.*

4. First taste of anything; first experiment.

Translating the first of Homer's Iliads, I intended as an *essay* to the whole work.—*Dryden, Fables*, pref.

5. In *Metallurgy*. Same as Assay.

Éssayer. *s.* One who writes essays.

A thought in which he hath been followed by all the *essayers* upon friendship, that have written since his time.—*Addison, Spectator*, no. 68.

Éssayist. *s.* Writer of essays.

I make, says a gentleman *essayist* of our author's age, as great difference between Tacitus and Seneca's style and his [Cicero's], as musicians between Trenchmore and Lachrymæ. — *B. Jonson, Masques.*

Such are all the *essayists*, even their master Montaigne.—*Id., Discoveries.*

In 1752 he [Johnson] was almost entirely occupied with his Dictionary. The last paper of his Rambler was published March 2, this year; after which, there was a cessation for some time of his talents as an *essayist*.—*Boswell, Life of Johnson.*

Éssence. *s.* [see Existence.]

1. Distinctive nature of a being or substance. See last extract.

One thinks the soul is air; another, fire;
Another, blood diffus'd about the heart;
Another saith, the elements conspire,
And to her *essence* each doth give a part.
Sir J. Davies.

I could wish the nature of a spirit were more unknown to me than it is, that I might believe its existence, without meddling at all with its *essence*.— *Dr. H. More, Divine Dialogues.*

He wrote the nature of things upon their names: he could view *essences* in themselves, and read forms without the comment of their respective properties. —*South, Sermons.*

Essence is but the very nature of any being, whether it be actually existing or no: a rose in winter has an *essence*; in summer it has existence also.— *Watts, Logick.*

In the Aristotelian phraseology, Genus and Differentia are of the *essence* of the subject; by which, as we have seen, is really meant that the properties signified by the genus and those signified by the differentia, form part of the connotation of the name denoting the species. Proprium and Accidens, on the other hand, form no part of the *essence*, but are predicated of the species only accidentally. Both are accidents, in the wider sense in which the accidents of a thing are opposed to its *essence*; though, in the doctrine of the predicables, Accidens is used for one sort of accident only, proprium being another sort. Proprium, continue the schoolmen, is predicated Accidentally, indeed, but necessarily; or, as they further explain it, signifies an attribute which is not indeed part of the *essence*, but which flows from, or is a consequence of, the *essence*, and is, therefore, inseparably attached to the species; e.g. the various properties of a triangle, which, though no part of its definition, must necessarily be possessed by whatever comes under that definition. —*J. S. Mill, System of Logic*, b. ii. ch. vii. § 7.

2. Formal existence; that which makes anything to be what it is.

The visible church of Jesus is one in outward profession of those things, which supernaturally appertain to the very *essence* of Christianity, and are necessarily required in every particular Christian man.—*Hooker, Ecclesiastical Polity.*

3. Existence; quality of being.

In such cogitations have I stood, with such a darkness and heaviness of mind, that I might have been persuaded to have resigned my very *essence*.— *Sir P. Sidney.*

I would resign my *essence*, that he were
As happy as my love could fashion him.
Beaumont and Fletcher, Spanish Curate.

4. Being; existent person.

As far as gods, and heav'nly *essences*
Can perish. *Milton, Paradise Lost*, i. 138.

5. Species of existent being.

Here be four of you, as differing as the four elements; and yet you are friends: as for Eupolis, because he is temperate, and without passion, he may be the fifth *essence*.—*Bacon.*

6. Constituent substance.

For spirits, when they please,
Can either sex assume, or both; so soft
And uncompounded is their *essence* pure;
Nor tied or manacled with joint or limb.
Milton, Paradise Lost, i. 423.

7. Cause of existence.

She is my *essence*; and I leave to be,
If I be not by her fair influence
Foster'd, illumin'd, cherish'd, kept alive.
Shakespear, Two Gentlemen of Verona, iii. 1.

8. In *Medicine*. Chief properties or virtues of any simple or composition collected in a narrow compass.

9. Perfume; odour; scent.

Our humble province is to 'tend the fair;
To save the powder from too rude a gale.
Nor let th' imprison'd *essences* exhale.
Pope, Rape of the Lock.

Éssence. *v. a.* Perfume; scent. *Rare.*

Socrates himself, when he went to a feast, was content to be smugged up and *essenced* in his pantouffles.—*Felltham, Resolves*, ii. 52.

Éssenced. *part. adj.* Scented.

The husband rails, from morning to night, at *essenced* fops and tawdry courtiers.—*Addison, Spectator.*

There of the farded fop and *essenc'd* beau,
Ferocious, with a Stoic's frown disclose
Thy manly scorn, averse to tinsel pomp.
Shenstone, Economy.

Essénti al. *adj.* [Lat. *essentialis*.]

1. Necessary to the constitution or existence of anything.

The discipline of our church, although it be not an *essential* part of our religion, should not be rashly altered, as the very substance of our religion will be interested in it.—*Bacon.*

This power cannot be innate and *essential* to matter; and if it be not *essential*, it is consequently most manifest it could never supervene to it, unless impressed and infused into it by an immaterial and divine power.—*Bentley*

And if each system in gradation roll,
Alike *essential* to th' amazing whole,
The least confusion but in one, not all
That system only, but the whole must fall. *Pope.*

2. Important in the highest degree; principal.

Judgement's more *essential* to a general
Than courage. *Sir J. Denham, Sophy.*

3. Pure; highly rectified; subtilely elaborated; extracted so as to contain all the virtues of its elemental parts contracted into a narrow compass.

The juice of the seed is an *essential* oil or balm, designed by nature to preserve the seed from corruption.—*Arbuthnot.*

Essénti al. *s.*

1. Existence; being.

His utmost ire to the height enrag'd,
Will either quite consume us, or reduce
To nothing this *essential*.
Milton, Paradise Lost, ii. 95.

2. Nature; first or constituent principles.

The plague of sin has even altered his nature, and eaten into his very *essentials*.—*South, Sermons.*

3. Chief point; that which is in any respect of great importance.

In *essentials* and fundamentals they agree, holding one faith.—*Bishop Mountagu, Appeal to Cæsar*, p. 113.

Essentiálity. *s.* Essential nature or character; first or constituent principles.

The soul supplies the body in the *essentialities* of it and indispensable obedience.—*Jeremy Taylor, Ductor Dubitantium*, i. (Ord MS.)

I have sometimes wondered how a people, whose genius seems wholly turned to singing and dancing, and prating to vanity and impertinence; who lay so much weight upon modes and gestures, whose *essentialities* are generally so very superficial; who are usually so serious upon trifles, and so trifling upon what is serious, have been capable of committing such solid villanies; more suitable to the gravity of a Spaniard, or the silence and thoughtfulness of an Italian.—*Swift, Examiner*, no. 33.

Essséntially. *adv.* In an essential manner; by the constitution of nature; really; according to the true state of things.

Body and spirit are *essentially* divided, though not locally distant.—*Glanville.*

All sin *essentially* is, and must be, mortal.— *South.*

Knowledge is that which, next to virtue, truly and *essentially* raises one man above another.—*Addison, Guardian.*

Esséntialness. *s.* Attribute suggested by Essential; state or quality of being essential.

The *essentialness* of frequent parliaments to the happiness of this kingdom might be inferred to you.—*Lord Digby, Speeches in Parliament*, p. 12: 1641.

Esséntiate. *v. n.* Become of the same essence.

'Tis an axiom in natural philosophy, What comes nearest the nature of that it feeds, converts quicker to nourishment, and doth sooner *essentiate*.—*B. Jonson, Every Man out of his Humour.*

Esséntiate. *v. a.* Invest with essential characters.

If Mr. Descartes' notion be admitted, 'twill be irrational to admit a vacuum, since any space, that is pretended to be empty, must be acknowledged to have the three dimensions, and consequently all that is necessary to *essentiate* a body. — *Boyle, Free Enquiry into the vulgar and received Notion of Nature*, p. 291. (Ord MS.)

Essoín. *v. a.* [N.Fr. *essoiner*.] In *Law*. Excuse; release.

Away, with wings of time; I'll not *essoin* thee;
Denounce these fiery judgements I enjoin thee.
Quarles, History of Jonah, sign. G. 3: 1620.

Essoín. *s.* In *Law*. Excuse upon just cause of absence for him who is summoned, or sought for, to appear and answer to an action real, or to perform suit to a court-baron.

From every work he challenged *essoin*,
For contemplation sake; yet otherwise
His life he led in lawless riotise.
Spenser, Faerie Queen.

She seems to have given a bad impression of her claims by putting in frequent *essoins*.—*C. H. Pearson, The early and middle Ages of England*, ch. xxxiii.

Used *adjectivally*.

Formerly the first general return day of the term was called the *essoign* day, because the court sat to receive essoigns; but when essoigns were no longer allowed to be cast, i.e. obtained, in personal actions, the court discontinued such sittings.—*Wharton, Law Lexicon*, in voce.

Estáblish. *v. a.* [Fr. *établir*, pres. part. *établissant*; Lat. *stabilio, stabilis*.]

1. Settle firmly; fix unalterably.

I will *establish* my covenant with him for an everlasting covenant.—*Genesis*, xvii. 19.

2. Settle in any privilege or possession; confirm.

Soon after the rebellion broke out, the Presbyterian sect was *established* in all its forms by an ordinance of the lords and commons.—*Swift.*

3. Make firm; ratify.

Every vow, and every binding oath to afflict the soul, her husband may *establish* it, or her husband may make it void.—*Numbers*, xxx. 13.

4. Fix or settle in an opinion.

So were the churches *established* in the faith.— *Acts*, xvi. 5.

5. Form or model.
He appointed in what manner his family should be *established*.—*Lord Clarendon, History of the Grand Rebellion.*
6. Found; build firmly; fix immovably.
For he hath founded it upon the seas, and *established* it upon the floods.—*Psalms*, xxiv. 12.
7. Make a settlement of any inheritance.
We will *establish* our estate upon
Our eldest Malcolm, whom we name hereafter
The prince of Cumberland.
Shakespear, Macbeth, i. 4.

Estáblished. *part. adj.* Settled firmly.
The Normans never obtained this kingdom by such a right of conquest, as did or might alter the *established* laws of the kingdom.—*Sir M. Hale, History of the Common Law of England.*

Estáblisher. *s.* One who establishes.
Some allow them as the first founders and *establishers* of them.—*Hooker, Discourse of Justification*, § 12.
The from-ever and for-ever *Establisher* of all estates.—*Stafford, Niobe*, pt. ii. p. 51.
I reverence the holy fathers as divine *establishers* of faith.—*Lord Digby.*

Estáblishment. *s.*
1. Settlement; fixed state.
All happy peace, and goodly government,
Is settled there in sure *establishment.*
Spenser, Faerie Queen.
2. Confirmation of something already done; ratification.
He had not the act penned by way of recognition of right; as, on the other side, he avoided to have it by new law; but chose rather a kind of middle way, by way of *establishment.*—*Bacon, History of the Reign of Henry VII.*
3. Form; model of a government or family; foundation; fundamental principle; settled law: (often preceded by *the*, and meaning the *Established Church*).
Now come into that general reformation, and bring in that *establishment* by which all men should be contained in duty.—*Spenser, View of the State of Ireland.*
The sacred order to which you belong, and even the *establishment* on which it subsists, have often been struck at; but in vain.—*Bishop Atterbury.*
4. Household, retinue, or system of expenditure kept up for a certain purpose: (in the following extract it is considered by Johnson to mean the *allowance*, *income*, or *salary*, for the maintenance thereof).
His excellency, who had the sole disposal of the emperour's revenue, might gradually lessen your *establishment.*—*Swift.*
5. Settled, fixed, or final rest.
Whilst we set up our hopes and *establishment* here, we do not seriously consider that God has provided another and better place for us.—*Archbishop Wake.*

Estafét. *s.* [Spanish, *estafeta*; Fr. *estafier*, *estafette*.] Military courier.
An *estafet* was despatched on the part of our ministers at the Hague, requiring Marshal Bender to suspend his march.—*Sir B. Boothby, Letter to the Right Honourable Edmund Burke*, p. 84.

Estáte. *s.* [N.Fr. *estat*; modern form, *état*.]
1. General interest; business of the government; public.
Many times the things adduced to judgement may be meum et tuum, when the reason and consequence thereof may reach to point of *estate*: I call matters of *estate* not only the parts of sovereignty, but whatsoever introduceth any great alteration, or dangerous precedent, or concerneth manifestly any great portion of people.—*Bacon, Essays.*
2. Condition of life, with regard to prosperity or adversity; condition; circumstances in general.
Thanks to giddy chance,
She casts us headlong from our high *estate.*
Dryden.
Truth and certainty are not at all secured by innate principles; but men are in the same uncertain, floating *estate* with as without them.—*Locke.*
3. Fortune; possession: (generally meant of possessions in *land*, or realities).
She accuses us to the king, as though we went about to overthrow him in his own *estate.*—*Sir P. Sidney.*
Go, miser! go: for lucre sell thy soul;
Truck wares for wares, and trudge from pole to pole,
That men may say, when thou art dead and gone,
See what a vast *estate* he left his son!
Dryden, Persius's Satires.
The most plausible distinction alleged by Spelman, that the heriot is by law due from the personal *estate*, but the relief from the heir, seems hardly applicable to that remote age, when the law of succession as to real and personal *estate* was not different.—*Hallam, View of the State of Europe during the middle Ages*, ch. viii. pt. 1.
I am indeed surprised at Brady's position, that the English had suffered an indiscriminate deprivation of their lands. Undoubtedly there were a few left in almost every county, who still enjoyed the *estates* which they held under Edward the Confessor, free from any superiority but that of the crown, and were denominated, as in former times, the king's thanes. Cospatric, son perhaps of one of that name who had possessed the earldom of Northumberland, held forty-one manors in Yorkshire, though many of them are stated in Doomsday to be waste. Inferior freeholders were probably much less disturbed in their *estates* than the higher class.—*Ibid.* ch. viii. pt. 2.
4. Rank; quality.
Who hath not heard of the greatness of your *estate?* Who seeth not that your *estate* is much excelled with that sweet uniting of all beauties?—*Sir P. Sidney.*
5. Person of high rank. *Obsolete.*
She is a dutchess, a great *estate.*—*Bishop Latimer.*
Herod, on his birth-day, made a supper to his lords, high captains, and chief *estates* of Galilee.—*Mark*, vi. 21.
6. Approximate equivalent to House of Parliament in certain countries.
In the autumn of 1696 the *estates* of Scotland met at Edinburgh.—*Macaulay, History of England*, ch. xxii.

Estáte. *v. a.*
1. Establish; fix.
Sir, I demand no more than your own offer,
And I will *estate* your daughter, in what I
Have promised.
Beaumont and Fletcher, Two Noble Kinsmen.
Some of them thought that Christ descended to that place of Hades, where the souls of all the faithful from the death of the righteous Abel to the death of Christ were detained, and there, dissolving all the power by which they were detained below, translated them into a far more glorious place, and *estated* them in a condition far more happy in the heavens above.—*Bishop Pearson, Exposition of the Creed*, art. v.
2. Settle as a fortune.
Why hath thy queen
Summon'd me hither?—
A contract of true love to celebrate,
And some donation freely to *estate*
On the blest lovers. *Shakespear, Tempest*, iv. 1.

Estáted. *part. adj.* Possessed of, or qualified for anything through, an estate.
Out of only fifteen thousand families of lords and *estated* gentlemen, I suppose one in thirty to be tolerably educated.—*Swift, Of the Education of Ladies*, xiv. 239. (Ord MS.)

Esteém. *v. a.* [Fr. *estimer*; Lat. *æstimo*.]
1. Set a value, whether high or low, upon anything.
The worth of all men by their end *esteem*,
And then due praise, or due reproach them yield.
Spenser.
A knowledge in the works of nature they honour, and *esteem* highly profound wisdom; howbeit this wisdom saveth not.—*Hooker, Ecclesiastical Polity.*
I preferred her before sceptres and thrones, and *esteemed* riches nothing in comparison of her.—*Wisdom*, vii. 8.
2. Compare; estimate by proportion.
Besides, those single forms she doth *esteem*,
And in her balance doth their values try.
Sir J. Davies, Immortality of the Soul.
3. Prize; rate high; regard with reverence.
Who would not be loved more, though he were *esteemed* less?—*Dryden.*
4. Hold in opinion; think; imagine.
One man *esteemeth* one day above another; another *esteemeth* every day alike.—*Romans*, xiv. 6.

Esteém. *v. n.* Consider as to value: (with *of*). *Rare.*
Many would little *esteem of* their own lives, yet for remorse of their wives and children, would be withheld from that heinous crime.—*Spenser.*

Esteém. *s.*
1. High value; reverential regard.
Who can see,
Without *esteem* for virtuous poverty,
Severe Fabricius, or can cease t' admire
The ploughman consul in his coarse attire?
Dryden, Virgil's Æneid.
I am not uneasy that many, whom I never had any *esteem* for, are likely to enjoy this world after me.—*Pope.*
2. Reckoning; estimate; account.
We lost a jewel of her; and our *esteem*
Was made much poorer by it.
Shakespear, All's well that ends well, v. 3.

Esteémable. *adj.* Capable of being, or liable to be, esteemed: (Estimable *commoner*).
Homer allows their characters *esteemable* qualities.—*Pope, Iliad*, vi., *Note on* v. 390.

Esteémer. *s.* One who esteems; one who highly values, or sets a high rate upon, anything.
Rabbi Aaron Ben-Netas, a person not unlearned in their law, and one who wanted nothing but Christianity to render him acceptable to equal *esteemers*; to whose free communication I owe many of these remarks.—*L. Addison, Account of the present State of the Jews*, p. 14.
This might instruct the proudest *esteemer* of his own parts, how useful it is to talk and consult with others.—*Locke.*

Esthétics. *s.* [Gr. *αἰσθητικος*, relating to *αἰσθησις* = perception.—see Chromatics. This comparatively new word is German in respect to its derivation, i.e. if it had not been invented in Germany it would, probably, have had no existence in England. It began by meaning the doctrine of Perception in psychology generally. It was then limited to the doctrine of Taste, or the perception of beauty in art. For a further refinement see Callisthenics.
In the matter of form it is, however, by no means German, but Greek. The *c* in German, where the fiction of taking words of Greek origin through a Latin medium is not recognized, is *k*. The *ä* or *ae* German only partially coincides with the Greek *αι* and Latin *æ*. The German form, though spelt *ästhetik* or *aesthetik*, is sounded as though written *ästetik*; the adjectival derivative being *ästhetisch*, with a *c* of a wholly different origin. Neither is there in German any form ending in *s*. See also Æ.]
Theory of the criticism of beauty in art; doctrine of taste.
These general premisses . . . form (or rather might form) a body of doctrine, which is properly the art of life, in its three departments, morality, prudence or policy, and *æsthetics*; the right, the expedient, the beautiful or noble, in human conduct and works. To this art (which, in the main, is unfortunately *still* to be created) all other arts are subordinate; since its principles are those which must determine whether the special aim of any particular art is worthy and desirable, and what is its place in the scale of desirable things. Every art is thus a joint result of laws of nature disclosed by science, and of the general principles of what has been called teleology, or the doctrine of ends; which, borrowing the language of the German metaphysicians, may also be termed, not improperly, the principles of practical reason.—*J. S. Mill, System of Logic*, pt. iv. b. ii. § 6.
What does the astonished reader make of this little sentence from Schiller's *æsthetic* letters? . . . The *Æsthetic* Letters ['Briefe über die *ästhetische* Erziehung des Menschen'], in which this and many far deeper matters come into view, will one day deserve a long chapter to themselves. . . . We have already undertaken to present our readers, on a future occasion, with some abstract of the *æsthetic* letters, one of the deepest, most compact pieces of reasoning we are anywhere acquainted with: by that opportunity the general character of Schiller, as a philosopher, will best fall to be discussed.—*Carlyle, Critical and Miscellaneous Essays, Schiller.*
Whence may it proceed that you have a man educated and in all points equipt, without ever coming upon certain wants which only philosophy can meet? I am convinced it is entirely attributable to the *æsthetic* direction you have taken through the whole romance. Within the *æsthetic* temper there arises no want of those grounds of comfort which are drawn from speculation: such a temper has self-subsistence, has infinitude within itself; only when the sensual and the moral in man strive hostilely together need help be sought of pure reason. A healthy poetic nature wants, as you yourself say, no moral law, no rights of man, no political metaphysics.—*Schiller, Extract from Correspondence*, translated in the essay just quoted.

Éstimable. *adj.* Capable of being esteemed or estimated (in the *good* sense of the word); valuable; worthy of esteem, honour, or respect.
A pound of man's flesh, taken from a man,
Is not so *estimable* or profitable
As flesh of muttons, beefs, or goats.
Shakespear, Merchant of Venice, i. 3.
You lost one who gave hopes of being, in time, every thing that was *estimable* and good.—*Sir W. Temple.*

Éstimable. *s.* That which is worthy of particular notice and regard. *Rare.*

The queen of Sheba, among presents unto Solomon, brought some plants of the balsam tree, as one of the peculiar *estimables* of her country.—*Sir T. Browne, Miscellanies*, p. 50.

Éstimate. *v. a.* [Lat. *æstimo.*] Rate; adjust the value of; judge of anything by its proportion to something else; value; calculate; compute.

When a man shall sanctify his house to the Lord, then the priest shall *estimate* it whether it be good or bad: as the priest shall *estimate* it, so shall it stand.—*Leviticus*, xxvii. 14.

It is by the weight of silver, and not the name of the piece, that men *estimate* commodities and exchange them.—*Locke.*

Éstimate. *s.* Valuation; value; computation; calculation; assignment of proportional value; comparative judgement.

I'd love
My country's good, with a respect more tender,
More holy and profound, than mine own life,
My dear wife's *estimate*, her womb's increase,
The treasure of my loins.
Shakespear, Coriolanus, iii. 3.

The only way to come to a true *estimate* upon the odds betwixt a publick and a private life, is to try both.—*Sir R. L'Estrange.*

Outward actions can never give a just *estimate* of us, since there are many perfections of a man which are not capable of appearing in actions.—*Addison, Spectator.*

Upon a moderate *estimate* and calculation of the quantity of water now actually contained in the abyss, I found that this alone was full enough to cover the whole globe to the height assigned by Moses.—*Woodward.*

Estimátion. *s.*

1. Act of adjusting proportional value; valuation; computation; calculation.

If a man shall sanctify unto the Lord some part of a field of his possession, then thy *estimation* shall be according to the seed.—*Leviticus*, xxvii. 16.

2. Opinion; judgement.

In our own *estimation* we account such particulars more worthy than those that are already tried and known.—*Bacon.*

I speak not this in *estimation*
As what I think might be, but what I know
Is ruminated, plotted, and set down.
Shakespear, King Henry IV. Part I. i. 3.

3. Esteem; regard; honour.

Crimes there were laid to his charge many, the least whereof being just, had bereaved him of *estimation* and credit with men.—*Hooker, Ecclesiastical Polity.*

A plain reason of the publick honours due to the magistrate is, that he may be in due *estimation* and reverence.—*Bishop Atterbury.*

Éstimative. *adj.*

1. Having the power of comparing and adjusting the preference.

We find in animals an *estimative* or judicial faculty, an appetition or aversation, and locomotive faculty answering the will.—*Sir M. Hale, Origination of Mankind.*

The errour is not in the eye, but in the *estimative* faculty, which mistakingly concludes that colour to belong to the wall, which indeed belongs to the object.—*Boyle.*

2. Approximately valued.

The honour I bear to this excellency in a wife moves me to rank her disposition, in the first place, as a jewel of that unvaluable richness, not *estimative* but intrinsical, that no other foil either of art or nature need be sought out to set this forth.—*Sir C. Wandesforde, Instruction to his Son*, § 83: about 1640.

Éstimator. *s.* Valuer; esteemer of things.

What a man does in such a case, no equal *estimator* of things will impute to choice or malice.—*Jeremy Taylor, Ductor Dubitantium*, ii. 513. (Ord MS.)

If we were just *estimatours* of things, it ought not to be less than a great incommodity to the body which we mean to prevent by the loss of a spiritual benefit, or the omission of a duty.—*Id., Great Exemplar of Sanctity and holy Life.* (Ord MS.)

Éstival. *adj.* [Lat. *æstivalis*, relating to, or connected with, (*æstas*) summer.]

1. Pertaining to the summer.

The trees were so placed, that their arms shot into one another, and were so closely interwoven, that the vernant and *estival* sunbeams could not pierce their rare embroidery.—*Gayton, Notes on Don Quixote*, p. 211.

2. Continuing for the summer.

Beside vernal, *estival*, and autumnal, made of flowers, the ancients had also hyemal garlands.—*Sir T. Browne, Miscellanies*, p. 92.

Estivátion. *s.*

1. Place in which to pass the time of summer.

Let it be turned to a grotta, or place of shade, or *estivation.*—*Bacon, Essays*, 45.

2. In *Botany.* Arrangement in which the unexpanded leaves of the flower are presented in the bud (which burst in *summer*), as opposed to Vernation or arrangement of the leaves of a branch (which burst in *spring*; Lat. *ver*).

The manner in which the flower-buds open, technically called their *æstivation*, is a feature of some importance in distinguishing tribes of plants. The petals are sometimes so folded that their margins just meet—the *æstivation* is then valvate; in some flowers they overlap each other like tiles—it is then imbricate; in other instances they are doubled inwards at the edges, or induplicate; while in many they are twisted or contorted.—*Sowerby, British Wild Flowers*, introd.

Estóp. *v. a.* In *Law.* Bar; place under estoppel.

If the party be indicted by a wrong name, and plead to that indictment by that name, he shall not be received after to plead misnomer, for he is concluded and *estopped* by his plea by that name.—*Sir M. Hale, Historia Placitorum Coronæ*, pt. ii. ch. xxv.

The general rule is that an indenture *estops* all who are parties to it, while a deed-poll only *estops* the party who executes it.—*Wharton, Law Lexicon*, p. 273.

Estóppel. *s.* In *Law.* Conclusive admission which cannot be denied or controverted.

There are three kinds of *estoppel*, viz. by matter of record, by matter in writing, and by matter in pais.—*Rees, Cyclopædia*, in voce.

Estóvers. *s.* [N.Fr. *estoveir* = be needful.] In *Law.* Necessaries in the way of fuel, &c., allowed by law.

The Saxon word bote is of the same signification with the French *estovers*; and therefore house bote is a sufficient allowance of wood, to repair, or burn in, the house.—*Sir W. Blackstone, Commentaries on the Laws of England.*

Estránge. *v. a.*

1. Keep at a distance; withdraw.

Had we not only cut off their corruptions, but also *estranged* ourselves from them in things indifferent, who seeth not how greatly prejudicial this might have been to so good a cause?—*Hooker, Ecclesiastical Polity.*

They know it is our custom of simple reading, not for conversion of infidels *estranged* from the house of God, but for instruction of men baptized, bred, and brought up in the bosom of the church.—*Id.*

See, she weeps:
Thinks me unkind, or false, and knows not why
I thus *estrange* my person from her bed. *Dryden.*

2. Alienate; divert from its original use or possessor.

They have *estranged* this place, and have burnt incense in it to other gods.—*Jeremiah*, xix. 4.

He had offered his services to the Court, had pretended to be *estranged* from the Whigs, and had promised to act as a spy upon them; that he had thus obtained admittance to the royal closet, had vowed fidelity, had been promised large pecuniary rewards, and had procured blank passes which enabled him to travel backwards and forwards across the hostile lines.—*Macaulay, History of England*, ch. ix.

3. Alienate from affection; turn from kindness to malevolence or indifference.

How comes it now, my husband, oh, how comes it,
That thou art thus *estranged* from thyself?
Thyself I call it, being strange to me.
Shakespear, Comedy of Errors, ii. 2.

They are all *estranged* from me through their idols.—*Ezekiel*, xiv. 5.

Adam, *estrang'd* in look, and alter'd style,
Speech intermitted, thus to Eve renew'd.
Milton, Paradise Lost, ix. 1132.

I came to grieve a father's heart *estrang'd*;
But little thought to find a mistress chang'd.
Dryden.

I do not know, to this hour, what it is that has *estranged* him from me.—*Pope.*

4. Withdraw or withhold.

They were not *estranged* from their lust.—*Psalms*, lxxviii. 30.

We must *estrange* our belief from every thing which is not clearly and distinctly evidenced.—*Glanville, Scepsis Scientifica.*

Estrángedness. *s.* Attribute suggested by Estranged; state of being estranged.

Disdaining to eat with one, being the greatest token of *estrangedness* or want of familiarity one with another.—*Prynne, Vindication of Four Questions*, p. 2: 1645.

Estrángement. *s.* Alienation; distance; removal; voluntary abstraction.

Desires . . . by a long *estrangement* from better things, come at length perfectly to loath, and fly off from them.—*South, Sermons.*

One would be apt to suspect, the prevailing contempt of God's word, and *estrangement* from his house, to a degree that was never known in any Christian country, must take its rise from the irreligion and bad example of those who are styled the better sort.—*Bishop Berkeley, Discourse addressed to Magistrates.*

Estráy. *v. n.* [N.Fr. *estraier.*] Stray; wander.

This nymph one day, surcharg'd with love and grief,
Which commonly (the more the pity) dwell
As inmates both together, walking forth
With other maids to fish upon the shore;
Estrays apart, and leaves her company,
To entertain herself with her own thoughts,
Daniel, Hymen's Triumph.

Estráy. *s.* Creature wandered beyond its limits; stray.

Estray signifies any beast not wild, found within any lordship, and not owned by any man; for in this case, it being cried, according to law, in the market towns adjoining, if it be not claimed by the owner in a year and a day, it is the lord's of the soil. —*Cowell.*

Éstreat. *s.* In *Law.* True copy of an original document under which fines, &c., are levied.

Estreats of fines, at the quarter-sessions, are to be made by the justices, and to be double.—*Rees, Cyclopædia*, in voce.

Estreát. *v. a.* Levy fines, &c., under an estreat.

If, as divines tell us, the poor be God's receivers, then they seem to have a title, as well by justice as by charity, to the amerciaments that are *estreated* upon trespasses against their Lord.—*Boyle, Free Discourse against customary Swearing*, p. 112.

Estrépement. *s.* [N.Fr. *estrepier.*] See extract.

Estrepement [is] spoil made by the tenant for term of life upon any lands or woods, to the prejudice of him in the reversion.—*Cowell.*

Éstrich, and **Éstridge.** *s.* Ostrich.

To be furious,
Is to be frighted out of fear; and, in that mood,
The dove will peck the *estridge.*
Shakespear, Antony and Cleopatra, iii. 11.

The peacock, not at thy command, assumes
His glorious train; nor *estrich* her rare plumes.
G. Sandys.

Éstuance. *s.* Heat; warmth. *Rare.*

Averroes restrained his hilarity, and made no more thereof than Seneca commendeth and was allowable in Cato; that is, a sober incalescence, and regulated *estuance* from wine.—*Sir T. Browne.*

Éstuary. *s.* [Lat. *æstuarium*; *æstuo* = boil.] Arm of the sea; mouth of a lake or river in which the tide comes up.

Among the solitary birds, which frequent the *estuaries* of rivers, the hern and the cormorant are of too much consequence to be overlooked.—*Gilpin.*

Soon after which the river swells into a great *estuary*, and in sight forms the Bristol channel.—*Skrine, Tour of South Wales.*

The globular heads are so buoyant as to float lightly on the water, and the uppermost spines acting as sails, they are thus carried across narrow *estuaries*, to continue the process of embanking on newly-formed sand bars.—*Sir J. E. Tennent, Ceylon*, pt. i. ch. i.

Éstuate. *v. a.* Swell and fall reciprocally; boil; be in a state of violent commotion.

And thus he often doth with the worst and vilest of men, whose lusts, though they *estuate* and boil within, and are like the raging sea, raging and rolling in their hearts, yet God sets bounds to their proud waves.—*Bishop Hopkins, Exposition of the Lord's Prayer*, p. 150.

Estuátion. *s.* State of boiling; reciprocation of rise and fall; agitation; commotion.

Rivers and lakes, that want fermenting parts at the bottom, are not excited unto *estuations*; therefore some seas flow higher than others.—*Sir T. Browne, Vulgar Errours.*

The motion of the will is accompanied with a sensible commotion of the spirits, and an *estuation* of the blood.—*Norris.*

Ésture. *s.* Violence; commotion. *Rare.*

The seas retain
Not only their outrageous *esture* there,
But supernatural mischief they expire.
Chapman, Translation of Homer's Odyssey.

Esúrient. *adj.* [Lat. *esuriens, -entis.*] Hungry; voracious.

To the end that he might advance his *esurient* genie in antiquities.—*Life of A. Wood*, p. 147: an. 1660.

Ésurine. *adj.* Corroding; eating. *Rare.*

Over much piercing is the air of Hampstead, in which sort of air there is always something *esurine* and acid.—*Wiseman.*

Et Cétera. *s.* [Lat.] Common expression in our language, denoting *others of the like kind*, or *the rest*, or *so on.*

Then a pretty Thomasine,
And then another Catharine,
And then a long *et cætera.* *Cowley, Ballad.*

[It] is indeed the self-same case
With those that swore *et cæteras.*
Butler, Hudibras, i. ii.

I have by me an elaborate treatise on the aposiopesis called an *et cætera*, it being a figure much used by some learned authors, particularly by the great Littelton, who, as my lord chief justice Coke observes, had a most admirable talent at an &c.—*Addison, Tatler*, no. 133.

Etch. *v. a.* [German, *ätzen.*]

1. Engrave by means of drawing lines with a needle through a thin coat of varnish to the surface of the plate, and afterwards deepening them with aqua fortis.

All the illustrations, which were formerly *etched* on copper, have been newly *etched* on steel.—*Mrs. Jameson, Sacred and Legendary Art*, preface.

2. Sketch; draw; delineate.

There are many empty terms to be found in some learned writers, to which they had recourse to *etch* out their systems.—*Locke.*

Etch. *v. n.* Practise etching.

Swanevelt painted landscape at Rome: ... he *etched* in the manner of Waterloo, but with less freedom.—*Gilpin, Essay on Prints*, p. 109.

Etch. *v. n.* Edge; hitch.

When we lie long awake in the night, we are not able to rest one quarter of an hour without shifting of sides, or at least *etching* this way and that way, more or less.—*Ray.*

Etch. *s.* (sometimes used *adjectivally.*) Eddish.

When they sow their *etch* crops, they sprinkle a pound or two of clover on an acre.—*Mortimer, Husbandry.*

Where you find dunging of land makes it rank, lay dung upon the *etch*, and sow it with barley.—*Ibid.*

Étching. *s.* Impression from an etched plate. See Etch, *v. a.* 1.

Their *etchings* of trees are decidedly superior to those which have been produced on the continent.—*Rees, Cyclopædia*, in voce.

Eteóstic. *s.* [Gr. ἔτος, -εος = year, στιξ = rank, order, row, series.] Chronogram, q.v. and Chronogrammatical.

Those hard trifles, anagrams,
Or *eteosticks*, or your finer flams
Of eggs and halberds. *B. Jonson, Underwoods.*

Etérnal. *adj.* [Lat. *æternus.*] Without beginning or end. See Everlasting.

The *eternal* God is thy refuge.—*Deuteronomy*, xxxiii. 27.

Etérnal. *s.*

1. One of the appellations of the Godhead.

The law whereby the *Eternal* himself doth work.—*Hooker, Ecclesiastical Polity.*

2. That which is endless and immortal.

All godlike passion for *eternals* quench'd. *Young.*

Etérnalist. *s.* One who holds the existence of the world eternal.

I would ask the *eternalists* what mark is there that they could expect to desire of the novelty of a world, that is not found in this? Or what mark is there of eternity that is found in this?—*T. Burnet, Theory of the Earth.*

Etérnally. *adv.* In an eternal manner.

That which is morally good, or evil, at any time, or in any case, must be also *eternally* and unchangeably so, with relation to that time and to that case.—*South, Sermons.*

Etérne. *adj.* Eternal; perpetual; endless. *Obsolete.*

We ought in all our haps rejoice,
Because the eye *eterne* all things foreseeth.
Mirrour for Magistrates, p. 384.

The Cyclops' hammers fall
On Mars's armour, forg'd for proof *eterne.*
Shakespear, Hamlet, ii. 2.

Etérnify. *v. a.* Make eternal. *Rare.*

True Fame, the trumpeter of heaven, that doth desire inflame
To glorious deeds, and by her power *eternifies* the name. *Mirrour for Magistrates*, p. 553.

Etérnity. *s.* Duration without beginning or end. See also under Eval.

Thy immortal rhyme
Makes this one short point of time,
To fill up half the orb of round *eternity.* *Cowley.*

By repeating the idea of any length of duration which we have in our minds, with all the endless addition of number, we come by the idea of *eternity.*—*Locke.*

Etérnize. *v. a.*

1. Make endless.

I with two fair gifts
Created him endow'd; with happiness,
And immortality; that fondly lost,
This other serv'd but to *eternize* woe.
Milton, Paradise Lost, xi. 57.

2. Immortalize.

Mankind by all means seeking to *eternize* himself, so much the more as he is near his end, doth it by speeches and writings.—*Sir P. Sidney.*

And well beseems all knights of noble name,
That covet in th' immortal book of fame
To be *eternized*, that same to haunt.
Spenser, Faerie Queen.

Both of them are set on fire by the great actions of heroes, and both endeavour to *eternize* them.—*Dryden, Translation of Du Fresnoy's Art of Painting.*

Éther. *s.* [Gr. αἰθηρ; Lat. *æther.*]

1. Element more fine and subtile than air; hypothetical atmosphere.

The parts of other bodies are held together by the eternal pressure of the *ether*, and can have no other conceivable cause of their cohesion and union.—*Locke.*

The iatromathematical school could explain to their own satisfaction how motions, once begun, were transferred and modified; but in many organs of the living frame there seemed to be a power of beginning motion, which is beyond all mere mechanical action. This led to the assumption of a principle of a higher kind, though still material. Such a principle was asserted by Frederick Hoffmann. ... According to him, the reason of the greater activity of organized bodies lies in the influence of a material substance of extreme subtilty, volatility, and energy. This is, he holds, no other than the *ether*, which, diffused through all nature, produces in plants the bud, the secretion and motion of the juices, and is separated from the blood and lodged in the brain of animals. From this, acting through the nerves, must be derived all the actions of the organs in the animal frame; for when the influence of the nerve upon the muscle ceases, muscular motion ceases also.—*Whewell, History of Scientific Ideas*, ii. 186.

The prevailing hypothesis of a luminiferous *ether*, in other respects not without analogy to that of Descartes, is not in its own nature entirely cut off from the possibility of direct evidence in its favour. It is well known that the difference between the calculated and the observed times of the periodical return of Encke's comet, has led to a conjecture that a medium capable of opposing resistance to motion is diffused through space. If this surmise should be confirmed, in the course of ages, by the gradual accumulation of a similar variance in the case of the other bodies of the solar system, the luminiferous *ether* would have made a considerable advance towards the character of a vera causa, since the existence would have been ascertained of a great cosmical agent, possessing some of the attributes which the hypothesis assumes: though there would still remain many difficulties, and the identification of the *ether* with the resisting medium would even, I imagine, give rise to new ones. At present, however, this supposition cannot be looked upon as more than a conjecture; the existence of the *ether* still rests on the possibility of deducing from its assumed laws a considerable number of the phenomena of light.—*J. S. Mill, System of Logic*, xiv. iii. § 6.

2. Matter of the highest regions above.

There fields of light and liquid *ether* flow,
Purg'd from the pond'rous dregs of earth below.
Dryden.

3. In *Chemistry.* Light and highly volatile fluid resulting from the distillation of alcohol with sulphuric acid.

The term *ether* originally applied to ... the volatile liquid produced by the action of sulphuric acid upon common alcohol, is now extended to a large class of compounds formed by the action of acids on alcohols.—*Ure, Dictionary of Chemistry*, in voce.

Éthéreal. *adj.*

1. Formed of ether.

Man feels me, when I press th' *ethereal* plains.
Dryden.

2. Celestial; heavenly.

Go, heav'nly guest, *ethereal* messenger,
Sent from whose sov'reign goodness I adore.
Milton, Paradise Lost, viii. 646.

Thrones and imperial pow'rs, offspring of heav'n,
Ethereal virtues! *Ibid.* ii. 310.

Such as these, being in good part freed from the entanglements of sense and body, are employed, like the spirits above, in contemplating the Divine Wisdom in the works of nature: a kind of anticipation of the *ethereal* happiness and employment.—*Glanville.*

Vast chain of being, which from God began,
Natures *ethereal*, human; angel, man. *Pope.*

Éthéreous. *adj.* Ethereal.

Behold the bright surface
Of this *ethereous* mould, whereon we stand.
Milton, Paradise Lost, vi. 472.

Éthic. *adj.* Moral; delivering precepts of morality: (whence Pope entitled part of his works '*Ethick* Epistles').

Éthical. *adj.* Moral; treating on morality.

It is no narrow and niggardly encomium to say he [Pope] is the great poet of reason, the first of *ethical* authors in verse.—*T. Warton, Essay on Pope.*

In an *ethical* work, for instance, one may be treating of virtue, while discussing all or any of these questions; 'Wherein virtue consists?' 'Whence our notions of it arise?' 'Whence it derives its obligations?' &c.; but if these questions were confusedly blended together, or if all of them were treated of, within a short compass, the most just remarks and forcible arguments would lose their interest and their utility, in so perplexed a composition.—*Whately, Elements of Rhetoric*, pt. i. ch. i. § 2.

The first original work of any reputation in *ethical* philosophy since the revival of letters, and which, being apparently designed in great measure for the chair of the confessional, serves as a sort of link between the class of mere casuistry and the philosophical systems of morals which were to follow, is by Dominic Loto, a Spanish Dominican ... who played an eminent part in the deliberations of the Council of Trent.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, pt. ii. ch. iv. sect. 1. § 2.

Éthically. *adv.* In an ethical manner; according to the doctrines of morality.

My subject leads me not to discourse *ethically*, but Christianly of the faults of the tongue.—*Dr. H. More, Government of the Tongue.*

Law travels over much of the same ground as ethics, and guides its course nearly according to their dictates. If this be the case, then it is clear that ... the lawgiver has the same need to be *ethically* instructed as the individual man. ... The lawgiver then, that is, the legislative mind of the nation, must be *ethically* instructed; which implies that it must be enlightened by religion, upon the basis of which alone it is, that moral science can be effectually reared.—*Gladstone, The State in its Relations with the Church*, ch. ii. § 69.

Éthics. *s.* Doctrine of morality; system of morality.

I will never set politicks against *ethics*; for true *ethics* are but as a handmaid to divinity and religion.—*Bacon.*

If the atheists would live up to the *ethicks* of Epicurus himself, they would make few or no proselytes from the Christian religion.—*Bentley.*

The fourth book [of Bacon's Novum Organon] relates to the constitution, bodily and mental, of mankind. ... Logic and *ethics* are the grand divisions, correlative to the reason and the will of man. ... It is here to be remarked that the sciences of logic and *ethics*, according to the partitions of Lord Bacon, are far more extensive than we are accustomed to consider them. Whatever concerned the human intellect came under the first; whatever related to the will and the affections of the mind fell under the head of *ethics.*—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, pt. iii ch. iii. § 54.

The science of *ethics*, in the third quarter of the seventeenth century, seemed to be cultivated by three very divergent schools—by that of the theologians, who went no farther than revelations, or at least than the positive law of God, for moral distinctions—by that of the Platonic philosophers, who sought them in eternal and intrinsic relations; and that of Hobbes and Spinosa, who reduced them all to selfish prudence. A fourth theory, which, in some of its modifications, has greatly prevailed in the last two centuries, may be referred to Richard Cumberland, afterwards Bishop of Peterborough.—*Ibid.* pt. iv. ch. iv. § 13.

Éthiop. *s.* Native of Ethiopia, and, as such, supposed to be black. A *proper*, rather than a *common*, name, except in combination. See next entry.

Éthiops. *s.* Old chemical name for several *black* powders, e.g. *æthiops* animalis, vegetabilis, antimonialis, per se, &c. (In all or most of these, the second element of the combination is Latin as well as the first: when Anglicized it *follows* the substantive, e.g. *æthiops* mineral, or sulphuret of mercury.)

Éthmoid. *adj.* [Gr. ἠθμός = sieve or sifter, -ειδης = -like.] In *Anatomy.* Name of one of the bones of the head: (called also *cribriform*, the Latin equivalent of ethmoid).

One horizontal plate receives the olfactory nerves, which perforate that plate with such a number of small holes that it resembles a sieve, whence the bone is named cribriform or *ethmoid* bone.—*Hooper, Medical Dictionary*, in voce.

Ethnic. *adj.* Heathen; pagan; not Jewish; not Christian.

Such contumely as the *ethnick* world durst not offer him, is the peculiar insolence of degenerated Christians.—*Dr. H. More, Government of the Tongue.*

I shall begin with the agreement of profane, whether Jewish or *ethnick*, with the Sacred Writings.—*Grew.*

Ethnical. *adj.* [Gr. ἐθνικός.] Heathen; pagan.

Lest I might seem to have no measure in raking up this *ethnical* dunghill, I will now leave the theology of the original of demons.—*Mede, Apostasy of the latter Times*, p. 19: 1641.

Ethnicism. *s.* Heathenism; paganism.

A hallowed temple, free from taint
Of *ethnicism*, makes his muse a saint.
B. Jonson, Epigrams.

Ethnics. *s.* Heathens; not Jews; not Christians.

The first Jupiter of the *ethnicks* was then the same Cain, the son of Adam.—*Sir W. Raleigh, History of the World.*

First, it is to be observed, that although the Jews and *Ethnicks* derided both the Apostles and the rest of the Christians, for preaching and believing in him who was crucified upon the cross; yet all, both Apostles and Christians, were so far from being discouraged from their profession by the ignominy of the cross, as they rather rejoiced and triumphed in it.—*Ecclesiastical Constitutions and Canons.*

Ethnógrapher. *s.* Investigator in Ethnology.

Ethnográphic. *adj.* Relating to Ethnology.

Ethnográphical. *adj.* Same as Ethnographic.

Ethnógraphy. *s.* Same as Ethnology.

Ethnológical. *adj.* Pertaining to ethnology.

Between the extremes brought out by the above comparison lie subjects for *ethnological* notice of cranial diversity, seemingly inexhaustible.—*Owen, Anatomy of Vertebrates*, ii. 564.

Ethnólogist. *s.* Investigator in ethnology.

To define and classify all the races of man as we find them distributed over the face of the earth, after the manner in which we classify the lower animals in the wild state, is probably an achievement which the *ethnologist* will never accomplish.—*Crawfurd, On the Commixture of Races*, in *Transactions of the Ethnological Society.*

(See also under Etiology.)

Ethnólogy. *s.* [Gr. λόγος = word, principle.] The study denoted by the term being comparatively new, it is the opinion of the editor that the exact import of it has yet to be definitely fixed. Nor is he certain that it will be determined on etymological principles; the chances being that the usage of the most important writers on the subject, rather than its theoretical merits, will fix it. In the translation of Heeren's Researches upon certain Nations of Antiquity, ἔθνος exactly coincides with the word *nation*, its application being political. Thus, he says that history may be written either *ethnologically*, as the history of Greece, Rome, or England, or *synchronistically*, as the history of the tenth or twelfth century. This is true; but the current meaning of the word translates ἔθνος by *race* rather than *nation*; while *race* itself, when compared with *variety* and *species*, is a very indefinite term.

Ethnology, at present, means, in the first instance at least, *the study, or science, of the varieties of man*, or his natural (physical) history, with special reference to the manner in which one division of mankind differs from another. The present writer has contrasted it with Anthropology, or the investigation of the characteristics of man in general, as opposed to those of the lower animals; admitting that, as a generic name for the two departments thus coordinated, Anthropology would be, subject to two objections, a good term; perhaps the best. The objections are (1) the want which would be thus created for some name for the section or division thus left unnamed, and (2) the little necessity, in a new study, for a term which would be vague rather than general. As it is, Ethnology has been extended beyond its original import. Hence, supposing it to become unduly general, it would be etymologically objectionable. But this is the case with Geometry as applied to anything beyond the simple measurement of the earth. Probably it would have been best for Ethno*graphy* to have kept its ground, and for Ethno*logy* and Ethno*graphy* to have stood in the same, or nearly the same, relation to one another as Geo*graphy* and Geo*logy*. Prichard used Ethnography in his *earlier* writings. In the *earlier* writings, too, of Crawfurd, Ethnology never occurs, while Ethnography is rare. The form in *-logy* was French, and took currency in England after the formation of the Ethnological Society, which, after the practice of societies in general, took the most comprehensive term it could find—a bad precedent. Even now, many of those who use Ethnology prefer to write Ethno*graphical*, rather than Ethno*logical*, philology; a matter which has often to be written about. In respect to their congeners, Ethno*graphy* (like Geo*graphy*) gives Ethno*grapher*; Ethno*logy* (like Geo*logy*), Ethno*logist*.

To find that anthropology fifty and even three hundred and fifty years ago meant anatomy, while it now means the natural history of the human race, is of no more value than to know that the poetical English word Harbinger is derived from the very unpoetical word for a Dutch tavern-keeper; that Hamburgh, designating a variety of the vine, is a corruption of Alhambra, or that Jerusalem artichoke comes from the Italian word for a sunflower. From wordcatchers, then, we appeal to common sense. Any one of the three words under consideration would be good enough had we no choice, and whether they are composed of the Greek words which signify man or people, and a writing or a discourse, seems in common sense a matter of perfect indifference. A scientific term, however carefully selected, will never contain the definition of a science. Substantially, geography and geology have etymologically equivalent elements, but they express two distinct sciences. So it is with astronomy and astrology, the one expressing a grand science and the other a great delusion. Chemistry and the search for the Philosopher's stone have the same etymology. Of the three words, *ethnography*, *ethnology*, and *anthropology*, the most eligible is the one in most familiar use, and the shortest. They are all too long; and in this sense the last, which exceeds the two first, is the most inconvenient by a whole syllable, or, to use a commercial phrase, by twenty per cent. . . . For ourselves, we should have preferred *ethnography* to *ethnology*. It was first employed nearly forty years ago by the late eminent Italian geographer Balbi; whereas, the first use of the word *ethnology* was by the French as late as 1839, when they formed the Ethnological Society of Paris. A few years later, following the French, we established the Ethnological Society of London. In the troubles of the last French Revolution, the Ethnological Society of Paris, without becoming extinct, became moribund, and then a new Society was formed, which gave the first example of an Anthropological Society. This was the example which was imitated two years and a half ago in London.—*Ethnological Journal*, October, 1865, *Ethnography, Ethnology, and Anthropology.*

The fourth theme of anthropology is that of *ethnography* or *ethnology*, the object of which is an investigation into the affinities of various peoples and tribes. Closely allied with it is the history of mankind; and it seems arbitrary whether this branch of knowledge be considered as a separate part of anthropology, or belonging to *ethnology*.—*Translation* (by *J. F. Collingwood*) *of Introduction to Anthropology*, by *T. Waitz*: 1863.

Ethológical. *adj.* Connected with, constituted by, constituting, or relating to, ethology.

A science of ethology founded on the laws of psychology, is therefore possible; though little has yet been done, and that little not at all systematically, towards forming it. The progress of this important but almost imperfect science will depend on a double process: first, that of deducing theoretically the *ethological* consequences of particular circumstances of position, and comparing them with the recognised results of common experience; and secondly, the reverse operation; increased study of the various types of human nature that are to be found in the world.—*J. S. Mill, System of Logic*, vi. 5, § 8.

Ethólogy. *s.* See extracts.

The laws of the formation of character are . . . derivative laws, resulting from the general laws of mind; and are to be obtained by deducing them from those general laws; by supposing any given set of circumstances, and then considering what, according to the laws of mind, will be the influence of those circumstances on the formation of character. . . . A science is thus formed, to which I would propose to give the name of *ethology*, or the science of character; from ἦθος, a word more nearly corresponding to the term 'character' as I here use it, than any other word in the same language. The name is perhaps etymologically applicable to the entire science of our mental and moral nature; but if, as is usual and convenient, we employ the name psychology for the science of the elementary laws of mind, *ethology* will serve for the ulterior science which determines the kind of character produced, in conformity to those general laws, by any set of circumstances, physical and moral. According to this definition, *ethology* is the science which corresponds to the art of education; in the widest sense of the term, including the formation of national or collective character as well as individual. . . . The science of *ethology* may be called the exact science of human nature; for its truths are not, like the empirical laws which depend on them, approximate generalizations, but real laws. . . . While on the one hand psychology is altogether, or principally, a science of observation and experiment, *ethology*, as I have conceived it, is, as I have already remarked, altogether deductive. The one ascertains the simple laws of mind in general, the other traces their operation in complex combinations of circumstances. *Ethology* stands to psychology in a relation very similar to that in which the various branches of natural philosophy stand to mechanics. The principles of *ethology* are properly the middle principles, the 'axiomata media' (as Bacon would have said) of the science of mind: as distinguished, on the one hand from the empirical laws resulting from simple observation, and on the other from the highest generalizations.—*J. S. Mill, System of Logic*, vi. 5, §§ 4, 5.

I would not here undertake to decide what other hypothetical or abstract sciences similar to political economy, may admit of being carved out of the general body of the social science; . . . social phenomena are in a sufficiently close and complete dependence, in the first resort, on a peculiar class of causes, to make it convenient to create a preliminary science of those causes; postponing the consideration of the causes which act through them, or in concurrence with them, to a later period of the inquiry. There is however among these separate departments one which cannot be passed over in silence. . . . I allude to what may be termed Political *Ethology*, or the theory of the causes which determine the type of character belonging to a people or to an age.—*Ibid.* vi. 9, § 3.

Etiolátion. *s.* [?] See extract.

Plants are sometimes affected by a disease which entirely destroys their verdure and renders them pale. This is called *etiolation*, and may arise merely from the want of the agency of light, by which the extrication of oxygen is effected and the leaf rendered green. And hence it is that plants placed in dark rooms, or between great masses of stone, or in the clefts of rocks, or under the shade of other trees, look always peculiarly pale. But if they are removed from such situations and exposed to the action of light, they will again recover their green colour. *Etiolation* may also ensue from the depredations of insects nestling in the radicle and consuming the food of the plant, and thus debilitating the vessels of the leaf so as to render them insusceptible of the action of light.—*Loudon, Encyclopædia of Gardening*, § 892.

Etiológical. *adj.* Connected with, dependent on, or consisting in, Etiology. Its bearing upon the language of science, especially with reference to the prefix *pal-*, may be seen in the extract; also under Paleontology.

I have already stated . . . that the class of sciences which I designate as *palætiological* are those in which the object is to ascend from the present state of things to a more ancient condition, from which the present is derived by intelligible causes. As conspicuous examples of this class we may take geology, glossology, or comparative philology, and comparative archæology. These provinces of knowledge might perhaps be intelligibly described as histories; the history of the earth,—the history of languages,—the history of arts. But these phrases would not fully describe the sciences we have in view. . . . These sciences are to treat of causes as well as of effects. Such researches might be termed philosophical history; or,

in order to mark more distinctly that the causes of events are the leading object of attention, *ætiological* history. But since it will be more convenient to describe this class of sciences by a single appellation, I have taken the liberty of proposing to call them the *palæætiological* sciences. While *palæontology* describes the beings which have lived in former ages without investigating their causes, and *ætiology* treats of causes without distinguishing historical from mechanical causation; *palætiology* is a combination of the two sciences; exploring, by means of the second, the phenomena presented by the first. The portions of knowledge which I include in this term are *palæontological ætiological* sciences. All these sciences are connected by this bond;—that they all endeavour to ascend to a past state, by considering what is the present state of things, and what are the causes of change. . . . Another science, cultivated with great zeal and success in modern times, compares the languages of different countries and nations, and, by an examination of their materials and structure, endeavours to determine their descent from one another: this science has been termed comparative philology, or *ethnography*; and by the French linguistique, a word which we might imitate in order to have a single name for the science, but the Greek derivative glossology appears to be more convenient in its form. The progress of the arts (architecture and the like); how one stage of the culture produced another; and how far we can trace their maturest and most complete condition to their earliest form in various nations;—are problems of great interest belonging to another subject, which we may for the present term comparative archæology.—A philological writer, in a very interesting work (Mr. Donaldson, in his New Cratylus), expresses his dislike of this word, and suggests that I must mean *palæ-ætiological*. I think the word is more likely to obtain currency in the more compact and euphonious form in which I have used it. It has been adopted by Mr. Winning, in his Manual of Comparative Philology, and more recently, by other writers.—*Whewell, History of Scientific Ideas*, b. x. ch. i. and note.

Etiólogy. *s.* [Gr. *αἰτιολογία*; from *αἰτία* = cause, and *λόγος* = word, principle.] Doctrine of efficient, as opposed to final, causes. See also Teleology.

The fourth way of amplification is by frequent *etiologies*, or giving reasons for what we say.—*Instructions for Oratory*, p. 80: 1682.

I have not particulars enough to enable me to enter into the *etiology* of this distemper.—*Arbuthnot, On the Effects of Air on human Bodies.*

Those modes by which one term in the natural series of events is derived from another,—the forms of historical causation,—the kinds of connexion between the links of the infinite chain of time,—are very various; nor need we attempt to enumerate them. But these kinds of causation being distinguished from each other, and separately studied, each becomes the subject of a separate *ætiology*. Thus the causes of change in the earth's surface, residing in the elements, fire and water, form the main subject of geological *ætiology*. The *ætiology* of the vegetable and animal kingdoms investigates the causes by which the forms and distribution of species of plants and animals are effected. The study of causes in glossology leads to an *ætiology* of language, which shall distinguish, analyse, and estimate the causes by which certain changes are produced in the languages of nations; in like manner we may expect to have an *ætiology* of art, which shall scrutinise the influences by which the various forms of art have each given birth to its successor.—*Whewell, History of Scientific Ideas*, ii. 274.

Etiquétte. *s.* [Fr.; Gr. *ἠθικά* = matters connected with morals.] System of rules, generally of an artificial character, for propriety of behaviour in society; rigid adherence to such; ceremony.

Without hesitation kiss the slipper, or whatever else the *etiquette* of that court requires.—*Lord Chesterfield.*

The Infanta Maria Josepha has reason to envy every country wench she sees roaming at liberty; for confinement, *etiquette*, and celibacy, are likely to be her lot during life.—*Swinburne, Travels through Spain*, p. 358.

Etymóler. *s.* Etymologist.

Laws there must be; and 'lex à ligando,' saith the *etymologer*: it is called a law from binding.—*Dr. Griffith, Fear of God and the King*, p. 82: 1660.

Etymológical. *adj.* Relating to etymology; relating to the derivation of words.

Excuse this conceit, this *etymological* observation.—*Locke.*

It is sufficient, in *etymological* inquiries, if the senses of kindred words be found such as may easily pass into each other, or such as may both be referred to one general idea.—*Johnson.*

Etymólogist. *s.* One who investigates the derivation of words.

It may be, curious *etymologists* (let them lose their wages who work in difficult trifles) seek to reap what was never sown, whilst they study to make those words speak reason, which are only voces ad placitum, imposed at pleasure.—*Fuller, History of the Holy War*, p. 168.

I close this section with an apology for Chaucer, Gower, and Occleve; who are supposed by the severer *etymologists* to have corrupted the purity of the English language.—*T. Warton, History of English Poetry*, ii. 59.

Etymólogize. *v. a.* Give the etymology of a word.

Breeches, quasi bear-riches; when a gallant bears all his riches in his breeches.—Most fortunately *etymologized!*—*B. Jonson, Cynthia's Revels.*

Etymólogy. *s.* [Lat. *etymologia*; from Gr. *ἔτυμος* = true, real, and *λόγος* = word, discourse.]

1. Descent or derivation of a word from its original; deduction of formations from the radical word; analysis of compound words into primitives.

Consumption is generally taken for any universal diminution and colliquation of the body, which acceptation its *etymology* implies.—*Harvey, Discourse of Consumptions.*

When words are restrained by common usage, to a particular sense, to run up to *etymology*, and construe them by dictionary, is wretchedly ridiculous.—*Collier, Short View of the Immorality and Profaneness of the English Stage.*

Pelvis is used by comick writers for a looking-glass, by which means the *etymology* of the word is visible, and pelvidera will signify a lady who looks in her glass.—*Addison, Spectator.*

If the meaning of a word could be learned by its derivation or *etymology*, yet the original derivation of words is oftentimes very dark.—*Watts, Logic.*

2. Part of grammar which delivers the inflections of nouns and verbs: (as opposed to Orthography and Syntax).

Étymon. *s.* Origin; primitive word.

Blue hath its *etymon* from the High Dutch blaw; from whence they call himmel-blue, that which we call sky-colour or heaven's blue.—*Peacham, On Drawing.*

The etymologist, therefore, whoever he were, hath deceived himself in assigning the *etymon* of this word Assyria, while he forgeth this distinction between it and Syria.—*Gregory, Posthuma*, p. 179: 1650.

Eu-. [Gr. *εὖ* = well.] Prefix in composition, suggesting the notion of goodness, its opposite being *dys-*, as may be seen by the compounds beginning with that syllable.

Eúcharist. *s.* [Gr. *χάρις* = grace.] Act of giving thanks; sacramental act in which the death of our Redeemer is commemorated with a thankful remembrance; sacrament of the Lord's supper.

Himself did better like of common bread to be used in the *eucharist*.—*Hooker, Ecclesiastical Polity.*

Some receive the sacrament as a means to procure great graces and blessings, others as an *eucharist* and an office of thanksgiving for what they have received.—*Jeremy Taylor.*

From the litany let us pass to the fourth service, that of the holy communion. This service is most assuredly of a highly joyful character, and peculiarly adapted to music, for it is called by a name which no other part of the prayer-book bears—the *Eucharist*, which is 'giving thanks.' The parts of the communion service which are commanded by the rubrics to be sung (of course where there is a choir, so that they can be fitly sung) are these:—First, the Nicene Creed, then the hymn, Ter Sanctus, which begins, 'Holy, holy, holy, Lord God of hosts,' immediately before the consecration of the elements; and lastly, the hymn, Gloria in Excelsis, or Glory be to God on high, which occurs at the close of the service.—*Bennett, Principles of the Book of Common Prayer, considered in a Series of Lecture Sermons*, sermon xiii.

Eucharístic. *adj.* Relating to the sacrament of the supper of the Lord; connected with thanksgiving.

The *eucharistick* bread being neither hypostatically united with the Divinity, nor being the medium through which any such supernatural tendency of the Divine Presence appears to us, adoration directed toward it cannot fail of being palpable idolatry.—*Dr. H. More, Antidote against Idolatry*, ch. ii.

The Reformation awakened new controversies, or gave increased importance to old ones, concerning the *eucharistic* sacrament, the communion of the laity in both kinds, and the alleged substantial change and real presence in the consecrated *elements*; also as to the nature and operation of grace and good works, and the theory of original sin, regeneration, justification, and predestination.—*Sir G. C. Lewis, On the Influence of Authority in Matters of Opinion*, ch. iv.

Eucharístical. *adj.* Same as Eucharistic.

The act of this *eucharistical* supper.—*Bishop Hall, Remains*, p. 294.

The latter part was *eucharistical*, which began at the breaking and blessing of the bread.—*Sir T. Browne, Vulgar Errours.*

It would not be amiss to put it into the *eucharistical* part of our daily devotions: we praise thee, O God, for our limbs and senses.—*Ray, Wisdom of God manifested in the Works of the Creation.*

It is not, therefore, to be expected that a hundred years before his time our church music should have spirited movement enough to convey sentiments of gratitude and thanksgiving, though it might serve to accompany in slow and solemn tones the strains of penitence and supplication; and therefore Dr. Aldrich did judiciously in putting the music, which was originally set to a *eucharistical* hymn of thanksgiving to a penitential one, to which, it is evident, the supplicatory strain was much better adapted.—*Mason, Essays on English Church Music.*

Eúchologue. *s.* [Gr. *λόγος* = word, principle.] Euchology. *Rare.*

That it was so, will be easily evident from this recollection out of their own *euchologues*.—*Gregory.* (Ord MS.)

Euchólogy. *s.* Formulary of prayers; liturgy.

He did not frame an entirely new prayer, in words of his own conception, but took out of the ancient *euchologies*, or prayer-books of the Jews, what was good and laudable in them.—*Bishop Bull, Works*, ii. 556.

Eúcrasy. *s.* [Gr. *εὐκρασία*; *κράσις* = temperature.] Well-proportioned mixture of qualities, on the strength of which a body is said to be in a good state of health.

The *eucraise* or good temperature of the body.—*Bishop Reynolds, On the Passions*, ch. xxxiv.

Eúctical. *adj.* [Gr. *εὐκτικός* = having a tendency, or relating, to *εὐχή* = prayer.] Containing acts of thanksgiving; eucharistic.

The *euctical* or eucharistical offering must consist of three degrees, or parts; the offering of the heart, of the mouth, of the hand.—*Mede, Discourse upon Offerings*, b. i. disc. 49.

Eudiómeter. *s.* [Fr. *eudiomètre*; from Gr. *εὔδιον* = clear sky, and *μέτρον* = measure.] See extract.

Eudiometer is the name of any apparatus subservient to the chemical examination of the air. It means a measure of purity, but is employed merely to determine the proportion of oxygen.—*Ure, Dictionary of Arts, Manufactures, and Mines*, in voce.

Euhémerism. *s.* [Gr. *Εὐήμερος*, Lat. *Euhemerus*, an early speculator upon the origin of the polytheistic mythology of Greece, whose doctrine was that it arose exclusively, or in the main, out of the deification of dead heroes.] A proper, rather than a common, name, in respect to its origin, but used, especially in recent works on mythology, in a general sense. In the following extract spelt without the *h*. (*Euhemerize*, *Euhemerist*, and *Euhemeristic* are congeners.)

In this legend, as I have related it, Daphnê is not changed bodily into a plant; and more than one reviewer has fastened on this version a charge of needlessly thrusting in a purely modern sentiment. By one writer it is spoken of as a piece of *euemerism*; by another it is denounced as degrading the myth from a genuine to an artificial state.—*Cox, Tales of the Gods and Heroes*, p. 290.

Eulógically. *adv.* In a manner which conveys a eulogy: (Eulogistically *commoner*; and *better*, as showing the relation to *eulogize* rather than to the immediate congeners of Logic).

Give me leave *eulogically* to enumerate a few of those many attributes, which have deservedly been given that glorious planet.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 387.

Eúlogist. *s.* One who eulogizes or praises; panegyrist; encomiast.

Such bigotry was sure to find its *eulogist*. . . . The *eulogistic* language addressed to these holy bigots raises our indignation.—*Buckle, History of Civilization in England*, vol. ii. ch. vii.

Eulogístic. *adj.* Having the character of a eulogy.

(For example see extract under preceding entry.)

Eulógium. *s.* [Lat. from Gr. *εὐλόγιον*.] Older form of Eulogy.

Notwithstanding the extravagant *eulogium* which you have heard of the French king's house, I will venture to affirm, that the king of England is better, I mean more comfortably, lodged.—*Smollett, Travels through France and Italy.* (Ord MS.)

I shall not accompany those writings with *eulogiums*, but leave them to speak for themselves.—*Steele, Spectator*, no. 461. (Ord MS.)

Eúlogize. *v. a.* Commend; praise.

Those
Who *eulogize* their country's foes.
Huddesford, Satirical Poems.

Eúlogy. *s.* [Gr. λόγος = word, speech.] Encomium; praise; panegyric.

Many brave young minds have oftentimes, through hearing the praises and famous *eulogies* of worthy men, been stirred up to affect the like commendations.—*Spenser, View of the State of Ireland.*

If some men's appetites find more melody in discord, than in the harmony of the angelic quires; yet even these seldom miss to be affected with *eulogies* given themselves.—*Dr. H. More, Decay of Christian Piety.*

Eúnuch. *s.* [Gr. *εὔνουχος*; Lat. *eunuchus*.] One who is castrated or emasculated.

It hath been observed by the ancients, that much of Venus doth dim the sight; and yet *eunuchs*, which are unable to generate, are nevertheless also dimsighted. —*Bacon, Natural and Experimental History.*

Eúnuch. *v. a.* Make a eunuch. *Rare.*

They *eunuch* all their priests; from whence 'tis shewn,
That they deserve no children of their own.
Creech, Translation of Lucretius.

Eúnuchate. *v. a.* Make a eunuch. *Rare.*

It were an impossible act to *eunuchate* or castrate themselves.—*Sir T. Browne, Vulgar Errours.*

Eúnuchism. *s.* State of a eunuch.

That *eunuchism*, not in itself, but for the kingdom of heaven, is better than it, we doubt not; but when these two are reduced to their subjects their value is according to their use.—*Bishop Hall, Honour of married Clergy*, p. 54.

This voluntary *eunuchism* is not to be understood literally, as it was by Origen.—*Texts of Papists concerning Celibacy examined*, pt. ii. 782.

Eúpathy. *s.* [Gr. πάθος = suffering, passion, feeling.] Right feeling.

In Laertius we read recorded for a Stoick sentiment, that as the vitious man had his *πάθη*, or perturbations; so, opposed to these, had the virtuous his *εὐπαθείαι*, his *eupathies* or well-feelings, translated by Cicero constantiæ. The three chief of these were Will, defined rational desire; Caution, defined rational aversion; and Joy, defined rational exultation. To these three principal *eupathies* belonged many subordinate species.—*Harris, Three Treatises*, note on Treatise III.

Eupépsy. *s.* [Gr. πέπτω = cook, digest.] Good digestion. (*Eupeptic* the adjective. The compounds in *dys-* commoner.)

An age merely mechanical! *Eupepsy* its main object.—*Carlyle, Critical and Miscellaneous Essays, Signs of the Times.*

Euphemism. *s.* [Gr. *εὐφημισμός*; *εὐφημίω* (φημί = speak) = literally speak well, but, in its original sense, use words of good omen, or avoid unlucky expressions.] In *Rhetoric.* Way of describing an offensive thing by an inoffensive expression.

Akin to litotes is *euphemism*, which may be applied to the same purpose. When it is said of the martyr St. Stephen, that 'he fell asleep,' instead of he died, the *euphemism* partakes of the nature of metaphor, intimating a resemblance between sleep and the death of such a person.... A Roman expressing a strong dislike to a person or thing, would say 'valeat,' fare it well: which is a kind of ironical *euphemism*.—*Beattie, Elements of Moral Science*, § 866. (Ord MS.)

Euphónic. *adj.* Having euphony as its result; causing harmony in language.

These abbreviations are generally the result of a *euphonic* process.—*Dr. R. G. Latham, Elements of Comparative Philology.*

Euphónious. *adj.* According to the laws of euphony; harmonious; smooth-sounding.

Euphonious languages are not necessarily easy of acquirement. The Fin, in which it is rare to find two concurrent consonants in the same syllable, is too fine and delicate for remembrance. The mind wants consonantal combinations, or something equally definite to lay hold of.—*Dr. R. G. Latham, Elements of Comparative Philology.*

Euphony. *s.* [Gr. φωνή = voice.] Agreeable sound; contrary to harshness.

Had the Grecians been as careless of *euphony* and polishing their words in the terminations, as they have been in the initial syllables, their language had been as much inferiour to some others in *euphony*, as now it is esteemed more pleasant and graceful.—*Dalgarno, Didascalocophus*, p. 114: Ox. 1680.

In verse there is more care of *euphony* in every part.—*Instructions for Oratory*, p. 138: Ox. 1682.

Euphrasy. *s.* Herb so called; eyebright: (Euphrasia officinalis, a plant supposed to clear the sight).

Then purg'd with *euphrasy*, and rue,
The visual nerve; for he had much to see;
And from the well of life three drops instill'd.
Milton, Paradise Lost, xi. 414.

Euphuism. *s.* [Gr. εὖ = well, φυή = nature, temper.] Affected and pedantic manner of using words which was in vogue at the end of the sixteenth century: ('England and his *Euphues*' being the title of a well-known and influential work by the early dramatist Lyly).

The singular affectation known by the name of *euphuism* was, like some other celebrated absurdities, the invention of a man of true genius, John Lyly, noticed above as a dramatist and poet—the first part of whose prose romance Euphues appeared in 1578 or 1579. 'Our nation,' says Sir Henry Blount, in the preface to a collection of some of Lyly's dramatic pieces, which he published in 1632, 'are in his debt for a new English which he taught them. "Euphues and his England" began first that language; all our ladies were then his scholars; and that beauty in court which could not parley *euphuism*—that is to say, who was unable to converse in that pure and reformed English which he had formed his work to be the standard of—was as little regarded as she which now there speaks not French.' ... The discourse of Sir Piercie Shafton, in 'The Monastery,' is rather a caricature than a fair sample of *euphuism*.... Perhaps, indeed, our language is, after all, indebted to this writer and his *euphuism* for not a little of its present euphony. From the strictures Shakespear, in 'Love's Labour's lost,' makes Holofernes pass on the mode of speaking of his *euphuist*, Don Adriano de Amado, 'a man of fire-new words, fashion's own knight, that hath a mint of phrases in his brain—one whom the music of his own vain tongue doth ravish like enchanting harmony'—it should almost seem that the now universally adopted pronunciation of many of our words are first introduced by such persons as this refining 'child of fancy.' 'I abhor such fanatical fantasms, such insociable and point device companions, such rackers of orthography as to speak dout, fine, when he should say doubt; det, when he should pronounce debt d, e, b, t, not d, e, t, he clepeth a calf, cauf, half, hauf; neighbour vocatur, nebour, neigh, abbreviated ne; this is abhominable (which he would call abominable), it insinuateth me of insanie.' Here, however, the all-seeing poet laughs rather at the pedantic schoolmaster than at the fantastic knight; and the *euphuistic* pronunciation which he makes Holofernes so malignantly criticise, was most probably his own and that of the generality of his educated contemporaries.—*Craik, History of the English Language*, i. 471-3.

Euphuist. *s.* One who affects Euphuism.

(For example see extract under preceding entry.)

Euphuistic. *adj.* Having the character of Euphuism.

(For example see extract under Euphuism.)

Eurythmy. *s.* [Gr. ῥυθμός = rhythm.] Harmony; regular and symmetrical measure. *Rare.*

From these three ideas or designs, viz. orthography, scenography, and profile, it is that *eurythmy*, 'majestica' and 'venusta species ædificii,' do result.—*Evelyn, Parallel of the ancient Architecture with the modern.*

Eútaxy. *s.* [Gr. τάξις = arrangement.] Established order. *Rare.*

This ambition made Absalom rebel; nay, it endangered a crack in the glorious *eutaxy* of heaven, which could not be expiated but by the dejection of Lucifer that first quickened it.—*Waterhouse, Apology for Learning*, p. 134: 1653.

Euthanásia. *s.* [Gr. θάνατος = death.] Easy happy death.

Let me prescribe and commend to thee, my son, this true spiritual means of thine happy *euthanasia*, which can be no other than this faithful disposition of the labouring soul, that can truly say, I know whom I have believed.—*Bishop Hall, The Comforter.*

I ask not to live, O Hebe! give me but gentle death; *euthanasia, euthanasia*, that is all I implore. —*Tatler*, no. 44.

A recovery, in my case, and at my age, is impossible: the kindest wish of my friends is *euthanasia*. —*Arbuthnot.*

Our life cannot be pronounced happy, till the last scene is closed with ease and resignation: the mind still continuing to preserve its usual dignity, and falling into the arms of death, as a wearied traveller sinks into rest. This is that *euthanasia* which Augustus often desired, which Antoninus Pius enjoyed, and for which every wise man will pray.—*Lord Orrery on Swift*, p. 165.

Evácate. *v. a.* Evacuate. *Rare.*

Dry air opens the surface of the earth to disincarcerate venene bodies, or to *evacate* them.—*Harvey, On the Plague.*

Evácuant. *adj.* and *s.* In *Medicine.* Having the power to produce evacuation; medicine used for that purpose.

(For example see extract under Excernent.)

Evácuate. *v. a.* [Lat. *evacuatus*, pass. part. of *evacuo*; *evacuatio, -onis*; *vacuus* = empty.]

1. Make empty; make void; nullify.

The defect, though it would not *evacuate* a marriage, after cohabitation and actual consummation; yet it was enough to make void a contract.—*Bacon, History of the Reign of Henry VII.*

There is no good way of prevention but by *evacuating* clean, and emptying the church.—*Hooker, Ecclesiastical Polity.*

They rise again indeed to life, and so the first death is *evacuated*.—*Bishop Pearson, Exposition of the Creed*, art. vi.

The Holy Ghost then is described as a person distinct from the person of the Father, whose power he is, and distinct from the person of the Apostle, in whom he worketh, and consequently neither of the Socinian figures can *evacuate* or enervate the doctrine of his proper and peculiar personality.—*Ibid.* art. viii.

If the prophecies recorded of the Messiah are not fulfilled in Jesus of Nazareth, it is impossible to know when a prophecy is fulfilled, and when not, in any thing or person whatsoever, which would utterly *evacuate* the use of them.—*South.*

2. Specially applied to *emptying a place of one's self and followers.* Quit, as an army quits any country or district.

As this neutrality was never observed by the emperour, so he never effectually *evacuated* Catalonia. —*Swift.*

3. In *Medicine.* Void as excrement; get rid of from the bowels.

Boerhaave gives an instance of a patient, who by a long use of whey and water, and garden fruits, *evacuated* a great quantity of black matter, and recovered his senses.—*Arbuthnot.*

Evácuate. *v. n.* Practise a system of evacuation. *Rare.*

If the malady continue, it is not amiss to *evacuate* in a part in the forehead.—*Burton, Anatomy of Melancholy.*

Evácuating. *part. adj.* Effecting evacuations.

(For example see extract under Excernent.)

Evacuátion. *s.*

1. Emptying, real or approximate; discharge; emission.

Consider the vast *evacuations* of men that England hath had by assistances lent to foreign kingdoms.—*Sir M. Hale, Origination of Mankind.*

2. Abolition; nullification.

Popery hath not been able to re-establish itself in any place, after provision made against it by utter *evacuation* of all Romish ceremonies.—*Hooker, Ecclesiastical Polity.*

3. Practice of clearing the body by physic.

The usual practice of physick among us, turns in a manner wholly upon *evacuation*, either by bleeding, vomit, or some purgation.—*Sir W. Temple.*

Evácuator. *s.* One who evacuates, makes void, or annuls.

Take heed, be not too busy in imitating any father in a dangerous expression, or in excusing the great *evacuators* of the law.—*Hammond, Works*, i. 175.

Evácuatory. *adj.* Evacuant.

If medicines of the *evacuatory* kind were to be joined with the bark, they would, unless very gentle in their operation, frustrate the good effects of the principal remedy.—*Falconer, Hunter's Georgical Essays*, iv. 525. (Ord MS.)

Eváde. *v. a.* [Lat. *evado*.]

1. Elude; avoid; escape by artifice, subterfuge, or stratagem.

In this point charge him home, that he affects
Tyrannick power: if he *evade* us there,
Inforce him with his envy to the people.
Shakespear, Coriolanus, iii. 3

If thou covet death, as utmost end
Of misery, so thinking to *evade*
The penalty pronounc'd, doubt not but God
Hath wiselier arm'd his vengeful ire, than so
To be forestall'd. *Milton, Paradise Lost*, x. 1020.

He might *evade* the accomplishment of these afflictions he now gradually endureth.—*Sir T. Browne, Vulgar Errours.*

Our question thou *evad'st*; how didst thou dare To break hell bounds? *Dryden, State of Innocence.*

2. Escape or elude by sophistry.

My argument evidently overthrows all that he brings to *evade* the testimonies of the fathers.—*Bishop Stillingfleet.*

We have seen how a contingent event baffles man's knowledge, and *evades* his power.—*South, Sermons.*

Evade. *v. n.*

1. Escape; slip away. *Rare.*

Unarm'd they might
Have easily, as spirits, *evaded* swift
By quick contraction, or remove.
Milton, Paradise Lost, vi. 595.

With *from*.

His wisdom, by often *evading from* perils, was turned rather into a dexterity to deliver himself from dangers, than into a providence to prevent.—*Bacon, History of the Reign of Henry VII.*

2. Practise sophistry or evasions.

The ministers of God are not to *evade* or take refuge in any of these two forementioned ways.—*South, Sermons.*

Evagátion. *s.* [Fr. *évagation*; Lat. *evagor.*] Act of wandering; excursion; ramble; deviation.

I shall make a circle hither again; taking perchance both universities in my line homewards. You married men are deprived of these *evagations.*—*Sir H. Wotton, Letters, Reliquiæ Wottonianæ*, p. 579: 1638.

These long chains of lofty mountains, which run through whole continents east and west, serve to stop the *evagation* of the vapours to the north and south in hot countries.—*Ray.*

Éval. *adj.* Respecting the duration of time. *Rare.*

Every one at all skilled in the Greek language knows that *αἰων*, age, and *αἰώνιος, eval*, improperly everlasting, do not convey the ideas of a proper *eternity.—Letter to the Archbishop of Canterbury*, p. 67: 1791.

Evaluátion. *s.* Exhaustive valuation.

Before applying the doctrine of chances to any scientific purpose, the foundation must be laid for an *evaluation* of the chances, by possessing ourselves of the utmost attainable amount of positive knowledge.—*J. S. Mill, System of Logic.*

Evanéscence. *s.* Disappearance; end of appearance.

Like light transmitted from room to room, they lose their strength and splendour, and fade at last in total *evanescence.—Johnson, Rambler*, no. 156.

The image of misery was perhaps originally suggested to some poet by the conduct of his patron, by the daily contemplation of splendour which he never must partake, by fruitless attempts to catch at interdicted happiness, and by the sudden *evanescence* of his reward when he thought his labours almost at an end.—*Ibid.* no. 163.

Evanéscent. *adj.* Vanishing; imperceptible; lessening beyond the perception of the senses.

The canal grows still smaller and slenderer, so as that the *evanescent* solid and fluid will scarce differ.—*Arbuthnot.*

Evángel. *s.* Gospel; good tidings. *Obsolete.*

Surely much rather might the heavenly ministry of the *evangil* bind herself about with far more piercing beams of majesty and awe, by wanting the beggarly help of halings and amercements in the use of her powerful keys.—*Milton, Reason of Church Government.*

Evangélic. *adj.* Consonant to the doctrine of the gospel.

Sworn to the laws of God and *evangelick* truth.—*Milton, Eiconoclastes.*

Evangélical. *adj.*

1. Contained in the gospel.

Those *evangelical* hymns, they allow not to stand in our liturgy.—*Hooker, Ecclesiastical Polity.*

2. Agreeable to the gospel.

God will indeed judge the world in righteousness; but 'tis by an *evangelical*, not a legal righteousness, and by the intervention of the man Christ Jesus, who is the Saviour as well as the judge of the world.—*Bishop Atterbury.*

Often used *substantivally*; an 'evangelical' meaning a preacher or professor of doctrines preeminently evangelical.

Evangélically. *adv.* In an evangelical manner; according to the revelation of the gospel.

It appears that acts of saving grace are *evangelically* good, and well-pleasing to God.—*Bishop Barlow, Remains*, p. 432.

Evángelism. *s.* Promulgation of the gospel.

Thus was this land saved from infidelity, through the apostolical and miraculous *evangelism.—Bacon, New Atlantis.*

Evángelist. *s.*

1. Writer of the history of our Lord Jesus.

Each of these early writers ascribe to the four *evangelists* by name their respective histories.—*Addison.*

2. Promulgator of the Christian laws.

Those to whom he first entrusted the promulgating of the gospel, had instructions; and it were fit our new *evangelists* should show their authority.—*Dr. H. More, Decay of Christian Piety.*

Evángelistary. *s.* Selection from the gospels, to be read as a lesson in divine service.

The Saxons had . . . kept the day, as it seemeth by their *evangelistary*, where the rubrick to the gospel is, This the Gospel for Childmas or Childermas day.—*Gregory, Posthuma*, p. 119: 1650.

In the following extract, which is from the previous editions, the context is such that, except for the authority of Porson, we should think that the *evangelistaries* and *lectionaries* were the *writers* of certain matters connected with the *evangels* and *lessons*, rather than the *evangels* and *lessons* themselves. Which is really meant is not beyond doubt. Porson might possibly make a case in favour of the words in question meaning *copyists* rather than *copies*; but, even then, *transfuse* is a strange word in a question between book and book.

The criticks complain that the *evangelistaries* and lectionaries have often transfused their readings into the other manuscripts.—*Porson, Letters to Travis*, p. 230.

Evangelizátion. *s.* Conversion of anything or anyone to the doctrine of the gospel; attribution of an evangelical character to anything.

The *evangelization* of the native superstitions was the first object of these latitudinarian missionaries. Balder took the place of Christ; Nanna of the Virgin.—*Translation of Gejer's History of Sweden.*

Evángelize. *v. a.* Instruct in the gospel, or law of the gospel.

Angels' renowne, and men's *evangeliz'd.*
Wits' Pilgrimage, l. 2.

None can be a better evangelist than the beloved physician, and none so complete a physician, as he who is frequently conversant in the Word of God, and able to *evangelize.—Smith, Portrait of Old Age*, p. 256.

The Spirit
Pour'd first on his apostles, whom he sends
To *evangelize* the nations; then, on all
Baptiz'd, shall them with wonderous gifts endue.
Milton, Paradise Lost, xii. 497.

Evángely. *s.* Good tidings; message of pardon and salvation; gospel. *Obsolete.*

The whole *evangelye* of Christe.—*Confutation of Nicholas Shaxton*, sign. H. iiii.: 1546.

Good Lucius,
That first received Christianity,
The sacred pledge of Christ's *evangely.*
Spenser, Faerie Queen.

Evánid. *adj.* [Lat. *evanidus.*] Faint; weak; evanescent. *Rare.*

Where there is heat and strength enough in the plant to make the leaves odorate, there the smell of the flower is rather *evanid* and weaker than that of the leaves.—*Bacon.*

The decoctions of simples, which bear the visible colours of bodies decocted, are dead and *evanid*, without the commixtion of alum, argol, and the like.—*Sir T. Browne.*

I put as great difference between our new lights and ancient truths, as between the sun and an *evanid* meteor.—*Glanville.*

Evánish. *v. n.* Vanish. *Rare.*

Riches being momentary and *evanishing.—Drummond, Works*, p. 222.

[They] wonder at the tale
Of horrid apparition, tall and ghastly,
That walks at dead of night, or takes his stand
O'er some new-open'd grave: and, strange to tell!
Evanishes at crowing of the cock. *Blair, Grave.*

Eváporable. *adj.* Easily dissipated in fumes or vapours.

Such cordial powders as are aromatick, their virtue lies in parts that are of themselves volatile, and easily *evaporable.—Grew.*

Eváporate. *v. n.* Fly away in vapours or fumes; waste insensibly as a volatile spirit; pass off in vapour.

Our works unhappily *evaporated* into words; we should have talked less, and done more.—*Dr. H. More, Decay of Christian Piety.*

This vapour falling upon joints which have not heat enough to dispel it, cannot be cured otherwise than by burning, by which it *evaporates.—Sir W. Temple.*

The enemy takes a surer way to consume us, by letting our courage *evaporate* against stones and rubbish.—*Swift.*

Eváporate. *v. a.*

1. Drive off in vapours.

Hast thou afforded us no means to *evaporate* these smokes, to withdraw these vapours?—*Donne, Devotions*, 304: 1624.

Convents abroad are so many retreats for the speculative, the melancholy, the proud, the silent, the politick, and the morose, to spend themselves, and *evaporate* the noxious particles.—*Swift.*

2. Give vent to; let out in ebullition or sallies.

My lord of Essex *evaporated* his thoughts in a sonnet to be sung before the queen.—*Sir H. Wotton.*

Eváporate. *adj.* Dispersed in vapour.

How still the breeze! save what the filmy threads
Of dew *evaporate* brushes from the plain.
Thomson, Seasons, Autumn.

Evaporátion. *s.* Act of going off, or causing to go off, in fumes or vapours; process effecting the same.

Those waters, by rarefaction and *evaporation*, ascended.—*Sir W. Raleigh.*

They are but the fruits of adusted choler, and the *evaporations* of a vindictive spirit.—*Howell, Vocall Forrest.*

Evaporations are at some times greater, according to the greater heat of the sun; so wherever they alight again in rain, 'tis superiour in quantity to the rain of colder seasons.—*Woodward.*

Evásion. *s.* Escape; excuse; subterfuge; sophistry; artifice; artful means of eluding or escaping.

We are too well acquainted with those answers;
But his *evasion*, wing'd thus swift with scorn,
Cannot outfly our apprehensions.
Shakespear, Troilus and Cressida, ii. 2.

In vain thou striv'st to cover shame with shame;
Thou by *evasions* thy crime uncover'st more.
Milton, Samson Agonistes, 841.

Evásive. *adj.* Practising, or containing, an evasion; sophistical; dishonestly artful; slippery.

Evasive arts will, it is feared, prevail, so long as distilled spirits of any kind are allowed.—*Bishop Berkeley, Siris*, § 107.

Evásively. *adv.* In an evasive manner.

I answered *evasively*, or at least indeterminately.—*Bryant.*

Eve. *s.*

1. Even; evening.

Such sights as youthful poets dream
On summer *eves* by haunted stream.
Milton, L'Allegro.

O, nightingale, that on yon bloomy spray
Warblest at *eve*, when all the woods are still.
Id., Sonnet to the Nightingale.

2. Vigil or fast to be observed before a festival; day before any important action (as the 'eve of a battle'); time immediately preceding any important action.

Let the immediate preceding day be kept as the *eve* to this great feast.—*Bishop Duppa, Rules and Helps of Devotion.*

Evéction. *s.* [Lat. *vectus*, pass. part. of *veho* = carry; *evectio, -onis.*] Exaltation.

His [Joseph's] being taken out of the dungeon represented Christ's resurrection, as his *evection* to the power of Egypt next to Pharoah, signified the session of Christ at the right hand of the Father.—*Bishop Pearson, Exposition of the Creed*, art. v.

Even. *s.* [A.S. *æfen.*]

1. Evening.

At *even* the quails came up, and covered the camp; and in the morning the dew lay round about the host.—*Exodus*, xvi. 13.

Th' unerring sun by certain signs declares,
What the late *ev'n*, or early morn prepares.
Dryden, Virgil's Æneid.

The pale purple *even*
Melts around thy flight;
Like a star of heaven,
In the broad daylight,
Thou art still unseen, but yet I hear thy shrill delight.
Shelley, Ode to a Skylark.

2. Eve (in the sense of *vigil*). *Rare.*
A table of the vigils, &c. The *evens* or vigils before the Nativity of our Lord, the Purification, &c.—*Tables prefixed to the Book of Common Prayer.*

Even. *adj.* [A.S. *efen.*]

1. Level; not rugged; not unequal; smooth: (opposed to *rough*).
To see a beggar's brat in riches flow,
Adds not a wrinkle to my *even* brow.
Dryden, Persius's Satires.
The present face of Rome is much more *even* and level than it was formerly.—*Addison, Travels in Italy.*
The superficies of such plates are not *even*, but have many cavities and swellings, which, how shallow soever, do a little vary the thickness of the plate.—*Sir I. Newton, Opticks.*

2. Uniform; equal to itself.
Constancy is natural to persons of *even* tempers and uniform dispositions.—*Tatler*, no. 192.

3. Level (in the sense of *parallel*).
Lay thee *even* with the ground.—*Luke*, xix. 44.

4. Not having inclination any way; not leaning to any side; not having any part higher or lower than the other.
When Alexander demanded of one what was the fittest seat of his empire, he laid a dry hide before him, and desired him to set his foot on one side thereof; which being done, all the other parts of the hide did rise up; but when he did set his foot in the middle, all the other parts lay flat and *even*.—*Sir J. Davies.*

5. Without anything owed (either *good* or *ill*); out of debt; square.
We reckon with your several loves,
And make us *even* with you: . . .
Henceforth be earls. *Shakespear, Macbeth*, v. 7.
Mahomet met a little offend with the harmes done unto him by the Venetians, and perceiving that the island of Eubea was, for the commodious situation and strength thereof, the chiefe place from whence they wrought him all these wrongs, and whither they afterwards retired againe, as unto a most sure place of refuge, determined with himselfe at once to be *even* with them for all, and to imploy his whole forces both by sea and land for the gaining of that place.—*Knolles, History of the Turks*, p. 405. (Ord MS.)
The publick is always *even* with an author who has not a just deference for them: the contempt is reciprocal.—*Addison.*

6. Calm; not subject to elevation or depression; equable.
Do not stain
The *even* virtue of our enterprise.
Shakespear, Julius Cæsar, ii. 1.
Desires compos'd, affections ever *ev'n*,
Tears that delight, and sighs that waft to heav'n.
Pope.

7. Capable of being divided into whole numbers (4 = twice two, as distinguished from 5 = twice two and a half): (opposed to *odd*).
Let him tell me whether the number of the stars be *even* or odd.—*Jeremy Taylor, Rule and Exercises of Holy Living.*
What verity there is in that numeral conceit, in the lateral division of man by *even* and odd, ascribing the odd unto the right side, and *even* unto the left.—*Sir T. Browne, Vulgar Errours.*

8. Used to denote the *same rank* or *situation*. *Obsolete.*
Wicliffe: 'his *even* servant fell down, and prayed him,' i.e. fellow servant. (St. Matt. xviii.) So Chaucer calls a fellow Christian 'an *even* Christian.' The same expression is common in our old books, and was not wholly disused in Shakspeare's time: one of his clowns, in Hamlet, employs it.—*Todd.*

Even. *v. a.*

1. Make even.
With the ships, the number is *even'd*.
Stanyhurst, Virgil's Æneid, b. i.: 1582.
Remove prejudice, *even* the balance, and hold it even.—*Chillingworth, Religion of Protestants a safe Way to Salvation*, iii. § 86.

2. Make level.
This temple Xerxes *evened* with the soil, which Alexander is said to have repaired.—*Sir W. Raleigh, History of the World.*
Beat, roll, and mow carpet-walks and cammomile; for now the ground is supple, and it will *even* all inequalities.—*Evelyn.*

3. Make out of debt; put in a state in which either good or ill is fully repaid.
Nothing can, or shall content my soul,
Till I am *even'd* with him, wife for wife.
Shakespear, Othello, ii. 1.

Even. *v. n.* Equal to. *Rare.*
A like strange observation taketh place here as at Stonehenge, that a redoubled numbering never *eveneth* with the first.—*Carew, Survey of Cornwall.*

Even. *adv.* [see Every.]

1. Word of *strong assertion*. Verily.
Even so did those Gauls possess the coasts.—*Spenser, View of the State of Ireland.*
Thou wast a soldier
Even to Cato's wish; not fierce, and terrible
Only in strokes. *Shakespear, Coriolanus*, i. 4.

2. Notwithstanding; though it was so that.
All I can say for those passages is, that I knew they were bad enough to please *even* when I wrote them.—*Dryden.*

3. Likewise; not only so, but also.
Here all their rage, and *ev'n* their murmurs cease,
And sacred silence reigns, and universal peace.
Pope.

4. So much as.
Books give the same turn to our thoughts that company does to our conversation, without loading our memories, or making us *even* sensible of the change.—*Swift.*
But if I be dear to some one else,
Then I should be to myself more dear;
Shall I not take care of all that I think,
Yea *even* of wretched meat and drink?
Tennyson, Maud.

5. Word of *exaggeration* in which a secret comparison is implied: (as, '*even* the great,' that is, 'the great *like* the mean').
Nor death itself can wholly wash your stains,
But long contracted filth *ev'n* in the soul remains.
Dryden.
I have made several discoveries, which appear new, *even* to those who are versed in critical learning.—*Addison, Spectator.*

6. Term of *concession*.
Since you refined the notion, and corrected the malignity, I shall *e'en* let it pass.—*Collier, Essay on Friendship.*

Evéne. *v. n.* [Lat. *evenio* = happen.] Happen; come to pass.
How often and frequently doth it *evene*, that after the love of God hath gained the dominion and upper-hand in the soul of man, that he is resolved to live well and religiously; in a small time after, do his lusts and evil concupiscence rally up themselves, and make a fresh assault more violent than the former!—*Hewyt, Sermons*, p. 83: 1658.

Évener. *s.* One who reconciles or makes even. *Rare.*
Hail, *evener* of old and new,
Hail, buildor bold of Christës bour!
Hymn to the Virgin, MS. cited by *Warton* in *History of English Poetry.*

Évenfall. *s.* Evening.
Alas for her that met me,
That heard me softly call,
Came glimmering through the laurels
At the quiet *evenfall*,
In the garden by the turrets
Of the old manorial hall.
Tennyson, Maud, xxiv. 11.

Évenhand. *s.* Parity of rank or degree. *Obsolete.*
Whoso is out of hope to attain to another's virtue, will seek to come at *even-hand* by depressing another's fortune.—*Bacon.*

Évenhanded. *adj.* Impartial; equitable: (often connected with *justice*).
Evenhanded justice
Commends th' ingredients of our poison'd chalice
To our own lips. *Shakespear, Macbeth*, i. 7.

Évenhandedness. *s.* Attribute suggested by Evenhanded.
(For example see extract under Evidence.)

Évening. *s.*

1. Close of day.
The devil is now more laborious than ever, the long day of mankind drawing towards an *evening*, and the world's tragedy and time near at an end.—*Sir W. Raleigh, History of the World.*

2. Latter end of life.
He was a person of great courage, honour, and fidelity, and not well known till his *evening*.—*Lord Clarendon, Of the Earl of Northampton.*

Often used *adjectivally*. When there is a true compound, *even* is the usual form.
Let my prayer be as the *evening* sacrifice.—*Psalms*, cxli. 2.
It shall come to pass that at *evening* time it shall be light.—*Zechariah*, xiv. 7.

Évenly. *adv.* In an even manner.

1. Equally; uniformly; in an equipoise.
In an infinite chaos nothing could be formed; no particles could convene by mutual attraction; for every one there must have infinite matter around it, and therefore must rest for ever, being *evenly* balanced between infinite attractions.—*Bentley.*

2. Levelly; without asperities.
A palish clearness, *evenly* and smoothly spread; not overthin and washy, but of a pretty solid consistence.—*Sir H. Wotton.*

3. Impartially; without favour or enmity.
You serve a great and gracious master, and there is a most hopeful young prince: it behoves you to carry yourself wisely and *evenly* between them both.—*Bacon, Advice to Villiers.*

Évenness. *s.* Attribute suggested by Even.

1. State of being even.
Her feet were placed upon a cube, to shew stability, and in her lap she held a perpendicular or level, as the ensign of *evenness* and rest.—*B. Jonson, Part of the King's Entertainment.*

2. Uniformity; regularity.
The ether most readily yieldeth to the revolutions of the celestial bodies, and the making them with that *evenness* and celerity is requisite in them all.—*Grew, Cosmologia Sacra.*
A crooked stick is not straitened, unless it be bent as far on the clear contrary side, that so it may settle itself at the length in a middle estate of *evenness* between both.—*Hooker, Ecclesiastical Polity.*

3. Calmness; freedom from perturbation; equanimity; impartiality; equal respect.
More imperious and impatient of contradiction than becomes the calmness and unpassionate *evenness* of the true philosophical spirit.—*Bishop Sprat, History of the Royal Society*, p. 33.
Though he appeared to relish these blessings as much as any man, yet he bore the loss of them, when it happened, with great composure and *evenness* of mind.—*Bishop Atterbury.*

Évensong. *s.*

1. Form of worship used in the evening.
If a man were but of a day's life, it is well if he lasts till *evensong*, and then says his compline an hour before the time.—*Jeremy Taylor, Rule and Exercises of Holy Living.*

2. Time of the evensong, i.e. evening.
He tun'd his notes both *evensong* and morn.
Dryden.

Évent. *s.* [Lat. *eventus.*]

1. Incident; anything that happens (*good* or *bad*).
There is one *event* to the righteous, and to the wicked.—*Ecclesiastes*, ix. 2.
(For another example see extract under Effort.)

2. Consequence of an action; conclusion; upshot.
Two spears from Meleager's hand were sent;
With equal force, but various in th' *event*;
The first was fixt in earth, the second stood
On the boar's bristled back, and deeply drank his blood. *Dryden.*

Évent. *v. n.* [Fr. *éventer* = burst forth.] Break forth. *Rare.*
O that thou saw'st my heart, or didst behold
The place from whence that scalding sigh *evented.*
B. Jonson, Case is altered.

Évent. *v. a.* [Fr. *éventer* = fan.] Fan; cool; air. *Rare.*
And as Phœbus throws
His beams abroad, though he in clouds be closed,
Still glancing by them till he find opposed
A loose and rorid vapour that is fit
T' *event* his searching beams, and useth it
To form a tender twenty-coloured eye,
Cast in a circle round about the sky.
Marlowe and Chapman, Hero and Leander.

Événterate. *v. a.* [Lat. *venter* = belly.] Rip up; open by ripping the belly.
In a bear, which the hunters *eventerated*, or opened, I beheld the young ones, with all their parts distinct.—*Sir T. Browne.*

Éventful. *adj.* Full of events or incidents; full of changes of fortune.
Last scene of all,
That ends this strange *eventful* history,
Is second childishness.
Shakespear, As you like it, ii. 7.

Éventide. *s.* Time of evening.
A swarm of gnats at *eventide*,
Out of the fens of Allan do arise,
Their murmuring small trumpets sounding wide.
Spenser, Faerie Queen.
Isaac went out to meditate at *eventide*.—*Genesis*, xxiv. 63.

Eventilátion. *s.* [Lat. *ventilo* = fan; *ventus* = wind.] Act of ventilating.
Now for the nature of this heat, it is not a destructive violent heat, as that of fire, but a generative gentle heat joined with moisture, nor needs it air for *eventilation*.—*Howell, Familiar Letters*, i. 35, p. 273.
It [vital flame] requires constant *eventilation*, through the trachea and pores of the body, for the discharge of a fuliginous and excrementitious vapour.—*Bishop Berkeley, Siris*, § 205.

Éventual. *adj.* Happening in consequence of anything; consequential.

Creating a new paper currency, founded on an *eventual* sale of the church lands.—*Burke.*

Evéntually. *adv.* In the event, last result, or consequence.

Hermione has but intentionally, not *eventually*, disobliged you, and hath made your flame a better return, by restoring you your own heart.—*Boyle, Discourse on Seraphick Love.*

Evéntuate. *v. n.* Come out as a result. Either *new* or *revived*; and perhaps *American* rather than *English.*

Éver. *adv.* [see Either and Every.]

1. At any time.

Men know by this time, if *ever* they will know, whether it be good or evil which hath been so long retained.—*Hooker, Ecclesiastical Polity.*

2. At all times; always; without end.

I see things may serve long, but not serve *ever.*
Shakespear, All's well that ends well, ii. 2.

Riches, fineless, is as poor as winter,
To him that *ever* fears he shall be poor.
Id., Othello, iii. 3.

Blinded greatness, *ever* in turmoil,
Still seeking happy life, makes life a toil. *Daniel.*

For ever (sometimes *For ever and a day*). Eternally; in perpetuity.

His master shall bore his ear through with an aul, and he shall serve him *for ever.*—*Exodus*, xxi. 6.

For ever, and *for ever*, farewell, Cassius.
Shakespear, Julius Cæsar, v. 1.

I know a lord who values no lease, though for a thousand years, nor any estate that is not *for ever* and *ever.*—*Sir W. Temple.*

Men are like a company of poor insects, whereof some are bees, delighted with flowers and their sweetness; others beetles, delighted with other kinds of viands; which having enjoyed for a season, they cease to be, and exist no more *for ever.*—*Locke.*

The meeting points the fatal lock dissever
From the fair head, *for ever* and *for ever.* *Pope.*

Ever and anon. At one time and another; now and then.

So long as Guyon with her communed,
Unto the ground she cast her modest eye;
And *ever and anon*, with rosy red,
The bashful blood her snowy cheeks did dye.
Spenser, Faerie Queen.

The fat ones would be *ever and anon* making sport with the lean, and calling them starvelings.—*Sir R. L'Estrange.*

He lay stretch'd along,
And *ever and anon* a silent tear
Stole down and trickled from his hoary beard.
Dryden.

3. In any degree.

Let no man fear that harmful creature *ever* the less, because he sees the apostle safe from that poison.—*Bishop Hall.*

For a mine undiscovered, neither the owner of the ground or any body else are *ever* the richer.—*Collier, Essay on Pride.*

It suffices to the unity of any idea, that it be considered as one representation or picture, though made up of *ever* so many particulars.—*Locke.*

There must be somewhere such a rank as man;
And all the question, wrangle *e'er* so long,
Is only this, if God has plac'd him wrong?
Pope, Essays.

4. Word of *enforcement* or *aggravation*: ('As soon as *ever* he had done it').

That *ever* this fellow should have fewer words than a parrot, and yet the son of a woman.—*Shakespear, Henry IV. Part I.* ii. 4.

They brake all their bones in pieces, or *ever* they came at the bottom of the den.—*Daniel*, iv. 24.

That purse in your hand, as a twin brother, is as like him as *ever* he can look.—*Dryden, Spanish Friar.*

As soon as *e'er* the bird is dead,
Opening again, he lays his claim
To half the profit, half the fame. *Prior.*

The title of duke had been sunk in the family *ever* since the attainder of the great duke of Suffolk.—*Addison, Travels in Italy.*

Ever a. Any.

I am old, I am old.—I love thee better than I love *e'er a* scurvy young boy of them all.—*Shakespear, Henry IV. Part II.* ii. 4.

Évergreen. *adj.* Verdant throughout the year.

The juice, when in greater plenty than can be exhaled by the sun, renders the plant *evergreen.*—*Arbuthnot, On the Nature and Choice of Aliments.*

Évergreen. *s.* Plant that retains its verdure through all the seasons.

Some of the hardiest *evergreens* may be transplanted, especially if the weather be moist and temperate.—*Evelyn.*

I find you are against filling an English garden with *evergreens.*—*Addison, Spectator.*

Everlásting. *adj.* Lasting or enduring without end; perpetual; immortal: (differing from Eternal when the two words are taken strictly; *Everlasting* applying to that which has no end, *Eternal* to that which has neither end nor beginning; *Eternal* is oftener treated as a synonym of *Everlasting*, than *Everlasting* of *Eternal*).

Whether we shall meet again, I know not;
Therefore our *everlasting* farewell take.
Shakespear, Julius Cæsar, v. 1.

The *everlasting* life, both of body and soul, in that future state, whether in bliss or woe, hath been added.—*Hammond.*

And what a trifle is a moment's breath,
Laid in the scale with *everlasting* death!
Sir J. Denham.

Everlásting. *s.*

1. Eternity; eternal duration, whether past or future.

From *everlasting* to *everlasting* thou art God.—*Psalms*, xc. 2.

We are in God through the knowledge which is had of us, and the love which is born towards us, from *everlasting.*—*Hooker, Ecclesiastical Polity.*

2. With the *definite article.* The Eternal Being.

O, that this too too solid flesh would melt,
Thaw, and resolve itself into a dew!
Or that the *Everlasting* had not fix'd
His canon 'gainst self-slaughter.
Shakespear, Hamlet, i. 2.

3. Applied, somewhat laxly, to more than one object of an unusually permanent character. It is one of the names of the cloth called Durance, now, with the object named, obsolete. It is also the popular name of one, or more than one, of the native plants of the natural order Compositæ, limited in general to the Antennaria margaritacea; but applied, according to the district, to several of the Gnaphaliums, as well as to the Centaurea Cyanus, Bluebottle, or Cornflower.

Everlásting-pea. *s.* Flower so called of the genus Lathyrus, the two native plants being L. sylvestris and L. latifolius.

In the *everlasting-pea* the midrib is prolonged as a tendril,—*Henfrey, Rudiments of Botany.*

Everlástingly. *adv.* Eternally; without end.

I'll hate him *everlastingly*,
That bids me be of comfort any more.
Shakespear, Richard II. iii. 2.

Many have made themselves *everlastingly* ridiculous.—*Swift.*

Everlástingness. *s.* Attribute suggested by Everlasting; perpetuity; indefinite duration; permanence; continuance; persistence.

O Lord, Thou that dwellest in *everlastingness.*—2 *Esdras*, viii. 20.

He hath called us to *everlastingness.*—*Stapleton, Fortress of the Faith which Protestants call Papistry*, fol. 39, b: 1565.

Nothing could make me sooner to confess,
That this world had an *everlastingness*,
Than to consider that a year is run
Since both this lower world's, and the sun's sun
Did set. *Donne, Poems*, p. 223.

A perpetuity (as I may so say) that is circumscribed: an *everlastingness* that lasts as long as the thing of which it is affirmed.—*Smith, Portrait of Old Age*, p. 191.

Evermóre. *adv.* Always; eternally.

It govern'd was, and guided *evermore*,
Through wisdom of a matron grave and hoare.
Spenser, Faerie Queen.

Sparks by nature *evermore* aspire,
Which makes them now to such a highness flee.
Sir J. Davies.

With *for.*

Religion prefers those pleasures which flow from the presence of God *for evermore*, infinitely before the transitory pleasures of this world.—*Archbishop Tillotson.*

Evérse. *v. a.* Overthrow; subvert; destroy. *Rare:*

The foundation of this principle is totally *eversed* by the ingenious commentator upon immaterial beings.—*Glanville.*

Evérsion. *s.* Overthrow.

Supposing overturnings of their old errour to be the *eversion* of their well-established governments.—*Jeremy Taylor, Cases of Conscience.*

Evért. *v. a.* [Lat. *verto* = turn, pass. part. *versus.*]

1. Destroy; overthrow.

I shall say nothing so consonant unto reason, which (by the conceit of a strange reason) he will not seek to *evert*; yea, and take a pride too in it.—*Fotherby, Atheomastix*, p. 5: 1626.

A process is valid, if the jurisdiction of the judge is not yet *everted* and overthrown.—*Ayliffe, Parergon Juris Canonici.*

2. In *Botany* and *Medicine.* Turn outwards: (generally used as the participial adjective, *everted*).

Every. *art.* [The elements of this word are, in the first place, *ever* and *each*; the latter being so much disguised as to make its reality, on the first view, problematical. The older form, *everich*, however, shows that a *k* has been softened down, whilst *such* and *which*, as compared with the Scotch *swilk* and *whilk*, explain the loss of the *l*, *each* being the A.S. *ælc.*

But this is itself a compound; and not only that, but one in which the *ev-* in *ever* reappears: *ælc* = the root of *ev-er* in a contracted form + *like.* See Such and Which. Hence, in *every*, the same root appears twice; the result being four elements in three syllables.

The *ev-*, in *ev-er*, is the *ev-* in *ev-en*; for which see Either. The notion at the bottom of all its meanings is *time*, or *continuance*; a notion which is clear enough in *ever*, and not very obscure in *even.* When we say '*even* though you are tired you must go on,' and the like, we mean that, notwithstanding certain reasons to the contrary, reasons in favour of your resting or stopping, the original necessity of proceeding still *continues.* And in the word under notice *ever the like* means so long as the *likeness* lasts the necessity of going on with it exists also. That *ever* and *even* are in the same relation to one another as *there* and *then*, cannot here be shown in detail. All that is noted is the fact of the *r* and *n* being no parts of the original root.

In import, *any*, *each*, and *every* are allied. All mean both *one* and *all.* *Any* is simply a derivative of *ane* = one; but any *one* individual taken from a class *indifferently*, and said to have certain qualities, tells us that those qualities are shared by the class in general. *Each*, which, as far as the element *the like* goes, is singular, suggests plurality, inasmuch as a series of individuals is taken in order. *Every*, in which the singular element *the like* also enters, differs from *each* only in giving less prominence to selection of the individual. Hence, *any* takes its meaning from the notion of *indifference*; *each* from that of *ordinality*; and *every* from that of *collectiveness.*

But *every* is never used alone. *Any* and *each* can be used alone; but *every* must be followed by either a substantive or *one*, as *every man*, *every one.* This induced the editor to treat it in his grammar as an article, rather than as an ordinary pronoun, and as such it is, accordingly, entered here.]

Each; each one of all.

All the congregation are holy, *every* one of them.—*Numbers*, xvi. 3.

He proposeth unto God their necessities, and they their own requests for relief in *every* of them.—*Hooker, Ecclesiastical Polity.*

The virtue and force of *every* of these three is shrewdly allayed.—*Hammond, On Fundamentals.*

Everyday. *adj.* Common; occurring on any day.

Men of genius forget things of common concern, which make no slight impression on *everyday* minds.—*Shenstone.*

He was a plain, business-like speaker; a man of *every-day* talents in the House; a clear, easy, fluent, and, from much practice, as well as strong and natural sense, a skilful debater.—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Mr. Dundas.*

Éverywhere. *adv.* In all places; in each place.

The substance of the body of Christ was not *every-where* seen, nor did it *every-where* suffer death; *every-where* it could not be entombed: it is not *every-where* now, being exalted into heaven.—*Hooker, Ecclesiastical Polity.*

If I send my son abroad, how is it possible to keep him from vice, which is *every-where* so in fashion?—*Locke.*

'Tis no-where to be found, or *every-where.* *Pope.*

Everywhéreness. *s.* Attribute suggested by Everywhere; ubiquity (which latter term translates it, being from the Latin *ubique* = everywhere). *Rare.*

By which sayings the divine Immensity is as fully expressed as by the artificial term ubiquity, that is, *everywhereness.*—*Grew, Cosmologia Sacra,* b. iv. ch. viii. (Ord MS.)

Évesdrop. *v. n.* Play the Eves- (or Eaves-) dropper. (For remarks upon verbs of this kind, i.e. compounds preceded by a substantive, see editor's preface.)

'Tis not to listen at the doors of parliament, or to *evesdrop* the council-chamber.—*Archbishop Sancroft, Sermons,* p. 155.

Évesdropper. *s.* [the common spelling is *eaves*, which serves to distinguish the word from *eve* = evening; but the refinement, however, if such be the explanation of the spelling, is unnecessary, there being no chance of confusion when the origin of the word from the A.S. *efese* is known, wherein there is not only no *a*, but wherein the *s* belongs to the root and is not the sign of the plural number.] Person who skulks about a house to listen.

What makes you listening there? Get farther off; I preach not to thee, thou wicked *evesdropper.*—*Dryden, Spanish Friar.*

Do but think how becoming your function it is to be disguised like a slave, and an *evesdropper,* under the women's windows.—*Id., Don Sebastian.*

Évict. *v. a.* [Lat. *evinco.*]

1. Dispossess of by a judicial course.

The law of England would speedily *evict* them out of their possession, and therefore they held it the best policy to cast off the yoke of English law.—*Sir J. Davies, Discourse on the State of Ireland.*

The great landowners *evicted* their tenantry, who were thus thrown upon the country, houseless and landless, but free.—*C. H. Pearson, The early and middle Ages of England,* ch. xxxiv.

2. Take away by a sentence of law.

His lands were *evicted* from him.—*King James's Declaration.*

3. Prove; evince. *Obsolete.*

I do not desire to be equal to those that went before; but to have my reason examined with theirs, and so much faith to be given them, or me, as those shall *evict.*—*B. Jonson, Discoveries.*

Évicted. *part. adj.* ? Proved.

I suffered myself to be over-intreated to abate somewhat of that *evicted* composition.—*Bishop Hall, Specialties of his Life.*

Éviction. *s.*

1. Dispossession or deprivation by a definitive sentence of a court of judicature.

If any of the parties be laid asleep, under pretence of arbitrament, and the other party doth cautiously get the start at common law, yet the pretorian court will set back all things, and no respect had to *eviction* or dispossession.—*Bacon.*

2. Proof; evidence; certain testimony.

These, these are excellent and irrefragable proofs and *evictions* of your calling and election.—*Bishop Hall, Remains,* p. 285.

A plurality of voices carries the question in all our debates, but rather as an expedient for peace than an *eviction* of the right.—*Sir R. L'Estrange.*

Évidence. *s.*

1. State of being evident; clearness; indubitable certainty; notoriety; testimony; proof.

I had delivered the *evidence* of the purchase unto Baruch.—*Jeremiah,* xxxii. 16.

Had Smith been the only offender, it might have been expected that he would have been gladly sacrificed as an *evidence* of Elizabeth's *evenhandedness.*—*Froude, History of England, Reign of Elizabeth,* ch. vii.

2. Witness; one who gives evidence.

To swear he saw three inches through a door,
As Asiatick *evidences* swore.
Dryden, Juvenal's Satires.

There are books extant, which they must needs allow of as proper *evidence*; even the mighty volumes of visible nature, and the everlasting tables of right reason.—*Bentley.*

Évidence. *v. a.*

1. Prove; evince.

The horses must be *evidenced* by good testimonies to have been bred in Ireland.—*Sir W. Temple.*

If they be principles evident of themselves, they need nothing to *evidence* them.—*Archbishop Tillotson.*

These things the Christian religion requires, as might be *evidenced* from texts.—*Id.*

2. Show; make discovery of.

Thou on earth hadst prosper'd, which thy looks
Now also *evidence.* *Milton, Paradise Lost,* x. 360.

Although the same truths be elicited and explicated by the contemplation of animals, yet they are more clearly *evidenced* in the contemplation of man.—*Sir M. Hale, Origination of Mankind.*

Évident. *adj.* Plain; apparent; notorious.

It is *evident,* in the general frame of nature, that things most manifest unto sense have proved obscure unto the understanding.—*Sir T. Browne, Vulgar Errours.*

They are incapable of making conquests upon their neighbours, which is *evident* to all that know their constitutions.—*Sir W. Temple.*

Children minded not what was said, when it was *evident* to them that no attention was sufficient.—*Locke.*

Evidéntial. *adj.* Affording evidence or proof.

If it might be allowed me, I would fain distinguish all miracles into providential and *evidential* ones: Those should be *evidential* ones, which God enables men to work in order to gain belief, and which they know beforehand they shall work: These are such miracles as Moses and our Saviour wrought, and other prophets, and such as we have all along been speaking of.—*Bishop Fleetwood, Essay on Miracles,* p. 229.

Évidently. *adv.* In an evident manner; apparently; certainly; undeniably.

Laying their eggs they *evidently* prove
The genial pow'r and full effects of love. *Prior.*

The printing private letters is the worst sort of betraying conversation, as it has *evidently* the most extensive ill consequences.—*Pope.*

Evigilátion. *s.* Waking.

The *evigilation* of the animal powers, when Adam awoke.—*Bibliotheca Bibliographica Oxoniensis,* i. 157: 1720.

Évil. *adj.* [A.S. *yfel.*] Having bad qualities of any kind; not good; unhappy; miserable; calamitous; mischievous; destructive; ill.

It is my son's coat; an *evil* beast hath devoured him.—*Genesis,* xxxvii. 20.

He hath brought up an *evil* name upon a virgin.—*Deuteronomy,* xxii. 14.

All the days of the afflicted are *evil.*—*Proverbs,* xv. 15.

We are troubled to think, when our children are *evill,* that we have let them goe too thin clad, and so they have caught cold.—*Gataker, Jeroboam's Son's Decease,* 312. (Ord MS.)

When once a statesman acquires the *evil* reputation of shunning responsibility while he seeks power, there is no preventing the world from tracing every mischief to a source which appears to hide itself only because there is something to conceal.—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Lord Mansfield.*

So dark a mind within me dwells,
And I make myself such *evil* cheer,
That if I be dear to some one else,
Then some one else may have much to fear.
Tennyson, Maud.

Évil. *s.* Ill.

1. Wickedness; crime; injury; mischief.

Not in the legions
Of horrid hell can come a devil more damn'd
In *evils* to top Macbeth.
Shakespear, Macbeth, iv. 3.

Whoso rewardeth *evil* for good, *evil* shall not depart from his house—*Proverbs,* xvii. 13.

2. Misfortune; calamity.

If we will stand boggling at imaginary *evils,* let us never blame a horse for starting at a shadow.—*Sir R. L'Estrange.*

Evil is what is apt to produce or increase any pain, or diminish any pleasure in us; or else to procure us any *evil,* or deprive us of any good.—*Locke.*

3. Malady; disease: (as 'the *king's evil*').

What's the disease he means?—
'Tis called the *evil.* *Shakespear, Macbeth,* iv. 3.

Évil. *adv.* Ill.

Ah, froward Clarence, how *evil* it beseems thee,
To flatter Henry, and forsake thy brother!
Shakespear, Henry VI. Part III. iv. 7.

It went *evil* with his house.—*Deuteronomy,* vii. 23.

The Egyptians *evil* entreated us, and afflicted us.—*Ibid.* xxvi. 6.

Évildóer. *s.* Malefactor; one who commits evil.

Whereas they speak evil against you as *evildoers,* they may by your good works glorify God.—1 *Peter,* ii. 12.

Évileyed. *adj.* Having an evil eye, i.e. malignant look or intention: (often implying the *power* of *fascination*).

Thou shalt not find me, daughter,
After the slander of most step-mothers,
Eviley'd unto you. *Shakespear, Cymbeline,* i. 2.

Nor can you rationally hope to keep your peace any longer, than whilst the *evil-eyed* factions want power to break it.—*Dean Pierce, Sermon* (29th May, 1661), p. 35.

Évilly. *adv.* In an evil manner.

This act, so *evilly* born, shall cool the hearts
Of all his people, and freeze up their zeal.
Shakespear, King John, iii. 4.

It will be an unhandsome injustice . . . *evilly* to requite their care by thy too curious and impatient spirit.—*Jeremy Taylor, Rule and Exercises of Holy Dying,* iv. § 1.

Évilminded. *adj.* Malicious; mischievous; malignant; wicked; insidious.

But most she fear'd, that travelling so late,
Some *evilminded* beasts might lie in wait,
And, without witness, wreak their hidden hate.
Dryden.

Évilness. *s.* Attribute suggested by Evil; contrariety to goodness; badness of whatever kind.

The moral goodness and congruity, or *evilness,* unfitness, and unseasonableness of moral or natural actions, falls not within the verge of a brutal faculty.—*Sir M. Hale, Origination of Mankind.*

Évilspeáking. *s.* Slander; defamation; calumny; censoriousness.

Wherefore laying aside all malice and all guile, and hypocrisies and envies, and all *evilspeakings.*—1 *Peter,* ii. 1.

Évilwíshing. *adj.* Wishing evil to; having no good will.

They heard of this sudden going out, in a country full of *evilwishing* minds towards him.—*Sir P. Sidney.*

Évilwórker. *s.* One who does wickedness.

Beware of dogs, beware of *evilworkers.*—*Philippians,* iii. 2.

Évince. *v. a.* [Fr. *évincer*; Lat. *evinco* = literally, conquer; *prove* being a common secondary meaning.]

1. Prove; show; manifest; make evident.

Doubt not but that sin
Will reign among them, as of thee begot;
And therefore was law given them, to *evince*
Their natural pravity.
Milton, Paradise Lost, xii. 285.

That religion, teaching a future state of souls, is a probability; and that its contrary cannot, with equal probability, be proved, we have *evinced.*—*South, Sermons.*

The greater absurdities are, the more strongly they *evince* the falsity of that supposition from whence they flow.—*Bishop Atterbury.*

I am—or rather was—a prince,
A chief of thousands, and could lead
Them on where each would foremost bleed;
But could not o'er myself *evince*
The like control. *Byron, Mazeppa,* vii.

A general prevalence of a habit of unfounded distrust can only be rectified, when men, instead of permitting 'the proud feebleness of their understanding' (to use the words of a modern philosopher) to mislead them into judging upon matters on which they are not competent to form an independent judgment, *evince* a disposition to defer to the opinions of guides selected with care and discretion.—*Sir G. C. Lewis, On the Influence of Authority in Matters of Opinion,* ch. x.

2. Conquer; subdue. *Rare.*

Errour by his own arms is best *evinc'd.*
Milton, Paradise Regained, iv. 235.

Évince. *v. n.* Prove.

The accuser complains, the witness *evinceth,* the judge sentences.—*Bishop Hall, Cases of Conscience.*

Évincement. *s.* Proof. *Rare.*

The other argument, which I add as one *evincement* of the former, is, that the Scripture is every

where written with as much eloquence as the chief author thought fit and expedient for his wise ends in publishing it.—*Boyle, Considerations on the Style of the Holy Scriptures*, 29. (Ord MS.)

Evíncible. *adj.* Capable of proof; demonstrable.

Implanted instincts in brutes are in themselves highly reasonable and useful to their ends, and *evincible* by true reason to be such.—*Sir M. Hale, Origination of Mankind.*

Évirate. *v. a.* [Lat. *vir* = man.] Deprive of manhood; emasculate; castrate; geld. *Rare.*

Not to speak of Origen, and some others, that have voluntarily *evirated* themselves. — *Bishop Hall, Christian Moderation*, b. i. § 4.

Evíscerate. *v. a.* [Lat. *viscera* = bowels.] Embowel; draw; deprive of the entrails; search within the entrails.

They did, spider-like, *eviscerate* and spin out themselves and their time.—*Dr. Griffiths, Samaritan Revived*, p. 36: 1660.

These take great pains, and *eviscerate* themselves, as it were, to weave a web, which, when it is ended, is fit for no other use but as an unprofitable thing to be swept away.—*Citation in Echard's Observations*, p. 70: 1696.

Throwing out of account the philosophers who, like Dr. Thomas Brown, quietly *eviscerate* the problem of its sole difficulty.—*Sir W. Hamilton, Discussions on Philosophy and Literature*, p. 586.

Évitable. *adj.* Avoidable; that may be escaped or shunned: (the negative compound *commoner*).

Of divers things evil, all being not *evitable*, we take one; which one, saving only in case of so great urgency, were not otherwise to be taken.—*Hooker.*

Évitate. *v. a.* [Lat. *evitatus*, pass. part. of *evito*; *vito* = avoid.] Avoid; shun; escape. *Rare.*

Therein she doth *evitate* and shun
A thousand irreligious cursed hours,
Which forced marriage would have brought upon her.
Shakespear, Merry Wives of Windsor, v. 5

Evitátion. *s.* Act of avoiding.

In all bodies there is an appetite of union and *evitation*, of solution of continuity.—*Bacon.*

Evíte. *v. a.* Avoid. *Rare.*

'Gainst open shame no text can well be cited,
The blow once given cannot be *evited*. *Drayton.*

The terrours are no way to be *evited*, &c.—*Lord President Forbes, Reflections on Incredulity*, p. 81: 1750.

Evitérnal. *adj.* [Lat. *æviternus*.] Everlasting; having indefinite duration. *Rare.*

This we are sure of, that the angels are truly existing, spirituall, intelligent, powerfull, *eviternall* creatures.—*Bishop Hall, Mystery of Godliness*, § 9. (Ord MS.)

O my soul, thou couldst not be thyself, unless thou knew'st thine originall, heavenly: thine essence, separable; thy continuance, *eviternall*.—*Id., Invisible World*, b. i. (Ord MS.)

Evitérnity. *s.* Duration not infinitely, but indefinitely, long. *Rare.*

There shall we indissolubly, with all the chore of heaven, passe our *eviternity* of blisse in lauding and praising the incomprehensibly glorious majesty of our Creator.—*Bishop Hall, Invisible World.* (Ord MS.)

Our pursuit of knowledge and truth seems infinite and unlimited, by reason of our own infinity and *eviternity* that way.—*Bishop Reynolds, On the Passions*, 485. (Ord MS.)

Évocate. *v. a.* Call forth. *Rare.*

He [Saul] had already shown sufficient credulity, in thinking there was any efficacy in magical operations to *evocate* the dead.—*Stackhouse, History of the Bible*, b. v. ch. iii.

Evocátion. *s.* Act of calling out.

Would truth dispense, we could be content with Plato, that knowledge were but remembrance, that intellectual acquisition were but reminiscential *evocation*.—*Sir T. Browne.*

Instead of a descent into hell, it seems rather a conjuring up or an *evocation* of the dead from hell. —*Notes to Odyssey.*

Evóke. *v. a.* [Lat. *evoco*, pass. part. *evocatus*.] Call forth.

I had no sooner *evoked* the name of Shakspeare fom the rotten monument of his former editions, than a crew of strange devils, and more grotesque than any of those he laughs at in the old farces, came chattering, mewing, and grinning round about me.—*Bishop Warburton, To Hurd*, let. 6: 1749.

The only business and use of this character, is to open the subject in a long prologue, to *evoke* the devil, and summon the court.—*T. Warton, History of English Poetry*, ii. 362.

Evolátion. *s.* [Lat. *evolatus*, pass. part. of *evolo* = fly off.] Act of flying away.

That spiritual substance, which is imprisoned within us, would fain be flying up to that heaven whence it descended; these walls of flesh forbid that *evolation*, (as Socrates called it of old,) and will not let it out till the God of Spirits (who placed it there) shall unlock the doors, and free the prisoner by death.—*Bishop Hall, Free Prisoner*, § 7.

Evolútion. *s.*

1. Act of unrolling or unfolding.

The spontaneous coagulation of the little saline bodies was preceded by almost innumerable *evolutions*, which were so various that the little bodies came to obvert to each other those parts by which they might be best fastened together.—*Boyle.*

2. Series of things unrolled or unfolded.

The whole *evolution* of ages, from everlasting to everlasting, is so collectedly and presentifickly represented to God at once, as if all things which ever were, are, or shall be, were at this very instant really present.—*Dr. H. More, Divine Dialogues.*

3. In *War.* See extract.

Evolution [is] the motion made by a body of men in changing their posture, or form of drawing up. And these *evolutions* are doubling of ranks or files, counter-marches, and wheelings.—*Harris.*

4. In *Geometry.* See extract.

The equable *evolution* of the periphery of a circle, or any other curve, is such a gradual approach of the circumference to rectitude, as that all its parts do meet together, and equally evolve or unbend; so that the same line becomes successively a less arch of a reciprocally greater circle, till at last they turn into a straight line.—*Harris.*

5. In *Arithmetic.* Extracting of roots from any given power, being the reverse of Involution.

Evolútional. *adj.* Connecting with, relating to, constituting, or constituted by, evolution.

It is not certain whether the idiots' brains had undergone any local *evolutional* change as the result of education or training. It is certain that they had increased somewhat in size after the general cessation of *evolutional* changes in their form.—*Herbert Spencer, Inductions of Biology.*

Evólve. *v. a.* [Lat. *evolvo* (pass. part. *evolutus*) = roll out.] Develop.

This little active principle, as the body increaseth and dilateth, *evolveth*, diffuseth, and expandeth, if not his substantial existence, yet his energy.—*Sir M. Hale, Origination of Mankind.*

With frequent steps I visit yonder seat
Of man, thy offspring; from the tender seeds
Of justice, and of wisdom, to *evolve*
The latent honours of his generous name.
Akenside, Pleasures of Imagination, b. ii.

The real state of the case is, that the principles which art involves, science alone *evolves*.—*Whewell, Novum Organon renovatum*, p. 133.

Evomítion. *s.* [Lat. *vomo* = vomit.] Act of vomiting out.

He was . . . to receive immediate benefit either by eructation, or expiration, or *evomition*.—*Swift, Tale of a Tub*, § 4.

Evúlsion. *s.* [Lat. *vello* = pluck, pass. part. *vulsus*.] Plucking or tearing out.

From a strict enquiry we cannot maintain the *evulsion*, or biting off any parts.—*Sir T. Browne, Vulgar Errours.*

Ewe. *s.* [A.S.] She-sheep; female to the ram.

Rams have more wreathed horns than *ewes*.—*Bacon.*

Haste the sacrifice;
Sev'n bullocks yet unyok'd, for Phœbus choose;
And for Diana seven unspotted *ewes*.
Dryden, Virgil's Æneid.

Éwer. *s.* [Fr. *aiguière* = vessel for water.] Vessel in which water is brought for washing the hands.

I dreamt of a silver basin and *ewer* to-night.—*Shakespear, Timon of Athens*, iii. 1.

Let one attend him with a silver basin
Full of rosewater, and bestrew'd with flowers;
Another bear the *ewer*; a third a diaper;
And say, wil't please your lordship cool your hands?
Id., Taming of the Shrew, induct. sc. 1.

Ex. *s.* Name of the twenty-fourth letter in the English alphabet.

Ex-. *Ex* is the Latin for *out*, or *out of*, often with a *privative* sense. It is also the Greek ἐξ. In Latin it has two forms, i.e. one consisting of three sounds and two letters, the *cs* (*ks*) being expressed by the compendium *x*, and the other the simply spelt and simply sounded *e*. In Greek, also, it has two forms; one ἐξ, wherein the ξ, letter for letter, is (like the Latin) a compendium for κς; and another, ἐκ. This last is remarkable for being one out of only two Greek words (οὐκ = not, being the other) which end in any consonant except ς, ρ, and ν. Both, however, are exceptional. Besides οὐκ, there are the forms οὐ and οὐχί; whilst ἐκ is only used when it precedes a consonant, ἐξ being used before a vowel. More than this, ἐκ generally precedes the noun it governs, of which it may be considered a part; so that, roughly speaking, neither it nor οὐκ breaks the rule as to no word in Greek ending in κ, or any similar consonant. The Greek ἐξ is spelt in English like the Latin, as in *exogen*. The Greek ἐκ is spelt with *e*, or as *ec*; the doctrine being that it came to us through the Latin. Hence, what applies to the words now coming under notice, applies also to words like Eccentric, and a large proportion of the entries under *ec-*. Confusion in spelling arises out of all this; since in a word like *Exogen*, for example, there is nothing except our knowledge of its history and the nature of its second element to tell us whether it be Greek or Latin.

Over and above the forms in κ and ξ, the Greek has the secondary form ἐξο- = *without* (rather than simply *out*), which is even more purely adverbial than the simpler one. And, corresponding with this, it has ἐνδο- = *within* (from ἐν = *in*), to match. Most of the derivatives are new words framed for scientific purposes. They run, however, in pairs (Exogen, Endogen; Exosmosis, Endosmosis), and are eminently necessary, inasmuch as similar compounds from *in* and *out* in English could not be formed; since it has been seen (see remarks under Enwrap) that those two words by no means run parallel in composition.

For certain questions which arise when the second element of the compound begins with *s* (giving the sound of *eks*+*s*) see remarks under Exult.

Exacerbátion. *s.* Increase of malignity; augmented force or severity; aggravation of a disease; paroxysm.

The patient may strive, by little and little, to overcome the symptom in *exacerbation*; and so, by time, turn suffering into nature.—*Bacon, Natural and Experimental History.*

Watchfulness and delirium, and *exacerbation*, every other day.—*Arbuthnot, On the Nature and Choice of Aliments.*

Exáct. *adj.* [Lat. *exactus*, pass. part. from *ex* = out, and *ago* = lead, drive, work.]

1. Nice; not failing; not deviating from rule.

All this, *exact* to rule, were brought about,
Were but a combat in the lists left out. *Pope.*

2. Methodical; not negligently performed; strict; punctual.

In my doings I was *exact*.—*Ecclesiasticus*, li. 19.

What if you and I enquire how money matters stand between us?—With all my heart, I love *exact* dealing; and let Hocus audit.—*Arbuthnot, History of John Bull.*

Many gentlemen turn out of the seats of their ancestors, to make way for such new masters as have been more *exact* in their accounts than themselves.—*Spectator.*

Exáct. *v. a.* Require or claim authoritatively or peremptorily as a right; demand; enforce.

Of a foreigner thou mayest *exact* it again; but that which is thine with thy brother, thine hand shall release.—*Deuteronomy*, xv. 3.

Exact of servants to be faithful and diligent.—*Jeremy Taylor.*

Let us descend now therefore from this top
Of speculation; for the hour precise
Exacts our parting hence.
Milton, Paradise Lost, xii. 588

Duty,
And justice to my father's soul, *exact*
This cruel piety. *Sir J. Denham, Sophy.*
Years of service past,
From grateful souls *exact* reward at last. *Dryden.*

Exáct. *v. n.* Practise extortion.

The enemy shall not *exact* upon him.—*Psalms*, lxxx. 22.

Exácter. *s.* One who exacts.

a. As one who demands by *authority*.

The poller and *exacter* of fees justifies the common resemblance of the courts of justice to the bush, whereunto while the sheep flies for defence in weather, he is sure to lose part of the fleece.—*Bacon, Essays.*

b. As one who demands *severely, peremptorily*, or *extortionately*.

Light and lewd persons, especially that the *exacter* of the oath did neither use exhortation, nor examining of them for taking thereof, were easily suborned to make an affidavit for money.—*Bacon, Office of Alienation.*

The grateful person being still the most severe *exacter* of himself, not only confesses, but proclaims his debts.—*South, Sermons.*

There is no way to deal with this man of reason, this rigid *exacter* of strict demonstration for things which are not capable of it.—*Archbishop Tillotson.*

Exácting. *part. adj.* Demanding; imperative; encroaching; having a tendency to claim full, or more than full, dues.

With a temper so *exacting*, he was more likely to claim what he thought due, than to consider what others might award.—*Arnold, History of Rome.*

Exáction. *s.*

1. Act of making an authoritative demand, or levying by force.

If he should break his day, what should I gain
By the *exaction* of the forfeiture?
Shakespear, Merchant of Venice, i. 3.

We would leave the seventh year, and the *exaction* of every debt.—*Nehemiah*, x. 31.

2. Extortion; unjust demand; tribute severely levied or collected.

Remove violence and spoil, and execute judgement and justice; take away your *exactions* from my people.—*Ezekiel*, xlv. 9.

They have not made bridges over the rivers for the convenience of their subjects as well as strangers, who pay an unreasonable *exaction* at every ferry upon the least using of the waters.—*Addison, Travels in Italy.*

Exáctitude. *s.* Exactness; accuracy.

Every sentence, every word, every syllable, every letter and point, seem to have been weighed with the nicest *exactitude*.—*Geddes, Prospectus of a new Translation of the Bible*, p. 92.

One thing is very remarkable in these two compositions, that those parts or versicles, which are meant to be pronounced by the priest in a kind of chaunt that frequently varies very little from a monotone, are yet syllabically distinguished by notes of different musical duration, and this with such *exactitude* that if we consider them merely as marks of the length of syllables, and of due pauses, without any reference whatever to music, they may be looked upon as good guides to a speaker, or reciter of those parts of the service.—*Mason, Essays on English Church Music.*

I began to think, after leading the most regular life in the world, and establishing the character for *exactitude* and punctuality, you were like some others I know, beginning to play the fool in your old age, and running your rigs in your grey hairs.—*Emilia Wyndham*, ch. xvi.

Exáctly. *adv.* In an exact manner; nicely; thoroughly.

Both of 'em knew mankind *exactly* well; for both of 'em began that study in themselves.—*Dryden, Don Sebastian.*

Exáctness. *s.* Attribute suggested by Exact.

1. Accuracy; nicety; strict conformity to rule or symmetry.

Of *exactness* of balance and weights.—*Ecclesiasticus*, xlii. 4.

Exactness, even to the partition of a cummin seed.—*Hammond, Works*, iv. 546.

2. Regularity of conduct; strictness of manners; care not to deviate.

They think that their *exactness* in one duty will atone for their neglect of another.—*Rogers.*

Exáctor. *s.*

1. One who demands by authority.

As they reposed great religion in an oath, in respect of the actor: so did they likewise, in respect of the *exactor*.—*Fotherby, Atheomastix*, p. 42.

After which, innumerable forms and shapes of new exactions and *exactors* overspread the land.—*Milton, Eiconoclastes.*

2. One who is severe in his injunctions or demands.

Men that are in health are severe *exactors* of patience at the hands of them that are sick.—*Jeremy Taylor, Rule and Exercises of Holy Dying*, ii. § 3.

He [Charles I.] was so severe an *exactor* of gravity and reverence in all mention of religion, that he could never endure any light or profane word, with what sharpness of wit soever it was covered.—*Lord Clarendon, History of the Grand Rebellion.*

It is doubtless a great disgrace to our religion to imagine, as too many superstitious Christians do, that it is an enemy to mirth and cheerfulness, and a severe *exactor* of pensive looks and solemn faces.—*Scott, Christian Life*, i. 4.

3. Extortioner; one who claims more than his due, or claims his due with outrage and severity.

Dispensers against the laws of God, but tyrannous importunators and *exactors* of their own.—*Sir E. Sandys, State of Religion.*

The service of sin is perfect slavery; and he who will pay obedience to the commands of it, shall find it an unreasonable task-master, and an unmeasurable *exactor*.—*South, Sermons*, ii. 27.

Exáctress. *s.* Female exactor. *Rare.*

That were a heavy and hard task, to satisfy Expectation, who is so severe an *exactress* of duties; ever a tyrannous mistress; and most times a pressing enemy.—*B. Jonson, Masques.*

Exácuate. *v. a.* [Lat. *exacuo.*] Whet; sharpen. *Rare.*

He hath done you wrong in a most high degree;
And sense of such an injury receiv'd
Should so *exacuate* and whet your choler,
As you should count yourself an host of men,
Compar'd to him. *B. Jonson, Magnetick Lady.*

Exággerate. *v. a.* [Lat. *exaggeratus*, pass. part. of *exaggero*; *exaggeratio*, *-onis*; from *agger* = mound.]

1. Heap upon; accumulate. *Obsolete*, though the *original import* of the word.

In the great level near Thorny, several oaks and firs stand in firm earth below the moor, and have lain there hundreds of years, still covered by the fresh and salt waters and moorish earth *exaggerated* upon them.—*Sir M. Hale.*

2. Heighten by representation; enlarge by hyperbolical expressions.

He had *exaggerated*, as pathetically as he could, the sense the people generally had, even despair of ever seeing an end of the calamities.—*Lord Clarendon, History of the Grand Rebellion.*

A friend *exaggerates* a man's virtues, an enemy inflames his crimes.—*Addison, Spectator.*

Exággerated. *part. adj.* Hyperbolically amplified.

If from contemplating the figure of the eminent though narrow-minded lawyer whom we have been surveying, we turn to that of his far more celebrated contemporary, Sir William Grant, we shall find, with some marked resemblances, chiefly in political opinions and *exaggerated* dread of change, a very marked diversity in all the more important features of character, whether intellectual or moral.—*Lord Brougham, Historical Sketches of Statesmen during the Reign of George III., Sir William Grant.*

Exaggerátion. *s.*

1. Act of heaping together; heap; accumulation. *Obsolete.*

Some towns, that were anciently havens and ports, are now, by *exaggeration* of sand between these towns and the sea, converted into firm land.—*Sir M. Hale, Origination of Mankind.*

2. Hyperbolical amplification.

Exaggerations of the prodigious condescensions in the prince to pass good laws, would have an odd sound at Westminster.—*Swift.*

Exággerator. *s.* One who exaggerates.

So gross an *exaggerator* was not likely to be trusted on a mission which might be ruined by overstatement.—*L. Horner, Translation of Villari's History of Savonarola*, b. ii. ch. v.

Exággeratory. *adj.* Having the character of exaggeration.

Dear princess, said Rasselas, you fall into the common errours of *exaggeratory* declamation, by producing, in a familiar disquisition, examples of national calamities, and scenes of extensive misery, which are found in books rather than in the world.—*Johnson, Rasselas*, ch. xxviii.

Exágitate. *v. a.* [Lat. *exagitatus*, pass. part. of *exagito*; *exagitatio*, *-onis*.]

1. Shake; put in motion.

The warm air of the bed *exagitates* the blood.—*Arbuthnot.*

2. Pursue with invectives, reproaches, or accusations.

This their defect and imperfection I had rath lament in such case than *exagitate*.—*Hooker, Ecclesiastical Polity.*

Hence Aristophanes in such a free manner *exagitates* the mysterious solemnities, the horrible secrets attending them, and impudent figures.—*Bishop Lavington, Enthusiasm of Methodists, &c.*, pt. iii. p. 350: 1751.

Exált. *v. a.* [Fr. *exalter*; Lat. *altus* = high.]

1. Raise on high; elevate to joy or confidence

Exalt him that is low, and abase him that is high —*Ezekiel*, xxi. 26.

O magnify the Lord with me, and let us *exalt* his name together.—*Psalms*, xxxiv. 3.

Against whom hast thou *exalted* thy voice, and lift up thine eyes on high?—2 *Kings*, xix. 22.

The covenanters, who understood their own want of strength, were very reasonably *exalted* with this success.—*Lord Clarendon, History of the Grand Rebellion.*

Now, Mars, she said, let fame *exalt* her voice;
Nor let thy conquests only be her choice. *Prior.*

2. Heighten; improve; refine by fire, as in chemistry.

The wild animals have more exercise, have their juices more elaborated and *exalted*; but for the same reason the fibres are harder.—*Arbuthnot, On the Nature and Choice of Aliments.*

With chymick art *exalts* the min'ral pow'rs,
And draws the aromatick souls of flow'rs. *Pope.*

They meditate whether the virtues of the one will *exalt* or diminish the force of the other, or correct any of its nocent qualities.—*Watts.*

Exaltátion. *s.*

1. Act of raising on high; elevation to power, dignity, or excellence.

She put off the garments of widowhood, for the *exaltation* of those that were oppressed.—*Judith*, xvi. 8.

The former was an humiliation of Deity, the latter an humiliation of manhood: for which cause there followed an *exaltation* of that which was humbled: for with power he created the world, but restored it by obedience.—*Hooker, Ecclesiastical Polity.*

2. Elevated state; state of greatness or dignity.

You are as much esteemed, and as much beloved, perhaps more dreaded, than ever you were in your highest *exaltation*.—*Swift.*

3. In *Physics*. Operation of purifying or perfecting any natural body, its principles, or parts.

The second of these, viz. sanguification, is performed, when the chyle itself is ground over again, and receiving yet farther *exaltations* by a greater solution of the more noble and active principles.—*Smith, Portrait of Old Age*, p. 107.

4. Dignity of a planet in which its powers are increased.

Astrologers tell us, that the sun receives his *exaltation* in the sign Aries.—*Dryden.*

Exálted. *part. adj.* Elevated.

But hear, oh hear, in what *exalted* strains,
Sicilian muses, through these happy plains,
Proclaim Saturnian times, our own Apollo reigns.
Lord Roscommon.

Exáltedness. *s.* Attribute suggested by Exalted; state of dignity or greatness.

That the angels and saints should, upon the account of the *exaltedness* of their natures, see and hear from thence what is done or said from one side of the earth to the other, is extremely incredible.—*Dr. H. More, Antidote against Idolatry*, ch. ii.

The *exaltedness* of some minds, or rather as I shrewdly suspect their insipidity and want of feeling and observation, may make them insensible to these light things.—*Gray, To West*, letter 6.

Exálter. *s.* One who exalts.

a. By *simple elevation*.

Thus her, doubtful of her way,
For game and not for hunger a sea-pie
Spied through this traitorous spectacle, from high,
The seely fish where it disputing lay,
And to end her doubts, and her, bears her away
Exalted she's, but to the *exalter's* good,
(As are, by great ones, men which lowly stood,)
It's raised to be the raiser's instrument and food.
Donne, Poems, p. 303.

Her Majesty never shall be my *exalter*;
And yet she would raise me, I know, by a halter.
Swift.

b. By *praise*.

The Jesuits are the great *exalters* of the pope's supremacy.—*Fuller, Moderation of the Church of England*, p. 479.

Exáltment. *s.* Exaltation. *Rare.*

Sanctity implying a discrimination, a distance, an *exaltment* in nature or use of the thing which is denominated thereby.—*Barrow, Sermons.* (Ord MS.)

Exámen. *s.* [Latin.] Examination; disquisition; enquiry.

This considered together with a strict account, and critical *examen* of reason, will also distract the witty determinations of astrology.—*Sir T. Browne, Vulgar Errours.*

The pure and useful religion needs not fear the most severe *examen.*—*Worthington, Letters to Hartlib*, ep. 4: 1660.

After so fair an *examen*, wherein nothing has been exaggerated.—*Burke, Vindication of natural Society.*

Exáminable. *adj.* Capable of being examined.

The draughts and first laws of the game are positive. But how? Merely ad placitum, and not *examinable* by reason.—*Bacon, Works*, i. 224. (Ord MS.)

Exáminant. *s.* One who is examined. *Rare.*

He brought a certain powder to his mistress, which the *examinant* believes to be the same, and spoke the following words: 'If you do take dis, you will never ail any ding; it will cure you of all diseases;' and abundance more to this purpose, which the *examinant* does not remember.—*Arbuthnot, History of John Bull*, pt. ii. ch. viii. (Ord MS.)

The examiners shall examine two at a time . . . the *examinants* shall appear before them, in classes of six at a time.—*Dean Prideaux, Articles for the Reformation of the two Universities, Life*, p. 234: 1715.

Exáminate. *s.* Person examined. *Rare.*

In an examination where a freed servant, who having power with Claudius, very saucily had almost all the words, asked in scorn one of the *examinates*, who was likewise a freed servant of Scribonianus; I pray, sir, if Scribonianus had been emperour, what would you have done? He answered, I would have stood behind his chair, and held my peace.—*Bacon.*

Examinátion. *s.* Act of examining by questions or experiment; accurate disquisition.

I have brought him forth, that, after *examination* had, I might have somewhat to write.—*Acts*, xxv. 26.

Different men leaving out or putting in several simple ideas, according to their various *examination*, skill, or observation of the subject, have different essences.—*Locke.*

On the following day he was brought before the Council. The *examination* was conducted by Nottingham with great humanity and courtesy.—*Macaulay, History of England*, ch. xviii.

Exáminator. *s.* Examiner. *Rare.*

An inference, not of power to persuade a serious *examinator.*—*Sir T. Browne, Vulgar Errours.*

All other inferiour magistrates to be chosen as the literati in China, or by those exact suffrages of the Venetians, and such again be not eligible, or capable of magistracies, honours, offices, except they be sufficiently qualified for learning, manners, and that by the strict approbation of deputed *examinators.*—*Burton, Anatomy of Melancholy*, to the reader.

Exámine. *v. a.*

1. Try an accused or suspected person by interrogatories; interrogate a witness.

All her deserving
Is a reserved honesty, and that
I have not heard *examin'd.*
Shakespear, All's well that ends well, iii. 5.

If we this day be *examined* of the good deed done to the impotent man.—*Acts*, iv. 9.

Let them *examine* themselves whether they repent them truly.—*Church Catechism.*

We ought, before it be too late, to *examine* our souls, and provide for futurity.—*Archbishop Wake, Preparations for Death.*

2. Make enquiry into; search into; scrutinize.

When I began to *examine* the extent and certainty of our knowledge, I found it had a near connexion with words.—*Locke.*

3. Try by experiment or observation; narrowly sift; scan.

To write what may securely stand the test
Of being well read over thrice at least,
Compare each phrase, *examine* ev'ry line,
Weigh ev'ry word, and ev'ry thought refine. *Pope.*

Exáminer. *s.* One who examines.

a. By *interrogation*, as of a criminal or in the matter of evidence.

A crafty clerk, commissioner, or *examiner*, will make a witness speak what he truly never meant.—*Sir M. Hale, History of the Common Law of England.*

b. By *scrutiny*, *search*, or *investigation* generally.

So much diligence is not altogether necessary, but it will promote the success of the experiments, and by a very scrupulous *examiner* of things deserves to be applied.—*Sir I. Newton, Opticks.*

Such only, as shall obtain a certificate of approbation from the two *examiners* that examined them, shall be qualified for the said degree.—*Dean Prideaux, Articles for the Reformation of the two Universities, Life*, p. 235.

Exámining. *verbal abs.* Examination.

Command his accusers to come unto thee, by *examining* of whom thyself mayest take knowledge of all these things.—*Acts*, xxiv. 8.

Exámplary. *adj.* [from the English *example* rather than the Latin *exemplum.*] Serving for example or pattern; proposed for imitation. *Rare.*

We are not of opinion that nature, in working, hath before her certain *examplary* draughts or patterns, which subsisting in the bosom of the Highest, and being thence discovered, she fixeth her eye upon them.—*Hooker, Ecclesiastical Polity.*

Exámple. *s.* [Lat. *exemplum.*]

1. Copy or pattern; that which is proposed to be resembled or imitated; precedent; former instance of the like.

So hot a speed, with such advice dispos'd,
Such temp'rate order in so fierce a course,
Doth want *example.* *Shakespear, King John*, iii. 4.

The *example* and pattern of those his creatures he beheld in all eternity.—*Sir W. Raleigh, History of the World.*

Of *good.*

Taught this by his *example*, whom I now
Acknowledge my Redeemer ever blest!
Milton, Paradise Lost, xii. 572.

Applied to *persons.*

Be thou an *example* of the believers.—1 *Timothy*, iv. 12.

As an *admonition* or *warning* against anything.

Sodom and Gomorrah, giving themselves over to fornication, are set forth for an *example*, suffering the vengeance of eternal fire.—*Jude*, 7.

2. Influence which disposes to imitation.

When virtue is present, men take *example* at it; and when it is gone, they desire it.—*Wisdom*, iv. 2.

Example is a motive of a very prevailing force on the actions of men.—*Rogers.*

3. Instance; illustration of a general position by some particular specification.

Can we, for *example*, give the praise of valour to a man, who, seeing his gods prophaned, should want the courage to defend them?—*Dryden, Dedication to Translation of Virgil.*

4. Instance in which a rule is illustrated by an application.

My reason is sufficiently convinced both of the truth and usefulness of his precepts: it is to pretend that I have, at least in some places, made *examples* to his rules.—*Dryden.*

Exámple. *v. a. Rare.*

1. Exemplify; give an instance of.

The proof whereof I saw sufficiently *exampled* in these late wars of Munster.—*Spenser, View of the State of Ireland.*

Men of blemished persons may contain a wise, valiant, learned, liberal, and religious soul, and be in every part most absolute; *exampled* to us in many famous men.—*Sir G. Buck, History of King Richard III.* p. 80.

2. Set an example.

Do villany, do, since you profess to do
Like workmen: I'll *example* you with thievery.
Shakespear, Timon of Athens; iv. 3.

Lidian, you are the pattern of fair friendship
Exampled for your love.
Beaumont and Fletcher, Lover's Progress.

The constancy there observed, by the natives of both sexes, in keeping to their old fashions, *exampled* to them by their predecessors, and by them still continued, is the great praise of this people.—*Terry, Voyage to the East Indies*, p. 218.

Exámpleless. *adj.* Faultless, i. e. having nothing that could be held up as an example or warning: (wrongly formed in extract).

They that durst to strike
At so *exampless*, and unblam'd a life,
As that of the renown'd Germanicus,
Will not sit down with that exploit alone:
'He threatens many, that hath injur'd one.'
B. Jonson, Sejanus.

Exámpler. *s.* Pattern: (Exemplar *commoner*).

She was a myrroure and *exampler* of honoure.—*Bishop Fisher, Sermons*, xiii.

This is a very old word, but now disused, and the Latin *exemplar* is adopted in its stead. Hooker thus writes *examplary*, according to the English form; not *exemplary*. And from *exampler* no doubt our present word *sampler* is formed.—*Todd.*

Exánimate. *adj.* [Lat. *animus* = mind, spirit, soul, breath of life.]

1. Lifeless; dead.

And shiver'd ships which had been wrecked late,
Yet stuck with carcases *exanimate*
Of such, as, having all their substance spent
In wanton joys and lustes intemperate,
Did afterwards make shipwrack violent
Both of their life and fame for ever fowly blent.
Spenser, Faerie Queen, ii. 12, 7.

2. Spiritless; depressed.

The grey morn
Lifts her pale lustre on the paler wretch,
Exanimate by love. *Thomson, Seasons, Spring.*

Exanthémata. *s. pl.* (the singular, *exanthema*, less common.) [Gr. ἐξανθήματα.] In *Medicine.* See extract. (*Exanthematous* its adjective.)

The term ἔξανθημα was employed by the ancients to signify any cutaneous eruption, whether acute or chronic, febrile or non-febrile; and a similar extension of its signification is very generally observable among medical writers until the commencement of the last century. The nosologists who wrote about the middle, or towards the close, of that century either differed very remarkably as to the diseases which should be ranged under this order, or did not separate them from other febrile or inflammatory complaints. Sauvages was one of the earliest to make the distinction as to classification, and since he wrote they have been variously classed by authors. The febrile *exanthemata* formed the third order of the third class, in the outline published by me in 1822. I divided them into two sub-orders, viz., (a) those which attack the same person only once, and (b) those which may occur oftener than once; and have referred to a different order, such rashes as erythema, roseola, and urticaria, as are chiefly sympathetic of disorder of the digestive organs.—*Copland, Dictionary of Practical Medicine, Exanthematous Diseases.*

Exántlate. *v. a.* [Lat. *exantlatus*, pass. part of *exantlo* = pump out, exhaust.] Exhaust, waste away.

By time those seeds are wearied or *exantlated*, or unable to act their parts any longer.—*Boyle, Sceptical Chymist.*

Exantlátion. *s.* Act of drawing out; exhaustion.

What libraries of new volumes after ages will behold, in what a new world of knowledge the eyes of our posterity may be happy, a few ages may joyfully declare; and is but a cold thought unto those, who cannot hope to behold this *exantlation* of truth, or that obscured virgin half out of the pit; which might make some content with a commutation of the time of their lives, and to commend the fancy of the Pythagorean metempsychosis.—*Sir T. Browne, Christian Morals*, ii. 5.

The prime productions of our society, which . . . have darkly and deeply couched under them the most finished and refined systems of all sciences and arts . . . I do not doubt to lay open by untwisting or unwinding, and either to draw up by *exantlation*, or display by incision.—*Swift, Tale of a Tub*, introd.

Éxarch. *s.* [Gr. ἔξαρχος; Lat. *exarchus*; Fr. *exarque*; from ἀρχή = empire, command.] Viceroy; formerly the representative, in Ravenna, of the Eastern emperors.

The popes without admittance either of the emperours themselves, or of their lieutenants called *exarchs*, ascend not to the throne.—*Proceedings against Garnet*, sign. Oo. 2. b: 1606.

Some who were now under the Lombard dominion paid no regard to his expostulations; a synod at Grado rejected his mandates, and the bishops defied the power of the *Exarch*, through whom Pelagius sought to awe them to submission.—*Milman, History of Latin Christianity*, b. iii. ch. iv.

Exárchate. *s.* Dignity of an exarch; department governed by him.

If we would suppose the pismires had but our understandings, they also would have the method of a man's greatness, and divide their little molehills into provinces and *exarchats.*—*Jeremy Taylor, Rule and Exercises of Holy Dying*, iv. § 1.

Pepin, not unobedient to the pope's call, passing into Italy, frees him out of danger, and wins for him the whole *exarchate* of Ravenna.—*Milton, Of Reformation in England.*

Exásperate. *v. a.* [Lat. *exasperatus*, pass. part. of *exaspero* (*asper* = rough); *exasperatio*, *-onis.*]

1. Provoke; enrage; irritate; anger; make furious.

To take the widow
Exasperates, makes mad, her sister Goneril.
Shakespear, King Lear, v. 1.

The people of Italy, who run into politicks, have something to *exasperate* them against the king of France.—*Addison.*

2. Heighten a difference; aggravate; embitter.

Many have studied to *exasperate* the ways of death, but fewer hours have been spent to soften that necessity.—*Sir T. Browne, Christian Morals*, ii. 13.

When ambition is unable to attain its end, it is not only wearied, but *exasperated* at the vanity of its labours.—*Parnel.*

The plaister alone would pen the humour already contained in the part, and so *exasperate* it.—*Bacon, Natural and Experimental History.*

Exásperate. *adj.* Provoked; embittered.

Why art thou then *exasperate*, thou idle immaterial skein of sleive silk?—*Shakespear, Troilus and Cressida*, v. 1.

Matters grew more *exasperate* between the kings of England and France, for the auxiliary forces of French and English were much blooded one against another.—*Bacon.*

Exasperátion. *s.*

1. Aggravation; malignant representation.

My going to demand justice upon the five members, my enemies loaded with all the obloquies and *exasperations* they could.—*Eikon Basilike.*

2. Provocation; irritation; incitement to rage.

That which brings thee to that *exasperation* against them, as to say, that thou wouldst break thine own oath.—*Donne, Devotions*, p. 613: 1625.

Their ill usage and *exasperations* of him, and his zeal for maintaining his argument, disposed him to take liberty.—*Bishop Atterbury.*

3. Exacerbation.

Judging, as of patients in fevers, by the *exasperation* of the fits.—*Sir H. Wotton, Reliquiæ Wottonianæ*, p. 457: 1633.

Exaúctorate. *v. a.* [Lat. *exauctoratus*, pass. part. of *exauctoro* (*auctor* = author, authority); *exauctoratio*, *-onis*.] Dismiss from service; deprive of a benefice; divest of authority.

As for the defects, I no way presume to interest your majesty in them: let them all fall on myself. Though as I have endeavoured to set down the truth impartially, I hope they will not be so great or many as to *exauctorate* the rest.—*Lord Herbert of Cherbury, History of Henry VIII.* dedication.

We ought to have more regard to reason, and the true nature of things, than to pronounce him an extraordinary officer, who, for ought appears, is impowered to none but acts of ordinary and continual importance to the church; and more reverence for the blessed apostle, than to think he would issue a commission, full fraught with rules of perpetual use, to a temporary delegate, who was perhaps next day to be *exauctorated*, and never to have any exercise of them.—*Archbishop Sancroft, Sermons*, p. 36.

Arch hereticks, in the primitive days of Christianity, were by the church treated with no other punishment than excommunication, and by *exauctorating* and depriving them of their degrees therein.—*Ayliffe, Parergon Juris Canonici.*

Less correctly spelt with *th*.

So Samuel, that his sons proved corrupt and were *exauthorated* for their unworthiness, was an allay to his honour and his joys.—*Jeremy Taylor, Apples of Sodom*, 535. (Ord MS.)

God also is the Supreme Judge, and can punish and *exauthorate* whom he pleases and substitute others in their room.—*Id., Ductor Dubitantium.* (Ord MS.)

Exauctorátion. *s.*

1. Dismission from service.

No discharge in that war; no weapon against it, no dismission from it, no vacation or *exauctoration*.—*Bishop Richardson, Choice Observations upon the Old Testament*, p. 327: 1655.

2. Deprivation; degradation.

Deposition, degradation, or *exauctoration*, is nothing else but the removing of a person from some dignity or order in the church, and the depriving him of his ecclesiastical preferments.—*Ayliffe, Parergon Juris Canonici.*

With *th*.

In the *exauthoration* of episcopal office and dignity, in the demolition of churches.—*Bishop Hall, Remains*, p. 308.

Exaúthorize. *v. a.* Deprive of, or put from, authority.

Sometimes . . . *exauthorizing* the prince, then hasting and moving forward his proneness to faithless abrogation.—*Selden, Illustrations of Drayton's Polyolbion*, xvii.

Excantátion. *s.* [see Incantation.] Disenchantment by a countercharm.

The don, . . . enchanted in his cage, out of which there was no possibility of getting but by the power of a higher *excantation*.—*Gayton, Notes on Don Quixote*, p. 277.

Excárnate. *v. a.* [see Incarnate.] Clear from flesh.

The *mate* [of the chirurgeon] shall practise anatomy, and manual operations; make skeletons of the sundry rare animals, which he shall have the opportunity to cut up; *excarnate* bowels; artificially dry the muscles, &c.—*Sir W. Petty, Advice to Hartlib*, p. 14: 1648.

The spleen is most curiously *excarnated*, and the vessels filled with wax, whereby its fibres and vessels are very well seen.—*Grew, Museum.*

Excavate. *v. a.* [Lat. *excavatus*, pass. part. from *ex* = out, and *cavo* = hollow (*cavus* = hollow, *adj.*); *excavatio*, *-onis*.] Hollow; cut into hollows.

Flat theeæ, some like hats, some like buttons, *excavated* in the middle.—*Derham, Physico-Theology.*

Excavátion. *s.* Act of cutting into hollows; hollow formed; cavity: (common in *mining* and *railway* operations).

While our eye measures the eminent and the hollowed parts of pillars, the total object appeareth the bigger; and so, as much as those *excavations* do substract, is supplied by a fallacy of the sight.—*Sir H. Wotton, Elements of Architecture.*

Christ was buried, after the manner of the Jews, in a vault made by the *excavation* of the rocky, firm part of the earth.—*Bishop Pearson, Exposition of the Creed*, art. iv.

Excavator. *s.* One who works at excavations: (especially in *railway-cutting*).

An intelligent *excavator* had taken better care of them, and laid them [some valuable fossils] aside.—*Sir H. De La Beche, Geological Observer.*

Excecátion. *s.* [Lat. *cæcus* = blind.] Blindness. *Rare.*

Their own wicked hearts will still work and improve their own induration, *excecation*, and irritation to further sinning.—*Bishop Richardson, Choice Observations upon the Old Testament*, p. 359: 1655.

Excédent. *s.* Excess. *Rare.*

In France the population would double in one space of two hundred and fourteen years, if no war, or no contagious disease, were to diminish the annual *excedent* of the births.—*Translation of Humboldt's Political Essays*, i. 82. (Ord MS.)

Exceéd. *v. a.* [Lat. *excedo.*] Go beyond; outgo; excel; surpass.

Solomon *exceeded* all the kings of the earth.—1 *Kings*, x. 23.

Exceéd. *v. n.*

1. Go too far; pass the bounds of fitness.

In your prayers, and places of religion, use reverent postures and great attention, remembering that we speak to God, in our reverence to whom we cannot possibly *exceed*.—*Jeremy Taylor.*

2. Go beyond any limits.

Forty stripes he may give him, and not *exceed*.—*Deuteronomy*, xxv. 3.

Fare you well, sir; these fellows may pray for you, you have made the scholars' commons *exceed* to-day.—*Beaumont and Fletcher, Wit at several Weapons.*

3. Bear the greater proportion.

Justice must punish the rebellious deed;
Yet punish so, as pity shall *exceed*. *Dryden.*

Exceéder. *s.* One who passes the bounds of fitness.

The abuse doth not evacuate the commission; not in the *exceeders* and transgressors, much less in them that exceed not.—*Bishop Mountagu, Appeal to Cæsar*, p. 317.

Exceéding. *part. adj.* Great in quantity, extent, or duration.

He saith, that cities were built an *exceeding* space of time before the great flood.—*Sir W. Raleigh, History of the World.*

Used *adverbially*. Exceedingly.

Talk no more so *exceeding* proudly; let not arrogance come out of your mouth.—1 *Samuel*, ii. 3.

The Genoese were *exceeding* powerful by sea, and contended often with the Venetians for superiority.—*Sir W. Raleigh.*

The action of the Iliad and that of the Æneid were in themselves *exceeding* short; but are beautifully extended and diversified by the invention of episodes, and the machinery of the gods.—*Addison, Spectator.*

Exceéding. *verbal abs.*

1. That which passes the usual limits.

It is found that there has been a great *exceeding* of late years in the second division, several brevets having been granted for the converting of subalterns into scarf-officers.—*Addison, Spectator*, no. 21.

2. Act of excess.

He thought fit to acquaint the house with this circumstance, not doubting but that in case he should be obliged, at this critical juncture, to exceed the number of men granted this year for the sea service the house would provide for such *exceeding*. The Commons immediately drew up an address, assuring his majesty that they would make good such *exceedings* of seamen as he should find necessary to preserve the tranquillity of Europe.—*Smollett, History of England*, ii. 242. (Ord MS.)

Exceédingly. *adv.* In an exceeding manner; in excess; in a great degree; greatly; very much.

They cried out the more *exceedingly*, Crucify him.—*Mark*, xv. 14.

The earl of Surrey, lieutenant of Ireland, was much feared of the king's enemies, and *exceedingly* beloved of the king's subjects.—*Sir J. Davies, Discourse on the State of Ireland.*

Excél. *v. a.* [Lat. *excello.*] Outgo in good qualities; surpass; transcend; exceed.

He ended, or I heard no more; for now
My earthly by his heavenly overpower'd,
Which it had long stood under, strain'd to the height
In that celestial colloquy sublime,
As with an object that *excels* the sense,
Dazzled and spent, sunk down, and sought repair
Of sleep. *Milton, Paradise Lost*, viii. 452.

She open'd;
But to shut *excell'd* her power. *Ibid.* ii. 883.

Venus her myrtle, Phœbus has his bays;
Tea both *excels*, which you vouchsafe to praise.
Waller.

Excél. *v. n.* Have good qualities in a great degree; be eminent; be great.

Reuben, . . . unstable as water, thou shalt not *excel*.—*Genesis*, xlix. 4.

It is not only in order of nature for him to govern, that is the more intelligent; but there is no less required courage to protect, and, above all, honesty and probity to abstain from injury: so fitness to govern is a perplexed business. Some men, some nations, *excel* in the one ability, some in the other.—*Bacon, Advertisement touching a Holy War.*

Company are to be avoided that are good for nothing; those to be sought and frequented that *excel* in some quality or other.—*Sir W. Temple.*

He match'd their beauties where they most *excel*;
Of love sung better, and of arms as well. *Dryden.*

Let those teach others, who themselves *excel*;
And censure freely, who have written well. *Pope.*

Excellence. *s.*

1. State of abounding in any good quality; preeminence; dignity.

Sudden mind arose
In Adam, not to let the occasion pass
Given him by this great conference to know
Of things above this world, and of their being
Who dwell in heaven, whose *excellence* he saw
Transcend his own so far; whose radiant forms,
Divine effulgence, whose high power, so far
Exceeded human. *Milton, Paradise Lost*, v. 452.

2. Title of honour usually applied to generals of an army, ambassadors, and governors. (Excellency *commoner*.)

They humbly sue unto your *excellence*,
To have a goodly peace concluded of.
Shakespear, Henry VI. Part I. v. 1.

Excellency. *s.*

1. Same as Excellence.

Is it not wonderful, that base desires should so extinguish in men the sense of their own *excellency*, as to make them willing that their souls should be like to the souls of beasts, mortal and corruptible with their bodies?—*Hooker, Ecclesiastical Polity.*

I know not why a fiend may not deceive a creature of more *excellency* than himself, but yet a creature.—*Dryden, Juvenal's Satires*, dedication.

I have, amongst men of parts and business, seldom heard any one commended for having an *excellency* in musick.—*Locke.*

2. Point, or detail, in which one excels: (hence used in the *plural*).

The criticisms have been made rather to discover beauties and *excellencies*, than their faults and imperfections.—*Addison.*

3. Title of honour. See Excellence.

Excellent. *adj.* [see remarks under Dependence, which apply to *excellent* as a French rather than an English word: but even in French, the word is no exception to the rule laid down, since *excellent* is there an *adjective*; the participle ending in *-ant*.]

1. Eminent in any good quality.

He is *excellent* in power and in judgement.—*Job*, xxxvii. 23.

Arts and sciences are *excellent*, in order to certain ends.—*Jeremy Taylor.*

2. Eminent for either good or bad.

Elizabeth, who was an *excellent* hypocrite, pretended the utmost reluctance to proceed to the execution of the sentence.—*Hume, History of England*, ch. xlii. (Ord MS.)

Excellently. *adv.* In an excellent manner.

1. Well; in a high degree.

He determines that man was erect, because he

was made with hands, as he *excellently* declareth.—*Sir T. Browne, Vulgar Errours.*

That was *excellently* observed, says I, when I read a passage in an author, where his opinion agrees with mine.—*Swift.*

2. To an eminent degree, in general.

Comedy is both *excellently* instructive and extremely pleasant; satire lashes vice into reformation; and humour represents folly so as to render it ridiculous.—*Dryden.*

Excépt. *v. a.* Leave out, and specify as left out, of a general precept or position.

But when he saith, All things are put under him, it is manifest, that he is *excepted* which did put all things under him.—1 *Corinthians*, xv. 27.

Excépt. *v. n.* Object; make objections.

A succession which our author could not *except* against.—*Locke.*

Excépt. *prep.* Exclusively of; without inclusion of.

Richard *except*, those whom we fight against,
Had rather have us win than him they follow.
Shakespear, Richard III. v. 3.

God and his Son *except*,
Nought valued he nor fear'd.
Milton, Paradise Lost, ii. 678.

Excépt. *conj.* Unless; if it be not so that.

It is necessary to know our duty, because 'tis necessary for us to do it; and it is impossible to do it *except* we know it.—*Archbishop Tillotson.*

Exceptátion. *s.* Exception. *Rare.*

And because David went aside, and was upright with an *exceptation*, once therefore it is said, the Lord was with Jehoshaphat, because he walked in the ways of his father David.—*Allestree, Forty Sermons*, ii. 235. (Ord MS.)

Excépted. *part. adj.* Left out of a general precept or rule; specially excluded.

Adam, behold
The effects, which thy original crime hath wrought
In some to spring from thee, who never touch'd
The *excepted* tree. *Milton, Paradise Lost*, ix. 423.

Excépting. *prep.* Without inclusion of; with exception of.

May I not live without controul and awe,
Excepting still the letter of the law?
Dryden, Persius's Satires.

People come into the world in Turkey the same way they do here, and yet, *excepting* the royal family, they get but little by it.—*Collier, Essay on Duelling.*

Excéption. *s.*

1. Exclusion from the things comprehended in a precept or position; exclusion of any person from a general law.

When God renewed this charter of man's sovereignty over the creatures to Noah and his family, we find no *exception* at all; but that Cham stood as fully invested with this right as any of his brethren.—*South, Sermons.*

With *to*.

Let the money be raised on land, with an *exception to* some of the more barren parts, that might be tax free.—*Addison.*

Pleads, in *exception to* all gen'ral rules,
Your taste of follies, with our scorn of fools. *Pope.*

2. Thing excepted or specified in exception.

Every act of parliament was not previous to what it enacted; unless those two, by which the earl of Strafford and sir John Fenwick lost their heads, may pass for *exceptions*.—*Swift.*

With *to*.

Who first taught souls enslav'd, and realms undone,
Th' enormous faith of many made for one:
That proud *exception to* all nature's laws,
T' invert the world and counterwork its cause.
Pope.

3. Objection; cavil: (with *against* or *to*).

He may have *exceptions* peremptory *against* the jurors, of which he then shall shew cause.—*Spenser.*

Revelations will soon be discerned to be extremely conducible to reforming men's lives, such as will answer all objections and *exceptions* of flesh and blood *against* it.—*Hammond.*

I will answer what *exceptions* they can have *against* our account, and confute all the reasons and explications they can give of their own.—*Bentley.*

4. Peevish dislike; offence taken: (sometimes with *to*).

I fear'd to shew my father Julia's letter,
Lest he should take *exceptions to* my love.
Shakespear, Two Gentlemen of Verona, i. 3.

With *at*.

He first took *exception at* this badge,
Pronouncing, that the paleness of this flow'r
Bewray'd the faintness of my master's heart.
Shakespear, Henry VI. Part I. iv. 1.

With *against*.

Roderigo, thou hast taken *against* me most just *exception*; but I protest I have dealt most directly in thy affair.—*Shakespear, Othello*, iv. 2.

With *take* and *to*.

He gave sir James Tirrel great thanks; but *took exception to* the place of their burial, being too base for them that were king's children.—*Bacon, History of the Reign of Henry VII.*

5. In *Law*.

Exception is a stop or stay to an action, being used both in the civil and common law, and in both divided into dilatory and peremptory.—*Cowell.*

Excéptionable. *adj.* Liable to objection.

The only piece of pleasantry in Milton is where the evil spirits rally the angels upon the success of their artillery: this passage I look upon to be the most *exceptionable* in the whole poem.—*Addison.*

Excéptional. *adj.* Constituting an exception to a rule.

In 1853 a bill was introduced to withdraw this *exceptional* privilege; but it was defeated by a masterly speech of Mr. Macaulay.—*T. Erskine May, Constitutional History of England*, vol. i. ch. vi.

In the silk-worm-moths this parthenogenesis is *exceptional*, rather than ordinary: usually the eggs of these insects are fertilized; but if they are not, they are still laid, and some of them produce larvæ.—*Herbert Spencer, Inductions of Biology.*

Excéptionary. *adj.* Indicative of an exception.

After mentioning the general privation of the 'bloomy flush of life,' the *exceptionary* 'all but' includes, as part of that bloomy flush, an aged decrepit matron.—*Scott, Essays*, p. 263. (Ord MS.)

Excéptioner. *s.* One who makes objections. *Rare.*

Thus much, readers, in favour of the softer spirited christian; for other *exceptioners* there was no thought taken.—*Milton.*

Excéptious. *adj.* Peevish; froward; full of objections; quarrelsome.

They are so supercilious, sharp, troublesome, fierce, and *exceptious*, that they are not only short of the true character of friendship, but become the very sores of society.—*South, Sermons.*

Excéptiousness. *s.* Attribute suggested by Exceptious; peevishness.

A froward, malicious *exceptiousness*.—*Barrow, Sermons*, vol. i. sermon i.

Excéptive. *adj.* Including an exception.

It is to be inferred either by a conjunction causal, illative, *exceptive*, &c.—*Instructions for Oratory*, p. 108: 1682.

A dispensation, improperly so called, is rather a particular and *exceptive* law; absolving and disobliging from a more general command for some just and reasonable cause.—*Milton, Doctrine and Discipline of Divorce*, ch. v. (Ord MS.)

Exceptive propositions will make complex syllogisms, as none but physicians came to the consultation: the nurse is no physician, therefore the nurse came not to the consultation.—*Watts, Logick.*

Excéptless. *adj.* Omitting or neglecting all exception; general; universal. *Rare.*

Forgive my gen'ral and *exceptless* rashness,
Perpetual sober gods! I do proclaim
One honest man.
Shakespear, Timon of Athens, iv. 3

Excéptor. *s.* Objector; one who makes exceptions.

The *exceptor* makes a reflection upon the impropriety of those expressions.—*T. Burnet, Theory of the Earth.*

Excérn. *v. a.* Same as Excrete. *Rare.*

That which is dead, or corrupted, or *excerned*, hath antipathy with the same thing when it is alive and sound, and with those parts which do *excern*.—*Bacon, Natural and Experimental History.*

Exercise first sendeth nourishment into the parts; and secondly, helpeth to *excern* by sweat, and so maketh the parts assimilate.—*Ibid.*

An unguent or pap prepared, with an open vessel to *excern* it into.—*Ray, Wisdom of God manifested in the Works of the Creation.*

Excérnent. *adj.* In *Physiology.* Connected with excretion.

Medicines which affect the functions of the *excernent* system are called ecritica. . . . In some cases the influence of an *evacuant* over a secreting organ may be remote. . . . The *evacuating* ecritica are used for various purposes.—*Pereira, Elements of Materia Medica*, p. 234.

Excérp. *v. a.* [Lat. *carpo* = pluck.] Pick out.

In your reading *excerp*, and note, in your books, such things as you like.—*Hales, Golden Remains*, p. 288.

Excérpt. *v. a.* Select.

Possibly he meaneth his own dear words I have *excerpted*.—*Barnard, Life of Heylin*, p. 12: 1683.

Excérpt. *s.* Extract: (often *plural*, in which case it is sometimes the Latin *Excerpta*, the title of a book, and, as such, a *proper*, rather than a *common*, name.

His common-place book was filled with *excerpts* from the year books.—*Lord Campbell, Lives of the Lord-Chancellors, Lord-Commissioner Maynard.*

Excérption. *s.* Extract.

Times have consumed his works, saving some few *excerptions*.—*Sir W. Raleigh.*

Excérptor. *s.* Picker or culler.

I have not been surreptitious of whole pages together, out of the doctor's printed volumes, and appropriated them to myself without any mark, or asterism, as he has done. I am no such *excerptor*.—*Barnard, Life of Heylin*, p. 12.

Excéss. *s.*

1. More than enough; faulty superfluity.

Amongst the heaps of these *excesses* and superfluities, there is espied the want of a principal part of duty.—*Hooker, Ecclesiastical Polity.*

Goodness answers to the theological virtue charity, and admits no excess but errour: the desire of power in *excess* caused the angels to fall; the desire of knowledge in *excess* caused man to fall; but in charity there is no *excess*, neither can angel or man come to danger by it.—*Bacon, Essays.*

Members are crooked or distorted, or disproportionate to the rest, either in *excess* or defect.—*Ray, Wisdom of God manifested in the Works of the Creation.*

2. Exuberance; state of exceeding; comparative exuberance.

Let the superfluous and lust-dieted man,
That braves your ordinance, feel your power quickly!
So distribution shall undo *excess*,
And each man have enough.
Shakespear, King Lear, iv. 1.

The several rays in that white light retain their colorifick qualities, by which those of any sort, whenever they become more copious than the rest, do by their *excess* and predominance cause their proper colour to appear.—*Sir I. Newton, Opticks.*

3. Intemperance; unreasonable indulgence in meat and drink.

It was *excess* of wine that set him on,
And on his more advice we pardon him.
Shakespear, Henry V. ii. 2.

There will be need of temperance in diet; for the body, once heavy with *excess* and surfeits, hangs plummets on the nobler parts.—*Bishop Duppa, Rules and Helps of Devotion.*

4. Transgression of due limits.

[He] the full wrath beside
Of vengeful justice bore for our *excess*.
Milton, Ode on the Circumcision.

A popular sway, by forcing kings to give
More than was fit for subjects to receive,
Ran to the same extremes; and one *excess*
Made both, by striving to be greater, less.
Sir J. Denham.

Hospitality sometimes degenerates into profuseness: even parsimony itself, which sits but ill upon a publick figure, is yet the more pardonable *excess* of the two.—*Bishop Atterbury.*

Excéssive. *adj.* Beyond the common proportion of quantity or bulk; beyond due proportion or propriety.

Be not *excessive* toward any.—*Ecclesiasticus*, xxxiii. 29.

If panicum be laid below and about the bottom of a root, it will cause the root to grow to an *excessive* bigness.—*Bacon.*

The people's property it is, by *excessive* favour, to bring great men to misery, and then to be *excessive* in pity.—*Sir J. Hayward.*

Excéssively. *adv.* In an excessive manner.

1. Exceedingly; eminently; in a great degree.

A man must be *excessively* stupid, as well as uncharitable, who believes there is no virtue but on his own side.—*Addison.*

2. In an intemperate way.

Which having swallow'd up *excessively*,
He soone in vomit up againe doth lay.
Spenser, Faerie Queen, ii. 12, 3.

Excéssiveness. *s.* Attribute suggested by Excessive.

Through the *excessiveness* and transcendency of the blessed thing they enjoy, they rave even to the degree of whooping and bellowing.—*Translation of Plutarch's Morals*, ii. 164. (Ord MS.)

Exchánge. *v. a.* Give or quit one thing for the sake of gaining another; give and take reciprocally.

Exchange forgiveness with me, noble Hamlet;
Mine and my father's blood be not upon thee,
Nor thine on me. *Shakespear, Hamlet*, v. 2.

They shall not sell of it, neither *exchange* nor alienate the first fruits.—*Ezekiel*, xlviii. 14.

Words having naturally no signification, the idea must be learned by those who would *exchange* thoughts, and hold intelligible discourse with others. —*Locke.*

Exchange his sheep for shells, or wool for a sparkling pebble or a diamond.—*Id.*

Here then *exchange* we mutually forgiveness,
So may the guilt of all my broken vows,
My perjuries to thee be all forgotten.
Rowe, Jane Shore.

With *for* before the *thing* taken in exchange.

The king called in the old money, and erected *exchanges* where the weight of old money was *exchanged for* new.—*Camden.*

With *with* before the *person* with whom the exchange is made.

Being acquainted with the laws and fashions of his own country, he has something to *exchange with* those abroad.—*Locke.*

Exchánge. *s.*

1. Act of giving and receiving reciprocally.

And thus they parted with *exchange* of harms;
Much blood the monsters lost, and they their arms.
Waller.

They lend their corn, they make *exchanges*; they are always ready to serve one another.—*Addison.*

2. Traffic by permutation.

The world is maintained by intercourse; and the whole course of nature is a great *exchange*, in which one good turn is, and ought to be, the stated price of another.—*South, Sermons.*

3. Form or act of transferring (properly by *bills* or *notes*).

I have bills for money by *exchange*
From Florence, and must here deliver them.
Shakespear, Taming of the Shrew, iv. 2.

4. Balance of the money of different nations.

He was skilled in the *exchange* beyond seas, and in all the circumstances and practices thereof.—*Sir J. Hayward, Life and Raigne of King Edward VI.*

5. Thing given in return for something received.

There's my *exchange*; what in the world he is
That names me traitor, villain like he lies.
Shakespear, King Lear, v. 3.

Spend all I have, only give me so much of your time in *exchange* of it.—*Id., Merry Wives of Windsor*, ii. 2.

It made not the silver coined go for more than its value in all things to be bought; but just so much as the denomination was raised, just so much less of commodity had the buyer in *exchange* for it.—*Locke.*

6. Thing received in return for something given.

The respect and love which was paid you by all who had the happiness to know you, was a wise *exchange* for the honours of the court.—*Dryden.*

7. Place where merchants meet to negotiate their affairs; place of sale.

He that uses the same words sometimes in one, and sometimes in another signification, ought to pass, in the schools, for as fair a man, as he does in the market and *exchange*, who sells several things under the same name.—*Locke.*

Exchángeable. *adj.* Capable of being exchanged.

Without some article of known *exchangeable* value the interchange of commodities must have been very limited.—*Torrens, On the Production of Wealth.*

Exchánger. *s.* One who exchanges (especially in *money-matters*); one who practises exchange.

Thou oughtest therefore to have put my money to the *exchangers*.—*Matthew*, xxv. 27.

Whilst bullion may be had for a small price more than the weight of our current cash, these *exchangers* generally chuse rather to buy bullion than run the risk of melting down our coin, which is criminal by the law.—*Locke.*

Excheát. *s.* ? Fraudulent exchange. *Rare.*

[He] by my ruins thinks to make them great:
To make one great by other's loss, is bad *excheat.*
Spenser, Faerie Queen.

Excheátor. *s.* Same as Escheator. *Rare.*

These earls and dukes appointed their special officers; as sheriff, admiral, receiver, havener, customer, butler, searcher, comptroller, gager, *excheator*, feodary, auditor, and clerk of the market.—*Carew, Survey of Cornwall.*

Exchéquer *s.* (often used *adjectivally.*) [see Check.] Treasury; court of law specially cognizant of cases connected with the revenue.

I will be cheater to them both, and they shall be *exchequers* to me.—*Shakespear, Merry Wives of Windsor*, i. 3.

Exchequer [is] the court to which are brought all the revenues belonging to the crown. It consists of two parts; whereof one dealeth specially in the hearing and deciding of all cases appertaining to the king's coffers: the other is called the receipt of the *exchequer*, which is properly employed in the receiving and paying of money. It is also a court of record, wherein all causes touching the revenues of the crown are handled.—*Harris.*

He [Montague] became proud even to insolence. Old companions... hardly knew their friend Charles in the great man who could not forget for one moment that he was First Lord of the Treasury, that he was Chancellor of the *Exchequer*, that he had been a Regent of the kingdom, that he had founded the Bank of England and the new East India Company, that he had restored the currency, that he had invented the *exchequer* bills, &c.—*Macaulay, History of England*, ch. xxiv.

Exchéquer. *v. a.* Institute a process against a person in the court of Exchequer.

Among other strange verbs, the following has arisen in vulgar language, viz. to *exchequer* a man; which is, to institute a process against him, in the court of exchequer, for non-payment of a debt due to the king, and in some other cases.—*Pegge, Anecdotes of the English Language.*

Excípient. *adj.* Taking an exception. *Rare.*

It is a good exception, if such person be a capital enemy, or a conspirator against the party *excipient.* —*Ayliffe, Parergon Juris Canonici*, 561. (Ord MS.)

Excísable. *adj.* Liable to the duty of excise.

The most material are the general licences which the law requires to be taken out by all dealers in *exciseable* goods. — *Burke, On a Regicide Peace.* (Rich.)

Excíse. *s.* Duty levied on certain articles produced and consumed at home: (often used *adjectivally*, as '*excise* duties, *excise* office').

The people should pay a ratable tax for their sheep, and an *excise* for every thing which they should eat.—*Sir J. Hayward.*

Ambitious now to take *excise*
Of a more fragrant paradise. *Cleaveland.*

Excise,
With hundred rows of teeth, the shark exceeds,
And on all trades like Cassawar she feeds. *Marvel.*

Hire large houses, and oppress the poor,
By farm'd *excise*. *Dryden, Juvenal's Satires.*

In Holland, where the number of *dutyable* articles was greater than in any other country, the *excise* was the most important source of the revenue.—*Arthur Young, Political Arithmetic.*

Excíse. *v. a.* Levy excise upon a person or thing.

Home she packs,
Excis'd in all the dialects of her knacks.
Cleaveland, Poems, p. 135: 1659.

In South-sea days, not happier when surmis'd
The lord of thousands, than if now *excis'd.*
Pope, Imitations of Horace.

Excíseman. *s.* Officer who inspects commodities, and rates their excise.

A man like Burns might have divided his hours between poetry and virtuous industry,... but to divide his hours between poetry and rich men's banquets, was an ill-starred and inauspicious attempt. How could he be at ease in such banquets? What had he to do there, mingling his music with the coarse roar of altogether earthly voices; brightening the thick smoke of intoxication with fire lent him from heaven? Was it his aim to enjoy life? To-morrow he must go drudge as an *exciseman.*—*Carlyle, Critical and Miscellaneous Essays, Burns.*

Excísion. *s.* Extirpation; destruction; ruin; act of cutting off; state of being cut off.

O poor and miserable city, what sundry torments, *excisions*, subversions, depopulations, and other evil adventures hath happened unto thee, since thou wert bereft of that noble court of Sapience!—*Sir T. Elyot, The Governour*, fol. 197.

Pride is one of the fatalest instruments of *excision.*—*Dr. H. More, Decay of Christian Piety.*

Such conquerours are the instruments of vengeance on those nations that have filled up the measure of iniquities, and are grown ripe for *excision.*—*Bishop Atterbury.*

Excitabílity. *s.* Capability of being excited; proneness to be excited.

This early *excitability* prepared his mind for the religious sentiment that afterwards became so powerfully dominant.—*L. Horner, Translation of Villari's History of Savonarola*, b. i. ch. ii.

Excítable. *adj.* Easy to be excited.

His affections were most quick and *excitable* by their due objects.—*Barrow, Works*, i. 475.

Excítant. *adj.* Animating; stirring up.

The donation of heavenly graces, prevenient, subsequent, *excitant*, adjuvant.—*Bishop Nicholson, Exposition of the Catechism*, p. 60: 1662.

The English affect stimulant nourishment—beef and beer. The French, *excitants*, irritants—nitrous oxide, alcohol, champagne. The Austrians, sedatives—hyoscyamus.—*Coleridge, Table Talk.*

Excítate. *v. a.* Stir up. *Rare.*

The earth, being *excitated* to wrath, in revenge of her children brought forth fame, the youngest sister of the giants.—*Bacon, Sister of the Giants, or Fame.*

Excitátion. *s.*

1. Act of exciting, or putting into motion.

All putrefactions come from the ambient body, either by ingress of the ambient body into the body putrefied, or by *excitation* and solicitation of the body putrefied, by the body ambient.—*Bacon, Natural and Experimental History.*

It may be safely said that the order of *excitation* is from muscles that are small and frequently acted on, to those which are larger and less frequently acted on.—*Herbert Spencer, The Direction of Motion*, § 90.

2. Act of rousing or awakening.

Here are words of fervent *excitation* to the frozen hearts of others.—*Bishop Hall, Works*, ii. 293.

The original of sensible and spiritual ideas may be owing to sensation and reflection, the recollection and fresh *excitation* of them to other occasions.—*Watts, Logick.*

Excítative. *adj.* Having power to excite.

Admonitory of duty, and *excitative* of devotion.—*Barrow, Exposition on the Creed.*

Excíte. *v. a.*

1. Rouse; animate; stir up; encourage.

The Lacedemonians were more *excited* to desire of honour with the excellent verses of the poet Tirtæus, than with all the exhortations of their captains.—*Spenser, View of the State of Ireland.*

That kind of poesy which *excites* to virtue the greatest men, is of greatest use to human kind.—*Dryden.*

2. Put into motion; awaken; raise.

Excítement. *s.* Motive by which one is stirred up, animated, or put in action.

How stand I then,
That have a father kill'd, a mother stain'd,
Excitements of my reason and my blood,
And let all sleep? *Shakespear, Hamlet*, iv. 4.

Excíter. *s.* One who, or that which, excites, stirs, or causes motion.

They never punished the delinquency of the tumults and their *excitors.*—*Eikon Basilike.*

Hope is the grand *exciter* of industry.—*Dr. H. More, Decay of Christian Piety.*

Excíting. *part. adj.*

1. Stimulating.

The *exciting* character of these early studies must ever be borne in mind if we wish to form a judgment on the religious manifestations of his after life.—*L. Horner, Translation of Villari's History of Savonarola*, b. i. ch. viii.

2. Acting as an immediate and direct, as opposed to a remote and indirect, influence.

Exposure to cold or damp is the *exciting* cause of a catarrh.—*Hooper, Medical Dictionary.*

Excíting. *verbal abs.* Excitation.

Wanting many *excitings* of grace.—*G. Herbert Country Parson*, ch. xxii.

Exclaím. *v. n.* Cry out with vehemence; make an outcry; cry out querulously and outrageously.

This ring,
Which, when you part from, lose, or give away,
Let it presage the ruin of your love,
And be my 'vantage to *exclaim* on you.
Shakespear, Merchant of Venice, iii. 2.

Those who *exclaim* against foreign tyranny, do, to this intestine usurper, make an entire dedition of themselves.—*Dr. H. More, Decay of Christian Piety.*

Exclaím. *s.* Clamour; outcry. *Obsolete.*

Alas, the part I had in Glo'ster's blood
Doth more solicit me than your *exclaims*,
To stir against the butchers of his life.
Shakespear, Richard III. i. 2.

Exclaímer. *s.* One who exclaims.

I must tell this *exclaimer*, that his manner of proceeding is very strange and unaccountable.—*Bishop Atterbury.*

Exclamátion. *s.* Vehement outcry; clamour; outrageous vociferation.

O Musidorus! Musidorus! but what serve *exclamations*, where there are no ears to receive the sound?—*Sir P. Sidney.*

The ears of the people are continually beaten with *exclamations* against abuses in the church.—*Hooker, Ecclesiastical Polity*, dedication.

Exclámatory. *adj.* Practising, containing, having the character of, or consisting in, an exclamation.

Which point I shall conclude with those *exclamatory* words of St. Paul, so full of wonder and astonishment in Rom. xi. 33. 'How unsearchable

are his judgements, and his ways past finding out!' —*South, Sermons*, iv. 346.

Exclúde. *v. a.* [Lat. *excludo* (*ex* = out, and *claudo* = shut); pass. part. *exclusus*; *exclusio*, *-onis*.]

1. Shut out; hinder from entrance or admission.

Fenc'd with hedges and deep ditches round,
Exclude th' incroaching cattle from thy ground.
Dryden, Virgil's Georgics.

Sure I am, unless I win in arms,
To stand *excluded* from Emilia's charms.
Id., Knight's Tale.

Bodies do each singly possess its proper portion, according to the extent of its solid parts, and thereby *exclude* all other bodies from that space.—*Locke.*

Though these three sorts of substances do not *exclude* one another out of the same place, yet we cannot conceive but that they must necessarily each of them *exclude* any of the same kind out of the same place.—*Id.*

If the church be so unhappily contrived as to *exclude* from its communion such persons likeliest to have great abilities, it should be altered.—*Swift.*

2. Debar; hinder from participation; prohibit.

Justice, that sits and frowns where publick laws
Exclude soft mercy from a private cause,
In your tribunal most herself does please;
There only smiles, because she lives at ease.
Dryden.

This is Dutch partnership, to share in all our beneficial bargains, and *exclude* us wholly from theirs.—*Swift.*

3. Not comprehend in any grant or privilege.

They separate from all apparent hope of life and salvation, thousands whom the goodness of Almighty God doth not *exclude*.—*Hooker, Ecclesiastical Polity.*

4. Dismiss from the womb or egg.

Others ground this disruption upon their continued or protracted time of delivery, wherewith *excluding* but one a day, the latter brood impatient, by a forcible proruption, antedates their period of exclusion.—*Sir T. Browne, Vulgar Errours.*

Exclúsion. *s.*

1. Act of shutting out or denying admission.

In bodies that need detention of spirits, the *exclusion* of the air doth good; but in bodies that need emission of spirits, it doth hurt.—*Bacon, Natural and Experimental History.*

2. Rejection; not reception in any manner.

If he is for an entire *exclusion* of fear, which is supposed to have some influence in every law, he opposes himself to every government.—*Addison, Freeholder.*

3. Act of debarring from any privilege or participation.

He pretended that he preferred limitations to an *exclusion*; because the one kept up the monarchy still, only passing over one person; whereas the other brought us really into a commonwealth, as soon as we had a popish king over us.—*Bishop Burnet, History of his own Time*: an. 1679.

4. Exception.

There was a question asked at the table, whether the French king would agree to have the disposing of the marriage of Bretagne, with an exception and *exclusion* that he should not marry her himself.—*Bacon, History of the Reign of Henry VII.*

5. Dismission of the young from the egg or womb.

How were it possible the womb should contain the child, nay, sometimes twins, till they come to their due perfection and maturity for *exclusion*?—*Ray, Wisdom of God manifested in the Works of the Creation.*

6. Ejection; emission; thing emitted.

The salt and lixiviated serosity, with some portion of choler, is divided between the guts and bladder, yet it remains undivided in birds, and hath but a single descent by the guts with the *exclusions* of the belly.—*Sir T. Browne, Vulgar Errours.*

Exclúsionist. *s.* One who would debar another from any right or privilege: (its chief *special application* being to the politicians of the reign of Charles II. who would have attempted the passing of an *Exclusion Bill*, depriving James II. of the succession).

The *Exclusionists* had a fair prospect of success.—*Fox, History of the Reign of King James II.*

The great party which, traces its descent through the *Exclusionists* up to the Roundheads continued, during thirty years, in spite of royal frowns and popular clamours, to demand a share in all the benefits of our free constitution for those Irish Papists whom the Roundheads and the *Exclusionists* had considered merely as beasts of chase or as beasts of burden.—*Macaulay, History of England*, ch. xvii.

To have defended the ancient and legal constitution of the realm against a seditious populace at one conjuncture, and against a tyrannical government at another; to have been the foremost champion of order in the turbulent Parliament of 1680, and the foremost champion of liberty in the servile Parliament of 1685; to have been just and merciful to Roman Catholics in the days of the Popish plot, and to *Exclusionists* in the days of the Rye House Plot; to have done all in his power to save both the head of Stafford and the head of Russell; this was a course which contemporaries, heated by passion, and deluded by names and badges, might not unnaturally call fickle, but which deserves a very different name from the late justice of posterity.—*Ibid.* ch. xxi.

Exclúsive. *adj.*

1. Having the power of excluding or denying admission.

They obstacle find none
Of membrane, joint, or limb, *exclusive* bars;
Easier than air with air, if spirits embrace,
Total they mix. *Milton, Paradise Lost*, viii. 624.

2. Debarring from participation.

In Scripture there is no such thing as an heir that was, by right of nature, to inherit all, *exclusive* of his brethren.—*Locke.*

3. Not taking into an account or number: (opposed to *inclusive*).

I know not whether he reckons the dross *exclusive* or inclusive with his three hundred and sixty tons of copper.—*Swift.*

4. Epithet applied to persons whose real or affected fastidiousness makes their circle of acquaintance more than ordinarily select: (in this sense the *substantive* is common; e.g. 'an *exclusive*,' 'The *Exclusives*,' a novel so called, published about thirty years ago when the word was recent).

I am sick of Court Circulars. I loathe haut-ton intelligence. I believe such words as fashionable, *exclusive*, aristocratic and the like, to be wicked unchristian epithets that ought to be banished from honest vocabularies.—*Thackeray, Book of Snobs*, ch. xlv.

Exclúsively. *adv.*

1. Without admission of another to participation: (sometimes with *to*, properly with *of*).

It is not easy to discern among the many differing substances obtained from the same portion of matter, which ought to be esteemed, *exclusively to* all the rest, its inexistent elementary ingredients; much less what primogenial and simple bodies, convened together, compose it.—*Boyle.*

Ulysses addresses himself to the queen chiefly or primarily, but not *exclusively of* the king.—*Broome, On the Odyssey.*

2. Without comprehension in an account or number; not inclusively.

The first part lasts from the date of the citation to the joining of issue, *exclusively*: the second continues to a conclusion in the cause, inclusively.—*Ayliffe, Parergon Juris Canonici.*

Excóct. *v. a.* Boil up; make by boiling.

Salt and sugar, *excocted* by heat, are dissolved by cold and moisture.—*Bacon, Natural and Experimental History.*

Excógitate. *v. a.* Invent; strike out by thinking.

He [Julius Cæsar] did ... *excogitate* most excellent policies and devices to vanquish or subdue his enemies.—*Sir T. Elyot, The Governour*, fol. 73, b.

He must first think, and *excogitate* his matter; then choose his words, and examine the weight of either.—*B. Jonson, Discoveries.*

The tradition of the origination of mankind seems to be universal; but the particular methods were of that origination, *excogitated* by the heathen, particular.—*Sir M. Hale, Origination of Mankind.*

This evidence of the dependence of depolarizing stricture upon a doubly-refracting state of particles, thus *excogitated* out of the general theory.—*Whewell, History of the Inductive Sciences*, b. ix. ch. xiii.

Excógitate. *v. n.* Think.

I take it to be my duty ... to meditate, and to *excogitate*, of myself, wherein I may best, by my travels, derive your virtues to the good of your people.—*Bacon, To King James I. on the Laws of England.*

Excogitátion. *s.* Invention.

Wherefore to consideration perteineth *excogitation*, and advisement; to providence, provision, and execution.—*Sir T. Elyot, The Governour*, fol. 72, b.

When we are alone, we are not always busy; the labour of *excogitation* is too violent to last long; the ardour of enquiry will sometimes give way to idleness or satiety.—*Johnson, Rasselas*, ch. xliii.

Excommune. *v. a.* Eject from a communion. *Rare.*

Poets, indeed, were *excommuned* Plato's commonwealth; but yet Augustus, in the zenith of his empire, cherished them, and sate with them.—*Gayton, Notes on Don Quixote*, p. 21.

Excommúnicable. *adj.* Liable, or deserving, to be excommunicated.

Perhaps *excommunicable*; yea, and cast out for notorious improbity.—*Hooker, Ecclesiastical Polity.*

Excommúnicate. *v. a.* Eject from the communion of the visible church by an ecclesiastical censure; interdict from participation in holy mysteries.

What if they shall *excommunicate* me, hath the doctrine of meekness any salve for me then?—*Hammond, Practical Catechism.*

The office is performed by the parish priest at interment, but not unto persons *excommunicated*.—*Ayliffe, Parergon Juris Canonici.*

Excommúnicate. *adj.* Excluded from the fellowship of the church.

Thou shalt stand cursed and *excommunicate*;
And blessed shall he be, that doth revolt
From his allegiance to an heretick.
Shakespear, King John, iii. 1.

And when I
Am the recusant, in that resolute state
What hurts it me to be *excommunicate*?
Donne, Poems, p. 77.

Excommúnicate. *s.*

1. One who is excluded from the fellowship of the church.

They [the Druids] sate as judges, and determined all causes emergent, civil and criminal; subjecting the disobedient, and such as made default, to interdicts, and censures; prohibiting them from sacred assemblies; taking away their capacities in honourable offices; and so disabling them, that (as our now outlaws, *excommunicates*, and attainted persons,) they might not commence suit against any man.—*Selden, Illustrations of Drayton's Polyolbion*, ix.

2. One cut off from any advantage.

When thou, poor *excommunicate*
From all the joyes of love, shalt see
The full reward, &c. *Carew, Poems*, p. 19.

Excommunicátion. *s.* Ecclesiastical interdict; exclusion from the fellowship of the church.

As for *excommunication*, it neither shutteth out from the mystical, nor clean from the visible church; but only from fellowship with the visible in holy duties.—*Hooker, Ecclesiastical Polity.*

But Pyrrhus, from what motive appears not, retired to Ravenna, recanted his recantation, and declared himself a conscientious Monothelite. The indignant pontiff was not content with the ordinary terrors of *excommunication* against this double renegade. In a full assembly of the clergy of Rome, and of the neighbouring bishops, he heaped the most vehement anathemas on the head of the new Judas, and calling for the consecrated wine on the altar, poured some drops into the ink, and so signed the *excommunication* with the blood of Christ. Is it to be supposed that the blood of the Redeemer was reverenced in a less appalling sense than in later ages, or that the passion of the Pope triumphed not only over Christian moderation, but over the strongest religious law? Theodorus was not satisfied with the *excommunication* of Pyrrhus, he excommunicated Paul also. Paul revenged himself by suppressing the religious worship of the papal envoys at the court, maltreating, and even causing to be scourged some of their attendants.—*Milman, History of Latin Christianity*, b. iv. ch. vi.

Excóriate. *v. a.* Deprive of the skin or scarfskin, either wholly or partially, by rubbing or grazing.

A looseness proves often a fatal symptom in fevers; for it weakens, *excoriates*, and inflames the bowels.—*Arbuthnot.*

Sister Tabby, in her great tenderness, had put me to the torture, squeezing my head under her arm, and stuffing my nose with spirit of hartshorn, till the whole inside was *excoriated*.—*Smollett, Expedition of Humphry Clinker.*

Excoriátion. *s.* Loss of skin or scarfskin; act of flaying.

Some four years after the contention betwixt Apollo and Pan, and a little before the *excoriation* of Marsyas.—*Brewer, Lingua*, iii. 5.

Our poets, the John Ketches of the nation,
Have seem'd to lash ye, ev'n to *excoriation*.
Dryden, Prologue to Albion and Albanius.

The pituite secerned in the nose, mouth, and intestines, is not an excrementitious, but a laudable humour, necessary for defending those parts from *excoriations*.—*Arbuthnot*

Used *metaphorically* (with allusion to the difference between taking the fleece and taking the skin of a sheep, or that be-

tween clipping and flaying). Stripping of possessions.

It hath marvellously enhanced the revenues of the crown, though with a pitiful *excoriation* of the poorer sort.—*Howell.*

Excreátion. *s.* [Lat. *exscreatio, -onis*; *ex-screo* = spit out.] Spitting out.

Offend the mouth with ugly *excreations.*
Sylvester, Du Bartas. (Ord MS.)

Excrement. *s.* That which is thrown out as useless, noxious, or corrupted, from the natural passages of the body; superfluity; outward growth.

Why is time such a niggard of his hair, being, as it is, so plentiful an *excrement?*—*Shakespear, Comedy of Errors,* ii. 2.

We see that those *excrements,* that are of the first digestion, smell the worst; as the *excrements* from the belly.—*Bacon.*

It fares with politick bodies as with the physical; each would convert all into their own proper substance, and cast forth as *excrement* what will not so be changed.—*Sir W. Raleigh, Essays.*

The very hairs of your head are all numbered: God keeps an account even of that stringy *excrement.*—*Bishop Hopkins, Exposition of the Lord's Prayer,* p. 267.

Farce, in itself, is of a nasty scent;
But the gain smells not of the *excrement. Dryden.*

The *excrements* of horses are nothing but hay, and, as such, combustible.—*Arbuthnot, On the Nature and Choice of Aliments.*

Excreméntal. *adj.* Voided as, forming, consisting of, or having the nature of, excrement; excrementitious; superficial, not internal.

God hath given virtues to springs, fountains, earth, plants, and the *excremental* parts of the basest living creatures.—*Sir W. Raleigh.*

Full of filthy flegm, stinking, putrid, *excremental* stuff.—*Burton, Anatomy of Melancholy,* p. 566.

That virtue therefore which is but youngling in the contemplation of evil, and knows not the utmost that vice promises to her followers, and rejects it, is but a blank virtue, not a pure; her whiteness is but an *excremental* whiteness.—*Milton, Areopagitica.*

Excrementítious. *adj.* Containing, or having the nature or consisting of, excrement.

The *excrementitious* moisture passeth in birds through a fairer and more delicate strainer than in beasts.—*Bacon.*

Toil of the mind destroys health, by attracting the spirits from their task of concoction to the brain; whither they carry along with them clouds of vapours and *excrementitious* humours.—*Harvey, Discourse of Consumptions.*

The lungs are the grand emunctory of the body; and the main end of respiration is continually to discharge and expel an *excrementitious* fluid out of the mass of blood.—*Woodward.*

An animal fluid no ways *excrementitious,* mild, elaborated, and nutritious.—*Arbuthnot, On the Nature and Choice of Aliments.*

Excreméntive. *adj.* Connected with excretion or excrement. *Rare.*

It may, indeed, be thought a modesty in nature to cover the *excrementive* parts, which left uncovered, perhaps might offer offence.—*Feltham, Resolves.* (Ord MS.)

Excrementize. *v. n.* Void excrement. *Rare.*

They [Sir C. Sedley, Lord Buckhurst, &c.] being all inflamed with strong liquors, . . . *excrementized* in the street.—*Life of A. Wood,* p. 187: 1663.

Excréscence. *s.* Outgrowth: (which it translates; generally with the notion of *deformity*).

All beyond this is monstrous, 'tis out of nature, 'tis an *excrescence,* and not a living part of poetry.—*Dryden.*

They are the *excrescences* of our souls; which, like our hair and beards, look horrid or becoming, as we cut or let them grow.—*Tatler.*

Tumours and *excrescences* of plants, out of which generally issues a fly or a worm, are at first made by such insects which wound the tender buds.—*Bentley.*

Excréscency. *s.* Same as Excrescence.

We have little more than the *excrescencies* of the Spanish monarchy.—*Addison, Present State of the War.*

Excréscent. *adj.* [Lat. *cresco* = grow; pres. part. *crescens, -entis.*] Growing out of another with preternatural superfluity.

Expunge the whole, or lop th' *excrescent* parts
Of all, our vices have created arts:
Then see how little the remaining sum,
Which serv'd the past, and must the times to come.
Pope.

Excréte. *v. a.* [Lat. *excretus,* pass. part. of *excerno* = separate, pick out.] Send out by excretion.

Some of the mucus thus *excreted* is reabsorbed.—*Hooper, Medical Dictionary, Mucus.*

Excrétion. *s.*

1. Separation of animal substance; ejection of something quite out of the body, as of no further use, which is called excrement.

Upon the use of aloe both in hawks and cormorants, I have sometimes observed bloody *excretions.*—*Sir T. Browne, Miscellanies,* p. 113.

The symptoms of the *excretion* of the bile vitiated, are a yellowish skin, white hard fæces, loss of appetite, and lixivial urine.—*Arbuthnot, On the Nature and Choice of Aliments.*

Emetics have been recommended to promote the passage of gall-stones, . . . to promote secretion and *excretion.* In hepatic derangements . . . emetics prove highly serviceable.—*Pereira, Elements of Materia Medica,* p. 240.

2. Thing excreted.

The moss from apple trees is little better than an *excretion.*—*Bacon.*

Excrétive. *adj.* Having the power of separating and ejecting excrements.

A diminution of the body happens by the *excretive* faculty, excerning and evacuating more than necessary.—*Harvey, Discourse of Consumptions.*

Excretory. *adj.* and *s.* Having the quality of separating and ejecting superfluous parts; organ of excretion.

Excretories of the body are nothing but slender slips of the arteries, deriving an appropriated juice from the blood.—*Cheyne.*

Excrúciate. *adj.* Tormented; excruciated.

And here my heart long time *excruciate,*
Amongst the leaves I rested all that night.
Chapman, Translation of Homer's Odyssey.

Excrúciate. *v. a.* [Lat. *cruciatus,* pass. part. of *crucio*; *crux* = cross, rack.] Torture; torment.

Excrúciating. *part. adj.* Racking; torturing; tormenting.

Leave them, as long as they keep their hardness and impenitent hearts, to those gnawing and *excruciating* fears, those whips of the divine Nemesis, that frequently scourge even atheists themselves.—*Bentley.*

Excruciátion. *s.* Torment; vexation.

He that by the oracle was approved for the wisest, confessed, though he knew before he married her, that his Zantippe was a scold insufferable; yet he wittingly did marry her to exercise his patience, that by the practice of enduring her shrewish heats, he might be able to brook all companies; the brawls, the scorns, the sophisms, and the petulancies of rude and unskilful men; the frettings, the thwartings, and the *excruciations* of life.—*Feltham, Resolves,* ii. 57.

Excúlpable. *adj.* Capable of being cleared from the imputation of blame or fault.

How the sons of King Edward came by their deaths: King Richard *exculpable* thereof.—*Sir G. Buck, History of King Richard III.* p. 74: 1646.

Exculpate. *v. a.* Clear from the imputation of a fault.

After these several petitions, manifestly tending to fix all the blame of the maladministration in the latter part of Edward the Third's reign upon the same set of men who had been called to account for it, and punished in the parliament of 1376, and who had gotten themselves *exculpated* in the succeeding parliament.—*Bishop Lowth, Life of Wykeham,* p. 144.

'I *exculpate* him further for his writing against me to Palestine in so hostile a spirit, for men had rumoured that I had levied my army not against the Holy Land, but to invade the Papal States.'—*Milman, History of Latin Christianity,* b. x. ch. iii.

Exculpátion. *s.* Act of clearing from alleged blame.

Abeillard entered on a tedious *exculpation* of himself.—*Berington, History of Abeillard,* p. 199.

Excúlpatory. *adj.* Clearing from imputed fault.

By this fond and eager acceptance of an *exculpatory* comment, Pope testified that whatever might be the seeming or real import of the principles which he had received from Bolingbroke, he had not intentionally attacked religion.—*Johnson, Lives of the Poets, Pope.*

On the arrival of the intelligence from Rome, Frederick for a time restrained his wrath: Peter de Vinea, the great Justiciary of the realm of Naples, pronounced in the presence of Frederick, who wore his crown, a long *exculpatory* sermon to the vast assembly, on a text out of Ovid—'Punishment when merited is to be borne with patience, but when it is undeserved, with sorrow.'—*Milman, History of Latin Christianity,* b. x. ch. iv.

Excúr. *v. n.* Pass beyond limits. *Obsolete.*

His disease was an asthma, oft *excurring* to an orthopnœia; the cause a translation of tartarous humours from his joints to his lungs.—*Harvey, Discourse of Consumptions.*

Excúrsion. *s.* [Lat. *curro* = run; *cursus* = running, course.]

1. Act of deviating from the stated or settled path; ramble.

The Muse whose early voice you taught to sing,
Prescrib'd her heights and prun'd her tender wing;
Her guide now lost, no more attempts to rise,
But in low numbers short *excursions* tries. *Pope.*

2. Expedition into some distant part.

The mind extends its thoughts often even beyond the utmost expansion of matter, and makes *excursions* into that incomprehensible.—*Locke.*

In this sense often used *adjectivally,* and applied to certain railway trains specially put on for the purpose of making excursions; giving '*excursion* train, ticket,' and the like.

3. Progression beyond fixed limits.

The causes of those great *excursions* of the seasons into the extremes of cold and heat, are very obscure.—*Arbuthnot, On the Effects of Air on human Bodies.*

4. Digression; ramble from a subject.

Expect not that I should beg pardon for this *excursion,* till I think it a digression, to insist on the blessedness of Christ in heaven.—*Boyle, Discourse on Seraphick Love.*

I am too weary to allow myself any *excursion* from the main design.—*Bishop Atterbury.*

Excúrsion. *v. n.* Make an excursion. *Rare.*

Yesterday I *excursioned* twenty miles; to-day I write a few letters.—*Lamb, Letter to Wordsworth.*

Excúrsionist. *s.* One who makes an excursion: (especially applied to railway travellers by '*excursion* trains'). *Recent.*

Excúrsive. *adj.* Rambling; wandering; deviating.

The first is miscellaneous and *excursive,* but the subjects often lead to an unbecoming licentiousness of language and images.—*T. Warton, History of English Poetry,* iv. 31.

Excúrsively. *adv.* In a wandering unsettled manner.

The flesh of animals, which feed *excursively,* is allowed to have a higher flavour than that of those who are cooped up.—*Boswell, Life of Johnson,* i. 35.

Excúrsiveness. *s.* Act of passing beyond usual bounds.

With a sober spirit of inquiry, he [Mr. Bryant] possesses a free *excursiveness* of mind.—*British Critic,* January, 1798.

Excúsable. *adj.* Pardonable; for which some excuse or apology may be admitted.

Though he were already stept into the winter of his age, he found himself warm in those desires, which were in his son far more *excusable.*—*Sir P. Sidney.*

Learned men are *excusable* in particulars whereupon our salvation dependeth not.—*Sir W. Raleigh, History of the World.*

Not only that;
That were *excusable,* that and thousands more
Of semblable import.
Shakespear, Antony and Cleopatra, iii. 4.

For his intermeddling with arms he is the more *excusable,* because many others of his coat are commanders.—*Howell.*

Before the Gospel, impenitency was much more *excusable,* because men were ignorant.—*Archbishop Tillotson.*

Coningsby had not seen her for the last fortnight. Seeing her now, his heart smote him for his neglect, *excusable* as it really was.—*Disraeli the younger, Coningsby,* b. vi. ch. v.

Excúsableness. *s.* Attribute suggested by Excusable; capability of being excused.

It may satisfy others of the *excusableness* of my dissatisfaction, to peruse the ensuing relation.—*Boyle.*

Excúsably. *adv.* In an excusable manner; justifiably; reasonably.

Why may not I *excusably* agree with St. Chrysostom or St. Austin in understanding the place?—*Barrow, Treatise on the Pope's Supremacy,* p. 16. (Ord MS.)

Excusátion. *s.* Excuse; plea; apology.

Prefaces, and passages, and *excusations,* and other speeches of reference to the person, are great wastes of time; and though they seem to proceed

of modesty, they are bravery.—*Bacon, Essays, Of Dispatch.*

Excusations, cessions, modesty itself well governed, are but arts of ostentation.—*Id., Essays, Of Vain-Glory.*

Goodness to be admired, that it refuted not his argument in the punishment of his *excusation*.—*Sir T. Browne.*

Excúsator. *s.* Maker of an excuse or excuses; apologist. *Rare.*

He despatched Sir Edward Karne and Dr. Bonner, quality of *excusators*, so they were called, to carry s apology for not paying that deference to the papal authority.—*Hume, History of England*, iii. 318. (Ord MS.)

Excúsatory. *adj.* Pleading excuse; apologetic.

The debate was brought to a conclusion about the plea *excusatory*.—*Bishop Burnet, History of the Reformation*, b. ii.

Excúse. *v. a.* (sounded *excúze.*)

1. Extenuate by, or pardon on account of, an apology; vindicate; justify.

Bad men *excuse* their faults, good men will leave them;
He acts the third crime that defends the first.
B. Jonson.

Accusing or else *excusing* one another.—*Romans*, ii. 15.

Excuse some courtly strains,
No whiter page than Addison's remains. *Pope.*

2. Disengage from an obligation; remit attendance.

I have bought a piece of ground, and I must needs go and see it: I pray thee have me *excused*.—*Luke*, xiv. 19.

Laud attended throughout that whole journey, which he was not obliged to do, and no doubt would have been *excused* from it.—*Lord Clarendon, History of the Grand Rebellion.*

3. Remit; not exact: (as 'to *excuse* a forfeiture').

4. Weaken or mollify obligation to anything; obtain remission.

Nor could the real danger of leaving their dwellings to go up to the temple, *excuse* their journey.—*South, Sermons.*

5. Throw off imputation by a feigned apology.

Think you that we *excuse* ourselves unto you?—2 *Corinthians*, xii. 19.

Excúse. *s.* (sounded *excúce.*) Plea offered in extenuation; apology; act of excusing or apologizing; cause for which one is excused.

I was set upon by some of your servants, whom because I have in my just defence evil entreated, I came to make my *excuse* to you.—*Sir P. Sidney.*

To requite your postscript of *excuse* for scribbling, I pray you excuse that the preface is not gilt, I writing from Westminster Hall, where we are not so fine.—*Bacon, To Sir G. Villiers.* (Ord MS.)

Heaven put it in thy mind to take it hence,
That thou might'st win the more thy father's love,
Pleading so wisely in *excuse* of it.
Shakespear, Henry IV. Part II. iv. 4.

As good success admits no examination, so the contrary allows of no *excuse*, how reasonable or just soever.—*Sir W. Raleigh.*

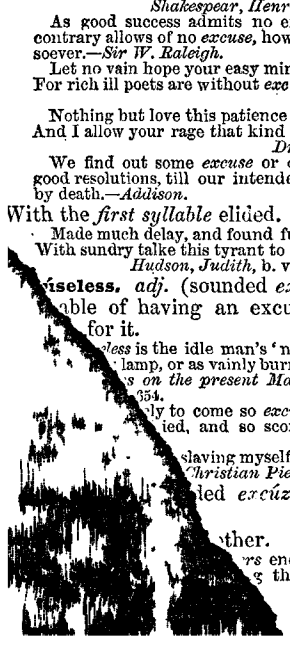
Let no vain hope your easy mind seduce;
For rich ill poets are without *excuse*.
Lord Roscommon.

Nothing but love this patience could produce;
And I allow your rage that kind *excuse*.
Dryden, Aurengzebe.

We find out some *excuse* or other for deferring good resolutions, till our intended retreat is cut off by death.—*Addison.*

With the *first syllable* elided.

Made much delay, and found full many a *'skuse*
With sundry talke this tyrant to abuse.
Hudson, Judith, b. v. p. 373. (Ord MS.)



…iseless. *adj.* (sounded *excúceless.*) Incable of having an excuse or apology for it.

…eless is the idle man's 'nihil agendo,' sleep- lamp, or as vainly burning it.—*Whitlock, …s on the present Manners of the Eng-* …554.

…ly to come so *excuseless* to your tor- …ied, and so scorned.—*Hammond,*

…slaving myself is *excuseless*.—*Dr. …Christian Piety.*

…led *excúzer*). One who

…ther.

…rs endeavour to palliate …s them to madness.—

b. By *forgiving* another.

Love is a sufficient excuse and *excuser* of greater errours than are mine.—*Shelton, Translation of Don Quixote*, pt. ii.

Excúss. *v. a.* [Lat. *excussus*, pass. part. of *excutio* = shake out.]

1. Seize and detain by law.

The person of a man ought not, by the civil law, to be taken for a debt, unless his goods and estate have been first *excussed*.—*Ayliffe, Parergon Juris Canonici.*

2. Shake off.

They could not totally *excuss* the notions of a Deity out of their minds.—*Bishop Stillingfleet, Origines Sacræ*, i. 1.

Excússion. *s.* Seizure by law.

If upon an *excussion* there are not goods to satisfy the judgement, his body may be attached.—*Ayliffe, Parergon Juris Canonici.*

Éxecrable. *adj.* Hateful; detestable; accursed; abominable.

For us to change that which he hath established, they hold it *execrable* pride and presumption.—*Hooker, Ecclesiastical Polity.*

Éxecrably. *adv.* In an execrable manner; cursedly; abominably.

'Tis fustian all, 'tis *execrably* bad;
But if they will be fools, must you be mad?
Dryden, Persius's Satires.

Éxecrate. *v. a.* [Lat. *execratus*, pass. part. of *execro.*] Curse; imprecate ill upon; abominate.

As if mere plebeian noise, dust, clamour, credulity, and confidence were enough to make a goddess; or sufficient either to consecrate or *execrate* any thing as divine, or devilish.—*Jeremy Taylor, Artificial Handsomeness*, p. 156.

Extinction of some tyranny, by the indignation of a people, makes way for some form contrary to that which they lately *execrated*.—*Sir W. Temple.*

Execrátion. *s.* Curse; imprecation of evil; object of the same.

Mischance and sorrow go along with you,
And threefold vengeance tend upon your steps!—
Cease, gentle queen, these *execrations*.
Shakespear, Henry VI. Part II. iii. 2.

They shall be an *execration* and an astonishment.—*Jeremiah*, xliv. 12.

For this we may thank Adam! but his thanks
Shall be the *execration*.
Milton, Paradise Lost, x. 736.

The Indians, at naming the devil, did spit on the ground in token of *execration*.—*Bishop Stillingfleet.*

Éxecratory. *s.* Formulary of execrations.

This notice of the ceremony is very agreeable to the *execratory* which is now used by them; wherein they profoundly curse the Christians.—*L. Addison, Account of the present State of the Jews*, p. 179.

Executable. *adj.* Capable of being executed.

The whole project is set down as *executable* at eight millions.—*Edinburgh Review*, January, 1856, p. 244.

Éxecute. *v. a.* [Lat. *ex-secutus*, part. of *ex-sequor* (= *out* + *follow*) = follow up to the end, follow out.]

1. Perform; practise; put in act.

Against all the gods of Egypt I will *execute* judgement.—*Exodus*, xii. 12.

He casts into the balance the promise of a reward to such as should *execute*, and of punishment to such as should neglect their commission.—*South, Sermons.*

The government here is so regularly disposed, that it almost *executes* itself.—*Swift.*

2. Put to death according to form of justice; punish capitally.

Fitzosborn was *executed* under him, or discarded into a foreign service for a pretty shadow of exilement.—*Sir H. Wotton, Characters of Kings of England.*

O Tyburn, could'st thou reason and dispute,
Could'st thou but judge as well as *execute*,
How often would'st thou change the felon's doom,
And truss some stern chief justice in his room!
Dryden.

3. Put to death; kill.

The treacherous Fastolfe wounds my peace,
Whom with my bare fists I would *execute*.
Shakespear, Henry VI. Part I. i. 4.

Éxecute. *v. n.* Perform the proper office.

The cannon against St. Stephen's gate *executed* so well, that the portcullis and gate were broken, and entry opened into the city.—*Sir J. Hayward.*

Éxecuter. *s.* [for the spelling with *o* see Executor.]

1. One who performs or executes anything.

My sweet mistress
Weeps when she sees me work, and says such baseness
Had ne'er like *executor*.
Shakespear, Tempest, iii. 1.

Sophocles and Euripides, in their most beautiful pieces, are impartial *executers* of poetick justice.—*Dennis.*

2. Executioner; one who puts others to death.

The sad-ey'd justice, with his surly hum,
Delivers o'er to *executors* pale
The lazy yawning drone.
Shakespear, Henry V. i. 1.

Execútion. *s.*

1. Performance; practice.

I wish no better
Than have him hold that purpose, and to put it
In *execution*. *Shakespear, Coriolanus*, ii. 1.

I like thy counsel: well hast thou advis'd;
And that thou may'st perceive how well I like it,
The *execution* of it shall make known.
Id., Two Gentlemen of Verona, i. 3

When things are come to the *execution*, there is no secrecy comparable to celerity.—*Bacon, Essays.*

The excellency of the subject contributed much to the happiness of the *execution*.—*Dryden.*

2. Last act of the law in civil causes, by which possession is given of body or goods.

Sir Richard was committed to the Fleet in *execution* for the whole six thousand pounds.—*Lord Clarendon, History of the Grand Rebellion.*

3. Capital punishment; death inflicted by forms of law.

Good rest.—As wretches have o'er night,
That wait for *execution* in the morn.
Shakespear, Two Gentlemen of Verona, iv. 2.

Laws support those crimes they checkt before,
And *executions* now affright no more.
Creech, Translation of Manilius.

4. Destruction; slaughter.

Brave Macbeth, with his brandish'd steel,
Which smok'd with bloody *execution*,
Carv'd out his passage. *Shakespear, Macbeth*, i. 2.

With *do.*

When the tongue is the weapon, a man may strike where he cannot reach, and a word shall *do execution* both further and deeper than the mightiest blow.—*South, Sermons.*

Ships of such height and strength, that his vessels could *do* no *execution* upon them.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

Execútioner. *s.*

1. One who puts in act, or executes: (in this sense Executer is the *commoner* word).

It is a comfort to the *executioners* of this office, when they consider that they cannot be guilty of oppression.—*Bacon.*

The heart of every man was in the hand of God, and he could have made them *executioners* of his wrath upon one another.—*Woodward, Essay towards a Natural History of the Earth.*

In this case every man hath a right to punish the offender, and be the *executioner* of the law of nature.—*Locke.*

2. One who inflicts capital punishment, or puts to death according to the sentence of the law.

He, born of the greatest blood, submitted himself to be servant to the *executioner* that should put to death Musidorus.—*Sir P. Sidney.*

The deluge was not sent only as an *executioner* to mankind, but its prime errand was to reform the earth.—*Woodward.*

3. One who kills or murders.

Is not the causer of the timeless deaths
As blameful as the *executioner*?
Shakespear, Richard III. i. 2.

I would not be thy *executioner*:
I fly thee, for I would not injure thee;
Thou tell'st me there is murder in mine eyes.
Id., As you like it, iii. 5.

4. Instrument by which anything is performed.

All along
The walls, abominable ornaments!
Are tools of wrath, anvils of torments hung,
Fell *executioners* of foul intents. *Crashaw.*

Exécutive. *adj.*

1. Having the quality of executing or performing.

They are the nimblest, agile, strongest instruments, fitted to be *executive* of the commands of the souls.—*Sir M. Hale.*

2. Active; not deliberative; not legislative; having the power to put the laws in force.

The Roman emperours were possessed of the whole legislative as well as *executive* power.—*Addison, Freeholder.*

Hobbes confounds the *executive* with the legislative power, though all well instituted states have ever placed them in different hands.—*Swift.*

The Emperor of China has two councils; one, the great council of state—the other a select or privy council; but it cannot be supposed that these councils possess any legal powers, by which the acts of the Emperor are controlled. There are likewise six chief administrative boards, which are, doubtless, merely *executive* departments, consisting of numerous members, but presided over by their proper heads.—*Sir G. C. Lewis, On the Influence of Authority in Matters of Opinion*, ch. vii. note A.

Exécutive. *s.* In *Politics.* Executive, as opposed to the deliberative or legislative, element of government: (as, 'the king is the head of the *executive*').

The executive power, and the assemblies which form a portion of the legislative, ought both, in a well-constituted state, to be subordinate to the law. The fashionable phrase of modern constitutions, that every citizen is equal before the law, is a mockery of truth and common sense in all states where there is one set of laws or regulations for the government and its officials, and another for the mass of the people as subjected to that government. Until neither rank, or official position, or administrative privileges can be pleaded as a ground of exceptional treatment by the agent of the *executive* in matters of justice, there can be no true civil liberty. The law must be placed above the sovereigns and parliaments as well as above ministers and generals. —*Finlay, History of Greece under the Othoman and Venetian Domination*, ch. i.

Exécutor. *s.* [in this word there is not only a difference of *spelling* but one of *accent* also, regulated in the main, though not wholly (see preceding entry), by the difference of sense.] One who is entrusted to perform the will of a testator.

Let's choose *executors*, and talk of wills;
And yet not so; for what can we bequeath?
Shakespear, Richard II. iii. 2.

Exécutorship. *s.* Office of executor.

As for fishing for testaments and *executorships*, it is yet worse: by how much men submit themselves to meaner persons, than in service.—*Bacon, Essays, Of Riches.*

Exécutory. *adj.*

1. Having authority to put the laws in force; exercising authority.

A vigilant and jealous eye over *executory* and judicial magistracy; an anxious care of publick money: an openness, approaching towards facility, to publick complaint; these seem to be the true characteristicks of a house of commons.—*Burke.*

What person is a king to command *executory* service, who has no means whatsoever to reward it? —*Id.*

2. In *Law.* To be executed or performed at a future period.

Contingent or *executory* remainders are, where the estate is limited to take effect, either to a dubious and uncertain person, or upon a dubious and uncertain event.—*Sir W. Blackstone, Commentaries on the Laws of England.*

By *executory* devise, a fee, or other less estate, may be limited after a fee.—*Ibid.*

Exécutress. *s.* Executrix.

A will indeed! a crabbed woman's will,
Wherein the devil is an overseer,
And proud dame Eleanor sole *executress.*
Tragedy of King John: 1611.

Exécutrix. *s.* Woman entrusted to perform the will of the testator.

He did, after the death of the earl, buy of his *executrix* the remnant of the term.—*Bacon.*

Besides, mother, you being sole *executrix*, and having the direction and management of the estate, there remained little business, or I might say none, that I could transact, until you had had time to arrange matters to your satisfaction.—*Dickens, Little Dorrit*, ch. v.

Exegésis. *s.* [Gr.; from ἐξ, and ἡγέομαι (= lead) = lead out, direct, explain, expound.] In *Theology.* Exposition; continuous, systematic, and often paraphrastical explanation of any text, especially that of the Scriptures.

Exegesis is a term sometimes used by the learned to signify explication. Several interpreters of the Bible are of opinion that in the passages of the Scripture where we meet with Abba Pater, two words, the first Syriac and the second Greek or Latin, but both signifying the same thing, the second is only an *exegesis* or explanation of the first. —*Rees, Cyclopædia*, in voce.

Exegétical. *adj.* Explanatory; expository.

Plainly, throughout the whole word of God, breath, and life, and soul, and spirit, are synonymous, and often made *exegetical* one of another.—*Smith, Portrait of Old Age*, p. 135.

I have here and there interspersed some critical and some *exegetical* notes, fit for learners to know, and not unfit for some teachers to read.—*Walker.*

Exegétically. *adv.* By way of explanation; in an expository manner.

So insufferable a thing is the state of thraldom, very significantly implied in the 'land of Egypt,' and *exegetically* expressed by the 'house of bondage.'—*Dean Pierce, Sermons* (29 May, 1661), p. 5.

This is not added *exegetically*, or by way of exposition.—*Bishop Bull, Works*, i. 200.

The phrase, 'in the form of God,' . . . is used by the apostle with respect unto that other of 'the form of a servant,' *exegetically* continued 'in the likeness of man.'—*Bishop Pearson, Exposition of the Creed*, art. ii.

Exegétics. *s.* [see Chromatics.] Exegesis.

In all Western Aramæa . . . there was but one mode of treating whether *exegetics* or doctrine, the practical.—*Newman, Development of Christian Doctrine*, ch. v.

Exémplar. *s.* Pattern; example to be imitated.

The idea and *exemplar* of the world was first in God.—*Sir W. Raleigh.*

They began at a known body, a barleycorn, the weight whereof is therefore called a grain; which ariseth, being multiplied, to scruples, drachms, ounces, and pounds, and then those weights, as they happen to take them, are fixed by authority, and *exemplars* of them publickly kept.—*Holder.*

Best poet! fit *exemplar* for the tribe
Of Phœbus. *Philips.*

He who has learn'd the duty which he owes
To friends and country, and to pardon foes;
Who models his deportment as may best
Accord with brother, sire, or stranger guest;
Who takes our laws and worship as they are,
Nor roars reform for senate, church, and bar;
In practice, rather than loud precept, wise,
Bids not his tongue, but heart, philosophise:
Such is the man the poet should rehearse,
As joint *exemplar* of his life and verse.
Byron, Hints from Horace.

Exémplarily. *adv.* In an exemplary manner.

a. So as to *deserve imitation.*

Be you wisely charitable, and let us be *exemplarily* holy.—*Bishop Hall, Remains*, p. 46.

She is *exemplarily* loyal in a high exact obedience. —*Howell.*

b. So as to *act as a warning.*

Some he punisheth *exemplarily* in this world, that we might from thence have a taste or glimpse of his future justice.—*Hakewill, Apology.*

If he had shut the commons house, whilst their champions were *exemplarily* punished, their jurisdiction would probably in a short time have been brought within the due limits.—*Lord Clarendon, History of the Grand Rebellion.*

c. In *proof.*

These wild dogs, either by diversity of air or soil, vary their species; as *exemplarily* we see in the Indian ounce, which is the product of an European cat.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 114.

Exémplariness. *s.* Attribute suggested by Exemplary; fitness for serving as an exemplar or pattern.

In Scripture we find several titles given to Christ, which import his *exemplariness* as of a prince and a captain, a master and a guide.—*Archbishop Tillotson.*

Exemplárity. *s.* Fitness for, or worthiness of, imitation.

Sincerity . . . and *exemplarity* . . . are the two things, whereby kings who are in age of government, and princes who are in years of discipline, are most advantaged.—*W. Mountague, Devout Essays*, i. p. 97: 1648.

Of some performances of our Saviour no other, or no so probable, an account can be given, as that they were done for *exemplarity.*—*Barrow, Sermons*, vol. iii. ser. 3.

Éxemplary. *adj.*

1. Deserving to be proposed for imitation: (whether *persons* or *things*).

The archbishops and bishops have the government of the church: be not you the mean to prefer any to those places, but only for their learning, gravity, and worth: their lives and doctrine ought to be *exemplary.*—*Bacon.*

If all these were *exemplary* in the conduct of their lives, religion would receive a mighty encouragement.—*Swift.*

2. Fit for giving warning to others.

Had the tumults been repressed by *exemplary* justice, I had obtained all that I designed.—*Eikon Basilike.*

3. Attractive of notice and imitation.

Awaking therefore, as who long had dream'd,
Much of my women and their gods asham'd,
From this abyss of *exemplary* vice
Resolv'd, as time might aid my thought, to rise.
Prior.

When any duty is fallen under a general disuse and neglect, in such a case the most visible and *exemplary* performance is required.—*Rogers.*

4. Illustrating as the proof of a thing.

Exemplary is the coat of George Villiers Duke of Buckingham; five scallop-shells on a plain cross, speaking his predecessors' valour in the holy war.—*Fuller, History of the Holy War*, p. 271.

Exémplary. *s.* Copy of a book or writing.

These latter words, which are evident to be seen in the Greek *exemplaries*, are faire and smooth[ly] left clene out in the Latine translation.—*Martin, Treatise on the Marriage of Priestes*, sign. Ll, i.: 1554.

Whereof doth it come, that the *exemplaries* and copies of many books do vary, but by such means? —*Hunting of Purgatory*, fol. 322, b.: 1561.

I will here insert the tenour and copy of the request made to the king by Demetrius, &c. The *exemplary* of Demetrius his request to the king was this: Great sir, since it hath pleased you to give me commandment to search in all places for all manner of books, &c.—*Donne, History of the Septuagint*, p. 29.

Exemplificátion. *s.* Illustration; case in point; instance.

An ambassadour of Scotland demanded an *exemplification* of the articles of peace.—*Sir J. Hayward.*

A love of vice as such, a delighting in sin for its own sake, is an imitation, or rather an *exemplification* of the malice of the devil.—*South, Sermons.*

No passage in the [Addison's] Campaign has been more mentioned than the simile of the angel, and let it be first inquired whether it be a simile. A poetical simile is the discovery of a likeness between two actions, in their general nature, dissimilar, or of causes terminating by different operations in some resemblance of effect. But the mention of another like consequence from a like cause, or of a like performance by a like agency, is not a simile, but an *exemplification.* . . . When the English are represented as gaining a fortified pass by repetition of attack, and perseverance of resolution; their obstinacy of courage, and vigour of onset, is well illustrated by the sea that breaks with incessant battery the dikes of Holland. This is a simile. But when Addison, having celebrated the beauty of Marlborough's person, tells us that 'Achilles was thus formed of every grace,' here is no simile, but a mere *exemplification.* A simile may be compared to lines converging at a point, and is more excellent as the lines converge from a greater distance; an *exemplification* may be considered as two parallel lines, which run on together without approximation, never far separated, and never joined.—*Johnson, Lives of the Poets, Addison.*

The most vivid *exemplification* of the nationality of the Church, and of the character of its connection with the State in England, is found in the noble and august ceremonial of the coronation of the sovereign.—*Gladstone, The State in its Relations with the Church*, ch. vi. § 6.

The last example will have conveyed to any one by whom it has been duly followed, so clear a conception of the use and practical management of three of the four methods of experimental inquiry, as to supersede the necessity of any further *exemplification* of them.—*J. S. Mill, System of Logic*, iii. ix. 4.

Exémplify. *v. a.* Illustrate by example.

This might be *exemplified* even by heaps of rites and customs, now superstitious in the greatest part of the Christian world.—*Hooker, Ecclesiastical Polity.*

Our author has *exemplified* his precepts in the very precepts themselves.—*Spectator.*

A satire may be *exemplified* by pictures, characters, and examples.—*Pope.*

The verses to Bloomfield are the sweetest in the collection. Religion is sometimes lugged in, as if it did not come naturally. I will go over carefully when I get my seeing, and *exemplify.*—*Lamb, Letter to Barton*, July 7, 1824.

Exémpt. *v. a.* [Lat. *exemptus*, pass. part. of *eximo* = take out.] Grant immunity

Things done well

And with a care, *exempt* themselves fro

Things done without example, in thei

Are to be fear'd. *Shakespear, H*

The religious were not *exempt* among the other soldiers.—*Knol Turks.*

The emperours *exempted* t which they subjected mercha —*Arbuthnot, Tables of anci Measures.*

Exémpt. *adj.*

1. Free by privilege.

Be it my wrong you
But wrong not that

Sh

2. Not subject; not liable.
Do not once hope, that thou canst tempt
A spirit so resolv'd to tread
Upon thy throat, and live *exempt*
From all the nets that thou canst spread.
B. Jonson.
No man, not even the most powerful among the sons of men, is *exempt* from the chances of human life.—*Bishop Atterbury.*

3. Clear; not included.
His dreadful imprecation hear;
'Tis laid on all, not any one *exempt*.
Lee and Dryden, Œdipus.

4. Cut off. *Obsolete.*
Was not thy father, Richard Earl of Cambridge,
For treason executed in our late king's days?
And by his treason stand'st not thou attainted,
Corrupted, and *exempt* from ancient gentry?
Shakespear, Henry VI. Part I. ii. 4.

Exémption. *s.* Immunity; privilege; freedom from imposts or burdensome employments.
The like *exemption* hath the writ to enquire of a man's death, which also must be granted freely.—*Bacon.*
The Roman laws gave particuar *exemptions* to such as built ships or traded in corn.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

Exemptítious. *adj.* Separable; exceptional. *Rare.*
If motion were loose or *exemptitious* from matter, I could be convinced that it had extension of its own.—*Dr. H. More.*

Exénterate. *v. a.* [Gr. ἔντερα = bowels.] Disembowel; deprive of the entrails; eviscerate (of which it is the Greek translation).
Piso commends a ram's lungs applied hot to the forepart of the head, or a young lamb divided in the back, *exenterated*, &c.—*Burton, Anatomy of Melancholy*, p. 399.
A toad contains not those urinary parts which are found in other animals to avoid that serous excretion, which may appear unto any that *exenterates* or dissects them.—*Sir T. Browne.*

Exenterátion. *s.* Act of taking out the bowels; emboweling.
Belonius not only affirms that chamelions feed on flies, caterpillars, beetles, and other insects; but upon *exenteration* he found these animals in their bellies.—*Sir T. Browne.*
If we can arrive at this perfection, without *exenteration* or incision, so as to preserve a dead body after the manner aforesaid, it were reasonable to believe it would not only less terrify all scrupulous persons, but likewise be of greater use to the commonwealth.—*Greenhill, Art of Embalming*, p. 121.

Exéquial. *adj.* Relating to funeral rites.
Thetis herself to all our peers proclaims
Heroick prizes and *exequial* games.
Pope, Homer's Odyssey, xxiv.

Éxequies. *s. plur.* [Lat. *exequiæ*.] Funeral ceremonies: (Obsequies *commoner*).
Let's not forget
The noble duke of Bedford late deceas'd,
But see his *exequies* fulfill'd in Rouen.
Shakespear, Henry VI. Part I. iii. 2.
The tragical end of the two brothers, whose *exequies* the next successor had leisure to perform.—*Dryden.*

Exéquious. *adj.* Having the character of, or constituting, exequies. *Rare.*
Prepare yourselves to build the funeral pile;
Lay your pale hands to this *exequious* fire.
Drayton, Barons' Wars, b. ii. 3. (Ord MS.)

Exércent. *adj.* Practising; putting into practice; following any calling or vocation. *Rare.*
The judge may oblige every *exercent* advocate to give his patronage and assistance unto a litigant in distress for want of an advocate.—*Ayliffe, Parergon Juris Canonici.*

Exercísable. *adj.* Capable of being exercised. *Rare.*
It is natural to see such powers with a jealous eye; and, when stretched in the exercise, they alarm and disgust those over whom they are *exercisable*.—*Hargrave, Judicial Arguments and Collections*, p. 10.

Éxercise. *s.*

1. Exertion or movements of the body; bodily work considered as conducive to the cure or prevention of diseases.
Men ought to beware that they use not *exercise* and a spare diet both: but if much *exercise*, a plentiful diet; if sparing diet, little *exercise*.—*Bacon, Natural and Experimental History.*
The wise for cure on *exercise* depend:
God never made his work for man to mend.
Dryden.

Particular act of such (*plural*).
He is exact in prescribing the *exercises* of his patients, ordering some of them to walk eighty stadia in a day, which is about nine English miles.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

2. Something done as practice.
As a watchful king, he would not neglect his safety, thinking nevertheless to perform all things rather as an *exercise* than as a labour.—*Bacon, History of the Reign of Henry VII.*

3. Employment frequently repeated.
Children, by the *exercise* of their senses about objects that affect them in the womb, receive some few ideas before they are born.—*Locke.*
Exercise is very alluring and entertaining to the understanding, while its reasoning powers are employed without labour.—*Watts.*

Specially. Habitual action by which the body is formed to gracefulness or agility.
He was strong of body, and so much the stronger as he, by a well-disciplined *exercise*, taught it both to do and to suffer.—*Sir P. Sidney.*
The French apply themselves more universally to their *exercises* than any nation; one seldom sees a young gentleman that does not fence, dance, and ride.—*Addison.*

4. Use; actual application of anything; practice.
The sceptre of spiritual regimen over us in this present world is at the length to be yielded up into the hands of the Father which gave it; that is, the use and *exercise* thereof shall cease, there being no longer on earth any militant church to govern.—*Hooker, Ecclesiastical Polity.*
Lewis refused even those of the church of England who followed their master to St. Germain's the publick *exercise* of their religion.—*Addison, Travels in Italy.*
This saved them from the fate of Spain, by securing to them the *exercise* of those faculties which otherwise would have lain dormant.—*Buckle, History of Civilization in England*, vol. ii. ch. vi.

5. Task; that which one is appointed to perform: (common as applied in *education*, especially *grammatical*).
Patience is more oft the *exercise*
Of saints, the trial of their fortitude,
Making them each his own deliverer,
And victor over all
That tyranny or fortune can inflict.
Milton, Samson Agonistes, 1287.

6. Educational practice in order to obtain excellence in any particular department; drill: (as, 'the *exercise* of soldiers').
A camp of peace and *exercise* is a camp destined for the *exercise* of all the military duties and functions.—*Rees, Cyclopædia, Camp.*

7. Act of divine worship, whether public or private.
Good sir John, ...
I'm in your debt for your last *exercise*:
Come the next Sabbath, and I will content you.
Shakespear, Richard III. iii. 2.
Neither shall any minister not licensed, as is aforesaid, presume to appoint or hold any meetings for sermons, commonly termed by some prophecies or *exercises*, in market-towns, or other places.—*Ecclesiastical Constitutions and Canons.*

Éxercise. *v. a.*

1. Employ; engage in employment.
This faculty of the mind, when it is *exercised* immediately about things, is called judgement.—*Locke.*

2. Train by use to any act; make skillful or dexterous by practice; habituate.
Strong meat belongeth to them who, by reason of use, have their senses *exercised* to discern both good and evil.—*Hebrews*, v. 14.
Reason, by its own penetration, where it is strong and *exercised*, usually sees quicker and clearer without syllogism.—*Locke.*
And now the goddess, *exercis'd* in ill,
Who watch'd an hour to work her impious will,
Ascends the roof. *Dryden, Virgil's Æneid.*

3. Keep busy.
He will *exercise* himself with pleasure, and without weariness, in that godlike employment of doing good.—*Bishop Atterbury.*

As a *penal injunction.*
Sore travail hath God given to the sons of man, to be *exercised* therewith.—*Ecclesiastes*, i. 13.
Where pain of unextinguishable fire
Must *exercise* us, without hope of end.
Milton, Paradise Lost, ii. 88.

4. Practise; perform.
A man's body is confined to a place; but where friendship is, all offices are granted to him and his deputy: for he may *exercise* them by his friend.—*Bacon, Essays.*

Age's chief arts, and arms, are to grow wise;
Virtue to know, and, known, to *exercise*.
Sir J. Denham.

5. Exert; put in use; apply for the sake of practice.
The princes of the Gentiles *exercise* dominion over them, and they that are great *exercise* authority upon them.—*Matthew*, xx. 25.
Their consciences oblige them to submit to that dominion which their governours had a right to *exercise* over them.—*Locke.*

6. Practise or use in order to habitual skill.
Meanwhile I'll draw up my Numidian troop
Within the square, to *exercise* their arms.
Addison, Cato.

Éxercise. *v. n.* Use exercise; labour for health or for amusement.
The Lacedemonians were remarkable for the sport, and Alexander the Great frequently *exercised* at it.—*Broome.*

Éxerciser. *s.* One who directs or uses exercise; one who practises or performs an office or duty.
God never granteth any power or authority, but he appointeth also who shall be the lawful *exercisers* and executors of the same.—*Fulke, Against Allen*, p. 488: 1588.
All such possessors and *exercisers* of peculiar jurisdiction shall once in every year exhibit into the public registry of the bishop of the diocese.—*Ecclesiastical Constitutions and Canons.*

Éxercising. *verbal abs.* Practice; drill.
To you such scabb'd harsh fruit is given, as raw
Young soldiers at their *exercisings* gnaw. *Dryden.*

Exercitátion. *s.* Exercise; practice; use.
It were some extenuation of the curse, if 'in sudore vultus tui' were confinable unto corporal *exercitations*.—*Sir T. Browne.*
You use to sharpen and whet your understanding in the *exercitation* of high deeds and gests.—*Donne, History of the Septuagint*, p. 180.
By frequent *exercitations* we form them within us.—*Felton.*
Warburton's Divine Legation is also a splendid instance of this mode of discussion, and of its inability to lead to the truth: in fact, it is an attempt to adopt the mathematical series of proof, in forgetfulness that the mathematician is sure of the truth of his definition at each remove, because he creates it, as he can do, in pure figure and number.... The chief use of this first mode of discussion is to sharpen the wit, for which purpose it is the best *exercitation*.—*Coleridge, Table Talk.*

Exérgue. *s.* [Fr.] In *Numismatics.* See extract.
The words around the border of the coin form what is termed the *legend*; those in the middle the *inscription*; when occupying the lower extremity of the pieces, and separated from the rest by a horizontal line, they are termed the *exergue*.—*Brande, Dictionary of Science, Literature, and Art, Numismatics.*

Exért. *v. a.*

1. Use with an effort; use with ardour and vehemence; put forth.
When the service of Britain requires your courage and conduct, you may *exert* them both.—*Dryden.*
When the will has *exerted* an act of command upon any faculty of the soul, or member of the body, it has done all that the whole man, as a moral agent, can do for the actual exercise or employment of such a faculty or member.—*South, Sermons.*
Strong virtue, like strong nature, struggles still; *Exerts* itself, and then throws off the ill. *Dryden.*
Nothing less than the deposition of their enemy would content them; nor can it be disputed that herein they were perfectly consistent. They had *exerted* themselves, nine years earlier, to exclude him from the throne, because they thought it likely that he would be a bad king.—*Macaulay, History of England*, ch. ix.

2. Emit; push out.
The stars no longer overlaid with weight,
Exert their heads from underneath the mass,
And upward shoot and kindle as they pass. *Dryden.*
The several parts lay hidden in the piece,
Th' occasion but *exerted* that or this. *Id.*
The orchard loves to wave
With winter winds, before the gems *exert*
Their feeble heads. *Philips.*

Exérted. *part. adj.* Moved to strenuous action; strained.
Whate'er I am, each faculty,
The utmost power of my *exerted* soul,
Preserves a being only for your service. *Rowe.*

Exértion. *s.* Act of exerting; effort.
The constitution of their bodies was naturally so feeble, and so unaccustomed to the laborious *exertions* of industry, that they were satisfied with a proportion of food amazingly small.—*Robertson, History of America*, b. ii.

Exésion. *s.* [Lat. *exesus*, pass. part. of *exedo*, from *edo* = eat.] Act of eating through.

Theophrastus denieth the *exesion* or forcing of vipers through the belly of the dam.—*Sir T. Browne, Vulgar Errours.*

Exestuátion. *s.* [Lat. *æstuo* = boil over.] State of boiling; tumultuous heat; effervescence; ebullition.

Saltpetre is in operation a cold body: physicians and chymists give it in fevers, to allay the inward *exestuations* of the blood and humours.—*Boyle.*

Exfóliate. *v. n.* [Lat. *folium* = leaf.] Shell off; (in *Surgery*) separate, as the diseased part of a bone from the sound part.

Our work went on successfully, the bone *exfoliating* from the edges.—*Wiseman, Surgery.*

Exfoliátion. *s.* Process by which the corrupted part of the bone separates from the sound.

The bullet stuck in the bishop of Orkney's arm, and shattered it so, that, though he lived some years after that, they were forced to open it every year for an *exfoliation*.—*Bishop Burnet, History of his own Time*: an. 1669.

If the bone be dressed, the flesh will soon arise in that cut of the bone, and make *exfoliation* of what is necessary, and incarn it.—*Wiseman, Surgery.*

Exfóliative. *s.* That which has the power of procuring exfoliation.

Dress the bone with the milder *exfoliatives*, till the burnt bone is cast off.—*Wiseman, Surgery.*

Exhálable. *adj.* Capable of being evaporated or exhaled.

The fire may resolve some of the more spirituous and *exhalable* parts, whereof distillation has shewn me that alabaster is not destitute, into vapours.—*Boyle.*

Exhálant. *adj.* and *s.* Having the power of exhaling; that which exhales. (spelt with *e* wrongly in extract.)

As a general rule, he [Dr. Cullen] supposes expectorants to operate ... by increasing the flow of the superficial *exhalents* at large.—*Good.*

Éxhalate. *v. a.* Exhale. *Rare.*

The flitting clouds it ceaselesse *exhalates*.
Sylvester, Du Bartas. (Ord MS.)

Exhalátion. *s.*

1. Act of exhaling or sending out in vapours; emission; evaporation.

In their convivial garlands they had respect unto plants preventing drunkenness, or discussing the *exhalations* from wine.—*Sir T. Browne, Miscellanies*, p. 91.

2. That which rises in vapours, and sometimes takes the form of meteors.

No nat'ral *exhalation* in the sky,
No 'scape of nature, no distemper'd day,
But they would pluck away its nat'ral cause,
And call them meteors, prodigies, and signs.
Shakespear, King John, iii. 4.

It is no wonder if the earth be often shaken, there being quantities of *exhalations* within those mines, or cavernous passages, that are capable of rarefaction and inflammation.—*T. Burnet.*

The growing tow'rs like *exhalations* rise,
And the huge columns heave into the skies. *Pope.*

Exhále. *v. a.* [Lat. *exhalo* (*ex* = out, and *halo* = breathe); pres. part. *exhalans*, *-antis*]; pass. part. *exhalatus*; *exhalatio*, *-onis*.]

1. Send or draw out in vapours or fumes.

Yon light is not daylight, I know it well:
It is some meteor that the sun *exhales*,
To be to thee this night a torch-bearer.
Shakespear, Romeo and Juliet, iii. 5.

I flattered myself with the hopes that the vapour had been *exhaled*.—*Sir W. Temple.*

Fear freezes minds; but love, like heat,
Exhales the soul sublime to seek her native seat.
Dryden.

2. Draw out.

See, dead Henry's wounds
Open their congeal'd mouths, and bleed afresh!
Blush, blush, thou lump of foul deformity;
For 'tis thy presence that *exhales* this blood
From cold and empty veins, where no blood dwells!
Shakespear, Richard III. i. 2.

Exhálement. *s.* Matter exhaled; vapour.

Nor will polished amber, although it send forth a gross and corporal *exhalement*, be found a long time defective upon the exactest scales.—*Sir T. Browne, Vulgar Errours.*

Exhaúst. *v. a.* [Lat. *exhaustus*, pass. part. of *exhaurio* = draw out.]

1. Drain; diminish; deprive by draining.

Spermatick matter of a vitious sort abounds in the blood, *exhausts* it of its best spirits, and derives the flower of it to the seminal vessels.—*Wiseman.*

2. Draw out totally; draw till nothing is left.

Single men be many times more charitable, because their means are less *exhausted*.—*Bacon, Essays.*

Though the knowledge they have left us be worth our study, yet they *exhausted* not all its treasures: they left a great deal for the industry and sagacity of after-ages.—*Locke.*

With special reference to the *method* of Exhaustion.

The witnesses of whom we are speaking must, from the nature of the case, be of a kind whose credibility falls materially short of certainty: let us suppose, then, the credibility of the witness in the case in question to be nine tenths; that is, let us suppose that in every ten statements which the witness makes, nine on an average are correct, and one incorrect. Let us now suppose that there have taken place a sufficient number of drawings to *exhaust* all the possible combinations, the witness deposing in every one. In one case out of every ten in all these drawings, he will actually have made a false announcement.—*J. S. Mill, System of Logic*, iii. 6.

3. Draw forth. *Rare.*

The babe,
Whose dimpled smiles from fools *exhaust* their mercy. *Shakespear, Timon of Athens*, iv. 2.

4. In *Physics.* Form a vacuum by drawing out air by means of an air-pump.

For exceedingly delicate purposes, the concentration may be performed in the cold, by placing saucers filled with the expressed juice over a basin containing sulphuric acid, putting a glass receiver over them, and *exhausting* the air.—*Ure, Dictionary of Arts, Manufactures, and Mines.*

Exhaúst. *adj.* Exhausted. *Rare.*

Intemperate, dissolute, *exhaust* through riot.—*Burton, Anatomy of Melancholy*, p. 63.

The nursling grove
Seems fair awhile, cherish'd with foster earth;
But when the alien compost is *exhaust*,
Its native poverty again prevails. *Philips.*

Exhaústed. *part. adj.* Deprived of strength; weakened.

Hannibal was arrived in Italy, but with a force so weakened by its losses in men and horses, and by the *exhausted* state of the survivors, that he might seem to have accomplished his great march in vain —*Arnold, History of Rome*, ch. xliii.

Exhaúster. *s.* One who, or that which, draws out totally.

Which of the ancients was this *exhauster* of nature, could explain its phenomena, or tell how things are brought to pass?—*Ellis, Knowledge of Divine Things*, p. 397.

Exhaústible. *adj.* Capable of being exhausted.

His uncle, Mr. Martin, a lieutenant-colonel, left him about two thousand pounds; a sum which Collins could scarcely think *exhaustible*, and which he did not live to exhaust.—*Johnson, Life of Collins.*

Exhaústing. *part. adj.* Wholly or approximately depriving anything of some particular quality: (commonly applied to processes which end in the *loss of strength*).

A series of *exhausting* paroxysms succeeds.—*Mason Good, System of Medicine.*

Exhaústion. *s.*

1. Act of drawing or draining.

Great *exhaustions* cannot be cured with sudden remedies.—*Sir H. Wotton, Reliquiæ Wottonianæ*, p. 334.

I found, by the long use of two or three physicians, the *exhaustion* of my purse as great as other evacuations.—*Ibid.* p. 561.

2. In *Logic* and *Mathematics.* Method by which a point is proved by showing that any other alternative is impossible, all the elements of an opposite argument being anticipated and exhausted.

The method of *exhaustions* [in mathematics] is a way of proving the equality of two magnitudes, by a reductio ad absurdum; showing that, if one be either greater or less than the other, there will arise a contradiction. The method of *exhaustions* was in frequent use among the ancient mathematicians, as Euclid, Archimedes.—*Rees, Cyclopædia*, in voce.

3. In *Physics.* Formation of a vacuum.

One powerful airpump may form and maintain a good vacuum under several receivers, placed upon the flat ground flanges of so many basins, each provided with a stopcock at its side for *exhaustion*.—*Ure, Dictionary of Arts, Manufactures, and Mines, Extracts.*

Exhaústive. *adj.* Productive of, or characterized by, exhaustion: (most commonly applied to the *method* of Exhaustion).

The *exhaustive* process is often applied to questions unsusceptible of the necessary limitations.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, pt. iii. ch. iv.

Exhaústless. *adj.* Not to be emptied; not to be all drawn off; inexhaustible.

Of heat and light, what everduring stores
Brought from the sun's *exhaustless* golden shores,
Through gulphs immense of intervening air,
Enrich the earth. *Sir R. Blackmore.*

So with superiour boon may your rich soil,
Exuberant, nature's better blessings pour
O'er ev'ry land, the naked nations clothe,
And be the *exhaustless* granary of a world.
Thomson, Seasons, Spring.

Exhaústment. *s.* Drain; diminution; outgoing. *Rare.*

This bishoprick being already very meanly endowed, in regard of the continual charge and *exhaustments* of the place.—*Bishop Williams, To the Duke of Buckingham, Cabala*, p. 55.

Exheredátion. *s.* Disinheriting.

By the ancient Roman law, the father might pronounce *exheredation* without any cause; but the rigour of this law was restrained, and moderated, by Justinian.—*Chambers.*

Exhereditátion. *s.* [Lat. *heres* = heir; *hereditas*, *-atis* = heirdom.] Disinheriting; disherison.

There are unanswerable dissuasions from punishing to *exhereditation* and loss of life.—*Waterhouse, Apology for Learning*, p. 251: 1653.

Exhíbit. *v. a.* [Lat. *exhibitus*, pass. part. of *exhibeo*.]

1. Offer to view or use; offer or propose in a formal or public manner.

If any claim redress of injustice, they should *exhibit* their petitions in the street.—*Shakespear, Measure for Measure*, iv. 4.

He suffered his attorney-general to *exhibit* a charge of high treason against the earl.—*Lord Clarendon, History of the Grand Rebellion.*

2. Show; display.

One of an unfortunate constitution is perpetually *exhibiting* a miserable example of the weakness of mind and body.—*Pope.*

Exhíbit. *s.* Any paper formally exhibited in a court of law or equity.

File is a thread or wire, whereon writs and other *exhibits* in courts and offices are filed.—*Cowell.*

Exhíbiter. *s.* One who exhibits or proposes anything in a public manner.

He seems indifferent,
Or rather swaying more upon our part,
Than cherishing the *exhibiters* against us.
Shakespear, Henry V. i. 1.

Exhibítion. *s.*

1. Act of exhibiting; display; setting forth: (applied of late to *special displays*, so as to be almost as much of a *proper* as a *common* term).

What are all mechanick works, but the sensible *exhibition* of mathematick demonstrations?—*Grew, Cosmologia Sacra.*

2. Allowance; salary; pension: (used for *pensions* allowed to scholars at the *university*).

I crave fit disposition for my wife,
Due preference of place and *exhibition*,
As levels with her breeding.
Shakespear, Othello, i. 3.

What maintenance he from his friends receives,
Like *exhibition* thou shalt have from me.
Id., Two Gentlemen of Verona, i. 3.

All was assigned to the army and garrisons there, and she received only a pension or *exhibition* out of his coffers.—*Bacon.*

He is now neglected, and driven to live in exile upon a small *exhibition*.—*Swift.*

(See also extract under next entry.)

3. Payment; recompense.

I would not do such a thing for gowns, petticoats, nor caps, nor any petty *exhibition*.—*Shakespear, Othello*, iv. 3.

Exhibítioner. *s.* One who, in our English universities, receives a pension or allowance bequeathed by benefactors for the encouragement of learning.

If in the opinion of the examiners any candidates in the honours division of not more than twenty years of age shall possess sufficient merit, the first among such candidates shall receive an *exhibition* of thirty pounds per annum for the next two years; the second among such candidates shall receive an *exhibition* of twenty pounds per annum for the next two years; and the third shall receive an *ex-*

hibition of fifteen pounds per annum for the next two years; such *exhibitions* to be payable in quarterly instalments, provided that on receiving each instalment the *exhibitioner* shall declare his intention of presenting himself either at the two examinations for B.A., or at the two examinations for B.Sc., or at the preliminary scientific and first M.B. examinations, within three academical years from the time of his passing the matriculation examination.—*Regulations for the Matriculation Examination, University of London*, 1865.

Exhíbitive. *adj.* Representative; displaying.

Truths must have an eternal existence in some understanding; or rather, they are the same with that understanding itself, considered as variously *exhibitive* or representative, according to the various modes of inimitability or participation.—*Norris.*

Exhibitive symbols of Christ's body and blood.—*Waterland, Charge on the Eucharist*, p. 4.

Exhíbitively. *adv.* In an exhibitive manner; representatively.

The trope lies in the verb 'was,' put for 'signify,' or '*exhibitively* signify.'—*Waterland, Charge on the Eucharist*, p. 12.

Exhíbitor. *s.* One who exhibits: (as 'an *exhibitor* at the Great Exhibition').

The *exhibitors* of that shew politickly had placed whifflers armed and linked through the hall.—*Gayton, Notes on Don Quixote*, p. 245.

Exhíbitory. *adj.* Setting forth; showing.

In an *exhibitory* bill, or schedule, of expences for their removal this year, as it seems, mention is made of carrying the clock from the college-hall to Garsington-house.—*T. Warton, Life of Sir T. Pope*, p. 379.

Exhílarate. *v. a.* [Lat. *hilaris* = merry.] Make cheerful; cheer; fill with mirth; enliven; gladden.

The coming into a fair garden, the coming into a fair room richly furnished, a beautiful person, and the like, do delight and *exhilarate* the spirits much.—*Bacon, Natural and Experimental History.*

Let them thank
Boon nature, that thus annually supplies
Their vaults, and with her former liquid gifts
Exhilarates their languid minds, within
The golden mean confin'd. *Philips.*

Exhílarate. *v. n.* Become glad.

The shining of the sun, whereby all things *exhilarate*, and do fructify, is either hindered by clouds above, or mists below.—*Bacon, Speech in Parliament to the Speaker's Excuse.*

Exhílarating. *part. adj.* Having the power or tendency to exhilarate.

The force of that fallacious fruit,
That with *exhilarating* vapours bland
About their spirits had play'd, and inmost pow'rs
Made err, was now exhal'd.
Milton, Paradise Lost, ix. 1046.

Exhilarátion. *s.* Act of giving gaiety; state of being enlivened.

Exhilaration hath some affinity with joy, though it be a much lighter motion.—*Bacon, Natural and Experimental History.*

Exhórt. *v. a.* [Lat. *hortor*, part. *hortatus*.] Incite by words to any good action.

We beseech you, and *exhort* you by the Lord Jesus, that as ye have received of us how you ought to walk, so ye would abound.—1 *Thessalonians*, iv. 1.

My duty is to *exhort* you to consider the dignity of that holy mystery.—*Book of Common Prayer.*

Designing or *exhorting* glorious war.
Milton, Paradise Lost, ii. 179.

Exhórt. *s.* Exhortation.

Urge those who stand, and those who faint excite;
Drown Hector's vaunts in loud *exhorts* of fight.
Pope, Homer's Iliad, xii.

Exhortátion. *s.*

1. Act of exhorting; incitement to good.

If we will not encourage publick beneficence, till we are secure that no storm shall overturn what we help to build, there is no room for *exhortations* to charity.—*Bishop Atterbury.*

Persuasion, therefore, depends on, first, argument, (to prove the expediency of the means proposed,) and secondly, what is usually called *exhortation*, i.e. the excitement of men to adopt those means, by representing the end as sufficiently desirable.—*Whately, Elements of Rhetoric*, pt. i. ch. i. § 1.

2. Form of words by which one is exhorted.

I'll end my *exhortation* after dinner.
Shakespear, Merchant of Venice, i. 1.

Exhórtative. *adj.* Containing exhortation.

Considering St. Paul's style and manner of expression in the preceptive and *exhortative* part of his epistles.—*Barrow, Sermons*, 8.

Exhórtatory. *adj.* Tending to exhort.

There was read at St. Ann's church an *exhortatory* letter to the clergy from the bishop of London.—*Evelyn, Diary*, A. D. 1690.

Exhórter. *s.* One who exhorts or encourages by words.

A most devout *exhorter*, and a most earnest perswader. — *Martyn, Treatise on the Marriage of Priestes*, sign. Aa. 4: 1554.

Exhumátion. *s.* [Lat. *humus* = ground.] Act of disinterring, or removing out of the grave.

Mr. Flecquet says, in his collection of Tracts relative to the *exhumation* in the great church at Dunkirk, that the town became more healthy after the bodies of those who had been buried in it had been taken up.—*Seward, Anecdotes*, v. 288.

Exhúme. *v. a.* Take from out of the ground; disinter.

More than a dozen bodies were thus unnecessarily *exhumed*.—*Watson, History of the Reign of Philip III.*

Exíconize. *v. a.* [Gr. *εἰκών* = image.] Image; figure. *Rare.*

Our faith, if you take in the whole, is no other than what is *exiconized* in the Apostle's creed, included in the Scriptures.—*Hammond, Workes*, ii. 701. (Rich.)

Éxigence. *s.* Demand; want; need.

As men, we are at our own choice, both for time and place and form, according to the *exigence* of our own occasions in private.—*Hooker, Ecclesiastical Polity.*

Éxigency. *s.* Demand; want; need; pressing necessity; sudden occasion.

While our fortunes exceed not the measure of real convenience, and are adapted to the *exigencies* of our station, we perceive the hand of Providence in our gradual and successive supplies.—*Rogers.*

This dissimulation in war may be called stratagem and conduct; in other *exigencies* address and dexterity.—*Broome.*

You have heard what the present condition and *exigencies* of these several charities are.—*Bishop Atterbury.*

Now in such *exigencies* not to need,
Upon my word, you must be rich indeed!
A noble superfluity it craves,
Not for yourself, but for your fools and knaves.
Pope.

If... that man is to be accounted the most perfect orator who (as Cicero lays down) can speak the best and most persuasively on any question whatever that may arise, it may fairly be doubted whether a first-rate man can be a first-rate orator. He may indeed speak admirably in a matter he has well considered; but when any new subject or new point is started in the course of a debate, though he may take a juster view of it at the first glance, on the *exigency* of the moment, than any one else could, he will not fail,—as a man of more superficial cleverness would,—to perceive how impossible it must be to do full justice to a subject demanding more reflection and inquiry.—*Whately, Elements of Rhetoric*, introd.

It is therefore now universally held that a government which unnecessarily exceeds its powers ought to be visited with severe parliamentary censure, and that a government which, under the pressure of a great *exigency*, and with pure intentions, has exceeded its powers, ought without delay to apply to Parliament for an act of indemnity.—*Macaulay, History of England*, ch. i.

Éxigent. *s.*

1. Pressing business; occasion that requires immediate help.

In such an *exigent* I see not how they could have staid to deliberate about any other regiment than that which already was devised to their hands.—*Hooker, Ecclesiastical Polity*, pref.

The council met, your guards to find you sent,
And know your pleasure in this *exigent*. *Waller.*

Prayer and fasting were his certain refuge in all *exigents*.—*Bishop Fell, Life of Hammond.*

2. In *Law*. Writ issued when the defendant is not to be found, being part of the process leading to an outlawry.

3. End.

These eyes, like lamps whose wasting oil is spent,
Wax dim, as drawing to their *exigent*.
Shakespear, Henry VI. Part I. ii. 5.

Éxigent. *adj.* [Lat. *exigens, -entis*, pres. part. of *exigo*; from *ex* = out, and *ago* = drive.] Pressing; requiring immediate aid.

At this *exigent* moment, the loss of a finished man is not easily supplied.—*Burke.*

Éxigible. *adj.* Capable of being demanded.

The paper currencies of North America consisted, not in bank notes payable to the bearer on demand, but in a government paper, of which the payment was not *exigible* till several years after it was issued.—*Adam Smith, Wealth of Nations*, i. 232. (Ord MS.)

Exigúity. *s.* Smallness; diminutiveness; slenderness.

The *exiguity* and shape of the extant particles is now supposed.—*Boyle, Experiments and Considerations touching Colours.*

A garment suggesting a coachman's greatcoat, cut out under an *exiguity* of cloth... is not well adapted to conceal deficiencies of contour, &c.—*Silas Marner*, ch. xi.

Exíguous. *adj.* [Lat. *exiguus*.] Small; diminutive; little.

Their subtile parts and *exiguous* dose are consumed and evaporated in less than two hours' time.—*Harvey.*

Protected mice,
The race *exiguous*, uninur'd to wet,
Their mansions quit, and other countries seek.
Philips, Fall of Chloe's Jordan.

Éxile. *s.* (often, in the older poets, with the *accent* on the *second* syllable.)

1. Banishment; state of being banished from one's country.

Our state of bodies would bewray what life
We've led since thy *exile*.
Shakespear, Coriolanus, v. 3.

2. Person banished.

O must the wretched *exiles* ever mourn,
Nor after length of rolling years return?
Dryden, Virgil's Æneid.

Exíle. *v. a.* Banish; drive from a country; transport.

Foul subordination is predominant,
And equity *exil'd* your highness' land.
Shakespear, Henry VI. Part II. iii. 1.

For that offence,
Immediately we do *exile* him hence.
Id., Romeo and Juliet, iii. 1.

They, fettered with the bonds of a long night, lay there *exiled* from the eternal Providence.—*Wisdom*, xvii. 2.

His brutal manners from his breast *exil'd*,
His mien he fashion'd, and his tongue he fil'd.
Dryden.

Arms and the man I sing, who forc'd by fate,
And haughty Juno's unrelenting hate,
Expell'd and *exil'd*. *Id., Virgil's Æneid*

Exíle. *adj.* [Lat. *exilis* = mean.] Small; slender; not full; not powerful.

It were good to enquire what means may be to draw forth the *exile* heat which is in the air; for that may be a secret of great power to produce cold weather.—*Bacon.*

In a virginal, when the lid is down, it maketh a more *exile* sound than when the lid is open.—*Id., Natural and Experimental History.*

Exíled. *adj.* Same as the preceding. *Rare.*

Which (to my *exiled* and slender learning) have made this little treatise against dice-playing, daunc-ing, and vaine playes or enterludes.—*Northbrooke, Against Dicing*: 1677. (Nares by H. and W.)

Exílement. *s.* Banishment.

Fitzosborn was discarded into a foreign service for a pretty shadow of *exilement*.—*Sir H. Wotton, Characters of Kings of England.*

Exílity. *s.* Slenderness; smallness; diminution.

Certain flies, called ephemera, live but a day: the cause is the *exility* of the spirit, or perhaps the absence of the sun.—*Bacon.*

For *exility* of the voice, or other sounds, it is certain that the voice doth pass through solid and hard bodies, if they be not too thick; and through water, which is likewise a very close body, and such an one as letteth not in air.—*Id.*

A body, by being subtilized, can lose nothing of its corporeity; neither can it hereby gain anything but *exility*; for all degrees of subtilty are essentially the same thing.—*Grew.*

It is with great propriety that *subtlety*, which, in its original import, means *exility* of particles, is taken, in its metaphorical meaning, for nicety of distinction.—*Johnson, Lives of the Poets, Cowley.*

Eximious. *s.* [Lat. *eximius* = excellent.] Famous; eminent; conspicuous; excellent.

Who sees not that, in this first and principal mystery of our religion, the Holy Spirit is exhibited to us as a person, that about him, as such, this excellent part of our duty, this *eximious* worship is conversant?—*Barrow, Sermons*, i. 24.

Exínanite. *v. a.* [Lat. *inanis* = empty, void.] Make empty; spoil; weaken; make of no force. *Rare.*

He *exinanited* himself, and took the form of a servant.—*Rhemish Translation of the New Testament, Philippians*, ii. 7.

Exinanition. *s.* Privation; loss; emptiness.

So wert thou, for the great work of our redemption, willing to be led from the mount Tabor to mount Calvary, from the height of that glory, to the

lowest depth of sorrow, pain, *exinanition*.—*Bishop Hall, Mystery of Godliness*, § 3.

Philoponus calls the habituate sinner, of returning the gross habit of sin to a spareness and slenderness of stature, an *exinanition* of that carnal appetite which hath brought in all the grosser joys which hitherto we have fed on.—*Hammond, Works*, iv. 478.

If the assumption of the form of a servant be contemporary with his *exinanition*; if that *exinanition* necessarily presupposeth a plenitude as indispensably antecedent to it, if the form of God be also coeval with that precedent plenitude, then must we confess, Christ was in the form of God, before he was in the form of a servant.—*Bishop Pearson, Exposition of the Creed*, art. ii.

Diseases of *exinanition* are more dangerous than diseases of repletion.—*G. Herbert, Country Parson*, ch. xxvi.

He is not more impotent in his glory than he was in his *exinanition*.—*Dr. H. More, Decay of Christian Piety.*

Exíntricate. *v. a.* Extricate. *Rare.*

A man surprised is even in reason half beaten; being taken at a disadvantage from which he has no way to *exintricate* himself but by the dexterousness of his ingenuity.—*Felltham, Resolves*, ii. 60.

Exíst. *v. n.* [see Existence.] Have a being.

It is as easy to conceive that an Almighty Power might produce a thing out of nothing, and make that to *exist* de novo, which did not *exist* before; as to conceive the world to have had no beginning, but to have *existed* from eternity.—*South, Sermons.*

It seems reasonable to enquire, how such a multitude comes to make but one idea, since that combination does not always *exist* together in nature.—*Locke.*

One year is past, a different scene!
No farther mention of the dean:
Who now, alas, no more is missed
Than if he never did *exist*. *Swift.*
(See also last extract under next entry.)

Exístence. *s.* [*Exist* differs from the so called verbs substantive, *am*, *is*, *was*, *be* (see Am, Be), in never being used as a copula; and from the derivatives of *ens*, so long as they are other than compound, in suggesting the notion of objective or real, rather than subjective or nominal, being (see Entity). The verbal element in *exist* is *sto* = stand, from which *si-sto* is formed by reduplication, the adverbial element being *ex*. In *entity* there is no adverbial element; and the verbal element is *ens*. In *essence*, the verbal element is the same as in *ens*, the adverbial element the same as in the word before us, i.e. the *es* is a modification of *ex*; having nothing to do with the Latin Infinitive *esse*. *Essentia* = *exentia* = Gr. *ἐξουσία*, and, in so far as it denotes an actual power or quality, more nearly allied in import with Existence than with Entity.] State of being; actual possession of being.

The soul, secur'd in her *existence*, smiles
At the drawn dagger, and defies its point.
Addison, Cato.

When a being is considered as possible, it is said to have an essence or nature: such were all things before the creation. When it is considered as actual, then it is said to have *existence* also.—*Watts, Logic.*

What does *existence* relative in time imply? It implies, 1, that we are unable to realise in thought: on the one pole of the irrelative, either an absolute commencement or an absolute termination of time; as on the other, either an infipite non-commencement, or an infinite non-termination of time.—*Sir W. Hamilton, Discussions, &c.*, p. 591.

In the first book we found that all the assertions which can be conveyed by language, express some one or more of five different things; *existence*; order in place; order in time; causation; and resemblance. Of these, causation, in our view of the subject, not being fundamentally different from order in time, the five species of possible assertions are reduced to four. The propositions which affirm order in time, in either of its two modes, co-existence and succession, have formed, thus far, the subject of the present book. And we have now concluded the exposition, so far as it falls within the limits assigned to this work, of the nature of the evidence on which these propositions rest, and the processes of investigation by which they are ascertained and proved. There remain three classes of facts: *existence*, order in place, and resemblance; in regard to which the same questions are now to be resolved. Regarding the first of these, very little needs be said. *Existence* in general, is a subject not for our science, but for metaphysics. To determine what things can be recognised as really existing, independently of our own sensible or other impressions, and in what meaning the term is, in that case, predicated of them, belongs to the consideration of 'things in themselves,' from which, throughout this work, we have as much as possible kept aloof. *Existence*, so far as logic is concerned about it, has reference only to phenomena; to actual, or possible, states of external or internal consciousness, in ourselves or others. Feelings of sensitive beings, or possibilities of having such feelings, are the only things the *existence* of which can be a subject of logical induction, because the only things of which the existence in individual cases can be a subject of experience. It is true that a thing is said by us to *exist*, even when it is absent, and therefore is not and cannot be perceived. But even then, its *existence* is to us only another word for our conviction that we should perceive it on a certain supposition; namely, if we were in the needful circumstances of time and place, and endowed with the needful perfection of organs. My belief that the Emperor of China *exists*, is simply my belief that if I were transported to the imperial palace or some other locality in Pekin, I should see him. My belief that Julius Cæsar *existed*, is my belief that I should have seen him if I had been present in the field of Pharsalia, or in the senate-house at Rome. When I believe that stars *exist* beyond the utmost range of my vision, though assisted by the most powerful telescopes yet invented, my belief, philosophically expressed, is, that with still better telescopes, if such *existed*, I could see them, or that they may be perceived by beings less remote from them in space, or whose capacities of perception are superior to mine. The *existence*, therefore, of a phenomenon, is but another word for its being perceived, or for the inferred possibility of perceiving it. When the phenomenon is within the range of present observation, by present observation we assure ourselves of its *existence*; when it is beyond that range, and is therefore said to be absent, we infer its *existence* from marks or evidences. But what can these evidences be? Other phenomena; ascertained by induction to be connected with the given phenomenon, either in the way of succession or of *coexistence*. The simple *existence*, therefore, of an individual phenomenon, when not directly perceived, is inferred from some inductive law of succession or *coexistence*; and is consequently not amenable to any peculiar inductive principles. We prove the *existence* of a thing, by proving that it is connected by succession or *coexistence* with some known thing. With respect to general propositions of this class, that is, which affirm the bare fact of *existence*, they have a peculiarity which renders the logical treatment of them a very easy matter; they are generalizations which are sufficiently proved by a single instance. That ghosts, or unicorns, or sea-serpents *exist*, would be fully established if it could be ascertained positively that such things had been even once seen. Whatever has once happened, is capable of happening again; the only question relates to the conditions under which it happens. So far, therefore, as relates to simple *existence*, the inductive logic has no knots to untie.—*J. S. Mill, System of Logic*, ch. xxiv. § 1.

Exístency. *s.* Existence.

Nor is only the *existency* of this animal considerable, but many things delivered thereof.—*Sir T. Browne, Vulgar Errours.*

It is impossible any being can be eternal with successive eternal physical changes, or variety of states, or manner of *existency*, naturally and necessarily concomitant unto it.—*Sir M. Hale.*

It is a pleasant story that we forsooth, who are the only imperfect creatures in the universe, are the only beings that will not allow of imperfection. Somebody has taken notice, that we stand in the middle of *existencies*, and are by this one circumstance the most unhappy of all others.—*Tatler*, no. 246.

Exístent. *adj.* Having being; in possession of being or of existence.

Whatsoever sign the sun possessed, whose recess or vicinity defineth the quarters of the year, those seasons were actually *existent*.—*Sir T. Browne, Vulgar Errours.*

The eyes and minds are fastened on objects which have no real being, as if they were truly *existent*.—*Dryden.*

Existéntial. *adj.* Having existence.

Enjoying the good of existence . . . and the being deprived of that *existential* good.—*Bishop Barlow, Remains*, p. 483.

Exístible. *adj.* Capable of existing or of existence. *Rare.*

It is evident, that all corporeal and sensible perfections are in some way *existible* in the human mind.—*Grew, Cosmologia Sacra*, p. 119. (Ord MS.)

Existimátion. *s.* [Lat. *existimatio*, *-onis*, from *existimo* (*ex* + *estimo*) = esteem, think.] Esteem; opinion. *Obsolete.*

As thoughe the whole *existimacion* of theyr wisdome were in jeopardy to be overthrowne, and that ever after they should be counted for very diserdes.—*Sir T. More, Utopia.* (Nares by H. and W.)

How this is to be accounted for I know not; but men's *existimation* follows us according to the company we keep.—*Spectator*, no. 456. (Rich.)

Exísting. *part. adj.* Actual; connected with the time being.

Notwithstanding his narrow-minded notions on political matters, his slavish adherence to the Tory party, his bigoted veneration for *existing* things, and hatred of all disaffection, or even discontent, the courage and perseverance which he displayed . . . was not surpassed by the technical ability which he showed.—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Lord Chief Justice Gibbs.*

Éxit. *s.* [from the third person singular of the present tense of Lat. *exeo* (*ex* = out, and *eo* = go) = go out; the meaning being 'he' or 'she goes out,' or 'makes an exit.'] Term set in the margin of plays to mark the time at which the player goes off the stage; act of quitting the stage; act of quitting the theatre of life.

All the world's a stage,
And all the men and women merely players:
They have their *exits* and their entrances,
And one man in his time plays many parts.
Shakespear, As you like it, ii. 7

A regard for fame becomes a man more towards the *exit*, than at his entrance into life.—*Swift.*

Many of our old comrades live a short life, and make a figure at their *exit*.—*Id.*

Éxit. *s.* [from Lat. *exitus*, a substantive from the same origin as the preceding = going out; outgoing; outlet.] Passage out of any place; way by which there is a passage out.

In such a pervious substance as the brain, they might find an easy either entrance or *exit*, almost every where.—*Glanville.*

The fire makes its way, forcing the water forth through its ordinary *exits*, wells, and the outlets of rivers.—*Woodward.*

Exítial. *adj.* [Lat. *exitialis*; from *exitium* = destruction.] Destructive; fatal; mortal; deleterious.

Most *exitial* fevers, although not concomitated with the tokens, exanthemata, anthraces, or carbuncles, are to be censured pestilential.—*Harvey, On the Plague.*

Exítious. *adj.* Same as Exitial. *Rare.*

To this end is come that beginning of setting up of images in churches, then judged harmless, in experience proved not only harmfull, but *exitious* and pestilent.—*Homilies against Idolatry*, pt. iii.

Éxode. *s.* [Gr. *ἐξόδιον*.] Interlude, or farce, following a tragedy.

The Romans had three plays acted one after another, on the same subject; the first a real tragedy, the second the Atellane; the third a satire or *exode*, a kind of farce of one act.—*Lord Roscommon.*

Éxodus. *s.* [Gr. *ἔξοδος*.] Departure; journey from a place: (the second book of the Pentateuch is so called, because it describes the *journey* of the Israelites *from Egypt*).

The men of Hamel date all their publick matters especially, from this *exodus*, or going forth of the children, setting it down next to the year of our Lord.—*Gregory, Posthuma*, p. 107.

Éxody. *s.* Same as Exodus.

In all probability their years continued to be three hundred and sixty-five days, ever since the time of the Jewish *exody* at least.—*Sir M. Hale, Origination of Mankind.*

Éxogen. *s.* Exogenous plant, tree, or herb. See Exogenous.

Exógenous. *adj.* [Gr. *ἔξω* = out, without, and the root of *γίγνομαι* = be born, become; *γένος* = generation, race: opposed to Endogenous, from *ἔνδον* = within.] In *Botany*. Increasing or growing outwardly, i.e. from the axis or centre to the circumference: (*endogenous* meaning the opposite, or growing inwardly, or with a direction towards the centre rather than the circumference. As the *exogenous* flowering plants have *two* seed-leaves, or cotyledons, and the *endogenous* but *one*, the terms *exogenous* and *dicotyledonous* coincide; as do *endogenous* and *monocotyledonous*).

In its internal structure the stem of flowering plants is subject to two principal and to several subordinate modifications. The former are well illustrated by such plants as the oak and the cane. . . . A transverse slice of the former exhibits a central substance or pith, an external cellular integument

or bark, having often a fibrous lining or liber, an intermediate woody mass, and certain fine lines radiating from the pith to the bark, through the wood, and called medullary rays: this is called the *exogenous* structures. In the cane, on the contrary, neither bark, nor pith, nor wood, nor medullary rays, are distinguishable; but the transverse section exhibits a larger number of holes irregularly arranged, and caused by the section of bothrenchymatous and vascular tissue, and of the mass of woody and cellular substance in which they lie imbedded. This kind of structure is named *endogenous*.... According to Dutrochet and others, the pith does not extend into the root of *exogens*; and it certainly occurs there, when woody, in very small quantity, if at all.... Each zone of the vascular system of an *exogenous* stem being the result of a single year's growth, it should follow that to count the zones apparent in a transverse section is sufficient to determine the age of the individual tree under examination.... In this view of the growth of *endogens* the trunk of such plants must consist of a series of arcs, directed from above inwards, and then from within outwards.... If Mohl's view of the structure of *endogens* be correct, they must after a time lose the power of growing, in consequence of the whole of the lower part of their stems being choked up by the multitude of descending woody bundles. The lower part of their bark, too, must be much harder, that is much more filled with woody bundles, than the upper. The hardness of the exterior of palm stems cannot be owing to the pressure of new matter from within outwards, but to some cause analogous to the formation of heartwood in *exogens*.—*Lindley, Introduction to Botany*, b. i. ch. ii. sect. 11. § 1, 2.

Very few of the genera of plants, or even of the families, can be pronounced with certainty to be kinds. The great distinctions of vascular and cellular, dicotyledonous or *exogenous* and monocotyledonous or endogenous, are perhaps differences of kind; the lines of demarcation which divide those classes seem (though even on this I would not pronounce positively) to go through the whole nature of the plants. But the different species of a genus, or genera of a family, usually have in common only a limited number of characters.—*J. S. Mill, System of Logic.*

Éxolete. *adj.* [Lat. *exoletus*; part. of *exolesco* = begin to grow old, or worn out.] Stale. *Rare.*

It is true, what Aristotle said, rain water is new and fresh, that of lakes old and *exolete*.—*Plutarch's Morals*, iii. 460. (Ord MS.)

Exónerate. *v. a.* [Lat. *onus* = burden.] Unload; disburthen; free from any heavy charge.

The glands being a congeries of vessels curled, circumgirated, and complicated, give the blood time to separate through the capillary vessels into the secretory ones, which afterwards all *exonerate* themselves into one common ductus.—*Ray.*

Exonerátion. *s.* Act of disburthening, or discharging.

The body is adapted unto eating, drinking, nutrition, and other ways of repletion and *exoneration*.—*Grew.*

Éxorable. *adj.* [Lat. *oro* = pray.] Capable of being moved by entreaty: (the negative compound Inexorable *commoner*).

I doubt too many of you will be too *exorable* in this point.—*Sir J. Harrington, Apologie of Poetrie.*

He was always *exorable* to offenders.—*Bishop Hacket, Life of Archbishop Williams.*

To be patient, *exorable*, and reconcileable to those who give the greatest cause of offence.—*Barrow, Sermons*, i.

If you repent and turn to Him, He is so *exorable* and pitiful, that no tender parent hath more yearning bowels, or more open arms to receive his prodigal and lost son.—*Goodman, Winter Evening Conference*, p. 259.

Exorátion. *s.* Prayer to beg off anything; entreaty in general. *Rare.*

I am blind
To what you do; deaf to your cries; and marble
To all impulsive *exorations*.
Beaumont and Fletcher, Love's Cures, v. i. (Rich.)

Exórbitance. *s.* [Lat. *orbis* = orb, sphere.]

1. Act of going out of the track prescribed: (as stars *moving out of* their *spheres*).

All these *exorbitances* in nature serve to foil and set off the general beauty and elegancy of its works.—*J. Spencer, Discourse concerning Prodigies*, p. 133.

2. Enormity; gross deviation from rule or right.

Bewail the lamentable *exorbitances* of their superstitions.—*Bishop Hall, Remains*, p. 31.

Curbing their wild *exorbitance* almost in the other extreme.—*Milton, Doctrine and Discipline of Divorce.*

They riot still,
Unbounded in *exorbitance* of ill.
Garth, Dispensary.

Exórbitancy. *s.* Same as Exorbitance.

I see some degree of this fault cleave to those, who have eminently corrected all other *exorbitancies* of the tongue.—*Dr. H. More, Government of the Tongue*, p. 40.

The reverence of my presence may be a curb to your *exorbitancies*.—*Dryden, Spanish Friar.*

The people were grossly imposed on, to commit such *exorbitancies* as could not end but in the dissolution of the government.—*Swift, Discourse upon the Contests and Dissensions between the Nobles and Commons in Athens and Rome.*

Exórbitant. *adj.*

1. Going out of the prescribed track; deviating from the course appointed or rule established.

Once more I will renew
His lapsed powers, though forfeit, and enthrall'd
By sin to foul *exorbitant* desire.
Milton, Paradise Lost, iii. 175.

What signifies the fiction of the tortoise riding upon the wings of the wind, but to prescribe bounds and measures to our *exorbitant* passions?—*Sir R. L'Estrange.*

These phenomena are not peculiar to earthquakes in our times, but have been observed in all ages, and particularly those *exorbitant* commotions of the waters of the globe.—*Woodward, Essay towards a Natural History of the Earth.*

2. Anomalous; not comprehended in a settled rule or method.

The Jews, who had laws so particularly determining in all affairs what to do, were notwithstanding continually inured with causes *exorbitant*, and such as their laws had not provided for.—*Hooker, Ecclesiastical Polity.*

3. Enormous; beyond due proportion; excessive.

Their subjects would live in great plenty, were not the impositions so very *exorbitant*; for the courts are too splendid for the territories.—*Addison, Travels in Italy.*

So endless and *exorbitant* are the desires of men, that they will grasp at all, and can form no scheme of perfect happiness with less.—*Swift.*

Exórbitantly. *adv.* In an exorbitant manner; beyond all bound or rule.

She ... implored his grace not to think her so *exorbitantly* and vainly ambitious, to wish herself a queen.—*Sir G. Buck, History of Richard III.* p. 117.

The same court acting more *exorbitantly*, contrary to law.—*Dr. Hoadly, Sermon*, 30th Jan. 1718, p. 26.

Exórbitate. *v. n.* Deviate; go out of the track or road prescribed. *Rare.*

A wise intermixture of some irregularities puts men upon reflection, and gives them to understand, that Nature's ill-shaped letters at one time are an assurance, that she could not write so fairly and evenly as generally, had she not some Great Master to guide her hand, and bind in the power of some causes apt to *exorbitate* and fly out.—*J. Spencer, Discourse concerning Prodigies*, p. 122: 1665.

The planets sometimes would have approached the sun as near as the orb of Mercury, and sometimes have *exorbitated* beyond the distance of Saturn.—*Bentley.*

Éxorcise. *v. a.* [Gr. ἐξορκίζω; from ὅρκος = oath.] Adjure by some holy name; drive away spirits by certain forms of adjuration; purify from the influence of malignant spirits by religious ceremonies.

I conjure thee, O, thou creature of galbanum, sulphur, &c. that thou be for our defence; and that thou be made a perpetual fumigation, *exorcised*, and consecrated to the safety of us!—*Bishop Hall, Cases of Conscience*, iii. 1.

And friars, that through the wealthy regions run,
Resort to farmers rich, and bless their halls,
And *exorcise* the beds, and cross the walls. *Dryden.*

Éxorciser. *s.* One who exorcises: (in the extract Exorcist in its second sense).

No *exorciser* harm thee,
Nor no witchcraft charm thee.
Shakespear, Cymbeline, iv. 2, song.

Éxorcism. *s.* Form of adjuration or religious ceremony by which evil and malignant spirits are driven away, or raised: (the latter usage is *incorrect*, but common in Shakespear).

Will her ladyship behold and hear our *exorcisms*?—*Shakespear, Henry VI. Part II.* i. 4.

Symptoms supernatural must be only curable by supernatural means: namely, by devout prayers or *exorcisms*.—*Harvey.*

Which out of things familiar, undesign'd,
When least we deem of such, calls up to view
The spectres whom no *exorcism* can bind,
The cold—the changed—perchance the dead—anew,
The mourn'd, the loved, the lost—too many!—yet how few! *Byron, Childe Harold*, iv. 24.

Éxorcist. *s.*

1. One who by adjurations, prayers, or religious acts, drives away malignant spirits.

Then certain of the vagabond Jews, *exorcists*, took upon them to call over them which had evil spirits.—*Acts*, xix. 13.

He who hath had the patience of Diogenes, to make oration unto statues, may more sensibly apprehend how all words fall to the ground, spent upon such a surd and earless generation of men, stupid unto all instruction, and rather requiring an *exorcist* than an orator for their conversion!—*Sir T. Browne, Christian Morals*, iii. 6.

2. Enchanter; conjurer; raiser of spirits

Soul of Rome!
Thou, like an *exorcist*, hast conjur'd up
My mortified spirit.
Shakespear, Julius Cæsar, ii. 1.

Is there no *exorcist*
Beguiles the truer office of mine eyes?
Is't real that I see?
Id., All's well that ends well, v. 3.

Exórdial. *adj.* Introductory.

The greatest underweening of this life is to undervalue that, unto which this is but *exordial*, or a passage leading unto it.—*Sir T. Browne, Christian Morals*, iii. 25.

Prolixity of paragraph and length of sentence are peculiar to Milton. This is seen ... in some of his *exordial* invocations in the Paradise Lost.—*T. Warton, Preface to Milton's smaller Poems.*

If the *exordial* verses of Homer be compared with the rest of the poem, they will not appear remarkable for plainness or simplicity, but rather eminently adorned and illuminated.—*Johnson, Rambler*, no. 158.

Exórdium. *s.* [Lat.] Formal preface; proemial part of a composition; preliminary, or introductory, speech.

Captain Bessus, you are a rank rascal, without more *exordiums*.—*Beaumont and Fletcher, King and No King.*

Nor will I thee detain
With poets fictions, nor oppress thine ear
With circumstance, and long *exordiums* here.
May, Translation of Virgil.

I have been distasted at this way of writing, by reason of long prefaces and *exordiums*.—*Addison, Dialogues on the Usefulness of ancient Medals.*

The *exordium* of the National Covenant, or Confession of Faith, first subscribed in Scotland in 1580, and again on many subsequent occasions, will afford the most apt and complete illustration to my argument. It runs thus:—'We all and every one of us underwritten, protest, &c.—*Gladstone, The State in its Relations with the Church*, ch. vii.

Exornátion. *s.* [Lat. *ornatus*, pass. part. of *orno* = adorn.] Ornament; decoration; embellishment.

This *exornation* [amplification] was first devised and ordained to increase causes, and enrich the oration with words and sentences.—*Peacham, Garden of Eloquence*, sign. N. ii. b.: 1577.

It seemeth that all those curious *exornations* should rather cease.—*Hooker, Ecclesiastical Polity.*

Hyperbolical *exornations*, elegancies, &c., many much affect.—*Burton, Anatomy of Melancholy*, to the reader, p. 12.

Éxosmose. *s.* [Gr. ἔξω = out, outwards, without, and ὠθέω = impel; in Endosmose, ἔνδον = in, inwards, within.] See extract. (Both words, of recent origin, are common in Physics, *exosmosis* and *endosmosis* being correlative forms. *Exosmotic* and *Endosmotic* are derivatives; *Osmotic*, the general term, being rarer.)

Dutrochet ... found that small bladders of animal and vegetable membrane, being filled with a fluid of greater density than water, securely fastened, and then thrown into water, acquired weight; he also remarked that, if the experiment were reversed, by filling them with water and immersing them in a denser fluid, the contrary took place, and the bladders lost weight.... From these and other experiments, Dutrochet arrived at the inference that, if two fluids of unequal density are separated by an animal or vegetable membrane, the denser will attract the less dense through the membrane that divides them; and this property he calls *endosmose*, when the attraction is from the outside to the inside; and *exosmose* when it operates from the inside to the outside.—*Lindley, Introduction to Botany*, ii. 331.

It has been fully established, that fluids may and do pass into, and out of, the veins in the living body, not by any vital process, but by mere physical imbibition and transudation ... that when the veins are distended to a certain degree with watery fluid, the entrance of more of the same fluid through their sides is impeded or prevented ... and that ... when the veins are comparatively empty, the surrounding serous fluid passes readily into them, or, in common language is absorbed. The

venous absorption is explicable therefore upon the principles of *endosmose* and *exosmose*, as laid down by Dutrochet.—*Dr. Watson, Lectures on the Principles and Practice of Physic*, lect. xvi.

Exossátion. *s.* [Lat. *exossatio, -onis*; from *ex* = out, *os* = bone.] Depriving of bone or its analogue. *Rare.*

Experiment solitary touching the *exossation* of fruits.—*Bacon, Natural and Experimental History*, § 854. (Rich.)

Exósseous. *adj.* Wanting bones; boneless; formed without bones.

Thus we daily observe in the heads of fishes, as also in snails and soft *exosseous* animals, nature near the head hath placed a flat white stone, or testaceous concretion.—*Sir T. Browne.*

Exotéric. *adj.* Public: (applied to the *double doctrine* of certain ancient philosophers). See Esoteric.

The disguise was perfect, so far at least as the *exoteric* exposition of details succeeded in concealing the real or supposed *esoteric* stream of truth, which certainly was sufficiently concealed.—*J. Foster, Essays*, iii.

Among the habitual dwellers in these delicate halls, there was a tacit understanding, a prevalent doctrine that required no formal exposition, no proofs and illustrations, no comment and no gloss; which was indeed rather a traditional conviction than an imparted dogma; that the *exoteric* public were on many subjects the victims of very vulgar prejudices, which these enlightened personages wished neither to disturb nor to adopt.—*Disraeli the younger, Coningsby.*

Exotérical. *adj.* Same as Exoteric.

Aristotle was wont to divide his lectures and readings into acroamatical and *exoterical*. Some of them contained only choice matter, and they were read privately to a select auditory; others contained but ordinary stuff, and were promiscuously and in public exposed to the hearing of all that would.—*Sir M. Hale, Golden Remains*, p. 148.

Éxotery. *s.* What is obvious or common. *Rare.*

Reserving their esoteries for adepts, and dealing out *exoteries* only to the vulgar.—*Note in Search's Freewill, &c.*, p. 172.

Exótic. *adj.* Foreign; not produced in our own country; not domestic.

Mr. Selden, the ornament of our nation for *exotick* learning.—*Bishop Morton, Episcopacy asserted*, p. 51.

Some learned men treat of the nature of letters as of some remote *exotick* thing, whereof we had no knowledge but by fabulous relations.—*Holder, Elements of Speech.*

Continue fresh hot-beds to entertain such *exotick* plants as arrive not to their perfection without them.—*Evelyn, Calendarium hortense.*

Having examined the means of fertilization in so many British orchids, belonging to fourteen genera, I was anxious to ascertain whether the *exotic* forms, belonging to quite distinct tribes, equally required insect agency. . . . By the kindness of many friends and strangers I have been enabled to examine fresh flowers of several species belonging to forty-three *exotic* genera, well dispersed through the subfamilies of the vast orchidean series.—*Darwin, Fertilization of Orchids*, ch. v.

Our national sobriety never wandered into these *exotic* extravagances.—*C. H. Pearson, The early and middle Ages of England*, ch. xxxiv.

Exótic. *s.* That which is foreign: (generally applied to *plants*, as opposed to *natives*).

Claudian was seated on the other summit, which was barren, and produced, on some spots, plants that are unknown to Italy, and such as the gardeners call *exoticks*.—*Addison, Guardian.*

Exótical. *adj.* Same as Exotic. *Rare.*

How many have we seen, and pitied, which have brought nothing from foreign countries but mis-shapen clothes, or *exotical* gestures, or new games, or affected lispings, or the diseases of the place, or (which is worst) the vices!—*Bishop Hall, Letters to the Earl of Essex*, ep. 8.

Shall they, who have been trained up in so clear a light of the Gospel, begin to cast wanton eyes upon their [the papists'] glorious superstitions? and contrary to the laws of God, and our sovereign, throng to their *exotical* devotions?—*Id., Remains*, p. 31.

Expánd. *v. a.* [Lat. *pando* = open, spread open or out; pass. part. *pansus*; *expansio, -onis.*] Spread; lay open as a net or a sheet; dilate; spread out every way; diffuse.

She useth most the target to fence away the blow, and leaves all other weapons to the Alchoran to propagate and *expand* itself.—*Howell.*

Bellerophon's horse, framed of iron, and placed between two loadstones, with wings *expanded*, hung pendulous in the air.—*Sir T. Browne, Vulgar Errours.*

An animal growing, *expands* its fibres in the air as a fluid.—*Arbuthnot, On the Effects of Air on human Bodies.*

Along the stream of time thy name
Expanded flies, and gathers all its fame. *Pope.*

Expánd. *v. n.* Spread out; dilate; enlarge.

All gases *expand* in the same quantity by the same increase of temperature.—*Ure, Dictionary of Arts, Manufactures, and Mines, Expansion.*

Expánded. *part. adj.* Spread out; dilated.

The cumulative experience of numerous observers, since 1839, had led to the conviction that the Argonauta, with the *expanded* arms and shell, was the female form of the species.—*Owen, Lectures on Comparative Anatomy*, lect. xxiv.

Expánse. *s.* Body widely extended without inequalities.

A murmuring sound
Of waters issued from a cave, and spread
Into a liquid plain; then stood unmov'd,
Pure as the *expanse* of heav'n.
Milton, Paradise Lost, iv. 456.

Bright as th' ethereal glows the green *expanse.*
Savage.

On the smooth *expanse* of crystal lakes,
The sinking stone at first a circle makes;
The trembling surface, by the motion stirr'd,
Spreads in a second circle, then a third;
Wide, and more wide, the floating rings advance,
Fill all the wat'ry plain, and to the margin dance.
Pope.

Expansibílity. *s.* Capacity of extension; possibility of being expanded or spread into a wider surface.

With the rotundity common to the atoms of all fluids, there is some difference in bulk, by which the atoms in one fluid are distinguished from those of another; else all fluids would be alike in weight, *expansibility*, and all other qualities.—*Grew.*

Expánsible. *adj.* Capable of being extended, or spread into a wider surface.

Bodies are not *expansible* in proportion to their weight, or to the quantity of matter to be expanded.—*Grew.*

Expánsion. *s.*

1. State of being expanded into a wider surface or greater space; thing expanded.

And God said, Let there be a firmament, [in the margin, *expansion.*]—*Genesis*, i. 6.

'Tis demonstrated that the condensation and *expansion* of any portion of the air is always proportional to the weight and pressure incumbent upon it.—*Bentley.*

2. Act of spreading out.

The easy *expansion* of the wing of a bird, and the lightness, strength, and shape of the feathers, are all fitted for her better flight.—*Grew, Cosmologia Sacra.*

3. Extent; space to which anything is extended.

The capacious mind of man cannot be confined by the limits of the world; it extends its thoughts often even beyond the utmost *expansion* of matter, and makes excursions into that incomprehensible inane.—*Locke.*

4. Pure space.

Distance or space, in its simple abstract conception, I call *expansion*, to distinguish it from extension, which expresses this distance only as it is in the solid parts of matter.—*Locke.*

It would for ever take an useless flight,
Lost in *expansion*, void and infinite.
Sir R. Blackmore, Creation.

Expánsive. *adj.* Having the power to spread into a wider surface, or greater space.

The elastick or *expansive* faculty of the air, whereby it dilates itself when compressed, hath been made use of in the common weather glasses.—*Ray, Wisdom of God manifested in the Works of the Creation.*

Used *substantivally.*

Now love in night, and night in love, exhorts
Courtship and dances; all your parts employ,
And suit night's rich *expansive* with your joy.
Marlow and Chapman, Translation of Musæus, Hero and Leander.

Expárte. [Latin = of the one part.] In *Law.* Term signifying what is executed by one side only; and in common conversation sometimes applied to partial narrations, to what is related on one part only of the matter: (generally used *adjectivally*, as 'an *exparte* statement').

Expátiate. *v. n.*

1. Range at large; rove without any prescribed limits.

I have more *exspacyated* in this campe than they did.—*Leland, New Year's Gift*, sign. F. 3, b: 1549.

Religion contracts the circle of our pleasures, but

leaves it wide enough for her votaries to *expatiate* in.—*Addison, Spectator.*

He looks in heav'n with more than mortal eyes,
Bids his free soul *expatiate* in the skies;
Amidst her kindred stars familiar roam,
Survey the region, and confess her home. *Pope.*

Awake, my St. John, leave all meaner things
To low ambition and the pride of kings;
Let us, since life can little more supply
Than just to look about us and to die,
Expatiate free o'er all this scene of man;
A mighty maze! but not without a plan. *Id.*

2. Enlarge upon in language.

They had a custom of offering the tongues to Mercury, because they believed him the giver of eloquence: Dacier *expatiates* upon this custom.—*Broome.*

Expátiate. *v. a.* Let loose; allow to range.

How can a society of merchants have large minds, and *expatiate* their thoughts for great and publick undertakings, whose constitution is subject to such frequent changes, and who every year run the risk of their capital?—*Davenant, Essays on Trade*, ii. 421. (Ord MS.)

Make choice of a subject, which, being of itself capable of all that colours and the elegance of design can possibly give, shall afterwards afford art an ample field of matter wherein to *expatiate* itself.—*Dryden, Translation of Du Fresnoy's Art of Painting.*

They were not allowed to *expatiate*, or amplify, or connect, specious arguments together.—*Bishop Sprat, History of the Royal Society*, p. 91.

Expatiátion. *s.* [Lat. *spatiatus*, part. of *spatior* = walk abroad.] Wandering.

Take them from the devil's latitudes and *expatiations*; . . . from the infinite mazes and by-paths of errour.—*Farindon, Sermons*, i. 2: 1647.

Expátiator. *s.* One who enlarges upon in language.

The person intended by Montfaucon as an *expatiator* on the word 'endovellicus,' I presume is Thomas Reinesius.—*Pegge, Anonyma*, p. 201.

Expátriate. *v. a.* [Lat. *patria* = country.] Banish from one's native country.

Lost in these desponding thoughts, Abeillard indulged the romantick wish of *expatriating* himself for ever.—*Berington, History of Abingdon*, p. 187.

Expátriated. *part. adj.* Banished.

This battle is memorable as the first of a long series of battles in which the Irish troops retrieved the honour lost by misfortune and misconduct in domestic war. Some of the exiles of Limerick showed, on that day, under the standard of France, a valour which distinguished them among many thousands of brave men. It is a remarkable fact that, on the same day, a battalion of the persecuted and *expatriated* Huguenots stood firm amidst the general disorder round the standard of Savoy, and fell fighting desperately to the last.—*Macaulay, History of England*, ch. xx.

Expéct. *v. a.*

1. Have a previous apprehension of either good or evil.

We *expected*
Immediate dissolution.
Milton, Paradise Lost, x. 1048.

2. Wait for; attend the coming.

The guards,
By me encamp'd on yonder hill, *expect*
Their motion. *Milton, Paradise Lost*, xii. 590.

While, *expecting* there the queen, he rais'd
His wond'ring eyes, and round the temple gaz'd.
Dryden.

False hopes
He cherishes; nor will his fruit *expect*
The autumnal season, but in summer's pride,
When other orchats smile, abortive fail.
Philips, Cider, b. i.

Expéct. *v. n.* Wait; stay.

I will *expect* until my change in death,
And answer at thy call: Thou wilt renew
What thou hast ruin'd, and my fears subdue.
G. Sandys, Paraphrase of the Book of Job, p. 22: 1648.

Expéctable. *adj.* To be expected; to be hoped or feared.

Occult and spiritual operations are not *expectable* from ice; for being but water congealed, it can never make good such qualities.—*Sir T. Browne, Vulgar Errours.*

Expéctance. *s.*

1. Act or state of expecting; expectation.

Satyrs, leave your petulance,
Or else rail upon the moon,
Your *expectance* is too soon;
For before the second cock
Crow, the gates will not unlock.
B. Jonson, Fairy Prince.

This blessed *expectance* must be now my theme.—*Boyle.*

But fie, my wandering muse, how thou dost stray!
Expectance calls thee now another way.
Milton, Vacation Exercise, 54.

2. Something expected.

There is *expectance* here from both the sides,
What further you will do.
Shakespear, Troilus and Cressida, iv. 5.

Expéctancy. *s.* Same as Expectance.

Every moment is *expectancy*
Of more arrivance. *Shakespear, Othello*, ii. 1.

Oh, what a noble mind is here o'erthrown!
The *expectancy* and rose of the fair state.
Id., Hamlet, iii. 1.

Expéctant. *adj.* Waiting in expectation.

If it be said that some parishes reverà have not curates, I answer that the supernumerary *expectant* clergy may balance that.—*Bishop Barlow, Remains*, p. 276.

Her majesty has offered concessions, in order to remove scruples raised in the mind of the *expectant* heir.—*Swift.*

Expéctant. *s.* One who waits in expectation of anything; one held in dependence by his hopes.

Scribe was originally the distinctive title of a son of the prophets, and an *expectant* of that sacred function.—*J. Spencer, Vanity of vulgar Prophecies*, p. 36.

An *expectant* of future glory.—*South, Sermons*, vi. 509.

This treatise was agreeable to the whole nation, except those who had employments, or were *expectants.—Swift, To Pope.*

Expectátion. *s.*

1. Act of expecting.

The trees
Should have borne men, and *expectation* fainted,
Longing for what it had not.
Shakespear, Antony and Cleopatra, iii. 6.

'Tis *expectation* makes a blessing dear.
Congreve.

2. State of expecting either with hope or fear.

Live in a constant and serious *expectation* of that day, when we must appear before the Judge of heaven and earth.—*Rogers, Sermons.*

3. Prospect of anything good to come.

My soul, wait thou only upon God; for my *expectation* is from him.—*Psalms*, lxii. 5.

We love to expect; and when *expectation* is disappointed or gratified, we want to be again expecting.—*Johnson, Lives of the Poets, Butler.*

4. Object of happy expectation; Messiah expected.

Now clear I understand,
What oft my steadiest thoughts have search'd in vain,
Why our great *expectation* should be call'd
The seed of woman. *Milton, Paradise Lost*, xii. 376.

5. State in which something excellent is expected from us.

How fit it will be for you, born so great a prince, and of so rare not only *expectation* but proof, to divert your thoughts from the way of goodness.—*Sir P. Sidney.*

You first came home
From travel with such hopes as made you look'd on,
By all men's eyes, a youth of *expectation*;
Pleas'd with your growing virtue I receiv'd you.
Otway.

6. With special application to the theory of probabilities.

What is the reason that in a box where there are nine black balls and one white, we expect to draw a black ball nine times as much (in other words, nine times as often, frequency being the gauge of intensity in *expectation*) as a white? Obviously because the local conditions are nine times as favourable, because the hand may alight in nine places and get a black ball, while it can only alight in one place and find a white ball. . . . It is, in fact, evident, that when once causation is admitted as an universal law, our *expectation* of events can only be rationally grounded on that law.—*J. S. Mill.*

Expéctative. *adj.* Constituting an object of expectation.

Whereunto the multitude of *expectative* graces hath been a great impediment and let.—*Fox, Book of Martyrs, Henry VI.* p. 640.

Expéctative. *s.* Object of expectation.

I am already abundantly satisfied in some *expectatives.—Sir H. Wotton, Reliquiæ Wottonianæ*, p. 486: 1618.

In the mean time the king conferred upon him as many ecclesiastical preferments, of a lower degree, as he could legally be possessed of; as marks of royal favour; and supports of his state and dignity, while this great *expectative* was depending. — *Bishop Lowth, Life of Wykeham*, p. 34.

Expécted. *part. adj.* Looked for; apprehended.

I know the thoughts that I think toward you, saith the Lord; thoughts of peace, and not of evil, to give you an *expected* end.—*Jeremiah*, xxix. 11.

Expécter. *s.*

1. One who expects.

a. In hope of anything.

These are not great *expecters* under your administration, according to the period of governours here.—*Swift.*

b. Waiting for anyone.

Signify this loving interview
To the *expecters* of our Trojan part.
Shakespear, Troilus and Cressida, iv. 5.

2. One so called from the doctrine of expectation by which he professed to be guided.

Many have wrangled so long about the church, that at last they have quite lost it, and go under the name of *Expecters* and Seekers, and do deny that there is any true church, or any true minister, or any ordinances. — *Pagitt, Heresiography*, p. 128: 1654.

Expécting. *part. adj.* Expectant.

He who defers his work from day to day,
Doth on a river's bank *expecting* stay,
Till the whole stream that stopped him shall be gone,
That runs, and, as it runs, for ever shall run on.
Johnson, Lives of the Poets, Cowley.

Expéctorant. *adj.* Promoting expectoration.

(For example see extract under next entry.)

Expéctorant. *s.* Medicine which promotes expectoration.

Expectorants are those medicines which rather promote the separation of the viscid phlegm with which the bronchiæ are loaded than simply inviscate or dilute it; though these are also treated as *expectorants* by many writers. The list of the proper *expectorants* employed formerly was very voluminous; . . . we see evident proofs of an *expectorant* power in many medicines, as in gum ammoniac, where we have no proof whatever of increased exhalation from the surface of the body.—*Mason Good.*

Expéctorate. *v. a.* Eject from the breast.

Excrementitious humours are *expectorated* by a cough after a cold or an asthma.—*Harvey, Discourse of Consumptions.*

Morbifick matter is either attenuated so as to be returned into the channels, or *expectorated* by coughing.—*Arbuthnot.*

Expectorátion. *s.* Act of discharging from the breast.

With water, vinegar, and honey, in pleurisies and inflammations of the lungs, he mixeth spices, for promoting *expectoration.—Arbuthnot, On the Nature and Choice of Aliments.*

Expéctorative. *adj.* Having the quality of promoting expectoration.

Syrups and other *expectoratives*, in coughs, must necessarily occasion a greater cough.—*Harvey, Discourse of Consumptions.*

Expédiate. *v. a.* Expedite; despatch. *Obsolete.*

Great alterations in some kind of merchandise may serve, for that present instant, to *expediate* their business.—*Sir E. Sandys, State of Religion.*

Expédience. *s.*

1. Fitness; propriety; suitableness to an end: (Expediency *commoner*).

2. Adventure; attempt.

Let me hear . . .
What yesternight our council did decree,
In forwarding this dear *expedience.*
Shakespear, Henry IV. Part I. i. 1.

3. Expedition; haste; despatch. *Obsolete.*

I shall break
The cause of our *expedience* to the queen,
And get her leave to part.
Shakespear, Antony and Cleopatra, i. 2.

Eight tall ships, three thousand men of war,
Are making hither with all due *expedience.*
Id., Richard II. ii. 1.

Expédiency. *s.* Same as Expedience: (than which, in some senses at least, it is a *commoner* word).

Solemn dedication of things set apart for divine worship, could never have been universally practised, had not right reason dictated the high *expediency* and great use of such practices.—*South, Sermons.*

An instance occurs in Thucydides, in which this is very judiciously and neatly pointed out: in the debate respecting the Mityleneans, who had been subdued after a revolt, Cleon is introduced contending for the justice of inflicting on them capital punishment; to which Didotus is made to reply, that the Athenians are not sitting in judgment on the offenders, but in deliberation as to their own interest; and ought therefore to consider, not the right they may have to put the revolters to death, but the *expediency* or inexpediency of such a procedure. . . . Much declamation may be heard in the present day against *expediency*, as if it were not the proper object of a deliberative assembly, and as if it were only pursued by the unprincipled.—*Whately, Elements of Rhetoric*, pt. ii. ch. i. § 1, and note.

Expédient. *adj.* [Lat. *expedio* = fit, suit, be advantageous: the opposite of *impedio* = hinder.]

1. Proper; fit; convenient; suitable.

All things are not *expedient*: in things indifferent there is a choice; they are not always equally *expedient.—Hooker, Ecclesiastical Polity.*

When men live as if there were no God, it becomes *expedient* for them that there should be none; and then they endeavour to persuade themselves so.—*Archbishop Tillotson.*

The enemy made their defence so good, that, towards afternoon, Scipio found it *expedient* to recall his men from the assault.—*Arnold, History of Rome*, p. 47.

Used *substantivally* with *the.*

For a patriot too cool, for a drudge disobedient,
And too fond of the right to pursue *the expedient.*
In short, 'twas his fate, unemployed or in place, sir,
To eat mutton cold and cut blocks with a razor.
Goldsmith, Retaliation.

2. Immediate; expeditious.

The adverse winds,
Whose leisure I have staid, have given him time
To land his legions all as soon as I:
His marches are *expedient* to this town.
Shakespear, King John, ii. 1.

Expédient. *s.*

1. That which helps forward, as means to an end.

God does not project for our sorrow, but our innocence; and would never have invited us to the one, but as an *expedient* to the other.—*Dr. H. More, Decay of Christian Piety.*

2. Shift.

He flies to a new *expedient* to solve the matter, and supposes an earth of a make and frame like that of Des Cartes.—*Woodward.*

Under the influence of this desire, it [political economy] shows mankind accumulating wealth, and employing that wealth in the production of other wealth; sanctioning by mutual agreement the institution of property; establishing laws; . . . and employing certain *expedients* (as money, credit, &c.) to facilitate the distribution.—*J. S. Mill, System of Logic*, ii. 482.

This may be called the theory of developments; and, before proceeding to treat of it, two remarks may be in place. First, it is undoubtedly an hypothesis to account for a difficulty; and such too are the various explanations given by astronomers from Ptolemy to Newton of the apparent motions of the heavenly bodies. But it is as unphilosophical on that account to object to the one as to object to the other. . . . Doubtless, the theory of the secret and the theory of developments are *expedients*, and so is the dictum of Vincentius; so is the art of grammar or the use of the quadrant; it is an *expedient* to enable us to solve what has now become a necessary and an anxious problem.—*Newman, Developement of Christian Doctrine*, introd.

The *expedients* adopted showed the urgency of the danger.—*Arnold, History of Rome*, ch. xliv.

Expédiently. *adv.* In an expedient manner; fitly; suitably; conveniently: (in the following extract it means *hastily, quickly*).

Let my officers of such a nature
Make an extent upon his house and lands:
Do this *expediently*, and turn him going.
Shakespear, As you like it, iii. 1.

Expéditate. *v. a.* In *Forest Law.* Mutilate dogs by cutting out the ball of each of the forefeet, to prevent their running down the royal game.

In the forest laws, every one that keeps a great dog not *expeditated*, forfeits three shillings and four pence to the king.—*Chambers.*

Expeditátion. *s.* Mutilation of dogs' feet.

The king granted to him free chase and free warren, in all those his lands, both within and without the forest; also freedom from the *expeditation* of dogs.—*Ashmole, Antiquities of Berkshire*, ii. 425.

Expédite. *v. a.*

1. Facilitate; free from impediment.

By sin and death a broad way now is pav'd,
To *expedite* your glorious march.
Milton, Paradise Lost, x. 473.

2. Hasten; quicken.

An inquisition would still be a further improvement, and would *expedite* the conversion of the Papists.—*Swift.*

Poor creature! that is to say, wicked woman!—for we are not of those who set themselves against the verdict of society, or ever omit to *expedite*, by a gentle kick, a falling friend.—*Disraeli the younger, The young Duke.*

3. Despatch; issue from a public office.
Though such charters be *expedited* of course, and as of right, yet they are varied by discretion.—*Bacon.*

Expedite. *adj.*
1. Quick; hasty; soon performed.
Wholesome advice, and *expedite* execution, in freeing the state of those monsters.—*Sandys.*
2. Easy; disencumbered; clear from impediments.
Nature can teach the church but in part: neither so fully as is requisite for man's salvation, nor so easily as to make the way plain and *expedite* enough, that many may come to the knowledge of it, and so be saved, and therefore the Scripture has been given.—*Hooker, Ecclesiastical Polity.*
3. Nimble; active; agile.
The more any man's soul is cleansed from sensual lusts, the more nimble and *expedite* it will be in its operations.—*Archbishop Tillotson.*
4. Light-armed. *Latinism.*
He sent the lord chamberlain with *expedite* forces to speed to Exeter, to the rescue of the town.—*Bacon, History of the Reign of Henry VII.*

Expeditely. *adv.* In an expedite manner; with quickness, readiness, or haste.
Nature left his ears naked, that he may turn them more *expeditely* for the reception of sounds from every quarter.—*Grew.*

Expediteness. *s.* Attribute suggested by Expedite.
Wrestlers and fencers were wont to use their hands unto heavy weights, that when in their games they were to use them empty and naked, they might do it with the more *expediteness* and pleasure.—*Bishop Reynolds, On the Passions,* 215. (Ord MS.)

Expedition. *s.*
1. Haste; speed; activity.
Prayers, whereunto devout minds have added a piercing kind of brevity; thereby the better to express that quick and speedy *expedition* wherewith ardent affections, the very wings of prayer, are delighted to present our suits in heaven.—*Hooker, Ecclesiastical Polity.*
Ev'n with the speediest *expedition*
I will dispatch him to the emperour's court.
Shakespear, Two Gentlemen of Verona, i. 3.
2. March or voyage with martial intentions.
Young Octavius, and Mark Antony,
Come down upon us with a mighty power,
Bending their *expedition* tow'rd Philippi.
Shakespear, Julius Cæsar, iv. 3.
It may easily be supposed, that he [Alexander] bore his full share in the labours and hardships of the *expedition.* He accompanied his men during their longest marches on foot; and it was perhaps on one of these occasions that he gave an example of self-command, which served to animate their courage, while it raised him in their esteem.—*Bishop Thirlwall, History of Greece,* ch. liv.

Expeditionary. *adj.* Having the character of, relating to, or constituted by, an expedition.
The *expeditionary* forces were now assembled.—*Goldsmith, History of Greece.*

Expeditious. *adj.*
1. Speedy; quick; soon done: (as, 'an *expeditious* march').
I'll deliver all;
And promise you calm seas, auspicious gales,
And sail so *expeditious,* that shall catch
Your royal fleet far off. *Shakespear, Tempest,* v. 1.
2. Nimble; quick; swift; acting with celerity: (as, 'an *expeditious* runner').

Expeditive. *adj.* Performing with speed.
I mean not to purchase the praise of *expeditive* in that kind; but as one, that have a feeling of my duty, and of the ease of others, my endeavour shall be to hear patiently.—*Bacon, Speech on taking his Place in Chancery.*

Expel. *v. a.* [Lat. *expello*; from *pello* = drive; pass. part. *expulsus*; *expulsio, -onis.*]
1. Drive out; force away.
The Lord your God shall *expel* them from before you, and drive them from out of your sight.—*Joshua,* xxiii. 5.
Suppose a mighty rock to fall there, it would *expel* the waters out of their places, with such violence as to fling them among the clouds.—*T. Burnet, Theory of the Earth.*
2. Eject; throw out.
Whatsoever cannot be digested by the stomach, is either put up by vomit, or put down to the guts, and other parts of the body are moved to *expel* by consent.—*Bacon, Natural and Experimental History.*
The virgin huntress was not slow
T' *expel* the shaft from her contracted bow.
Dryden.
3. Banish; drive from the place of residence.
Arms, and the man I sing, who forc'd by fate,
And haughty Juno's unrelenting hate,
Expell'd and exil'd left the Trojan shore.
Dryden, Virgil's Æneid.
4. Reject; refuse.
And would you not poor fellowship *expel,*
Myself would offer you t' accompany
In this adventurous chanceful jeopardy.
Spenser, Mother Hubberd's Tale.
5. Keep off; exclude; keep out.
Since she did neglect her looking-glass,
And threw her sun-*expelling* mask away,
The air hath starv'd the roses in her cheeks,
And pitch'd the lily tincture of her face.
Shakespear, Two Gentlemen of Verona, iv. 4.
O that the earth which kept the world in awe
Should patch a wall t' *expel* the winter's flaw.
Id., Hamlet, v. 1.

Expéller. *s.* One who, or that which, expels or drives away.
Unspotted faith, *expeller* of all vice,
And most undoubted argument to prove
A mind descended nobly. *Sir R. Fanshawe, Translation of Guarini's Pastor Fido,* p. 74.

Expénd. *v. a.* [Lat. *expendo,* pass. part. *expensus,* originally = weigh out, thence dispense, disburse, spend.] Lay out; spend.
The king of England wasted the French king's country, and thereby caused him to *expend* such sums of money as exceeded the debt.—*Sir J. Hayward.*

Expénditure. *s.* Cost; disbursement.
I cannot forget the joy with which I exchanged a bank-note of twenty pounds for the twenty volumes of the Memoirs of the Academy of Inscriptions; nor would it have been easy, by any other *expenditure* of the same sum, to have procured so large and lasting a fund of rational amusement.—*Gibbon, Memoirs,* p. 57.
A single doit would overpay
Th' *expenditure* of every day. *Cowper.*
A state cannot have more wealth at its command than may be employed for the general good, a liberal expenditure in national works being one of the surest means of promoting national prosperity; and the benefit being still more obvious, of an *expenditure* directed to the purposes of national improvement. But a people may be too rich.—*Southey, Colloquies on Society.*
To raise its body through a given space, its muscles have to be contracted with twice the intensity, at a double cost of matter expended. This necessity will be seen still more clearly if we leave out the motor apparatus, and consider only the forces required and the means of supplying them. For since, in similar bodies, the areas vary as the squares of the dimensions, and the masses vary as the cubes; it follows that the absorbing surface has become four times as great, while the weight to be moved by the matter absorbed has become eight times as great. If then, a year ago, the absorbing surface could take up twice as much nutriment as was needed for *expenditure,* thus leaving one-half for growth, it is now able only just to meet *expenditure,* and can provide nothing for growth. However great the excess of assimilation over waste may be during the early life of an active organism, we see that because a series of numbers increasing as the cubes, overtakes a series increasing as the squares, even though starting from a much smaller number, there must be reached, if the organism lives long enough, a point at which the surplus assimilation is brought down to nothing—a point at which *expenditure* balances nutrition—a state of moving equilibrium.—*Herbert Spencer, Inductions of Biology.*

Expénse. *s.* Cost; charge; money expended.
Hence comes that wild and vast *expense,*
That hath enforc'd Rome's virtue thence,
Which simple poverty first made.
B. Jonson, Catiline.
A feast prepar'd with riotous *expense,*
Much cost, more care, and most magnificence.
Dryden.
Such provision made, that a country should not want so many springs as were convenient, and afford a supply every where suitable to the necessities and *expenses* of each climate.—*Woodward.*
I can see no reason by which we were obliged to make those prodigious *expenses.*—*Swift.*

Often with the notion of *loss* on the part of those on whom the expense falls, either from the *equivalent* being *insufficient,* or from some *damage* or *discredit* arising out of the transaction.

As a party man, his character stood lower than it deserved, chiefly from certain personal dislikes towards him; for, with the perhaps doubtful exception of his courting popularity at his party's *expense* on the two occasions already mentioned, and of the much more serious charge against him of betraying his party in the Carlton House negotiation of 1812, ... there can nothing be laid to his charge as inconsistent with the rules of the strictest party duty and honour.—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Mr. Sheridan.*

Expénseful. *adj.* Costly; chargeable: (Expensive *commoner*).
Who will be troubled with a pettish girl?—
I may be proud; and, to that vice, *expenceful.*
Beaumont and Fletcher, The Pilgrim.
No part of structure is either more *expenseful* than windows, or more ruinous.—*Sir H. Wotton, Elements of Architecture.*

Expénsefully. *adv.* In an expenseful manner; in a costly way; at great charge. *Rare.*
Where now is seen, saith Camden, the fair habitation of Sir William Sidley, a learned knight, painfully and *expensefully* studious of the common good of his country.—*Weever, Ancient Funeral Monuments of Great Britain, Ireland, and Islands adjacent,* p. 816.

Expénsefulness. *s.* Attribute suggested by Expenseful. *Rare.*
This advantage the meaner sort generally want, the *expencefulness* of such a breeding sets it beyond their reach.—*Dr. H. More, Gentleman's Calling,* sect. 2, § 2. (Ord MS.)

Expénseless. *adj.* Without expense or cost.
A physician may save any army by this frugal and *expenseless* means only.—*Milton, Tractate on Education.*
What health promotes, and gives unenvy'd peace,
Is all *expenseless,* and procur'd with ease.
Sir R. Blackmore.

Expénsive. *adj.*
1. Given to expense; extravagant; luxurious.
Frugal and industrious men are friendly to the established government, as the idle and *expensive* are dangerous.—*Sir W. Temple.*
2. Costly (as, '*expensive* dress,' 'an *expensive* journey'); requiring expenditure of any kind: (with *of*). *Obsolete.*
In these places where the offices of the church are not *expensive of* the whole day, it is lawful to do (upon just cause) any work that is now forbidden by our superior, or scandalous to our brethren.—*Jeremy Taylor, Ductor Dubitantium.* (Ord MS.)
3. Liberal; generous; distributive.
This requires an active, *expensive,* indefatigable goodness, such as our apostle calls a work and labour of love.—*Bishop Sprat.*

Expénsively. *adv.* In an expensive manner; with great expense; at great charge.
You know our court took the resolution, that it was the best way to dispatch the French prince back again quickly, to receive him solemnly, ceremoniously, and *expensively,* when he hoped a domestick and durable entertainment.—*Donne, Letter in his Poems,* p. 279.
I never knew him live so great and *expensively* as he hath done since his return from exile.—*Swift.*

Expénsiveness. *s.*
1. Addiction to expense; extravagance.
The courtiers studied to please the king's taste; and gave into an *expensiveness* of equipage and dress, that exceeded all bounds.—*Bishop Lowth, Life of Wykeham,* p. 203.
2. Costliness.
Their highways, for their extent, solidity, or *expensiveness,* are some of the greatest monuments of the grandeur of the Roman empire.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

Experable. *adj.* [Lat. *spero* = hope.] Capable of being hoped for, or expected; lying within the range of expectation. *Rare.*
If ever it was in being, it would have ever been divine, and not *experable.*—*Christian Religion's Appeal to the Bar of Reason,* p. 26. (Ord MS.)

Expérience. *s.* [Lat. *experientia* (Fr. *expérience*), from *experior* = try, make proof of; pres. part. *experiens, -entis*; pret. part. *expertus*; *experimentum* = trial, proof, test.]
1. Practice; frequent trial.
Hereof *experience* hath informed reason, and time hath made those things apparent which were hidden.—*Sir W. Raleigh.*
But apt the mind or fancy is to rove
Uncheck'd, and of her roving is no end,
Till warn'd, or by *experience* taught, she learn,
That not to know at large of things remote
From use, obscure and subtle, but to know
That which before us lies in daily life,
Is the prime wisdom. *Milton, Paradise Lost,* viii. 188.
2. Knowledge gained by trial and practice.
Boys immature in knowledge,
Pawn their *experience* to their present pleasure.
Shakespear, Anthony and Cleopatra, i. 4.

Experience is the daughter of time.—*Dr. H. More, Decay of Christian Piety*, p. 104.

But if you'll prosper, mark what I advise,
Whom age and long *experience* render wise. *Pope.*

The laws of mind . . . compose the universal or abstract portion of the philosophy of human nature; and all the truths of common *experience*, constituting a practical knowledge of mankind, must, to the extent to which they are truths, be results or consequences of these. Such familiar maxims, when collected a posteriori from observation of life, occupy among the truths of the science the place of what, in our analysis of induction, have so often been spoken of under the title of empirical laws. . . . The observations concerning human affairs collected from common *experience*, are precisely of this nature. Even if they were universally and exactly true within the bounds of *experience*, which they never are, still they are not the ultimate laws of human action; they are not the principles of human nature, but results of those principles under the circumstances in which mankind have happened to be placed. When the Psalmist 'said in his wrath that all men are liars,' he enunciated what in some ages and countries is borne out by ample *experience*; but it is not a law of man's nature to lie; though it is one of the consequences of the laws of human nature, that lying is nearly universal when certain external circumstances exist universally, especially circumstances productive of habitual distrust and fear. When the character of the old is asserted to be cautious, and of the young impetuous, this, again, is but an empirical law; for it is not because of their youth that the young are impetuous, nor because of their age that the old are cautious. It is chiefly, if not wholly, because the old, during their many years of life, have generally had much *experience* of its various evils, and having suffered or seen others suffer much from incautious exposure to them, have acquired associations favourable to circumspection: while the young, as well from the absence of similar *experience* as from the greater strength of the inclinations which urge them to enterprise, engage themselves in it more readily. Here, then, is the *explanation* of the empirical law; here are the conditions which ultimately determine whether the law holds good or not.—*J. S. Mill, System of Logic*, b. ch. v. § 1.

3. Individual or particular instance of trial or observation.

Ordinarily all proverbs are very true, being certain brief sentences collected out of long and discreet *experiences*.—*Shelton, Translation of Don Quixote*, p. 101.

The like holds good with respect to the relation between sounds and vibrating objects which we learn only by a generalization of *experiences*.—*Herbert Spencer, Principles of Psychology*.

Expérience. *v. a.* Try; practise; know by practice. See Experiment.

This, according to the view entertained by Curtius, and by several other writers, both ancient and modern, would be the first indication of an unhappy change which was beginning to show itself in Alexander's character: an effect, either of his uninterrupted prosperity, or, as others have conceived, of the partial failure and disappointment which he had *experienced* in India.—*Thirlwall, History of Greece*, ch. liv.

Expérienced. *part. adj.* Provided with the data of, taught or made sagacious or skillful by, experience.

We must perfect, as much as we can, our ideas of the distinct species: or learn them from such as are used to that sort of things, and are *experienced* in them.—*Locke.*

To him *experienc'd* Nestor thus rejoin'd,
O friend, what sorrows dost thou bring to mind!
Pope.

Expériencer. *s.* One who experiences: (in the following extract, Experimenter).

A curious *experiencer* did affirm, that the likeness of any object, if strongly enlightened, will appear to another in the eye of him that looks strongly and steadily upon it, till he be dazzled by it, even after he shall have turned his eyes from it.—*Sir K. Digby, Treatise on the Nature of Bodies.*

Expérient. *adj.* Having experience: (Experienced *commoner*).

Why is the prince, now ripe, and full *experient*,
Not made a doer in the state?
Beaumont and Fletcher, Cupid's Revenge.

Expériential. *adj.* Derived from experience; empirical: (as opposed to Necessary or Intuitive).

It is evident that this distinction of necessary and *experiential* truths involves the same antithesis which we have already considered;—the antithesis of thoughts and things. Necessary truths are derived from our own thoughts: *experiential* truths are derived from our observation of things about us. The opposition of necessary and *experiential* truths is another aspect of the fundamental antithesis of philosophy.—*Whewell, History of Scientific Ideas*, i. 27.

Expériment. *s.*

1. Trial or test of anything; something done in order to discover an uncertain or unknown effect.

That which sheweth them to be wise, is the gathering of principles out of their own particular *experiments*; and the framing of our particular *experiments*, according to the rule of their principles, shall make us such as they are.—*Hooker, Ecclesiastical Polity.*

It is good also not to try *experiments* in states, except the necessity be urgent, or the utility evident.—*Bacon.*

Till his fall, man's mind was ignorant of nothing but of sin; or at least, it rested in the notion without the smart of the *experiment*.—*South, Sermons.*

When we are searching out the nature or properties of any being by various methods of trial, this sort of observation is called *experiment*.—*Watts, Improvement of the Mind.*

2. Special act of experience.

Adam! by sad *experiment* I know
How little weight with thee my words can find.
Milton, Paradise Lost, x. 967.

To have had many *experiments* is what we call experience.—*Hobbes, On Human Nature*, ch. iv. § 2.

In the earlier writers, *experiment*, both as a noun and a verb, more closely coincided with *experience* than it does now. And that on good grounds. An *experiment*, at present, means a special observation in which the conditions are determined by the observer or experimenter, instead of one, which is taken as the ordinary course of nature presents it. To make this synonymous with the abstract Experience is inconvenient; but, on the other hand, it is exceptional to make the abstract *experience* serve for concrete instances, and become plural. Still, *experience* is the term which gains ground.

Expériment. *v. a.*

1. Try; search out by trial.

This naphta is an oily or fat liquid substance, in colour not unlike soft white clay; of quality hot and dry, so as it is apt to inflame with the sunbeams, or heat that issues from fire; as was mirthfully *experimented* upon one of Alexander's pages, who, being anointed, with much ado escaped burning.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 182.

In the following extract it governs the sentence beginning with *that*.

Francisco Redi *experimented*, that no putrefied flesh will of itself, if all insects be carefully kept from it, produce any.—*Ray, Wisdom of God manifested in the Works of the Creation.*

2. Find out or know by experience. *Rare.*

These and many other spiritual wickednesses in high places doth the parson fear, or *experiment*, or both.—*G. Herbert, Country Parson*, ch. ix.

When the succession of ideas ceases, our perception of duration ceases with it, which every one *experiments* whilst he sleeps soundly.—*Locke.*

Expériment. *v. n.* Make experiment.

The plan to which I allude is, that when any subject becomes unmanageable by the inductive method, whether from the impossibility of *experimenting* upon it, or from its extreme natural complexity, or from the presence of immense and bewildering details collected around it, we may, in all such cases, make an imaginary separation of inseparable facts; and reason upon trains of events which have no real and independent existence, and which are nowhere to be found except in the mind of the inquirer.—*Buckle, History of Civilization in England*, vol. ii. ch. vi.

Expérimental. *adj.* Pertaining to, built upon, or known by, experiment; formed by observation.

Trust not my reading, nor my observations,
Which with *experimental* seal do warrant
The tenour of my book.
Shakespear, Much Ado about Nothing, iv. 1.

The *experimental* testimony of Gillius is most considerable of any, who beheld the course thereof.—*Sir T. Browne, Vulgar Errours.*

We have no other evidence of universal impenetrability, besides a large experience, without an *experimental* exception.—*Sir I. Newton, Opticks.*

These are so far from being subservient to atheists in their audacious attempts, that they rather afford an *experimental* confirmation of the universal deluge.—*Bentley, Sermons.*

Even in purely *experimental* science, some inducement is necessary for trying one experiment rather than another; and though it is abstractedly possible that all the experiments which have been tried, might have been produced by the mere desire to ascertain what would happen in certain circumstances, without any previous conjecture as to the result; yet in point of fact those unobvious, delicate, and often cumbrous and tedious processes of experiment, which have thrown most light upon the general constitution of nature, would hardly ever have been undertaken by the persons or at the time they were, unless it had seemed to depend on them whether some general doctrine or theory which had been suggested, but not yet proved, should be admitted or not. If this be true even of merely *experimental* inquiry, the conversion of *experimental* into deductive truths could still less have been effected without large temporary assistance from hypotheses. —*J. S. Mill, System of Logic*, § 5.

Experiméntalist. *s.* One who makes experiments.

It was usual, we are told, with the *experimentalists* in physics in the last age, to labour their experiments with the most diligent exactness.—*Bishop Burgess, On the Divinity of Christ*, p. 24: 1790.

If a bird is taken from a cage, and instantly plunged into carbonic acid gas, the *experimentalist* may be fully assured (at all events after one or two repetitions) that no circumstance capable of causing suffocation had supervened in the interim, except the change from immersion in the atmosphere to immersion in carbonic acid gas.—*J. S. Mill, System of Logic.*

And moreover, in respect of the medical profession, there is an obvious danger of a man's being regarded as a dangerous *experimentalist* who adopts any novelty, and of his thus losing practice even among such as may regard him with admiration as a philosopher.—*Whately, Elements of Rhetoric*, pt. i. ch. iii. § 2.

Experiméntally. *adv.* In an experimental manner; by experience; by trial; by experiment; by observation.

Solid divines *experimentally* know what belongs to the healing of a sinful soul.—*Bishop Hall, Remains*, p. 110.

While Pharos was an isle, the true distance between it and the city, as it hath been usually and *experimentally* accounted, was about seven furlongs. —*Gregory, Posthuma*, p. 29.

The miscarriage being sometimes universal, has made us impart what we have *experimentally* learned by our own observations.—*Evelyn, Calendarium hortense.*

While the man is under the scourge of affliction, he is willing to abjure those sins which he now *experimentally* finds attended with such bitter consequences.—*Rogers, Sermons.*

Faraday discovered by experiment that voltaic electricity could be evolved from a natural magnet, provided a conducting body were set in motion at right angles to the direction of the magnet: and, this he found to hold not only of small magnets, but of that great magnet, the earth. The law being thus established *experimentally*, that electricity is evolved, by a magnet, and a conductor moving at right angles to the direction of its poles, we may now look out for fresh instances in which these conditions meet.—*J. S. Mill, System of Logic.*

Experimentárian. *adj.* and *s.* Adept in experiments.

Another thing that disposes an *experimentarian* philosopher to embrace religion is that his genius and course of studies accustom him to value and delight in abstracted truths,—*Boyle, Works*, v. 22. (Rich.)

Another thing that qualifies an *experimentarian* for the reception of revealed religion is, &c.—*Ibid.* p. 537. (Rich.)

Experimentátion. *s.* Exercise or practice in experiment.

Further, even if we could have ascertained, by the method of agreement, that oxygen and hydrogen were both present when water is produced, no *experimentation* on oxygen and hydrogen separately, no knowledge of their laws, could have enabled us deductively to infer that they would produce water. We require a specific experiment on the two combined.—*J. S. Mill, System of Logic*, b. iii. ch. x. § 4.

Thus far the advantage of *experimentation* over simple observation is universally recognised: all are aware that it enables us to obtain innumerable combinations of circumstances which are not to be found in nature, and so add to nature's experiments a multitude of experiments of our own.—*Ibid.* b. iii. ch. vii. § 3.

Experimentátor. *s.* Experimenter.

The examination of some of them was protracted for many days, the nature of the *experiments* themselves and also the design of the *experimentators* requiring such chasm. — *Boyle, Works*, iv. 507. (Rich.)

Expérimented. *part. adj.* Experienced; tried. *Obsolete.*

Let the orations of wise princes, or *experimented* counsellors in council or parliament, and the final sentences of grave and learned judges in weighty

and doubtful causes, be the lectures he frequents.—*Bacon.* (Ord MS.)

Thus it is in matters of certain and *experimented* truth.—*Sir T. Browne, Vulgar Errours*, p. 383. (Ord MS.)

Veterans and well *experimented* soldiers.—*Holinshed, Conquest of Ireland*, b. ii. 38. (Rich.)

Expérimenter. *s.* One who makes experiment.

Galileus and Morsennus, two exact *experimenters*, do think they find this verity by their experiences; but surely *this is* impossible to be done.—*Sir K. Digby, Treatise on the Nature of Bodies.*

There will be no fear that the *experimenter* should reject the first, seeing they may be conceived by the meanest capacity.—*Bishop Sprat, History of the Royal Society*, p. 353.

When engaged in the investigation of table-turning, I constructed a very simple apparatus, serving as an index, to show the unconscious motions of the hands upon the table. The results were either that the index moved before the table, or that neither index nor table moved; and in numerous cases all moving power was annihilated. A universal objection was made to it by the table-turners. It was said to paralyze the powers of the mind: but the *experimenters* need not see the index.—*Faraday, Lectures on Mental Education.*

Experrection. *s.* [Lat. *expergiscor*, part. *experrectus* = awake, awakened.] Waking. *Rare.*

The Phrygians also imagining that God sleepeth all winter and lieth awake in the summer; thereupon celebrate, in one season, the feast of lying in bed and sleeping; in the other of *experrection* or waking, and that with much drinking and belly cheer.—*Holland, Translation of Plutarch*, p. 1069. (Rich.)

Expért. *adj.* [Lat. *expertus*, part. of *experior* = try.] Skillful; intelligent: (especially through *practice* or *experience*).

Now we will take some order in the town,
Placing therein some *expert* officers.
Shakespear, Henry VI. Part I. iii. 2.

Expert men can execute, and judge of particulars, one by one; but the general counsels, and the plots and marshalling of affairs, come best from those that are learned.—*Bacon.*

The meanest sculptor in the Æmilian square,
Can imitate in brass the nails and hair;
Expert in trifles, and a cunning fool,
Able t' express the parts, but not dispose the whole.
Dryden.

Again fair Alma sits confest
On Florimel's *experter* breast;
When she the rising sigh constrains,
And by concealing speaks her pains. *Prior.*

They have not the good luck to be perfectly knowing in the forms of syllogism, or *expert* in mode and figure.—*Locke.*

Expért. *adj.* [Lat. *expers*, *-ertis* = free from anything.] With *of.*

This excellent woman ... being after *experte of* the paynes of bearing of children.—*Lord Morley, Translation of Boccalini.*

Expért. *v. a.* Experience. *Rare.*

We deem of death as doom of ill desert;
But knew we, fools, what it us brings until,
Die would we daily, once it to *expert!*
Spenser, Shepherd's Calendar, November.

Expértness. *s.* Skill; readiness; dexterity.

What his reputation, what his valour, honesty, and *expertness* in war.—*Shakespear, All's well that ends well*, iv. 3.

Expétible. *adj.* [Lat. *peto* = seek.] Constituting or characterizing an object to be sought with earnestness, to be wished for, or desired.

Uniformity in religious and ecclesiastical matters sure is so excellent and desirable a gain, that certainly an establishment, somewhat less perfect, with 'being of the same mind as far as we have attained,' and with a regular and effectual observation of good laws, is more *expetible* than an appointment in some circumstances more perfect, without the same uniform order and peace therewith.—*Puller, Moderation of the Church of England*, p. 410.

And thus have they done in treating of good things and evil, *expetible* and to be avoided, proper and strange.—*Holland, Plutarch*, p. 895. (Rich.)

Expiable. *adj.* Capable of being expiated or atoned.

Did not the accidents of the holiest child-bed carry in them an *expiable* impurity?—*Bishop Hall, Honour of married Clergy*, p. 112.

The church of Rome is not so highly severe. Some sins they can allow to be but venial; such as oblige not man to the punishment of eternal death: which indeed is a life endless, in endless torment. But yet they allow them to be such as deserve punishment, though such as are easily pardonable: remissible of course, or *expiable* by an easie penitence.—*Feltham, Resolves*, ix. 274.

Expiate. *v. a.* [Lat. *expiatus*, pass. part. of *expio*; *expiatio*, *-onis.*]

1. Annul the guilt of a crime by subsequent acts of piety; atone for.

Strong and able petty felons, in true penitence, implore permission to *expiate* their crimes by their assiduous labours in so innocent and so hopeful a work.—*Bacon, Physiological and Medical Remains.*

For the cure of this disease an humble, serious, hearty repentance is the only physick; not to *expiate* the guilt of it, but to qualify us to partake of the benefit of Christ's atonement.—*Ray, Wisdom of God manifested in the Works of the Creation.*

2. Avert the threats of prodigies.

The Romans, like most pagans, readily adopted the gods of other nations.... Frequent showers of stones, a portent often mentioned by the Roman historians, could, according to the Sibylline books, be *expiated* only by bringing to Rome Cybele, or the Idæan mother.—*Dyer, History of the City of Rome*, sect. ii.

3. Make reparation for.

The treasurer obliged himself to *expiate* the injury, to procure some declaration to that purpose under his majesty's sign manual.—*Lord Clarendon, History of the Grand Rebellion.*

The more they have hitherto embezzled their parts, the more they endeavour to *expiate* that unthriftiness by a more careful managery for the future.—*Dr. H. More, Government of the Tongue.*

Expiation. *s.*

1. Act of expiating or atoning for any crime.

The land cannot be cleansed of the blood that is shed therein, [in the margin, there can be no *expiation* for the land].—*Numbers*, xxxv. 33.

2. Means by which we atone for crimes; atonement.

Law can discover sin, but not remove,
Save by those shadowy *expiations* weak,
The blood of bulls and goats.
Milton, Paradise Lost, xii. 290.

Let a man's innocence be what it will, let his virtues rise to the highest pitch of perfection, there will be still in him so many secret sins, so many human frailties, so many offences of ignorance, passion, and prejudice, so many unguarded words and thoughts, that without the advantage of such an *expiation* and atonement as Christianity has revealed to us, it is impossible he should be saved.—*Addison, Spectator.*

3. Practices by which the threats of ominous prodigies were averted.

Upon the birth of such monsters, the Grecians and Romans did use divers sorts of *expiations*, and to go about their principal cities with many solemn ceremonies and sacrifices.—*Sir J. Hayward.*

Expiatórious. *adj.* Having the power to expiate; having an expiatory tendency or character. *Rare.*

Which are not to be expounded as if ordination did confer the first grace, which in the schools is understood only to be *expiatorious*; but the increment of grace and sanctification.—*Jeremy Taylor, Office Ministerial*, § 7.

Expiatory. *adj.* Having the power of expiation or atonement.

A real and *expiatory* offering and oblation.—*Harmar, Translation of Beza's Sermons*, p. 81: 1587.

His voluntary death for others prevailed with God, and had the force of an *expiatory* sacrifice.—*Hooker, Ecclesiastical Polity.*

Expilate. *v. a.* [Lat. *expilatus*, pass. part. of *expilo* = rob.—see Compile.] Pillage. *Rare.*

Pilate would *expilate* the treasures of it for aquæ ductæ, which denied cost the Jews much blood.—*Bishop Hall, Sermon at the Earle of Exeter's on St. John's.* (Rich.)

Expilation. *s.* Robbery.

In many grievances of the people, *expilations* of the church, abuses to the state, intrenchments upon the royalties of the crown were continued, that it was a great blessing of Almighty God if any ruler over kingdoms was delivered from them upon so easy termes; and now to have all these mischiefs return with more strength upon us, by the attempts of these priests, had been the highest points of indiscretion and sleepinesse.—*Jeremy Taylor, Discourses*, 685. (Ord MS.)

Whence, says he, proceeds
This rav'nous *expilation* of the state.
Daniel, Civil Wars of York and Lancaster, b. ii. (Rich.)

Expilator. *s.* Robber.

Where profit hath prompted no age hath wanted such miners [for sepulchral treasure]. For which the most barbarous *expilators* found the most civil rhetorick.—*Sir T. Browne, Hydrotaphia or Urne Burial*, ch. iii. (Rich.)

Expirátion. *s.*

1. Act, in the process of Respiration, of giving out or emitting the air previously taken into the body by Inspiration.

In all *expiration* the motion is outwards, and therefore rather driveth away the voice than draweth it.—*Bacon, Natural and Experimental History.*

Of an inflammation of the diaphragm, the symptoms are a violent fever, and a most exquisite pain increases upon inspiration; by which it is distinguished from a pleurisy, in which the greatest pain is in *expiration.*—*Arbuthnot, On the Nature and Choice of Aliments.*

2. Last emission of breath; death.

Though therefore it be certainly true that Cæsar did truly and properly die, as other men are wont to do, and that after *expiration* he was in the state or condition of the dead, as some have learnedly speak; yet the creed had spoken as much as this before, when it delivered that he was dead.—*Bishop Pearson, Exposition of the Creed*, art. v.

We have heard him breathe the groan of *expiration.*—*Johnson, Rambler.*

He [Milton] died by a quiet and silent *expiration* about the 10th of November, 1674, at his house in Bunhill-fields; and was buried next his father in the chancel of St. Giles in Cripplegate. His funeral was very splendidly and numerously attended.—*Johnson, Lives of the Poets, Milton.*

3. Evaporation; act of fuming out.

By the *expiration* of such atoms, the dog finds the scent as he hunts.—*Howell, Familiar Letters*, iv. 50.

He was to receive immediate benefit either by eructation, or *expiration*, or evomition.—*Swift, Tale of a Tub*, § 4.

4. Vapour; matter expired.

Words of this sort resemble the wind in fury and impetuousness, in transientness and sudden *expiration.*—*Dr. H. More, Decay of Christian Piety.*

Close air is warmer than open air, as the cause of cold is an *expiration* from the earth, which in open places is stronger.—*Bacon, Natural and Experimental History.*

5. Cessation of anything to which life is figuratively ascribed.

To satisfy ourselves of its *expiration*, we darkened the room, and in vain endeavoured to discover any spark of fire.—*Boyle.*

6. Conclusion of any limited time.

If till the *expiration* of your month,
You will return and sojourn with my sister,
Dismissing half your train, come then to me.
Shakespear, King Lear, ii. 4

This he did in a fortnight after the *expiration* of the treaty of Uxbridge.—*Lord Clarendon, History of the Grand Rebellion.*

Expíre. *v. a.* [Lat. *spiro* = breathe; pass. part. *spiratus*; *exspiratio*, *-onis.*]

1. Breathe out.

To save his body from the scorching fire,
Which he from hellish entrails did *expire.*
Spenser, Faerie Queen.

Anatomy exhibits the lungs in a continual motion of inspiring and *expiring* air.—*Harvey, Discourse of Consumptions.*

This chaf'd the boar; his nostrils flames *expire*,
And his red eyeballs roll with living fire.
Dryden, Translation from Ovid.

2. Exhale; send out in exhalations.

The fluid which is thus secreted, and *expired* forth along with the air, goes off in sensible parcels.—*Woodward.*

3. Close; conclude; bring to an end.

When as time flying with wings swift,
Expired had the term that these two javels
Should render up a reck'ning of their travels.
Spenser, Mother Hubberd's Tale.

My mind misgives,
Some consequence, yet hanging in the stars,
Shall bitterly begin his fearful date
With this night's revels, and *expire* the term
Of a despised life.
Shakespear, Romeo and Juliet, i. 4.

Death was umpire by *expiring* the best spirit of the one, the quarrel being only for the lie given.—*Selden, Duello*, ch. iv.

Expíre. *v. n.*

1. Make an emission of the breath; die; breathe the last.

For when the fair in all their pride *expire*,
To their first elements the souls retire. *Pope.*

2. Perish; fall; be destroyed.

All thy praise is vain,
Save what this verse, which never shall *expire*,
Shall to thee purchase. *Spenser.*

The dead man's knell,
Is there scarce ask'd, for whom; and good men's lives
Expire before the flowers in their caps,
Dying or ere they sicken.
Shakespear, Macbeth, iv. 3.

3. Fly out with a blast.

The distance judg'd for shot of every size,
The linstocks touch, the pond'rous ball *expires*;
The vigorous seaman every porthole plies,
And adds his heart to every gun he fires. *Dryden.*

4. Conclude; terminate; come to an end.

A month before
This bond *expires*, I do expect return
Of thrice three times the value of this bond.
Shakespear, Merchant of Venice, i. 3.

Expíring. *part. adj.* Dying.

Or endless apathy succeeds to death,
And sense is lost with our *expiring* breath,
Or if the soul some future life shall know,
To better worlds immortal shall she go.
Rowe, Translation of Lucan, iii. (Rich.)

Expíring. *verbal abs.* Breathing out; expiration.

The first means of producing cold is that which nature presenteth us withall; namely, the *expiring* of cold out of the inward parts of the earth in winter, when the sun hath no power to overcome it; the earth being (as hath been noted by some) primum frigidum.—*Bacon, Natural and Experimental History.* (Rich.)

Expíry. *s.* Period when anything expires, dies out, or ends.

He had to leave at the *expiry* of the term.—*Lamb, Letter to Wordsworth.*

Expíscate. *v. n.* [Lat. *piscis* = fish.] Fish out, in the sense of discover or investigate. *Rare.*

Expiscating if the renown'd extreme
They force on us will serve their turns.
Chapman, Translation of the Iliad, x. 181.
(Nares by H. and W.)

Expiscátion. *s.* Fishing.

In *expiscation* if whose mysteries,
Our nets must still be clogg'd with heavy lead
To make them sink and catch.
Chapman, On Ben Jonson's Sejanus.

Explaín. *v. a.* [Lat. *explano* (*planus* = plain), pass. part. *explanatus*; *explanatio*, *-onis*.] Expound; illustrate; clear by notes or commentaries.

You will have variety of commentators to *explain* the difficult passages to you.—*Gay.*

With *away* = get rid of by explanation: (generally in a *bad* sense).

Such is the original design, however we may *explain* it *away*.—*Ayliffe, Parergon Juris Canonici.*
Some *explain'd* the meaning quite *away*. *Pope.*

Explaínable. *adj.* Capable of being explained or interpreted.

It is symbolically *explainable*, and implieth purification and cleanness.—*Sir T. Browne, Vulgar Errours.*

Explaíner. *s.* One who explains; expositor; interpreter; commentator.

According to our common *explainers*.—*Milton, Doctrine and Discipline of Divorce.*
As there is no author who more frequently repeats similar sentiments and expressions than Arrian, so for that reason there is no one who is a better commentator and *explainer* to himself.—*Harris, To Upton* (1734), in *Dr. Warton's Works*, p. 207.
At Rome, as at Florence, he staid only two months; a time, indeed, sufficient if he desired only to ramble with an *explainer* of its antiquities, or to view palaces and court pictures, but certainly too short for the contemplation of learning, policy, or manners.—*Johnson, Lives of the Poets, Milton.*

Explanátion. *s.* Act of explaining or interpreting; sense given by an explainer or interpreter.

Before this *explanation* be condemned, and the bill found upon it, some lawyers should fully inform the jury.—*Swift.*

Explánatory. *adj.* Containing explanation.

Had the printer given me notice, I would have printed the names, and writ *explanatory* notes.—*Swift.*

Expláte, or **Expleát.** *v. a.* ? *Explead*, for expound as a pleader.

While thou dost deale
Desired justice to the publique weale
Like Solon's self, *explates* the knotty laws
With endless labours.
B. Jonson, Epigram on Sir E. Coke. (Rich.)

Explétion. *s.* Accomplishment.

They conduce nothing at all to the perfection of men's natures, nor the *expletion* of their desires.—*Killingbeck, Sermons*, p. 374.

Explétive. *adj.* Filling up; filling out; having the character of an expletive.

He useth them as *expletive* phrases to plumb his speech, and fill out his sentences.—*Barrow*, vol. i. serm. 15. (Rich.)
There is doubtless some advantage in the shortness of the lives, which there is little temptation to load with *expletive* epithets.—*Johnson, Lives of the Poets, Addison.* (Ord MS.)
No one entered more fully than Shakspeare into the character of this species of poetry which admits of no *expletive* imagery, no merely ornamental line.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries, pt.* iii. ch. v.

Expletive. *s.* Something used only to take up room; something of which the use is only to prevent a vacancy.

These are not only useful *expletives* to matter, but great ornaments of style.—*Swift.*
Oft the ear the open vowels tire,
While *expletives* their feeble aid do join.
Pope, Essay on Criticism.
Expletives, whether words or syllables, are made use of purely to supply a vacancy: *do*, before verbs plural, is absolutely such; and future refiners may explode *did* and *does*.—*Pope.*

Expletory. *adj.* Filling up; taking up room.

In the address of the Almighty to Job, in chapters 38, 39, no less than twenty-one verses begin with the particle *what*, decorated with a note of admiration! No less than six successive verses in ch. 38, and four in ch. 39, have this uncouth introduction, for which there is not the smallest authority in the original. Dr. Garden is so fond of this *expletory* embellishment, as even to introduce it twice in the same verse.—*British Critic*, Feb. 1797.

Explicable. *adj.* Explainable; possible to be explained.

Many difficulties, scarce *explicable* with any certainty, occur in the fabrick of human nature.—*Sir M. Hale, Origination of Mankind.*
Great variety there is in compound bodies, and little many of them seem to be *explicable*.—*Boyle.*
The facts, therefore, are quite *explicable* on the supposition that all knowledge is from experience.—*Herbert Spencer, Principles of Psychology.*

Explicate. *v. a. Obsolete.*

1. Unfold; expand.

They *explicate* the leaves, and ripen food
For the silk labourers of the mulberry wood.
Sir R. Blackmore.

2. Explain; clear; interpret.

I name him a grammarian by the authority of Quintillian, that, speaking Latin elegantly, can expound good authors, expressing the invention and disposition of the matter, their style or form of eloquence; *explicating* the figures as well of sentences as of words; leaving nothing, person or place, named by the author, undeclared or hid from his scholars.—*Sir T. Elyot, The Governour*, fol. 51.
They do not understand that part of Christian philosophy which *explicates* the secret nature of this divine sacrament.—*Jeremy Taylor.*
Although the truths may be elicited and *explicated* by the contemplation of animals, yet they are more clearly evidenced in the contemplation of man.—*Sir M. Hale, Origination of Mankind.*
The last verse of his last satire is not yet sufficiently *explicated*.—*Dryden.*

Explicátion. *s.*

1. Act of opening; unfolding or expanding; act of explaining; interpretation; explanation.

The church preacheth, first publishing, by way of testimony, the truth which from them she hath received, written in the sacred volumes of Scripture; secondly, by way of *explication*, discovering the mysteries which lie hid therein.—*Hooker, Ecclesiastical Polity.*
Many things are needful for *explication*, and many for application unto particular occasions.—*Ibid.*
Allowances are made in the *explication* of our Saviour's parables, which hold only as to the main scope.—*Bishop Atterbury.*

2. Sense given by an explainer; interpretation.

'Tis the substance of this theory I mainly depend upon; many single *explications* and particularities may be rectified upon farther thoughts.—*T. Burnet, Theory of the Earth.*

Explicative. *adj.* Having a tendency to explain.

If the term which is added to the subject of a complex proposition be either essential or any way necessary to it, then it is called *explicative*; for it only explains the subject; as, every mortal man is a son of Adam.—*Watts, Logick.*
Thought is, under this condition, merely *explicative* or analytic.—*Sir W. Hamilton, Discussions*, p. 578.

Explicator. *s.* [Lat.] Explainer. *Rare.*

Again, if we look upon the supposition of Epicurus, and his *explicator*, Lucretius, and his advancer Gassendus, how many things must be taken for granted that are not only perfectly inevident to our sense but altogether improbable.—*Sir M. Hale, Origination of Mankind*, p. 10. (Rich.)

Explicátory. *adj.* Explicative; tending to explain.

Hereon are grounded those evangelical commands, *explicatory* of this law, as it now standeth in force.—*Barrow, Sermons*, vol. i. ser. xxv.
I may venture to say that no man ever got a clear and *explicatory* notion of a chemical combination by the help of attractions.—*Black, Chemistry*, 1. (Ord MS.)

Explícit. *adj.* Unfolded; plain; clear; not obscure; not merely implied.

We must lay aside that lazy and fallacious method of censuring by the lump, and bring things close to *explicit* proof and evidence.—*T. Burnet, Theory of the Earth.*
These speculations, when most refined, serve only to shew how impossible it is for us to have a clear and *explicit* notion of that which is infinite.—*South, Sermons.*

Explicit. [Lat.] See extracts.

[*Explicit* [is] a word found at the conclusion of our old books, signifying 'the end,' or 'it is finished;' as we now find 'finis.' Thus the Liber Festivalis of Caxton concludes with '*Explicit*: Enprynted at Westmynster, &c. mccccIxxxiij.' The old French books have the same word.—*Johnson.*]
The word *explicit* generally used at the end of MSS. and early printed books, is a contraction of *explicitus*. The ancient books were nothing but rolls of parchment, (hence the Latin word 'volumen,' and our 'volume,') which were unfolded by the reader in his progress through them. When they were quite 'unfolded,' they were of course 'finished;' and the word *explicitus*, which properly conveys the former sense, was afterwards used in the latter; when the books assumed a different form, to signify that they were 'finished' or ended.—*Aubrey, Anecdotes*, ii. 99, note by the Editor.

Explícitly. *adv.* In an explicit manner; plainly; directly; not merely by inference or implication.

This querulous humour carries an implicit repugnance to God's disposals; but where it is indulged, it usually is its own expositor, and *explicitly* avows it.—*Dr. H. More, Government of the Tongue.*

Explícitness. *s.* Attribute suggested by Explicit.

Whose judgement is of itself more difficult, more remote from matter and humane observation, and with less curiosity and *explicitenesse* declared in Scripture as being of less consequence and concernment in order to God; and man's great end.—*Jeremy Taylor, Liberty of Prophesying*, sec. 12. (Ord MS.)
Otherwise, surely, the knowledge of this article could but very obscurely be gathered from the bare writings of Moses and the prophets, and consequently was by no means received with that *explicitness* in the ancient Jewish church that it is now in the Christian.—*South, Sermons*, vol. iv. ser. vii. (Rich.)

Explóde. *v. a.* [Lat. *ex* + *plodo*, the form taken in composition by *plaudo* = clap hands.]

1. Drive out disgracefully with some noise of contempt; treat with open contempt; treat not only with neglect, but open disdain or scorn.

Him old and young
Exploded, and had seiz'd with violent hands,
Had not a cloud descending snatch'd him thence
Unseen amid the throng.
Milton, Paradise Lost, xi. 668.
There is pretended, that a magnetical globe or terrella, being placed upon its poles, would have a constant rotation; but this is commonly *exploded*, as being against all experience.—*Bishop Wilkins, Dædalus.*
Shall that man pass for a proficient in Christ's school, who would have been *exploded* in the school of Zeno?—*South, Sermons.*

2. Drive out with noise and violence.

But late the kindled powder did *explode*
The massy ball, and the brass tube unload.
Sir R. Blackmore.

Explóde. *v. n.* Go off with an explosion.

All attempts to insulate fulminic acid have proved unsuccessful, as it *explodes* with the slightest decomposing force.—*Ure, Dictionary of Arts, Manufactures, and Mines, Fulminic Acid.*

Explóded. *part. adj.* Got rid of contemptuously.

Provided that no word, which a society shall give a sanction to, be antiquated and *exploded*, they may receive whatever new ones they shall find occasion for.—*Swift.*
It is assuredly not to Mr. Pitt's sinking-fund that we allude, as it showing his defective political resources; that scheme, now *exploded*, after being gradually given up by all adepts in the science of

finance, was for many years their favourite; nor can he in this particular be so justly charged, as he well may in all the rest of his measures, with never having gone before his age, and not always being upon a level with the wisdom of his own times.—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Mr. Pitt.*

Explóder. *s.* Hisser; one who drives out any person or thing with open contempt.

According to the republican divinity of some scandalous *exploders* of the doctrine of passive obedience.—*South, Sermons*, vi. 276.

This age hath produced too many confident *exploders* of immaterial substances.—*Halliwell, Melampronœa*, p. 2.

Explóding. *part. adj.* Explosive: (in the following extract, contemptuous).

Thus was the applause they meant,
Turn'd to *exploding* hiss, triumph to shame,
Cast on themselves from their own mouths.
Milton, Paradise Lost, x. 545.

Exploít. *s.* Design accomplished; achievement; successful attempt.

Know'st thou not any whom corrupting gold
Would tempt unto a close *exploit* of death?
Shakespear, Richard III. iv. 2.

How shall I relate
To human sense th' invisible *exploits*
Of warring spirits? *Milton, Paradise Lost*, v. 564.

The *exploits* of wicked spirits upon particular persons may be permitted for diverse good purposes.—*Halliwell, Melampronœa*, p. 92.

Will you thus dishonour
Your past *exploits*, and sully all your wars?
Addison, Cato.

Exploít. *v. a.* Perform; achieve.

He *exploited* great matters in his own person in Gallia, and by his son in Spain.—*Camden, Remains.*

Exploíting. *verbal abs.* Achieving as an exploit; carrying into effect.

He showed himself (above all others) most forward in the enterprize, as having contributed (for the *exploiting* of this service) two thousand dragmes weight in silver and two hundred targets.—*Holland, Translation of Plutarch's Morals*, p. 754. (Rich.)

Exploíture. *s.* Achievement. *Obsolete.*

The commentaries of Julius Cæsar, which he made of his *exploiture* in Fraunce and Britaine.—*Sir T. Elyot, The Governour*, fol. 33, b.

Explórate. *v. a.* Search out; try by searching; explore.

Snails exclude their horns, and therewith *explorate* their way.—*Sir T. Browne, Vulgar Errours.*

Explorátion. *s.*

1. Search; examination.

For exact *exploration* scales should be suspended where the air is quiet.—*Sir T. Browne, Vulgar Errours.*

Use may be made of the like way of *exploration* in that enquiry which puzzles so many modern naturalists.—*Boyle.*

2. Espial.

The vizier was not without jealousie of the sincerities of the messenger, but thought 'twas sent for *exploration* to discover the force, preparation, and resolution of that state.—*Continuation of Knolles, History of the Turks*, 1462 L. (Ord MS.)

Explorátor. *s.* Explorer: (this latter being the *commoner* term).

Percy, their *explorator*, was let out like a raven, and sent as a spy to descry, by the best inducements he could find, whether the state took hold of their proceedings or not.—*Proceedings against Garnet*, sign. Bbb. 3: 1606.

This envious *explorator*, or searcher for faults.—*Halliwell, Melampronœa*, p. 92.

Explóratory. *adj.* Searching; examining.

This is but an *exploratory* purpose between us.—*Sir H. Wotton, Reliquiæ Wottonianæ*, p. 507.

There is an *exploratory* temptation, to search out and discover what is in man, what his graces and corruptions are.—*Bishop Hopkins, Exposition of the Lord's Prayer*, p. 123.

Round the castle, was an *exploratory* post to the Akeman-street.—*T. Warton, History of the Parish of Kiddington*, p. 53.

Explóre. *v. a.* [Lat. *exploro*; pass. part. *exploratus*; *exploratio*, *-onis*.] Try; search into; examine by trial.

Abdiel that sight endur'd not, where he stood
Among the mightiest, bent on highest deeds,
And thus his own undaunted heart *explores*.
Milton, Paradise Lost, vi. 111.

But Capys, and the rest of sounder mind,
The fatal present to the flames design'd,
Or to the wat'ry deep; at least to bore
The hollow sides, and hidden frauds *explore*.
Dryden, Virgil's Æneid.

The mighty Stagyrite first left the shore,
Spread all his sails, and durst the deeps *explore*;

He steer'd securely, and discover'd far,
Led by the light of the Mæonian star.
Pope, Essay on Criticism.

Explórement. *s.* Search; trial; (Exploration *commoner*).

The frustrated search of Porta, upon the *explorement* of many, could scarce find one.—*Sir T. Browne, Vulgar Errours.*

Explórer. *s.* One who explores.

They [The Shetland and Orkney Islands] have produced more than their share of intrepid Arctic *explorers*.—*Wilson, Prehistoric Annals of Scotland.*

Explósion. *s.* Bursting forth with noise.

In gunpowder the charcoal and sulphur easily take fire, and set fire to the nitre; and the spirit of the nitre being thereby rarified into vapour, rushes out with *explosion*, . . . the sulphur also, being volatile, is converted into vapour and augments the *explosion*.—*Sir I. Newton, Opticks.*

With *explosion* vast
The thunder raises his tremendous voice.
Thomson, Seasons.

Explósive. *adj.* [see Explode.] Having a tendency to explode, or the property of exploding.

These minerals constitute in the earth a kind of natural gunpowder, which takes fire; and by the assistance of its *explosive* power renders the shock greater.—*Woodward.*

From the red abyss
New hills *explosive* thrown. *Thomson, Liberty.*

Explósive. *s.* That which explodes.

The same remark applies to similar *explosives*.—*Ure, Dictionary of Arts, Manufactures, and Mines, Gunpowder.*

Explósiveness. *s.* Attribute suggested by Explosive; liability to explode.

Gunpowder is a mechanical combination of nitre, sulphur, and charcoal; deriving the intensity of its *explosiveness* from the purity of its constituents, the proportions in which they are mixed, and the intimacy of their admixture.—*Ure, Dictionary of Arts, Manufactures, and Mines, Gunpowder.*

Expoliátion. *s.* [Lat. *spolior* = despoil; hence better spelt *exsp-*. The word, however, is not generally current.] Spoliation.

Now, even now, O Saviour, . . . now thy bloody passion begins: a cruel *expoliation* begins that violence.—*Bishop Hall, Contemplations*, b. iv.

Expólish. *v. a.* Polish exquisitely. *Rare.*

To strive, where nothing is amiss, to mend;
To polish and *expolish*, paint and stain,
Unguents to daub, and then wipe out again.
Heywood, History of Women: 1624.

Expóne. *v. a.* [Lat. *exponò* (= place, lay out), pres. part. *exponens*, *-entis*; pass. part. *expositus*; *expositio*, *-onis*.] Expound. *Rare.*

Ye say, it belongs to you alone to *expone* the covenant.—*Drummond*, Σκιαμαχία, 202. (Ord MS.)

Expónent. *s.*

1. In *Algebra.* Sign denoting the power of a symbol of quantity.

We may often observe that the *exponents* of fluxions or notes representing fluxions are confounded with the fluxions themselves.—*Bishop Berkeley, Analyst*, § 45.

Exponent of the ratio, or proportion between any two numbers or quantities, is the *exponent* arising when the antecedent is divided by the consequent; thus six is the *exponent* of the ratio which thirty hath to five. Also a rank of numbers in arithmetical progression, beginning from 0, and placed over a rank of numbers in geometrical progression, are called indices or *exponents*; and in this is founded the reason and demonstration of logarithms; for addition and substraction of these *exponents* answers to multiplication and division in the geometrical numbers.—*Harris.*

2. Instrument of exposition either as a person or thing.

In the opening address delivered by him on behalf of the professorial body, we find him [Mr. Green] for the first time coming forward as the *exponent* of Coleridge's view of the 'National Clerisy.'—*Saturday Review*, Nov. 25, 1865.

Exponéntial. *adj.* Having the character of an Exponent.

Exponential curves are such as partake both of the nature of algebraick and transcendental ones. They partake of the former, because they consist of a finite number of terms, though those terms themselves are indeterminate; and they are in some measure transcendental, because they cannot be algebraically constructed.—*Harris.*

Expórt. *v. a.* [Lat. *porto* = carry; pass. part. *portatus*; *portatio*, *-onis*.] Carry out of a country, generally in the way of *traffic*.

Glorious followers taint business for want of secrecy, and *export* honour from a man, and make him a return in envy.—*Bacon, Essays.*

Great ships brought from the Indies precious wood, and *exported* pearls and robes.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

Éxport. *s.* Commodity carried out in traffic.

Whether there should not be published, yearly, schedules of our trade, containing an account of the imports and *exports* of the year?—*Bishop Berkeley, Querist*, § 179.

Used in the singular, generally, as an *adjective*, e.g. '*export* trade,' '*export* duties.'

Expórtable. *adj.* Capable of being exported.

Wines of this kind are good when drunk on the spot where they are grown, but they are rarely *exportable*.—*Symmonds, Commercial Products of the Vegetable Kingdom.*

Exportátion. *s.*

1. Act or practice of carrying out commodities into other countries.

The cause of a kingdom's thriving is fruitfulness of soil to produce necessaries, not only sufficient for the inhabitants, but for *exportation* into other countries.—*Swift.*

2. Simply, act of carrying out.

The symptom last spoken of had reference to the instruments of the vital faculty, which serve for importation and reception of the blood and spirits; this, that we are now speaking to, hath reference to those which serve for *exportation* and rejection of the same.—*Smith, Portrait of Old Age*, p. 239: 1666.

3. State of being carried out.

They were wont to sit by it, [the corpse,] from the time of its death till its *exportation* to the grave.—*Bourne, Antiquities of the Common People*, p. 15: 1725.

Expórter. *s.* One who exports commodities.

Money will be melted down, or carried away in coin by the *exporter*, whether the pieces of each species be by the law bigger or less.—*Locke.*

Expórting. *verbal abs.* Act of one who exports; exportation.

The *exporting* of the precious metals was forbidden under the severest penalties.—*Buckle, History of Civilization*, ii.

Expósal. *s.* Exposure.

I believe our corrupted air, and frequent thick fogs, are in a great measure owing to the common *exposal* of our wit.—*Swift, Advice to a young Poet.* (Ord MS.)

Expóse. *v. a.* [see Expone.]

1. Lay open; make liable.

Take physick, pomp;
Expose thyself to feel what wretches feel,
That thou may'st shake the superflux to them,
And shew Heaven just.
Shakespear, King Lear, iii. 4.

Who here
Will envy whom the highest place *exposes*
Foremost to stand against the Thunderer's aim?
Milton, Paradise Lost, ii. 26.

To pass the riper period of his age,
Acting his part upon a crowded stage,
To lasting toils *expos'd*, and endless cares,
To open dangers, and to secret snares. *Prior.*

2. Put in the power of anything.

But still he held his purpose to depart;
For as he lov'd her equal to his life,
He would not to the seas *expose* his wife. *Dryden.*

3. Lay open; make bare; put in a state of being acted upon.

While the balmy western spirit blows,
Earth to the breath her bosom dares *expose*.
Dryden, Translation of Virgil.

4. Lay open to censure or ridicule; show in such a state as brings contempt.

Like Horace, you only *expose* the follies of men, without arraigning their vices.—*Dryden, Translation of Juvenal*, dedication.

Tully has justly *exposed* a precept, that a man should live with his friend in such a manner that if he became his enemy, it should not be in his power to hurt him.—*Addison, Spectator.*

A fool might once himself alone *expose*;
Now one in verse makes many more in prose. *Pope.*

Your fame and your property suffer alike, you are at once *exposed* and plundered.—*Id.*

5. Lay open to examination.

Those who seek truth only, freely *expose* their principles to the test, and are pleased to have them examined.—*Locke.*

6. Put in danger.

The *exposing* himself notoriously did change the fortune of the day, when his troops begun to give ground.—*Lord Clarendon, History of the Grand Rebellion.*

7. Cast out to chance.

Helpless and naked on a woman's knees,
To be *expos'd* or rear'd as she may please,
Feel her neglect, and pine for her disease. *Prior.*

8. Censure; treat with dispraise.
A little wit is equally capable of *exposing* a beauty, and of aggravating a fault.—*Addison, Spectator.*

Exposé. *s.* [Fr., common, though scarcely naturalized.] Exposure: (in a *bad* sense).
She has been negotiating with them for some time through the agency of Sir Lucius Grafton, and the late *exposé* will not favour her interests.—*Disraeli the younger, The Young Duke*, b. v. ch. xii.

Exposition. *s.*
1. Situation in which anything is placed with respect to the sun or air.
Water he chuses clear, light, without taste or smell; drawn from springs with an easterly *exposition*.—*Arbuthnot.*
The diversity of *exposition* of the several kitchens in this city, whereby some receive the rays of the sun sooner, and others later, will occasion great irregularity as to the time of dining.—*Id.*

2. Explanation; interpretation.
You are a worthy judge;
You know the law: your *exposition*
Hath been most sound.
Shakespear, Merchant of Venice, iv. 1.
I have sometimes very boldly made such *expositions* of my authors as no commentator will forgive me.—*Dryden.*

3. Display; exhibition: (for which it has sometimes been used as an equivalent in the commercial sense, as the 'Great *Exhibition*' was an *exposition* of articles from all Europe). *Gallicism.*

Expósitive. *adj.* Explanatory; containing exposition.
The opinion of Durandus is to be rejected, as not *expositive* of the Creed's confession.—*Bishop Pearson, Exposition of the Creed*, art. v.

Expósitor. *s.* Explainer; expounder; interpreter.
A mirth-moving jest,
Which his fair tongue, conceit's *expositor*,
Delivers in such apt and gracious words,
That aged ears play truant at his tales.
Shakespear, Love's Labour's lost, ii. 1.
In the picture of Abraham sacrificing his son, Isaac is described as a little boy, which is not consentaneous unto the authority of *expositors*.—*Sir T. Browne, Vulgar Errours.*
The sinner's conscience is the best *expositor* of the mind of God, under any judgement or affliction.—*South, Sermons.*

Expository. *adj.* Explanatory.
This book may serve as a glossary or *expository* index to the poetical writers.—*Johnson, Preface to his Abridged Dictionary.*

Expóstulate. *v. n.* [Lat. *postulatus*, pass. part. of *postulo* = demand.] Canvass with another; altercate; debate without open rupture; remonstrate.
More bitterly could I *expostulate*,
Save that for reverence of some alive
I give a sparing limit to my tongue.
Shakespear, Richard III. iii. 7.
The emperour's embassadour did *expostulate* with the king, that he had broken his league with the emperour.—*Sir J. Hayward.*
It is madness for friendless and unarmed innocence to *expostulate* with invincible power.—*Sir R. L'Estrange.*
Durst I *expostulate* with Providence, I then might ask.—*Cotton.*
The bishop will *expostulate*, and the tenant will have regard to the reasonableness of the demand.—*Swift.*

Expóstulate. *v. a.* Discuss; inquire into; examine. *Rare.*
I cannot now stay to *expostulate* the case with them.—*Asheton, Danger of Hypocrisy*, p. 17: 1673.
If either of us had intelligence that an enemy were coming upon us, with a design to assault us, and take away our life, although it were a person of but ordinary reputation that brought us the news, yet it would startle us, and we should not stand disputing the truth of the relation, but presently either prepare ourselves to appease him, or arm ourselves to encounter him; and then if no enemy appeared, we could securely *expostulate* the false alarm afterwards. — *Goodman, Winter Evening Conference*, p. 183.

Expostulátion. *s.* Debate; altercation; discussion of an affair in private without rupture.
Expostulations end well between lovers, but ill between friends.—*Spectator.*
This makes her bleeding patients to accuse
High Heav'n, and these *expostulations* use;
Could Nature then no private woman grace,
Whom we might dare to love with such a face?
Waller.
Expostulation is a private accusation of one friend touching another, supposed not to have dealt singly or considerately in the course of good friendship.—*Ayliffe, Parergon Juris Canonici.*

Expóstulator. *s.* One who debates with another without open rupture.
He is no opponent; only an *expostulator*.—*Lamb, Letter to Coleridge.*

Expóstulatory. *adj.* Containing expostulation.
This fable is a kind of an *expostulatory* debate between Bounty and Ingratitude.—*Sir R. L'Estrange.*
I confess with shame, it was an unpardonable omission to proceed so far as I have already done, before I had performed the due discourses, *expostulatory*, supplicatory, or deprecatory, with my good lords the criticks.—*Swift, Tale of a Tub*, § 3.
She writ him a short *expostulatory* letter, worthy of herself.—*Welwood, Memoirs of English Affairs from* 1588 *to the Revolution*, p. 14.

Expósure. *s.*
1. Act of exposing or setting out to observation; state of being open to observation.
When we have our naked frailties hid,
That suffer in *exposure*, let us meet.
Shakespear, Macbeth, ii. 3.

2. State of being exposed, or being liable to anything.
Determine on some course,
More than a wild *exposure* to each chance
That starts i' th' way before thee.
Shakespear, Coriolanus, iv. 1.
Ajax sets Thersites
To match us in comparisons with dirt;
To weaken and discredit our *exposure*,
How hard soever rounded in with danger.
Id., Troilus and Cressida, i. 3.

3. Exposition; situation in which the sun or air is received.
The cold now advancing, set such plants as will not endure the house, in pots two or three inches lower than the surface of some bed, under a southern *exposure*.—*Evelyn.*

Expoúnd. *v. a.*
1. Explain; clear; interpret; show the meaning of.
We cannot better interpret the meaning of those words than pope Leo himself *expounded* them, whose speech concerning our Lord's ascension may serve instead of a marginal gloss.—*Hooker, Ecclesiastical Polity.*
This by Calphurnia's dream is signified.—
And this way you have well *expounded* it.
Shakespear, Julius Cæsar, ii. 2.
He *expounded* unto them, in all the Scriptures, the things concerning himself.—*Luke*, xxiv. 27.
Those right holy fathers, as in matters of faith they did not make truth, but religiously *expounded* it; so in matters of ecclesiastical government, they did not create provinces; but ordered the countries which they then had.—*Sir W. Raleigh.*

2. Examine; lay open.
He *expounded* both his pockets,
And found a watch with rings and lockets.
Butler, Hudibras.

Expoúnder. *s.* Explainer; interpreter.
This they did partly as faithful witnesses; making a mere relation of what God himself had revealed unto them; and partly as careful *expounders*, teachers, and persuaders thereof.—*Hooker, Ecclesiastical Polity.*
The best he was,
And faithfullest *expounder* of the laws.
Dryden, Translation of Juvenal.

Expréss. *v. a.*
1. Copy; resemble; represent.
So kids and whelps their sires and dams *express*,
And so the great I measured by the less.
Dryden, Translation of Virgil.
Adorn a dream, *expressing* human form,
The shape of him who suffer'd in the storm. *Id.*

2. Represent by any of the imitative arts.
Each skilful artist shall *express* thy form
In animated gold. *Smith, Phædra and Hippolytus.*

3. Represent in words; exhibit by language; utter; declare.
Less than half we find *exprest*.
Envy bid conceal the rest. *Milton, Arcades*, 12.
Though they have learned those sounds, yet there are no determined ideas laid up in their minds, which are to be *expressed* to others by them.—*Locke.*
In moral ideas we have no sensible marks that resemble them, whereby we can set them down: we have nothing but words to *express* them by.—*Id.*
No longer shall thy bodice, aptly laced,
From thy full bosom to thy tender waist,
That air and shape of harmony *express*,
Fine by degrees, and delicately less. *Prior.*
True wit is nature to advantage drest,
What oft was thought, but ne'er so well *exprest*.
Pope.
Others for language all their care *express*,
And value books, as women men, for dress. *Id.*

4. Declare; (with *self*).
Mr. Philips did *express himself* with much indignation against me one evening.—*Pope.*

5. Denote; designate.
Moses and Aaron took these men *expressed* by their names.—*Numbers*, i. 17.

6. Squeeze out; force out by compression.
The disdainfull soul he thence dispatcht,
And th' idle breath all utterly *express'd*.
Spenser, Faerie Queen, ii. 11, 42.
The word signifieth new wine, yea generally all moisture, which, either by *expressing* or treading, is fet from any fruit.—*Exposition of Solomon's Song*, p. 234: 1585.
Among the watery juices of fruit are all the fruits out of which drink is *expressed*; as the grape, and the apple.—*Bacon.*

7. Extort by violence, or elicit by art.
Halters and racks cannot *express* from thee
More than thy deeds: 'tis only judgement waits thee. *B. Jonson.*
Art did *express*
A quintesssence, even from nothingness,
From dull privatives and lean emptiness. *Donne.*

Exprés. *adj.*
1. Copied; resembling; exactly like.
Of his presence many a sign
Still following thee, still compassing thee round
With goodness and paternal love; his face
Express, and of his steps the track divine.
Milton, Paradise Lost, xi. 351.

2. Plain; apparent; declared in direct terms.
There is not any positive law of men, whether general or particular, received by formal *express* consent, as in councils; or by secret approbation; but the same may be taken away, if occasion serves.—*Hooker, Ecclesiastical Polity.*

In the *Comparative* degree. *Rare.*
All the gazers on the skies,
Read not in fair heaven's story
Expresser truth, or truer glory,
Than they might in her bright eyes. *B. Jonson.*

3. Clear; not dubious.
I love to feel myself of an *express* and settled judgement and affection, in things of the greatest moment.—*Dr. H. More, Divine Dialogues.*
As to the testimonies of the fathers, let them be never so *express* against all sorts of prayers and invocations, they hold only of such a sort of prayer.—*Bishop Stillingfleet.*
Where reason or scripture is *express* for any opinion, or action, we may receive it as of divine authority.—*Locke.*

4. Used *adverbially*. On purpose; for a particular end.
They who are not induced to believe and live as they ought, by those discoveries which God hath made in Scripture, would stand out against any evidence whatsoever; even that of a messenger sent *express* from the other world.—*Bishop Atterbury.*
Plenty of ale, and some capital songs by Lucian Gay, who went down *express*, gave the right cue to the mob, who declared in chorus, beneath the windows of Rigby's hotel, that he was 'a fine old English gentleman!'—*Disraeli the younger, Coningsby*, b. vi. ch. iii.

Expréss. *s.*
1. Messenger sent on purpose: (extended to carriages, railway trains, and other means by which messages, passengers, and the like, are transported with more than ordinary speed or punctuality).
The king sent an *express* immediately to the marquis, with all the particular informations.—*Lord Clarendon, History of the Grand Rebellion.*
As if *expresses* from all parts had come,
With fresh alarms, threat'ning the fate of Rome.
Dryden, Translation of Juvenal.
Upon the first moment I was discovered, the emperour had early notice of it by an *express*.—*Swift, Gulliver's Travels.*

2. Declaration in plain terms. *Rare.*
They do not only contradict the general design and particular *expresses* of the gospel, but trespass against all logick and common sense.—*Norris.*

3. Representation by sculpture.
Some ancient coins have been called by the name of their *expresses*, as the Athenians had a certain coin, saith Pollux, καὶ ἐκαλεῖτο βοῦς, ὅτι βοῦν εἶχεν ἐντετυπωμένον, from the figure of an ox imprinted upon it.—*Gregory, Notes on Scripture*, p. 51: 1684.

Expréssible. *adj.* Capable of being expressed.
They had not only a memory and tradition of it in general, but even of several particular accidents of it likewise, which they handed downwards to the succeeding ages, with notes of the greatest terror *expressible*.—*Woodward, Essay towards a Natural History of the Earth.*

Expréssion. *s.*

1. Act or power of representing anything.

There is nothing comparable to the variety of instructive *expressions* by speech, wherewith a man alone is endowed, as with an instrument suitable to the excellency of his soul, for the communication of his thoughts.—*Holder, Elements of Speech.*

2 Form or mode of language in which any thoughts are uttered.

But ill *expression* sometimes gives allay
To noble thoughts, whose flame shall ne'er decay.
Duke of Buckingham.

The poet, to reconcile Helen to his reader, brings her in as a penitent, condemning her own infidelity in very strong *expressions*.—*Broome.*

Valid reasoning, when regularly expressed, has its validity (or conclusiveness) made evident from the mere form of the *expression* itself, independently of any regard to the sense of the word.—*Whately, Logic*, b. i. ch. i. § 3.

Applied to the character of the countenance, either of living bodies, or representations of them (statues, pictures).

3. Phrase; mode of speech.

Shakspeare's energy does not arise so much from these old *expressions*, (most of which were not old in his time,) but from his artificial management of them.—*Mason, Life of Gray.*

4. Act of squeezing or forcing out anything by pressure.

Those juices that are so fleshy, as they cannot make drink by *expression*, yet may make drink by mixture of water.—*Bacon.*

The juices of the leaves are obtained by *expression*: from this juice proceeds the taste.—*Arbuthnot, On the Nature and Choice of Aliments.*

Expréssive. *adj.* Having the power of utterance or representation.

And four fair queens, whose hands sustain a flow'r,
Th' *expressive* emblem of their softer pow'r. *Pope.*

A visible and exemplary obedience to God's laws is the most *expressive* acknowledgement of the majesty and sovereignty of God, and disposes others to glorify him by the same observances.—*Rogers.*

With *of*.

Each verse so swells *expressive of* her woes,
And every tear in lines so mournful flows,
We, spite of fame, her fate revers'd believe,
O'erlook her crimes, and think she ought to live.
Tickell.

Expréssiveness. *s.* Attribute suggested by Expressive.

The murrain has all the *expressiveness* that words can give: it was here that Virgil strained hard to outdo Lucretius.—*Addison.*

Expréssly. *adv.* In an express manner; in direct terms; plainly; not by implication; not generally; specially.

It doth not follow that of necessity we shall sin, unless we *expressly* extend this in every particular.—*Hooker, Ecclesiastical Polity.*

The beginning of the worship of images in these western parts, was by the folly and superstition of the people, *expressly* against the will of their own bishop.—*Bishop Stillingfleet.*

All the duties that the best political laws enjoin, as conducive to the quiet and order of social life, are *expressly* commanded by our religion.—*Rogers.*

Expréssness. *s.* Attribute suggested by Express.

The terms of the question want somewhat of *expressness*.—*Hammond, Works*, i. 709.

Considering the *expressness* of all these places, I cannot see but that any duty of religion may be more easily evaded than this.—*Glanville, Sermons*, ii. 100.

Expréssure. *s.* (Expression *commoner.*)

1. Expression; utterance.

There is a mystery in the soul of state,
Which hath an operation more divine,
Than breath or pen can give *expressure* to.
Shakespear, Troilus and Cressida, iii. 3.

2. Form; likeness represented.

I will drop some obscure epistles of love, wherein, by the colour of his beard, the manner of his gait, the *expressure* of his eye, forehead, and complexion, he shall find himself personated.—*Shakespear, Twelfth Night*, ii. 3.

3. Mark; impression.

And nightly, meadow fairies, look you sing,
Like to the garter-compass in a ring:
The *expressure* that it bears, green let it be,
More fertile fresh than all the field to see.
Shakespear, Merry Wives of Windsor, v. 5.

Éxprobrate. *v. a.* [Lat. *exprobro*; pass. part. *exprobratus* = reproach, reprove, tax, or charge, anyone with anything. *Probrum* = reproach. See Opprobrious.] Charge upon with reproach; impute openly with blame; upbraid.

To *exprobrate* their stupidity, he induces the providence of storks: now, if the bird had been unknown, the illustration had been obscure, and the exprobration not so proper.—*Sir T. Browne.*

Exprobrátion. *s.* Scornful charge; reproachful accusation; act of upbraiding.

The goodness we glory in, is to find out somewhat whereby we may judge others to be ungodly: each other's fault we observe as matter of *exprobration*, not of grief.—*Hooker, Ecclesiastical Polity.*

The Parthians, with *exprobration* of Crassus's thirst after money, poured gold into his mouth after he was dead.—*Abbot.*

It will be a denial with scorn, with a taunting *exprobration*; and to be miserable without commiseration, is the height of misery.—*South, Sermons.*

No need such boasts, or *exprobrations* false
Of cowardice: the military mound
The British files transcend in evil hour
For their proud foes. *Philips.*

Éxprobrative. *adj.* Reproaching; upbraiding.

All benefits losing much of their splendour, both in the giver and receiver, that do bear with them an *exprobrative* term of necessity.—*Sir A. Shirley, Travels.*

Expropriate. *v. a.* [Lat. *proprius* = property possessed by any one.] Make no longer one's own; hold no longer as a property. *Obsolete.*

When you have resigned, or rather consigned, your *expropriated* will to God, and thereby entrusted him to will for you, all his dispensations towards you are, in effect, the acts of your own will.—*Boyle, Discourse on Seraphick Love.*

Expropriátion. *s.* Act of making no longer one's own.

The soul of man, then, is capable of a state of much peace and equanimity in all exterior bands and agitations; but this capacity is rather an effect of the *expropriation* of our reason, than a virtue resulting from her single capacity; for it is the evacuation of all self-sufficiency that attracteth a replenishment from that Divine plenitude, from whose 'fulness we receive grace for grace:' So that it is a supervenient gift, not a native graft in our reason.—*W. Mountague, Devout Essays*, pt. i. p. 342: 1648.

Expúgn. *v. a.* [Lat. *pugno* = fight.] Conquer; take by assault.

They suborned certain men, which, when they could not *expugn* him by arguments and disputation, should by entreaty, and fair promises, or any other means, allure him to recantation.—*Fox, Book of Martyrs, Archbishop Cranmer.*

These ten voices were united in one sound, that their conjoined forces might *expugn* that gracious ear.—*Bishop Hall, Contemplations*, b. iv.

Great cities once *expugned*, the dorps and villages will soon come in of themselves.—*Feltham, Resolves*, xiii. 33.

Expugnátion. *s.* Conquest; act of taking by assault.

Since the *expugnation* of the Rhodian isle,
Methinks, a thousand years are overpass'd.
Tragedy of Soliman and Perseda: 1599.

Expúlse. *v. a.* [Lat. *pulsus* = pass. part. of *pello* = drive.] Drive out; expel; force away. *Rare.*

For ever should they be *expuls'd* from France,
And not have title to an earldom there.
Shakespear, Henry VI. Part I. iii. 3.

Suppose a nation where the custom were, that after full age the sons should *expulse* their fathers and mothers out of possessions, and put them to their pensions.—*Bacon, Advertisement touching a holy War.*

Extinguishing and *expulsing* what part soever it cannot overcome.—*Id., On the Union of England and Scotland.*

Expúlsed. *part. adj.* Expelled. *Rare.*

The *expulsed* Apicata finds them there.
B. Jonson, Sejanus.

Ask your Lysimachus Nicanor what defaming invectives have lately flown abroad against the subjects of Scotland, and our poor *expulsed* brethren of New England.—*Milton, Animadversions upon a Defence of the Humble Remonstrance.*

Expúlsion. *s.*

1. Act of expelling or driving out.

A wooer,
More hateful than the foul *expulsion* is
Of thy dear husband. *Shakespear, Cymbeline*, ii. 1.

Sole victor from th' *expulsion* of his foes,
Messiah his triumphal chariot turn'd.
Milton, Paradise Lost, vi. 880.

Others think it possible so to contrive several pieces of steel and a load-stone, that, by their continual attraction and *expulsion* of one another, they may cause a perpetual revolution of a wheel.—*Bishop Wilkins, Dædalus.*

This magnificent temple was not finished till after the *expulsion* of Tarquin.—*Bishop Stillingfleet.*

Coffee-coloured urine proceeds from a mixture of a small quantity of blood with the urine; but often prognosticates a resolution of the obstructing matter, and the *expulsion* of gravel or a stone.—*Arbuthnot, On the Nature and Choice of Aliments.*

2. State of being driven out.

To what end had the angel been sent to keep entrance into Paradise, after Adam's *expulsion*, if the universe had been Paradise?—*Sir W. Raleigh, History of the World.*

Expúlsive. *adj.* Having the power of expulsion.

If the member be dependent, by raising of it up, . . . the influx may be restrained, and the part strengthened by *expulsive* bandages.—*Wiseman, Surgery.*

Expúltrix. *s.* Female who expels: (used *adjectivally*). *Rare.*

The *expultrix* vertue, being pricked by the caere and mordicant excrements, cannot of herself restrain them.—*Time's Storehouse*, 774. (Ord MS.)

Expúnction. *s.* Abolition; act of expunging, blotting, or effacing.

This work will ask as many more officials, to make *expurgations* and *expunctions*, that the commonwealth of learning be not damnified.—*Milton, Areopagitica.*

The contraction of the Portuguese language from the Spanish is effected chiefly by the suppression of the consonants; the consonant in the middle of the words being chiefly that fixed upon for *expunction*; a retrenchment the most perplexing of any to the etymologist. It is thus that dolor becomes dôr, grief; celos, ceos, heaven; mayor, màr; nello, no; dello, do, &c.—*Roscoe, Translation of Sismondi's Historical View of the Literature of the South of Europe*, ch. xxxvi. note.

Expúnge. *v. a.* [Lat. *pungo* = prick, make a point.]

1. Blot out; rub out.

A universal blank
Of nature's works, to me *expung'd* and ras'd.
Milton, Paradise Lost, iii. 48.

The difference of the denarius and drachm having been done in the manuscript, it was needless to *expunge* it.—*Arbuthnot.*

2. Efface; annihilate.

Wilt thou not to a broken heart dispense
Thy balm of mercy, and *expunge* th' offence?
G. Sandys, Paraphrase of the Book of Job, p. 13.

Deduct what is but vanity, or dress,
Or learning's luxury, or idleness,
Or tricks to shew the stretch of human brain,
Mere curious pleasure, or ingenious pain;
Expunge the whole, or lop th' excrescent parts
Of all our vices have created arts;
Then see how little the remaining sum,
Which serv'd the past, and must the times to come!
Pope.

Expúnging. *s.* Act of blotting out.

Neither do they remember the many alterations, additions, and *expungings* made by great authors in those treatises which they prepare for the publick.—*Swift.*

Expúrgate. *v. a.* Expunge; purge away.

The Church of Rome hath cracked her credit by forging, *expurgating*, &c.—*Jones, Rome no Mother Church*, p. 64: 1678.

Expurgátion. *s.*

1. Act of purging or cleansing.

All the intestines, but especially the great ones, kidneys and ureters, serve for *expurgation*.—*Wiseman, Surgery.*

2. Purification from bad mixture (as of *error* or *falsehood*).

Wise men know, that arts and learning want *expurgation*; and if the course of truth be permitted to itself, it cannot escape many errours.—*Sir T. Browne, Vulgar Errours*, preface.

(For another example see first extract under Expunction.)

Expúrgator. *s.* One who corrects by expunging.

They may well be allowed an *expurgator*.—*Lord Digby.*

We cannot wonder if these practices had a great share in the motives to the conversion of Henricus Boxhornius, who before was one of the principal *expurgators*. For some time these Indices Expurgatorii were a great mystery.—*Jenkins, Historical Examination of the Authority of General Councils*, p. 6.

Expúrgatorial. *adj.* Having the character of, relating to, or consisting in, an expurgation.

Paschal refused to produce the murderers; he asserted that they were guilty of no crime in putting to death men themselves guilty of treason: he secured them by throwing around them a half-sacred charac-

ter as servants of the Church of St. Peter. Himself he exculpated by a solemn *expurgatorial* oath, before thirty bishops, from all participation in the deed.—*Milman, History of Latin Christianity*, b. v. ch. ii.

Expurgatórious. *adj.* Expunging.

It were hard if the freeborn people of England, with whom the voice of truth for these many years, even against the proverb, hath not been heard but in corners, after all your monkish prohibitions, and *expurgatorious* indexes, your gags and snaffles.—*Milton, Animadversions upon a Defence of the Humble Remonstrance.*

Expúrgatory. *adj.* Having the character of the Index Expurgatorius, a list of works condemned by the pope as either heretical or dangerous to the Roman Catholic faith. Of the foregoing, Expurgatorious seems to have taken its form from the Latin. The commonest of the three forms is Expurgatorial.

There wants *expurgatory* animadversions, whereby we might strike out great numbers of hidden qualities; and having once a conceded list, we might with more safety attempt their reasons.—*Sir T. Browne, Vulgar Errours.*

The Spanish Inquisitors, in their *expurgatory* index, commanded that all that Luciferian exorcism be blotted out.—*Jeremy Taylor, Dissuasive against Popery*, ch. ii. § 10.

Expúrge. *v. a.* Purge away; expunge.

Expúrging. *part. adj.* Having the power to expurge.

The council of Trent and the Spanish inquisition, ingendering together, brought forth or perfected those catalogues and *expurging* indexes that rake through the entrails of many an old good author, with a violation worse than any could be offered to his tomb.—*Milton, Areopagitica.*

Expúte. *v. a.* [Lat. *sputum* = spittle.] Spit out; throw out.

I spit blood, and *exputed* a viscous tough matter. —*Fuller, Medicina Gymnastica*, p. 198: 1705.

Exquíre. *v. a.* Search into; inquire after.

Can
Thy years determine like the age of man,
That thou shouldst my delinquencies *exquire*,
And with variety of tortures tire?
G. Sandys, Paraphrase of the Book of Job, p. 16.

Éxquisite. *adj.* [Lat. *exquisitus*, pass. part. of *exquiro* (*ex* = out + *quæro* = seek) = sought out, elaborate, refined, curious.]

1. Farsought; excellent; consummate; complete.

a. In a *good* sense.

His absolute exactness they imitate by tending unto that which is most *exquisite* in every particular.—*Hooker, Ecclesiastical Polity.*

Adam and Eve, before the fall, were a different species; and none but a poet of the most unbounded invention, and the most *exquisite* judgement, could have fitted their conversation and behaviour to their state of innocence.—*Addison.*

The pleasures of sense are probably relished by beasts in a more *exquisite* degree than they are by men; for they taste them sincere and pure, without being distracted in the pursuit, or disquieted in the use of them.—*Bishop Atterbury, Sermons.*

b. In a *bad* sense.

With *exquisite* malice they have mixed the gall and vinegar of falsity and contempt.—*Eikon Basilike.*

2. Very sensibly felt.

The scales of the scarf-skin hinder objects from making too painful and *exquisite* impression on the nerves.—*Cheyne.*

3. Curious; nice; skillful. *Obsolete.*

Be not over *exquisite*
To cast the fashion of uncertain evils.
Milton, Comus, 359.

They were also *exquisite* in making miraculous talismans and mirrors, &c.—*Turkish Spy*, vol. v. b. ii. let. 13.

Éxquisite. *s.* Dandy, of an extreme character.

Such an *exquisite* was but a poor companion for a quiet, plain man like me.—*Theodore Hook, Gilbert Gurney.*

Éxquisitely. *adv.* In an exquisite manner.

1. Perfectly; completely: (in either a good or an ill sense).

We see more *exquisitely* with one eye shut than with both open; for that the spirits visual unite themselves, and become stronger.—*Bacon, Natural and Experimental History.*

The soldier then, in Grecian arts unskill'd,
Returning rich with plunder from the field,
If cups of silver or of gold he brought,
With jewels set, and *exquisitely* wrought,
To glorious trappings straight the plate he turn'd,
And with the glitt'ring spoil his horse adorn'd.
Dryden.

2. Curiously; minutely.

To a man that had never seen an elephant, or a rhinoceros, who should tell him most *exquisitely* all their shape, colour, bigness, and particular marks. —*Sir P. Sidney, Defence of Poesy.*

Éxquisiteness. *s.* Attribute suggested by Exquisite; nicety; perfection.

A discourse which passes through the ear well, and seems to carry a good show of *exquisiteness*.—*Bishop Hall, Remains*, p. 51.

Nor do we find, that in the great pomp or princely parade used by queen Berenice and her train of women (among whom, no doubt, all the Roman and Asiatick fashions of improved beauty did appear, as St. Luke intimates), we find not the blessed apostle either at all taken or scandalized with that *exquisiteness* and glory.—*Jeremy Taylor, Artificial Handsomeness*, p. 82.

We suppose the superficies of the two glasses should be so exactly flat and smooth, that no air at all can come between them; and experience has informed us, that it is extremely difficult to procure from our ordinary tradesmen either glasses or marbles so much as approaching such an *exquisiteness*. —*Boyle.*

Exs-. Over and above the remarks made on Ex- as a prefix, the present complication needs notice. It presents itself when the second element of any compound *begins* with the sound of *s*. As *ex* (*eks*) *ends* in this, two *ss* come together. Furthermore; *c* before a small vowel is sounded as *s*; hence *centre* preceded by *ec-* or *ex-* is in the same condition as if it were spelt *sentre*. So is *sc*; *sceptre* being sounded as if written either *ceptre* or *septre*. To write these sounds of *s* in full has often been considered superfluous; the result being that, in many words, no difference is made between *ex-* followed with a vowel, and *ex* followed by *s*. This is the case when *ex-sudation* is spelt *ex-udation*. As a matter of etymology, the latter form is, of course, objectionable. In practice, too, it has a tendency to prove mischievous. *Ex*, as a matter of pronunciation, is generally, when followed by a vowel, sounded as *e* + *g* + *z*. Nine men say *Aleg-zander* for one who says *Aleksander* (*Alexander*). Now, the spelling which encourages this is bad. Hence, in many cases, even when the examples go the other way, the entries in the present edition preserve the *s* wherever the custom of omitting it has not become too inveterate to be set aside, or the word be rare.

Exsángeous. *adj.* [Lat. *sanguis*, *-inis* = blood.] Bloodless.

The lowest embracing animals which were . . . *exsangeous*, or provided with colourless fluid instead of blood.—*Rymer Jones, General Outline*, ch. i.

Exsánguine. *adj.* Bloodless.

Such versicles *exsanguine* and pithless, yield neither pleasure nor profit.—*Lamb, Letter to Barton.*

Exscríbe. *v. a.* [Lat. *scribo* = write.] Copy; write out.

I that have been a lover, and could shew it,
(Though not in these,) in rhimes not wholly dumb,
Since I *exscribe* your sonnets, am become
A better lover and much better poet.
B. Jonson, Underwoods.

His proof is from a passage in the Misnah, which Maimonides has also *exscribed*.—*Hooper, On Lent*, p. 223: 1695.

Exséct. *v. a.* [Lat. *sectus*, pass. part. of *seco* = cut.] Cut out; cut away.

Were it not for the effusion of blood which would follow an exection, the liver might not only be *exected*, but its office supplied by the spleen and other parts.—*Harvey, Discourse of Consumptions.*

Exsíccant. *s.* and *adj.* [Lat. *siccans*, *-antis*, pres. part. of *sicco* = dry; pass. part. *siccatus*.] Drying, or having the power to dry up; that which dries.

Some are moderately moist, and require to be treated with medicines of the like nature, such as fleshy parts; others dry in themselves, yet require *exsiccants*, as bones.—*Wiseman.*

Exsíccate. *v. a.* Dry up.

Great heats and droughts *exsiccate* and waste the moisture and vegetative nature of the earth.—*Mortimer, Husbandry.*

Exsíccated. *part. adj.* Dried up.

If in a dissolution of steel a separation of parts be made by precipitation, or exhalation, the *exsiccated* powder ascends not unto the loadstone.—*Sir T. Browne, Vulgar Errours.*

Exsiccátion. *s.* Act of drying; state of that which is dried.

That which is concreted by *exsiccation*, or expression of humidity, will be resolved by humectation; as earth, dirt, and clay.—*Sir T. Browne, Vulgar Errours.*

Exsílience. *s.* [Lat. *salio* = leap.] Leaping out.

This desire of possession is seen in embracings, kisses, in the *exiliency* and egress of the spirits, in the expansion of the heart.—*Bishop Reynolds, On the Passions*, 100. (Ord MS.)

Exsolútion. *s.* [Lat. *solutio*, *-onis*; from *solutus*, pass. part. of *solvo* = loose.] Relaxation.

Considering the *exolution* and languor ensuing that action in some, we cannot but think it much abridgeth our days.—*Sir T. Browne, Vulgar Errours.*

Exstillátion. *s.* [Lat. *stilla* = drop.] Act of falling in drops.

They seemed made by an exsudation or *extillation* of putrifying juices out of the rocky earth.—*Derham, Physical Theology.*

Exstímulate. *v. a.* [Lat. *stimulus* = goad, prick, sting.] Prick; incite by stimulation.

Choler is one excretion whereby nature excludeth another, which descending unto the bowels, *extimulates* and excites them unto expulsion.—*Sir T. Browne, Vulgar Errours.*

Exstimulátion. *s.* Pungency; power of exciting motion or sensation.

The native spirits admit great diversity; as hot, cold, active, dull, &c., whence proceed most of the virtues of bodies; but the air intermixed is without virtues, and maketh things insipid, and without any *extimulation*.—*Bacon, Natural and Experimental History.*

Exsúccous. *adj.* [Lat. *succus* = juice.] Destitute or deprived of juice; dry.

This is to be effected not only in the plant yet growing, but in that which is brought *exuccous* and dry unto us.—*Sir T. Browne.*

Exsúction. *s.* [Lat. *suctus*, pass. part. of *sugo* = suck.] Act of sucking out, or draining out, without immediate contact of the power sucking with the thing sucked.

If you open the valve, and force up the sucker after this first *exsuction*, you will drive out almost a whole cylinder full of air.—*Boyle.*

Éxsudate. *v. n.* Same as Exsude.

Some perforations in the part itself, through which the humour included doth *exudate*, may be observed in such as are fresh.—*Sir T. Browne, Vulgar Errours.*

Exsudátion. *s.* Sweating out; emission.

The gum of trees, shining and clear, is but a straining of the juice of the tree through the wood and bark; and Cornish diamonds, and rock rubies, which are yet more resplendent than gums, are the fine *exudations* of stone.—*Bacon, Natural and Experimental History.*

If it hath more dew at noon than in the morning, then it seemeth to be an *exudation* of the herb itself.—*Ibid.*

Cuckowspittle, or woodsere, that spumous frothy dew or *exudation*, or both, is found especially about the joints of lavender and rosemary.—*Sir T. Browne, Vulgar Errours.*

The tumour sometimes arises by a general *exudation* out of the cutis.—*Wiseman, Surgery.*

They seemed to be made by an *exsudation*, or extillation of some petrifying juices out of the rocky earth.—*Derham.*

The resinous *exsudations* of pines and firs are an important branch of the materia medica.—*Bishop Berkeley, Siris*, § 11.

At a more advanced stage of the disease, when the formation of the *exudations* has not proceeded far, some strong caustic may be applied to the parts affected, inasmuch as such applications have frequently arrested its further progress. —*Copland, Dictionary of Practical Medicine.*

Exsúde. *v. n.* [Lat. *sudo* = sweat, pass. part. *sudatus*.] Issue through pores as sweat; sweat out.

The juices of the flowers are, first, the expressed juice; secondly, a volatile oil, wherein the smell of

the plant presides; thirdly, honey *exuding* from all flowers, the bitter not excepted.—*Arbuthnot, On the Nature and Choice of Aliments.*

Exsuflátion. *s.*

1. Blast working underneath.

Of volatility the utmost degree is when it will fly away without returning: the next is when it will fly up, but with ease return: the next is when it will fly upwards over the helm, by a kind of *exsufflation*, without vapouring.—*Bacon.*

2. Kind of exorcism.

He urgeth them with exorcism and *exsufflation*, which were there used in the church.—*Fulke, Retentive to stay good Christians*, p. 40: 1580.

That wondrous number of ceremonies in exorcism, *exsufflation*, use of salt, spittle, inunction, &c. in the church of Rome required.—*Puller, Moderation of the Church of England*, p. 282.

Exsúfflicate. *adj.* Puffed out; empty.

Exchange me for a goat,
When I shall turn the business of my soul
To such *exsufflicate* and blown surmises,
Matching thy inference.
Shakespear, Othello, iii. 3.

Exsúperance. *s.* [Lat. *exsupero* = overtop.] Overflow. *Rare.*

These excesses in our intellectual appetites doth Aristotle condemn for mere *exuperances* and vices.—*Fotherby, Atheomastix*, p. 208: 1622.

Rome hath less variation than London; for on the west side of Rome are seated France, Spain, and Germany, which take off the *exuperance*, and balance the vigour of the eastern parts.—*Sir T. Browne, Vulgar Errours.*

Exsúrgent. *adj.* [Lat. *surgens, -entis*, part. of *surgo* = rise.] Emergent. *Rare.*

Taking order for government determining *exurgent* controversies in a synod.—*D. Favour, Antiquity's Triumph over Modesty*, p. 539: 1619.

Exsuscitátion. *s.* [Lat. *suscito* = stir up.] Stirring up; awakening.

Virtue is not a thing that is merely acquired, and transfused into us from without, but rather an *exsuscitation* and raising up of those intellectual principles, pro re nata, and according as the circumstances of human actions invite, which were essentially engraven and sealed upon the soul at her first creation.—*Halliwell, Excellence of Moral Virtue*, p. 54: 1692.

Éxtancy. *s.* State of rising above the rest; rising up above the rest.

The order of the little *extancies*, and consequently that of the little depressions, will be altered likewise.—*Boyle, Experiments and Considerations touching Colours.*

Éxtant. *adj.* [Lat. *stans, -antis*, pres. part. of *sto* = stand.]

1. Standing out to view; standing above the rest.

That part of the teeth which is *extant* above the gums is naked, and not invested with that sensible membrane called periosteum, wherewith the other bones are covered.—*Ray.*

If a body have part of it *extant* and part of it immersed in fluid, then so much of the fluid as is equal in bulk to the immersed part shall be equal in gravity to the whole.—*Bentley.*

2. Public; not suppressed.

'Tis *extant*, that that which we call comedia, was at first nothing but a simple, continued song.—*B. Jonson, Every Man out of his Humour.*

3. Preserved to the time of the person using the word: (opposed to *lost*, and applied to writings or documents).

The first of the continued weekly bills of mortality, *extant* at the parish clerks' hall, begins the twenty-ninth of December 1603.—*Graunt, Observations on the Bills of Mortality.*

Extémporal. *adj.*

1. Uttered without premeditation; quick; ready; sudden.

Alcidimus the sophister hath arguments to prove, that voluntary and *extemporal* far excelleth premeditated speech.—*Hooker, Ecclesiastical Polity.*

2. Speaking without premeditation.

Many foolish things fall from wise men, if they speak in haste, or be *extemporal*.—*B. Jonson, Discoveries.*

3. Made up on the spur of the moment.

Having now erected an *extemporall* throne they do by the sound of trumpets give the stile of royaltie.—*Bishop Hall, Jehue is King.* (Ord MS.)

Extémporally. *adv.* In an extempore manner; quickly; without premeditation.

The quick comedians
Extemporally will stage us, and present
Our Alexandrian revels.
Shakespear, Antony and Cleopatra, v. 2.

Extemporáneal. *adj.* Unpremeditated (Extemporaneous the commoner word).

Extemporanean style, tautologies, apish imitation.—*Burton, Anatomy of Melancholy*, to the reader.

Extemporáneous. *adj.* Unpremeditated; sudden.

By working of miracles is meant a more private and *extemporaneous* exercise of the same power.—*Bishop Warburton, Doctrine of Grace.*

The *extemporaneous* effusions of the glowing bard seem naturally to have fallen into this measure, and it was probably more easily suited to the voice or harp.—*T. Warton, History of English Poetry*, i. diss. i. e. 4. b.

Extémporarily. *adv.* In an extemporary manner.

To prevent those that are yet children to speak *extemporarily* is to give them occasion to talk extream idly.—*Plutarch, Morals*, vol. i. pt. i. p. 19. (Ord MS.)

Extémporary. *adj.*

1. Uttered or performed without premeditation; sudden; quick.

This custom was begun by our ancestors out of an ambition of shewing their *extemporary* ability of speaking upon any subject.—*Dr. H. More, Divine Dialogues.*

That men should confer at very distant removes by an *extemporary* intercourse, is another reputed impossibility.—*Glanville.*

They write in so diminutive a manner, with such frequent interlineations, that they are hardly able to go on without perpetual hesitations, or *extemporary* expletives.—*Swift.*

2. Occasional.

A third shall be, by referring you to the most *extemporary* view of the commands of the decalogue, which Christ came not to destroy, but to fill up and perfect.—*Hammond, Works*, iv. 480.

It may be wondered what should induce the people to build in this base manner, when they have, in the adjacent mountains, such plenty of good stone for nobler fabricks. I can give no reason for it, unless this may pass for such; that those who first planted here, finding so delicious a situation, were in haste to come to the enjoyment of it; and therefore nimbly set up those *extemporary* habitations, being unwilling to defer their pleasure so long, as whilst they might erect more magnificent structures; which primitive example their successors have followed ever since.—*Maundrell, Journey from Aleppo to Jerusalem*, p. 125.

Extémpore. *adv.* [Lat. *ex* = out, *tempore*, the ablative singular of *tempus* = time; hence its literal meaning is *out of time*. Perhaps the *spur of the moment* is the best approximate translation of it, regard being had to the sense it bears in English. The extract from Dryden is simply a translation of *ex tempore vivis* = just as the occasion prompts. It is a Latin rather than an English word; or rather it is a pair of words, like *a priori*, *a posteriori*, and others which can scarcely be dispensed with, and which, in English, we must treat as single words.

As a part of speech, *extempore* is, in the first instance, an adverb. Its use as an adjective is condemned by Johnson, who cites the authority of Addison only. The addition of that of Dryden is Todd's. The recognition of it as a substantive is Todd's. That it is all three is beyond doubt. For further remarks see the observations on Contemporary.]

Without premeditation; suddenly; readily; without any previous care or preparation.

You may do it *extempore*; for it is but roaring.—*Shakespear, Midsummer-Night's Dream*, i. 2.

Nothing great ought to be ventured upon without preparation; but, above all, how sottish is it to engage *extempore*, where the concern is eternity!—*South, Sermons.*

Hast thou no mark at which to bend thy bow?
Or, like a boy, pursu'st the carrion-crow
With pellets and with stones from tree to tree,
A fruitless toil, and liv'st *extempore*?
Dryden, Persius's Satires.

My regret when, under the most melancholy circumstances, I ascertained what had occurred was serious indeed; and my resolution never again to make acquaintances *extempore*, was coupled with the conviction that a practical joke is, in fact, a joke at all,—and yet, such is the influence of agreeable manners and lively conversation, that Da, subsequently became my greatest friend, at least in the worldly acceptation of that most equivocal word.—*Theodore Hook, Gilbert Gurney*, vol. i. ch. iv.

Extémpore. *adj.* Extemporaneous.

A sort of *extempore* poetry, or rather of tunable hobbling verse.—*Dryden, Origin and Progress of Satire.*

I have known a woman branch out into a long *extempore* dissertation upon a petticoat.—*Addison Spectator.*

It were to be wished, therefore, that in our established church *extempore* playing were as much discountenanced as *extempore* praying.—*Mason, Essays on English Church Music.*

Extémpore. *s.* Extempore production.

Amidst the disadvantage of *extempore* against premeditation, he dispelled with ease and perfect clearness all the sophisms that had been brought against him.—*Bishop Fell, Life of Hammond.*

Extémporize. *v. a.* Do anything extempore, especially in the way of speech.

Pitt, of whom it was said that he could *extemporize* a Queen's speech.—*Lord Campbell, Lives of the Chancellors, Eldon.*

Extémporizing. *part. adj.* or *verbal abs.* Doing, or uttering, anything extempore.

The *extemporizing* faculty is never more out of its element than in the pulpit; though even here, it is much more excusable in a sermon than in a prayer.—*South, Sermons*, ii. 117.

Exténd. *v. a.*

1. Stretch out in any direction.

If those pieces were *extended* and stretched out in man, as they are in the world, man would be the giant and the world the dwarf, the world but the map and the man the world.—*Donne, Devotions*, p. 65: 1624.

Should'ring God's altar a vile image stands,
Belies his features, nay *extends* his hands. *Pope.*

2. Amplify (opposed to *contract*); continue.

It is sufferable in any to use what liberty they list in their own manner of writing; but the contracting and *extending* the lines and sense of others would appear a thankless office.—*Sir H. Wotton.*

3. Spread abroad; diffuse; expand.

He much magnifies the capacity of his understanding, who persuades himself that he can *extend* his thoughts farther than God exists, or imagine any expansion where he is not.—*Locke.*

4. Widen to a large comprehension.

Few *extend* their thoughts towards universal knowledge.—*Locke.*

5. Stretch into assignable dimensions; make local; magnify so as to fill some assignable space.

The mind, say they, while you sustain
To hold her station in the brain,
You grant, at least, she is *extended*;
Ergo, the whole dispute is ended. *Prior.*

6. Increase in force or duration.

If much you note him,
You shall offend him, and *extend* his passion:
Feed and regard him not.
Shakespear, Macbeth, iii. 4.

The eyes of Tobit, carrying in themselves some action of their own, were additionally promoted by that power which can *extend* their natures into production of effects, beyond created efficiencies.—*Sir T. Browne, Vulgar Errours.*

7. Enlarge the comprehension of any position.

Seeing it is not set down how far the bounds of his speech concerning dissimilitude reach, who can assure us that it *extendeth* farther than to those things only wherein the nations were idolatrous?—*Hooker, Ecclesiastical Polity.*

8. Impart; communicate.

Let there be none to *extend* mercy unto him.—*Psalms*, cix. 12.

9. Seize by a course of law.

This manor is *extended* to my use.
Massinger, New Way to pay Old Debts.

The law, that settles all you do,
And marries where you did but woo;
And if it judge upon your side,
Will soon *extend* her for your bride.
Butler, Hudibras.

Exténd. *v. n.* Reach to any distance.

My goodness *extendeth* not to thee.—*Psalms*, xvi. 2.

The bigness of such a church ought to be no greater than that unto which the voice of a preacher of a middling lungs can easily *extend*.—*Graunt.*

Exténder. *s.* Person, thing, or instrument by which anything is stretched or extended.

Those muscles which are inserted into the thigh, and have their use for the motion thereof, notwithstanding their origination may be either from the back, (inwardly, as the chief flector, the Psoas; or outwardly, as the first *extender*, Gluteus major;) or from the os ilium, (as most other movers of the thigh have;) ought all to be accounted into the number of the strong men.—*Smith, Portrait of Old Age*, p. 65.

The extension made, the *extenders* are to be loosened gently.—*Wiseman, Surgery.*

Extendibílity. *s.* Capability of extension. *Rare.*

Fire is cause of *extendibility*. *Old Poem* in *Ashmole's Theatrum Chemicum*, p. 58: 1652.

Exténdible. *adj.* Capable of extension, either materially, or by enlargement of application; capable of being made wider or longer.

Warrants for vagrants are not *extendible* to knight-errants!—*Gayton, Notes on Don Quixote*, p. 263.

Tubes, recently made of fluids, are easily lengthened; such as have often suffered force, grow rigid, and hardly *extendible*.—*Arbuthnot, On the Nature and Choice of Aliments.*

Exténdlessness. *s.* Unlimited extension. *Rare.*

Certain moleculæ seminales must keep the world from an infinitude and *extendlessness* of excursions every moment into new figures and animals.—*Sir M. Hale, Origination of Mankind.*

Exténdure. *s.* Extent. *Rare.*

The cittie of the Curantes, named Chartres, was in those ancient times of much larger *extendure* than now it is.—*Time's Storehouse*, 56, 2. (Ord MS.)

Extensibílity. *s.* Quality of being extensible.

In what manner they are mixed, so as to give a fibre *extensibility*, who can say?—*Grew, Cosmologia Sacra.*

Exténsible. *adj.*

1. Capable of being stretched into length or breadth.

The malleus, being fixed to an *extensible* membrane, follows the traction of the muscle, and is drawn inward.—*Holder.*

2. Capable of being extended to a larger comprehension.

That love is blind, is *extensible* beyond the object of poetry.—*Glanville.*

Exténsile. *adj.* Suited for extension.

If we view the articulated moveable spines and the *extensile* and prehensile tubes in the light of primitive forms of locomotive extremities, we shall see in their great numbers and irrelative repetition an illustration of the same law.—*Owen, Lectures on Comparative Anatomy*, lect. x.

Exténsion. *s.* Act of extending; state of being extended.

The hiccough cometh of fulness of meat, especially in children, which causeth an *extension* of the stomach.—*Bacon.*

All rest satisfied at the postures of moderation, and none endure the extremity of flexure or *extension*.—*Sir T. Browne.*

This foundation of the earth upon the waters, or *extension* of it above the waters, doth agree to the antediluvian earth.—*T. Burnet, Theory of the Earth.*

By this idea of solidity is the *extension* of body distinguished from the *extension* of space: the *extension* of body being nothing but the cohesion or continuity of solid, separable, movable parts; and the *extension* of space, the continuity of unsolid, inseparable, and immovable parts.—*Locke.*

We cannot measure secondary qualities in the same manner in which we measure primary qualities, by a mere addition of parts. There is this leading and remarkable difference, that while both classes of qualities are susceptible of changes of magnitude, primary qualities increase by addition of *extension*, secondary, by augmentation of intensity. A space is doubled when another equal space is placed by its side; one weight joined to another makes up the sum of the two. But when one degree of warmth is combined with another, or one shade of red colour with another, we cannot in like manner talk of the sum.—*Whewell, Novum Organon Renovatum.*

Exténsional. *adj.* Long drawn out; having great extent; excursive. *Rare.*

You run into these *extensional* phantasms, which I look upon as contemptuously, as upon the quick wrigglings up and down of pismires.—*Dr. H. More, Divine Dialogues.*

Exténsive. *adj.*

1. Wide; large.

I would not be understood to recommend to all a pursuit of those sciences, to those *extensive* lengths to which the moderns have advanced them.—*Watts, On the Mind.*

2. Extensile.

Silver beaters chuse the finest coin, as that which is most *extensive* under the hammer.—*Boyle.*

Exténsively. *adv.* In an extensive manner; widely; largely.

'Tis impossible for any to pass a right judgement concerning them, without entering into most of these circumstances, and surveying them *extensively*, and comparing and balancing them all aright.—*Watts, Improvement of the Mind.*

Exténsiveness. *s.* Attribute suggested by Extensive.

1. Largeness; diffusiveness; wideness.

As we have reason to admire the excellency of this contrivance, so have we to applaud the *extensiveness* of the benefit.—*Dr. H. More, Government of the Tongue.*

An *extensiveness* of understanding and a large memory are of service.—*Watts, Logick.*

2. Possibility to be extended.

We take notice of the wonderful dilatability or *extensiveness* of the throats and gullets of serpents: I myself have taken two entire adult mice out of the stomach of an adder, whose neck was not bigger than my little finger.—*Ray, Wisdom of God manifested in the Works of the Creation.*

Exténsor. *s.* Muscle by which any limb is extended.

Civil people had the flexors of the head very strong; but in the insolent there was a great overbalance of strength in the *extensors* of the neck.—*Arbuthnot and Pope, Martinus Scriblerus.*

Exténsure. *s.* Extension. *Rare.*

I spy'd a goodly tree,
Under the *extensure* of whose lordly arms,
The small birds warbled their harmonious charms.
Drayton, The Owl. (Ord MS.)

Extént. *adj.* Extended. *Obsolete.*

Both his hands most filthy feculent,
Above the water were on high *extent*,
And fain'd to wash themselves incessantly.
Spenser, Faerie Queen.

Extént. *s.*

1. Space or degree to which anything is extended.

If I mean to reign
David's true heir, and his full sceptre sway
To just *extent* over all Israel's sons.
Milton, Paradise Regained, iii. 304.

These two representations are not inconsistent with each other; and there is strong reason to believe that both are, to a great *extent*, true.—*Macaulay, History of England*, ch. xxiv.

2. Bulk; size; compass.

The serpent, subtlest beast of all the field,
Of huge *extent* sometimes.
Milton, Paradise Lost, vii. 495.

Ariana, of Darius' race,
That rul'd the *extent* of Asia. *Glover.*

3. Communication; distribution; extension. *Rare.*

An emperour of Rome thus overborne,
Troubled, confronted thus, and for the *extent*
Of equal justice us'd with such contempt.
Shakespear, Titus Andronicus, iv. 4.

4. Execution; seizure. *Obsolete.*

Let my officers
Make an *extent* upon his house and land,
And turn him going.
Shakespear, As you like it, iii. 1.

Exténture. *s.* Extent. *Rare.*

Braccato, in the time of Julius Cæsar, had his *extenture* from the Alpes so farre as Rosne, or Rhodanus, bending towardes the Pyrenean mountains.—*Treasure of ancient and modern Times.* (Ord MS.)

Exténuate. *v. a.* [Lat. *extenuatus*, pass. part. of *extenuo* = make thin (*tenuis*); *extenuatio, -onis.*]

1. Lessen; make small or slender in bulk.

His body behind his head becomes broad, from whence it is again *extenuated* all the way to the tail.—*Grew, Museum.*

2. Lessen; diminish in any quality.

To persist
In doing wrong, *extenuates* not wrong,
But makes it much more heavy.
Shakespear, Troilus and Cressida, ii. 2.

But fortune there *extenuates* the crime:
What's vice in me, is only mirth in him.
Dryden, Translation of Juvenal.

3. Lessen; degrade; diminish in honour. *Rare.*

Righteous are thy decrees on all thy works;
Who can *extenuate* thee?
Milton, Paradise Lost, x. 644.

4. Lessen in representation; palliate: (opposed to *aggravate*).

When you shall these unlucky deeds relate,
Speak of me, as I am: nothing *extenuate*,
Nor set down aught in malice.
Shakespear, Othello, v. 2.

Upon his examination he denied little of that wherewith he was charged, nor endeavoured much to excuse or *extenuate* his fault: so that, not very wisely thinking to make his offence less by confession, he made it enough for condemnation.—*Bacon.*

Yet hear me, Samson, not that I endeavour
To lessen or *extenuate* my offence.
Milton, Samson Agonistes, 766.

5. Make rare: (opposed to *dense*).

The race of all things here is to *extenuate* and turn things to be more pneumatical and rare, and not to retrograde from pneumatical to that which is dense.—*Bacon.*

He the congealed vapours melts again,
Extenuated into drops of rain.
G. Sandys, Paraphrase of the Book of Job, p. 53.

Exténuate. *adj.* Small; thin.

The body slender, lank, and *extenuate*.—*Hulost*, in v. *Body.*

Thinness having *extenuate* parts.—*Scott, Essay on Drapery*, p. 7: 1635.

Exténuating. *part. adj.*

1. Making lean.

The people from their infancy are bred up with dry bisket and other *extenuating* diet, to make them extreme lean.—*Sir H. Blount, Voyage to the Levant*, p. 53.

2. Lessening in representation.

Generally, however, it will be found that the same orators do not excel equally in both modes of exciting the feelings; and it should be recommended to each to employ principally that in which he succeeds best; since either, if judiciously managed, will generally prove effectual for its object. The well-known tale of Inkle and Yarico, which is an instance of the *extenuating* method, (as it may be called,) could not, perhaps, have been rendered more affecting, if equally so, by the most impassioned vehemence and rhetorical heightening.—*Whately, Elements of Rhetoric*, pt. ii. ch. ii. § 5.

Extenuátion. *s.*

1. Act of representing things less ill than they are; contrary to aggravation; palliation.

Other artists have substituted the practice of apology or *extenuation*.—*Lord Shaftesbury.*

2. Mitigation; alleviation of punishment.

When sin is to be judged, the kindest enquiry is what deeds of charity we can allege in *extenuation* of our punishment.—*Bishop Atterbury.*

3. Loss of plumpness, or a general decay in the muscular flesh of the whole body.

A third sort of marasmus is an *extenuation* of the body, caused through an immoderate heat and dryness of the parts.—*Harvey, Discourse of Consumptions.*

Extérior. *adj.* [Lat.] Outward; external; not intrinsic.

And what is faith, love, virtue unessay'd,
Alone, without *exterior* help sustained?
Milton, Paradise Lost, ix. 335.

Seraphick and common lovers behold *exterior* beauties as children and astronomers consider Galileo's optick glasses.—*Boyle.*

Father, blacker, and merrier, are words which, together with the thing they denominate, imply also something else separate and *exterior* to the existence of that thing.—*Locke.*

Extérior. *s.* External or outward appearance; surface; parts external to the same.

She did so course o'er my *exteriors* with such a greedy intention.—*Shakespear, Merry Wives of Windsor*, i. 3.

Extériorly. *adv.* Outwardly; externally; not intrinsically.

You have slander'd nature in my form;
Which, howsoever rude *exteriorly*,
Is yet the cover of a fairer mind,
Than to be butcher of an innocent child.
Shakespear, King John, iv. 2.

Extérminate. *v. a.* [Lat. *exterminatus*, pass. part. of *extermino* = banish beyond the border (*terminus*); *exterminatio, -onis.*] Root out; tear up; drive away; abolish; destroy.

This discovery alone is sufficient, if the vices of men did not captivate their reason, to explode and *exterminate* rank atheism out of the world.—*Bentley, Sermons.*

Extermination. *s.* Destruction; excision.

The question is, how far an holy war is to be pursued, whether to displanting and *extermination* of people?—*Bacon.*

Extérminator. *s.* Person or instrument by which anything is destroyed.

Such a saint was Simon de Montfort, the *exterminator* of the Albigenses.—*Buckle, History of Civilization*, vol. ii. ch. iii.

Extérminatory. *adj.* Consigning to destruction.

After what has passed in 1782, one would not think that decorum, to say nothing of policy, would permit them to call up, by magick charms, the grounds, reasons, and principles of those terrible, confiscatory, and *exterminatory* periods.—*Burke, Letter to R. Burke, Esq.*

Extérmine. *v. a.* Exterminate; destroy. *Rare.*

If you do sorrow at my grief in love,
By giving love your sorrow and my grief
Were both *extermin'd.*
Shakespear, As you like it, iii. 5.

Enemies that strive to destroy, loose, abolish, burn, and *extermine* from the world the books of it.—*Donne, History of the Septuagint*, p. 210.

Extérn. *adj.* [Lat. *externus.*]

1. External; outward; visible.

When my outward action doth demonstrate
The native act and figure of my heart
In compliment *extern*, 'tis not long after
But I will wear my heart upon my sleeve
For daws to peck at. *Shakespear, Othello*, i. 1.

Those things of *extern* mode and fashion, which will either cease to be doubted of and used, when once they appear to a gracious heart any way evil.—*Jeremy Taylor, Artificial Handsomeness*, p. 83.

Nor are the observations of the eye any thing profitable, unless the mind draw something from the *extern* object to enrich the soul withal.—*Howell, Instructions for Foreign Travel*, p. 196.

2. Applied, or coming, from without.

When two bodies are pressed one against another, the rare body not being so able to resist division as the dense, and being not permitted to retire back, by reason of the *extern* violence impelling it, the parts of the rare body must be severed.—*Sir K. Digby.*

Extérnal. *adj.*

1. Outward; not proceeding from itself; operating or acting from without: (opposed to *internal*).

We come to be assured that there is such a being, either by an internal impression of the notion of a God upon our minds, or else by such *external* and visible effects as our reason tells us must be attributed to some cause, and which we cannot attribute to any other but such as we conceive God to be.—*Archbishop Tillotson.*

Shells being exposed loose upon the surface of the earth to the injuries of weather, to be trod upon by horses and other cattle, and to many other *external* accidents, are, in tract of time, broken to pieces.—*Woodward.*

2. Showing outwardly; having to the view or outward perception any particular nature.

He that commits only the *external* act of idolatry is as guilty as he that commits the *external* act of theft.—*Bishop Stillingfleet.*

Extérnal. *s.* That which is without; that which is superficial, or belonging merely to the surface; that which makes a show, rather than a reality.

Adam was then no less glorious in his *externals*: he had a beautiful body as well as an immortal soul.—*South, Sermons.*

Externálity. *s.* External character; fact of lying externally to anything.

Pressure or resistance necessarily supposes *externality* in the thing which presses or resists.—*Adam Smith, Essay on the external Senses.*

No rational psychology can be constructed save on the basis of some acknowledged relation between thought and the subject-matter of thought—between mind and nature. No explanation whatever can be given of any act of intelligence, but what implicitly affirms or denies certain ontological propositions. Hence, unless some such propositions can be established, no superstructure of science is possible. This must remain true, whatever be the special character of the psychology to be developed. Is it realistic? Its argument may be taken in flank by a denial of the *externality* of things. If it be any elaboration of idealism, it takes for granted mind and personality, and is liable to sceptical criticism on these assumptions. And the sceptic's psychology, having for foundation its 'impressions and ideas,' may be brought to a stand by the assertion that these are not things but relations.—*Herbert Spencer, Principles of Psychology.*

Extérnally. *adv.* Outwardly.

The exterior ministry, *externally* and alone, hath in it nothing excellent, as being destitute of the sanctity that God requires, and it is common to wicked men and good.—*Jeremy Taylor.*

Extínct. *adj.* [Lat. *extinctus*, pass. part. of *extinguo* = extinguish; whence *extinguesco*, and *extinctio, -onis.*]

1. Extinguished.

They are *extinct*, quenched as tow.—*Isaiah*, xliii. 17.

Their purple vengeance bath'd in gore retires,
Her weapons blunted, and *extinct* her fires. *Pope.*

2. Stopped; ceasing to give progressive succession; having died out.

My days are *extinct.*—*Job*, xvii. 1.

The royal family is all *extinct*,
And she who reigns bestows her crown on me.
Dryden.

The nobility are never likely to be *extinct*, because the greatest part of their titles descend to heirs general.—*Swift.*

3. Abolished; out of force.

A censure inflicted a jure continues, though such law be *extinct*, or the lawgiver removed from his office.—*Ayliffe, Parergon Juris Canonici.*

Extínct. *v. a.* Extinguish; make extinct; put out. *Rare.*

It may seem to his high wisdom meet ... to *extinct* and make frustrate the payments of the said annates or first-fruits.—*Acts of Parliament*, 23 Hen. VIII. 33.

Extíncted. *part. adj.* Extinguished. *Rare.*

Give renew'd fire to our *extincted* spirits.
Shakespear, Othello, ii. 1.

Extínction. *s.*

1. Act of extinguishing; state of being extinguished.

Red hot needles or wires, extinguished in quicksilver, do yet acquire a verticity according to the laws of position and *extinction.*—*Sir T. Browne, Vulgar Errours.*

The parts are consumed through *extinction* of their native heat and dissipation of their radical moisture.—*Harvey.*

2. Destruction; excision; suppression.

The *extinction* of nations, and the desolation of kingdoms, were but the effects of this destructive evil.—*Rogers, Sermons.*

They lie in dead oblivion, losing half
The fleeting moments of too short a life,
Total *extinction* of th' enlighten'd soul.
Thomson, Seasons, Summer.

With regard to the first of these questions, the answer generally given is, that the nature of the government in the ancient democratical states caused a demand for public speakers, and for such speakers as should be able to gain influence not only with educated persons in dispassionate deliberation, but with a promiscuous multitude; and accordingly it is remarked that the *extinction* of liberty brought with it, or at least brought after it, the decline of eloquence.—*Whately, Elements of Rhetoric.*

Extínguish. *v. a.*

1. Put out: (as a *light* or *fire*).

The soft god of pleasure that warm'd our desires,
Has broken his bow, and *extinguish'd* his fires.
Dryden.

Then rose the seed of chaos and of night,
To blot out order, and *extinguish* light.
Pope, Dunciad.

2. Suppress; destroy.

They *extinguish* the love of the people to the young king, by remembering some imperfections of his father.—*Sir J. Hayward.*

My fame of chastity, by which the skies
I reacht before, by thee *extinguish'd* dies.
Sir J. Denham.

3. Surpass anything so as to make it non-existent, wholly or approximately.

Bethink thee on her virtues that surmount,
Her nat'ral graces that *extinguish* art.
Shakespear, Henry VI. Part I. v. 3.

Extínguisher. *s.* That which extinguishes.

a. Simply and generally.

To say truth, though some call their profound ignorances, new lights, they were better anabaptised into the appellation of *extinguishers*; carried about with every wind.—*Whitlock, Observations on the present Manners of the English*, p. 160: 1654.

Learning they hold rather a disparagement than ornament; an *extinguisher* than a kindler of their new light and strange fire.—*Featly, Dippers Dipt*, p. 202.

b. As a hollow cone put over a candle.

If it should ever offer to flame out again, I would use the conicum as an *extinguisher* to smother it.—*Dr. H. More, Divine Dialogues.*

'Tis better to cover the vital flame with an *extinguisher* of honour, than let it consume till it burns blue, and lies agonizing within the socket.—*Collier, Essay on the Value of Life.*

Figuratively.

Who, that has arrived at maturity in intellect, taste, and feeling, does not recollect how hard it was in early life to put the *extinguisher* upon a fine metaphor or dazzling expression—to reject tinsel, however worthless, if it did but glare; and epithets, however superfluous, if they but sounded grand?—how hard it was to forget one's self, and to become sincerely intent upon the best, simplest, strongest, briefest mode of communicating what we deemed important truth to the minds of others?—*Whately, Elements of Rhetoric*, appendix AA.

Extínguishment. *s.* Extinction *commoner.*

1. Extinction; suppression; act of quenching; destruction.

When death's form appears, she feareth not
An utter quenching, or *extinguishment*;
She would be glad to meet with such a lot,
That so she might all future ill prevent.
Sir J. Davies, Immortality of the Soul.

He moved him to a war upon Flanders, for the better *extinguishment* of the civil wars of France.—*Bacon.*

The immediate cause of death is the resolution or *extinguishment* of the spirits.—*Id., Natural and Experimental History.*

2. Abolition; nullification.

Divine laws of Christian church polity may not be altered by *extinguishment.*—*Hooker, Ecclesiast' cal Polity.*

It is the most humble petition of his nobles and commons, that for *extinguishment* of all ambiguities and doubts it may be enacted in form and manner as followeth, &c.—*Lord Herbert of Cherbury, History of Henry VIII.* p. 397.

3. Termination of a family or succession.

His heart easily conceived treason against the crown, wherein he perished himself, and made a final *extinguishment* of his house and honour.—*Sir J. Davies, Discourse on the State of Ireland.*

Extírp. *v. a.* [see Extirper.] Eradicate; root out. *Rare.*

Which to *extirpe* he laid him privily
Down in a darksome lowly place far in.
Spenser, Faerie Queen.

Nor shall that nation boast it so with us,
But be *extirped* from our provinces.
Shakespear, Henry VI. Part I. iii. 3.

To *extirp* all knowledge, and exile
All brave and ancient things for ever from this isle.
Drayton, Polyolbion, vi.

A time to plant, to *extirp*; to kill, to cure;
A time to batter down, a time to immure.
G. Sandys.

Extírpable. *adj.* Capable of being extirpated.

Lest it infect the ground with a plant not easily *extirpable.*—*Evelyn, Terra.*

Extírpate. *v. a.* [Lat. *stirps* = stock, family.—the second *s* omitted in spelling.] Root out; eradicate; exscind; destroy.

The rebels were grown so strong, that they made account speedily to *extirpate* the British nation in that kingdom.—*Dryden.*

We in vain endeavour to drive the wolf from our own to another's door: the breed ought to be *extirpated* out of the island.—*Locke.*

It is not the business of virtue to *extirpate* the affections, but to regulate them.—*Addison, Spectator.*

Extirpátion. *s.* Act of rooting out; eradication; excision; destruction.

It is said that popery, for want of utter *extirpation*, hath in some places taken root and flourished again.—*Hooker, Ecclesiastical Polity.*

It is rather an *extirpation* than a plantation.—*Bacon, Essay of Plantations.*

Religion requires the *extirpation* of all those passions and vices which render men unsociable and troublesome to one another.—*Archbishop Tillotson.*

Extírpative. *adj.* Capable of extirpating; having a tendency to extirpate.

Enable nature to go on with the *extirpative* and preventive remedies.—*Cheyne.* (Ord MS.)

Extírper. *s.* One who, or that which, extirpates. *Rare.*

Many verbs, such as 'to ease,' 'to merit,' 'to extirp,' the older form of 'to extirpate,' have substantives formed on them—'easer,' 'meriter,' '*extirper.* If it be urged that this is assumed of course, and that it therefore is superfluous to note them, I cannot assent to this explanation of their absence: and seeing that 'forfeiter,' 'lapper,' 'thirster,' and other little-used words of the same formation, are introduced, there is at least an inconcinnity in omitting these, as they have been omitted by tens and by hundreds. . . . 'Founders of states, lawgivers, *extirpers* of tyrants, fathers of the people, were honoured.' (Bacon, Of the Interpretation of Nature.)—*Archbishop Trench, On some Deficiencies in our English Dictionaries.*

Extispícious. *adj.* [Lat. *extispicium* = inspection of the entrails (i.e. of animals

killed for the purposes of prognostication). A term in augury. *Exta* = entrails; *spicio* (*specio*) = look at, observe.] Augurial; relating to the inspection of entrails in order to prognostication.

Thus hath he deluded many nations unto his augurial and *extispicious* inventions, from casual and uncontrived contingencies, divining events succeeding.—*Sir T. Browne, Vulgar Errours.*

Extól. *v. a.* [Lat. *extollo* = raise up, out of, or from, anything.] Praise; magnify; laud; celebrate.

Extol him that rideth upon the heavens.—*Psalms*, lxviii. 4.

When a rich man speaketh, every man holdeth his tongue, and look, what he saith they *extol* it to the clouds.—*Ecclesiasticus*, xiii. 23.

Heav'n and earth shall high *extol*
Thy praises, with the innumerable sound
Of hymns, and sacred songs, wherewith thy throne
Encompass'd shall resound thee ever bless'd.
Milton, Paradise Lost, iii. 146.

Let Araby *extol* her happy coast,
Her cinnamon and sweet amomum boast.
Dryden, Translation from Ovid.

After *extolling* their strength and spirit, he proceeded to explain why it was that, with all their strength and spirit, they were constantly beaten.—*Macaulay, History of England*, ch. xiv.

His [Lord Mansfield's] choicest relaxation was in the polished society of literary men and lovers of the arts; and his powers of conversation are *extolled* in all the traditions that have reached the present age, as of a very high order.—*Lord Brougham, Historical Sketches of Statesmen of the Reign of George III., Lord Mansfield.*

Extóller. *s.* One who, or that which, extols; praiser; magnifier; one who praises to the skies.

Extollers of the pope's supremacy.—*Bacon, Charge at the Session of the Verge.*

Extórt. *v. a.* [Lat. *tortus*, pass. part. of *torqueo* = twist.] Draw by force; force away; wrest; wring from one.

Till the injurious Roman did *extort*
This tribute from us, we were free.
Shakespear, Cymbeline, iii. 1.

I remember well the impious oath,
Hardly *extorted* from my trembling youth. *Rowe.*

My earnest desires, not any doubts of your goodness, but my real concern for your welfare, *extort* this from me.—*Archbishop Wake.*

Extórt. *v. n.* Practise oppression and violence.

To whom they never gave any penny of entertainment, but let them feed upon the countries, and *extort* upon all men where they come.—*Spenser, View of the State of Ireland.*

Before they did *extort* and oppress the people only by colour of a lewd custom, they did afterwards use the same extortions by warrant.—*Sir J. Davies, Discourse on the State of Ireland.*

Extórt. *adj.* Extorted. *Rare.*

Having great lordships got and goodly farms,
Through strong oppression of his power *extort*.
Spenser, Faerie Queen, v. 2, 5.

Extórted. *part. adj.* Gained by violence, oppression, or usury.

His tail was stretched out in wond'rous length,
That to the house of heavenly gods it raught,
And with *extorted* power and borrow'd strength,
The ever burning lamps from thence it brought.
Spenser.

Are my chests fill'd up with *extorted* gold?
Shakespear, Henry VI. Part II. iv. 7.

Extórter. *s.* One who extorts; one who practises oppression, extortion, or usury.

Edric the *extorter* was deprived by king Canute of the government of Mercia.—*Camden, Remains.*

Extórtion. *s.*

1. Act or practice of gaining by violence and rapacity.

That goodness
Of gleaning all the land's wealth into one,
Into your own hands, cardinal, by *extortion*.
Shakespear, Henry VIII. iii. 2.

Oppression and *extortion* did maintain the greatness, and oppression and *extortion* did extinguish the greatness of that house.—*Sir J. Davies, Discourse on the State of Ireland.*

2. Force by which anything is unjustly taken away.

Because the lords had power to impose this charge, the freeholders were glad to give a great part of their lands to hold the rest free from that *extortion*.—*Sir J. Davies, Discourse on the State of Ireland.*

A succeeding king's just recovery of rights from unjust usurpations and *extortions*, shall never be prejudiced by any act of mine.—*Eikon Basilike.*

Extórtioner. *s.* One who practises extortion; one who grows rich by violence, rapacity, or usury.

There will be always murderers, adulterers, *extortioners*, church-robbers, traitors, and other rabblement.—*Camden.*

The covetous *extortioner* is involved in the same sentence.—*Dr. H. More, Decay of Christian Piety.*

Extórtious. *adj.* Oppressive; violent; unjust.

Upon the sight we do well and wisely, by all politick provisions to meet with or prevent all those peccant humours which may occasion a publick distemper; to curb the lawless insolence of some, the seditious machinations of others, the *extortious* cruelties of some, the corrupt wresting of justice in others.—*Bishop Hall, Remains*, p. 77.

Extra. [Lat.] A word often used both in composition and as an adjective, meaning over and above, extraordinary, or the like (as, '*extra* work, *extra* pay,' &c.); or beyond (as, '*extra*judicial, *extra*mundane,' &c.).

As, however, the quantity of iron required for ship-building forms but a small part of the total quantity required for all purposes, the *extra* demand on the iron-makers can be nothing like so great in proportion as is the *extra* demand on the ship-builders. Whence it follows, that there will be much less tendency to an immediate enlargement of the iron-producing industry—the *extra* quantity will for some time be obtained by working *extra* hours.—*Herbert Spencer, Inductions of Biology.*

Used *substantivally* in expressions such as 'a charge for *extras*.' It may also be considered as an abbreviation of Extraordinary.

Extráct. *v. a.* [Lat. *extractus*, pass. part. of *extraho* = draw out.] Draw out.

Out of the ashes of all plants they *extract* a salt which they use in medicines.—*Bacon, Natural and Experimental History.*

I now see
Bone of my bone, flesh of my flesh, myself
Before me; woman is her name, of man
Extracted. *Milton, Paradise Lost*, viii. 494.

These waters were *extracted*, and laid upon the surface of the ground.—*T. Burnet, Theory of the Earth.*

The metallick or mineral matter is so diffused amongst the crasser matter, that it would never be possible to separate and *extract* it.—*Woodward.*

Figuratively.

Coningsby, who since his practice with Lady Everingham flattered himself that he had advanced in small talk, and was not sorry that he had now an opportunity of proving his prowess, made some lively observations about pets and the breeds of lap-dogs, but he was not fortunate in *extracting* a response or exciting a repartee.—*Disraeli the younger, Coningsby.*

In *Literature.* Select and abstract from a larger treatise.

To see how this case is represented, I have *extracted* out of that pamphlet a few notorious falsehoods.—*Swift.*

Passive participle *extraught.*

Sham'st thou not, knowing whence thou art *extraught*,
To let thy tongue detect thy baseborn heart?
Shakespear, Henry VI. Part III. ii. 2.

Extract. *s.*

1. Substance extracted. Specially in *Chemistry.*

In tinctures, if the superfluous spirit of wine be distilled off, it leaves at the bottom that thicker substance, which chymists call the *extract* of the vegetables.—*Boyle.*

To dip our tongues in gall, to have nothing in our mouth but the *extract* and exhalation of our inward bitterness, is no great sensuality.—*Dr. H. More, Government of the Tongue.*

In *Literature.* Chief heads drawn from a book; abstract; epitome.

I will present a few *extracts* out of authors.—*Camden, Remains.*

Some books may be read by *extracts* made of them by others, but only in the less important arguments, and the meaner books; else distilled books are like common distilled waters, flashy things.—*Bacon, Essays.*

Spend some hours every day in reading, and making *extracts*, if your memory be weak.—*Swift.*

2. Extraction; descent. *Obsolete.*

The apostle gives it a value suitable to its *extract*, branding it with the most ignominious imputation of foolishness.—*South, Sermons.*

Extráction. *s.*

1. Act of drawing one part out of a compound; act of drawing out the principal substance by chemical operation.

Although the charge of *extraction* should exceed the worth, at least it will discover nature and possibility.—*Bacon.*

The distillations of waters, *extractions* of oils, and such like experiments are unknown to the ancients.—*Hakewill, Apology.*

2. Derivation from an original; lineage; descent.

One whose *extraction's* from an ancient line,
Gives hope again that well-born men may shine;
The meanest in your nature mild and good,
The noble rest secured in your blood. *Waller.*

A family of an ancient *extraction*, transported with the conqueror out of Normandy.—*Lord Clarendon, History of the Grand Rebellion.*

To her it was owing that, while younger men, not superior to him in *extraction*, and far inferior to him in every kind of personal merit, were filling the highest offices of the state, adding manor to manor, rearing palace after palace, he was lying at a spunging-house for a debt of three hundred pounds. Assuredly if Bacon owed gratitude to Elizabeth, he owed none to Essex.—*Macaulay, Critical and Historical Essays, Lord Bacon.*

Extráctive. *adj.* Capable of being extracted.

Mr. Giobert has communicated to the publick the analysis of a fertile soil in the vicinity of Turin, where it rains yearly above 40 inches on the square foot. He found 1lb. of it to contain from 20 to 30 grains of *extractive* matter which flamed and burned, and therefore was a coal soluble in water.—*Kirwan, On Manures*, p. 55.

Extráctive. *s.* In *Chemistry.* See example.

The older apothecaries used this term [extract] to designate the product of the evaporation of any vegetable juice, infusion, or decoction; whether the latter two were made with water, alcohol, or ether; whence arose the distinction of aqueous, alcoholic, and ethereous *extracts*. Fourcroy made many researches upon these preparations, and supposed that they had all a common basis, which he called the *extractive* principle. But Chevreul and other chemists have since proved that this pretended principle is a heterogeneous and very variable compound. By the term *extract*, therefore, is now meant merely the whole of the soluble matters obtained from vegetables, reduced by careful evaporation to either a pasty or solid consistence. The watery *extracts*, which are those most commonly made, are as various as the vegetables which yield them; some containing chiefly sugar or gum in great abundance, and are therefore innocent or inert; while others contain very energetic impregnations. The conduct of the evaporating heat is the capital point in the preparation of *extracts*.—*Ure, Dictionary of Arts, Manufactures, and Mines, Extract.*

Extradictionary. *adj.* [Lat. *dictio*, *-onis* = word, term, phrase.] Not consisting in words, but realities. *Rare.*

Of *extradictionary* and real fallacies, Aristotle and logicians make six; but we observe men are commonly deceived by four thereof.—*Sir T. Browne, Vulgar Errours.*

Extradition. *s.* [the division of this word is *ex* + *tradition*.] Delivering up: (chiefly used in *international law*).

Half the council had advised her [Queen Elizabeth] to demand the *extradition* of Darnley and Lennox, and to declare war if it was refused.—*Froude, History of England, Reign of Elizabeth*, ch. ix.

Extrajudícial. *adj.* Out of the regular course of legal procedure.

A declaratory or *extrajudicial* absolution is conferred in foro pœnitentiali.—*Ayliffe, Parergon Juris Canonici.*

Extrajudícially. *adv.* In an extrajudicial manner.

The confirmation of an election, though done by a previous citation of all persons concerned, may be said to be done *extrajudicially*, when opposition ensues thereupon.—*Ayliffe, Parergon Juris Canonici.*

Extramíssion. *s.* Act of emitting outwards. *Rare.*

Aristotle, Alhazen, and others, hold that sight is by reception, and not by *extramission*; by receiving the rays of the object unto the eye, and not by sending any out.—*Sir T. Browne.*

Extramúndane. *adj.* [Lat. *mundus* = world.] Beyond the verge of the material world.

'Tis a philosophy that gives the exactest topography of the *extramundane* spaces.—*Glanville, Scepsis Scientifica.*

Christianity was one in this materialistic intercommunion between the world of man and the *extramundane*; that ulterior sphere, in its purer corporeity, yet still, in its corporeity, was perpetually becoming cognisable to the senses of man.—*Milman, History of Latin Christianity*, b. xiv. ch. ii.

Extráneous. *adj.* Not belonging to anything; foreign; of different substance; not intrinsic.

Relation is not contained in the real existence of things, but something *extraneous* and superinduced.—*Locke.*

Rent and interest being always very high, and interest varying, as it must do, according to the rate of profits, it is evident that wages must have been very low. . . . And though this, being an inevitable inference, does not require *extraneous* support, it may be mentioned that in modern times, for which alone we have direct evidence, wages have in India always been excessively low, and the people have been, and still are, obliged to work for a sum barely sufficient to meet the exigencies of life.—*Buckle, History of Civilization in England.*

Extráordinancy. *s.* Quality of being extraordinary. *Rare.*

In regard of quality, care, and *extraordinancy*.—*Hooker, Ecclesiastical Polity*, b. vii. § 15. (Ord MS.)

Extraórdinarily. *adv.* In an extraordinary manner; in a manner out of the common method and order; uncommonly; particularly; eminently; remarkably.

He quotes me right; and I hope all his quotations, wherein he is so *extraordinarily* copious and elaborate, are so.—*Howell.*

The temple of Solomon was a type, and therefore was so *extraordinarily* magnificent; otherwise perhaps a cheaper structure might have been as serviceable.—*Bishop Wilkins, Mathematical Magick.*

Extraórdinariness. *s.* Attribute suggested by Extraordinary; uncommonness; eminence; remarkableness.

I chuse some few either for the *extraordinariness* of their guilt, or the frequency of their practice.—*Dr. H. More, Government of the Tongue.*

Extraórdinary. *adj.*

1. Different from common order and method; not ordinary.

Evils must be judged inevitable, if there be no apparent ordinary way to avoid them; because where council and advice bear rule of God's *extraordinary* power, without *extraordinary* warrant, we cannot presume.—*Hooker, Ecclesiastical Polity.*

Spain had no wars save those which were grown into an ordinary: now they have coupled therewith the *extraordinary* of the Valteline and the Palatinate.—*Bacon.*

See what *extraordinary* armies have been transmitted thither, and what ordinary forces maintained there.—*Sir J. Davies, Discourse on the State of Ireland.*

2. Differing from the common course of law.

If they proceeded in a martial or any other *extraordinary* way, without any form of law, his majesty should declare his justice and affection to an old faithful servant.—*Lord Clarendon, History of the Grand Rebellion.*

3. Eminent; remarkable; more than common.

The house was built of fair and strong stone, not affecting so much any *extraordinary* kind of fineness, as an honourable representing of a firm stateliness.—*Sir P. Sidney.*

The Indians worshipped rivers, fountains, rocks, or great stones, and all things which seemed to have something *extraordinary* in them.—*Bishop Stillingfleet.*

Extraórdinary. *s.* Anything which exceeds ordinary method or computation.

All the *extraordinaries* in the world, which fall out by no steady rules and causes, I style prodigies preternatural.—*J. Spencer, Discourse concerning Prodigies.*

If, upon examining, you would understand what you are, examine yourself, not by your clothes, not by your body; not by the *extraordinaries* of a solemn religion, but by the ordinaries of a daily conversation.—*Jeremy Taylor, Worthy Communicant.* (Ord MS.)

Extraórdinary. *adv.* Extraordinarily.

I ran over their cabinet of medals, but don't remember to have met with any things in it that are *extraordinary* rare.—*Addison.*

Extraparóchial. *adj.* Not comprehended within any parish; privileged or exempt from the duties of a parish.

The 59 Geo. 3 . . . provides that commissioners may unite parts of contiguous parishes and *extraparochial* places into separate districts for ecclesiastical purposes.—*Burns, Ecclesiastical Law, Parish Clerks.*

Extraprovíncial. *adj.* Not within the same province; not within the jurisdiction of the same archbishop.

An *extraprovincial* citation is not valid ultra duas diætas, above two days journey; nor is a citation valid that contains many conditions manifestly inconvenient.—*Ayliffe, Parergon Juris Canonici.*

Extarégular. *adj.* Not comprehended within a rule.

His providence is *extraregular*, and produces strange things beyond common rules; and he led Israel through a sea, and made a rock pour forth water.—*Jeremy Taylor, Rule and Exercises of Holy Living.*

Extarégularly. *adv.* In an extraregular manner.

Extraregularly, and upon extraordinary reasons and permissions, we find that holy persons have miscarried in battel.—*Jeremy Taylor, Great Exemplar of Sanctity and Holy Life*, 307. (Ord MS.)

Extrávagance. *s.*

1. Excursion or sally beyond prescribed limits: (with a common application in *Literature* to exaggerated and bombastic writing).

I have troubled you too far with this *extravagance*: I shall make no delay to recall myself into the road again.—*Hammond.*

Some verses of my own, Maximin and Almanzor, cry vengeance upon me for their *extravagance*.—*Dryden.*

2. Waste; vain and superfluous expense.

She was so expensive, that the income of the three dukes was not enough to supply her *extravagance*.—*Arbuthnot.*

Extrávagancy. *s.*

1. Irregularity; wildness.

Using such ways of sweetness, neatness, and decency (which are potent decoys to love) as may best keep their husbands from any loathing or indifferency, also from any *extravagancy*.—*Jeremy Taylor, Artificial Handsomeness*, p. 39.

2. Outrage; violence; outrageous vehemence.

How many, by the wild fury and *extravagancy* of their own passions, have put their bodies into a combustion, and by stirring up their rage against others, have armed that fierce humour against themselves.—*Archbishop Tillotson.*

Extrávagant. *adj.* [Lat. *vagor*, pres. part. *vagans*, *-antis*, pret. part. *vagatus* = wander deviate.]

1. Wandering out of one's bounds.

At his warning,
The *extravagant* and erring spirit hies
To his confine. *Shakespear, Hamlet*, i. 1.

2. Roving beyond just limits or prescribed methods.

I dare not ask for what you would not grant:
But wishes, madam, are *extravagant*;
They are not bounded with things possible;
I may wish more than I presume to tell.
Dryden, Aurengzebe.

3. Irregular; wild.

They were all seen, but in an *extravagant* order.—*B. Jonson, Masques.*

For a dance they seem'd
Somewhat *extravagant* and wild.
Milton, Paradise Lost, vi. 615.

There appears something nobly wild and *extravagant* in great natural geniuses, infinitely more beautiful than turn and polishing.—*Addison.*

4. Wasteful; prodigal; vainly expensive.

An *extravagant* man, who has nothing else to recommend him but a false generosity, is often more beloved than a person of a much more finished character, who is defective in this particular.—*Addison.*

Extrávagant. *s.*

1. Stroller; vagabond.

They took me up for a *'stravagant*.—*Nobody and Somebody*: 1598.

2. One who is confined in no general rule or definition.

We pity or laugh at those fatuous *extravagants*.—*Glanville.*

There are certain *extravagants* among people of all sizes and professions.—*Sir R. L'Estrange.*

3. Generally *plural*. Part of the canon law, containing various papal constitutions not included in the body of the canon law.

Then came the canons, decrees, sentences, *extravagantes*, with other popish lawes.—*Bale, Discourse on the Revelations*, pt. iii.: 1550.

The decree of pope Boniface the eighth, in his *extravagants* set forth by himself in the eighth year of his papacy.—*Sir S. D'Ewes, Primitive Practice for preserving Truth*, p. 63.

The seventh [article] is an *extravagant* concerning the Manichees.—*Bishop Cosin, History of the Canon of Scripture*, p. 186.

Extrávagantly. *adv.* In an extravagant manner.

Her passion was *extravagantly* new;
But mine is much the madder of the two. *Dryden.*

Some are found to praise our author, and others as rashly and *extravagantly* contradict his admirers.—*Pope.*

Extravagánza. *s.* Composition, generally dramatic, of an exaggerated or extravagant character.

For literary news, in my poor way, I have a one-act farce going to be acted at Haymarket; but when? is the question. 'Tis an *extravaganza*, and like enough to follow Mr. H.—*Lamb, Letter to Southey.*

Extrávagate. *v. n.* Wander out of limits. *Rare.*

When the body plunges into the luxury of sense, the mind will *extravagate* through all the regions of a vitiated imagination.—*Bishop Warburton, Sermons*, xx.

Extravagátion. *s.* Excess; extravagance. *Rare.*

I do not pretend to justify the *extravagations* of the mob.—*Smollett.*

Extrávasated. *adj.* [Lat. *vas* = vessel.] In *Anatomy.* Forced (as the blood by which the skin is discoloured in bruises) out of the natural arteries, veins, capillaries, or ducts.

The viscuous matter, which lies like leather upon the *extravasated* blood of pleuretick people, may be dissolved by a due degree of heat.—*Arbuthnot, On the Nature and Choice of Aliments.*

Extravasátion. *s.* Act of forcing, or state of being forced, out of the proper containing vessels.

Aliment, too viscuous, obstructing the glands, and by its acrimony corroding the small vessels of the lungs, after a rupture and *extravasation* of blood, easily produces an ulcer.—*Arbuthnot.*

Extravénate. *adj.* [Lat. *vena* = vein.] Let out of the veins. *Rare.*

That there is a magnetick way of curing wounds, by anointing the weapon; and that the wound is affected in like manner as is the *extravenate* blood by the sympathetick medicine, as to matter of fact, is with circumstances of good evidence asserted.—*Glanville, Scepsis Scientifica.*

Extravérsion. *s.* [Lat. *verto* = turn.] Act of throwing out; state of being thrown out.

Nor does there intervene heat to afford them any colour to pretend that there is made an *extraversion* of the sulphur, or of any of the two other supposed principles.—*Boyle.*

Extreát. *s.* Extraction. *Rare.*

Some clarkes doe doubt in their deviceful art,
Whether this heavenly thing whereof I treat,
To weeten mercie, be of justice part,
Or drawne forth from her by divine *extreat*.
Spenser, Faerie Queen, v. 10, 1.

Extréme. *adj.* [Lat. *extremus*.]

1. Utmost, either actually or approximately; hence occasionally used in the superlative, though, in itself, it is logically a term suggestive of superlativeness.

The Lord shall smite thee with a fever, an inflammation, and an *extreme* burning.—*Deuteronomy*, xxviii. 22.

They thought it the *extremest* of evils to put themselves at the mercy of those hungry and disorderly people.—*Bacon.*

The hairy fool
Stood on th' *extremest* verge of the swift brook,
Augmenting it with tears.
Shakespear, As you like it, ii. 1.

Miseno's cape and Bauli last he view'd,
That on the sea's *extremest* border stood.
Addison, Travels in Italy.

2. Last; that beyond which there is nothing.

Farewell, ungrateful and unkind! I go,
Condemn'd by thee, to those sad shades below:
I go th' *extremest* remedy to prove,
To drink oblivion, and to drench my love. *Dryden.*

3. Pressing in the utmost degree.

Cases of necessity being sometimes but urgent, sometimes *extreme*, the consideration of publick utility is urged equivalent to the easier kind of necessity.—*Hooker, Ecclesiastical Polity.*

4. Rigorous; strict.

If thou wilt be *extreme* to mark what is done amiss, O Lord, who may abide it?—*Psalm* cxxx. 3, in *Book of Common Prayer.*

5. Ultra.

Next to these were another, perhaps the greatest, portion of the people, who agreed with the Elizabethan settlement, and with whom were the civil

and ecclesiastical powers: on the other hand were the Puritans, or *extreme* Protestants, whose principle in matters of discipline was little more or less than sheer negation of what had formerly prevailed, and who urged their own opinion both against a counter-opinion, equally entitled to respect, and against the authorities of the church sustained by those of the state.—*Gladstone, The State in its Relations with the Church*, ch. vii.

Used *adverbially*.

If our knowledge were altogether necessary, all men's knowledge would not only be alike, but every man could know all that is knowable; and if it were wholly voluntary, some men so little regard or value it, that they would have *extreme* little, or none at all.—*Locke, Essay on the human Understanding*, b. iv. ch. xiii. (Ord MS.)

Extréme. *s.*

1. Utmost point; highest degree of anything; one of two points at the greatest distance from each other; extremity.

The true Protestant religion is situated in the golden mean; the enemies unto her are the *extremes* on either hand.—*Bacon.*

Thither by harpy-footed furies hal'd,
At certain revolutions, all the damn'd
Are brought; and feel by turns the bitter change
Of fierce *extremes*, *extremes* by change more fierce:
From beds of raging fire to starve in ice
Their soft ethereal warmth, and there to pine
Immovable, infix'd, and frozen round
Periods of time; thence hurried back to fire.
Milton, Paradise Lost, ii. 596.

Avoid *extremes*, and shun the faults of such,
Who still are pleas'd too little, or too much.
Pope.

They cannot bear that human nature, which they know to be imperfect, should be praised in an *extreme*, without opposition.—*Pope, Essay on Homer.*

The syllogistical form only shews, that if the intermediate idea agree with those it is on both sides immediately applied to, then those two remote ones, or, as they are called, *extremes*, do certainly agree.—*Locke.*

Halifax spoke in a very different tone.... His serene intellect, singularly unsusceptible of enthusiasm, and singularly averse to *extremes*, began to lean towards the cause of royalty at the very moment at which those noisy Royalists who had lately execrated the Trimmers as little better than rebels were everywhere rising in rebellion.—*Macaulay, History of England*, ch. ix.

2. Extravagance of conduct. *Obsolete.*

My gracious lord,
To chide at your *extremes* it not becomes me;
O, pardon that I name them: your high self,
The gracious mark o' the land, you have obscur'd
With a swain's wearing.
Shakespear, Winter's Tale, iv. 3.

Extrémely. *adv.* In an extreme manner; in the utmost degree; very much; greatly.

She might hear, not far from her, an *extremely* doleful voice; but so suppressed with a kind of whispering note, that she could not conceive the words distinctly.—*Sir P. Sidney.*

Whoever sees a scoundrel in a gown reeling home at midnight, is apt to be *extremely* comforted in his own vices.—*Swift.*

Extrémity. *s.*

1. Utmost point; highest degree.

He that will take away extreme heat by setting the body in *extremity* of cold, shall undoubtedly remove the disease; but together with it the diseased too.—*Hooker, Ecclesiastical Polity.*

Should any one be cruel and uncharitable to that *extremity*, yet this would not prove that propriety gave any authority.—*Locke.*

2. In *Anatomy*. Utmost parts; parts most remote from the middle; limbs, as opposed to *trunk*.

In its proper colour it is inclining to white, excepting the *extremities* or tops of the wing-feathers, which are black.—*Sir T. Browne.*

The *extremities* of the joints must be seldom hidden, and the *extremities* or end of the feet never.—*Dryden, Translation of Du Fresnoy's Art of Painting.*

The extremity of pain often creates a coldness in the *extremities*; but such a sensation is very consistent with an inflammatory distemper.—*Arbuthnot, On the Nature and Choice of Aliments.*

3. Points in the utmost degree of opposition, or at the utmost distance from each other.

He's a man of that strange composition
Made up of all the worst *extremities*
Of youth and age. *Sir J. Denham, Sophy.*

4. Remotest of two parts, or parts at the greatest distance from one another.

They sent fleets out of the Red Sea to the *extremities* of Æthiopia, and imported quantities of precious goods.—*Arbuthnot.*

5. Violence of passion.

With equal measure she did moderate
The strong *extremities* of their outrage.
Spenser, Faerie Queen.

If I shew no colour for my *extremity*, let me be your table-sport.—*Shakespear, Merry Wives of Windsor*, iv. 2.

6. Utmost violence; rigour; or distress.

Why should not the same laws take good effect on that people, being prepared by the sword, and brought under by *extremity*?—*Spenser, View of the State of Ireland.*

Their hearts she guesseth,
And yields her to *extremity* of time.
Id., Faerie Queen.

This would have seem'd a period
To such as love not sorrow; but another,
To amplify too much, would make much more,
And top *extremity*. *Shakespear, King Lear*, v. 3.

He promised, if they should be besieged, to relieve them before they should be reduced to *extremity*.—*Lord Clarendon, History of the Grand Rebellion.*

It should be never so exposed to the *extremity* of war as to fall into those barbarous hands.—*Ibid.*

I wish for peace, and any terms prefer
Before the last *extremities* of war.
Dryden, Indian Emperor.

7. Most aggravated state.

The world is running mad after farce, the *extremity* of bad poetry; or rather the judgement that is fallen upon dramatic writing.—*Dryden, Preface to Cleomenes.*

Éxtricate. *v. a.* [Lat. *extricatus* = freed from toils, snares, or entanglements.] Disembarrass; set free from a state of perplexity; disentangle.

We run into great difficulties about free created agents, which reason cannot well *extricate* itself out of.—*Locke.*

These are reliefs to nature, as they give her an opportunity of *extricating* herself from her oppressions, and recovering the several tones and springs of her vessels.—*Addison.*

Extricátion. *s.* Act of disentangling; disentanglement.

Crude salt has a taste not properly acid, but such as predominates in brine; and it does not appear, that this acid spirit did as such pre-exist in the salt whence it was obtained, so that we may suppose it to have been made rather by transmutation than *extrication*.—*Boyle.*

This, the most intricate and difficult, but the most interesting part of the physiology of fishes, is divided, as in other animals, into seven distinct processes:—1. Semination: . . . 2. *Germination*, or the development of the germ or ovum susceptible of impregnation:—3. *Fecundation*, or the act of impregnation, which is sometimes, though rarely in the present class, accompanied by intromission:—4. *Fœtation*, or development of the embryo within the ovum or uterus:—5. *Extrication*, or escape of the embryo from the ovum:—6. Exclusion, or expulsion of the generative product from the parent:—7. Growth, or development from the period of exclusion, or of extrication from a previously excluded ovum, to maturity.—*Owen, Lectures on Comparative Anatomy*, lect. xii.

Extrínsic. *adj.* [Lat. *extrinsecus* = from without.] Outward; external; not intrinsic.

When they cannot shake the main fort, they try if they can possess themselves of the outworks, raise some prejudice against his most *extrinsick* adherents.—*Dr. H. More, Government of the Tongue.*

The symbol he here speaks of made no part of the letters, nor began the first paragraph of them. . . . 'Twas *extrinsick*, if I mistake not, to the letter.—*Bentley, Phileleutherus Lipsiensis*, § 46.

Extrinsick modes are such as arise from something that is not in the subject or substance itself; but it is a manner of being which some substances attain, by reason of something external or foreign to the subject; as, this globe lies within two yards of the wall; this man is beloved or hated.—*Watts, Logic.*

We are not mere recipients, but almost creators of its fictions; and we more proudly adhere to the creature of our own mind than to a truth *extrinsic* to us, and independent of us, neither owning nor owing to us any obligation.—*Gladstone, The State in its Relations with the Church*, ch. vii.

Extrínsical. *adj.* Same as Extrinsic.

A body cannot move, unless it be moved by some *extrinsical* agent: absurd it is to think that a body, by a quality in it, can work upon itself.—*Sir K. Digby, Treatise on the Nature of Bodies.*

A concourse of necessary *extrinsecal* causes.—*Archbishop Bramhall, Against Hobbes*, p. 29.

Neither is the atom by any *extrinsical* impulse diverted from its natural course.—*Ray, Wisdom of God manifested in the Works of the Creation.*

Outward objects, that are *extrinsical* to the mind; and its own operations, proceeding from powers intrinsical and proper to itself, which, when reflected on by itself, become also objects of its contemplation, are the original of all knowledge.—*Locke.*

More observe the characters of men than the order of things; to the one we are formed by nature and by that sympathy from which we are so strongly led to take a part in the passions and manners of our fellow-men. The other is as it were foreign and *extrinsecal*.—*Burke, Essay on the Drama.*

Extrínsically. *adv.* From without.

If he were *extrinsecally* predetermined, he should not say, I will serve, but I must serve.—*Archbishop Bramhall, Against Hobbes*, p. 29.

If to suppose the soul a distinct substance from the body, and *extrinsically* advenient, be an errour, almost all the world hath been mistaken.—*Glanville.*

The state is a moral being, and must worship God according to its nature: it is thus intrinsically competent to promote the designs of religion, and *extrinsically* . . . has effective means of aiding them.—*Gladstone, The State in its Relations with the Church*, ch. ii.

Extrúctive. *adj.* [Lat. *struo* = build up as a fabric.] Forming into a structure.

If it were not as easy for us to say, that papistry is both affirmative and *extructive* of all wickedness.—*Fulke, Answer to Frarine's Declaration*, p. 41: 1580.

Extrúde. *v. a.* [Lat. *trudo* = thrust; pass. part. *trusus*.] Thrust off; drive off; push out with violence.

If in any part of the continent they found the shells, they concluded that the sea had been *extruded* and driven off by the mud.—*Woodward, Essay towards a Natural History of the Earth.*

It remains uncertain whether the Cagots were *extruded* from human sympathy and association as the descendants of Gothic or Moorish oppressors; or whether they were shunned from religious hatred as the offspring of Arians, Jews, or Mahometans.—*Sir E. Tennent, Ceylon*, pt. vii. ch. iv.

Extrúsion. *s.* Act of thrusting or driving out.

They suppose the channel of the sea formed, and mountains and caverns, by a violent depression of some parts of the earth, and an *extrusion* and elevation of others.—*T. Burnet, Theory of the Earth.*

Extúberance. *s.* [Lat. *tuber*.] Protuberance (this latter word being the *commoner*); (in *Anatomy*) process.

The gouge takes off the irregularities or *extuberances* that lie farthest from the axis of the work.—*Moxon, Mechanical Exercises.*

Consider the humerus, its head, its neck, its pullies, its cavities, its *extuberances*.—*Smith, Portrait of Old Age*, p. 60.

Extúberancy. *s.* Same as Extuberance.

'And the dry land appeared:' not so precisely globous as before, but recompensed with an *extuberancy* of hills and mountains for the receipts, into which God had sunk the waters.—*Gregory, Notes on Passages in Scripture*, p. 114.

Extúberant. *adj.* Swelling.

Extuberant lips.—*Gayton, Notes on Don Quixote*, p. 223: 1654.

A yolk *extuberant* in the middle of the under-surface.—*Archæologia*, vol. xii. p. 42: 1796.

Extuberátion. *s.* Swelling; protuberance.

In both there is matter for humility to work on; in both there are excrescences and *extuberations* to be lopt off and abated.—*Farindon, Sermons*, p. 582: 1647.

Exúberance. *s.* Excrescence; superfluous shoots; useless abundance; luxuriance.

Men esteem the overflowing of gall the *exuberance* of zeal, and all the promises of the faithful combatant they confidently appropriate.—*Dr. H. More, Decay of Christian Piety.*

Though he expatiates on the same thoughts in different words, yet in his similes that *exuberance* is avoided.—*Garth.*

Exúberancy. *s.* Abundance; great plenty; fruitfulness.

The freeness of his own bounty, and the *exuberancy* of his goodness towards them.—*Bishop Stillingfleet, Origines Sacræ*, ii. 3.

Exúberant. *adj.* [Lat. *exuberans, -antis*.]

1. Growing with superfluous shoots; overabundant; superfluously plenteous; luxuriant.

His similes have been thought too *exuberant*, and full of circumstances.—*Pope, Preface to the Translation of Homer's Iliad.*

Another Flora there, of bolder hues,
Plays o'er the fields, and showers with sudden hand
Exuberant spring. *Thomson, Seasons, Spring.*

Without the *exuberant* gaiety of Suckling, or perhaps, the delicacy of Carew, he is sportive, fanciful, and generally of polished language.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, pt. iii. ch. v.

2. Abounding in the utmost degree.

Such immense power, such unsearchable wisdom,

and such *exuberant* goodness, as may justly ravish us to an amazement, rather than a bare admiration. —*Boyle, Discourse on Seraphick Love.*

A part of that *exuberant* devotion, with which the whole assembly raised and animated one another, catches a reader at the greatest distance of time.—*Addison, Freeholder.*

Exúberantly. *adv.* In an exuberant manner; abundantly; in a superfluous degree.

A considerable quantity of the vegetable matter lay at the surface of the antediluvian earth, and rendered it *exuberantly* fruitful.—*Woodward, Essay towards a Natural History of the Earth.*

Exúberate. *v. n.* Bear in great abundance; abound in the highest degree.

All the loveliness imparted to the creature is lent it, to give us enlarged conceptions of that vast confluence and immensity that *exuberate* in God.—*Boyle, Discourse on Seraphick Love.*

Éxulate. *v. n.* [Lat. *exul* = exile.] Be in banishment. *Rare.*

The princely sycomore hath smarted for this being fallen just under the same fatall predicament as Alpinees, both *exulating* from their owne patrimonable territories.—*Howell, Vocall Forrest,* 203. (Ord. MS.)

Exúlcerate. *v. a.* [Lat. *ulcus, ulceris* = ulcer.]

1. Make sore with an ulcer; affect with a running or eating sore.

Cantharides applied to any part of the body, touch the bladder and *exulcerate* it, if they stay on long.—*—Bacon.*

That the saliva hath a virtue of macerating bodies, appears by the effects in taking away warts, sometimes *exulcerating* the jaws and rotting the teeth.—*Ray, Wisdom of God manifested in the Works of the Creation.*

The stagnating serum turning acrimonious, *exulcerates* and putrifies the bowels.—*Arbuthnot, On the Nature and Choice of Aliments.*

2. Afflict; corrode; enrage.

Froward, *exulcerated,* and seditious spirits, being too ready to follow what they dare not begin.—*Bishop Reynolds, On the Passions,* ch. xxiv.

Thoughts, my tormentors, arm'd with deadly stings,
Mangle my apprehensive tenderest parts,
Exasperate, *exulcerate,* and raise
Dire inflammation, which no cooling herb
Or medicinal liquor can assuage.
Milton, Samson Agonistes, 623.

Exúlcerate. *v. n.* Ulcerate.

Sharp and eager humours will not evaporate: and then they must *exulcerate,* and so may endanger the sovereignty itself.—*Bacon, Speech in Parliament, 7 Jac. I.*

Exúlcerate. *adj.* Afflicted; enraged.

Finding the king's mind so *exulcerate,* as he rejected all counsel that tended to mild and gracious proceeding.—*Bacon, Observations on a Libel in* 1592.

The speech being already ill taken, the writing might exasperate that which already was *exulcerate.* —*Sir J. Harrington, Brief View of the State of the Church of England,* p. 190.

Exulcerátion. *s.* Ulceration: (in the extracts, *figuratively* applied to the *mind*).

The sight of his competitor causeth bitter *exulcerations.*—*Jackson, Works,* iii. 643.

This *exulceration* of mind made him apt to take all causes of contradiction.—*Hooker, Ecclesiastical Polity.*

Exúlt. *v. n.* [Lat. *exulto*; pres. part. *exultans, -antis*; pass. part. *exultatus.*] Rejoice above measure; triumph; be in high exaltation of gladness.

Who might be your mother,
That you insult, *exult,* and rail at once,
Over the wretched?
Shakespear, As you like it, iii. 5.

The whole world did seem to *exult* that it had occasion of pouring out gifts to so blessed a purpose.—*Hooker.*

Exúltance. *s.* Transport; joy; triumph; gladness; exultation.

We have great cause of *exultance* and joy, God's service being the most perfect freedom.—*Dr. H. More, Government of the Tongue.*

Joys, comforts, *exultances,* and all the sweetness of our life.—*Burton, Anatomy of Melancholy,* p. 542.

Exúltancy. *s.* Gladness; transport; triumph.

It hath proved scandalous to those without; as may appear by that boasting *exultancy* of Campian, in his eighth reason.—*Hammond, Works,* iv. 624.

Exúltant. *adj.* Rejoicing; triumphing.

With such *exultant* sympathy and joy.—*Dr. H. More, Conjectura Cabalistica,* p. 42.

Gaily the splendid armament along
Exultant plough'd, reflecting a red gleam,
As sunk the sun o'er all the flaming vast.
Thomson, Britannia.

Exultátion. *s.* Joy; triumph; rapturous delight.

Good effects may grow in each of the people towards other, in them all towards their pastor, and in their pastor towards every of them; between whom there daily and interchangeably pass, in the hearing of God himself, and in the presence of his holy angels, so many heavenly acclamations, *exultations,* provocations, petitions.—*Hooker.*

Devotion inspires men with sentiments of religious gratitude, and swells their hearts with inward transports of joy and *exultation.*—*Addison, Freeholder.*

Exundátion. *s.* [Lat. *unda* = water, wave, flood.] Overflow; abundance.

It is more worthy the Deity to attribute the creation of the world to the *exundation* and overflowing of his transcendent and infinite goodness.—*Ray, Wisdom of God manifested in the Works of the Creation.*

Exústion. *s.* [Lat. *exustio, onis*; *ex* + *uro,* pass. part. *ustus* = burn.] Act of burning up.

The frightful effects which this *exustion* [of Sodom and Gomorrah] left are still remaining.—*Bibliotheca Bibliographica Oxoniensis,* i. 424: 1720.

Exúviæ. *s.* [Lat.] Cast skins; cast shells; whatever is thrown off or shed by animals; slough; integument; remains of any outward covering (as the slough or cast skin of a snake, and in *Geology,* fossil shells).

They appear to be only the skins or *exuviæ,* rather than entire bodies of fishes.—*Woodward, On Fishes.*

Eýas. *s.* [Fr. *niais,* ? or root of Eyery.] Young hawk just taken from the nest, not able to prey for itself; fledgling; chick: (in the extract, applied to *infants*).

An aiery of children, little *eyases* that cry out.—*Shakespear, Hamlet,* ii. 2.

Eýas. *adj.* Unfledged as an eyas.

Before this world's great frame, in which all things
Are now contained, found any being-place,
Ere flitting Time could wag his *eyas* wings.
Spenser, Hymn of Heavenly Love.

Eýas-musket. *s.* [see Eyas; Fr. *mouchet.*] Young unfledged hawk, of the kind called sparrowhawk, the smallest of the species.

Here comes little Robin.—How now, my *eyas-musket*; what news with you?—*Shakespear, Merry Wives of Windsor,* iii. 3.

Eye. *s.* See Eyry.

Eye. *s.* [A.S. *eage.*]

1. Organ of vision; medium of the sense of sight; sight; look; face.

Good sir John, as you have one *eye* upon my follies, turn another into the register of your own, that I may pass with a reproof off the easier.—*Shakespear, Merry Wives of Windsor,* ii. 2.

He kept him as the apple of his *eye.*—*Deuteronomy,* xxxii. 10.

As long looking against the sun or fire hurteth the *eye* by dilatation; so curious printing in small volumes, and reading of small letters, do hurt the *eye* by contraction.—*Bacon.*

2. In *Navigation. In the eye of the wind.* Position of direct opposition, where one thing is in the same line with another.

Now pass'd, on either side they nimbly tack,
Both strive to intercept and guide the wind;
And in its *eye* more closely they come back,
To finish all the deaths they left behind. *Dryden.*

3. Opinion formed by observation.

She told her husband, she designed to be beautiful in no body's *eye* but his.—*Sir P. Sidney.*

It hath, in their *eye,* no great affinity with the form of the church of Rome.—*Hooker, Ecclesiastical Polity.*

4. Sight; view; place in which anything may be seen.

There shall he practise tilts and tournaments,
Hear sweet discourse, converse with noblemen;
And be, in *eye* of every exercise,
Worthy his youth and nobleness of birth.
Shakespear, Two Gentlemen of Verona, i. 3.

5. Anything formed like an eye.

We see colours like the *eye* of a peacock's feather by pressing our eyes on either corner, whilst we look the other way.—*Sir I. Newton, Opticks.*

6. Any small perforation.

This Ajax has not so much wit as will stop the *eye* of Helen's needle.—*Shakespear, Troilus and Cressida,* ii. 1.

Does not our Saviour himself speak of the intolerable difficulty which they cause in men's passage to heaven? Do not they make the narrow way much narrower, and contract the gate which leads to life to the streightness of a needle's *eye?*—*South, Sermons.*

7. Small catch into which a hook goes.

Those parts, if they cohere to one another but by rest only, may be much more easily dissociated, and put into motion by any external body, than they could be, if they were by little hooks and *eyes,* or other kind of fastenings entangled in one another.—*Boyle.*

8. Bud of a plant; see Inoculation in *Horticulture.*

Prune and cut off all your vine-shoots to the very root, save one or two of the stoutest, to be left with three or four *eyes* of young wood.—*Evelyn, Calendarium hortense.*

9. Small shade of colour.

The ground indeed is tawny.—
With an *eye* of green in't. *Shakespear, Tempest,*
Red with an *eye* of blue, makes a purple.—*Boyle, Experiments and Considerations touching Colours.*

Have an eye (often with *to*). (Be) on the look-out in a certain direction.

Not satisfied with our oath, he appointed a band of horsemen to *have an eye* that we should not go beyond appointed limits.—*Sidney.*

Having an eye to a number of rites and orders in the church of England, as marrying with the ring; sundry church-offices, dignities, and callings, for which they found no commandment in the holy Scripture, they thought by the one only stroke of an axiom to have cut them off.—*Hooker, Ecclesiastical Polity.*

Have in eye. Keep in observation.

These are intrinsick difficulties arising from the text itself, as the uncertainty sometimes who are the persons he speaks to, or the opinions or practices which he *has in* his *eye.*—*Locke.*

Keep an eye on (anything). Observe.

We were the most obedient creatures in the world, constant to our duty, and *kept* a steady *eye on* the end for which we were sent hither.—*Spectator.*

Under the eye. Subject to inspection.

This method of teaching children by a repeated practice, *under the eye* and direction of the tutor, till they have got the habit of doing well, has many advantages.—*Locke.*

With an eye to (anything). Looking in any particular direction, or towards any particular object.

None should be put into either of those commissions, *with an eye* of favour *to* their persons, to give them countenance or reputation in the places where they live.—*Bacon, Advice to Villiers.*

Several performances have been justly applauded for their wit, which have been written *with an eye to* this predominant humour of the town.—*Addison, Freeholder.*

Eye. *v. a.* Watch; keep in view; observe; look on; gaze on.

When they are laid in garrison, they may better hide their defaults than when they are in camp, where they are continually *eyed* and noted of all men.—*Spenser, View of the State of Ireland.*

Full many a lady
I've *ey'd* with best regard.
Shakespear, Tempest, iii. 1.

The kitchen Malkin pins
Her richest lockram 'bout her reeky neck,
Clamb'ring the walls to *eye* him.
Id., Coriolanus, ii. 1.

Saul *eyed* David from that day and forward.—1 *Samuel,* xviii. 9.

Then gave it to his faithful squire,
With lessons how t'observe and *eye* her.
Butler, Hudibras.

Eye nature's walks, shoot folly as it flies,
And catch the manners living as they rise. *Pope.*

Eye. *v. n.* Appear; show; bear an appearance. *Rare.*

Forgive me,
Since my becomings kill me when they do not
Eye well to you.
Shakespear, Antony and Cleopatra, i. 3.

Eyéball. *s.* Orbit of the eye; eye.

Be subject to no sight but mine; invisible
To every *eyeball* else. *Shakespear, Tempest,* i. 2.

Courteous gentlemen, if the brow of a military face may not be offensive to your generous *eyeballs,* let his wounds speak better than his words.—*Beaumont and Fletcher, Wit at several Weapons.*

I feel my hair grow stiff, my *eyeballs* roll;
This is the only form could shake my soul.
Dryden, Indian Emperor.

Not when a gilt buffet's reflected pride
Turns you from sound philosophy aside,
Not when from plate to plate your *eyeballs* roll,
And the brain dances to the mantling bowl.
Pope, Imitations of Horace.

Eyébright. *s.*

1. Native plant so called, Euphrasia officinalis.

And in some open place, that to the sun doth lye,
He fumitorie gets, and *eye-bright* for the eye.
Drayton, Polyolbion, xiii.

2. Kind of ale (in Elizabeth's time).
In the days of Pimlico and *eyebright*. *B. Jonson.*

Eyébrow. *s.* Hairy arch over the eye.
What colour are your *eyebrows?*—Blue, my lord.
Shakespear, Winter's Tale, ii. 1.
On the seventh day he shall shave all his hair off his head, his beard, and his *eyebrows*.—*Leviticus*, xiv. 9.
The balls of his broad eyes roll'd in his head,
And glar'd betwixt a yellow and a red;
He look'd a lion with a gloomy stare,
And o'er his *eyebrows* hung his matted hair.
Dryden.

Eyédrop. *s.* Tear.
That tyranny which never quaft but blood,
Would by beholding him have wash'd his knife
With gentle *eyedrops*.
Shakespear, Henry IV. Part II. iv. 4.

Eyéglass. *s.* Glass worn about the person for regulating the focus in imperfect sight.
'Cold weather for a man who has nothing on but a spur and an *eye-glass!*' said my companion.—*Sketches of Country Life.*

Eyélash. *s.* Line of hair that edges the eyelid.
Pale with the golden beam of an *eyelash* dead on the cheek. *Tennyson, Maud.*

Eyéless. *adj.* Wanting eyes; sightless; deprived of sight.
A proclaim'd prize! most happy!
That *eyeless* head of thine was first fram'd flesh
To raise my fortunes. *Shakespear, King Lear*, iv. 6.

Eyélet. *s.* [Fr. *œillet* = little eye.] Hole through which light may enter; any small perforation for a lace to go through: (used *adjectivally*, or as the *first element* in a *compound*).
Slitting the back and fingers of a glove, I made *eyelet* holes to draw it close.—*Wiseman, Surgery.*

Eyélid. *s.* Fold that shuts over the eye.
On my *eyelids* is the shadow of death.—*Job*, xvi. 16.

Eyer. *s.* One who eyes.
The suitor was a diligent *eyer* of her.—*Gayton, Notes on Don Quixote*, p. 47.

Eyesérvice. *s.* Service performed only under inspection.
Servants, obey in all things your masters; not with *eye-service*, as men pleasers, but in singleness of heart.—*Corinthians*, iii. 22.

Eyéshot. *s.* Reach of sight.
I must not think of sharing the booty before I am free from danger, and out of *eyeshot* from the other windows.—*Dryden.*
I have preserved many a young man from her *eyeshot* by this means.—*Spectator.*

Eyésight. *s.* Sight of the eye.
The Lord hath recompensed me according to my cleanness in his *eyesight*.—2 *Samuel*, xxii. 25.

Eyésore. *s.* Something offensive to the sight (physically or mentally).
Hath the church of Christ, from the first beginning, by a secret universal instinct of God's good spirit, always tied itself to end neither sermon, nor almost any speech of moment, which hath concerned matters of God, without some special words of honour and glory to the Trinity, which we all adore; and is the like conclusion of Psalms become now, at length, an *eyesore*, or a galling to the ears that hear it?—*Hooker, Ecclesiastical Polity.*
Fy, doff this habit; shame to your estate,
And *eysore* to our solemn festival.
Shakespear, Taming of the Shrew, iii. 2.
As soon as the two lords came thither, they covered, to the trouble of the other; but having presently to speak, they were quickly freed from that *eyesore*.—*Lord Clarendon, History of the Grand Rebellion.*
Mordecai was an *eyesore* to Haman.—*Sir R. L'Estrange.*
He's the best piece of man's flesh in the market; not an *eyesore* in his whole body.—*Dryden, Don Sebastian.*

Eyéstring. *s.* Tendon by which the eye is moved.
I would have broke mine *eyestrings*; crackt them, but
To look upon him. *Shakespear, Cymbeline*, i. 4.
To know whether the sheep are sound or not, see that their gums be red, and the *eyestrings* ruddy.—*Mortimer, Husbandry.*

Eyétooth. *s.* Tooth on the upper jaw next on each side to the grinders; premolar.
The next tooth on each side stronger and deeper rooted, and more pointed, called canini, in English *eyeteeth*, to tear the more tough sort of aliments.—*Ray, Wisdom of God manifested in the Works of the Creation.*

Eyéwash. *s.* Lotion for the eyes; collyrium: (this latter being the *medical* term).
This is better than trusting to *eyewashes* and ointments.—*Paris, On Health.*

Eyéwink. *s.* Wink, as a hint or token.
They would have won any woman's heart; and, I warrant you, they could never get an *eyewink* of her.—*Shakespear, Merry Wives of Windsor*, ii. 2.

Eyewítness. *s.* One who gives testimony to facts seen with his own eyes.
We made known unto you the power and coming of our Lord Jesus Christ, and were *eyewitnesses* of his majesty.—2 *Peter*, i. 16.
The curious, by laying together circumstances, attestations, and characters of those who are concerned in them, either receive or reject what at first but *eyewitnesses* could absolutely believe or disbelieve.—*Addison, Defence of the Christian Religion.*

Eýliad. *s.* [Fr. *œillade.*] Eyeglance; eye-beam.
Who even now gave me good eyes too, examined my parts with most judicious *eyliads*.—*Shakespear, Merry Wives of Windsor*, i. 3.
She gave strange *œiliads*, and most speaking looks,
To noble Edmund. *Id., King Lear*, iv. 5.

Eýot. *s.* [A.S. *ey* = island.] Little island in a river or lake.
It seems just, that the *eyots* or little islands, arising in any part of the river, shall be the property of him who owneth the piscary and the soil.—*Sir W. Blackstone, Commentaries on the Laws of England.*

Eyre. *s.* [Fr. *eyre*; Lat. *iter.*] Circuit of judges; see extract.
The court of justices itinerants; and justices in *eyre* are those only which Bracton in many places calls justiciarios itinerantes. The *eyre* also of the forest is nothing but the justice-seat, otherwise called; which is, or should, by ancient custom, be held every three years by the justices of the forest, journeying up and down to that purpose.—*Cowell.*
Some of the judges of the bench or of the grand *eyre*.—*Sadler, Rights of the Kingdom*, p. 187: 1649.

Eýry. *s.* [*eggery.*] Nest: (sometimes used, improperly, for the young brood).
Hawks of different kinds, and not of the same *eyrie* or nest.—*Sir T. Browne, Miscellanies*, p. 119.
Some haggard hawk, who had her *eyry* nigh,
Well pounc'd to fasten, and well wing'd to fly.
Dryden.
As an eagle fed with morning
Scorns the embattled tempest's warning,
When she seeks her *eyrie* hanging
In the mountain cedar's hair;
And her brood expect the clanging
Of her wings through the wild air,
Sick with famine. *Shelley, Hellas.*
Eye, as in 'an *eye*' (= young brood or nest) of pheasants, is probably an abbreviation of this; though it is sometimes called *nide*, as if from *nidus* = nest.

F.

LIBRARY OF THE BOMBAY BRANCH OF THE ROYAL ASIATIC SOCIETY.

FÁBLE. *s.* [Fr. *fable*; Lat. *fabula.*] Feigned story intended to enforce some moral precept; apologue.
Jotham's *fable* of the trees is the oldest extant, and as beautiful as any made since.—*Addison, Spectator.*

2. Fiction in general.
But refuse profane and old wives' *fables*.—1 *Timothy*, iv. 7.

3. Series or contexture of events constituting an epic poem, drama, novel, or, indeed, any literary composition of sufficient magnitude to allow of a certain amount of complexity in the plot or plan; plot.
The first thing to be considered in an epick poem is the *fable*, which is perfect or imperfect, according as the action which it relates is more or less so.—*Addison, Spectator.*

4. Lie (for which it is an extenuating term, or euphemism).
It would look like a *fable* to report that this gentleman gives away a great fortune by secret methods.—*Addison.*

Fáble. *v. n.* Compose, utter, deal in fables, fabulous statements, or fictions; feign; utter falsehoods.
To say verity, and not to *fable*;
We are a merry rout, or else a rabble,
Or company, or, by a figure, chorus,
That for thy dignity will dance a morris.
Beaumont and Fletcher, Two Noble Kinsmen.
She *fables* not; I feel that I do fear
Her words set off by some superior power.
Milton, Comus, 800.
That Saturn's sons receiv'd the three-fold reign
Of heav'n, of ocean, and deep hell beneath,
Old poets mention, *fabling*. *Prior.*

Fáble. *v. a.* Imagine, utter, or state, anything as a fable, or at variance with reality.
We mean to win,
Or turn this heav'n itself into the hell
Thou *fablest*. *Milton, Paradise Lost*, vi. 290.
Ladies of th' Hesperides they seem'd,
Fairer than feign'd of old, or *fabled* since
Of fairy damsels met in forest wide
By knights. *Id., Paradise Regained*, ii. 357.

Fábled. *part. adj.* Celebrated in fables; fabulously imagined.
Hail, *fabled* grotto! hail, Elysian soil!
Thou fairest spot of fair Britannia's isle! *Tickell.*

Fábler. *s.* Dealer in fiction; composer of feigned stories.
The courtier ought to give credit neither to funeral sermons, nor to Gallobelgicus, or other such idle *fablers*.—*Stafford, Niobe*, p. 20: 1611.
The bold legends of lying *fablers*.—*Bishop Hall, Remains*, p. 130.

Fábling. *part. adj.* Dealing in fable.
Vain now the tales which *fabling* poets tell,
That wav'ring conquest still desires to rove!
In Marlbro's camp the goddess knows to dwell.
Prior.

Fábric. *s.* [Fr. *fabrique*; Lat. *fabrica*; *fabricor*, part. *fabricatus*; *fabricatio*, *-onis*; *faber* = carpenter, smith.]

1. Building; edifice.
There must be an exquisite care to place the columns, set in several stories, most precisely one over another, that so the solid may answer to the solid, and the vacuities to the vacuities, as well for beauty as strength of the *fabrick*.—*Sir H. Wotton, Elements of Architecture.*

2. Any system of matter; any body formed by the conjunction of dissimilar parts.
Still will ye think it strange,
That all the parts of this great *fabrick* change;
Quit their old station and primeval frame. *Prior.*

Fábric. *v. a.* Erect as a fabric; construct. *Rare.*
The discipline of Geneva, framed and *fabricked* already to our hands.—*Milton, Areopagitica.*
Shew what laws of life
The cheese inhabitants observe, and how
Fabrick their mansions. *Philips.*

Fábricate. *v. a.* Construct; frame; invent: (often in a *bad* sense = lie, or Forge, q.v.).

Plato speaking of the Deity uses these words: 'The Deity is situated remote from all pleasure and pain.' A sentiment so coincident with the fragment quoted by Plutarch from the Pentheus ascribed to Thespis, seems to warrant the remark before made, which supposes it to have been *fabricated* in the academy of Plato.—*Cumberland, Observer*, no. 41. (Ord MS.)

Every cathedral or monastery had its tutelar saint, and every saint his legend *fabricated* in order to enrich the church under his protection, by exaggerating his virtues, his miracles, and, consequently, his power of serving those who paid liberally for his patronage.—*Hallam, View of the State of Europe during the middle Ages*, ch. ix. pt. 1.

Fabrication. *s.* Act of building; construction; invention; lie; forgery.

This *fabrication* of the human body is the immediate work of a vital principle, that formeth the first rudiments of the human nature.—*Sir M. Hale, Origination of Mankind.*

Fábricator. *s.* One who fabricates; constructor; (in a *bad* sense) forger.

The Almighty *fabricator* of the universe doth nothing in vain.—*Howell, Familiar Letters*, iii. 9.

The translator or *fabricator* of the works of Ossian.—*Mason, Essays on English Church Music.*

Fábular. *adj.* Fabulous: (this latter being the commoner word).

It is easie to shew that their *fabular* relation borders also upon the verity of physical science.—*Translation of Plutarch's Morals*, iv. 95. (Ord MS.)

Fábulator. *s.* Composer of fables. *Rare.*

An historical point which no *fabulator* would have thought of.—*Grew, Cosmologia Sacra*, p. 170. (Ord MS.)

Fábulist. *s.* Composer of fables.

They come in lamely, with their mouldy tales out of Boccacio, like stale Tabarine, the *fabulist.*—*B. Jonson, Volpone.*

The models of La Fontaine's style were partly the ancient *fabulists*, ... partly the old French poets, especially Marot.—*Hallam, Introduction to the Literature of Europe in the fifteenth, sixteenth, and seventeenth Centuries*, pt. iv. ch. v. sect. 2, § 11.

Fabulósity. *s.* Fullness of feigned stories; fabulous invention. *Rare.*

In their *fabulosity* they report, that they had observations for twenty thousand years.—*Abbot, Description of the World.*

Fábulous. *adj.* Having the character of a fable; full of fables, invented tales.

A person terrified with the imagination of spectres, is more reasonable than one who thinks the appearance of spirits *fabulous* and groundless.—*Addison, Spectator.*

Fábulously. *adv.* In a fabulous manner.

Figuring the place from whence, as I have been, not *fabulously*, informed, the honourable family of the Radcliffs first took their name.—*B. Jonson, Masques at Court.*

Fábulousness. *s.* Attribute suggested by Fabulous.

His [Boethius's] history is written with elegance and vigour, but his *fabulousness* and credulity are justly blamed. His *fabulousness*, if he was the author of the fictions, is a fault for which no apology can be made; but his credulity may be excused in an age when all men were credulous.—*Johnson, Journey to the Western Islands of Scotland.* (Ord MS.)

Fáburden. *s.* [Fr. *fauxbourdon.*—the accent is that of the previous edition.] In *Music.* Simple counterpoint. *Obsolete.*

The fresh descant, pricksong, counterpoint, and *faburden.*—*Bale, Discourse on the Revelations*, pt. iii. B b. 8: 1550.

Face. *s.* [Fr. *face*; Lat. *facies.*]

1. Lower and front part of the head, containing the chief senses, and the parts most connected with expression; countenance; cast of features; look; appearance.

a. As part of a man or animal.

The children of Israel saw the *face* of Moses, that the skin of Moses's *face* shone.—*Exodus*, xxxiv. 35.

b. As a part which is most conspicuous, remarkable, or characteristic.

Kickt out we set the best *face* on't we could.
Dryden, Virgil's Æneid.

Seiz'd and ty'd down to judge, how wretched I!
Who can't be silent, and who will not lye:
To laugh, were want of goodness and of grace:
And to be grave, exceeds all power of *face.* *Pope.*

c. Horizontally. Surface: (as 'the *face* of the earth').

A mist watered the whole *face* of the ground.—*Genesis*, ii. 6.

d. Vertically. Front.

The breadth of the *face* of the house, towards the east, was an hundred cubits.—*Ezekiel*, xli. 14.

2. Appearance; resemblance; look; visible state of affairs.

Keep still your former *face*, and mix again
With these lost spirits; run all their mazes with 'em;
For such are treasons. *B. Jonson.*

This would produce a new *face* of things in Europe.—*Addison.*

His dialogue has so much the *face* of probability, that some have mistaken it for a real conference.—*Baker.*

3. Presence; sight; state of confrontation.

Ye shall give her unto Eleazar, and one shall slay her before his *face.*—*Numbers*, xix. 3.

Jove cannot fear; then tell me to my *face*,
That I of all the gods am least in grace.
Dryden, Translation of the First Book of Homer's Iliad.

4. With the notion of keeping the expression unmoved or unabashed. Confidence; boldness; freedom from bashfulness or confusion; show of confidence.

They're thinking by his *face*,
To fasten in our thoughts that they have courage;
But 'tis not so. *Shakespear, Julius Cæsar*, v. 1.

How many things are there which a man cannot, with any *face* or comeliness, say or do himself! A man can scarce allege his own merits with modesty, much less extol them: a man cannot sometimes brook to supplicate or beg.—*Bacon.*

You'll find the thing will not be done
With ignorance and *face* alone. *Butler, Hudibras.*

You, says the judge to the wolf, have the *face* to challenge that which you never lost; and you, says he to the fox, have the confidence to deny that which you have stolen.—*Sir R. L'Estrange.*

5. Distortion of the face: (with *make*, generally plural).

Shame itself!
Why do you *make* such *faces?*
Shakespear, Macbeth, iii. 4.

a. Face to face. When both parties are present.

It is not the manner of the Romans to deliver any man to die, before that he which is accused have his accusers *face to face.*—*Acts*, xxv. 16.

Now we see through a glass darkly; but then *face to face.*—1 *Corinthians*, xiii. 12.

b. Nakedly; without the interposition of other bodies.

Face. *v. n.* Carry a false appearance; play the hypocrite; act with effrontery, or brazen a thing out (as with a face, front, or forehead of brass).

Thou needs must learn to laugh, to lye,
To *face*, to forge, to scoff, to company. *Spenser.*

Turn the face; come in front.

Face about, man; a soldier, and afraid of the enemy!—*Dryden.*

Face. *v. a.*

1. Meet face to face; oppose with confidence and firmness.

I'll *face*
This tempest, and deserve the name of king.
Dryden.

They are as loth to see the fires kindled in Smithfield as his lordship; and, at least, as ready to *face* them under a popish persecution.—*Swift.*

2. Oppose with impudence: (commonly with *down*).

Here's a villain that would *face* me *down*
He met me on the mart.
Shakespear, Comedy of Errors, iii. 1.

We trepann'd the state, and *fac'd* it *down*
With plots and projects of our own.
Butler, Hudibras.

Because he walk'd against his will,
He *fac'd* men *down* that he stood still. *Prior.*

With *out.*

Now, *face out* your matter with a card of ten.—*Bale, Yett a Course at the Romyshe Foxe*, p. 59: 1543.

A mad-cap ruffian, and a swearing Jack,
That thinks with oaths to *face* the matter *out.*
Shakespear, Taming of the Shrew, ii. 1.

3. Stand opposite to, in front of.

The temple is described square, and the four fronts with open gates, *facing* the different quarters of the world.—*Pope.*

4. Cover with an additional superficies; invest with a covering.

Where your old bank is hollow, *face* it with the first spit of earth that you dig out of the ditch.—*Mortimer, Husbandry.*

5. Turn up a garment with facings of a different colour: (the point lying in the fact of the reply being given by a tailor).

Thou hast *faced* many things.—1 have.—*Shakespear, Taming of the Shrew*, iv. 3.

Fácecloth. *s.* Cloth placed over the face of a dead person.

The *facecloth* is of great antiquity. Mr. Strutt tells us that, after the closing of the eyes, a linen cloth was put over the face of the deceased.—*Brand, Observations on Popular Antiquities.*

More bitter must have been the anguish of the latter, standing by the coffin, when, with wild impatience, she pushed aside the *facecloth.*—*Seward, Letters*, i. 249.

Facepáinting. *s.* Art of drawing portraits.

Giorgione, the cotemporary of Titian, excelled in portraits or *facepainting.*—*Dryden, Translation of Du Fresnoy's Art of Painting.*

Fácet. *s.* [Fr. *facette.*] Small surface; superficies cut into several angles.

Honour that is gained and broken upon another hath the quickest reflection, like diamonds cut with *facets.*—*Bacon.*

In the elephant ... the human anatomist will recognise the astragalus, calcaneum, naviculare, extended transversely and presenting articular *facets*, to the three 'cuneiform' bones, 'internal,' 'middle,' and 'external.'—*Owen, Anatomy of Vertebrates*, ch. xxvi.

The centrum of the seventh cervical [vertebra] has a *facet* on each side for the first pair of dorsal ribs.—*Ibid.*

The large lateral compound eyes of the Limulus are sessile: the cornea is divided into a considerable number of small circular *facets*, each of which corresponds to an ocellus. ... In the sessile eyes of other Edriophthalma, as, for example, in Seriolis, the inner layer of the cornea is divided into hexagonal *facets*, corresponding with the number of the conical crystalline lenses of the aggregate eyes. ... In the mandibulate Crustaceans, distinguished by having their compound eyes supported on moveable peduncles, the form of the corneal *facets* varies.—*Id., Lectures on Comparative Anatomy*, lect. xiv.

Facéte. *adj.* [Lat. *facetus.*] Gay; cheerful; witty. *Rare.*

Ludovicus Suessanus, a *facete* companion.—*Burton, Anatomy of Melancholy*, p. 149.

Your wit, I perceived, strived to be *facete.*—*Dr. Mayne, Answer to Cheynell*, p. 13: 1647.

Facétely. *adv.* In a facete manner. *Rare.*

The eyes ... are the chief seats of love, as James Lernutius hath *facetely* expressed in an elegant ode.—*Burton, Anatomy of Melancholy*, p. 470.

Facéteness. *s.* Attribute suggested by Facete; wit; pleasant representation. *Rare.*

Parables ... work upon the affections, and breed delight of hearing, by reason of that *faceteness*, and wittiness, which is many times found in them.—*Hales, Golden Remains*, p. 133.

Facétious. *adj.* Gay; cheerful; lively; merry; witty.

Socrates, informed of some derogating speeches used of him behind his back, made this *facetious* reply, Let him beat me too when I am absent.—*Dr. H. More, Government of the Tongue.*

Facétiousness. *s.* Attribute suggested by Facetious; cheerful wit; mirth; gaiety.

Facetiousness is allowable, when it is the most proper instrument of exposing things, apparently base and vile, to due contempt.—*Barrow, Sermon on Ephesians*, v. 4.

Much *facetiousness* passes betwixt the Frere and the Somnour.—*T. Warton, History of English Poetry*, i. 455.

Fácial. *adj.* Belonging to, connected with, or constituted by, the face: (chiefly used in *Anatomy*, as opposed to the cranial parts of the head.)

The *facial* part of the skull in the sloth is as remarkable for its shortness as in the anteater for its length. ... Notwithstanding the extreme diversity—singular contrast indeed in several particulars—which the skull presents in the order Bruta, the marks of inferiority of position in the mammalian series, according to the cerebral character, are constant throughout. The terminal position of the occipital condyles and the aspect of the occipital surface, the degree in which the parts of the complex temporal bone of higher mammals retain their primitive separation, the position of veins conducting from the cerebral sinuses, the low *facial* angle and small proportional size of the cranial cavity, the small share in which the squamosal contributes to its walls—all exemplify the inferiority of the present unguiculate group of animals to the gyrencephalous ungulates.—*Owen, Anatomy of Vertebrates.*

Fácient. *s.* [Lat. *faciens, -entis*, pres. part.

of *facio* = do.] One who does anything good or bad.

The fact is here confessed: but is sin in the fact or in the mind of the *facient*?—*Bishop Hacket, Life of Archbishop Williams*, p. 66.

Fácile. *adj.* [Lat. *facilis* (from the root of *fac-io* = do), easy.] *Rare.*

1. Easy; not difficult; performable or attainable with little labour.

Then also those poets, which are now counted most hard, will be both *facile* and pleasant.—*Milton, Tractate on Education.*

2. Easy of access or converse: (as opposed to haughty, supercilious, austere).

I meant she should be courteous, *facile*, sweet,
Hating that solemn vice of greatness, pride;
I meant each softest virtue there should meet,
Fit in that softer bosom to reside. *B. Jonson.*

Mr. Melton was a gentleman of the highest fashion, and a very great favourite in society. He was about thirty, good-looking, with an air that commanded attention, and manners, though *facile*, sufficiently finished. He was very communicative, though calm, and, without being witty, had at his service a turn of phrase, acquired by practice and success, which was, or which always seemed to be, poignant.—*Disraeli the younger, Coningsby.*

3. Pliant; flexible; easily persuaded to good or bad; ductile to a fault.

Some men are of that *facile* temper, that they are wrought upon by every object they converse with, whom any affectionate discourse, or serious sermon, or any notable accident, shall put into a fit of religion, which yet usually lasts no longer than till somewhat else comes in their way.—*Calamy,*

Fácilely. *adv.* (two *l*s.) In a facile manner. *Rare.*

Seeing the one might be as *facilly* impetrate as the other.—*Lord Herbert of Cherbury, History of Henry VIII.*, p. 227.

Fácileness. *s.* Attribute suggested by Facile. Not so common as Facility.

Alas,
That facile hearts should to themselves be foes,
When others they with *facileness* befriend!
Beaumont, Psyche, xv. 175.

Facílitate. *v. a.* Make easy; free from difficulty; clear from impediments.

Choice of the likeliest and best prepared metal for the version will *facilitate* the work.—*Bacon, Natural and Experimental History.*

A war on the side of Italy would cause a great diversion of the French forces, and *facilitate* the progress of our arms in Spain.—*Swift.*

The requisites of a classification intended to *facilitate* the study of a particular phenomenon, are, first, to bring into one class all kinds of things which exhibit that phenomenon, in whatever variety of forms or degrees; and secondly, to arrange those kinds in a series according to the degree in which they exhibit it, beginning with those which exhibit most of it, and terminating with those which exhibit least.—*J. S. Mill, System of Logic*, b. iv. ch. viii. § 1.

Facilitátion. *s.* Act or process of making easy, or freeing from impediments.

A *facilitation* towards fidelity.—*W. Mountague, Devout Essays*, pt. i. p. 118: 1648.

Who can believe that they, who first watched the course of the stars, foresaw the use of their discoveries to the *facilitation* of commerce, or the mensuration of time?—*Johnson, Rambler*, no. 103.

Facílity. *s.* Easiness.

a. To be performed; freedom from difficulty.

Yet reason saith, reason should have ability
To hold these worldly things in such proportion,
As let them come or go with even *facility*.
Sir P. Sidney.

b. In performing; dexterity.

The *facility* which we get of doing things by a custom of doing, makes them often pass in us without our notice.—*Locke.*

c. To be persuaded to good or bad; ready compliance.

Facility is worse than bribery; for bribes come now and then: but if importunity or idle respects lead a man, he shall never be without them.—*Bacon.*

d. Of access; complaisance; condescension; affability.

He opens and yields himself to the man of business with difficulty and reluctancy; but offers himself to the visits of a friend with *facility*, and all the meeting readiness of appetite and desire.—*South, Sermons.*

Fácing. *verbal abs.*

1. Ornamental covering; that which is put on the outside of anything by way of decoration: (as, the 'gold *facings*' of a coat).

These offices and dignities were but the *facings* and fringes of his greatness.—*Sir H. Wotton.*

2. Covering; front.

Being dug out of a bed of chalk, and belting the hills far and wide with white, more especially if we suppose some assistance from an artificial *facing*, they must have been visible at a vast distance.—*T. Warton, History of the Parish of Kiddington*, p. 67.

3. In the *Military* art: (as to 'put a soldier through his *facings*').

Facínorous. *adj.* [Lat. *facinus, -oris* = evil deed, crime.] Wicked; atrocious; detestably bad.

The more *facinorous* malefactors.—*Sir G. Buck, History of King Richard III.* p. 28.

Things highly charged with sin, even to a more *facinorous* and notorious degree.—*Jeremy Taylor, Artificial Handsomeness*, p. 131.

Facsímile. *s.* [Latin, an abbreviation of *factum simile*, i.e. made like.] Exact copy.

You should publish these [exemplars of various modes of writing] in drawings, copied *per factum simile*.—*Pownall, Treatise on the Study of Antiquities, Letter to Astle*, p. 178.

A *fac simile* of the first page of an ancient manuscript of St. John's Gospel.—*Archæologia*, xvi. 21.

Fact. *s.* [Lat. *factum.*] Effect produced; action; deed: (common as the element of a contrast, a matter of *fact* being opposed to one of law; *facts* being opposed to fancies, fictions, or theories, and the like).

In matter of *fact* they say there is some credit to be given to the testimony of man; but not in matter of opinion and judgement: we see the contrary both acknowledged and universally practised also throughout the world.—*Hooker, Ecclesiastical Polity.*

Unhappy man! to break the pious laws
Of nature, pleading in his children's cause:
Howe'er the doubtful *fact* is understood,
'Tis love of honour and his country's good;
The consul, not the father, sheds the blood.
Dryden.

We have spoken of the common opposition of theory and *fact* as important, and as involving what we have called the Fundamental Antithesis of Philosophy. But after all, it may be asked, Is this distinction of theory and *fact* really tenable? Is it not often difficult to say whether a special part of our knowledge is a *fact* or a theory? Is it a *fact* or a theory that the stars revolve round the pole? Is it a *fact* or a theory that the earth is a globe revolving on its axis? Is it a *fact* or a theory that the earth travels in an ellipse round the sun? Is it a *fact* or a theory that the sun attracts the earth? Is it a *fact* or a theory that the loadstone attracts the needle? In all these cases, probably some persons would answer one way, and some persons the other. There are many persons by whom the doctrine of the globular form of the earth, the doctrine of the earth's elliptical orbit, the doctrine of the sun's attraction on the earth, would be called theories, even if they allowed them to be true theories. But yet if each of these propositions be true, is it not a *fact*? ... It would seem, then, that we cannot in such cases expect general assent, if we say, 'This is a *fact* and not a theory,' or 'This is a theory and not a *fact*.' And the same is true in a vast range of cases. It would seem, therefore, that we cannot rest any reasoning upon this distinction of theory and *fact*; and we cannot avoid asking whether there is any real distinction in this antithesis, and if so, what it is. To this I reply: the distinction between theory (that is, true theory) and *fact*, is this: that in theory the ideas are considered as distinct from the *facts*: in *facts*, though ideas may be involved, they are not, in our apprehension, separated from the sensations. ... A person to whom the grounds of believing the earth to travel round the sun are as familiar as the grounds for believing the movements of the mail-coaches in this country, looks upon the former event as a *fact*, just as he looks upon the latter events as *facts*. And a person who, knowing the *fact* of the earth's annual motion, refers it distinctly to its mechanical cause, conceives the sun's attraction as a *fact*, just as he conceives as a *fact*, the action of the wind which turns the sails of a mill. He cannot see the force in either case; he supplies it out of his own ideas. And thus, a true theory is a *fact*; a *fact* is a familiar theory. That which is a *fact* under one aspect, is a theory under another. The most recondite theories when firmly established are *facts*: the simplest *facts* involve something of the nature of theory. Theory and *fact* correspond, in a certain degree, with ideas and sensations, as to the nature of their opposition. ... We are often told that such a thing is a *fact*; a *fact* and not a theory, with all the emphasis which, in speaking or writing, tone or italics or capitals can give. We see from what has been said, that when this is urged, before we can estimate the truth, or the value of the assertion, we must ask to whom is it a *fact*?—*Whewell, History of Scientific Ideas*, vol. i. pt. i. b. i. ch. i. § 10.

In fact = in reality, as opposed to supposition or speculation.

If this were true *in fact*, I do not see any colour for such a conclusion.—*Addison, Present State of the War.*

Matter of fact, used *adjectivally*, as 'a *matter-of-fact* sort of person,' signifies prosaic or material, as opposed to fanciful, poetical, or imaginative.

Fáction. *s.* [Fr. *faction*; Lat. *factio, -onis.*]

1. Party in a state.

By one of Simon's *faction* murders were committed.—2 *Maccabees*, iv. 3.

When a party abandons public and general ends, and devotes itself only to the personal interests of its members and leaders, it is called a *faction*, and its policy is said to be factious.—*Sir G. C. Lewis, On the Influence of Authority in Matters of Opinion*, ch. x. note.

2. Discord; dissension.

There is among you envying, and strife, and dissensions, [in the margin, *factions*].—1 *Corinthians*, iii. 3.

They remained at Newbury in great *faction* among themselves.—*Lord Clarendon, History of the Grand Rebellion.*

Fáctionary. *s.* One of a faction; party man. *Rare.*

Pr'ythee, fellow, remember my name is Menenius; always *factionary* of the party of your general.—*Shakespear, Coriolanus*, v. 2.

Fáctioner. *s.* One of a faction. *Rare.*

All the *factioners* had entered into such a seditious conspiracy.—*Bishop Bancroft, Dangerous Positions and Proceedings under Pretence of Reformation*, iv. 12.

Fáctionist. *s.* One who promotes faction or discord.

We live with Puritans and opposite *factionists*, that have the cross of Christ in as great contempt and despight, as ever had Julian or any pagan.—*Bishop Mountagu, Appeal to Cæsar*, p. 271.

Some busy *factionists* of the meaner sort.—*Bishop Hall, Remains*, p. 419.

Fáctious. *adj.* Given to faction; having the character of a faction.

Be *factious* for redress of all these griefs.
Shakespear, Julius Cæsar, i. 3.

Factítious. *adj.* [Lat. *factitius.*] Made by art: (in opposition to what is made by *nature*); artificial; false.

In the making and distilling of soap, by one degree of fire, the salt, the water, and the oil or grease, whereof that *factitious* concrete is made up, being boiled up together, or easily brought to incorporate.—*Boyle.*

Hardness wherein some stones exceed all other bodies, and among them the adamant all other stones, being exalted to that degree that art in vain endeavours to counterfeit it; the *factitious* stones of chymists, in imitation, being easily detected by an ordinary lapidist.—*Ray, Wisdom of God manifested in the Works of the Creation.*

Fáctive. *adj.* Having the power to make. *Rare.*

You are, creator-like, *factive*, not destructive.—*Bacon, Letter to James I.*

Fáctor. *s.* [Lat. *factor.*]

1. Agent; commonly a substitute, middle man, or go-between, in mercantile affairs

Percy is but my *factor*, good my lord,
T' engross up glorious deeds on my behalf.
Shakespear, Henry IV. Part I. iii. 2.

We agreed that I should send up an English *factor*, that whatsoever the island could yield should be delivered at a reasonable rate.—*Sir W. Raleigh, Apology.*

2. In *Arithmetic.* Numbers which by being multiplied by one another, as *five* and *ten*, (the multiplier and multiplicand) in '*five* times *ten* makes *fifty*,' give a product. See Multiplier.

3. *Figuratively.* Member of a class, generally limited to a pair of objects, personal, material, or imaginary, by the mutual action of which any product or result is effected.

While in the course of their evolution plants and animals have displayed progressive integrations, there have at the same time been progressive differentiations of the resulting aggregates, both as wholes and in their parts. These differentiations and the interpretations of them, form the second class of morphological problems. We commence as before with plants. We have to consider, first, the several kinds of modification in shape they have undergone; and, second, the relations between these kinds of modification and their *factors*. Let

us glance at the leading questions that have to be answered.... Increase of size, other things equal, alters the relations of the parts to the material and dynamical *factors* of nutrition.—*Herbert Spencer, Principles of Biology*, § 212.

Fáctory. *s.*

1. House or district inhabited by traders in a distant country; members of the same, or body of traders.

The company of stationers in London, are now erecting a *factory* for books, and a press, among us here.—*Archbishop Usher, Letters, &c.*, p. 64: dat. 1618.

2. Place where anything is made.

Our corrupted hearts are the *factories* of the devil, which may be at work without his presence.—*Sir T. Browne, Christian Morals*, i. 20.

Factótum. *s.* [Lat. *fac totum* = do everything.] Servant employed alike in all kinds of business.

Art thou the dominus?—*Factotum* here, sir.—*B. Jonson, New Inn.*

He could not sail without him; for what could he do without Corporal Vanspitter, his protection, his *factotum*, his distributer of provisions, &c.? The loss was irreparable.—*Marryat, Snarleyyow*, ch. xiii.

Fácture. *s.* [Fr.] Act or manner of making anything; workmanship. *Rare.*

There is no doubt but that the *facture*, and framing, of the inward parts, is as full of difference as the outward.—*Bacon.*

Fáculty. *s.* [Fr. *faculté*; Lat. *facultas*; from the root of *fac-io* = make, and *fac-ilis* = easy.]

1. Power of doing anything; ability whether corporeal or intellectual.

There is no kind of *faculty* or power in man, or any creature, which can rightly perform the functions allotted to it without perpetual aid and concurrence of that supreme cause of all things.—*Hooker, Ecclesiastical Polity.*

2. Powers of the mind, imagination, reason, memory.

He had none of those *faculties*, which the other had, of reconciling men to him.—*Lord Clarendon, History of the Grand Rebellion.*

In the ordinary way of speaking, the understanding and will are two *faculties* of the mind.—*Locke.*

He had an excellent *faculty* in preaching if he were not too refined.—*Swift.*

Man has a *faculty* of apprehending time, and a *faculty* of reckoning numbers: are these distinct, or is one *faculty* derived from the other? To analyze the various combinations of our ideas and observations into the original *faculties* which they involve; to show that these *faculties* are original, and not capable of further analysis: to point out the characters which mark these *faculties* and lead to the most important features of our knowledge;—these are the kind of researches on which we have now to enter, and these, we trust, will be found to be far from idle or useless parts of our plan. If we succeed in such attempts, it will appear that it is by no means a frivolous or superfluous step to distinguish separate *faculties* in the mind. If we do not learn much by being told that we have a *faculty* of forming the idea of space, we at least, by such a commencement, circumscribe a certain portion of the field of our investigations, which, we shall afterwards endeavour to show, requires and rewards a special examination. And though we shall thus have to separate the domain of our philosophy into many provinces, these are, as we trust it will appear, neither arbitrarily assigned, nor vague in their limits, nor infinite in number.—*Whewell, History of Scientific Ideas*, vol. i. pt. i. b. i. ch. vi. § 3.

3. Power; authority; privilege; prerogative.

This Duncan
Hath born his *faculties* so meek, hath been
So clear in his great office, that his virtues
Will plead like angels. *Shakespear, Macbeth*, i. 7.

Law hath set down to what persons, in what causes, with what circumstances, almost every *faculty* or favour shall be granted.—*Hooker, Ecclesiastical Polity.*

4. Preceded by *the*, it applies to the *medical profession*, as in 'an article recommended by the *faculty*.'

5. In *Ecclesiastical Law.*

The *Faculty* Court belongeth to the Archbishop of Canterbury, and his officer is called the Master of the *Faculties*; his power is to grant dispensations, as to marry, to eat flesh on days prohibited, to hold two or more benefices incompatible, and such like.—*Burns, Ecclesiastical Law.*

Fáddle. [see Fiddlefaddle.]

Fade. *adj.* [Fr.] Faint; insipid.

Tar water may extract from the clay a *fade* sweetishness offensive to the palate.—*Bishop Berkeley, Siris.*

Fade. *v. n.* [Dutch *vadden*.] Wither; flag; droop; languish.

It *faded* on the crowing of the cock.
Shakespear, Hamlet, i. 1.

Ye shall be as an oak whose leaf *fadeth*, and as a garden that hath no water.—*Isaiah*, i. 30.

The spots in this stone are of the same colour throughout, even to the very edges; there being an immediate transition from white to black, and the colours not *fading* or declining gradually.—*Woodward, On Fossils.*

Where either through the temper of the body, or some other default, the memory is very weak, ideas in the mind quickly *fade*.—*Locke.*

Fade. *v. a.* Cause to fade.

His palms, though under weights they did not stand,
Still thriv'd; no winter could his laurels *fade*.
Dryden.

Fádeless. *adj.* Unfading.

Time may not breathe on its *fadeless* bloom.
Mrs. Hemans.

Fadge. *v. n.* [A.S. *gefegan* = join, suit, fit in.] Suit; fit; agree; succeed. *Obsolete.*

How will this *fadge*? my master loves her dearly,
And I, poor monster, fond as much on him;
And she, mistaken, seems to doat on me.
Shakespear, Twelfth Night, ii. 2.

Clothes I must get, this fashion will not *fadge* with me.
Beaumont and Fletcher, Wit without Money.

They shall be made, spite of antipathy, to *fadge* together.—*Milton, Doctrine and Discipline of Divorce.*

When they thriv'd they never *fadg'd*,
But only by the ears engag'd;
Like dogs that snarl about a bone,
And play together when they've none.
Butler, Hudibras.

All this will not *fadge*!—*Milton, Reason of Church Government*, b. i.

The fox had a fetch; and when he saw it would not *fadge*, away goes he presently.—*Sir R. L'Estrange.*

Well, sir, how *fadges* the new design? have you not the luck of all your brother projectors, to deceive only your self at last?—*Wycherly, The Country-Wife.*

Fáding. *part. adj.* Inclined to fade; languishing; withering.

The glorious beauty on the head of the fat valley shall be a *fading* flower.—*Isaiah*, xxviii. 4.

The pictures drawn in our minds are laid in *fading* colours, and, if not sometimes refreshed, vanish and disappear.—*Locke.*

Narcissus' change to the vain virgin shows,
Who trusts to beauty trusts the *fading* rose.
Gay, Fables.

Fádingness. *s.* Attribute suggested by Fading.

The *fadingness* of beauty is the greatest detector and impeacher of our frailty.—*W. Mountague, Devout Essays*, pt. ii. p. 231: 1654.

Since it [joy] was meerly earthly, it must needs partake of the *fadingness* of its original.—*Dr. H. More, Decay of Christian Piety*, p. 203: 1667.

Fády. *adj.* Wearing away; decaying.

Survey those walls in *fady* texture clad.
Shenstone, Economy, pt. iii.

Fag. *v. n.* [?] Grow weary; faint with weariness.

Medyll thou not ferther, but let hym gone,
Make he never so pytyose a mone;
For then the fox can *fagg* and fayne,
When he wold faynyst his prey attayne.
Old Poem in *Ashmole's Theatrum Chemicum*, p. 159: 1652.

Woe be to those partiall judges, the girdle of whose equity *fags* downe on that side where the purse hangs.—*Bishop Hall, Peace-Maker.* (Ord MS.)

Fag. *v. a.* Tire. *Colloquial.*

Fag. *s.* One who works under another; hard worker.

From the above teazing and tormenting the junior scholars, has originated the present custom of having *fags* at Eton school, i.e. little boys who are the slaves of the greater ones.—*Brand, Observations on popular Antiquities.*

Fag. *s.* Knot or excrescency in cloth (used in the stat. 4 Edw. 4. c. 1); fringe at the end of a piece of cloth. See Fagend.

Fagénd. *s.* [two words.]

1. End of a web of cloth: (generally made of *coarser* materials).

2. In *Navigation.* End of any rope untwisted by frequent usage, which is secured from being further loosened by winding a piece of small line round it.

3. Refuse or meaner part of anything.

The kitchen, and gutters, and other offices of noise and drudgery, are at the *fag-end*.—*Howell, Familiar Letters*, i. ii. 8: 1619.

At the world's *fag-end*...
A land... doth lie. *Fanshawe, Poems*, p. 318.

It seems, Mr. Hobbes, by the *fag-end* of your book Of Body in English, that you have a mind to say your lesson.—*Wallis, Correction of Hobbes*, p. 1.

Perhaps he thought it would be no bad scheme, in a superannuated lieutenant on half-pay, to effect a conjunction with an old maid, who, in all probability, had fortune enough to keep him easy and comfortable in the *fag-end* of his days.—*Smollett, Humphry Clinker.*

A memory well stored with *fag-ends* of psalms and hymns, which, being less familiar than the psalms to the ears of the villagers, were more than suspected to be his own composition.—*Sir E. L. Bulwer, Eugene Aram*, b. i. ch. i.

Fágot. *s.* [Fr. *fagot*.]

1. Bundle of sticks bound together for any purpose.

About the pile of *fagots*, sticks and hay,
The bellows raised the newly kindled flame.
Fairfax.

Mitres or *fagots* have been the rewards of different persons, according as they pronounced these consecrated syllables or not.—*Watts, Improvement of the Mind.*

The Black Prince filled a ditch with *fagots* as successfully as the generals of our times do it with fascines.—*Addison.*

2. Soldier numbered in the muster-roll, but not really existing; hence, *adjectivally*, nominal: (used *contemptuously*, as, '*fagot*, i.e. factitious or fictitious, votes').

There were several other counterfeit books upon the upper shelves, which were carved in wood, and served only to fill up the number like *fagots* in the muster of a regiment.—*Addison, Spectator*, no. 37.

Fágot. *v. a.* Bundle together.

He was too warm on picking-work to dwell,
But *fagoted* his notions as they fell,
And if they rhym'd and rattled, all was well.
Dryden, Absolom and Achitophel.

Fail. *v. n.* [Fr. *faillir*.]

1. Be deficient; cease from former plenty; fall short; not be equal to demand or use.

The waters *fail* from the sea, and the flood decayeth and drieth up.—*Job*, xiv. 11.

Where the credit and money *fail*, barter alone must do.—*Locke.*

2. Be extinct; cease; be no longer produced.

Help, Lord, for the godly man ceaseth; for the faithful *fail* from among the children of men.—*Psalms*, xii. 1.

3. Decay; decline; languish.

I perceive
Thy mortal sight to *fail*: objects divine
Must needs impair and weary human sense.
Milton, Paradise Lost, xii. 8.

4. Miss; not produce its effect.

Consider of deformity not as a sign, which is deceivable, but as a cause which seldom *faileth* of the effect.—*Bacon.*

This jest was first of th' other house's making,
And, five times try'd, has never *fail'd* of taking.
Dryden.

A persuasion that we shall overcome any difficulties, that we meet with in the sciences, seldom *fails* to carry us through them.—*Locke.*

He does not remember whether every grain came up or not; but he thinks that very few *failed*.—*Mortimer, Husbandry.*

5. Miss; not succeed in a design; miscarry.

Men who have been busied in the pursuit of the philosopher's stone, have *failed* in their design.—*Addison, Guardian.*

Fail. *v. a.* Desert; not to continue to assist or supply; disappoint.

The ship was now left alone, as proud lords be when fortune *fails* them.—*Sir P. Sidney.*

There shall be signs in the sun, the moon, and the stars, men's hearts *failing* them for fear.—*Luke*, xxi. 26.

Fail. *v. a.* [from Lat. *fallo*.] Deceive. *Rare.*

So lively and so like, that living sense it *fail'd*.
Spenser, Faerie Queen, iii. 11, 46.

Fail. *s.* Miscarriage; miss; omission; nonperformance; deficience; want.

Mark and perform it, seest thou? for the *fail*
Of any point in't shall not only be
Death to thyself, but to thy lewd tongu'd wife.
Shakespear, Winter's Tale, ii. 3.

He will without *fail* drive out from before you the Canaanites.—*Joshua*, iii. 10.

Failance. *s.* [N.Fr. *faillance.*] Omission; fault. *Rare.*

Our *failances* and aberrations.—*Dr. H. More, Decay of Christian Piety*, preface.

Failing. *verbal abs.* Decay; deficiency; imperfection; lapse.

A trembling heart, and *failing* of eyes, and sorrow of mind.—*Deuteronomy*, xxviii. 65.

Besides what *failings* may be in the matter, even in the expressions there must often be great obscurities.—*Sir K. Digby.*

To *failings* mild, but zealous for desert;
The clearest head and the sincerest heart. *Pope.*

Failure. *s.* Deficience; cessation; omission; non-performance; slip.

He that, being subject to an apoplexy, used still to carry his remedy about him; but upon a time shifting his clothes, and not taking that with him, chanced upon that very day to be surprised with a fit: he owed his death to a mere accident, to a little inadvertency and *failure* of memory.—*South, Sermons.*

There must have been an universal *failure* and want of springs and rivers all the summer season.—*Woodward.*

The following is given by Todd as a separate word. It is probably merely an instance of bad spelling.

Armour of proof I have not any, wherewith to hide the *failers* of this undertaking.—*Preface to Bibliotheca Regia*: 1659.

Fain. *adj.* [A.S. *fægen.*]

1. Joyful; glad.

My lips will be *fain* when I sing unto thee, and so will my soul whom thou hast delivered.—*Psalms*, lxxi. 21.

2. Willing as one obliged to accept the less of two evils.

Every wight to shroud it did constrain,
And this fair couple eke to shroud themselves were *fain.* *Spenser.*

Whosoever will hear, he shall find God; whosoever will study to know, shall be also *fain* to believe.—*Hooker, Ecclesiastical Polity.*

The learned Castalio was *fain* to make trenchers at Basle, to keep himself from starving.—*Locke.*

Fain. *adv.* Gladly; very desirously; according to earnest wishes.

Now I would give a thousand furlongs of sea for an acre of barren ground; I would *fain* die a dry death.—*Shakespear, Tempest*, i. 2.

Fain would I Raphael's godlike art rehearse,
And show th' immortal labours in my verse.
Addison.

The plebeians would *fain* have a law enacted to lay all men's rights and privileges upon the same level.—*Swift.*

Faining. *part. adj.* Expressive of desire. *Rare.*

Fairer than fairest, in his *fayning* eye,
Whose sole aspect he counts felicity.
Spenser, Hymn on Heavenly Love.

Fainness. *s.* Attribute suggested by Fain.

Sansculottism claps hands;—at which handclapping, Foulon (in his *fainness*, as his destiny would have it) also claps.—*Carlyle, The French Revolution*, pt. i. b. v. ch. ix.

Faint. *v. n.*

1. Decay; wear or waste away quickly; grow feeble.

Gilded clouds, while we gaze upon them, *faint* before the eye, and decay into confusion.—*Pope.*

2. Lose the animal functions; sink motionless and senseless.

Their young children were out of heart, and their women and young men *fainted* for thirst and fell down.—*Judith*, vii. 22.

Upon hearing the honour intended her, she *fainted* away, and fell down as dead.—*Guardian.*

Faint. *v. a.* Cause to faint. *Rare.*

It *faints* me
To think what follows.
Shakespear, Henry VIII. ii. 3.

Faint. *adj.*

1. Languid; weak; feeble; low; dejected; depressed.

Consider him that endureth such contradiction against himself, lest ye be wearied and *faint* in your minds.—*Hebrews*, xii. 3.

In intemperate climates, the spirits, exhaled by heat or comprest by cold, are rendered *faint* and sluggish.—*Sir W. Temple.*

a. Applied to *colours.* Not bright; not vivid; not striking.

The blue compared with these is a *faint* and dark colour, and the indigo and violet are much darker and *fainter.*—*Sir I. Newton.*

b. Applied to *sounds.* Not loud; not piercing.

The pump after this being employed from time to time, the sound grew *fainter* and *fainter.*—*Boyle.*

2. Cowardly; timorous; not vigorous; not ardent.

Faint heart never won fair lady.—*Proverb* in *Camden's Remains.*

Our *faint* Egyptians pray for Antony;
But in their servile hearts they own Octavius.
Dryden.

Faint. *s.* Fainting fit: (the *compound* being the *commoner* term).

Fainten. *v. a.* Make faint. *Rare.*

Thou wilt not be either so little absent, as not to whet our appetites, nor so long, as to *fainten* the heart.—*Bishop Hall, Christ among the Doctors.* (Ord MS.)

Faintheárted. *adj.* Cowardly; timorous; dejected; easily depressed.

They should resolve the next day as victorious conquerors to take the city, or else there, as *fainthearted* cowards, to end their days.—*Knolles, History of the Turks.*

But the crime of Marlborough was of a very different kind. His treason was not that of a *fainthearted* man desirous to keep a retreat open for himself in every event, but that of a man of dauntless courage, profound policy, and measureless ambition.—*Macaulay, History of England*, ch. xviii.

Fainting. *part. adj.* Languishing; sinking.

How while the *fainting* Dutch remotely fire,
And the fam'd Eugene's iron troops retire. *Smith.*

Fainting. *verbal abs.* Temporary loss of animal motion.

Thence *faintings*, swoonings of despair.
Milton, Samson Agonistes, 631.

These *faintings* her physicians suspect to proceed from contusions.—*Wiseman, Surgery.*

Faintingly. *adv.* In a fainting manner.

The bear being greedy of the honey in the tree ceaseth not to push against the engine, until at last his many knocks cause him *faintingly* to fall.—*Speculum Mundi*, 470. (Ord MS.)

Faintish. *adj.* Somewhat faint; having a tendency towards fainting; pale.

The result is a *faintish* sensation of lassitude and weakness.—*Arbuthnot, On the Effects of Air on human Bodies.*

Faintishness. *s.* Faintness in a slight degree; incipient debility.

A certain degree of heat lengthens and relaxes the fibres; whence proceeds the sensation of *faintishness* and debility in a hot day.—*Arbuthnot, On the Effects of Air on human Bodies.*

Faintling. *adj.* Timorous; feeble-minded.

There's no having patience, thou art such a *faintling* silly creature.—*Arbuthnot, History of John Bull.*

Faintly. *adv.* In a faint manner.

I have told you what I have seen and heard but *faintly*; nothing like the image and horrour of it.—*Shakespear, King Lear*, i. 2.

Nature affords at least a glimm'ring light;
The lines, tho' touch'd but *faintly*, are drawn right.
Pope.

Faintness. *s.* Attribute suggested by Faint; languor; feebleness; want of strength.

As she was speaking, she fell down for *faintness.*—*Esdras*, xv. 15.

Faints. *s.* See extract.

Faints is the name of the impure spirit which comes over first and last in the distillation of whisky; the former being called the strong, and the latter, which is much more abundant, the weak *faints.* The crude spirit is much impregnated with fetid essential oil, is therefore very unwholesome, and must be purified by rectification.—*Ure, Dictionary of Arts, Manufactures, and Mines.*

Fainty. *adj.* With a tendency to faintness; feeble; languid; debilitated; enfeebled. *Rare.*

Esau . . . was *fainty.*—*Genesis*, xxv. 29. (Matthewe's Translation.)

When winter frosts constrain the field with cold,
The *fainty* root can take no steady hold.
Dryden, Virgil's Æneid.

Fair. *adj.* [A.S. *fæger.*]

1. Beautiful; elegant of feature; handsome; pleasing to the eye; excellent or beautiful in general to the eye or mind. (*Fair* seems in the common acceptation to be restrained, when applied to women, to the beauty of the face.)

Thou art a *fair* woman to look upon.—*Genesis*, xii. 11.

2. Clear; pure; clean.

A standard of a damask rose, with the root on, was set in a chamber where no fire was, upright in an earthen pan, full of *fair* water, half a foot under the water.—*Bacon.*

The table, at the communion time, having a *fair* white linen cloth upon it.—*Book of Common Prayer, Communion Service*, rubric.

3. Not cloudy; not foul; not tempestuous.

Fair is foul, and foul is *fair*;
Hover through the fog and filthy air.
Shakespear, Macbeth, i. 1.

Fair weather cometh out of the earth.—*Job*, xxxvii. 22.

4. Favourable; prosperous.

In vain you tell your parting lover,
You wish *fair* winds may waft him over. *Prior.*

5. Likely to succeed.

The Caliphs obtained a mighty empire, which was in a *fair* way to have enlarged, until they fell out.—*Sir W. Raleigh, Essays.*

6. Equal; just; natural; open; not effected by artifice.

The king did so much desire a peace, that no man need advise him to it, or could divert him from it, if *fair* and honourable conditions of peace were offered to him.—*Lord Clarendon, History of the Grand Rebellion.*

After all these conquests, he passed the rest of his age in his own native country, and died a *fair* and natural death.—*Sir W. Temple.*

For still, methought, she sung not far away;
At last I found her on a laurel spray:
Close by my side she sat, and *fair* in sight,
Full in a line, against her opposite. *Dryden.*

Virtuous and vicious every man must be,
Few in th' extreme, but all in the degree;
The rogue and fool by fits is *fair* and wise,
And ev'n the best, by fits, what they despise.
Pope.

7. Gentle; mild; not compulsory; equitable.

All the lords came in, and being by *fair* means wrought thereunto, acknowledged king Henry.—*Spenser, View of the State of Ireland.*

For to reduce her by main force,
Is now in vain; by *fair* means worse.
Butler, Hudibras.

When *fair* words and good counsel will not prevail upon us, we must be frighted into our duty.—*Sir R. L'Estrange.*

8. Commodious; proper.

Hereby, upon the edge of yonder coppice,
A stand where you may make the *fairest* shoot.
Shakespear, Love's Labour's lost, iv. 1.

I looked for the jugular veins, opened the *fairest*, and took away a dozen ounces of blood.—*Wiseman.*

Used *adverbially.*

He who *fair* and softly goes steadily forward, in a course that points right, will sooner be at his journey's end, than he that runs after every one, though he gallop.—*Locke.*

His promise Palamon accepts, but pray'd
To keep it better than the first he made:
Thus *fair* they parted till the morrow's dawn:
For each had laid his plighted faith to pawn.
Dryden, Palamon and Arcite.

This promised *fair* at first.—*Addison, Travels in Italy.*

Keep fair. Be on good terms.

There are other nice, though inferior cases, in which a man must guard, if he intends to *keep fair* with the world, and turn the penny.—*Collier, On Popularity.*

Speak fair. Use conciliatory language.

Well, you must now *speak* Sir John Falstaff *fair.*—*Shakespear, Henry IV. Part II.* v. 2.

One of the company *spoke* him *fair*, and would have stopt his mouth with a crust.—*Sir R. L'Estrange.*

Used *substantivally.* Good fortune.

O, princely Buckingham, I'll kiss thy hand,
In sign of league and amity with thee:
Now *fair* befal thee and thy noble house!
Thy garments are not spotted with our blood.
Shakespear, Richard III. i. 3.

Fair. *s.*

1. Beauty; (*elliptically*) a fair woman.

Of sleep forsaken, to relieve his care,
He sought the conversation of the *fair.*
Dryden, Fables.

Gentlemen who do not design to marry, yet pay their devoirs to one particular *fair.*—*Spectator.*

2. Honesty; just dealing.

I am not much for that present; we'll settle it between ourselves: *fair* and square, Nic, keeps friends together.—*Arbuthnot, History of John Bull.*

3. Fairness. *Obsolete.*

a. Applied to *things.*

As the green meads, whose native outward *fair*
Breathes sweet perfumes into the neighbour air.
Marston, Satires.

b. Applied to *persons.*

Let no face be kept in mind,
But the *fair* of Rosalind.
Shakespear, As you like it, iii. 2, verses.
My decay'd *fair*
A sunny look of his would soon repair.
Id., Comedy of Errors, ii. 1.

In the following extract used *tautologically.*

He kept them company; and might right well,
For he did all but Eucharis excel
In all the *fair* of beauty: yet he wanted
Virtue to make his own desires implanted
In his dear Eucharis; for women never
Love beauty in their sex, but envy ever.
Marlowe and Chapman, Translation of Hero and Leander.

4. Fine weather.

Her lips are roses over-washed with dew,
Or like the purple of Narcissus' flower;
No frost their *fair*, no wind doth waste their power,
But by her breath her beauties do renew. *Id., ibid.*

Fair. *s.* [N.Fr. *foire*; Lat. ? *feriæ* = holidays ? *forum* = market-place.] Kind of market, larger and recurring at more distant intervals than the common market.

With silver, iron, tin, and lead, they traded in thy *fairs.*—*Ezekiel,* xxvii. 12.
His corn, his cattle, were his only care,
And his supreme delight a country *fair.* *Dryden.*
The antient Nundinæ, or *fairs* of Rome, were kept every ninth day: afterwards the same privileges were granted to the country markets, which were at first under the power of the consuls.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*
That many terms of art and manufacture are omitted, must be frankly acknowledged; but for this defect I may boldly allege that it was unavoidable: I could not visit caverns to learn the miner's language, nor take a voyage to perfect my skill in the dialect of navigation, nor visit the warehouses of merchants, and shops of artificers, to gain the names of wares, tools, and operations, of which no mention is found in books; what favourable accident, or easy inquiry, brought within my reach, has not been neglected: but it had been a hopeless labour to glean up words, by courting living information, and contesting with the sullenness of one, and the roughness of another. To furnish the academicians della Crusca with words of this kind, a series of comedies called la Fiera, or the *Fair*, was professedly written by Buonarotti; but I had no such assistant, and therefore was content to want what they must have wanted likewise, had they not luckily been so supplied.—*Johnson, Preface to Dictionary.*

Fairing. *s.* Present given at a fair.

Like children that esteem every trifle, and prefer a *fairing* before their fathers.—*B. Jonson.*
Now he goes on, and sings of fairs and shows,
For still new fairs before his eyes arose:
How pedlars' stalls with glitt'ring toys are laid,
The various *fairings* of the country maid.
Gay, Pastorals.

Fairly. *adv.* In a fair manner.

Here is th' indictment of the good lord Hastings,
Which in a set hand *fairly* is engross'd.
Shakespear, Richard III. iii. 6.
All this they *fairly* overcame, by reason of the continual presence of their king.—*Spenser, View of the State of Ireland.*

Fairness. *s.* Attribute suggested by Fair.

That which made her *fairness* much the fairer, was that it was but a fair embassador of a most fair mind, full of wit, and a wit which delighted more to judge itself than to show itself.—*Sir P. Sidney.*

Fairspoken. *adj.* Bland and civil in language and address.

Arius, a priest in the church of Alexandria, a subtlewitted and a marvellous *fairspoken* man, but discontented that we should be placed before him in honour, whose superior he thought himself in desert, because through envy and stomach prone unto contradiction.—*Hooker, Ecclesiastical Polity.*

Fairy. *s.* [the same word, doubtless, as the Persian *Peri*, though the details of the connection are obscure and uncertain.] Fabled being supposed to appear in a diminutive human form, and to dance in the meadows, and reward cleanliness in houses; elf; fay.

Nan Page, my daughter, and my little son,
And three or four more of their growth, we'll dress
Like urchins, ouphes, and *fairies*, green and white.
Shakespear, Merry Wives of Windsor.

Used *adjectivally*, or as the *first element* in a *compound.*

Be secret and discreet; these *fairy* favours
Are lost when not conceal'd.
Dryden, Spanish Friar.

Fairyland. *s.* Domain of the fairies; country in which the scene, or venue, of fairy tales is laid: (as *two* words in Spenser).

So haue I laboured to do in the person of Arthure; whom I conceiue, after his long education by Timon, to whom he was by Merlin deliuered to be brought up so soone as he was borne of the Lady Igrayne, to haue seene in a dream or vision the faery queene, with whose excellent beauty rauished, he awaking resolued to seeke her out; and so being by Merlin armed, and by Timon throughly instructed, he went to seeke her forth in *faerye land.*—*Spenser, Letter (Prefatory to the Faerie Queen) to Sir W. Raleigh.*
Time, however, has gradually wrought its work; and, notwithstanding the more imaginative cast of poetry in the present century, it may be well doubted whether the 'Faery Queen' is as much read or as highly esteemed as in the days of Anne. It is not, perhaps, very difficult to account for this; those who seek the delight that mere fiction presents to the mind (and they are the great majority of readers), have been supplied to the utmost limit of their craving by stories accommodated to every temper, and far more stimulant than the legends of 'Faeryland.' —*Hallam, Introduction to the Literature of Europe during the fifteenth, sixteenth, and seventeenth Centuries,* pt. ii. ch. v. § 89.

Faith. *s.*

1. Belief of the revealed truths of religion.

The name of *faith* being properly and strictly taken, it must needs have reference unto some uttered word, as the object of belief.—*Hooker, Ecclesiastical Polity.*
Faith, if it have not works, is dead.—*James,* ii. 17.
Vision in the next life is the perfecting of that *faith* in this life, or that *faith* here is turned into vision there, as hope into enjoying.—*Hammond, Practical Catechism.*
Then *faith* shall fail, and holy hope shall die;
One lost in certainty, and one in joy. *Prior.*

2. System of revealed truths held by the Christian Church; *credenda.*

Felix heard Paul concerning the *faith.*—*Acts,* xxiv. 24.
This is the catholick *faith.*—*Book of Common Prayer, Athanasian Creed.*

3. Trust in the honesty or veracity of another; trust in God.

Faith is an entire dependence upon the truth, the power, the justice, and the mercy of God; which dependence will certainly incline us to obey him in all things.—*Swift.*

4. Tenet held.

Which to believe of her,
Must be a *faith*, that reason, without miracle,
Should never plant in me.
Shakespear, King Lear, i. 1.

5. Fidelity; unshaken adherence.

Her failing, while her *faith* to me remains,
I should conceal. *Milton, Paradise Lost,* x. 129.

6. Honour; social confidence.

For you alone
I broke my *faith* with injur'd Palamon.
Dryden, Knight's Tale.

7. Sincerity; honesty; veracity.

They are a very froward generation, children in whom is no *faith.*—*Deuteronomy,* xxxii. 20.

8. Promise given.

I have been forsworn,
In breaking *faith* with Julia whom I lov'd.
Shakespear, Two Gentlemen of Verona, iv. 2.

9. In *Faith.* Used as an *interjection.*

Faith, like enough.—*Beaumont and Fletcher, Maid's Tragedy.*

Faith. *v. a.* Invest with credibility. *Rare.*

Thou bastard! would the reposal
Of any trust, virtue, or worth in thee,
Make thy words *faith'd.*
Shakespear, King Lear, ii. 1.

Faithbreach. *s.* Breach of fidelity; disloyalty; perfidy.

Now minutely revolts upbraid his *faithbreach*;
Those he commands move only in command,
Nothing in love. *Shakespear, Macbeth,* v. 2.

Faithful. *adj.*

1. Firm in faith, especially in adherence to the truths of *religion.*

To the saints which are at Ephesus, and the *faithful* in Christ Jesus.—*Ephesians,* i. 1.

2. Of true fidelity; loyal; trustful; honest.

So spake the seraph Abdiel, *faithful* found
Among the faithless, faithful only he.
Milton, Paradise Lost, v. 896.

3. Reliable.

This is a *faithful* saying; for if we be dead with him we shall also live with him.—2 *Timothy,* ii. 11.

Faithfully. *adv.* In a faithful manner.

Thus shall ye do in the fear of the Lord, *faithfully*, and with a perfect heart.—2 *Chronicles,* xix. 9.
If his occasions were not virtuous,
I should not urge it half so *faithfully.*
Shakespear, Timon of Athens, iii. 2.

Faithfulness. *s.* Attribute suggested by Faithful.

For there is no *faithfulness* in their mouth; their inward part is very wickedness.—*Psalms,* v. 9.

Faithless. *adj.* Without faith, especially in the revealed truths of *religion.*

Whatsoever our hearts be to God and to his truth, believe we, or be we as yet *faithless*, for our conversion or confirmation, the force of natural reason is great.—*Hooker, Ecclesiastical Polity.*

Faithlessness. *s.* Attribute suggested by Faithless.

Fair Italy's *faithlessness.* *Donne, Poems,* p. 148.
Sharp are the pangs that follow *faithlessness.*—*Edwards, Canons of Criticism,* p. 318.

Faitour. *s.* [N.Fr.] Scoundrel; rascal; miscreant; traitor. *Obsolete.*

Those *faytours* little regarden their charge,
While they, letting their sheep run at large,
Passen their time, that should be sparely spent,
In lustihede and wanton meryment.
Spenser, Shepherd's Calendar, May.
Into new woes unweeting I was cast,
By this false *faitour.* *Id., Faerie Queen.*

Fálbala. *s.* See Furbelow.

For my part I won't stay in the family to be abus'd at this rate; I that have refus'd lords and dukes for your sake: I'd have you to know, sir, I have had as many blue and green ribbons after me, for ought I know, as would have made me a *falbala* apron.—*Cibber, The Careless Husband.*

Falcáde. *s.* See extract.

A horse is said to make *falcades* when he throws himself upon his haunches two or three times, as in very quick curvets; therefore a *falcade* is that action of the haunches and of the legs, which bend very low, when you make a stop and half a stop.—*Farrier's Dictionary.*

Fálcated, also **Fálcate.** *adj.* Falchion-shaped.

The enlightened part of the moon appears in the form of a sickle, or reaping hook, which is while she is moving from the conjunction to the opposition, or from the new moon to the full; but from full to a new again, the enlightened part appears gibbous, and the dark *falcated.*—*Harris.*

Falcátion. *s.* Crookedness; form like that of a reaper's hook. *Rare.*

The locusts have antennæ, or long horns before, with a long *falcation* or forcipated tail behind.—*Brown.*

Fálchion. *s.* Short crooked sword; scymeter.

I've seen the day, with my good biting *falchion*,
I would have made them skip: I am old now.
Shakespear, King Lear, v. 3.

Fálciform. *adj.* Sickle-shaped.

There is no ossification of the *falciform* ligament.—*Owen, Anatomy of Vertebrates.*

Fálcon. *s.* [Lat. *falco.*]

1. Bird of the genus Falco; generally hawk trained for hawking.

As Venus' bird, the white, swift, lovely dove,
O! happy dove that art compar'd to her,
Doth on her wings her utmost swiftness prove,
Finding the gripe of *falcon* fierce not far.
Sir P. Sidney.

2. In *Gunnery.* See extract.

A *falcon* [is] a cannon, whose diameter at the bore is five inches and a quarter, weight seven hundred and fifty pounds, length seven foot, load two pounds and a quarter, shot two inches and a half diameter, and two pounds and a half weight.—*Harris.*

Fálconer. *s.* One who breeds or trains hawks; one who follows the sport of hawking.

Hist! Romeo, hist! O for a *falc'ner's* voice,
To lure this tassel-gentle back again.
Shakespear, Romeo and Juliet, ii. 2.
I have learnt of a *falconer* never to feed up a hawk, when I would have him fly.—*Dryden, Don Sebastian.*

Fálconet. *s.* [Fr. *falconette.*] In *Gunnery.* See second extract.

Mahomet sent janizaries and nimble footmen, with certain *falconets* and other small pieces, to take the streights.—*Knolles, History of the Turks.*
A *falconet* [is] a sort of ordnance, whose diameter at the bore is four inches and a quarter, weight four hundred pounds, length six foot, load one pound and a quarter, shot something more than two inches diameter, and one pound and a quarter weight.—*Harris.*

Fálconry. *s.* [N.Fr. *faulconerie.*] Art of breeding and training hawks.

In vain you expect much information 'de re accipitraria' of *falconry*, hawks or hawking, from very ancient Greek or Latin authors: that art being

either unknown, or so little advanced among them. —*Sir T. Browne, Miscellanies*, p. 111.

Fáldage. *s.* See extract.

Faldage [is] a privilege which anciently several lords reserved to themselves of setting up folds for sheep, in any fields within their manors, the better to manure them; and this not only with their own, but their tenants' sheep. This *faldage* in some places they call a fold-course, or freefold.—*Harris.*

Fáldstool. *s.* [N.Fr. *faudesteuil*; L.Lat. *faldisterium.*] Small desk at which the litany is enjoined to be sung or said; stool placed at the south side of the altar, at which the kings of England kneel at their coronation; chair of a bishop, enclosed within the rails of the altar; folding-chair.

At the right side of the east window, on the wall, are fixed plates of brass, whereon is engraved the figure of a judge in his robes, kneeling at a *faldstool*, with three sons behind him.—*Ashmole, Antiquities of Berkshire*, i. 10.

Fall. *v. n.* [preterite *fell*; part. *fallen.*]

1. Drop (from which it differs in being less connected with the notion of perpendicularity) from a higher to a lower place, or from an erect to a prone posture.

Thou shalt make a battlement for thy roof, that thou bring not blood upon thine house, if any man *fall* from thence.—*Deuteronomy.*

Saul *fell* all along on the earth.—1 *Samuel*, xxviii. 20.

His chains *fell* off from his hands.—*Acts*, xii. 7.

2. Be determined to some particular point, or centre of gravity.

Birds and fowls that rest one foot to ease the other, naturally lay their heads under their wings, that the centre of gravity may *fall* upon the foot they stand on.—*Cheyne.*

3. Move down any descent, or slope, especially as the water of one river running into that of another.

All liquid bodies are diffusive; for their parts being in motion, have no connexion one with another, but glide and *fall* off any way, as gravity and the air presseth them.—*T. Burnet.*

Cæsar therefore gave orders to build his galleys on the Loire, and the rivers that *fall* into it.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

4. Be degraded from a higher to a lower station; decline from power; enter into a worse state; degenerate.

The greatness of these Irish lords suddenly *fell* and vanished, when their oppressions and extortions were taken away.—*Sir J. Davies, Discourse on the State of Ireland.*

These, by obtruding the beginning of a change for the entire work of new life, will *fall* under the former guilt.—*Hammond.*

He first the fate of Cæsar did foretell,
And pity'd Rome when Rome in Cæsar *fell*;
In iron clouds conceal'd the publick light,
And impious mortals fear'd eternal night.
Dryden, Virgil's Æneid.

At length her fury *fell*, her foaming ceas'd;
And ebbing in her soul, the god decreas'd. *Ibid.*

What men could do,
Is done already: heaven and earth will witness,
If Rome must *fall*, that we are innocent.
Addison, Cato.

One would wonder how so many learned men could *fall* into so great an absurdity as to believe this river could preserve itself unmixt with the lake. —*Id., Travels in Italy.*

5. Sink, in its *figurative* applications; subside.

When the price of corn *falleth*, men generally break no more ground than will supply their own turn.—*Carew.*

Rents will *fall*, and incomes every day lessen, till industry and frugality joined to a well ordered trade, shall restore to the kingdom the riches it had formerly.—*Locke.*

From the pound weight, as Pliny tells us, the As *fell* to two ounces in the first Punick war; when Hannibal invaded Italy, to one ounce; then, by the Papirian law, to half an ounce.—*Arbuthnot, Tables of ancient Coins, Weights, and Measures.*

6. Apostatize: (generally with *off*).

Labour to enter into that rest, lest any man *fall* after the same example of unbelief.—*Hebrews*, iv. 11.

They brought scandal
To Israel, diffidence of God, and doubt
In feeble hearts, propense enough before
To waver or *fall off*, and join with idols.
Milton, Samson Agonistes, 453.

7. Die by violence; come to a sudden end.

A thousand shall *fall* at thy side, and ten thousand at thy right hand; but it shall not come nigh thee.—*Psalms*, xci. 7.

They not obeying,
Incurr'd, what could they less? the penalty;
And manifold in sin, deserv'd to *fall*.
Milton, Paradise Lost, x. 14.

Almon *falls*, old Tyrrheus' eldest care,
Pierc'd with an arrow from the distant war.
Dryden, Virgil's Æneid.

8. Sink into an air of discontent or dejection of the look.

If thou persuade thyself that they shall not be taken, let not thy countenance *fall*.—*Judith*, vi. 9.

I have observ'd of late thy looks are *fallen*,
O'ercast with gloomy cares and discontent.
Addison, Cato.

9. Happen; befall.

For such things as do *fall* scarce once in many ages, it did suffice to take such order as was requisite when they *fell*.—*Hooker, Ecclesiastical Polity.*

A long advertent and deliberate connexing of consequents, which *falls* not in the common road of ordinary men.—*Sir M. Hale.*

10. Come by chance; light on.

I have two boys
Seek Percy and thyself about the field;
But seeing thou *fall'st* on me so luckily,
I will assay thee.
Shakespear, Henry IV. Part I. v. 4.

The Romans *fell* upon this model by chance, but the Spartans by thought and design.—*Swift.*

11. Come in a stated method.

The odd hours at the end of the solar year, are not indeed fully six, but are deficient 10′ 44″; which deficiency, in 134 years, collected, amounts to a whole day: and hence may be seen the reason why the vernal equinox, which at the time of the Nicene council, *fell* upon the 21st of March, *falls* now about ten days sooner. — *Holder, Discourse concerning Time.*

It does not *fall* within my subject to lay down the rules of odes.—*Felton, Dissertation on reading the Classicks.*

12. Come unexpectedly.

I am *fallen* upon the mention of mercuries.—*Boyle.*

It happened this evening, that we *fell* into a very pleasing walk, at a distance from his house.—*Addison, Spectator.*

13. Enter into any new state of the body or mind.

In sweet musick is such art,
Killing care and grief of heart
Fall asleep, or hearing die.
Shakespear, Henry VIII. iii. 1, song.

He was stirr'd,
And something spoke in choler, ill and hasty;
But he *fell* to himself again, and sweetly
In all the rest shew'd a most noble patience.
Ibid. ii. 1.

Solyman, chafed with the loss of his gallies and best soldiers, and with the double injury done unto him by the Venetians, *fell* into such a rage that he cursed Barbarossa.—*Knolles, History of the Turks.*

When about twenty, upon the falseness of a lover, she *fell* distracted.—*Sir W. Temple.*

A spark like thee, of the man-killing trade,
Fell sick, and thus to his physician said:
Methinks I am not right in ev'ry part,
I feel a kind of trembling at my heart;
My pulse unequal, and my breath is strong;
Besides a filthy furr upon my tongue.
Dryden, Persius's Satires.

Portius himself oft *falls* in tears before me,
As if he mourn'd his rival's ill success.
Addison, Cato.

For as his own bright image he survey'd,
He *fell* in love with the fantastick shade.
Id., Translation from Ovid.

14. Begin anything with ardour and vehemence.

The king understanding of their adventure, suddenly *falls* to take pride in making much of them.—*Sir P. Sidney.*

Each of us *fell* in praise of our country mistresses.—*Shakespear, Cymbeline*, i. 5.

It is better to sound a person afar off, than to *fall* upon the point at first; except you mean to surprize him by some short question.—*Bacon.*

When a horse is hungry, and comes to a good pasture, he *falls* to his food immediately.—*Sir M. Hale, Origination of Mankind.*

They *fell* to blows, insomuch that the Argonauts slew the most part of the Deliones.—*Sir R. L'Estrange.*

15. Drop or pass by carelessness or imprudence.

Ulysses let no partial favours *fall*;
The people's parent, he protected all.
Pope, Homer's Odyssey.

Some expressions *fell* from him, not very favourable to the people of Ireland.—*Swift.*

16. Come forcibly and irresistibly.

Fear *fell* on them all.—*Acts*, xix. 17.

A kind refreshing sleep is *fallen* upon him:
I saw him stretcht at ease, his fancy lost
In pleasing dreams. *Addison, Cato.*

17. Become the property or lot of anyone: (the metaphor being from the casting of the lot).

All the lands, which will *fall* to her majesty thereabouts, are large enough to contain them.—*Spenser, View of the State of Ireland.*

Then 'tis most like
The sovereignty will *fall* upon Macbeth.
Shakespear, Macbeth, ii. 4.

If to her share some female errours *fall*,
Look on her face, and you'll forget them all. *Pope.*

In their spiritual and temporal courts the labour *falls* to their vicars-general, proctors, apparitors, and seneschals.—*Swift.*

18. Be born; be yeaned.

Lambs must have care taken of them at their first *falling*, else, while they are weak, the crows and magpies will be apt to pick out their eyes.—*Mortimer, Husbandry.*

Fall aboard. Attack suddenly; set to; fall to: (metaphor from ships).

He next meale finds the lasse, and *falls aboard*,
Eating what then his stomach could afford.
Parrott, Epigrams, b. i. ep. 207.

Fall away.

a. Grow lean; lose flesh; fall off.

Watery vegetables are proper, and fish rather than flesh: in a Lent diet people commonly *fall away.*—*Arbuthnot, On the Nature and Choice of Aliments.*

b. Change allegiance; fall off in obedience, revolt.

The fugitives *fell away* to the king of Babylon.—2 *Kings*, xxv. 11.

c. Relapse; apostatize.

Say not thou, it is through the Lord that I *fell away*; for thou oughtest not to do the things that he hateth.—*Ecclesiasticus*, xv. 11.

d. Diminish; waste; fade; decline; languish.

Still propagate; for still they *fall away*;
'Tis prudence to prevent th' entire decay.
Dryden, Translation of Virgil.

How can it enter into the thoughts of man, that the soul, which is capable of such immense perfections, and of receiving new improvement to all eternity, shall *fall away* into nothing, almost as soon as it is created?—*Addison, Spectator.*

Fall back. Recede (especially from a promise or purpose).

We have often *fallen back* from our resolutions.—*Jeremy Taylor.*

Fall back upon. Be supported: (an unsupported person is said to have 'nothing to *fall back upon*').

Fall foul. See Foul.

Fall from. Depart from allegiance.

The emperour being much solicited by the Scots not to be a help to ruin their kingdom, *fell* by degrees *from* the king of England.—*Sir J. Hayward.*

Fall in: (with *in* simply).

a. Fall inwards: (as 'the roof *fell in*').

b. Take a proper place; suggest itself; agree; comply with.

His reasonings in this chapter seem to *fall in* with each other; yet, upon a closer investigation, we shall find them proposed with great variety and distinction.—*Bishop Atterbury.*

Any single paper that *falls in* with the popular taste, and pleases more than ordinary, brings one in a great return of letters.—*Addison.*

It is a double misfortune to a nation, which is thus given to change, when they have a sovereign that is prone to *fall in* with all the turns and veerings of the people.—*Id.*

Objections *fall in* here, and are the clearest and most convincing arguments of the truth.—*Woodward, Essay towards a Natural History of the Earth.*

With *in* + *to*, or *into*.

To *fall into* all his commands and directions. —*Bishop Atterbury, Sermons*, iv. 288.

Fall off. Separate; perish; in some cases (perhaps, in most, the metaphor is from the leaves of a tree) fall away.

They, accustomed to afford at other times either silence or short assent to what he did purpose, did then *fall off* and forsake him.—*Sir J. Hayward.*

Were I always grave, one half of my readers would *fall off* from me.—*Addison, Spectator.*

Fall on. Nearly the same as *fall to*, *on to*, or *aboard*; begin eagerly to do anything.

They *fell on*, I made good my place: at length they came to the broomstaff with me; I defied 'em still.—*Shakespear, Henry VIII.* v. 3.

Fall on, fall on, and hear him not;
But spare his person for his father's sake.
Dryden, Spanish Friar.

He pretends, amongst the rest, to quarrel with me, to have *fallen* foul *on* priesthood.—*Dryden, Fables*, pref.

Fall over. Change sides.

And dost thou now *fall over* to my foes?
Thou wear a lion's hide! doff it, for shame,
And hang a calf's skin on those recreant limbs.
Shakespear, King John, iii. 1.

Fall out.

a. Quarrel; become contentious.

Little needed those proofs to one who would have *fallen out* with herself, rather than make any conjectures to Zelmane's speeches.—*Sir P. Sidney.*

There is but one thing can make us *fall out*, and that is the inheritance of lord Strut's estate.—*Arbuthnot, History of John Bull.*

b. Befall.

Who think you is my Dorus *fallen out* to be?—*Sir P. Sidney.*

Oft it *falls out*, that while one thinks too much of his doing, he leaves to do the effect of this thinking.—*Ibid.*

Now, for the most part, it so *falleth out*, touching things which generally are received, that although in themselves they be most certain, yet, because men presume them granted of all, we are hardliest able to bring proof of their certainty.—*Hooker, Ecclesiastical Polity.*

If it so *fall out* that thou art miserable for ever, thou hast no reason to be surprised, as if some unexpected thing had happened.—*Archbishop Tillotson.*

Contrasted conveniently, though in a humble example, with *fall in.*

Three children sliding on the ice
Upon a summer's day,
It so *fell out*, they all *fell in*;
The rest they ran away. *Nursery Rhyme.*

Fall short (often with) *of.* Fail to attain an object.

Fame of thy beauty and thy youth,
Among the rest me hither brought:
Finding this fame *fall short of* truth,
Made me stay longer than I thought. *Waller.*

Fall to.

a. Apply one's self to anything with energy: (one of its chief special applications is to eating).

The men were fashion'd in a larger mould;
The women fit for labour, big and bold;
Gigantick hinds, as soon as work was done,
To their huge pots of boiling pulse would run;
Fall to, with eager joy, on homely food.
Dryden, Juvenal's Satires.

b. Go by lot. *Rare.*

He that abideth in this city, shall die by the sword, and by the famine, and by the pestilence; but he that goeth out, and *falleth to* the Chaldeans that besiege you, he shall live.—*Jeremiah*, xxi. 9.

Fall under. Be subordinate to in the way of classification; be subject to.

We know the effects of heat will be such as will scarce *fall under* the conceit of man, if the force of it be altogether kept in.—*Bacon, Natural and Experimental History.*

Those things which are wholly in the choice of another, *fall under* our deliberation.—*Jeremy Taylor, Rule and Exercises of Holy Living.*

The idea of the painter and the sculptor is undoubtedly that perfect and excellent example of the mind, by imitation of which imagined form all things are represented, which *fall under* human sight.—*Dryden, Translation of Du Fresnoy's Art of Painting.*

No rules that relate to pastoral can affect the Georgicks, which *fall under* that class of poetry which consists in giving plain instructions to the reader.—*Addison, Essay on the Georgicks.*

Fall upon. Attack.

Auria *falling upon* these galleys, had with them a cruel and deadly fight.—*Knolles, History of the Turks.*

An infection in a town first *falls upon* children, weak constitutions, or those that are subject to other diseases; but, spreading further, seizes upon the most healthy.—*Sir W. Temple.*

Man *falls upon* every thing that comes in his way; not a berry or a mushroom can escape him.—*Addison, Spectator.*

At the same time that the storm bears upon the whole species, we are *falling* foul *upon* one another.—*Id.*

To get rid of fools and scoundrels was one part of my design in *falling upon* these authors.—*Pope, To Swift.*

Fall. *v. a.* Cause to fall; fell.

1. Drop: (this being the *commoner* term).

To-morrow in the battle think on me,
And *fall* thy edgeless sword, despair and die.
Shakespear, Richard III. v. 3.

If that the earth could teem with woman's tears,
Each drop she *falls* would prove a crocodile.
Id., Othello, iv. 1.

Draw together;
And when I rear my hand, do you the like,
To *fall* it on Gonzalo. *Id., Tempest*, ii. 1.

I am willing to *fall* this argument: 'tis free for every man to write or not to write in verse, as he thinks it is or is not his talent, or as he imagines the audience will receive it.—*Dryden.*

2. Sink; let sink; lower; depress; diminish: (opposed to *raise*).

If a man would endeavour to raise or *fall* his voice still by half notes, like the stops of a lute, or by whole notes alone without halfs, as far as an eight, he will not be able to frame his voice unto it.—*Bacon, Natural and Experimental History.*

Upon lessening interest to four per cent. you *fall* the price of your native commodities, or lessen your trade, or else prevent not the high use.—*Locke.*

3. Bring forth.

They, then conceiving, did in yeaning time
Fall party-colour'd lambs, and those were Jacob's.
Shakespear, Merchant of Venice, i. 3.

Fall. *s.*

1. Act of dropping from on high; descent.

High o'er their heads a mouldering rock is plac'd,
That promises a *fall*, and shakes at every blast.
Dryden, Virgil's Æneid.

Upon a great *fall* of rain the current carried away a huge heap of apples.—*Sir R. L'Estrange.*

2. Act of tumbling from an erect posture.

I saw him run after a gilded butterfly: and when he caught it, he let it go again, and after it again; and over and over he comes, and up again, and caught it again; or whether his *fall* enraged him, or how it was, he did so set his teeth, and did tear it.—*Shakespear, Coriolanus*, i. 3.

My son coming into his marriage-chamber, happened to have a *fall*, and died.—*2 Esdras*, x. 48.

A fever or *fall* may take away my reason.—*Locke.*

Some were hurt by the *falls* they got by leaping upon the ground.—*Swift, Gulliver's Travels.*

3. Death; overthrow; destruction; downfall.

Our fathers were given to the sword, and for a spoil, and had a great *fall* before our enemies.—*Judith*, viii. 9.

Perhaps thou talk'st of me, and dost enquire
Of my restraint; why here I live alone;
And pitiest this my miserable *fall*.
Daniel, Civil Wars of York and Lancaster.

Till the empire came to be settled in Charles the Great, the *fall* of the Romans' huge dominion concurring with other universal evils, caused those times to be days of much affliction and trouble throughout the world.—*Hooker, Ecclesiastical Polity.*

Paul's, the late theme of such a muse, whose flight
Has bravely reach'd and soar'd above thy height;
Now shalt thou stand, though sword, or time, or fire,
Or zeal more fierce than they, thy *fall* conspire.
Sir J. Denham.

4. Sinking; lowering.

That the improvement of Ireland is the principal cause why our lands in purchase rise not, as naturally they should, with the *fall* of our interest, appears evidently from the effect the *fall* of interest hath had upon houses in London.—*Sir J. Child.*

5. Cadence.

That strain again; it hath a dying *fall*:
O, it came o'er my ear, like the sweet South
That breathes upon a bank of violets,
Stealing and giving odours.
Shakespear, Twelfth Night, i. 1.

How sweetly did they float upon the wings
Of silence, through the empty-vaulted night,
At every *fall* smoothing the raven down
Of darkness till it smil'd! *Milton, Comus*, 249.

6. Declivity; slope.

Waters when beat upon the shore, or straitened, as the *falls* of bridges, or dashed against themselves by winds, give a roaring noise.—*Bacon, Natural and Experimental History.*

7. Waterfall.

There will we sit upon the rocks
And see the shepherds feed their flocks
By shallow rivers, to whose *falls*
Melodious birds sing madrigals. *Marlowe.*

8. Outfall.

Before the *fall* of the Po into the gulph, it receives into its channel considerable rivers.—*Addison, Travels in Italy.*

9. Felling of trees, or trees felled, as 'a *fall* of timber.'

10. Autumn.

What crowds of patients the town-doctor kills,
Or how last *fall* he rais'd the weekly bills.
Dryden, Juvenal's Satires.

Fall. *s.* [Fr. *faille.*] Part of the female dress, in former times; according to Cotgrave, kind of veil worn by nuns and widows of the better sort; at present applied by females to the short veil worn over the bonnet.

Which gown, what *fall*, what tire!—*B. Jonson, Alchemist.*

There is such a deal of pinning these ruffs, when the fine clean *fall* is worth all.—*Marston, Malcontent.*

Fallácion. *s.* Deception. *Rare.*

He sayd the *fallacion* was very pretty and notable.—*Ascham*, p. 41. (Ord MS.)

Fallácious. *adj.* [Lat. *fallax*; Fr. *fallacieux.*]

1. Producing mistake; sophistical.

The Jews believed and assented to things neither evident nor certain, nor yet so much as probable, but actually false and *fallacious*; such as the absurd doctrines and stories of their rabbies.—*South, Sermons.*

2. Deceitful; mocking expectation.

The force of that *fallacious* fruit,
That with exhilarating vapour bland
About their spirits had play'd, and inmost [illegible]
Made err, was now exhal'd.
Milton, Paradise Lost, ix.

Fallácіously. *adv.* In a fallacious manner; sophistically; with purpose to deceive; with unsound reasoning.

We shall so far encourage contradiction, as to promise not to oppose any pen that shall *fallaciously* refute us.—*Sir T. Browne.*

We have seen how *fallaciously* the author has stated the cause, by supposing that nothing but unlimited mercy, or unlimited punishment, are the methods that can be made use of.—*Addison.*

Fallácіousness. *s.* Attribute suggested by Fallacious: (*fallacy* often, improperly, used in its stead).

The *fallaciousness* of this is evident.—*Mill, System of Logic*, b. iv. ch. i. iv.

Fállacy. *s.* [Lat. *fallacia.*] Delusory or sophistical mode of reasoning; conclusion resulting therefrom (as when we say that a certain belief is a mere *fallacy*).

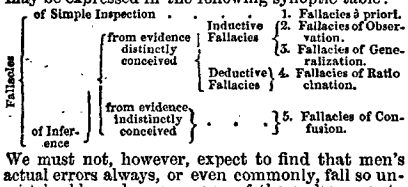
Most princes make themselves another thing from the people by a *fallacy* of argument, thinking themselves most kings when the subject is most basely subjected.—*Sir P. Sidney.*

Until I know this sure uncertainty,
I'll entertain the offer'd *fallacy*.
Shakespear, Comedy of Errors, ii. 2.

It were a mere *fallacy* and mistaking, to ascribe that to the force of imagination upon another body, which is but the force of imagination upon the proper body.—*Bacon.*

The things which, not being evidence, are susceptible of being mistaken for it, are capable of a classification having reference to the positive property which they possess, of appearing to be evidence. We may arrange them, at our choice, on either of two principles; according to the cause which make them appear evidence, not being so; or according to the particular kind of evidence which they simulate. The classification of *fallacies* which will be attempted in the ensuing chapter, is founded on these considerations jointly. . . . To begin, then; the supposed connexion, or repugnance, between the two facts, may either be a conclusion from evidence (that is, from some other proposition or propositions) or may be admitted without any such ground; admitted, as the phrase is, on its own evidence; embraced as self-evident, as an axiomatic truth. This gives rise to the first great distinction, that between *fallacies* of inference and *fallacies* of simple inspection. . . . This gives existence to a class of *fallacies* which may be justly termed *fallacies* of confusion; comprehending, among others, all those which have their source in language, whether arising from the vagueness or ambiguity of our terms, or from casual associations with them. When the *fallacy* is not one of confusion, that is, when the proposition believed, and the evidence on which it is believed, are steadily apprehended and unambiguously expressed, there remain to be made two cross divisions, giving rise to four classes. The apparent evidence may be either particular facts, or foregone generalizations; that is, the process may simulate either simple induction, or deduction: and again, the evidence, whether consisting of facts, or of general propositions, may be false in itself, or, being true, may fail to bear out the conclusion attempted to be founded on it. This gives us, first, *fallacies* of induction and *fallacies* of deduction, and then a subdivision of each of these, according as the supposed evidence is false, or true but inconclusive. . . . And in the absence of any comprehensive term to denote the ascertainment, by whatever means, of the facts on which an induction is grounded, I will venture to retain for this class of *fallacies*, under the explanation already given, the title *fallacies* of observation. The other class of inductive *fallacies*, in which the facts are correct, but the conclusion not warranted by them, are properly denominated *fallacies* of generalization: and these, again, fall into various subordinate classes, or natural groups, some of which will be enumerated in

their proper place. . . There remain, therefore, as the only class of *fallacies* having properly their seat in deduction, those in which the premisses of the ratiocination do not bear out its conclusion; the various cases, in short, of vicious argumentation, provided against by the rules of the syllogism. We shall call these, *fallacies* of ratiocination. We have thus five distinguishable classes of *fallacy*, which may be expressed in the following synoptic table:—



We must not, however, expect to find that men's actual errors always, or even commonly, fall so unmistakeably under some one of these classes, as to be incapable of being referred to any other.—*Mill, 'em of Logic*, b. iv. ch. i. ii.

Fal *s.* [Lat. = fallacious.] Fallacy: (*technical* term in *Logic*). *Obsolete.*

To utter the matter plainly without *fallax* or cavillation.—*Archbishop Cranmer, To Bishop Gardiner*, p. 240.

This appearance, though it seem of strength rather logical than rhetorical, yet is very often a *fallax*.—*Bacon.*

Fállency. *s.* Fallacy. *Rare.*

Alexander and Felinus do assign five *fallencies* unto these rules.—*Sir J. Hayward, Answer to Doleman*, ch. iv.

Socinus sets down eight hundred and two *fallencies*, (that's the word of the law,) concerning the contestation of suits and actions at law.—*Jeremy Taylor, Ductor Dubitantium*, pref. p. ix.

Fallibílity. *s.* Liability to be deceived; uncertainty; possibility of error.

There is a great deal of *fallibility* in the testimony of men; yet some things we may be almost as certain of as that the sun shines, or that five twenties make an hundred.—*Watts.*

Fállible. *adj.* [Lat. *fallo* = deceive.] Liable to error; capable of being deceived.

Do not falsify your resolution with hopes that are *fallible*: to-morrow you must die.—*Shakespear, Measure for Measure*, iii. 1.

He that creates to himself thousands of little hopes, uncertain in the promise, *fallible* in the event, and depending upon a thousand circumstances, often fails his expectations.—*Jeremy Taylor.*

Fálling. *verbal abs.* That, or act of that, which falls.

'Tis the beggar's gain
To glean the *fallings* of the loaded wain.
Dryden, Hind and Panther.

Falling away. Defection; apostasy.

That day shall not come, except there come a *falling away* first.—2 *Thessalonians*, ii. 3.

Falling in. Indenting: (opposed to *prominence*).

It shows the nose and eyebrows, with the several prominencies and *fallings in* of the features, much more distinctly than any other kind of figure.—*Addison, Dialogues on the Usefulness of ancient Medals.*

Falling off. Declension from virtue to vice.

O, Hamlet, what a *falling-off* was there!
Shakespear, Hamlet, i. 5.

Falling-sickness. *s.* [two words rather than a compound.] Epilepsy.

Did Cæsar swoon?—He fell down in the marketplace, and foamed at mouth, and was speechless.—He hath the *falling-sickness*.—*Shakespear, Julius Cæsar*, i. 2.

Fállow. *adj.* [A.S. *falewe*.]

1. Pale brown, with a yellow or red tinge.

How does your *fallow* greyhound, sir?
I heard say, he was out-run at Cotsale.
Shakespear, Merry Wives of Windsor, i. 1.

The king, who was excessively affected to hunting, had a great desire to make a great park for red as well as *fallow* deer between Richmond and Hampton Court.—*Lord Clarendon, History of the Grand Rebellion.*

2. In *Husbandry.* Applied to fields, showing the colour of the soil when turned up by the plough, and not covered by cropping, the colour being generally brown, or brownish; ploughed, or otherwise tilled, but, instead of being sown, left to improve, a crop being either wholly or partially missed; hence, left in a state of rest, either for good, to gain strength, or for bad, to run wild; neglected.

Her *fallow* lees
The darnel, hemlock, and rank fumitory,
Doth root upon. *Shakespear, Henry V.* v. 2.

Her predecessors, in their course of government, did but sometimes cast up the ground; and so leaving it *fallow*, it became quickly overgrown with weeds.—*Howell, Vocall Forrest.*

Shall saints in civil bloodshed wallow
Of saints, and let the cause lie *fallow?*
Butler, Hudibras.

Fállow. *s.* Fallow ground.

When we laid our tillage and compost and seed, who would not look for a crop? But if the uncultivated *fallow* yield more, how justly is that unanswerable ground neere to a curse!—*Bishop Hall, Good Centurion.* (Ord MS.)

The plowing of *fallows* is a benefit to land.—*Mortimer, Husbandry.*

Fállow. *v. a.* Work into the condition of a fallow; lay down in fallow.

Fields thus overworked regain a portion of their fertility by being *fallowed*.—*Loudon, Encyclopædia of Agriculture.*

Fállowing. *verbal abs.* Process by which land is made fallow.

Fallowing is the principal operation, by which exhausted lands are restored to fertility.—*Kirwan, Manures*, p. 22.

Fállowness. *s.* Attribute suggested by Fallow: (in the extract in its sense of lying uncropped). *Rare.*

Like one who, in her third widowhood, doth profess
Herself a nun, ty'd to retiredness,
So affects my muse now a chaste *fallowness*.
Donne, Poems, p. 150.

Fálsary. *s.* [N.Fr. *faulsaire*; Lat. *falsarius*; from *falsus* = false.] Falsifier. *Rare.*

Alike you calumniate, when you make Mr. Mason a *falsary*, as though he had cited some unauthentic records.—*Sheldon, Miracles of Antichrist*, p. 133: 1616.

False. *adj.* [Lat. *falsus*; *fallo* = deceive.]

1. Untrue; deceptive; deceitful.

I grant him bloody,
Luxurious, avaricious, *false*, deceitful,
Sudden, malicious, smacking of ev'ry sin
That has a name. *Shakespear, Macbeth*, iv. 3.

A man to whom he had committed the trust of his person, in making him his chamberlain; this man, no ways disgraced, no ways discontent, no ways put in fear, turns *false* unto him.—*Bacon, History of the Reign of Henry VII.*

For how can that be *false*, which ev'ry tongue
Of ev'ry mortal man affirms for true?
Which truth hath in all ages been so strong,
As loadstone like, all hearts it ever drew.
Sir J. Davies, Immortality of the Soul.

Men are spunges, which, to pour out, receive;
Who know *false* play, rather than lose, deceive.
Donne.

So hast thou cheated Theseus with a wile,
Against thy vow, returning to beguile
Under a borrow'd name; as *false* to me,
So *false* thou art to him who set thee free. *Dryden.*

2. Not agreeable to rule or propriety; inaccurate.

Now, fy upon my *false* French; by mine honour, in true English, I love thee, Kate.—*Shakespear, Henry V.* v. 2.

3. Suppositious.

Take a vessel, and make a *false* bottom of coarse canvass: fill it with earth above the canvass.—*Bacon, Natural and Experimental History.*

4. Counterfeit: (as opposed to *real*; as, 'a *false* diamond').

False tears true pity moves; the king commands
To loose his fetters. *Dryden, Virgil's Æneid.*

When the hip-joint has been dislocated, and long delay has made it impossible to restore the parts to their proper places, the head of the thigh-bone, imbedded in the surrounding muscles, becomes fixed in its new position by attachments of fibrous tissue, which afford support enough to permit a halting walk. But the most remarkable modification of this order occurs in ununited fractures. *False* joints are often formed—joints which rudely simulate the hinge structure or the ball-and-socket structure, according as the muscles tend to produce a motion of flexion and extension or a motion of rotation.—*Herbert Spenser, Inductions of Biology.*

Used *adverbially.*

What thou wouldst highly,
That thou wouldst holily; would'st not play *false*,
And yet wouldst wrongly win.
Shakespear, Macbeth, i. 5.

False. *v. a. Obsolete.*

1. Violate by failure of veracity.

Is't not enough that to this lady mild,
Thou *falsed* hast thy faith with perjury?
Spenser, Faerie Queen.

'Tis gold
Which buys admittance; oft it doth: yea, and makes
Diana's rangers *false* themselves.
Shakespear, Cymbeline, ii. 3.

2. Feign: (as in apparently aiming at one part when another is meant to be struck).

But Guyon, in the heat of all his strife,
Was wary wise, and closely did await
Avauntage, whilst his foe did rage most rife;
Sometimes athwart, sometimes he strook him straight,
And *falsed* oft his blows, t'illude him with such bait.
Spenser, Faerie Queen.

Fálsed. *part. adj.* Deceived; falsified.

Fair seemly pleasance each to other makes,
With goodly purposes there as they sit;
And in his *falsed* fancy he her takes
To be the fairest wight that lived yet.
Spenser, Faerie Queen.
With a *falsed* sorry jest. *Watson, Sonnets*, 32.

Fálsehood. *s.*

1. Want of truth; want of veracity; want of honesty; treachery; deceitfulness; perfidy.

Artificer of fraud: he was the first
That practis'd *falsehood* under saintly show.
Milton, Paradise Lost, iv. 121.

All deception in the course of life is, indeed, nothing else but a lie reduced to practice, and *falsehood* passing from words to things.—*South, Sermons.*

2. Lie; false assertion.

In your answers there remains *falsehood*.—*Job*, xxi. 34.

For no *falsehood* can endure
Touch of celestial temper, but returns
Of force to its own likeness.
Milton, Paradise Lost, iv. 811.

Fálsely. *adv.* In a false manner; untruly; deceitfully; fallaciously.

Simeon and Levi spake not only *falsely* but insidiously, nay hypocritically, abusing proselytes and religion.—*Dr. H. More, Government of the Tongue.*

Tell him, I did in vain his brother move,
And yet he *falsely* said he was in love;
Falsely; for had he truly lov'd, at least,
He would have giv'n one day to my request.
Dryden, Aurengzebe.

Fálseness. *s.* Attribute suggested by False.

Pr'ythee speak;
Falseness cannot come from thee, for thou look'st
Modest as justice. *Shakespear, Pericles*, v. 1.

King Richard might create a perfect guess,
That great Northumberland, then false to him,
Would of that seed grow to a greater *falseness*.
Id., Henry IV. Part II. iii. 1.

Suppose the reverse of virtue were solemnly enacted, and the practice of fraud and rapine, and perjury and *falseness* to a man's word, and all vice were established by a law, would that which we now call vice gain the reputation of virtue, and that which we now call virtue grow odious to human nature?—*Archbishop Tillotson.*

Piety is opposed to hypocrisy and insincerity, and all *falseness* or foulness of intentions, especially to personated devotion.—*Hammond, On Fundamentals.*

The prince is in no danger of being betrayed by the *falseness*, or cheated by the avarice of such a servant.—*Rogers.*

Fálser. *s.* False person; falsifier. *Rare.*

Such end had the kid; for he nould warned be
Of craft, coloured with simplicity;
And such end, perdie, does all them remain,
That of such *falsers'* friendship been fain.
Spenser, Shepherd's Calendar, May.

Falsétto. *s.* [Italian.] In *Music.* That part of the voice which lies above its natural compass, and is produced by diminishing the aperture of the throat.

The mock heroic *falsetto* of stupid tragedy.—*Burke, Thoughts on a Regicide Peace.*

Falsificátion. *s.* Act of altering anything so as to make it appear what it is not.

To counterfeit the dead image of a king in his coin is an high offence; but to counterfeit the living image of a king in his person, exceedeth all *falsifications*; except it should be that of a Mahomet, that counterfeits Divine honour.—*Bacon.*

Concerning the word of God, whether it be by misconstruction of the sense, or by *falsification* of the words, wittingly to endeavour that any thing may seem divine which is not, is very plainly to abuse, and even to falsify Divine evidence, which injury, offered but unto men, is most worthily counted heinous.—*Hooker, Ecclesiastical Polity.*

Fálsificator. *s.* Falsifier.

He discovereth a malign itch to have made me a *falsificator* like himself.—*Bishop Morton, Discharge of five Imputations from the Romish Party*, p. 175.

Fálsifier. *s.* One who falsifies.

a. By debasing coin.

That punishment which is appointed for the forgers and *falsifiers* of the king's coin.—*Ascham, Toxophilus*, b. i.

It happens in theories built on too obvious or too few experiments, what happens to *falsifiers* of coin; for counterfeit money will endure some one proof, others another, but none of them all proofs.—*Boyle.*

b. By lying, or misrepresentation.

Boasters are naturally *falsifiers*, and the people, of all others, that put their shams the worst together. —*Sir R. L'Estrange.*

Fálsify. *v. a.*

1. Counterfeit; forge; produce something for that which in reality it is not.

The Irish bards use to forge and *falsify* every thing as they list, to please or displease any man.—*Spenser, View of the State of Ireland.*

Falsifying the balances by deceit.—*Amos*, viii. 5.

It may be doubted whether any dispute has produced stranger perversions of history. The whole past was *falsified* for the sake of the present. All the great events of three centuries long appeared to us distorted and discoloured by a mist sprung from our own theories and our own passions.—*Macaulay, History of England*, ch. xviii.

2. Confute; prove false.

Our Saviour's prophecy stands good in the destruction of the temple and the dissolution of the Jewish œconomy, when Jews and Pagans united all their endeavours, under Julian the apostate, to baffle and *falsify* the prediction.—*Addison.*

3. Violate; break by falsehood.

It shall be thy work, thy shameful work, which is in thy power to shun, to make him live to see thy faith *falsified*, and his bed defiled.—*Sir P. Sidney.*

He suddenly *falsified* his faith, and villainously slew Selymes the king as he was bathing himself, mistrusting nothing less than the falsehood of the pirate.—*Knolles, History of the Turks.*

This superadds treachery to all the other pestilent ingredients of the crime; 'tis the *falsifying* the most important trusts.—*Dr. H. More, Decay of Christian Piety.*

4. See extracts.

His crest is rash'd away, his ample shield
Is *falsify'd*, and round with jav'lins fill'd.
Dryden, Virgil's Æneid.

My friends quarrelled at the word *falsified*, as an innovation in our language. The fact is confessed; for I remember not to have read it in any English author, though perhaps it may be found in Spenser's Fairy Queen. But suppose it be not there; why am I forbidden to borrow from the Italian, a polished language, the word which is wanting in my native tongue? Horace has given us a rule for coining words, si Græco fonte cadant, especially when other words are joined with them which explain the sense. I used the word *falsify*, in this place, to mean that the shield of Turnus was not of proof against the spears and javelins of the Trojans, which had pierced it through and through in many places. The words which accompany this new one, make my meaning plain:

'Ma si l' usbergo d' ambi era perfetto,
Che mai poter *falsarlo* in nessun canto.'
(Ariosto, cant. xxvi.)

Falsar cannot otherwise be turned than by *falsified*: for his shield was *falsed*, is not English. I might indeed have contented myself with saying his shield was pierced, and bored, and stuck with javelins.—*Dryden.*

Dryden, with all this effort, was not able to naturalise the new signification, which I have never seen copied, except once by some obscure nameless writer, and which indeed deserves not to be received.—*Johnson.*

The word certainly deserves not to be received in this sense; but it appears to have been a phrase of the fencing-school for thrust, from a passage in Beaumont and Fletcher, which Dryden probably had once noticed, (for he had the highest opinion of the language of these dramatists,) but had forgotten. Dr. Johnson says, that he had once seen the word copied; but he was not aware that Dryden himself was a copier.—*Todd.*

Fálsify. *s.* In *Fencing.* See preceding extracts.

How can he stand
Upon his guard who hath fidlers in his head,
To which his feet must ever be a dancing?
Beside, a *falsify* may spoil his cringe,
Or making of a leg, in which consists
Much of his court-perfection.
Beaumont and Fletcher, Coronation.

Fálsify. *v. n.* Tell lies; violate truth. *Rare.*

This point have we gained, that it is absolutely and universally unlawful to lie and *falsify*.—*South, Sermons.*

Fálsity. *s.*

1. Falsehood; contrariety to truth.

Neither are they able to break through those errours, wherein they are so determinately settled, that they pay unto *falsity* the whole sum of whatsoever love is owing unto God's truth.—*Hooker, Ecclesiastical Polity.*

Can you on him such *falsities* obtrude?
And as a mortal the Most Wise delude? *G. Sandys.*

Probability does not make any alteration, either in the truth or *falsity* of things; but only imports a different degree of their clearness or appearance to the understanding.—*South, Sermons.*

2. Lie; error; false assertion or position.

By *falsities* and lies the greatest part
Of mankind they corrupted.
Milton, Paradise Lost, i. 367.

That Danubius ariseth from the Pyrenean hills, that the earth is higher towards the north, are opinions truly charged on Aristotle by the restorer of Epicurus, and all easily confutable *falsities*.—*Glanville, Scepsis Scientifica.*

Truth, again, is often used in the sense of reality, τὸ ὄν. People speak of the truth or *falsity* of facts; properly speaking, they are either real or fictitious: it is the statement that is 'true' or 'false.' The 'true' cause of any thing, is a common expression; meaning 'that which may with truth be assigned as the cause.' The senses of falsehood correspond.—*Whately, Logic*, appendix.

Fálter. *v. n.* [?] Hesitate as one who reels or trips from feebleness.

This earth shall have a feeling; and these stones
Prove armed soldiers, ere her native king
Shall *falter* under foul rebellious arms.
Shakespear, Richard II. iii. 2.

Fálter. *v. a.* [?] Sift; cleanse.

Barley for malt must be bold, dry, sweet, and clean *faltered* from foulness, seeds and oats.—*Mortimer, Husbandry.*

Fáltering. *part. adj.* Hesitating.

With *faltering* tongue, and trembling ev'ry vein,
Tell on, quoth she. *Spenser, Faerie Queen.*

Fáltering. *verbal abs.* Feebleness; deficiency.

The deliquium and *faltering* of our spirits, the violence and torment of bodily pains.—*Killingbeck, Sermons*, p. 238.

Fámble. *v. a.* [Swedish, *famn* = embrace, hand.] See extract. *Rare*, or *colloquial.*

Bequayer; to *famble*, to maffle in the mouth as a child that but begins to speak.—*Cotgrave.*

Fame. *s.* [Lat. *fama.*]

1. Celebrity; renown.

The house to be builded for the Lord must be exceeding magnifical, of *fame* and of glory throughout all countries.—1 *Chronicles*, xxii. 5.

2. Report; rumour.

We have heard the *fame* of him, and all that he did in Egypt.—*Joshua*, ix. 9.

Fame. *v. a. Rare.*

1. Make famous.

Your second birth
Will *fame* old Lethe's flood.
B. Jonson, Masque of Christmas.

Pr'ythee who *fames* thee? — *Beaumont and Fletcher, King and no King.*

2. Report.

That Richard ... should *fame* king Edward the fourth a bastard.—*Sir G. Buck, History of King Richard III.* p. 82.

Fámed. *part. adj.* Renowned; celebrated; much talked of.

He purposes to seek the Clarian god,
Avoiding Delphos, his more *fam'd* abode,
Since Phlegian robbers made unsafe the road.
Dryden.

Fámeless. *adj.* Having no fame; without renown.

May he die *fameless* and forgot!—*Beaumont and Fletcher, Bonduca.*

Familiar. *adj.* [Lat. *familiaris.*]

1. Domestic; relating to a family.

They range *familiar* to the dome. *Pope.*

2. Affable; not formal; easy in conversation.

Be thou *familiar*, but by no means vulgar.
Shakespear, Hamlet, i. 3.

Be not too *familiar* with Poins; for he misuses thy favours so much, that he swears thou art to marry his sister Nell.—*Id., Henry IV. Part II.* ii. 2, letter.

3. Unceremonious; free (as among persons long acquainted).

Kalandar streight thought he saw his niece Parthenia, and was about in such *familiar* sort to have spoken unto her; but she, in grave and honourable manner, gave him to understand that he was mistaken.—*Sir P. Sidney.*

4. Well known; brought into knowledge by frequent practice or custom.

I see not how the Scripture could be possibly made *familiar* unto all, unless far more should be read in the people's hearing than by a sermon can be opened. —*Hooker, Ecclesiastical Polity.*

5. Well acquainted with; accustomed; habituated by custom.

The senses at first let in particular ideas, and the mind, by degrees, growing *familiar* with some of them, they are lodged in the memory, and names got to them.—*Locke.*

He was amazed how so impotent and groveling an insect as I could entertain such inhuman ideas, and in so *familiar* a manner, as to appear wholly unmoved at all the scenes of blood and desolation.—*Swift, Gulliver's Travels.*

6. Common; frequent.

To a wrong hypothesis may be reduced the errours that may be occasioned by a true hypothesis, but not rightly understood: there is nothing more *familiar* than this.—*Locke.*

7. Easy; unconstrained.

He unreins
His muse, and sports in loose *familiar* stra[illegible]

8. Too nearly acquainted.

A poor man found a priest *familiar* with [illegible]
and because he spake it abroad and could n[illegible]
it, the priest sued him for defamation.—*Can*[illegible]ive

9. Often applied, in the Bible, to sp[illegible]
(supposed by some to allude to those[illegible]as to
imposed on mankind by pretending to [illegible]ously
a spirit or demon speaking from [illegible] has
their bodies). [illegible] un-

Thy voice shall be as of one that hath a *fa*[illegible] the
spirit.—*Isaiah*, xxix. 4.

Familiar. *s.* [illegible] d by

1. Intimate; one long acquainted. [illegible]erly,

The king is a noble gentleman and my *fami*[illegible]
Shakespear, Love's Labour's lost, v. 1. [illegible], *Sys-*

2. Demon supposed to attend at call.

Love is a *familiar*: love is a devil: there is [illegible] so-
angel but love.—*Shakespear, Love's Labour'* [illegible]sion
i. 2. [illegible] that

3. Of the Inquisition. See Inquisitio[illegible]

Familiárity. *s.* [illegible] from

1. Easiness of conversation; omission [illegible]em-
ceremony; affability; easy intercours[illegible] [illegible]rsely

They say any mortals may enjoy the most
mate *familiarities* with these gentle spirits.—[illegible]

2. Acquaintance; habitude. [illegible]ii. 2.

We contract at last such an intimacy and [illegible]ribe
liarity with them, as makes it difficult and ir[illegible]ody,
for us to call off our minds.—*Bishop Atterbur*[illegible] the

Familiarizátion. *s.* Act or process of m[illegible]sus-
ing familiar; result of such. [illegible] of a

There can be no question that a constant [illegible]pro-
liarisation with such scenes blunts the feeling[illegible], on
does not harden the heart. The butcher's wif[illegible]ause
bribed her baby to take physic by promising [illegible]ing
were a good child, that it should stick a lamb[illegible]vi-
next morning, saw nothing revolting in the id[illegible] of
killing that by the death of which she liv[illegible]ing
Theodore Hook, Gilbert Gurney, vol. ii. ch. i. [illegible]tly.

Familiarize. *v. a.* [illegible]on,

1. Make familiar; make easy by habit; m[illegible]her
common. [illegible]me

Being *familiarized* to it, men are not shocke[illegible]d-
it.—*Bishop Butler, Analogy of Religion, nat*[illegible]he
and revealed, to the Constitution and Course of [illegible]lf-
ture. [illegible] to

Wethamstede, the learned and liberal abbot of [illegible] of
St. Alban's, being desirous of *familiarising* the history of his patron saint to the monks of his convent.—*T. Warton, History of English Poetry*, ii. 53.

By the intelligible preaching of this wonderful art, King Bogoris hoped to *familiarise* men's minds with the tenets of the Gospel. But he knew his people; images of terror alone would touch their savage hearts. By his advice, Methodius painted the Last Judgement; he represented the punishment of the damned with all the horrors his imagination could suggest, or his pencil execute.—*Milman, History of Latin Christianity*, b. v. ch. viii.

Dr. Reid had to employ a world of argument and illustration to *familiarize* people with the truth, that the sensations or impressions on our minds need not necessarily be copies of, or bear any resemblance to, the causes which produce them; in opposition to the natural prejudice which led people to assimilate the action of bodies upon our senses, and through them upon our minds, to the transfer of a given form from one object to another by actual moulding.—*Mill, System of Logic*, v. 3, § 8.

2. Bring down from a state of distant superiority.

The genius smiled upon me with a look of compassion and affability that *familiarized* him to my imagination, and at once dispelled all fear and apprehensions.—*Addison, Spectator.*

Familiarizing. *verbal abs.* Rendering or making familiar; familiarization.

It has nothing in common with the black horrors, sung by Ford and Massinger. The *familiarizing* of it in tale and fable may be for that reason incidentally more contagious.—*Lamb, Letter to Southey.*

Familiarly. *adv.* In a familiar manner.

The governour came to us, and after salutations, said *familiarly*, that he was come to visit us, and called for a chair and sat him down.—*Bacon, New Atlantis.*

Lesser mists and fogs than those which covered Greece with so long darkness, do *familiarly* present our senses with as great alterations in the sun and moon.—*Sir W. Raleigh, History of the World.*

Horace still charms with graceful negligence,
And without method talks us into sense;
Will, like a friend, *familiarly* convey
The truest notions in the easiest way. *Pope.*

Familiarness. *s.* Attribute suggested by Familiar: (Familiarity *commoner*).

They that hear these things are much taken with them, and readily give assent to them, and presently infer their credibility from the obviousness and *familiarness* of the matter.—*Translation of Plutarch's Morals*, iv. 124. (Ord MS.)

Familism. *s.* System of tenets, doctrine, discipline, or economy of the Familists.

We see one tainted with popery, ... another with *familism*; and all these run a madding after their own fancies.—*Bishop Hall, Remains*, p. 5.

Familist. *s.*

1. One of a sect called the Family of Love.

Though the *familists*, libertines, and anabaptists, stand in opposition to papists; yet the great fowler of souls catcheth them all with the same foul birdlime of impure lusts.—*Pagitt, Heresiography*, p. 208.

2. Master of a family; family man. *Rare.*

'If you will needs be a *familist*, and marry, muster not the want of issue among your greatest afflictions.—*Osborn, Advice to a Son*, p. 70: 1658.

Family. *s.*

1. Members of the same household.

The night made little impression on myself; but I cannot answer for my whole *family*; for my wife prevailed on me to take somewhat.—*Swift.*

2. Body of descendants from one common progenitor; race; tribe; generation.

Of Gershon was the *family* of the Libnites.—*Numbers*, iii. 21.

3. Course of descent; genealogy.

If thy ancient but ignoble blood
Has crept through scoundrels ever since the flood,
Go and complain thy *family* is young,
Nor own thy fathers have been fools so long. *Pope.*

4. Class; tribe; species.

There be two great *families* of things, sulphureous and mercurial, inflammable and not inflammable, mature and crude, oily and watery.—*Bacon, Natural and Experimental History.*

It remains to consider how the internal distribution of the series may most properly take place: in what manner it should be divided into orders, *families*, and genera.—*Mill, System of Logic*, iv. 8, § 4.

Often used *adjectivally*; as, '*family* prayers, dinners, quarrel, man.'

Famine. *s.* [Fr. *famine*; Lat. *fames*.] Scarcity of food; dearth; distress for want of victuals.

Our castle's strength
Will laugh a siege to scorn: here let them lie,
Till *famine* and the ague eat them up.
Shakespear, Macbeth, v. 5.

Famines have been of late observed to be rare, partly because of the industry of mankind, partly by those supplies that come by sea, but principally by the goodness of God.—*Sir M. Hale.*

Famish. *v. a.* Kill with hunger; starve.

What, did he marry me to *famish* me?
Shakespear, Taming of the Shrew, iv. 3.

With *of.*

Thin air
Above the clouds will pine his entrails gross,
And *famish* him *of* breath, if not *of* bread.
Milton, Paradise Lost, xii. 76.

Famish. *v. n.* Die of hunger; suffer extreme hunger.

You are all resolved rather to die than to *famish*.—*Shakespear, Coriolanus*, i. 1.

Famished. *part. adj.* Afflicted with extreme hunger.

The pains of *famished* Tantalus he'll feel,
And Sisyphus that labours up the hill
The rolling rock in vain; and curst Ixion's wheel.
Dryden.

Famishment. *s.* Pain of hunger; want of food. *Rare.*

So sore was the *famishment* in the land.—*Genesis*; xlvii. 13. (Mathewe's Translation.)

Laugh and be fat, sith all you touch is gold,
Though that food your soul's *famishment* affords.
Sir J. Davies, Wit's Pilgrimage, sign. V. 2. b.

Apicius, thou did'st on thy gut bestow
Full ninety millions, yet when this was spent,
Ten millions still remained to thee; which thou,
Fearing to suffer thirst and *famishment*,
In poison'd potion drank'st. *Hakewill, Apology.*

Famous. *adj.* [Fr. *fameux*; Lat. *famosus*.]

1. Renowned; celebrated; much talked of and praised.

There rose up before Moses two hundred and fifty princes of the assembly, *famous* in the congregation, men of renown.—*Numbers*, xvi. 2.

Many, besides myself, have heard our *famous* Waller own that he derived the harmony of his numbers from the Godfrey of Bulloign, turned into English by Fairfax.—*Dryden.*

2. Notorious; enjoying fame, whether good or ill: (in the latter case like the Latin *famosus*, which has the sense of *infamous*).

Menecrates and Menas, *famous* pirates,
Make the sea serve them.
Shakespear, Antony and Cleopatra, i. 4.

The death of slaves and *famous* malefactors.—*Archbishop Tillotson, Sermon on 1 John*, iv. 9.

Famoused. *adj.* Renowned; much talked of; famous. *Rare.*

The painful warriour *famoused* for fight.
Shakespear, Sonnet 25.

The wine is indeed the most generous grape of Persia, and *famoused* all over the Orient.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 130.

Famously. *adv.* In a famous manner.

1. With great renown; with great celebration.

Then this land was *famously* enriched
With politick grave counsel; then the king
Had virtuous uncles to protect his grace.
Shakespear, Richard III. ii. 3.

2. Notoriously.

He had never been praised by Gabriel Harvey for his labour, if therein he had not been so *famously* absurd.—*Nash, Apology of Pierce Pennilesse*: 1593.

Famousness. *s.* Attribute suggested by Famous; celebrity; great fame.

Famousness, unattended with endearing causes, is a quality so undesirable, that even infamy and folly can confer it.—*Boyle, Considerations on the Style of the Holy Scriptures*, p. 186.

Famulus. *s.* [Lat. = servant.] Familiar spirit of a magician; (*figuratively*) any drudge, doer of hard or dirty work under a superior: (*devil*, in such phrases as printer's *devil*, the Solicitor-General's *devil*, illustrates the same association of ideas).

The great gulf of Tophet, and tenth of August, opened itself at the magic of your eloquent voice; and lo now, it will not close at your voice! It is a dangerous thing such magic. The magician's *famulus* got hold of the forbidden book, and summoned a goblin: 'Plait-il,' What is your will? said the goblin. The *famulus*, somewhat struck, bade him fetch water: the swift goblin fetched it, pail in each hand; but lo, would not cease fetching it! Desperate, the *famulus* shrieks at him, smites at him, cuts him in two; lo, two goblin water-carriers ply; and the house will be swum away in Deucalion deluges.—*Carlyle, The French Revolution*, pt. iii. b. iii. ch. iii.

Fan. *s.* [A.S. *fann*; Lat. *vannus*.]

1. Instrument used by ladies to move the air and cool themselves.

With scarfs, and *fans*, and double change of bravery,
With amber bracelets, beads, and all this knavery.
Shakespear, Taming of the Shrew, iv. 3.

'Tis a sweet walk; and if the wind be stirring,
Serves like a *fan* to cool.
Beaumont and Fletcher, Knight of Malta.

2. Anything spread out like a woman's fan in a triangular form with a broad base.

As a peacock and crane were in company, the peacock spread his tail, and challenged the other to shew him such a *fan* of feathers.—*Sir R. L'Estrange.*

3. Instrument by which the chaff is blown away when corn is winnowed.

Flaile, strawfork, and rake, with a *fan* that is strong.
Tusser, Hundred Points of good Husbandry.

Asses shall eat clean provender, winnowed with the shovel and with the *fan*.—*Isaiah*, xxx. 24.

4. Instrument (generally) by which the air is moved.

Nature worketh in us all a love to our own counsels: the contradiction of others is a *fan* to inflame that love.—*Hooker, Ecclesiastical Polity.*

From prison broke;
Then stretch'd his feather'd *fans* with all his might,
And to the neighb'ring maple wing'd his flight.
Dryden.

Fan. *v. a.*

1. Cool with a fan.

She was *fanned* into slumbers by her slaves.—*Spectator.*

2. Ventilate; affect by air put in motion.

The Norweyan banners flout the sky,
And *fan* our people cold.
Shakespear, Macbeth, i. 2.

And now his shorter breath, with sultry air,
Pants on her neck, and *fans* her parting hair.
Pope.

3. Separate, as by winnowing.

I have collected some few, therein *fanning* the old, not omitting any.—*Bacon, Apophthegms.*

Not so the wicked; but as chaff, which, *fann'd*,
The wind drives, so the wicked shall not stand
In judgement. *Milton, Psalm*, i. 11.

Fanátic. *adj.* [Lat. *fanaticus*.] Enthusiastic; struck with a superstitious frenzy.

Osiris, Isis, Orus, and their train,
With monst'rous shapes and sorceries abus'd
Fanatick Egypt, and her priests, to seek
Their wand'ring gods disguis'd in brutish forms.
Milton, Paradise Lost, i. 478.

Fanátic. *s.* Enthusiast; man mad with wild notions of religion.

The double armature of St. Peter is a more destructive engine than the tumultuary weapon snatcht up by a *fanatick*.—*Dr. H. More, Decay of Christian Piety.*

There is a new word coined, within few months, [of May, 1660] called *fanatics*, which, by the close stickling thereof, seemeth well cut out and proportioned to signify what is meant thereby, even the sectaries of our age. Some (most forcedly) will have it Hebrew, derived from the word to see or face one, פנה *vidit*, importing such whose piety consisteth chiefly in visage, looks, and outward shows; others will have it Greek, from φαίνομαι, to show and appear; their meteor piety consisting only in short blazing, the forerunner of their extinction. But most certainly the word is Latin, from *fanum*, a temple; and *fanatici* were such who, living in or attending thereabouts, were frighted with *spectra*, or apparitions, which they either saw or fancied themselves to have seen. These people, in their fits and wild raptures, pretended to strange predictions:

'ut fanaticus œstro
Percussus, Bellona, tuo divinat; Et ingens
Omen habes, inquit, magni clarique triumphi.'
(Juv. Sat. iv.)

'Ut mala quem scabies, ut morbus regius urget,
Aut fanaticus error.' (Hor. in Poet.)
Fuller, Mixt Contemplations on these Times.

Fanátical. *adj.* Fanatic.

I cannot but earnestly desire, and pray for, an effectual reformation of manners and propagation of the Gospel by all sober and christian methods; but may venture to foretel, without pretending to the spirit of prophesying, that this great work will never be accomplished by an enthusiastick and *fanatical* head.—*Bishop Lavington, Enthusiasm of Methodists and Papists compared*, pref.

Fanátically. *adv.* In a fanatic manner; in a wild enthusiastic way.

The liberty they pursued was a liberty from order, from virtue, from morals, and from religion; and was neither hypocritically nor *fanatically* followed.—*Burke.*

Fanáticalness. *s.* Attribute suggested by Fanatical; religious frenzy.

That temper of profaneness, whereby a man is disposed to contemn and despise all religion, how slightly soever men may think of it, is much worse than infidelity, than *fanaticalness*, than idolatry: and of the two 'tis much more eligible for a man to be an honest heathen and a devout idolator, than a profane Christian.—*Bishop Wilkins, Principles and Duties of Natural Religion*, ii. 1.

Fanáticism. *s.* Enthusiasm; religious frenzy.

A church whose doctrines are derived from the clear fountains of the Scriptures, whose polity and discipline are formed upon the most uncorrupted models of antiquity, which has stood unshaken by the most furious assaults of popery on the one hand, and *fanaticism* on the other; has triumphed over all the arguments of its enemies, and has nothing now to contend with but their slanders and calumnies.—*Rogers.*

Western Christendom was still aggressive. Its first effort was to reclaim Britain, which had been almost entirely lost to pagan barbari[redacted] indeed, but constantly in advance, [redacted] of the Saracenic invasion by Charl[redacted] tianity remained, if not undispu[redacted]

sovereign of all Europe, with the exception of the Mauro-Spanish kingdom and some of the Mediterranean islands. . . . Many centuries later, a new Asiatic race, the Seljukian Turks, a new outburst, as it were, with much of the original religious *fanaticism*, precipitated itself upon Europe, and added the narrow remnant of the Greek empire to Islamism and Asiatic influence.—*Milman, History of Latin Christianity*, b. iv. ch. iii.

In the *plural*. Instance or particular form of fanaticism.

This battle of Mountain and Gironde, and what follows, is the battle of *fanaticisms* and miracles; unsuitable for cause and effect.—*Carlyle, The French Revolution*, pt. iii. b. iii. ch. i.

Fánciful. *adj.* Imaginative, rather guided by imagination than reason (of *persons*); dictated by the imagination, not the reason; full of wild images (of *things*).

What treasures did he bury in his sumptuous buildings! and how foolish and *fanciful* were they! —*Sir J. Hayward.*

Fáncifully. *adv.* In a fanciful manner.

What conceited old man is this, said he, that talks thus *fancifully?*—*Dr. H. More, Antidote against Idolatry*, preface.

Fáncifulness. *s.* Attribute suggested by Fanciful; addiction to the pleasures of imagination; habit of following fancy rather than reason.

Albertus Magnus, with somewhat too much curiosity, was somewhat transported with too much *fancifulness* towards the influences of the heavenly motions, and astrological calculations.—*Sir M. Hale, Origination of Mankind.*

Doctrines stand to principles, if it may be said without *fancifulness*, as the principle of fecundity to generation, though this analogy must not be strained. Doctrines are developed by the operation of principles, and develope differently according to those principles. Thus a belief in the transitiveness of worldly goods leads the Epicurean to enjoyment, and the ascetic to mortification; and, from their common doctrine of the sinfulness of matter, the Alexandrian Gnostics became sensualists, and the Syrian devotees. The same philosophical elements, received into a certain sensibility or insensibility to sin and its consequences, leads one mind to the Church of Rome; another to what, for want of a better word, may be called Germanism.—*Newman, Essay on the Development of Christian Doctrine.*

Fáncy. *s.* [contracted from *phantasy*; Lat. *phantasia*; Gr. *φαντασία*.]

1. Imagination; power by which the mind forms to itself images and representations of things, persons, or scenes of being.

In the soul
Are many lesser faculties, that serve
Reason as chief: among those *fancy* next
Her office holds; of all external things,
Which the five watchful senses represent,
She forms imaginations, airy shapes,
Which reason joining, or disjoining, frames
All what we affirm, or what deny, and call
Our knowledge or opinion.
Milton, Paradise Lost, v. 100.

2. Opinion bred rather by the imagination than the reason.

Men's private *fancies* must give place to the higher judgement of that church which is in authority over them.—*Hooker, Ecclesiastical Polity.*

A person of a full and ample fortune, who was not disturbed by any *fancies* in religion.—*Lord Clarendon.*

I have always had a *fancy*, that learning might be made a play and recreation to children.—*Locke.*

3. Taste; idea; conception of things.

The little chapel called the Salutation is very neat, and built with a pretty *fancy*.—*Addison, Travels in Italy.*

4. Image; conception; thought.

How now, my lord, why do you keep alone;
Of sorriest *fancies* your companions making,
Using those thoughts which should indeed have died
With them they think on?
Shakespear, Macbeth, iii. 2.

5. Inclination; liking; fondness; preference: (sometimes used *adjectivally* in a combination giving a slang expression, as in '*fancy* man').

Tell me where is *fancy* bred,
Or in the heart, or in the head?
How begot, how nourished?
It is engender'd in the eyes,
With gazing fed, and *fancy* dies
In the cradle where it lies.
Shakespear, Merchant of Venice, iii. 2, song.
[illegible] lay extremely to travelling.—*Sir R.*

A resemblance of humour or opinion, a *fancy* for the same business or diversion, is a ground of affection.—*Collier.*

6. Caprice; humour; whim.

True worth shall gain me, that it may be said
Desert, not *fancy*, once a woman led.
Dryden, Indian Emperour.

The sultan of Egypt kept a good correspondence with the Jacobites towards the head of the Nile, for fear they should take a *fancy* to turn the course of that river.—*Arbuthnot.*

One that was just entering upon a long journey, took up a *fancy* of putting a trick upon Mercury.—*Sir R. L'Estrange.*

7. False notion.

The altering of the scent, colour, or taste of fruit, by infusing, mixing, or cutting into the bark or root of the tree, herb, or flower, any coloured, aromatical, or medicinal substance, are but *fancies*: the cause is, for that those things have passed their period, and nourish not.—*Bacon, Natural and Experimental History.*

8. Something that pleases or entertains without real use or value: (often used *adjectivally*, as in 'a *fancy* fair').

London-pride is a pretty *fancy* for borders.—*Mortimer.*

Fáncy. *v. n.* Imagine; believe without being able to prove.

The heart *fancieth* as a woman's heart in travail. —*Ecclesiasticus*, xxxiv. 5.

Fáncy. *v. a.*

1. Portray in the mind; image to oneself; imagine.

But he whose noble genius is allow'd,
Who with stretch'd pinions soars above the crowd;
Who mighty thought can clothe with manly dress,
He whom I *fancy*, but can ne'er express.
Dryden, Juvenal's Satires.

2. Like; be pleased with.

Ninus both admiring her judgment and valour, together with her person and external beauty, *fancied* her so strongly, as, neglecting all princely respects, he took her from her husband.—*Sir W. Raleigh, History of the World.*

It is a little hard that the queen cannot demolish this town in whatever manner she pleaseth to *fancy*. —*Swift.*

Fáncyfrée. *adj.* [two words rather than a compound.] Free from the power of love.

The imperial votaress passed on,
In maiden meditation, *fancy-free.*
Shakespear, Midsummer-Night's Dream, ii. 2.

Fáncymonger. *s.* One who deals in tricks of imagination.

There is a man haunts the forest, that abuses our young plants with carving Rosalind on their barks; hangs odes upon hawthorns, and elegies on brambles; all, forsooth, deifying the name of Rosalind. If I could meet that *fancymonger*, I would give him some good counsel; for he seems to have the quotidian of love upon him.—*Shakespear, As you like it*, iii. 2.

Fáncysick. *adj.* One whose imagination is unsound; one whose distemper is in his own mind.

All *fancysick* she is, and pale of cheer.
Shakespear, Midsummer-Night's Dream, iii. 2.

'Tis not necessity, but opinion, that makes men miserable; and when we come to be *fancysick*, there's no cure.—*Sir R. L'Estrange.*

Fandángo. *s.* [Spanish.] Spanish dance so called.

Our evening ended with a ball, where we had for the first time the pleasure of seeing the *fandango* danced. It is odd and entertaining enough, when they execute with precision and agility all the various footings, wheelings of the arms, and crackings of the fingers: but it exceeds in wantonness all the dances I ever beheld.—*Swinburne, Travels through Spain*, letter 6.

Fandango, ball, or rout,
Blush, when I tell you how a bird
A prison with a friend preferred,
To liberty without.
Cowper.

Not love-lorn Quixote, when his Sancho thought
The knight's *fandango* friskier than it ought;
Not soft Herodias, when, with winning tread,
Her nimble feet danced off another's head;
Not Cleopatra on her galley's deck,
Display'd so much of leg, or more of neck,
Than thou, ambrosial Waltz, when first the moon
Beheld thee twirling to a Saxon tune!
Byron, The Waltz.

Fane. *s.* [Fr. *fane*; Lat. *fanum*.] Temple; place consecrated to religion. *Rhetorical.*

Nor *fane*, nor capitol,
The prayers of priests, nor times of sacrifice,
Embarments all of fury shall lift up
Their rotten privilege!
Shakespear, Coriolanus, i. 10.

Old Calibe, who kept the sacred *fane*
Of Juno, now she seem'd.
Dryden, Virgil's Æneid.

Fánfare. *s.* [Fr., scarcely naturalized.] Sounding of trumpets, or coming into the lists with sound of trumpets; hence also any public bravado or flourish, any loud-resounding brag or ostentation.

Fanfare [is] a sort of military air or flourish, commonly short and lively, which is performed by trumpets, and imitated by other instruments.—*Appendix to Musical Dictionary*, p. 20: 1769.

Fánfaron. *s.* [Fr., scarcely naturalized.] Bully; hector; blusterer; boaster.

Virgil makes Æneas a bold avower of his own virtues, which, in the civility of our poets, is the character of a *fanfaron* or hector.—*Dryden, Essay on Dramatick Poesy.*

There are *fanfarons* in the trials of wit too, as well as in feats of arms; and none so forward to engage in argument or discourse as those that are least able to go through with it.—*Sir R. L'Estrange.*

Fanfaronáde. *s.* [Fr. *fanfaronnade*.] Bluster; bragging; ostentatious display.

The bishop copied this proceeding from the *fanfaronade* of Monsieur Boufflers.—*Swift.*

Fang. *v. a.* [see Fetch.] Seize; gripe; clutch.

Destruction *fang* mankind!
Shakespear, Timon of Athens, iv. 3.

Fang. *s.*

1. Tusk of a boar or other animal by which the prey is seized and held; anything like a tusk.

Here feel we but the penalty of Adam,
The season's difference; as the icy *fang*
And churlish chiding of the winter's wind;
Which, when it bites and blows upon my body,
Ev'n till I shrink with cold, I smile and say,
This is no flattery. *Shakespear, As you like it*, ii. 1.

Some creatures have overlong or outgrowing teeth, which we call *fangs* or tusks; as boars, pikes, salmons, and dogs, though less.—*Bacon, Natural and Experimental History.*

Prepar'd to fly,
The fatal *fang* drove deep within his thigh,
And cut the nerves: the nerves no more sustain
The bulk; the bulk, unprop'd, falls headlong on the plain. *Dryden, Translation from Ovid.*

Then charge, provoke the lion to the rage
Of *fangs* and claws. *Addison, Cato.*

2. Any shoot or other thing by which hold is taken.

The protuberant *fangs* of the yuca are to be treated like the tuberoses.—*Evelyn, Calendarium hortense.*

Fánged. *part. adj.* Furnished with fangs or long teeth; furnished with any instruments of destruction, which can be exercised in imitation of fangs.

My two schoolfellows,
Whom I will trust as I will adders *fang'd*,
They bear the mandate. *Shakespear, Hamlet*, iii. 4.

Fángle. *s.* [?] Fancy; gewgaw.

There was no feather, no *fangle*, jem, nor jewel, . . . left behind.—*R. Greene, Mamillia*: 1583.

A hatred to *fangles* and the French fooleries of his time.—*A. Wood, Athenæ Oxonienses*, ii. col. 456.

Fángled. *adj.* Gaudy; ridiculously showy; vainly decorated.

A book? oh, rare one!
Be not, as in this *fangled* world, a garment
Nobler than it covers. *Shakespear, Cymbeline*, v. 4.

Generally the *second element* in a *compound*: (especially preceded by *new*).

Quick wits be in desire *new fangled*, and in purpose unconstant.—*Ascham.*

Fángless. *adj.* Wanting fangs; toothless; without teeth.

The king hath wasted all his rods
On late offenders, that he now doth lack
The very instruments of chastisement;
So that his pow'r, like to a *fangless* lion,
May offer, but not hold.
Shakespear, Henry IV. Part II. iv. 1.

Fánner. *s.* One who uses a fan.

I will send unto Babylon *fanners* that shall fan her.—*Jeremiah*, li. 2.

Fánning. *part. adj.* Acting as a fan.

The *fanning* wind upon her bosom blows;
To meet the *fanning* wind the bosom rose:
The *fanning* wind and purling streams continue her repose. *Dryden, Cymon and Iphigenia.*

Fánning. *verbal abs.* Ventilation.

He will be often very agreeably entertained with grateful sounds in the natural musick of birds, the *fannings* of woods, the purling of streams, or the falls of water.—*Coventry, Philemon*, conv. 2.

Fánon. *s.* [Fr. *fanon*; L.Lat. *fano.*] Scarf worn on the left arm of a Roman Catholic priest officiating at the mass. *Rare.*

Tunicles, stoles, *fanons*, and mitres.—*Bale, Discourse on the Revelations*, pt. ii. sign. k. vj. b.

Spelt with *l*.

Item, a suite of vestmentes of blewe velvette, or frised with needle worke, with albes, stoles, and *fannels* agreeable to the same.—*Will of Sir T. Pope, Life*, p. 338.

Fántail. *s.* Tail of a bird capable of being spread out like a fan; particular kind of pigeon so called: (often used *adjectively*, as, 'a *fantail* pigeon).

(For example see Feather (*peacock's*).)

Fantástic. *adj.*

1. Fanciful; imaginary.

Men are so possessed with their own fancies, that they take them for oracles; and are arrived to some extraordinary revelations of truth, when indeed they do but dream dreams, and amuse themselves with the *fantastick* ideas of a busy imagination.—*Dr. H. More, Decay of Christian Piety.*

An aerial *fantastick* body.—*South, Sermons*, vii. 16

2. Uncertain; unsteady; irregular; whimsical.

I'll knit it up in silken strings,
With twenty odd conceited true love knots.
To be *fantastick* may become a youth
Of greater time than I.
Shakespear, Two Gentlemen of Verona, ii. 7.

Duumvir is provided with an imperious, expensive, and *fantastick* mistress; to whom he retires from the conversation of a discreet and affectionate wife.—*Tatler.*

Nor happiness can I, nor misery feel,
From any turn of her *fantastick* wheel. *Prior.*

Fantástic. *s.* Fantastic, conceited, or whimsical person.

A vain *fantastick*, that takes proud clothes to be part of himself.—*Dr. Jackson, Works*, iii. 62.

New-fangled toys and trimming slight,
Which take our late *fantasticks* with delight.
Milton, Vacation Exercise, 19.

Fantástical. *adj.*

1. Irrational; bred only in the imagination.

The delight that a man takes from another's sin, can be nothing else but a *fantastical*, preternatural complacency, arising from that which he really has no feeling of.—*South.*

2. Subsisting only in the fancy; imaginary.

Present feats
Are less than horrible imaginings:
My thought, whose murther yet is but *fantastical*,
Shakes so my single state of man, that function
Is smother'd in surmise; and nothing is,
But what is not. *Shakespear, Macbeth*, i. 3.

3. Unreal; apparent only; having the nature of phantoms, which only assume visible forms occasionally.

Are ye *fantastical*, or that indeed
Which outwardly ye shew?
Shakespear, Macbeth, i. 3.

Many of them [lying wonders] shall be *fantastical*, deceiving the eye like the tricks of jugglers. Such were the rods and serpents of Pharaoh's enchanters, which were devoured of Aaron's rod; because they were but shadows, and his a substance.—*Shelford, Learned Discourses*, p. 307.

4. Whimsical; fanciful; capricious; humorous; indulgent of one's own imagination.

They put such words in the mouth of one of these *fantastical* mind-infected people, that children and musicians call lovers.—*Sir P. Sidney.*

We are apt to think your medalists a little *fantastical* in the different prices they set upon their coins, without any regard to the metal of which they are composed.—*Addison.*

Fantástically. *adv.* In a fantastic manner.

England is so idly king'd,
Her sceptre so *fantastically* borne,
By a vain, giddy, shallow, humourous youth,
That fear attends her not.
Shakespear, Henry V. ii. 4.

One cannot so much as *fantastically* choose, even or odd, he thinks not why.—*Grew, Cosmologia Sacra.*

Fantásticalness. *s.* Attribute suggested by Fantastical.

I dare not to assume to myself to have put him out of conceit with it, by having convinced him of the *fantasticalness* of it.—*Archbishop Tillotson*, preface.

Fantásticly. *adv.* In a fantastic manner; irrationally; whimsically.

He is neither too *fantastickly* melancholy, or too rashly cholerick.—*B. Jonson, Cynthia's Revels.*

Fantásticness. *s.* Same as Fantasticalness.

1. Humorousness; mere compliance with fancy.

Vain Delight, thou feeder of my follies
With light *fantasticness*, be thou in favour!
Beaumont and Fletcher, Four Plays in One.

2. Whimsicalness; unreasonableness; caprice; unsteadiness.

Nor is this corruption happened to the Greek language, as it useth to happen to others, either by the law of the conquerour, or inundation of strangers; but it is insensibly crept in by their own supine negligence and *fantastickness.*—*Howell, Familiar Letters*, ii. 57.

Fantastry. *s.* Fantasticalness. *Rare.*

It was of great use that he should live in so mean and afflicted a condition, to confront the pride, and vanity, and *fantastry* of the world.—*Archbishop Tillotson*, vii. 153. (Ord MS.)

Fántasy. *s.* [Fr. *fantasie*; Lat. *phantasia*; Gr. *φαντασία.*]

1. Fancy; imagination; power of imagining.

I talk of dreams,
Which are the children of an idle brain,
Begot of nothing but vain *fantasy*;
Which is as thin of substance as the air,
And more unconstant than the wind.
Shakespear, Romeo and Juliet, i. 4.

These spirits of sense, in *fantasy's* high court,
Judge of the forms of objects, ill or well;
And so they send a good or ill report
Down to the heart, where all affections dwell.
Sir J. Davies, Immortality of the Soul.

2. Idea; image of the mind.

And with the sug'ry sweet thereof allure
Chaste ladies' ears to *fantasies* impure.
Spenser, Mother Hubberd's Tale.

3. Humour; inclination.

I would wish that both you and others would cease from drawing the Scriptures to your *fantasies* and affections.—*Archbishop Whitgift.*

Fántasy. *v. a.*

1. Fancy.

Fantasying, or having a mind to, a thing.—*Huloet.*

The king, during his favour, *fantasied* so much his daughter, that almost all things began to grow out of frame.—*Cavendish, Life of Wolsey.*

2. In *Music.*

Music and painting ... were more to his [Hoffman's] taste: in a short time he could *fantasy* to admiration on the harpsichord.—*Carlyle, Critical and Miscellaneous Essays*, vol. i. appendix, Hoffman.

Fap. *adj.* [?] Fuddled; drunk. *Obsolete*; ? originally *colloquial* or *slang.*

The gentleman had drunk himself out of his five senses; and being *fap*, sir, was, as they say, cashiered.—*Shakespear, Merry Wives of Windsor*, i. 1.

Far. *s.* Farrow. *Rare.*

Sows, ready to farrow at this time of the year,
Are for to be made of and counted full dear;
For now is the loss of the *far* of the sow
More great than the loss of two calves of the cow.
Tusser, Hundred Points of good Husbandry.

Far. *adv.* [A.S. *feor.*]

1. To great extent.

Be factious for redress of all these griefs,
And I will set this foot of mine as *far*
As who goes farthest.
Shakespear, Julius Cæsar, i. 3.

2. Remotely; at a great distance.

In a kingdom rightly ordered, after a law is once published, it presently takes effect *far* and wide; all states framing themselves thereunto.—*Hooker, Ecclesiastical Polity.*

And after that long strayed here and there,
Through every field and forest *far* and near.
Spenser, Mother Hubberd's Tale.

3. To a distance.

As *far* as the East is from the West, so *far* hath he removed our trangressions from him.—*Psalms*, ciii. 12.

Neither did those that were sent, and travelled *far* off, undertake so difficult enterprises without a conductor.—*Sir W. Raleigh.*

4. In a great part.

When they were by Jebus the day was *far* spent.—*Judges*, xix. 11.

5. In a great proportion; by many degrees: (commonly used with some word noting the *comparative*).

Who can find a virtuous woman? for her price is *far* above rubies.—*Proverbs*, xxxi. 10.

6. To a great height; magnificently.

I do not think
So fair an outward, and such stuff within,
Endows a man but him.—You speak him *far*.—
I do extend him, sir, within himself.
Shakespear, Cymbeline, i. 1.

7. To a certain point; to a certain degree.

The substance of the service of God, so *far* forth as it hath in it any thing more than the law of reason doth teach, may not be invented of men, as it is amongst the heathen; but must be received from God himself.—*Hooker, Ecclesiastical Polity.*

Answer them
How *far* forth you do like the articles.
Shakespear, Henry IV. Part II. iv. 2.

As the *first element* in a *combination.*

Pay sacred reverence to Apollo's song,
Lest wrathful the *far*-shooting god emit
His fatal arrows. *Prior.*

With costly cates Rome stain'd her frugal board;
Then with ill-gotten gold she bought a lord:
Corruption, discord, luxury combin'd,
Down sunk the *far*-fam'd mistress of mankind.
Arbuthnot.

From the same lineage stern Æactes came,
The *far*-fam'd brother of th' enchantress dame.
Pope.

Far off. At, or to, a great distance.

For though I fled him angry, yet recall'd
To life prolong'd, and promis'd race, I now
Gladly behold, though but his utmost skirts
Of glory, and *far off* his steps adore.
Milton, Paradise Lost, xi. 330.

Cherubick watch, and of a sword the flame
Wide-waving, all approach *far off* to fright,
And guard all passage to the tree of life.
Ibid. xi. 120.

Off is joined with *far*, when *far*, noting distance, is not followed by a preposition: (as, 'I set the boat *far off*' = I set the boat *far from* me).

Far out (as in a *guess*). Wide of the truth.

Far. *adj.*

1. Distant; remote.

He meant to travel into *far* countries, until his friend's affection either ceased or prevailed.—*Sir P. Sidney, Arcadia.*

A man taking a *far* journey.—*Mark*, xiii. 34.

But we must beg our bread in climes unknown,
Beneath the scorching or the freezing zone;
And some to *far* Oaxis shall be sold,
To try the Lybian heat or Scythian cold.
Dryden, Virgil's Eclogues.

Preceded by *from*. In this sense it is used elliptically for a *far* or remote place.

The Lord shall bring a nation against thee *from far*, from the end of the earth.—1 *Deuteronomy* xxvii. 49.

2. Remoter of the two: (in *horsemanship*, the *right* side of the horse, which the rider turns from him when he mounts).

No true Egyptian ever knew in horses
The *far* side from the near. *Dryden, Cleomenes.*

3. It is often not easy to distinguish whether it be adjective or adverb: as,

The nations *far* and near contend in choice.
Dryden.

Fár-abóut. *s.* Going out of the way; departure from the subject.

What need these *far-abouts?* They go the shortest cut, who give him [the pope] a temporal power over all the kingdoms of the world!—*Fuller, History of the Holy War*, p. 280.

Fár-fét. *adj.* Far-fetched. *Obsolete.*

1. Brought from places remote.

Your *far-fet* viands please not.
Beaumont and Fletcher, Honest Man's Fortune.

The *far-fet* spoil.
Milton, Paradise Regained, ii. 401.

2. Studiously sought; elaborately strained.

Metaphors, *far-fet*, hinder to be understood.
B. Jonson, Discoveries.

Fár-fétch. *s.* Deep stratagem.

But Jesuits have deeper reaches,
In all their politick *far-fetches*;
And from their Coptick priest, Kircherus,
Found out this mystick way to jeer us.
Butler, Hudibras.

Fár-fétched. *adj.*

1. Brought from places remote.

By his command we boldly cross'd the line,
And bravely fought where southern stars arise:
We trac'd the *far-fetch'd* gold unto the mine,
And that which brib'd our fathers made our prize.
Dryden.

2. Studiously sought; elaborately strained; not easily or naturally introduced.

For *far-fetched* rhymes make puzzled angels strain,
And in low prose dull Lucifer complain. *Smith.*

Under this head we may rank the words, which signify different ideas, by a sort of an unaccountable *far-fetch'd* analogy, or distant resemblance, that fancy has introduced between one thing and another; as when we say, the meat is greer when it is half roasted.—*Watts, Logick.*

Farce. *v. a.* [See Forcemeat.] Stuff; fill with mingled ingredients.

I should pass the limits of a large book, *farsed* with only testimonies to that end.—*Anderson, Exposition on Benedictus*, fol. 33: 1573.

What
Broken piece of matter so e'er she's about, the name
Palamon lards it, that she *farces* every business.
Beaumont and Fletcher, Two noble Kinsmen.

Some used to embalm the belly cleansed with wine, *farced* with cassia, myrrh, and other spices.—*Sir T. Herbert, Relation of some Years' Travels into Africa and the Great Asia*, p. 308.

The first principles of Christian religion should not be *farced* with school points and private tenets.—*Bishop Sanderson.*

Farce. *s.* Extravagantly ludicrous variety of comedy.

There is yet a lower sort of poetry and painting, which is out of nature; for a *farce* is that in poetry which grotesque is in a picture; the persons and actions of a *farce* are all unnatural, and the manners false; that is, inconsistent with the characters of mankind: grotesque painting is the just resemblance of this.—*Dryden, Translation of Du Fresnoy's Art of Painting.*

Promise a play and dwindle to a *farce.*
Id., Mac Flecknoe.

What should be great you turn to *farce.* *Prior.*

They object against it as a *farce*, because the irregularity of the plot should answer to the extravagance of the characters, which they say this piece wants, and therefore is no *farce.*—*Gay.*

Fárced. *part. adj.* Stuffed.

'Tis not the balm, the sceptre and the ball,
The sword, the mace, the crown imperial,
The entertissued robe of gold and pearl,
The *farced* title running 'fore the king.
Shakespear, Henry V. iv. 1.

Fárcical. *adj.* Belonging to a farce; appropriated to a farce.

They deny the characters to be *farcical*, because they are actually in nature.—*Gay, Preface to What d'ye call it.*

Fárcically. *adv.* In a farcical manner; in a manner suitable only to a farce.

It is not necessary that, in order to do this, he should have recourse to images that are *farcically* low.—*Langhorne.*

Fárcing. *verbal abs.* Stuffing.

To make broth and *farcing*, and that full deinty.—*Interlude of Jacob and Esau*: 1568.

Wrestling is a pastime which either the Cornishmen derived from Corineus, their pretended founder, or at least it ministered some stuff to the *farcing* of that fable.—*Carew, Survey of Cornwall.*

Fárcy. *s.* [Italian, *farcina*; Fr. *farcin.*] In *Farriery.* Disease in horses so called.

The *farcin* is infectious and spreads like a true plague.—*Rees, Cyclopædia*, in voce.

Fard. *v. a.* [N.Fr. *farder.*] Paint; colour.

He found that beauty, which he had left innocent, *farded* and sophisticated with some court-drug.—*Wilson, History of James I.*

Fárdel. *s.* [N.Fr. *fardel.*] Bundle; little pack.

Some assayed to swim; some holding fast by the horses, others by spears and other like weapons, many upon *fardels* and trusses, gat over the river.—*Sir T. Elyot, The Governour*, fol. 56, b.

Who would *fardels* bear,
To grunt and sweat under a weary life?
Shakespear, Hamlet, iii. 1.

Fárdel. *v. a.* Make up in bundles or fardels.

Things, orderly *fardled* up under heads, are most portable.—*Fuller, Holy State*, p. 164.

Fare. *v. n.* [A.S. *faran.*]

1. Go; pass; travel; get on: (with which last combination it has several meanings which agree; as, 'be in any state for good or bad').

At last, resolving forward still to *fare*,
Until the blust'ring storm is overblown.
Spenser, Faerie Queen.

A stubborn heart shall *fare* evil at the last.—*Ecclesiasticus*, iii. 26.

2. Proceed in any train of consequences good or bad.

Thus it *fareth* when too much desire of contradiction causeth our speeches rather to pass by number than to stay for weight.—*Hooker, Ecclesiastical Polity.*

So *fares* it when with truth falsehood contends.
Milton, Paradise Regained, iii. 413.

Another bill, which *fared* better, ought to be noticed as an instance of the slow, but steady progress of civilisation.—*Macaulay, History of England*, ch. xxii.

3. Happen to anyone well or ill: (with *it* preceding in an impersonal form).

When the hand finds itself well warmed and covered, let it refuse the trouble of feeding the mouth, or guarding the head, till the body be starved or killed, and then we shall see how *it* will *fare* with the hand.—*South.*

4. Feed; eat; be entertained with food.

The rich man *fared* sumptuously every day.—*Luke*, xvi. 19.

Feast your ears with the musick awhile, if they will *fare* so harshly as on the trumpet's sound.—*Shakespear, Timon of Athens*, iii. 6.

Men think they have *fared* hardly, if, in times of extremity, they have descended so low as to eat dogs; but Galen delivereth that, young, fat, and gelded, they were the food of many nations.—*Sir T. Browne, Vulgar Errours.*

Fare. *s.*

1. Journey; passage.

He straitway
Himself unto his journey gan prepare,
And all his armours readie dight that day,
That nought the morrow next mote stay his *fare.*
Spenser, Faerie Queen, v. 10, 16.

2. Price of passage in a vehicle by land or by water: (often as the *second element* in a *compound*, as 'cab-*fare*').

He found a ship going to Tarshish; so he paid the *fare* thereof, and went down into it to go with them unto Tarshish.—*Jonah*, i. 3.

3. Person carried.

The skiffs . . . pass each other with incredible ease and agility; so that the *fare* runs no risk of being overset.—*A. Drummond, Travels through Germany, Italy, and Greece*, p. 68: 1744.

4. Food prepared for the table; provisions.

But come, so well refresh'd, now let us play,
As meet is, after such delicious *fare.*
Milton, Paradise Lost, ix. 1027.

But when the western winds, with vital pow'r,
Call forth the tender grass and budding flow'r,
Then, at the last, produce in open air
Both flocks, and send them to their summer's *fare.*
Dryden.

This is what nature's want may well suffice:
He that would more is covetous, not wise:
But since among mankind so few there are,
Who will conform to philosophick *fare*,
This much I will indulge thee for thy ease,
And mingle something of our times to please.
Id., Juvenal's Satires.

Upon his rising up he ordered the peasant to set before him whatever food he had in his house: the peasant brought out a great deal of coarse *fare*, of which the emperour eat very heartily.—*Addison, Guardian.*

Farewell. *adv.* Parting compliment; adieu.

But *farewell*, king: sith thus thou wilt appear,
Freedom lives hence, and banishment is here.
Shakespear, King Lear, i. 1.

Farewell, master Silence: I will not use many words with you; *fare* you *well*, gentlemen, both.—*Id., Henry IV. Part II.* iii. 2.

Farewell. *s.* Leave; act of departure.

See how the morning opes her golden gates,
And takes her *farewell* of the glorious sun.
Shakespear, Henry VI. Part III. ii. 1.

As in this grove I took my last *farewell*,
As on this very spot of earth I fell. *Dryden.*

Used *adjectivally.*

Several ingenious writers, who have taken their leave of the publick in *farewell* papers, will not give over so, but intend to appear again; though perhaps under another form, and with a different title.—*Spectator.*

Farína. *s.* [Lat., from *far* = flour from corn.] Meal; fine powder in general.

Small seeds covered with a red *farina.*—*Granger, The Sugar-cane*, b. iv. note.

Farináceous. *adj.* [Lat. *farina* = meal.] Mealy.

The properest food of the vegetable kingdom for mankind, is taken from the *farinaceous* or mealy seeds of some culmiferous plants; as oats, barley, wheat, rice, rye, maze, panick, and millet.—*Arbuthnot, On the Nature and Choice of Aliments.*

Fáring. *verbal abs.* Journeying.

The same bodily Louis who was once Louis the Desired, fares there: hapless king, he is getting now towards port; his deplorable *farings* and voyagings draw to a close. What duty remains to him henceforth, that of placidly enduring, he is fit to do.—*Carlyle, The French Revolution*, pt. iii. b. ii. ch. vi.

Farm. *s.* [A.S. *feorm* = provision; Fr. *ferme.*] Ground let to a tenant; ground cultivated: (in *Husbandry*, as opposed to *horticulture*).

The lords of land in Ireland do not use to set out their land in *farm*, for term of years, to their tenants; but only from year to year, and some during pleasure.—*Spenser, View of the State of Ireland.*

Touching their particular complaint for reducing lands and *farms* to their ancient rents, it could not be done without a parliament.—*Sir J. Hayward.*

Used either *adjectivally* or as the *first element* in a *compound*, as in *farm*-house, *farm*-yard, and other words.

Farm. *v. a.*

1. Let out to tenants at a certain rent.

We are enforc'd to *farm* our royal realm,
The revenue whereof shall furnish us
For our affairs in hand.
Shakespear, Richard II. i. 4.

2. Take at a certain rate.

They received of the bankers scant twenty shillings for thirty, which the Earl of Cornwall *farmed* of the king.—*Camden, Remains.*

Fármer. *s.* One who farms.

Nothing is of greater prejudice to the *farmer* than the stocking of his land with cattle larger than it will bear.—*Mortimer.*

Fármery. *s.* See Homestead.

Fárming. *verbal abs.* Cultivation of a farm; business or craft of a farmer.

It is stated . . . that the profits of *farming* seldom afforded more than a mere subsistence; but this is no proof of the profits of *farming* per cent. on the capital employed.—*Rees, Cyclopædia.*

Fármost. *s.* Most distant; remotest.

A spacious cave within its *farmost* part,
Was hew'd and fashion'd by laborious art,
Through the hill's hollow sides.
Dryden, Virgil's Æneid

Fárness. *s.* Attribute suggested by Far; distance; remoteness.

Their nearness on all quarters to the enemy, and their *farness* from timely succour by their friends, have forced the commanders to call forth the uttermost number of able hands to fight.—*Carew, Survey of Cornwall.*

Fáro. *s.* [Italian.] Game of chance, played with cards, so called.

I know nothing. How should I? I who have always lived in the big busy world; who lie a-bed all the morning, calling it morning as long as you please: who sup in company; who have played at *faro* half my life, and now at loo till two and three in the morning; who have always loved pleasure; haunted auctions. . . . How I have laughed when some of the magazines have called me the learned gentleman. Pray don't be like the magazines.—*Sir H. Walpole, Letter to Sir Horace Mann.*

After paying her bill, I shall have as much as will set me up at the *faro* bank.—*O'Keefe, Fontainebleau*, iii. 1.

Far-off. *adj.* Distant.

These things seem small and undistinguishable,
Like *far off* mountains turned into clouds.
Shakespear, Midsummer-Night's Dream, iv. 1.

If we may behold in any creature any one spark of that eternal fire, or any *far off* dawning of God's glorious brightness, the same in the beauty, motion, and virtue of this light may be perceived.—*Sir W. Raleigh, History of the World.*

I hear the *far-off* curfew sound.
Milton, Il Penseroso, 74.

I dimly see
My *far-off* doubtful purpose, as a mother
Conjectures of the features of her child
Ere it is born. *Tennyson, Œnone.*

Farráginous. *adj.* Formed of different materials. *Rare.*

Being a confusion of knaves and fools, and a *farraginous* concurrence of all conditions, tempers, sexes and ages, it is but natural if their determinations be monstrous, and many ways inconsistent with truth.—*Sir T. Browne, Vulgar Errours.*

Farrágo. *s.* [Latin.] Medley; mass formed confusedly of several ingredients.

He holds . . . their causes a *farrago*,
Or a made dish in court; a thing of nothing.
B. Jonson, Magnetick Lady.

I return you my most thankful acknowledgements for that collection, or *farrago*, of prophecies, as you call them; . . . 'specially that of Nostradamus.—*Howell, Familiar Letters*, iii. 22.

Fárrier. *s.* [Fr. *ferrier*; Lat. *ferrarius.*]

1. Shoer of horses.

But the utmost exactness in these particulars belong to *farriers*, saddlers, smiths, and other tradesmen.—*Sir K. Digby.*

2. One who professes the medicine of horses.

If you are a piece of a *farrier*, as every groom ought to be, get sack, or strong-beer to rub your horses.—*Swift.*

Fárriering. *verbal abs.* Practice of farriery.

There are many pretenders to the art of *farriering* and cowleeching, yet many of them are very ignorant.—*Mortimer.*

Fárriery. *s.* See extract.
Farriery [is] the practice of trimming the feet and curing the diseases of horses. The farriers of modern days have dissolved this partnership, applying *farriery* merely to shoeing horses, and the more stately term of 'veterinary art,' to physicking or healing the sick animal.—*Todd.*

Fárrow. *s.* [A.S. *fearh.*] Litter of pigs.
Pour in sow's blood that hath eaten
Her nine *farrow.* *Shakespear, Macbeth,* iv. 1.

Fárrow. *v. a.* Bring forth pigs.
Sows ready to *farrow* this time of the year.
Tusser, Hundred Points of good Husbandry.

Fart. *s.* [A.S.] Wind from behind.
Love is the *fart*
Of every heart;
It pains a man when 'tis kept close;
And others doth offend when 'tis let loose.
Sir J. Suckling.

Fart. *v. n.* [Gr. πέρδομαι.] Break wind behind.
As when we a gun discharge,
Although the bore be ne'er so large,
Before the flame from muzzle burst,
Just at the breech it flashes first;
So from my lord his passion broke,
He *farted* first, and then he spoke. *Swift.*

Fárther. *adv.* [see Further.] At a greater distance; to a greater distance; more remotely; beyond; moreover.
They contented themselves with the opinions, fashions and things of their country, without looking any *farther.*—*Locke.*

Fárther. *adj.* More remote; additional.
Let me add a *farther* truth, that without ties of gratitude, I have a particular inclination to honour you.—*Dryden.*

Fárther. *v. n.* Promote; facilitate: advance.
He had *farthered* or hindered the taking of the town.—*Dryden.*

Fártherance. *s.* Encouragement; promotion.
That was the foundation of the learning I have, and of all the *furtherance* that I have obtained.—*Ascham, Schoolmaster.*

Fárthermore. *adv.* Besides; over and above; likewise.
Farthermore the leaves, body and boughs of this tree, by so much exceed all other plants, as the greatest men of power and worldly ability surpass the meanest.—*Sir W. Raleigh, History of the World.*

Fárthest. *adj.* Most distant; remotest.
Yet it must be withal considered, that the greatest part of the world are they which be *farthest* from perfection.—*Hooker.*

Fárthing. *s.* [A.S. *feorthung.*]
1. Fourth of a penny; smallest English coin.
Else all those things we toil so hard in,
Would not avail one single *farthing.* *Prior.*
You are not obliged to take money not of gold or silver; not the halfpence or *farthings* of England. —*Swift.*
2. Copper money.
The parish find, 'tis true; but our churchwardens
Feed on the silver, and give us the *farthings.* *Gay.*
3. Used sometimes in a proverbial or hyperbolical sense: (as, 'it is not worth a *farthing*').
His son builds on, and never is content,
Till the last *farthing* is in structure spent.
Dryden, Juvenal's Satires.
4. Kind of division of land. *Obsolete.*
Thirty acres make a *farthing* land; nine *farthings* a Cornish acre: and four Cornish acres a knight's fee.—*Carew, Survey of Cornwall.*

Fárthingale. *s.* [see Ferdigew.] Hoop; circles of whalebone used to spread the petticoat to a wide circumference.
With silken coats, and caps, and golden rings,
With ruffs, and cuffs, and *farthingales.*
Shakespear, Taming of the Shrew, iv. 3.
She seems a medley of all ages,
With a huge *farthingale* to swell her fustian stuff,
A new commode, a topknot, and a ruff. *Swift.*

Fáscia. *s.* [Lat. = band, swathing.]
1. In *Architecture.* Band.
The architrave consists of three *fasciæ* or bands; thus called by Vitruvius as resembling swaths.—*Rees, Cyclopædia,* in voce.
2. In *Anatomy.* Covering of a muscle, or muscle, of the character of a bandage.
Fasciæ are connected, on their internal surfaces, generally by means of loose cellular texture, to the muscles.—*Rees, Cyclopædia,* in voce.

Fásciate. *v. a.* [Lat. *fascis* = bandage; swaddling cloth.] Bind together. *Rare.*
To this class may be referred what is affirmed concerning the fatal prediction of oaks bearing strange leaves, which may be enquired of: and of accidents *fasciating* the boughs and branches of trees, Dr. Plot takes notice of in willows and other soft woods. —*Evelyn, Sylva,* p. 267. (Ord MS.)

Fasciátion. *s.* Bandage; act or manner of binding diseased parts.
Three especial sorts of *fasciation,* or rowling, have the worthies of our profession commended to posterity.—*Wiseman, Surgery.*

Fáscicle. *s.* [Lat. *fasciculus.*] Small bundle; collection.
In the next *fascicle* you say, that I maintain some things, &c.—*Dr. Mayne, Sermon at Oxford,* p. 19: 1647.

Fáscinate. *v. a.* [Lat. *fascinatus*; pass. part. of *fascino*; *fascinatio, -onis.*] Bewitch; enchant; influence in some wicked and secret manner.
There be none of the affections which have been noted to *fascinate* or bewitch, but love and envy.—*Bacon.*
James, while his fate was under discussion, remained at Whitehall, *fascinated,* as it seemed, by the greatness and nearness of the danger, and unequal to the exertion of either struggling or flying. —*Macaulay, History of England,* ch. x.

Fascínating. *part. adj.* Charming; enchanting; bewitching.
Such a *fascinating* sin this is, as allows men no liberty of consideration.—*Dr. H. More, Decay of Christian Piety.*

Fascinátion. *s.* Power or act of bewitching; enchantment; unseen inexplicable influence.
He had such a crafty and bewitching fashion, both to move pity and to induce belief, as was like a kind of *fascination* and enchantment to those that saw him or heard him.—*Bacon.*
The Turks hang old rags, or such like ugly things, upon their fairest horses, and other goodly creatures, to secure them against *fascination.*—*Waller.*
There is a certain bewitchery or *fascination* in words which makes them operate with a force beyond what we can naturally give an account of.— —*South.*

Fáscine. *s.* [French.] Faggot: (as used for *military* purposes).
The black prince passed many a river without the help of pontoons, and filled a ditch with faggots as successfully as the generals of our times do with *fascines.*—*Addison, Spectator.*

Fáscinous. *adj.* Caused or acting by witchcraft or enchantment. *Obsolete.*
I shall not discuss the possibility of *fascinous* diseases, farther than refer to experiment.—*Harvey, Discourse of Consumptions.*

Fáshion. *s.* [Fr. *façon.*]
1. Form; make; state of anything with regard to its outward appearance.
The *fashion* of his countenance was altered.—*Luke,* ix. 29.
They pretend themselves grieved at our solemnities in erecting churches, at their form and *fashion,* at the stateliness of them and costliness, and at the opinion which we have of them.—*Hooker, Ecclesiastical Polity.*
2. Manner; sort; way.
The commissioners either pulled down or defaced all images in churches; and that in such unseasonable and unseasoned *fashion,* as if it had been done in hostility against them.—*Sir J. Hayward.*
3. Custom; general practice; mode.
Zelmane again, with great admiration, begun to speak of him; asking whether it were the *fashion* or no, in Arcadia, that shepherds should perform such valorous enterprizes?—*Sir P. Sidney.*
A young gentleman accommodates himself to the innocent diversions in *fashion.*—*Locke.*
4. Make according to the custom of the time, more especially in matters of dress and equipage.
I'll be at charges for a looking-glass,
And entertain a score or two of taylors
To study *fashions* to adorn my body.
Shakespear, Richard III. i. 2.
When he is at the best, the *fashion* exceeds the worth of his weight.—*Sir T. Overbury, Characteristics, The Amorist.*
5. Rank; condition above the vulgar.
It is strange that men of *fashion* and gentlemen should so grossly belie their own knowledge.—*Sir W. Raleigh.*

Fáshion. *s.* Catachrestic for Farcy.
His horse is possest with the glanders, infected with the *fashions,* and full of windgalls.—*Shakespear, Taming of the Shrew,* iii. 2.

Fáshion. *v. a.*
1. Form; mould; figure; make according to the rule prescribed by custom.
Did not he that made me in the womb, make him? And did not one *fashion* us in the womb?— *Job,* xxxi. 15.
The value of the labour employed about one parcel of silver more than another, makes a difference in their price; and thus *fashioned* plate sells for more than its weight.—*Locke.*
2. Fit; adapt; accommodate.
Laws ought to be *fashion'd* unto the manners and conditions of the people to whom they are meant, and not to be imposed upon them according to the simple rule of right.—*Spenser.*
3. Counterfeit. *Obsolete.*
It better fits my blood to be disdained of all, than to *fashion* a carriage to rob love from any.—*Shakespear, Much Ado about Nothing,* i. 3.

Fáshionable. *adj.*
1. Approved by custom; established by custom; modish.
The eminence of your condition will invite gentlemen to the study of nature, and make philosophy *fashionable.*—*Glanville.*
2. Made according to the mode.
Rich, *fashionable* robes her person deck;
Pendants her ears, and pearls adorn her neck.
Dryden, Translation from Ovid.
3. Observant of the mode: (sometimes used *substantivally,* especially in *plural,* as 'an assemblage of *fashionables*').
Time is like a *fashionable* host,
That slightly shakes his parting guest by th' hand;
But with his arms outstretch'd as he would fly,
Grasps in the comer: welcome ever smiles,
And farewell goes out sighing.
Shakespear, Troilus and Cressida, iii. 3.

Fáshionableness. *s.* Attribute suggested by Fashionable.
Outward *fashionableness* comes into no account with God; that is only done which the soul doth.— —*Bishop Hall, Contemplations,* b. iv.

Fáshionably. *adv.* In a fashionable manner.
He must at length die dully of old age at home, when here he might so *fashionably* and genteelly have been duelled or fluxed into another world.— *South, Sermons,* ii. 215.

Fáshional. *adj.* Agreeing with the fashion.
I ough you a letter in verse before by my own promise, and now that you think you have hedged in that debt by a greater, by your letter in verse, I think it now most seasonable and *fashional* for me to break.—*Donne, Letters.* (Ord MS.)

Fáshioner. *s.* One who fashions; maker of anything.
The maker of his work [in the margin, *fashioner* of his fashion] trusteth therein.—*Habakkuk,* ii. 18.
Save what the master *fashioner* calls his.
B. Jonson, Masques.
Where is my *fashioner?* my feather-man?
My linener, perfumer, barber? *Id., Staple of News.*

Fáshionist. *s.* One who follows, or affects, the newest fashion.
We may conceive many of these ornaments were only temporary, as used by the *fashionists* of that day.—*Fuller, A Pisgah Sight of Palestine,* pt. i. b. iii. ch. v. (Trench.)

Fáshionmonger. *s.* One who studies fashions.
This *fashionmonger,* each morn 'fore he rise,
Contemplates suit-shapes.
Marston, Scourge of Villany, iii. 11.
The curiosity of modern *fashionmongers.*—*Fuller, Holy State,* p. 290.

Fáshionmongering. *adj.* Behaving like a fashionmonger.
Scambling, outfacing, *fashionmongering* boys.
Shakespear, Much Ado about Nothing, v. 1.

Fast. *v. n* [A.S. *fæstan.*]
1. Abstain from food.
We have some meats, and breads, and drinks, which taken by men enable them to *fast* long after. —*Bacon, New Atlantis.*
2. Mortify the body by religious abstinence.
When thou *fastest,* anoint thy head and wash thy face, that thou appear not unto men to *fast.*—*Matthew,* vi. 17.

Fast. *v. a.* Keep as a fast.
(For example see Fastday.)

Fast. *s.*
1. Abstinence from food.
A thousand men have broke their *fasts* to-day,
That ne'er shall dine, unless thou yield the crown.
Shakespear, Henry VI. Part III. ii. 2.
Where will this end? Four times ten days I've pass'd,
Wand'ring this woody maze, and human food

Nor tasted, nor had appetite; that *fast*
To virtue I impute not, or count part
Of what I suffer here.
Milton, Paradise Regained, ii. 245.
She's gone unkindly, and refus'd to cast
One glance to feed me for so long a *fast*,
Dryden, Tyrannick Love.

2. Religious mortification by abstinence; religious humiliation.
We humble ourselves before God this day, not merely by the outward solemnities of a *fast*, but by afflicting our souls as well as bodies for our sins.—*Bishop Atterbury.*
Nor pray'rs nor *fasts* its stubborn pulse restrain;
Nor tears, for ages taught to flow in vain. *Pope.*

Fast. *adj.*

1. Firm; immovable; strong.
He by his strength setteth *fast* mountains.—*Psalms*, lxv. 6.
Be sure to find,
What I foretold thee, many a hard assay
Of dangers and adversities, and pains,
Ere thou of Israel's sceptre get *fast* hold.
Milton, Paradise Regained, iv. 477.

2. Deep; sound.
I have seen her rise from her bed, take paper, fold it, seal it, and again return to bed: yet all this while in a most *fast* sleep.—*Shakespear, Macbeth*, v. 1.

3. Firm in adherence.
Quick wits be in desire new-fangled; in purpose, unconstant; light to promise anything, ready to forget everything, both benefit and injury; and thereby neither *fast* to friend, nor fearful to foe.—*Ascham, Schoolmaster.*

4. Gay. *Colloquial*, or *slang*. (This use of the word is modern. *Rapid*, however, the name of one of the characters in the 'Road to Ruin,' suggests the same association of ideas).
'The memory of Catullus,' said Farquhar, taking the notion up in his turn; 'he was the most brilliant *fast* man of antiquity, and can be compared to nothing but Apollo out on the loose.'—*Hannay, Singleton Fontenoy*, b. i. ch. iv.

Fast and loose (generally with *play*). (For the nature of the game or trick, see Girdle, *prick*.) In a tricky manner; trickishness.
A rope of fair pearl, which now hiding, now hidden by the hair, did, as it were, *play at fast and loose* each with other, giving and receiving richness.—*Sir P. Sidney.*
If she perceived by his outward chear,
That any would his love by talk bewray,
Sometimes she heard him, sometimes stopt her ear,
And *played fast and loose* the live-long day.
Fairfax.
The folly and wickedness of men, that think to *play fast and loose* with God Almighty!—*Sir R. L'Estrange.*
If they cohered, yet by the next conflict with other atoms they might be separated again; and so on in an eternal vicissitude of *fast and loose*, without ever consociating into the huge condense bodies of planets.—*Bentley.*

Used *adverbially*.

a. Firmly; immovably.
Bind the boy, which you shall find with me,
Fast to the chair. *Shakespear, King John*, iv. 1.

b. Closely; nearly: (with *by*).
Barbarossa left fourteen galleys in the lake; but the tacklings, sails, oars, and ordnance he had laid up in the castle *fast by*.—*Knolles, History of the Turks.*
Siloa's brook that flow'd
Fast by the oracle of God,
Milton, Paradise Lost, i. 11.

With *beside*.
Here o'er the martyr-king the marble weeps,
And *fast beside* him once fear'd Edward sleeps.
Pope.

c. Swiftly; nimbly.
I would give a thousand pound I could run as *fast* as thou can'st.—*Shakespear, Henry IV. Part I.* ii. 4.
There streams a spring of blood so *fast*,
From those deep wounds, as all embru'd the face.
Daniel.
The heaviest muse the swiftest course has gone,
As clocks run *fastest* when most lead is on. *Pope.*
You are to look upon me as one going *fast* out of the world.—*Swift, Letter to Pope.*
This work goeth *fast* on, and prospereth.—*Ezra*, v. 8.
Skill comes so slow, and life so *fast* doth fly,
We learn so little, and forget so much.
Sir J. Davies.
The prince groweth up *fast* to be a man, and is of a sweet and excellent disposition; it would be a stain upon you if you should mislead, or suffer him to be misled.—*Bacon, Advice to Villiers.*

d. Frequently.
Being tried only with a promise, he gave full credit to that promise, and still gave evidence of his fidelity as *fast* as occasions were offered.—*Hammond, Practical Catechism.*

Fástday. *s.* Day for fasting.
The *fast-days* are appointed by 5 & 6 Edward VI., which enacts that every even or day next before any of the aforesaid days of the feasts of the nativity of our Lord, &c., other than St. John the Evangelist, and Philip and James, shall be *fasted* and commanded to be kept and observed.—*Pinnock, Laws and Usages of the Church and the Clergy*, vol. vi. § 144.

Fásten. *v. a.* Make fast; make firm; fix immovably; hold together; affix.
Moses reared up the tabernacle, and *fastened* his sockets.—*Exodus*, xl. 18.
She had all magnetick force alone,
To draw and *fasten* sundred parts in one. *Donne.*
The words Whig and Tory have been pressed to the service of many successions of parties, with very different ideas *fastened* to them.—*Swift, Examiner.*
Could he *fasten* a blow, or make a thrust, when not suffered to approach?—*Dryden, Translation of Virgil*, dedication.

Fásten. *v. n.* Fix itself.
He *fasten'd* on my neck; and bellow'd out,
As he'd burst heaven. *Shakespear, King Lear*, v. 3.
The wrong judgment that misleads us, and makes the will often *fasten* on the worse side, lies in misreporting upon comparisons.—*Locke.*

Fástener. *s.* One who, or that which, fastens; one who fixes himself on anything.
His dinner is his other work, for he sweats at it as at his labour: he is a terrible *fastner* on a piece of beef, and you may hope to stave the guard off sooner.—*Bishop Earle, Country Fellow.* (Ord MS.)

Fástening. *verbal abs.* That which fastens.
The beam [in the margin, piece or *fastening*] out of the timber shall answer it.—*Habakkuk*, ii. 11.
A mantle coming under her right arm, and covering most of that side, had no *fastening* on the left side.—*Sir P. Sidney.*

Fásthanded. *adj.* Avaricious; closehanded; closefisted; covetous.
The king being *fasthanded*, and loth to part with a second dowry, prevailed with the prince to be contracted with the Princess Catharine.—*Bacon, History of the Reign of Henry VII.*

Fastidiósity. *s.* Disdainfulness; contemptuousness. *Rare.*
His epidemical diseases being *fastidiosity*, amorphy, and oscitation.—*Swift, Tale of a Tub*, § 5.

Fastídious. *adj.* [Lat. *fastidiosus*, from *fastidium* = disgust.] Disdainful; squeamish; delicate to a vice; insolently nice.
Reasons plainly delivered, and always after one manner, especially with fine and *fastidious* minds, enter but heavily and dully.—*Bacon, Colours of Good and Evil.*
A squeamish *fastidious* niceness, in meats and drinks, must be cured by starving.—*Sir R. L'Estrange.*
All hopes, raised upon the promises or supposed kindnesses of the *fastidious* and fallacious great ones of the world, shall fail.—*South, Sermons.*
Halifax and Burnet had long been on terms of friendship. No two men, indeed, could resemble each other less. Burnet was utterly destitute of delicacy and tact. Halifax's taste was *fastidious*, and his sense of the ludicrous morbidly quick. Burnet viewed every act and every character through a medium distorted and coloured by party spirit.—*Macaulay, History of England*, ch. ix.

Fastídiously. *adv.* In a fastidious manner; disdainfully; contemptuously; squeamishly.
Their sole talent is pride and scorn: they look *fastidiously*, and speak disdainfully, concluding, if a man shall fall short of their garniture at their knees and elbows, he is much inferiour to them in the furniture of his head.—*Dr. H. More, Government of the Tongue.*

Fastídiousness. *s.* Attribute suggested by Fastidious; squeamishness.
Less licentious and more discerning times (which may be, perhaps, approaching,) will repair the omissions and *fastidiousness* of the present, by an eminent gratitude to the names of those that have laboured to transmit to others, in the handsomest dress they durst give them, the truths themselves most valued.—*Boyle, Considerations on the Style of the Holy Scriptures*, p. 202.

Fastigiate. *adj.* [Lat. *fastigium*.] Roofed; narrowed up to the top.
That noted hill, the top whereof is *fastigiate*, like a sugar-loaf.—*Ray, Remains*, p. 176.

Fásting. *verbal abs.* Religious mortification.
Anna... served God with *fastings* and prayers night and day.—*Luke*, ii. 37.

Fástingday. *s.* Day of mortification by religious abstinence: (Fastday *commoner*).
Do not call it a *fastingday*, unless also it be a day of extraordinary devotion and of alms.—*Jeremy Taylor, Guide to Devotion.*

Fástly. *adv.* In a fast manner. *Rare.*

1. Firmly.
For he hath *fastly* founded it,
Above the seas to stand.
Old Version of the Psalms, Ps. xxiv.

2. Quickly.
She could pute forthe such altercations, when obedience was lackinge, as left no doubtynges whose daughter she was. I saie this was plain on the Lord Deputy's coming home, when I did come into her presence: she chaffed much, walked *fastly* to and fro, looked with discomposure in her visage; and, I remember, she catched my girdle when I kneeled to her, and swore 'By God's Son I am no queen; that man (Essex) is above me! Who gave him commande to come here so soon?'—*Sir J. Harrington, Account of Elizabeth.* (Ord MS.)

Fástness. *s.* Attribute suggested by Fast.

1. Firmness.
The proper tone of all the parts of the body, the *fastness* and fulness of the flesh.—*Smith, Portrait of Old Age*, p. 117.

2. Strong place; place not easily forced.
Not far off should be Roderigo's quarter;
For in this *fastness*, if I be not cozen'd,
He and his outlaws live.
Beaumont and Fletcher, The Pilgrim.

3. Closeness; conciseness; not diffuseness. *Obsolete.*
Bring his stile from all loose grossness to such firm *fastness* in Latin, as in Demosthenes.—*Aschan, Schoolmaster.*

Fástuosity. *s.* Haughtiness. *Rare.*
That new modle of ethicks, which hath been obtruded upon the world with so much *fastuosity*, and is indeed nothing but the old Democritick doctrine revived, is no ethicks at all, but a mere cheat.—*Dr. H. More, Antidote against Atheism.*

Fástuous. *adj.* [Lat. *fastuosus*; from *fastus* = pride.] Proud; haughty.
The higher ranks will become *fastuous*, supercilious, and domineering.—*Barrow, On the Pope's Supremacy.*

Fástuousness. *s.* Attribute suggested by Fastuous. *Rare.*
When Origen complained of the *fastuousness* and vanity of some ecclesiastics in his time, they were bad enough, but had not come to a pretence of ruling our kings upon the stock of spiritual predilection.—*Jeremy Taylor, Ductor Dubitantium*, ii. 188. (Ord MS.)

Fat. *adj.* [from A.S. *fæt*.]

1. Full-fed; plump; fleshy: (opposed to *lean*).
When gods have hot backs, what shall poor men do? For me, I am here a Windsor stag, and the *fattest*, I think, i' the forest.—*Shakespear, Merry Wives of Windsor*, v. 5.

2. Coarse; gross.
We're hurry'd down
This lubrique and adult'rate age;
Nay, added *fat* pollutions of our own,
T' increase the steaming ordures of the stage.
Dryden.

3. Dull.
O souls! in whom no heavenly fire is found,
Fat minds, and ever-grov'ling on the ground.
Dryden, Persius's Satires.
There is little or no sense in the fat parts of any creature: hence the ancients said of any dull fellow, that he had a *fat* wit.—*Johnson, Holy David clear'd, &c.* p. 257: 1706.

4. Wealthy; rich.
Some are allured to law, not on the contemplation of equity, but on the promising and pleasing thoughts of litigious terms, *fat* contentions, and flowing fees.—*Milton.*
These were terrible alarms to persons grown *fat* and wealthy by a long and successful imposture.—*South, Sermons.*
A *fat* benefice is that which so abounds with an estate and revenues, that a man may expend a great deal in delicacies of eating and drinking.—*Ayliffe, Parergon Juris Canonici.*

Fat. *s.*

1. Oleaginous constituent of animal bodies, lard, suet, tallow, marrow, &c., being varieties of it.
In this ointment the strangest and hardest ingredients to come by, are the moss upon the skull of a dead man unburied, and the *fats* of a boar and a bear killed in the act of generation.—*Bacon, Natural and Experimental History.*

2. Best or richest part of anything: (as in '*fat* of the land').

Fat. *v. a.* Make fat; fatten; make plump and fleshy with abundant food.

Ere this
I should have *fatted* all the region kites
With this slave's offal. *Shakespear, Hamlet*, ii. 2.

The Caribbees are wont to geld their children, on purpose to *fat* and eat them.—*Locke.*

Cattle *fatted* by good pasturage, after violent motion, sometimes die suddenly.—*Arbuthnot, On the Nature and Choice of Aliments.*

Fat. *v. n.* Grow fat; grow full fleshed.

Clarence. he is well repaid:
He is frank'd up to *fatting* for his pains.
Shakespear, Richard III. i. 3.

The one labours in his duty with a good conscience; the other, like a beast, but *fatting* up for the slaughter.—*Sir R. L'Estrange.*

An old ox *fats* as well, and is as good as a young one.—*Mortimer.*

Fat. *s.* [from A.S. *fæt.*] Vessel.

The *fats* shall overflow with wine and oil.—*Joel*, ii. 24.

A white stone used for flagging floors, for cisterns and tanners' *fats.*—*Woodward, On Fossils.*

Fátal. *adj.* [Lat. *fatalis*; Fr. *fatal.*]

1. Appointed by destiny; inevitable.

It was *fatal* to the king to fight for his money; and though he avoided to fight with enemies abroad, yet he was still enforced to fight for it with rebels at home.—*Bacon, History of the Reign of Henry VII.*

It was
Still *fatal* to stout Hudibras,
In all his feats of arms, when least
He dreamt of it to prosper best. *Butler, Hudibras.*

2. Deadly; mortal; destructive; causing destruction.

A palsy in the brain is most dangerous; when it seizeth the heart or organs of breathing, *fatal.*—*Arbuthnot, On the Nature and Choice of Aliments.*

Fátalism. *s.* Doctrine of those who maintain that all things happen by necessity.

Have not *fatalism* and Sadducism gained ground during the general passion for the corpuscularian and mechanical philosophy, which hath prevailed for about a century?—*Bishop Berkeley, Siris*, § 331.

Our poet, it must be confessed, left several passages so expressed, as to be favourable to *fatalism* and necessity.—*T. Warton, Essay on the Writings and Genius of Pope.*

Numerous similar instances might be found of fallacies thus veiled by indistinctness of language in most of the treatises extant on '*fatalism*,' 'free-agency,' and other kindred matters; in which the words 'may,' 'can,' 'possible,' &c., are understood partly in reference to power, partly, to probability. —*Whately, Elements of Rhetoric*, pt. iii. ch. i. § 4.

He taught a religious *fatalism*, and the doctrine of election, that nobody could believe in Christianity unless he had been elected to salvation, and that the elect could not fall by sin.—*Sharpe, History of Egypt*, ch. xiii.

The Normans were the instruments in God's hands for the punishment of the sins of the people: it was vain to resist the wrath of God; and so a wretched *fatalism* bowed to a more utter prostration the cowed and spiritless race.—*Milman, History of Latin Christianity*, b. v. ch. ix.

Fátalist. *s.* One who maintains that all things happen by inevitable necessity.

Will the obstinate *fatalists* find sufficient apology? —*Watts.*

That whatever happens, could not have happened otherwise unless something had taken place which was capable of preventing it, no one surely needs hesitate to admit. But to call this by the name necessity is to use the term in a sense so different from its primitive and familiar meaning, from that which it bears in the common occasions of life, as to amount almost to a play upon words. The associations derived from the ordinary sense of the term will adhere to it in spite of all we can do: and though the doctrine of necessity, as stated by most who hold it, is very remote from *fatalism*, it is probable that most necessarians are *fatalists*, more or less, in their feelings. A *fatalist* believes, or half believes (for nobody is a consistent *fatalist*) not only that whatever is about to happen, will be the infallible result of the causes which produce it, (which is the true necessarian doctrine,) but moreover that there is no use in struggling against it; that it will happen however we may strive to prevent it. Now, a necessarian, believing that our actions follow from our characters, and that our characters follow from our organization, our education, and our circumstances, is apt to be, with more or less of consciousness on his part, a *fatalist* as to his own actions, and to believe that his nature is such, or that his education and circumstances have so moulded his character, that nothing can now prevent him from feeling and acting in a particular way, or at least that no effort of his own can hinder it. . . . A person who does not wish to alter his character, cannot be the person who is supposed to feel discouraged or paralyzed by thinking himself unable to do it. The depressing effect of the *fatalist* doctrine can only be felt where there is a wish to do what that doctrine represents as impossible.—*J. S. Mill, System of Logic*, vi. ii. § 3

Fátalistic. *adj.* Implying fatalism.

Talk to me of your pretended crisis! Stuff! A vigorous government would in one month change all the data for your reasoning. Would you have me believe that the events of this world are fastened to a revolving cycle with God at one end and the Devil at the other, and that the Devil is now uppermost? Are you a Christian, and talk about a crisis in that *fatalistic* sense?—*Coleridge, Table Talk.*

Fatálity. *s.*

1. Predestination; predetermined order or series of things and evènts; preordination of inevitable causes acting invincibly in perpetual succession.

The stoicks held a *fatality* and a fixed unalterable course of events: but then they held also, that they fell out by a necessity emergent from and inherent in the things themselves, which God himself could not alter.—*South, Sermons.*

All the father's precaution could not secure the son from the *fatality* of dying by a lion.—*Sir R. L'Estrange.*

2. Tendency to danger; tendency to some great or hazardous event.

Seven times seven, or forty-nine, nine times nine, or eighty-one, and seven times nine, or the years sixty-three, is conceived to carry with it the most considerable *fatality.*—*Sir T. Browne, Vulgar Errours.*

Fátally. *adv.* In a fatal manner; mortally; destructively; even to death.

The stream is so transparent, pure and clear,
That had the self-enamour'd youth gaz'd here,
So *fatally* deceiv'd he had not been,
While he the bottom, not his face had seen.
Sir J. Denham.

Fátbrained. *adj.* Having a dull apprehension.

What a wretched and peevish fellow is this king of England, to mope with his *fat-brained* followers, so far out of his knowledge!—*Shakespear, Henry V.* iii. 7.

Fate. *s.* [Lat. *fatum.*]

1. Destiny; eternal series of successive causes.

Necessity or chance
Approach not me, and what I will is *fate.*
Milton, Paradise Lost, vii. 172.

2. Event predetermined.

Tell me what *fates* await the duke of Suffolk?—
By water shall he die and take his end.
Shakespear, Henry VI. Part II. i. 3.

3. Death; destruction.

Courage uncertain dangers may abate;
But who can bear th' approach of certain *fate?*
Dryden.

The whizzing arrow sings,
And bears thy *fate*, Antinous, on its wings. *Pope.*

4. Cause of death.

With full force his deadly bow he bent,
And feather'd *fates* among the mules and sumpters sent. *Dryden.*

Fáted. *adj.*

1. Decreed by fate.

She fled her father's rage, and with a train
Driven by the southern blast was *fated* here to reign.
Dryden.

2. Determined in any manner by fate.

Her aukward love indeed was oddly *fated*;
She and her Polly were too near related. *Prior.*

3. Endued with any quality by fate.

Bright Vulcanian arms,
Fated from force of steel by Stygian charms,
Suspended shone on high.
Dryden, Virgil's Æneid.

4. Invested with the power of fatal determination.

The *fated* sky
Gives us free scope.
Shakespear, All's well that ends well, i. 1.

Fatheaded. *part. pr.* Stupid.

Causes of subtlety ought not to be committed to gross and *fat-headed* judges; and Jason says that this is a just cause of suspicion.—*Ayliffe, Parergon Juris Canonici*, 453. (Ord MS.)

Fáther. *s.* [A.S. *fæder.*]

1. One by whom the son or daughter is begotten.

Son of Bensalem, thy *father* saith it; the man by whom thou hast breath and life speaketh the word. —*Bacon.*

2. First ancestor.

Abraham is the *father* of us all.—*Romans*, iv. 16.

3. Appellation of an old man.

A poor blind man was accounted cunning in prognosticating weather: Epsom, a lawyer, said in scorn, Tell me, *father*, when doth the sun change? The old man answered, when such a wicked lawyer as you goeth to heaven.—*Camden.*

4. Title of any man reverend for age, learning, and piety.

You shall find one well accompanied
With reverend *fathers* and well learned bishops.
Shakespear, Richard III. iii. 5.

Your majesty is the *father* of your subjects.—Of a good many of them, I believe.—*The Merry Monarch.*

5. One who has given original to anything good or bad.

Jubal was the *father* of all such as handle the harp and organ.—*Genesis*, iv. 21.

6. Ecclesiastical writer of the first centuries.

Men may talk of the *fathers*, and magnify the *fathers*, and seem to make the authority of the *fathers* next to infallible; and yet expose them to contempt. —*Bishop Stillingfleet.*

7. One who acts with paternal care and tenderness.

He hath made me a *father* to Pharaoh, and lord of all his house.—*Genesis*, xlv. 8.

I was a *father* to the poor.—*Job*, xxix. 16.

8. Title of a Romish confessor, particularly of a Jesuit.

Formal in apparel,
In gait and countenance surely like a *father.*
Shakespear, Taming of the Shrew, iv. 2.

There was a *father* of a convent, very much renowned for his piety and exemplary life; and as persons under any great affliction applied themselves to the most eminent confessors, our beautiful votary took the opportunity of confessing herself to this celebrated *father.*—*Addison.*

9. Title of a senator of ancient Rome.

From hence the race of Alban *fathers* come,
And the long glories of majestick Rome.
Dryden, Virgil's Æneid.

10. Appellation of the First Person of the Trinity.

The eternal Son of God esteemed it his meat and drink to do the will of his *Father*, and for his obedience alone obtained the greatest glory.—*Jeremy Taylor, Rule of Holy Living.*

11. Compellation of God as Creator.

We have one *Father*, even God.—*John*, viii. 41.

Almighty and most merciful *Father.*—*Book of Common Prayer.*

Fáther. *v. a.*

1. Take; adopt as a son or daughter.

Ay, good youth,
And rather *father* thee than master thee.
Shakespear, Cymbeline, iv. 2.

2. Supply with a father of certain qualities.

Think you I am no stronger than my sex,
Being so *father'd* and so husbanded?
Shakespear, Julius Cæsar, ii. 1.

How light and portable my pain seems now,
When that which makes me bend makes the king bow!
He childed as I *father'd.* *Id., King Lear*, iii. 6.

3. Adopt a composition.

Men of wit,
Often *father'd* what he writ. *Swift.*

By these two distinguished men Paterson's scheme was *fathered.* Montague undertook to manage the House of Commons, Godfrey to manage the City.—*Macaulay, History of England*, ch. xx.

4. Ascribe to anyone as his offspring or production: (with *on*).

And lest we seem to *father* anything *upon* them more than is their own, let them read.—*Hooker, Ecclesiastical Polity.*

My name was made use of by several persons, one of which was pleased to *father on* me a new set of productions.—*Swift.*

Fáther-in-law. *s.* Father of one's husband or wife.

I must make my *father-in-law* a visit with a great train and equipage.—*Addison, Spectator.*

Fátherhood. *s.* Character of a father; authority of a father.

Who can abide, that against their own doctors, both of the middle and latest age, six whole books should by their *fatherhoods* of Trent be, under pain of a curse, imperiously obtruded upon God and his church?—*Bishop Hall.*

We might have had an entire notion of this *fatherhood*, or fathorly authority.—*Locke.*

Fátherlasher. *s.* (two words rather than a compound.) [?] Fish so called, Cottus bubalis. In Scotland, Lucky proach.

The *father-lasher* is immediately recognised by its well-armed head and long spines, but seldom measures more than from six to ten inches in length on our shores. The general appearance of this fish

is forbidding; yet in Greenland, besides attaining a much larger size, it is in such great request, that Pallas tells us it forms the principal food of the natives, and the soup made of it is said to be agreeable as well as wholesome. During the greater part of the year it is to be found on our coast from Cornwall to the Orkneys, and is frequently left by the receding tide in small pools among rocks. When touched, it distends its gill-covers, and sets out its numerous spines, assuming a most threatening appearance.—*Yarrell, British Fishes.*

Fátherless. *adj.* Wanting a father; destitute of a father.

Ye shall not afflict any widow, or *fatherless* child. —*Exodus*, xxii.

Our *fatherless* distress was left unmoan'd;
Your widow dolours likewise be unwept.
Shakespear, Richard III. ii. 2.

The *fatherless* hath no friend.—*G. Sandys.*

He caught his death the last county sessions, where he would go to see justice done to a poor widow woman and her *fatherless* children.—*Addison, Spectator.*

With *father* in the sense of originator or authority.

There's already a thousand *fatherless* tales amongst us.—*Beaumont and Fletcher, Philaster.*

Fátherly. *adj.* Paternal; like a father; tender; protecting; careful.

Let me but move one question to your daughter,
And, by that *fatherly* and kindly power
That you have in her, bid her answer truly.
Shakespear, Much Ado about Nothing, iv. 1.

The part which describes the fire, I owe to the piety and *fatherly* affection of our monarch to his suffering subjects.—*Dryden.*

Fátherly. *adv.* In the manner of a father.

There goeth our good shepherd from us, that so faithfully hath taught us, so *fatherly* hath cared for us.—*Fox, Book of Martyrs, Dr. R. Taylor.*

Thus Adam, *fatherly* displeas'd:
O execrable son! so to aspire
Above his brethren. *Milton, Paradise Lost*, xii. 63.

Fáthom. *s.* [A.S. *fæðem.*]

1. Measure of length containing six feet, or two yards; length from the tip of the longest finger of one hand to the tip of the longest finger of the other, when the arms are extended laterally in a straight line; space to which a man can extend both arms.

The extent of this *fathom*, or distance between the extremity of the fingers of either hand upon expansion, is equal unto the space between the sole of the foot and the crown.—*Sir T. Browne.*

The arms spread cross in a streight line, and measured from the end of the long finger on one hand, to that of the other, a measure equal to the stature, is named a *fathom.*—*Holder.*

In the measurement of linear space, there is no natural standard which offers itself. Most of the common measures appear to be taken from some part of the human body; as a foot, a cubit, a *fathom*; but such measures cannot possess any precision, and are altered by convention: thus there were in ancient times many kinds of cubits; and in modern Europe, there are a great number of different standards of the foot, as the Rhenish foot, the Paris foot, the English foot.—*Whewell.*

2. Chiefly used by *mariners* for expressing *the depth of the sea*, the line for sounding being called the *fathomline.*

Dive into the bottom of the deep,
Where *fathom-line* could never touch the ground.
Shakespear, Henry IV. Part I. i. 3.

No time was to be lost; the ships had driven into shoal water, having but fourteen *fathoms.*—*Southey, Life of Nelson.*

3. Reach; penetration; depth of contrivance; compass of thought.

Another of his *fathom* they have none
To lead their business. *Shakespear, Othello*, i. 1.

You have blown his swoln pride to that vastness,
As he believes the earth is in his *fathom.*
Beaumont and Fletcher, The Prophetess.

Fáthom. *v. a.*

1. Reach; master.

Leave, leave to *fathom* such high points as these;
Nor be ambitious, ere the time, to please.
Dryden, Translation of Persius.

2. Sound; try with respect to the depth.

'Tis too strong for weak heads to try the heights and *fathom* the depths of his flights.—*Felton, Dissertation on reading the Classicks.*

Our depths who *fathoms.* *Pope.*

3. Penetrate into; find the bottom or utmost extent: (as, 'I cannot *fathom* his design').

But juster fates denied; nor would
Another land that genius hold,
As could beyond all wonder hurl'd,
Fathom the intellectual world.
J. Hall, Poems, p. 41: 1646.

Fáthomless. *adj.*

1. That which cannot be fathomed.

God, in the *fathomless* profound,
Hath all his choice commanders drown'd.
G. Sandys, Paraphrase of Exodus, xv.: 1648.

You will be swallow'd up, horse and man, into a *fathomless* lake of ill-scented mire.—*Dr. H. More, Antidote against Idolatry*, preface.

2. That of which the circumference cannot be embraced.

Will you with counters sum
The past-proportion of his infinite;
And buckle in a waist most *fathomless*,
With spans and inches so diminutive
As fears and reasons?
Shakespear, Troilus and Cressida, ii. 2.

Fatídical. *adj.* [Lat. *fatidicus*; *fatum* = fate, and root of *in-dic-o* = indicate.] Prophetic; having the power to foretell future events.

The oak, of all other trees only *fatidical*, told them what a fearful unfortunate business this would prove.—*Howell, Vocall Forrest.*

If it be true, what the ancients write of some trees, that they are *fatidical*, these come to foretel, at leastwise to wish you, as the season invites me, a good new-year.—*Id., Familiar Letters*, iv. 37.

Fatidical voices, delivered by none knows whom, apparitions of ghosts, ominations by words.—*J. Spencer, Discourse concerning Prodigies*, p. 102.

Fátigate. *v. a.* [Lat. *fatigatus*, pass. part. of *fatigo*; *fatigatio, -onis.*] Weary; fatigue; tire; exhaust with labour; oppress with lassitude. *Obsolete.*

Fabius at the last did so *fatigate* him and his host that thereby in conclusion his power minished.—*Sir T. Elyot, The Governour*, fol. 167. b.

Fátigate. *adj.* Wearied; worn out. *Obsolete.*

Readers, *fatigate* with long precepts, desire variety of matter.—*Sir T. Elyot, The Governour*, fol. 122.

By and by the din of war 'gan pierce
His ready sense; then straight his doubled spirit
Requicken'd what in flesh was *fatigate*,
And to the battle came he.
Shakespear, Coriolanus, ii. 2.

Fatigátion. *s.* Weariness.

The earth alloweth man nothing, but at the price of his sweat and *fatigation.*—*W. Mountague, Devout Essays*, pt. i. p. 377: 1648.

Fatígue. *s.* [Fr.]

1. Weariness; lassitude.

All day the vacant eye without *fatigue*
Strays o'er the heav'n and earth. *Armstrong.*

2. Cause of weariness; labour; toil.

The great Scipio sought honours in his youth, and endured the *fatigues* with which he purchased them. —*Dryden.*

Fatígue. *v. a.* Tire; weary; harass with toil; exhaust with labour.

The man who struggles in the fight,
Fatigues left arm as well as right. *Prior.*

Fátling. *s.* Young animal fed fat for the slaughter.

The calf and the young lion, and the *fatling* shall lie down together, and a little child shall lead them. —*Isaiah*, xi. 6.

Fátness. *s.* Attribute suggested by Fat.

1. Quality of being fat, plump, or full fed.

But the olive-tree said unto them, Should I leave my *fatness*, wherewith by me they honour God and man, and go to be promoted over the trees?—*Judges*, ix. 9.

And by his side rode loathsome gluttony,
Deformed creature, on a filthy swine;
His belly was upblown with luxury,
And eke with *fatness* swollen were his eyen.
Spenser, Faerie Queen.

Earth and water, mingled by the help of the sun, gather a nitrous *fatness.*—*Bacon, Natural and Experimental History.*

By reason of the *fatness* and heaviness of the ground, Egypt did not produce metals, wood, pitch, and some fruits.—*Arbuthnot.*

2. Fertility; fruitfulness.

God give thee of the dew of heaven, and the *fatness* of the earth, and plenty of corn and wine.—*Genesis*, xxvii. 28.

When around
The clouds drop *fatness*, in the middle sky
The dew suspended staid, and left unmoist
The execrable glebe. *Philips.*

Vapours and clouds feed the plants of the earth with the balm of dews and the *fatness* of showers.—*Bentley.*

Fátten. *v. a.*

1. Make fat.

Frequent blood-letting, in small quantities, often increaseth the force of the organs of digestion, and *fatteneth* and increaseth the distemper.—*Arbuthnot, On the Nature and Choice of Aliments.*

2. Make fruitful.

Town of stuff to *fatten* land. *Liber Londinensis.*

Dare not, on thy life,
Touch aught of mine;
This falchion else, not hitherto withstood,
These hostile fields shall *fatten* with thy blood.
Dryden.

3. Feed grossly; increase.

Obscene Orontes
Conveys his wealth to Tyber's hungry shores,
And *fattens* Italy with foreign whores.
Dryden, Juvenal's Satires.

Fátten. *v. n.* Become fat; be pampered; grow fleshy.

All agree to spoil the publick good,
And villains *fatten* with the brave man's labour.
Otway.

Yet then this little spot of earth well till'd,
A num'rous family with plenty fill'd,
The good old man and thrifty housewife spent
Their days in peace, and *fatten'd* with content;
Enjoy'd the dregs of life, and liv'd to see
A long-descending healthful progeny.
Dryden, Juvenal's Satires.

Tygers and wolves shall in the ocean breed,
The whale and dolphin *fatten* on the mead,
And every element exchange its kind,
When thriving honesty in courts we find.
Granville.

Fáttener. *s.* That which fattens: (in the following extract, spelt as a dissyllable).

The wind was west on which the philosopher bestowed the encomium of *fatner* of the earth.—*Arbuthnot.*

Fáttening. *part. adj.* Growing or becoming fat; causing fat: (as, 'a *fattening* diet,' 'a *fattening* kind of food').

Apollo check'd my pride, and bad me feed
My *fatt'ning* flocks, nor dare beyond the reed.
Dryden

Fátty. *adj.* Unctuous; oleaginous; greasy; partaking of the nature of fat.

The like cloud, if oily or *fatty*, will not discharge: not because it sticketh faster, but because air preyeth upon water, and flame and fire upon oil.—*Bacon, Natural and Experimental History.*

The gourd
And thirsty cucumber, when they perceive
Th' approaching olive, with resentment fly
Her *fatty* fibres, and with tendrils creep
Diverse, detesting contact. *Philips.*

The common symptoms of the muriatick scurvy are, a saline taste in the spittle, and a lixivial urine, sometimes with a *fatty* substance like a thin skin atop.—*Arbuthnot, On the Nature and Choice of Aliments.*

Fatúitous. *adj.* Afflicted with fatuity; fatuous.

She was defenceless—she was an orphan, and far worse than an orphan—a poor, *fatuitous* father was linked to her fate.—*Emilia Wyndham*, ch. xvii.

Fatúity. *s.* Foolishness; weakness of mind; morbid feebleness of intellect.

It had argued a very short sight of things, and extreme *fatuity* of mind in me, to bind my own hands at their request.—*Eikon Basilike.*

These symptoms were so high in some as to produce a sort of *fatuity* or madness.—*Arbuthnot, On the Effects of Air on human Bodies.*

Fátuous. *adj.* [Lat. *fatuus.*]

1. Stupid; foolish; feeble of mind.

In the same instant that I feel the first attempt of the disease, I feel the victory; in the twinkling of an eye I can scarce see: instantly the taste is insipid and *fatuous.*—*Donne, Devotions*, p. 25: 1625.

We pity or laugh at those *fatuous* extravagants, while yet ourselves have a considerable dose of what makes them so.—*Glanville.*

2. Impotent; without force; illusory: (alluding to an *ignis fatuus*).

And when that flame finds combustible earth,
Thence *fatuous* fires and meteors take their birth.
Sir J. Denham.

Fátwitted. *adj.* Heavy; dull; stupid.

Thou art so *fatwitted* with drinking old sack, and unbuttoning thee after supper, and sleeping upon benches in the afternoon, that thou hast forgotten. —*Shakespear, Henry IV. Part I.* i. 2.

Faúcet. *s.* (sometimes written *fosset.*) [Fr. *fausset.*] Duct inserted into a vessel to give vent to the liquor, and stopped up by a peg or spigot.

You were out a good wholesome forenoon in hearing a cause between an orange-wife and a *fosset*-seller, and adjourned a controversy of threepence to a second audience.—*Shakespear, Coriolanus*, ii. 1.

If you are sent down to draw drink, and find it will not run, blow strongly into the *faucet*, and it will immediately pour into your mouth.—*Swift, Advice to Servants, Directions to the Butler.*

Fault. *s.* [N.Fr. *fault*; Modern Fr. *faute.*]

1. Offence; slight crime; something liable to censure or objection.

The prophet chuseth rather to charge them with the *fault* of making a law unto themselves, than the crime of transgressing a law which God had made.—*Hooker, Ecclesiastical Polity.*

He finds no *fault* with their opinion about the true God, but only that it was not clear and distinct enough.—*Bishop Stillingfleet.*

2. Defect; want; absence.

I could tell to thee, as to one it pleases me, for *fault* of a better, to call my friend, I could be sad, and sad indeed too.—*Shakespear, Henry VI. Part II.* ii. 2.

3. Misfortune. *Obsolete.*

You are lit into my hands, where you are like to live.—

The more my *fault*,
To 'scape his hands, where I was like to die.
Shakespear, Pericles, iv. 3.

4. In *Geology.* Interruption of the continuity of a stratum, either by sinking on one side, or an upheaval on the other, subsequent to deposition.

Mineral veins are subject to derangements in their course, which are called shifts or *faults.* Thus when a transverse vein throws out, or intercepts, a longitudinal one, we must commonly look for the rejected vein on the side of the obtuse angle which the direction of the latter makes with that of the former; when a bed of ore is deranged by a *fault*, we must observe whether the slip of the strata be upwards or downwards; for in either circumstance, it is only by pursuing the direction of the *fault* that we can recover the ore, in the former case by mounting, in the latter by descending beyond the dislocation.—*Ure, Dictionary of Arts, Manufactures, and Mines.*

At fault, or *At a fault.* Puzzled; in a difficulty: (as, 'The inquirer is *at a fault*').

We are not only *at a fault*, in the hunter's term; but at a rest, as if we were playing at tennis.—*Sir H. Wotton, Reliquiæ Wottonianæ*, p. 550.

Fault. *v. n.* Fall short; fail; err. *Rare.*

Which moved him rather in eclogues than otherwise to write, minding to furnish our tongue in this kind wherein it *faulteth.*—*E. K., On Spenser's Shepherd's Calendar.*

If a man would not keep a mean, it were better to *fault* in prescribing less than he should drinke, than to *fault* in giving him more than he ought.—*Hooker, Ecclesiastical Polity.* (Ord MS.)

Fault. *v. a.* Charge with a fault; accuse. *Rare.*

For that I will not *fault* thee,
But for humbleness exalt thee. *Old Song.*

Whom should I *fault? Bishop Hall, Satires*, i. 2.

For which only [bodily uncleanness] had they dismissed their wives, our Saviour had neither *faulted* their gloss nor their practice.—*Id., Cases of Conscience*, iv. 2.

That which is to be *faulted* in this particular is, when the grief is immoderate and unreasonable.—*Jeremy Taylor, Rule and Exercises of Holy Dying*, v. § 8.

God's house is abused by them which bring hither hawks and dogs, which is *faulted* in our churchhomily.—*Shelford, Learned Discourses*, p. 54: 1635.

Faúlter. *s.* Offender; one who commits a fault. *Rare.*

Then she, Behold the *faulter* here in sight;
This hand committed that supposed offence.
Fairfax.

With my sweet words I could the king persuade
And make him pause, and take therein a breath,
Till I, with suit, the *faulter's* peace had made.
Mirrour for Magistrates, p. 499.

Faúltfinder. *s.* Censurer; objector.

Other pleasant *faultfinders*, who will correct the verb before they understand the noun.—*Sir P. Sidney, Defence of Poesy.*

Be thou no sharp *faultfinder*, but an admonisher without upbraiding.—*Translation of Bullinger's Sermons*, p. 241.

Faúltful. *adj.* Full of crime.

So fares it with this *faultful* lord of Rome.
Shakespear, Rape of Lucrece.

Faúltily. *adv.* In a faulty manner; improperly; defectively; erroneously.

The former impression was exhausted, and very *faultily* printed.—*Archbishop Cranmer, Preface to the Bible.*

Faúltiness. *s.* Attribute suggested by Faulty.

1. Badness; viciousness; evil disposition.

When her judgement was to be practised in knowing *faultiness* by his first tokens, she was like a young fawn, who coming in the wind of the hunters, doth not know whether it be a thing or no to be eschewed.—*Sir P. Sidney.*

2. Delinquency; actual offences.

The inhabitants will not take it in evil part, that the *faultiness* of their people heretofore is laid open.—*Hooker, Ecclesiastical Polity.*

3. Imperfection; defect; unfitness for use.

If these objections are just, what have I done but discovered the *faultiness* of a commodity, which Mr. Warburton had put off upon them, and they were, though innocently, putting off upon the publick for good ware?—*Edwards, Canons of Criticism*, pref.

Faúltless. *adj.* Exempt from fault; perfect; completely excellent.

Where for our sins he *faultless* suffered pain,
There where he died, and where he liv'd again.
Fairfax.

Who durst thy *faultless* figure thus deface?
Dryden, Virgil's Æneid.

Whoever thinks a *faultless* piece to see,
Thinks what ne'er was, nor is, nor e'er shall be.
Pope.

Faúlty. *adj.*

1. Guilty of a fault; blamable; criminal; not innocent.

The king doth speak as one which is *faulty.*—2 *Samuel*, xiv. 13.

2. Wrong; erroneous; deficient.

The form of polity by them set down for perpetuity, is three ways *faulty*; *faulty* in omitting some things which in Scripture are of that nature, as, namely, the difference that ought to be of pastors, when they grow to any great multitude; *faulty* in requiring doctors, deacons, and widows, as things of perpetual necessity by the law of God, which in truth are nothing less; *faulty* also in urging some things by Scripture mutable, as their lay elders.—*Hooker, Ecclesiastical Polity.*

3. Defective; bad in any respect; not fit for the use intended.

By accident of a *faulty* helmet that Parker had on, he was stricken into the mouth at the first course, so that he died presently.—*Bacon, History of the Reign of Henry VII.*

Faun. *s.* [Lat. *Faunus.*] Inferior heathen deity, supposed to inhabit the woods.

Fauns, or Sylvans, be of poets feigned to be gods of the wood.—*E. K., On Spenser's Shepherd's Calendar.*

Rough Satyrs danc'd, and *Fauns* with cloven heel
From the glad sound would not be absent long.
Milton, Lycidas, 34.

Faúna. *s.* A word (see Flóra, with which it is a coordinate term) used in *Natural History* to denote the *animal* as opposed to the *vegetable* occupants of a region, district, or locality.

Ireland, . . . in spite of the narrowness of the straits which separate it from our own country, and of its independent commerce with all parts of the civilised world, has an insect *fauna* curiously limited. . . . There can be no question that, from more frequent communication with England, its entomological *fauna* has of late years been considerably increased; and it is equally easy to detect, through an examination of its less inhabited provinces, that at a period geologically recent its insect population must have been singularly scanty. I know of few regions (not even excepting the uplands of Madeira) which are more deficient in insect life than the mountains of Kerry.—*Wollaston, Variation of Species*, ch. iii.

Faúnist. *s.* One who attends to rural disquisitions; naturalist.

Some future *faunist*, a man of fortune, will, I hope, extend his visits to Ireland; a new field to the naturalist.—*White, Natural History of Selbourne*, p. 107.

Faúsen. *s.* [?] Large kind of eel.

Entrails, about which *fausens* and other fish
Did shole.
Chapman, Translation of Homer's Iliad.

In the following extract it is used *adjectivally* (the exact meaning being uncertain).

? Greasy; oily; fat.

All of which were *fausen* sluts like Bartholomew-fair pig-killers.—*Gayton, Festivous Notes on Don Quixote*, p. 57. (Nares by H. and W.)

Faútor. *s.* [Lat.] Favourer; one who countenances or supports anything.

I am neither author or *fautor* of any sect: I will have no man addict himself to me; but, if I have anything right, defend it as truth's, not mine.—*B. Jonson.*

The new mountain in the Lucrine lake, which is alleged by the *fautors* of this opinion, as an instance in behalf of it, was not raised thus.—*Woodward.*

Faútress. *s.* Female fautor. *Rare.*

It made him pray, and prove
Minerva's aid his *fautress* still.
Chapman, Translation of Homer's Iliad.

He comes from banishment to the *fautress* of liberty, from the barbarous to the polite.—*Garth, Dedication to Translations from Ovid.*

Fável. *s.* [N.Fr.] Deceit. *Obsolete.*

There was falsehood, *favel*, and jollity,
Yea, thieves, and whores. *Hycke-Scorner.*

Favíllous. *adj.* [Lat. *favilla* = ashes.] Consisting of ashes. *Rare.*

As to foretelling of strangers from the fungous particles about the wicks of the candle, it only signifieth a moist air about them, hindering the avolation of light and the *favillous* particles.—*Sir T. Browne, Vulgar Errours.*

Fávour. *v. a.*

1. Support; regard with kindness; be propitious to; countenance.

Of all the race of silver-winged flies,
Which do possess the empire of the air,
Was none more favourable, nor more fair,
Whilst Heaven did *favour* his felicities,
Than Clarion, the eldest son and heir
Of Muscarol. *Spenser, Muiopotmos.*

Men *favour* wonders.—*Bacon, Natural and Experimental History.*

Fortune so *favoured* him, that the town at his first coming surrendered unto him.—*Knolles, History of the Turks.*

2. Assist with advantages or conveniences.

No one place about it is weaker than another, to *favour* an enemy in his approaches.—*Addison, Whig Examiner.*

3. Resemble in feature.

The porter owned that the gentleman *favoured* his master.—*Spectator.*

4. Resemble in any respect.

The complexion of the element
Is *favour'd* like the work we have in hand,
Most bloody, fiery, and most terrible.
Shakespear, Julius Cæsar, i. 3.

Fávour. *v. n.* [? *v. a.*, with the noun understood.] Be favourable.

The good Æneas am I called; a name,
While fortune *favour'd*, not unknown to fame.
Dryden, Virgil's Æneid.

Fávour. *s.* [Lat. *favor*; Fr. *faveur.*]

1. Countenance; kindness; kind regard; propitious aspect.

The child Samuel was in *favour*, both with the Lord and also with men.—1 *Samuel*, ii. 26.

2. Support; defence; vindication; inclination to favour: (with *of* before the *thing favoured*).

The pleasures which these Scriptures ascribe to religion, are of a kind very different from those in *favour of* which they are here alleged.—*Rogers.*

At play, among strangers, we are apt to find our hopes and wishes engaged on a sudden in *favour of* one side more than another.—*Swift.*

They were invited from all parts for the use of kings, princes, and ministers. And, in short, the *favour of* learning was the humour and mode of the age.—*Sir W. Temple.*

3. Kindness granted; benevolence shown.

All *favours* and punishments passed by him, all offices and places of importance were distributed to his favourites.—*Sir P. Sidney.*

4. Mildness; mitigation of punishment.

I could not discover the lenity and *favour* of this sentence; but conceived it rather to be rigorous than gentle.—*Swift.*

5. Leave; good will; pardon: (with *with*).

Yet ere we enter into open act,
With favour, 'twere no loss if't might be inquir'd
What the condition of these arms would be.
B. Jonson.

6. Object of favour; person or thing favoured.

All these his wond'rous works, but chiefly man,
His chief delight and *favour*; him, for whom
All these his works so wond'rous he ordain'd.
Milton, Paradise Lost, iii. 663.

7. Something given by a lady to be worn.

And every one his love suit will advance
Unto his several mistress, which they'll know
By *favours* several which they did bestow.
Shakespear, Love's Labour's lost, v. 2.

It is received that it helpeth to continue love, if one wear the hair of the party beloved; and perhaps a glove, or other like *favour*, may as well do it.—*Bacon, Natural and Experimental History.*

A blue ribband tied round the sword-arm, I conceive to be the remains of that custom of wearing

a mistress's *favour* on such occasions of old.—*Spectator.*

8. Anything worn as a token.

Here, Fluellen, wear thou this *favour* for me, and stick it in thy cap.—*Shakespear, Henry V.* iv. 7.

9. Feature; countenance. *Obsolete.*

Oh, sweet Leander, thy large worth I hide
In a short grave! ill-favoured storms must chide
Thy sacred *favour*.
Marlowe and Chapman, Hero and Leander.

That is only suitable in laying a foul complexion upon a filthy *favour*, setting forth both in sluttishness.—*Sir P. Sidney.*

Young though thou art, thine eye
Hath staid upon some *favour* that it loves.
Shakespear, Twelfth Night, ii. 4.

Defeat thy *favour* with an usurped beard.—*Id., Othello*, i. 3.

There's no goodness in thy face: if Antony
Be free and healthful, why so tart a *favour*
To trumpet such good tidings?
Id., Antony and Cleopatra, ii. 5.

Yet well I remember
The *favours* of these men: were they not mine?
Did they not sometime cry, all hail! to me?
Id., Richard II. iv. 1.

A youth of fine *favour* and shape.—*Bacon, History of the Reign of Henry VII.*

By their virtuous behaviour they compensate the hardness of their *favour*, and by the pulchritude of their souls, make up what is wanting in the beauty of their bodies.—*Ray.*

Fávourable. *adj.*

1. Kind; propitious; affectionate.

Famous Plantagenet! most gracious prince,
Lend *favourable* ear to our requests.
Shakespear, Richard III. iii. 7.

2. Palliative; tender; averse from censure.

None can have the *favourable* thought,
That to obey a tyrant's will they fought.
Dryden, Juvenal's Satires.

3. Conducive; contributing; propitious; convenient: (with *to* or *for*).

People are multiplied in a country by the temper of the climate, *favourable to* generation, health, and long life.—*Sir W. Temple.*

Many good officers were willing to stay there, as a place very *favourable for* the making levies of men.—*Lord Clarendon.*

4. Beautiful; well-favoured; well-featured. *Obsolete.*

Of all the race of silver-winged flies
Which do possess the empire of the air,
Was none more *favourable*, nor more fair,
Whilst heaven did favour his felicities,
Than Clarion, the eldest son and heir
Of Muscarol. *Spenser, Muiopotmos.*

Fávourableness. *s.* Attribute suggested by Favour; kindness; benignity.

To the *favourableness* of your ladyship's censure . . . be pleased to add the favour of your pardon.—*Jeremy Taylor, Artificial Handsomeness*, p. 198.

Fávourably. *adv.* In a favourable manner; kindly; with favour; with tenderness; with kind regard.

Touching actions of common life, there is not any defence more *favourably* heard than theirs who allege sincerely for themselves, that they did as necessity constrained them.—*Hooker.*

She goeth about seeking such as are worthy of her, and sheweth herself *favourably* unto them in the ways.—*Wisdom*, vi. 16.

The violent will condemn the character of Absalom, as either too *favourably* or too hardly drawn.—*Dryden.*

We are naturally inclined to think *favourably* of those we love.—*Rogers.*

Fávoured. *part. adj.*

1. Regarded with kindness.

Oft with some *favour'd* traveller they stray,
And shine before him all the desert way.
Pope, Homer's Odyssey.

2. Having certain features: (generally preceded by an *adverb*).

Of her there bred
A thousand young ones which she daily fed;
Sucking upon her poisonous dugs, each one
Of sundry shape, yet all *ill-favoured.*
Spenser, Faerie Queen.

The *ill-favoured* and lean-fleshed kine did eat up the seven *well-favoured* and fat kine.—*Genesis*, xli. 4.

Bridget Howd'ye, late servant to the lady Fardingale, a short, thick, lively, *hard-favoured* wench.—*Tatler*, no 245.

Fávouredness. *s.* (usually preceded by *well* or *ill.*) Attribute suggested by Favoured; appearance.

Nature itself taught men to joyne alwayes *well-favouredness* with profitablenesse.—*Ascham*, 157. (Ord MS.)

Thou shalt not sacrifice unto the Lord thy God any bullock or sheep, wherein is blemish or an *evil-favouredness.*—*Deuteronomy*, xvii. 1.

Fávourer. *s.* One who favours; one who regards with kindness or tenderness; well-wisher; friend.

If we should upbraid them with irreligious, as they do us with superstitious *favourers*, the answer which herein they would make us, let them apply unto themselves.—*Hooker, Ecclesiastical Polity.*

Conjure their friends they had, labour for more,
Solicit all reputed *favourers.*
Daniel, Civil Wars of York and Lancaster.

All the *favourers* of magick were the most profest and bitter enemies to the Christian religion.—*Addison.*

Fávouress. *s.* Female who favours, supports, or regards with kindness. *Rare.*

The lady Margaret Alençon, a principal *favouress* of the protestant religion.—*Hakewill, Answer to Dr. Carrier*, p. 184: 1616.

Fávourite. *s.* [Fr. *favori*; Italian *favorito.*]

1. Person or thing beloved; one regarded with favour; anything in which pleasure is taken; that which is regarded with particular approbation or affection.

A *favourite* has no friend. *Gray.*

2. One chosen as a companion by a superior; mean wretch whose whole business is by any means to please.

All favours and punishments passed by him, all offices and places of importance were distributed to his *favourites.*—*Sir P. Sidney.*

I was a Thessalian gentleman, who, by mischance, having killed a *favourite* of the prince of that country, was pursued so cruelly, that in no place but by favour or corruption they would obtain my destruction.—*Id.*

The great man down, you mark, his *fav'rite* flies;
The poor advanc'd, make friends of enemies.
Shakespear, Hamlet, iii. 2.

Bid her steal into the plashed bower,
Where honeysuckles, ripen'd by the sun,
Forbid the sun to enter; like to *favourites*,
Made proud by princes, that advance their pride
Against that power that bred it.
Id., Much Ado about Nothing, iii. 1.

Nothing is more vigilant, nothing more jealous than a *favourite*, especially towards the waining time, and suspect of satiety.—*Sir H. Wotton.*

This man was very capable of being a great *favourite* to a great king.—*Lord Clarendon, History of the Grand Rebellion.*

Fávourite. *adj.* Beloved; regarded with favour.

Every particular master in criticism has his *favourite* passages in an author.—*Addison, Spectator.*

Fávouritism. *s.* Exercise of power in favour of favourites.

A plan of *favouritism* for our executory government is essentially at variance with the plan of our legislature.—*Burke, Thoughts on the Present Discontents.*

Even Lyons had become, through the Pope's ill-timed *favouritism*, hardly a safe refuge. He had endeavoured to force some of his Italian followers into the Chapter of Lyons; the Canons swore in the face of the Pope that if they appeared, neither the Archbishop nor the Canons themselves could prevent their being cast into the Rhone.—*Milman, History of Latin Christianity*, b. x. ch. v.

Fávourless. *adj.* Destitute of favour.

Of that goddess I have sought the sight,
Yet no where can her find; such happiness
Heaven doth me envy, and fortune *favourless.*
Spenser, Faerie Queen.

Fawn. *s.* [N.Fr. *faon* = young of an animal.] Young deer; buck or doe of the first year.

Looking my love, I go from place to place,
Like a young *fawn* that late hath lost the hind;
And seek each where, where last I saw her face,
Whose image yet I carry fresh in mind.
Spenser, Sonnets.

The colt hath about four years of growth; and so the *fawn*, and so the calf.—*Bacon, Natural and Experimental History.*

Who for thy table feeds the wanton *fawn*,
For him as kindly spreads the flow'ry lawn. *Pope.*

Used *adjectivally.*

A small pattern . . . was composed of a stripe of blue, alternating with three lines of *fawn* colour.—*Thompson*, in *Sir J. G. Wilkinson, Manners and Customs of the ancient Egyptians*, ch. vii.

Fawn. *v. n.* Bring forth a fawn.

The does then do *fawn.*—*Bullokar*, in v. *Fenee-mouth.*

Fawn. *v. n.*

1. Court either by playfulness or endearing manners like a suckling animal.

The dog straight *fawned* upon his master for old knowledge.—*Sir P. Sidney.*

Is it not strange that a rational man should worship an ox? that he should *fawn* upon his dog? bow himself before a cat? and adore leeks and garlick?—*South, Sermons.*

2. Court servilely.

My love, forbear to *fawn* upon their frowns,
What danger or what sorrow can befal thee,
So long as Edward is thy constant friend?
Shakespear, Henry VI. Part III. v. 1.

And thou, sly hypocrite, who now would'st be
Patron of liberty, who more than thou
Once *fawn'd*, and cring'd, and servilely ador'd
Heav'n's awful monarch?
Milton, Paradise Lost, iv. 957.

Fawn. *s.* Servile cringe; low flattery.

You will rather shew our gentle lowts
How you can frown, then spend a *fawn* upon them,
For the inheritance of their loves.
Shakespear, Coriolanus, iii. 2.

Thanks, Horace, for thy free and wholesome sharpness,
Which pleaseth Cæsar more than servile *fawns.*
B. Jonson, Poetaster.

Fáwner. *s.* One who fawns; one who pays servile courtship.

Our talking is trustless, our cares do abound;
Our *fawners* deem'd faithful, and friendship a foe.
Mirrour for Magistrates, p. 85.

By softness of behaviour we have arrived at the appellation of *fawners.*—*Spectator.*

Fáwning. *part. adj.* Having the character of one who fawns.

Instead thereof he kiss'd her weary feet,
And lick'd her lily hands with *fawning* tongue,
As he her wronged innocence did weet.
Spenser, Faerie Queen.

Holding Corioli in the name of Rome,
Even like a *fawning* greyhound.
Shakespear, Coriolanus, i. 6.

Whom Ancus follows with a *fawning* air;
But vain within, and proudly popular.
Dryden, Virgil's Æneid.

Dext'rous the craving *fawning* crowd to quit,
And pleas'd to 'scape from flattery to wit. *Pope.*

A wise prince might draw from it two lessons of equal utility to himself. On one side he might learn to dread the undisguised resentment of a generous people, who dare openly assert their rights, and who, in a just cause, are ready to meet their sovereign in the field. On the other side, he would be taught to apprehend something far more formidable;—a *fawning* treachery, against which no prudence can guard, no courage can defend. The insidious smile upon the cheek would warn him of the canker in the heart.—*Junius*, let. li.

Fáwning. *verbal abs.* Gross or low flattery; act of servilely cringing.

Low-crook'd curt'sies, and base spaniel *fawning.*
Shakespear, Julius Cæsar, iii. 1.

Clown's *fawnings* are a horse's salutations.
B. Jonson, Staple of News.

Fáwningly. *adv.* In a cringing servile way.

He that so *fawningly* enticed the soul to sin, will now as bitterly upbraid it for having sinned.—*South, Sermons*, ix. 28.

Fáwting. *adj.* [? Lat. *fautus*, pass. part. of *faveo* = favour.] Flattering; seeking favour. *Rare.*

And turn away their friendly *fawting* eye,
And others eache as fixed foes defie.
Mirrour for Magistrates. (Nares by H. and W.)

Fáxed. *adj.* [A.S. *feaxe* = hair, mane.] Hairy. *Rare.*

They could call a comet a *faxed* star, which is all one with stella crinita, or cometa.—*Camden, Remains.*

Fay. *s.* [from Fr. *fée* = fairy.] Fairy; elf.

And the yellow-skirted *fayes*
Fly after the night-steeds,
Leaving their moon-lov'd maze.
Milton, Ode on the Morning of Christ's Nativity, 235.

Ye sylphs and sylphids, to your chief give ear;
Fays, fairies, genii, elves, and demons, hear!
Pope.

Fay. *s.* [from Fr. *foi.*] Faith. *Obsolete.*

Their ill 'haviour garres men missay,
Both of their doctrine and their *fay.*
Spenser, Shepherd's Calendar.

Fayles. *s.* [?] Old game so called.

He's no precisian; that I am certain of,
Nor rigid Roman Catholic. He'll play
At *fayles* and tick-tack: I have heard him swear.
B. Jonson, Every Man in his Humour, iii. 3.

The *tick-tack* of the preceding extract is simply, as stated by Gifford in his note on the passage, *tric-trac*, the French for backgammon. Of *fayles* Mr. Douce has given the following explanation. It was 'played with three dice; and the usual number of men or pieces' [as in backgammon]. 'The peculiarity of the game consisted in the mode of first placing the men on the points. If one of the players threw some particular throw on the dice, he was disabled from bearing off any of his men, and therefore *fayled* in winning the game; and hence the appellation of it.' (Nares by H. and W.) The evidence of the suggested connexion with *fail* wants improving. Word for word, *fayles* may be the same as *faculæ*, one of the meanings of which, though comparatively a rare one, is *aspect*, the connexion being with *facies*. Hence it is applied to east and west, as divisions in geography. But slightly removed from this is the notion of *region, tabular compartment, table*; so that a *game at fayles* is a *game at tables*, the latter term being both well known and common.

Feague. *v. n.* [probably connected with *feese* (q.v., especially the forms *feag* and *fikhe*) and the slang term *fake* (*away*); the exact details of the connection being uncertain.] Work away perseveringly at anything.

When a knotty point comes, I lay my head close to it, with a snuff-box in my hand; and then I *feague* it away i' faith.—*Duke of Buckingham, Rehearsal.*

Feake. *s.* [?] Word of uncertain meaning. In Nares (H. & W.) the two following examples are given; in the first of which the word is suggested to mean a *loveloch*, or some pendent part of the dress; in the second the meaning is left wholly uncertain.

Can set his face, and with his eye can speak,
Can dally with his mistress' dangling *feake*,
And wish that he were it, to kiss her eye,
And flare about her beauteous deity.
Marston, Satires, i. (Nares by H. & W.)

Three female idle *feaks* who longed for pig's head.
Bold, Poems, p. 134: 1664. (Nares by H. and W.)

Feal. *v. a.* [probably a variety of *hele*: a word, however, which itself wants explanation. It is known to the editor only as it occurs in a fragmentary formula of an oath or declaration, 'You shall *hele*, and conceal, and never shall reveal,' &c. See Hele.] Hide. *Obsolete*, or *provincial.*

He that *feals* can find.—*Grose.*

Féal. *adj.* [N.Fr. *fiel, feel*; from Lat. *fidelis.*] Faithful. *Obsolete.*

The tenants by knights' service used to swear to their lords to be *feal* and leal, i.e. faithful and loyal.—*Chambers.*

Féalty. *s.* [N.Fr. *feauté.*—see extracts.] Duty due to a superior lord; fidelity to a master; loyalty.

Let my sovereign
Command my eldest son, nay all my sons,
As pledges of my *fealty* and love.
Shakespear, Henry VI. Part II. v. 1.

Man disobeying,
Disloyal, breaks his *fealty*, and sins
Against the high supremacy of Heaven.
Milton, Paradise Lost, iii. 203.

Under the feodal system every owner of lands held them in subjection to some superior lord, from whom or whose ancestors, the tenant or vassal had received them; and there was a mutual trust or confidence subsisting between the lord and vassal, that the lord should protect the vassal in the enjoyment of the territory he had granted to him, and on the other hand that the vassal should be faithful to the lord, and defend him against all his enemies. This obligation on the part of the vassal was called his *fidelitas* or *fealty*; and an oath of *fealty* was required by the feodal law to be taken by all the tenants to their landlord, which is couched in almost the same terms as our ancient oath of allegiance; except that in the usual oath of *fealty* there was frequently a saving or exception of the faith due to a superior lord by name, under whom the vassal himself was only a tenant or vassal.—*Sir W. Blackstone, Commentaries on the Laws of England*, b. i. ch. x.

Fealty [is] the oath taken at the admittance of every tenant to be true to the lord of whom he holds the land; and he that holds land by the oath of *fealty* has it in the freest manner; because all persons that have fee hold per fidem et fiduciam, that is by *fealty* at least. And *fealty* is incident to all manner of tenures except frank-almoigne and tenancy at will.... It is usually mentioned with homage, but differs from it, being an obligation permanent which binds for ever; and these differ in the manner of the solemnity, for the oath of homage is taken by the tenant kneeling; but that of *fealty* is taken standing.—*Tomlin, Law Dictionary.* (Granger.)

Fear. *s.* [A.S. *fær.*]

1. Dread; terror; painful apprehension of danger.

For *fear* is nothing else but a betraying of the succours which reason offereth.—*Book of Wisdom*, xvii. 12.

Fear is an uneasiness of the mind, upon the thought of future evil likely to befal us.—*Locke.*

Fear, in general, is that passion of our nature whereby we are excited to provide for our security upon the approach of evil.—*Rogers.*

2. Awe; dejection of mind at the presence of any person or thing; terror impressed: (with *of*).

And the *fear of* you, and the dread of you shall be upon every beast.—*Genesis*, ix. 2.

What then remains? Are we depriv'd of will?
Must we not wish, for *fear of* wishing ill?
Dryden, Juvenal's Satires.

Personified.

Trembling *Fear* still to and fro did fly,
And found no place where safe she shrowd him might.
Spenser, Faerie Queen.

3. Anxiety; solicitude.

The principal *fear* was for the holy temple.—2 *Maccabees*, xv. 18.

4. That which represents fear.

Antony, stay not by his side:
Thy demon, that's the spirit that keeps thee, is
Noble, courageous, high, unmatchable,
Where Cæsar's is not; but near him, thy angel
Becomes a *Fear*, as being o'erpower'd.
Shakespear, Antony and Cleopatra, ii. 3.

5. Object of fear.

Except the God of Abraham and the *fear* of Isaac had been with me.—*Genesis*, xxxi. 42.

6. Something hung up to scare deer by its colour or noise.

He who fleeth from the noise of the *fear* shall fall into the pit, and he that cometh up out of the midst of the pit shall be taken in the snare.—*Isaiah*, xxiv. 18.

Fear. *v. a.*

1. Dread; consider with apprehensions of terror; be afraid of.

Now, for my life, Hortensio *fears* his widow.—
Then never trust me if I be afraid.—
You are very sensible, yet you miss my sense;
I mean Hortensio is afraid of you.
Shakespear, Taming of the Shrew, v. 2.

There shall rise up a kingdom, and it shall be *feared* above all the kingdoms before it.—2 *Esdras*, xii. 13.

When I view the beauties of thy face,
I *fear* not death, nor dangers, nor disgrace.
Dryden.

2. Fright; terrify; make afraid.

Let not worldly shame *fear* us to wepe for our synnes.—*Bishop Fisher, Commentary on the seven Penitential Psalms*, psalm 32.

The inhabitants, being *feared* with the Spaniards landing and burning, fled from their dwellings.—*Carew.*

We must not make a scarecrow of the law,
Setting it up to *fear* the birds of prey.
Shakespear, Measure for Measure, ii. 1.

Some, sitting on the hatches, would seem there,
With hideous gazing, to *fear* away fear.
Donne.

3. Reverence.

There is forgiveness with thee, that Thou mayest be *feared*.—*Psalms*, cxxx. 4.

Fear. *v. n.*

1. Live in terror; be afraid.

Well, you may *fear* too far.—Safer than trust too far.
Let me still take away the harms I fear,
Not fear still to be taken.
Shakespear, King Lear, i. 4.

2. Be anxious.

See, pious king, with diff'rent strife,
Thy struggling Albion's bosom torn:
So much she *fears* for William's life,
That Mary's fate she dare not mourn.
Prior.

Feárbabe. *s.* Bugbear, such as frightens children. *Rare.*

As for their shewes and wordes they are but *fearebabes*, not worthy once to move a worthy man's conceit.—*Pembroke, Arcades*, p. 299. (Nares by H. & W.)

Feárful. *adj.*

1. Timorous; timid; easily made afraid.

Them that are of a *fearful* heart.—*Isaiah*, xxxv. 4.

2. Afraid.

The Irish are more *fearful* to offend the law than the English.—*Sir J. Davies, Discourse on the State of Ireland.*

With *of.*

I have made my heroine *fearful of* death, which neither Cassandra nor Cleopatra would have been.—*Dryden.*

3. Awful; to be reverenced.

Who is like thee, glorious in holiness, *fearful* in praises?—*Exodus*, xv. 11.

4. Terrible; dreadful; frightful; impressing fear.

Neither fast to friend, nor *fearful* to foe.—*Ascham, Schoolmaster.*

He's gentle and not *fearful.*
Shakespear, Tempest, i. 2.

Against such monsters God maintained his own by *fearful* execution of extraordinary judgement upon them.—*Hooker, Ecclesiastical Polity.*

What God did command touching Canaan, concerneth not us any otherwise than only as a *fearful* pattern of his just displeasure.—*Id.*

It is a *fearful* thing to fall into the hands of the living God.—*Hebrews*, x. 31.

Lay down by those pleasures the *fearful* and dangerous thunders and lightnings, the horrible and frequent earthquakes, and then there will be found no comparison.—*Sir W. Raleigh.*

This is the natural fruit of sin, and the present revenge which it takes upon sinners, besides that *fearful* punishment which shall be inflicted on them in another life.—*Archbishop Tillotson.*

Feárfully. *adv.* In a fearful manner.

1. Timorously; in fear.

In such a night
Did Thisbe *fearfully* o'ertrip the dew,
And saw the lion's shadow.
Shakespear, Merchant of Venice, v. 1.

2. Terribly; dreadfully.

There is a cliff, whose high and bending head
Looks *fearfully* in the confined deep.
Shakespear, King Lear, iv. 1.

3. In a manner to be reverenced.

I will praise Thee; for I am *fearfully* and wonderfully made.—*Psalms*, cxxxix. 14.

Feárfulness. *s.*

1. Timorousness; habitual timidity.

O Egelred, the fruit of *fearfulness*,
Of riot thou the right reward dost reap;
But if thou wilt avoid this wretchedness,
Be wise, and look about before you leap.
Mirrour for Magistrates, p. 240.

The Jews themselves thought nothing fit to be a murderer of this kind but a devil, and a she-one too; that the *fearfulness* of the sex might dispose to more unruly and more barbarous resolutions of inhumanity.—*Gregory, Posthuma*, p. 97.

2. State of being afraid; awe; dread.

Is it credible that the acknowledgment of our own unworthiness, our professed *fearfulness* to ask anything, otherwise than only for his sake to whom God can deny nothing, that this should be noted for a popish errour?—*Hooker, Ecclesiastical Polity.*

A third thing that makes a government justly despised, is *fearfulness* of and mean compliances with bold popular offenders.—*South, Sermons.*

Feárless. *adj.* Free from fear; intrepid; courageous; bold: (with *of* before the *thing* feared).

From the ground she *fearless* doth arise,
And walketh forth without suspect of crime.
Spenser, Faerie Queen.

A nation, whose distinguishing character it is to be more *fearless of* death and danger than any other.—*Sir W. Temple.*

Feárlessly. *adv.* In a fearless manner; without terror; intrepidly.

'Tis matter of the greatest astonishment to observe the stupid yet common boldness of men, who so *fearlessly* expose themselves to this most formidable of perils.—*Dr. H. More, Decay of Christian Piety.*

Feárlessness. *s.* Attribute suggested by Fearless; exemption from fear; intrepidity; courage; boldness.

He gave instances of an invincible courage, and *fearlessness* in danger.—*Lord Clarendon, History of the Grand Rebellion.*

The Egyptians, we see, had not lost their courage, and when the occasion called them out they showed

a *fearlessness* not unworthy of their Theban forefathers; on seeing a dead cat in the streets they rose against the king's orders and the power of Rome: had they thought their own freedom or their country's greatness as much worth fighting for, they could perhaps have gained these.—*Sharpe, History of Egypt*, ch. ix.

Feasibility. *s.* Practicability; thing practicable.

Men often swallow falsities for truths, dubiosities for certainties, possibilities for *feasibilities*, and things impossible for possibilities themselves.—*Sir T. Browne, Vulgar Errours.*

Feásible. *adj.* [Fr. *faisible.*] Practicable; such as may be effected; such as may be done.

Things are *feasible* in themselves; else the eternal wisdom of God would never have advised, and much less have commanded them.—*South, Sermons.*

It is evident that the suicidal career of what was then styled the Liberal party had been occasioned and stimulated by its unnatural excess of strength. The apoplectic plethora of 1834 was not less fatal than the paralytic tenuity of 1841. It was not *feasible* to gratify so many ambitions, or to satisfy so many expectations. Every man had his double; the heels of every placeman were dogged by friendly rivals ready to trip them up.—*Disraeli the younger, Coningsby*, b. ii. ch. i.

Lear is essentially impossible to be represented on a stage. But how many dramatic personages are there in Shakspeare, which though more tractable and *feasible* (if I may so speak) than Lear, yet from some circumstance, some adjunct to their character, are improper to be shown to our bodily eye! Othello for instance.—*Lamb, On the Tragedies of Shakspear.*

Feásible. *s.* That which is practicable.

We conclude many things impossibilities, which yet are easy *feasibles.*—*Glanville, Scepsis Scientifica.*

Feásibleness. *s.* Attribute suggested by Feasible; practicability.

Let us inquire into the *faisibleness* of this great improvement of our holy and Christian diligence.—*Bishop Hall, Remains*, p. 271.

They have not yet convinced the world of the *feasibleness* and truth of their propositions, by any manifest transcriptions of them upon their lives.—*South, Sermons*, vii. 115.

You have convinced me of the *feasibleness*, as well as the excellency, of that kind of conversation.—*Goodman, Winter Evening's Conference*, pt. i.

Feast. *s.* See Festival.

1. Entertainment at table; sumptuous treat of great numbers.

On Pharaoh's birthday he made a *feast* unto all his servants.—*Genesis*, xl. 20.

2. Anniversary day of rejoicing either on a civil or religious occasion; festival: (opposed to a *fast*).

This day is call'd the *feast* of Crispian.—*Shakespear, Henry V.* iv. 3.

3. Treat; dainty.

Many people would, with reason, prefer the griping of an hungry belly to those dishes which are a *feast* to others.—*Locke.*

Feast. *v. n.* Eat sumptuously; eat together on a day of joy.

Richard and Northumberland, great friends,
Did *feast* together.
Shakespear, Henry IV. Part II. iii. 1.

Feast. *v. a.*

1. Entertain sumptuously; entertain magnificently.

He was entertained and *feasted* by the king with great shew of favour.—*Sir J. Hayward.*

The two knights of the shire were escorted with great pomp to their choir by the magistracy of the city, heard the dean preach a sermon, probably on the duty of passive obedience, and were afterwards *feasted* by the mayor.—*Macaulay, History of England*, ch. iv.

2. Delight; pamper; gratify luxuriously.

All these are ours, all nature's excellence,
Whose taste or smell can bless the *feasted* sense.
Dryden.

Feástday. *s.* See Feast, *s.* 2.

The prodigious increase of *feast-days* in the Christian church commenced towards the close of the fourth century.—*Rees, Cyclopædia, Feast.*

Not so commonly used as an equivalent to Feast, as Fastday is used for Fast.

Feáster. *s.* One who feasts; (in the extract) fares as at a feast.

Those *feasters* could speak of great and many excellencies in manna.—*Jeremy Taylor, Worthy Communicant.*

Feástful. *adj.*

1. Festive; joyful.

They constitute also a *feastfull* daie to the honour and worship thereof.—*Bale, Discourse on the Revelations*, sign. Ii.; 1550.

Our solempne *feastful* day.—*Archbishop Parker, Translation of the Psalms*, p. 234.

The virgins also shall on *feastful* days
Visit his tomb with flowers, only bewailing
His lot unfortunate in nuptial choice,
From whence captivity and loss of eyes.
Milton, Samson Agonistes, 1741.

Therefore be sure
Thou, when the bridegroom with his *feastful* friends
Passes to bliss at the mid hour of night,
Hast gain'd thy entrance, virgin wise and pure.
Id., Sonnets, ix.

2. Luxurious; riotous.

The suitor train
Who crowd his palace, and with lawless pow'r
His herds and flocks in *feastful* rites devour.
Pope, Homer's Odyssey.

Feásting. *verbal abs.* Entertainment; treat.

But these very grievously afflicted them, whom they had received with *feastings.—Wisdom*, xix. 16.

When the glutton Apitius had spent a vast revenue in his prodigious *feastings*, he killed himself for fear of starving; but if Cæsar had promised to give him all Sicily, or the revenues of Egypt, the beast would have lived and eaten.—*Jeremy Taylor, Worthy Communicant*, 156. (Ord MS.)

Feástrite. *s.* Custom observed in entertainments.

His hospitable gate,
Unbarr'd to all, invites a numerous train
Of daily guests; whose board with plenty crown'd,
Revives the *feastrites* old.
Philips.

Feat. *s.* [N.Fr. *faict*; Modern Fr. *fait*; Lat. *factum* = thing done.]

1. Act; deed; action; exploit.

Pyrocles is his name, renowned far
For his bold *feats* and hardy confidence;
Full oft approved in many a cruel war.
Spenser, Faerie Queen.

Our soldiers are men of strong heads for action, and perform such *feats* as they are not able to express.—*Addison, Spectator.*

2. Trick; artful, festive, or ludicrous performance.

The joints are more supple to all *feats* of activity and motion in youth than afterwards.—*Bacon, Essays.*

Feat. *adj.*

1. Ready; skilful; ingenious.

Never master had
A page so kind, so duteous, diligent;
So tender over his occasions, true,
So *feat*, so nurse-like. *Shakespear, Cymbeline*, v. 5.

Now only used in *irony* and *contempt.*

That *feat* man at controversy.—*Bishop Stillingfleet.*

2. Nice; neat.

Look how well my garments sit upon me,
Much *feater* than before. *Shakespear, Tempest*, ii. 1.
She speaks *feat* English.
Beaumont and Fletcher, Little Thief.

Feat. *v. a.* Form; fashion; set an example to. *Rare.*

[He] liv'd in court,
(Which rare it is to do,) most prais'd, most lov'd;
A sample to the youngest; to the more mature,
A glass that *feated* them; and to the graver,
A child that guided dotards.
Shakespear, Cymbeline, i. 1.

Feátously. *adv.* Neatly; dexterously. *Obsolete.*

And with fine fingers cropt full *featously*
The tender stalks on high. *Spenser, Prothalamion.*

Feáther. *s.* [A.S. *fæder, fædyr, fæðyr.*] Part of the external covering of a bird, the analogue of hair in quadrupeds; common in the plural as a collective term for the plumage in general; *figuratively* (from the proverbial expression, *birds of a feather*) kind; nature; class.

I am not of that *feather* to shake off
My friend, when he most needs me.
Shakespear, Timon of Athens, i. 1.

Fine *feathers* make fine birds.—*Proverb.*

A feather in one's cap. Claim for honour; trophy.

The part, however, that he took in the rescue was *a feather in his cap* which was not so easily dropped.—*Marryat, Snarleyyow.*

Be in full feather. Make a show.

Be in high feather. Be elated.

Now that September has come, and all our parliamentary duties are over, perhaps no class of snobs *is* in such *high feather* as the continental snobs.—*Thackeray, Book of Snobs*, ch. xxi.

Daw (jay) in peacock's feathers. Person, from the fable so called, affecting by means of an unsubstantial external display the character of one wealthier or more important than himself.

The poor silly jays who trail a peacock's *feather* behind them, and think to simulate the gorgeous bird whose nature it is to strut on palace-terraces, and to flaunt his magnificent *fantail* in the sunshine; the *jays with peacock's feathers* are the snobs of this world; and never since the days of Æsop were they more numerous in any land than they are at present in this free country.—*Thackeray, Book of Snobs*, ch. xx.

Show the white feather. Show signs of cowardice or bad breed, a white feather in a game cock's tail being considered a sign of either bad blood or degeneracy.

This was where the little fellow had *shown the white feather* only a few days before.—*Theodore Hook, Gilbert Gurney.*

Feáther. *v. a.*

1. Dress in, or fit with, feathers; give wings to; render light as a feather.

The Polonian story perhaps may *feather* some tedious hours.—*Loveday, Letters*, p. 204: 1662.

An eagle had the ill hap to be struck with an arrow, *feather'd* from her own wing.—*Sir R. L'Estrange.*

Nonsense, *feathered* with soft and delicate phrases, and pointed with pathetick accents.—*Dr. Scott, Works*, ii. 124: 1718.

2. Enrich; adorn; exalt.

They stuck not to say, that the king cared not to plume his nobility and people, to *feather* himself.—*Bacon, History of the Reign of Henry VII.*

3. Tread as a cock.

Dame Partlet was the sovereign of his heart;
Ardent in love, outrageous in his play,
He *feather'd* her a hundred times a day.
Dryden, Fables.

Tar and feather. Smear with tar and cover with feathers, as a punishment.

The Savoy was another place of the same kind.... An unfortunate tailor who ventured to go thither for the purpose of demanding payment of a debt, was set upon by the whole mob of cheats, ruffians and courtesans.... He was knocked down, stripped, *tarred, and feathered.* A rope was tied round his waist. He was dragged naked up and down the streets amidst yells of 'A bailiff! A bailiff!' Finally he was compelled to kneel down and to curse his father and mother. Having performed this ceremony he was permitted,—and the permission was blamed by many of the Savoyards,—to limp home without a rag upon him.—*Macaulay, History of England*, ch. xxii.

Feather an oar, in *rowing.* Turn the blade of the oar, when out of the water, between one stroke and another, upwards, a neat manœuvre.

And have you not heard of a jolly young waterman,
From Blackfriars bridge who was used for to ply?
He *feathered* his *oars* with such skill and dexterity,
Winning each heart and delighting each eye.
C. Dibdin, The Waterman.

Feather one's nest. Get riches together; make a snug, warm, comfortable home.

But the days of the genus Jawster Sharp were over in this borough as well as in many others. He had contrived in his lustre of agitation to *feather his nest* pretty successfully; by which he had lost public confidence and gained his private end. Three hungry Jawster Sharps, his hopeful sons, had all become commissioners of one thing or another; temporary appointments with interminable duties; a low-church son-in-law found himself comfortably seated in a chancellor's living; and several cousins and nephews were busy in the excise.—*Disraeli the younger, Coningsby*, b. iv. ch. v.

Feáther. *v. n.* Take the character of anything feathered; slope as a Feather-edge.

A noble wood crowns the top, and *feathers* down to the bottom of a large swelling hill.—*Whately, Observations on Modern Gardening*, 206. (Ord MS.)

Feáthered. *part. adj.*

1. Clothed or fitted with feathers.

I saw young Harry with his beaver on,
His cuisses on his thighs, gallantly arm'd,
Rise from the ground like *feather'd* Mercury.
Shakespear, Henry IV. Part I. iv. 1.

So when the new-born phœnix first is seen,
Her *feather'd* subjects all adore their queen.
Dryden.

Dark'ning the sky, they hover o'er and shroud
The wanton sailors with a *feather'd* cloud. *Prior.*

Vultures, harpies, ravens, cormorants, and among many other *feathered* creatures, several little winged boys perch upon the middle arches.—*Addison, Spectator.*

2. Swift; winged like an arrow.

Like shuttles through the loom, so swiftly glide
My *feather'd* hours.
G. Sandys, Paraphrase of the Book of Job, p. 12.
Nor think this while our *feathered* minutes may
Fall under measure; Time itself can stay.
Cleaveland, Poems, &c., p. 43.

3. Smoothed like down or feathers.
As if it were a sign of godliness, and a mark of God's favourites, to be affected with nonsense, *feathered* with soft and delicate phrases, and pointed with pathetick accents!—*Scott, Works*, ii. 124.

Feáthercock. *s.* Vainglorious person. *Obsolete.*
I both know and well discerne your humour and genius; thou wouldest make me one of Diomedes or Antiphanes schollers, in imitating of these Ganimedes, finicall, spruce-ones, muskats, syrenists, *feathercocks*, vaineglorious, a cage for crickets.—*Passenger of Benvenuto*: 1612. (Nares by H. & W.)

Feátheredge. *s.* See extract.
Boards or planks that have one edge thinner than another, are called *featheredge* stuff.—*Moxon, Mechanical Exercises.*

Feátheredged. *adj.* Having, constructed with, a feather edge.
The cover must be made of *featheredged* boards, in the nature of several doors with hinges fixed thereon.—*Mortimer, Husbandry.*

Feáthergrass. *s.* See Feathertop.

Feáthering. *verbal abs.* In *Architecture.* See extract, also Foliation.
Feathering, or *foliation*, [is] an arrangement of small arcs or foils, separated by projecting points or cusps, used as ornaments on the mouldings ... in Gothic architecture. ... *Feathering* was first introduced towards the close of the early English style, and continued universally prevalent until the revival of ... classic architecture.—*Glossary of Architecture*, in voce.

Feátherless. *adj.* Having few or no feathers.
This so high grown ivy was like that *featherless* bird which went about to beg plumes of other birds to cover his nakedness.—*Howell, Vocall Forrest.*

Feátherly. *adj.* Resembling feathers. *Rare.*
The accretion or pluvious aggelation of hail about the mother and fundamental atoms thereof, seems to be some *featherly* particle of snow, although snow itself be sexangular.—*Sir T. Browne.*

Feáthertop. *s.* Popular name of certain grasses with a soft wavy panicle, probably, for the most part, of the genera Agrostis and Arundo: (not common in the later writers, and of doubtful authority as a vernacular or provincial term. In Gerard it is given in the synonymy, but not in the text. *Feather-top-grass* is also given. Out of this has probably risen, since Gerard's time, the term *feathergrass*, as applied to a very doubtful native, the Stipa pinnata, from the length and feathery character of its awns).

Feáthery. *adj.*
1. Clothed with feathers.
Or whistle from the lodge, or village-cock
Count the night-watches to his *feathery* dames.
Milton, Comus, 346.
2. Light as a feather.
Transitory migrations seem light and *feathery*.
Donne, Letter to Sir H. G. Poems, p. 283.
Feathery and light stuff, that hath no good substance in it.—*Whately, Redemption of Time*, p. 25: 1634.
3. Dealing with, employed in, feathers.
Fine and *feathery* artizan,
Best of plumists, if you can
With your art so far presume,
Make for me a prince's plume;
Feathers soft, and feathers rare,
Such as suits a prince to wear.
Moore, Twopenny Post-bag.

Feátly. *adv.* In a feat manner; neatly; nimbly; dexterously.
Foot it *featly* here and there,
And sweet sprites the burthen bear.
. . . . . *Shakespear, Tempest*, i. 2.
The moon was up, and shot a gleamy light;
He saw a quire of ladies in a round,
That *featly* footing seem'd to skim the ground.
Dryden.

Feátously. *adv.* Neatly. *Rare.*
The morrice rings, while hobby horse doth foot it *featously*.—*Beaumont and Fletcher, Knight of the Burning Pestle.*

Feáture. *s.* [N Fr. *feiture*; Lat. *factura* = making.]
1. Cast or make of the face.
Report the *feature* of Octavia, her years.
Shakespear, Antony and Cleopatra, ii. 5.
2. Lineament or single part of the face.
Though ye be the fairest of God's creatures,
Yet think that death shall spoil your goodly *features*.
Spenser.
We may compare the face of a great man with the character, and try if we can find out in his looks and *features*, the haughty cruel, or unmerciful temper that discovers itself in the history.—*Addison, Dialogue on Medals.*
Though various *features* did the sisters grace,
A sister's likeness was in every face.
Addison, Translation from Ovid.
3. Whole turn of the body; fashion; make.
She also doff'd her heavy haberjeon
Which the fair *feature* of her limbs did hide.
Spenser, Faerie Queen.
4. Characteristic.
Here they [the witches] speak as if they were creating some new *feature*, which the devil persuades them to be able to do often, by the pronouncing of words, and pouring out of liquors on the earth.—*B. Jonson, His own Notes on his Masques.*

Feátured. *adj.*
1. Having (handsome) features.
Rich thou art, *featured* thou art, feared thou art.—*R. Greene, Farewell to Folly*: 1617.
2. Having, endowed with, features (generally).
Wishing me like to one more rich in hope,
Featur'd like him, like him with friends possess'd.
Shakespear, Sonnet xix.
What are the noblest ornaments, but deaths
Turn'd flatterers of life in paint, or marble,
The well-stain'd canvas, or the *featur'd* stone?
Young, Night Thoughts, ix.

Febrífic. *adj.* Tending to produce fever.
The *febrific* humour fell into my legs.—*Lord Chesterfield.*

Fébrifuge. *s.* [Lat. *febris*, and *fugo* = put to flight.] Medicine serviceable in a fever.
Bitters, like choler, are the best sanguifiers, and also the best *febrifuges*.—*Sir J. Floyer, Preternatural State of the animal Humours.*

Fébrifuge. *adj.* Having the power to cure fevers.
Febrifuge draughts had a most surprising good effect.—*Arbuthnot.*

Fébrile. *adj.* [Lat *febrilis.*] Constituting fever; proceeding from fever.
The spirits, embroiled with the malignity in the blood, and turgid and tumified by the *febrile* fermentation, or by phlebotomy relieved.—*Harvey, Discourse of Consumptions.*

Février. *s.* Name of the second month in the year: (used *adjectivally*).
You have such a *February* face,
So full of frost, of storm, and cloudiness!
Shakespear, Much Ado about Nothing, v. 4.

Februátion. *s.* [Lat. *februatio*, *-onis* = purification; *februo* = purify; whence the name of the month from the ceremony of purification or lustration therein practised by the Romans.] Rite of purifying. *Rare.*
Some fantastick rites and *februations* to chase away mormoes and spectres.—*J. Spencer, Discourse concerning Prodigies*, 227.
Superstition ... expressed in an infinity of *februations* and empty forms.—*Ibid.* p. 338.

Fécal. *adj.* Having the character, or consisting, of feces or excrement.
But this is not all—there occur also at Lyme Regis, and in other lias localities, peculiar fossils called *Coprolites*, which on careful examination and comparison with similar masses found actually within the body of the Ichthyosaur, are known to be the *fæcal* remains of animals of that genus.—*Ansted, Geology, Introductory, Descriptive, and Practical*, pt. ii. ch. xxiii.

Féces. *s.* [Lat. *fæces*, plural of *fæx.*]
1. Dregs; lees; sediment; subsidence.
Hence the surface of the ground with mud
And slime besmear'd, the *feces* of the flood,
Receiv'd the rays of heav'n; and sucking in
The seeds of heat, new creatures did begin.
Dryden.
2. Excrement.
The symptoms of such a constitution are a sour smell in their *feces*.—*Arbuthnot, On the Nature and Choice of Aliments.*

Fécula. *s.* See extract.
